

Finding Out The Billionaire Chapter 131

“Y-You...” Ginny was utterly dumbfounded, stuttering.

Alex is the chairman of Four Seas Corporation? How is that possible? Isn't he the live-in son-in-law of the Jennings family?

“What's wrong? Are you shocked?” Alex teased upon detecting Ginny's response because she seemed to be having a hard time comprehending the truth.

Subconsciously, Ginny nodded in response. Once she regained her senses, she shook her head vigorously because she realized her reaction was inappropriate.

“M-Mr. Jefferson, I'm so sorry for spouting nonsense against you previously. Please forgive me and pay no heed to the words of a foolish woman like me, Mr. Jefferson. I definitely didn't mean to offend you!” Ginny returned to her ordinary self, bowing and apologizing immediately.

Never would she have thought that the live-in son-in-law she had been looking down all along was the chairman of Four Seas Corporation who had never shown up in front of the media.

It was evident to Alex that his identity as the chairman of Four Seas Corporation had taken her by surprise. If she had been aware of his actual identity, she would never have uttered such audacious remarks against him.

“Take it easy, Ginny. I won't devour you,” Alex replied, smiling. He eventually beckoned her over.

Ginny couldn't figure out what Alex was up to due to the abstruse smirk he had on, but she grew anxious as she made her way over to him. She was recalling the way Alex had sized her up in the elevator earlier on.

Does that mean Alex is trying to hit on me? I have a boyfriend! Even though I've never had any sort of intimate relationship with Harry, he's the one I wish to spend the rest of my life with! Should I give in to Alex's request?

She was on tenterhooks trying to figure out Alex's intention. Nevertheless, she made her way over to him as he had instructed because she was determined to secure the position.

Apart from that, she couldn't bear to resist the invitation from such an exceptional and charming man.

“M-Mr. Jefferson...” She muttered while blushing once she reached Alex's side.

Alex sized her up and noticed that she was five feet four inches tall with a busty and relatively slim figure.

Although Ginny wasn't a match for Jessica in terms of looks, she had a perfect pair of buttocks that were relatively plump compared to Jessica's buttocks.

Alex placed his hand on Ginny's buttocks and lightly slapped it, teasing with a smile, "Do you know the nature of a secretary's tasks?"

In return, Ginny shuddered as her body tensed up once again. She accidentally wet herself, although Alex had merely gently slapped her buttocks.

"I-I'm supposed to carry out the task assigned, in... including entertaining the chairman..." She lowered her head as she flushed embarrassedly, muttering, avoiding Alex's gaze.

"Oh? I'm surprised because you're exceptionally bright for someone with the intelligence of yours."

Alex cast a contemptuous gaze at Ginny, instructing, "You are given two days to please me. If you're able to please me, I'll hire you as my secretary."

"A... Are we going to do it in your office?" Ginny clenched her teeth, muttering.

Actually, she had carried out thorough due diligence before the application. She was aware of the secretary's additional role as the supervisor's mistress should they run into a perverted supervisor.

In fact, she would have turned the chairman of Four Seas Corporation down if he were an old man, but Alex was a capable, young, and handsome one. Ginny realized that she couldn't bring herself to turn down the man's request.

All of a sudden, she started comparing Harry's achievements against Alex's achievements. Eventually, she realized that the former could barely qualify as a match for the latter.

"Isn't it obvious? Are we supposed to drop by your place instead?" Alex asked sarcastically.

"I..." Ginny's heart skipped a beat because she had yet to prepare herself for what would be in store for her.

Although she wouldn't mind engaging in such an intimate session with Alex, she had never once had it in her life.

"I-I'll go lock the door! I-Is that okay?" Ginny didn't want anyone to interrupt their session because she would have her cheery popped soon. Otherwise, she would be greatly embarrassed.
