

Unfortunate meeting-1

Hey everyone!! I just stared writing this new story.	547
With that being said let's start this story!! ☺	547
.....	547
<u>Ava's POV</u>	547
My name is Ava Winston I'm 20 years old and I work in a bakery. I live in New York.	547
I have light brown hair that I got from my mom, and my gray eyes replicate my dad's.	547
I have the most adorable 5 year old brother Noah. He was adopted 5 years ago and I'm so happy he is my little bro.	547
And my parents..... well, 4 years ago my dad suffered from lung cancer and died. A year almost 2 months mom died out of a heart stroke. It was emotional and heartbreaking to see both of my parents die. I never wanted to let go of them. I love them so much.	547
I live in an apartment. I wouldn't say the most luxurious but it was fine for me and my brother.	547
It had 1 bedroom,1 bathroom and 1 kitchen connected with a living room.	547
I mean I'm at least living under a roof or else I wouldn't if I hadn't the job at the bakery.	547
I thankfully paid this month's rent but I'm running out of money the pay the rest of the rent.	547
Getting up from bed I pushed the covers away and walked towards my bathroom.	547
I brushed my teeth and had a warm and soothing shower.	547
After I got out I wrapped myself in a towel then went to my closet to find something to wear.	547
"Hmm.....What should I wear today?" I asked myself looking over my pile of clothes that were folded neatly in my closet.	547
After I had made my decision, I picked my clothes to wear for today.	547
With that I went back into my room and woke Noah who was sleeping on the other side of the bed like a baby.	547
"Noah, rise and shine, you need to get to school." I said which led him to open his tiny eyes and he yawned, so cute!	547
"I don't wanna go to school today!" he whined grumpily, gleaming with his huge puppy like eyes.	547
I sighed and shook my head in disapproval.	547
I'm gonna have to use my old tricks.	547
"Well I'm not going to get you any cupcakes today!" Once I had completed that sentence he jumped out of the bed and dashed into the bathroom.	547
I laughed out loud at his actions.	547
After I got Noah ready for the day we had breakfast which was Pancakes! Yay!	547
I checked the time on my wristwatch and oh my god! I have 10 minutes left for work!!	547
"Noah get your school bag." I instructed Noah hurriedly. He nodded and went to grab his things.	547
Noah likes being responsible, even for his young age. I took my handbag and shoved my phone in there. By the time I looked back up Noah appeared in front of me. I grabbed his hand and rushed out of the apartment locked the door behind me and ran as fast as I can to drop off Noah at his school.	547
We finally reached Noah's school, we basically ran and I had to carry Noah in my arms which was funny. "Okay bye Noah. Won't you give me a kiss?" I asked him pointing at my cheek while kneeling down to reach his height.	547
"Only if you get me a cupcake." he replied folding his arms, he is such a cutie.	547
I nodded and he kissed my cheek giggling while I laughed, "Bye." I stood up and Noah ran to his class not before waving goodbye.	547
I checked the time again. 2 minutes left and it takes 15 minutes to get there. I can't afford a car so I have to take public transport or either walk. But this time I ran cause I was late.	547
I reached the bakery within a few minutes and went inside breathless. I scanned the room so I can sneak in since I already knew that I was late but I was too late as the manager caught me. She was nice but strict as well. I heard her clear her throat.	547
I turned around and held my head down in shame. "I'm sorry Mrs. Gibson I won't be late... again." I apologised truthfully. I don't want to get fired for being late to work since I'd never find a job in a busy city like this.	547
"It's okay Ava. I'm forgiving you today... but we have an important guest coming today so we need to be on our best behaviour, alright?" she said smiling which was kind of rare.	547
I nodded obediently and went to my counter to start my shift which ended at 8:30. Noah stays at the after school homework club until 9:00 so I'm good to pick him up after my shift.	547
I grabbed my apron and started working for the day not before greeting my friend I work with here.	547
Ohh it's gonna be a long day...	547
<u>Carter's POV</u>	547
It's my 17 year old sister, Zoey's birthday today (turning 17)	547
Don't get me wrong I love my sister it's just that she's been bugging me about taking her out for her birthday so I decided to take her to the bakery just 5 minutes away from my office.	547
I'm the CEO of Nicholson enterprises, one of the largest and successful companies amongst all the others today. My parents are very loving and I love them as well as my sister.	547
It is currently 5:30 now and I need to pick my sister up for her birthday party.	547
Yeah she has birthday parties at the age of 17. But what can I say?	547
I picked up my briefcase in my palm clutching onto it tightly. "Hey, I'm leaving" I said to my secretary, Anne who worked as my secretary for a long time now, I'm still surprised I didn't fire her yet. "Okay Mr. Nicholson" she said flirtatiously twisting her hair with her finger whilst leaning on her desk, her skater skirt rode up almost too inappropriately. Same for her tightly fit t-shirt which all together, looked hideous.	547
Ugh,I hate it when people flirt with me when I'm clearly not interested. Since I'm CEO they just line up, this woman doesn't even do her job right... I just wasn't made for love.	547
I nodded dismissively and left the building.	547
Once I reached my parents house and my sisters house, I had my own mansion but I still visit her often. I got out of my Mercedes and went inside my parents' house.	547
When I stepped into the house I heard a squeal knowing who it was I turned that direction to see Zoey jump into my arms and hug me tightly squeezing the life out of me.	547
"Uh Zoey you're killing me." I said struggling out of her grasp, "Oh sorry, anyway hey Carter!" She released me from her tight grip and stood straight.	547
"Hey my baby sister, and Happy birthday." I said hugging her gently then releasing her. "Thanks brother! And is there something else?" She asked with a hopeful look in her eyes.	547
What?	547
"What?" I asked her furrowing my eyebrows in utter confusion.	547
"Carter! You forgot my birthday present." she whined and folded her hands and stomped her feet frowning.	547
I forgot the present.	547
"Where is mom and dad?" I asked knowing they won't be here cause they had an urgent and very important meeting to attend to.	547
"They went out for some stupid meeting." She rolled her eyes. "And when is my birthday party starting?" She added I chuckled at her.	547
"Right now." I said grabbing her hand and walking towards to my car as I made sure the servants of the house would lock it since we were leaving. We got in my car and soon drove off to the bakery.	547
When we reached all of Zoey's friends were there and I gave their orders to the staff. This is gonna be one tiring night...	547
With 17 year old kids. UGH.	547
<u>Ava's POV</u>	547
I was baking cakes for more orders that were growing by the minute. Soon the orders were finished and I finally served them after a few minutes.	547
I stretched out my muscles and after a minute more orders came flying in. I groaned and shook my head in tiredness.	547
I and Sophie my friend baked the orders all together which included a giant 4-layered cake.	547
I wonder who is eating all of these...	547
"All done!" Sophie said smiling, as I looked at the giant cake before us, "Wow Sophie. You are talented at baking, unlike me." I laughed so did she.	547
"No of course that's not true! Your baking tastes like heaven." I laughed at her comment.	547
"Well, I guess I should serve this cake then." I said hurriedly as I picked up the large cake and steadily carried it in my arms.	547
"Okay, to table 5" she said I nodded carrying the huge cake to table 5.	547
As I was walking towards the table I tripped and bumped into something hard and it sent the cake flying in the air.	547
I looked up to see a man with hazel colored hair glare at me in rage, he looked as if he was in his early 20's.	547
But what really captivated me were his dark green eyes that I kept staring into. I got so lost in them that it took a moment for me to realise his face was covered in cake frosting and his nose was red making him look like a clown.	547
I chuckled at his funny appearance as he glared at me. I heard laughing so I turned that direction to see a young girl, laughing and recording this in her phone. "Ha! My brother looks like a clown! This is so funny!" she said making all her friends I'm thinking, laugh along.	547
After a few seconds I turned back to face the furious looking man with the beautiful eyes. "I-I'm so sorry sir" I said laughing at his face.	547
He was still glaring at me which made it more funnier. All of the staff came out giving me glares while I was laughing my head off.	547
This is so funny!	547
"You clumsy woman! Look what you did to me" the man said angrily looking down at me.	547
I was like 5'3 and he was 6'3 or something so I was tiny compared to him as he towered over me in an intimidating way but what he said really triggered me. "Excuse me, how could you call me clumsy?" I pointed a finger angrily at the man causing the man's sister? Yeah sister, and her friends to gasp.	547
"I was just apologising." I continued my sentence staring into the man's captivating eyes once again.	547
One of the staff members came up to me and whispered to just avoid the man but I wasn't having any of it.	547
"This man thinks he is the king so he can boss everyone around." I rolled my eyes at him which I guess what I said angered him because he cursed under his breath.	547
"Oh shut up! And clean this mess up before I tell the manager to fire you!" he shouted loudly making his voice echo throughout the silent room, still glaring at me.	547
Oh no he is playing with fire now. Who does he think he is?	547
The man glanced down at his expensive looking watch which was wrapped around his hand. "Hurry up, you are wasting my time." he said and that immediately tore my patience. He was making me go crazy inside with anger.	547
"Well... In that case" Grabbing a drink from the closest table near me, I splashed it all over him as all the liquid made his suit wet and stained.	547
I looked around everyone was shocked and open-mouthed.	547
Huh? Why is everyone so surprised?	547
I stormed off into the kitchen while everyone were either silent or recording the moment. I heard several people laughing behind me.	547
Then I turned around to see Sophie horrified looking, "What did you do?" She asked.	547
"That man got what he deserved" I stated in an obvious tone.	547
"You don't know him do you?" She asked in a disappointed manner to which I shook my head not knowing who that man is.	547
"He's Carter Nicholson, the billionaire."	547
Oh no...	547
