

BLACK PLAIN 167

Chapter 167: Viola 2 (18+)

When they lie down on the bed, Viola could no longer contain the burning desire in her body, climbing on top of the young Stuart's body.

"Hah ~ Hah ~"

Her rapid breathing could be heard when she finally placed Minos' long rod in contact with her little sister. 'Hehe, I can finally feel you inside me!' She thought with a smile on her face.

In the fraction of a second, she was getting ready to lower her pelvis over Minos' body.

"Ahhhn ~"

The moment Minos' stick penetrated Viola's hole, she couldn't hold her voice, letting out a loud moan of satisfaction. 'How big it is! It looks even bigger inside me...' She thought about it, swinging her hips around Minos.

At the same time, as Viola descended her body on the stick of Minos, the young man could feel a heavenly sensation provoked by Viola's intimate part.

It was very wet and hot, and even though Viola was very experienced, her little sister was very tight, to the point that he felt his stick being massaged harder and harder, even when they weren't moving fast.

"Ahh ~ I've never had anyone this big before ~" Viola said that, while her face was flushed and her eyes were completely dilated. She was feeling pretty good right now.

The feeling of being filled by Minos was something heavenly for Viola, and she hadn't experienced it before. To say that the young Stuart was the greatest one she had ever dated was not an exaggeration!

And it was not long before the two began to move fervently while Viola's hole tightened the young Minos' rod more and more!

"Mmmm ~ Ahh, stronger ~"

Pah! Pah!

The two quickly accelerated their movements, and sounds of pounding flesh sounded throughout the young Stuart's room. By now, they were both completely sweaty, and the strong smell of their fluids could be felt in the room.

"Ahh ~ Cumming ~"

Squirt!

And while the two of them made their piston movements, Viola reached the third orgasm of the night when her juice of love was spilling on the stick of Minos once again.

At the same time, the young man was also sending yet another heavy load, filling the uterus of the sensual young woman, who was still riding on top of him.

"Hah, hah, wow! I think this was the best cumshot I've ever had!" Minos exclaimed. Viola surely knew how to use her body to please a man. The way she moved, the passion she had when making each move, all aimed at pleasure!

And because of the young woman's burning desire for it, not only did she feel better, but even her sexual partners. And it was no different for Minos.

At that point, Minos stood up and passionately kissed Viola's cherry lips, running his hands over her full breasts. It was wholly chilled at the moment, and each time he touches these two hills, the young woman trembled softly.

After all, all the erogenous parts of Viola's body were stimulated at this moment, and the minimum stimulus could make her feel even more pleasure.

And meanwhile, the stick of Minos was still in the depths of Viola's cave, showing no tiredness or laziness...

"Mmm ~"

Squirt!

The two then finally broke the passionate kiss when Viola rose from Minos, and various fluids began to descend between her perfect legs.

"See how you left me! I am completely soaked!" She said this and then bit her lip sensually for Minos.

"This is your fault for being so good at it..."

While Minos said that, Viola didn't wait any longer and started sucking his rod again, wiping away every drop of sperm and her own juices of love...

Slurp! Slurp!

"Ohh ~"

Viola did this for some time when she finally finished cleaning Minos' mast. She then stood on all fours beside him when she used both her hands to open her ass, aiming for her second hole. She said. "I want you to put it here."

Seeing this, Minos couldn't help but swallow his saliva, feeling a desire almost as great as before.

He didn't know the pleasures he could feel doing this in that place, but the way this woman invited him was already so erotic that he didn't even want to imagine anything at this point.

He then approached Viola from behind while he positioned his mast with one of his hands, massaging one of the cheeks of the young woman's ass in front of him with the other.

"You're ready?" He asked, rubbing the head of his stick into Viola's second hole.

Upon hearing and feeling this, the young woman took a deep breath when she finally looked back and nodded. She was intoxicated with pleasure, and just thinking about what was coming next, Viola couldn't help but sigh in anticipation.

Seeing a look of desire in his partner's eyes, Minos couldn't wait and slowly began to pierce Viola's ass.

"Ahhhh ~ Ahhhh ~"

Pah! Pah!

When she felt Minos' stick advance all the way to the bottom of her ass, Viola almost rolled her eyes, letting out a heavenly moan, which, if it weren't for the isolation array the young man had set up earlier, then the entire hotel could end up hearing this...

Time quickly passed, and Minos and Viola had already changed positions a few dozen times. The two continued into the night, having sex like animals while satisfying their most primitive desires.

When they finished their activity, both were utterly exhausted, with tired and satisfied expressions, as if they were drunk with pleasure.

Viola had her two holes filled with Minos' sperm while her body was totally sweaty, with some hickey marks on her breasts and neck, and palm marks on her beautiful white buttocks.

As for the young Stuart, he was also drenched in sweat, as if he had just run an intense race.

When they reached their climax for the last time, the first rays of the sun were already hovering in the City of Waters when the two finally fell asleep.

They didn't even bother to clean themselves since they were too tired to do anything. They just fell asleep there, hugging each other.

Other than that, the room was a zone! The bed was completely wet as if someone had thrown a bucket of water over there, with pillows thrown at different points and various clothes along the way.

The dense smell in the air also made it clear how wild they were in bed...

...

Anyway, after a long night of pleasure with Viola, Minos slept peacefully for a few hours, feeling as if a weight had been lifted from him.

He no longer had any activity since the beautiful Ruth had returned to the Empire. So, the night before, he had released months of pent-up sexual tension while receiving the 'magic' touches from the experienced Viola.

It was truly a fantastic experience for Minos!

Finally, the two awoke from their peaceful dreams. They hadn't woken up at the same time, but they had both woken up in the same way, with a satisfied smile on their faces.

After all, there was nothing better than a good night's sleep after sex!

And when he felt that Viola was awake, Minos suddenly said. "Good morning, Viola!"

"Good Morning! Ahh, that was the best night I have had since I came to this city!" She exclaimed with a smile on her face while having her head resting on Minos's left chest.

"Hehe, good to know... But who knew, I wanted to thank you for helping me, but it looks like I was rewarded for it!" He said provocatively. "It seems that there really is this retribution thing..."

"Hahaha." Upon hearing Minos's joke, Viola laughed and said. "But seriously, it was perfect. How long will you stay here? I want to do this again..."

She said that when she turned her head and looked into Minos' eyes.

"Hmm, I'm not sure. But I think I will still be here for a few days, maybe a week or two."

"Oh? That's nice..."

After that, Minos jumped out of bed and went straight to the shower, leaving the beautiful Viola lying on the bed. She then felt the pleasant sensation that was still present in her body as she looked up and took one of her hands to her little sister.

Viola then took a white, viscous liquid that was there in her intimate part, leading up to the front of her eyes. 'I can't waste something as good as this...'

She thought about it with an obscene smile on her face when she finally sniffed that liquid and started sucking it sensually...

After a few minutes, Viola finally made her way to the bathroom in that room to take a nice hot shower. She had to leave for work soon, so she couldn't stay with Minos for another session...

And it wasn't long before Viola left the hotel where Minos was staying. As for the young Stuart, he stayed here, thinking about what would come next.

'Later, I'll meet Miss Mirya... I hope she isn't a very closed person...'
