Seeing this forbidden scene happening right in front of him, Minos stopped for a moment to admire, in an attempt to keep this image in his memory...

Minos was not completely surprised by this. He had already expected something like that, but? he still needed a short moment to analyze all of it.

'Ahh! How lucky I was to come here...' He exclaimed in a celebratory way in his mind. Many men had a certain fetish about being with two women at the same time, and if the women were from the same family, then that would be even more interesting!

In fact, it was not entirely impossible for a man to be able to have fun with two sisters, simultaneously, in the Spiritual World. After all, many of them were used to training and living together, so it was not such a distant step to sleep with the same man. But the situation would be completely different when it came to a mother and a daughter.

The problem was not only taboo but also the natural distance that existed between mothers and daughters. In the world of cultivation, parents generally did not take an active part in their children's lives. So, it was not common for these people to have close relationships.

In most cases, there was a distance, or respect, that prevented cases like this from happening. But luckily for the young Stuart, he had met a mother and daughter couple who were running away from this custom!

Anyway, when Minos finally woke up, Mirya and Viola looked at him with apprehension while they stopped what they were doing.

What they were doing was taboo, and several people could have many problems with it...

And even if the Spiritual World had a bit of everything... They couldn't know if Minos would agree with that. Some men might not see a problem with this happening if it was something they encouraged, but if it was something the women did for themselves, then some men might not like it...

Seeing this, Minos smiled and said. "Why did you stop?"

"Don't you care that we started without you?" Viola asked as she held Minos's stick just inches from her face.

Pah!

"I think this is the best way to wake someone up..." He said so while beating Mirya on the right buttock.

"Ahh ~"

After making a sound of surprise, the two went back to their activities without more conversations. There was no need to discuss anything in a situation like this. The three wanted pleasure, and for that, they just needed to talk with their bodies!

And while Mirya went back to licking her daughter's cave, Minos used one of his hands to go up to the middle of the legs of that mature woman, who was wholly exposed to him, invitingly.

"Mmm ~"

When she felt Minos' fingers touching her flower, Mirya couldn't help but make some sounds of pleasure while she still struggled to make her daughter come.

Slurp!

And Viola wasn't wasting her time either. She was sucking on Minos's thick rod with gusto while feeling her orgasm getting closer and closer.

Squirt!

At that moment, finally, a splash of liquids hit Mirya's mature face while she tasted her daughter's sweet flavor. Seeing this, Minos could not hold on to his desires when he quickly pulled that woman into his arms, kissing her with taste.

"Mmm ~"

After her orgasm, Viola was not completely satisfied and jumped on Minos' stick, fitting it perfectly to her flower.

"Ahhh ~"

She let out a loud moan of pleasure, enjoying the pleasures of Minos' thick rod, which completely filled her cave.

"Mmm ~"

"Ahhh ~"

And amid the sounds of kisses and moans, after a few minutes in this 'formation,' Mirya and Minos finally broke their passionate kiss when this mature woman climbed on top of his face, leaving her flower right on the young Stuart's mouth.

Seeing this, Minos quickly began to lick it while rubbing Mirya's pearl and making it more and more sensitive.

Pah! Pah! Pah!

At the same time, when the young Stuart was licking on Mirya's lower lips, Viola was riding with pleasure on his stick, while sounds of pounding meat sounded all over the place where they were.

"Ahhh ~ Yes, like that ~"

"Ahhh ~"

At this moment, Viola and her mother were facing each other, moaning delightfully because of the skills of the young Stuart. The piston movements of the 7-inch rod and Minos' skillful tongue were satisfying both women at the same time.

And as they were doing this, mother and daughter watched each other with a lustful look in their eyes, watching each other's body movements.

Viola had good-sized breasts, but it was still half the size of her mother's. But it was really perfect for her size, with small, pink nipples. Anyway, the two were jumping from top to bottom, following the movement of up and down that Viola's body did.

"Ahhh ~"

As for Mirya, her full breasts were not moving much, but now and then, it trembled softly, while her medium-sized nipples were completely prickly due to the excitement she was feeling.

At that moment, the two of them slowly approached each other when finally their cherry lips touched. They began to kiss with love while their hands reached each other's bodies, at the level of their breasts.

"Mmm ~"

Pah! Pah! Pah!

'This is incredible!' Minos exclaimed to himself while feeling an indescribable sensation.

And finally, after being in this way for a few minutes, the trio reached the climax, when the young Stuart filled Viola's little sister with his seeds while he tasted the nectar of Mirya's flower.

Squirt!

Upon reaching their respective orgasms, the trio immediately shifted their position. First, Viola got off Minos and lay down with her legs up in one corner of the sofa.

After that, Mirya knelt in front of her daughter's spread legs while she pranced her big buttocks to the young Stuart. And finally, Minos got up from where he was, standing behind Viola's mother.

In this 'formation,' the three could be satisfied simultaneously!

And it was not long before the group returned to their activities.

"Ahhh ~"

Pah! Pah!

Quickly Minos started to penetrate hard Mirya's flower, just how she liked it...

At the same time, Mirya was already licking on her daughter, who had her division filled with the young Stuart's liquids.

'Hmm, you stole your mother's seeds before. Now it's my turn to get them back...' Mirya thought to herself, with a lascivious expression on her face, as she licked Viola's flower.

"Ahhh ~"

Feeling her mother's skillful tongue passing through her private parts, Viola moaned heavenly, feeling her body heat rising to new heights.

Time passed, and the three continued to do this for 4 hours straight when they finally finished this unforgettable experience!

"Hah, hah, hah..."

When they reached the end, again, the three bodies were utterly sweaty, with red marks on the buttocks and breasts of the two women and the necks of the three.

Their bodies were sticky, and the two weakest, Minos and Viola, were breathing quickly, exhaling a loud sound in the room.

The three were lying together at this time, with the mother and daughter pair lying on either side of Minos. The three were very tired, especially the young Stuart, who had not had much time to rest, and it was not long before they fell asleep.

A threesome could be very bad if one side were left out. But that didn't happen at any time in this case. Viola and Mirya were very experienced in this matter, and Minos left nothing to be desired when it came to skills in bed and his 'natural gifts'...

With that, both sides tried to please each other as much as possible while enjoying this wild sex session. And although Mirya and Viola felt very good about doing this with each other, they still liked men more than women at the end of the day.

Because of this, they would certainly prefer to pay attention to the threesome partner than to just be with each other. If they wanted to do something on their own, they could do it at any other time...

Anyway, the two of them were completely satisfied and filled with the seeds of Minos. At the same time, the young Stuart could almost feel a burning sensation in his younger brother due to the almost constant friction...

And so, time passed for the three while they slept and recovered their strength.

...

Outside that mansion, at this moment, it was already dark in the City of Waters.

The city's movement had already slowed down considerably, while several of the targets of Minos' soldiers were already carrying out their missions of spreading what they had seen in the Dry City to five different people.
