

## **BLACK PLAIN 261**

### **Chapter 261: A Night of Fun (\*)**

Shortly after Abby left, Minos dressed quickly, wearing a pale blue long-sleeved button-down shirt and a black overcoat. After that, he left that hotel and went towards the government mansion of this place.

At this time, it was still a few hours until midnight, but the City of Waters had already lost part of its movement. But, of course, people were coming and going through the streets, as there were at any time of day.

After all, a city with ports always had movement. Goods and travelers could arrive at any time of the day, and because of this, there was always a flow of people coming and going from ships anchored in these places.

Consequently, there were people and businesses in the City of Waters that were willing to attend to these visitors at all times of the day. Where there was demand, it certainly wouldn't be long before there was supply!

Finally, in a few minutes, Minos crossed part of the city, admiring the local movement, until finally reaching his destination.

That place was as before, with some guards talking outside a guardhouse, next to the entrance to that place. The only difference was that at this time, the entrance gate to this mansion was closed.

Obviously, the working hours of the employees of this place were already over. Therefore, at this moment of the day, this place did not receive the entrance of local citizens.

Finally, Minos stopped by that entrance gate when a guard approached him.

"Friend, work ended 2 hours ago. Come back tomorrow after 8 am!"

Hearing that, Minos smiled and pulled out a medallion from his spatial ring. Mirya had given it to him before, in case he came by this place and wanted to see her.

And seeing the symbol of the Stokes family, the guard who had spoken to Minos quickly got into a formal position and gave the order for the gate to be opened.

"Open the gate!" He then looked at Minos and said. "Sir, I'm sorry I barred you earlier. You can come in now."

"Hmm, good evening to you guys."

After that, the young Stuart went to that mansion a few meters from the entrance of this place. The place was silent, unlike what he had seen earlier, during his last visit to this place.

After all, he had come here during working hours from this place last time, when citizens and many other guards and officials came and went from this property.

Finally, entering through the entrance hall, where the reception was, Minos soon found his way to Mirya's room, where he had come earlier.

When he came here, Minos had first had his experience with Mirya in this woman's training area. However, after the session with the mother-daughter pair, they had gone to the Stokes family representative's room and continued their activities.

Therefore, Minos already had a better knowledge of the different parts of this building, not having been lost at any time.

...

Minos quickly sensed the spiritual fluctuations emanating from the two people he already knew, along with one he didn't, coming from a single room.

'Oh? Are the two of you with another man right now?' Minos thought with a curious look. They didn't have any commitment, so he wouldn't be offended to see women he intended to 'play' with someone else.

But there was a certain feeling of disappointment. He wasn't jealous, but it would be a waste of time if Mirya and Viola were with another man.

At the end of the day, the young Stuart didn't like the idea of ??sharing one woman, or even more than one, with another man. Even though such occasions were not uncommon in the Spiritual World, this was not something to his liking!

"Let's see what's going on..." He muttered under his breath as he approached a wooden door, which had a bright red color.

And when he did, he could gradually see three silhouettes on top of the big bed in that room. The door was unclosed, so there was no problem for him to come over and see what was going on inside.

After all, this was the residential area of ??the mansion, where only those authorized by Mirya could enter. Consequently, there was no need for precautions, like locking the door or something like that...

"Oh?"

However, in doing so, Minos was pleasantly surprised!

What he had seen was not the disappointing scene of a mother-daughter couple with another man, but the two women he already knew with another!

The three women were wholly surrendered to each other, with one of them lying on her back on the bed while she was liking Viola's little sister. As for the latter, she was on top of the unknown woman, facing the side where Minos was standing.

"Mmm~"

The young woman that Minos had previously slept with had her eyes slightly closed as she used one of her hands to cup one of her beautiful breasts.

"Ahhh~"

Meanwhile, Mirya was kneeling on the bed in front of Viola as she fiercely 'devoured' the slit of the woman who lay there. Mirya also had one of her hands quickly rubbing her private part while flesh rubbing sounds sounded throughout.

"Ahh~ Ahh~"

Amidst the typical sounds of this type of occasion, Minos stood there for a moment, mesmerized by this immortal scene... Such a thing was amazing to see and hear, and this had made this young man stop to enjoy the sight.

He was positively surprised this time.

That was a far better situation than he had anticipated, something that was rousing young Stuart's primal instincts.

"Not bad... A woman who doesn't disappoint, huh..." He muttered as he looked at Mirya's beautiful buttocks, who was now in front of him, allowing Minos to see the slit of this powerful woman from a vantage point.

Squirt!

"Ahhh~ Coming~" And it wasn't long before that woman who was lying on the bed reached an orgasm, throwing her love juices in Mirya's face.

Minos hadn't interrupted them at any time, as it would be rude to disturb these women's night of fun!

He even wanted to participate in this activity, and he was going to do it. But there was no need for him to break the mood and get in the way of other people's 'play'!

Squirt!

And right after the strange woman reached her orgasm, it wasn't long before Viola was there too, just as she opened her eyes and saw Minos watching them.

"Ahh ~ Mi ~ Ahhh ~" She tried to speak his name, but her body was shaking vigorously, even as her fluids gushed like an open dam...

After she had finished spouting her love juice, Viola pointed with her hand towards the door as she dropped onto the bed beside that woman.

"Hah... Hah... Minos..." She said in a low voice through her quickened breathing.

Hearing this, the other two women turned to the door quickly, finally noticing the presence of someone who had not been invited.

And of the two women had a surprised but happy look on her face, while the other one seemed to be a little upset at this point. After all, being spied on by a stranger was not a pleasant thing!

"Who..." And as she was asking about Minos' identity, she was suddenly interrupted by Mirya, who jumped from where she was kneeling earlier, heading towards that young man.

Mirya was completely naked, with parts of her beautiful body sweating from the high intensity of her activity. At the same time, the fluids of that strange woman still oozed from Viola's mother's face.

Her full breasts swayed from side to side, amidst this mature woman's breath above normal. She then approached Minos and immediately kissed him on the mouth, as if there was no need for them to talk.

"Mmmm~"

Sounds of kisses filled that place, at the same time when Minos ran his hands over Mirya's stunning body, and this experienced woman was already removing his clothes.

"What's she doing?" The person that Minos didn't know wondered, seeing the lusty way Mirya kissed Minos.

Not long after this kiss began, he was completely naked when Mirya suddenly ended the warm kiss of welcome she had given him.

She then took one of Minos' hands and brought him closer to the bed as they faced that woman, and Mirya waved one of her hands at the young Stuart's body.

"Mendy, this young man is called Minos, and it's your luck that he's here today!"
