

BLACK PLAIN 469

Chapter 469: Jealousy!

Seeing the beautiful Ruth in his room, Minos couldn't help but be surprised while a smile slowly began to form on his lips, and he walked towards her.

At the same time, Abby, who had just finished a long shower with Minos and was happy with the start of the day, couldn't help frowning and losing her good mood after seeing that woman in her room.

'What is this woman doing here?' She wondered as she used her hands to cover the slight neckline of her robe.

As for Ruth, she almost immediately remembered where she knew this person who was accompanying Minos. 'Why am I not surprised? This shameless one did what he said he would!' She thought about it, looking at Abby for a moment and then at the brown-haired young man.

Finally, Minos pulled Ruth's waist and brought her into his embrace. "Ahh, good to see you, Ruth!"

"I missed you. Did you miss me?" He asked in a low voice as he used his hands to feel the curves of this young woman, passing around her waist until he felt Ruth's happy buttocks with his hands.

But Minos went no further than that. After all, Abby was there, and this young man's girlfriend didn't like to see him being too intimate with other women. So, a hug typical of friends who hadn't seen each other for a long time was the most he would risk doing with another woman in front of Abby.

Upon feeling Minos' touch, Ruth immediately put her thoughts about Abby aside for a moment, as she sensed this young man's body heat, something she so desired...

"Hmmm, yes, I missed you too." She commented in his ear as she rose on her tiptoes and kissed Minos' left cheek.

When Ruth finally began advancing her 'attack' towards Minos' lips, Abby, who was nearby, clenched her fists for a brief moment before approaching the two and pushing Ruth in the opposite direction.

Pa!

Feeling this movement from Abby, Ruth stopped looking at Minos and turned to that young woman when she suddenly slapped the hand that had pushed her away.

"What do you think you're doing?" Ruth asked as she glared a little angrily at Abby and released some of her fighting intent.

"I ask you the same! What do you think you're doing invading our room and trying to kiss my boyfriend in front of me?" Abby paused for a brief moment and then sneered. "Don't you have manners?"

"What did you say? Your boyfriend?" Ruth looked at Minos for a moment as her face slowly began to redden. "You truly are one of those hypocritical women!"

"You was always judging us before, saying things like don't waste time with this, blah, blah, blah... But when I gave you a little space, you couldn't wait to open your legs for him, huh?" Ruth said in anger.

Pa!

After hearing such a thing, Abby couldn't help but be offended when she slapped Ruth hard in the face without thinking, making a visible mark on the dark-haired young woman's right cheek.

These two women naturally hadn't been irritated just by seeing Minos interacting with one another in front of the other. After all, they both already knew he was the kind of man who would have more than one woman.

And both were fine with it!

However, these two women were the types that weren't interested in sharing their time with Minos with others, and both Abby and Ruth felt they were in competition for this young man's feelings.

That was something special about women, something that the moment they had seen each other in this room, they had felt a certain tension, typical of great rivals...

Such a thing was completely different from what, for example, Abby felt about Minos with Elena. She thought that this woman from Stone Island was not her opponent, despite occasionally sleeping with young Stuart. And that's why Abby didn't mind Elena so much!

But Abby felt that Ruth was different, almost as if this young woman from the Flaming Empire was here to steal her boyfriend!

"You!" After receiving such a blow, Ruth finally screamed in anger and jumped towards Abby, ready to fight this young woman right in the middle of that room.

This disciple of Minos' mother wanted to teach that girl in front of her a lesson so that Abby would never again speak to her in such a tone.

'I bet this little bitch spent all this time I was away from Minos, in his bed!'

'Unforgivable!'

At the same time, Abby was also preparing to deliver a decisive blow on Ruth, using all of her cultivation strength!

'You think that just because you slept him first, you can do what you want... You are wrong!'

Minos, who had been watching these two with his mouth open, unable to comprehend the situation, finally realized that something worse could happen if this continued!

'What the fuck is this? Why are they acting like this?' He asked himself as he activated his movement technique.

He suddenly appeared between them, activating his Indestructible Body and resisting the blows that Ruth and Abby were already throwing at each other.

Puff!

In doing so, such attacks were entirely absorbed by Minos' defenses when he finally carefully pushed Abby onto the bed. After this fast move, he used his body to hold Ruth, standing in front of this young woman.

"You two, stop it immediately!" He retorted. "Why are you behaving like this?"

"Ruth, why did you try to attack Abby like that? Would you truly hurt her if I didn't stop you?" He looked at the young woman who was trying to escape his arms and asked this angrily.

"And you, Abby, why did you slap Ruth? Did you two lose the ability to dialogue?"

But even when asking such questions, demonstrating his deep displeasure at the development of the situation, the two women still looked at each other angrily. Ruth was futilely trying to escape Minos' arms. At the same time, Abby wanted to do something about it but felt a substantial restriction on her body...

"Minos, stop it, let me teach this whore a lesson!"

"If someone has to become your girlfriend, that someone is not that woman!" Ruth yelled.

"Uh?" The young man then finally understood what was going on here. 'This was all caused by jealousy? What exaggerated women...'

He looked back and watched Abby for a moment and then turned his attention to Ruth. 'I expected this from Abby, but are you also in love with me, Ruth?'

After that, Minos finally stopped using his techniques. He then brought Ruth to that bed and placed her body side by side with Abby's, forcing the two of them into a position on all fours while he fastened both of their arms behind their backs.

As he held both of them by their arms, Minos finally sighed and said. "Well, you need to learn to live peacefully and solve your problems through dialogue because I won't accept that kind of behavior."

Hearing this, the two stopped looking at each other angrily. Then, finally, they turned their attention to the young man holding them against that bed.

"I'm sorry about that, Minos. I lost control..."

"I'm embarrassed about it too..."

After hearing these comments, the young man released their arms and said. "In fact, I'm very disappointed with the way you both attacked each other, and I believe you need a punishment..."

Pa! Pa! Pa! Pa!

After saying such a thing, he began to spank the lower cheeks of those two, making them moan as they tried to hold their voices so that one could not hear the other.

"Mmmm~"

"Mmmm~"
