

BLACK PLAIN 620

Chapter 620: A Fun Place (*)

"Ahhh~"

"Mmmm~"

"Ahh~ Right there~"

"Ahhhh~ That's it, faster~"

"Mmmm~"

Several distinctive sounds resounded through young Stuart's room, creating a beautiful melody for this start of the day for the three youths there.

Each was naked, sweaty, while several red marks could be seen on certain parts of their bodies. Whether they were around the necks or by the ears, nipples, these marks described several of the actions of these three. Including those on the buttocks of the two women who were with Minos...

And while the sounds of the three filled the space of that room, Ruth was riding on Minos' rod, closer and closer to reaching her orgasm.

At the same time, Abby was having another orgasm as Minos sucked her flower while his magic fingers stimulated other parts of her body.

But even though this young man was dealing with two 'goddesses' at the same time, for him, it was as easy as doing it with just one woman. In fact, even if a third part were added there, he would not feel pressured...

Hence, Minos vigorously moved his hips, penetrating Ruth's cave hard while taking care of Abby's body with his fingers and tongue!

Having advanced to the 6th stage of cultivation had made this young man's body much more resilient. Still, his mental capacity was the most impressive. With this advancement, he could more easily do two or even three actions simultaneously.

At the moment, he was using this to satisfy his own mundane desires while making his girlfriends cum. But he could use this in other situations as well, as in the case of battles, using his two medium-level grade-2 swords.

But for now, what mattered was to 'get there' once more so that the three of them could start another day of work and cultivation.

Consequently, Minos used his physical abilities to stimulate his girlfriends to the maximum, making them tremble in pleasure as they were on top of him!

"Ahhhhhhhh~"

"Mmmm~"

First, Ruth vigorously trembled as she felt spasms throughout various parts of her body and her little sister pressed even harder on young Stuart's rod.

On the other hand, Abby, who had her back to Ruth at the moment, felt an intense pleasure traveling through her body.

As her heavenly moans made Minos' rod quiver in agitation inside Ruth, Abby's flower poured another load of her nectar directly into his mouth.

"Ohh~"

Right after feeling the reactions of his two women, Minos let out a sound of satisfaction as he filled Ruth's womb with his seeds.

"Ahh~"

"That was stunning~" Abby said in a low voice as she got off Minos' face and lay on her back on this young man's side.

As she did so, she felt her sweaty, warm back meet the cool silk sheet of that bed as she relaxed her whole body there and closed her eyes with a smile on her face.

Previously she already felt amazing when having sex with Minos. Still, it was undeniable that her innate ability always acted to make both her and her partner feel even better. However, after her boyfriend's advance, even if she could ignore her body's natural effects, she would feel just as good or even better than before!

But make no mistake, the spiritual level of an individual would not improve anyone's bed skill. No, the talent in bed would improve because the quality of the body improved, and a person could do more than they would have done before.

So, young Stuart could better satisfy his women now that he had advanced cultivation stages.

That's why Abby was feeling on cloud nine right now!

"Hmm, my body is all sensitive because of you. What are you going to do, Minos? In this state, I won't be able to get up for about 20 minutes..." Ruth said as she rested her face on the well-defined chest of the man below her.

Pa!

"Ahh!"

After slapping Ruth's buttocks, Minos heard this young woman's moan and smiled at her. "That's okay. We can wake up a little earlier so you two won't be late..."

"But in the meantime, get some rest while Abby and I take our bath." He said this just before placing the graceful Ruth on another part of the bed, taking his other girlfriend on his lap, and headed toward the bathroom.

"Can you handle another round?" Minos asked softly in one of Abby's ears as she rested her face on one of his shoulders.

Hearing this, she suddenly looked sideways at him in disbelief. "Seriously?"

"Hmm, I feel as if I could do this all day, for several days without resting..." He smiled just before placing that woman's body on the floor and turning on his bathroom shower.

Gulp!

"Well, we can try doing it a little differently..." She said, just before swallowing her saliva and feeling a warmth in her body.

After that, she leaned against one of the bathroom walls, exposing her beautiful legs and little sister to Minos. She then brought one of her hands to her buttocks and made an indicative gesture.

"You can put him here..."

"Oh? That pleases me too..."

...

After a while, Minos and Abby walked out of that bathroom, with looks of satisfaction on their faces even more intense than before.

Meanwhile, Ruth had finally regained her mobility and got up to clean herself before the three of them left for the breakfast that always took place at this young man's residence.

"Wait for me. I won't be long..."

Pa! Pa!

Ruth was about to say something when suddenly the three of them heard knocking on the door of that room. Then a voice communicated the reason for this interruption.

"Young master, we have a problem on the north side of the wall." The voice of one of the housekeepers of that residence reached the ears of the three, causing the happy expressions on their faces to disappear quickly.

"Do you have any details?" Minos asked just after he opened the door to his room and looked at that middle-aged woman standing outside.

That housekeeper almost forgot about the matter for a moment as she watched the half-naked young man in front of her and the two women dressed in white robes just behind him.

She had accompanied Minos since this young man was only 4-years-old... But here he was, a young adult, handsome, attractive, and surrounded by beauties...

He had grown up!

But soon, she shook her head from side to side and turned her attention back to the main subject.

"Young master, a group of spiritual beasts, has just arrived at the north side of the wall."

"Oh?" He made a sound of surprise as he thought about this.

Since he had been warned of such a thing earlier in the morning, then these beasts could not be ordinary, or such a thing would never happen. So, this young man wasted no time asking silly questions and quickly put on a pair of clothes before running towards his destination.

On the other hand, Abby and Ruth had stayed behind, looking at each other in curiosity to know what was going on.

"What will it be this time?" Ruth asked as she headed toward the bathroom in that room.

"Who knows..." Abby said in a low voice as she wiped her hair and started to get ready to leave.

...

As young Stuart ran to the north side of the local wall, at this place, a group of 10 Feathered Serpents was surrounded by over 100 soldiers of the Black Plain Army.

Each of these soldiers had expressions of awe on their faces as they looked at the gigantic figures standing at that spot.

None of these soldiers knew of such a species, as they were all ordinary individuals before entering the local army. But due to the size of these beings and the fact that two of them were Spiritual Kings at levels 54 and 55, these soldiers couldn't help but get a little nervous.

And to make matters worse, most of them had only recently joined the army or increased in rank. So, many there didn't have much experience, so they were afraid of these challenging beings...

However, while many fearful faces could be seen among those Sergeants, the ten serpents seemed very relaxed as they conversed through their unique mental connection.

'This place is fun...'
