

BLACK PLAIN 935

Chapter 935 A Path Of No Return

After almost an hour since the start of Minos and Kara's fun, the two finally stopped for a moment, completely sweaty and contaminated with each other's fluids.

That was particularly true for Kara, who had been filled in her three different holes and was now feeling exhausted, without the strength to move her legs.

As for Minos, he was also quite tired, but his situation was much better than Kara's. Still, the look of satisfaction on his face could not be mistaken, and his little brother was still pointing upwards, wetted by her juices.

"Hah... Hah... That was truly superb!" He heard Kara's sweet voice next to his left ear as he saw the beautiful smile on her face.

Minos then used one of his hands to massage Kara's face while looking her in the eyes. "Hmmm, but don't worry. This time I will spend the whole night with you."

"Really?" Kara asked doubtfully, as she internally wondered if her body would be able to handle the whole night with Minos.

But the fantastic feeling that spread through her tired body right after thinking about it had promptly put a smile on her face, making her look forward to the next few hours.

"Yes. I, too, have not been completely satisfied." He said in a low tone, speaking softly into one of her ears.

Upon hearing this, Kara's entire body shook in excitement as she slowly began to regain her strength and physical condition.

"But this time, we'd better continue in a more comfortable place..."

"I'm sure this 'place' has witnessed enough..." He said this amid laughter, ignoring the two people in the vicinity. -PANDA-NOVEL.COM

"You!" Kara said with a silly smile on her face, thinking that Minos was saying this because they had done such a thing at her father's workplace.

"You truly are a pervert, Minos Stuart!"

"You know me well..." He replied.

"How can you be so naughty as to want to have me in this place? Don't you think that's pretty immoral?"

"Hahaha, look who's talking... A few minutes ago, who was it that was begging to be fucked hard? Who was it who said it didn't want to think about anything else, just wanted to feel me inside her body?"

Kara's face then turned red with embarrassment as she hugged young Stuart and hid her face in his chest. "You're teasing me!"

After that, she let go of him and ran towards her apartment, which was not far from there.

In the meantime, Minos watched that woman using a white towel around her body, running away from him, smiling and licking his lips in satisfaction.

'I won't take long before I join you, but before that...' He thought about it as he looked in the direction where Jade was standing, completely ignoring his old acquaintance Ford.

Explosive Steps! PANDA NOVEL

Activating his movement technique, Minos appeared behind Jade, where he could see parts of this woman's noble clothing soaked in sweat.

He then smiled and used his two arms to wrap around Jade's mature body without giving this woman time to react to his sudden appearance behind her back.

"You are fascinating, Your Majesty," Minos murmured into one of her ears, slowly feeling that mature body.

"I hadn't thought that Kara's mother would have such a trait..."

"I like it!"

"You!" She finally said something without moving because her body was susceptible right now, and she knew that Minos was much stronger than she was.

She then used the only weapon she had at her disposal, her mouth. "What do you want with me? Is doing all that to my only daughter not enough for you?"

"Don't tell me you want to humiliate our entire family by acting against me too?"

But Minos did not stop his advances upon hearing those words.

Why would he stop? He was not using his force to force her to stand still, and she was standing there, letting him touch her without indicating any sign of displeasure. ~~~~~

Not only that, she had watched the whole fun of Minos and Kara, so this young man already had in mind that this woman had not done this just out of concern for her daughter.

No, she had done such a thing because it was her liking!

Considering all that, Minos could not spare this woman and waste the chance to feel the body of a powerful queen, one of the strongest women he had ever known.

He then said in a low voice. "Kara will still be a few minutes before she is ready for more fun with me... Why don't you let me take care of your situation first?"

"You can also join us if that is in your best interest..." He suggested, just before slowly sniffing the back of that woman's left ear and then using his mouth on the soft lobe of that part of Jade's body.

Gulp!

Jade felt a shiver run around her body as Minos' hands pressed her large breasts. "How can you talk such an absurd thing?"

"I am a married woman!"

"I am the queen of this state!"

"Besides, I love my husband, and I would never cheat on him!" She said in confidence before finally turning around to get out of that shameful position and look at Minos.

"Is that so? Are you sure you don't want to do anything with me?" Minos smiled as he looked at the woman who was still in his arms' reach and who at the moment was watching his naked body with interest.

"No one needs to know about what we do here..." He suggested in a low voice as he took one of her hands and slowly brought it to him. "We can arrange a time at some secret location where we can work out this heat from your body..."

'It seems King Carline is not taking proper care of this beautiful wife of his...' Minos thought about it silently, feeling Jade's ripe body.

'Well, as that fellow's future leader, I will perform the service of helping him control this woman!'

'Yes, as his future leader, that will be my gift to him for joining my organization!' He pondered this, laughing as he slowly brought his lips closer to Jade's.

"Mmmmm~"

After that, the two kissed fervently. At first, only Minos was acting, but after a few seconds of fighting with herself, Jade let her body do what she wanted so badly.

'Damn it!'

'I shouldn't have done that!'

'Now, I don't know what to do to stop all this!' She thought about it in desperation, feeling that she could not betray her husband with Minos.

But the more she thought that such a thing was wrong, that King Carline would be devastated, she felt more and more pleasure from Minos' touches and kisses.

"Hah... Hah..." She finally managed to pull her lips away from Minos' and looked at him intensely, with fire in her eyes. "Not here."

"Let's continue this later, in a more discreet place..." She then told Minos what he should do before finally running from that place in a hurry.

All her rationality wanted at this moment was a cold shower, something to calm the heat in her body and maybe stop her from continuing this madness.

But the carnal desire in her body was not slight. On the contrary, her heart was pounding considerably, anticipating what it would be like to do what Kara had done to Minos.

'What's wrong with me?' She asked herself as she ran away, trying to ignore her soaked underwear.

But for this woman, a person who had enjoyed watching her own daughter have sex on so many occasions; she could no longer hold back her desire to give herself to a man other than her husband.

King Carline was very good to her, and Jade loved him deeply. But while that man was beginning to lose sexual interest, this woman was at her peak, with every fiber of her body craving for intimate moments with a man.

And in the absence, abstention, and neglect of her husband, she had finally reached the point of no return where she could no longer maintain her fidelity.

For good or bad reasons, this would happen precisely with the regional enemy, her family's enemy, and her daughter's lover, Minos!
