

## **BO LOVE LIFE 101**

### **Chapter 101: You And Luo Zheng...**

“Didn’t you say that the best time to find out the truth is when her life is threatened?” Bo Hancheng answered solemnly with no expression on his handsome face.

Upon hearing his words, Chu Ci chuckled and said, “Well, let her go then! Although I don’t see a need in testing Luo Zheng to know that she’s a hypocrite, you probably won’t give up until you see it yourself, Third Brother...”

He was very sure that a wealthy and spoiled heiress like Luo Zheng would definitely bring trouble. The matter was not that difficult to handle, actually.

If Mu Nianqing were to take on the mission, she would definitely escape unscathed... But if Luo Zheng were to go in her place, Scarface would definitely notice the loophole unless he were a fool!

However, even if they really alarmed him, they could find another chance to nab Old K again in the future.

Chu Ci thought, the most important thing to do now is to let Third Brother see Luo Zheng’s true colors and have him cut off all ties with her as soon as possible!

After confirming that Luo Zheng would be the one carrying out the mission, Chu Ci instructed his men to go to the car and bring Luo Zheng over to have her makeup done.

In order to make Scarface get attracted to her, she had to put on a different ensemble and makeup to make herself look gorgeous!

“Get a female waitress to bring the clothes to the car where Luo Zheng can change.”

Bo Hancheng instructed, which came as a surprise to Chu Ci. While Chu Ci was feeling bewildered, he added, “Apart from the outfit, send her a set of undergarments too.”

Chu Ci’s eyes widened in shock.

Why does it sound like Luo Zheng is in the car... No wonder he did not allow me to look inside the car just now!

After the subordinates left, Chu Ci looked at him in shock and spluttered, “Third, Third, Third... Third Brother! You, you, you... actually!?!”

“Wait a minute, the point is... what is going on between you and Luo Zheng? You actually let a girl like her take away the virginity that you had been saving for more than 20 years!?!”

Chu Ci was in great disbelief. If it were not for his mask, Bo Hancheng would have definitely seen how dumbfounded he was.

“Idiot!” Bo Hancheng glared at him and walked away after chiding him.

Suddenly, he heard Chu Ci responding by muttering to himself, "Is Luo Zheng even 18 years old? Third Brother, what happened to your principles!?! You're so old and she's so young. How could you bear to do it!?!"

Bo Hancheng's eyes turned gloomy and he wished he could shut him up!

However, he was suddenly reminded of something and sunk deep in thought.

Am I... that old?

It seems I'm indeed quite a few years older than Luo Zheng!

...

Mu Nianqing did not leave Royal Orchid Garden in a hurry and instead stood quietly in a dark corner while gazing at the door.

It was nighttime and the wind was chilly and the weather was freezing even though it was only a slight drizzle.

Soon, the two waiters walked out, one holding onto an umbrella and standing at the back while the other led the way to the car with a set of clothes in her hands.

Mu Nianqing couldn't help but step forward and glance at them.

She watched as the waiter politely knocked on the window and informed Luo Zheng of their intentions.

She then noticed a girl rolling down the car window... Unfortunately, she couldn't see the girl clearly because they were standing at a distance that was too far away.

The girl extended her arm which was extremely fair and bright even on a rainy night.

She then took a long time to change. Although it was only a few minutes, Mu Nianqing found it to be really long.

Finally, the girl changed into the dress and opened the door. Mu Nianqing was greeted with the sight of her slender figure.

She then strutted forwards confidently like a princess while a waiter held onto her to avoid letting her slip, while the other sheltered her from the rain with the umbrella.

Having been through strict training, the waiters served her really well, especially because she was an important guest!

She was approaching the hidden Mu Nianqing.

Mu Nianqing clenched her fists tightly and stared at the girl who was walking towards her. Her figure was too petite and her waist was extremely tiny. She was thin and svelte, completely different from what Mu Nianqing had imagined.

She couldn't see her face because it was covered by the umbrella. However, when Luo Zheng arrived at the entrance of Royal Orchid Garden and was just about to enter the lobby, Mu Nianqing finally saw her beautiful face, and her pupils constricted.

Mu Nianqing finally stopped putting on a graceful and poised front.

“Luo Zheng!”

### **Chapter 102: Little imp, Come Here...**

Mu Nianqing dared not believe her eyes at all.

She seemed to have suddenly realized something and frantically covered her mouth in shock before retreating silently to hide herself.

Luo Zheng was about to enter Royal Orchid Garden.

All of a sudden, she stopped in her tracks when she heard her name being called. Her blood seemed to have rushed through her veins.

Mu Nianqing...

She knew her voice too well and would never forget it. Resentment exploded within her.

Soon, Luo Zheng turned around to look around and shrugged the waiters away in a bid to find Mu Nianqing.

However, the rain was making everything seem hazy and dim. Hence, she could not see anything at all.

“Miss, what’s wrong with you? Master Chu and Mr. Bo are waiting for you inside!”

The waiter came forward and asked respectfully while giving her a reminder.

Luo Zheng turned as pale as a sheet as hatred filled her eyes. She ignored the waiter and continued searching.

Unfortunately, she did not see anyone and hence stopped in her tracks.

It was rainy and windy. Hence, she shivered and turned to look at the waiter. “Did you guys hear anything just now?”

Upon hearing her words, the waiters answered truthfully, not knowing what Luo Zheng was referring to, “I did hear something but what are you referring to, Miss?”

Luo Zheng looked around and was about to ask again.

“Luo Zheng, Miss Luo, you’re such a big shot, eh? You keep making us wait for you!”

Chu Ci said sluggishly.

Luo Zheng turned around and stared at the entrance of the Royal Orchid Garden clubhouse to see that two men were walking out. However, she immediately ignored Chu Ci.

She stared at Bo Hancheng.

His face seemed a little ethereal. She watched as he extended his hand towards her and said in a voice that was clear like wine, “Little imp, come here...”

Luo Zheng suddenly calmed down.

She thought, seems like I really hate Mu Nianqing, so much that I started hearing things!

But no matter what, I must stay rational. Even if Mu Nianqing was really in front of me, so what?

My life has restarted and I'm in control of my destiny now. As long as I don't fall in love with Xi Mubai again, it wouldn't be too hard to deal with Mu Nianqing!

Besides, did Mu Nianqing win in the previous life?

No, not at all. She didn't!

Not only did she not win, she even died in front of me. Isn't that retribution?

In the end, the person whom I became indebted to, was Mr. Bodyguard!

Luo Zheng sighed in her heart and broke into smiles again when she saw him reaching out to her. She then scurried towards him with open arms.

"Brother Cheng..."

Luo Zheng was about to leap into his embrace.

However, he held her shoulder to stop her from hugging him. "Stand still. Don't just touch me so casually..."

Suddenly, Luo Zheng was snapped out of her mood and had no choice but to return to reality.

"Fine, I won't touch you then. What's the big deal!?! Hmph!"

Luo Zheng retorted with displeasure.

At the same time, Bo Hancheng finally realized that she was scantily clad. His eyes turned icy cold and he hollered, "What is she wearing? Make her change out of it!"

Luo Zheng looked down at herself.

She then smiled shyly and punched his chest a little. "Brother Cheng, you're so mean! You look so decent usually but you're actually so quirky. You were the one who sent someone to give me this dress. Why do I have to change out of it now? Didn't you want me to wear this because you wanted to spice things up!?!"

### **Chapter 103: Untitled**

Luo Zheng could not help but be shy at the mention of it.

Not too long ago, the waiter handed her the dress and said that Bo Hancheng was the one who wanted her to change into it.

At that time, she felt that it was a meticulous and intimate act because she was also given some undergarments!

However, when she unfolded the dress and saw the design of the dress, Luo Zheng got a great shock and was in disbelief.

It was a maid-style dress that was supposed to be an outfit for intimate sessions.

There was even a lace headband with pointed ears.

Luo Zheng thought, Mr. Bodyguard specially brought me here and made me change into a maid's outfit. He definitely is thinking of doing that with me.

Hence, she merrily changed into the outfit and combed her hair before putting on the headband.

Besides, Luo Zheng was young and gorgeous. The ensemble made her look charming and sultry, so much that any man would be attracted to her.

Especially Scarface who was lecherous!

Chu Ci stood beside Bo Hancheng with a mysterious mask on his face. Ever since Luo Zheng stepped forward, he had been staring at her peculiarly.

He was confused by the intimate behavior that Luo Zheng was showing towards Bo Hancheng, followed by her beautiful face which was completely different from the way she used to look. He almost could not recognize her!

He did not expect Luo Zheng to be so pretty without her heavy makeup... He thought, it's no wonder that even Third Brother who's cold and unfeeling, has taken an interest in her.

The only difference between Luo Zheng now and Mu Nianqing was their age.

In a few years, Luo Zheng's features would develop fully and she would definitely turn out to be stunning, gorgeous and nowhere inferior to Mu Nianqing. In fact, she might even be prettier!

Of course, Chu Ci was only impressed with her stunning good looks, and still had his doubts about her other qualities.

"Third Brother, she can't change out of it! Scarface has always had a uniform fetish and he's going to choose a maid tonight! I was still worried about it but now that she's here, I think she should be able to make the cut..."

He was truly a little worried over whether Luo Zheng could attract Scarface. After all, the last time he saw Luo Zheng was more than half a year ago. At such a young age, her face was full of thick and bright makeup which was definitely not pleasing to the eye!

Upon hearing his words, Luo Zheng asked in puzzlement, "Monster, what do you mean?"

"Damn it! Luo Zheng, try calling me a monster again and see what happens."

Chu Ci stiffened and stepped forward with dissatisfaction in his eyes.

"It's late at night and you're still wearing a mask to scare others. You're either a monster or a pervert!"

Luo Zheng was not afraid of him at all. She deliberately chided him before extending her hand towards him and scurrying towards Bo Hancheng while sticking her tongue out at Chu Ci.

With Mr. Bodyguard around, I'm not scared of him at all!

When Chu Ci appeared previously, he not only frightened her, he also gave her a bad impression because of his nonchalance.

She hated men like him.

Bo Hancheng was also wearing a mask when she met him right after her rebirth but she had never once detested him.

Hence, it was a jarring difference!

"F\*\*\* look how scared you are. Try that again!"

Chu Ci raised his voice and rubbed his hands. He was just about to grab Luo Zheng.

"Brother Cheng, save me!"

Luo Zheng hid behind Bo Hancheng and gripped his arms tightly like she needed protection.

She then stared at Chu Ci smugly and taunted, "Monster... Monster... Monster... "

#### **Chapter 104: Luo Zheng Is Just Pathetic To Me!**

"Luo Zheng, just you wait and see how I teach you a lesson..."

Chu Ci disliked Luo Zheng right from the start. To make things worse, she even provoked him. How could he not be angry?

Seeing that he was about to grab Luo Zheng, Bo Hancheng stopped him and questioned, "Chu Ci, how old are you and how old is she?"

"Exactly! Monster..." Luo Zheng chimed in, feeling extremely displeased.

All of a sudden, he complained, "Third Brother, she scolded me!"

Bo Hancheng remained silent and looked down at Luo Zheng who cringed and said, "Fine, I'll stop bullying him on your account, Brother Cheng!"

Chu Ci suddenly found everything to be rather peculiar!

Luo Zheng ignored him and blinked before asking him curiously, "Brother Cheng, who's Scarface? What did he mean?"

"He means, he wants you to go accompany Scarface!"

Chu Ci gloated and felt slightly comforted. Yeah, why should I hold it against her now? Anyway, I'll get to see Luo Zheng being down and out in no time!

Luo Zheng's smile stiffened and she looked at him while feeling a little flustered. "Brother Cheng, is what he said... true?"

Bo Hancheng remained silent and glared at Chu Ci, seemingly trying to warn him.

He then grabbed Luo Zheng and brought her into the Royal Orchid Garden clubhouse.

Chu Ci removed his cold mask and stared at her through the rain. "Next, the good show shall begin!"

She then followed them into the clubhouse.

After they entered, silence was restored and the only thing that could be heard was the rain drizzling.

Mu Nianqing slowly exited and seemed to be in low spirits with a sullen expression on her face.

After a while, her lips quivered and she muttered in a shaky voice, "How could it be Luo Zheng? How could it be Luo Zheng!?! How could it be her?"

When she saw Luo Zheng's silhouette at first, she only guessed that it might be her.

However, her guess was now confirmed!

The girl whom Bo Hancheng had chosen was none other than Luo Zheng!

What a joke. Luo Zheng is none other than my half-sister.

Back then, her father married her mother in the village and even threw a wedding banquet. The only thing that they were lacking was the marriage certificate... Later on, he found a job in Capital City and within just a few short years, he married the only heiress of the Luo Family, Luo Huawei.

Back then, he deliberately hid the fact that he was already married with children because he wanted to live a life of luxury, and hence married Luo Huawei.

Later on, Luo Huawei gave birth to Luo Zheng.

Throughout the years, she watched her mother suffer in pain while loving her father, and resented Luo Huawei... Finally, Luo Huawei passed away. However, they had to wait to get her assets.

Once Luo Zheng becomes an adult, the assets would be transferred to her father and things would come to an end!

Compared to her mother Zhao Manru and her brother Mu Sen who utterly detested her, she wasn't as evil.

She even found Luo Zheng to be pitiful.

Yeah, Luo Zheng was just pitiful and pathetic in her eyes. The Luo Family was living with the lies fabricated by the Mu Family and thought that her father truly loved her dearly.

In reality, the ones whom Mu Tianwei truly loved and doted on were her and her brother.

Sometimes, she didn't like her father for doing terrible things for the sake of pursuing luxury and riches... She had persuaded her mother about it before and told her that it was not worth getting upset over a despicable man like her father.

Her mother would usually say that Mu Nianqing didn't know any better because she was yet to fall in love with someone.

Falling in love with someone meant that you would accept their flaws and still care for them despite being let down.

She was indeed ignorant when she was younger.

Everything changed when she met Bo Hancheng!

### **Chapter 105: Brother Cheng, Are You Sending Me Away?**

It all happened because she accidentally took another look at him amidst the crowd!

For numerous days and nights, she forced herself to become even more outstanding and at last, she finally earned herself a place in Imperial College.

She then carefully climbed her way up and finally reached him.

She thought about what she should do to leave a stronger impression on him and get into his good books.

She painstakingly managed to let Chu Ci select her to take on the task of getting closer to Scarface. She intended to prove to Bo Hancheng that she was special.

However, he still chose to give her up for another girl during the critical juncture.

Feeling a strong sense of threat, she waited outside Royal Orchid Garden in a bid to see who the girl was... In the end, she was completely flabbergasted. The girl was none other than Luo Zheng!

She realized that Luo Zheng was behaving very intimately with him and obviously admired him.

He was a cold and heartless person. Yet, he defended Luo Zheng in front of Chu Ci... What else was there to doubt? Even if he didn't fancy Luo Zheng, she was definitely special to him!

Well at least, Luo Zheng meant more to him than she did!

Mu Nianqing found herself to be amusingly pathetic. Bo Hancheng was outstanding and impeccable. She knew that he was destined to be admired and pursued by plenty of women... Hence, she did everything she could to be as perfect as possible, so that she could catch up with him and be compatible with him.

She was all ready to battle her rival in love, regardless of how ironic reality was... She knew Luo Zheng rather well and felt that she was nothing more than just a brainless and man-obsessed dimwit. Her only advantage was her pretty face.

However, Luo Zheng was also the one who surprisingly managed to get Bo Hancheng's attention and beat her to winning his concern!

Why!?! Who does she think she is!?!

Standing in the rain, Mu Nianqing stared at Royal Orchid Garden while feeling indignant.

At the same time, she was also in doubt.

Bo Hancheng was from Britain and had only arrived in Beijing not too long ago. Luo Zheng had to attend school everyday too... Logically speaking, there shouldn't have been any chances for them to meet. So why have they suddenly gotten together?

...

Feeling flustered, Luo Zheng followed them into the private room.

As long as she entered, she lost control of her composure and asked anxiously, "Brother Cheng, what do you mean by getting me to go accompany Scarface?"

"Scarface" was obviously the man's nickname and he sounded rather terrifying.

She thought, could it be that he wanted me to change into the maid's outfit for another man, and not to spice things up? No, no, he wouldn't do that!

At this moment, Bo Hancheng turned around and let go of Luo Zheng. Staring at her gloomily, he answered, "Literally what the words mean."

Luo Zheng raised her head abruptly to hold his gaze. No longer able to put on a smile, she asked, "Brother Cheng, did you make me dress like this, because you wanted to... give me away?"

Luo Zheng painstakingly forced herself to say the last two words.

Seeing her stiffened expression, he asked in a deeper voice, "No, I'm not going to give you away. I just need your help."

At the next instant, Chu Ci pushed the door open and deliberately added, "However, this task will endanger your life!"

Luo Zheng was dumbfounded.

Later, Chu Ci explained out of "good intentions", "You must make Scarface choose you, follow him to a drug deal and listen for news about Old K during the negotiation! Of course, you must be careful not to let him discover anything unusual. Scarface followed Old K from Britain to Beijing. Not only is he ruthless, he's also used to killing!"

Luo Zheng was overwhelmed with fear and shock even though she could tell that Chu Ci was deliberately trying to frighten her.

However, he was not joking and was telling the truth!

Luo Zheng's heart sank and she glanced at Bo Hancheng while biting her lip. "If I find anything unusual with him, what should I do?"

### **Chapter 106: Luo Zheng, Are You Too Afraid Of Death? Do You Not Want To Go?**

"If Scarface finds out, you can only resign to fate! In order to avoid alarming Old K, you must bear with whatever torture Scarface puts you through..."

Chu Ci deliberately made it sound even more serious in order to observe Luo Zheng's reaction.

“During the process, you cannot call the police and we will not save you! If you betray us and tell Scarface the truth, he might take pity on you and let you live on the account that you’re pretty!”

Bo Hancheng remained silent throughout and Luo Zheng’s heart sank to rock bottom.

So, is Chu Ci telling the truth!?!

Luo Zheng could not explain clearly how she felt. Her eyelashes trembled and she turned to look at him, all full of hope. “Brother Cheng, you mean, you won’t save me even if Scarface kills me?”

This time, Bo Hancheng broke his silence and answered firmly, “Yes, I won’t save you.”

His answer made Luo Zheng’s mind turn blank as she was flabbergasted. She was incredibly flustered and blood rushed through her veins.

Bo Hancheng kept his eyes fixed on her while Chu Ci folded his arms nonchalantly, seemingly trying to say, “I knew it.”

In the end, Luo Zheng looked up and asked, trying to sound him out, “Brother Cheng, are there any other professional candidates? It doesn’t necessarily have to be me...”

Clearly, they were going to make her go undercover. She did not want to lie to herself.

After all, she had no experience and she would not be able to ask them for help. She knew herself well and was afraid that she would expose the clues easily and end up losing her life!

As soon as Luo Zheng finished speaking, Bo Hancheng asked coldly, “Are you not willing?”

“It’s not that I’m not willing... I just think... I may not be competent enough...”

Luo Zheng spoke hesitantly but she was telling the truth.

However, it was the first time that he needed her help and it would seem like she was going back on her word if she were to turn him down. “Besides, I think that such tasks should be performed by professionals... wouldn’t that be better?”

“Scarface is smart and cunning, and many professional spies have been killed by him before! So, the more ordinary the girl is, the more natural it would be. That will make him let his guard down...”

Chu Ci sounded like he was gloating.

What did I say previously?

Luo Zheng’s character will never change, regardless of how her appearance changes.

She was cowardly and afraid of death, though it’s not her fault since it is human nature... However, she’s really inferior compared to Mu Nianqing. I should let Third Brother see how poor of a choice he has made!

“Luo Zheng, do you not want to go because you’re afraid of dying?”

Bo Hancheng glanced at her while asking the question straightforwardly.

Greatly stunned, Luo Zheng clenched her fists and nodded truthfully, "Yes, I'm afraid of dying so I don't want to go!"

Her previous life was horrible and she ended up dying a terrible death. However, Heaven took pity on her and gave her a new lease on life.

In this life, she wants to cherish her life and make up for all her past mistakes.

There were plenty of things for her to do.

For example, she wanted to see the Xi Family go bankrupt, Xi Mubai suffering in distress. She also wanted to attack the Mu Family and take revenge on Mu Nianqing... She also had to look after her grandfather and the Luo Family. If Xi Mubai were to ruin the Luo Family after she dies, what would happen?

Hence, she died indignantly before this!

"Hah, you said that you were willing to do anything for me. Luo Zheng, are your promises worthless?"

### **Chapter 107: You Either Risk Your Life Or Never See Him Again!**

Bo Hancheng questioned her coldly without many emotions, though he sounded extremely cold.

Luo Zheng was speechless. Her face turned red and she bit her lip while being stuck in a dilemma.

Chu Ci sneered in disdain, "Third Brother, I told you, some people don't deserve your time and attention. Yet, you didn't believe me!"

After hearing that, Luo Zheng was worried that Bo Hancheng would misunderstand her and hence, frantically gave him an actual reason. "Brother Cheng, I just have too many things to do, and I can't put my life at risk! Moreover, I am prone to feeling disgusted by strangers so Scarface will definitely sense that something is amiss..."

It was not an excuse, because in the previous life, Mu Sen humiliated her together with his gang and spread the video of her being naked... At that time, all men looked at her like she was an object that they could play with.

Over time, she started to become androphobic and detested getting physically touched by men.

"Luo Zheng, leave!"

Bo Hancheng interjected coldly before she could even finish explaining.

Luo Zheng had no choice but to watch him say to Chu Ci, "Since she doesn't want to do it, we'll let your candidate go."

"Third Brother, you should have listened to me right from the start! The person I chose is loyal, unlike someone here who only pays lip service."

There were hidden meanings in Chu Ci's words and he glanced at Luo Zheng in disdain. He was just about to leave the private room and get someone to bring Mu Nianqing back.

Feeling awkward and embarrassed, Luo Zheng gazed at Bo Hancheng because she knew that Chu Ci was nitpicking on her.

However, Bo Hancheng turned around and stopped looking at her. Instead, he kept his back facing her and he exclaimed coldly, "Luo Zheng, from now on, stop pestering me or showing up in front of me!"

Upon hearing his words, Luo Zheng panicked and began to realize the dire consequences of her refusal. She called softly, "Brother Cheng..."

Chu Ci opened the door and yelled, "Someone, please take this woman away..."

Soon, a waiter entered and was about to grab Luo Zheng.

"Don't touch me!"

Luo Zheng shrugged the waiter away and began to feel flustered.

She continued to stare at his back while explaining, "My promise still counts! I'm really willing to do anything for you..."

However, it happened at the wrong time and she still had plenty of things to do. Hence, she couldn't put her life on the line!

But if she doesn't take the risk, she would have to part from him for the rest of her life. Hence, she would rather... take the risk!

After all, the danger was only a possibility and she should be safe as long as she was careful enough and avoided letting the cat out of the bag... She will then find a chance to leave.

She thought, the odds are 50-50 and I may not be that unlucky as to be killed by Scarface.

"Brother Cheng, I'll go!"

Luo Zheng exclaimed firmly.

Before Bo Hancheng even said anything, Chu Ci sneered, "Miss Luo, are you sure you want to go? It's very dangerous and no one can imagine what will happen if you are not careful and end up arousing Scarface's suspicion! You can't call the cops or wait for us to save you. The only way out is probably to betray Third Brother for a chance to survive..."

"I won't betray Brother Cheng! I never will!"

Having decided to go, Luo Zheng was ready to withstand the unknown, potential torture.

Betraying Mr. Bodyguard for a chance to survive... was something that she could not bring herself to do!

Chu Ci was rather surprised by her gusto.

However, he began to smirk in disdain again in no time.

Before she performs the task, she can't be trusted!

Luo Zheng ignored Chu Ci and instead took a few steps forward to hold Bo Hancheng's hand. "Brother Cheng, don't be angry! If you need me to, I'll go..."

## Chapter 108: When I Turn 18 Years Old

She then inched towards him and asked obediently, "Brother Cheng, after I do you this huge favor, can you promise me something?"

Bo Hancheng could not stay calm at all because he could not figure out why Luo Zheng kept moving closer towards him.

However, she was a little special and he could not abandon her so ruthlessly.

He previously turned Chu Ci's suggestion down because he felt that there was no need to test Luo Zheng... However, not too long ago, he finally admitted that he wanted to keep Luo Zheng around.

Hence, he insisted on replacing Mu Nianqing to give Luo Zheng a chance.

One may pretend but once their lives were in danger, their true emotions would be revealed... Hence, he was certain that he would be able to tell if Luo Zheng was genuine after this test.

Chu Ci was only stating the worst case scenario... In reality, there wouldn't be any danger as long as she could stay calm.

When necessary, she could ask to withdraw and someone would be arranged to save her!

He even thought that it would not matter if Luo Zheng were to mess up and alarm Old K... He had plenty of chances to nab Old K again in the future.

He just wanted to know Luo Zheng's true intentions.

However, he did not expect her to react in such a cowardly manner after hearing what he wanted her to do... although he knew that it was human nature to be afraid of death.

However, he was still disappointed in the end.

He was not disappointed in Luo Zheng but in himself!

After all, Chu Ci had long warned him against Luo Zheng... but he refused to believe Chu Ci or take his words to heart. He felt that she truly cared about him whenever she approached him.

In the end, she turned him down even before he could put her to the test!

After feeling disappointed, he felt amused by his own absurdity. How could he have felt a sexual desire towards a girl like her... They were not the same type of people at all and were better off away from each other!

To his surprise, she expressed her intentions to help him now. He had no idea how to answer her.

Perhaps, he could be sure now that Chu Ci was telling the truth.

If Luo Zheng were to go, she would definitely betray me when Scarface discovers something strange! He thought.

"You clearly don't want to, so why bother forcing yourself?"

Bo Hancheng frowned while staring at her and quipping coldly.

Luo Zheng held onto his hand to reveal his dimples. "Although I'm afraid of dying and I don't want to go, I'm more afraid of being unable to see you again in the future..."

Upon hearing her words, Bo Hancheng asked with a glum expression, "Is that so?"

She was clearly trying to say that he meant more to her than her own life!

But did she really mean what she said?

Well, it doesn't matter anymore.

Since she's willing to go now, it's at least an improvement from her initial refusal. isn't it?

We'll observe her performance next.

Even if she really lets me down tonight, I can still keep her by my side and take her for my pet... but I will never show her any concern again because she isn't worth it!

Luo Zheng nodded solemnly and blinked while asking, "Yes, you're as important to me as my life, Brother Cheng! So, will you promise me this?"

"Tell me what it is first."

Bo Hancheng said coldly.

Luo Zheng glanced at Chu Ci who was at the door and suddenly draped her arms around Bo Hancheng's neck... she then tiptoed and moved her lips towards his ear.

She lowered her voice and whispered, "When I turn 18 years old, will you make me your partner if you still haven't met someone you fancy by then? I want you, Brother Cheng..."

### **Chapter 109: Wait For Me To Grow Up, Alright?**

Bo Hancheng's eyes darkened and he put an arm on her waist while glancing at her. "Little imp, do you know... what you're saying?"

He initially thought that he would agree to Luo Zheng's request as long as it wasn't overboard.

To his surprise, she just wanted to be his partner in bed!

Does she know what that means? It means that she's dispensable, irreplaceable and much less worthy than a lover!

However, she blinked and didn't seem to be joking at all. "Of course I know what I'm talking about! I just want to see if you'll agree to it, Brother Cheng."

All of a sudden, Bo Hancheng realized that he could not see through Luo Zheng at all and hence did not agree immediately.

Seeing his reaction, Luo Zheng pouted and asked coquettishly, "Brother Cheng, you'd be at an advantage since you're the man, so what are you hesitating for? If you miss this chance, it won't come again!"

Chu Ci was beyond astonished.

He clearly understood Bo Hancheng and knew how cold and unfeeling he was towards women... sometimes, he even wondered if there was something wrong with Bo Hancheng.

Yet, Luo Zheng's appearance gave him a fresh perspective!

Not only did Third Brother not push Luo Zheng away, he even responded to her... If this was Mu Nianqing, it would be understandable, but that is Luo Zheng. Third Brother's taste is horrible!

"Sure, I agree."

Bo Hancheng said coldly in the end.

Luo Zheng immediately broke into smiles and looked extremely alluring in her maid's uniform.

She then tiptoed again and whispered, "However, Brother Cheng, you don't have to worry, if you fall in love with another woman before I reach the age of 18, this pact can be set aside immediately..."

Bo Hancheng frowned and interjected coldly, "No need, because that will never happen! So, the pact will remain valid forever..."

Falling in love with another woman... was impossible to him!

Or perhaps, he had never needed love or relationships... Love was non-existent and was the greatest joke in the world!

Besides, Luo Zheng will never understand that she is just wasting her efforts... because he wanted to keep her, only because he wanted to get intimate with her.

Even if she doesn't bring it up, he would get intimate with her too and she was bound to be his!

"Brother Cheng, do you mean that you'll never get into a relationship before I turn 18?"

Luo Zheng gazed at him and waited anxiously for his reply.

In this lifetime, she wanted to have a taste of getting intimate with a man but she could not accept another man... so, she would only do it with Bo Hancheng, her beloved bodyguard!

However, she had normal morals and mindsets. While he was single, it would be alright for them to have a sexual relationship... but if he were to be attached, she definitely wouldn't cross the line or ruin his happiness!

Unfortunately, there was still six months to go before she turned 18 and there was a significant age gap between them. He could date any time soon... To her surprise, his answer was rather firm and he clearly meant that he would wait for her to get older. How could she not be happy?

Bo Hancheng glanced at Luo Zheng who obviously only understood half of what he said. However, he did not explain further and instead expressed assent with a nod.

“Brother Cheng, you’re really nice. You’re willing to wait for me to grow up! I’m going to kiss you as a reward...”

Luo Zheng was on cloud nine and she moved her lips towards him in a bid to kiss his cheeks.

However, she missed him by a little bit because of the height difference, thus making her feel a little upset.

“Brother Cheng, lower your head a little! You’re too tall for me. If not, why don’t you do it instead? My neck is starting to ache from looking up for so long...”

### **Chapter 110: Attraction**

Luo Zheng blinked and suggested sincerely, all full of hope and anticipation.

Ever since she reunited with Bo Hancheng, she had been the one chasing him around but her efforts had been futile because he was constantly aloof towards her... Over time, Luo Zheng began to reflect and wonder if she was being too aggressive in taking the initiative.

Why don’t I try changing the way we communicate and let Mr. Bodyguard take the initiative to get closer to me instead! She thought.

Bo Hancheng was enticed by her tender and coquettish voice which made him turn red with shyness.

In the past, he had never cared about women but they were all sensible enough not to disturb him.

Everything changed when he met Luo Zheng.

She ignored the countless rejections and even barged into his life fearlessly... Clearly, he should have detested her but he could not help but take pity on her and succumb whenever she popped up without warning!

At some point, he even found it hard to bring himself to put Luo Zheng to the test because he could not bear to do so.

He was just about to agree to Luo Zheng’s request and lower his head to let her kiss him. However, he casually glanced to the side to see that Chu Ci was still standing by the entrance. Completely dumbfounded, he asked coldly, “Why are you still here?”

Upon hearing his words, Chu Ci realized how redundant his presence was. “Third Brother, do you still need to change the candidate?”

Bo Hancheng glanced at him before turning to look at Luo Zheng. “No, she may go.”

He paused and scanned her from head to toe, after which he added, “Also, pick out another maid’s outfit that covers her chest and legs. Pick a less revealing one!”

Chu Ci almost vomited blood when he heard the instructions. Does Third Brother mean that the outfit can’t reveal any of her body parts... If that’s the case, how can she attract the lecherous Scarface?

Seeing that Chu Ci was refusing to leave, Bo Hancheng asked, “Why? Is there an issue?”

“Of course, no problem!”

Chu Ci answered bitterly before pushing the door to exit.

There’s obviously an issue!

Why do I smell love in the air?

As soon as Chu Ci left, Luo Zheng and Bo Hancheng were the only ones remaining in the spacious room.

Staring at her outfit, Luo Zheng asked in bewilderment, “Brother Cheng, do I not look good in this maid’s uniform?”

Bo Hancheng’s eyes turned gloomy and he stared at her fair cleavage before answering in a hoarse voice, “Yeah, you don’t.”

“How is that possible? Brother Cheng, I’m so beautiful and I can carry clothes well. How can I not look good? I don’t need to change out of it. Scarface will definitely be attracted to me if I wear this.”

No woman was willing to be criticized by the man whom she cared about. Hence, Luo Zheng tried to retaliate.

“Ah! Brother Cheng...”

Before she could even finish lamenting,

Bo Hancheng bent forward, and swept her off her feet by picking her up... Luo Zheng got a great shock and frantically grabbed his neck to balance herself and stop herself from falling.

“Be good and change into something else, alright?” Bo Hancheng said softly, his voice as clear as wine.

Luo Zheng’s heart began to race as she felt an electrifying wave surging through her. She had somehow fallen for him and exclaimed without thinking, “Okay, I’ll listen to you!”

“Now that’s a good kid!”

He chuckled and praised. He clearly didn’t say anything much but Luo Zheng could not help but turn red and shy. She nudged his shoulder and said, “Brother Cheng, it’s a little too high up here and I can’t get used to it... put me down, will you?”

She had clearly forgotten about an important thing. Bo Hancheng reminded her in displeasure, “Didn’t you say that you couldn’t kiss me because you can’t reach?”
