

## **BO LOVE LIFE 121**

### **Chapter 121: Filth**

Jiang Yutong held onto Scarface's arm and snuggled into his embrace.

Seeing this, Luo Zheng remained calm without any other emotions.

It was not that she really wanted to stay composed but rather, she could not bring herself to behave intimately with a man like Scarface!

If he were Bo Hancheng, she would have pounced on him long ago.

Scarface put an arm around Jiang Yutong who pretended to be shy and exclaimed, "Master Scarface, you're so naughty!"

She then glanced at Luo Zheng provocatively, as if she had gained victory.

Luo Zheng smirked and could not be bothered to give him a response.

However, at this moment, Scarface suddenly looked up at Luo Zheng and asked in a gentle and mellower voice, "Zheng, do you feel cold?"

Luo Zheng's heart skipped a beat. Although she felt cold, she shook her head and said, "Thank you for your concern, Master Scarface, I'm not cold."

In other words, she wouldn't hug Scarface no matter how cold she was!

"Get inside the car..."

Scarface let go of Jiang Yutong and ushered her into the car.

Jiang Yutong's face stiffened but had no choice other than to get inside the car.

Scarface then walked towards Luo Zheng and removed his coat.

Luo Zheng's heart wrenched up and urged herself not to retreat and stay calm instead... However, Scarface stepped forward and put his coat onto her body instead of touching her.

Luo Zheng froze and was about to take it off. "Master Scarface, I'm not cold. Isn't she feeling cold? Let her have it..."

"Wear it!"

He ordered in a low voice.

He then looked at Luo Zheng, as if he had vicariously seen someone else through her. He added softly, "She's just a plaything. You're different from her. Do you understand?"

Luo Zheng was truly dumbfounded and she was not just acting.

What does he mean?

Before she could mull over it further, Scarface reached out and grabbed Luo Zheng while getting inside the car. The three of them sat in the spacious back row.

As soon as Luo Zheng got inside the car, she struggled to retract her hand and sat beside the window quietly.

Scarface did not force her and instead held Jiang Yutong in his arms while seated opposite Luo Zheng.

To be frank, Luo Zheng was interested in observing them.

Anyway, her identity now was a girl from City That Never Sleeps and hence, she did not have to pretend to be pure and innocent. She could just gawk at them openly.

However, Jiang Yutong was not shy at all and instead stared at Luo Zheng smugly while sucking up to Scarface.

She found it strange too, since Luo Zheng was obviously the one whom Scarface had chosen.

However, he did not intend to touch Luo Zheng at all... She had no idea if she was overthinking it but she somehow felt that she had been objectified by Scarface, unlike Luo Zheng.

Luo Zheng was just like a saintly girl whom Scarface had to pamper... The thought of it made Jiang Yutong feel extremely uneasy and she refused to acknowledge her conjecture!

The two of them seemed to be getting hanky panky.

Luo Zheng overestimated her tolerance. She initially thought that it would be a feast for her eyes but to her surprise, the more she stared at them, the more disgusted she felt.

She felt particularly repulsed when Scarface kept gazing at her, as if he were pretending that Jiang Yutong was her!

The thought of it made Luo Zheng feel a cold chill of disgust down her spine.

She then looked out of the window and stopped staring at them.

At this moment, the driver put up the partition in the car, not at all surprised by what was going on.

\*Barfs\*

Ten minutes later, Luo Zheng finally couldn't stand it any longer.

Unbothered by the fact that she was still in the car, Luo Zheng turned pale and bent forward before throwing up.

Scarface glanced at Luo Zheng and his eyes lit up when he saw what happened.

He then stopped and pulled Luo Zheng over. "Zheng, are you feeling unwell?"

Luo Zheng felt even more repulsed by his revolting voice. She smacked his hand away in a moment of recklessness and exclaimed, "Don't touch me, it's filthy!"

**Chapter 122: Danger**

As soon as Luo Zheng said that, she suddenly realized that she had been acting rashly and could not help but be infuriated at herself.

However, she was genuinely disgusted and she could not deceive herself any longer nor continue to pretend that everything was fine... However, Scarface was ruthless and temperamental. Wouldn't she be asking for trouble by insulting him directly?

"You think I'm filthy and not qualified to touch you!?"

Scarface glanced at her and said coldly.

However, none of them noticed the gloominess in his eyes. He looked just like a hunter that had found his prey and was about to capture it!

"Zheng, look at you. You're so insensible... Master Scarface is just showing you concern and yet, you insulted him! Besides, if Master Scarface is filthy, aren't you filthier since you threw up in the car?"

Jiang Yutong grinned while adding fuel to the fire.

Luo Zheng tried her best to bear with the discomfort but the stench infiltrated Luo Zheng's senses and she suddenly felt like vomiting again.

Fortunately, she didn't have her dinner and was mostly just liquids. She did not throw up any food!

After barfing for a few times, Luo Zheng calmed herself down and tried to explain, "I meant that I'm filthy! I didn't want to dirty Master Scarface so I told him not to touch me..."

Jiang Yutong was in disdain of her explanation. Scarface remained expressionless and asked, "Zheng, is that really the case?"

Obviously not!

Luo Zheng retorted in her head, though she nodded and answered calmly, "Yes, that's really it."

Luo Zheng had been keeping her head low because she knew that Scarface and Jiang Yutong were definitely naked and hence, she could not bring herself to look at them!

"Luo Zheng, mission aborted. Think of a way to get out of the car."

A voice sounded in her ear and Luo Zheng could tell that it belonged to Chu Ci.

Now that Scarface was right beside her, Chu Ci took the risk to speak and even informed her that the plan was terminated. She was certain that the decision was made by Bo Hancheng... After all, Chu Ci had never liked her. Hence, he definitely wouldn't be so "kind" as to let her abort the mission and leave!

Luo Zheng was a little hesitant because they were about to arrive at the underground gambling den soon.

By terminating the operation now, wouldn't we be wasting all the efforts that we had put in? Besides, I can tell that the case about the druglord Old K is very important to Mr. Bodyguard!

At this moment, another male voice filled her ears. "Be good and alight from the car."

Brother Cheng...

Luo Zheng was overjoyed and decided to comply. She said feebly, "Master Scarface, I'm not feeling too well and I feel like throwing up. Could you... pull over?"

As soon as she spoke, he patted her on her back gently and asked, "Zheng, are you upset that I'm touching her and not you?"

Luo Zheng did not feel any less nervous and instead felt even more terrified.

Luo Zheng smiled after hearing his words.

I would cry if he touches me and not Jiang Yutong instead!

In the end, she bore with the strong discomfort and forced herself to reach out and hold Scarface's arm. "Master Scarface, I'm not upset, I just feel unwell. I'd like to alight from the car and get some rest! Will you let me, please?"

Luo Zheng deliberately made herself sound coquettish when she pleaded with him, in order not to let him discover anything unusual.

"Zheng, why are you so willful? Master Scarface still has something important to do later. How can you hamper him because of your own matters?"

Jiang Yutong chastised with a smile, pleased to see Luo Zheng in pain.

As soon as she spoke, Scarface glared at her indifferently, giving her a great shock. She couldn't understand what he was thinking at all... they were clearly behaving so intimately just now and he should be pampering her!

At this moment, Scarface casually put on his clothes and lowered the partition to instruct the chauffeur to pull over.

Seeing how unconcerned Scarface was with her, Jiang Yutong awkwardly picked up her clothes to cover herself.

"Is five minutes enough?"

Scarface gently asked Luo Zheng while caressing her hair.

"Yes, thank you, Master Scarface."

Luo Zheng answered simply and quickly got up to alight from the car eagerly.

Unintentionally, the headband sitting on her ears slid down her long hair and landed on Scarface's hand.

At the same time, Luo Zheng heard a noise, followed by silence!

She and Bo Hancheng lost contact just like that...

**Chapter 123: Scarface Discovers The Listening Device**

Seeing how carefully Scarface was treating Luo Zheng and how gentle and doting he was towards her, Jiang Yutong could not help but be infuriated.

Indeed, men always want what they can't have!

It's alright. Zheng is a newbie who doesn't know how to please men... she definitely can't be better than me in bed. One day, I'll definitely replace Zheng and become Scarface's most beloved woman!

Luo Zheng's hair cascaded down her back and covered half of her face, making it look even smaller. Her beautiful face made her look pitiful and lovable.

Luo Zheng got a great shock and stared at the headband in Scarface's hand before reaching out to grab it.

Part of the hearing device was on her headband. She did not want him to discover the hearing device and she also needed to listen out for instructions... The other part of the hearing device was inside her ear, and was meant for communicating. The two parts had to work together.

A missing part would cut off communications!

Besides, how could she let Scarface have the hearing device? The consequences would be unimaginable if he were to find out!

However, Scarface dodged before she could even take it. "Weren't you in a hurry to get out of the car?"

"Master Scarface, could you return the headband to me?"

Luo Zheng tried her best to stay calm and behave naturally.

Scarface looked up at her and said, "Zheng, you look prettier without the headband!"

Despite feeling panicky and anxious, Luo Zheng could not reveal her feelings at all. She smiled wryly and asked, "Is that so?"

It doesn't matter whether I'm pretty or not, okay? The point is, my purpose of getting out of the car is to terminate the mission and I need to know where to flee to!

Now that the connection is cut off, I can't ask for help or call the police since I don't have my mobile. Chu Ci made it clear that they will not save me either.

So, damn it, what am I supposed to do!?!

Scarface watched as Luo Zheng got out of the car stiffly instead of insisting on getting her headband back, because she did not want him to sense that something was amiss.

She thought, should I try and escape when Scarface is in the car and not noticing?

Luo Zheng tried to calculate how far she could go in five minutes!

"Zheng, stay where I can see you."

Scarface said in a hoarse voice.

Luo Zheng suddenly felt extremely distressed, for her idea would definitely not work... She stared at her stilettos dejectedly.

I definitely can't run in these heels!

Luo Zheng did not look back and hence didn't notice the icy cold gaze in Scarface's eyes and the fact that his scar had turned grim and daunting.

"Clean this up."

Scarface said to the chauffeur, referring to where Luo Zheng had vomited.

He then glared at Jiang Yutong and instructed coldly, "You, go look after Zheng and make sure that she's fine. Bring her back."

Jiang Yutong's face stiffened and dragged herself out of the car despite being unwilling to do so.

"Master, the car is dirty. Would you like to change it?"

The chauffeur asked politely after cleaning up.

However, Scarface remained silent and fiddled with the headband before pinching it and feeling a hard, tiny object.

Then he slowly opened the headband and took out the hard object which he placed on his palm.

He laughed coldly and sneered, "A hearing device from Britain? Indeed, it's part of his tricks! Interesting. He's actually here in Beijing..."

"Master, she's a spy! Should we..."

The chauffeur had been through thick and thin with Scarface and knew what was going on. Hence, he hinted that they should silence Luo Zheng.

"Don't touch her!"

Scarface refuted surprisingly, with a frown.

Rather confused, the chauffeur glanced at him to see that he had a menacing expression on his face.

"Since he wants to play this game, I can accompany him! Since he's left Britain, I must make sure he never goes back..."

#### **Chapter 124: Framed By The Pretentious Girl**

Staring at the night sky, Luo Zheng began to feel a little muddled up.

The connection in the hearing device had been cut off and she lost contact with Bo Hancheng. Running would not work either!

The only way is to continue staying with him and pretending like nothing happened... then make it through tonight and find a chance to leave. Surely Scarface can't keep an eye on me for 24 hours!

Luo Zheng then touched the other part of the hearing device in her ear.

She decided to first try to get her headband back later so as to re-establish the connection... If she fails to do so, she would discard the remaining part of it inside her ear and not leave any evidence behind!

Fortunately, Scarface seemed to be giving her special treatment and he seemed... to feel good about her.

She hoped that he could continue feeling a sense of novelty towards Jiang Yutong and not decide to get intimate with her all of a sudden!

After clearing her thoughts, Luo Zheng took a deep breath and returned to the car.

To her surprise, she was greeted with the sight of the ill-intentioned Jiang Yutong as soon as she turned around. "Zheng do you think that I'm inferior to you? Do you feel that you're better than me!?"

"Jiang Yutong, stop being stupid and stop provoking me. I'm not in the mood to entertain you!"

Luo Zheng said coldly after seeing that Jiang Yutong was hell-bent on creating trouble.

In the past, she would have tried to get back at Jiang Yutong by retaliating but at this juncture, she was no longer in the mood to do so because her life was at risk!

Suddenly reminded of something, Luo Zheng's eyes glistened and she said, "You can seduce Master Scarface however you like. I won't vie with you! It's best if you occupy him and leave him with no time to care about me..."

If Jiang Yutong were to pester Scarface, he would not bother about her and she would then be safe!

Luo Zheng clearly meant what she said and she thought that Jiang Yutong would be pleased to hear her words... To her surprise, the dimwit Jiang Yutong refused to believe her and took it as an insult and a taunt.

Yes, she won't vie with me but she'll pretend to be pure and innocent to attract him! Jiang Yutong thought.

The more she thought about it, the more indignant she felt. She could not understand why Luo Zheng could win the favor of Scarface despite just being a newbie... unlike herself. She put in plenty of effort to seduce him and to get into his pants. Yet, Scarface still treated her like she was dispensable, just like a plaything.

In the end, she still had to come and take care of Luo Zheng like a servant!

The arrogant and proud Jiang Yutong could not help but have such stupid thoughts because of how displeased she was.

Her eyes turned gloomy when she suddenly thought of a strategy.

At the next instant, Jiang Yutong scanned her surroundings, only to discover that Scarface was right behind her with his subordinate...

She suddenly strode forward and stood in front of Luo Zheng.

She then grabbed Luo Zheng's wrist tightly.

Luo Zheng frowned and struggled impatiently. "Jiang Yutong, are you finished yet!?!"

Pak~

Before she could even finish, she heard the sounds of a clear slap.

Jiang Yutong slapped herself forcefully with her other hand... However, due to the position that they were in and the fact that the sound occurred when Luo Zheng shrugged her hand away,

it seemed like Luo Zheng was the one slapping Jiang Yutong!

Luo Zheng instantly understood Jiang Yutong's intentions and felt amused.

What a lowly and despicable trick. She called me a hypocrite but she's just as pretentious!

Seems like Jiang Yutong really sees me as her competition and wants to be the only one Scarface pampers. That's why she's framing me now... Great, Scarface does like clean, pretty, kindhearted and virtuous girls...

Later on, I'm not going to deny it. Instead... I'm going to admit that I did slap Jiang Yutong so it'll seem like I'm throwing a petty fit!

When that happens, Scarface will definitely detest me. That may not be a bad thing!

Tsk, tsk, Jiang Yutong may have slapped me but I'm not at a loss at all. I might even get to reach my goals indirectly. I really ought to thank her!

Jiang Yutong smiled at Luo Zheng smugly before putting a hand on her swollen face and scurrying towards Scarface with a pitiful expression.

"Master Scarface... Zheng hit me..."

### **Chapter 125: Why Haven't You Scrammed!?!**

Luo Zheng almost burst into laughter after hearing Jiang Yutong's pitiful complaint.

What a great actress!

Trying to hold herself back from laughing, Luo Zheng thought about how she should behave later to make Scarface dislike her.

However, she felt a sharp pain in her abdomen after taking a few steps forward... Due to the chilly weather, her menstrual cramps acted up again, making her face turn pale.

When one is down in luck, their greatest fears really tend to come true!

Whenever her period was about to arrive, she would first suffer from menstrual cramps, followed by a great deal of torment... She wished that her period would not arrive before she gets to escape!

Scarface was walking towards her. If it weren't for the scar on his face... he actually wasn't ugly, for he had a tall and taut figure with mature features.

In fact, he did give off a heroic vibe because of how domineering he was.

He was also older in age and was the mature type that would be popular among many girls, putting aside his threatening demeanor and ruthlessness.

“What happened?”

Scarface shot Jiang Yutong a glance, then looked at Luo Zheng.

Luo Zheng did not rush to answer and instead stared at Jiang Yutong who was holding onto Scarface’s arm pitifully. Jiang Yutong said, “Master Scarface, I’d like to know what happened to Zheng too! I followed your instructions and thought about taking care of her. But who knew... she ignored me and scolded me! I was furious, so I talked back to her and she even slapped me hard!”

Jiang Yutong then raised her chin to let Scarface take a good look.

She had undeniably slapped herself really hard, for her face was grotesquely swollen!

Of course, Jiang Yutong was indeed beautiful, and there were now tears in her eyes. Any man would feel a desire to protect her!

Scarface glanced at her silently before continuing to look at Luo Zheng.

Luo Zheng panicked and somehow felt that she could not see through him.

Jiang Yutong was getting impatient and wanted to strike the iron while it was hot. “It could be because you chose her but you decided to get intimate with me instead and neglect her! That’s why she took it out on me and even told me to hurry and scam because she wanted to have you for herself...”

Upon hearing this, Luo Zheng almost smirked.

Girl, do you know that your acting is going over the top? If you continue doing this, I may not be able to keep up with you!

“Oh, is that so?”

Scarface asked, seemingly interested.

After Jiang Yutong nodded tearfully, he asked calmly, “In that case, why haven’t you scammed yet?”

“!!!”

Both Jiang Yutong and Luo Zheng were equally shocked and puzzled.

Damn it, is there something wrong with Scarface’s brain!?!

“Master Scarface, why would you say that? Zheng was the one who hit me...”

Jiang Yutong recovered from the shock and reminded him.

“She hit you? Hah, bear with it then.”

She did not expect Scarface to insist on defending Luo Zheng.

Jiang Yutong grew even more annoyed and she glared daggers at Luo Zheng. "Master Scarface... you... are not being fair to me..."

"You want fairness?"

Scarface questioned with a smirk.

He then held Jiang Yutong in his arms and walked towards Luo Zheng. "Was what she said true?"

The climax was finally here!

Luo Zheng glanced at Scarface and ignored Jiang Yutong's smugness. She answered in a displeased and willful tone, "So what if it's real!?! Master Scarface, are you going to punish me because of this cheap bitch?"

### **Chapter 126: Either Her Or Me!**

Luo Zheng did not deny it and even admitted to it!

Jiang Yutong suddenly felt relieved.

Initially, she was thinking about how she would insistently deny it regardless of how Luo Zheng rebutted... Anyway, Scarface's subordinate could testify for her!

No matter how Luo Zheng explained, it would be in vain.

Hah, she's indeed a newbie who hasn't undergone training and doesn't know how to control herself... Tsk, tsk, she's really overestimated herself. Does she think she can do whatever she wants just because she received some attention?

However, she realized that she had really miscalculated. Scarface was not an ordinary person. He was a triad member... Falling out of favor was trivial but receiving a punishment would be dire!

Scarface might just dump her and once she loses this opportunity, she will never be able to return to City That Never Sleeps. Her life will then be in the doldrums!

She had no idea that Luo Zheng wanted to leave.

The two of them each had their own thoughts. Scarface looked unexpectedly calm. "So, did you hit her?"

Luo Zheng somehow felt that something was wrong but didn't dwell on it. Instead, she continued to keep up with the pretense. "Yeah, I hit her! This bitch was an eyesore to me and I've long wanted to hit her! Why? Am I not allowed to hit her just because she's your woman, Master Scarface?"

She paused and raised her head slightly with folded arms while her long tresses fluttered. She said brazenly, "Master Scarface, I'm really not afraid to tell you that I'm a very possessive person! You must choose between us two. Only... one of us can stay!"

Luo Zheng's attitude became more and more brazen.

This time, even Scarface's chauffeur was flabbergasted.

Despite already knowing that Luo Zheng was a spy, he still could not help but give her a thumbs-up in his head.

Miss Zheng, you really are something!

You actually have the audacity to challenge Master Scarface. People like you are rare... Oh, perhaps there were some in the past but they're all dead now!

Luo Zheng thought that her "true colors" would definitely ruin Scarface's impression of her.

Hence, she was certain that she would definitely make him feel disgusted with her!

However, she was still worried about being over the top. After all, Scarface was relentless when it came to killing others. If he were to kill her out of anger, wouldn't her plans backfire?

Damn it, dancing with the Devil is really exhausting!

"Zheng, what's with that tone of yours? Master Scarface is our buyer. How can you spout nonsense!?!"

Jiang Yutong spoke feebly and seemed to be trying to persuade her, though she was actually accusing her.

All of a sudden, they tensed up and waited for Scarface to punish Luo Zheng... The chauffeur even got ready to catch Luo Zheng and dump her somewhere.

However, at this moment, Scarface laughed and exclaimed, "Haha, interesting, very interesting!"

"..."

After a moment of silence, Scarface finally asked, "Of course you can hit her. She's nothing but a dirty plaything!"

Seemingly in a good mood, he continued, "Of course I'd choose Zheng. From now on, Zheng will be the only one who serves me. Are you happy, Zheng?"

Hah, happy? My ass!

Luo Zheng's body stiffened and her blood rushed through her veins.

Can anyone tell me if Scarface is sick in the head? He must be out of his mind!

Or is he into masochism?

"Master Scarface, you... AH!"

As soon as Jiang Yutong reacted, she shrieked.

Scarface grabbed her hair and yanked it mercilessly while pulling her towards Luo Zheng. "Zheng, how did you slap her just now? Do it again and show me..."

## **Chapter 127: Reversed Plot**

“Hit her again?”

Luo Zheng was still dumbfounded. She had no idea how things developed into such a state because it was beyond her expectation!

“Didn’t she anger you? Zheng, hit her however you’d like!”

Scarface said nonchalantly.

“Master Scarface... what did I do wrong to deserve such treatment from you...”

Jiang Yutong’s face turned pale and her eyes were full of tears.

However, she was no longer acting and was instead showing her true emotions... After all, Scarface was causing her excruciating pain by yanking her hair forcefully!

“Why? Don’t you want to hit her, Zheng?”

Seeing that Luo Zheng did not move, Scarface urged her.

Luo Zheng’s heart pounded rapidly and her palms began to sweat. She smiled and said, “I’ll only hit a bitch like her once! Hitting her again will dirty my hand...”

She was initially just making up excuses. Scarface then glanced at her long, fair and slender fingers.

He nodded and said, “Yeah, Zheng’s hands are meant for playing the piano! Things like these are not worth Zheng dirtying her hands for.”

There were hidden meanings in his words and he was defending Luo Zheng.

It was as if Luo Zheng was the person whom he doted on the most!

Luo Zheng was very certain that she did not know Scarface. Could it be... that he’s in love with me? She wondered.

Hey, that’s not impossible. I’m so pretty, Scarface might have just fallen in love with me at first sight!

Luo Zheng heaved a sigh of relief as she thought about it in a narcissistic manner.

Well at least, she need not worry about her safety for the time being!

At this moment, Scarface said, “Zheng, you’re my woman. I’ll hit her on your behalf.”

He then pulled Jiang Yutong’s hair again to expose the other side of her face.

Pak~

He slapped Jiang Yutong forcefully, causing her to feel giddy.

Scarface was a relentless member of the triads while she was just an ordinary girl. How could she take the slap without suffering greatly?

Jiang Yutong raised her swollen face, revealing the blood that was flowing out of the corner of her lips.

Luo Zheng got a great shock and stopped trying to let her imagination run wild. Instead, she swallowed her saliva nervously.

Jiang Yutong shivered in fear and fell onto her knees with fear in her eyes. She had no idea how things escalated to such an extent.

At the next instant, Scarface bent forward and raised her chin derisively. "Do you know what your mistake is?"

What does he mean?

Jiang Yutong widened her eyes in shock as Scarface's daunting aura froze her heart.

Pak~

Before she could even think about her answer, she was slapped again. The impact was so strong that her ears began ringing.

"Seems like you don't know!"

Scarface slapped her again and pushed her face up to reveal the hand print that was left on Jiang Yutong's face after the latter slapped herself to frame Luo Zheng!

"Did Zheng slap you or did you slap yourself?"

As soon as he said those words, Luo Zheng frowned in shock.

She did not expect Scarface to have been able to see through her.

Jiang Yutong has herself to blame for using such a lowly trick!

Does she not know that the shape of the handprint left behind by her own hand would be different from that of someone else?

A smart person would be able to tell after taking a closer look.

Hence, Luo Zheng's heart began to race.

In that case, Scarface had already seen through Jiang Yutong's lie right from the start. He's not easy to fool and he definitely is intelligent. So, I must be very careful from now on!"

Jiang Yutong shook her head while bleeding, not daring to hide it any longer. "Please spare me, Master Scarface... I was the one who hit myself... It has nothing to do with Zheng..."

### **Chapter 128: Abusing Jiang Yutong**

She no longer thought about framing Luo Zheng and quickly told the truth, for fear of losing her life.

Besides, Scarface clearly already knew the truth!

"So, why did you lie and frame Zheng? Did you think I was blind and foolish and that I would fall for your tricks?"

He looked so stern and gloomy that Jiang Yutong felt that her life was at risk whenever he questioned her.

“Master Scarface, please forgive me... I was just muddled up for a moment... I won’t dare to do it again...”

Jiang Yutong fell onto the ground and begged for mercy pitifully while shuddering.

“Again? There won’t be another time! I hate being lied to...”

Scarface spoke ruthlessly as the dim lights made her feel flustered.

He then shrugged his hand like he was shrugging away something dirty, after which Jiang Yutong immediately fell onto the ground.

He then snapped his fingers and the chauffeur immediately stepped forward.

“Those who had the audacity to lie to me will be punished according to my rules!”

Scarface took a few steps back and stared at Jiang Yutong from above after saying those words.

The chauffeur whipped out a dagger!

Luo Zheng watched as he approached the screaming Jiang Yutong. “No... don’t come here... stay away from me... Ah!”

The chauffeur then grabbed Jiang Yutong and stuck the dagger into her mouth, leaving a long trail of blood.

Jiang Yutong turned stiff and hurriedly covered her lips while trying to bear with the pain.

“And her hand...”

Finding the punishment to be not severe enough, Scarface gave another instruction.

Hence, the chauffeur picked up the knife again in a bid to cut Jiang Yutong’s tendons.

Jiang Yutong turned as pale as a sheet and began having a fit. She was in a living hell and the only thing she could do was shriek in pain and agony.

Luo Zheng’s hands were cold and clammy and her eyes were full of fear.

From then on, she finally realized how terrifying Scarface was!

Previously, she had always known how ruthless Scarface was, though she had yet to witness it in person... Not long ago, he was just getting intimate with Jiang Yutong and yet, he turned against her and abandoned her within moments!

At this moment, the metallic odor of blood from Jiang Yutong’s body wafted up to their noses.

Luo Zheng began to feel nauseous again.

She cocked her head towards the side and began barfing.

Scarface slowly stepped forward and placed his hand on Luo Zheng’s shoulder.

At that instant, Luo Zheng felt like she had been pricked by a million needles and almost pushed him away again but she still decided to bear with it!

“Why? Are you not used to the odor of blood?”

Scarface asked tenderly, as if he cared a lot about her.

Luo Zheng nodded frantically, not daring to be brazen again.

Scarface ordered, “Zheng is not used to this. What are you waiting for? Throw her far, far away!”

Upon hearing her words, Luo Zheng widened her eyes in disbelief. Jiang Yutong was unable to speak and could only manage to wail, “Ah... Ah... Ah...”

Jiang Yutong then laid on the ground and stared at Luo Zheng.

She could feel Jiang Yutong’s strong desire to live!

“Don’t kill her...”

Luo Zheng bit her lip.

Scarface stared at her and she tried her best to remain calm. “Master Scarface, I don’t want you to sin because of me. Leave her to fend for herself...”

Putting in a word for her was the best she could do.

She couldn’t help with the rest, and she was not obliged to either!

After all, Jiang Yutong landed herself in such a plight because she wanted to frame Luo Zheng. Although she was pitiful, she had brought it all upon herself... The rest of her fate would depend on her destiny.

Luo Zheng stopped looking at Jiang Yutong.

She could barely save herself now, so she might as well stop being pretentious. There was no point in bothering about whether Jiang Yutong survived or not!

“I didn’t expect you to be so kind as to spare a thought for me, Zheng! I shall not kill you on her account...”

Scarface smiled and caressed Luo Zheng’s hair while muttering to her like she was his lover.

Luo Zheng was as stiff as a robot and she looked extremely unnatural. She even tried to touch Scarface on several occasions... In the end, she followed him into the car and drove to the underground gambling den.

“Are you afraid of me? Did you get frightened...”

### **Chapter 129: Mr. Bodyguard, Are You Really... Not Going To Save Me?**

Sensing that Luo Zheng seemed to be feeling a little uneasy, Scarface lit up a cigar and began smoking it.

Luo Zheng smirked and thought about Jiang Yutong’s plight before denying, “I’m alright...”

“Zheng, you don’t have to be afraid, you and her are different. You can’t be compared to each other! As long as you don’t betray me, nothing will happen, understand?”

Scarface seemed to be comforting her.

The chauffeur who was driving could not help but be shocked. Having worked for Scarface for so many years, he had seen plenty of spies who ended up in dire straits... including those who tried to seduce him with their good looks. Scarface seemed to be lustful on the surface.

However, in reality, he treated women like objects whom he used to vent his anger.

Once he was sick of them, he would get rid of them and replace them with new women!

He wondered, now that Master Scarface knows that there’s something wrong with Zheng’s personality, not only did he not pick on her, he even let her stay behind... It looks like he was giving Zheng a warning by doing that to Jiang Yutong just now.

Master Scarface wants to hint to Zheng that he doesn’t mind the fact that she was a spy, and that he would treat her well so long as she was obedient enough!

Could it be that... Master Scarface really likes Zheng?

Luo Zheng did not know Scarface well and hence was in fear.

If it weren’t because she cherished her life, she would have really asked him that question.

What if she betrays him? What would be the consequences that she had to face!?!

However, she recalled Jiang Yutong’s fate and shivered before nodding in a flustered manner. “Got it, I won’t betray Master Scarface!”

No matter what happens later, her safety would be of utmost importance and she decided to answer him with what he wanted to hear.

She thought about how brazen she was to Scarface previously and suddenly felt thankful and lucky to have survived!

“Now that’s a good girl... ”

Scarface grinned and his scar began to look terrifying.

Luo Zheng’s body tensed up and her ominous hunch seemed to have gotten stronger. After all, she was the only one left now that Jiang Yutong was gone. He might just suddenly decide to get intimate with her!

I must hurry and flee! She thought.

Thinking about the hearing device, Luo Zheng scanned her surroundings, only to realize that she could not find the headband at all.

“Zheng, are you looking for your headband?”

Scarface could not tell what she meant.

Luo Zheng's heart skipped a beat and she held Scarface's gaze to see that his eyes were dark and gloomy.

"The headband dropped onto the ground and got dirty so I threw it away. You won't blame me for it, will you, Zheng?"

Scarface explained tenderly without much of an expression.

Luo Zheng's heart sank to rock bottom immediately as a sudden chill overwhelmed her... She even wondered for a moment if Scarface had sensed something wrong with her.

However, if that's really the case, how can she still be alright?

"No... not at all..."

Luo Zheng answered wryly while her hands and feet turned cold. She broke out into cold sweat and her clothes turned damp.

"Zheng, I've rarely been attracted to anyone in the past few years! So don't disappoint me, alright?"

Scarface was often boorish with his words.

Ever since they set off again, he began speaking to her tenderly again and she would have thought that he was a gentleman if she did not see his face.

Luo Zheng shook her head anxiously, feeling like she was on the edge. She was overwhelmed with a concoction of feelings, of danger, thrill and fear.

After the car pulled over, Scarface pulled Luo Zheng out of it and began walking towards the underground gambling den.

The underground gambling den was deep and looked just like the devil's entrance.

Once she goes in, it would probably be hard for her to exit again.

She turned around to see that she could not see anything clearly.

Mr. Bodyguard, if I slip into danger, are you really... not going to save me?

If this were the previous life, you'd definitely arrive in front of me and become my saving grace, like my knight in shining armor!

### **Chapter 130: Brother Cheng Is Here... (1)**

After entering the underground gambling den, she realized that it was completely different from the world outside.

There were plenty of people playing cards in an orderly fashion.

As Scarface appeared, many of them looked at him with awe and respect.

On the one hand, Luo Zheng thought about an excuse to flee but on the other, she stubbornly clenched her teeth and persisted on... Since they were already there, she decided to try to listen for any news about Old K.

“Master Scarface, the guest has arrived and is waiting for you in the private room...”

Someone stepped forth to report at this moment.

Scarface then brought Luo Zheng into the corridor and arrived at the diamond private room at the end.

They pushed the door to enter, only to be greeted with the sight of a middle-aged man seated on the couch. Upon sight of Scarface, he immediately stood up to greet him, “Master Scarface, I’ve long heard about you. I’m Li Mazi.”

“Li Mazi” was just a nickname since there was no need to disclose their real names here.

Scarface did not reciprocate as enthusiastically with his greetings and they soon began to talk about serious matters after a brief exchange.

“Master Scarface, this is something new that I’ve brought. See if you’re pleased with it.”

Li Mazi then instructed his subordinate to open the case, revealing some fine, white powder that was contained in a transparent bag.

Drugs...

Luo Zheng shuddered as she immediately recognized what it was.

Luo Zheng watched as Scarface stepped forth and tasted it lightly. “Not bad, it’s fairly pure! But, why is it all ‘white’? Are there any ‘ice-blue’ ones...”

Ice blue, as the name suggests, referred to blue drugs which were very addictive and difficult to quit!

“Master Scarface, it’s not easy to make Ice-blue, we’re still in the midst of formulating! I’ll bring it next time, for sure...”

Li Mazi frantically explained. Scarface was from Britain while he was from Beijing.

Although it was their first meeting, their main purpose was to establish a long-term relationship!

Scarface was not too interested and waved to gesture for his subordinates to collect the goods before paying for them. The deal was considered completed.

Seeing that they did not mention anything about Old K, Luo Zheng grew increasingly anxious and felt that she had come for nothing.

Suddenly, Li Mazi asked, “Master Scarface, Master K... is he still in Beijing? I’ve been admiring him for a long time and I wonder if I may have the honor of visiting him?”

The druglord Old K was like an idol to those in the drug industry who all looked up to him with respect.

As the only trusted subordinate of Old K, Scarface’s status was obviously extraordinary too.

Scarface glanced at Li Mazi and questioned nonchalantly, "You want to get acquainted with Old K? You're far from being qualified!"

He sounded rude and hostile, causing Li Mazi's face to grow sullen as he felt a little embarrassed.

In the end, he smirked and tried to hold his anger back.

Everything seemed to have come to a standstill as tension filled the air.

Scarface gazed at Luo Zheng and noticed that she seemed rather worried. He suddenly said, "Master K is now in Beijing, but it is inconvenient for him to see anyone! If you really want to see him, I'll relay your message to him..."

"Thank you then, Master Scarface!"

Li Mazi's eyes lit up with joy as he thanked Scarface.

Later, he seemed to have thought of something and put on a sorrowful expression while getting his subordinate to grab a square box... He opened the box to see a tube of blue potion laying in it, glowing with mystery.

Li Mazi carefully took it out and presented it to Scarface. "This is 'Blue Vixen' which had just been formulated after much research by the researchers I hired! Please hand it over to Master K, Master Scarface."

After a while, he got a little bit proud. "This is a very powerful potion! A small portion of it is enough to get someone addicted to it. If you inject the full bottle, that person would definitely become hopeless with no possibility of being cured..."

Scarface grabbed it and scrutinized it before exclaiming with a smirk, "Great, Master K will definitely need this!"
