

## **BO LOVE LIFE 13**

### **Chapter 13: Her Genuineness Had Gone In Vain**

Gu Sisi finally believed her and her face grew sullen at the thought of Luo Zheng. "It was you, little b\*tch!"

She then instructed Jiang Xinlei, "Call Luo Zheng and find out where she is. Make her come here!"

Jiang Xinlei gritted her teeth angrily and answered, "Her mobile phone is switched off. I can't get through to her at all!"

If it were not because of Luo Zheng, how could she have ended up in such a sorry state?

She stared at the girls and said worriedly, "Senior Gu, since you now know the truth, could you please... delete these photos? Please..."

"Delete them? Sure! However, about Luo Zheng..."

Gu Sisi was feeling a little hesitant and hence reminded her.

Having understood what she meant, Jiang Xinlei immediately said, "From now on, I'll be yours! I'll tell you everything you want to know..."

Gu Sisi then instructed the girls to delete the photos and only kept those on her mobile phone.

"I'm keeping some on my mobile phone. We'll see whether you're obedient or not. If you behave yourself... I'll delete them! If you don't..."

She was already bent on threatening Jiang Xinlei now that she had a hold on her.

Jiang Xinlei burst into tears and continued to beg her over and over again, but to no avail because she had no choice but to resign to fate.

Gu Sisi and the rest then left.

She was rather disappointed to have missed the chance to teach Luo Zheng a lesson. She turned around to look at Jiang Xinlei and thought to herself, Luo Zheng, you probably have no idea that you have a traitor for a best friend!

Luo Zheng indeed did not think of it at first.

She admitted that she had never done anything to let Jiang Xinlei down.

Jiang Xinlei came from a poor family and only managed to get admitted to a prominent high school because of her excellent results.

As for Luo Zheng, she got admitted to the school because of her family's connections and due to the fact that she was a spoiled brat, she could not get along with many of her female classmates... During an incident, Jiang Xinlei got blackmailed and sought help from her. She decided to give her a hand out of sympathy.

Later on, Jiang Xinlei continued to harm Luo Zheng behind her back.

Back then, Luo Zheng was barely fifteen years old and hence, craved to have a close friend... Over time, she and Jiang Xinlei became the best of friends.

Jiang Xinlei was like an older sister who often looked out for her and showed her concern... Luo Zheng would also repay her using money. She would pay for her school fees, meals, clothes and bags.

No one knew that her allowance was actually limited even though she came from a wealthy family. She would pay for whatever Jiang Xinlei needed unconditionally and spend all her allowance on her!

She had been in disbelief when she found out that Jiang Xinlei had betrayed her.

She said that she was just like a dog to me... well I treated her genuinely yet, she turned out to be a mad dog!

Jiang Xinlei screamed hysterically in the room and smashed everything onto the ground. "Luo Zheng, it's you. You were the one who did this to me!"

Luo Zheng found it rather interesting.

At this moment, the sounds of footsteps spread to the room and seemed to have become louder.

Luo Zheng clenched her fists tightly as resentment filled her eyes.

Gu Sisi is only an appetizer. The finale... has just begun!

Luo Zheng retreated backwards and felt an urge to return to her room.

To her surprise, she knocked into something that made her body stiffen in shock.

She turned around to see that a man was standing behind her.

His mask was covering most of his features, leaving only his eyes exposed. His pupils were light-colored and they were absolutely alluring. They were like whirlpools that could suck one in.

"Pretty brother, it's you! Why haven't you left yet?"
