

BO LOVE LIFE 131

Chapter 131: Brother Cheng Is Here... (2)

He then gave Blue Vixen to his subordinates and began talking to Li Mazi about the formulation process of the poison.

Luo Zheng listened while her palms turned sweaty. Fortunately, she had confirmed a piece of information.

That was, Old K was indeed hiding in Beijing but Scarface was the only one who knew his location!

Well, that means that Scarface was the one she should focus on. As long as someone is sent to follow him, there will be a chance to find Old K sooner or later.

Luo Zheng thought about retreating after receiving the information.

After all, Chu Ci mentioned before that Scarface had a habit of taking it out on women after every negotiation... Hence, she had to find a way to flee before the discussion was over.

Since Jiang Yutong was gone, she was the only one left. If she still didn't leave, she would definitely be in danger!

"Master Scarface, I'm a little uncomfortable. I want to go get some rest so I won't get in the way of your discussion..."

Luo Zheng made up her mind and spoke gently.

Before Scarface even responded, Li Mazi glanced at her and praised, "I've long heard that Master Scarface is fond of beauties. I brought some here with the intentions of gifting them to you, Master Scarface! However, you actually already have such a ravishing beauty. I'm really envious..."

Luo Zheng could only smile and try not to let the cat out of the bag.

Scarface surprisingly did not stop her and instead said, "Go ahead! But don't leave this place! Come back later to accompany me..."

Accompany you? My foot!

Despite cussing in her head, Luo Zheng nodded shyly.

She then turned around to leave without looking back.

Little did she know that Scarface had a cold and menacing gaze in his eyes... He shot a glance at his subordinate who then went out and followed Luo Zheng.

Zheng, it's rare of me to be impressed by anyone. Don't... disappoint me!

...

Luo Zheng bore in mind that there were surveillance cameras everywhere when she exited the private room.

Hence, she was careful with every step and observed the surroundings.

Before she even walked out of the corridor, Luo Zheng accidentally noticed that someone was following her, and could not help but feel a sense of despair.

Finally, she left the corridor, facing the huge gambling den in front of her. She shifted her gaze onto the elevator.

Not long ago, she boarded the elevator with Scarface to enter the gambling den.

Hence, it was undoubtedly the exit.

It happened that someone else was following her and there was someone guarding the exit too. There was no way she could leave at all!

Bang!

Due to the fact that she was distracted, Luo Zheng accidentally bumped into a person.

“Ouch...”

Luo Zheng covered her forehead with her hand and winced in pain.

She looked up to see that she was facing a man’s chest and the scent of his cologne wafted into her nose. It was mixed with the smell of tobacco too... The scent was particularly familiar and she immediately thought of Mr. Bodyguard!

She looked up in surprise, only to see that it was a middle-aged man who was wearing a pair of sunglasses and had gray hair.

Judging from his age, he definitely isn’t Bo Hancheng!

Luo Zheng’s eyes turned gloomy and was no longer in the mood to look at him, for she was rather disappointed. Since it was her fault, she apologized, “Sorry sir, I accidentally ran into you...”

After apologizing, Luo Zheng bowed and walked past the man in a bid to continue moving forward.

All of a sudden, the man spoke in a clear and familiar voice, “Little girl, watch where you’re going.”

Is it him!?!

Luo Zheng’s eyes widened in shock and she stopped in her tracks. It seemed like a seed had finally blossomed in her heart that was full of despair, bringing her immense joy.

It was as if she were in a dream and she conscientiously looked up at the man again.

Staring at his rosy lips, his sharp and taut nose, and his slender body... She then watched as he gently pulled his shades down to reveal his abyss-like eyes which were deep, mysterious, and cold.

“Brother Cheng, is that you?”

...

Chapter 132: Who’s Mr. Bodyguard?

Luo Zheng asked carefully, fearing that the answer would be no.

“Yes.”

Bo Hancheng answered calmly while scanning her from head to toe to ensure that she was safe and unscathed.

“Brother Cheng...”

“Someone is behind you, don’t hug me!”

Seeing that Luo Zheng was about to leap into his embrace, Bo Hancheng quickly reminded her.

“Okay, got it.”

Luo Zheng retracted her hand and stared at him aggrievedly while feeling an urge to speak to him.

Glancing at the men sent by Scarface, who was standing rather near her, Bo Hancheng turned around and said gently, “Follow me and avoid the surveillance cameras.”

Luo Zheng was overjoyed and extremely surprised to confirm that he was Bo Hancheng. It was as if she was afraid that it would just be a dream.

Suppressing the desire to hug him, Luo Zheng carefully shook off Scarface’s subordinate and pretended to tail Bo Hancheng casually into a dark and remote room.

The dark room was small and full of clutter.

Luo Zheng hurriedly sneaked in and Bo Hancheng quickly closed the door. “Little imp, listen to me...”

Suddenly, she slammed herself against his waist and leaped into his embrace like a koala and pressed herself onto him.

“Brother Cheng, I knew that you wouldn’t really leave me, and you wouldn’t watch me die! You are my Mr. Bodyguard...”

Before that, Luo Zheng had been feeling extremely tensed up and at this moment, she hugged Bo Hancheng and began to feel a little more relieved. She relaxed and began telling him everything she felt deep down.

However, as soon as she finished speaking, he grabbed her by the collar, lifted her arms, and pushed her back.

“Brother Cheng, what’s wrong?”

Luo Zheng blinked at him and was just about to leap into his arms again.

After all, the brief hug was not enough for her !

However, Bo Hancheng put his index finger against her forehead to stop her from hugging him. “Who’s Mr. Bodyguard?”

He asked coldly and inquisitively with a tinge of displeasure.

Luo Zheng finally realized that she had a slip of the tongue.

She smiled and explained, "Mr. Bodyguard is you, Brother Cheng! You see, you came to protect me, aren't you like a bodyguard?"

Luo Zheng paused and found it hard to persist as he watched her carefully. She had no choice but to change the subject. "Well, Brother Cheng, didn't you say that you wouldn't save me? Why did you come personally?"

Luo Zheng then glanced at Bo Hancheng again who was disguised as a middle-aged man. Grinning widely, she teased, "Brother Cheng, you're so old!"

Bo Hancheng was well aware that Luo Zheng was not telling the truth

However, he did not probe any further and instead asked, "Who said I was here to save you?"

"Huh?"

Luo Zheng's smile stiffened and she looked rather bewildered.

When he saw this, he deliberately said in a mean manner, "I'm here to look for some clues about Old K."

"So ... you're not going to save me?"

Luo Zheng asked.

Bo Hancheng cocked his head to the side and said something that he didn't mean. "No!"

Unexpectedly, Luo Zheng suddenly squatted on the ground and hugged her knees while burying her face in her lap.

She began sobbing and muttered, "Brother Cheng, if you don't save me... I'll die here... Scarface cut Jiang Yutong's tongue... and even picked out her tendons..."

She began shivering all over, and intentionally paused before continuing, "What should I do... he's definitely going to force me... he will also torture me in a perverted manner... I'll definitely be put in a living hell..."

He totally didn't expect Luo Zheng to react that way.

He just didn't like that she called him "Mr. Bodyguard" while hugging her... because she started addressing him that way ever since their first encounter.

It was as if she treated him as someone else!

Chapter 133: Pretend To Cry And Let Brother Cheng Simmer Down...

Every time he asked, the ambiguity of her explanation would affect his mood.

He did not want to admit that Luo Zheng did mean something to him!

Besides, he had personally mentioned before that he would not save Luo Zheng when she encounters danger while getting close to Scarface.

But in reality?

As soon as the connection with the earpiece broke, he could not calm down and began to speculate about the possibilities.

He knew that Scarface was ruthless, and the police had previously sent their spies. However, they all died after being discovered by Scarface!

At that moment, he could not imagine how he would feel when he saw Luo Zheng's corpse!

Therefore, even though Chu Ci said that there were no gangsters hidden around the gambling den and that he should just let the subordinates delve into the den to rescue Luo Zheng, he insisted on going himself. He ignored Chu Ci's attempts to stop him and disguised himself as a middle-aged man to rescue Luo Zheng personally.

It had been a long time since he cared so much about someone.

Sighing, Bo Hancheng resigned to fate and slowly leaned downwards to caress her little head. "Luo Zheng, don't cry."

"Why not... Brother Cheng, you're so ruthless... you're going to watch me die... so why wouldn't I cry..." Luo Zheng continued to hang her head low and sob.

Seeing this, Bo Hancheng felt helpless and placed an arm around her shoulders. "You won't die. I'm here to save you!"

"Liar! You just said that you're here to look for Old K..."

Her crying gradually stopped but she was not convinced.

Bo Hancheng frowned and thought, I did say that just now but I didn't mean it... I clearly said that I wouldn't save her but if I admitted it I would be going back on my own principles.

Besides, he also wanted to scare her after seeing how smug she was!

She looked all feisty and fearless on the surface but was actually really timid. She suddenly burst into tears... Well, it was understandable since Scarface did seem rather terrifying to her.

"If it was because of Old K, why would I bother appearing personally?"

Bo Hancheng spoke truthfully, without reservation.

"So you came for me, right, Brother Cheng?"

Luo Zheng continued to ask.

Just as Bo Hancheng sensed that something was wrong, Luo Zheng looked up with a charming smile on her face, and her eyes were as bright as a star. She didn't look like she had been sobbing at all.

So, she was clearly pretending to be sad right from the start!

“Luo Zheng, you lied to me...”

Bo Hancheng again stared at him sullenly.

However, before he could even finish speaking, Luo Zheng raised her head and pulled his neck downwards.

She then pressed her lips against him to give him a long and passionate kiss.

At the end, she mischievously stuck her tongue out and licked his lips, as if she were tasting delicious food.

“Brother Cheng, calm down, okay? Who told you to scare me like that just now...”

Luo Zheng pressed her forehead against his as her nose touched the tip of his and they exchanged breaths. They were almost inseparable.

“I know, I know! Brother Cheng, I knew you were definitely here to save me. I’m really glad!”

Bo Hancheng didn’t say anything while Luo Zheng rattled on.

“Actually, I won’t feel sad even if Brother Cheng doesn’t come! Because I know that you’ve long developed a soft spot for me, right?”

Along the way, Bo Hancheng had already told her to back out.

At that time, Luo Zheng knew that his heart had already turned soft.

“Luo Zheng, don’t be so self-righteous.”

Bo Hancheng said after a long while.

Luo Zheng was still smiling and she almost sniggered when she saw his ears turning red.

What an arrogant man!

Knowing that he was saying one thing and meaning another, Luo Zheng admitted to her mistakes pitifully, “Brother Cheng, I did pretend to cry, but the rest of what I said are true!”

After a while, she rubbed herself against his neck like a pet. “Before you came, I was so scared. After you showed up, I was over the moon. These are all true...”

Chapter 134: A Squeamish Little Girl Is Hard To Raise!

Listening to her sincere words, Bo Hancheng’s displeasure vanished.

In the end, he could not help but admit that Luo Zheng did affect him.

He didn’t want to delve into the specific reasons.

“Our time is limited. Be good and follow what I tell you. In ten minutes, there will be a power outage in the gambling den. I’ll wait for you here and we’ll go out through the back door together...”

Bo Hancheng wasn't shocked, for he had clearly made preparations.

The gambling den had two exits, one was at the elevator, and the other was a back door... Chu Ci was at the gate outside and there were also some of their fellow men in the gambling den, who were responsible for cutting off the electricity and killing Scarface's subordinate.

"Remember, there's only five minutes for us to flee after the power is cut. During those five minutes, you have to come over here, got it?"

He reminded her, in case Luo Zheng couldn't remember it clearly.

Luo Zheng first nodded, and then blinked. "Brother Cheng, in this case, Scarface must have guessed the plan and if he tells Old K, wouldn't we alarm him? If Old K leaves Beijing, I'm afraid it may be hard to find him again..."

"It doesn't matter, I'll just think of another solution."

Bo Hancheng remained calm, seemingly not bothered about Old K.

However, he initially sent Luo Zheng there for the sake of finding out about Old K!

The thought of it made Luo Zheng burst into laughter and she looked as cunning as a fox.

"Why are you laughing?"

He asked while staring at her bright and glistening eyes that made his heart race.

Something seemed to have started growing within him.

"I'm laughing because you actually care so much about me! I mean more to you than Old K does, right? Brother Cheng, I am so happy, I am so happy!"

Luo Zheng's arms were still around his neck and she looked very beautiful while raising her head. He was willing to save her and did not hesitate to expose the plan for her sake... that was enough to prove that she meant something to him, wasn't it?

So, how could she not be happy?

She felt like she was being protected by him again, just like in her previous life. She was absolutely in love with that feeling!

Listening to Luo Zheng's straightforward answer, Bo Hancheng's eyes darkened, and he retorted, "I don't care about you, I just don't want to see you losing your life in vain! After all, the matter about Old K has nothing to do with you in the first place..."

"But at the beginning, didn't we agree that you wouldn't try to save me? Yet, you changed your mind halfway and let me leave Scarface... Besides, you could have also arranged for others to save me. Why did you take the risk yourself?"

Luo Zheng squinted and asked in a crisp and clear voice.

She then smirked and stared at him. "Brother Cheng, you must be honest and be true to your heart!"

“Little imp, don’t go overboard!”

Facing Luo Zheng’s exposure, Bo Hancheng did not admit to nor deny it and instead answered coldly.

His appearance could scare all women except Luo Zheng.

Suddenly, Luo Zheng sprung up and started at his ear with curiosity. She then said in surprise, “Brother Cheng, your ear is turning red! Wow, so cute... Ah!”

Luo Zheng had yet to finish but Bo Hancheng was already so angry that he smacked her arm away and questioned, “Have you had enough?”

He then left Luo Zheng squatting on the ground and gazing at him like she had been mistreated.

Why is the little girl he cares about... so spoiled? She’s probably hard to raise! Bo Hancheng thought.

After a moment of hesitation, he stuck a hand out resignedly towards her. “Cut it out and be good. Alright?” Luo Zheng held his hand and allowed him to pull her up.

“Okay, I will be good and stop bothering you.” Luo Zheng felt amused while speaking solemnly.

Mr. Bodyguard is feeling shy!

Chapter 135: Xi Mubai’s Sister — Xi Qianqian

Trying his best to ignore her, Bo Hancheng calmed down, and then asked coldly, “Do you remember what I just said?”

Previously, he had met many women, but this rarely happened. Luo Zheng was cunning, naughty, adorable and attractive. She often tugged at his heartstrings.

He knew that he should have stayed far away from her but... he fell deeper and deeper instead!

Luo Zheng laughed in her heart and decided to stop making fun of his words in consideration of his pride. “Yes, I remember!” she said as she nodded solemnly.

Scarface’s subordinate was following Luo Zheng and they were definitely searching for her since she suddenly disappeared.

If he could not find her, he might just report it to Scarface and trouble might entail.

Hence, Luo Zheng could not stay there any longer and had to go out there to deal with it.

However, as soon as she reached the door and was about to open it,

Luo Zheng thought of something and leaped back towards him. “Brother Cheng, have you forgotten something!?!?”

Bo Hancheng froze, watching as she pointed her index finger at her pink lips.

“Didn’t I already kiss you just now?” he asked while gazing at her coldly.

“That’s not counted! I was the one who took the initiative, not you, Brother Cheng...”

After speaking self-righteously, she tugged his shirt.

“Girls ought to be more reserved, especially since you’re so young.”

Bo Hancheng did not reciprocate.

“I’m definitely reserved to others! But why should I be when I’m around you, Brother Cheng? Anyway, when I turn 18, I’m destined to be yours!”

Her words rendered him speechless as he could not retort.

“Brother Cheng, hurry up! We’re running out of time... ”

Luo Zheng urged him while licking her dry lips.

Seeing this, Bo Hancheng’s Adam’s apple moved and he decided not to stick to his principle.

In the small dark room, he leaned forward and gave her a quick peck on the lips without even staying for a few seconds.

He stood up and said, “Go... ”

Luo Zheng blinked and felt that the kiss was over before she could even taste it. She pleaded, “Brother Cheng, can you ...”

“No!”

“But... ”

“No buts!” He interjected, clearly not going to change his decision.

Luo Zheng had no choice but to leave reluctantly. She muttered under her breath, “Hmph, Brother Cheng is so mean! I took the initiative to give it to you but you refused... Just you wait. One day, I’ll be the one to turn you down!”

Listening to her complaints and watching her disappear at the door, Bo Hancheng stayed silent.

Suddenly, he smiled warmly like spring blossomed.

“Luo Zheng... What a lovely and adorable little girl!”

...

Luo Zheng carefully left the dark room and appeared outside,

Soon, Scarface’s subordinate found Luo Zheng and followed her again.

She just had to wait ten minutes and there will be a power outage. She can then safely leave... Brother Cheng, my Mr. Bodyguard, finally cares about me again!

“Miss Zheng, Master Scarface wanted me to bring you back...”

However, something changed and Scarface’s chauffeur appeared.

Luo Zheng’s heart skipped a beat and she asked, “Isn’t Master Scarface talking about business?”

“Miss Zheng, please follow me!”

The chauffeur knew Luo Zheng’s identity, so he repeated it.

Luo Zheng was overwhelmed with an ominous hunch but her eyes rolled around... Suddenly, she clutched her stomach and appeared to be in pain. “Ah! My stomach hurts badly and I need to go to the bathroom, need to go to the bathroom”

The driver frowned and felt that Luo Zheng was playing tricks. He wanted to take her away by force... but the thought of how much she mattered to Scarface left him with no choice but to take her to the bathroom.

“Miss Zheng, the bathroom is at the end. I’m waiting for you here...”

The chauffeur stopped and said after taking her to a quiet place.

The end was a dead end, so he didn’t have to worry about Luo Zheng running away!

Luo Zheng could only thank him with a wry smile and pretend to go to the bathroom while feeling anxious.

What do I do? How do I get rid of the chauffeur!?!

She walked past a door.

The door suddenly opened and Luo Zheng tilted her head to take a peek.

She was greeted with the sight of a girl who had her hands tied to her back and was obviously trying to open the door.

At the next instant, she stood up unsteadily and their eyes met. They were both clearly stunned.

“Luo Zheng...”

“Xi Qianqian...”

Chapter 136: Serve Gu Changye In Place Of Xi Qianqian!

Xi Qianqian was Xi Mubai’s only younger sister!

Since birth, Xi Qianqian’s body had been weak and frail. Hence, she was spoiled and adored by the Xi family. Xi Mubai loved his sister dearly and would do anything for her.

Hence, Luo Zheng had done a lot to please Xi Qianqian in her previous life.

Unfortunately, Xi Qianqian despised her and worshiped Luo Tingxue... who was a stark contrast to Luo Zheng, the inferior one whom Xi Mubai did not fancy. Hence, Xi Qianqian detested her and often mocked her.

Due to the fact that she loved Xi Mubai, Luo Zheng would allow Xi Qianqian to order her around without complaints... Yet, the more she complied, the more outrageous Xi Qianqian got. In hindsight, Luo Zheng felt that she could only blame herself!

However, there was something that Xi Qianqian owed her in the previous life.

At that time, the Xi family was destroyed by a mysterious person who caused the company to face a major crisis that put them on the verge of bankruptcy... Xi Mubai wanted to save the company, and hence decided to seek the Gu Family for help. The person in charge was none other than Gu Changye!

Gu Changye made a request for Xi Mubai to give Xi Qianqian to him and allow him to fool around with her for three months... Yes, it was Xi Qianqian. Xi Mubai obviously could not agree, but he had to spare a thought for the Xi Family.

In the end, the Xi Family gave Xi Qianqian away to Gu Changye.

Gu Changye, the eldest son of the Gu Family, was involved in a car accident when he was young and ever since then, he lost his reproductive abilities and became impotent!

Due to his disability, he had an erratic temper and began to become abusive... The women who had served him were all tortured badly and some even suffered mental breakdowns!

The poor Xi Qianqian got so frightened that she got hospitalized before she even saw Gu Changye.

Luo Zheng watched Xi Mubai drown his sorrows in wine everyday and felt helpless that she could not help him. Hence, on that night, she made a ridiculous decision.

That night, under the pouring rain, she stopped in front of Gu Changye's car and stated that she was willing to replace Xi Qianqian and serve him for three months, as long as he was willing to help the Xi Family.

Then, for those three whole months, those 99 days became Luo Zheng's nightmare. Even after her rebirth, she still could not forget it!

However, her sacrifice did not earn her the genuine gratitude of the Xi Family.

In fact, on the day of her engagement with Xi Mubai, she accidentally heard the conversation between the Xi Family members.

"Mommy, Luo Zheng has long lost her virginity and she got trampled all over by Gu Changye! Brother is so outstanding, she doesn't deserve him at all."

"We don't have a choice since her grandfather supports her! Otherwise, why would I fancy such a daughter-in-law? She can help your brother ..."

"Don't worry, once the Xi Family gets back on its feet again, we can kick her away! Anyway, your brother has no feelings for her, we can just give her a sum of money!"

...

Luo Zheng recalled her past life and found herself to be silly and shameless.

How could she love Xi Mubai so much that she ended up losing herself? Therefore, in this life, she decided to stay away... from love!

"Luo Zheng, what are you waiting for? Hurry up and help me untie the rope!"

Xi Qianqian was surprised to see Luo Zheng but she was annoyed that Luo Zheng was not helping her!

Luo Zheng snapped out of her trance and scanned Xi Qianqian to see that her makeup was ruined by her tears, her clothes were disheveled, and there was also random items scattered on the ground... that reminded her of the fact that Xi Qianqian did get abducted this year in her previous life.

She heard that Xi Qianqian had provoked someone whom she should not have and that person was planning to sell her away because she was pretty... Fortunately, she was rescued by a girl who became a benefactor of the Xi Family!

The girl who saved Xi Qianqian... was none other than Mu Nianqing!

So, is Mu Nianqing here too?

Chapter 137: Luo Zheng... You B*tch... You Actually Didn't Save Me...

Luo Zheng glanced back and forth and resentment grew within her when she could not find Mu Nianqing. She was not eager at all, because she would run into her sooner or later!

She folded her arms and stared at Xi Qianqian coldly. Destiny really does mess around with people. Xi Qianqian was actually brought to this place after being abducted!

In her previous life, she similarly saved the Xi Family like Mu Nianqing did. Mu Nianqing was treated like a valued benefactor and yet, how did they treat her? She got humiliated and tortured by Gu Changye for their sake but they were all ingrates!

It was not fair. It was really unfair. Luo Zheng thought about her reply and said with a smile, "Miss Xi, do we know each other?"

Hah, I'm not a saint. What does Xi Qianqian's life have to do with me!?!

"Luo Zheng, what do you mean!?!?"

Xi Qianqian was completely dumbfounded and she had no idea what Luo Zheng was thinking.

She immediately grew furious and began threatening Luo Zheng with Xi Mubai, "Luo Zheng, are you going to untie me or not? If you don't I'll tell my brother when I go out! If my brother finds out how cruel you are to me, he'll definitely hate you..."

Xi Qianqian did not know Luo Zheng that well and the two of them had merely met a few times.

Xi Qianqian was proud of her brother for having plenty of admirers but she disliked those who were like Luo Zheng... If she could choose, she would want Luo Tingxue to be her sister-in-law. Since the Luo Family was one of the four wealthiest families, Luo Tingxue was the top socialite.

She was the perfect match for her brother, Xi Mubai!

She was unlike Luo Zheng who was worlds apart despite being from the same family... Unfortunately, her brother and Luo Tingxue had always been the best of friends and never had feelings for each other.

However, Luo Zheng was now her saving grace.

She accidentally messed up and provoked some hooligans who sent her to Li Mazi. She was then drugged with psychedelics and brought to this place. She was meant to be sent to Scarface!

Not long ago, she woke up and was too weak to walk. She barely managed to open the door and she may not be able to escape.

However, at this moment, she chanced upon Luo Zheng who loved her brother madly. She was confident that Luo Zheng would definitely risk her life to save her!

If all else failed, she would make Luo Zheng take her place and be sent to Scarface instead... She had to admit that Luo Zheng had indeed become prettier and she almost could not recognize her.

Staring at Luo Zheng's beauty, Xi Qianqian began to feel jealous.

Yes, she had better replace me and get sent to Scarface. It is best that she gets ruined!

"Your elder brother? Who is your elder brother! Oops, I have recently lost my memory and forgot about many people! Miss Xi, I really don't know you, so I'm going to take my leave now..."

Luo Zheng pretended to be innocent and continuously claimed that she did not know Xi Qianqian, despite addressing her as Miss Xi.

Xi Qianqian was in complete disbelief. Seeing that Luo Zheng was about to leave, she quickly said, "Luo Zheng, you are not allowed to leave! How dare you not save me? Come back! As long as you save me, I will put in a good word for you in front of my brother and let him accept you..."

If Xi Mubai likes me? Psht, I would have been tempted if I were my retarded self in the previous life!

However, I don't care for it at all now!

Xi Qianqian continued yelling and caught the attention of the chauffeur who had been waiting.

"Miss Zheng, what's going on?"

The chauffeur asked, glancing at Xi Qianqian.

Luo Zheng's expression did not change, and she asked curiously, "Who is she? Looks like she wants to escape!"

The driver did not hide it, and answered truthfully, "Some of the girls inside were specially brought here by Li Mazi who claimed to be dedicating them to Master Scarface! But Master Scarface did not accept them. Miss Zheng, do you know them?"

"Do I know them? Of course not!"

Luo Zheng answered casually while staring at Xi Qianqian.

"We know each other! I know her. She is Luo Zheng. We are friends ..."

Xi Qianqian frantically interjected and tried to get near Luo Zheng.

Luo Zheng took a step back and said aloud, "Is she out of her mind? Seriously, how can a sick person be good enough for Master Scarface? Hurry and get Li Mazi to take her away!"

Upon hearing her words, the chauffeur said, "You're right. How can these so-called beauties be outstanding compared to you, Miss Zheng? That's why Master Scarface turned them down! Regardless of your background, don't let Master Scarface down since he values you greatly..." "

Chapter 138: Zheng, Are You Trying To Escape?

He clearly had other intentions but Luo Zheng remained calm and answered, "I'll definitely stay loyal and not let Master Scarface down!"

She then watched as the chauffeur shoved Xi Qianqian back into the room.

"Luo Zheng... you b*tch... you actually won't save me ..."

Xi Qianqian fell onto the ground and could only shriek because the drugs made her too feeble to move.

Luo Zheng folded her arms and giped, "Look at you, don't you seem like a dog?"

"You..."

Feeling extremely humiliated, Xi Qianqian glowered at Luo Zheng, too furious for words.

At the next instant, the driver was just about to close the door and bring Luo Zheng to Scarface.

Bang!

At this moment, the lights lit up before ceasing and the entire gambling den sunk into pitch darkness.

"What's going on? Why is there a sudden power outage ..."

Due to the fact that the operations were still running, everyone broke into an uproar and began discussing in a chaotic manner.

At this moment, Luo Zheng heard the driver moan before falling onto the ground.

"Miss Luo, stick to the wall and go straight ahead! Mr. Bo is waiting for you at the end..." said a man who was clearly one of Bo Hancheng's men.

"Okay, be careful."

Luo Zheng began walking along the wall.

However, as soon as she took a few steps forward, she was slammed forcefully from the back. "B*tch, you actually didn't save me and you're thinking about leaving yourself! I'll pull you along to die with me..."

It was Xi Qianqian who had crawled up and heard their conversation because the door was left ajar. She scurried towards Luo Zheng amidst the chaos.

Luo Zheng frowned and felt annoyed. She really is such a pest!

Xi Qianqian had already broken a jar and was yelling, "There is an undercover... there is a spy... they are going to run away... come quickly ..."

The respondent had just returned to the crowd after he told Luo Zheng to leave.

He did not expect there to be such a complication.

He was just about to step forth and deal with Xi Qianqian.

Bang!

The lights were on again and the power was restored.

Luo Zheng was astonished and she could not figure out what was going on. Wasn't there supposed to be five minutes of darkness?

The power supply of the gambling den should have been disrupted and even if there is a backup power supply, it takes about five minutes to turn on... I could have used those five minutes to escape. How can the power be restored after only two minutes?

Unless, Scarface has long prepared his subordinates to wait by the main switch!

Scarface hollered, "Escape? Who's trying to escape!?!"

Luo Zheng's heart almost jumped out of her chest and she looked in the direction of the voice to see that Scarface was walking towards her with a cigar in his mouth.

Behind him were many of his men who were armed with guns and were commanding everyone to stand up and not wander about!

This scene scared everyone and caused them to turn pale.

"I just received some news saying that there had been spies here! Rest assured, as a reasonable person, I'll promise everyone will be fine as long as you cooperate..."

Scarface said with a smile. It was both a comfort and a threat.

The crowd listened, their faces turned pale and they couldn't quieten down.

Seeing this, Scarface whipped out a gun and shot a bullet upwards.

Pak~

The sound of the gunshot filled the air and everyone fell silent while shivering.

Scarface was finally satisfied. He fiddled with the gun and turned to look at Luo Zheng. "Who was trying to escape? Zheng... was it you?"

Luo Zheng held her breath and was thinking about how she should answer appropriately.

Xi Qianqian took a look and interjected, "It's her! She knocked someone out and wanted to run away, and her accomplice responded too..."

Chapter 139: Forcing Luo Zheng To Identify Bo Hancheng!

At this moment, Luo Zheng vowed that she really wanted to bite Xi Qianqian to death!

Does she think she can be safe just by exposing me? Dimwit!

“Zheng, is that so?”

Scarface glanced at Xi Qianqian before looking at Luo Zheng ambiguously.

At the same time, his men stepped forward and lifted the chauffeur who had fainted.

Suddenly, Luo Zheng’s lips twitched slightly, revealing a derisive smirk. “Master Scarface, didn’t you already have an answer? In that case, why bother asking me?”

What else is there to be unclear about? Scarface had probably already guessed my identity! But, how did he find out? Why did he choose to let me stay even after knowing!?!

“Zheng, you should know that I’ve really fallen for you!” Scarface said surprisingly.

He then stepped forward slowly to close the gap between them.

Luo Zheng could not figure out what he meant. She was not a fool and did not believe in love at first sight! Besides, even if love at first sight does happen, it would never happen to Scarface!

Knowing that she had no way out, Luo Zheng decided not to retreat and instead looked at Scarface.

“Unfortunately, I am destined to let you down, Master Scarface!”

“Zheng, must you be so stubborn?”

Scarface’s smile began to fade.

Suddenly reminded of something, he said in a mellow voice, “Why bother? Zheng, you are not a professional spy and you don’t have to abide by the rules and lose your life! To be frank, I don’t want to kill you...”

Luo Zheng remained silent and calm.

Seeing this, Scarface looked around and suddenly asked, “He’s here, isn’t he?”

Startled, Luo Zheng began sweating but nonetheless chose not to answer. Scarface was surprisingly not angry that she had remained tight-lipped. Instead he “kindly” reminded her, “Zheng, how about this? I will give you a chance to live. As long as you testify and tell me who the person is, I will let you go immediately, and let everyone go too...”

Hearing that, everyone looked at Luo Zheng happily, all full of hope.

Scarface’s eyes flashed fiercely, and he leaned down to look at Luo Zheng closely. “Likewise, if you don’t want to cooperate, I’ll shoot someone every minute! Their life will depend on their fate. What... do you think?”

Suddenly, Luo Zheng’s pupils constricted and her body tensed up.

He was forcing her to betray Bo Hancheng by threatening her with the lives of others!

“The time starts now!”

Scarface did not wait for Luo Zheng to answer and instead blew his gun gently and aimed it at the crowd.

Suddenly, everyone present was panicking, all staring at Luo Zheng.

“Identify him quickly! Who is that man? I don’t want to die for him!”

“Yeah, We are innocent! You may court death but don’t implicate us...”

“Do you know who I am? I tell you, if something goes wrong, you’ll have a hard life when you’re out!”

...

It was a matter of life and death and no one could remain calm because they might die anytime.

Therefore, they all begged, scolded and threatened Luo Zheng.

This trick is really insidious!

He did not shoot Luo Zheng, but made Luo Zheng a public enemy so that everyone would force her into identifying Bo Hancheng!

Luo Zheng simply turned pale and ignored everyone else. Staring at Scarface bravely, she said, “You don’t have to use them to force me, I am a selfish person, I only care about what I want to care about! Therefore, I’ll never identify him or betray him...”

Chapter 140: I’ll Convince My Brother To Marry You And Make You My Sister-in-law!

“Good, very good! Zheng, you’re starting to tempt me even more...” Scarface laughed and his scar appeared even more daunting,

“Time’s up. Let’s see... who should I kill first?”

One minute had passed and Scarface aimed his gun at the crowd unsteadily. Everyone dodged continuously with fear in their eyes... Plenty of them stared at Luo Zheng, wishing they could rip her into shreds.

To her surprise, Scarface turned around and aimed his gun at Luo Zheng. To be exact, he aimed it at Xi Qianqian who was behind Luo Zheng!

“You shall be the first!”

Scarface said calmly with barely any emotion.

Upon hearing this, Xi Qianqian’s eyes widened in shock and she was full of disbelief. “No, don’t! Why is it me? Master Scarface, I was the one who called Luo Zheng out just now! We’re not in cahoots!”

In order to save herself, Xi Qianqian frantically tried to draw a line between her and Luo Zheng,

Li Mazi stepped forward and glanced at Xi Qianqian. “Master Scarface, she was given to me by one of my subordinates and I thought she was pretty so I wanted to give her to you! Previously, you refused but now... I didn’t expect your woman to be a spy! Why don’t you just make do and take her to be your partner in bed temporarily?”

On the surface, Li Mazi seemed to be helping Xi Qianqian.

In fact, he just felt upset because he was the one who brought Xi Qianqian there and she could be considered to be one of his people... Yet, Scarface chose to shoot her first, out of everyone else. He saw that as an insult.

“My partner in bed? She’s not fit for that!”

Scarface said with a smirk as he glared at Xi Qianqian. He was about to pull the trigger.

Almost instantaneously, Xi Qianqian got up from the ground and scrambled towards Scarface. “Master Scarface, don’t kill me, please! Please, as long as you don’t kill me, I can do anything...”

Immediately, she glanced at Luo Zheng with a pleading gaze. “Luo Zheng, save me, save me! I don’t want to die, please quickly identify and expose who your accomplice is. Once we go back, I will convince my brother to marry you and let you become my sister-in-law... ”

Obviously, Xi Qianqian was very afraid of dying and Luo Zheng remained unwavering, though she was amused by her offer.

Well aware of her character, she answered coldly, “Xi Qianqian, what does your life have to do with me?”

“Luo Zheng, you’re ruthless...”

Xi Qianqian gritted her teeth and racked her brains after making sure that Luo Zheng wasn’t going to help her.

Suddenly, she grabbed Scarface’s thigh and added, “Master Scarface, if you want money, I can give it to you! I’m the heiress of the Xi Family, Xi Qianqian... You’ve... you have heard of the Xi Family, right? We’re one of the four richest families in Beijing. As long as you contact my parents, they’ll give you however much money you want... ”

“Are you Miss Xi?”

Li Mazi frowned sullenly.

She was given to him by his subordinate and he had yet to enjoy her. He was just about to have a negotiation with Scarface... and decided to bring her along to please Scarface after hearing that Scarface liked beautiful women.

He did not expect her to be the heiress of the Xi Family!

The Xi Family was one of the four big families in Beijing which possessed a certain authority. He did not want to provoke them!

“Master Scarface, she’s from the Xi Family. You can’t kill her...”

Before he could even finish speaking, the sound of a gunshot filled the air and Scarface shot Xi Qianqian in her leg. He barked impatiently, “How noisy!”

He paused and glanced at the dumbfounded Li Mazi. “On your account, I shall not kill her. I’ll just make her crippled!”

“Ah ... my leg...”

Xi Qianqian screamed and collapsed to the ground while holding her bleeding leg and moaned in pain.

Luo Zheng frowned, glanced at Xi Qianqian and suddenly thought of something... Xi Qianqian loved to dance, and even attended a dance school. Scarface’s bullet had ruined her dream!

“Take her away...”

As soon as Scarface casually ordered it, his subordinates approached and dragged Xi Qianqian away.

She left a long trail of blood which looked terrifying.

“Luo Zheng...”

Xi Qianqian shrieked with resentment.

As soon as Luo Zheng looked up, she met her red and swollen eyes. Xi Qianqian yelled hysterically, “Luo Zheng, you bitch, I hate you! You ruined me, I won’t forgive you, let alone make your life easy!”
