

BO LOVE LIFE 171

Chapter 171: Can You Forgive Qianqian On My Account?

Staring at Xi Qianqian, Luo Zheng laughed derisively like she was looking at an idiot.

Xi Qianqian was momentarily speechless, for she did not expect her plan to harm Luo Zheng to backfire. She could not help but look at Mrs. Xi anxiously.

Mrs. Xi was so infuriated that her heart pounded rapidly. However, she still forced herself to put on a smile. "Luo Zheng, the Xi Family and Luo Family are on good terms with each other, why bother straining the relationship over something trivial? You and Qianqian are just like kids arguing with each other. There's no need to get the police involved at all! What happened just now was my fault. I'll make it up to you, so don't take it to heart."

Oh wow!

I'm very certain who Xi Qianqian took after. Should I praise Mrs. Xi for being able to stand and stoop at will?

She folded her arms and pretended to be enlightened. "So you and Grandpa are on good terms?"

Noticing that Mrs. Xi was nodding frantically, she added, "In that case, I will not call the police for now! But like you said, this involves someone's life and can't be resolved easily! Why don't I tell Grandpa and get him to make a fair judgment?..."

Luo Zheng replied in the same way that Mrs. Xi replied to her in the beginning.

Mrs. Xi's smile stiffened.

The Gu, Luo, Chu and Xi Families were the four richest ones of Beijing.

The four families were related and had been maintaining a peaceful relationship on the surface while sticking to their own interests.

It was true that the Xi Family and Luo Family were on good terms. However, she didn't care about her family at all and wanted to call the police... If the Luo Family were to find out, the Xi Family would definitely be in trouble because they were wrong!

Earlier, she thought that Luo Zheng was going to kill her daughter and hence was very confident... She could not help but look at her daughter with tears and resentment in her eyes.

Xi Qianqian did not expect to shoot herself in the foot.

Nor did she expect Luo Zheng to harp on it and put her mother in a difficult position... she glanced at Xi Mubai

Her brother's behavior today made her absolutely disappointed and anger was all pent up within her.

Xi Mubai had always doted on Xi Qianqian but he was just distracted by the dream that he had.

At this moment, he slowly recovered from the shock. Still concerned about his sister, he asked softly, "Qianqian, was it you who pushed Luo Zheng and not the other way around?"

Xi Qianqian choked as she grimaced because of the pain in her leg. "Yes, I was the one who pushed her, but so what!?! She was the one who caused my leg to get shot and become crippled. I can't dance anymore..."

"Stop, stop! Xi Qianqian, you really are great at conjuring rumors. You know very well yourself how your leg got ruined. Stop trying to frame me! If you have what it takes, show me the evidence. Otherwise... I'll sue you for attempted murder and defamation!"

Luo Zheng did not want to bother about her at first but she could not help but feel infuriated about Xi Qianqian constantly making an issue about it.

In this world, all it takes for a rumor to begin, is just some nonsense. If she did not clarify things, Xi Qianqian might just take the chance to distort the facts.

Xi Qianqian was clearly bringing it upon herself. Yet, she still put the blame on Luo Zheng and victimized herself just because she got shot in the leg.

What a scam. People tend to sympathize with the weak and neglect the truth!

Under such circumstances, one definitely could not keep quiet like a coward... Otherwise, others might just take your silence for admittance and suck you dry!

Xi Qianqian was speechless and she glared at Luo Zheng. All of a sudden, something flashed in her mind and it was as if she had thought about something.

At the next moment, her tone became excited. Pointing at Luo Zheng, she said, "Mother, Brother, she and those drug traffickers are in cahoots with each other! She knows the kingpin of the drug ring. Let's report her to the police immediately..."

Reminded of Luo Zheng's conversation with Scarface, Xi Qianqian could not help but feel proud for getting hold of evidence against Luo Zheng.

Luo Zheng was certain that Xi Qianqian was really stupid. She rolled her eyes and taunted, "Sure, go ahead, hurry and make a report! Otherwise, let's report together. Do you think we'll go to jail together?"

Xi Qianqian's excitement died down after hearing Luo Zheng's words!

Seeing this, Xi Mubai stepped forward and said to Luo Zheng, "Luo Zheng, my sister is young and insensible. She's just been kidnapped so her emotions are unstable, thus causing her to act irrationally! Will you please forgive her on my account..."

Chapter 172: Give Her A Few Slaps To Vent Her Anger

"On your account? Senior Mubai, why don't I know that I'm supposed to save you some face?"

Luo Zheng asked in bewilderment with an innocent expression, as if she were ignorant.

"Luo Zheng, you..."

Xi Mubai looked rather embarrassed and he gazed at Luo Zheng with a complicated gaze.

Since when has Luo Zheng stopped admiring me and become a completely different person!?!

At this moment, Mrs. Xi stepped forward and asked Luo Zheng, "What do you want? Name it! Money, house, car, the Xi family can give you whatever you want... "

"Madam Xi, do you think I'm Cinderella?"

Luo Zheng questioned sluggishly while looking at Mrs. Xi in contempt.

She then exclaimed with a smile, "I do lack one of those things that you mentioned!"

Mrs. Xi suddenly choked.

She momentarily forgot that Luo Zheng was an heiress too and was not just any girl from a humble family. Trying to brush her off that way wouldn't work at all!

She wants my daughter to go to jail? Impossible!

"Tell me then, what must I do to make you let Qianqian off?"

Mrs. Xi suppressed her anger and gritted her teeth.

As the matriarch of one of the four greatest families, she had never stooped so low as to make compromises and give in to a junior at all. It was far too embarrassing!

However, what else could she do?

Luo Zheng placed a finger on her chin and looked extremely nonchalant while glaring at Xi Mubai casually.

Upon sight of this, Mrs. Xi's expression changed and she barked viciously, "Forget about trying to use this as a threat to make my son accept you!"

After pausing for a while, she said arrogantly in disdain, "Luo Zheng, I'm telling you, the Xi Family will never accept you as a daughter-in-law as long as I'm around!"

Xi Qianqian chimed in, "Yes, give up on that idea. My brother will never be interested in you. You can dream on about becoming my sister-in-law!"

Xi Mubai was just about to stop his mother and sister from babbling on.

However, he heard her snorting with laughter.

Luo Zheng burst into laughter uncontrollably.

Leaning against the snow-white wall, she managed to regain her balance and exclaimed, "I'm dying of laughter, you guys are really stupid! With such a sharp-tongued mother-in-law and vicious sister-in-law, who would want to marry into the Xi Family? Anyone who marries Xi Mubai is courting death... "

In her previous life, she thought that she could brave all odds and insisted on marrying into the Xi family. At last, her life finally ended in a tragic death.

“Just now, I thought I had to call the police and let her go to jail! But, since you guys made such a huge fool out of yourselves and cracked me up, I decided to change my mind...”

Luo Zheng leaned against the wall in a sultry and alluring manner. “How about this? I’m still feeling rather annoyed with the fact that I was almost pushed down the stairs by Miss Xi. I’ve always been one to take revenge where it’s due, so I’d inevitably feel disgusted and annoyed with Miss Xi! It’s actually quite simple, just let me slap her a few times and vent my anger...”

When Xi Qianqian heard it, her eyes widened in astonishment. “Luo Zheng, dream on!”

Mrs. Xi flew into a rage and glowered at Luo Zheng. “Little vixen, don’t go overboard!”

“Hah, deliberate murder is a serious crime! I just want to slap her a few times and that’s called being overboard? Hah, the law seems really cheap!”

Luo Zheng barked angrily with no consideration of their pride.

“Luo Zheng, the Luo Family and Xi Family are bound to run into each other in the future! You’re so young, why do you have to keep being so overbearing? You should understand how to be gracious whenever possible!”

Chapter 173: Luo Zheng, I’ll Let You Hit Me!

Mrs. Xi utterly detested Luo Zheng too.

“Tsk tsk, I’m making compromises and yet, you guys are pushing it so far! She wouldn’t have to go to jail so long as she lets me slap her! Forget it, I’ll do as you wish and compel you. Miss Xi, I wish you a pleasant stay in prison in advance!”

As soon as she finished speaking, Luo Zheng turned around to leave.

Mrs. Xi was infuriated. Seeing that Luo Zheng was refusing to give in, she stared at her daughter hesitantly.

It seemed that Xi Qianqian would not have to go to jail as long as she suffered a few slaps. It did not seem like too much of a sacrifice... Besides, Xi Qianqian was the one who started it all. However, she felt indignant!

She thought, my daughter is so prestigious. What rights does Luo Zheng have to hit her!?!

With tears in her eyes, Xi Qianqian frantically yelled at Luo Zheng, “You, come back! You are not allowed to leave...”

After a pause, she forced herself to give in and apologize softly, “Luo Zheng, it was my fault just now, I shouldn’t have been muddled up and tried to push you down the building! However, you can’t use this to threaten me and torture me! At most, I promise I won’t embarrass you again...”

Xi Qianqian could not bring herself to let Luo Zheng slap her... Hence, she felt that she was making a huge compromise by saying those words!

Luo Zheng grimaced derisively and continued to step forward while ignoring them.

“Mother, Father, I don’t want to go to jail! I can’t go to jail...”

Xi Qianqian’s face turned as pale as a sheet and she spoke anxiously.

However, there was nothing Mrs. Xi could do. Xi Mubai’s face was incredibly pale and she was unsure of what he was thinking.

At last, Xi Qianqian clenched her jaw forcefully and glared at Luo Zheng’s back.

This b*tch really refuses to give in at all. If I don’t want to go to jail, I would have to let Luo Zheng slap me... I shall remember this and make her pay for this!

“Luo Zheng, I’ll let you slap me!”

Xi Qianqian’s eyes turned red and she barked while trying to bear with the insult.

Unfortunately, she was full of vengeance and resentment. She did not reflect on her own mistakes at all, nor did she realize that she had brought it upon herself!

She had long expected this to be the outcome! Luo Zheng smirked and stopped in her tracks.

There was a reason why she wanted to slap Xi Qianqian instead of insisting that Xi Qianqian go to jail!

The Xi Family was one of the four greatest and richest families of Beijing and as the heiress of the Xi Family, Xi Qianqian was loved and spoiled by everyone of the family... Hence, if she were to go to jail, the Xi Family would definitely step in to pull their connections and get her out of jail.

Besides, the Xi Family and the Luo Family were on close terms too.

If the Xi family really went to the Luo family to plead with her uncle or grandfather, they would probably in turn persuade her to give in.

Although Xi Qianqian pushed her, there was no real damage done... if she were to insist that it was just a scuffle, she may not be charged for murder.

If the crime were to be downplayed, all her effort would go in vain!

At the end of the day, there was no benefit or interest for her.

Hence, she might as well take the chance to vent her anger while Mrs. Xi had yet to think through it clearly!

She wanted to slap Xi Qianqian since a long time ago and to Xi Qianqian, bearing with the humiliation of getting slapped was better than going to jail.

After making up her mind, Luo Zheng slowly turned around and said with a look of satisfaction, “Miss Xi, you’re really smart, you do know how to weigh the pros and cons! Don’t worry, I know my limits and I’ll try to be gentle...”

“Luo Zheng, just you wait and see! I won’t let you keep being smug...”

Xi Qianqian glared at Luo Zheng angrily like she was her greatest enemy.

Luo Zheng was too lazy to answer and she simply raised her hand to slap her.

Seeing this, Mrs. Xi's heart wrenched up and she glowered at Luo Zheng while Xi Qianqian bit her lip and closed her eyes, waiting for Luo Zheng to slap her.

She was about to slap Xi Qianqian.

However, when they were an inch away from her, they were suddenly stopped by a hand!

Chapter 174: Slapping Xi Mubai Hard

Luo Zheng turned to look at the owner of the hand, and it was Xi Mubai!

Seeing that he was grabbing her arm, she could not help but feel extremely disgusted.

"Senior Mubai, what are you trying to do?"

Luo Zheng was about to retract her wrist while he questioned her.

However, he grabbed her tightly and made it impossible for her to retract her hand, thus causing her to feel disgusted.

Seeing this, Mrs. Xi felt a sense of relief because she thought that her son definitely had a solution.

Xi Qianqian then opened her eyes and stared at her brother with tears in her eyes, "Brother, I knew it, you wouldn't watch this b*tch slap me..."

Xi Mubai did not look at Xi Qianqian and simply glanced at Luo Zheng. He said gently, "Qianqian is weak. Since you want to hit her, I'll let you slap me instead because I'm her brother!"

"Mubai, how can that do!?!"

When Mrs. Xi heard it, she couldn't help but feel anxious.

Her son meant more to her than her daughter did!

Since he was a child, Xi Mubai had always been a genius, and the pride and joy of the Xi Family. He had never let her down before... Although she felt distressed about the trouble that her daughter had created this time, she had no choice but to swallow her pride and bear with it.

However, her son did not do anything wrong and she could not let him get slapped by Luo Zheng!

"Brother, thank you! You are so kind to me..." Xi Qianqian was deeply touched and felt less resentful towards him.

The thought of Luo Zheng being in love with Xi Mubai made her think that Luo Zheng would spare him some mercy and hence, things would be alright.

"Are you showing how much you love your sister? It's no wonder that you're Senior Mubai, I really take my hat off to you!"

After Luo Zheng was done feeling shocked, she praised him sarcastically.

Xi Mubai remained composed and asked calmly, "Will that do?"

Upon hearing his words, Luo Zheng squinted with a little bit of hatred, and smiled coldly. "Sure, why not! It's my utmost pleasure to slap you, Senior Mubai!"

Indeed, it was a good deal.

If slapping Xi Qianqian would help her vent her anger, slapping Xi Mubai... was her utmost desire and she could not wait to do it at all!

"Alright, begin then..."

Xi Mubai stared at Luo Zheng and sounded rather calm.

Luo Zheng glanced at her wrist and said, "Before that, I'd like to ask Senior Mubai to please let go of my wrist, so as not to affect my performance!"

Xi Mubai was stunned and he quickly let go of her wrist. Her skin was like jade and he unknowingly remembered this special sensation of touching her!

"Senior Mubai, I can't control my force well so don't blame me!" Luo Zheng smirked smugly and looked more radiant than the stars.

Mrs. Xi was about to stop them but Xi Qianqian grabbed her to stop her. She whispered, "Mother, you can rest assured, Luo Zheng likes Brother so she definitely wouldn't hit him hard..."

Before she could even finish, she was greeted with the sight of Luo Zheng's smile fading into a cold expression.

She then slapped Xi Mubai forcefully.

Pak~

The crisp and loud sounds of the slap echoed in the surroundings, and were almost deafening.

Xi Mubai was slender and obviously much taller than Luo Zheng. Yet, the impact of her slap caused his head to tilt towards the side and he subconsciously took a step back.

Staring at him, Luo Zheng's palm became numb and her eyes were full of melancholy.

Xi Mubai, the first slap is to punish you for being greedy and causing the Luo Family to perish even though we helped you!

Pak~

Xi Mubai, the second slap is to punish you for humiliating me and forcing me to donate my kidney to Mu Nianqing to save her life, despite my heartfelt affection for you!

Pak~

Xi Mubai, the third slap is for blaming myself for being blinded for ten whole years where I stooped low and loved you pathetically. I gave up all I had and gave you all my love but it all ended up as a joke!

Chapter 175: Mubai, You're Out Of Your Mind!

Luo Zheng would murmur in her heart with every slap she gave him.

That was the hatred that was deep inside her. Once there was an outburst, she would not be able to stop it easily and it almost ruined her.

At this moment, Mrs. Xi recovered from the shock and screamed while pushing Luo Zheng away. She cursed, "Little Vixen, have you slapped him enough! Don't push your limits!"

She then glanced at her son. Due to the fact that Luo Zheng had slapped him too hard and spared him no mercy... Xi Mubai's lips had begun to bleed and he looked rather dishevelled.

Xi Qianqian was astonished and full of disbelief.

She thought that Luo Zheng loved her brother and could not bear to hit him hard. Hence, she was not worried at all... who knew, Luo Zheng behaved like a madwoman and slapped him relentlessly.

She thought, fortunately, Brother took the slaps for me. If I were the one who got slapped instead, it would definitely hurt badly!

"Mubai, are you alright? She hit you so hard! Let me take a look..."

Mrs. Xi felt terribly distressed and she reached her hand out to grab Xi Mubai in a bid to look at the wound on his face.

To her surprise, Xi Mubai cocked his head towards the side to avoid her touch.

With a gloomy expression, he walked towards Luo Zheng and questioned, "Are three slaps enough?"

Luo Zheng did not expect Xi Mubai to be able to bear with it, given how arrogant he was.

Suddenly reminded of something, she smirked and answered firmly, "No."

Xi Mubai was not surprised and instead stared at her. "Go on then!"

"Mubai, you're out of your mind!"

With reddened eyes, the furious Mrs. Xi tried to pull her son down while glowering at Luo Zheng. "Luo Zheng, I can't believe that you're a member of the Luo Family. You're so vicious! I'm telling you, stop going overboard. If you dare to hit him again, I'll fight it out with you!"

Luo Zheng remained composed after hearing her threats, for she could not be bothered to answer.

Since Xi Mubai was willing to let her slap him, why should she go easy on him!?!

Hence, she slapped Xi Mubai again while he watched.

Pak~

The hard slap made her hand turn numb and painful.

Luo Zheng's hand shivered and she stared at him coldly while thinking to herself,

Xi Mubai, you deserve the fourth slap because of your karma. Serves you right for dying before me... unfortunately, Mr. Bodyguard had to die with you. He doesn't deserve it at all because he's so kindhearted and innocent!"

"Little vixen, see how I teach you a lesson!"

Unable to take it anymore, Mrs. Xi raised her hands and tried to strangle Luo Zheng.

"Mother, stay out of my business!"

Xi Mubai reached out to stop his mother.

At this moment, Mrs. Xi was boiling with fury and she almost had a heart attack!

"Mrs. Xi, I'll just slap him four times and let off some steam! After all, this is Senior Mubai and I ought to save him some face, don't I?"

Luo Zheng laughed and acted like she was generous and had the right to slap Xi Mubai.

Mrs. Xi shivered uncontrollably. If it weren't because of Xi Mubai, she would have rushed forth... Xi Qianqian barked angrily, "Luo Zheng, you are really too much! How can you slap my brother so brutally?"

After hearing this, Luo Zheng shot her a glance and said in disdain, "Well, I didn't want to slap Senior Mubai but it's too bad that he chose to take the suffering in place of you! You almost pushed me down and I treated Senior Mubai as you, so I was a little heavy on the hands! Miss Xi, since you're so arrogant and prideful, you should have borne the consequences by yourself and let me slap you instead! Of all times, you chose to say it now that I've already slapped Senior Mubai. You really do care about him eh!"

Chapter 176: Luo Zheng, Why Do You Hate Me?

Her words rendered Xi Qianqian speechless and she turned pale while feeling overwhelmed with guilt.

She had to admit that she could not suffer any hardship because she had been spoiled since she was a child.

Even if she had to choose again, she might not stop her brother from replacing her... She felt that it was only right for him to get slapped on her behalf since he had always doted on her.

Besides, it was his fault for leaving her in the lurch prior to this and refusing to help her. She took it as his compensation for what he owed her.

Xi Qianqian thought about it and regained her peace of mind after comforting herself.

Xi Mubai glanced at Luo Zheng intently and wiped away the blood on his lips as he felt a stinging pain on his face. It was a reminder of the fact that Luo Zheng had slapped him!

He suddenly deduced the truth.

Luo Zheng hates me!

But... why?

Did her love turn into hate because I did not reciprocate her love for me?

Apart from that, he couldn't think of any reason why she would resent him that much... After all, he admitted that he almost never interacted with Luo Zheng before!

For the first time in his life, he was slapped in such a brutal manner and to make matters worse, Luo Zheng was the one who slapped him!

Xi Mubai laughed at himself, finding it to be unbelievable.

However, he could not help but feel heartbroken at the thought of the dream he had previously... He clutched his chest, unable to figure out why it was aching.

However, he did not want to admit that part of the reason for the pain came from Luo Zheng!

Hence, he clearly knew that he didn't have to let Luo Zheng slap him.

With the status of the Xi Family, his sister wouldn't be jailed for too long even if she had to be put behind bars. He knew that she would soon be alright... but he did not state it in the end and chose to stand in for her and suffer the four hard slaps.

At that moment, he thought,

It's true that Sis tried to harm Luo Zheng.

Since it's true, she ought to pay the price. Sis is afraid of pain... so I shall take the rap for her since I'm her brother!

But on the other hand, he was very clear, that if it were someone else and not Luo Zheng, he wouldn't have offered to let her slap him and would instead solve it with another solution!

Since Luo Zheng was hurt and wanted to hit someone to let off some steam, he decided to grant her wishes. Simple as that.

Was he out of his mind? He reckoned that his mother was right. He was really out of his mind!

Otherwise, how could he have been willing to let Luo Zheng hit him and throw his pride away!?!

"Little vixen, we'll remember this forever! You better pray that you'll never land in our hands for the rest of your life... "

Mrs. Xi had nowhere to vent her anger and had no choice but to leave that warning since Luo Zheng had already slapped him.

At last, she wanted to pull her son to the doctor's office to have his wound cleaned.

Xi Mubai refuted, "Mother, back to the ward with Qianqian."

"Mubai, what are you staying for? This Little vixen... "

"Mother, mind your language, I'm staying to settle some issues!" He insisted firmly.

Knowing her son's temperament and well aware that no one could stop him from doing what he wanted, Mrs. Xi had no choice but to glare at Luo Zheng and leave indignantly with Xi Qianqian.

At the same time, Xi Qianqian frowned with a vicious look in her eyes.

She shared the same thoughts as her mother.

Luo Zheng, you must pay the price of humiliating us today!

Watching them leave, Luo Zheng rubbed her palm and lamented, "Senior Mubai, your skin is so thick, it really hurt my palm!"

Xi Mubai's handsome and fair face was swollen and it clearly looked like he had been slapped.

His mouth was still reeking of blood which stimulated his senses.

Hearing Luo Zheng's complaint, he suppressed his anger and said, "Qianqian may never be able to dance again in the future."

Chapter 177: Harassed Forever And Will Never Be At Peace!

Luo Zheng frowned slightly and nodded. "Oh, I see! That's such a shame..."

"Since Qianqian was young, she had always loved dancing, so to her, this is a huge blow! Hence, she may be mentally unstable and wanted to take her anger out on you by hurting you..."

Xi Mubai glanced at Luo Zheng and explained calmly.

Luo Zheng listened, and suddenly felt puzzled. "Senior, what do you want to say?"

Upon hearing her question, Xi Mubai held his breath and suddenly felt awkward and embarrassed.

Perhaps, even he could not explain clearly his reason for saying such things.

However, he could not understand why he wanted to let Luo Zheng know that Xi Qianqian was not as horrid as she seemed... and he wanted her to forgive the latter. He seemed to want her to stop getting the wrong idea and not detest the Xi Family.

It was truly how he felt but as for the reason... he had no idea!

Luo Zheng suddenly snapped her fingers, and came to a realization. "Oh I get what you mean, Senior. Are you blaming me for leaving Miss Xi in the lurch and refusing to save her?"

That was the only reason she could come up with.

Xi Mubai loved his sister dearly and Xi Qianqian would have definitely complained to him. Besides, she had also given him four slaps. How could he not mind it?

He's such an arrogant person and he had probably never been slapped before... Yet, he ended up getting slapped by a man-obsessed dimwit like me, how could he take it lying down?

Not bad. The more indignant he is, the happier I am!

“Senior Mubai, I am not a saint. Under the circumstances at that time, I was already unable to protect myself. How can I still save her? Besides, I didn’t know Miss Xi at all. Why do I have to take the risk for her?”

Luo Zheng grinned and continued, “Besides, Miss Xi brought her injury on herself. She wanted to betray me, so that the drug dealers would let her go. Yet, her plans backfired! Look at the other girls, weren’t they all fine? So, instead of questioning me here, why don’t you go back and teach Miss Xi not to backstab others, lest Heaven punishes her!”

Luo Zheng slightly raised her head and looked into his warm and gentle eyes. “You must understand, that retribution exists in this world. Kindness begets kindness and evil begets evil. It’s only a matter of time before karma strikes!”

Luo Zheng blinked playfully and turned around. “Of course, if Senior Mubai insists on blaming me and wants to take revenge, I’ll definitely entertain you! Anyway, I’ve already offended Miss Xi and Mrs. Xi. I don’t mind offending you too... ah!”

Before Luo Zheng could even finish speaking, she shrieked in terror.

The reason being, she felt him put an arm on her waist before pulling her back forcefully. He then fell back into his arms... he spun her around and pressed her against the wall, causing her to feel a chilly pain in her back,

“Luo Zheng, why did you change?”

Xi Mubai could not help but question her after hearing that she had deliberately misinterpreted his explanation in a provocative manner.

She was about to leave after provoking him.

At that instant, he seemed to have lost his gentlemanly composure and rationality as he grabbed her and pulled her back!

“Senior Mubai, what are you trying to say? Why don’t I understand!?!” Luo Zheng smiled, and pretended to ask him that in confusion.

To her surprise, he bent forward and moved closer towards her, so much that they were almost going to kiss.

Seeing this, Luo Zheng shunned without hiding her disgust at all.

All of a sudden, Xi Mubai asked, “Luo Zheng, you hate me, don’t you?”

She hates me, doesn’t she?

The simple sentence made Luo Zheng’s heart shrink and wrench up. She couldn’t bring herself to laugh at all.

Yeah, I hate him to the core.

I hate him from the previous life to the present and I wish that I'll never have to be in contact with him again, but I never got to do it... So, even if I can't let go, I'll continue to be entangled with him, but in a different way.

Xi Mubai, we're destined to be entangled with each other for the rest of our lives and never get a peace of mind.

One day, I'll laugh while watching him cry after he ends up with nothing!

Chapter 178: Why Don't You Adore Me Anymore?

He was filled with resentment that refused to leave his heart.

Unfortunately, Luo Zheng looked up at him smilingly and asked, "Senior Mubai, why should I hate you?"

Why? Yeah, why should she hate me!?!

Xi Mubai could not figure it out, so he wanted to ask Luo Zheng about it. However, he did not get an answer from her.

Luo Zheng was distant even though she was smiling mirthlessly.

He was suddenly overwhelmed with pain in his heart again.

He initially wanted to have a good chat with Luo Zheng and remained calm even after getting slapped by her four times... However, she managed to ruin his composure with just a few words, causing him to lose his rationality.

"If you don't hate me, why did you change?"

Xi Mubai asked while keeping his eyes fixed on Luo Zheng's starry eyes.

Luo Zheng probably guessed what he was asking, but she still pretended to be ignorant. "Senior Mubai, since when did I change? I'm still me!"

"But you no longer..."

Xi Mubai was about to say "You no longer adore me!" in a moment of recklessness.

However, he had no choice but to eat his words.

If he were to keep questioning her, it would seem like he really cared about her!

He clearly detested Luo Zheng to the core and never had feelings for her. Shouldn't that be the case?

Yeah, but I'm full of doubts, not only because of the dream but because of reality!

She should be infatuated with me, she should be infatuated with me!

She used to woo him for three years and even said that she would continue pursuing him for the rest of her life... she wrote love letters to him, confessed to him through a broadcast and followed him everywhere he went.

How can she suddenly change and stop being in love with me? How can she act like we're enemies!?!

Luo Zheng, how could she do that!?! How!?!

“Luo Zheng, you can’t change!” Xi Mubai exclaimed without hesitation.

Both Luo Zheng and himself were shocked!

Xi Mubai began to wonder if he was going crazy because his words were absurd to him. Whether she changed or not, had nothing to do with him!

He thought that Luo Zheng probably didn’t understand what he meant.

However, she cocked her head sideways in an adorable manner and snorted with laughter that was like music to his ears.

“Can’t change? Senior Mubai, do you mean that I should keep harassing you like I used to?”

Luo Zheng’s voice was clear and crisp, with a tinge of innocence.

“I... ”

Xi Mubai held his breath and stopped himself from continuing.

“I used to be a man-obsessed retard to you, right, Senior Mubai?”

All of a sudden, Luo Zheng smiled, seemingly finding there to be nothing inappropriate with what she had just said.

Hearing this, Xi Mubai choked again and said with a frown, “I... ”

He wanted to deny it, but how?

What she said was indeed true and he really thought so too... In fact, he still thinks so!

“Senior Mubai, surely you can’t be thinking that the old me... is better?”

Luo Zheng seemed to be sneering when she was looking at him derisively.

Somehow, Xi Mubai felt his heart racing continuously and it was as if it did not belong to him.

“Huh? Senior Mubai, is that the case?”

Luo Zheng questioned overbearingly while smiling alluringly.

“No... ”

Xi Mubai briefly answered before looking away, not daring to stare at her again.

With the opposite sex, Xi Mubai had always been a gentleman and would keep a distance away from them. He would never lose his composure either... However, at this moment, he felt a little embarrassed and wanted to back away from Luo Zheng!

Chapter 179: Xi Mubai, Do You Like Me?

Perhaps, Shen Lu was right, Luo Zheng did look rather pretty without her thick makeup.

She was so beautiful... that it made his heart race!

He wanted to retreat but Luo Zheng did not give him the chance to. She suddenly raised a hand and smacked it against his shoulder. She then tiptoed slightly.

In the end, she muttered confidently, "Senior Mubai, you're suddenly paying so much attention to me. Can I understand it as... you being interested in me?"

After hearing this, Xi Mubai's body stiffened and his pupils constricted as his mind went blank.

It seemed that the secrets hidden in his heart which he didn't even know, were suddenly dug out... by none other than Luo Zheng. That made him feel very ashamed!

"Xi Mubai, do you like me?"

Luo Zheng asked calmly at the next moment.

Xi Mubai immediately frowned gloomily, as if something had been ignited. He denied, "No! Luo Zheng, stop being so narcissistic, I'll never like you..."

He then repeated, as if he were reminding himself, "I will never like you!"

Luo Zheng was bewildered by his behavior. She sneered, "Senior Mubai, I was just asking casually, why are you so nervous? Of course I know that you will never like me since you're so full of pride!"

Luo Zheng said, gazing at his slightly swollen cheeks. She suddenly caressed it gently and asked, "Senior Mubai, does it hurt?"

Xi Mubai was greatly startled as her hand was clammy.

He suddenly discovered that her body temperature was low and she looked extremely weak and thin in the large patient's uniform. She was as pale as a sheet and her chin was sharp, making her look pitiful and lovable.

Just as he was about to answer, she smiled and said, "Remember this pain, because... this is just the beginning!"

What does she mean?

Xi Mubai was puzzled for a moment and couldn't figure it out.

Luo Zheng thought to herself,

These four slaps are just the beginning. In the future, I will let him have a taste of what it's like to be in a living hell and to be on the verge of despair like herself in the previous life!

The thought of it made Luo Zheng's expression return to normal. Her hand slipped down his face and fell onto his shoulder.

She then said gently, "Fortunately you're not interested in me, Senior Mubai! Otherwise, I... would be fretting!"

Unable to stay silent any longer, Xi Mubai asked, "Why?"

“Why?”

Luo Zheng repeated, as her eyes narrowed.

Then, she leaned forward and almost touched him, so as to let him hear her clearly. “Because, if that were the case, I will feel that Senior Mubai... is really cheap!”

Xi Mubai felt embarrassed and too, leaned forward to ask, “Luo Zheng, what do you mean?”

“What else can I mean? I just feel like a man like that would be too cheap! He was wooed for three years but he never once reciprocated! Yet, after his suitor gave up, he decided to give her a response. If that’s not cheap... what is it?”

Luo Zheng answered nonchalantly but it sounded deafening to him.

She’s giving up on me?

So, she’s not acting nor turning her love into hate. It’s only because... she has chosen to give up?”

“Luo Zheng, you... ”

“Ah, am I disturbing you two?”

Chapter 180: She’s Just Like A Cheating Wife

“Luo Zheng, you... ”

“Ah, am I disturbing you two?”

Xi Mubai was suffering from heartache and he was just about to ask something.

All of a sudden, a crisp and clear male voice sounded from behind them and disrupted their conversation!

He looked over to see that the man had an abyss-like gaze. He frowned and asked, “Mr. Bo?”

At the next moment, Luo Zheng pushed Xi Mubai forcefully, causing him to stumble backwards and almost fall onto the ground.

By the time he regained his balance, he glanced at her.

Luo Zheng was at a complete loss over what to do and she was no longer shrewd. She started behaving like a child, and more like... a cheating wife who had been caught by her husband.

It was a hallucination, it must be a hallucination!

She smiled radiantly and said in a pleasing manner, “No, no, not at all! Brother Cheng, what are you doing here?”

Ah!

Luo Zheng had no idea why but she somehow began to feel guilty.

When she sensed that he was staring at her coldly, she initially thought that she was imagining it... but she did not expect to hear the crisp and loud voice from behind. She turned around and was greeted with the sight of his handsome face.

She then subconsciously realized that she was in an ambiguous position with Xi Mubai, that seemed provocative and hence, quickly pushed him away.

After pushing him away, she suddenly wondered, what was I afraid of?

Yeah, I should be afraid that Mr. Bodyguard would get the wrong idea... After all, Xi Mubai and I are enemies and things would get troublesome if we are mistaken to be lovers!

Luo Zheng could not think of any other reason for her guilt.

Bo Hancheng was standing near them and glancing at the two of them. He thought about how close they were standing together, so much that they even kissed.

He felt a sudden ache in his heart, as if he suddenly became empty and full of angst.

However, he still remained calm on the surface.

He then strode forwards and walked towards Luo Zheng. "Why? Am I not supposed to be here?" he questioned coldly.

Luo Zheng's heart almost jumped out of her chest and she somehow felt fearful while staring at him, causing her body to shiver.

It seemed like she had suddenly returned to the moment where he killed someone in front of her. Actually... he looked even more terrifying than he did when he was killing!

"No, no, no... no!"

As soon as Luo Zheng finished speaking, she realized that she was spluttering incoherently.

Damn it, what's wrong with me? Why am I being afraid!?!

"Hah, are you feeling cold?"

Bo Hancheng asked gently while standing in front of Luo Zheng.

"No, no, no... not at all!"

Luo Zheng frantically answered, wishing she could cry.

Why did I start stuttering? This is so, so so so... so embarrassing!

Bo Hancheng glanced at Luo Zheng and scanned her from head to toe. "You're shivering so much and you still say that you're not cold?"

Luo Zheng was rather stunned and she began to give it some serious thought. Am I really feeling cold? Is that why I'm shivering and spluttering!?!

She nodded and answered incoherently, "Yeah... I do feel a little cold!"

As soon as she finished speaking, she noticed that his arms were open and tempting her. "If you're cold, why don't I hug you?"

Hey, why is Mr. Bodyguard suddenly so gentle? I'm not used to this at all!

Luo Zheng's eyes were glistening like stars and she leaped into his embrace. She praised, "Brother Cheng, you're so great!"

He hugged her tightly and felt like his heart was pieced together again. He no longer felt cold and empty.

Darkness was the only thing left.

Hah, little imp, it's only been a while and you almost left with someone else. You're really disloyal... seems like I've been too lenient with her and it's time I take her in hand!
