

## **BO LOVE LIFE 221**

### **Chapter 221: I Will Kill You, You Unfilial Daughter...**

Luo Zheng then waved her mobile phone to hint that she was not joking.

All of a sudden, everyone was stunned and they looked at each other in shock and dismay.

“Evil girl, you...”

Li Shufen was so exasperated that she began shivering uncontrollably while pointing at Luo Zheng and staying silent.

Mu Cuiyun quickly stepped forth to hold Li Shufen while explaining smilingly, “Zheng, what are you doing? We’re family. We just went inside your room to take a look. Don’t throw a childish fit!”

“Aunt, I think there’s something very wrong with your mindset! This is my home. I only allowed you to move in temporarily because you have nowhere to go after your divorce!”

Luo Zheng interrupted and purposely tried to provoke her by bringing up an unpleasant fact.

Mu Cuiyun choked on her words and could no longer smile.

Seeing that her mother had been criticized, Su Xuanxuan flew into a rage and barked, “Luo Zheng, my mother is your elder, mind your words!”

“You’re such a huge burden. Why don’t you tell me how you’re leeching off of me, living in my home and spending my money... you even barged into my room and rummaged through my things while I wasn’t around. How am I supposed to talk to someone who was trying to steal my things?”

Luo Zheng spoke calmly and smiled pretentiously. It was as if her words were like daggers that were piercing through their hearts.

Huge burden...

Su Xuanxuan had always been feeling indignant and she could not figure out why she was inferior to Luo Zheng... Yet, her father was an alcoholic and her mother had no choice, but to divorce her father and bring her along to live in the Mu Family home.

She was a spendthrift and would often have to butter Li Shufen up... The only comforting thing for her was that Luo Zheng was silly and a major pushover!

Over time, she felt that she was more of an heiress than Luo Zheng was, and that the latter was just seeking refuge at their home.

The illusion made her develop a sense of superiority, causing her to get more and more smug.

To her surprise, Luo Zheng suddenly came to terms with reality and even made a sarcastic remark about her, making her feel extremely embarrassed!

“Evil girl, I’m going to teach you a lesson!”

Li Shufen was in complete disbelief that Luo Zheng was being all brazen and haughty towards her.

She raised her cane and was about to hit Luo Zheng with it.

Seeing this, Mu Cuiyun, Su Xuanxuan and the other servants all thought that a good show was about to begin!

All along, Li Shufen often played the bad guy and would show her hatred for Luo Zheng by scolding her all the time... while Mu Tianwei would pretend to be the nice guy and defend Luo Zheng all the time.

Over time, Luo Zheng began to trust Mu Tianwei completely, while... being daunted by Li Shufen!

It was a widely accepted truth and hence, everyone would often witness Luo Zheng being hit and beaten.

Seeing this, Luo Zheng sneered.

Seeing that the cane was about to hit her, Luo Zheng raised her hand to shield herself. She then grabbed the cane tightly and said coldly, "Grandma, you're already old in your years and you already have one foot in the coffin. You'd better accumulate less karma!"

She then shrugged her hand forcefully to shove the cane back.

Li Shufen staggered a little. If it weren't for Mu Cuiyun, she would have fallen onto the ground!

Everyone was astonished by this.

She would be able to tolerate Luo Zheng's snide remarks but no one expected... that Luo Zheng would get physical with Li Shufen!

"Evil girl, you're really rebellious! How... how dare you? I'm going to kill you..."

"Hey, is it... wrong of me to say that? All of you have done something wrong and yet, you're twisting facts instead of admitting your mistakes! Forget it, I'd better call the police to settle this. I think... the police will be able to do me better justice!"

Li Shufen was boiling with fury while Luo Zheng sighed and got ready to call the police!

They were all dumbfounded.

After all, they had a guilty conscience and would obviously be terrified to hear that the police might be arriving!

They were suddenly at a loss over what to do.

At this critical juncture, Mu Cuiyun's eyes glistened and she said smilingly, "Zheng, we were wrong to have searched your room! But, your father is coming home soon and he's going to be disappointed when he finds out that you've called the police over such a trivial matter. Don't you think so?"

At the mention of Mu Tianwei, Luo Zheng pursed her lips and exclaimed, "Of course not, Father loves me the most! If he knows that you guys bullied me, he'll definitely stand on my side..."

**Chapter 222: Belongings Left Behind By Mother**

Mu Cuiyun choked again after hearing her words.

Mu Tianwei had always been pretending to be a benevolent father in order to win Luo Zheng's trust.

Only then would Luo Zheng be willing to transfer all of her assets to Mu Tianwei when she turns 18 years old.

Hence, regardless of how willful she was, Mu Tianwei would support her to the very end!

"So, are you guys going to admit to it or are you going to wait for the police to arrive?"

Luo Zheng leaned against the railing calmly and stared at them sultrily.

Su Xuanxuan bit her lip while jealousy grew within her.

Back then, Luo Huawei was the top socialite in Beijing who was famous for her beauty.

Luo Zheng did inherit her good looks.

However, before she turned fifteen, she was still rather puerile-looking and her features had yet to develop... In the past two years, Luo Zheng got influenced by her best friend, Jiang Xinlei, into putting on heavy makeup and ruining her beauty!

Over time, everyone almost thought that she looked exactly that way.

Su Xuanxuan did not expect Luo Zheng to suddenly become sensible and stop putting on that horrendous makeup.

The more she looked at Luo Zheng, the more she felt that the latter was beautiful, outstanding and very eye catching.

"Well, Mr. and Mrs. Gu are going to celebrate their 30th wedding anniversary in a few days! I'm sure you know that the Gu Family is one of the four major families and everyone is envious of their loving relationship! This time, they sent out invites and the Mu Family was, of course, invited..."

Ripples formed in Luo Zheng's heart.

Mr. and Mrs. Gu were Gu Changye's parents and it was true that they were married for 30 years... but, were they really loving? Hah, what a ridiculous joke meant for deceiving the foolish ones!

Luo Zheng was unsure of what the Mu Family people wanted to find at first.

However, after what Mu Cuiyun said, she was rather certain!

Mu Cuiyun's eyes glistened and he said, "Zheng, we were invited so we definitely have to bring some gifts! Jade would be the most suitable option! Unfortunately, we couldn't find anything after searching for a long time. Well, we suddenly remembered you have a crimson jade and we were wondering if we could use it as a gift. That's why we searched your room..."

Indeed, it was just like what she guessed!

"So that's what happened!"

Luo Zheng was suddenly enlightened and she asked smilingly, "Is there a word 'Wei' engraved on that piece of jade?"

"Yes, yes, yes, it's that piece! Cousin, you used to wear it on your neck, didn't you?"

Su Xuanxuan immediately asked, glancing at Luo Zheng to see if she had any other accessories.

Luo Zheng folded her arms and looked at them in disdain. She gibed, "That piece of jade was left behind by my mother! Yet, you want to use it as a gift? Grandma, Aunt, Cousin, are you guys out of your minds?"

The three of them were instantly displeased. Mu Cuiyun answered, "We failed to consider that point. Zheng, why don't you take that piece of jade out so that we can consider it?"

Li Shufen's and Su Xuanxuan's eyes glistened. Brilliant idea! They thought.

To their surprise, Luo Zheng exclaimed, "Unfortunately, you guys are a little slow! A few days ago, I accidentally broke the jade and threw it away..."

"What did you say!?!"

The three of them were flabbergasted. Li Shufen screamed and her voice was extremely clear.

"That piece of jade may be a bit old so there are many cracks on it. I found it to be really ugly so I haven't been wearing it! Unexpectedly, when I suddenly fell down, I threw it out of the window. It should still be around the mansion... why don't you guys try searching for it? Maybe you can find it!"

Luo Zheng then pointed at the window innocently.

The three of them suddenly saw a glimmer of hope.

Li Shufen was still feeling infuriated and almost bore a hole in the ground. "Evil girl, you're really horrendous! Do you know..."

"Know what?"

Luo Zheng cocked her head towards the side and poked her lips with her finger.

Mu Cuiyun immediately pulled Li Shufen away and answered smilingly, "Mother meant to say that this is Sister-in-law's belonging so you shouldn't throw it around!"

Suddenly reminded of something, she added, "Look, isn't it easy to clear the misunderstanding? Silly child, don't call the police randomly! Get some rest, we won't disturb you..."

Mu Cuiyun then hinted for Su Xuanxuan to help Li Shufen out, after which they hurried downstairs.

Luo Zheng was extremely disgusted with the Mu Family and could not be bothered to talk to them.

She glanced at her messy room and entered before locking the door.

She then walked towards the dressing table, leaned forward and stuck a hand into a drawer, ignoring the messy cosmetic products.

She slowly opened it and fumbled about. She then found a cold object.

Luo Zheng then walked towards the window.

She noticed that Li Shufen, Mu Cuiyun and Su Xuanxuan were gesturing for the servants to look around.

“Hah, how interesting!”

Luo Zheng sneered and looked down at her hand.

She opened her palm to reveal the shiny piece of crimson jade!

### **Chapter 223: The Exposure Of Zheng's Background**

There was a character, “Wei” engraved on the piece of jade by hand, and no one understood the sentiment that went into it.

The memory buried deep in her heart suddenly surfaced in her mind.

“Zheng, Mommy has to leave Beijing and go to a distant place to find an old man. He owes me an answer! Wear this jade and keep it properly. Wait for me here obediently! Mommy loves you and I promise I'll be back by your side soon...”

In her memory, the sultry lady was comforting the crying girl gently.

The beautiful lady was Luo Huawei while the girl was Luo Zheng.

Luo Zheng was rather clingy as a child as she continuously wept and refused to let her mother leave.

Unfortunately, Luo Huawei pushed her hand away and left with her luggage.

Luo Zheng chased her and accidentally fell down, after which she tried to get up while in pain.

However, Luo Huawei never once looked back and simply walked further until she disappeared.

Later on, she received a piece of news.

Luo Huawei was involved in a plane crash and her corpse could not be found.

It was as if she had foreseen the mishap, because she left a will behind and bequeathed all of her assets to her only daughter, on the condition that the latter would be able to inherit them once she becomes a legal adult!

After the mishap, Luo Zheng's so-called grandmother and the other relatives self-righteously moved into the Luo Family mansion... the relatives then became the so-called servants who looked after Luo Zheng on the surface, but despised her in private.

Gradually, the Luo Family mansion was known as the Mu Family mansion.

Later on, Mu Cuiyun divorced her husband and brought her daughter Su Xuanxuan to seek refuge at the mansion.

Luo Zheng disliked her grandmother, aunt and cousin ever since a young age but she was weak... Fortunately, she still had her father, Mu Tianwei, who doted on her and was her greatest pillar of support.

Hence, she gradually grew up in a pleasant environment and led a carefree life. However, she was too spoiled and insensible, and could not tell right from wrong. Hence, there were very few who were willing to be genuine with her.

She felt extremely lonely and fell in love with a sight that she chanced upon.

The painter Li Ge, created paintings that she resonated with and she began to idolize him... She then found out by accident, that Li Ge was Xi Mubai. Ever since then, she happily headed to Capital University.

However, the extra glance she took at Xi Mubai... caused her irreversible consequences!

Later on, her father married her stepmother Zhao Manru who brought Mu Nianqing along.

She and Mu Nianqing hit it off rather well and the two of them became closer to each other than biological sisters. She would tell Mu Nianqing about her thoughts and personal secrets... She initially requested Mu Nianqing to help send a love letter to Xi Mubai on her behalf, but she did not expect that Xi Mubai would end up falling for Mu Nianqing!

Although Mu Nianqing continuously assured her that she was not interested in Xi Mubai, Luo Zheng was still concerned and bothered by it... After all, Xi Mubai had been devoting all his attention to Mu Nianqing, making Luo Zheng feel like her presence was insignificant.

Fortunately, Heaven took pity on her and caused her destiny to change.

The faraway Britain was completely different from Beijing, as it was a presidential country. All of a sudden, someone arrived and was looking for a girl.

It was only then that she found out that Luo Huawei was her mother, but Mu Tianwei was not her biological father!

That piece of jade was proof of their token!

Luo Zheng knew nothing about Britain.

At this moment, Mu Tianwei said that he would continue to dote on Luo Zheng even if she was not his biological daughter, and that he only hoped for her to stay.

Touched by her father's love and obsessed with Xi Mubai. Luo Zheng decided not to leave Beijing.

At the same time, Mu Nianqing also begged her.

"Zheng, I know you miss your father, and you still love Mubai, and you are not willing to leave Beijing! Well, I want to go abroad and look at what the world has to offer. Why don't... you lend me your identity? I'll go to Beijing and stay there for at least three or five years. Mubai will definitely forget me gradually and then slowly fall in love with you..."

Luo Zheng did not mind staying in Beijing and lending her identity to Mu Nianqing. Hence, she subconsciously agreed.

At that time she thought that Mu Nianqing was right. If she stays, Xi Mubai will definitely pay attention to her. If she doesn't, I'll finally have a chance at being with him. Since we both have our interests, we'll

take it as a fair exchange. Luo Zheng thought about it, and gave Mu Nianqing her jade piece without hesitation!

At last, Mu Nianqing assumed Luo Zheng's identity and the people from Britain brought Mu Nianqing to the hospital for a DNA test. Back then, Luo Zheng tagged along.

However, they secretly swapped the blood samples and registered Luo Zheng's blood sample under Mu Nianqing's name.

Mu Nianqing thus assumed her identity and went to Britain to acknowledge and reunite with her father.

Meanwhile, Luo Zheng wasted her youth on pursuing Xi Mubai, only to... end up with nothing!

### **Chapter 224: Snatching Away The Love Of Mu Nianqing's Life**

Luo Zheng frowned while staring at the piece of jade on her palm.

Compared to the previous life, the people from Britain did appear much earlier... After all, the chronological order of events would definitely not be the same even though she had been reborn.

She did live her previous life terribly!

She only knew that someone from Britain had come to look for her, and was completely clueless about the rest.

She had no idea who her biological father was and what her true identity was!

The only thing she could remember was that Mu Nianqing went to Britain in her place and managed to earn herself a better life... Within a few years, she became widely known as the "National Goddess" and it was once rumored that she was dating a mysterious person of status.

Their romance almost came to fruition!

At that time, she thought that Mu Nianqing would never return to Beijing again and hence, put in all her efforts into courting Xi Mubai... To her surprise, Mu Nianqing suddenly returned to Beijing a few years later and seemed to have become a completely different person.

Later on, she found out that Mu Nianqing was the reason she got framed and harmed on several occasions. Hence, she fell out with Mu Nianqing!

Luo Zheng had a clear conscience and hence questioned Mu Nianqing.

To her surprise, Mu Nianqing claimed that Luo Zheng had snatched the love of her life away from her! What a lunatic!

However, Luo Zheng had no intentions to acknowledge her biological father in this lifetime.

She would rather destroy the identity that she didn't want, than let the Mu Family take advantage.

Luo Zheng closed her palm.

She then looked in front to see that the Mu Family members were continuously searching for the piece of jade, after which her lips curled into a smile.

Go ahead and keep searching. Don't stop.

This bunch of clowns will never find the jade no matter how hard they dig!

...

Feeling refreshed on the next day, Luo Zheng hummed a tune merrily and made her way downstairs.

She saw the Mu Family members seated on the couch, appearing extremely lethargic.

They deserve it!

The Mu Family members searched for the jade until midnight. Of course they'd be overwhelmed with fatigue!

"Tianwei, look at this evil girl. You must take her in hand! I'm old in my years and yet, I almost got pushed onto the ground by my granddaughter. She's clearly out to kill me!"

Seeing that Luo Zheng had appeared, Li Shufen barked indignantly.

Mu Cuiyun and Su Xuanxuan were both glowering at Luo Zheng as with heavy eyebags.

The piece of jade was representative of her identity and yet, she just threw it away... To make matters worse, they could not find anything even after having searched for an entire day and night.

They could not help but wonder if Luo Zheng was lying or making a fool out of them.

Hearing their complaints, Mu Tianwei raised his head to look at the stairs.

Luo Zheng was dressed in a fiery red dress that was fluttering around and her clean and beautiful face was extremely eye-catching.

All of a sudden, Mu Tianwei began to space out a little.

For a moment, he thought that he had traveled back in time.

Back then, he was still a poor young chap who dreamed of carving out a career in the capital... However, he only realized how naive he was when he got into it!

The world was huge and competition was stiff. The cruel world made him feel extremely hopeless.

When he was at his wits' end and was getting bullied, a girl appeared and gave him a helping hand.

She was just like a fairy who was beautiful, elegant and poised.

For the first time in the twenty-odd years of his life, he felt his heart race.

He could not help but feel inferior to her.

Later on, he found out that she was none other than the heiress of the Luo Family, the top socialite of Beijing and the girl of everyone's dreams.

A look of resentment formed in Mu Tianwei's eyes when he thought of Luo Huawei.

Soon, he hid his feelings.

He looked up again and chastised Luo Zheng. “Zheng, what’s the matter? You said that you’d be staying away from home because you wanted to revise. Yet, you’ve become so brazen now that you’re back! Grandma is old in her years. How could you get physical with her?”

Luo Zheng pursed her lips like a spoiled brat. “Father, I didn’t get physical. Grandma wanted to hit me and I simply dodged! Why don’t you berate them for barging into my room and invading my privacy? They even said that they wanted to use my mother’s belongings as a present...”

Mu Tianwei knew of the jade and did not want to say much, lest he arouse Luo Zheng’s suspicion. Hence, he changed the subject. “Everyone is at fault. We’ll put an end to it then! However, you can’t just threaten to call the police over every trivial matter in the future. That’s too much nonsense. Do you understand?”

### **Chapter 225: Sending Zheng to Gu Changye For A Night**

Hah, call it even? How can everything be called even!?!

Luo Zheng sneered and said in displeasure, “Fine, on the account of Father, I won’t call the police! However, she must promise not to go into my room to steal from me again!”

“You evil girl, what are you saying? Who stole from you!?!”

Li Shufen was infuriated to hear her words and she was so furious that she almost fainted.

I really wish I can strangle this bastard to death!

Feeling indignant, Luo Zheng answered willfully, “You guys should be well aware of who the thief is!”

Don’t they know if they’re thieves or not?

Throughout the years, the Mu Family had been stealing from the Luo Family by living in a huge mansion and spending money belonging to the Luo Family.

Yet, they got even greedier and even coveted her mother’s belongings!

The only good that the Mu Family had done to Luo Zheng, was the fact that Mu Tianwei was not her biological father!

Although Mu Tianwei was displeased to hear that, the more capricious Luo Zheng was, the more useless she was. Hence, that meant that she was still within Mu Tianwei’s control!

Hence, he glanced at her benevolently and pretended to be chastising her out of goodwill. “Zheng, cut it out, don’t provoke your grandma!”

Suddenly reminded of something, “Since you’ve been studying really hard for the past few weeks, why don’t I reward you by bringing you along to attend the 30th wedding anniversary celebration of Mr. and Mrs. Gu?”

Frankly speaking, Luo Zheng was utterly disgusted with Gu Changye.

However, she had to go to the Gu Family because she still had her ulterior motives!

She nodded and pretended to be calm.

Feeling too disgusted with the Mu Family, she grabbed her purse and left. "Father, the examination is just around the corner. I can't miss out on revision so I'll take my leave!"

Mu Tianwei didn't stop her and instead waved his hands like a benevolent father. "Go ahead, I believe in you. You'll definitely be able to get into the top ten and win the bet!"

Luo Zheng tried to maintain her smile and her face turned a little sullen at the instant that she turned around.

Tsk, tsk, I'm afraid the students and teachers are not the only ones who are waiting to see me fail... the Mu Family are just like them too!

So, I must win!

...

"Are you guys sure that the jade is not with Zheng?"

As soon as Luo Zheng left, Mu Tianwei questioned them sternly.

"Since the little bastard said that it had already shattered, that must be the case! After all, she definitely doesn't know what the jade represents..."

Li Shufen gritted her teeth and answered. The thought of Luo Zheng disobeying and disrespecting her made her feel incredibly exasperated.

"Brother, Luo Zheng's father is actually from Britain! Seems like he's a figure of status. Do you know... who he is?"

Mu Cuiyun asked nervously.

Mu Tianwei's face turned gloomy and he suddenly fell silent.

Back then, he and Luo Huawei were only married in name... and in fact, when they got married, she was already three months pregnant with the child of another man whose identity was unknown!

After Luo Zheng was born, they filled in a date on her personal identification card, that was three months later than Luo Zheng's actual birth date in order to avoid suspicion. On the surface, there were only six months to go before Luo Zheng turned 18 years old, but in fact, there were only three months left!

Not long ago, Mu Nianqing chanced upon the discovery that someone from Britain was looking for a girl who could possibly be Luo Zheng... The jade was said to be a token from Luo Zheng's biological father. After the news spread, everyone in the Mu Family was flabbergasted!

If Luo Zheng were to reunite with her biological father, he would definitely not allow Luo Huawei's assets to be transferred to Mu Tianwei. Hence, he had to stop it!

Although Luo Zheng said that she had already thrown the jade away and broken it, he was still feeling apprehensive!

“No matter who he is, the little bastard can forget about acknowledging him!” Li Shufen barked angrily with resentment.

“Mother, Uncle, Grandma, if Luo Zheng’s family is well to do, why let her identity go to waste... why don’t we think of a solution and let me assume her identity!?” Su Xuanxuan asked as her eyes glistened.

“Yeah, Brother, Xuanxuan is right! There’s no reason to give up a free chance of living in luxury... ” Mu Cuiyun was full of greed too.

However, Li Shufen glowered at them in displeasure.

It was a good idea but if they were to really execute it, she would definitely let Mu Nianqing assume Luo Zheng’s identity. After all, Mu Nianqing was her biological granddaughter... while Su Xuanxuan was a maternal granddaughter!

“We’ll discuss this in the future! This time, the Gu Family is throwing a lavish banquet. Although I’ve long been trying to rely on them, I’m only a small shareholder of the Gu Family’s company and I don’t deserve to be invited! The one who invited me was the son of the Gu Family, Gu Changye. However... he specially raised a request and made me agree to it!”

“What request is that?”

Everyone asked in bewilderment.

“He wants us to give Zheng... to him!”

## **Chapter 226: The Young Master Of The Gu Family**

“What!?!”

The Mu Family was beyond astonished.

“Brother, is the Gu Family’s Young Master... interested in Luo Zheng?” Mu Cuiyun asked, unable to contain her curiosity.

Feeling a little jealous, Su Xuanxuan exclaimed, “Young Master Gu is really superficial. Luo Zheng is just a pretty face!”

“What do you guys know? If he’s interested in Luo Zheng, that would be great... He just wants to toy with her!”

Everyone knew what that meant.

Seeing that everyone was flabbergasted, Mu Tianwei suddenly exclaimed without any expression, “Young Master Gu has a disability. He’s sexually impotent!”

At that moment, everyone was stunned speechless. Mu Tianwei did not hide the truth.

Ever since Luo Huawei died in the plane crash, the Mu family had been trying to suck up to the four major families in order to rise up the social ladder... First of all, they could not depend on the Luo Family since they had already fallen out with them. Hence, they were left with the Gu, Chu and Xi Families.

Mu Tianwei decided to seek help from the Gu Family. He did everything he could to suck up to them and finally became a small shareholder of the Gu Family's company... Gu Changye had just graduated this year and Mu Tianwei was already appointed to work under him.

Everyone else had been paying close attention to Gu Changye.

It was said that he became sexually impotent after an accident that happened several years ago... Hence, he developed an eccentric, peculiar and twisted personality. He would often change partners in bed and made sure that all the women who slept with him were beautiful, young, and puerile.

He did everything he could to torture them and all the women who had been his plaything, ended up becoming mentally unstable and some even became mentally disabled!

"Does that mean that he isn't interested in Luo Zheng and just wants her to be his plaything!?!"

Su Xuanxuan's eyes widened in shock and she began to gloat over Luo Zheng's misfortune instead of feeling jealous.

"Now, Gu Changye is in charge of the Gu Family. Once we give Zheng to him, he'll definitely assist us!"

A look of hope formed on Mu Tianwei's face as he said those words.

"But isn't Luo Zheng in love and devoted to Xi Mubai? She definitely wouldn't agree!"

Su Xuanxuan immediately blurted out at the thought of it, eagerly wishing for Luo Zheng to be tortured.

Mu Tianwei's eyes glistened and he said in a cold and relentless tone, "I'm just responsible for duping Zheng into going to the Gu Family home. The rest will depend on Young Master Gu!"

...

It had been several days since Luo Zheng last went to school.

As soon as Luo Zheng stepped onto campus, she could sense intense gazes being fixed on her... The students of Class 9 were flabbergasted after Luo Zheng entered!

"Tsk, tsk, I didn't expect her to still have the audacity to come to school!"

"I thought she left out of fear!"

"Pathetic. She's been missing plenty of lessons. She'll definitely lose!"

...

Luo Zheng pretended not to hear their words and instead continued to revise and do some practice questions.

Seeing this, Li Li fiddled with her hair and gibed, "Hey, Luo Zheng, you're finally at school! There's less than a week until it's time to fulfill the bet with my mother. I thought you were too scared and cowardly to show your face!"

Luo Zheng asked nonchalantly, "You're so eager. Have you... gotten your swimsuit and your mother's resignation letter ready?"

She paused and continued nonchalantly, “Oh right. You also have to get ready to kneel down and slap yourself!”

After hearing this, Li Li retorted embarrassedly, “Luo Zheng, don’t bother being arrogant because you will definitely lose! Of course, if you are willing to kneel down, admit to your mistakes and beg for forgiveness, maybe ... I can still put in a good word for you!”

“How pitiful. Someone is having a daydream in broad daylight!” Luo Zheng pursed her pink lips that resembled a rose.

She instantly caught the attention of plenty of men.

Li Li had always been the class belle in Class 9. To her surprise, Luo Zheng looked extremely gorgeous after changing her makeup.

Her expression inevitably became more gloomy. She gritted her teeth and looked around. “What are you looking at? You should be studying! She’s just a pretty face!”

Luo Zheng glanced at Li Li and shook her head in disdain. It’s really boring to have such an opponent! Soon, the bell for class rang.

The teachers chose to ignore Luo Zheng’s presence.

After all, Luo Zheng was just a horrid student who had poor grades. As soon as she made the bet, she continued to miss lessons. They were filled with disgust and were all certain that she wouldn’t win!

In the blink of an eye, it was dismissal time and Luo Zheng started packing her bag in a bid to leave. Thick stacks of notes for different subjects suddenly landed on her desk.

She saw the characters “Jiang Musheng” written neatly and gracefully on the notes.

Luo Zheng froze and looked up at the guy in front of her. She smirked and said, “Monitor, it’s you again! I’m sure you’re thinking of lending your notes to me to help me with my revision, right?”

...

### **Chapter 227: Luo Zheng, You Must Stay Away From Bo Hancheng, It’s Best If You Don’t See Him At All!**

Jiang Musheng sat in front of the desk with his hair in front of his forehead. His black-frame glasses covered his face and he looked rather scholarly.

“The exam is happening next month and you’ve missed a lot of important content when you were absent from class. Remember to return the notes to me after the exam.”

Jiang Musheng carried his bag on his shoulder and left Luo Zheng alone after saying those words. He then turned around and prepared to leave the room.

All of a sudden, the students started gossiping and Li Li was beyond infuriated.

Luo Zheng had made a bet with the class form teacher.

Hence, the students in class were all consciously staying away from Luo Zheng so as not to offend the teacher... Jiang Musheng was the only one who did not care about the teacher's pride, despite being the class leader!

Li Li didn't expect him to do that twice... how daring of him!

"Jiang Musheng, is your myopia getting so bad that you really think... Luo Zheng can win the bet against my mother!?!"

Although Li Li's words were harsh, she was correct, because everyone felt that Luo Zheng was going to lose!

At this moment, Jiang Musheng had already arrived at the classroom's exit.

All of a sudden, he stopped and turned around to look at Luo Zheng with a calm expression. "You'll win, won't you?"

Greatly startled, Luo Zheng stared at Jiang Musheng who seemed to be glowing because the golden sunlight was cast on his face.

All of a sudden, she smiled and picked up the notes. "Of course, I have to live up to your expectations since you lent me the notes, Monitor!"

Jiang Musheng did not have much of a reaction and instead turned around to leave the classroom.

All of a sudden, the students exclaimed in shock.

"What do you guys think is going on with Monitor? He actually defended Luo Zheng openly!"

"That means he isn't afraid of offending the teacher at all. Li Li is her daughter, she would definitely tell on us..."

"Could it be... that he had already fallen for Luo Zheng? Well, Monitor comes from a poor family in the mountains. He definitely wants to get together with a wealthy heiress so that he doesn't need to work so hard for an affluent life!"

...

Luo Zheng's eyes began to turn gloomy as their comments got nastier.

Well, that's true. Those who have twisted souls, would see everything through jaded eyes... Although she had no idea why Jiang Musheng would give her help, she was sure it was definitely not for an ulterior motive!

Luo Zheng could not be bothered to stay behind and entertain her annoying classmates. Hence, she turned around to leave the classroom.

Everyone watched in shock while Luo Zheng left. As soon as she did, a chauffeur approached her at the gate and said, "Miss Luo, Missy would like to invite you..."

Luo Zheng frowned and looked in front to see that the window was slightly open and the girl inside was revealing her face.

Luo Zheng leaned forward and followed the chauffeur. As the chauffeur opened the door, she got inside the car.

Luo Zheng got seated and raised her hand with a smile. "Hey, Cousin, what's the matter?"

Luo Tingxue scanned Luo Zheng from head to toe to see that she was dressed in a sky blue outfit that was extremely refreshing. Feeling a sense of danger, she asked, "Cousin, do you really not know why I'm looking for you?"

Luo Zheng cocked her head towards the side and looked out of the window. "I'm sorry Cousin, but I really have no idea!"

Luo Tingxue lost her patience after seeing that Luo Zheng was feigning ignorance. Hence, she cut straight to the chase and exclaimed, "Cousin, I hope you'll stay away from Mr. Bo from now on. It's best if... you don't see him again!"

Upon hearing her words, a helpless look formed on Luo Zheng's face. Having expected it to be about Brother Cheng, she exclaimed, "Cousin, I can't stay away from Brother Cheng! And I obviously can't stop seeing him... "

Upon hearing that Luo Zheng had addressed him as "Brother Cheng", Luo Tingxue began to find it extremely irking to her ears. "Luo Zheng, you're so young and yet, you're already so good at seducing men instead of focusing on your studies! In the past, you pestered Mubai and I could turn a blind eye to it... but you can't covet a man like Bo Hancheng! At least, I have some self-awareness... "

She knew that Luo Zheng had given up on herself and had been hospitalized for the past few days after being drugged... but she did not expect the two of them to have gotten so close to each other!

Bo Hancheng was mysterious and often kept a distance away from others. She did not want to offend him, lest he became disgusted with her... Hence, she could only take action on Luo Zheng in order to achieve her agenda!

"You're in no place to say that, no one else is. Unless he says that he doesn't need me... I will never leave him! Never, ever... "

### **Chapter 228: You Pushed Teacher Bo Away, And Said That You Only Wanted Xi Mubai ...**

Luo Zheng answered her sincerely and firmly.

Just as Luo Tingxue was appearing sullen, Luo Zheng smiled and said, "If there's nothing else, I'm going to go home now, Cousin. I still have to revise for my exam."

"Luo Zheng, let's make a deal!"

Luo Tingxue hurriedly yelled when she noticed that Luo Zheng was about to get up and leave.

Upon hearing her words, Luo Zheng cocked her head towards the side and asked, "Deal?"

Her smile was just like an eyesore to Luo Tingxue who frowned and said truthfully, "As long as you can promise me that you won't pester Bo Hancheng, I'll help set you up with Xi Mubai! I'll try to make him accept you... "

She paused and continued confidently, "Luo Zheng, that's good enough of an offer to make you agree, right?"

"Xi Mubai and I..." Luo Zheng's smile faded and she sighed gently.

In her previous life, she knew that Luo Tingxue was close to Xi Mubai and she used to think of getting Luo Tingxue to help her.

However, Luo Tingxue was arrogant and had always detested Luo Zheng. Hence, there was no way she would help her... To her surprise, the roles were reversed after her rebirth, as Luo Tingxue approached her first and even took the initiative to matchmake her with Xi Mubai!

Mr. Bodyguard was the only reason.

She could tell that Luo Tingxue was extremely interested in him!

"Cousin, I doubt this deal can go through! Your offer came late and you can't matchmake me with Xi Mubai anymore. I stopped carrying a torch for him a long time ago!"

Not only did she not love him anymore, she even detested him to the core!

Suddenly reminded of something, Luo Zheng stared at Luo Tingxue attentively and said, "Besides, you don't really love Brother Cheng anyway! Otherwise, I won't stop you and in fact, I'll even give you my blessings."

After her rebirth, some events unfolded differently from her previous life.

However, some of the things stayed the same.

In her previous life, Luo Tingxue fell head-over-heels in love with a mysterious man and refused to get married because she was waiting for him... Luo Zheng heard that the man was from Britain and had a strong, but complicated background, with plenty of admirers.

Hence, she felt that it was better for Luo Tingxue to stay away from Mr. Bodyguard, lest he get embroiled in a knotty relationship with her!

"Luo Zheng, what nonsense are you saying!?!?" Luo Tingxue was beyond puzzled.

Seeing that Luo Zheng had opened the door and was about to jump out of the car, she exclaimed, "Luo Zheng, you're clearly obsessed with Xi Mubai. Drop the act! Previously, you continuously pushed Teacher Bo away and clamored for Xi Mubai when you suffered a drug relapse..."

Luo Zheng's body stiffened and she asked in disbelief, "What did you say!?!?"

Upon seeing this, Luo Tingxue thought that she had hit the nail on the head and hence raised her chin a little. "Why? Did I say the wrong thing? You're clearly in love with Xi Mubai and yet, you still want to pester Teacher Bo! Luo Zheng, you can't be so selfish, Teacher Bo doesn't owe you anything..."

"Are you for real!?!?"

Before Luo Tingxue could finish speaking, Luo Zheng suddenly interjected, in a bid to confirm things.

Luo Tingxue got a great shock and had yet to recover from it.

Luo Zheng continued to murmur softly, “No wonder Brother Cheng became so cold to me after I regained my consciousness. He then got angry at me for no reason! So that’s what happened...”

Luo Zheng’s eyes lit up, as if she had been enlightened. “No! I must explain it to Brother Cheng. I can’t let him get the wrong idea...”

Back then, she got poisoned by Blue Poison and wanted to use that to prove her loyalty to him. She thought that she would definitely get closer to him after saving him.

To her surprise, he became distant and aloof towards her.

Later on, Xi Qianqian almost pushed her down the stairs and Xi Mubai got slapped by Luo Zheng, in place of Xi Qianqian... Xi Mubai then said some strange things to her and Bo Hancheng appeared when the two of them were in a heated argument.

Bo Hancheng asked to kiss her right in front of Xi Mubai, but she chose to turn him down for the sake of protecting his reputation!

All because of that, Bo Hancheng seemed to have changed drastically and almost raped her!

Back then, she was feeling extremely aggrieved and mistreated because she was clearly sparing a thought for him and yet, he humiliated her... At this moment, she finally realized what happened after hearing Luo Tingxue’s words.

I pushed Mr. Bodyguard away? And I even clamored about Xi Mubai!

Luo Zheng, you’re so silly. It’s no wonder that Mr. Bodyguard would try and force himself onto you. How could you call out another man’s name in front of him!?!

### **Chapter 229: Zheng Fights For Brother Cheng**

Even though they were just partners in bed, the matter concerned his pride and no man would be willing to hear a woman swoon over another man in front of himself!

“Thank you, Cousin. You’ve helped answer a lot of my questions! Please send my well wishes to Grandpa when you go home...”

As soon as Luo Zheng finished speaking, she turned around and leaped out of the car.

“Luo Zheng...”

Luo Tingxue frantically yelled in a bid to continue chatting with Luo Zheng.

Unfortunately, Luo Zheng ignored her and sprinted towards Capital University.

Seeing this, Luo Tingxue’s beautiful face grew sullen.

Bang!

She slammed the car door shut forcefully.

“Luo Zheng, you don’t deserve to be with the man whom I can’t get!” She then sensed that the chauffeur was staring at her.

Luo Tingxue took a deep breath and exclaimed calmly, “Step on it, send me home!”

The Gu Family’s banquet would be happening in a few days.

As the princess of the Luo Family, she definitely had to attend the event together with a date... Hence, she specially sent Bo Hancheng an invitation before she left Capital University.

She reckoned that as long as Bo Hancheng was ambitious, he would understand her intentions.

With her help, he will definitely have a smooth career... so she was confident that Bo Hancheng would not turn her down!

...

As soon as she arrived in Capital University, Luo Zheng sprinted towards the campus.

She felt rather guilty, for she had forgotten to ask for Bo Hancheng’s mobile number because she was too eager about getting in charge... Hence, the only way she could look for him was in the Arts building of Capital University!

At the thought of this, she made her way up to the third floor and as soon as she made a turn at the corner, she heard the conversation of some gossip mongers.

“Hah, Bo Hancheng is just a lousy Arts professor. Why does he have so many fans!?!”

“He seems more like a gigolo to me. He’s only decent on the surface! Who knows how many female students he has toyed with in private...”

“Because of him, a girl that I had my eyes on, decided to ignore me and focus on painting instead! Why don’t we get someone to teach him a lesson at night?”

...

“Who do you think you are? Try touching him and see what will happen!” A cold voice sounded, clearly giving them a warning.

Luo Zheng was glaring daggers at the two guys with a sullen expression, like a porcupine that had its spikes up.

The two boys were nonchalant and slipshod in their academics because they were in their fourth year and were about to graduate soon.

Luo Zheng’s sudden appearance gave them a great shock. Seeing how beautiful she was, they asked, “Hey, little girl, where did you come from? You gave us a great shock...”

“Apologize!” Luo Zheng interjected.

Upon hearing her words, the boys asked, “What for?”

“You guys insulted Bo Hancheng just now so you must apologize to me!”

Luo Zheng then grabbed her bag and strode towards them.

“Little girl, do you know Bo Hancheng? Tsk, you’re so defensive and protective of him. Who is he to you?”

They scanned her from head to toe, harboring ill intentions.

“Do you know that you’re being duped? Bo Hancheng seems decent on the surface, but in fact, he’s a complete crook deep down and he’s toyed with plenty of girls! Instead of letting him lie to you further, why don’t you follow us? I promise you’ll have a good time...”

Pak~

Before he even finished speaking, Luo Zheng gave him a tight slap on his face.

“How dare you hit me!” His face turned sullen after he shrieked in shock.

Luo Zheng did not waste any time. After she slapped him, she grabbed her bag and smashed it against the boys.

“Try hitting me again! Ah... f\*\*\*! Just you wait and see. I’ll teach you a lesson...”

He raised his hand and tried to hit Luo Zheng back angrily.

Soon, another man joined in and helped to deal with Luo Zheng.

Logically speaking, they would definitely be able to take her down easily since it was two of them against one girl... Yet, Luo Zheng was tough to deal with.

She did not seem intimidated at all and she continuously hit them with her bag, kicked them and scratched them with her nails as hard as she could.

At the same time, she retorted angrily, “How dare you berate him? Who are you people to ruin his reputation!?! You bunch of filthy things...”

However, there was still a difference in strength between men and women. Luo Zheng could only resist their attacks at the start as she began to lose the upper hand towards the end.

Seeing this, one of them tried to smack Luo Zheng on her head.

All of a sudden, a slender hand was wrapped around the boy’s wrist. The man then pulled the boy back and exclaimed coldly, “What are you people doing!?!”

### **Chapter 230: He’s Her Greatest Weakness And Obsession!**

The youth then shrugged his wrist away and stood in front of Luo Zheng.

The two boys immediately recognized who he was and hence, stopped trying to hit Luo Zheng. “Senior Mubai, we’re not to blame for this! She was the one who rushed forth to hit us like a mad woman...”

There were plenty of scratch marks on their faces that were also a little bloodstained, making them appear rather disheveled.

Xi Mubai turned around to look at Luo Zheng whose hair tie had come undone, causing her long, seaweed-like tresses to cascade down her back, covering her face and making it look even smaller.

However, her uniform had become a little messy and her skin was suspiciously red and swollen because of the fight.

Xi Mubai said in a tone that was unprecedentedly cold, "As a boy from Capital University, you actually bullied a girl from another school. Do you guys think that's right!?!"

Although the two boys did not know the reason, they were not fools and could sense that Xi Mubai was biased towards Luo Zheng... After all, he was the eldest son of the Mu Family and a legendary figure in Capital University. They could not afford to provoke him!

Hence, the two of them had no choice, but to swallow their pride despite feeling indignant. They decided to just leave.

"Hold it right there, do not leave! You must apologize for insulting the people you should not be insulting..."

Luo Zheng walked forward.

The two of them thought, we've truly run into a lunatic this time. Even if we insulted Bo Hancheng, must she go this far?

They were worried that Xi Mubai might probe the situation and end up affecting their graduation... After all, Bo Hancheng was a professor in school and was extremely popular at the moment!

"Why should we apologize? We were only saying it for fun, you were the one who misunderstood! Let's go..." The two of them quickly scurried away.

Seeing this, the stubborn Luo Zheng still tried to chase after them but as soon as she tried to, Xi Mubai suddenly raised his hand and smacked it on her shoulder. "Luo Zheng, do you know what you're doing? They look just like hooligans. You're putting yourself in danger by fighting with them!"

Had he not walked past them, she would definitely be at a disadvantage and even get injured!

At the thought of this, he asked, "Must you risk your own safety just because they insulted someone?"

As the two boys made their way downstairs, Luo Zheng finally regained her rationality and at the same time, she realized that Xi Mubai was right about her being too rash.

By fighting with them, she would definitely be at a loss!

However, everyone had weaknesses. Bo Hancheng was her greatest weakness and obsession.

Hence, when she heard them accusing him and insulting him... she could no longer control herself and the first thing that came to her mind was to make them apologize!

"Luo Zheng, regardless of who they were scolding, you can use other ways to try and settle it. It's not worth risking your life for it!"

All of a sudden, Luo Zheng processed everything that he said.

Slightly stunned, Luo Zheng turned to look at him, "Of course you can be unaffected since they weren't insulting you! But it's different for me. He's the one I care about the most and I can't bear to even be harsh to him. Who do they think they are? What rights do they have to criticize him!?!"

Xi Mubai could not help but feel shocked.

At the same time, Luo Zheng pushed his hand away in disdain to avoid his touch.

Tit-tat...

At the next moment, Xi Mubai accidentally dropped one of his paintings.

Xi Mubai could clearly sense that she was disgusted with him. He frowned and chastised, "Luo Zheng, you really don't know any better!"

He was trying to help her and yet, she was not at all grateful for his help. Instead, she even shunned him like he was the plague!

Upon hearing his words, Luo Zheng smiled and sneered, "Yeah, that's true. So, Senior Mubai, please stay out of my affairs... "

She then glanced at his painting that was rolling away on the ground.

She saw that it was a sketch of a girl and the silhouette of her features had already been drawn. However, her features were still lacking.

Xi Mubai glanced at the painting too.

Feeling embarrassed, he frantically bent over to pick the paintings up.

He initially agreed to do a sketch for Mu Nianqing.

However, after he began drawing, he subconsciously started to draw... Luo Zheng instead!
