

BO LOVE LIFE 241

Chapter 241: If You Go Back On Your Word, I Won't Mind... Ruining You

Luo Zheng's eyes widened in shock and she could not help but stagger backwards.

Bo Hancheng put an arm around her waist, well aware that a huge tree was behind her. Hence, he continued to retreat together with Luo Zheng, wanting to bully her.

"Dong..."

Soon, Luo Zheng's back was pressed against the tree and she could not retreat anymore!

His kiss was fierce and intense, and he was like a hungry wolf foraging for food and catching delicious prey. He was obviously not going to give her a way out.

Luo Zheng could only feel her air being drawn away and she tried to catch her breath.

However, he did not give her a chance at all. He continued kissing her, refusing to let go.

Finally, Luo Zheng drowned in his kiss and just as she thought she was about to suffocate, he slowly retreated.

At last, he bit down on her lips forcefully.

Staring at the girl beneath him who was blushing intensely and continuously gasping for air, he felt that she looked rather sultry.

While Bo Hancheng was feeling satisfied, he frowned and chastised, "How many times has it been? Yet, you still don't know how to take breaths in between!"

"You were clearly being too forceful. I couldn't take it..." Luo Zheng retorted with tears in her eyes.

Upon hearing her words, he questioned, "As my partner in bed, you should be able to take this. Otherwise, what's going to happen in the future... Sister Zheng!"

Luo Zheng would choke whenever he addressed her that way.

After a while, she thought about what happened just now and continued to explain, "I, Xi Mubai... he..."

"Little imp, I don't want to hear about other men from you!" Bo Hancheng interjected calmly.

Luo Zheng was shocked beyond words and he suddenly raised her chin... He then looked into her eyes and asked, "Let me ask you. Between us, who was the one who started this?"

Luo Zheng answered truthfully after feeling shocked, "I was the one who provoked you first, Brother Cheng..."

"Did I tell you not to pester me?" He questioned.

Luo Zheng batted her eyelids and said aggrievedly, "Yes..."

"I gave you plenty of chances to leave, didn't I?" He questioned calmly.

Luo Zheng shook her head like a child that had fallen out of favor. She then bit her lip and answered, "Yes..."

"Don't bite your lip!"

Bo Hancheng reminded her after seeing that her lips had turned pale because of how hard she was biting them.

Luo Zheng had no choice but to stop indignantly.

He already doesn't want me, so why does he bother about that? Men are indeed fickle creatures!

"Remember. You were the one who provoked me and started pestering me. You're also the one who refuses to leave! Sister Zheng, you're the one who sent yourself onto this path of no return. So... you can't go back on your word. Got it?"

He sounded firm and cold.

Luo Zheng finally recovered from the shock and wondered, so, he wants me?

Just as she was about to say something, he kissed her again and exclaimed, "I can turn a blind eye to who you have in your heart. At the end of the day, you're still mine and no one can covet you!"

Luo Zheng was overwhelmed with joy. She threw her arms around his neck, closed her eyes and basked in the pleasure of kissing him.

She was full of passion and did not hear the words that he murmured at the end.

"Unless I don't want you anymore. Otherwise, if you dare to go back on your word and get embroiled with another man, I won't mind... ruining you."

Chapter 242: Untitled

Luo Zheng was immersed in the passionate kiss and she paused to catch some fresh air. While panting heavily, she asked, "Brother Cheng, what did you say just now? I didn't hear you..."

Upon hearing her words, Bo Hancheng said in a low and rumbling voice, "Nothing much, just some insignificant things."

Insignificant?

Luo Zheng was bewildered and she somehow felt a cold chill down her spine.

She was just thinking about it and he suddenly stuck his hand below to rub his fingers against her lips. "Little imp, do you like it when I do this?"

Greatly stunned, Luo Zheng blushed again and her eyelids quivered. "I do."

"Has anyone touched you like this before?" Bo Hancheng asked again.

It was as if he would be tortured sternly once he got a firm answer.

Luo Zheng felt a slight pain in her lips and she obediently stayed still. "No..."

No?

He believed it because she was bad at kissing.

His displeasure faded and at the next moment, he moved his lips down and began kissing her swan-like neck.

Luo Zheng felt ticklish and a little pain.

However, her back was pressed against the tree and she could not dodge in time. Suddenly reminded of something, she raised her arm in a bid to stop him. "Brother Cheng... don't do this... you'll leave a mark on me..."

He had given her plenty of hickeys at the hospital previously.

In order to avoid letting others see the hickeys, she had no choice but to wear a high-collared shirt to hide them.

Bo Hancheng was rather displeased, but he still remembered to be as light as possible so as to ensure that he wouldn't leave any marks behind. He asked, "How about this? Has anyone touched you like this before?"

Luo Zheng had no idea why he was asking those questions. She recalled her previous life and shook her head. "No... No..."

Gradually, a slight wave of electricity surged out and she subconsciously frowned.

She should have shunned or made him stop. However, she wanted to hug him again.

Her body grew weak and she almost fell against the tree. Fortunately, he was holding onto her waist and stopped her from falling.

Luo Zheng fell into his arms and hit her head against his chest. The familiar scent of tobacco overwhelmed her. She suddenly realized that she liked being physically intimate with him because she wanted a sense of security.

At this moment, Luo Zheng had no choice but to verify a fact.

Indeed, she did not make the correct decision back then.

In this life, if she wanted to try being intimate with another man, she would only be able to do it with Mr. Bodyguard... The thought of other men touching her made her feel disgusted and repulsed.

What more such an intimate act.

Fortunately, she met Mr. Bodyguard a long time ago and he wasn't attached or married with children. Both of them were single and hence, she became his partner in bed.

"Ah... Brother Cheng..."

Luo Zheng suddenly got distracted and she began quaking.

However, he noticed that she was distracted and hence moved his hand downwards to give her a great punishment.

“Brother Cheng... there are people here...”

...

Chapter 243: Untitled

While panting heavily, Luo Zheng reached her palm out in a bid to stop him.

After all, there were plenty of people in the vicinity of the forest... Even if they didn't mind, it would still be particularly awkward if someone were to walk in on them!

Most importantly, there were plenty of people who knew her and Bo Hancheng... Hence, she did not want there to be any rumors that would affect Mr. Bodyguard's reputation.

However, at this moment, he did not do anything else and instead asked her again, “Has anyone ever... treated you this way?”

After they finished speaking, Bo Hancheng exuded a cold and stern aura which made him seem rather dangerous.

If someone were to treat Luo Zheng that way before he did.

He would either ruin that man, or... ruin Luo Zheng!

Such extreme thoughts began to surface within him uncontrollably. It wouldn't matter how filthy she was if he didn't want her.

Now, he had made up his mind to make her his and hence, he would obviously want every part of her. The person in her heart whom she could not forget, was her problem because he didn't care about winning her heart... however, her body had to belong to him entirely.

She would only be allowed to leave when he decides to abandon her someday... Before that, she'd better be self-aware and behave herself by staying away from all men!

While thinking about it, he rubbed his large palm against her waist and continued, “Answer me.”

Luo Zheng could not quite describe how she felt at the moment. It was as if he was driving her into a corner.

If she takes one step forward, she would face a cliff.

If she takes a step back, she would face an abyss.

The only way she could survive was to hold onto him tightly for dear life. She spluttered, “No... Brother Cheng... No one has ever touched me like that before...”

Bo Hancheng was finally satisfied and he asked calmly, “So, I'm the first?”

Luo Zheng nodded and said, “You're the first... and the only one... You're also the last...”

“What a glb tongue. I hope you’re telling the truth!” He did not believe her completely but his voice was still clear.

Luo Zheng could no longer tolerate it and she continued to struggle while pushing him away. “Brother Cheng, will you stop torturing me? Will you...”

She had to admit that he was an expert at flirting and setting the mood. He clearly didn’t do anything and had merely touched her. Yet, she was already beyond flustered.

Seeing this Bo Hancheng retreated a little aloofly, though he still tried to linger.

Judging from her reaction, she seems to be clueless about intimacy between couples.

What about the previous encounter?

“Since you don’t have any experience, how did you know what to do after you got me aroused at the hospital? And the... other stuff.” He almost turned aloof and austere again.

Fortunately, his expression seemed a little unnatural and his ears had also turned red after he finished speaking. He even looked away to avoid eye contact with Luo Zheng.

Although he was a man and had such abilities, he was just as inexperienced as her and he even ejaculated so quickly the first time!

In order to get out of the tricky situation, Luo Zheng had no choice, but to nod obediently and answer, “I’ve seen it in books and heard about it from others...”

Even though she had always been a virgin in her previous life, she still knew about the generic process of getting intimate!

Bo Hancheng finally believed that she was clean and chaste.

An idea flashed past his mind a second ago. It wouldn’t matter even if she had been touched before.

As long as he destroys the man who had touched her and got rid of him, he would become the only person who has ever touched her.

Chapter 244: You Belong To Me, You Must Be Clean

Bo Hancheng had always been strict with the things he wanted and it would be best if they were perfect.

The same would apply to Luo Zheng too!

He began to regain his bodily warmth and he lowered his head to kiss her on her forehead. “What a clean girl. You must know how to protect yourself and you must shy away from tasting the forbidden fruit.”

Upon hearing his praises, she suddenly began to blush and her heart raced. “If... Brother Cheng wants it... I can...”

“It’s just three months, isn’t it? I can afford to wait!” Bo Hancheng gently interjected while still staying firm.

“You’re still underage so you must protect yourself. Got it? You can’t give yourself to anyone including me!” He seemed to be lecturing her like an elder.

At the thought of Luo Zheng’s reply just now, he added, “Throw those nonsensical books away. Don’t read them again! If you’re really curious, there’ll be chances for me to teach you in the future.”

It doesn’t matter if we get married or not.

She’ll belong to me eventually and she wouldn’t dare to leave unless I allow her to!

Luo Zheng initially wanted to retaliate, but she had no choice except to nod obediently after seeing how austere he was.

She sighed in her heart and thought, why is Mr. Bodyguard so serious?

What are books compared to the erotic films that I’ve been wanting to watch? I even wanted to download them for my own pleasure!

At the thought of this, he said with a complicated mix of emotions, “Luo Zheng, you must remember these things I said. Remember them well. I don’t want to see this happen again! In the future, you belong to me and you must continue staying clean. Otherwise...”

Luo Zheng immediately understood that he was referring to the matter about Xi Mubai hugging her.

But, why did he sound so vague in the last sentence?

While Luo Zheng was feeling bewildered, she looked into his eyes and her breathing became weaker.

He sounded so cold and aloof... as if he would ruin her if she was no longer clean!

Luo Zheng could not help but shiver even though it was summertime.

“I believe you won’t let me down, Sister Zheng. Am I right?” He questioned again.

Luo Zheng nodded fearfully.

All of a sudden, she began to wonder, is he my benefactor from my previous life, or... a demon from hell?

Luo Zheng quickly stopped her imagination from running wild after the ridiculous idea popped up in her head.

Touchwood. Luo Zheng, why are you being so paranoid? Mr. Bodyguard is so perfect. How can he be related to a demon?

At this moment, Bo Hancheng stuck his slender fingers out and moved Luo Zheng’s hair away. Keeping his eyes fixed on a certain spot, he asked, “What’s this?”

He had clearly seen it when he kissed her just now.

Her porcelain face was rather red and swollen, which was an eyesore to him.

Luo Zheng immediately understood what he was asking about and hence, felt a little guilty... She reckoned that the welts must have been from the fight she had with the fourth year hooligans!

After hesitating for a few seconds, Luo Zheng cocked her head towards the side to shun his touch. She tried to sweep things under the carpet by saying, "Nothing much, I just got an abrasion by accident! Brother Cheng, it doesn't hurt, it doesn't... Ah! Ouch..."

Before she could even finish speaking, he pressed her swollen face forcefully.

Feeling aggrieved, Luo Zheng exclaimed with tears in her eyes, "Brother Cheng, you can't bully me on purpose!"

He ignored her protest and asked patiently, "If you don't want me to bully you, tell me truthfully. How did you get injured?"

Luo Zheng hesitated for a long while, because she did not want to reveal the truth.

In the eyes of Mr. Bodyguard, I should be weak, petite, and feeble... Only then will he dote on me and protect me.

If he were to find out how feisty I am, he'd definitely think that I don't need any care and concern... She merely wanted to be his princess, and not a strong-headed woman!

"Shoot!" At this moment, he barked sternly because he could tell that she was lying.

Luo Zheng was so frightened that she cringed and grew flustered, entangling her fingers together messily like a child who had misbehaved. "Well, I... fought with someone... and got those welts..."

"You... know how to fight too? Sister Zheng, I've really belittled you!"

Chapter 245: He Slaps Her: Little imp, You Really Need To Be Taught A Lesson!

Listening to the girl's answer, Bo Hancheng almost laughed after ensuring that he heard correctly!

She actually had the guts to fight with someone!?!

She was small and petite, and she was so weak that she would need him to kiss her after taking some bitter medicine.

He initially thought that it would be hard to take care of her but it turns out... she could fight!

"This is just an accident..." Luo Zheng retorted, feeling indignant.

"Who did you fight with?"

Bo Hancheng asked again, guessing that a conflict must have happened.

Luo Zheng continued to fiddle with her fingers and she answered truthfully, "Not anyone special... just two boys... who might be your students..."

"Two boys!?! " his voice grew deeper after hearing her words.

That point seemed to be a little beyond her expectations.

Not only did she get into a fight, she even fought with two boys... this is nonsense!

Holding back his urge to lecture her, Bo Hancheng rubbed her head and said, "I didn't expect you to be able to fight too, Sister Zheng. You're really all-rounded! Why don't you tell me the process of the fight so that I can be in awe of your honorable feat?"

He remained calm and his attitude was a little peculiar. He was just like a big, gray wolf trying to abduct a rabbit. Luo Zheng could not figure him out at all.

Is Mr. Bodyguard angry... or not?

Luo Zheng blinked, unable to come up with an answer.

"I just found out that you know how to fight, Sister Zheng... I want to know if you won... or they did." Bo Hancheng asked while fiddling with her hair and checking her face.

He even raised her arm and pulled her sleeves away to scrutinize the parts that could be seen easily.

Whenever he noticed a red and swollen spot, his eyes would turn gloomy.

Luo Zheng simply thought that he was being worried about her losing the fight. At the same time, a warm and fuzzy feeling filled her heart, she chuckled and described the situation, "Brother Cheng, it really wasn't my fault. They were the ones who wanted to gossip and badmouth others! I couldn't take it anymore so I started hitting them and..."

"And you got beaten up, eh?" he asked, sounding a little mysterious.

"Brother Cheng, me getting hit is nothing serious at all. You should have seen how badly they were wailing when I hit and kicked them..."

She then noticed that he was smirking coldly.

"Go on. Why did you stop?" Bo Hancheng questioned coldly, clearly sounding derisive.

Luo Zheng shuddered and retreated backwards uncontrollably while trying to push him away.

However, as soon as she took action and pushed him away, Bo Hancheng grabbed her by her collar to stop her from leaving... He then pulled her into his embrace and grinned mirthlessly. "Don't you think you're very capable? Since you're so capable, why are you running away?"

Damn it, he's really... so scary!

Luo Zheng was feeling anxious, for she was truly intimidated by him.

Just as she was thinking about how she should please him, he picked her up in his arms and turned her around before placing her on his arm, making her face the ground.

"Brother Cheng, what are you... doing!?!"

Pak~

As soon as Luo Zheng finished speaking, he slapped her buttocks.

She immediately blushed before turning pale and asking in disbelief, "Brother Cheng, you, you, you... hit me!?!"

“So what if I did? Little imp, you really need to be taught a lesson!”

Chapter 246: Why Did You Hit Me? I Hit You Because I’m Your Man!

He asked calmly.

Luo Zheng’s face stiffened and she thought, I’m no longer a child and yet, I’m still being hit on the buttocks. Even though he’s Mr. Bodyguard... I still feel ashamed!

“Bo Hancheng, put me down!” Luo Zheng screamed and struggled like a feisty cat.

Unfortunately, there was nothing she could do because he was hugging her tightly!

She struggled continuously, but he smacked her again. “Don’t you like being hit? Hah... I’ll fulfill your wishes!”

“Bo Hancheng... you jerk... no one likes being hit... hurry up and let go of me... ” Luo Zheng was infuriated and she continuously tried to wriggle her body.

“What’s the matter? Others can hit you but I can’t?” He answered coldly without showing signs of giving in.

“You... ”

Pak~

He smacked Luo Zheng again when she was about to answer.

It was summertime so Luo Zheng was dressed in thin layers of clothes. He did not spare her any mercy at all and instead smacked her hard on the buttocks, causing her to feel pain.

Finally unable to tolerate it any longer, Luo Zheng gritted her teeth and questioned angrily, “Bo Hancheng, who are you to hit me!?! ”

“Who am I?”

Bo Hancheng smirked and answered coldly, “I can hit you precisely because I’m your man! Since you’ve done something wrong, I have the rights to hit you... ”

After he finished speaking, he continued to smack her. “Tell me, do you admit that you’re at fault? Are you still going to get into fights in the future!?! ”

“There’s nothing wrong with me... I didn’t do anything wrong... I didn’t do anything wrong... ”

Everyone had a temper, including Luo Zheng!

Besides, she didn’t get into a fight because of herself but because of him. Not only did he not reward her, he even hit her... The more she thought about it, the more aggrieved she felt. Tears welled up in her eyes and she pressed her pink lips together, refusing to give in!

“Does that mean you’re not admitting to it? Are you still going to get into fights?” Bo Hancheng was beyond frustrated and worried.

As a high school student, she actually picked a fight with college-aged boys. Why could she not take a look at herself in the mirror and see if she could actually win first?

Even though she got insulted, she could have just told me about it and I could have settled it for her. Why did she have to beat them up herself!?!

Did she not consider what would happen to her if anything were to go wrong?

Not only is my little imp a spoiled brat, she often gets into trouble too. She really catches me off guard. How disobedient!

“Yeah, I was right, I didn’t do anything wrong!” Luo Zheng began sobbing while answering stubbornly.

“You...”

Bo Hancheng frowned and glanced at Luo Zheng, feeling rather oppressed.

However, he realized that he had been spending more effort on her than he expected! Yet, she couldn’t differentiate right from wrong and did not acknowledge his efforts at all.

“Forget it, do what you want! I’ll stay out of your affairs from now on...”

His eyes turned gloomy and finally let go of her, causing her to fall onto the ground. He looked down to see that her eyes had turned red and she looked extremely pitiful, seemingly on the verge of tears.

Hah, she was the troublemaker and yet, she still feels aggrieved and sad for herself. She really is spoiled!

While thinking about it, Bo Hancheng frowned and turned around to leave, not wishing to say anything more.

However, at the next moment, she said, “They insulted you so I did everything I could to fight them! Bo Hancheng, you don’t know anything. All you do is bully me...” Luo Zheng yelled at his back angrily.

Feeling extremely aggrieved, she cried continuously.

Mr. Bodyguard actually hit me? How could he have hit me!?!

He suddenly stopped and turned around to glance at her. He then asked in a clear voice, “What... did you say just now?”

She was squatting on the ground, appearing gentle and fragile while wiping her tears.

Bo Hancheng turned around after a moment of silence and squatted down in front of her. He then extended his arm to rub her head.

Before he could even touch her, Luo Zheng dodged and yelled, “Don’t touch me!”

Luo Zheng actually turned him down, which was rather rare of her.

His face grew sullen and he stared at his hand that was hovering in the air.

Seeing that she was about to shun again, he put an arm around her neck and pulled her closer to him. “Even if they insulted me, must you get into a fight with them?”

Chapter 247: Be Obedient, Okay?

“Their insults... were really terrible... they almost tried to harm you...”

Luo Zheng had yet to stop feeling aggrieved and she almost teared up.

“I don’t mind...”

“I mind! Brother Cheng, you’re the best person in this world. Who do they think they are? How can they insult and defame you casually!?! I won’t allow it...”

As soon as he finished speaking, Luo Zheng frantically tried to express her stand.

She immediately met his eyes and felt even more aggrieved after thinking about the pain caused by Bo Hancheng who had hit her buttocks.

Luo Zheng then looked down again, ignoring Bo Hancheng.

After a long while, he fell silent.

She sounded dignified and even caused ripples in his heart.

Bo Hancheng looked at her and pursed his lips... Immediately afterwards, his cold face seemed to have turned into a warm flower.

Is she being sincere?

In the past, he had never believed in genuine sincerity!

However, he suddenly believed it at this moment.

At this moment, she really was sincere!

After gently sighing, he began to regret his actions, which was rather rare of him.

Indeed, he had failed to consider carefully and simply thought that she was unwilling to admit to her mistakes. Hence, he decided to teach her a lesson.

He didn’t expect that she had done it for him and not for herself! He rubbed her head gently.

He then apologized, “I’m sorry, it’s my fault, Don’t... cry.”

Luo Zheng’s eyes turned red and she stared at the ground. She initially planned to ignore him until her anger dissipated.

To her surprise, she heard those words from him.

At that instant, she thought that she had heard wrongly and hence, frantically looked up at him.

“Brother Cheng, what did you say just now? Are you... apologizing to me?”

Bo Hancheng had never admitted to his faults and since he apologized to her for the first time, he definitely wouldn’t repeat himself.

He pulled her up and adjusted her uniform before pulling her hair away and staring at the swollen spot on her body. "Let's go, I'll bring you to have your wounds disinfected."

Luo Zheng was still in disbelief, but she could not be bothered to care about her grievances anymore. She blinked while hugging his arm and said, "Brother Cheng, you apologized just now, right? Did I hear you wrongly? Can you say it again ..."

"Yes, you heard it wrong, I didn't apologize." He answered without a tinge of guilt.

Little imp is really spoiled. I've never quite apologized to anyone before in my life and I apologized to her for the first time. Yet, she's pushing her limits and trying to make me repeat it!

"Brother Cheng..."

"From now on, you're not allowed to fight. Understood?"

Luo Zheng was about to play coquettish, but decided not to after hearing his stern words.

"But... Mm..."

She wanted to continue protesting but to her surprise, he reached out and grabbed her chin in a bid to pin her down.

This time, he kissed her affectionately.

Bo Hancheng met Luo Zheng's gaze which was clear, clean, warm and full of desire.

He sighed a little and raised his hand to cover her eyes.

Those who lived in darkness would yearn for brightness. However, it would be terrible to live in darkness and die in the light.

He could never leave the darkness!

After the kiss ended, he let go of her and bit her earlobe gently, "Be good, okay?" Luo Zheng was bewildered and simply nodded in confusion.

"Now that's what an obedient child is like." He praised her.

His eyes then turned gloomy and he seemed to have suddenly thought of something. He invited calmly. "Be my date for a banquet next Wednesday."

"Be your date? Sure..."

Luo Zheng agreed readily without hesitation.

However, at the next moment, she suddenly remembered something and immediately refuted, "I can't make it next Wednesday! I have something on..."

Isn't it the Gu Family's banquet next Wednesday!?!

Chapter 248: He Will Protect Her and Wait For Her To Grow Up Slowly

"What's the matter?" Bo Hancheng questioned composedly.

If possible, Luo Zheng would never turn Mr. Bodyguard down.

She did not bother about the Gu Family's banquet at all but she had to make a decision.

Besides, she did not want to run into Gu Changye at all!

However, she wanted to use this against the Mu Family and hence, agreed to attend the banquet with Mu Tianwei.

"Brother Cheng, is the banquet that you're attending, very important?" Luo Zheng asked while being stuck in a dilemma.

If it was very important, she would choose to go with him!

Bo Hancheng glanced at her and realized that she seemed to be put in a spot of trouble. He pressed his lips together and said, "No, but it's only right for me to attend it because I received an invitation."

He then said, "I was just bringing it up casually. Go ahead and get busy with your own matters."

After ensuring that everything was fine, Luo Zheng nodded and said, "Brother Cheng, I have an exam next Friday so I have to revise. So, I really won't have the time to make it next Wednesday evening..."

Luo Zheng immediately regretted her decision. Although it was understandable, she felt that she was lying to him.

Forget it, I'll just own up to my mistakes in the future.

Besides, she had previously agreed to attend the Gu Family's banquet with Xi Mubai as his date... Even then, she clearly knew that she was just using it as an excuse to beat down Mu Nianqing.

However, if Mr. Bodyguard found out that she was still in contact with Xi Mubai, he would definitely be infuriated!

Since they had finally made up with each other, she did not want to stir up any more trouble.

"Yeah, you don't have much time. Revise well." Bo Hancheng did not question her any further.

Although he invited Luo Zheng to be his date in a moment of rashness... the thought of the banquet being complicated, made him realize that it was not too appropriate to bring Luo Zheng with him!

Not long ago, Luo Tingxue even sent him an invitation, but he threw it away after thinking that he did not wish to be embroiled with the Luo Family.

Suddenly reminded of something, he glanced at her and asked, "How confident are you of winning your bet?"

While feeling guilty, Luo Zheng heard his words and asked in shock, "Brother Cheng, you know about this too?"

"Sister Zheng, your honorable feats have already been spread around. How could I not know?" Bo Hancheng questioned with contempt.

He only found out about it because of Chu Ci's investigation.

However, he also knew that she had been doing poorly in her academics... and hence was filled with complicated emotions after finding out that she had made the bet out of the blue!

"If you can't do it, let me know beforehand." He then sighed a little and said those words.

She was still his partner in bed and his future woman after all... He definitely wouldn't allow his woman to be humiliated!

"Brother Cheng, do you not trust me?" Luo Zheng could ignore others who doubted her.

However, he was Mr. Bodyguard and hence, she exclaimed, "Brother Cheng, you can't belittle me. I'll definitely make it to the top ten and make you have a new impression of me!"

Seeing how confident she was, he smirked and chuckled.

She's so young and doesn't lack confidence, but I wonder if she's confident because she studied hard... or because she doesn't know how tough it really is!

Forget it, I'm there for her anyway. It doesn't matter even if she doesn't make it.

By then, he would just settle things for her.

As long as she continued being obedient, he wouldn't mind letting her be spoiled.

With his protection, she would just have to grow up slowly.

At the thought of this, he rubbed her head and said, "Great, I'll wait for you to make your comeback, Sister Zheng..."

As soon as he finished speaking, he realized that she had been raising her head to look at him, clearly distracted.

He looked down and asked, "What's the matter?"

Luo Zheng blinked and leaped into his arms again. "Brother Cheng, you're so handsome! How could you be so good-looking..."

He chuckled and looked just like a sculpture. His mannerisms were full of prestige as well.

He was absolutely suave!

"You're really man-obsessed!" He said helplessly before kissing her hair affectionately.

However, he had yet to realize something!

If others called him good-looking, he would definitely be displeased.

However, Luo Zheng made him feel immensely gratified.

Since she thought he was good-looking, she would definitely continue fancying him, wouldn't she?

Chapter 249: Father, Am I Pretty? Do I Look Like Mother...

Time quickly passed by.

For the past few days, Luo Zheng had been busy with her studies and would sometimes feel weak because of the drugs in her body. Fortunately, she had yet to suffer a relapse.

Due to the fact that she was immersed in revision, she no longer visited Capital University everyday like she used to.

She only realized when she visited Capital University some time later, that Bo Hancheng had been absent and seemed to have applied for leave because he had something to attend to.

That was not all. Luo Zheng realized to her dismay that she still did not get his mobile number.

The difference was that this time, she had forgotten about it because she was too obsessed with him.

Hence, she felt that she really had to stop being man-obsessed. If her drug addiction were to relapse, she would be in dire consequences when she could not contact him!

...

On Wednesday evening, the Gu Family's banquet was held in a manor built in the mountains.

In her previous life, Luo Zheng had once served Gu Changye and was well aware that this was his main residence. It occupied a huge plot of land and the layout was very luxurious, outstanding and extravagant.

Luo Zheng put on her makeup meticulously and picked out a red gown which she changed into before pulling her hair back into an updo.

Luo Zheng then grabbed a photo frame from the bedside cabinet.

The lady in the photo was beautiful, elegant and prestigious... she was none other than Luo Huawei, Luo Zheng's birth mother!

"Mother, don't worry, the Mu Family is so greedy. I'll destroy them one by one!" Luo Zheng smiled coldly and put down the photo frame before turning around to leave the room.

At the instant that she made her way downstairs, she was greeted with the sight of the Mu Family members who seemed to be gloating... she could vaguely guess that something was about to happen during the Gu Family's banquet.

"Father, do I look good?" Luo Zheng asked Mu Tianwei, ignoring everyone else.

Upon hearing this, Mu Tianwei turned around to look at Luo Zheng.

His expression stiffened and a look of disgust formed in his eyes. However, he quickly suppressed it!

However, Luo Zheng could still clearly see it and hence, continued, "Do I look like Mother?"

Indeed, Luo Zheng had dolled herself up in the same way that Luo Huawei was dressed in the photo. Since Luo Huawei was her mother, Luo Zheng naturally resembled her.

Her mannerisms just now were almost exactly like Luo Huawei's!

“You do look like her! Let’s go, we can’t be late...” Mu Tianwei said hurriedly and ignored Luo Zheng before walking out.

Luo Zheng looked down and sneered.

Mu Tianwei, are you already disgusted?

Are you feeling guilty... or scared?

She had no idea why her mother chose to marry Mu Tianwei, out of all the people in the world.

Mu Tianwei was clearly married with children and yet, he hid it from Luo Huawei... Before they got married, he clearly knew that Luo Huawei was pregnant with Luo Zheng and yet, he still chose to marry her. Wasn’t he doing it out of greed and desire for her wealth?

Even though she did not care about her biological father, she felt fortunate... that Mu Tianwei was not her biological father!

Hah, I intentionally tried to emulate Mother, simply because I wanted to make Mu Tianwei feel uneasy. I didn’t think he’d react so greatly. This is... beyond what I expected!

Luo Zheng and Mu Tianwei then left together.

Filled with displeasure, Su Xuanxuan complained to Mu Cuiyun, “Mother, why can’t I attend the Gu Family’s banquet? If I go, I might be able to get acquainted with a rich man and end up marrying him!”

Mu Cuiyun was feeling increasingly disgruntled. Her daughter was indeed correct. She did want her daughter to attend the banquet too.

However, Su Xuanxuan was not fit to do so!

At the thought of it, Li Shufen frowned and exclaimed in displeasure, “Xuanxuan, there are only two invitations from the Gu Family so Tianwei can only take the little bastard with him. You’re not invited!”

In fact, the Mu Family was invited this time, only because Gu Changye obviously wanted Luo Zheng... Otherwise, Mu Tianwei would never be eligible to attend the banquet even though he was a minor shareholder in the Gu Family’s company!

Su Xuanxuan pouted, feeling indignant because she was deemed as inferior to Luo Zheng.

Having understood what she meant, Mu Cuiyun comforted softly, “Don’t worry, as long as the little bastard can please Young Master Gu well, the Gu Family will value us! You’ll then have the chance to meet more wealthy heirs...”

Suddenly reminded of something, she continued, “Besides, you still have your cousin! She seems to have a future with the third son of the Bo Family! She might even become the First Lady in the future...”

Chapter 250: She’s Just A Plaything, Who Does She Think She Is!?!

“Cuiyun, don’t keep bringing this up! After all, nothing is set in stone yet. If word about this spreads, the consequences will be unimaginable!” Li Shufen frantically interjected in an austere tone.

However, she had a smug look on her face... After all, her granddaughter was not only pretty. She was kind, filial and good in academics too.

She even had the ability to possibly become the First Lady!

During ancient times, the First Lady was just like the nation's mother!

The mere thought of it made her feel particularly agitated.

Su Xuanxuan pouted and jealousy grew within her. Putting aside Luo Zheng who came from a wealthy family, even Mu Nianqing had the chance to get married to a wealthy man. Why did she have to succumb to staying ordinary?

She felt frustrated about having a jerk for a father and a useless mother!

However, the thought of Luo Zheng being trampled by Gu Changye in the blink of an eye, made her feel much better.

For the past few days, she had been deliberately trying to find out more about Gu Changye so as to ensure that her uncle was telling the truth.

She found out that Gu Changye was indeed sexually impotent and was rumored to be extremely perverted because of that... All of his lovers would end up being tortured, covered in wounds and become mentally unstable!

Tsk, tsk, I'm really looking forward to seeing Luo Zheng being tormented and going crazy.

What's the point of being so gorgeous? She would still have to be given away to a perverted man, like an object!

...

The lights were shining bright in the Gu Family's manor.

Luo Zheng alighted from the car while carrying the hem of her dress. She looked at the castle-like manor in the distance and a complicated expression formed in her eyes.

The four major families of Beijing were the Gu Family, Xi Family, Chu Family and Luo Family.

Since the Gu Family was one of them, they would definitely be highly coveted.

In her previous life, she proceeded to serve Gu Changye in Xi Qianqian's place. For three months, she stayed beside Gu Changye and was put through all sorts of torment. Even after her rebirth, she was still traumatized!

She had no choice, but to admit that Gu Changye was indeed talented, for he could make the Gu Family become the top family. However, they too encountered some difficulties and were eradicated, with the Xi Family and Chu Family preceding them.

The Luo Family was the last.

No matter how glorious the four major families used to be in Beijing, they ended up in pathetic and dire straits!

The Mu Family was only a small shareholder, and hence was particularly insignificant.

Thus, no one noticed when Mu Tianwei entered with Luo Zheng.

Even if they did, they were all only paying attention to Luo Zheng who was dressed outstandingly...

Everyone in the upper class circle knew that Mr. and Mrs. Gu were a loving couple and the role models for all married couples despite having been married for 30 years.

Everyone including the heiresses, wealthy ladies and socialites, were envious of their relationship.

Luo Zheng smirked coldly and thought, loving? It's all an act!

She turned to see that Mu Tianwei was speaking to someone over the phone and continuously smiling in an extremely hypocritical manner!

He then walked towards her and asked with a benevolent smile, "Zheng, are you tired? There's still some time before the banquet begins. Would you like to go in and get some rest?"

Luo Zheng smiled faintly and answered, "Okay, I'll listen to you..."

She wanted to see what he had up his sleeve! Soon, a maid appeared and ushered them in.

They passed through the hall, walked past a garden and continued to make a few turns here and there.

Luo Zheng's heart began to race continuously.

She realized that humans were scarce where they were. Memories flooded her mind and her heart dropped while she clenched her fists tightly.

The place in front was none other than where Gu Changye was!

Luo Zheng could not help, but feel terrified of Gu Changye, although she could not guess his intentions.

However, her agenda for tonight was to see Gu Changye. Hence, she had to bring herself to do it.

At this moment, Mu Tianwei picked up the mobile phone and said, "Zheng, I have something to attend to. Go get some rest. Wait for me, I'll look for you later..."

He then turned around to leave before Luo Zheng could even answer.

"Miss Luo, please hurry and leave with me!"

Sensing that Luo Zheng was not leaving, the maid looked up and said those words to her.

Luo Zheng answered coldly, "What if I don't want to go?"

"You're putting me in a spot of trouble!" the maid said with a frown, without any signs of being polite.

Luo Zheng smiled and expressed her stand.

At this moment, the agitated and infuriated maid gibed in disdain, "You're just a plaything. Who do you think you are!?! Someone, come and bring her to Young Master, according to the old rules!"
