

BO LOVE LIFE 301

Chapter 301: Sorry, I Accidentally Lost You

The images paused and Xi Mubai's consciousness became weaker.

He couldn't tell between reality and his memories and all he knew, was that there was an excruciating pain... in his chest!

He then turned his head towards the side and slipped into unconsciousness!

"Senior Mubai..."

Gu Sisi got a great shock and she stared at his pale face before gently touching his face.

However, he still couldn't wake up.

She immediately shivered in fear.

Clearly, Xi Qianqian had spiked the wine and wanted to see Luo Zheng embarrass herself. She made it clear... that the drug added was an aphrodisiac!

Or did Luo Zheng lie to me and swap the aphrodisiac for something else?

At this moment, Gu Sisi was feeling extremely helpless because she had no idea what she should do about Xi Mubai!

...

Luo Zheng walked out of the Gu Family home and stumbled down the mountain.

Blood was rushing through her veins and seemed to be burning up, as if she was yearning dearly for something.

Luo Zheng had long experienced that feeling which was rather familiar. After counting the number of days again, she realized that it was the time for the relapse of "Blue Vixen".

The only way to quit completely was to bear with it and never think about drugs again!

However, there was still a long way to go before she would reach the foot of the mountain.

During the critical juncture, a man stepped forward and said respectfully, "Miss Luo, I'm Young Master's chauffeur and he instructed me to send you down the mountain to a place that you'd like to go."

Gu Changye?

She didn't expect him to be the one to help her during the banquet and also the one... who remembered her now!

Luo Zheng didn't reject and got inside the car where she leaned against the backseat.

"Miss Luo, you don't seem too well. Should I send you to the hospital?"

When the driver was about to ask where she wanted to go, he realized that she was very weak and hence, gave her a suggestion.

However, he did not know that it was a relapse of her drug addiction. Luo Zheng shook her head and refuted, "To Sofia Hotel..."

In this situation, she definitely couldn't go back to the Mu Family home and it would be troublesome to go to the hospital too. She reckoned that she would be fine after just pushing through!

Every minute and second of the journey to the hotel felt like an eternity.

All of a sudden, she heard a tender female voice singing softly,

"Can't help but turn into a stubborn fish,

swimming alone against the current,

the swear that I made when I was young,

sinking silently in the deep sea,

despite reliving several times,

I still lost you in the end,

I'm sentenced to a life of loneliness by love,

I won't fight back or let go,

the unfinished circles,

the voids in my heart,

it's you,

why am I sentenced to a life of loneliness,

I can't break through,

the frown on my forehead that can't be eased,

the curse of my destiny that cannot be broken,

it's you,

I've lost you,

I've lost you,

..."

...

I've lost you... I've lost you... I've lost you...

I'm sorry, my Mr. Bodyguard, you are the only redemption I have. I was too careless and accidentally lost you!

You have died in the previous life, and I am still alive in this present life.

I'm the only one left alone in this life with memories of the previous lifetime!

Her tears rolled down her cheeks and there was nowhere for her to vent her frustration.

Barfs

She covered her mouth and allowed the liquid to flow out of her mouth and onto her hands.

Under the dim yellow light in the car, she looked at her palm, only to see that it was covered in daunting blood!

...

The Gu Family banquet was initially meant for commemorating the 30-year wedding anniversary of Mr. and Mrs. Gu.

However, heaven decided to rain.

Hence, the guests didn't stay for long and all left early.

Once the silence was restored in the hall, Mrs. Gu was about to ask about what happened with Luo Zheng during the banquet.

All of a sudden, someone scurried into the hall and exclaimed at Old Mr. Gu, "Old Master, something has happened to Missy!"

Although Gu Sisi was allegedly Gu Changye's cousin on the surface, the ones in the Gu Family who knew about the matter, knew what the truth was.

She was just an illegitimate daughter of Mr. Gu.

Due to the fact that Mrs. Gu only gave birth to two sons, Mr. Gu lacked a daughter. He brought Gu Sisi home and introduced her as his niece.

Mrs. Gu turned a blind eye to it because Gu Sisi was a daughter and not a son. Hence, she would be getting married someday and wouldn't vie with her sons for any assets.

It was unknown what the servant said to Mr. Gu.

He slammed his hand against the table forcefully and yelled, "Ridiculous, Sisi is really ridiculous! Hurry, take me there to have a look..."

His daughter made the eldest son of the Xi Family stay behind, and even did something shameless to him!

Chapter 302: Taking Medicine

To their surprise, something happened to the eldest son of the Xi Family, and he even slipped into a coma.

He was now at the front yard, and was probably in a dangerous situation.

If it were to be delayed and something were to happen to the Xi Family's son, how could the Gu Family answer to the Xi Family!?!

Mr. Gu walked out of the hall immediately and rushed to deal with the matter.

Upon seeing this, Mrs. Gu sneered and did not follow.

After all, Gu Sisi was still a thorn in her flesh because she was the proof of her husband's infidelity, even though she was of no harm to Mrs. Gu's interests as she was only an illegitimate daughter.

Their loving relationship and strong 30-year marriage was just a show for everyone!

At the thought of this, Mrs. Gu glanced at Gu Jingxuan and said, "Jingxuan, it's getting late, we should go home. Let's not disturb Changye's rest."

The mid-mountain villa was not actually where the Gu Family lived, and was instead Gu Changye's private territory.

He hated being disturbed by others and preferred to enjoy his peace and quiet alone. Hence, he lived there by himself.

The other members of the Gu Family lived in the family mansion that was at the center of Beijing.

The mountain villa was selected as the venue tonight because it was perfect for the banquet!

Gu Jingxuan smiled and patted Gu Changye's shoulder. "Brother, get some rest. Well, my mother can't get used to sleeping on others' beds so she can't spend the night here at yours! How unfortunate..."

Upon hearing his words, Gu Changye nodded slightly with a calm smile on his handsome face. His amber-colored eyes were demonic and attractive.

Before leaving, Mrs. Gu took out two bottles of medicine from her bag and handed them to her eldest son. She then said in a mellower voice, "Changye, you should be running out of medicine soon. I've brought you some. Remember to take them..."

Gu Changye glanced at the two bottles of medicine in her hand and his eyes grew a little gloomy. "Mother, I don't feel too good lately. Is this medicine... a little ineffective?"

Upon hearing his words, Mrs. Gu frowned and shoved the bottles into his hands. "This medicine was specially formulated for you by an expert I hired. How could it not be effective? Continue taking them for a year or two and you'll get better!"

Gu Changye held onto the medicine bottle tightly as the light green veins began to bulge on his hand. However, he never spoke again.

After giving out her instructions, Mrs. Gu turned around and was about to leave. Gu Jingxuan chased after her and at the same time, he glanced at Qi Sumei casually. "Oh, Sumei! I mean, Sister-in-law! Brother is in low spirits. Do accompany him and go back later. I'll leave first. The chauffeur will stay behind to drive you down the mountain."

Qi Sumei nodded and agreed.

Although she was Gu Changye's fiancée, they didn't live together.

He lived on the mountain and she often went up to visit him but she had never spent the night there!

Gu Changye looked in front to see that Mrs. Gu was holding onto Gu Jingxuan's arm and suddenly found it to be an eyesore. He suddenly added, "Mother, the weather is getting cold. Please look after yourself. If you need anything, feel free to tell me."

Mrs. Gu did not respond and left with Gu Jingxuan.

Qi Sumei was left alone with Gu Changye. She looked at him smilingly and said gently, "Ye, when are you going to rest? I'll leave after you sleep."

"Mei, stay with me tonight, okay?"

Gu Changye asked, staring solemnly at the woman whom he had loved deeply for years.

"Do you... want me to stay? But I've never spent a night here before..."

Qi Sumei stiffened a little and felt rather helpless because she didn't expect him to make such a request.

All of a sudden, Gu Changye stretched out his arms and hugged Qi Sumei tightly, "Tonight, you promised to marry me. In no time... we will become husband and wife! A married couple must live together, so let's take it as us adapting in advance, alright?"

Chapter 303: Will You Marry Me and Remain As A Living Widow For The Rest Of Your Life?

All along, Gu Changye knew clearly that Qi Sumei did not love him.

Besides, he had gotten into an accident and became sexually impotent. Out of respect, he rarely touched Qi Sumei.

He changed his lovers frequently, all for the sake of catching her attention!

He tried to torture his lovers because he couldn't restrain himself, and had violent tendencies. He was indeed rather brutal and extreme... but he had never tried to force his lovers to be with him. They were all willing parties.

Whenever he saw Qi Sumei blaming and berating him, he wouldn't get angry and would simply comfort himself in joy.

At least, she wasn't unfeeling towards him and still cared about him. Regardless of what her rationale was, what mattered was... she cared!

"Ye, I don't want to adapt to it now. Don't force me... okay?" Qi Sumei's body stiffened and she retorted.

There was silence for a long time.

"Mei, the plum blossoms in your room, are withering soon, right?" He questioned calmly all of a sudden.

Due to the fact that Qi Sumei's name contained the word 'Mei' (means plum blossoms in Chinese), and she was as pure and elegant as plum blossoms... Gu Changye would meticulously collect plum blossoms from everywhere, regardless of the season, and send them to Qi Sumei's room.

All year round, there would be plum blossoms blooming for her... and right before they withered, Gu Changye would replace them!

His love for her was eternal.

“Ye, how many times have I said that you don’t have to worry so much! The flowers will bloom again after they wither, there can never be flowers that do not wither...”

Qi Sumei looked down to hide her disgust and answered him calmly.

“So, are you really willing to marry me and stay as a living widow for the rest of your life?”

Gu Changye asked again. For the first time, he was willing to be frank about the issue.

Just as Qi Sumei was feeling slightly stunned, he slowly let go of her and took a step back. “Mei, I’m sure you know how I feel about you! I just want you to accompany me. I’ll give you what you want, except... we can’t have a child.”

After a short pause, Gu Changye clenched his fists and felt rather agonized because of his flaw.

“However, I suddenly want to give you a way out! As long as you say that you regret your decision and refuse to marry me, you’ll still have a chance! I’ll step out and call off our engagement...”

They looked at each other and Qi Sumei felt that Gu Changye was behaving rather strangely today.

Could it be... that he knows something?

No, it can’t be!

However, he really wanted to know the truth. Given his ruthlessness, how could he be so calm?

He loves me? Psht, what does an eunuch know about love!?!

The only possibility would be that he’s testing me!

“Ye, I’m yours and I’ve always been yours. Of course I’d be willing to marry you.”

She said calmly after a long while.

“Hah, is that so?”

Gu Changye chuckled gently after hearing her words.

He then lowered his head in a bid to kiss Qi Sumei on her lips.

Qi Sumei quickly moved her head towards the side, causing Gu Changye’s kiss to land on her cheeks instead of her lips.

Afraid that he may be displeased, Qi Sumei fiddled with her fingers and explained, “Ye, you have always respected me and I... I am very grateful for that! There’s still some time left before we get married. I’d like to slowly get used to being intimate with you... Before then, don’t force me, alright?”

Gu Changye looked at her while feeling utterly disappointed. He felt as if he were looking at a joke that was being played on him.

After a long while, he said calmly, “Okay.”

He then extended his arm slowly and pulled her into his embrace. He muttered softly, "You clearly know that I'll never turn you down. Throughout all these years, haven't I been giving in to you for everything?"

"Ye, thank you."

Trying her best to bear with the disgust, Qi Sumei extended her arm and tried to hug him.

However, Gu Changye didn't find the hug to be heartwarming at all... instead, he felt disappointed!

Chapter 304: How would Brother React When He Sees The Love Of His Life?

The night came to an end quietly.

The woman pushed the door of the room open quietly with the sounds of the door being unlocked.

"Mei, why did you come back so late? I missed you so much! Hurry and touch this spot. I've been feeling terrible..."

Before Qi Sumei had even entered the room, a man extended his arm to grab her, and suddenly dragged her into the room.

She stumbled into the room and fell into his embrace. Before she could even regain her balance, he pressed her against the door and was about to kiss her.

Qi Sumei turned red and she seemed to have just cried after feeling aggrieved. "Do you often wait for me just for the sake of this?"

Upon hearing her words, he felt that something was wrong and then stopped for a while. He revealed his handsome face which resembled Gu Changye.

He was none other than Gu Jingxuan!

Seeing that Qi Sumei was obviously behaving abnormally, he frantically asked her what was going on.

Qi Sumei raised her hand and smacked him on his chest. "Do you know that he almost..."

"Almost what? What did he do to you? What are you afraid of? He has erectile dysfunction and he's very respectful towards you too..."

Gu Jingxuan smiled sinisterly while tugging Qi Sumei's clothes inappropriately.

"Can you... listen to me first... we can wait..."

Qi Sumei was short of breath and she lamented in displeasure, "Although he's sexually impotent, I'll have to be touched by him once I marry him! Just after you left, he actually tried to kiss me, it was really disgusting..."

After being aroused by Gu Jingxuan, she laid in his arms sensually and said, "You're so mean. You still called me your sister-in-law in front of him..."

"How else should I have addressed you then? Aren't you my sister-in-law?"

Gu Jingxuan was constantly teasing her without feeling guilty at all.

While enjoying it, Qi Sumei said worriedly, "Jingxuan, how long more must we keep our relationship clandestine? You can't watch me marry him like that..."

"Mei, I haven't thought of a solution yet! I'm sure you know that the Gu family is under his control now and my father can't bear to be harsh on him for the sake of kinship! Psht, I really don't know what a useless eunuch like him would know about romance! Does he want the Gu Family's bloodline to cease?"

Gu Jingxuan then pressed Qi Sumei against the door.

During this period, Qi Sumei pleaded, "You have no idea how daunting it is to have to pretend in front of him every day, whilst being afraid of letting him find out! Whenever he looks at me affectionately, I feel so disgusted..."

"Speaking of it, you and my brother were childhood sweethearts and you've been his fiancée for many years! Brother may be sexually impotent but he's genuinely devoted to you, why are you not touched at all?"

Gu Jingxuan thrust himself into Qi Sumei with a smug smile while holding onto her waist. "I really want to know how Brother will react when he sees his beloved woman getting intimate with me here."

"How could you have the cheek to say it... it's all because of you... You were the one who forced me back then..."

Qi Sumei said sultrily while being enamored with him.

"At last, the one begging me, will be you, Mei..."

Chapter 305: Kill Gu Changye

Gu Jingxuan said triumphantly, "No wonder people often say that women are sensual creatures! You do not love my brother, just because... he's not a real man and can't give you sexual relief..."

"It's not like that... don't spout nonsense..."

Despite being immersed in joy, Qi Sumei still felt rather uncomfortable as she subconsciously turned him down.

"Fine, fine... it's my fault! Mei, even without me, you won't be able to stay as a living widow for life!"

He thought about how Qi Sumei was the woman whom Gu Changye cared about the most.

At this moment, he was just like a dog whom Gu Jingxuan was bullying at will. Gu Jingxuan enjoyed the thrill of revenge.

Hence, he was getting increasingly enthusiastic.

At last, he carried her to the bathroom.

During the bath, the two of them went at it again in the bathroom.

He exited again and the two of them laid on the bed. Qi Sumei was covered in love bites and she lamented, "Look, you gave me so many hickeys again! I have to be careful not to let him discover me again! Besides, if I get pregnant..."

“What are you afraid of? He is an eunuch and will never touch you. He definitely wouldn’t find out! Besides, he treats you like a treasure and he never dares to damage you. He can only torture his lovers...”

Gu Jingxuan placed a hand on her stomach and said, “If you get pregnant? Well if you get pregnant, give birth to the child and give him a bastard child...”

He realized that Qi Sumei had turned pale and he suddenly felt embarrassed.

He hurriedly hugged her and kissed her on her face. “Look, I was just making a casual comment. How could he be a bastard child?! If you really get pregnant, he’ll still be my precious child...”

“Jingxuan, cut it out, I’m being serious. I’m really scared! You have no idea how scared I am when I face him everyday. Can you tell me... what you always make me spike his drink with? His temper is getting from bad to worse and lately, one of his lovers almost got tortured to death...”

At the thought of this, Qi Sumei began to find it increasingly terrifying and she hugged Gu Jingxuan while asking.

Ever since she got into a relationship with Gu Jingxuan, she almost followed all of his instructions.

She could feel the wonders of being a woman, only when she was with Gu Jingxuan who made her feel complete... Although Gu Changye cared about her, he was still sexually impotent and had an erratic temper. He was absolutely detestable!

Outsiders thought that Gu Changye treasured her and loved her deeply, but she knew that she was absolutely terrified of him... and she had to pretend to be elegant, prim, proper, and beautiful. She could never express any of her real emotions.

Back then, the two of them were childhood sweethearts. Gu Changye was handsome, outstanding and devoted to her. Hence, it wasn’t that she had no feelings towards him.

Hence, when the accident happened, she simply thought that Gu Changye would be able to return to normal after proper treatment because she thought that the medical technology was advanced enough... To her surprise, he became sexually impotent but she couldn’t call off the engagement.

Firstly, calling off the engagement would give the Qi Family a bad reputation and secondly, she might also offend the Gu Family!

For the sake of the Qi family and her parents, she had no choice but to grit her teeth and insist on going ahead with the engagement.

Her unbearable life lasted for several years.

In the past, she never thought that she could not live without a man. However, when she got older, she unexpectedly became Gu Jingxuan’s woman... only then did she know how important sex was to a woman. It was absolutely essential!

Hence, she really didn’t want to hold on or put up with it any longer, not even for a single minute or second.

“Mei, be good and don’t ask about this again. It won’t be good for you to know too much. You only need to remember one thing. It won’t be long before he disappears from this world, and he will never pose a threat to us again.

Gu Changye’s eyes were filled with viciousness when he thought about Gu Changye.

“Disappear from this world? What does that mean!?! Are you... thinking of killing Ye?”

...

Chapter 306: Only A Dead Man Can Keep A Secret Forever!

Qi Sumei could tell that there were hidden meanings in Gu Jingxuan’s words and couldn’t help but turn pale.

“Mei, there are some things that can’t be spelled out explicitly. You just need to be responsible for coaxing him and cajoling him in the day. At night, you’ll wait on me!”

Brother? Hah, what a joke!

Just because Gu Changye was older than him and was leading the company, he refused to let Gu Jingxuan enter the company.

He would simply turn Gu Jingxuan down with the excuse of the latter being too immature, and he claimed to be helping him stabilize the Gu Family’s business before handing it over to him in the future!

Hah, does he really take me for a fool? He’s clearly just worried about me vying with him for the position!

Tit for tat.

In the past few years, he had been pretending to respect Gu Changye as his brother but in reality... God knew how much he wished he could snatch his family’s business back from Gu Changye!

Since he couldn’t trump him in terms of career, Qi Sumei was the only stake he could use. Hence, he decided to do everything he could to win her over and make a cuckold out of Gu Changye.

Gu Changye hurt his genitals during the accident that happened when he was younger and there were initially still some possibility of treatment... Unfortunately, the last bit of hope was destroyed by Gu Jingxuan who made use of Qi Sumei and instigated her to tamper with Gu Changye’s medicine. In the end, there was no longer any solution for him.

He was almost completely impotent and in about a year’s time, he would become a true eunuch. No... not only will he become a eunuch, he would even become manic in three years and slowly lose his rationality.

He would end up as a lunatic whom everyone hated!

At the thought of Qi Sumei mattering a lot about Gu Changye, Gu Jingxuan could not help but tease Qi Sumei again as he felt an urge to get intimate with her.

Qi Sumei was indeed a standoffish and lofty woman, who initially refuted him when he tried to seduce her... In the end, he had to resort to despicable means to subdue her after giving her some advantages.

At the thought of it, he began to get an idea.

Qi Sumei felt rather uncomfortable at first because she felt that Gu Jingxuan wasn't taking her seriously.

However, she soon lost control and became extremely immersed in the pleasure.

...

In the pitch dark night, Gu Changye stood on the rooftop alone.

He heard a female voice coming from the feedback of the hearing device in his ear. She was completely different from the way that she was in front of him.

She was promiscuous, slutty and cheap.

Although he already had a hunch right from the beginning, it was a pity that her true colors began to show, thus making his heart bleed. The woman whom he loved and cherished greatly, actually betrayed him together with his own brother!

His body trembled a little and Gu Changye closed his eyes, unable to suppress the desire for brutality in his heart.

In front of him, Qi Sumei was all prim and proper. His cheery and jovial younger brother... turned out to be such a horrible person!

Why?

If Qi Sumei wants her freedom, I'll give it to her.

If Gu Jingxuan wants the company, I'll give it to him.

What a joke, Qi Sumei claims that she doesn't want to call off the engagement... What a joke, I know that Gu Jingxuan is young and energetic, so I wanted to train him!

As long as he trains for a few years, he would be able to take on the business on his own, and the Gu Family's business will be handed over to him.

He tried to light a cigar, but his fingertips were shaking. The only light in his heart gradually diminished as well.

At this moment, he received a text message.

"Young Master, the results of the test are out. The medicine contains stimulants that will affect your emotions. Due to the low concentration, it wasn't noticeable! However, this medicine will cause you to develop severe bipolar disorder after a few years and cause you to become deranged..."

Bang!

Gu Changye's face tensed up and he dropped his mobile phone onto the ground, causing it to shatter into bits.

The person who developed the medicine was none other than Mrs. Gu who had always given it to him personally! His own Mother!

It turned out that his life was just a joke.

Gu Changye remained still for a long time like a statue.

He only moved again at three or four o'clock in the morning. He turned around and headed downstairs to collect his car before driving to Sofia Hotel in the center of the capital.

Due to the fact that the chauffeur had sent Luo Zheng there, Gu Changye knew which room Luo Zheng stayed in.

The demon imprisoned in his heart had already broken free from its shackles.

Luo Zheng... Luo Zheng... Luo Zheng...

She was the only one who knew what was going on and had witnessed his absurd life. He had no choice but to get rid of her, because in this world... only the dead can keep secrets forever.

Chapter 307: Save Me...Brother Cheng... I Feel So Sad...

The Gu Family was a shareholder of the Sofia Hotel and Gu Changye was the heir of the Gu Family.

As soon as he arrived, the waiter handed him the spare key card to the room and he headed straight to Room 1316 where he swiped the key card. To his surprise, the door did not open and clearly, someone had blocked it from inside.

“Hah, Luo Zheng!”

Gu Changye chuckled and kicked the door forcefully without hesitation.

After he kicked it several times in a row, the door was finally opened.

The room was dim and it seemed like there was no one in there.

At the same time, the sounds of water flowing could be heard and Gu Changye stepped forward with a sullen expression. He then kicked the door of the bathroom open again. “Luo Zheng, you...”

He suddenly stopped talking.

The scene in front of him made him feel stunned for a long time.

He was greeted with the sight of Luo Zheng curling up in the bathtub that was filled with fresh water, allowing the water from the faucet to splash onto her continuously.

She was almost as pale as a sheet and she was extremely weak and feeble, seemingly having lost all signs of life.

The portion of the porcelain white bathtub in front of her, was stained with blood and it looked absolutely daunting!

After a moment of recovery, Gu Changye approached slowly, only to see that there were plenty of bite marks on her arm. She had clearly bit herself and seemed to be trying to endure something.

Gu Changye turned off the faucet and finally realized that the water was cold!

He bent forward and patted her face, causing her to sway and fall into the bathtub.

Gu-lu...

When she plunged into the bathtub, there were bubbles coming from her mouth and she struggled to get up.

However, at this moment, Gu Changye pressed her head down abruptly, making it impossible for her to bring her head up!

“Luo Zheng, you deserve to die!”

Gu Changye’s amber eyes turned gloomy and he was full of murderous intent.

Luo Zheng opened her eyes when she was in the bathtub and she began to find it hard to breathe. She tried to struggle with all her might but to no avail.

In the end, she had no choice but to raise her arm and fumble about to grab Gu Changye’s wrist while her sharp nails dug into his flesh. She had a strong desire for survival!

Gu Changye glanced at her with a straight face and watched as she struggled continuously before stopping.

Did she... just die?

He felt a pinch in his heart and suddenly let go while gloominess filled his eyes, making it impossible for anyone to read his emotions.

Coughs

After just a few seconds, she coughed and tried to move her head out of the water.

“Gu Changye, you are a perverted demon and lunatic!”

Luo Zheng tried her best to recover from the shock and cursed Gu Changye while staring at him.

Before he spoke again, she deliberately tried to provoke him, “You want to kill me because I told you the truth, right? Gu Changye, you’re such a coward. Is this all you can afford to get up to!?!”

Needless to say, he definitely found out about the cruel truth since he was behaving so maniacally.

“If it weren’t for me, you’d still be kept in the dark. In just two or three years, you’ll be the one to die!”

Luo Zheng continuously provoked him for the sake of saving her own life.

He had an erratic temper and she definitely couldn’t treat him normally.

As expected, Gu Changye stared at Luo Zheng intensely while a storm seemed to have appeared in his eyes.

He then pulled her out of the bathtub and dragged her outside. “You’re right, I shouldn’t be killing you. I should be thanking you instead, Miss Luo!”

Gu Changye then walked towards the bed and threw her onto it.

Luo Zheng was suffering a Blue Vixen relapse and could only bear with it by soaking herself in the bathtub and bathing herself with cold water to bear with the burning sensation in her body.

However, Gu Changye's arrival disrupted her plan.

At this moment, she slowly regained her soberness but once she left the bathtub, the effects began to kick in again.

She was curled up into a ball on the big bed, and her consciousness seemed to have become a little blurry. "Gu Changye... I don't need you to thank me... Just leave..."

Glancing at her, Gu Changye stepped forward and chuckled. "Miss Luo, is this... a drug addiction relapse? Tsk, tsk, what a pity!"

Luo Zheng grabbed his arm and bit down forcefully, but to no avail.

Her mind was empty, and she desperately wanted to clutch onto something, like a dead fish that was in desperate need of salvation.

"Save me... Brother Cheng... I'm so sad... Mr. Bodyguard..."

Chapter 308: Vixen

All of a sudden, she murmured incessantly and seemed to be heartbreakingly hopeless.

Gu Changye glanced at her and the resentment within him seemed to have disappeared a little somehow.

She was clearly already going to die and yet, she was still missing someone who didn't love her!

"He's already abandoned you. Why would he be your salvation at this juncture? Luo Zheng, we really are the same!"

We're both shameless, obsessed, and abandoned by others.

He initially wanted to kill her for knowing his secrets and causing him to find out about the cruel truth which caused him to plunge into an abyss of agony... unfortunately, her predicament seemed to be no less as terrible than his. She too was being tormented.

"I'm feeling terrible... help me..."

There was cold sweat on Luo Zheng's forehead and her eyes were glassed over as she struggled.

The heat in her body became more and more intense and she could not help but grab the wet gown on her body. "It's so warm... I'm feeling so warm... Who's going to save me..."

The tugging revealed her skin that was fair like jade.

Seeing this, Gu Changye got a great shock.

Her long, seaweed-like hair landed on the bed sheet, which was a stark contrast to it... Not to mention, she was in a tight gown that showed every contour of her body. She was just like a charming vixen who was absolutely irresistible.

Somehow, Gu Changye found it to be particularly eye-catching and he turned his head to the side to look away.

If his body were normal, he would definitely touch her.

However, the thought of her and the Gu Family being the cause of the terrible state that he was in made him furious!

He again remembered that Luo Zheng was the one who revealed the cruel truth, and could not help but resent her for it.

If it weren't for her, he would still be able to live happily in the web of lies. Although his life was just like a joke... he at least didn't have to taste the heartbreaking truth!

"It's so warm... give it to me... hurry and give it to me..."

At this moment, Luo Zheng was all huddled up and she felt like her body was about to explode. Whilst being overwhelmed with torment, she continued to plead with him continuously.

"I know what you want! I'll give it to you later."

Gu Changye glanced at her face and got up to grab her mobile phone before instructing her calmly.

He then stood in front of the window and looked at her smilingly.

Killing her would be too boring!

Why don't I pull her into hell with me? Wouldn't that be the best ending?

Soon, someone came knocking on the door.

He expressed assent and opened it, only to see that it was a male private doctor who was about to enter with his medicine kit.

Seeing that her clothes were unkempt, Gu Changye suddenly hollered, "Don't come in. Wait at the door..."

He then continued to instruct, "Get a female attendant to help her change."

While changing, Luo Zheng refused to cooperate with him at all and the service attendant had no choice but to be patient and help her carefully. It took a long time for her to get changed.

Gu Changye then allowed the doctor to enter.

"Check how much blue poison is needed for her to stop the withdrawal symptoms!"

Upon hearing Gu Changye's words, the doctor gave her a checkup and said hesitantly, "Young Master, the blue poison in her body is too strong and she needs time to kick the addiction! If she were to get exposed to the poison again, it might harm her body..."

“So what if it harms her body? I want her... to be in a living hell!”

Gu Changye said gently without showing her any pity.

He then looked down at Luo Zheng pitifully with a sinister and cold expression. “She either dies, or remains under my control for the rest of her life!”

The doctor was in fear and he dared not make any comments. All he could do was frantically concoct the amount of poison needed.

“Leave the things behind and go out.”

Gu Changye’s command was what the doctor wished for. He said respectfully, “Yes, Young Master.”

He then looked at her pitifully and left quietly.

The poison in her body was extremely intense so the time taken for it to break out was longer. He checked her condition and realized that she had obviously just passed the hardest stage. She just had to wait one or two hours for the torment to be over.

If he were to inject blue poison into her body again at this moment, her efforts would be wasted... Besides, she might never get to kick it again!

After the doctor left, Luo Zheng and Gu Changye were alone in the room.

Staring at her while she was all huddled up in the corner of the bed, Gu Changye stepped forward unhurriedly and took out some blue poison.

He reached a hand out and said, “Hey, you. Isn’t this what you want?”

Chapter 309: It Hurts... Don’t Poke Me... Get out...

The clear syringe contained some blue liquid which looked extremely alluring.

Luo Zheng opened her eyes with a strong desire in them.

However, she was going through a tough time at this moment even though she was feeble and weak. She slowly became sober and she shook her head profusely. “No... no... I refuse... ”

“Hah, it’s not up to you!”

Gu Changye barked in resentment as he reached out to grab her arm, only to have her struggle continuously. “Get lost... don’t touch me... ”

At this moment, Luo Zheng felt like there were countless ants crawling in her body and she felt disgusted, terrible and in despair.

Gu Changye ignored her cries and pulled her by her shoulder forcefully.

Luo Zheng was caught off guard and fell onto Gu Changye’s lap while her seaweed-like hair cascaded downwards, revealing her swan-like neck.

He stared at the bite marks that he had left on her porcelain neck.

All of a sudden, Gu Changye felt like he was a vampire as he felt an urge to sink his teeth deep into the flesh of her neck again.

It was as if that was the only way he could ensure that he was still alive. What a crazy idea!

Gu Changye looked away when he felt his Adam's apple moving.

Without hesitation, he stabbed the syringe into Luo Zheng's arm.

The sharp pain made Luo Zheng's body tremble and her senses were heightened because of the drug relapse. "It hurts... don't poke me... get out..."

"Do you feel terrible? Why do you have to bear with it?! As long as the poison is injected into your body, everything will end..."

Gu Changye pressed her down and tried to tempt her by whispering into his ears.

In the silent night, the demon was luring the angel into going to hell with him!

Luo Zheng turned as pale as a sheet as the blue poison flowed into her arm and she struggled hard. She placed a hand on the syringe and tried to pull it out.

However, Gu Changye wrapped his large hand around her tiny one and stopped her from pulling it out. "You can't bear to do it? Luo Zheng, look at yourself. Look who's around you when you're at your most hopeless state. You're all alone... "

"Luo Zheng, we're all the same. No one loves us and no one shows us concern! Life is short, so why don't you do what makes you happy? You clearly want it, so why don't you listen to your heart... "

"I know you're suffering a relapse now and you're definitely in pain. I'm sure it's horrendous. Who are you putting up a brave front for? What matters is that you're happy. Don't make life hard for yourself... "

...

Gu Changye then pressed his fingertip against the plunger of the syringe and pushed it downwards.

As the blue poison entered her blood, Luo Zheng shivered and felt a sense of thrill and excitement that radiated to her limbs. The pain within her began to subside a little too.

"Be good, how does it feel? Does it feel great... "

Gu Changye stopped when he pushed 1/3 of the plunger in, after which he held onto her fingertip and placed it on the plunger, allowing her to make the decision.

"After you push all the liquid in, all your suffering will be over! There will be no more pain, no more sorrow, and no more loneliness. Trust me... everything will be fine, okay?"

Gu Changye's voice was rather hoarse and his words seemed to be breaking her fragile heart.

After sinking into confusion, Luo Zheng's mind was in a whirlwind as her memories of her previous and present life intertwined.

Yeah, why is she making her life so hard? Who would care about her!?!

Right from the start, she had already been abandoned by the world and had been living all by herself. She was left all alone to heal her own wounds... In the past, she thought that she had the entire world but she only realized in the end, that the world never belonged to her.

The sky is so large but there was no place she could call home.

Who is she? What is she regarded as!?!

She had failed and was completely defeated in both lifetimes. She implicated the Luo Family and caused Mr. Bodyguard to die alone in her previous life... Why? Why am I the one who survived? I'm all alone! She thought.

At last, Luo Zheng teared up with a deadpan expression.

Her teardrops accidentally landed on the back of Gu Changye's hand.

It was clearly just slightly warm but it made Gu Changye tremble.

It was as if her tears were gradually increasing in temperature with a tinge of loneliness, burning the back of his hand, and his... heart!

"You're right... no one loves me... I shouldn't torture myself... "

At the next moment, Luo Zheng finally gave up everything and gave in to her desires that were lurking deep in her heart. She pressed the plunger down and pushed the remaining blue poison into her bloodstream, bit by bit...

Chapter 310: Children Who Are Afraid Of The Cold, Are All Jaded

One-third of the poison was injected into Luo Zheng's body by Gu Changye while the remaining two-thirds was done so by Luo Zheng herself.

Seeing that only the last third was left, Gu Changye for some reason pulled the needle out of her arm and threw the remaining third of the blue poison, onto the ground.

The confused Luo Zheng stared at him blankly and said, "Give it to me... I still want it... "

Gu Changye rubbed her head and said, "What an obedient child! Don't take anymore, you've had enough... "

Even Gu Changye himself had no idea why he stopped her so suddenly.

Although only two thirds of the poison was injected, it would be enough to make her plunge into a living hell later on... However, as long as all of it was injected into her body, she would have to rely on it completely and she would become crippled, and would never be able to kick the addiction!

Is he softhearted?

Hah, how could that be!?!

He knew that the blue poison in Luo Zheng was the “Blue Vixen”... Not long ago, Li Mazi took it to the underground gambling den and gave it to Scarface personally, and meant for Scarface to give it to Old K on his behalf, as a gift.

Blue Vixen was the most deadly blue poison that had just been concocted and its toxicity was still unstable... As long as the poison gets injected into one’s body, they would never be able to kick the addiction for life. The poison was initially meant for dealing with Bo Hancheng but to his surprise, Luo Zheng took the jab for him and half the syringe was injected into her body!

It was true that the druglord Old K was forced to escape Britain because of Bo Hancheng, and fled to Beijing. When he arrived, he needed someone to help him.

The Gu Family was one of the ones who cooperated with him. As the head of the four major families of Beijing, how could they run a purely legitimate business... All four major families were involved in some sort of illegal activity. It was just that only very few people knew about it!

In between, Luo Zheng somehow became a spy and was selected by Scarface to be his lover, even though she was an heiress.

When Scarface was making a deal with Li Mazi, Bo Hancheng finally appeared and destroyed the underground gambling den.

Although Scarface escaped, Gu Changye had invested in the underground gambling den. When he found out about Luo Zheng in detail, he developed an interest.

He happened to find out that her father was Mu Tianwei, one of the shareholders of his subordinate’s company.

Hence, Gu Changye took the opportunity during the Gu Family banquet, to request to have Luo Zheng. He wanted to see if the Mu Family would agree or not.

Initially, he thought that Mu Tianwei would be rather hesitant since Luo Zheng was his daughter. To his surprise... Mu Tianwei actually agreed without hesitating at all, as if he had received a godsent opportunity. How ironic!

Gu Changye’s eyes turned gloomy when he thought about himself.

On the same boat?

Those words appeared in his head.

Looking at the girl under him, his thin lips curled slightly and he thought, since we share the same fate, we should fall into hell together!

However, she can’t die too soon, lest I end up alone. Without having someone who shares the same fate as me, I’ll definitely feel lonely... Hence, he subconsciously stopped her from injecting all the poison into her body!

Ah, that must be the reason. It’s not because I’m softhearted... how can that be? How is that possible?!?

Most of the blue poison entered her blood and she finally recovered slowly, no longer feeling empty.

Ever since then, she stopped throwing a tantrum but her body was still shivering as she rubbed herself against Gu Changye maniacally.

The blue poison made her feel extremely warm.

After the attack, it was quite the opposite. The temperature of her body dropped gradually and she broke out into a cold sweat.

As expected, Luo Zheng laid down on Gu Changye's lap and accidentally turned over, almost hitting his crotch!

Gu Changye's heart skipped a beat and he glanced at her, feeling a strange desire that seemed to have suddenly emerged from the bottom of his heart!

"It's cold... I'm cold... I feel so cold..."

Luo Zheng muttered to herself and grabbed Gu Changye's waist with both hands while continuously snuggling up into his embrace for warmth.

Gu Changye could feel her sweet and pleasant scent wafting through the thin layer of fabric.

She hugged him tightly like a person holding onto a piece of driftwood for dear life after having fallen into the water.

"Are you cold? Children who feel cold, are all jaded..."

Gu Changye smiled in an alluring manner and tugged her hair before twining it around his finger.

After only a few seconds, he whispered softly, "Luo Zheng, is your heart as jaded... as mine?"
