

BO LOVE LIFE 41

Chapter 41: She Doesn't Have Love, She Won't Fall In Love With Bo Hancheng!

Luo Zheng extended her arms in a bid to hold onto his arm again. She had already decided to go all out.

Bo Hancheng dodged and avoided her touch before looking at her coldly. "You mean, talk about love?"

Luo Zheng was slightly stunned by his words and she instantly stood rooted to the ground.

Talking about love with Mr. Bodyguard?

Hehe, why joke about this. That is impossible!

After her rebirth, she decided on three agendas.

First, she wanted to repay his gratitude and watch him live in bliss!

Secondly, she wanted to teach the Mu Family a lesson and make up with the Luo Family, so as to prevent them from facing their downfall!

Thirdly, she wanted to resent Xi Mubai and pester him for the rest of his life. She did not wish to be in a relationship anymore!

...

Love would make one become lowly, miserable and crazy. She loved Xi Mubai for ten years, only to be despised and abandoned by him in the end... In this lifetime, she decided to remember her lesson and never stoop so low again!

Without love, she would never love anyone again, including Bo Hancheng!

Hence, she could not agree to romance Mr. Bodyguard... the thought of how much he loved her in her previous lifetime, made her stay firm to that idea. She must make sure he does not fall in love with her again!

"Brother..."

"Like getting intimate with each other?"

After giving it some thought, Luo Zheng decided to change her request. However, she was interrupted by Bo Hancheng who suggested an even more absurd idea.

Luo Zheng choked and fell speechless. He questioned rhetorically, "Like, making love? Little imp, are you sure you can talk to me about such things when you're underage?"

As soon as he said his piece, he thought about the encounter they had last night. During then, she was suffering from the effects of the aphrodisiac and hence, was speaking brazenly. She did not sound like a 17 year old at all.

His eyes turned gloomy and he raised her chin with a look of disgust on his face. "Or is it that you don't care about this because you've long lost your virginity?"

Extremely dumbfounded, Luo Zheng could not understand why he switched the subject all of a sudden... She then guessed that he must have gotten the wrong idea about her and thus began to panic.

“Brother, I didn’t! I’ve never had a boyfriend before. How could I lose my virginity?”

Although she could not be embroiled in a romantic relationship with him, she could not allow him to think that she was filthy and promiscuous.

Seeing that he was silent, Luo Zheng flew into a rage and exclaimed truthfully, “Believe me, I’m still a virgin!”

For once, Bo Hancheng was at a loss for words.

He let go of her after a long time and looked at her with a complicated expression before calling calmly, “Luo Zheng?”

“I’m here! Why did you call me?”

Luo Zheng’s eyes glistened. This is the first time that Mr. Bodyguard has ever called me by my name ever since my rebirth!

His voice is crisp and clear. It really, really, really... sounds so good!

“If there’s something wrong with your brain, go see a doctor as soon as possible. If you drag it on for too long... it’s going to be bad for you!”

As soon as Bo Hancheng said his piece, he walked towards the entrance of Sophia Hotel, completely ignoring the fact that Luo Zheng was staring wide-eyed in shock.

In reality, Luo Zheng was on the verge of breaking into hysterics!

Why is Mr. Bodyguard so bent on the fact that I am crazy? This is a huge misunderstanding!

“Bo Hancheng, I’m not out of my mind! Wait for me...”

Luo Zheng hurriedly chased after him after retorting.

However, Luo Zheng’s sprained ankle began to ache acutely.

She began to sway unsteadily on her stilettos before stumbling forward and falling onto the cold hard ground.

“Don’t go...”

Luo Zheng was still calling Bo Hancheng’s name and struggling to stand up despite the pain.

Bo Hancheng heard her cries and reckoned that she must have been on the ground. Unfortunately, he only slowed down but did not stop walking towards the door!

“Missy’s cousin, I’ve been searching for you all day. Turns out you’re here! Old Master is waiting to see you...”

Chapter 42: The Woman Who Was Given To Him

As soon as Luo Zheng stood on her feet, Butler Gao scurried towards her to relay the message.

“Wait a minute,” said Luo Zheng who was eager about chasing Bo Hancheng.

She then ran past Butler Gao and limped towards the door to scan her surroundings.

However, she did not see Bo Hancheng anywhere in the crowd.

“Missy, are you alright?”

Butler Yu decided to ask her that question out of concern because he noticed that she seemed to be experiencing some difficulty with walking.

Luo Zheng frowned and rubbed her throbbing temples while letting out a sigh.

It is such a pity. I initially wanted to score some brownie points and get into the good books of Mr. Bodyguard... Yet, he left thinking that I am a lunatic.

Luo Zheng could not help but be exasperated at the thought of it.

The reunion should have been beautiful. Why did this happen?

I did not even get his number, what a failure!

But it does not matter. I guess I know where to find Bo Hancheng!

He works at Capital University.

Recalling the information leaked by Luo Qingqiu, Luo Zheng smiled and said politely, “Butler Gao, I’m alright. I’ll go see Grandpa now!”

She then followed closely behind Butler Gao and made her way upstairs.

She suddenly felt frustrated.

She was afraid that the Luo Family might have already found out that she was the one who ruined the banquet just now... She racked her brains in a bid to find an acceptable excuse that would not make them detest her.

“Third Brother, why did you take so long?”

Chu Ci smirked upon sight of Bo Hancheng walking out of Sophia hotel.

Chu Ci was wearing a mask which made him look breathtakingly suave.

“Something cropped up at the last minute and I was tied up with something interesting,” Bo Hancheng answered with a sullen expression.

Luo Zheng?

He continuously thought about her name which formed ripples in his heart.

She was definitely extraordinary since she could pique Bo Hancheng's interest. Just as Chu Ci was about to ask about the process, he was reminded of something else and asked smilingly, "Didn't Auntie find you a girl who has a special body type previously? Can she be your antidote?"

The two of them arrived in front of a sports car and Chu Ci said softly, "Auntie sent someone here and told me to give her to you! She's in the car right now."

"Chu Ci."

"Third Brother, you can't blame me! How can I turn Auntie's request down?"

Chu Ci immediately explained himself before Bo Hancheng got angry.

Immediately reminded of something, he said, "I'm sure you know what Auntie is like. If I don't agree and send her to you, she'll definitely do it herself! No, she'll send the girl to your bed."

"Nosy!"

Bo Hancheng sounded aloof and annoyed.

"Your relapses have been becoming worse lately. Why don't you try alleviating the symptoms with a woman? I'm telling you, the girl who Auntie is giving you, has just become a model and she's absolutely gorgeous. She's also outstanding and hasn't had a boyfriend before! Her only flaw is her poor family background..."

Chu Ci chuckled and tried to change Bo Hancheng's mind.

"You may have her if you're interested!" he answered coldly, not in the least bit interested at all.

He then strode away to leave.

"Mr. Bo, please wait a moment."

At this moment, he heard an alluring female voice, after which the door of the car opened and a slender girl appeared in front of him.

"Mr. Bo, I know we don't know each other and you must be peeved by my sudden appearance! However, Madam is my benefactor and I can't turn her down. I'm so sorry..."

Chapter 43: My Name Is Mu Nianqing, Call Me Nianqing.

She was apologizing in a warm and gentle voice that made it hard for anyone to feel repulsed.

At the next moment, she said resolutely, "However, I'm well aware that I don't deserve you at all, Mr. Bo! So, rest assured, I'll leave as soon as I repay Madam's gratitude. I won't disturb you anymore!"

Upon hearing her words, Bo Hancheng paused and turned around to take a look.

A girl was standing beneath the moonlight, clad in a white chiffon dress with her hair draped across her back. She looked extremely pretty and was neither haughty nor had an inferior countenance.

"What is your name?"

Bo Hancheng spoke in a cold and emotionless manner.

She smiled and answered truthfully, "Mr. Bo, my name is Mu Nianqing. Call me Nianqing."

Bo Hancheng was immediately stunned as he got reminded of Luo Zheng and the way she introduced herself.

"Hello, Bo Hancheng, I'm Luo Zheng."

"Third Brother, she has a reason for staying here too. Why don't you just stay behind for now? Otherwise, Auntie will definitely not give up and continue to send you other women."

Chu Ci analyzed the pros and cons, and he felt that an extra woman would not be too much of a problem.

Besides, her purpose was to get intimate with him!

"Find a place for her to settle down in."

Bo Hancheng continued to leave after leaving those instructions behind.

Mu Nianqing continued to stare at his lanky figure in awe!

On the third floor of Sophia Hotel.

"Missy's cousin, please wait a minute, I'll go in and report."

Butler Gao gave her those instructions when they stood by the door.

Luo Zheng nodded and squatted down slowly to look at her knees which had been covered in abrasions and blood because of the fall she had. They actually hurt.

"Luo Zheng?"

She heard a gentle and warm voice.

Luo Zheng immediately froze as an icy cold gaze formed in her eyes... However, she looked up and greeted smilingly, "Hey, Senior Mubai! It's such a coincidence to see you here..."

Before she could even finish speaking, Xi Mubai bent forward abruptly to grab her wrist and pulled her up from the ground. "I didn't expect it to be you!"

He did not rush off after dancing with Luo Tingxue, simply because he wanted to see who the girl who caused a stir on the stage earlier on was.

However, he was greatly astonished to see that it was Luo Zheng!

"What's wrong? Can't it be me?"

Luo Zheng was well aware of what he meant and hence retorted with a faint smile.

"What's your ulterior motive for ruining Tingxue's birthday banquet?"

Xi Mubai's face grew sullen, as if he were questioning and interrogating a criminal.

Seemingly having thought of something, he questioned with a look of disdain, "Or did you follow me here?"

His doubts were not uncalled for. After all, Luo Zheng had indeed tailed him before... Hence, he knew that she was pretending to play hard to get. He was utterly disgusted!

Luo Zheng stared at her wrist and said calmly, "Senior Mubai, you're hurting me. can you let go?"

Slightly stunned, Xi Mubai let go of her subconsciously and barked, "Luo Zheng, what tricks are you getting up to!?!"

Rubbing her wrist gently, Luo Zheng asked, "Senior Mubai, you may be confident but you can't be narcissistic! Since I said this morning that I'll stop adoring you, why would I tail you?"

She then looked at the door and said, "I'll explain to Cousin and apologize to her for what happened during the banquet! Senior Mubai, who are you to question me?"

Cousin...

Xi Mubai suddenly realized that Luo Zheng was related to the Luo Family!

However, he was still staring at her coldly. "You're also a Luo but you and Tingxue are worlds apart!"

Chapter 44: She's Not Worth Paying Attention To

"You're right, Senior. Cousin is the top socialite of Beijing. I obviously can't compare to her."

Luo Zheng answered him smilingly, seemingly not angered at all.

Perhaps because they were in the past, Xi Mubai was rather young and he still looked puerile. He looked completely differently from his cruel self on the night of their wedding.

Hence, she suppressed her resentment and spoke to him normally.

She felt no need to be bothered by his sarcastic remarks because she knew that he was stating facts.

Although she was also one of the four top socialites in the past and was one of the twin beauties of the Luo Family alongside Luo Tingxue, that was all in the past,

Everyone deemed Luo Tingxue as a goddess, a genius, and an elite socialite whom no one dared to profane... Yet, they all treated Luo Zheng like a dimwit, bimbo and filthy girl who was nothing except a pretty face!

Mu Sen took videos of her and exposed them on the internet, causing her reputation to be ruined.

Despite being the heiress of the wealthy Luo Family, men objectified her and saw her as a plaything that they could toy with easily.

A long time later, she began to grow mentally fragile and began to develop depression... Later on, she grew sick and tired of all men except Xi Mubai!

“You...”

Xi Mubai suddenly sensed something amiss.

The door of the room was opened all of a sudden and Old Mr. Luo said in an aged voice, “It’s rare for Lass Zheng to come here and yet, you guys said such inappropriate things about her!”

Upon hearing his words, Luo Zheng sensed that she had upset the Luo Family by turning up uninvited!

Old Mr. Luo was the only one who indulged her and did not mind her presence.

She stared at him while he waved at her benevolently and said, “Lass Zheng, come here and let me take a look at you!”

Luo Zheng’s heart grew warmer and she scurried towards him and leaped into his embrace. “Grandpa, I missed you so much! It’s all my fault...”

In her previous lifetime, Mu Tianwei had brainwashed her with the wrong concepts and turned her against the Luo Family... He even duped her into signing the papers to transfer her mother’s assets and shares to him after she turned 18 years old. Later on, he fell out with her and turned his back against her

At last, she was chased out of the Mu Family less than two years later.

When she had nowhere to go, Old Mr. Luo took her in and even prepared her dowry for her to marry Xi Mubai gloriously.

She was blind to have trusted Xi Mubai and helped him smuggle drugs into the Luo Family home, thus causing them to be destroyed.

She heard that Old Mr. Luo suffered a relapse and was sent to the hospital when the police arrived at the Luo Family home to arrest them... At that moment, she was locked up in her matrimonial home by Xi Mubai, filled with despair!

“Don’t cry, Lass Zheng, it is good that you’re home.”

Old Mr. Luo’s voice was shaky and he almost cried while comforting Luo Zheng.

At this moment, a middle-aged man appeared and said in a complicated tone, “Father, let’s talk inside, this is not a suitable place...”

Luo Zheng looked up and called softly, “Uncle...”

Old Mr. Luo had two sons and one daughter. Her eldest uncle was Luo Shuyuan and her second uncle was Luo Qiyuan. Old Mr. Luo’s daughter was none other than Luo Zheng’s mother, Luo Huawei.

Luo Zheng followed Old Mr. Luo into the room, both in tears.

Xi Mubai obviously did not enter because it was the Luo Family’s matters and his presence would be redundant. Hence, he bid Luo Shuyuan goodbye.

Before leaving, he turned to look at Luo Zheng.

“Xi Mubai, you must remember that you were the one who shattered my heart.”

He was somehow reminded of her resolute words.

Xi Mubai frowned and felt that he was unusually concerned about Luo Zheng and was paying too much attention to her... He thought to himself, maybe I was just reading too much into things. She is only 17 years old. Still a young girl and she only adored him.

Why should I stoop to her level? She is not worth my attention at all!

Xi Mubai had no idea that Luo Zheng's words were the greatest curse in his life.

Later on, he would be jolted awake from his dreams at midnight.

It was only then that he finally regretted and understood... that he was the one who forced her and shattered her heart all by himself. He had lost his true love and would never be able to atone for it!

Chapter 45: He's My Life Savior

As soon as Luo Zheng entered the room together with Old Mr. Luo, everyone welcomed them.

Luo Zheng's cousins and eldest aunt were all staring at her with disdain and anger... for they clearly knew that she was the one who ruined the banquet.

Luo Tingxue was not only the daughter of her youngest uncle, she was also the princess of the Luo Family whom everyone loved.

Luo Zheng's behavior had undoubtedly angered everyone!

Luo Zheng and her cousins were not on good terms with each other either, nor did they have any close connections... However, she had no choice but to swallow her pride on the account of her grandfather as well as the fact that she had indeed made a mistake.

After adjusting her attitude, Luo Zheng smiled politely and said, "Auntie, Uncle, Eldest Cousin, Second Cousin, Youngest Cousin, Cousin."

"Luo Zheng, I didn't expect it to be you!" Luo Tingxue exclaimed.

She had the same reaction as Xi Mubai.

She naturally disliked Luo Zheng.

It was not only because of the fact that Luo Zheng had a strained relationship with the Luo Family, but also because everyone in Capital University knew about the fact that Luo Zheng had been courting Xi Mubai.

She thought to herself, Luo Zheng is so young and yet, she is already so obsessed with boys and she is even so shameless... Most importantly, she does not have any self-awareness at all. She thinks she is worthy enough to be with Xi Mubai. How embarrassing!

Although she was close to Xi Mubai, she had never put in a good word for Luo Zheng even though they were cousins.

Luo Tingxue was clearly haughty and arrogant. She had almost never compromised... and apart from her family, she rarely liked anyone. She would only like those who fit her standards!

Luo Zheng was not one of them!

“Little Cousin, haven’t you always hated the Luo Family and insisted on keeping a distance away from us? Why did you suddenly come here and stir trouble during Tingxue’s birthday banquet!?!”

The person who questioned her was her cousin, the son of her second uncle and the elder brother of Luo Tingxue.

Glowering at his grandchildren, Old Mr. Luo hollered with a frown, “It’s rare for Zheng to come visit us, why are you people questioning her!?!”

Everyone fell silent, including Luo Shuyuan.

After all, Luo Zheng was still a junior and as her elders, they ought not to be so calculative with her... Besides, they also had to show respect to Old Mr. Luo who was defending her!

Luo Zheng’s heart grew warm and she stared at her grandfather who was old in his years. She explained, “Grandpa, Cousin is right. It was my fault! I owe Cousin Tingxue an apology...”

She then walked towards Luo Tingxue and bent forward. “Cousin, I’m sorry, I shouldn’t have caused such a scene at your banquet!”

The drastic change in Luo Zheng’s attitude gave everyone a great shock.

However, she also aroused their suspicion!

Remaining composed, Luo Tingxue asked coldly, “Do you know Teacher Bo?”

She was referring to Bo Hancheng.

Luo Zheng rolled her eyes and gave her the explanation that she had come up with just now. “Yes, I do, he’s my life savior! I was met with some danger previously and he was the one who helped me get out of the knotty situation. I’ve been wanting to repay him for his kindness! Hence, I got a little too agitated and excited when I recognized him tonight and hence did what I shouldn’t have...”

Everyone was apprehensive about her explanation, except Luo Tingxue who felt much more at ease after knowing that they were not related.

I knew it, how could a brilliant man like Bo Hancheng be interested in Luo Zheng!!

“I’ll forgive you! But Teacher Bo probably only helped you on a whim, you don’t have to go out of your way to thank him.”

Luo Tingxue obviously did not want Luo Zheng and Bo Hancheng to become closer.

Luo Zheng smiled and remained silent as she thought to herself, my ties with Mr. Bodyguard is my own business, and no one should poke their nose in it!

Chapter 46: Treating A Villain Like A Family Member

Luo Tingxue chose to forgive Luo Zheng and the rest had also decided not to pursue the matter on Old Mr. Luo's account.

Since the juniors of the Luo Family disliked Luo Zheng, they decided to leave, for there was nothing for them to say to her.

Luo Zheng was not at all bothered by her cousins' attitudes and her goal was just to ease the tension between them so as to avoid putting her grandfather in a spot.

At last, Old Mr. Luo, Luo Zheng and her uncle stayed behind to catch up with each other.

Old Mr. Luo mostly asked about the Mu Family and whether or not they had ill-treated Luo Zheng... He also mentioned that Luo Zheng could move back in with the Luo Family as long as she wanted to.

If possible, Luo Zheng would definitely leave the Mu Family's hell hole and stay by Old Mr. Luo's side.

However, it was not the appropriate time to do so yet.

The Mu Family were occupying the mansion that her mother had left behind for her, and were spending the dividends that she was entitled to because of her shares in the Luo Family's company. They were taking advantage of her... and yet, they were not in the least bit grateful and even tried to harm her as much as they could. How could there be such an easy deal?

Hence, Luo Zheng decided to make the Mu Family pay the price and make them end up with nothing. Only then would she chase them away!

Not wanting Old Mr. Luo to worry, Luo Zheng decided to answer him perfunctorily by saying that the Mu Family treated her well.

"Lass Zheng, feel free to tell me if they had treated you unfairly! With me around, the Luo Family will forever be your home..."

Old Mr. Luo was old in his years and began to feel a little tired after speaking to her for a long time.

Luo Zheng agreed and eased him into a comfortable lying position as a warm and fuzzy feeling filled her heart.

Luo Zheng then turned around and faced her eldest uncle who had remained silent.

As the head of one of the four major families, Luo Shuyuan exuded a menacing and commanding aura. He scanned Luo Zheng from head to toe in a shrewd manner.

"Eldest Uncle, do you have something to say to me?"

Luo Zheng broke the silence after tucking Old Mr. Luo beneath the blanket.

This time, Luo Shuyuan asked straightforwardly, "Zheng, why did you come here?"

Luo Shuyuan had looked Luo Zheng up several times before, not only for the sake of her shares but also because he was concerned about Luo Zheng... However, Luo Zheng had been brainwashed by Mu Tianwei and hence, saw him as an enemy.

Over time, he began to grow increasingly disappointed and hence, decided to wash his hands of her matters!

“I’m here to see Grandpa.”

Luo Zheng answered him truthfully with no intentions of lying to him.

She then looked up at Luo Shuyuan dauntlessly and added, “Uncle, I was blind to have treated villains as my family in the past! You’re right, the Mu Family is very greedy and vicious. I should have seen through this earlier! I’m sorry, I almost implicated the Luo Family...”

“So, you want me to help you?”

Luo Shuyuan did not sound too warm nor aloof, and was very straightforward with his questions too.

Surprisingly, Luo Zheng shook her head and said with a look of determination, “The Mu Family is indebted to me. I must make them pay!”

Luo Shuyuan then scanned Luo Zheng from head to toe sternly.

He initially wanted to find out the reason for her drastic change... Unfortunately, he was not close to his niece at all and hence, he had no choice but to drop the idea.

Forget it, I will let her go through some pain and torment so that she can be shaped into a better person!

Seeing that it was getting late, Luo Zheng left without saying goodbye to Old Mr. Luo because she did not wish to disturb him.

Before she left, she bade Luo Shuyuan goodbye. He then said, “From now on, come home to visit us more often. Your grandpa has nothing to do at home and he’s always talking about missing you...”

Luo Zheng stopped in her tracks and turned around to look at Luo Shuyuan before saying smilingly, “Alright, Uncle, I’ll do that!”

Luo Shuyuan clearly intended to accept her again. It was not too late for her to make up for their strained relationship.

Luo Zheng took a few glances at Old Mr. Luo before leaving merrily.

Watching as she left, Luo Shuyuan whipped out his mobile phone and stared at a photo of a couple who were behaving intimately with each other.

Feeling sentimental, he murmured, “Huawei, my dear little sister, are you happy now? Your daughter has finally grown up!”

Chapter 47: Father, May I Have Five Million Yuan?

Luo Zheng headed downstairs bright and early in the morning, only to sense a strong tension in the air when she saw that all of the members of the Mu Family were present.

Having already guessed the reason, she smirked and greeted them briefly.

She decided to head to school without having breakfast because the sight of the Mu Family had made her lose her appetite.

Mu Tianwei finally lost control of his emotions. He stepped forth to stop her. “Zheng, did you meet the Luo Family last night?”

Just like she had expected, they were going to speak to her about that topic. Luo Zheng sneered in her head, even though she still nodded obediently. “Yeah, it was Cousin’s 20th birthday party last year and I especially went there to wish her a happy birthday...”

Luo Zheng paused and said with a look of dejection, “But the Luo Family members don’t quite like me so we barely spoke to each other!”

Upon hearing his words, Mu Tianwei heaved a sigh of relief and comforted Luo Zheng, “Haven’t I always told you that the Luo Family looks down on the Mu Family? Their only agenda is to take your mother’s shares back from you...”

Luo Zheng was just thinking about how she should broach the topic. Since he had already brought it up, she asked, “How many dividends am I entitled to every year?”

This greatly astonished them, Luo Zhen then asked, “Father, I’m cash-strapped lately, can I take some of the dividends?”

“Aren’t you just a student? Why do you need money?” Li Shufen questioned.

Li Shufen decided to chastise her.

Upon hearing her words, Luo Zheng blinked and said, “Grandma, the girls in my school show up at school everyday with different bags, designer clothing and jewelry! As the heiress of the Luo Family, the allowance that I get each month is not enough for me to even buy a bag! They keep mocking me and calling me poor while saying that I don’t deserve to be a wealthy heiress at all.”

Luo Zheng then glanced at Su Xuanxuan.

Su Xuanxuan’s heart skipped a beat and she was overwhelmed with an ominous feeling.

“Even Cousin keeps showing off in front of me and bragging about the things that she buys! I’m really so poor. I’m not as rich as Cousin...”

Luo Zheng sounded more and more aggrieved, and was almost going to burst into tears.

Extremely dumbfounded, Su Xuanxuan thought to herself, am I rich? I do go shopping from time to time and show off my purchases but it is not that exaggerated!

“Father, do I even seem like an heiress?”

Mu Tianwei frowned and answered, “Of course. You’re definitely an heiress! It was negligence on my part previously. What do you want to buy? How much money do you need? I’ll give them to you.”

Luo Zheng decided not to make her first extortionate act that obvious, lest she arouse his suspicion. She asked coquettishly, "Father, may I have five million yuan?"

"Five million? You bastard, how dare you! Do you need that much money?" Li Shufen barked.

Before Mu Tianwei could even answer, Li Shufen slammed her cane down onto the ground angrily.

She then explained to her son, "Tianwei, you can't be so silly as to give in and indulge her!"

Mu Cuiyun said, "Yeah, Brother, five million is not a small sum! Zheng, Xuanxuan doesn't have any money to buy things. I was the one who bought her those items."

Although the 10% of shares that Luo Huawei had given to Luo Zheng would entitle her to a few hundred millions of yuan every year... there were professionals to safeguard Luo Zheng's assets while she was underage and hence, they could only get a small portion of the annual dividends.

However, most of the money was spent on the company that Mu Tianwei had established. Hence, they had barely any left!

"The other heiresses spend millions of yuan each month. Why can't I do the same?" Luo Zheng retorted in displeasure.

Staring at Mu Tianwei with pouty lips, she exclaimed, "Father, are you not willing to give the money to me? It doesn't matter, I'll go collect the yearly dividends myself!"

Chapter 48: An Allergic Reaction To Aphrodisiacs

Upon hearing her words, Mu Tianwei panicked and said, "Why are you letting your imagination run wild? I'd be willing as long as you need the money!" However, he still felt the pinch.

The annual dividends would be handed to him and if Luo Zheng were to collect them herself, she would definitely find out. Hence, he was put on the spot!

Satisfied with his decision to agree, Luo Zheng praised merrily, "Father, you're so nice! I must let those girls know that I'm a real heiress. We'll see if they dare to look down on me again."

Luo Zheng deliberately sounded childish. She decided to leave for school afterwards.

"Tianwei, look at her. She actually had the guts to ask for so much! Are you really going to give her five million yuan?"

Li Shufen was so angry that she rolled her eyes in annoyance, completely disregarding the fact that the money belonged to Luo Zheng in the first place!

Suppressing his anger, Mu Tianwei said calmly, "Mother, we'll just give it to her if she wants it! Xuanxuan, pay attention to Zheng and inform me immediately if you find anything amiss about her."

He could not help but feel worried, for he felt that there was something different about Luo Zheng, especially because she attended Luo Tingxue's birthday party!

Fortunately, I have come in between her and the Luo Family... However, I still have to be more careful. I will be able to get the shares in less than half a year's time.

He would not allow there to be any mistakes or accidents!

While listening, Su Xuanxuan complained, "Uncle, you have no idea how obsessed Luo Zheng is with boys. The university entrance examinations are just around the corner and yet, she's still in the mood to woo Xi Mubai! Everyone in high school knows about this and they all say that she's shameless..."

Mu Cuiyun chimed in, "Let her go ahead and continue making a fool out of herself. She's so shameless, it's best that she ruins her own reputation! By then, we'll chase her out of the Mu Family home and she can continue making a fool out of herself! We still have Mu Sen and Nianqing anyway. Who is she!?!"

"You're right. Mu Sen and Nianqing are my dearest grandchildren! Luo Zheng is a Luo, not a Mu. The thought of it just irks me."

Li Shufen looked extremely mean and harsh.

"Mother, Cuiyun, don't provoke Zheng for the next half of the year! I don't want her to bear a grudge against us and end up colluding with the Luo Family and insist on keeping her shares..."

Mu Tianwei frowned, still feeling uneasy.

The Mu Family members looked at each other and decided that they had to bear with it no matter how indignant they felt!

"Ding-Dong..."

Luo Zheng received a text message as soon as she entered the school compound with a lollipop in her hand.

She opened it to see that it was a notification informing her that she had received five million yuan.

They were rather quick in transferring the money. However, they still owe me plenty!

"Zheng..."

Just as she was about to make her way up the building, she heard a noise coming from afar.

Luo Zheng cocked her head towards the side to see a girl scurrying towards her. "Xinlei, it's you! Were you absent from school yesterday?"

Although it was just a guess, she reckoned that it should be true.

After all, Jiang Xinlei's plan to plot against her had failed and she even ended up being molested. Had she been at school yesterday, she would have already confronted Luo Zheng!

Jiang Xinlei turned pale in shock. She had been staying at the hospital yesterday and was furious because Luo Zheng would not answer her calls.

"Zheng, why didn't you answer my calls!?!"

She sounded rather hoarse and seemed to be suppressing her anger.

She failed at setting Luo Zheng up and ended up letting Gu Sisi take some nude photos of her. She even got played and abandoned by Mu Sen who almost caused her to get raped by Wuzi!

Luo Zheng should have been the one suffering that torment, not her!

Luo Zheng smiled and explained, "Oh, I damaged my mobile phone by accident and only got it replaced not too long ago. I haven't had the time to get a new SIM card yet."

Before Jiang Xinlei could even answer, she continued, "I left the hotel early that night because I was developing an allergic reaction to the aphrodisiac! Look, I'm still suffering the effects now and I don't want to spread them to you..."

She then lifted her sleeve to show Jiang Xinlei the red dots on her arm before retreating to leave a distance between them.

As expected, Jiang Xinlei did not suspect anything. Instead, she changed the subject. "Zheng, I heard about the bet that you made with Madam Zhao as soon as I arrived at school today. Is that true?"

"Yes, it is."

Luo Zheng answered briefly while the sweetness of the candy lingered in her mouth.

It was a habit of hers to bring candy around with her wherever she goes, be it in the previous or present lifetime!

"Zheng, I don't know what happened but I believe that you're intelligent enough to make it to the top ten and win the bet against Madam Zhao, as long as you're willing to."

Chapter 49: Acquiring An Ingrate

Jiang Xinlei was speaking as if it really was the case.

However, she was clearly well aware that Luo Zheng had been performing poorly and most importantly... the content covered in Year 12 was extremely difficult and it was almost impossible for her to make it to the top ten within just a month!

The news of the bet that she had made with the teacher, had already spread within the school and everyone was waiting for Luo Zheng to withdraw from school... Oh, and she also had to run 10 kilometers around the field in a swimsuit!

Genuine best friends would definitely be very worried and advise them not to put on a brave front or blindly believe in their own confidence.

"Xinlei, I knew it. You know me the best. I'm so smart. It'd be a piece of cake for me to make it to the top ten!"

Luo Zheng acted like an idiot and answered smugly.

She decided not to fall out with her first because she felt that it would be better to keep her by her side and watch her every move... lest she caught her off guard and attacked her!

“We’re the best of friends. Who would know you better than me? Zheng, I’m really eager to see you putting Madam Zhao to shame.”

Jiang Xinlei was egging her on with hope written all over her face.

Of course she was looking forward to it!

She knew it better than anyone else.

Luo Zheng’s results are horrible. Even if we were in Year 10 now, she would not be able to make it to the top ten... The university entrance examinations are round the corner. I must revise harder to seem more worthy!

Yet, that silly girl provoked our teacher. She is just asking for death!

She was looking forward to seeing the tragedy that Luo Zheng would be facing next. The resentment within her vanished a little!

“Ring... ”

The bell rang and Luo Zheng decided to head to her classroom.

Seemingly having discovered something, Jiang Xinlei grabbed her arm and asked, “Zheng, why aren’t you wearing any makeup? You’re wearing the school uniform too! You look really childish, Senior Mubai is not going to like you... ”

She was shocked to see that Luo Zheng did not have any heavy makeup on and was not dressed in revealing clothes. She looked rather beautiful and clean.

She had always known that Luo Zheng was beautiful and hence was jealous of her.

Hence, she continuously brainwashed her by telling her that Xi Mubai fancied mature girls and duped Luo Zheng into dressing up peculiarly... She would also seem smart and beautiful compared to Luo Zheng.

To her surprise, Luo Zheng returned to a more natural look within just a day... She even became much prettier!

“I didn’t have time to put on makeup. We’ll worry about that another time.”

Luo Zheng patronized her before leaving.

However, Jiang Xinlei was feeling indignant and thus grabbed onto Luo Zheng’s arm tightly. “It’s alright, I’ll help you put on some makeup. I guarantee Senior Mubai will notice you!”

Feigning ignorance, Luo Zheng asked, “Xinlei, you’ve been making me put on heavy makeup and saying that I look beautiful and mature! In that case, why don’t you ever put on makeup?”

Upon hearing her words, Jiang Xinlei answered, “Zheng, you know I don’t want to steal your limelight... ”

“I’m just trying to focus on my studies for now and I don’t want to be in a relationship.”

Luo Zheng turned around and left after speaking calmly.

She could not understand it at all.

Jiang Xinlei came from a poor family and Luo Zheng had always been generous with helping her... but why did she get an ingrate in return and not a best friend?

How much must she resent me to think of ruining me? I do not understand her at all!

Jiang Xinlei clenched her fists tightly and kept her eyes fixed on Luo Zheng’s back, almost drilling a hole through it.

Luo Zheng stopped in her tracks and turned around. Before Jiang Xinlei could even look away, she asked unnaturally, “Zheng, what’s the matter?”

“For the next month, I’m going to study hard! So, from now on, don’t look for me without reason.”

Luo Zheng proceeded to leave afterwards.

Jiang Xinlei stood rooted to the ground in annoyance.

Luo Zheng, it’s you, it’s you, it’s all your fault. You’re making me lose everything... One day, I’ll make you pay the price!

Chapter 50: The Art Professor VS The Handsome And Talented Student. Who’s The Lover Of Your Dreams?

For the next few days, everyone’s jaws dropped because Luo Zheng had begun taking her studies seriously.

Zhao Yafang actually drafted a notice of the bet that they had made and placed it at the most noticeable spot in the back of the classroom... they then signed the agreement in front of the other teachers and students.

The news had already spread and Luo Zheng managed to attract plenty of attention.

The bet had also become a viral topic on the school’s discussion forum.

“This is a battle between a lousy student and a teacher. Can the student turn the situation around and defeat her teacher? We’ll find out the answer next month!”

Luo Zheng smirked and refreshed the page to see that there were thousands of replies and comments from people who were sure that she would lose!

Resting her chin in her hand, Luo Zheng looked up at the sky and wondered, why do people not believe in miracles?

Luo Zheng faced the attention calmly.

After all, in her previous lifetime, Mu Sen had uploaded the video of herself on the internet and caused her reputation to be ruined... Back then, everyone looked at her in disdain, mockery and condescendence. Hence, this was nothing compared to that!

Besides, Bo Hancheng was the only person Luo Zheng paid attention to, apart from her academics.

She planned to leave school in the afternoon to go to Capital University and see if Bo Hancheng was on duty... However, she caught sight of a shocking post when she refreshed the discussion page during her free time.

“The newly appointed Arts professor at Capital University VS the 4th year talented and handsome legend of Capital University. Who’s your dream lover?”

There were two photos attached to the post. Luo Zheng skipped the photo of Xi Mubai and immediately proceeded to look at the second photo.

He had a lanky body and a handsome face. He was clad in a black shirt and a pair of straight-cut trousers which made him look absolutely charming.

He was so handsome that she wished she could lick the screen again and again!

Bang!

Luo Zheng sprung up from her seat and almost fell down again.

All of the students stared at her as she hurriedly packed her books into her bag before dashing out of the door.

“Luo Zheng, what nonsense are you getting up to? The teacher is going to be here soon. Hurry and sit down!”

Li Li stood up and chided her in annoyance.

Unfortunately, Luo Zheng ignored her and quickly disappeared.

Everyone broke into commotion and began discussing amongst themselves.

“I knew it. She was just pretending to be studious!”

“Yeah, she has no brains at all. How dare she make a bet with Teacher Zhao? She can just wait to withdraw from school!”

“If she can make it to the top ten with those results of hers, I’ll eat poop on a live-stream!”

...

Luo Zheng obviously had no idea what they said. After leaving school, she changed out of her uniform and put on some light makeup before hailing a taxi to Capital University.

Capital University was the best university in Beijing and was only a short ten-minute drive away from the high school that Luo Zheng was attending.

All of the students of Capital University were either good at studying or had an extraordinary background.

For the past two years or so, Luo Zheng had been paying close attention to Xi Mubai and hence, was familiar with the route to Capital University. She headed straight to the school of arts.

In one breath, she climbed the stairs to the fifth floor and caught her breath before heading to the classroom, panting heavily.

Just as she was about to peek in to look at the situation, she heard a man speaking in a clear voice, "Class, my name is Bo Hancheng. I'll be teaching you art from today onwards."

Luo Zheng was instantly agitated after verifying his identity.

Bang!

At the next instant, she pushed the door of the classroom open, causing a huge uproar.

There would usually be barely any students in arts classes.

However, the classroom was all filled up, with almost 200 students at this point and they all had easels in front of them. All eyes were on the uninvited guest, Luo Zheng.

Luo Zheng's face turned warm and she began to feel awkward and embarrassed. She tried her best to ignore everyone and looked in front.

Bo Hancheng was standing still on the rostrum calmly, dressed in a simple shirt and trousers while the sun shone through the window, giving him a gilded appearance.

His features were exquisite and he looked like he had just walked out of a painting. The blackboard behind him served as a backdrop.

This does not make sense at all. My heart races whenever I look at Mr. Bodyguard. How could he be so handsome!?!

"Did you go to the wrong classroom?"
