

BO LOVE LIFE 421

Chapter 421: I'll Take Him Down With Me Before I Die!

After that, Tang Wenjian glanced at Luo Zheng and smiled coldly. "Little girl, you'd better pray that Mu Tianwei pays well! Otherwise, it won't just be Old Zhao, we'll do it together! You're so weak and fragile. It's not impossible for you to die under us..."

He then sneered and turned around to leave without glancing at Luo Zheng.

In his eyes, she was just a little girl and not worth paying attention to!

Luo Zheng's body was too weak and she forced herself to sit up again while vomiting blood because of the slap.

She then glanced at the broken bottle in her hand, only to see that the end of the bottle was glistening coldly!

...

The Mu Family first chose to call the police and initially wanted to keep it a secret. However, they did not expect the media to find out about it and hence, they spread the news.

Not long ago, the Luo Family's cousin almost killed her half-sister. The news had yet to die down.

Soon, the news spread like wildfire and there were plenty of comments online.

There were a plethora of responses—sympathy, watching the fun, gloating.

In the middle of the night, someone informed Tang Wenjian and he hollered, "Damn it, Mu Tianwei actually called the police. He's clearly trying to force us to death!"

While speaking, he walked towards her while making a call.

"Damn, I can't make a call!"

He suddenly ended the call.

Since they had already called the police, the police must be there now. They must have been listening in!

"Brother Tang, what do we do now? I'm afraid the police are searching for us! They might find us soon..."

"

Old Zhao broke out into a cold sweat and said fearfully.

All of a sudden, they began to feel a sense of resentment, anger, and the need to get revenge... They could not find Mu Tianwei and could only focus on Luo Zheng.

At last, Tang Wenjian laughed sinisterly and threw his mobile phone aside. "Since Mu Tianwei has broken the rules, we can only vent our anger on his precious daughter! Anyway, she's so pretty and tender. She should still be a virgin. To be able to torture her before we go to jail, we'll take advantage of her! Old Zhao, you wanted to do it earlier, go ahead..."

She had always been a poor and vicious person. What else could she not do when she was forced into such a dead end!?!

Old Zhao smirked and bent forward to pull Luo Zheng away.

However, at the next moment, Luo Zheng suddenly turned around and faced a few men. She was not crying out of fear but rather, she was determined.

She then grabbed Old Zhao's neck and stabbed him with the broken bottle.

Old Zhao was caught off guard.

No one expected her to retaliate!

By the time he recovered from the shock, Old Zhao already had his life threatened. She just needed to plunge it in to cut through his neck.

"F*ck! Little b*tch, let go of me..."

Old Zhao was terrified and dared not move at all.

Luo Zheng forced herself to gather all her energy into her right hand and sneered in disdain, "Kidnapping me and threatening Mu Tianwei, you guys are really a bunch of fools! Do you really think I'm Mu Tianwei's precious daughter? He does indeed have a precious daughter, but unfortunately, she's not me. She's his illegitimate daughter! He treats me well only because he wants my mother's inheritance! You guys should know that my mother is the heiress of the Luo Family of the four major families! Mu Tianwei is so powerful today only because of my mother..."

At this point, Luo Zheng suppressed her trembling body and said, "Now that things have come to this, there are only two options for us. We can either perish together! But before I die, I can still drag him down with me. At least, I'll save my dignity. I won't lose out..."

Chapter 422: Get Lost!

"Little b*tch, how dare you!"

Old Zhao widened his eyes in shock but he couldn't move.

Everyone was afraid of death, even when they were at their wits' end!

"Is there another way?"

Tang Wenjian stared at her and asked coldly.

"There's another way. As long as you listen to me, you'll be able to get out of this predicament! Your goal is to take revenge on Mu Tianwei and force him to sell the Mu Family's company. He'll end up bankrupt and you even get five billion yuan! What's so hard about that? I'll give it to you..."

As soon as Luo Zheng said those words, everyone's eyes glistened with hope.

However, he stared at her in bewilderment for a few seconds, clearly not believing her!

Luo Zheng's body was weak and her hands were trembling. She said calmly, "Give me the mobile phone. I'll definitely have a solution."

"Brother Tang, be careful!"

Someone reminded her.

Tang Wenjian stared at Luo Zheng like a venomous snake and did not move for a long time.

Seeing this, Luo Zheng sneered and said in disdain, "If you continue to stay like this, your only fate will be to have the police come knocking on your door and put you in jail! You have no other choice but to believe me... "

"Tch, little girl, you're so young and interesting!"

After a moment of silence, Tang Wenjian said sinisterly without much praise.

Luo Zheng smiled provocatively and said, "I'm just trying to save myself. Instead of dying together, why don't we each achieve our goals? That's the best outcome, isn't it?"

Tang Wenjian thought for a moment and waved his hand. "Give her the phone!"

"But, what if she plays tricks... "

"Idiot, do you think we can live even if she doesn't call the police!?!"

Tang Wenjian interrupted his subordinate impatiently.

Once a person was forced into a desperate situation, they would lose their rationality and be filled with desire for survival!

"Besides, I believe that Miss Luo is a smart person and will not disappoint us, right?"

Tang Wenjian said with a deeper meaning and suddenly took out a gun from his body.

Although he felt that Luo Zheng was right, the worst case scenario would be to perish together with her... the point was that their lives were currently in their hands, right?

Luo Zheng's eyes turned gloomy and her pupils constricted.

She did not expect Tang Wenjian to be armed with a gun!

"Of course, I don't want to die yet!"

Trying her best to calm down, Luo Zheng grabbed her mobile phone.

She then knew clearly that these people would not touch her in a short time.

Hence, Luo Zheng sat up on the wooden box and kicked Old Zhao. "Get lost, don't touch me again!"

Old Zhao got up and covered his bleeding neck while cursing, "Little b*tch, how dare you hit me! I'll teach you a lesson... "

"Brother Tang, if you're free, take care of the dogs under you! If you continue to bite people like this, our deal might change! For example, five billion, maybe three billion, maybe even one billion... "

Luo Zheng opened her mobile phone and said calmly.

“If you don’t want to change the deal, teach him a lesson. You must satisfy me! Brother Tang, do you understand what I mean?”

Tang Wenjian frowned and almost killed a fly!

“Bastard, who are you calling a dog? I won’t kill you...”

Chapter 423: Calling Bo Hancheng For Help

“Bastard, who are you calling a dog? I won’t kill you...”

Clearly, Old Zhao was brainless and could not hear the hidden threat in her words. Hence, he wanted to step forward and attack her.

“Old Zhao’s mind is muddled. Do you guys know what to do?”

Tang Wenjian was already feeling frustrated and embarrassed. Hence, he ordered them forward.

Immediately, an understanding person stepped forward and dragged Old Zhao down before starting the fight... Although Old Zhao was theirs, it was a matter of life and death. They could not let him block their way out!

“Hey... you guys hit the wrong person... why did you hit me... Hurry and stop...”

Old Zhao wailed and rolled on the ground continuously.

Tang Wenjian glanced at Luo Zheng and almost lost his patience. “Miss Luo, are you satisfied now? I hope you can satisfy me too!”

Luo Zheng smiled calmly and answered with her mobile phone.

In her previous life, she had been by Gu Changye’s side for more than three months and was well aware of his habits.

For example, mobile phones were fixed and rarely changed!

Previously, after the Gu Family’s banquet, the two of them came to an agreement. As a small shareholder of the Gu Family’s company, Mu Tianwei’s shares were all under the Gu Family.

One of the conditions she wanted was the Mu Family’s shares.

She thought about Gu Changye’s number. As it had been a long time ago, she ought to have forgotten it... However, there was nothing she could do about it. Gu Changye was a pervert and she had suffered a lot when she was with him.

Even after a few years, she could still remember it!

Luo Zheng heaved a sigh of relief when she heard the beeping sounds. Fortunately, she did not remember incorrectly.

However, she slowly felt like she was on pins and needles because no one picked her up!

Her heart sank.

Seeing that Tang Wenjian was staring at her menacingly, Luo Zheng panicked.

This was the only way out!

She dialed again but no one picked up.

Tang Wenjian watched and noticed that Luo Zheng had yet to make a move. He asked gloomily, "Miss Luo, are you playing with us?"

"Brother Tang, that b*tch is just stalling for time! Her father did not care about her safety and called the police. Clearly, he has already given up on her. How can a young girl like her protect us? What's the point of taking five billion? What a joke... "

Old Zhao, who had just been slapped, immediately added fuel to the fire.

Everyone had a sullen expression on their faces and they began to feel infuriated. They felt that they had been played by Luo Zheng and hence, felt extremely embarrassed!

"The Mu Family has submitted to the Gu Family and the Gu Family's head, Gu Changye, has already transferred the shares to me! I contacted him and sold the Mu Family's shares. Naturally, there will be five billion..."

Luo Zheng cursed in her heart.

Gu Changye, you're a pervert. Aren't you very free to stay in the mansion all day long? Pick up the phone!

Luo Zheng had no choice but to realize that Tang Wenjian and the rest were obviously doubting her.

She then dialed another number.

She could only count on Xi Mubai, her grandfather's family and... Bo Hancheng!

However, she could not remember the numbers for her grandfather's family at all.

Xi Mubai and Bo Hancheng were her enemies and the latter... they had just separated. If possible, she would not want to contact anyone!

However, her life was at stake and her pride was thrown aside.

Xi Mubai definitely couldn't do it. If he were to save her, how would she settle the scores in her previous life?

Chapter 424: Little Vixen, Stay Away From My Third Brother, I'm His Fiancee...

Bo Hancheng was her Mr. Bodyguard and she could only ask for his help. It should be alright!

Although she really wanted to cut it off completely,

She had no idea that Bo Hancheng's mobile number was the only number left. She remembered that she was staying in the Lanyuan mansion previously.

Someone answered the call!

“Bo Hancheng...”

Luo Zheng called his name awkwardly.

However, at the next moment, a female voice sounded, “Which vixen are you? Why are you looking for my third brother!?!”

Third brother? Vixen!

Upon hearing his words, Luo Zheng’s heart wrenched up and she asked, “Who are you? I’m looking for Bo Hancheng...”

“Tsk, tsk, you don’t even know who I am! That’s right, this is Beijing, not Britain. How can a lowly person know my identity! Little vixen, I’m telling you, stay away from my third brother. I’m his fiancée! Before this, I wasn’t here. I can ignore you seducing my third brother...”

She said arrogantly.

She paused and said possessively, “But get lost from now on! Otherwise, if I find out, I’ll slap your face and throw it to the dogs. I’ll torture you until you die...”

Upon hearing the words “fiancée”, Luo Zheng’s mind turned blank and she almost couldn’t hold her hand.

She could not continue listening to her.

When she snapped out of her trance, she heard the door open and she walked towards him. “Third Brother, have you showered? I haven’t seen you for so long. I miss you so much! Have you missed me? Carry me to rest!”

Luo Zheng could no longer bear to listen any longer. She frantically ended the call and began to tremble uncontrollably.

Crack...

At last, her mobile phone fell onto the ground.

Seeing the falling mobile phone and the various reactions, Tang Wenjian said coldly, “Seems like Miss Luo is trying to stall for time. There’s no solution at all! Damn it, you actually fooled me. You’re really courting death...”

At the same time, a few men surrounded her and trapped her.

“Hah...”

Luo Zheng’s face turned pale and she seemed to be in a trance. All of a sudden, she smiled and said, “So, he still has a fiancée? In that case, who am I from the beginning to the end!?! In his eyes, I’m just a joke...”

No one knew how flustered, confused, and hurt she felt!

Old Zhao had just been slapped because of Luo Zheng and he was infuriated. "Brother Tang, let me do it first!"

While speaking, he stepped forward, worried that he would make another mistake because Luo Zheng was still holding onto the bottle of wine.

Hence, he whipped out a gun and aimed it at her wrist.

Luo Zheng was overwhelmed with despair.

The last bargaining chip had already disappeared and they were all on guard against her. Even if she were to drag someone down with her, it would be impossible!

All of a sudden, Luo Zheng raised her hand to grab the wine bottle and aimed it at her neck.

If she were to live and be humiliated by these men, she might as well die earlier, lest she suffer a living hell!

"Oh no! She's trying to kill herself..."

Seeing her action, Old Zhao did not shoot.

At this moment, the mobile phone on the ground began to ring and broke the tension.

An idea popped up in Tang Wenjian's head and he gestured for Old Zhao to stop shooting. There might be a turning point. He then gestured for Old Zhao to pick up the phone and quickly slid it down to answer the call!

Chapter 425: Will You Save Me If I Beg You?

"Who are you? Are you the Young Master of the Gu Family..."

He asked while thinking about what Luo Zheng said.

"What are you?"

After a moment of silence, he said derisively.

Just as he was about to hang up, Tang Wenjian said immediately, "Gu Family Head, Miss Luo has something to talk to you about."

If the person opposite her confirmed that it was Gu Changye, Luo Zheng's words would be rather convincing.

At this point, she had no choice but to take things one step at a time.

"Miss Luo, don't be rash. Since the Gu Family's head has already called, everything can be discussed..."

Tang Wenjian smiled apologetically and handed the mobile phone to Luo Zheng.

Seeing this, Luo Zheng did not answer. Due to the loudspeaker, she could hear him clearly. "Luo Zheng? Seems like you're in trouble. What a pity that I can't see it with my own eyes..."

He sounded rather gloating.

However, Luo Zheng knew that he was really gloating and putting his happiness in others' misery. That was Gu Changye's usual style!

Luo Zheng removed the glass shard from her neck and clenched her fists tightly.

Luo Zheng took the mobile phone and said calmly, "Yes, I'm in trouble. If you called me at night, I would have turned into a corpse."

After a moment of silence, he asked nonchalantly, "So, you want me to save you?"

She bit her lip and asked in a hoarse voice, "I'm begging you, will you?"

"No."

This time, he answered firmly without hesitation.

"However, I can help you out of some goodwill and inform the Luo Family. Your uncle is the head of the Luo Family. Wouldn't it be easy to save you?"

Gu Changye sounded normal and Tang Wenjian and the rest were shocked.

He immediately said, "Miss Luo, don't get too many involved in this matter! Since you've chosen the Gu Family Master, get him to send someone to save you. Besides, you can only come alone... "

There was no way they could escape once the Luo Family Head intervened. The Luo Family was a large family clan after all.

After all, the matter had blown up and the police would definitely find this abandoned factory soon!

"It's a pity that I can't send anyone. The matter about Miss Luo has nothing to do with me! So, Miss Luo, please settle it yourself."

Gu Changye said with no mercy at all.

Luo Zheng had long thought about it.

The previous time at Sophia Hotel, Gu Changye tried to kill her because she knew about his shameful deeds... Fortunately, he stopped trying to kill her and instead injected drugs into her, thus increasing her drug addiction.

Gu Changye was never a kind person. If he didn't kill her at this juncture, how could he send someone to rescue her!?!

However, if it weren't for him, she wouldn't have been able to escape unscathed!

Hence, Luo Zheng smirked and said derisively, "Young Master Gu, you should still remember the agreement we made. I'll tell you the secret and you'll give me the Mu Family's shares. Now, I want you to make a pact to sell the shares that belong to the Mu Family and transfer them to me... "

Before Gu Changye could even respond, Luo Zheng chuckled and said, "Actually, I agree with what Young Master Gu said. Saving myself is the right thing to do! Unfortunately, it's inconvenient for me. Besides, Young Master Gu forcefully injected drugs into my leg previously and my body is extremely weak. Hence, I can only trouble you to come and pick me up personally... "

Chapter 426: Threatening Gu Changye

“Miss Luo, you should give up. I can’t possibly go and pick you up...”

“I remember that last time at Sophia Hotel, Young Master Gu almost killed me to silence me! So, why do I feel uneasy afterwards? I’m afraid that Young Master Gu will try to kill me again! So, I accidentally wrote down all the secrets about Young Master Gu and placed them somewhere! As long as I’m alive, the secrets will never be revealed. However... as long as something happens to me, the secrets will be exposed.”

Luo Zheng interjected dauntlessly.

“Think about it, Young Master Gu can’t be morally upright and that’s already very tragic! If those secrets are found out by the public again, tsk... I’m afraid everyone in Beijing will sympathize with him! That’s not all. I reckon Young Master Gu must be thinking of ways to take revenge on the people in secret during this period of time. If they find out in advance that Young Master Gu already knows the truth, will the revenge proceed smoothly?”

As soon as Luo Zheng finished speaking, silence filled the air.

Indeed, ever since Gu Changye found out about the secret involving his parents, his fiancée Qi Sumei and brother Gu Jingxuan, he had been planning to destroy them step by step.

Of course, the process of destruction was a long one. It would be more interesting to slowly torture her, wouldn’t it?

Besides, although he was in charge of the Gu Family’s company, the Gu Family couple was still around. It would take some time for them to completely swallow the company.

They were smart enough to think that Gu Changye had been kept in the dark and that he had no worries.

If they knew that Gu Changye knew the truth, they would definitely retaliate and he would fail to take revenge!

Luo Zheng was well aware that Gu Changye had always been ruthless and merciless. He would never show mercy to those who had let him down and would take revenge on them.

Hence, she was certain that Gu Changye would definitely agree to her threat!

As expected, Gu Changye finally spoke. Even through the phone, she could tell that his tone was gloomy.

“Are you threatening me, Miss Luo? How brazen!”

Upon hearing his words, Luo Zheng’s heart skipped a beat and she pretended to be calm. “Everyone’s afraid of dying. I’m just trying to protect myself. Young Master Gu, are you coming or not?”

“Of course! Miss Luo has already used such scary methods. How can I be absent?”

Gu Changye said in a shrill voice.

She could not help but stiffen. If it weren't for the fact that she was in danger, she wouldn't have been willing to interact with the devil!

"Tell the Gu Family head that he can only come alone and he must avoid the police! Otherwise, don't blame us for going overboard..."

Hearing that Gu Changye was going to come personally, Tang Wenjian felt uneasy.

After all, he was the head of the four major families in Beijing and the successor of the Gu Family. How could he be that stupid? He was willing to come alone to save an irrelevant person!

However, Tang Wenjian did not know that Luo Zheng wanted Gu Changye to come personally.

She knew that with Gu Changye's abilities, he definitely wouldn't be alone if he were to come personally... That's right, he didn't plan to let Tang Wenjian and the rest go abroad from the very beginning!

If Gu Changye were to only send someone, there was a high chance... that she wouldn't be able to make it out alive!

These fugitives definitely wouldn't keep their word and might even get rid of them.

"Gu Changye, I want you to come personally. You'd better be alone! Come, I'll wait for you. If you don't come... after I die, your secret will be exposed. Got it?"

Chapter 427: Third Brother, Did You Touch That Woman? They're Not Worthy To Get Into Your Bed...

Luo Zheng repeated her words clearly.

However, he said coldly, "Luo Zheng, I shouldn't have been so soft-hearted. I should have strangled you long ago!"

"Unfortunately, it's useless for you to regret now!"

Luo Zheng retorted calmly.

Gu Changye ended the call.

At this moment, Tang Wenjian took the phone and was about to destroy it.

However, Luo Zheng suddenly stopped him and said calmly, "I've wasted a minute. I want to take a short video."

Tang Wenjian and the rest did not know what Luo Zheng was thinking, but the situation had changed and they were more polite.

Hence, he agreed to Luo Zheng's request.

Luo Zheng stared at her mobile phone and thought about the Mu Family.

Mu Tianwei refused to sell the company to make up for five billion yuan. She had long expected this... but she did not expect that not only did he call the police, he even made it public. Clearly, he wanted to kill her!

Does he think that he can inherit my mother's assets just because she's dead? That's ridiculous!

...

At the same time, at Lanyuan Villa.

Bo Hancheng walked out of the bathroom and noticed that a girl was hanging up.

"Third Brother..."

Seeing that Bo Hancheng had come out, she scurried towards him and tried to hug him.

She had golden hair and fair skin. Her features were exquisite and she looked just like a doll.

Bo Hancheng raised his hand to stop her from approaching. "Anne, what are you doing here?"

"Third Brother, you haven't gone back. I miss you! So, I came to see you..."

Anne pouted in displeasure.

She then opened her arms again. "Third Brother, hug me! How long has it been since we last met? Why are you so distant with me?"

Bo Hancheng ignored her and walked towards the closet to take out a set of clothes. "Anne, you're no longer a child. You should be more reserved."

Anne looked at his broad shoulders and the scars on his back with a burning gaze. She then thought about the phone call just now and felt a little gloomy.

"Third Brother, do you have a woman now? That special physique can relieve the toxins in your body..."

"Who told you that?"

Bo Hancheng's face grew sullen and he turned around to ask sternly.

All of a sudden, Anne was stunned and she tried to restrain herself. She explained indignantly, "I overheard it when I was here!"

She paused and said anxiously, "Third Brother, you don't really believe that and touched that woman, do you? The women in Beijing are all cheap and dirty. How can they be compared to the women in Britain? They're not fit to sleep with you..."

Before she could even finish speaking, Bo Hancheng frowned and remained silent.

"You shouldn't be staying in Beijing. I'll get Chu Ci to arrange for you to go home tonight."

Bo Hancheng said calmly and entered the changing room.

"Third Brother, I've just arrived and haven't played for a few days. Don't chase me away!"

Anne pleaded pitifully.

Seeing that he was still unmoved, she decided not to change her mind.

Hence, Anne couldn't help but step forward and grab him without hesitation.

Sensing that the girl behind him was getting closer, Bo Hancheng still felt repulsed and shunned even though she was a familiar person.

All of a sudden, Anne stumbled forward and almost fell onto the ground.

At last, Bo Hancheng grabbed her wrist and said, "Stop fooling around and go home early."

Chapter 428: If Luo Zheng Is Still Alive, I Should Ask You For Help...

However, Anne suddenly smiled and said, "Third Brother, you definitely didn't touch the lover that was sent here, right? Look, we're so familiar with each other. You're not used to it even when I hug you! I don't believe you can get used to other women... "

Bo Hancheng frowned and entered the changing room without saying anything else.

Anne stood outside and scanned her surroundings. All of a sudden, she discovered a girl's pajamas and her eyes turned gloomy.

The thought of the girl who called just now made her want to hide it from him.

Anyway, even if Third Brother knew, he would at most teach her a lesson. It was not a big deal!

Just as she was thinking about it, he changed out of his clothes and walked out. He was dressed simply and exuded an air of nobility.

"Third Brother, look, Beijing is really interesting! A girl from the Luo Family was kidnapped by a criminal and her life is hanging by a thread. The police are searching for her..."

Anne was just reading the news casually.

To her surprise, Bo Hancheng's face grew sullen all of a sudden and he snatched the mobile phone away from her hand to look at the information on it.

"Third Brother, what's wrong?"

Anne rarely saw him behaving in such a deep and dangerous manner.

"Luo Zheng..."

Bo Hancheng muttered her name and hurried out.

She contacted Chu Ci and questioned coldly, "Luo Zheng was kidnapped? What's going on!?"

On the other end of the line, Chu Ci remained silent for a while and said feebly, "Third Brother, I wanted to tell you as soon as this happened! However, you were the one who interrupted me and said that if it was about Luo Zheng. You don't want to hear it! Whether she lives or dies has nothing to do with you..."

"

Bo Hancheng's heart sank. Ever since Luo Zheng insisted on leaving him and left the Orchid Garden, he was filled with complicated emotions and he would immediately interrupt Chu Ci whenever he mentioned Luo Zheng.

However, he did not expect such a thing to happen!

So, if Luo Zheng's life and death really doesn't matter, what is he doing?

What's there to panic about? What's there to be afraid of!?!

"Third Brother, the criminal said that it was a ransom of five billion! To everyone's surprise, the Mu Family chose to call the police and caused a huge uproar. According to the current development, they've already angered the criminal. I'm afraid... Luo Zheng will be in deep trouble!"

Chu Ci could not read Bo Hancheng's mind and simply thought that they had really broken up.

However, he still paid attention to the progress of the matter.

"If Luo Zheng is still alive, she should have tried her best to seek help! Third Brother, she has always been relying on you. Has she contacted you... "

Chu Ci finally got an idea.

Have you contacted her?

Bo Hancheng suddenly realized something.

All along, Luo Zheng had been wooing him and finding him time and time again. Yet... he had never given her any contact details, not even his mobile number.

Hence, even if she wanted to ask for help, she had no means to.

"Third Brother, what exactly happened?"

At this moment, Anne chased after him and questioned him continuously.

All of a sudden, Bo Hancheng thought of something and turned around to look at Anne with a menacing expression. "Who was the one who hung up just now?"

Anne held her breath as she had never seen her Third Brother being so serious. She did not even dare to lie. "She seems to be a young girl who said that she wants to seek help from Third Brother... "

She then realized that he was staring at her coldly!

Chapter 429: Fallen For Her...

"Third Brother, don't scare me. I thought... someone was pestering you! In the past, there weren't many vixens who harassed you in Britain and you were the one who dealt with them... "

Anne was a little frightened and she explained hurriedly.

Bo Hancheng's jaw tensed up and he suppressed the surging emotions in his heart. He quickly returned to the bedroom and called the number.

"I'm sorry... the number you dialed is switched off..."

Bo Hancheng's heart sank when he heard the cold female voice.

"Third Brother... "

Anne entered and called carefully.

All of a sudden, he ignored her and strode towards the door. She frantically grabbed his arm and exclaimed, "Third Brother, isn't she just a girl? What's the big deal!?! There are plenty of girls who adore you. Even if she's missing..."

Before he could even finish speaking, Bo Hancheng suddenly pulled his arm away and shook Anne off... It was as if he suddenly understood something. Even though he was unsure, he had already made up his mind.

"She's different..."

Bo Hancheng said softly all of a sudden.

He then repeated, "She's different..."

Yes, he only understood now.

Luo Zheng was different. She was different from others and was not dispensable... She was Luo Zheng and not a toy. She was not someone he could keep and throw away whenever he wanted.

In his heart, Luo Zheng was different!

He had never felt this way before. He was in pain when not in her presence, but was always afraid of losing her when he had her. He felt very insecure.

She was determined to make a clean break.

However, once he heard about her, he would no longer be like himself!

So, do you still want to deny it?

No matter how much he denied it, he would just be deceiving himself!

He clearly knew that he could not lose her.

Bo Hancheng, why are you so silly? Even in this moment... you're still in love!

...

The abandoned factory seemed to be burning hot at midnight.

That was not all. The point was that there were mosquitoes too.

Luo Zheng's mobile phone was destroyed by Tang Wenjian as soon as she finished filming.

Ever since she was young, she had been pampered and spoiled, including her previous life.

At least, it was rare to feed a mosquito.

Hence, her body was already weak and the blue poison in her body was starting to stir. That was not all... she was being bitten by the mosquito on the left and on the right, causing her to feel an itch.

At last, she glanced at her jade-like skin which was stained red from the bite and she almost went crazy from the torture.

Gu Changye had yet to arrive.

Luo Zheng could not help but feel that Gu Changye was taking revenge on her and was deliberately testing their patience.

Gradually, Luo Zheng felt the blue poison acting up again.

No, she had been injected with the blue poison by Gu Changye for the second time. After a few relapses, she had already recovered from more than half of it... This relapse was probably the most unbearable source of the original blue Vixen.

“Miss Luo, you don’t seem too comfortable! Do you need... Uncle to help?”

Old Zhao stepped forward again and smiled sinisterly at her suffering.

“Get lost!”

Luo Zheng said in disdain, trying to suppress the heat, emptiness and discomfort within her.

Upon hearing her words, Old Zhao’s face grew sullen and he clearly remembered that he had been slapped by Luo Zheng previously. He said softly, “Little b*tch, you’d better pray that you can really bring out five billion yuan to escort us abroad! Otherwise, I’ll be the first to kill you... ”

As soon as she finished speaking, there was a commotion in front.

“Brother Tang, there’s a car outside. Someone alighted and is walking towards us... ”

Chapter 430: I’m Luo Zheng’s Man

“Brother Tang, there’s a car outside. Someone alighted and is walking towards us... ”

Tang Wenjian and the rest stared at the situation outside nervously.

Old Zhao glared at her and got up to go in front.

Luo Zheng rubbed her swollen ankle and sat up while staring at the abandoned factory entrance.

Gu Changye was extremely cautious, suspicious, and cruel. Although she had threatened him... it was just an empty threat and she had never written his secrets down.

Gu Changye probably did not believe her!

Hence, it was impossible for him to take the risk alone. He definitely had someone with him... Hence, there might be a scuffle later. Tang Wenjian and the rest had guns in their hands.

If the two sides were to fight, she would still be at a disadvantage and would have to think of a solution!

However, Luo Zheng had thought of various possibilities, but she did not expect it to be so.

From afar, he was tall and slender. He appeared in the abandoned factory and walked towards her slowly. His face slowly entered her sight.

He was as beautiful as a painting and he arrived in front of her.

Luo Zheng’s pupils constricted in disbelief.

“Stop... ”

Tang Wenjian said coldly.

He then glanced at her and saw that someone was grabbing onto Luo Zheng and restricting her.

The person outside then walked towards Bo Hancheng and began searching his body.

After confirming that there was no problem, she retreated and returned to her original position.

“Are you Young Master Gu, Gu Changye?”

Tang Wenjian asked after confirming that he still had the hostage.

Judging from his appearance, he was definitely not an ordinary person!

Seeing that he was indeed alone, Tang Wenjian’s eyes glistened and he had an idea.

Bo Hancheng ignored Tang Wenjian and the rest and stared at her disheveled hair.

She was dressed neatly in the patient’s uniform but there were plenty of bruises on her body. Clearly, she had suffered a lot.

His eyes turned gloomy and murderous.

“No...”

Before he could even speak, Luo Zheng interjected.

Luo Zheng looked away from him and repeated calmly, “Let him go. He’s not Gu Changye.”

“Not Young Master Gu?”

Tang Wenjian asked, feeling that it was impossible.

At the thought of the possibility of the police, his expression changed immediately. “Who are you? How did you get here!?!”

“Indeed, I’m not Gu Changye...”

He said while locking eyes with Luo Zheng.

Soon, everyone watched as he continued calmly, “But I’m Luo Zheng’s man, Bo Hancheng. So, I’m going to take her away!”

Not only were Tang Wenjian and the rest stunned, even Luo Zheng was shocked.

When she met his eyes again, she realized that he was different from before.

“Are you Miss Luo’s man? How rare!”

Tang Wenjian and the rest were amused and he looked at the two of them.

At this moment, Luo Zheng broke free and said, “Don’t listen to his nonsense. He’s not my man! I don’t know who he is.”

As soon as she finished speaking, Luo Zheng turned around and sat on the floor again. “Gu Changye hasn’t arrived yet. We’ll make a deal when he arrives.”

“So, what should we do with this person?”
