Chapter 1051: Edging The Scam Onward

And this sort of scam method was done slowly and quietly- Chentian didn't even know he had taken the bait, he had no defenses ready! If he didn't say yes to Xiaoxiao's request now, then all those things he said earlier would instantly collapse, ruining the image that had been built up and pushing him down!

Chentian was the type of person who liked to be praised- Jingyi knew clearly what he was. In blunter terms, he was someone who liked to put on an act and try to look like he was tough shit! Girls wouldn't look elegant using that word, but just thinking about it was fine.

Xiaoxiao kept helping Chentian achieve that purpose, creating an image that Chentian was some hotshot business typhoon, not even putting five million in his eyes since he got way more than that every day! Jingyi knew why Chentian would go to such lengths to look cool, it was so that she'd admire him!

But the idea failed miserably- because from the start Jingyi knew what type of person he was, and he was a proud brat with no brain! She liked more intelligent man, although, that man would need to have ability to back himself up too.

From what she could see, Lin Yi passed the first requirement- but he didn't have ability. She would need to continue observing.

From her view, Lin Yi was just a backup boyfriend that she was observing, and so she didn't care at all what his relationship with Xiaoxiao was. She hadn't even made her mind up yet, so there was no need to compete.

Even if she had made up her mind, she wasn't confident that Lin Yi would be able to pass by her household's approval. In a situation like this, there would be nothing she could do. As far as she was concerned, from the first day she left her house, there were only two paths for her love life. One, she found a man stronger and better than Chentian, and make the people from those houses shut up!

The other would be finding a man she liked, and hiding with him in secret. At the very least, they wouldn't be able to make their information public! She wouldn't mind that, but her house would probably do something against the man's favor!

She'd be causing him trouble!

In order to prevent that from happening, Jingyi would give up all her status in the event that she chose the second path, hiding her relationship with the man. On the surface at least, she needed to give him a complete home, staying below the sights of House Sun!

As for running away with him... It was something she never considered, because it wasn't practical! House Sun's eyes and ears were everywhere, and she wouldn't be able to run forever. It'd be big trouble the day she got caught!

Sometimes Jingyi would fall into sadness regarding her situation. Her parents were dead, and her position in House Sun wasn't a pleasant one- people didn't really love her there. If it weren't for the

elder of House Sun still living, and for the fact that he spoiled her a little, those uncles and aunts of hers would have pushed her to a corner already!

Doing business in Songshan would not have been possible without Elder Sun's approval. She'd be marrying Chentian already, not being pursued by him!

So, Jingyi had a natural hate towards Chentian, let alone any feelings of romance. She was in fact very pleased right now that Xiaoxiao was scamming the hell out of him, and she hoped that Xiaoxiao would do that every day so that he'd run from Songshan to avoid her!

Chentian was currently blushing, unsure of how he should answer. Yes, he wanted pride, but he still knew that money was something he'd want!

He only brought ten million as funds for hitting on girls this time around, and was thinking of using this five million that came out of nowhere to put on airs. He thought that it would let him act cool for multiple times, but it seemed that it would only help him act cool this one time only!

If he continued this then that ten million wouldn't last long!

But he'd already spoken the words- if he were to go back on them now he would ruin his image. What worried him was that, if he were make Xiaoxiao angry, she might not help him act cool anymore, and that'd ruin his heroic image, he wouldn't be able to stand out!

With that thought, he had no choice but to cut off his precious newfound wealth. Gritting his teeth, he put on a smile and turned to Xiaoxiao. "Sure thing, sure thing! It's just five million, isn't it? Give me your card number, I'll transfer it over right now!"

"Haha, I knew it, you're the best, Chentian Bro, you're so generous! Anyone who marries you would be so happy, they'd be happy to death!" Xiaoxiao praised happily.

The praise was ironic, however- happy to 'death'? Indeed, anyone who married Chentian would really be be happy to death! The guy just mailed out five million, just like that! Who knew how much of his wealth would disappear for stupid reasons as time passed? Who would dare marry a man like this?

Jingyi also heard the irony in her praise, and found it funny. Feng Xiaoxiao... This girl sure was a troublemaker, pretending to be cute and nice even after she got her way. The funny thing was, Chentian was such an idiot, he still hadn't realised the irony in her words! He still had that dumb smile, "Haha, don't fall for me now, I already have someone I like!"

Chentan was quite happy with Xiaoxiao's praise as he made the transfer with a smile on his lips.

Jingyi gave one look at Lin Yi, seeing that natural look on his face. It seemed like he'd already gotten used to seeing this, and she couldn't help but frown in secret as her curiosity towards him rose.

Five million- it wasn't much to House Sun, of course, but it was a huge amount to the Sun Jingyi now! Her trading company currently didn't have five million's profits a year, and yet Lin Yi's housewife just scams five million over, just like that- yet Lin Yi didn't seem to care?

Was he pretending to be composed, or did he not care about this amount of money at all?

Xiaoxiao seems to be from a well off family, but it wasn't one of those obscenely rich ones. Otherwise, she wouldn't care for this five million of Chentian's.

But Lin Yi didn't care at all- the two sure were a weird couple.

Jingyi drove into Starlight Bright Restaraunt and parked her car in the parking lot.

It was before noon, and there weren't a lot of people. A lot of the cars belonged to the residents here, so the four got off and a staff member came to greet them, bringing them into the hall.

Chapter 1052: The Scam Continues

"Sir, will it be the four of you?" A staff member went over to them as they entered the restaurant.

"Yes, give us a room!" Chentian nodded.

"Sir, if you're here for morning tea then what do you think about sitting at a regular table? Private rooms have a minimal spending requirement, and there aren't any people at the regular tables right now, it'll be really peaceful and quiet," the waitress said nicely.

It was the morning, after all, and people here were here for morning tea and breakfast. It wouldn't cost much for that, and wouldn't amount to tens of thousands of yuan- it wouldn't be enough for the minimal spending required in the rooms!

Chentian frowned- he was finally able to buy Jingyi a meal, and he was supposed to look cool! The words of the waitress made him feel like he was being looked down on!

Who was he? He was a member of House Wu, a noble house! Of course he wouldn't care about this minimal spending, and he was now a big "CEO" of Songshan, too! He could spend all he wanted on a meal!

"What's the minimal spending requirement?" Chentian frowned, impatient.

The waitress here was used to looking at the expressions of his customers- one look at Chentian and she knew that he was getting impatient. Of course he didn't care about the minimal spending or whatever, he was rich! But the staff at the front told him that they came in an Audi A41, and that wasn't worth too much- even if he were rich, they wouldn't necessarily be able to spend a couple dozen thousand on a meal!

At the thought, the waitress wasn't sure what level Chentian was at anymore! The rooms had different classes as well, and if he gave a larger number he was afraid that Chentian wouldn't be able to afford the minimal spending, pissing him off through humiliation- but if he were to give a smaller number, Chentian might feel that he was being look down on!

"Chentian Bro is a big CEO, even his business card is made of gold! You think he cares how much the minimal spending is?" Xiaoxiao spoke up, "Today Chentian Bro's car got destroyed, and the guy paid him five million for it- he didn't even care about that money, he just gave it to me! You actually doubt that someone of his level would be unable to make the minimal spending?!"

Chentian looked at Xiaoxiao, thinking that the girl sure was good at making him look cool! He decided that the five million wasn't that much of a loss at all, as long as she was able to push his image up in front of Jingyi! Then the money would be well spent!

"Ah?!" The waitress froze- so that was why he drove an Audi A41, it was because his car got destroyed! What sort of car was worth five million in compensation? It had to be a Bentley, or something like a Rolls Royce, right?!

And the guy didn't even care about the compensation payment, he just passed it on to the person beside him- just how much wealth did he have? His card was even made of gold? Gold was now three hundred a gram, wasn't it? One card had to have used two or three grams, right? Then wouldn't the cost be up to a thousand? Were these cards the cards he gave out to people??

Then wouldn't a regular person be rich if he got a business card from Chentian? It looked like the sort of people Chentian interacted with would all be big shots as well, otherwise people would be fighting for his business cards!

This was a rich man, a pure rich man indeed!

With that, the waitress quickly spoke, "Sir, the most luxurious room in here is the Crystal Palace at the top floor, right now it's empty, but the minimal spending is five hundred thousand..."

"Five hundred thousand?" The lowest minimal spending- five hundred grand? Chentian froze- what sort of restaurant was this?! He only brought ten million with him, and other than the company and car money, on which he spent over one million, he only had over eight million left! This meal costing five hundred thousand... Wasn't that too much?!

He was thinking that a village looking countryside place like Songshan would be a world of difference compared to a high class place in Yanjing- and the highest quality places would probably cost you a couple ten thousands in the most expensive Songshan restaurant... He was thinking that this eight million would be more than enough for him to show off his coolness, but it seemed like he had miscalculated!

The waitress, upon seeing that Chentian went silent after she said 'five hundred thousand', assumed that the man thought the number was too low. He quickly continued, "Of course, just five hundred thousand a meal wouldn't be enough to match your standard, especially when you're only with three others, sir, you wouldn't be able to spend too much even if you ordered the most expensive items..."

"That's true, that's true," Chentian relaxed, thinking that the waitress sure had a good eye. She could tell that he felt that five hundred thousand was too expensive? Luckily for him, she was the one who said it, and he wouldn't lose face!

It was a smart move- he was only in a party of four, they wouldn't be able to reach the minimal spending even if they ordered the expensive items!

Chentian was quite gleeful when the waitress continued. "Even if all four of you ordered sharkfin, abalone, bird's nest, sea cucumber, five hundred thousand really would be the maximum! So I suggest that you register for a VIP card here, sir. If you store five million in your card then you'll be able to enjoy VIP treatment, always be able to book appointments at the Crystal Palace room, without any

requirement of minimal spending, for any of the rooms! You'll also have a twenty percent off for all food items, this is an extreme VIP experience!"

The VIP card may have a discount, but it created the feeling of a very important person, and for the rich people, this wasn't looking down on them, this was giving them the title of VIP, putting them above everyone else!

Of course, not everyone could spend five million on a restaurant card. The people who could- they would never do something like order the cheap food items- if your meal cost only a few thousand you would be embarrassed to even eat in the Crystal Palace room!

"Wha?!" Chentian didn't know what he was hearing- five million? For a VIP card? Was this person out of her mind, he was already thinking that five hundred thousand was too much! What the hell is this five million that popped out!

But, he came today to build his image and look cool- if he backed off upon hearing five million, then all his efforts from earlier would be wasted! He had to grit his teeth and break through! "Hm, five million isn't much, but my business does take up a lot of my time, and I wouldn't be able to have too many meals in Songshan. I'd probably only be able to use this five million card once, it'd be a waste!"

Chentian's subtext here was that he wanted this woman to bring him to the room, he didn't care about the discounts, he just didn't want the trouble to register the card, and he wouldn't even be able to use it!

"I see..." The waitress nodded, not doubting him, but only feeling disappointed that she wouldn't get the commission for the card membership.

"Chentian Bro, how about you register for a card and give it to me? You won't be in Songshan, but I will! I'll help you finish the rest of the money in that card! Five million isn't much to you, but it is very much to me!" Xiaoxiao said again, almost making Chentian faint.

Chapter 1053: Five Million For Nothing

"Wha- Ha..." Chentian's face was odd- he was pissed in his heart! This Xiaoxiao, even if she was helping him look cool, she had to look at the situation! He obviously didn't have that much money left, why would he spend it all on a card that was five million! Of course he cared about the five million! He felt so helpless- he really had no choice but to spend that money on this card!

Fuck! Since he'd already given up five million before, this one didn't matter anymore! This lady Feng Xiaoxiao... He'd already invested a big enough amount onto her, she had better help build his image up! Whether or not Jingyi fell for him would be decided by Xiaoxiao's efforts!

Chentian gritted his teeth, "Alright, I'll register for a card then!"

"Right away sir, please come this way!" The waitress said, overjoyed that Chentian changed his mind. At the same time, she felt envious of Xiaoxiao- this Chentian sure was a big CEO, he sure was rich! Throwing out five million just like that!

Actually, the VIP card didn't necessarily have to have five million in it, just one million as the lowest amount was enough- it was just that one wouldn't enjoy the discount! The waitress simply recommended the highest level card that they had to offer because of how rich Chentian presented himself!

"Xiaoxiao, go with her and make the card," Chentian's heart was bleeding, but he had to finish the deed. He'd already promised Xiaoxiao, so he would keep that honor. Chentian regretted not quickly nodding his head and getting the card right away- it would've been made to his name! But now, a few sentences later, the card was Xiaoxiao's!

He spent five million for nothing! And now, a while later, that amount raised to ten million! Did this Feng Xiaoxiao really think he was rich?!

But... It truly seemed so, in her eyes! Why else would she worship him like this, always praising him in front of Jingyi?

Actually, if it weren't for Jingyi present, and for the fact that Lin Yi was Xiaoxiao's boyfriend, Chentian would've long pushed her down on a hotel bed with just how much Xiaoxiao admired him! But he didn't dare do that right now!

First, Jingyi was here. He didn't want her to misunderstand anything... And second, if he were to push himself on Xiaoxiao, Lin Yi would have even more reason to get close to Jingyi! Then he'd push Xiaoxiao to him, and tell Jingyi and become a couple... Then it'd be a huge loss for Chentian!

Jingyi smiled coldly in her heart as she looked at how much of a retard Chentian was being. Did he think he was qualified to pursue her, with a brain like that? In his dreams!

Jingyi finally understood how good Xiaoxiao was. In a short while, Chentian had given her ten million!

Lin Yi already knew Xiaoxiao's personality- she was always the type that'd benefit from a conflict. Other than Lin Yi, she'd scam and mess with anyone she met, and they'd simply be unfortunate to have met her in the first place.

After the card was done, Xiaoxiao came back with a smile on her face with the waitress, and Chentian made the money transfer.

Fortunately for him, Xiaoxiao praised him a bit more, turning his anger into joy.

This five hundred million was now Xiaoxiao's, so of course she wouldn't just waste it! She still wanted to enjoy its benefits for a longer period! At the very least she would still have one or two months left, right? Now she had a place to eat, and that put her in a great mood!

Naturally, she wouldn't spend it all in one day!

"The Crystal Place room is a bit big, I don't think it's good for us four people. Let's get a smaller and cozier room!"

Chentian almost puked blood- they'd already made the five million, why weren't they experiencing the VIP treatment of the Crystal room??

There wasn't a minimal spending requirement anymore, but just ordering ten or twenty thousand's worth of food wouldn't look good. Xiaoxiao would obviously make sure she didn't waste her money, now that it belonged to her- so getting a small room would save some of it.

Chentian was about to say something but then worried that Xiaoxiao might not cooperate and make him look cool at the dinner table because she would be pissed. And so, he decided to shut up and change his words, "Alright, we'll get a smaller room, it'll be more peaceful!"

"Alright, sir!" The waitress didn't mind- the five million card was already made, and these people could go wherever they wanted, since this five million would eventually have to be spent here anyway!

The waiter brought out the menu as they entered the room, giving it to Chentian.

"Jingyi, Xiaoxiao, Old Lin Yi, what do you guys want to eat?" Chentian put his eyes on the most expensive items on the menu. He'd already spent five million, and he would only be able to use it once- naturally he had to enjoy himself. That was his money!

Many of these high class food items he hadn't tried yet- he decided to taste them all! Even if he wouldn't be able to spend all five million he had to spend at least three million- otherwise it'd be such a loss!

Xiaoxiao held her card tightly, worried that Chentian was thinking of ordering the most expensive items. She wanted to savor and come here every day, not spend it all in one day!

Lin Yi was amused at Xiaoxiao's reaction. "Let's not get seafood, Xiaoxiao's allergic to those. Her sickness acted up instantly after that time we ate seafood in Yanjing."

Xiaoxiao almost gave Lin Yi a thumbs up out of the gratefulness in her heart- Lin Yi honey sure was good! She was just thinking of how she could get Chentian to order less, and Lin Yi spoke up!

No wonder that Chen Yushu liked to stick around Lin Yi so much, it was because he was amazing at messing around with people too!

"Ah?" Chentian paused, his face bitter. They couldn't get seafood? Then what other expensive items were there? Usually the most expensive ones were seafood, and if that wasn't an option they'd lose half their expensive courses!

"It's the morning, let's get something less intense and skip the big fish and heavy meats," Jingyi also knew what Xiaoxiao was thinking- Lin Yi was already helping her, so Jingyi didn't mind helping out as well.

Jingyi had already considered herself to be on Lin Yi and Xiaoxiao's team. Wu Chentian? He could go play with himself in a corner!

"Alright, we'll listen to Jingyi then!" Chentian didn't care about anything anymore after Jingyi spoke. He gave the menu to her- as far as he could tell, as long as Jingyi was happy, anything was fine!

Chapter 1054: Confessing Identity

Jingyi smiled and took the menu, ordering the simpler dishes. The prices weren't very cheap, but compared to the expensive items, these were obscenely cheap. They weren't even past ten thousand, and this made Chentian's face change. The dishes were all ordered by Jinyi though, so what could he say? He didn't dare say anything!

"Here, take a look," Jingyi gave it to Lin Yi and Xiaoxiao.

Lin Yi left it to Xiaoxiao, who ordered the dishes she liked the most. The prices weren't very high, and they were all the 'cheap but good' kind. The weird and expensive ones, she left out. This was her money, after all, she had to save it.

"Just these, then," Xiaoxiao handed the menu to the waitress.

Chentian was about to add a few, but Xiaoxiao spoke up before he could, "Chentian Bro is a big CEO, and he'd already gotten tired of those alabone stuff- there aren't many good choices here, so might as well get something simple and nice. It'd ruin Chentian's image if we get too many expensive items!"

"Wha?!" Chentian froze, and waved his hand with a smile, "That's true, those things aren't really that good. Having something lighter and simpler would suit our stomachs better in the morning."

The waitress didn't mind- the guy had spent five million on a card, he could order whatever he wanted! Even if he didn't eat anything and asked for some free fruit plates, she still had to continue with a smile!

Just putting out five million like that was enough for her to know how rich he was! Only someone with a couple hundred million in their pockets could spend money like this!

The waitress backed out of the room, and Chentian stopped his heartache as he remembered what he came here for! He wanted to show Jingyi the relationship between Lin Yi and Xiaoxiao! If that goal was fulfilled then this ten million would definitely not be a waste!

"Old Lin Yi, this is Lil' Xiaoxiao's first time seeing Jingyi, right? Let me introduce the two of them!" With that, Chentian stood up with a smile and made introductions, "Jingyi, this is Lin Yi's girlfriend, Feng Xiaoxiao, we met at the auction in Yanjing, we got along quite well!"

"Nice to meet you, Xiaoxiao. You don't mind if I call you that, right?" Jingyi said with a smile, extending her hand for their first official meeting.

"I don't mind. I'll call you Jingyi sis then," Xiaoxiao already knew who Jingyi is from Lin Yi, and she didn't mind her as long as she didn't cause any trouble to her relationship with Lin Yi.

"Haha, I'll call you Xiaoxiao lil' sis then," Jingyi nodded with a smile.

"Xiaoxiao, this is Sun Jingyi, she... Uh, Jingyi, how do I explain your relationship with Lin Yi?" At that thought, Chentian looked at her, as if troubled when he passed on this 'hard question' to Jingyi.

Chentian may be prideful, but he wasn't too dumb- he at least knew that the strategy to bring these three together and reveal Jingyi and Lin Yi's relationship! Letting Jingyi explaining herself to him would also be a strategy if they put their relationship forth!

Chentian was someone who looked for these things, after all- it was just that he was too prideful and wanted to look cool, that was how Xiaoxiao managed to scam him like this! Although, Xiaoxiao had always had the title of little demon in school- she'd messed with just about everyone.

"Haha, I'm Lin Yi's lover," Jingyi said to Xiaoxiao with a wide smile on her face.

"Wha!?!!" Chentian's eyes went wide- he never expected Jingyi to admit that right in front of Xiaoxiao! Wasn't she just making things awkward? Would Xiaoxiao agree to that? Would they be able to finish their meal?!

Why would she say she was Lin Yi's lover like this?

Chentian thought that Lin Yi was two-timing, and that Jingyi didn't know Lin Yi's true colors- his plan was to let Xiaoxiao and Jingyi meet, and make Jingyi pissed off when she realized Lin Yi was cheating! She would push him away and tell him to scram!

But this wasn't what he was expecting- Jingyi didn't seem to mind at all when Xiaoxiao was holding hands with Lin Yi the first time they appeared!

Of course, that didn't confuse Chentian- as far as he could tell, this meant that Jingyi and Lin Yi weren't in a relationship in the first place, and that it was an illusion- she grabbed Lin Yi and pretended to be lovers with him!

Chentian was quite happy- Jingyi had no reason to reject him anymore, it seemed!

But now, things were different- Jingyi said that she was Lin Yi's lover! What was going on here?

"So it was you!" Xiaoxiao extended her hands to Jingyi gracefully, "Pleased to meet you, Jingyi sis!"

"You..." Chentian rubbed his eyes. Was he dreaming? Why wasn't Xiaoxiao angry, and being friendly to Jingyi instead? What was going on?

"What? Chentian Bro?" Xiaoxiao said, as if she didn't know what was wrong.

"You... How could you let your boyfriend get a lover?" Chentian was dumbfounded, panicking.

"Oh, what's wrong with that? If he wasn't looking for lovers, do you think I'd still be able to be his girlfriend? I'm just his small wife, not even the main wife! Even the main wife is fine with him getting a mistress like me, so what right do I have to refuse a newcomer?" Xiaoxiao said naturally.

"Ha?!!" Chentian was even more confused- this Xiaoxiao wasn't Lin Yi's true wife? She was a mistress?

But, even Jingyi was shocked, let alone Chentian! She was Lin Yi's lover, sure, but that was just an agreement- they weren't actual lovers! She had some interest in him, but she wouldn't act on that unless she made that decision!

What shocked her was that Xiaoxiao was also a small wife to Lin Yi, such a pretty girl like her! Did this mean that Lin Yi really had a main wife? Why was Xiaoxiao willing to be the small one? This didn't seem real, it didn't seem possible!

Chapter 1055: Troubled

From Jingyi's view, it was normal for noble houses to have mistresses, since the men of noble houses were all powerful people. It wasn't weird!

But it was in the common world!

People of the Wulin world had their rules, and people of the common world had theirs- every level had their own system, and Jingyi simply couldn't understand how Lin Yi already had mistresses at his age! And from what Xiaoxiao was saying, she must have had quite a nice relationship with this main wife, since she didn't stop Lin Yi from having lovers!

There were only two possibilities for a situation like this to happen!

One was that these two girls were idiots, and they couldn't find a boyfriend, resorting to sharing one man! But this possibility was zero- after all, how high was Xiaoxiao's quality? She was so pretty, a flower that stood out in the garden! One look at Xiaoxiao and she knew the main wife's looks wouldn't be far off! Would girls like them really need to share one man?

The second possibility was that Lin Yi was too high quality! If high level girls like her were willing to go to this point for him, that'd imitate the situation with the noble houses! Yet, Jingyi didn't feel that there was anything outstanding about Lin Yi... He was a Grand Thief, yes, but was that a career with a bright future..?

Jingyi frowned as her curiosity towards this man thickened. He seemed to have a thick air of secrecy around him?

"Jingyi, you're from a noble house, how could you be someone else's mistress?" Chentian's heart was bleeding. He was getting pissed off! Jingyi would rather be the third wife, a mistress, than marry him officially? Why? Why?! Was he that weak? Yet, on the surface, he kept his composure as if he was some big brother of justice, lecturing her, "Old Lin Yi is outstanding, yes, but if he has many mistresses that would cause chaos in the household! Think about it, Jingyi, if you were to be someone else's mistress, that make Grandpa Sun extremely angry!"

"Is that so? What's wrong with being a mistress? If I remember correctly, Grandpa Wu has a lot of small wives as well?" Jingyi said casually.

"Ugh..." Chentian froze, his face bitter, "This is a different situation, isn't it? Our House Wu is a noble house, not restricted by the common world's rules, so naturally you could have a few wives... But the point is, my grandpa is very strong, and the wives wouldn't fight around with each other, they're very respectable in front of my grandma!"

"Oh, I'm from a noble house as well, I'm not restricted by the rules," Jingyi said faintly.

"I..." Chentian's face tensed up. He wasn't expecting Jingyi to be so stubborn! He'd already told her that Lin Yi was a normal man, not capable of playing around with so many wives! Conflict would be inevitable!

Yet he couldn't say that in front of Lin Yi! If that pissed him off, he might bring Xiaoxiao and leave, making the situation awkward! It'd be even worse still if Jingyi left with them!

At this moment, the waitress came in with the dishes, forcing Chentian to shut up and rethink his strategy.

Just what could he do to twist Jingyi's thoughts back to the light?

God damn it, this Feng Xiaoxiao, she wasn't displeased one bit! That Jingyi was even worse, willingly becoming Lin Yi's mistress- what was so good about this Lin Yi anyway? He didn't see any redeeming qualities about him!

If it weren't for Jingyi being present, he really wanted to give Lin Yi a slap and kill him, so he wouldn't be such a thorn in his eyes!

The dishes were here, and Xiaoxiao didn't care about anything else, wholeheartedly diving into the food and sweeping everything clean. She didn't care what people thought of her, since she didn't have much time to live! As long as Lin Yi didn't mind, she didn't care!

Lin Yi had brought Xiaoxiao here to eat, so of course that was the point! He would even help put food on her plate, telling her to eat more! This made her quite happy.

Jingyi didn't eat much- she carried herself with a little more grace, becoming full after eating some of the food. Chentian, on the other hand, didn't eat one bite! He was quite troubled, after all- no way he could be in the mood to eat! This situation wasn't what he imagined at all!

As for letting Xiaoxiao help him act cool, Chentian had given up on that thought as well. Jingyi didn't even like him right now, there was no point in looking cool!

So what should he do? Chentian locked his brows. The most important thing now was Xiaoxiao's attitude. She was supposed to reject Jingyi, and force Lin Yi and her to end their relationship. That was how Chentian would have a chance!

The other move would be to call Jingyi's house, and tell House Sun about how Jingyi was a mistress to another man. This would be his trump card, the last resort! Because, if she were to know the truth, then she'd only hate and loathe Chentian! This was not a position he wanted to be put in, he didn't want to do something like that.

There were happy people and troubled people at the table. Xiaoxiao was eating quite happily, Chentian was quite troubled, and Lin Yi and Jingyi were just here to watch the show.

Chentian had originally prepared a couple of moves to show his coolness, but none of them had come into play because he had lost his mood! Even if Xiaoxiao cooperated, there was no point since Jingyi's heart wasn't with him right now!

The meal ended quickly, and Chentian got in a taxi and left, still very troubled. Jingyi, on the other hand, drove Xiaoxiao and Lin Yi back to school.

Upon entering the car, Jingyi couldn't help but laugh aloud, giving Xiaoxiao a thumbs up, "Lil' sis Xiaoxiao, you're way too good at scamming people! Wu Chentian lost ten million in one morning, just like that!"

"Heh heh heh!" Xiaoxiao couldn't help but smile gleefully. She was quite confident in her ability to scam people, after all, although it was quite rare to meet someone so easy to scam like Chentian.

“Xiaoxiao, want to sit in front and let’s talk?” Jingyi was curious towards Lin Yi now. She knew that Lin Yi had a colder personality, and if she were to ask him the questions she wouldn’t get many answers. Xiaoxiao, on the other hand, was a lot more willing to chat, so she decided to get her information from Xiaoxiao instead.

Chapter 1056: Growing More Curious

“Okay,” Feng Xiaoxiao took Song Jingyi’s invitation casually and sat in the front of the Audi A4L.

Ling Yi didn’t care as he already guessed what Sun Jingyi’s intention was. However, Feng Xiaoxiao didn’t know much about Lin Yi so he wasn’t afraid of her giving something away.

After they got in the car, Sun Jingyi asked, “Where are you going? Where you were before?”

“Yes, Songshan city’s First High School.” Feng Xiaoxiao nodded.

“Oh... Okay. Where do you live?” Sun Jingyi probed.

“We go to school there!” Feng Xiaoxiao blurted it out, but she immediately regretted. Feng Xiaoxiao wasn’t stupid and she knew that she fell for Sun Jingyi’s trap. Sun Jingyi was trying to probe on their identities! From the current situation, Sun Jingyi shouldn’t know that Lin Yi and Feng Xiaoxiao went to the First High School!

Feng Xiaoxiao turned around and glanced at Lin Yi nervously and sighed in relief after seeing that Lin Yi didn’t act any differently and he was still resting with his eyes closed.

In fact, Lin Yi had hid his identity. He was afraid that Sun Jingyi would bother him infinitely after knowing where he studied at. The promise of being half a lover was like kidnapping him. If Sun Jingyi had any problems and found Lin Yi for those, would he be able to do anything else?

That’s why Lin Yi intentionally didn’t tell her that he was a student of the First High School, and told her to wait for him around the school!

But from the past period of time, Sun Jingyi never bothered him and hence, Lin Yi didn’t mind revealing his identity to Sun Jingyi after knowing that she wasn’t someone that would bother him for all her small problems.

“You, study at the First High School? Are you both high school students there?” Sun Jingyi was surprised. She thought that Lin Yi should be ‘younger’ than her but it was her age after she dressed up. Lin Yi should be around the same age as her, around 20 years old, but she certainly didn’t expect Lin Yi to be a high school student! Isn’t the difference too big? Lin Yi was a high school student? How was it possible? Wasn’t he the grand thief?

“Yes, we are in our third year of high school!” Feng Xiaoxiao spoke the truth after she saw that Lin Yi hadn’t changed his expressions.

Oh my! Sun Jingyi was embarrassed after confirming this information about them. She was twenty years old yet she developed feelings for someone younger than her?

“Hmm... Then why are you Lin Yi’s concubine? He has another wife?” Sun Jingyi quickly changed the topic.

“He does, I’m only his small wife.” Feng Xiaoxiao nodded straightforwardly, “Aren’t you Lin Yi’s lover too?”

“I... I’m only half a lover to him. Haha, only in name,” Sun Jingyi explained, “It’s only because Wu Chentian is too clingy so I asked Lin Yi to be my shield.”

“Oh, is that so...” Feng Xiaoxiao was disappointed, “I thought I could have a threesome with you!”

Feng Xiaoxiao interacted with Chen Yushu often and became bolder. In fact, she was curious about threesomes. She didn’t have too much time left and she wanted to do everything new.

She could tell that Tang Yun was a conservative person and she wouldn’t join them in a threesome especially in such a short period of time. Even with Lin Yi alone, Tang Yun was probably not ready yet.

As for Chen Yushu, Lin Yi didn’t have that sort of feeling towards her and how could she not see that? If Lin Yi had feelings for them, Chu Mengyao and Chen Yushu would’ve been his already. After all, they lived in the same mansion everyday!

Hence, Feng Xiaoxiao changed her target to Sun Jingyi. Feng Xiaoxiao was a conservative person too, but the current situation didn’t allow her to be conservative anymore. In her perspective, she already confirmed that Lin Yi was the one, it didn’t matter what he did. She wouldn’t do anything with other men in this lifetime and hence she became bolder.

“Huh?!” Sun Jingyi heard Feng Xiaoxiao’s shocking words and almost drove onto the pedestrian’s path as she quickly stepped on the brake.

Lin Yi smiled bitterly yet frowned at the same time. Feng Xiaoxiao was acting more and more like Chen Yushu now. He didn’t know if it was good or bad thing to put the two together! But luckily Feng Xiaoxiao couldn’t live for too long...

But Lin Yi’s heart hurt when he thought of it. Was it really, “luckily”? Lin Yi didn’t want Feng Xiaoxiao to die, even if she was to make all sorts of troubles with Chen Yushu, he still didn’t want to lose her!

In merely two days, Feng Xiaoxiao’s position in Lin Yi’s heart became heavier and heavier. Especially when he heard that Feng Xiaoxiao woke up in the middle of the night to make the cake for him, it touched him dearly. That’s why, Lin Yi really really wanted Feng Xiaoxiao to live!

Lin Yi sighed and became worried.

“Haha, it’s just a joke!” Feng Xiaoxiao quickly stopped after seeing that Sun Jingyi was shocked by her words.

“Haha, nothing, it’s fun...” Sun Jingyi wiped the sweat off her forehead...

Threesome! What a shocking thought! Although Sun Jingyi was born into a noble house, but her thoughts were rather conservative too. Although her grandfather and uncles all had multiple lovers, but they were never said to have threesomes...

But in the end, although the women looked harmonious on the outside, they secretly couldn't get along with each other and no one would try to be friends with another. They were only harmonious because men were much more powerful in noble families!

Hence, Sun Jingyi didn't dislike the thought of having multiple wives as she lived in such an environment. It was also why she decided to be someone's lover.

However, that man must be someone who also liked her. Marrying a person like Wu Tieshou would only make her gloomy for the rest of her life!

Lin Yi... Sun Jingyi glanced at Lin Yi through the mirror, who was resting at the back. She became more and more curious! How did he make Feng Xiaoxiao love him so much? Sun Jingyi could feel that Feng Xiaoxiao had no other intention towards her but acceptance! Sun Jingyi was rather confused at this situation!

Not to mention women in the noble houses, even the concubines of the emperor fought often. She had never heard of them getting along well! But Lin Yi did it! Lin Yi... What kind of unknown skill did he have?

The grand thief... Student... Which one was his real identity? Or perhaps, both were fake?

Chapter 1057: Not Much Time Left

"Jingyi sis, let's contact more in the future. I quite like you!" Feng Xiaoxiao spoke sincerely. It looked like she was still thinking about her threesome plan... Wanting to make it come true before she died.

"Okay," Sun Jingyi smiled slightly. She didn't mind talking to Feng Xiaoxiao as she could learn more about Lin Yi from her! Sun Jingyi thought that she underestimated Lin Yi. He wasn't as simple as he looked!

"Consider my suggestion! I don't have much time left!" Feng Xiaoxiao panicked.

"Not much time left?" Sun Jingyi froze.

Lin Yi, who was sitting in the back, opened his eyes abruptly.

"Ha, yes. I'm in the last year of high school and perhaps I'll go to university in another city. I won't be able to see you often then!" Feng Xiaoxiao also realised that she accidentally let that slip. Luckily she was smart and rounded up the lie.

"Oh, university. Haha, but I'm afraid that I won't be able to accept your suggestion temporarily," Sun Jingyi shrugged apologetically. She was an unrestrained person and she wasn't too shy to speak about this.

If Lin Yi could make Sun Jingyi develop more feelings for him, then there was a possibility that Sun Jingyi would accept Feng Xiaoxiao's suggestion. But right now was the time.

Lin Yi closed his eyes again. He knew that Feng Xiaoxiao let it slip but immediately made up for it. Those who didn't know the truth would be easily tricked by her. Lin Yi sighed lightly. Although Lin Yi was moved by Feng Xiaoxiao's suggestion, but he couldn't help her to make her wish come true.

If Feng Xiaoxiao could continue to live, then perhaps there would be a day for this. But speaking from the time she had left, it wasn't enough. Lin Yi was a person with strong principles and he would never force Tang Yun to do anything. Because of his special career, he was destined to not be someone who prioritised their bottom half of their body.

This time, the car didn't stop at the snacks street behind the school, but stopped at the front gate.

"See you. Jingyi sis, remember to text me!" Feng Xiaoxiao easily built up a friendship with Sun Jingyi and friendly said goodbye to her.

Lin Yi realised that it was extremely easy for Feng Xiaoxiao to make friends with others. Her personality was energetic and she could be acknowledged by others easily.

"I will," Sun Jingyi nodded. She looked at Lin Yi and urged him again, "Wu Chengtian probably won't give up so easily this time. I'm worried that he'll look for trouble!"

"Ha, whatever, I'm not scared of him," Lin Yi shrugged carelessly.

"Don't underestimate him. Although Wu Chentian looks like an idiot, but he's from a noble house and you know their power... Oh right, Wu Chentian said that you two met at Yanjing's auction?" Sun Jingyi was going to tell Lin Yi about noble houses' power and enormosity, but she suddenly recalled that Wu Chentian said he met Lin Yi and Feng Xiaoxiao through the auction at Yanjing.

Sun Jingyi found it strange. Wasn't that auction the one House Yu conducted a while ago? Sun Jingyi was from the noble house Sun and she naturally knew a lot about it. Although she didn't participate, she knew that all the people who attended it were either wealthy or noble. Other than the people from the noble houses, the others who could participated all had backgrounds.

Lin Yi and Feng Xiaoxiao, who on earth did they have to attend the auction? Sun Jingyi was curious and wanted to ask, but Wu Chentian was there and she didn't have a chance to ask. Now she recalled it, she was confused.

"I went with a friend," Lin Yi smiled and replied indifferently. He didn't tell her about his company as their relationship wasn't that close yet.

Speaking mercilessly, the initial feeling Sun Jingyi gave Lin Yi was someone who felt slightly more familiar than a stranger, she wasn't even as well as Wang Xinyan. Lin Yi thought that he was closer to Wang Xinyan as she was the first girl Lin Yi made friends with after coming to Songshan. She was also kind, making Lin Yi feel better towards her than Sun Jingyi.

Wang Xinyan's interactions with Lin Yi didn't have anything to do with benefits. She gave one-sidedly, just as when they first met on the train, she warned Lin Yi that there were scammers. She never thought of seeking anything back from Lin Yi but Sun Jingyi was different.

When Sun Jingyi first met Lin Yi, her intention was strong. She asked Lin Yi pretend to be her boyfriend in order to chase Wu Chentian away. And after it, she "hired" Lin Yi to steal the recording of her competitor but the reward was to be Lin Yi's half lover.

To women like Sun Jingyi who liked to be smart about trivial matters, Lin Yi often showed respect from a distance. Although Sun Jingyi was good looking, but Lin Yi didn't want to drag himself in when he enjoyed seeing her beauty.

After today's interaction, Lin Yi's impression towards her changed a little. Sun Jingyi wasn't a clingy girl like what he imagined her to be. He recalled the times when she asked for help, she asked him to help when there was no way she could get it done. After that, she didn't call him again to bother him.

This made Lin Yi feel that Sun Jingyi was a decent person. Although he suspected her of using him at first, but she didn't continuously seek from him as if he was an idiot.

"Is that so!" Sun Jingyi looked at Feng Xiaoxiao and lowered her laugh after Feng Xiaoxiao got off, "I thought you wanted something at the auction..."

"Hmm..." Lin Yi shrugged, "I'm not the grand thief, I occasionally make a guest appearance as him."

"Then what's your main job? Student?" Sun Jingyi asked.

"Do you really want to know?" Lin Yi asked.

"Yes." Sun Jingyi nodded.

"Murderer and arsonist!" Lin Yi replied indifferently.

"Huh?" Sun Jingyi froze but immediately frowned, "You don't have to lie if you don't want to tell me. Isn't murder and arson skills of the grand thief?"

"Haha..." Lin Yi didn't explain further, "Don't worry about Wu Chentian doing something to me. If they force me, I'll set their house on fire and kill his family."

"..." Sun Jingyi was speechless. But she didn't know what else to say after seeing how careless he was, "Then be careful."

Lin Yi nodded. He pushed the door open and quickly caught up to Feng Xiaoxiao.

Feng Xiaoxiao saw that Lin Yi didn't get off until now, she asked confusedly, "What took you so long?"

Chapter 1058: Lin Yi's True Ability

"Sun Jingyi wanted to talk to me, he told me to be careful of Wu Chentian," Lin Yi replied.

"Oh, will you then?" Feng Xiaoxiao asked.

"I think he's one who should be careful," Lin Yi smiled.

"Haha!" Feng Xiaoxiao was amused, "I think so too!"

"But that Xie Yufeng, you should be careful. When I'm not around, you and Shu shouldn't offend him," Lin Yi warned.

"Oh? What about Xie Yufeng? What's so good about him? Can he do anything to us?" Feng Xiaoxiao didn't understand why.

“He’s a cultivator, a master at the peak of initial stage of mystic division,” Lin Yi didn’t hide this from her. From her background, she should know the meaning behind these cultivators and their divisions.

“What?” Feng Xiaoxiao was shocked, “He’s that good? Really?”

“Yes.” Lin Yi nodded.

“No way! How could he be so useless then? He was beaten up by a few gangsters? And he could sit on nails? And he was beat up by Wu Tieshou this morning?” Feng Xiaoxiao found it unbelievable.

“He is,” Lin Yi nodded seriously, “But he decided to hide his true ability in front of me for some reason.”

“Oh?” Feng Xiaoxiao heard Lin Yi’s words and frowned as she pondered.

If it was like what Lin Yi had said, then Xie Yufeng had indeed hid his ability. Whether it was when they were at the karaoke or when they encountered Wu Tieshou in the morning, Xie Yufeng looked like he was confident to beat them up, but suddenly gave up!

Feng Xiaoxiao was confused before but she didn’t think of this possibility. Now that she thought about it carefully, it was indeed strange. Only Lin Yi’s explanation would make sense! In front of Lin Yi, Xie Yufeng intentionally pretended that he wasn’t a cultivator!

“Then why did do that...? He’s targeting you?” Feng Xiaoxiao was stupid and immediately thought of the benefit chain behind it. Xie Yufeng must’ve done it for a purpose and it was most likely due to some reason related to Lin Yi. Feng Xiaoxiao’s heart clenched at the thought of it. Without knowing when, she treated Lin Yi as her boyfriend. He was someone she cared about, not an experimental object for love or someone she wanted to take revenge on. This changed silently overtime and even Feng Xiaoxiao herself didn’t know when it happened.

Human’s thoughts was the hardest to guess. In many situations, love and hatred developed in an instant. Perhaps love was born from hatred and perhaps hatred born from love. Feng Xiaoxiao’s situation was that of love born from hatred.

“Perhaps. But he’s only at the peak level of the initial stage of mystic division...” Lin Yi shrugged and replied carelessly.

“Oh?” Feng Xiaoxiao’s eyes lit up after hearing Lin Yi’s words. Lin Yi appearing at the auction meant that he must know these noble houses well. Knowing the divisions of cultivators was normal so Feng Xiaoxiao didn’t think it was inappropriate. But now that Lin Yi was talking as if he looked down on Xie Yufeng, he was being questionable!

Since Lin Yi knew what it meant to be a mystic division master and looked down on him, then what’s Lin Yi’s true ability? Perhaps Lin Yi was also a cultivator?

Feng Xiaoxiao couldn’t believe it! Because of her father’s job, she knew the insider new more than most. But the more she knew about them, the more she knew how scarce these cultivators were! Though this was excluding golden division masters, as there were some golden division masters around wealthy people!

Many cultivators would be stuck after reaching golden division and instead of chasing a higher cultivation, they chased after money and enjoyment. It wasn’t strange to be the dogs of wealthy people

and become fighters, but there weren't so many mystic division masters in the world. Usually, those who reached mystic division would rather not be a wealthy family's bodyguard if there was even the slightest hope in advancing. Although there weren't a lot of mystic division masters, there were still some.

But Lin Yi, a high school, looked down on a master of mystic division, then he himself... Feng Xiaoxiao knew that Lin Yi was skilled, but she didn't expect him to be this skilled! It looked like Lin Yi's rank was even higher than Xie Yufeng!

"Husband Lin Yi... You..." Feng Xiaoxiao widened her eyes and looked at him in disbelief, "Don't tell me your rank is higher than Xie Yufeng?"

Lin Yi nodded. Since he had already accepted Feng Xiaoxiao, he wouldn't hide it from her. Tang Yun, Chu Mengyao and Chen Yushu all knew about his rank, not to mention that Feng Xiaoxiao's father, Feng Tianlong, was one of his old comrades, hence it was impossible for him to hide it from her.

"Woah!" Feng Xiaoxiao received his confirmation and yelled in surprise in excitement, "Xiaoxiao, you are too good! You got a random boyfriend and he's of mystic division! Wahahaha, it's a harvest!"

"..." Lin Yi saw Feng Xiaoxiao's excitement and he was speechless. He didn't know why she was so happy; what's so good about mystic division? He couldn't even heal her...

"Hahaha, does that mean that you are better than the majority of the masters from the noble houses?" Feng Xiaoxiao paced around him and her eyes fixed on Lin Yi, as if she wanted to see what was different about him, "No wonder you could attend the auction, you are a master!"

"I wasn't back then, I was only at the final stage of golden division at that time..." Lin Yi said, "But I can usually handle those whose ranks are slightly higher than mine..."

He recalled that the last time he broke through, it was with Feng Xiaoxiao's contribution. Although he already touched on the wall of mystic division, if it wasn't for Feng Xiaoxiao, he definitely wouldn't have advanced to mystic division so easily!

"Oh?" Feng Xiaoxiao heard Lin Yi's words and paused.

Lin Yi had said everything clearly to make her feel assured. After all, she couldn't live for long and Lin Yi didn't want her to be worrying everyday.

"Haha, so that's why you don't need to think too much about it. Whether it's Wu Chentian or Xie Yufeng, everything will be fine. Not to mention Wu Chentian, I won't need to be afraid if even his grandfather came!" Lin Yi laughed.

"Wu Chentian's grandfather..." Feng Xiaoxiao suddenly recalled something. When the auction ended, she had offended Wu Chentian's grandfather, Wu Gonggao. Wu Gonggao was furious at the time and said he was going to kill her, and it was Lin Yi who stood in front of her?

Chapter 1059: Old Yu was Cheated

When Elder Yu was cheated, Feng Xiaoxiao didn't find anything odd about it but now that she was aware of it- could it be that Lin Yi was trying to protect her at that time? Xiaoxiao's heart warmed up at the thought alone, she was extremely touched to an unreachable level- their relationship wasn't that harmonic at that time, was it? Why would he risk his life to protect her?

That time Lin Yi was just Golden Class late phase- he was obviously no opponent of Wu Gonggao! But yet Lin Yi still did that anyway- it meant that Lin Yi really did care about her a lot! Feng Xiaoxiao was moved and ignoring the fact that they were in front of the school gate, she went ahead and hugged Lin Yi, moved to tears.

Lin Yi was taken aback by Xiaoxiao's sudden reaction- what had happened? She was just fine a few seconds ago, why was she in tears suddenly? She wasn't possessed by the crybaby, Fatty Lai, was she?

"Xiaoxiao, what's wrong?" Lin Yi was a little frightened as he asked awkwardly. They were in front of the school gate, after all, what would people think of him hugging a girl in tears? Some people might already know of their relationship but what about those that were ignorant...?

"Wu wu.... Lin Yi honey, you're being too kind to me!" Xiaoxiao sobbed.

"Huh?" Lin Yi startled- was he being too kind to Feng Xiaoxiao?

"In Yanjing, during the auction, you knew how strong that old fart, Wu Gonggao, was, yet you still stood up for me and acted as a shield, protecting me!" Xiaoxiao saw that Lin Yi was in confusion so she explained.

"Ugh..." Lin Yi didn't know whether he should be cry or laugh, "You are talking about that..."

"Wu wu.... I'm extremely touched by your actions, I've never been treated so kindly before!" Xiaoxiao said the truth from the bottom of her heart. Due to Feng Tianlong's work, he couldn't stay by Xiaoxiao's side all the time so Lin Yi naturally became the person that was the kindest to her.

"You don't have to cry over things like this.... We are in front of the school gate, it's not good to let people see this..." Although, Lin Yi didn't really mind how others judged him, it wasn't exactly appropriate, either.

"I don't care, I just want to hug you and cry right now, just let me do what I want for once!" Xiaoxiao acted like a spoiled kid.

Lin Yi was helpless- he could only let Xiaoxiao do whatever she wanted.

A while had passed, and Xiaoxiao took far longer than Lin Yi had expected.

"Xiaoxiao, let's go back the school okay?"

"No! Let me continue hugging you!" Xiaoxiao felt super warm hugging Lin Yi and didn't want to let this feeling slip away so quickly.

"If you don't listen to me, I won't be nice to you anymore," Lin Yi threatened helplessly.

“Oh...fine...” This technique was indeed effective- Xiaoxiao let go of Lin Yi reluctantly, the tears on her cheeks had already long dried up. She refused to move away because she wanted to stay in Lin Yi’s embrace forever.

Feng Xiaoxiao and Lin Yi went back to their classroom together which caused a bit a fuss, though the Miss and Chen Yushu knew about their relationship so they didn’t really pay much attention on them. However, Xie Yufeng, on the other hand, had been glaring daggers at them since they entered in the classroom. A trace of toxicity could be seen in his eyes!

It was because of Feng Xiaoxiao and Lin Yi, he had lost the five million! He swore that he would remember this debt and make them pay!

.....

Yuren was an ordinary person operating a grocery store, working on his own small business. His financial condition was always tight as he had little capital, and so his small business was unable to expand. The earning he made every day was just barely enough to cover the expenses of his family.

But Yuren was frustrated- he didn’t want to stay poor forever, he wanted to have a drastic change. That way, when his business was doing better, he could spend the money on buying lottery tickets. He dreamt that he would hit the jackpot one day, and earn the five million grand prize without a sweat and finally upgrade his family’s living standard.

“Old Yu, what are you thinking?” The guy from the next store came over and asked. He sold pork as a living.

“Nothing, preparing to go back home...” Yuren said while starting to pack up some stuff.

“Do you have time tonight? I’ll take you to somewhere exciting!” The pork seller said.

“Oh? What’s so exciting?” Yuren paused, he didn’t know what the pork seller was talking about, but he shook his head anyway, “Are you bringing me to those types of dirty places? I ain’t going with you, my wife is really something, I’ll be done for if I was caught attending events like that!”

“Hey, don’t be a coward!” The pork seller shook his head, “What dirty? It’s just boxing! Have you heard of underground boxing? It’s super exciting!”

“Boxing?” When Yuren heard that it was nothing sexual, he didn’t instantly reject the idea anymore, “Is the entrance fee expensive?”

“It’s free of charge!” The pork seller chuckled, “My nephew knows someone from the upper society and they gave him a few tickets while I got two tickets from him! Let’s go, we’ll learn something, definitely!”

The pork seller then put his oily arms around Yuren’s shoulder, inviting him to join warmly!

This pork seller was actually here to scam Yuren- he had a nasty personality. He had already received five hundred RMB from his nephew to bring Yuren to the boxing arena. Otherwise, he wouldn’t even remember Yuren at all.

“Free? How’s that possible?” Yuren didn’t believe what the pork seller said, “Even if it was a good thing, why would you think of me?”

Yuren was no stupid- he knew that this pork seller and him were just acquaintances, their relationship was just ordinary. He could've found someone else, why him? It was obvious that the pork seller was hiding something from him, this made Yuren wondered.

"Hai! Didn't you help me to look over my stall a few days back? You even helped me in selling some pork too! Now that I've found something good, it was natural for me to think of you Yuren bro!" the pork seller smiled.

"Is that so!" Yuren gave in at last, but he still couldn't believe him completely yet as he asked, "You sure, it's free of charge? I'm telling you first, I'm totally broke right now, this money is for my daughter, Yuanyuan, to bring back home!"

"I don't need your money!" the pork seller reassured him, "Let's go, just follow me!"

Yuren finally relaxed after listening to the pork seller's last line as he joined him to go to the underground arena.

Initially, Yuren still felt that the whole situation was not very logical until he entered the arena and sat down with the pork seller beside him. He realised that what the pork seller said was true, he really didn't have to spend a penny to enjoy the battle!

When his concerns diminished, he started to relax and discuss with the pork seller, "Who organised this boxing competition? Is it really that good?"

"Hey! This is an underground competition, obviously, it's gonna be super good! They are all real fighters that fight to the death, you know!" the pork seller chuckled, "It's a death match! I heard that they aren't allowed to stop the competition until one is beaten to death!"

Chapter 1060: Fish Bites The Bait

"That's pretty scary, isn't it?" Yu Ren said, shocked at the words.

"Heh heh, not really. It's really exciting!" The pork seller said with a smile.

"They won't bring the fight to the audience section, will they? That's pretty scary, maybe we shouldn't watch anymore..." Yu Ren was not a brave man, and though he didn't mind other people fighting with each other, he just didn't want to get involved.

This was also the tragedy in the lives of the people at the bottom of the pyramid. They always worried about whether they were getting enough food, if they were warm enough... They had no time to care for other people. Yu Ren was someone like that.

"Look at how much of a scaredy cat you are! How could they bring the fight into our section, I've been here many times, don't worry!" The pork seller laughed.

At that moment, a young man beside Yu Ren spoke up. This was someone the Scorpion prepared, with the same purpose as the meat seller.

“Not only is it exciting, you get to earn big bucks too! Look at me, I used to have no money, and now I’m a millionaire after watching a couple of matches!” The young man said happily.

“What? From nothing to millionaire? How is that possible?” Yu Ren froze. He didn’t have any interest in illegal arenas, but hearing the young man say that he became a millionaire from nothing gave him immense interest! He dreamed of getting that five million lottery every day, so he really cared about something like that!

“Heh heh, of course it’s possible!” The young man said, as if looking down on the man, “Know about betting on fistfights?”

“Betting?” Yu Ren blinked.

“Never tried it, huh? I’ve done it before...” The pork seller grinned and explained.

Yu Ren understood, but he was still scared. “What if you bet on the losing side, wouldn’t you lose all your money?”

“Ha! It’s betting! You buying lottery is the same, if you don’t get the prize, you don’t get anything back!” The young man said, looking down on him, “Someone like you who’s so afraid all the time deserves to be poor! Look at how I do it!”

Yu Ren didn’t say anything, but he was interested now. From nothing to a millionaire? That was the dream!

At the thought, he started paying attention to what the pork seller and the young man did!

Before the fight started, people had already started collecting bets with a tablet. The young man put in a hundred thousand on some Red Dragon guy, and the meat seller did the same, using ten thousand on the dragon guy!

Yu Ren looked at their bets, and was quite interested. He tested, “Can I bet ten kuai?”

“Pfft!” The young man burst into laughter, eyes wide, “I say, old man, the lowest bet here is ten thousand, who would let you bet ten kuai here?”

“Ah... I see...” Yu Ren was blushing a little, but was also shocked. Ten thousand? That was his earnings in half a year! Using that to bet? That’s insanity! What confused him, however, was how confident these two were being on their bets- was this Red Dragon a long time winning champion, perhaps?

“Heh, I say Old Yu, listen to me and quickly bet! Otherwise you’ll regret for sure!” The meat seller reminded.

“I... This Red Dragon, he’s strong?” Yu Ren couldn’t help it.

“He’s amazing!” The meat seller curled his lips, “Yesterday he won all three matches, not giving the opponent a chance to rest and won! I regretted it so much when I didn’t bet yesterday, so I bet in ten thousand on the last one and now I’m rich!”

“Really...” Yu Ren was really interested at this point, but hesitant. “A lot of bettings are rigged, wouldn’t the boss of this place be bankrupt if this goes on like this?”

“That I don’t know- this sort of thing isn’t rigged, these guys are fighting to the death and that is the only way we know who wins! The boss wouldn’t be able to fake that, right?” The meat seller said.

“Oh...” Yu Ren really wanted to bet now. But he still tried to be careful, deciding to wait it out!

And the result made him troubled, worried, and looking anticipant! Without a doubt, Red Dragon won! A few hits and he killed the opponent!

The young man and meat seller were right, they really were fighting for real, because the Dragon had even burst open the opponent’s brains!

This sort of gruesome image scared Yu Ren, but he didn’t pity the guy who died. From his view, he was here to fight an illegal arena battle, so he should have expected this sort of result. It had nothing to do with Yu Ren.

What troubled him was that he didn’t listen to the two’s advice, and he should’ve bet! If he had put in ten grand, he would have twenty thousand now! The young man now had one million from his five hundred thousand, and the meat seller now had twenty thousand! Yu Ren was really envious!

Such an opportunity, and he missed it! If only he had bet ten thousand... He’d have double that, a half year’s worth of earnings...

At the thought, he only grew even more troubled. He regretted it so much, why couldn’t he be more brave? If you had put in five hundred thousand he’d have a million!

At the thought, he grew even more troubled! Taking out ten thousand would be barely in his ability, but five hundred thousand? He might as well sell his house, but the house was rented, it wasn’t his!

The first round ended and the next was between Red Dragon and a White Sheep!

Yu Ren wanted to bet now, but he didn’t have money, so he couldn’t! He didn’t bring any! The young man used bank transfers, and the meat seller used cash, but there was nothing Yu Ren could do!

He regretted it! He could’ve brought ten thousand, but he had nothing!

Yet he remembered something- the young man said he turned into a millionaire from nothing, did that mean he betted without bringing any cash? He turned to him quickly. “Little bro, you said earlier that you became a millionaire with nothing? Where did your base bet come from?”
