

Bodyguard 1121

### Chapter 1121: Special – Sidestory – 5

“Let’s talk about something?” Yu Ning hesitated before she opened her mouth to break the silence.

“What is there to talk about?” Lin Yi opened his eyes.

Truth be told, Yu Ning was indeed a girl who can make your heart move. Especially for Lin Yi, these past few years, she was the first woman that he was alone with for a while- aside from the time when he was with Xiao Qi, who was still quite young. As for Lin Yi, that memory was somewhat obscured.

However, Lin Yi was a very principled person. Yu Ning was his employer and Lin Yi would never cross that line to ruin each other’s working relationship, it just was not consistent with Lin Yi’s style.

“You must have experienced a lot of interesting things, can you tell me about it?” Lin Yi’s alertness and decisiveness made Yu Ning deeply curious. Yu Ning thought to herself, he must be someone with a story. Although they looked the same age, they lived different lifestyles.

“No,” Lin Yi was very flat and refused to answer Yu Ning.

Yu Ning was a little annoyed. How can this person be so dense? Watching Lin Yi close his eyes again, Yu Ning stood up and spun around. It was just too boring to stare at Lin Yi’s poker face!

“Don’t go far,” Lin Yi didn’t open his eyes, but spoke to Yu Ning.

“Okay!” Yu Ning snorted and answered Lin Yi as she ran out of the cave.

Lin Yi didn’t bother to stop her, there was no imminent danger in the vicinity. The armed militants shouldn’t be able to find the area so fast. So Lin Yi didn’t stop Yu Ning from leaving. Lin Yi felt relieved!

It was his first time alone with a beautiful girl, Lin Yi had suppressed his urges for a long time. Unconsciously, he felt a tingly sensation. Even if Lin Yi know Yu Ning’s identity, he couldn’t deny the biological effects like his increased heartbeat!

With a beauty nearby, it was hard for Lin Yi’s young friend to not feel flustered. It was hard for him to calm himself down, and the affect was not great! A nice girl is hard to find. At this moment, Lin Yi’s state of mind was not as calm as it would be two years later. In the end, he was also a normal man.

Lin Yi closed his eyes to meditate. Perhaps it was due to interacting with Yu Ning too often, but in the wilderness, a lonely boy and girl, it was easy for mistakes to happen. It was something that Lin Yi wished to happen, but logically, he had to suppress himself.

Moreover, Lin Yi thought about it very clearly. She was the one that would be settling for him, the gem of a large family name, and what was his status? He was only a bodyguard. To date a princess? How unrealistic was that?

Yu Ning ran out of the cave, but she didn’t get too far. She didn’t want to bring Lin Yi anymore trouble, she was just making a snowman!

House Yu was a large and mysterious family. The reason why it could prosper and become the leader of the hidden Houses was that there were secrets that no one can know! She was the inheritor of House Yu. She was designated to be the inheritor by House Yu's Ancestor.

It was one of the reasons why she can't practice cultivation. Her blood was sacred, she existed to claim the inheritance!

According to House Yu's Ancestral teaching, Yu Ning must begin her life trial at the age of 16. Only by passing the trials, could she accept the inheritance! During the trials, she had to do it alone or the value behind the trial would be lost!

Of course, these were House Yu's top secrets. Yu Ning didn't even know herself. She just knew that her blood was not compatible for cultivation, and the family sent her out alone so that she could adapt and hone herself to become a useful person!

Members of House Yu didn't have to cultivate, but there had to be a leader. Yu Ning's grandpa had revealed that he had planned to have Yu Ning to take over the family business. So all the hardship that Yu Ning was experiencing was for her to become more able in handling House Yu's business in the future.

Of course, if they weren't cultivators, then they couldn't become House Yu's House Leader. They would be responsible for taking care of House Yu's business ventures. That role was no different than being a housekeeper. That status was only second to the owner!

Even Yu Ning was kept in the dark about the high expectations from her House. She was House Yu's hope for this generation. If she could get the inheritance of House Yu's Ancestor then House Yu had hope to rise to the peak and surpass hidden Houses and even ancient martial sect!

Even if these were just legends, people from House Yu couldn't confirm if the inheritance would be successful. House Yu's Ancestor also wouldn't lie to their descendants no matter, so it was good to have hope!

House Yu couldn't be considered an ancient martial sect, but the House Yu's ancestor discovered an ancient ruin. On the ancient ruin, it was there that they discovered that it could transfer ancient martial arts. However, it came with a certain defect of going insane. The power was too much for one to control. Even so, House Yu still became the leader of the hidden Houses!

According to House Yu's Ancestor's investigation on the ancient ruins, he discovered that the reason why he went insane was because it was the combined martial arts of two different types of martial arts! One style was like fire, the other style was like water. It was too incompatible to coexist in the body of one cultivator which would definitely lead to the practitioner going insane! The main point was that the guardian style were females, and the House Yu's ancestor was a male!

By the time House Yu's Ancestor figured that out, it was too late. Before he passed away, he had hoped that he can spread the secret of the ancient ruins to his descendants onto a newborn girl!

Yu Ning was playing with snow on the ground. After making a snowman, she wrote '01' on it. Then, she formed the snowman's face into a poker face. After doing all this, Yu Ning couldn't resist laughing loudly!

Lin Yi was pulled back into reality with Yu Ning's laughter. The noise made Lin Yi to lose focus! At this age, his resistance to the female gender was very low. Lin Yi didn't want to think too much about Yu Ning because it would bring up some prohibited thoughts...

With eyes wide, Lin Yi frowned and scolded, "What are you laughing about?"

"Haha, come take a look?" Yu Ning pointed at her creation as she looked at Lin Yi in the eye.

Lin Yi walked out of the cave to see the snowman. He couldn't help, but smile. He didn't think that Yu Ning would make a snowman, it was quite the image!

"It's a looker," Lin Yi replied.

"Of course, I am a natural, this is the creation of a genius!" Yu Ning was happy that she got Lin Yi's compliment.

Once Lin Yi said those words, he turned back into the cave. In Lin Yi's heart, he had to be on alert and objective. He warned himself that he couldn't get too close to her, because if anything happened, then Old Lin would have his head!

When Lin Yi left after glancing it once, Yu Ning was slightly frustrated. After working for half a day on creating her snowman, it was described with only three words 'It's a looker'. Yu Ning vented it out on the snowman, smashing the snowman into pieces.

### **Chapter 1122: Special – Sidestory – 6**

"I will kick you to death, die die, how dare you ignore me..." Yu Ning apparently turned the snowman into Lin Yi! How could a sixteen-year-old girl be so shrewd? The emotions and sorrows were all expressed on her face. This is also the most impulsive age for teenage girls. The more Lin Yi is cold towards her, Yu Ning was not willing to submit!

Who are you to judge? Even if you are here to assist House Yu with the negotiations, there was no need for you to act so rude to me!

The snowman was broken, and Yu Ning was a little distressed. She took a long time to make it, it was a pity that it was broken on impulse.

House Yu was located in Yanjing, China. It usually didn't snow, and it was even more rare to see falling snow, so it was quite enjoyable! Although the snowman broke, Yu Ning didn't want to remake it. Instead, she wanted to play other games and left fresh footprints in the snow!

Although it was very cold, Yu Ning was still playing around. Her cheeks were frozen red, but it was her first time of indulging herself, her one carefree moment! At home, Yu Ning was either learning chess and calligraphy paintings, or learning management with the House. There was no time for her to play.

Lin Yi didn't eat anything, so he just stuffed the remaining bird meat into his mouth. When he was cultivating, he usually didn't eat too much anymore.

Twilight came in the blink of an eye, and it was dark outside. There were howls from wolves in the distance. Yu Ning was a little scared, and ran back toward the cave. By the time she got back, she was frozen cold.

"It's so cold..." Yu Ning stretched her hand over the fire and turned over the firewood.

Lin Yi opened his eyes and picked up a few more branches to kindle them in the fire, making the fire stronger and warmer.

Yu Ning looked at Lin Yi's cool poker face, and his mouth was dry. It seemed that he still cared about his own wellbeing. He chose this time to add more firewood, it must have been because he felt too cold.

In fact, Lin Yi cared for her health, but he was not willing to express it.

"For the first time, I get to spend the night alone," Yu Ning stared into the burning flame, she felt so free and excited. In her past 16 years, she never thought about going to stay in a cave. Overnight.

Lin Yi stunned and pointed at himself, and smiled bitterly as he shook his head. Alone? Wasn't he a person? These young girls from large families think in a really strange way.

Yu Ning saw Lin Yi's expression, and thought about what he had probably been thinking. She felt embarrassed and wanted to rephrase, "I meant to say staying with strangers for the night... No, not strangers... I meant, to spend the night with a boy..."

Watching Yu Ning act so inconsistently, Lin Yi smiled lightly.

Yu Ning's expression looked a lot better in the flames than in the daylight. This situation was indeed very romantic. Lin Yi sighed out in a deep breath. He tried his best to reign control over his emotions, "... Are you hungry?"

"Not hungry, I am a little sleepy, I want to rest for a while." Yu Ning shook her head.

"Hey-" At this time, not far from the cave, there was a wolf howl. During the day it was very lonely, but at night, all kinds of beasts were active!

"I... I am a little scared, you will guard me, right?" Yu Ning hid behind the pile of fire as she retreated backward. She was just a sixteen-year-old girl. When would she have experienced a similar scene like this?

Indeed, spending a night in a cave with a fire was a bit stimulating and romantic, but if there was a beast nearby, then that romance turned into fear!

"There is a fire, the wolves will not come in," Lin Yi said faintly.

If the wolves were not starving, they wouldn't come near the fire. Lin Yi had the experience of surviving in the wild, and naturally knew this.

"Oh..." Yu Ning nodded.

Lin Yi doesn't sleep at night, he was always in the meditative state of cultivation. So if there were any beasts that entered the cave, Lin Yi could respond quickly to kill the beast.

Yu Ning sat down in front of the fire and fell asleep. She was really tired. She was on constant alert when she was escaping, and then her afternoon playtime had consumed her physical strength. Thus, it didn't take long for Yu Ning to fall asleep.

Unsure of how long it had been, Yu Ning felt uncomfortable. She felt cold and her body was shivering. Was the fire put out? Yu Ning opened her eyes to wake up.

The slight movement from Yu Ning caused Lin Yi to return to reality from cultivation. When he saw that Yu Ning had woken up, Lin Yi did not care, and closed his eyes again.

"It's so cold... I'm so cold..." Yu Ning saw that the fire wasn't out, but her body was shivering.

Lin Yi opened his eyes again. With a strange look at Yu Ning, Lin Yi did not feel cold at all. In fact, the fire was still burning. Lin Yi felt very warm! However, because of this, Lin Yi felt that something was wrong!

"What happened to you?" Lin Yi stood up and walked to Yu Ning's side.

"I am so cold..." Yu Ning continued to shiver.

Lin Yi carefully looked at Yu Ning and saw her face with an unusual blush. He suddenly frowned and reached out and touched her forehead.

Yu Ning felt cold and uncomfortable, but she was awake. When Lin Yi's hand touched her forehead, Yu Ning's body suddenly trembled. Her unprecedented shyness and heartbeat spread throughout her body.

"So hot?" Lin Yi frowned, did not expect Yu Ning to have a fever at this time!

Thinking back on it, during the day, Yu Ning was playing in the snow for almost the whole afternoon. She must have caught a cold at that time! At that time, Lin Yi did not care, but that was a mistake. Yu Ning was not a practitioner so while the cold weather might not affect Lin Yi, it was not the same for an ordinary person. Catching a cold is normal for them!

Lin Yi suddenly had some urgency. Aside from the injury medicine, he didn't bring any other drugs. The commonly used drugs were all placed in the luggage of Yu Ning. Even his silver needles were in the luggage. Even if Lin Yi's medical skills were top notch, it didn't matter in this situation!

Cold fever is not easily solved by massage. If he had a silver needle in hand, he could just seal off several acupuncture points to lower the fever.

"Cold..." Yu Ning started shivering vigorously. Her teeth were constantly colliding with each other.

Lin Yi hesitated for a moment, and there was some internal struggle with his decision!

However, watching Yu Ning trembled made him decide. Lin Yi squatted down and took a deep breath, then stretched out his arms to hug her. Hopefully, this was enough to help save her!

### **Chapter 1123: Special – Sidestory – 7**

"Ah..." Yu Ning dazed for a moment. This was her first time to be so intimately hugged by a man. At this moment, Yu Ning felt warm and safe!

With the beauty in his arms, Lin Yi was not Liu Xiahui, who had mastered the skill to be immune to human desires. The only thing Lin Yi could do was try his best to restrain his own desires. He tried to constantly remind himself that he was treating Yu Ning, so that he wouldn't take advantage of the weak!

But the long night was long, a lonely man and woman in such a hot and intimate environment. Under such circumstances, it was hard to prevent something further.

For the first time in sixteen years, Yu Ning had a very comfortable feeling for the first time. Lin Yi's wide arms gave her unlimited warmth, and Yu Ning eventually passed out...

By the time she woke up, Yu Ning felt that she was no longer cold again. Instead, it was a very enjoyable feeling of warmth! Warm, she felt very comfortable.

This feeling made her somewhat reluctant to part, and she was somewhat ashamed and embarrassed.

After all, she was in the embrace of a strange man. In the past, it was unthinkable for Yu Ning to act like this, but now that it had happened, she didn't want to let go.

Is this the feeling of loving someone? Yu Ning was very confused. In these past 16 years, her love life has been blank. The purpose of connecting with these socialites in the high-society was so that the House can set arranged marriages. Afterwards, House Yu can gain more control.

Lin Yi's perception was very sensitive. When the beauty awakened, Lin Yi immediately felt it. He opened his eyes and whispered, "Are you awake? How do you feel?"

"I... I am still cold..." Yu Ning lied. She didn't know why she was lying, but she did.

Yu Ning's face was blushing red, but fortunately it was dark. Under the color of fire, her face was dyed red already, so she was not afraid of being seen by Lin Yi.

Lin Yi reached out and touched Yu Ning's forehead. He sensed that it was at normal body temperature, he was still dazed. Yu Ning's temperature had already subsided, how can it be cold? Did her fever disappear yet?

Thinking about this, Lin Yi subconsciously reached out to Yu Ning's armpit. It was unavoidable to accidentally brush pass Yu Ning's chest. However, it seemed as if he purposely reached for it!

Yu Ning snorted and her face became redder, but she did not say anything. She didn't put a stop to it. It was a lightning quick feel, that made Yu Ning's heart to increase her breathing.

"An..." Yu Ning let out a low inaudible groan, but even if it was low and inaudible, Lin Yi could hear it clearly in this quiet cave. Lin Yi's heartbeat increased a lot. This was the effect of the temptation. For a moment, Lin Yi heating up.

Yu Ning was tense, and nervous. Could this be the legendary rumor of letting it happen? Yu Ning wasn't someone so casual so it must have been the environment that made her think this way.

Undoubtedly, Lin Yi was a man who has made her enamored. This was the first man to walk into her heart!

Yu Ning's impression on Lin Yi was undoubtedly very bad initially. Lin Yi's coldness and indifference made Yu Ning feel very uncomfortable. From the very beginning, Lin Yi was always unreasonable towards Yu Ning. But that wasn't the issue, whenever she suggested something, Lin Yi would always play the opposition!

Yu Ning couldn't drop the loathing feeling she has in his heart. How can this man be so arrogant?

However, the facts proved that Lin Yi was a remarkable and extraordinary man! His judgments were correct, and when she was in danger, he was also the first to protect her safety. Even if he is shot because of her waywardness, he still has no complaints!

At this moment, Yu Ning was moved. She doesn't know if it counted as love, but sometimes love was as simple as that. Love and hate could alternate at different moments, and the former hatred could become love.

The moment when Xu Xian saved the Lady Bai, that was when Lady Bai fell in love with Xu Xian. So at this moment, Yu Ning also started to like Lin Yi.

Maybe at the age of 16, her feelings weren't mature yet so there was a feeling of daring to love and hate, regardless of the consequences!

Yu Ning was able to forget that she had a family backing her. She was able to forget House Yu's expectations for her. She wanted to stay in the present, and in that moment, she wished to stay in Lin Yi's arms. This made her feel happy and peace of mind!

However, Lin Yi's hand pulled away at this time. Yu Ning was disappointed, she wanted Lin Yi to continue, but she can't say it.

"Hold me... I am cold..." Yu Ning coughed again.

Yu Ning's word confused Lin Yi even more, it made him become somewhat hazy. Lin Yi didn't care if Yu Ning felt cold or not, but he held her tight.

The breathing of the two people increased, it was hot and heavy. Yu Ning closed her eyes and looked nervously.

This was undoubtedly heart-warming for Lin Yi. Looking at Yu Ning's mouth, Lin Yi had the impulse to move in for the kiss.

The lips of the two people were edging slightly closer together. They were about to touch, then they heard wolves howling.

Lin Yi instantly recovered his calmness. He looked up and out of the cave. Under the cover of darkness, there were sparkles in the horizon. These were the eyes of wolves.

"Ah—" Lin Yi sighed out in relief. He let go of Yu Ning's body. He almost made a huge mistake. If anything happened now, then Lin Yi's career would've ended. Having a relationship with the employer was something unforgivable. There was no telling on how Old Lin would punish him.

"Wolves are coming in," Lin Yi calmly replied.

Yu Ning opened her eyes. She lost the sparkle in her eyes. She took the initiative, but... it didn't seem like he likes her? Was her moment really disturbed by a pack of wolves.

"Stupid wolves, broken wolf! I will pluck your eyes out for fermentation!" Yu Ning started mumbling it to herself. She lifted her head to look to see a pack of wolves waiting outside for them. She was scared by the sheer number of wolves.

Why are there so many wolves? There's at least 24 wolves here!

Looking at these wolves, Yu Ning forgot the threat of using their eyes to ferment as alcohol. She wrapped her arms in Lin Yi, "I'm afraid..."

### **Chapter 1124: Special – Sidestory – 8**

Lin Yi secretly laughed a little. Just now, Yu Ning's voice was soft, but it did not escape Lin Yi's ear. However, Lin Yi didn't say anything. The situation before was really awkward, and Lin Yi had some headaches he had to solve!

He almost couldn't resist it. He was able to react in the nick of time, but was there anything else that he could do?

Undoubtedly, the two of them were closer than before.

"Let's wait, they shouldn't want to come into the cave," Lin Yi said faintly.

However, this was the only a comfort to Yu Ning. As of their situation, Lin Yi didn't have any confidence in overpowering it! These were hungry wolves, they might not listen to their instinct and attack the prey because it was difficult for wolves to forage around this time.

If it was only one or two wolves, they might learn to retreat. However, the current situation would not be so easy.

"Oh..." Yu Ning was still a little scared. She drilled into Lin Yi's arms and mustered up courage, "Hold me..."

Lin Yi did not respond. He made a mistake before, he won't make the same mistake. Lin Yi didn't wrap his arms around her, but he didn't push her away either. He was very conflicted on what he would do next.

Yu Ning saw Lin Yi's indifferent attitude, and her heart was a bit resentful, but also aroused her psychological strength to win. She turned her back and took the initiative to hug Lin Yi! She leaned her head on Lin Yi's chest and listened to Lin Yi's heartbeat quietly. At this moment, Yu Ning forgot the horror of the hungry wolves. In Lin Yi's arms, she felt safe.

The wolves had surrounded the cave. At this time, the competition was who had the most patience. When the sky turned bright, they would recede, but they were waiting for their prey to become impatient and get out of the cave. It was also possible that the wolves were scouting to see if the fire in the cave was dangerous.

Finally, there was a wolf who was impatient. It tried to approach the cave. The hunger brought it closer to the fire. If there was nothing to eat, it would only starve!

“Ah-” Yu Ning saw this scene and could not help but scream, “Didn’t you say that they didn’t dare to come in?”

“A cornered dog will jump over the wall when he is anxious, let alone a hungry wolf?” Lin Yi smiled a bit, he had underestimated the courage of this nearby wolf!

Lin Yi was not afraid of the hungry wolves, Lin Yi could guarantee that he could deal with the hungry wolf coming in, but Lin Yi was afraid that while the wolves distracted him, they would hurt Yu Ning. It was impossible to kill so many wolves at once. It was too unrealistic!

“I am scared...” Yu Ning did not lie this time, she was really scared.

“Oh... It’s nothing” Lin Yi comforted, but his eyes were fixed on the wolf who tried to walk into the cave!

The wolf moved and stopped several times. It seemed peaceful and calm, but because it was starving, it made its move!

“Ah-” Xiao Ning could not help but exclaim, and held Lin Yi’s hand tighter.

Lin Yi frowned. He didn’t expect this wolf to be so bold, though it was impossible to expect it to retreat...

In an instant, Lin Yi set his heart to killing it. Killing it would solve most of his problems, otherwise the problem would still be there!

“Wait for me, we have meat to eat tomorrow morning,” Lin Yi faintly pushed her away..

Xiao Ning was obviously a little reluctant, but she couldn’t do anything about it. Should she wait for the wolf to come over? So Yu Ning obeyed Lin Yi, and said to him, “You be careful...”

Lin Yi did not speak, but suddenly ran to the wolf and lifted his leg to smash the wolf’s head. The bold wolf took the kick head on and flew backward and died on impact as it slammed to the cave wall.

Lin Yi’s action was fierce, and it shocked the wolves outside. The wolves, which were somewhat eager to move forward, suddenly retreated two steps backward.

Yu Ning also made an internal exclamation. She did not expect Lin Yi to be so powerful. He kicked the wolf to death, and that made her relax her nervous heart.

After Lin Yi kicked the wolf dead, he did not return to Yu Ning’s side. He stood in the same place, looking coldly at the wolves outside the cave!

The wolves were indeed a little scared. They knew that Lin Yi was a very dangerous prey, but they were starving. They didn’t leave, but they were still waiting outside the cave, for the right opportunity! Perhaps in the eyes of these wolves, Lin Yi is powerful, but not powerful enough to overwhelm a group of wolves. If Lin Yi was really powerful, then he could’ve charged outside the cave to kill them all!

“Eagle... I am a little scared, can you come back?” Yu Ning subconsciously called for Lin Yi.

Lin Yi did not answer. At this time, he could not leave. He had to keep an eye on the movement of the wolves.

Yu Ning saw that Lin Yi was not paying attention to her, she unhappily pouted some more, but Lin Yi obviously can not see that, because Lin Yi didn't have eyes on the back of his head.

After a while, finally there were two hungry wolves who couldn't stand it, and tested their luck with Lin Yi!

Two wolves, Lin Yi could still easily deal with them. Lin Yi now hoped that there would only be a few wolves to challenge him at a time, then Lin Yi could handle them. His fear was that they would ambush him as a group which would be difficult for him to handle!

After the two wolves walked to the cave entrance, one wolf charged at Lin Yi, while the other wolf didn't rush towards Lin Yi. Instead, it rushed towards the corpse of the first wolf!

Lin Yi sneered, this wolf was quite smart, it seemed like the sense of teamwork between the wolves were really bad. Each had their own ideas! Originally, both wolves were to face the enemy together, but one of them had a disagreement and changed their trajectory. It went to grab the body of the other wolf and retreated!

The wolf is a carnivorous animal, and it has no qualms eating it's own member. Rather than facing a difficult prey, like Lin Yi, it chose to go for the easier option of it's dead fellow member. But how could Lin Yi let it succeed? Lin Yi punched the oncoming hungry wolf, and then he rushed over to smash the greedy wolf that was dragging the body!

Cleverness can be detrimental, Lin Yi sneered a little, piled up the bodies of the three wolves, and looked coldly at the wolves outside of the cave!

Another two more wolves were tempted and became corpses to the pile, which made the outside wolves more cautious and careful. They once again retreated backwards, but still didn't leave the area!

Lin Yi did not expect this group of wolves to be so persistent, but at this moment there was still a long time until dawn. Lin Yi could stand there to confront the wolves, time would tell who would have more patience. Lin Yi had no problem standing there, he only hoped that the wolves would = leave eventually.

### **Chapter 1125: Sidestory – 9**

After a while longer, the wolves were feeling impatient, but still didn't choose to leave. Instead they chose collective action!

Amongst the wolves, there was obviously a leading wolf. After it howled at the wolves, the wolves charged together towards the cave!

Lin Yi suddenly was shocked. He did not expect that the wolves would be so organized. Before seeing two wolves who weren't working harmoniously, Lin Yi thought that these wolves were only spontaneously working together.

"Awooo-" The wolf leader cried out!

“Hide behind me!” Lin Yi took a deep breath, he couldn’t leave Yu Ning alone. Even if Yu Ning was the person he had to protect and their relationship was no longer the same as before! Lin Yi couldn’t abandon Her!

“Okay...Yu Ning was still quite afraid, but after hearing Lin Yi, she still got up and hid behind Lin Yi, “You will protect me, right?”

Lin Yi nodded.

Yu Ning smiled and hugged Lin Yi from behind Lin Yi! Such a bold move, normally she wouldn’t dare to do it. Today, she did it so naturally, in this environment, it was possible to do something that they didn’t dare to do before.

He hadn’t cleaned up the wolves that were running over, so the both of them were trapped by the wolves! Thinking of this scenario, Lin Yi told Yu Ning, “Let me go!”

“No!” Yu Ning was pushed away by Lin Yi again, as she shook her head reluctantly.

Lin Yi stunned, he turned around and lifted Yu Ning who was clenching him like a crab. It wasn’t difficult for him to do it. He propped her up with his hand on her butt. That degree of weight wasn’t difficult for Lin Yi.

To deal with the wolves this way though, was still a bit cumbersome. But Lin Yi still had a free hand and legs, which was enough to deal with the attacks of the wolves.

Yu Ning was shocked by Lin Yi’s sudden move, but her heart felt happy. It turned out that he told her to let go so he could hug her!

Lin Yi didn’t have time to explain because the wolves were already rushing in!

“Close your eyes!” Lin Yi said to Yu Ning as he punched

Dealing with these beasts were not a big deal for Lin Yi. When Lin Yi was a child, he often played hunting games with Er Goudan in the wilderness. Both of them would beat down wild boars and wild wolves with bare hands and feet. They were invincible in the mountains. These wolves didn’t pay respect to Lin Yi at all!

The reason why Lin Yi told Yu Ning to close her eyes was because Lin Yi doesn’t want to scare Yu Ning. He was going to go on a killing spree, which meant there would be a lot of blood spilled.

The mourning and screams of the wolves were one after another. Hungry wolves were plastered onto the cave walls and ground. In a blink of an eye, half the group of wolves were killed and injured! The wolf leader finally couldn’t stand by. Howling a retreat signal, they quickly evacuated the cave, and in the blink of an eye they ran far away!

In their view, Lin Yi was already a natural enemy. It is impossible for them to defeat. If they stayed behind, only death was waiting. Which is why they chose to run away.

“Well, you can open your eyes,” Lin Yi said.

“Ended?” Yu Ning coughed and opened her eyes. She jumped up when she saw the bodies of the wolves, “You killed them all?”

“Some ran away,” If Lin Yi wanted to kill them all, it was not difficult. However, holding Yu Ning restricted his movements, so he had to spare those wolves.

In fact, Lin Yi and these wolves didn’t harbor any hatred. They acted on the prey by instinct. Lin Yi couldn’t hold grudges against a group of beasts. He killed what had to be killed, which would be enough for him to eat with Yu Ning for several days. It was not necessary to kill all of the wolves.

“I know that you will protect me without a doubt!” Yu Ning smiled sweetly and happily.

“If you are dead, I have nothing to hand over,” Lin Yi knew the meaning behind Yu Ning’s word. Lin Yi could not let his situation develop further out of his control, so he bluntly.

The look on Yu Ning darkened, she pouted and didn’t say anything.

Lin Yi put Yu Ning on the ground, although Yu Ning didn’t want to let go of Lin Yi’s neck. But Lin Yi was squatting halfway already so her hanging there made it pointless for her to continue holding on!

Yu Ning didn’t want to be outdone, so she stiffen her hold on Lin Yi! With Lin Yi’s half-squatting posture it was hard to maintain even for ordinary people. After a short while, his legs started to feel sore, but was still bearable for Lin Yi. It was much easier than the horse stance he performed as a kid.

In the end, Yu Ning finally couldn’t hold on, and she let go of Lin Yi. She complained, “You are so ruthless!”

Lin Yi did not say anything. He turned to deal with the bodies of the wolves in the cave, and piled them together.

“I... I want to go to the bathroom...” Yu Ning suddenly said.

“Oh, then I will go outside,” Lin Yi turned and walked out of the cave.

“No, I have to go outside, this is where we live,” Yu Ning said.

“Oh, then you go outside, I won’t leave the cave,” Lin Yi turned and walked back into the cave.

“But I am afraid, you have to accompany me!” Yu Ning was the same as other girls in their rebellious period. Lin Yi is shielding her, so she couldn’t care too much about formalities and became more bold!

“It’s okay, you can just take out their eyes and ferment it for alcohol!” Lin Yi couldn’t help but sigh.

“Ah?” Yu Ning thought of his own rhetoric. She didn’t expect her soft voice from before to be heard. Yu Ning was a bit embarrassed, but then thought ‘so what if he overheard it?’ In fact, she felt so bold that she wasn’t afraid of what Lin Yi thought. She said, “I meant that you would kill them, so I can ferment them.”

“...” Lin Yi was speechless, this girl was quite unreasonable, “Let’s go, I won’t peek.”

Yu Ning frowned. She did not say anything. She hoped that Lin Yi would peek at her. Although she would feel a bit shy, at least it would show that Lin Yi was interested in her.

Out of the cave, Yu Ning found a tree root to hide herself, she untied her pants, and started peeing. She blushed, as she turned to look at Lin Yi. She discovered that he wasn't even looking in her direction, in fact it was the opposite direction to herself...

This Yu Ning a little disappointed. Did he really feel nothing about her?

In fact, Lin Yi was paying full attention to the sound of Yu Ning. This made Lin Yi's heart beat even faster, he wanted to turn his head to look, but he couldn't.

## **Chapter 1126: Sidestory – 10**

Lin he's heart was a bit entangled. Although he had performed many missions before, he was also a 16 year old teenager. To say that he didn't have any feelings for Yu Ning was self-deception!

There were feelings, but it did not mean that he can do as he felt!

Lin Yi took a deep breath and resisted the urge to look back. He looked into the distance and quietly felt the movement nearby!

The wolves had apparently left further away as they didn't have the guts to stay.

Yu Ning pulled up her pants, and washed her hands with the snow on the ground, then stood up to walk back to Lin Yi's side.

"Is it finished? Let's go back?" Lin Yi felt Yu Ning walking back, so he asked.

"Well, but I don't want to go back inside. Do you want to accompany me at the cave entrance to see the stars?" Yu Ning asked, "The sky here is clearer than the city, and you can see more stars."

"Okay," Lin Yi didn't refuse. He felt that some things should be discussed when he talked with Yu Ning. Their relationship must be clearly stated.

Yu Ning and Lin Yi sat in the cave entrance, and with the fire burning behind them, they didn't feel so cold.

"Is it Valentine's Day..." Yu Ning started first. She was a little annoyed at Lin Yi's dullness. If she didn't initiate the conversation, he would be like a wooden man, and sit there without saying a word.

"Yes... it seems to have passed?" Lin Yi asked.

"This was the most fulfilling and happiest Valentine's Day I have ever spent!" Yu Ning paid no attention to Lin Yi's dullness, and continued, "On my 16th year old Valentine's Day, I think I found it, the person I like ..."

Lin Yi's heart suddenly throbbed, Yu Ning's meaning, Lin Yi understood it clearly! Yu Ning actually wants to confess to him in this environment!

Although this seemed to be a good thing, Lin Yi doesn't think so. He had to act decisively, he must kill this unprofessed love in the cradle!

“You are only sixteen years old, too young, and do not know what love is. In this environment, we have experienced many things together. Maybe you mistakenly thought that this is love, but it is not!” Lin Yi interrupted Yu Ning. Then, he continued, “When you return to China, you will find that everything is so ridiculous here.”

“No, I know what I am thinking, sixteen is young? In ancient times, I would’ve already had a child already! Not to mention you are only sixteen years old too? Why would you lecture me?” Yu Ning said with some spite. She was disappointed that Lin Yi interrupted her confession.

“Is that so? Then you can continue to talk about it,” Lin Yi was helpless about Yu Ning’s reluctance, as he thought about how to convince her.

“Eagle, I like you!” Yu Ning finally said a sentence that was stuck in her heart for a long time! After that, she took a sigh of relief, as if she had completed a major event.

“What do you like about me?” Lin Yi’s reason for letting Yu Ning continue was so that he could solve this problem from the root cause.

“You give me a sense of security. Before, when I was in such a dangerous situation, you could’ve escaped by yourself, but you came back to help protect me. You are hurt because of me. Yet, you haven’t complained,” Yu Ning said, “At that moment, I think I began to like you!”

“Miss Yu, don’t you think your thoughts are ridiculous? I am a bodyguard, responsible for protecting you. If it were any other person, they would do the same! My duty is to be able to report to my superior. So what does that have to do with risking my life to save you?” Lin Yi said coldly, “In other words, if the object of my protection was not you, I would also be willing to protect them with my body!”

“Then I don’t care, anyway, you are the first man who has walked into my heart for 16 years, and you must be the last one!” Yu Ning shook his head reluctantly, “I just like you, I will go back to tell my mom and dad. I will ask them to contact your superiors so you can come and specifically protect me!”

“Oh okay, I will wait for that day then,” Lin Yi was full of confidence. If he was Feng Tianlong’s men, he might think that would be a problem, but he and Feng Tianlong were equals. Lin Yi only assisted Feng Tianlong’s department to do something, but it was impossible to say that he was ordered to do it..

Yu Ning haven’t given up, “If that doesn’t work, I will request you to accompany me every time there is an outdoor mission!”

“Well, whatever you want!” Lin Yi explained helplessly, “But what I want to tell you is that people like me can’t have love like this! I can die anytime, I can’t give you what you want. If you are wise, you should give up earlier and that will be good for you and me!”

“Not giving up! I will not allow you to do such a dangerous job in the future. You can resign, and specifically protect me!” Yu Ning said with arrogance.

“Oh, okay. I don’t like you, I have a girlfriend.” Lin Yi really had no choice, but to deceive her.

“...” Yu Ning was silent. Lin Yi’s explanation made her feel overwhelmed. If Lin Yi simply refused her love, then Yu Ning didn’t care, but Lin Yi said that he already had a girlfriend. What hope did she have?

“Okay, let’s not talk about this anymore,” Lin Yi saw that Yu Ning was silent and suddenly he breathed a sigh of relief. It seemed that his own words had the effect he wanted!

“No!” Yu Ning suddenly screamed, “You lied! Didn’t you say that before, that you can’t have love like this? So where is your girlfriend coming from?”

“Well...” Lin Yi did not think that his reasons were inconsistent, and suddenly it was awkward! Under this circumstance, the more he defended himself, it would just seem like a lie. Lin Yi looked away and chose to ignore Yu Ning.

After a while, Yu Ning saw Lin Yi ignored her. Yu Ning compromised “Okay, let’s not speak about that, let’s talk about something else? Okay?”

“Talk about what?” Lin Yi asked.

“Talk about how you spent your previous Valentine’s Day?” Yu Ning asked.

“If I don’t pay attention to it, I won’t know which day is what day. I didn’t even know that yesterday was Valentine’s Day. It is the same for me everyday. When I’m not out on mission, then I am staying at home,” Lin Yi said faintly, “Is it very boring? Actually, I am such a boring person.”

“That way... this Valentine’s Day, do you think it is special?” Yu Ning asked.

“Didn’t you say, to not talk about this topic?” Lin Yi was not fooled.

“Oh... then I will tell you about my previous stories?” Yu Ning felt that Lin Yi should understand her past. Perhaps when she was finished, Lin Yi would tell his own history, otherwise it would be an awkward place to stop a conversation. Right?

“Okay.” Lin Yi faintly responded.

“When I was young...” Yu Ning began to talk about her history, and Lin Yi listened quietly on the side. He listened really carefully to understand the girl’s past. But of course, these things could only be buried deep in his heart...

Gradually, there was light on the horizon, and dawn came! Yu Ning fell asleep in the arms of Lin Yi.

Lin Yi didn’t resist, he quietly enjoyed the warmth of this moment...

This Valentine’s Day, Lin Yi would always remember. But it was not something he wanted to ever mention again.

The roar of the helicopter engine came from afar. Perhaps Feng Tianlong discovered their position and sent a rescue plane. Everything should be over soon...

## **Chapter 1127: Guaranteed**

“Deputy leader, he was a middle stage Mystic class physical master, so why would he listen to me? When he was assigned to me, he was supposed to obey me. They were sent to assist me, but not to be my henchmen. I gave him a lot of nice ladies, but Boxer Lee was perverted with his taste. He liked a

good woman. Actually, he only wanted to force a marriage but it was bad luck for him to have picked a woman who can fight back. He was done over with one punch!”

“An Jianwen, are you trying to lie and push away your responsibilities?” The deputy leader frowned. He found it hard to believe that a peak mid stage Mystic class fighter could be killed in one punch!

“I have the surveillance video of the whole scene, I can play it for you to watch!” An Jianwen quickly added, “I don’t dare to lie to you.”

“Eh, then you send it to me!” The Deputy Leader listened to An Jianwen’s confident speech and speculated that he probably didn’t lie. He did not know that An Jianwen was modifying the truth of it, but from the video, that really couldn’t be seen. After all, Fighter Li was dead, and dead people couldn’t testify.

“Okay!” An Jianwen said, “Deputy Leader, what about the boxing arena? It can’t operate without anyone holding down the area, what if there is someone that can’t be dealt with?”

“You can rest assured that I will bring this up to the leader, and investigate which master to send to support you as soon as possible!” The deputy leader said, “But you can also investigate, what is the background of the person who killed Fighter Li? And what is his strength at!”

“Deputy Leader, you will send another person, but will they be like Fighter Li who was sent flying? If things get messed up, I can’t control it!” An Jianwen’s mouth smirked, “You don’t know this, but Songshan City is a place of with many Crouching Tigers and Hidden Dragons. There are veteran fighters everywhere, if that person stirs up trouble, then he will be easily killed!”

“Hm... I will consider this point. The new master, I will order him to listen to your command, so that he won’t start up trouble!” said the deputy leader.

“Then I can restrain them!” An Jianwen was overjoyed. This was what he wanted. There were many masters around him. If you can’t control one, then you will die easily. Now that he used Fighter Li’s death as an example, he now would have the authority to command!

“Deputy leader, I don’t think we should investigate the person who killed Fighter Li. To have killed him in one punch, it is scary to think of how strong that master would be. We shouldn’t make an enemy of these types of people! They wanted to seek revenge on Boxer Lee, and now that he is dead, they shouldn’t have any reason to seek trouble in the underground arena. So why do we want to go looking for trouble?”

“You might be right. If he really killed Fighter Li with one punch, then he is at least the strength of the peak late stage Mystic class or even someone who broke through to Earth class... If there is no deep hatred, then it is best that we don’t make enemies. However, Fighter Li’s death would have been a pity...” The deputy leader agreed with An Jianwen’s views.

“He died because of his own fault. We don’t have to avenge him! My main purpose is to make money. If we look for trouble, then do we still open the boxing arena?” An Jianwen wasn’t concerned about Fighter Li’s death at all. He didn’t even think about getting revenge for him!

An Jianwen thought that it was best not to drag down his fighting arena!

“This matter, I will discuss it with the leader. In the end, he is one of us, a firewolf gang member. If he died in vain, then he might think that Fire Wolf Gang is beneath him. If rumors start spreading, then our name could be dragged in the mud!” The deputy leader replied, “It will bring down the morale of all other brothers who risk their lives for the cause!”

“Hey... If you want to investigate, then deputy leader it is better to send more experts to investigate. I don't dare to overstep! You know, I am just an ordinary person, I can't participate in a master's struggle!” An Jianwen was really not willing to provoke an enemy for Fighter Li.

He was a very lively and handsome man. He already has two kidneys. It could be said that he is a complete person. He is also running a successful business daily. Aside from making Chu Mengyao his wife, An Jianwen had nothing to ask for!

Therefore, An Jianwen simply did not want to go against those masters.

“Alright, you can focus on operating the underground boxing arena. All other matters, I will discuss it with the leader!” said the deputy leader.

Hang up the phone, An Jianwen finally breathed a sigh of relief, it seemed that he had successfully removed the responsibility off his shoulders. Since there was no evidence of who did it, he pushed the mistakes onto Fighter Li! As for Fighter Li, who was going to make Yu Yuanyuan his mistress, An Jianwen didn't object to it, but it was Fighter Li's fault for not investigating Yu Yuanyuan's background.

An Jianwen made a phone call and called for Xiao Luozi.

“Master Jianwen, you are looking for me?” Xiao Luozi asked respectfully.

“Yes, let me warn you. I have told the deputy leader about the situation with Fighter Li. Now, you have to match our statements!” An Jianwen repeated what he said before, then said, “If you hear anything, say that it was pressure from the superiors!”

“Do not worry Master Jianwen, I have already marked it down!” Xiao Luozi nodded, and then he said with great admiration, “Master Jianwen, you are really talented! So now more masters are sent here to have you command them!”

“Oh, that is! Doing things in my arena, it is only expected that they should be controlled by me,” An Jianwen also felt that he was very smart. Not only did the deputy leader not assume he was responsible, but also, they were sending more fighters for him to command, “Yes, as to Yu Yuanyuan, you better send someone to notify her and Er Goudan that this was all Fighter Li's fault. It has nothing to do with our underground boxing. With Fighter Li dead, I hope that she won't be angry with our underground boxing ring. Do you understand what to do?”

“I understand Master Jianwen. Why don't we give her some money, that usually get things solved!” Xiao Luozi understood An Jianwen's methods. That Er Goudan was too strong, with one punch, he can knock down Fighter Li. These types of people couldn't be trifled with. If he wasn't happy one day, he could just ruin everything in his underground boxing.

“Okay... you can do it,” An Jianwen waved his hand so that Xiao Luozi can leave.

After resolving everything, An Jianwen left his underground boxing arena. It was time for him to pay a visit to Chu Pengzhan today. After the last incident, he had still not officially visited the Chu Pengzhan. No matter what, he still has his sights set on Chu Mengyao!

### **Chapter 1128: Something wrong with you?**

He had fooled around with a lot of women in the same way. There were virgin students and young ladies, but An Jianwen was never satisfied. He still had the thought that Chu Mengyao was better in every way!

He had spent his youth growing up with her, through his countless experiences, it made him realize his love for her!

“Uncle Chu, I am An Jianwen!” He pulled out his phone as he dialed Chu Pengzhan’s phone number. He had just left the underground arena and got into his Ferrari.

“Oh? Jianwen? What’s the matter?” Chu Pengzhan asked in an uninterested tone. After his last encounter with An Jianwen, he didn’t have a good impression of him. It was very disheartening to remember how An Jianwen tried to take advantage of him when he needed help the most.

“Uncle Chu, where are you? I want to pay my respects...” An Jianwen asked.

“I’m still in the office at work. I am very busy. You don’t have to come visit me. If it is business related, then you can tell it to me on the phone,” Chu Pengzhan’s attitude was clear. He didn’t want to meet with An Jianwen.

He didn’t feel happy about it. Instead he internal cursed, ‘Chu Pengzhan you old wolf, if it wasn’t for Lin Yi, then Pengzhan industries would’ve fallen. You think you would still be able to work? Just stay home and die!’

“Ah, it is nothing serious. I just thought that it has been awhile since I have met with Uncle Chu. So I thought I should ask about your well-being,” An Jianwen politely replied. He hadn’t destroyed his standing with House Chu yet. Even if Chu Pengzhan didn’t like him, that didn’t affect him too severely.

“If that’s it, then thank you for the call,” Chu Pengzhan continued, “I actually have a lot of contracts to sign, if there’s nothing more, I will hang up?”

“Uncle Chu, regarding that last incident, I really wanted to help you. Even if you didn’t agree to my terms, I was secretly moving my funds to come to your aid. Right when I was about to intervene, Lin Yi regained his power... Ah, so that is why I was late... I hope that you don’t take it to heart about what I did...” An Jianwen explained.

“I understand, I don’t blame you,” Chu Pengzhan courtesy replied.

“That is all I wanted to hear, then I won’t continue to interrupt your work!” An Jianwen was reluctant to hang up. He originally wanted to pay respects to Chu Pengzhan then leave with him to visit Chu Mengyao’s villa. Seems like his plan just went up in smoke. But he still wanted to visit Chu Mengyao, so then he would have to do it by himself, uninvited.

Lin Yi and his Misses didn't expect An Jianwen to come visit at this time! Seems like ever since House Chu was in danger, An Jianwen wanted to take advantage of the situation to propose to Chu Mengyao. Lin Yi knew of this and so did Chu Mengyao.

The only reason why Lin Yi didn't seek An Jianwen for payback was because his actions didn't have any harmful effects. His intentions were despicable, but not punishable. Even so, An Jianwen went into hiding so he was hard to find.

"Sister Yaoyao, it's been awhile. You are becoming more and more beautiful!" An Jianwen handed over a bundle of roses to Chu Mengyao.

Chu Mengyao frowned. She was repulsed by his presence, but she still accepted the flowers. Then in an instant, she handed it over to Chen Yushu, "Yushu, here these are for you!"

"Oh!" Chen Yushu accepted the bundle of roses and passed it over to Lin Yi instead, "Here, Shield Bro, this is for you!"

"Ah..." Lin Yi caught the flowers and from the corner of his eyes, he could see An Jianwen's sour expression.

Throughout their exchanges and encounters, Lin Yi always had the superior hand over An Jianwen. As long as An Jianwen didn't do anything too rash, Lin Yi wouldn't do anything to him. As for An Jianwen's background, Lin Yi knew about it.

A single person like An Jianwen wasn't a problem, but his background was supported by the Fire Wolf Gang! With their current situation, Lin Yi didn't want House Chu to make everyone an enemy. With the House Xiao situation still unresolved, it wouldn't be wise to have Fire Wolf Gang added to their list of troubles.

It wouldn't be any trouble for Lin Yi to just pack up and leave, and return to West Star Village. In the village, he still had Old Lin and Er Goudan. Whoever came looking for trouble, would be courting death. However, it wasn't possible for House Chu. With Lin Yi gone, how would the Missy and Chen Yushu survive?

An Jianwen had been trying to bring down Lin Yi, but was unsuccessful for a long time. Lin Yi was too strong to handle. An Jianwen had Boxer Li, but even he wasn't confident to fight Lin Yi head on. Even Ma Zhu was beaten into being a cripple.

So An Jianwen could only swallow his pride and act like it wasn't a big deal. He casually laughed it off, "So, won't you let me come in and sit down? Yaoyao sis?"

"Oh right, please come in..." Chu Mengyao was a polite person. She disliked having An Jianwen around, but she had known An Jianwen for a long time. She stepped aside and allowed him in.

Once An Jianwen was inside the villa, Chu Mengyao didn't pay attention to him. She just snuggled up to Chen Yushu and continued watching their TV series.

As for the TV series, it was all cartoon, and immediately threw An Jianwen off!

He had never watched these shows before, so there were no common interests to talk about. They had nothing in common!

“Hahaha...” Chu Mengyao and Chen Yushu chuckled as they watched their cartoons.

An Jianwen frowned. Was it that funny? He lowered his pride and continued to watch along with them. He knew that if he interrupted, then he would get scolded. He could only wait until the show ended.

Even after watching for awhile, An Jianwen couldn't understand the plot. When a comedic scene appeared, he chose to laugh at the scene with the strange character.

While he was laughing, An Jianwen realized that he was the only one laughing. Chu Mengyao and Chen Yushu were silent. He was the one laughing!

Chen Yushu had been death glaring him and An Jianwen stopped his laugh immediately. He looked sheepishly at Chu Mengyao and Chen Yushu.

“What are you laughing at? Is there something wrong with you?” Chen Yushu asked.

“Uh...” An Jianwen lowered his head from embarrassment.

When the cartoon finally ended, Chu Mengyao turned off the TV. An Jianwen took that as the opportunity to speak up, “Yaoyao sis, it is almost the weekend, what are your plans? Are you allowed to go out to have fun?”

“Yes, we do have plans to go out,” Chu Mengyao could tell where the conversation was heading. She was afraid that An Jianwen would invite her and Chen Yushu out for the long weekend.

“Haha, you are planning to go out too. I was thinking of the same! Let's join up? My dad has a vacation agency at Donghai City. I could have them arrange our travel plan!” An Jianwen's purpose of the visit was to invite Chu Mengyao out on a vacation.

### **Chapter 1129: It's Not Convenient For Us**

Jianwen held the belief that love came through time- once two people spent time together, their feelings for each other would grow! And so he kept trying to create situations for himself!

“No need to worry, we're doing a driving tour on our own,” Mengyao rejected. She'd already planned it with Yushu and Lin Yi. They would drive to the beach on the night when his medicine company put out the new product.

“You're driving, huh...” Jianwen didn't expect that they had already chosen to go on a driving tour- it disappointed him. He was even thinking of getting her to some foreign place that was romantic, but that didn't seem possible anymore! How far could you get on a car, after all? But fine, if she wanted to do something close, he would adhere to her plan! “That sounds relaxing- I'll go with you guys? If there's something you girls need help with I could help out, like carrying luggage bags and stuff like that!”

“No need- we have Shield Bro, and you're too weak anyway. You don't even have two kidneys, you can't do those things,” Yushu didn't like Jianwen.

“I have a new kidney now, I'm a normal man now!” Jianwen quickly explained, worried that Mengyao might think that his loss of a kidney would affect their sex life in the future..

“We’re going with classmates, so it’s not just me and Shu. It wouldn’t be convenient for us if you came along,” Mengyao rejected right away.

“Ah...” Jianwen frowned, he didn’t think that Mengyao would be doing this with her classmates too, but he didn’t want to give up just yet! This was a chance!

“It’s okay- what about this, I’ll drive with Taizao as well, and we’ll play on our own, how about that?”

“Do what you want,” Mengyao said faintly. There was no reason to reject him when he put it like that- was she supposed to restrict his movements or something? He could go play anywhere he wanted as long as it didn’t interfere with her.

“It’s a deal then. When are you guys leaving, where are you going? I’ll prepare beforehand,” Jianwen smiled, happy that Mengyao said yes.

“The beach, we’re leaving May 1st at night,” Mengyao didn’t hide it- this was no secret, and she knew that Jianwen’s personality wouldn’t allow him to give up until he achieved his purpose. He might even send someone to tail her if she didn’t tell him!

“Alright, May 1st afternoon will be when Taizao and I arrive at your door!” Jianwen didn’t think that Mengyao would say yes so quickly- could it be that she wanted him to come? He knew well that Mengyao was cold on the outside but warm on the inside, and so it was natural that he would assume these things.

With that possibility in mind, he was quite excited- he was planning to go discuss plans with Su Taizao and see how he should approach this!

Now that his purpose had been achieved, he got up and said goodbye, leaving the villa.

“Yao Yao, why’d you tell him where we’re going?” Yushu asked, confused as she looked at Mengyao.

“This is for you and Feng Xiaoxiao to play with- if there’s no antagonist there, what are you two supposed to do?” Mengyao smiled.

“Oh, Yao Yao, so you’re pretty evil too!” Yushu blinked in realization. So she let Jianwen go to add fun for them!

Lin Yi was amused as well- it seemed that even the Miss had times where she would mess with people?

In truth, Mengyao really had no choice- she was forced to do this. After all, she usually didn’t want to cause anyone trouble in normal circumstances.

“Let’s go up- I’m tired,” Mengyao didn’t say anything else and walked up.

Yushu made a good night gesture to Lin Yi and ran up too.

Lin Yi shook his head and went to Uncle Fu’s room. He wanted to tell him about the thing with An Jianwen, and how he would be there during their holiday drive. If the guy were to try anything funny, he’d step in.

But he still needed to discuss the details with Uncle Fu.

He pushed open the door to find Uncle Fu training. He smiled and opened his eyes, "Yi, you're here!"

"How is it, Uncle Fu? Feeling anything yet?" Lin Yi asked, wondering how he was doing with his leveling up.

"It's only one step before I reach Mystic phase, but in a place like this where the energy in the air is thin, it takes a lot of time to absorb it. It won't happen in a while," Uncle Fu shook his head.

Lin Yi had guessed it already.

He knew about this. Lin Yi only broke through into Golden phase after the many treasures Old Lin used on him- he knew that the qi in the natural world was thin, especially compared to the jade space!

This was also why he was only a Golden class for these past dozen years- it was only after he had the jade space's secret that he started rising so fast!

"Right, Uncle Fu- An Jianwen came by," Lin Yi changed the topic, "I keep feeling that he has some scheme in mind- what do you think?"

"An Jianwen has always been an admirer of Yao Yao. He's someone who achieved his goals with any means, doing anything until he reached them!" Uncle Fu understood Jianwen's personality, and so his words were accurate.

"Uncle Fu, you're saying..?" Lin Yi asked.

"Yi, how much do you know about the Firewolves?" Uncle Fu asked, not answering the question.

"Firewolves... Not so much," Lin Yi shook his head, "It's because I didn't understand his background that I didn't do anything to him before. Right now things are a bit tense, and I'd rather not get any more enemies."

"That's right!" Uncle Fu nodded, "That's the correct mindset. The Firewolves are a sect gang, but their strength is big! They were founded a long time ago, and at the time when I was a young head of a sect, the name of Firewolf was loud and powerful in the ears of both hidden houses and smaller sects. They weren't no weaker than the either of those!"

"Oh? They're that powerful?" Lin Yi blinked.

"Yes- An Jianwen is from the Firewolves Gang, and I'm not sure of his position there, but it's best if we leave him alone!" Uncle Fu nodded, "You can punish him a bit, but killing him cannot happen."

"I understand!" Lin Yi nodded. Uncle Fu's thoughts weren't far from his own. If Jianwen were to avoid doing anything that would cross his bottom line, he wouldn't do anything to him either.

### **Chapter 1130: Grandpa Goudan**

Ms Yu looked at Goudan, and felt that he was quite the nice kid! He was nice, passionate, and he seemed to be quite the match for her daughter. She didn't have that many materialistic thoughts the way Yu Ren did, she just cared whether or not he was nice.

Yu Ren's thoughts, on the other hand, was that Goudan must stay no matter what! He was a Hercules, and if he were to help him in his shop his business would blossom!

Yuanyuan, on the other hand, was evidently more natural in front of her saviour, "Zhou Jiaming, I really have to thank you for earlier! I'm so sorry, I thought you were just saying that stuff, I didn't think you'd actually kill that Fighter Li!"

"Haha..." Goudan laughed loudly, "Just call me Er Goudan- I can't get used to hearing my real name! I didn't really do anything, anyway, it's not much!"

"I'll just call you Zhou Jiaming, I think... Er Goudan... That doesn't sound nice to me," Yuanyuan couldn't bring herself to say a name that sounded so brash.

The two were talking when there was a knock on the door!

Yu Ren and Miss Yu jumped in shock! They were worried that the people from the arena would send someone to get Goudan for revenge, and while Goudan's presence did reassure them, they couldn't help but get tense.

"Old man, it isn't them, right..." Miss Yu looked pale, staying away from the door.

"I'll go check..." Yu Ren was panicking as well, but Fighter Li broke down their door last time- he felt that pretending to not be home wouldn't work.

"Uncle Yu, I'll go with you!" Goudan stood up, wiping away the food oil on his mouth without a care in the world.

Yu Ren was a lot calmer with Goudan with him. He opened the door, "Who... Who is it?"

"Yu Ren, right? I'm Scorpion!" Scorpion had come to pay the family some compensation money under Jianwen's orders.

"It's someone from the arena..." Yu Ren's face tightened as he looked at Goudan carefully.

Goudan didn't care. He opened the door and looked at Scorpion coldly, "Who are you? What do you want?"

"I'm Scorpion, I'm here to apologize to Yu Ren and Yu Yuanayuan!" Scorpion shivered upon seeing Goudan open the door- if it weren't for the task at hand, he'd have been running already!

After all, this was the monster that killed Fighter Li with one hit! He wasn't someone that he could handle!

"Scorpion? Who do you think you are, calling Uncle Yu by his name? You want to die?" Goudan's eyes went wide, raising his arm as if to slap him.

"Grandpa Goudan, please spare me!" Scorpion's legs softened and wobbled as he knelt onto the floor, sweating coldly, "Uncle Yu, I'm here to apologize to Uncle Yu..."

"Do you have crap for brains?" Goudan wasn't pleased, "You call me Grandpa Goudan, but call Uncle Yu, Uncle- you're saying that I'm above Uncle Yu? Are you here to cause conflict between us??"

"Anc... Ancestor, Ancestor Yu..." Scorpion quickly changed his words, not expecting for a rough man like Goudan to think about that sort of logic.

"Alright, tell me what you came here for?" Goudan said impatiently.

"Grandpa Goudan, I'm here representing the arena to visit Ancestor Yu. That Fighter Li was a madman, he caused all of it- I hope that you would spare us and not bring your wrath unto our arena!" Scorpion said weakly.

"Alright, got it, what else?" Goudan said impatiently.

"Here's a bank account with one million in here, it was supposed to be Ancestor Yu who should've won, but because of Fighter Li's unfair tactics, Ancestor Yu lost the bet!" Scorpion took out the card, "Please accept this!"

Goudan took it over and passed it to Yu Ren, "Alright, scram- I don't have time to talk with small men like you!"

"I..." Yu Ren had never seen such a huge amount before on a bank card- he didn't dare accept this.

But Scorpion, on the other hand, ran away instantly upon hearing the confirmation on Goudan's part- Yu Ren couldn't even give it back if he wanted to!

At that point, Yu Ren's family took a breath of relief. If Scorpion had come personally to apologize, this meant that the arena was scared of Goudan, and didn't want any trouble with him anymore. That one million was to make sure he left them alone!

Holding the one million in his hand, Yu Ren felt that he was dreaming! Did he really have this much money in his hands? Not only could he buy himself a proper house, he'd be able to rent a bigger space in the market and make his business bigger!

This really was a fortunate turn of his unfortunate events! He was frowning and sighing just yesterday, and now he was being bombarded with all this good fortune!

"One million? I have one million?" Yu Ren started laughing as he held onto the card.

But he couldn't get past two laughs when Yuanyuan snatched it away.

"What're you doing?" Yu Ren jumped.

"This money is taken through Zhou Jiaming- it should be his!" Yuanyuan gave Goudan the card. "Take the card- you took such a big risk for us, this money should be yours!"

"I don't want it!" Goudan scratched his head, smiling. "I don't need that much money! I live here, and I have food and drinks- there's no point for money."

"That's right, Lil' Zhou is living here right now, he doesn't need the money! Yuanyuan, why're you such a child? Are you asking him to leave by giving him the money!" Yu Ren glared at his daughter and snatched the card back, "This is a heavy amount of money! I'm keeping it first!"

Yu Ren was a greedy man- he had recovered from his shock, and now that he had one million in his hand of course he wouldn't give it out. After all, if he weren't greedy, he wouldn't have gotten involved in all that arena business in the first place.

Yuanyuan didn't know if she should laugh or cry at that greedy look on her father, "I'm sorry, that's how my dad is..."

"It's fine, I really don't lack money!" Goudan had food to eat and drinks to drink now, the only objective he didn't achieve was finding Boss Lin Yi! Money wouldn't help him!

Yuanyuan sighed once she saw that look on Goudan's face. It seemed that he really didn't care much about the money- she'd be in an awkward position otherwise!
