

Bodyguard 1161

Chapter 1161: Filled With Love

“Then, watch me!” Jianwen grinned as he waded deeper into the waters. He didn’t think a shark would appear here at all!

But something insane happened- a shark fin came out of the calm sea all of a sudden, quickly swimming at him!

“Wha?!?!” Jianwen’s eyes went wide. He couldn’t believe it actually came!

Taizao, on the other hand, still didn’t know what was coming. He was still idiotically waving his finger around to drip blood, head lowered.

Jianwen’s face froze. He didn’t know what he should do!

If he ran, then he’d be safe, but he’d lose all his face in front of Mengyao. He’d be humiliated! But he couldn’t advance either. He couldn’t fight a shark!

He started sweating intensely as he thought about it. He couldn’t choose!

“Jianwen Bro, go! Jianwen Bro, go!” Yushu started cheering. “Good luck, Yao Yao loves a shark brawl!”

Jianwen’s face contorted. He wasn’t an idiot. He’d die if he fought the shark!

Taizao heard Yushu’s cheers, and raised his head to see a speedy shark swimming at them, and he jumped up and ran right away!

That triggered Jianwen, and he collapsed mentally and turned around, running to the shore!

“Jianwen Bro, why aren’t you fighting the shark?” Yushu asked, wondering why he was running.

“I... I felt that the shark was a bit sad. Look at how small it is. It’s probably a baby that just came into this world- I can’t just kill it!” Jianwen explained quickly. “I’ll let it go!”

“I see!” Yushu nodded.

“Naturally- my heart is filled with love!” Jianwen nodded now that Yushu seemed to believe him.

“Okay, but An Bro, there’s a huge shark coming- We’ll leave it to you!” Yushu pointed.

“Wha?!” Jianwen looked in that direction, and his heartbeat faster- an even bigger shark was coming. It was few times larger than the small one!

Jianwen felt like a big idiot. What sort of mouth did he have, messing with his fate like this? A bigger one came!

“Shield Bro, what’s wrong? This isn’t a baby shark?” Yushu grinned.

“Ah... Of course not...” He was about to say that, but Yushu’s words made him unable to do so! He chuckled dryly. “I say, that shark must be related to the small shark, they’re from one family. It’s a

mother shark, worried that I'd kill its baby! I don't want to make the baby an orphan! So I've decided to let them go! Don't blame me, Yao Yao sis, it's not that I don't want to kill them for you, I'm simply filled with love!"

Jianwen's words were messed up, and even Mengyao had to hold back from laughing. Although he wouldn't expose him the way Shu did- she only looked down on him a bit. This was a brave man?

And so, the two sharks circled around, giving up after realizing that there was no target.

Jianwen breathed out in relief, feeling tense and awkward. He didn't know if Mengyao believed him, but he couldn't tell from her expression- she always wore that composed face.

But when he didn't know what to do, Ganglou came! He drove on an SUV towards the sand and stopped, bringing the shark meat and abalone he ordered.

"An Bro, I bought everything you asked for, these are the most expensive and high-class ones! The shark meat, too!" Ganglou handed him two large bags.

Jianwen looked at them, pleased. Now that seafood was here, he didn't need to fight any sharks anymore!

"Good job, Ganglou!" Jianwen took the bags happily.

But, Yushu grabbed them from his hands right away.

"Jianwen Bro, you're someone filled with love- these abalones are all alive, you wouldn't kill them, would you? The shark meat, too- you didn't even want to kill sharks earlier, so you wouldn't want to eat them either, right? To maintain your status as someone filled with love, leave these to us! We'll be the bad guys and eat them!" Yushu said confidently, and Jianwen couldn't retort!

He'd invalidate everything he said earlier, and so he had no choice but to stay silent!

But this was high-class seafood, and he wanted to try it himself! Now, because of what he said, he couldn't taste them!

Even so, he couldn't say anything. He put on a composed face. "I naturally wouldn't eat them- I'm someone filled with love, after all. I'll give them to you!"

Jianwen's heart was bleeding- he was digging a grave for himself with all that bullshit he just spewed! He decided to enjoy the meat skewers from yesterday- it should be enough for him.

Mengyao and Tang Yun looked at Yushu, trying to hold back their laughter. She was utterly destroying Jianwen!

Chapter 1162: Not Leaving Any

"You're probably a vegetarian, right? You're so filled with love, after all- Jianwen Bro. We'll help eat your meat skewers too. We can't let you lose your love for the world!" Xiaoxiao reminded.

"Wha?!" Jianwen's eyes went wide. He was getting frustrated!

These guys were taking everything. They were trying to take his meat too!

“Oh, I almost forgot! We’ll go get them then, Jianwen Bro!” Yushu said.

“Of course...” Jianwen gave her a bitter and sad smile.

And so, an odd scene appeared at the beach.

Lin Yi, Mengyao, Yushu, Tang Yun, and Xiaoxiao all enjoyed their barbeque session, and Jianwen, Taizao, and Ganglou stood there enviously.

“Taizao, what other food do we have?” Jianwen said with a bitter face.

“They took everything- do you have anything, Ganglou?” Taizao turned his eyes to Ganglou.

“I bought some beer cans earlier, but here’s no seafood left. We can’t just use this as our meal.” Ganglou smiled bitterly.

“Is there nothing other than beer?” Taizao asked.

“There are some cup noodles...” Ganglou said.

“Fine, cup noodles then! There’s a water heater in the car, right? Go make some hot water!” Jianwen thought that beggars couldn’t be choosers.

“But, there’s no water, An Bro...” Ganglou said. “You need water to make cup noodles. There’s only beer here. We can’t use beer to make cup noodles, right?”

“Isn’t there, seawater? You idiot, go get some seawater! It’ll become a seafood cup noodle!” Jianwen said as he pointed at the sea- there was plenty of seawater. What was this idiot saying? No water??

“But seawater is salty...” Taizao said, unsure.

“Just put less of the powder when making the noodles then!” Jianwen glared.

And so, the three ate their ‘seafood’ noodles, coupled with beer.

“An Bro, this is pretty good, it’s really fresh!” Taizao said, preparing another cup noodle since it was so good.

“Of course- I’m An Jianwen!” He said gleefully.

On the other side, Lin Yi’s group was enjoying their meal, Yushu, and Xiaoxiao, especially. The two were stuffing things into their mouths like they were starving.

“Lin Yi honey, here, taste my abalone! It’s really good!” Xiaoxiao put on some sauce on a huge abalone and put it by Lin Yi’s lips.

“Ugh... Okay...” Lin Yi opened his mouth, thinking about the words. Her abalone? Hm... Yes, it was good...

Yushu, however, wouldn’t let Xiaoxiao take all the glory. She looked at her with some disdain. Saying the words like that implied that that abalone was part of her body or something...

And so, whether or not she meant it or not, Yushu took up a cup of milk tea in retaliation. "Shield Bro, you're thirsty, right? Here, have some of my Shu's milk..."

"Huh??" Lin Yi almost couldn't contain himself. These two were doing it on purpose, right? Yes, they had to be...

He took the milk tea and sipped it...

Jianwen was jealous as he watched the group eat their stuff.

"That's our food, and Lin Yi took all of them! This is too much!" Taizao tossed away the cup noodle box in his hand.

"An Bro, should we get revenge?" Ganglou asked carefully.

"Revenge? Revenge my ass. The guy's a Mystic class, I'm no idiot! We can't even warm him up after he kills us!" Jianwen knew clearly what their situation was- this Lin Yi always put on a sheepskin to eat people up, and he lost his kidney during one of those times.

"What if we do it from the darkness?" Ganglou was Jianwen's general, after all. He was quite good at this stuff.

"From the darkness? You think you'd be better at that than Chen Yushu and Feng Xiaoxiao?" Jianwen rolled his eyes. "My balls are still hurting right now!"

"Ganglou stayed silent- confronting them wouldn't work, getting them from the dark wouldn't work... Was there nothing they could do?"

But Ganglou was right. There really was nothing they could do! Until they got their new practitioner, he had no cards. He didn't want to mess with Lin Yi as well, so he just wanted to use softer methods to get Mengyao's favor.

It was lunchtime, and more and more tourists started piling up. This wasn't part of the resort, but it looked good, and people did come here to barbeque.

Of course, they left after that. Not many people would stay here and swim or spend the night. They would do that in the resort. Not many were as brave as Lin Yi, who didn't fear sharks.

"Driving a Q7 but eating cup noodles at the beach? What kind of young rich kids are these?"

"They rented the car or something?"

"Not true- maybe it's their hobby to use seawater to cook cup noodles, who knows?"

"Maybe they got robbed? Someone took their food, and so they're eating cup noodles?" He was right, but no one believed him.

"Who would rob anyone in this place? They're not robbing us, are they?" Someone retorted.

Jianwen was a bit pissed off as he listened to these people talk about him. He stood up with an angry face. "What're you looking at? I like to eat cup noodles, so what? Using seawater- this is seawater cup noodles, not everyone can eat this!"

People started laughing at them, and Jianwen got even more pissed. But this was a crowd. There wasn't much he could do against so many people!

At the thought, he swallowed his rage. "Let's go. We're leaving!"

There was no point in staying here anymore- Mengyao would leave once she finished eating since no one would stay here for two nights.

He was right. Lin Yi did start packing after lunch. This was May second, after all, and tomorrow was the last holiday. School was starting soon.

Chapter 1163: Meeting Xie Yufeng Again

Twelfth grader's schedules were quite tight- the Miss, Shu, and Tang Yun and needed to go back and study.

"That was great!" Yushu said as she rubbed her small tummy, not moving as she lay on the sand.

"That was amazing! Yang Ganglou sure was a nice person, and he bought so much stuff for us!" Xiaoxiao said with a burp.

Mengyao and Tang Yun, on the other hand, were much more civilized. They stopped once they were full and wouldn't keep wolfing down like these two.

"Hm? Isn't this Lin Yi? Mengyao, Yushu, Tang Yun, and Xiaoxiao, as well?" A familiar voice sounded.

Lin Yi raised his head- it was Xie Yufeng!

Meeting him here was unexpected.

"Xie Yufeng? You repaired your car?" Lin Yi was full of suspicions when it came to this guy who wanted to hide his strength level in front of him. He didn't know what he wanted, and naturally, he wouldn't be friendly with him.

"Haha, just a car- I bought a new one." A trace of rage flashed across his eyes- if Lin Yi weren't there back then, he would've been the one receiving money! This damned guy was always showing up when he needed his strength to fight.

He didn't want to meet Lin Yi, but his family gave him an important task- he needed to investigate the powers that backed him up, and so he had to pretend to get close to him! He hoped to find some info from his words.

After his observations, Lin Yi only spent most of his time with Mengyao, Yushu, Tang Yun, and Xiaoxiao. There weren't any other people around? Did the guy hit on girls all day?

Mengyao and Yushu's background were clear to Yufeng, and other than Tang Yun's commoner background, all three of them had some powers supporting them! But they were still spending so much time with Lin Y. That meant that the guy was strong.

After all, you couldn't just get three girls from powerful families fawning over you like this without backing it up. Could Lin Yi be some hidden house's disciple, coming to the common world to gain experience? Or, could he be from an ancient sect..? He didn't know where this Lin Yi came from, and so he didn't dare make a move.

Even though he always considered himself strong enough to be able to one-shot Lin Yi, he wasn't going to take any chances. He had calmed down after a long time of suffering he caused.

He was waiting for House Xiao to make their move first! They were in a state of chaos earlier, but now that they'd become strong they were also a player now. Lin Yi crippled someone from the hidden house pi, and so Yufeng waited for House Pi to make a move first. He didn't want to be the vanguard.

If they killed him, then good, but even if they didn't, they'd still learn of his background that stood up. Yufeng was no idiot. He had an even more important mission, and that was to hit on Song Lingshan!

Lingshan was a genius girl, after all, and she looked amazing! He heard that, with the way the Songs did their practicing, he would be able to improve and become stronger faster once he got her on his bed! Even that useless man like Elder Song was able to become a Golden Class late phase through that method, so it was no mystery what would happen if a genius like him were to do the same!

Yufeng then gave up completely on all the girls around Lin Yi. This was no joke, after all, and Lingshan lived in Songshan. His image would be ruined if she realized that he was hitting on girls at school.

It wasn't unnatural for a young master of a noble house to be taking mistresses, but that was a different matter right now. Plus, he wasn't even married yet. Thinking about mistresses was just absurd.

And so his mindset was calm, and he no longer wanted to cause trouble to Lin Yi. Although, he was rather confused about why House Xiao wasn't doing anything yet. Why were they waiting?

"Oh, do you have something you need? If not, we're leaving." Lin Yi said. Just looking at the guy annoyed him.

"Alright then, you guys continue playing. I'm leaving." Yufeng nodded and left, his face turning dark.

He came here to scout first. He heard from someone he knew in the police station that tomorrow and the day after tomorrow was Lingshan's rest day. He wasn't surprised at that since the special division people had different holiday times.

Yufeng planned on asking her out tomorrow, but since he didn't know about the tourist spots here, nad he decided to scout first.

He came over with Panghu and Congming, but didn't expect to bump into Lin Yi.

He brought some barbeque equipment here, too, planning on rehearsing with his followers and train his barbeque techniques.

And so, they left Lin Yi and started barbequing.

Lin Yi looked at them and left them alone.

After resting a bit, just when the five were leaving, Lin Yi saw something he wasn't expecting!

Chen Xi, the girl Lin Yi, and Xiaoxiao met at the beef noodle shop, was collecting trash on the sand with an old man.

People left tons of trash here, after all, and some rich people even left their iron picks and barbecue equipment here, throwing them away!

And so, picking up trash here on the weekends and holidays would yield quite a haul.

Chen Xi's loot was quite bountiful today. Just from that happy look in her face, and one could tell.

But Lin Yi was focusing on that old man beside her!

Mystic class late phase peak spiritual practitioner?

Lin Yi's eyes almost popped up! Why was someone like that picking up trash? What had the world come to?

He was about to say hi to Chen Xi when he noticed the guy. This forced Lin Yi to back down.

Chapter 1164: Conflict and Punishment

Lin Yi wanted to observe just what this old man was up to!

Chen Xi and the old man passed through the tourists, minding their own business collecting trash as the tourists looked down at them.

Of course, Chen Xi didn't look in Lin Yi's direction. She was too busy to be focusing her attention on anything other than these plastic bottles. She walked and got closer to Yufeng.

As usual, he picked up the beer can beside Yufeng, but realized that something was wrong. This one wasn't empty!

She quickly put it down, but Yufeng had seen everything already. He raged at her. "You bitch, what did you do?"

"I'm sorry, I thought it was empty..." Chen Xi quickly apologized. This wasn't the first time this happened since she was a trash collector. This was her responsibility as well. If the tourist wanted to be unreasonable, then she had no choice.

"Sorry? Sorry fixes everything, huh? Fuck, you really piss me off!" Yufeng was happily eating with his drink, and Chen Xi took his can away all of a sudden! She put it down afterward, but anyone would get pissed seeing someone dirty touch their stuff.

At the thought, Yufeng took the beer can and splashed it onto Chen Xi's body, drenching her!

The old man beside Chen Xi didn't get away from it. He got sprinkled as well.

"Kid, shouldn't you be more forgiving? Isn't this a bit much?" The old man frowned, not expecting such a cocky man. He'd had his conflicts before, but those people only yelled at him a bit. No one threw water on you like that!

“Too much? Old man, let me tell you this. If it weren’t the fact that she was a little girl, I’d slap her already like I would if it were you! Who do you think you are?” Yufeng had just received frustration from Lin Yi over and over again, and even got scammed by Iron Fist Wu- he was pissed enough already these days, and now two people were here for him to show his wrath!

Chen Xi was pretty, but she didn’t compare to Mengyao and those other girls. On top of her dirty clothing and straw hat, her prettiness was basically non-existent to the young master of House Yu! He didn’t even think these low-level people were pretty anymore. Even if she wanted to let him play around with her, he wouldn’t do it. It was humiliating!

He was the young master of House Yu- all the noble houses would laugh at him if he played around with a trash picker!

And so he didn’t give a shit at all about her.

“I was about to let this go, but this old man butted in when he shouldn’t have. Kneel now and lay your head on the ground two times, and I’ll let you go. Otherwise, I’ll call the police!” Yufeng felt a lot more pleasant after speaking those terms!

He’d been suffering a lot these days, and it hurt!

He was the young master of House Yu. He wasn’t one who should be suffering, nor had he suffered! He didn’t dare do anything to Lin Yi yet, but to an old man who picked trash dared talk to him like this? Who did he think he was?

“Call the cops? We’re not committing any crimes. What charges are you going to use?” Chen Xi said, unwilling to back down. She’d already apologized, and now he wanted her to kneel?!

“No crimes? You tried to steal my beer can. You think I didn’t see it? My two friends can be witnesses! And I’ll tell you this. My fiancée is Song Lingshan. You think she’d listen to you over me?” Yufeng said gleefully.

He’d already considered her as his fiancée. After all, this marriage must’ve been notified to Lingshan, since this was an agreement between the two houses. They were practically engaged now!

As long as the two got along fine, then this was it. After all, they’d have to be in quite a big disagreement and conflict to force this marriage back into consideration.

Of course, on many occasions, even if the two young ones didn’t get along, they’d still endure it and marry for the sake of their houses. After all, splitting up after making an agreement didn’t look good.

Grandpa Zhu’s face turned cold. He was a Mystic late phase peak spiritual practitioner. If it weren’t for the head of the house, he wouldn’t be here picking trash! And now some young master wanted him to kneel down? He couldn’t tolerate this.

His killing intent rose up. He wanted to show this kid some punishment! He’d kill him in one shot already if he weren’t trying to avoid trouble.

“Good, very good.” Grandpa Zhu only smiled, extending his hand and putting it on Yufeng’s shoulder. It seemed like he wanted to pat it, but there was a hidden killing intent! With someone at his level, this sort of technique was quite common.

What he wanted to do was insert his qi into his body- while nothing would happen now, this qi would remain in his body and make him suffer a whole body's worth of pain!

Of course, this was for a normal person. For a master, this little bit of qi would be neutralized! Lin Yi used this method frequently, too, except he used it at a higher level than Grandpa Zhu.

Tapping someone could transfer your qi over, but that was limited. You couldn't just keep your hands there and continue sending it forever.

Chapter 1165: Also Hiding

So, this move only sent limited qi for a regular practitioner.

But Lin Yi was different. He was able to compress his qi. That is, he could send more qi into someone's body in the same amount of time, achieving a better effect than Grandpa Zhu's. Lin Yi could use this move even on high-level practitioners!

The target could neutralize a bit of qi, but a bunch of qi would be really hard to counteract, not without a long period! After all, neutralizing another's qi in your body like that was dangerous in the first place.

It was the same with Yao Wang. All those silver needles on him had Lin Yi's compressed qi in them. Unless Yao Wang was of the same practitioner arts as him, he wouldn't be able to do anything other than train himself to neutralize it bit by bit, or use some treasures or elixirs, or receive help from a more powerful master, but he had nothing!

He could only move around with a bunch of needles on him, unable to do anything about them.

But, what surprised Grandpa Zhu was the instant he sent his qi out!

Yufeng dodged his hand quickly, tilting his body as his eyes looked at him in shock. "Mystic late phase peak?"

"Mystic early phase peak?" Grandpa Zhu was shocked as well!

He wanted to punish him, but he didn't expect this guy to be a practitioner too! Wasn't this too much of a comedy. Did he meet a practitioner at Mystic class while picking up trash?

At the same time, he felt confused at Yufeng's age, and he also became agitated and alert. He wasn't afraid of his strength, but he was afraid that his cover would be blown! These years, he'd been ordered to stay with Chen Xi and her mother, hiding by their side. He'd done that without trouble, but now an accident occurred!

Chen Xi didn't understand these class systems, so she didn't understand what Yufeng meant. He calmed down, relaxing because of that.

"Kid, apologize to us, and we'll let this go. Otherwise...Hmph!" Since the guy learned his strength level, there was no need for him to be gentle. He threatened coldly.

“Apologize? Which family are you from?” Yufeng wasn’t afraid, but he kept his eyes coldly on him. From what he could see, this old man must be from some powerful house, and he wouldn’t dare do anything if he told him he was from House Yu.

“What house are you from, then?” The grandpa frowned.

“House Yu!” Yufeng said proudly. “Better scram and not piss me off, otherwise... Hmph!”

“House Yu? Which House Yu?” Grandpa Zhu said flatly.

“Yanjing’s House Yu, never heard of it? The leader of the nine noble houses!” Yufeng said with a hmph.

“I thought it was the hidden House Yu- you’re talking about the common world’s House Yu!” Grandpa Zhu said flatly, “ Since you won’t apologize, I’ll have you taste this!”

With that, he slapped him across the face.

But, just before his palm connected, a voice interrupted. “Wait!”

“Lin Yi, Why’re you here?” Yufeng gritted his teeth, his eyes bloodshot.

The great Lin Yi was here once more! He almost spat out blood. It was already hard enough for an early Mystic peak like him to deal with a late phase peak, but Lin Yi coming out forced him to hide his strength again!

But, the one most troubled wasn’t Yufeng- it was Grandpa Zhu!

Hearing the words ‘Lin Yo’ froze him on the spot. He hid his strength instantly! After some research, he learned who this Lin Yi Chen Xi kept talking about was. He was thinking of how to stop him from causing trouble, but this encounter with him happened out of nowhere!

Lin Yi coming here was to test just what this Grandpa Zhu was- a Mystic late phase peak hiding by Chen Xi’s side was an absurd thing!

A Mystic class picking up trash? Either he had an interesting hobby, or he was insane!

Of course, the man didn’t look insane at all, and... A hobby? That didn’t make sense. Unless, of course, he had an ulterior motive!

Lin Yi tensed up and walked over.

“It’s nothing, I know this girl- Just wanted to ask if you could forgive her for me.” Lin Yi pointed at Chen Xi. The tone he said this made Yufeng unable to retort.

Yufeng knew that this wasn’t the time to cause trouble with Lin Yi, and he needed to listen to him here and give him face. “Fine, if he’s a friend of classmate Lin Yi’s, then I’ll let this go!”

“Okay, you guys continue then!” With that, Lin Yi pulled Chen Xi aside, his words clear. He knew this girl, but not that old man.

Yufeng paused, but he felt clear that the old man had retracted his strength as well! This made him a bit confused. He was afraid that he’d be exposed in front of Lin Yi, but did this old man fear the same?

Why would he hide his strength, then?

Grandpa Zhu's eyes looked away, and he walked toward Lin Yi and Chen Xi, not wasting time on Yufeng. Yufeng, on the other hand, knew at that point that the old man didn't want to be exposed as well.

He was telling him to taste his slap. After all, why would he drop everything like this?

One explanation- he had something going on with Lin Yi and was in the same situation as him, and he needed to hide his strength! He got excited all of a sudden as he stopped him. "Old man, don't go- didn't you say you wanted to slap me? Taste mine first!"

With that, he slammed his fist onto the old man's back!

Grandpa Zhu didn't expect that he wouldn't let him go. He was pissed off, but he couldn't abandon his task and expose himself! He gritted his teeth and suffered the blow without using qi.

Chapter 1166: Dumbass or Genius?

The slap landed, and Yufeng only felt pure joy! He was right. The old man was hiding his strength! He was doing the same thing he was!

At that thought, he started throwing hit after hit at the man!

He didn't need to use qi to punish this old shit! He was stronger than him with qi, but without qi, he was younger and stronger! This was his advantage!

He started aggressively punching him down!

Chen Xi didn't expect that this guy would just start beating someone up all of a sudden!

Seeing Lin Yi not look surprised nor happy, Chen Xi's expression changed into worry. "Big brother, you know that person, right. Can you ask him to stop hitting Grandpa Zhu..."

"He might not listen to me... Your grandpa Zhu said he was going to slap him, and he caused the trouble, I can't do anything..." Lin Yi said helplessly. "But from what I can see, your grandpa Zhu has a trump card. He wouldn't get hurt, don't worry!"

"Ah?" Chen Xi didn't understand what Lin Yi was saying, but he was right about one thing, Grandpa Zhu was the one causing trouble first?

Grandpa Zhu almost spat blood. If this guy didn't just pop out, he would've slapped this young shit already! Why'd he show up??

But he couldn't say anything, and he endured as Yufeng's fists rained down on his face!

But he realized something. Yufeng didn't seem to be using qi?

If this were because Yufeng didn't want to hurt him too much because he saw him hide his qi, he would never believe it! This wasn't Yufeng at all, that's not the person he was! The only reason must be that he was hiding his qi in front of Lin Yi as well!

At that thought, Grandpa Zhu calmed down. This meant that all these injuries would be small bruises. His bones and essential stuff wouldn't get hurt. He'd wait until Lin Yi left before he exacted his revenge!

Xie Yufeng, right? Grandpa Zhu swore that he would beat this guy into the hospital. Otherwise he'd change his name! Although, killing him wasn't something he dared to do, since the guy was still of the common world's noble house Yu, after all. What if it caused trouble for the head of his house?

Lin Yi wanted to use Yufeng to test this Grandpa Zhu, as well. He didn't expect that he wouldn't even fight back, so this meant that he was trying to hide his strength in front of him! Something was up!

After all, when Lin Yi came over to talk, it was still understandable that he would put away his qi- but now it was clear that he didn't want Lin Yi to know!

"Chen Xi, how's your mother?" Lin Yi turned to Chen Xi.

"After taking the medicine, she's a lot better now..." Chen Xi's face looked happy now that they brought up her mom- she was recovering now, and that was all she wanted. "Thank you, big brother, Lin Yi!"

"Ha... It's nothing." Lin Yi said as he looked at that Grandpa Zhu. He couldn't ask too many questions to Chen Xi in front of him. He had to wait for now.

Xiaoxiao saw Chen Xi as well and ran over to her, who waved back. "Big sis Xiaoxiao..."

After greeting each other, Chen Xi turned her eyes back to Yufeng and Grandpa Zhu. Yufeng was still not letting the old man go, continuing beating on him. He'd spent too long getting beat up by other people who were weaker than him!

Now it was time! This old man was trying to hide his strength too. He wondered how he felt now that someone weaker than him was beating him up!

It didn't matter what he felt. What was important was that Yufeng was having the time of his life! He felt like he'd achieved something great, like the dam containing his rage had burst! Now he'd reversed the roles!

This old man was probably feeling the same frustration he felt all those times when he couldn't use his strength! Wahahaha! Yufeng started getting more excited as he dumped all his rage onto the old man.

"Let's go, Xiaoxiao." Lin Yi didn't want to stay- it didn't matter who he was, but the old man had no hostility towards Chen Xi at the moment, so he didn't need to worry.

Although, he was sure that the tables would turn instantly right after he left. Yufeng would be the one getting beat up!

"Lin Yi, why don't you stop Xie Yufeng?" Xiaoxiao blinked, not expecting Lin Yi to just leave without doing anything.

"Come on, let's go." Lin Yi gave Xiaoxiao a look and quickly pulled her away.

She didn't know what he was thinking, but it had to be intentional. And so she looked at Chen Xi and left with Lin Yi.

On the other side, Mengyao, Yushu, and Tang Yin were watching angrily at Yufeng beating up an old man. What confused them, however, was the fact that Lin Yi wasn't doing anything!

Mengyao was about to say something, but Yushu looked at the old man before looking at Yufeng, grabbing Mengyao by the hand. "Yao Yao, Shield Bro's in the car already, let's go! I wanna go home!"

Tang Yun wanted to say something as well, but seeing Xiaoxiao stay silent made her hold it back.

Only after Lin Yi started the car did Xiaoxiao finally speak up her mind. "Lin Yi honey, why did you let that Xie Yufeng beat the old guy up?"

"Did I? If Xie Yufeng actually wanted to beat him up, the old man would be dead already." Lin Yi smiled.

Xiaoxiao blinked, not understanding. Yushu, however, slapped her forehead. "I know- that old man is a master practitioner too! But he's trying to hide his strength in front of Shield Bro!"

Lin Yi looked at her in surprise. He couldn't believe she got it right.

Shu had to be the smartest among these girls- sometimes she seemed like a dumbass, but Lin Yi felt that she used that to mask herself. Or, maybe she just wanted to be this little silly girl instead of a calculating genius girl,

Chapter 1167: Reversed

Lin Yi wasn't sure why, but since Yushu didn't say it herself, Lin Yi wouldn't ask. This was her privacy, after all.

Yushu's words made Xiaoxiao pause as well. She felt that there was something up with the old man too, but she didn't think he would be hiding his strength. What Yushu said made sense!

Before Lin Yi walked over, the old man did say he wanted Yufeng to apologize! There was no way a normal trash collector would speak like that to a young master. He'd be saying sorry over and over again!

But this old man did just that. He spoke down to Yufeng like he was some hotshot!

But the instant Lin Yi walked over everything changed, the old man turned to leave without even saying anything!

This meant that, even though the old man was leaving, he was still someone with strength. This was why he didn't soften up even when leaving the confrontation!

Tang Yun and Mengyao, on the other hand, also remembered that Yufeng was hiding his strength in front of Lin Yi, to the point where he got beat up by some hoodlums. Was today the same too?

Lin Yi smiled slightly and parked the car some distance away. "Shu's right, but the one getting beat up now is probably Xie Yufeng."

Shu had everything prepared for this trip- even binoculars! And so they got the binoculars out and looked...

Yufeng was having the time of his life, and he didn't even realize that Lin Yi had left! After all, this was his chance to unleash all his frustrations! This Mystic late phase peak couldn't even do anything when an early phase peak was beating him up!

He wasn't using any qi at all. He was destroying the guy with his bare fists!

But, a while later, felt like he was hitting on an iron wall?

Only then did he realize that the old man was using qi!! He exploded in rage, and charged a palm at Yufeng!

Yufeng jumped in shock. He didn't expect that the old man would just suddenly use his strength like that after concealing it for so long. What happened?

He looked around subconsciously. Lin Yi was gone!! He started breaking into a cold sweat.

Why did he leave? He hadn't beaten this old man up enough yet, and couldn't he have told him if he were leaving? Great, now this old man was about to destroy him!

Yufeng was about to run, but Grandpa Zhu left a heavy mark on him!

"Ah!!!" Yufeng screamed and subconsciously used his qi. He was, however, just an early phase peak. He couldn't tank a late phase peak Mystic!! There were many levels' worth of difference between them!

But Grandpa Zhu didn't want to kill Yufeng, and so he softened his strength to keep a continuous flow of fists!

He was mad with rage. This damned Mystic early phase dared to beat him! If it weren't for the fact that he had to hide from Lin Yi, this kid would be in the hospital already! Not only did he not apologize, he actually started beating him up!

But there was no way he would let Yufeng go now that the tables have turned. He needed to get this person to the hospital, or he'd change his surname!!

"You bastard, you dare to mess with me, huh? Weren't you the hotshot, huh?? Come, show me how hot you are now!!" Grandpa Zhu was raging. A damn common world's noble house kid dared to act tough!! If he were stronger than him, then fine, but he was so much weaker than him! Who did he think he was!!

"Mercy! Grandpa, mercy, I was wrong!!" Yufeng broke down instantly. He didn't even want to resist anymore.

He was a Mystic, but he was only an early phase peak. This old man was way, way out of his league! He didn't even dare to fight back! If it were Lin Yi, he'd have his ways to deal with a higher level and fight it out, but Yufeng's strength came purely from treasures and elixirs, not from pure qi!!

He was the young master of House Yu, and of course, they'd spend a lot of effort on him! In other words, he didn't have any battle experience. There was no way he was a match for this old soldier!!

And so it was wise of him not to resist. He'd suffer even more if he did! He was using qi to protect his vitals right now, and even though the old man wasn't trying to kill him, Yufeng managed to protect his

nerves. Right now, only his skin and bones were getting hurt. It was something going to the hospital for a while would fix.

He didn't think he'd be so unlucky today. As expected, meeting Lin Yi was just unlucky for him!!

The Miss, Shu, Tang Yun, and Xiaoxiao all took turns on the binoculars, watching the whole scene- Lin Yi was right, and it was Yufeng getting beat up now!

After beating up on Yufeng for a while, the old man turned around and took the stunned Chen Xi to flee the scene, worried that he had attracted attention. Yufeng's Panghu and Congming, naturally, didn't stop them!

They were even less qualified to fight him, and the important thing now was to get Yufeng to the hospital! His life might be in danger if they were late!

Grandpa Zhu didn't worry, though. Yufeng wouldn't call the cops. This was the norm with these noble house boys. Plus, the guy was hiding his strength, and that meant that he couldn't let this news go out! So, his own strength would remain concealed because Yufeng would never let this news spread.

He didn't know why Yufeng was hiding his strength, but he didn't need to know. What was important was that he was fine!

But Chen Xi looked at Grandpa Zhu, confused. "Grandpa Zhu, if you're so strong, why didn't you fight back earlier?"

Chapter 1168: Who's Your Fiance?

"I see..." Chen Xi nodded, not understanding if she understood, "So that means your kung fu is really strong, Grandpa Zhu!"

"Yes, the things I teach you- you need to train hard! Then you'll become just like me, a strong person!" Grandpa Zhu smiled.

"I will, Grandpa Zhu, don't worry! I train every day." Chen Xi nodded enviously.

"But you must keep it a secret. Don't ever mention this to anyone, okay? Even your mom and friends!" Grandpa Zhu reminded.

"Okay, don't worry, Grandpa Zhu! I won't tell anyone! You don't want to let people know who you are, so you can be a hidden master, right?" Chen Xi nodded solemnly and asked.

"This matter involves my enemies. You don't want Grandpa Zhu to get chased and killed, do you?" Grandpa Zhu smiled.

"I see!" Chen Xi pretty and small face showed a trace of worry and determination. "Don't worry, Grandpa Zhu, I'll never tell. I'll die before I tell!"

"That's the spirit!" Grandpa Zhu patted her shoulder, an evil smile appearing on his face.

"Oh, I was right. I am Prophet Shu!" Shu said excitedly as she cheered.

Mengyao and Tang Yun also smiled at the words, but from what they could see, neither of those two were good guys, that grandpa person was a bit suspicious as well. They were beating each other like dogs beat dogs.

Only Lin Yi was deep in thought.

How were there this many practitioners walking around in Songshan?

Panghu and Congming didn't call the police, but the ambulance instead. Some kind bystanders, however, did dial the police station!

This sort of common brawl wouldn't concern Song Lingshan, but this was a sensitive period. All these missing persons disappeared after simple brawls, and so she informed the station that she must be notified of these cases.

She didn't waste time and went on the scene right away to the resort.

When Lingshan arrived at the scene with her men, she walked to the place with the most people- and she saw a messed up and bloodied Xie Yufeng!

"What happened? Where are the witnesses?" Lingshan walked over.

Panghu and Congming blinked- who called the police? Yufeng didn't want to lose face, and that was why he didn't call anyone, especially when his fiance was Song Lingshan. He didn't want her to know about how he got beat up like this!

Yufeng knew who Lingshan was, but she didn't! Panghu and Congming, even less so!

Yufeng was thinking that he would scout this place before asking her out tomorrow, and so Lingshan didn't know at all that this guy was her 'fiance'!

"It's fine! Nothing happened here, Ms. Policewoman, please go back!" Panghu said.

"It's fine?" Lingshan blinked, pointing at Yufeng. "This is fine? Did you do it?"

"No, no, this is my boss- but these are all small injuries, it's nothing much- we'll go to the hospital by ourselves, no need for the police!" Congming walked over and smiled.

This girl was quite pretty? Was she a trainee? It was probably pretty easy to deal with her.

"Small injuries? How are these small injuries? The perpetrator has already endangered the surrounding citizens! What happened?" Lingshan felt that there was something up the more Congming tried to hide it- could this really have something to do with those missing persons? The perpetrator might disappear as well?

Congming and Panghu looked at each other. It seemed like this would be quite difficult!

"Uh... You see, my boss's fiance is actually from the police station too. He didn't want her to know about how he'd lost a fight with someone, and so he didn't call the cops and make this into a big deal. Do you think that maybe you could let this go, Ms. Policewoman?" Congming said honestly after thinking about it. "We're the victims, too, and we're not even pressing charges, so..."

“From the police station? Who is it, what’s her name?” Lingshan frowned. She could very well do him a favor and let this go if this was the case, especially since the victims themselves weren’t pressing charges.

“My boss’ fiancée is called Song Lingshan, the captain of Songshan’s police department,” Congming said.

“Wait... Wait...” Congming and Panghu didn’t know who Lingshan was, but Yufeng did! He’d read the files his father sent him, of course, he knew who she was, he had the pictures!

He kept crouching on the floor worried that she would recognize him. That would make him lose all his face, and now these two were telling her everything! He wanted to die!

But he was too late, Congming said the name out, and Yufeng didn’t know how to handle this anymore.

“Wha?!? Lingshan’s eyes went wide as she stared at Congming. “You said his fiancée is Song Lingshan? A captain in the police department?”

“Yes!” Congming felt worried about this reaction, but he’d said it, and he couldn’t take it back. He didn’t know what was going on, but he had to nod.

“I’m Song Lingshan, and I don’t know him,” Lingshan said flatly as she pointed at him.

“Huh? You’re Song Lingshan? You’re... You’re sis-in-law?” Congming looked at her in disbelief- what a coincidence!

“I’m Song Lingshan, not your sis-in-law.” Lingshan frowned. Who were these people, pretending to be her fiancée? She felt in her subconscious that these people were very suspicious, and so she waved a hand at Liu Wangli. “These people are all suspicious. Bring them back!”

Chapter 1169: Song Lingshan’s Refusal

Yufeng lay on the ground hiding his face- he knew that he couldn’t hide this anymore, and so he stood up and raised his head, “Song Lingshan, I’m Yu Feng, House Yu’s Yu Feng...”

With that, he extended his hand for a handshake.

“House Yu? Yu Feng? Why are you here?” Lingshan blinked, not expecting to meet a Yu here. Nor did she understand why Yu had become her fiancée.

Yufeng felt awkward that Lingshan wasn’t shaking his hand, but he kept talking, “Lingshan, I believe Grandpa Song’s already told you about us, right? I was about to ask you out tomorrow, but I was scouting for a good place...”

“Wait about us? What us? What did my grandpa say to me?” Lingshan interrupted, her brows knotted.

“Our marriage- my dad’s talked with Grandpa Song already, settling on an engagement...” Yufeng was quite surprised. He didn’t think that she wouldn’t know! Did House Song not tell her?

“How come I don’t know about this?” Lingshan looked at Yufeng, feeling that he was unreliable. This wasn’t fake, was it? How would she not know that she was engaged to a Yu?

“Ugh...” Lingshan’s words made Yufeng pause, but he didn’t panic, “You could call your Grandpa Song and validate my words!”

At this point, Yufeng didn’t mind whether or not this was humiliating anymore. He had to let her know this was true first.

“Liu Wangli, look after these three- I’ll go make a call!” Lingshan’s face was uncertain. While she didn’t know whether or not these were people from House Yu, it seemed rather true from the way he spoke, but since when was she engaged??

“Yes, Captain Song!” Wangli said, thinking that another had showed up. Were they allies with Lingshan’s House? Then what about Lin Yi?

Lingshan walked back to the police car with a solemn face as she called her grandpa.

“Shanshan, why’re you calling grandpa all of a sudden?” Song Xiangwen said with a happy tone. Lingshan had become his pride, and so his mood was bright every time she called.

“Grandpa, there’s a guy claiming to be House Yu’s Yu Feng, claiming to be my fiance. What’s with this?” Lingshan got straight to the point.

“Oh? Haha, House Yu’s Yu Feng? That young man is quite a candidate! Well, what do you think, Shanshan? I went with your standards and found someone stronger than you in your generation. Yu Feng!” Xiangwen smiled. “He’s a Mystic mid phase, after all!”

“Mystic mid phase?” Lingshan froze. Yu Feng was quite strong!! But, even though she acknowledged her strength, she wasn’t touched at all- even if she didn’t already have someone she liked, she wouldn’t fall for this Yu Feng!

At least, from her first impression, she really disliked him. He wanted to hide so that she wouldn’t know that he got beat up like that, what sort of man was this? Couldn’t he own up to his actions? He was far beneath Lin Yi!

Lin Yi never tried to hide it when he got hurt. This was a true man! That Yu Feng, on the other hand, mumbling about this and that...

“Well, what do you think?” Xiangwen said happily. This was a great step forward for their house, after all- with the support of House Yu, they’d be a noble house for a very, very long time!

“Grandpa, how could you make decisions for me like this! I don’t like this Yu Feng. I won’t marry him!” Lingshan didn’t hide anything. She expressed her stance right away. She couldn’t delay this. She needed to stop this before it got worse!

“Shanshan, why? Didn’t you say that your man has to be stronger than you? Yu Feng clears that condition! He’s far stronger than you, isn’t that what you wanted? He’s from House Yu, too, this is a perfect match! Why do you not want it?” Xiangwen asked, confused.

“Grandpa, you can’t force stuff like relationships. I don’t have any feelings when it comes to him. I don’t like him!” Lingshan said determinedly.

“Shanshan, this marriage I got for you. All the noble houses are envious of it!” Xiangwen said, his face turning serious. “Feelings can be developed, Shanshan, but it’s extremely difficult to find someone as outstanding as Yu Feng!”

“Grandpa... I... I already have someone I like...” Lingshan gritted his teeth.

“Someone, you like?” Xiangwen blinked before his face darkened. “Who? It’s not that House Chen kid, is it?”

“No, it’s not, grandpa! Stop asking!” Lingshan naturally couldn’t just say it was Lin Yi, firstly because his identity was a sensitive subject, and secondly because he already had a girlfriend. She couldn’t tell her grandpa that she wanted to be a mistress, could she?

“No matter what, this is what the head of House Yu and I have settled on. Yu Shuixing settled on it, this can’t be changed unless House Chen’s kid is able to force Yu Feng out! But evidently, this is impossible!” Xiangwen said faintly. “Shanshan, I hope you’ll be reasonable and don’t forget what you’ve agreed on! Alright, I’ll leave it at that. You solidify this marriage!”

“Grandpa!” Lingshan looked at her phone after getting hung up on- what happened? Why did the grandpa who always loved her become like this? Was the family name that important? House Yu was simply that good?

She sighed, but she didn’t worry too much. So what if it was House Yu, didn’t Lin Yi cripple one and kill the other? Lingshan believed that Lin Yi would never let her be married off like that if he truly cared about her, but she wasn’t certain about that!

Although, it did seem that her relationship with Lin Yi was getting along rather nicely- at least, they had turned into friends compared to the enemies they were before, and possibly beyond even that.

Chapter 1170: Another Breakthrough?

Lingshan felt that if she were to continue working hard and acquire Lin Yi’s love, then she wouldn’t have to be forced to marry House Yu anymore!

House Yu, on the other hand... She’d have to deal with that for a while now. She may be accused of all her brains go into her boobs, but she was no idiot. She wouldn’t just throw out Lin Yi’s name easily. Otherwise, he might get pissed and give up on her, and that’d be it!

Coming out of the car, she walked over to Yufeng with a solemn face.

“Lingshan, have you asked your grandpa?” Yufeng said confidently.

“I have, but he didn’t say that I was your fiance. He said that we should interact and see if we got along.” Lingshan said faintly. She wasn’t trying to piss him off, but this was how it was with the noble houses- they all interacted to see if they would be a good match first.

If they really couldn’t get along, then they could always cancel the engagement. Although that would look rather bad for the two houses. After all, this ‘interaction period’ was basically a process that led to the inevitable. The engagement was already solidified.

“Haha, naturally, but it’s all the same, isn’t it!” Yufeng smiled.

He felt that Lingshan really was pretty. He was quite attracted to her! Her boobs were big, too, and her body was great! That face on her, and that uniform roleplay... Yufeng felt that he really had a nice big fish here! Putting this wife in his house would look so good!

“But my first impression of you isn’t good. It’s pretty bad, in fact.” Lingshan said flatly before turning to Wangli, “We’re going back!”

Yufeng was from House Yu, and Lingshan naturally wouldn’t get involved in this. If he didn’t want to call the cops, then fine. She’d already done her part. She also made sure to leave him a note that she had a bad first impression. This would make things easier in the future.

He wouldn’t get too close to her, and it would take a longer time for this interaction period. She was confident that it was all the time she would need to get Lin Yi to love her, and then she’d be able to reject Yufeng! She believed that a practitioner of Lin Yi’s level would please her grandpa as well.

Lin Yi didn’t have Yufeng’s background, but Lin Yi did have things Yufeng didn’t have. He could upgrade your strength level. Could Yufeng do that? She believed that her grandpa would understand who was more desirable to the family.

If Lin Yi were able to raise his younger brother to golden class late phase peak as well, then House Song would be invincible!

After that, Lingshan turned around and left, leaving Yufeng behind hi.

Yufeng looked at Lingshan’s perfect curvy body and couldn’t help but lick his lips. He couldn’t take it anymore, and he had to get his hands on her!!

But it seemed that she didn’t like him very much now. Although it really couldn’t be helped. This was what happened when you looked like this for your first meeting!

Lin Yi, the damned bastard; this was all his fault! He humiliated him in front of his fiance! Lin Yi!!

Yufeng now considered Lin Yi the enemy he must kill eventually- yet, as the rage that accumulated erupted, Yufeng realized that... He had broken through!!

The bottleneck that had always stopped him was gone- he was now a true Mystic mid class!!

“Wahahaha, even the gods are helping me!!” Yufeng started laughing loudly, “What a surprise. I’ve broken through! I’m a Mystic mid phase now!!”

Panghu and Congming felt the different aura coming from Yufeng as well, “Congratulations, Maser Xie! Master Xie’s strength will make Lin Yi an even easier toy!”

“Hmph, of course! Lin Yi’s a mere Mystic early phase. I’m already two levels above him! Killing him would take a finger!” Yufeng laughed.

“Alright, let’s go!” Yufeng said elegantly as he waved his hand.

“Aren’t we going to wait for the ambulance, Master Xie?” Panghu said weakly.

“Ambulance? This breakthrough healed all my injuries, can’t you see?” Yufeng pointed at himself. “Let’s go. We’ll do some research on how I’m going to ask Song Lingshan out tomorrow!”

Yufeng was now in a good position because of what happened. Getting beat up led to his breakthrough. This wasn’t something Lin Yi had expected! This was just how it was with practicing- a long period of not breaking through coupled with constant bullying by the people around him- that sort of mood and emotion’s eruption was enough. This wasn’t a coincidence entirely.

Yufeng got into his car and called his dad Shuixing.

“Dad, it’s Yu Feng!” Yu Feng sounded a little pleased. “I saw Song Lingshan today, she looks great! I like her, especially those boobs and ass. wahahaha!”

Shuixing frowned. What was with his son today, talking like this? Although he did know that this was how Yu Feng behaved in school, only acting like a good kid in front of him. Was he drunk?

“Yu Feng, what is up with you? What are you saying?” Shuixing scolded solemnly.

“Dad, haha, I’m too happy! I couldn’t help myself!!” Yufeng laughed.

“Too happy? Just meeting Song Lingshan is enough to make you this happy? Yu Feng, you’re not a child anymore. Why are you still like this? A pretty girl is good, but you’re a practitioner, you should be more serious! Song Lingshan’s your woman sooner or later anyway, why are you so happy?” Shuixing asked.

“Dad, that’s not it- it is a little bit, but the reason is that I’ve broken through! I’m a Mystic mid phase now, dad! Wahahaha!” Yufeng said happily.

“What? You broke through into mid phase?” Shuixing paused. “You’re serious?”

“Dad, of course, I’m serious! Hahaha, why would I be so happy then?” Yu Feng laughed loudly. “Wang Congming and Li Panghu are beside me; they can prove it!”

“Even the gods are helping us! This is great. You’re already amid phase Mystic at his age. This is the potential and genius of someone from even a hidden house!”
