

Bodyguard 1221

Chapter 1221: Feng Xiaoxiao's Last Wish

As time went on, Lin Yi had slowly and gradually fallen in love with this extreme girl, from the bottom of his heart- he didn't want her to leave!

You could do it if you believed- those were nice words, but sometimes you really felt helpless!

Lin Yi bent down and kissed her on the cheek, to which she responded unconsciously with a small but sweet smile, opening her eyes a little bit before drifting back to sleep again.

Lin Yi left her alone, and took out her phone from beside the bed. He wanted to see what other wishes she had- he needed to help her fulfill as many as possible!

After all, this incident reminded him that Xiaoxiao really didn't have much time left. He needed to be prepared things to go either way. While he looked for a way to cure Xiaoxiao, he need to try and make her happy. Even if it wasn't possible to cure her, he could let her live her life to the fullest before she passed.

He opened the document from before, found the file, 'My Wishes', and opened it silently.

It was a bit immoral to peek at her phone, but there was no time for these ethical questions. Lin Yi's intentions were good- he wanted to understand her wishes, and help her bring them to reality!

For now, other than that 'pushing down big superstar Xu Shihan', which was ridiculous and impractical, Lin Yi had already fulfilled the other dreams already.

The wish with the superstar... He couldn't bring Xiaoxiao to that Xu Shihan to do a 3P, could he? He had to give up- thinking about it alone was ridiculous!

He looked for the other wishes, from where he left off.

After the superstar wish was a more practical one.

"When is Xu Shihan going to do a new concert, I want to see it! It'd be great if I could go wth my boyfriend and best friend, and then we could take a group picture!"

The wish had two notes under it.

The first note was from more than a year ago, "Going to Yanjing to do a body checkup right as Xu Shihan has a concert there- what a waste, I'm so pissed!!"

The second note was from a few days ago, "Best friend, check. Boyfriend, check! Now it's Xu Shihan left!"

Lin Yi was a bit speechless as he read the words. But couldn't this Xu Shihan just do a concert in Songshan? If he had to, perhaps he could get Fatty Lai to do a sponsorship.

Yes, that might be possible!

After remembering that wish in his heart, he went back to the other wishes.

“I hope that when I die, Lin Yi, Tang Yun, Chu Mengyao, Chen Yushu, and my dad wouldn’t be around me, so that I can die alone, and then they wouldn’t be sad...”

Lin Yi’s face tensed as he looked at the date- this was the day before tomorrow!

Lin Yi felt emotional- it seemed that Xiaoxiao must’ve felt that she was near the end of the line! Maybe she already wasn’t feeling well, but she didn’t tell anyone and stayed home by herself!

If Tianlong hadn’t discovered this by chance, then Xiaoxiao really would’ve died!

Lin Yi sighed- Xiaoxiao... If you really were to die just like that, how much guilt would I have on me?

Lin Yi shook his head. He went to the next wish.

But, that was it. The one before was the last one. It seemed that Xiaoxiao didn’t have any other dreams yet.

So, the remaining wishes were that Xu Shihan concert, along with that 3— wish!

The concert, maybe. The 3P? Never mind.

Lin Yi turned off the phone and put it back carefully. He got up to check on Tang Yun.

Coming out into the living room, Lin Yi silently walked to Tang Yun. He was extremely quiet, without even a creak from his footsteps- but as if they were spiritually connected, Tang Yun woke up!

Lin Yi was someone with special training- he had even done assassinations! His footsteps shouldn’t have been recognized by a common person!

But Tang Yun’s eyes woke up, blurry as she looked at Lin Yi, “What’s wrong? Is it morning?”

“No, keep sleeping. I just came to check up on you.” Lin Yi smiled bitterly. She wouldn’t think that he was being a pervert, would she?

“Oh... A change in environment takes some getting used to, I suppose,” Tang Yun stretched lazily, “How’s Xiaoxiao, is she asleep?”

“Yeah, she’s sleeping,” Lin Yi nodded, “Hurry and sleep too. I’ll go back?”

“Don’t... Don’t go, stay with me for a bit?” Tang Yun called out after some hesitation.

Tang Yun didn’t want to fight with Xiaoxiao for him, but Xiaoxiao was already asleep- it should be fine to take up Lin Yi for a bit.

“Ha... Okay!” Lin Yi nodded with a smile. As long as Tang Yun didn’t think he was a pervert.

Lin Yi walked over and sat beside the sofa, holding Tang Yun’s hand.

Tang Yun smiled slightly and closed her eyes, feeling a lot safer. A while later, she fell asleep.

Lin Yi had just broken through, and was bursting with energy without feeling tired at all. Holding Tang Yun’s hands, Lin Yi closed his eyes and enjoyed the moment of warmth.

Lin Yi wasn't the reserved type, but he wasn't the playful type, either. Suddenly having two girlfriends really wasn't something he could adjust to right away, but now that he did have two, it really felt like a different kind of warmth, especially when the two girls didn't fight each other! Instead, they lived in peace and got along- this made Lin Yi feel very blessed.

The sun came up, and Xiaoxiao's biological clock made her get out of the bed at six thirty. Not seeing Lin Yi, she tensed up- was she dreaming last night then? Lin Yi never came?

She walked out of the room in a blur, only to see Lin Yi holding Tang Yun's hands at the sofa. She knew that it wasn't a dream now, but still felt a little disappointed. It seemed like he had went to Tang Yun after she fell asleep!

Chapter 1222: House Kang's Testing

But the disappointment was only for an instant- she quickly realized that she was being petty! Tang Yun was the big wife, she was only the small wife- Lin Yi had chosen to go with her first before going to Tang Yun, he was already so good to her! What was she being disappointed about?

"Lin Yi honey, you snuck out to find Tang Yun sis!" Xiaoxiao grinned.

"It was four in the morning when I came..." Lin Yi blushed a bit.

Tang Yun had woken up too, feeling embarrassed when she heard her words, "Xiaoxiao, I didn't ask him to come, it was him..."

"Alright, Yun Yun sis- I didn't even say anything! Isn't this nice? From now on we can do it this way, then neither of us would lose anything!" Xiaoxiao continued.

"Yeah..." Xiaoxiao's words made Tang Yun think about it. From now on... Was there really a 'from now on?' Could Lin Yi really cure Xiaoxiao?

After breakfast, the three rushed to school in the car before parking it in the street food alley. They then went to class.

It was a busy life being in the twelfth grade, and when Lin Yi arrived at school, the Miss and Shu was already there, studying at their seats. Mengyao nodded at them upon seeing Lin Yi and Xiaoxiao enter, not saying much. They could talk about it when they were in a more private location.

Xiaobo was quite excited today, however, "Boss, sis-in-law, good morning!"

"Good morning!" Xiaoxiao accepted the title with a smile. Tang Yun would've blushed for sure, since Xiaobo always used Tang Yun's name when there were a lot of people.

"Why're you so excited today?" Lin Yi frowned.

"Didn't Fen recover? Of course I'm happy!" Xiaobo grinned, "Afterwards, I even brought her to meet my parents- they're really pleased!"

“Isn’t that great? Now your relationship is settled!” Lin Yi nodded.

“Yeah, thanks to you, boss! If it weren’t for you, I wouldn’t be where I am today!” Xiaobo nodded gratefully.

“Geez, do you have something to say or not?” Lin Yi glared, “If not, go and study!”

Lin Yi was about to talk to Xiaoxiao about Xu Shihan, and now Xiaobo was here yapping on.

“I do, I do!” Xiaobo lowered his voice, “Boss, guess who called me yesterday?”

“Who?” Lin Yi frowned, not thinking that Xiaobo would do this sort of ‘guess who’ talk.

“Kang Zhaoming!” Xiaobo said.

“Him? Why’d he call?” Lin Yi was a bit surprised- finally House Kang couldn’t keep it together anymore? They wanted Xiaobo to sell information again?

“He wants me to give him some insider information!” Xiaobo said, “He asked me so many questions yesterday, but the basic thing was about the channels for materials the Miracle Doctor Guan company used. Plus, he even kept trying to ask in a roundabout way whether we changed the recipe of the injury medicine!”

“Oh? Then what did you say?” Lin Yi didn’t think that Zhaoming had it in him, he figured out that something was off! With all the expensive stuff in House Kang’s Golden injury medicine, especially since they always had low supply and a high price, his enquiry was expected. This was why House Kang always sold out!

It wasn’t that House Kang was trying to do some marketing strategy, it was just that they simply didn’t have enough of a supply of their ingredients for more production!

“I didn’t say anything, of course, I said I was only the vice-chairman, in charge of selling, while Fatty Lai was in charge of production and Professor Guan was doing the research and monitoring, so I don’t know anything,” Xiaobo smiled.

“Nice. But if he asks for information again and offers money, there’s no need to reject him,” Lin Yi smiled.

“Of course, I wouldn’t say no to him giving me money for free!” Xiaobo nodded, “Right, I told him that I was in charge of selling, and Zhaoming asked about our ex-factory price. It seems that he’s trying to buy a big shipment?”

“Big shipment?” Lin Yi paused.

“Yeah, they may be thinking of buying our products and changing the labels before selling it off.” Xiaobo said.

“It’s possible, but we’ll see. If they want to buy it then fine, but we can’t give them the ex-factory price. Let them do it themselves,” Lin Yi said casually.

If House Kang really were to do this, then it'd result in their destruction- with the correct timing of exposing this fact, House Kang's name really would topple when they try to sell the repackaged medicine.

Lin Yi didn't believe that Miracle Doctor Kang would be as dumb as to do something like that.

"Okay. If this Kang Zhaoming has any other plans, I'll tell you right away!" Xiaobo nodded.

Zhaoming turned back around- the Physics teacher had come in and was getting ready to start class, and so Lin Yi postponed the talk about the superstar Xu Shihan and started focusing.

Xiaoxiao, on the other hand, seemed to really enjoy her time in class with Lin Yi. Neighbouring tables, lovers... This was a sort of pleasant way to live life and considered it her best memory- she didn't want to miss her final moments.

At noon, Lin Yi, Xiaoxiao, Tang Yun, Mengyao, and Yushu all went to the cafeteria's second floor. There were a lot of people downstairs, and they couldn't eat there with everyone gossiping.

The manager of the canteen naturally knew who Mengyao was, and so she got a room on the second floor after requesting it, and it became Mengyao's private room every day.

Mengyao wasn't someone who used her status like this, but for Xiaoxiao, she had to use this privilege! Otherwise, with Lin Yi having a big wife to his left and a small wife to his right, along with Shu and Mengyao herself... What was that, even? What would people be saying?

"Xiaoxiao, are you feeling alright? We were worried sick yesterday when we heard you fainted," Mengyao acted as if she still didn't know that Xiaoxiao was dying- Lin Yi and Tang Yun didn't have the chance to tell them yet.

"It's fine..." Xiaoxiao shook her head, "Maybe I'm just a little bit anemic."

Chapter 1223: Chen Yushu's Accusation

Lin Yi and Tang Yun looked at each other- Xiaoxiao's words evidently meant that she didn't want Mengyao and Yushu to know yet, and so they kept quiet.

Mengyao and Yushu knew it too, and so they put on an act with Xiaoxiao.

"I see. As long as you're okay," Mengyao nodded, "Then you should eat some veggies that help thicken blood."

"Yeah... Let's not talk about this, let's talk about something else?" Xiaoxiao didn't want the topic to be around her sickness, it'd make her feel unhappy.

When they were in class, Lin Yi had already sent out texts to the three girls, telling them of Xiaoxiao's wish.

And so Mengyao changed the topic to the superstar Xu Shihan.

"I heard that Xu Shihan has a new song?" Mengyao said casually.

"Oh, I think so- the music channel introduced it yesterday," Yushu said after some thought.

"Really? I didn't hear- I didn't have time to look at the tv yesterday," Tang Yun turned to Xiaoxiao, "Oh, Xiaoxiao- you like Xu Shihan?"

"I do!" Xiaoxiao was full of energy when they changed the topic, "I'm a fan of hers, I got all her albums!"

"Really? Shu and I are fans too!" Mengyao said happily, "Did you join her fan group yet then?"

"No, the fan group activities are all in the main cities, there aren't any here so it'd be a waste of money," Xiaoxiao shook her head.

"That's true- Xu Shihan never had any events or concerts in Songshan. It's such a shame!" Tang Yun nodded.

"Yeah, I've never had the chance to see her concert," Xiaoxiao said disappointedly.

"Maybe we could go to the city where she holds her next concert? Since we can take a plane nowadays," Mengyao suggested.

"Oh, we'll treat it as a trip! Let Shield Bro come with us!" Yushu added.

"That's..." Xiaoxiao was touched- but to tell the truth, she was worried, despite of how much she wanted to go, "For me it's okay, since I'm not planning to have good grades or anything... But you guys have to study, no? The exams are coming!"

Xiaoxiao's worry made sense. She didn't know how long she even had to live, so she didn't care whether or not she could get into college. Tang Yun, Mengyao, and Yushu, on the other hand, were all hardworking students- they clearly wanted to get to a good college, so wouldn't she ruin them if they all went for a concert at this time?

"Oh, that bit of homework isn't much for Genius Shu- plus, you have to accumulate studying every day anyway, not rush it!" Yushu said casually, "Right, Yao Yao?"

"Yeah..." Mengyao smiled bitterly. If her grades really weren't enough, she could always use her dad's connections, and that wasn't a difficult thing considering House Chu's wealth and power. Although this would be completely different compared to if she'd earned it herself.

But Mengyao wouldn't regret that- life was the most precious, and Xiaoxiao might leave any time soon, she didn't want her to leave with regret! That was what fueled her suggestion.

"It's fine, even if I can't get into college, I'll just let Lin Yi spend money- he's a big boss now," Tang Yun joked, easing the atmosphere.

"Yeah, if we can't get into college, we'll rely on Shield Bro! Xiaoxiao, too!" Yushu said.

"Yeah, it's decided then!" Xiaoxiao nodded. Now that everyone was already saying that, refusing again would be bad.

At that moment, Xiaoxiao realized something as well- Mengyao and Yushu's attitudes today were a bit odd, as if they were intentionally letting her have her way. Did they all know the truth already? Thinking about it, it was quite likely. Perhaps Lin Yi and Tang Yun had told them already, it was just that they didn't mention it.

Xiaoxiao felt really touched- she was able to have these good friends before her death, how lucky was that??

The food came in no time at all.

"Yao Yao, those kids in the orphanage don't have much to eat, but we get to eat all these nice dishes every day... While they try to save on celery and some potatoes..." Yushu said as she looked at the delicious food on the table.

"Yeah, Shu, didn't you say you wanted to organize a donation event? How's it coming along?" Mengyao cared about the kids in the orphanage as well.

"What's this about an orphanage?" Tang Yun and Xiaoxiao weren't there yesterday, so they didn't know.

"Well..." Lin Yi decided to just tell the entire story to them, from when Goudan lent money to You Xiaoke...

There weren't any outsiders here, and so Lin Yi didn't hold back, telling them of how he even met You Xiaoke.

"Oh!" Mengyao and Yushu weren't too sure about You Xiaoke, but after hearing Lin Yi's words, they were equally stunned as Tang Yun and Xiaoxiao.

"It sure is hard for her, to be managing the orphanage running around like that. She may be a thief, but she's much better than those 'gentlemen' in suits!" Mengyao sighed.

"Yeah, that damn fox Song Lingshan, she even hurt You Xiaoke! What would the kids in the orphanage do if she hadn't met Shield Bro to save her?" Yushu said angrily.

"You can't say that, too- it's normal and justifiable for Lingshan to catch a thief. It's just that this one's a good thief," Tang Yun said fairly.

"Tang Yun sis, why are you so silly? You're helping that horny fox! You should know that she's your love rival!" Yushu said, panicking.

"Huh? Rival?" Tang Yun blinked- how was Song Lingshan her rival now?

"Song Lingshan likes Shield Bro! She even helped jerk him off in the hospital!" Yushu boldly accused Lingshan of the deed, although she also did think it was true.

Chapter 1224: Don't Make Prophecies

“Huh?” Tang Yun’s eyes went wide, her face turning red- this Yushu sure was bold, what were the words coming out of her mouth!

“Shu, what are you saying? Don’t spread misinformation, Song Lingshan probably wouldn’t do that...” Mengyao had gotten misunderstood by Yushu once, when she was sucking out blood for Lin Yi- Yushu said that she was-! And so, thinking about, it, this Song Lingshan incident might’ve been misunderstood as well!

Plus, with what she knew of Lin Yi, even if Lingshan wanted to do that, Lin Yi might not let it happen! The two weren’t even that close yet, and Lin Yi wasn’t rushing to get laid- why would he fall for that? If Tang Yun were the one doing that, Mengyao might believe it, but Song Lingshan? It was unlikely!

“There aren’t any outsiders here anyway, no need to be afraid!” Yushu said without a care.

“Really?? That Song Lingshan’s that aggressive?” Xiaoxiao asked.

“Of course she isn’t!” Lin Yi patted Xiaoxiao’s small forehead helplessly, “Why are you believing what Shu says?”

“Why can’t she? I’m the famous Prophet Shu, the prophecies I make basically all come true!” Yushu said boldly.

“Shu, don’t make prophecies about that!” Mengyao glared. Lin Yi and Lingshan may not have anything going on now, but who knew how powerful this prophecy was?

“Ugh...” Yushu stuck out her tongue, realizing the problem with her words. Wasn’t she pushing Lin Yi with Lingshan?

“Alright, let’s talk about the orphanage,” Lin Yi pulled the topic back- this Yushu was getting out of hand!

If it were in the past, then it wouldn’t be much, but now that he had this weird, sort of intimate relationship with Lingshan... Even he blushed a bit and his heartbeat quickened a bit as Yushu spoke!

“Lin Yi’s right, let’s think about the donation,” Mengyao nodded, “Because of Xiaoxiao’s stuff yesterday I didn’t call dad- I’ll call now.”

“Yeah, tell Uncle Chu first.” Lin Yi nodded. “He could make some arrangements with the school, talk to Headmaster Ding about it. It’ll be more powerful than us doing it by ourselves.”

Mengyao took out her phone and called Pengzhan’s phone number.

“Yao Yao? What’s the matter?” Pengzhan was looking at files when his daughter called all of a sudden, surprising him.

Mengyao had always been a rather independent girl, and if it weren’t something big she wouldn’t usually call him. All these years in Songshan High, she only called when there was trouble. This was one of the things that made her different from other Misses.

“Dad, there’s something I’d like to ask your help with...” Mengyao said.

“Oh? Did something happen, my daughter? What do you need help with?” Pengzhan wasn’t expecting to hear words like this. Other than that time she wanted to kick Lin Yi out, Mengyao had never made requests like this before.

“Well, Shu and I are thinking of doing a charity event in school, uniting the strength of all the students to donate money to an orphanage,” Mengyao said.

“Donation event for an orphanage?” Pengzhan blinked, not quite catching on, “What orphanage?”

“Well dad, you see...” Mengyao started talking to him about the things she saw at the orphanage.

“I see!” Pengzhan was a bit touched after hearing the words, “It seems like a donation event really is in order, with the living situation of those kids. But Yao Yao, have you thought that many of the students in the school aren’t very rich, most of them only have allowance from their families- even if they donate, they wouldn’t be able to give out too much? I’m thinking that all the funds from one school would only add up to a hundred or two hundred thousand, that’s small for an orphanage!”

“But, even if it’s small, it’d help them a lot!” Mengyao understood that, “It’s better than me donating alone, right?”

“Well... Alright, I’ll use Headmaster Ding’s name to send the invitation and invite some of the big names in the upper society- if they’re able to donate then we’d be able to get quite a sum for the orphanage! After all, the donations coming from them aren’t at the same level as one coming from students!”

“Oh?” Mengyao’s eyes lit up- her dad sure looked farther ahead, being the businessman he was! “That’s great! Then there’ll be a lot more donations!”

“Yes, I’ll talk to Old Ding about this,” Pengzhan said, “Right, Yao Yao, is Lin Yi fine?”

“Hm?” Mengyao blinked, looking at Lin Yi, “Yeah, he’s fine. Why?”

“Good- let him take the phone, I have something to tell him,” Pengzhan said.

Pengzhan was quite composed against the two Xiao brothers yesterday, but he still had some traces of worry. After all, they had the two Pis in their house!

Nothing else happened after the Xiao’s left yesterday, and there weren’t big movements in his company’s stocks, either. House Xiao was probably finding some way to get revenge, and he had to pay attention.

As long as Lin Yi wasn’t injured and in the hospital, House Chu was safe.

“Uncle Chu, what do you need to talk to me about?” Lin Yi took the phone.

“Yi, how are you? You said you were busy yesterday, so a lot of things weren’t clear. The House Xiao brothers came over, saying that some Mister Warrior went to Yao Yao’s house and beat you up until you went to the hospital?”

“Mister warrior? Hospital?” Lin Yi blinked, “The Xiaos went to you again?”

“That’s right, that was what happened...” Pengzhan was a bit confused at Lin Yi’s reaction. Were the Xiaos just bullshitting then? There was no Mister Warrior, and Lin Yi wasn’t hurt?

But their IQ wasn't that low, right? Why would they come up with all this random stuff out of nowhere?

Chapter 1225: Xie Yufeng's Visit

"Oh? Xiao Ji and Xiao Ben are getting restless already?" Lin Yi was stunned, "But there really wasn't any mister warrior... Wait, they're not talking about Er Goudan, are they?"

"Er Goudan? Who is that?" Pengzhan asked.

"It's an old friend of mine from my village, he came with medicine. I'll tell you about what happened yesterday..." Lin Yi told him about how Goudan went to the lion to get revenge, sending two of the Pi's to the hospital.

"So that's why! They got that powerful Er Goudan to go to your place, thinking that he didn't know you and would injure you- that's why they were so enthusiastic when they came over!" Pengzhan understood now, "But they sure were in a good mood after losing their practitioners, coming to me right away?"

"Haha, probably because they wouldn't be able to threaten you once the news broke about the House Pi's practitioners entering the hospital." Lin Yi analyzed with a smile, "That's why they were in such a rush."

"If so, I don't have to worry then! But that friend of yours sure is strong. I heard that the Pi masters were really powerful, and they actually got sent to the hospital! If House Xiao were to know that this Er Goudan was your old friend, they'd probably be in a panic!" Pengzhan laughed, swiping all his worry away. Why would they have any reason to fear House Xiao at all with Lin Yi and Er Goudan's protection? Goudan could just send those two Pi's back to the hospital after they came out!

"Haha, leave them be- if they come causing trouble again, I'll ask Goudan to scare them and scam some money off of them!" Lin Yi smiled.

"That's true! I'll call Old Ding now and talk about the donations- I'll leave Yao Yao and Shu to you!" Pengzhan said.

After hanging up, Pengzhan called the headmaster to discuss plans regarding the donation. There was a singing competition the school was organizing too, and getting some big names to donate money couldn't be done with no ceremony at all. You couldn't just ask people to come and give away money for nothing.

And so Ding Binggong's plan was to combine the charity event and the singing competition. They could have some other attractions and organize the donations as the competition went on, letting the big names judge and choose the winner of the singers. This could lighten up the atmosphere, as well as show their respect for the donators.

Pengzhan was quite pleased with this suggestion. Ding Binggong was quite a capable man who had managed to keep Songshan High good and tidy all these years after all. This was why he always kept him in charge!

Otherwise, when talking about a private school in the center of Songshan – this required a very capable headmaster, otherwise the names of other schools would easily surpass theirs! But just having capability and no restraint wasn't enough, either. If he accepted bribes, then the school's condition would go down. If the principal took money and was greedy, wouldn't the teachers be the same? The entire school would be ruined.

But Ding Binggong was a just man, and he was an able man. This was why Pengzhan trusted him!

After things were decided, Binggong gathered the vice-headmaster and the dean Wang Zhifeng to the meeting room, discussing the charity event...

Song Lingshan walked out of the director's office, her face solemn and her eyebrows locked.

When Yang Huaijun was the captain, there weren't that many things happening. Right when she took on the position, however, all the big and small cases of Songshan starting coming in, making it lively! The disappearance cases didn't seem to follow any rules, and it applied to people from different jobs!

Butchers, drivers, vendors, garbage collectors, waiters, security guards, floor sweepers... Lingshan didn't know what to do with this mess in front of her!

These people all went missing after some small conflict with someone else. The people they beat up, however, weren't even injured very heavily- it wasn't something you would turn into a fugitive for!

These sorts of cases would be easily ignored normally, and this was how the police treated it at first. Only after she realized something was wrong was it reported to the director.

Today, Director Chen got Lingshan together to discuss the case- telling her that she must solve it. These cases may seem to be a coincidence, but they had to look for the people who ran away! A lot of people had people in their family run away as well, reporting to the police about it.

This hadn't caused a big impact in society yet, but it had already induced panic in some small groups. In order to keep things from worsening, Director Chen needed Lingshan to break the case as soon as possible!

Lingshan felt a bit of a headache as she looked at the pile of files in front of her. It felt like she was jumping into this mess for no reason- if she hadn't reported this to the director, she wouldn't have been in this mess at all! But she didn't regret it- she was a just woman, and of course she wouldn't be able to just ignore these things.

A knocking came from outside her office door.

"Come in!" Lingshan didn't think much- this was working hours, after all. Plenty of people looked for her.

"Lingshan, you busy?" It was Xie Yufeng- the person she didn't want to see the most!

Lingshan's eyebrows twitched as she heard the voice, "What are you doing here?"

"Haha, it's lunchtime soon- I wanted to invite you for lunch, but I know that you're busy, and you weren't there when I came over. Your coworkers said you went to the director to talk about work, and

so I bought some lunch boxes!" With that, he showed off the plastic bag in his hand, smiling, "You didn't eat yet, right? Let's eat together?"

Lingshan frowned- yes, what Yufeng was doing would be considered kind and considerate. If it were Lin Yi, she'd be so happy she would lose her mind! But this was Xie Yufeng!

"I'm not hungry, you eat it yourself. I still have work to do!" Lingshan said flatly as she looked back at the papers.

"People are made of iron and rice is made of steel- you need to eat to be strong!" Yufeng smiled, "Us two are both practitioners, we can't just not eat! If it's somewhere with good and plentiful qi, it would be fine, we could use practitioner to sustain ourselves, but we're in the city with small amounts of qi!"

Chapter 1226: Song Lingrui

One had to admit, Xie Yufeng was quite good at hitting on girls- with one word, he closed the gap between the two by saying that the both of them were practitioners. Now they had a common topic! The reason why he failed so much at school was because all the girls already had someone in their mind- that was why they were so cold towards him!

But Yufeng didn't know that Lingshan, herself, also had someone in mind!

"Put it there then, I'll eat it later," Lingshan said, basically telling him get out in a roundabout way. She couldn't just tell him to leave, since this was House Yu they were talking about. If possible, they shouldn't piss them off at all!

"Let's eat it now- it'll get cold later," With that, Yufeng took out one lunch box and put it on Lingshan's table, smiling, "Grandpa Song told me to take care of you- if you're not eating then it'll be hard for me... I'd have to call him and apologize!"

Seeing Yufeng actually taking his phone out, Lingshan was really getting pissed- this guy was using some random thing to call his grandfather? Lingshan couldn't interrupt him with such a minor thing, and so she took the lunch box helplessly, "Fine, I'll eat first!"

"That's great!" Yufeng smiled, putting away his phone and taking out the other lunch box, sitting across her.

Looking at the Yufeng sitting across from her, she felt that the air was a bit weird- it made her uncomfortable, and so she looked at the case files while eating, not giving him a chance to make conversation.

"Why don't you rest while eating? You can't work all the time, right?" Yufeng said.

"No time, there's a case," Lingshan said flatly.

"What case? Tell me about it, I can help analyze it. Two people thinking is faster than one, right? There's a saying that three shoemsmiths working together can beat the strategy master, Zhu Geliang, no?"

“Sorry, confidential,” Lingshan naturally wouldn’t give him any chance.

“That’s...” Yufeng didn’t know what to say, despite feeling troubled. He couldn’t just keep asking about something confidential.

After finishing the lunch box, Lingshan pushed it aside and started going into her files again. Yufeng sat across her for a bit more, and felt that nothing was going on. He stood up with his lunch boxes, “Alright, Lingshan, you work first- I’ll come see you tomorrow!”

“I won’t be here tomorrow, going to Donghai,” Lingshan was going to go in the morning and get back early, but decided to go in the afternoon to avoid Yufeng after what he said.

She needed to go see Huaijun and let him look at the cases, see what ideas he had and analyze them together. Not only was he her mentor, he was also her brother figure, and the vice director of the main branch of criminal police! It was natural for her to find him for work issues.

It would make her look a little incapable, but she didn’t mind. She was someone he brought up in the first place, why would it be embarrassing for her to ask him for advice? He’d been in Donghai this past while, having been assigned to a case there. She had to go there for him.

“I see, are you driving there? I have a car here, I can fetch you- it’s a limited edition Lamborghini!” Yufeng said.

“I have a car, I’m going there for work- what’s with you fetching me?” Lingshan was speechless- this idiot wanted her to go in a lambo? Wouldn’t people say that she was taking bribes or was corrupt?

Seeing that direct rejection, Yufeng had no choice but to leave. Lingshan only shook her head as he left- this person sure was annoying, even bringing out her grandpa’s name. What was she supposed to do if he came every day?

The phone rang- it was an unknown number.

She thought that it was Yufeng calling, and didn’t want to pick up, but what if it weren’t? After all, plenty of unknown numbers called her all the time, some of which had to do with her cases.

“Hello, I am Song Lingshan!” Lingshan picked up.

“Sis?” A pleasant voice sounded.

“Rui?” Lingshan paused, “It’s you? I thought you couldn’t call when in special training?”

It was her sister, Song Lingrui. She went into special training a few years ago, and could only call back every year. Otherwise, it was all silence from her! This was a pleasant surprise indeed.

“Hehe, sis, I’m about to be free soon! This is the fourth year of the training, and I’ve received the medal of bravery with flying colors!” Lingrui smiled happily.

Lingshan counted the time on her fingers- time had flown by, Lingrui was about to finish the training already! That little girl who cried all the time- she had a medal of bravery now! Lingshan was getting emotional.

Four years ago, in order to keep House Song from falling, grandpa Song decided to send Lingrui to the harshest and cruelest training camp. To think that crying, weak sister of hers now held the highest, honored medal!

“Congratulations, Rui!” Lingshan said happily, “Then what are your plans? Do you want to continue training there or come back?”

“Don’t talk about me first, I called grandpa- he said you have a boyfriend now, sis?” Lingrui said.

“Boyfriend?” Lingshan’s face darkened, “You’re talking about House Yu’s Yu Feng, right?? I don’t like him!”

There wasn’t any need to hide her feelings in front of her sister.

“Ah? Seriously? Sis, I heard that this Yu Feng is already a Mystic mid phase peak eventhough he’s so young- he’s a great candidate, he fits your criteria, too! Grandpa did say you’re really strong now too, Golden class late phase peak, so didn’t you want a boyfriend stronger than you?” Lingrui was confused- her sis didn’t seem to like him?

Chapter 1227: Brother-in-Law

“I don’t like him anyway, I hate to see him! Besides, he’s not the only one who’s a master of the Mystic Class’s middle stage!” Song Lingshan snorted and said.

“Oh? So you have a sweetheart? And this person is also very powerful, and is also a master?” Song Lingrui and Song Lingshan were close from a young age and their feelings were connected, so Song Lingrui immediately became suspicious as soon as Song Lingshan opened her mouth.

“Well...” Song Lingshan did not deny either. These words couldn’t be said to grandpa for the timebeing, but she could tell them to her sister. Xiaorui’s mouth was also very tight and wouldn’t spread it.

“Hee hee, so it’s true!” Song Lingrui exclaimed with some excitement, “Tell me about my brother-in-law, how powerful is he? Is he as powerful as that Xie Yufeng?”

“He’s much more powerful than him!” Thinking of Lin Yi, Song Lingshan was filled with happiness, “What the hell is Yufeng? He’s got some strength, then again who knows how much miracle medicine he used to accumulate it. He’s just a playboy, stupid too, with no sense of responsibility!”

“Wait, since when were there so many masters from the younger generation? Even though I’m not from here, but I think out of all the students from aristocratic families, the only ones who can break through to the Mystic Class are the ones from the Yu family right?” Speaking of this, Song Lingrui’s tone suddenly became sluggish, “Wow sis, don’t tell me my brother-in-law is someone from a hidden aristocratic family?”

“I don’t think so, he’s not from an aristocratic family,” Song Lingshan remembered Lin Yi’s situation and denied Song Lingrui’s guess. Lin Yi wasn’t from an aristocratic family, he shouldn’t be from a hidden

aristocratic family either. Song Lingshan's never heard of a hidden aristocratic family sending someone out to a profane girl to become a bodyguard.

"Self trained? Master of the Mystic Class?" Song Lingrui widened her eyes.

"His background is pretty mysterious, probably similar to you, also from some training ground..." Song Lingshan frowned, she had known Lin Yi for so long yet she didn't even know his background.

"Wow, my brother-in-law's so mysterious. Okay I have to meet him now. Sis, what is his strength then?" Song Lingrui became more and more curious.

"Um... I'm not sure either. But it's all thanks to him that I was able to upgrade to the peak of Yellow Rank's Late Stage," Song Lingshan actually did not know Lin Yi's strength. She heard that he was able to beat up Ma Zhu who was a Physical Master of the Mystic Class's Middle Stage so his strength shouldn't be that weak...

"What? My brother-in-law helped you upgrade your strength? Wow wow wow! Wait sis you two had a dual cultivation already?" Song Lingrui jumped up in excitement about the gossip, "You guys have done it already? Sis, tell me, when you did that with my brother-in-law, did it feel good? How was it?"

"Ahem..." Song Lingshan almost threw her phone. Flushing, she coughed a bit and said, "What are you saying Xiao Rui? You're still a kid, why do you have such complicated thoughts? What do you mean I did it or not? There was nothing between us, what we have is really pure!"

Even though Song Lingshan said those words, inside she was grumbling. She basically gave herself to Lin Yi and he still wouldn't do it. Just thinking about this made her feel resentful, was she that bad?

"I'm already 18 years old now sis! I'm an adult now!" Song Lingrui didn't like how her sister always treated her like a child, "Wait if you guys didn't dual cultivate, how did you upgrade your strength?"

"Well... you might not believe me. He a transfer process and transferred the pure energy into my body, and I just broke through..." Whenever Song Lingshan recalled this incident, she would feel freakish. Lin Yi's a bit too powerful, even upgrading in such a way like this was actually possible?

"What?" Song Lingrui was also stunned, "He wasted his own pure energy to upgrade your strength? Wow, sis, my brother-in-law loves you so much! I'm so jealous, this is so romantic!"

"He's okay..." Song Lingshan said, if you put it this way, he loves dogs too! But she didn't say this, even though she was her sister, she was still too embarrassed to say it.

Song Lingrui listened to Song Lingshan talk in such a light tone and thought she did that on purpose. She admitte, "I wanna find a boyfriend like my brother-in-law to help me upgrade my strength as well!"

"What do you mean find, you're just a kid," Song Lingshan didn't know whether to laugh or cry, "Oh right Xiao Rui, let's not talk about this anymore, when do you come back?"

"I still need to wait. After I get the medal, I can graduate!" said Song Lingrui, "At that time, I'll need to discuss with grandpa whether I'll be working or coming back for university, everything depends on grandpa's arrangement."

Song Lingshan nodded. Song Lingrui was only 18 years old, just the age to start university. It's a bit early for her to work after coming back, she should learn some more knowledge in school and gain some insight. Then she could help grandpa in handling the affairs in the Song Family. After her brother grew up, she could then officially take over the Song Family.

"Yeah that makes sense, if you want to attend university, then come to Song Shan City, us sisters will be able to see each other more often," said Song Lingshan.

"Of course! I wanna see my brother-in-law too. I can help you check up on him. If he can't pass through me, hmph, I won't acknowledge him as my brother-in-law!" Song Lingrui said with a giggle.

"Look after yourself first! Kids shouldn't stick their noses into adult business," Song Lingshan felt a little nervous inside, Lin Yi wasn't even her boyfriend. If Xiao Rui said anything that were out of place, then it would be so embarrassing for her! That was why it's better for her to not be involved in this matter.

"I'll talk to you later, I have something to do here, I'll hang up now sis!" Song Lingrui heard someone calling for her so she said in a hurry, about to hang up, "I'll call you again when I'm free, nowadays, I have a lot of free time!"

Looking at her phone that had just been hung up on, Song Lingshan shook her head. Her hazy mood was a lot better now. After that bit of rest, she was ready to return to her intense work once again.

After Xie Yufeng got out of the police station, his face was a bit gloomy.

Even an idiot could tell that Song Lingshan didn't like him. As someone who could do whatever he wanted to in his family, Xie Yufeng was never given such a cold shoulder before. Even in other families, after he displayed his identity as the successor of the Yu family, those heads of the aristocratic families would still fix their gazes on him.

Yet this Song Lingshan was so arrogant! What's so special about her? She's just a master of the Yellow Rank's late stage who's got a pretty face. Well he's at the peak of the Middle Rank of the Mystic Class, how dare she give him an attitude?

Wait till I marry you, I'll fix you up! Xie Yufeng fiercely spat on the ground.

Yet after he spat, an old man wearing a public security armband ran over and grabbed Xie Yufeng's wrist, "Spitting on the ground, \$100 fine!"

Chapter 1228: Kidnapping Feng Xiaoxiao

"You motherf..." Xie Yufeng was about to swing his fist but suddenly realised that he was standing right outside the police station. Even though he wasn't scared of anything since he was from an aristocratic family, he was afraid that his actions would be seen by Song Lingshan and her impression of him would go down. Then it would be even more difficult for him to chase her.

Therefore, Xie Yufeng could only swallow his anger and take out \$100 from his pockets to give to the old man.

“Now it’s \$200!” The old man continued to issue another fine.

“What do you mean \$200?” Even if Xie Yufeng continued to swallow his anger, he was still about to explode inside. Could fine’s even be raised like that?

“You swore at me just then, you used uncivilised language in a public space, fine \$100!” said the old man.

“Here!” Xie Yufeng’s eyes flashed with anger and took out another \$100 to give to the old man. He then turned and quickly walked over to the carpark nearby.

.....

...

“How are you feeling Xiao Han? Does your head still hurt? If you’re unwell, I’ll help you push off the celebration feast tonight?” Agent Wang Jie touched Xu Shihan’s forehead in concern and asked.

“No that’s fine, I took painkillers already, it’s a bit better now,” Xu Shihan said with a slight smile despite her extremely pale face, “the company’s people are waiting, how can I not go? Everyone’s celebrating for me.”

“So what if you don’t go? Your first single was just released and immediately took over the top of the scoreboards for all major ringtone downloads. You just earned a lot of money for the company, even if you don’t go, what can other people say?” Wang Jie objected, “Moreover, your condition with your headache isn’t a secret within the company anymore, the boss already knows.”

“I think I should go, I’ll get ready now,” Xu Shihan said and climbed off the bed, getting ready to wash her face and change.

“Hey, Xiao Han, you’re a celebrity now, sometimes you’ll have to put on airs, you dont need to work so hard anymore,” Wang Jie said helplessly.

“That’s okay, this is something I enjoy doing, naturally I’ll have to work hard,” Xu Shihan said with a smile.

“Oh right, Xiao Han, I saw some news on the internet about a famous doctor. They say he’s a miracle doctor and cured a lot of hard cases. A lot of famous diseases were cured by him so now, everyone thinks highly of him,” Wang Jie suddenly slapped her forehead, remembering this important news.

“Oh? Really? News from online can be fake sometimes. Isn’t there a lot of people on there who accuses me of my private life being messy...” Xu Shihan smiled, she didn’t really take the news seriously.

“Xiaohan, this time it’s different,” said Wang Jie, “this person’s name is Zhao Yaowang, I asked people to inquire about this. He’s really famous in Songshan City, he’s actually treated a lot of public figures and cured them as well! I heard that... he’s a master from some big family...”

“Oh? Can he really cure my condition?” After hearing Wang Jie talk about it in this way, Xu Shihan was tempted as well. Wang Jie’s social experience was very rich and was reliable in handling work. If she didn’t have any experience in judging situations then she would’ve been deceived so badly already, and wouldn’t have been able to help Xu Shihan economically as well.

Therefore, since Wang Jie had already mentioned it to this point, then there must have been some degree of certainty regarding the authenticity for this matter. That's why she would tell this to her.

"Regardless of what happens, there isn't any harm in trying," said Wang Jie, "I've already asked people to inquire about it in the past couple of days. If everything's alright, then we'll go. As long as there's hope, we will go and try it out. Otherwise it's really not a good thing for your condition to continue like this."

"That's fine, sorry to trouble you then Wang Jie," Xu Shihan nodded and entrusted this matter to Wang Jie.

...

Tonight, Feng Xiaoxiao went home in Lin Yi's car, just like she had always done.

Both Lin Yi and Tang Yun didn't go up. After all, Lin Yi stayed there yesterday so he should go back to Chu Family's mansion tonight. As for Tang Yun, she had just moved yesterday and didn't get a chance to live there yet. Naturally, she had to go back and see it today.

Feng Xiaoxiao opened the door with her key and walked into the living room. However a handkerchief suddenly shot out and covered her mouth!

Feng Xiaoxiao was alarmed and tried to struggle and scream, but she wasn't even able to take a single breath and fainted. The handkerchief had ether which could make people quickly lose consciousness.

The dose of ether wasn't much so although Feng Xiaoxiao fainted quickly, she also woke up quickly.

When Feng Xiaoxiao woke up, she found herself tied up with a rope. She was sitting on the sofa unable to move, and beside her sat a strange man.

"Who...who are you?" Feng Xiaoxiao asked subconsciously.

"You're awake?" the man glanced at Feng Xiaoxiao, looked down at the time on his watch and said with a dull tone, "it's earlier than I expected."

"Help!" Feng Xiaoxiao suddenly yelled for help loudly, since she didn't know this strange man and he tied her up, it was obvious that he had bad intentions!

The man heard Feng Xiaoxiao cry for help but didn't stop her. He merely looked at her strangely and said, "It's your own house, don't tell me you don't know? I looked at it earlier, the mansion you're living in is very sound proof! And you hung a canopy in your room too, and stuck on wallpaper which added to the sound proofing effect. I'll use a cliché line to say this: go yell, yell as much as you want, no one will hear you even if you break your throat yelling.

Feng Xiaoxiao wasn't stupid. She shut her mouth after hearing the man's words. What she did before was just in a moment of desperation, now that she realised yelling for help wouldn't work, Feng Xiaoxiao naturally wouldn't do helpless things anymore.

"Why did you kidnap me?" asked Feng Xiaoxiao, "did you kidnap the wrong person? I have no enmity with you, I don't even know you. I only rented this house a couple of days ago, are you looking for the previous owner?"

“Okay stop pretending. Your name’s Feng Xiaoxiao, don’t think I don’t know!” The man waved his hand impatiently, stopping Feng Xiaoxiao’s words, “stop your clever thinking, the one I’m looking for is you!”

Feng Xiaoxiao immediately became dejected, she had intended to trick this guy so he could let her go. She never expected him to actually know her and call out her name. All her ideas that she thought up before couldn’t be used anymore, it was clear that this person had a purpose for coming here, it wasn’t just a random kidnapping.

This made Feng Xiaoxiao a bit gloomy, who did she offend for them to send someone to kidnap her? Thinking of this, Feng Xiaoxiao didn’t have the thought to play around anymore. Since he already knew her identity, there was no point in her playing tricks anymore, “Since you know who I am, and intentionally kidnapped me, then just tell me what your purpose is!”

Chapter 1229: The purpose of kidnapping

“Even if I told you my purpose it’s not like you can do anything!” the man said blankly, “You’re just a bargaining chip, the one I’m looking for is your old man, Feng Tianlong!”

“You’re looking for my father?” Feng Xiaoxiao cunningly eyed the man in front of her, pondering how she could escape his control.

“I have nothing to say to you,” the man glanced at Feng Xiaoxiao and said, “I don’t want to waste anymore words on you, so don’t bother with your clever thoughts, don’t think I don’t know what you’re thinking!”

Feng Xiaoxiao immediately became gloomy. This guy obviously wasn’t stupid, he saw through her escape plan so he didn’t even plan to talk too much with her.

After that, the man ignored Feng Xiaoxiao and dialed Feng Tianlong’s number.

“Hello, I am Feng Tianlong,” Feng Tianlong’s voice rang from the other side of the line.

“Are you Feng Tianlong? Hello there!” After hearing Feng Tianlong’s voice, the man immediately cackled, “I’m really glad to hear your voice!”

“Who’s this?” The tone of the other party visibly stunned Feng Tianlong, “What do you want from me?”

“Of course I want something from you!” The man glanced at Feng Xiaoxiao and said, “Feng Tianlong, your darling daughter is in my hands right now. What do you think? You must be very alarmed after hearing this?”

Feng Tianlong’s heart tightened, Xiaoxiao’s in his hands? Then who is this person? What’s his intention? Was it exactly as he said or was it a scam?

“Who are you exactly? What is your purpose?” Feng Tianlong was in fact someone who did big things, even though he was nervous on the inside, his tone was still very calm.

“Feng Tianlong, don’t tell me you’ve already forgotten who you started a feud with?” The man sneered and said, “It looks like your memory isn’t that good?”

“If you don’t even tell me your identity or purpose, then it’s unnecessary for us to keep talking,” Feng Tianlong said in a nonchalant tone.

He knew that if the other party has actually kidnapped Feng Xiaoxiao, there must be some sort of scheme behind it. Rather than him trying to guess himself, it would be better for them to just tell him. There was no way that Feng Tianlong would guess carelessly, this matter involved a system of secrecy as well so what if the other party was some spy that was sent to pry into the secrets?

Therefore, Feng Tianlong was very certain that if he refused to guess, the other party would instead tell him the truth.

Sure enough, after the other party hesitated, their voice sounded slightly agitated, “Feng Tianlong, if you dare to hang up, your daughter will die!”

“Tell me your purpose, no need to threaten me. Besides, whether or not my daughter is actually in your hands is another matter!” As he spoke, Feng Tianlong glanced at Li Yifeng who was standing beside him. Li Yifeng immediately took notice and quickly ordered the technical staff to track the speaker’s position.

“Hehe, Feng Tianlong, my purpose is very simple: use your daughter’s life to trade for the safety of our second in charge!” The man stated his purpose, originally he had wanted to lead Feng Tianlong on and even get some inside information from him. However, Feng Tianlong was obviously not that easy to fool, which ruined his plans so he had to speak the truth.

“Oh? Second in charge?” Feng Tianlong paused. By this time he could completely confirm the identity of the other party, “Someone under the Red Conch?”

“Haha, it seems that Mr Feng isn’t stupid after all! You’re right, I am someone under the Red Conch!” The man laughed, “Now that you know my identity, then let’s be quick, do you agree to my condition or not?”

“You want me to release your second in charge?” Feng Tianlong frowned and asked.

The person that this man wanted, was the bald guy that Lin Yi and Feng Xiaoxiao arrested at the underground race course! The Red Conch was an international criminal organisation, and since Feng Tianlong had arrested the second in command, how could he just release him just like that?

However, if the other party actually had Feng Xiaoxiao as a bargaining chip, what should he choose? Should he choose justice, or choose family?

Feng Tianlong did not expect that, as a special agent, he also had to experience making this type of choice.

This moment was the first time he felt uneasy inside him, even though he seemed very calm on the outside.

“Yes, it seems that Mr Feng understands what I mean,” the man said, “As for what to choose, it would depend on Mr Feng’s desire. Your daughter’s only 18 years old right? Right at the age where she is as delicate as a flower. For her to just die like this, isn’t this just too unfortunate?”

“How do I know if Xiaoxiao is actually beside you?” Feng Tianlong glanced at Li Yifeng. Li Yifeng shook his head, it was obvious that he hadn’t located the other party yet.

“The other party is using a phone number from an overseas telecommunication company, we need to crack a few network routers...” Li Yifeng quickly wrote down these words on a blank page and placed it in front of Feng Tianlong.

Feng Tianlong nodded his head slightly, understanding what Li Yifeng meant. Li Yifeng wanted him to continue to stall the other party to gain more time for the technical staff.

“Haha, Feng Tianlong, don’t think I don’t know what you’re trying to do!” The man said disdainfully, “You just want to talk to me a bit more to stall me right? And then you can get your workers to locate me, am I right or wrong?”

“Hmph! You can think whatever you want to, I just want to confirm whether or not my daughter is actually with you!” Feng Tianlong never expected his strategy to be seen through by the other party, but even so, Feng Tianlong wouldn’t admit to it.

“Okay, then I’ll let you hear your daughter’s voice, to reassure you too. Then we can decide about this deal,” the man spoke without caring, and smiled at Feng Xiaoxiao, “Little girl, say something to your daddy!”

“...” Feng Xiaoxiao shut her mouth, refusing to speak.

Feng Xiaoxiao had been listening in on the conversation between the man and her father, once she heard that her father had wanted to stall the time so that they could locate him, she started to think about how she could help her father stall some time as well.

When she heard that the man wanted her to talk to her father, Feng Xiaoxiao immediately thought of an idea! If she kept her mouth shut then she could stall some time and allow her father to locate her.

Therefore, Feng Xiaoxiao shut her mouth and did not speak.

By doing this, her father couldn’t determine whether or not she was in the man’s hands, and then she could stall some time. This was the only thing she could do right now.

Feng Xiaoxiao did not know where she was, it was an unfamiliar place. It seemed like a residential house but the living room didn’t have that much furniture, only a sofa. She couldn’t see outside from where she was sitting either, which made Feng Xiaoxiao unable to determine her exact location.

Chapter 1230: I Can’t Live For Long

“I told you to talk, what are you thinking about?” The man saw Feng Xiaoxiao refusing to talk and lashed out at her.

“...” However, Feng Xiaoxiao remained silent as if she didn’t hear the man talk.

“Little girl, do you want to die? Will you believe me if I say that I’ll rip your clothes off and fuck you until you die?” The man saw that Feng Xiaoxiao refused to talk, he became even angrier and threatened.

“...” Feng Xiaoxiao clenched her teeth silently.

“Are you playing a dialogue by yourself?” Feng Tianlong already half-believed what the man had said and thought that Feng Xiaoxiao was in his hands, but now, he began to question it. Feng Tianlong thought that if he was really from the Red Conches, he wouldn’t lie to him that Feng Xiaoxiao was in his hands because it would be meaningless.

But now, Feng Tianlong questioned it. If Feng Xiaoxiao was really there, why would she be silent?

“This girl is smart; she knows how to buy time for you!” The man laughed instead, “But it’s fine. Drag on as long as you can. Feng Tianlong, it’s up to you whether you believe me or not! But do you know why I’m talking so much when you already know where I am? Do you know why?”

“Humph!” Feng Tianlong laughed coldly. He didn’t like the feeling of being led by the nose and scoffed indifferently. He didn’t say he knew, or say he didn’t know. If the man didn’t want to tell him, there’s no need for him to ask, hence Feng Tianlong didn’t show his hands.

“Haha, even if you don’t ask, I will tell you why!” The man laughed, “Because I’m not afraid of you finding out my location! I can tell you my identity clearly! I am a death warrior Red Conches! You know what death warrior means right? Do you need me to explain it? But I think as the team leader of the Dragon Spear special agent team, you definitely know what that means!”

Feng Tianlong heard the man’s words and his face changed drastically. Of course he knew what ‘death warrior’ meant. An international criminal organisation like Red Conches would usually train some death warriors. A horrifying group like this would often execute missions and assassinations and death warriors would come in handy at this time!

Death warrior, just like what it indicated, were those warriors who weren’t afraid of death. These people had been trained for their life in preparation for one final moment. Many of them were brainwashed and they were willing to die for the organisation without taking into account their own lives.

This kind of person was the hardest to deal with. Even if they caught him, they wouldn’t be able to get anything out of him. No matter whether they interrogated them or promised them wealth, they wouldn’t care and kill themselves when they have the chance to!

“What did you say?” Feng Tianlong’s heart tightened. This won’t end well!

“Don’t you understand what I mean? My only purpose is to save our second head in charge! It doesn’t matter if I die or not! Saving him is my only purpose for existing!” The man didn’t think that his words were inappropriate at all but thought that it was natural, “I’ve already placed detonators in the room, you can come catch me or kill me, but the bombs are linked to my body. As soon as my heart stops beating, the remote will go off. I think that these bombs are enough to bomb down this twenty storey building! At that time, not only will your daughter die, but all the innocent residents here will die too! Hahaha, my death will surely be worth it! Many will die along with me!”

“You-” Feng Tianlong heard the man’s words, he was shocked and furious. He didn’t question whether the man was lying or not because the Red Conches, itself, was a terrifying organisation. This man was a death warrior so what he said was probably true!

” ‘I’ what? Doesn’t that feel good? And another warning for you, don’t try to catch me alive. As soon as you catch me, I will bite a capsule of poison in my mouth to suicide, and the bomb will still go off!” The man warned.

“Aren’t you afraid that I’ll evacuate the people from the building first?” Feng Tianlong laughed, “Won’t your hostages decrease significantly?”

“Yes, that’s fine, you can evacuate the residents, but I believe that you will still want your daughter!” The man replied carelessly, “My intention is simple; as long as you let go of my second head in charge, I will leave once I receive the news that he’s safe and I won’t bomb the building. Otherwise, you know exactly what will happen!”

Feng Xiaoxiao stared at the man in shock as she didn’t expect this man to be so cruel! As expected of death warriors, he already disregarded life and death and he sacrificed others to achieve his goal!

Feng Xiaoxiao was worried that the innocent residents here would be dragged into it, but she clenched her teeth and made a decision after hearing her father and the man’s conversation.

Feng Xiaoxiao knew that her father’s career would end if he decided to let go of the second head in charge of Red Conches go, perhaps he would be punished by his superiors! Although Feng Tianlong caught him, he couldn’t be the one to let him go!

She didn’t want her father to make a mistake because of this. He was a righteous man and gave up many things for his career, how could Feng Xiaoxiao let him lose his job because of her?

She couldn’t live for long. Her condition had already reoccurred twice and each time was more and more severe. Lin Yi sacrificed a large amount of pure energy and blood trying to save her, but it would only burden him even more if she dragged it on!

She would die sooner or later, so at least she should make her death valuable!

“Dad, don’t worry about me, don’t listen to him! After you evacuate the residents, let him kill me! I won’t be able to live for long anyways!” Feng Xiaoxiao suddenly yelled.

Feng Tianlong suddenly heard his daughter’s words and was shocked. But after processing what she said, he almost burst into tears. His daughter was willing to make such sacrifices for him!

Although Feng Xiaoxiao’s words were true, he knew that Feng Xiaoxiao was at the end of her life as fainting twice was a sign! When she faints the next time, it was uncertain whether Lin Yi could save her again!
