

Bodyguard 1231

Chapter 1231: Bargain

But even knowing so, Feng Tianlong didn't want his daughter to die. Even if she could live on for another day happily, Feng Tianlong was willing to sacrifice his life for it.

"Stop yelling!" The man didn't expect Feng Xiaoxiao to say this and immediately shouted at her to shut up. He glared at her and fumed, "Shut your mouth!"

"Dad, I love you, I will be your daughter in my next life too... Tell my husband Lin Yi for me that I love him too. If there's a next life, I'll still be his small wife... Tell Tang Yun sis and... No, don't cover my mouth..." Feng Xiaoxiao struggled.

"Who told you to say that?" The man grabbed a towel and shoved it into her mouth, making her unable to talk.

The man finally picked up the phone with a dark face after shutting her up, feeling frustrated. What the hell, why were there people who were not afraid of dying? He was an exception as he was a death warrior, but was Feng Xiaoxiao one too?

The man felt like his lungs were going to explode from anger. The situation was in his favour but Feng Xiaoxiao's fearless words made him nervous!

"Feng Tianlong, now you can confirm that your daughter is in my hands," The man sounded oppressive, "This girl watched too many heroic movies and she's stupid. You won't watch your daughter die, would you?"

"Let me think about it," Feng Tianlong sighed, "I cannot make a decision alone, your second head in charge has been handed over to Yanjing and I need to ask for instructions from my superiors!"

"I don't care if you can make a decision or not, I need a result!" The man allowed no explanation, "I'll give you two hours, it's more than enough for you to negotiate with them! If there's no result in two hours, I will set off the bomb and die with your daughter! Of course, I will die too."

"Wait, two hours is too tight, it's not working hours right now and I can't promise that they will give me a result within two hours!" Feng Tianlong stopped the man from hanging up.

"Fine, I'll give you more time, three hours." The man nodded. He didn't care how long it took, as long as Feng Tianlong negotiated with them genuinely, he didn't mind giving him more time. He came here knowing that he would die and he wasn't afraid of Feng Tianlong at all.

"Five hours," Feng Tianlong looked at his watch and said, "I'll give you an answer within five hours! You know that I don't want my daughter to die and I must buy as much time as possible to get it to work!"

"Deal!" The man heard Feng Tianlong's words and felt slightly more relieved. Time wasn't a problem since Feng Tianlong was trying to buy more time for him, it just proved that he didn't want to give up on his daughter's life and he wanted to save her. The man became happier as he was previously a little afraid that Feng Tianlong didn't care about Feng Xiaoxiao.

The man stopped speaking and hung up the call.

“Ha-” Feng Tianlong let out a long sigh and felt upset. Especially after hearing what his daughter said, he almost wanted to stop everything and just cry. How mature was his daughter? She didn’t want to put him in a difficult position and she was actually ready to die!

But how could he watch her die?

“Team leader Feng, we’ve checked his location. He is at Qianhua Shui’an district, building A-19. We are not sure which level he is on but our investigators have arrived there and inspecting the signals. I believe there will be a result soon!” Li Yifeng reported the current news to him.

“Understood. Little Li, follow up on it and report any new information!” Feng Tianlong nodded. The man obviously didn’t care if they investigated his position or not and he assumed that they would be able to lock on his phone’s signal soon.

But what could they do even if they knew where they were? The man wasn’t afraid of dying and as soon as he died, the bomb will go off. He was an untouchable hedgehog! Feng Tianlong couldn’t arrange a sniper to assassinate him, and in fact, he had to make sure that the man was safe!

Otherwise, his daughter could die and the entire building will be destroyed. Feng Tianlong knew where Qianhua Shui’an was, it was one of the more luxurious districts in Songshan, all the people who lived in it were either wealthy or noble. If there was an explosion there, it would have a heavy impact!

Feng Tianlong couldn’t make a choice and he also had no choice but to report to his superiors. It was too big, he didn’t want to let the man go but if he didn’t, the outcome would be severe, so only the bureau chief could make the decision!

“Chief Xia, I’m Feng Tianlong...” Feng Tianlong reported miserably.

Over the phone, Chief Xia didn’t give him an answer immediately but told him to evacuate everyone from the building first, he will then conduct a meeting and figure out a solution.

“Little Feng, don’t be too worried. Don’t worry, I personally wouldn’t want anything to happen to Xiaoxiao. She’s you and Susu’s only child and Susu was an old special agent here, I must let her rest in peace,” Chief Xia comforted, “But I can’t make the decision for the entire investigation office, I must discuss this with the others!”

“I understand, Chief Xia, I will obey the final decision no matter what!” Feng Tianlong said.

“Mhm. Don’t think too much. Time’s running out, I will conduct a meeting right now!” Chief Xia said.

Feng Tianlong hung up the call and laid back in his chair, solemn and sorrowful, looking as if he had aged in just one day

“Team Leader Feng, don’t be so worried. Perhaps you can give brother Lin a call? Perhaps he’ll be able to do something?” Li Yifeng suggested.

Li Yifeng knew what Lin Yi was capable of. He wasn’t only skilled in medicine, but he was skilled in kung fu too. Last time, the second head in charge of Red Conches was arrested by Lin Yi so perhaps he could do something about it.

“Hm, we need to tell him about this. He is Xiaoxiao’s boyfriend after all,” Feng Tianlong nodded and picked up his phone.

If it were yesterday or before yesterday, perhaps Feng Tianlong wouldn’t think about telling Lin Yi about it since Lin Yi had only promised to pretend to be Xiaoxiao’s boyfriend.

But after Lin Yi’s treatment towards her yesterday, Feng Tianlong understood that Lin Yi had really fallen in love with Xiaoxiao and didn’t treat himself as her fake boyfriend. Tang Yun generously acknowledged Xiaoxiao, making Feng Tianlong surprised and happy, yet also troubled as he was aware of the burden on Lin Yi.

Chapter 1232: Song Lingshan’s Thoughts

“Uncle Feng, what’s up?” Lin Yi had just returned to the mansion and received Feng Tianlong’s call.

“Little Yi, Xiaoxiao’s been kidnapped by Red Conches’ death warrior!” Feng Tianlong went straight to the topic and quickly recounted what had happened, “The death warrior threatened me to let go of his second head in charge, the bald man you caught at the underground race ground.”

“Xiaoxiao’s been kidnapped?” Lin Yi was shocked. He didn’t care who did it as he was only worried about Feng Xiaoxiao’s safety, “Do you know where Xiaoxiao is? I’ll head over now!”

“Xiaoxiao is currently at Qianhua Shui’an district, but the situation is quite complicated. Come over first, I’ll tell you the details once we meet up!” Feng Tianlong said, “I’m heading over there now too, let’s meet at the main gate. You can recognise my car, can’t you?”

“Mhm. Okay, I’ll head over now!” Lin Yi was worried. Feng Tianlong mentioned the kidnapper’s identity, a death warrior! Of course, Lin Yi knew what being a death warrior meant. They were the most difficult type of people to deal with as they didn’t care how things will turn out as they aren’t afraid of dying and results!

Lin Yi quickly put on his clothes and left his room.

Miss and Shu were in the living room, searching to see if the superstar Xu Shihan has scheduled a concert recently! Since they already discussed with Feng Xiaoxiao, they were ready to plan it out.

Chu Mengyao watched as Lin Yi came out and put his clothes on, she asked confusedly, “Lin Yi, are you heading out?”

“Xiaoxiao has been kidnapped, I need to go!” Lin Yi nodded and looked serious, “Don’t wait for me at night, call Tang Yun for me. Tell her to not worry about me, I will be fine.”

“What?” Chu Mengyao and Chen Yushu heard his words and were shocked. But they saw that Lin Yi was in a hurry and didn’t ask further. Time was tight and they didn’t want to waste Lin Yi’s time, “Okay, be careful!”

Lin Yi nodded and left the mansion, driving Feng Xiaoxiao's land rover towards Qianhua Shui'an district. Lin Yi was familiar with the district as when he first looked for one of Pengzhan Industries' shareholders, Xie Guangbo, he lived there too!

So Lin Yi arrived soon after. At this moment, the entire district was brightly lit, all sorts of police cars were parked all over the place and even fire trucks of the armed police department came!

Lin Yi's car drove to the warning tape and he was stopped by two police, "What are you doing here?"

"You work for Song Lingshan?" Lin Yi thought the police looked familiar and asked.

"Yes, and you are?" The police paused for a moment. He studied Lin Yi closely and found him familiar too, but he wasn't sure who Lin Yi was.

"Feng Tianlong asked me to come, you can go and confirm with him," Lin Yi replied.

"You are here for Leader Feng? Please come with me!" Police saw that Lin Yi not only knew Song Lingshan, but he also knew Feng Tianlong, he didn't have to confirm it anymore and brought Lin Yi to Song Lingshan.

Of course, he wasn't authorised enough to take Lin Yi to Feng Tianlong and he needed Song Lingshan to do that. Hence, he wasn't worried about whether Lin Yi was an offender as even if he was, the person of highest rank he could see would be Song Lingshan.

"Lin Yi?"

"Take me to Feng Tianlong, Xiaoxiao is my girlfriend," Lin Yi glanced at Song Lingshan and spoke indifferently.

"Huh?" Song Lingshan froze. She didn't expect Feng Tianlong's daughter to be Lin Yi's girlfriend! Wasn't his girlfriend Tang Yun? Why was it Feng Xiaoxiao now? It made Song Lingshan confused.

Why didn't you find me if you wanted a girlfriend? And you went to find someone else? Am I so bad that I couldn't even be your girlfriend?

"What?" Lin Yi frowned.

"No... Nothing..." Song Lingshan saw Lin Yi was getting angry and jumped. She didn't dare to say anything else and quickly took him to Feng Tianlong.

When they were on their way there, she pretended to ask carelessly, "Wasn't your girlfriend Tang Yun? Why is it Feng Xiaoxiao now?"

"She's my small wife," Lin Yi knew that Song Lingshan would ask and didn't hide it from her. It wasn't a secret and Song Lingshan didn't know because she hadn't investigated him. She would know their relationship if she looked into it.

"Small wife? You got another wife? Tang Yun agreed?" Song Lingshan found it unbelievable.

"She agreed. Why do you talk so much? What do you want to ask?" Lin Yi glared at her.

“Uh... Nothing...” Song Lingshan wanted to ask, why didn’t you prioritise your little stupid girl, me? But she couldn’t ask it right now as Feng Xiaoxiao was kidnapped, how could Lin Yi have the time to talk about relationships when she was in danger? If she asked, Lin Yi would definitely scold her!

“Little Yi!” Although Feng Tianlong was surrounded by people, he was watching the areas around him closely. When he saw Lin Yi and Song Lingshan walk over, he immediately walked towards them.

All the people around Feng Tianlong were from the investigation office in Songshan. News had spread that the death warrior was in this district, building A-16, level eighteen. According to the property manager, the entire level of A-16 was recorded under a foreigner’s name and no one had lived there until now.

It was obvious that the Red Conches bought this house earlier for a time like this. Only a criminal organisation like Red Conches with many cards in their hands would buy a house here, it wasn’t unexpected at all!

Even if they didn’t need the houses here, they could sell it and earn a fortune. After all, the price of the district increases a lot over time!

Since they were sure of the location, Feng Tianlong ordered the police and the property managers to notify all the residents of A-16 floor by floor to temporarily evacuate. Someone planted bombs in the building and it could explode anytime!

All the people lived here were wealthy and after hearing the news, they immediately left without taking anything with them, saving time and effort for the property managers and police! Majority of their money was the bank and they valued their lives more than anything else. As for the furniture and electronics in their homes, it was not a big problem to leave them behind!

Chapter 1233: Let Me Go

“Uncle Feng, what’s the situation like? Have you confirmed Xiaoxiao’s location yet?” Lin Yi saw Feng Tianlong and he wasn’t in the mood to chat with him as he went straight to the topic.

“Yes, the death warrior from Red Conches who kidnapped her is in building A-16, level eighteen with Xiaoxiao right now, but we aren’t sure which unit they are in,” Feng Tianlong said, “But the death warrior planted bombs inside and is linked to his body, where his heart beat controls it. As soon as his heart stops beating, the bombs will go off! Right now, we have no other way to deal with it other than accepting his condition!”

“He can’t die huh... But what if we catch him?” Lin Yi frowned.

“It won’t work. He hid poison in his mouth and if he swallows the poison, the bomb will still go off,” Feng Tianlong laughed bitterly, “Death warriors aren’t afraid of death. So we can’t assassinate them or even catch him alive! We haven’t made up a detailed plan and we must wait for the superiors to conduct a meeting and make a decision whether to let the second head in charge go or not...”

“Is that so...” Lin Yi nodded, “Uncle Feng, let me go up!”

“You? Going up?” Feng Tianlong was shocked, “Lil’ Yi, going up right now is basically killing yourself! You can’t do anything to him but if you agitate him and make him suicide with poison, you and Xiaoxiao will both die...”

“He won’t suicide so easily,” Lin Yi shrugged and smiled, “He will only suicide when there is no hope left. If there’s any hope of him saving his second head in charge, his goal will be trying to save him!”

“Oh?” Feng Tianlong was surprised.

“Uncle Feng, there are only two types of death warriors out there. They are either being forced or they are willing to die. If they were forced to be one, they wouldn’t be sent to these kind of missions because it’s too important. If something went wrong and the death warrior betrayed the organisation, they would lose without gaining anything!” Lin Yi analysed, “This death warrior probably came willingly! If he is willing to sacrifice himself for the Red Conches, he must’ve been brainwashed and he is extremely loyal to them. If so, saving the second head in charge would be his main goal and to someone who’s loyal to Red Conches, it would be glorifying! So, he wouldn’t choose to suicide before the mission ends without a choice, so we still have a chance.”

“Oh? That sounds reasonable!” Feng Tianlong heard Lin Yi’s analysis and nodded. A hysterical man like this would value his leader’s life very much because saving him was his ultimate goal in life, and it didn’t matter if he died or not. Whether he died or not, his life will never be as important as his second head in charge.

That was why he was willing to exchange his second head in charge’s life with his. Lin Yi grasped his thinking and hence dared to have a try.

“Haha, I’ve dealt with these kinds of people too. Although they don’t care whether they die or not, but dying after success and dying after the mission failed are two completely things!” Lin Yi shrugged, “So I can go up and see if there’s a chance.”

“Even if what you analysed is correct, it’s too dangerous for you go!” Feng Tianlong hesitated and said, “Even if you can talk to him in peace, you won’t be able to do anything else other than buy us more time! They are on the eighteenth floor, even if you want to run away with Xiaoxiao, you need time even if you are jumping down from there. The time needed to do that is enough for him to bomb you and Xiaoxiao into pieces!”

“Believe me Uncle Feng, I wouldn’t do something stupid like that,” Lin Yi laughed confidently, “Alright, it’s decided then, I’ll go!”

“Wait... I can’t make the decision, I need to report it to my superiors!” Feng Tianlong didn’t want Lin Yi to die. If Chief Xia agreed to let go of the second head in charge of Red Conches, then it’s possible for Feng Xiaoxiao to come back safely, but that’s only a possibility! Who knew if the death warrior would stay faithful to his promise or not? What if he took back his promise and bombs the building after the second head in charge went back safely?

The possibility wasn’t low, but rather high. Because he was a death warrior, they couldn’t treat him like an ordinary person.

“No need. If Chief Xia asks, just say that I made the decision myself and went up,” Lin Yi replied indifferently.

“But...” Feng Tianlong wanted to stop him but when he saw the worry in Lin Yi’s eyes, he eventually stopped speaking. Lin Yi treated his daughter sincerely and he was touched and happy at the same time.

Feng Tianlong knew that Lin Yi was a man who excelled in both intelligence and courage and he never acted in the heat of the moment without thinking. When Lin Yi suggested for himself to go, it meant that he was somewhat certain, at least he won’t do something stupid.

So since Lin Yi made the offer, Feng Tianlong naturally wouldn’t stop him. Lin Yi’s relationship with his organisation is subtle and even if Chief Xia knew Lin Yi went up, there’s no way for them to do anything.

Only Song Lingshan frowned as she reluctantly watched Lin Yi walk away. Lin Yi was going to do something so dangerous? Didn’t he know that the man is a death warrior? Didn’t he know that there were bombs in the building?

Was Feng Xiaoxiao so important to him that he would sacrifice his life for her? If she was up there instead, would Lin Yi save her too?

Hmm? But last time Lin Yi also ran into a dangerous place and saved her from the jail of the kidney trafficking company! That meant that she had a place in Lin Yi’s heart! As Song Lingshan thought of that instance, she suddenly became happy again.

Lin Yi at this time, had no idea that Song Lingshan had been thinking about these things and if he had known, he wouldn’t know whether he should cry or laugh.

Lin Yi wasn’t sure that he could save Feng Xiaoxiao and he could only go with the flow. Lin Yi knew that the investigation office wasn’t an iron board. Chief Xia wasn’t something rigid either. There were some things that he couldn’t do even if he wanted to!

As to whether they could let go of the Red Conches’s second head in charge or not, Lin Yi didn’t have his hopes up and he could only rely on himself to think of something.

Chapter 1234: Bad Start

Feng Tianlong’s heart became warm as he watched Lin Yi. It was Xiaoxiao’s luck to meet Lin Yi at the end of her life! With someone who cared and loved her so much, she could die without regrets!

Feng Tianlong didn’t even know if Lin Yi would be able to come back this time.

Of course, Feng Tianlong could understand Lin Yi’s deep relationship with Xiaoxiao. If he didn’t have Xiaoxiao with Xiao Susu, he would’ve died with her.

But Lin Yi and Xiaoxiao didn’t have a child and Lin Yi had more than one girlfriend. Tang Yun was important to Lin Yi so how could he die with Xiaoxiao? It would be unfair to Tang Yun!

Perhaps... Lin Yi was certain that he could save her? Feng Tianlong's eyes changed. He was aware of Lin Yi's powers and without a doubt, he was one of the best amongst the agents of the office.

Hope burned in Feng Tianlong's heart and he prayed for Lin Yi to bring about a miracle.

He dialed Chief Xia's number as he had to report Lin Yi's situation to them. Even if he couldn't stop Lin Yi, he still needed to make it known to his superiors.

"Tianlong?" Chief Xia's voice sounded miserable.

"It's me! Chief Xia, what's wrong?" Feng Tianlong heard that Chief Xia's voice sounded different and asked nervously.

"Tianlong, I'm so sorry. They disagreed with letting the second head in charge go because its impact would be too great! We already notified the international police that we caught him, we wouldn't be able to explain it to them if we let him go now..." Chief Xia replied helplessly, "Although I said I could resign and admit my responsibility in exchange for it, I still wasn't able to make the decision alone and the others in charge didn't agree..."

"I understand, it must have been difficult for you," Feng Tianlong already guessed that this would be the outcome. Although he was close with Chief Xia in private, it didn't mean that he had a good relationship with the others in the office. The others were extremely strict and it was impossible for them to damage collective benefits for just one person.

If he had heard this before Lin Yi went up, perhaps Feng Tianlong would have been more unhappy to hear the news as it was a death penalty to Xiaoxiao. But now, Feng Tianlong's hopes were all on Lin Yi and he didn't care whether they had decided to let the second head in charge go or not.

"Tianlong, don't overthink, I will arrange some bomb disarm experts to go and help you as soon as possible..." Chief Xia wasn't confident about it at all. If the death warrior planted all the bombs in the room, there would be no use for the experts to go. They couldn't just go into the room and disarm the bombs right in front of the death warrior, could they? Then he would immediately set off the bomb!

"It's fine. Chief Xia, I have something I need to report to you!" Feng Tianlong said.

"Oh? What happened on your side?" Chief Xia was surprised.

"Lin Yi came alone and decided to face the death warrior from Red Conches..." Feng Tianlong said.

"Lin Yi? What?" Chief Xia heard the name and was astonished, "You know Lin Yi?"

Very few knew Lin Yi's real name in the organisation. Lin Yi wasn't a regular agent there, but more like foreign aid. His code name was 'Eagle' and all the others only knew him as the Eagle as they didn't know his real name.

Hence, Chief Xia was shocked when Feng Tianlong said Lin Yi's real name.

"Yes, he is Eagle," Feng Tianlong replied with confidence. He knew why Chief Xia was confused and there was no need for him to hide their relationship. When he first met Lin Yi, he didn't report it because there was no need for him to report it, he didn't intentionally hide it from Chief Xia.

“You are still in contact with him? How did you find him this time?” Chief Xia was shocked as he didn’t expect Feng Tianlong to have a private relationship with Eagle.

“He’s my daughter’s boyfriend...” Feng Tianlong laughed bitterly, “Otherwise, why would he go up at such a dangerous time like this?”

“Huh?” Chief Xia was even more astonished, “He’s Xiaoxiao’s boyfriend? No wonder... No wonder... The world is too small...”

“That’s why I couldn’t stop him when he decided to go. He doesn’t work under me and I can be beat by him...” Feng Tianlong smiled bitterly.

“Haha, Old Feng, I didn’t even blame for you, why are you explaining so much? But if Lin Yi’s working with it, perhaps this disaster can be avoided!” Chief Xia said.

“I hope so!” Feng Tianlong wasn’t in the mood to joke around with Chief Xia and replied genuinely.

He ended the call with Chief Xia and turned to Li Yifeng, “Little Li, tell everybody to evacuate from the building and wait for orders at a safe distance!”

“Understood!” Li Yifeng nodded and turned around to give orders.

Since Lin Yi went up, then Feng Tianlong believed wholeheartedly in Lin Yi. The others around the building would only be a burden to Lin Yi and since he believed in Lin Yi, he had to minimise Lin Yi’s distractions as much as possible, allowing Lin Yi to do whatever he wanted without concerns!

Sometimes, more people wasn’t always the best option.

Lin Yi didn’t choose to climb up the stairs but took the lift instead, openly going up to eighteenth floor for everyone to see.

The lift stopped and Lin Yi got out. He observed the two units on floor eighteen. Through the peephole, he could faintly see lights from one unit, and the complete darkness from the other.

Lin Yi picked the unit with light and took out some small tools from his pocket, silently and easily opening an anti-theft door.

The so-called anti-theft door could only stop normal thieves, it was useless to professionals like Lin Yi. If the door was really anti-theft, those companies who specialised in unlocking would have no business in the real world.

Although Lin Yi was careful, the man inside was on high alertness too. The instant Lin Yi opened the door and walked in, the man spoke.

“Who is it?” The man turned around with a dark face and looked towards the door, finding Lin Yi walking in. His expressions immediately changed, “Who are you? What are you doing here?”

Chapter 1235: Don’t Leave If You Came

Don't Leave If You Came

Lin Yi secretly sighed that this man was indeed not the kind type. He was already careful and tried to be as quiet as possible. When the anti-theft door opened, Lin Yi already minimised the sound but the man still heard it.

"It's me, Xiaoxiao's boyfriend," Lin Yi looked at the man calmly. Since he was exposed, there was no need for him to pretend as he didn't want to agitate the man to commit suicide.

"Hmm-Hmmm!" Feng Xiaoxiao saw Lin Yi and she was moved emotionally. She struggled and moved her limbs in an attempt to say something, but her hands and legs were tied together, so she could only move around on the couch. Plus her mouth was blocked and could only make muffled sounds.

The man heard Lin Yi's introduction, he was confused. The man who came up wasn't the police or from the investigation office, but Feng Xiaoxiao's boyfriend? And from Feng Xiaoxiao's excited state, it seemed true that she knew the man.

"Stand there and don't come close. Don't try to do anything to me or use a tranquilizer on me. An unconscious man's heart beat is different to a conscious man and if my heart rate lowers to a certain degree, it will set off the bomb!" The man looked at Lin Yi and warned.

His words weren't for scaring Lin Yi, but it was the truth. He specifically made it to prevent someone pointing a gun at him with anesthetic loaded in it! An unconscious person's heart rate will decrease immediately and the bomb will activate.

"Don't worry, I won't move!" Lin Yi looked nervous and worried, "I'm just worried about my girlfriend's safety, I don't want anything happen to her! If something happens to her, I don't want to live either! When I came up, I was prepared to die with her. Don't worry, I don't have a gun and I'm not a part of the police."

"Although I think that whatever you said was real, but sorry, I won't believe you!" The man replied indifferently, "Feng Tianlong hasn't given me any updates yet and I'm bored. Since you sent yourself here, let's play a game! Haha!"

As he spoke, he pulled out the towel in Feng Xiaoxiao's mouth.

Feng Xiaoxiao's mouth have been blocked for a long time and as the towel was taken out, she panted before yelling, "Husband Lin Yi, what are you doing here? He wants me dead, you will die too! Hurry up and go, you have no business here, don't intervene!"

When Feng Xiaoxiao saw Lin Yi come in, she was touched but angry at the same time. She was touched because Lin Yi treated her well and didn't give up on her when she was in such a dangerous situation but at the same time, Lin Yi didn't only have her, he still had Tang Yun! If Lin Yi died with her, what about Tang Yun then?

And Chu Mengyao and Chen Yushu, Feng Xiaoxiao could see that Chen Yushu had feelings for him too, though she wasn't sure if Chu Mengyao had feelings for him as well. If Lin Yi died with so many girls who loved him, they would hate her guts!

“He can’t go! Since he came, he can’t leave!” The man laughed coldly, “Where do you think this is? You can come and go whenever you want?”

“Even if I go now, I believe that you won’t suicide,” Lin Yi probed subtly, “Uncle Feng is discussing with the superiors right now about letting go of your second head in charge. If you set off the bomb, then they definitely won’t let your second head in charge go.”

Lin Yi only wanted to confirm if the man’s goal was to save his second head in charge like he assumed, and that dying didn’t matter to him. Hence, Lin Yi said what he said as an excuse but in fact, he wasn’t planning to leave even if the man forced him to.

If Lin Yi left, he would’ve went there in vain.

But the man didn’t know Lin Yi’s intention. He heard Lin Yi’s words and grinned without thinking about it, “Leave? Of course you can! You are right, my ultimate goal is to save him and I don’t care if I die or not. Although I’m not afraid of dying, but I still need to confirm that I can’t save my second head in charge and teach Feng Tianlong and the office a lesson!”

“And what if I leave?” Lin Yi asked back.

“If you go, I will rip off your wife’s clothes and fuck her for the next few hours until Feng Tianlong lets the second head in charge go. Or if they don’t, then I will fuck her until she’s dead!” The man licked his lips pervertedly and said maliciously.

As expected, Lin Yi’s depressions changed drastically as he stopped in his tracks with a stern face as leaving and staying both were bad choices.

“Lin Yi, go! If he does that, I’ll die with him! Don’t worry, Xiaoxiao belongs to you this life and I won’t give it to others! You have Tang Yun sis, don’t listen to his threats!” Feng Xiaoxiao saw Lin Yi’s expression change and quickly stopped him as she was worried that Lin Yi wanted to stay.

In fact, Feng Xiaoxiao didn’t know that Lin Yi pretended to look like that for the man to see. Lin Yi wanted to stay, but he needed a suitable reason to stay. If he stayed for no reason, the man would definitely suspect him!

The man’s words gave him the excuse to stay. No matter what, the man would think that Lin Yi was only act according to the situation if he stayed.

“Xiaoxiao, I won’t leave you here!” Lin Yi clenched his teeth.

“Lin Yi, don’t be so stubborn! And Tang Yun sis, Mengyao, Shu, what about them? You can’t die with me!” Feng Xiaoxiao panicked and continued to gesture Lin Yi to leave.

Feng Xiaoxiao more or less knew about her father’s organisation. How could they let go of someone they caught? Feng Xiaoxiao never had any expectations and she didn’t want her father to make a mistake because of her!

This time, Feng Xiaoxiao was prepared to die. She wasn’t able to live for long anyways, it didn’t matter if she died! She would die sooner or later, if she died now, it would even decrease the burden on Lin Yi and others!

“Leave, coward, I’ll kill her! Ahahahaha!” The man seemed to enjoy scaring others.

Death Warriors of this kind were perverted in a way and Lin Yi didn’t find it strange at all. If he was really interested in Feng Xiaoxiao, he wouldn’t have waited until now to say that and would’ve made a move already!

Chapter 1236: You, Kill Yourself!

You, Kill Yourself!

The reason why he decided to say it now was probably to mess around with Lin Yi. Of course, Lin Yi was willing to play along as the better he played it, the better chance he would have to make a move.

“Aren’t you afraid that your heart beat will be irregular and set off the bomb when you do that sort of thing?” Lin Yi stared at the man and asked.

“Humph, you don’t know this, do you? The bomb will only set off when my heart is beating too slow. On the contrary, beating too fast is fine!” The man was pleased and looked at Lin Yi, breaking Lin Yi’s fantasy.

“You...” Lin Yi’s face distorted from anger and was rendered speechless, only able to glare at the man.

“Are you scared now? It looks like your boyfriend really treats you well!” The man laughed loudly.

“You’ll die a painful death!” Lin Yi laughed coldly.

“You are correct, how will a death warrior die an easy death?” The man replied carelessly, “Brat, do you know how impulsive you’re being now? So? You can’t save your girlfriend and you won’t be able to leave too!”

“You-” Lin Yi looked at the man angrily but he had no room for advance or retreat.

In this moment, Feng Xiaoxiao calmed down and found something suspicious. Lin Yi’s action seemed somewhat unusual today. No matter how much danger Lin Yi was in before, he would keep his calm and he wouldn’t show as much feeling as he was showing now!

During the car race, Lin Yi was extremely calm under such a dangerous situation and today, why did he become so agitated after being teased for a bit? He seemed to be a completely different person!

Hence, Feng Xiaoxiao questioned if Lin Yi did that on purpose. If he did it on purpose, what was his intention?

Feng Xiaoxiao thought about this and she was certain that Lin Yi did it intentionally to achieve a goal. If so, Feng Xiaoxiao wouldn’t expose Lin Yi. She played along with Lin Yi without acting any different.

“Lin Yi, hurry up and leave, I won’t be able to live for long anyways! If I die, I die. Don’t worry about me, if he dares to touch me, I’ll fight him with all I have!” Feng Xiaoxiao said.

“Shut up!” The man glanced at Feng Xiaoxiao in annoyance. This girl was so annoying for nagging all the time.

“Go now, Lin Yi, go! Don’t worry about me!” Feng Xiaoxiao didn’t listen to the man but continued screaming.

“Shut your fucking mouth!” The man was going crazy and he grabbed the towel, shoving it back into Feng Xiaoxiao’s mouth.

“Wuuuuuuu-” Feng Xiaoxiao’s voice became muffled again.

“Finally, some quietness!” The man picked his ears and looked at Lin Yi, “Alright brat, we can start the game between us now!”

“What game?” Lin Yi asked back.

“Suicide game!” The man sneered and suddenly took out a long knife from a bag next to the couch, kicking it to Lin Yi.

“Suicide game?” Lin Yi frowned as he looked at the knife confusedly.

“Brat, don’t play dumb with me! Don’t assume that I don’t know what you are thinking,” The man scorned, “Although you acted well, I never believed you! What about dying on the same year, day and second, all those promises, do you think it’s touching? You idiot, did you think that I actually believed it? I was just fucking around with you!”

Lin Yi’s face became dark as he underestimated the man’s intelligence. The man didn’t believe anything he had said!

“What? Did I expose you? Why aren’t you talking?” The man scoffed, pleased with himself, “You are too young to play these kind of tricks in front of me! I believe that you are this girl’s boyfriend, but I don’t believe that you are here to die with her! There are so many police down there, why would they let an ordinary person up? Don’t think that I don’t know how much responsibility the person who let you up here will have to bear!”

“What do you want to say? Cut the nonsense, just spit it out!” Lin Yi replied coldly.

“You don’t want to hear it anymore? But I’m going to say it! It’ll be a shame if I didn’t show off my excellent logic!” The man continued, “The only possibility is that you are a police yourself, or part of the investigation office, and at the same time, you are the girl’s boyfriend! You came not for the sake of dying with her, but you want to pin me down! If my guess isn’t wrong, you wanted to suddenly appear in front of me and break my jaw, am I right? That way, I wouldn’t be able to bite the poison and suicide!”

“Humph!” Lin Yi didn’t deny anything he said.

“So? Speechless now, aren’t you? Your tricks are nothing in front of me!” The man looked down at Lin Yi, “Idiot! You want to win against me? Go back and practice for another ten years!”

“Are you done with the bullshit? What the hell do you want?” Lin Yi asked impatiently.

“Are you in so much pain now that I took away your one hope? Do you regret coming up? But there’s no going back, it’s useless!” The man smiled at Lin Yi, “Don’t you feel frustrated?”

“Are you done with talking or not?” Lin Yi cut him off, “Stay on topic!”

“If you are in such a hurry to die, then I’ll grant your wish!” The man laughed coldly and spoke unhappily, “I wanted to let you live for a while longer, but I can’t help it if you don’t cherish the chance.”

“What do you mean?” Lin Yi asked.

“Do you see that sword? Let’s play a suicide game!” The man pointed at the sword in front of Lin Yi and said, “Pick it up and stab it through your heart. Don’t tell me that you don’t know where your heart is. Take off your clothes and stand in front of me while you do it. Stab it through completely!”

“You mean that you want me to kill myself?” Lin Yi looked at the sword and asked.

“Rubbish, don’t you understand what I said?” The man spoke annoyingly, “You are the one who’s in a hurry to die, who can you blame?”

“And if I don’t? Are you actually telling me to stab my own heart with a sword? Why would anybody do that if they weren’t stupid?” Lin Yi asked the man with a strange expression.

Chapter 1237: Helpless

Helpless

“You will do it,” the man replied indifferently.

“I’m not a death warrior, did you get that wrong? Although I can’t do anything to you, you don’t have the authority to order me to do anything, do you? Don’t forget that you won’t set off the bomb before they let go of your second head in charge!” Lin Yi asked back.

“You are right!” The man seemed to grasp victory in his hands, “But I can play with your wife! If you don’t do what I say, I’ll make a move now!”

“You...” Lin Yi’s became red and fire roared in his eyes, “Don’t go overboard!”

“I am, so what? What can you do to me?” The man looked at Lin Yi shamelessly, “If you want to die, die sooner. I already told you that we are playing a suicide game but you don’t understand it, you have no one to blame? If I had known earlier, I would’ve talked more. I’ll count to three, hurry up and take off your clothes. Stand in front of me and stab the sword into your heart. Otherwise, I’m going to touch your girlfriend!”

“Wuuu-!” Feng Xiaoxiao panicked. No matter what Lin Yi’s initial purpose was, the current situation had obviously strayed away from it. The man wanted Lin Yi dead and if Lin Yi really did what the man told him to do, how would he be able to live?

Can anyone live with a sword pierced through their heart? How could she watch Lin Yi do something so stupid?

But she couldn't say a single word clearly other than a couple of muffled sounds.

Lin Yi took a deep breath and looked at the man with stern expressions, "If I did what you said, will you leave Xiaoxiao untouched?"

"I will! Although I'm not a good person, my reputation is good!" The man nodded.

"If Uncle Feng let go of your second head in charge, will you let her leave safely?" Lin Yi asked.

"Of course!" The man said, "If your men really let him go, he will contact me as soon as he's safe and I will let her go! Rest assured, although we are a terrorist organisation, but our reputation is good and we stick to what we say!"

"Fine! If so, I will agree with your condition," Lin Yi took a deep breath and looked at Feng Xiaoxiao solemnly and sorrowfully. A miserable smile appeared on his face as he spoke, "Xiaoxiao, take care of yourself!"

"Wuuu-wuuu-" Feng Xiaoxiao panicked and struggled to get the towel out of her mouth, but how would it be possible for her to do that?

Lin Yi smiled and nodded towards Feng Xiaoxiao as he began to unbutton his shirt, "I need to take off my clothes? Can't I do it with clothes on?"

"Take it off! I need to see where your heart is clearly!" The man obviously didn't believe Lin Yi and was afraid that Lin Yi would try to trick him.

Lin Yi remained silent and continued to unbutton. Until he unbuttoned the last one, he took off his shirt and revealed his well built body.

"Brat, I didn't expect you to have muscles! It looks like my guess was right, you are either with the police or a part of them!" The man was pleased with himself, "How can an ordinary person have such muscles and abs?"

"Humph!" Lin Yi didn't deny what he said, but threw his shirt on the floor.

"It looks like you are quite obedient. Now, pick up the sword and do it yourself!" The man nodded with arrogance.

Lin Yi didn't speak further but picked up the sword silently. He held it in his hand as if he was checking how sharp it is.

"Come closer, kill yourself in front of me!" The man ordered.

Lin Yi held the sword and walked a few steps closer obediently.

"Okay. Now lift the sword up and stab it into your heart!" The man ordered.

"Remember your promise!" Lin Yi glanced at the man, then back to Xiaoxiao.

“Stop worrying about that. Hurry up, stop procrastinating! You better be quick or I’ll change my idea!” The man looked blood-thirsty, “Don’t wait until my second head in charge is safe and I bomb all of you together!”

Lin Yi nodded and lifted the sword, pointing the tip of the blade right at his heart.

“Wait, let me see it clearly!” The man told Lin Yi not to make a move and check whether the location was right at the heart.

“I can distinguish where my heart is clearly,” Lin Yi replied indifferently.

“Mhm, not bad, this is the heart,” the man nodded satisfyingly.

“Wuuu-” Feng Xiaoxiao panicked more as she never expected Lin Yi to really choose to suicide!

Why would Lin Yi do that? No, he can’t do it! She wasn’t worthy of Lin Yi to sacrifice so much! In a moment, Feng Xiaoxiao burst into tears. She wasn’t a crybaby but in this moment, she felt so overwhelmed that tears rolled down uncontrollably.

She was going to die anyway, why would Lin Yi do that much for her? Not to mention that her intention in dating Lin Yi wasn’t simple as she had wanted to take revenge against Lin Yi. She should be punished for it but she dragged Lin Yi along with her!

No, that can’t happen!

But Feng Xiaoxiao couldn’t say a single word but continued to make muffled voices.

“Isn’t this a touching scene?” The man looked at Feng Xiaoxiao’s broken-hearted face and grinned even more, “Brat, you can start now!”

Lin Yi nodded and lifted the sword, pointed it towards his heart and pierced through it abruptly!

The sword didn’t stop. After piercing through his chest, it pierced through Lin Yi’s back. Just as what the man said, Lin Yi stabbed completely through his heart.

No! Feng Xiaoxiao yelled in her heart.

Was this a part of Lin Yi’s plan? Feng Xiaoxiao tried to comfort herself in the hopeless situation. Perhaps it was only a plan and he would make a move just before he pierce the sword through his body!

But she fell into despair when she watched Lin Yi pierced the sword through his body. Lin Yi really did it, he really chose to suicide!

Why, why would he do that!

“Wuu-” Feng Xiaoxiao wanted to scream, telling him to stop. She wanted to hug Lin Yi but she could do nothing. She watched the man she loved suicide in front of her very eyes and she cried in great grief.

Chapter 1238: Complete Defeat

Complete Defeat

The long sword pierced through Lin Yi's body as he stumbled and fell down slowly.

"Hahahaha! What a love struck brat, how refreshing to see this!" The man laughed ferociously as he watched Lin Yi pierce the sword through his own body. However, before he could laugh any longer, his laugh abruptly stopped.

Not only did his laughter stop, but the man found that he couldn't close his mouth, nor could he move his tongue, his entire body was frozen on the spot!

The man was as if he was being bewitched. He sat on the couch motionlessly and he couldn't even move his eyes. The nerve system in his body stopped functioning and no part of his body could move an inch.

Lin Yi, who was about to fall onto the ground, suddenly stood up again, right in front of his eyes!

The sword was still in Lin Yi's chest and he didn't seem like he was in a hurry to pull it out. He smiled and looked at the man with the same disdain and asked, "What? You can't move anymore? You can't even suicide now, can you? Your tongue can't move, right? You can't move a single body part, right? Don't you think it's strange?"

Although the man couldn't speak, Lin Yi knew he was right from the man's shocked eyes.

Lin Yi wasn't in a hurry to answer him, but walked over and took out the towel in Feng Xiaoxiao's mouth.

Feng Xiaoxiao, who just reclaimed the ability to talk, exclaimed, "Husband Lin Yi, the blade... the blade in your body..."

"Haha, Xiaoxiao, your husband won't die so easily! I was tricking this guy. He was playing around with me, why don't I do the same?" Lin Yi looked at the man and sneered, "Idiot. I intentionally made you think that I was acting, didn't you know that? If I didn't have something up my sleeves, why would I be stupid and come up?"

Fire roared in the man's eyes as if he was going to burn Lin Yi alive, but he couldn't move a single inch.

"You are angry and anxious, your heart is also beating quite fast so the bomb won't go off any time soon," Lin Yi looked at him and spoke indifferently.

"Ha..." The man breathed deeply and tried to calm down as much as possible after hearing Lin Yi's words. He wanted his heartbeat to slow down so that he could bomb Lin Yi.

However, with one flick of Lin Yi's hand, a silver needle pierced into the man's body and his heartbeat began to beat rapidly again.

"Sorry, I study medicine," Lin Yi shrugged and spoke innocently, "This is more effective than even viagra, your heart will function exceptionally well after a short period of time!"

The man was about to explode from anger but now he knew how Feng Xiaoxiao felt just then. He couldn't move or speak!

“Thanks for tell me where the poison is and the secret about your automatic remote!” Lin Yi smiled, “If you didn’t tell me about it, I wouldn’t know where to start! It’s great that you told me everything, saving me a lot of trouble! Do you regret it? And you want to play with my wife? Look who you are playing now!”

“Hmph, no pill could undo this, it’s useless even if you regret about it! It’s a dead end now that you’ve met my almighty husband!” Feng Xiaoxiao intervened proudly.

Lin Yi and Feng Xiaoxiao repeated what the man said before, making the man explode!

“Ha—” The man breathed deeply, his eyes still burning with fire.

Lin Yi ignored him and quickly took out the poison capsule in his mouth and chucked it on the ground, “Didn’t you want to bite me? Unfortunately, I sealed your acupoint and you won’t be able to move.”

The moment when Lin Yi was about to fall down, a series of silver needles flew out from Lin Yi’s hand and pierced into the man’s acupoints.

The moment Lin Yi fell down was the moment the man was the most relaxed. In that second, he was overwhelmed by happiness to see that Lin Yi was dead and he was caught off guard!

A person who had been pierced through the body was a dead man and it was reasonable for him to think so. However, he never imagined that even when a sword is pierced through Lin Yi’s heart and chest, he could still alive!

Not only was he alive, Lin Yi had even been able to seal his acupoints and acted like nothing had ever happened.

If the sword wasn’t still in his body, the man would have thought it was a magic trick.

“Alright, you may talk now,” Lin Yi took out a needle on the man’s body and allowed him to speak.

“Impossible, that’s impossible! How are you not dead?” The man stared at Lin Yi in disbelief and unwillingness as he asked the question he wanted to ask the most.

“You are talking about this knife?” Lin Yi paused for a while and pulled the sword out of his chest. The sword made an opening in his chest but no blood came out as the wound healed almost instantly.

“No... Impossible! You’re not human!” The man’s eyes widened in shock. How could he be human? How could his wound heal so quickly?

“I’m a cultivator at the peak of the middle stage of mystic division,” Lin Yi almost thought that the man was overreacting, “Of course, I’m slightly more powerful than other cultivators, I can repair my own wounds. Such as, when a sword pierces into my heart, I can repair it without any problems as long as it’s not minced into a block of meat. So next time, you should tell me to do that instead... But there won’t be a next time! Even if you told me to do it, as long as my recovery power can follow, I can heal myself while doing it and be perfectly fine.”

“You... You’re a monster!” The man was completely convinced. He had devastatingly lost as he never imagined Lin Yi to have an inhuman body. But the man said, “You won’t kill me, will you? If I die, you will die with me too!”

“Oh, I was just about to solve this problem,” Lin Yi replied indifferently, “You know too much. In order for you to keep my secret, I must get rid of you!”

As he spoke, Lin Yi lifted the sword and cut open the man’s chest. Lin Yi was extremely practised in medicine and doing what he was going to do next was only a simple surgery to him.

Chapter 1239: Safety

Safety

Lin Yi cut open the man’s chest, but he didn’t kill the man.

Killing the man would result in the man’s death, hence setting off the bomb here through the implanted remote, so Lin Yi didn’t act recklessly.

“Argh-” The man yelled miserably, and the sharp pain from his chest was unbearable. He was a deadly warrior, and he wasn’t afraid of dying, but it didn’t mean that he wasn’t afraid of pain!

“Do you feel good now? Didn’t you want to play a suicide game?” Lin Yi ignored the man’s yells. He cleanly cut open the man’s chest. This level of surgery was extremely easy for Lin Yi.

“You’re not human!” The man yelled.

He finally regretted it. Why did he have to play the game with Lin Yi? If he knew that he was going to suffer so much, he should’ve killed himself from biting the poison capsule and bomb this monster! But now, he couldn’t even move other than speaking, how could he commit suicide?

“Do you want to die?” Lin Yi asked lightly, “Don’t worry, you’ll die as in a while. After I take out the remote control, you can die.”

The man knew that it was useless no matter what he said, and it would only make Lin Yi laugh at him. Hence, he closed his eyes and refused to speak.

Soon, Lin Yi found the location of the remote in the man’s chest. The control was delicate, and it looked like it was the most advanced technology. It was planted next to the heart and using the heart rate to control it.

A famous terrorist organization in the world definitely would have advanced technology, and they shouldn’t underestimate it.

Lin Yi heard of Red Conches before, but he never dealt with them. The majority of Lin Yi’s missions were him taking money and completing the mission, so it wasn’t strange that he didn’t meet an organization like the Red Conches.

And now, Lin Yi looked concerned as he studied the control. In order for the control to stop functioning, he had to break the electricity supply or emission control.

However, it wasn't something difficult for Lin Yi. He stretched out his hand and grabbed onto one side of the control, and the jade pendant began to send off alerts. It should be a dangerous spot. If Lin Yi broke that part, it'd set off the bomb.

Lin Yi changed the place, and the jade was still sending signals, Lin Yi wasn't in a hurry, and he continued to change place until the jade stopped sending signals, Lin Yi broke it without hesitation.

He heard the sound of metal breaking, and half of the control turned into powder as it was easy for a mystic division master.

Lin Yi took out the part that was broken and checked the inside carefully. As expected, he found wireless emission control inside, and now that the circuit was broken, the control would be like a toothless tiger even if it was set off.

Now, it would be harmless even if it was started.

Lin Yi pulled the rest of the control away from the man's heart without caring about his life.

Death warriors didn't have any values left. They won't expose any useful information. Hence, Lin Yi didn't care if he was going to die or not.

As expected, Lin Yi didn't hear any explosions after pulling away from the control, and they were safe.

"Impossible, that's impossible!" The man looked at Lin Yi in shock as he didn't expect Lin Yi to uninstall the control so easily without setting off any bombs.

Lin Yi wasn't bothered to talk further. He threw the control on the floor and stomped on top of it, turning it into powder. He then cut off the rope on Feng Xiaoxiao's feet and hands without hesitation, the blade didn't even touch her clothes.

"Oh my, Lin Yi, you almost scared me to death!" Feng Xiaoxiao was now free and immediately jumped onto Lin Yi.

"Haha, don't worry, I was just playing around with this idiot!" Lin Yi patted the back of Feng Xiaoxiao's back and comforted.

"I thought that you wouldn't be stupid enough to suicide!" Feng Xiaoxiao felt relieved, "But it was so dangerous, I won't be able to live for long anyways, there's no need for you to risk your life to save me."

"Even if you are dead and only a corpse, I will bring you back, not to mention that you are still alive? Don't say anything stupid now, I will think of something about your illness." Lin Yi said.

"Okay!" Feng Xiaoxiao nodded. Through what happened this time, she became more and more confident in Lin Yi. Perhaps Lin Yi will really be able to cure her condition!

"Come on, let's go back, your Dad is worried," Lin Yi put Feng Xiaoxiao down and said.

"Okay! What about this guy?" Feng Xiaoxiao pointed at the man with his chest still cut open on the couch.

"Oh, isn't he a death warrior? He'll die soon," Lin Yi replied indifferently.

When he was taking away the control, he knew that the man was going to die. The control was planted around his heart, and it'll damage his heart severely. In a while, the man would die from excess bleeding, but Lin Yi didn't think it was necessary for him to stop the bleeding. Even if his energy was free, but he didn't want to heal the enemy at all.

The man's life had nothing to do with Lin Yi, and he didn't feel sorry for the man at all.

"Oh, goodbye then! Don't be a death warrior next life. It's too scary!" Feng Xiaoxiao waved her hands at the man and farewelled.

The man rolled his eyes and closed them. He knew that his life was going to end soon, and at this moment, he felt a sense of horror that he never felt before. He was raised up as a death warrior, but he never felt like this before!

For the first time in his life, he felt like he didn't want to die, but there was nothing he could do. Lin Yi wouldn't save him, and he was dead for sure!

The man closed his eyes with regret and unwillingness.

Lin Yi brought Feng Xiaoxiao back downstairs without casting a second glance at the man. This person was only a passerby in Lin Yi's life, and he didn't even want to speak another word when he fell down in front of Lin Yi.

When Lin Yi held Feng Xiaoxiao's hand and walked out of the building's front door, all the police and officers from the investigation office were shocked.

Lin Yi really saved Feng Xiaoxiao from an extremely dangerous situation like this! He was so calm, and there were no signs of panic as they walked out steadily!

What did that say? They were safe now, and there was no need to worry about explosions! But wasn't the control in that death warrior's body?

Chapter 1240: Lin Yi's Suggestion

Lin Yi's Suggestion

So how did Lin Yi do it? He controlled the death warrior and didn't kill him? But how could Lin Yi make sure that the death warrior wouldn't commit suicide? And now, where was that death warrior?

These questions formed in their minds, but it obviously wasn't the time to ask right now.

The only thing they could do is to report it to their superiors at once! The police called Song Lingshan and reported the situation immediately, and the others reported it to Feng Tianlong.

When Song Lingshan and Feng Tianlong knew that Lin Yi took Feng Xiaoxiao out of the building safely, they were all shocked.

Did Lin Yi really do it?

Feng Tianlong didn't greet Song Lingshan and sprinted towards building A-16.

"Team Leader Feng, aren't you going to use the car?" Li Yifeng didn't expect Feng Tianlong to run and quickly followed.

"Too much effort!" Feng Tianlong said, "I was one of the best in the investigation office, and my body is still in good condition!"

"Of course, you are still the best right now!" Li Yifeng started running with Feng Tianlong.

Song Lingshan received the information and felt relieved, and she was no longer in a hurry to see Lin Yi and Feng Xiaoxiao. After all, she didn't want to expose her care for Lin Yi, and she was relieved to know that they were safe.

"Leader Song, should we go and check on them too?" Liu Wangli knew Song Lingshan and Lin Yi's relationship and whispered on the side.

"No need. Go with the others to disarm the bombs and help the residents settle back again," Song Lingshan waved her hand. Lin Yi and Feng Xiaoxiao just survived a threatening situation, and they probably won't have time for her, so she didn't bother to go with everyone else.

Seeing that Lin Yi and Feng Xiaoxiao really appeared in front of everyone safely, Feng Tianlong was extremely touched. He ran over, and his voice changed, "Little Yi! Xiaoxiao! You are fine, great!"

"Uncle Feng, I successfully brought back my wife safely," Lin Yi looked at the excited Feng Tianlong and calmly joked.

Lin Yi rarely called Feng Xiaoxiao 'wife' before, but he called her a few times already, making her blush. At the same time, she felt sweet inside, and she was happy that Lin Yi was more accepting.

"Haha, that's true! Xiaoxiao is your girlfriend, and it's your duty to protect her. I won't say any excessive words then!" Feng Tianlong paused for a while but immediately laughed after hearing Lin Yi's words. He was about to thank Lin Yi more but stopped.

"There's no need to thank me in the first place," Lin Yi smiled, "But I hope that you can solve Red Conches' problems soon. I don't want this to happen again. Kill that second head in charge. If he's dead, they will stop having this kind of plans!"

Feng Tianlong paused for a while but immediately nodded!

This was the Lin Yi that he knew before; Lin Yi never hesitated to kill those who should be killed. Feng Tianlong had seen Lin Yi's nice side for so long and forgot that Lin Yi used to be a cold-blooded special agent!

"What about that death warrior? What happened to him?" Feng Tianlong asked.

"Dead, probably," Lin Yi didn't know if the man was still alive or not, but he obviously won't live for long.

"Dead?" Feng Tianlong was shocked, "The control inside his body..."

"I took it out and destroyed it, you can order people to get rid of those now," Lin Yi said, "Uncle Feng, you won't blame me for making decisions by myself, will you?"

"Why would I?" Feng Tianlong smiled bitterly, "You solved this problem so easily. I should be thanking you. Why would I blame you for it? If it were me, I wouldn't be able to do anything! If we could shoot the death warrior, we would've done it a long time ago!"

"But, of course, Lin Yi is the best!" Feng Xiaoxiao replied happily.

Before, Feng Xiaoxiao would often admire her father when she was young as she thought her father was all mighty, but now, her admiration shifted to Lin Yi.

"Ha... right, Lin Yi would be more outstanding than me if he remained here," Feng Tianlong didn't mind it but exclaimed.

"Alright, Uncle Feng, I'll leave everything here to you. Xiaoxiao should live with me for now," Lin Yi already thought of doing this, but Feng Xiaoxiao declined it. But now, living with Lin Yi should be the best plan!

Living with Lin Yi could make sure that Feng Xiaoxiao was safe. Who knows what Red Conches will do after this? Even if they kill their second head in charge, they could still take revenge against them.

When they faced unknown danger, the only thing Lin Yi could do was to minimize it and hold everything in his own hands.

"Of course, but Miss Chu..." Feng Tianlong was worried about Chu Mengyao.

Tang Yun and Feng Xiaoxiao got along well, but it didn't mean that Feng Xiaoxiao's relation was good with Chu Mengyao and Chen Yushu, so it was normal for Feng Tianlong to be worried.

"Uncle Feng, don't worry. Yaoyao and Shu get along with Xiaoxiao well. We even went to the beach to play a few days ago." Lin Yi laughed.

"That's great!" Feng Tianlong nodded.

Feng Xiaoxiao was surprised by Lin Yi's suggestion, but she nodded in agreement as Lin Yi put her safety into consideration.

She was indeed good friends with Chu Mengyao and Chen Yushu, but she wasn't as close with them as with Tang Yun. Even with friends, there were different levels of intimacy. Feng Xiaoxiao didn't talk to them often, and she felt awkward to live with them.

Lin Yi drove back to the mansion with Feng Xiaoxiao.

On the way there, Lin Yi called Tang Yun to report their safety.

"Yunyun, it's me, Lin Yi," Tang Yun quickly picked up. She heard from Chu Mengyao that Feng Xiaoxiao was kidnapped. How could she sleep? Although it was late, she still waited on her phone for Lin Yi's news. She didn't dare to call Lin Yi because she was worried that she would interrupt them.

Tang Yun was excited to hear Lin Yi's voice, "Lin Yi, how are you? Did you save Xiaoxiao? Are you two fine?"
