

Bodyguard 1251

### Chapter 1251: Zhao Qibing's Guess

"Not yet, master..." Sanhuang sighed as well. "It's been so many years, and the injuries she's received those years back, with no news... It's not looking good."

"I know... Well, we'll try our best!" The man said.

"Yes... Master, the Miss is coming already. I'm hanging up!" Sanhuang quickly hung up once she saw the two girls come out.

He knew that his master wouldn't blame him for that. They didn't want his identity to be exposed after all.

All these years, he's been sent here as a bodyguard, a true bodyguard! Officially, he'd been hired by Wang Sis, but that wasn't the case. He'd already helped the Miss settle too many things and too many people!

Otherwise, her path to fame wouldn't be as easy!

In his eyes, anyone who dared disrespect the Miss could only die!

"Miss Xu, Wang Sis, is lunch over so soon?" Sanhuang said as if he didn't know what happened.

That matched the status as a driver and bodyguard.

Shihan had already regained composure after resting a bit in the bathroom.

This gave Sanhuang time to make the phone call.

"Feng, that Zhao Qibing is a bastard, telling Han to sleep with him right away! What is that? He should take a look in the mirror and see what kind of person he is, how dare he!" Wang Sis sighed, shaking her head. "But he said that if Han doesn't sleep with him, there's no negotiation!"

"Oh? This is a horrible person indeed!" Sanhuang acted, a bit pissed off. "Wang Ssi, what do we do now?"

"What else? Zhao Qibing clearly isn't leaving room for discussion, and he seems to be someone from a noble house or nothing, with no lack of money!" Wang Sis was frustrated. "There's no hope, I think."

"Wang Sis, it's fine. We'll just not heal it- it's not a big deal, I can take it!" Shihan was optimistic. "I've endured it for so long anyway!"

Wang Sis sighed again. "We'll have to let you endure it, then. This Zhao Qibing sure is trash!"

When they left, Jiaonang whispered to Master Bing. "Master Bing, should I get Li Cihua to kidnap her..."

"No need! Xu Shihan is a public figure, and using strength would cause some difficult trouble!" He said with a wave of his hand. "But, she's pretty tough, isn't she? Able to handle that headache? It's just going to bed for a bit. She wouldn't die for it- she'd done plenty of that in her industry already, no?"

“That’s...” Jiaonang hesitated. “Master Bing, she never had any negative rumors after a debut, and on her website are people saying that she’s still a virgin...”

“Really? A virgin?” Qibing paused. “Seriously?”

“It seems so...” Jiaonang analyzed. “Think about it, Master Bing, if she isn’t a virgin anymore, then it doesn’t matter if she spends one night with you. She could cure her headache- but with her attitude, that has to be the case!”

“You’re right.” Qibing nodded. “But if that’s the case, I’d have the time of my life!”

“But then she might not come back!” Jiaonang was worried. “If that’s the case, she might just leave like this...”

“No way? She’d just endure the pain?” Qibing didn’t believe it.

“We can’t say.” Jiaonang shook his head

The news of Shihan’s concert had already spread far and wide- all over TV and the media.

Shihan felt helpless as she looked at all these posters- she wouldn’t have done this concert if she had known she wouldn’t get cured!

But it was too late- they can’t just stop it all of a sudden. She gritted her teeth and decided to continue rehearsing.

“Wow, the concert actually is coming already?” Yushu said, surprised as she looked at the phone.

“Yeah, I book the tickets online beforehand. Otherwise, they would’ve been sold out!” Mengyao was already prepared.

“You can use phones to buy tickets now?” Tang Yun was a bit surprised- she wasn’t used to stuff like this, and didn’t even use it, only using the phone Lin Yi gave her for calls and texts.

“Yeah, but you need the data package,” Mengyao said. “Right, Lin Yi, did you tell Yun Yun about being a host?”

“Yeah, I texted her before. She’ll try.” Lin Yi nodded.

“I’m worried I won’t do well?” It was her first time after all, and she didn’t like showing her face in public like that since people would harass her because of her face.

But now that she had Lin Yi’s protection, nobody bothered her at school anymore, and life was good. Being able to be a host in her school days was a great experience indeed.

“It’s fine. It’s just some lines that you can follow.” Mengyao wasn’t worried at all- people like her were full of confidence. “Plus, nobody’s going to do anything to you if you mess up- it’s not a TV event or anything, just a school thing.”

“Okay!” Mengyao’s words calmed her down instantly. “Right, this is red braised chicken my mom made, you guys want to try? I wanted to invite you guys to the new house for a big meal, but there was a problem with Xiaoxiao, so my mom made these first.”

“Alright- I love chicken!” Yushu didn’t mind and started eating one.

The other dishes hadn’t arrived yet, so she started the charge.

Xiaoxiao went for it as well, not very elegantly.

Mengyao, on the other hand, was more civilized as she put one on her plate. “It looks great- say thanks to your mom for me!”

## **Chapter 1252: Guessed Right**

“It’s good! I’ve tried Miss Tang’s food before.” Lin Yi took a piece of chicken and bit it.

Looking at the people eating her chicken, she felt that life really was quite mysterious, and she felt satisfied. She would have never imagined that Mengyao and Yushu would become her good friends! The three were the school beauties of the school, but she knew perfectly the distance between them.

She was a commoner beauty, not some big rich young Miss. If it weren’t for Lin Yi, she’d never even spoken to these two girls until graduation, let alone eat together and live in the same tent together!

After graduating, they’d go their separate ways, never interacting with each other again. In a faraway reunion, maybe after Mengyao inherited Pengzhan Industries, she’d look even more dazzling with Shu by her side. Tang Yun, on the other hand- would she age and lose her youth and beauty like her mother?

Thinking about it, her mother’s greediness was reasonable. Everyone wanted a better life. It was just that she didn’t understand these things before—she never considered them. Fortunately for her, she met Lin Yi- and this changed her life.

Perhaps, she’d be able to sit together with the Miss and Shu in that faraway reunion. Life was strange, indeed.

“Since Yun Yun and I are hosts for the charity event now, we can’t join the singing competition anymore. So if Shu and Xiaoxiao want to participate, you should go have fun.” Mengyao said.

“I’m not going if Yao Yao isn’t going,” Yushu said.

“I’m not going if Yun Yun sis isn’t going,” Xiaoxiao said.

Mengyao and Tang Yun looked at each other, speechless. All of a sudden, Mengyao felt that Tang Yun had become quite powerful? Xiaoxiao had gone to her side, and the two factions were now equal?

If a war were to happen again, it’d be a tie.

But now, the chance of this sort of war happening was getting smaller and smaller. Even if Xiaoxiao were to pass now, the three would never go back to those days of war since they were no established friends. They wouldn’t go extreme at all.

Mengyao thought about it. Was this a good thing or a bad thing? Hm... But then what did it have to do with her, she didn’t even like lin, Yi! Yes, not at all!

During the afternoon, the classes had changed to study hall, and every class sent out some of their best singers to join the competition in the field. Because it didn't concern them, Lin Yi, Mengyao, Yushu, Tang Yun, and Xiaoxiao didn't go and spectate, studying in their classrooms instead.

Lingshan drove to Donghai, and met Yang Huaijun in a hotel.

If it were someone else, Lingshan naturally wouldn't meet him in someplace intimate like a hotel- if someone were to hear about this, they'd think she used her body to get her position or something. But Huaijun was different!

Everyone in the station knew that Lingshan treated him like a big brother, and Huaijun himself was really nice to her. The two were practically siblings and nothing more!

Of course, this was also because Huaijun was a just person. There were no rumors circulating him in the first place. Otherwise, who knew what the situation would be.

"Director Yang, am I interrupting?" Lingshan said happily as she saw Huaijun. It'd been only a while when she got her promotion, and it was then that Huaijun got assigned to a different place. They haven't met since.

"Haha, Lil' Song, we're not at base or anything, just call me Yang Bro, what's with the director talk?" Huaijun looked well now. After using the eastern medicine Lin Yi gave him, his injuries were all under control and a lot less painful.

"Okay, I'll call you Yang Bro then!" Lingshan was like a good little girl in front of Huaijun. However, this was also because she only treated him as a hero. There were no complications of a male to female relationship in here!

But for some reason, Lingshan suddenly felt that Lin Yi was stronger than even the Yang Bro she admired? She felt really guilty at the thought, but she was still a normal woman... Having fallen in love with someone, she'd forgotten about her brother...

"What's wrong? Why are you paling and blushing all of a sudden?" Huaijun looked at Lingshan oddly.

"It's... It's nothing..." Lingshan shook her head, shy. "I suddenly thought of someone. It's nothing..."

"Oh? Who is that? It's not a boyfriend, is it?" Huaijun poked.

"Wha- Of course not!" Lingshan jumped. Seriously? So this was how powerful the director was, he saw right through her?!

"Hm?" Huaijun didn't actually mean it, but with that reaction, it seemed like he'd guessed, right? He couldn't help but smile. "Lin Yi?"

"Ah?" Lingshan froze- thinking of the relationship between Huaijun and Lin Yi, she quickly shook her head. "Of course not..."

"Looks like I guessed right." Huaijun smiled. "We're on the same team. There's no reason to lie, right."

“Yeah... Lin Yi said that you were his partner in war before? You guys knew each other?” Lingshan said subconsciously before explaining herself. “There’s nothing going on between Lin Yi and me. We’re just normal friends. He wouldn’t like me anyway...”

“Oh? Did he tell you all of that? It looks like you guys are getting pretty close?” Huajun said with a slight smile.

Lin Yi wasn’t someone who liked talking about his past, and the fact that he told all that to Lingshan meant that their relationship was getting somewhere. Otherwise, he wouldn’t do that at all.

“It’s alright. We’re a bit better than normal friends...” Lingshan wanted to say that they’d undressed already, but that was too much- she couldn’t say something that embarrassing, she stripped, and Lin Yi wasn’t even moved!

“Haha, actually, from a big brother’s perspective, I do hope for you to be with Lin Yi. I know your standards, and Lin Yi fits you just right. Marrying him would make me very glad for you!” Huaijun said. “But your house...I wonder if your grandpa would like that?”

### **Chapter 1253: Shocked Yang Huaijun**

“Grandpa introduced a boyfriend to me, House Yu’s Yu Feng- he’s so much damn trouble!” Lingshan said, really troubled when she remembered the whole thing. What was her grandpa thinking, throwing a fiance like that in her face! She wouldn’t have told him about her breaking through if she’d known this would happen!

“House Yu? Yu Feng?” Huaijun paused- he was from a noble house too, and while House Yang wasn’t very famous, it was a traditional old noble house. This sort of noble house usually had an elder sealed off in isolation, practicing- they wouldn’t go and fight for a spot in the four big noble houses, satisfied with just a seat as a small noble house. This sort of house gave you no reason to go piss them off, nor did one have much reason to look down on them.

And so naturally Huaijun had heard of Yu Feng. What confused him, however, was why House Yu would ally with House Song? House Song’s strength wasn’t that overwhelming at all? Other than their special partner practicing, there really wasn’t much...

“I’m now golden class late phase peak...” Lingshan had no reason to hide this from him. “This is also why House Yu wants me to marry over- they think that I have a lot of potential when I’m already golden class late phase peak at this age, and with the partnership practicing they’d get benefits...”

“You... You’re a golden class late phase peak!” Huaijun’s eyes were wide open as if he’d seen a ghost. He couldn’t believe what she was saying! Only after a while did he speak up. “Lil’ Song, if I’m not mistaken, you were only golden class early phase peak when I left Songshan? How are you suddenly so many levels higher?”

"I... Yang Bro, can you keep it a secret if I tell you?" Lingshan didn't want to say it, but she felt that Huaijun was Lin Yi's mate in war. The two should be exceptionally close, and it should be fine if she told her, but he had to keep it a secret!

She naturally knew how important this was- if someone with ulterior motives knew that Lin Yi was able to rapidly increase someone's strength, they'd all come looking for him or cause him trouble. She didn't want that!

This was why she was so careful.

"Of course! But, if you have to keep it a secret, you don't have to tell me, I understand," Huaijun didn't force her- everyone had their private things.

"Yang Bro, just what is your relationship with Lin Yi?" Lingshan asked.

"Oh?" Huaijun paused, not expecting Lingshan to give a question of her own without answering his... Could it be that Lin Yi had something to do with her leveling up?

Remembering a phone call from Lin Yi, he said that he'd found a way to repair his nerves, saying that he could let him start doing spiritual practicing again... Could this be related?

With that thought, Huaijun didn't hide anything. "Lin Yi used to be my captain in the past- you should have guessed it already, actually. He's someone I really admire. He's helped me a lot! I was hurt before, and you know just how grave those injuries were- Lin Yi was the one who made me recover to this point!"

"Ah!" Lingshan paused, not expecting that Lin Yi was Huaijun's captain! So this is why he was so good, able to crack cases for her as if it was a simple puzzle! The big brother she admired and worshipped was already very good, but Lin Yi was his captain? Just how amazing was he?

So this meant that there was nothing wrong with her thinking that Lin Yi was better than her big brother now- that was a fact. This was something Yang Bro himself admitted! With that thought, her guilt faded away quite a bit.

"My increase in strength... It is also thanks to Lin Yi." Lingshan sighed. "Shocked, right? I'm shocked too..."

"You guys did the partner practicing?" Huaijun frowned.

"No." Lingshan shook her head. "It's a bit embarrassing to tell you this, but I tried to seduce him and failed."

There was no point in hiding something from a trusted brother. Fine, so be it if he laughed!

But Huaijun didn't mind what she said- he focused on the earlier part. "You guys didn't do a partner practicing, so this means that your strength went up directly because of what he did?"

"Exactly. In one day- not even one day, I leveled up!" Lingshan smiled bitterly. "I don't know if he has any more cards in-store... Huaijun Bro, to tell you the truth, the few times I solved those cases were all after I listened to your advice to go to Lin Yi- he really did solve everything..."

I know about the cases. Eagle... He used to always have that aura of agility and a keen sense, noticing things that normal people can't back in our team..." Huaijun said. "But this thing about leveling up... I'm didn't know about it. But Lingshan, don't tell any other person this- this must be a well-hidden secret, understand! This is too massive!"

"I understand! Other than Yang Bro, only my sister knows about this." Lingshan said seriously. She knew how important this was, although Lin Yi seemed like he didn't quite mind. He even made a golden dog class late phase peak!"

"Alright- let's leave that topic for now!" Huaijun didn't want to ask about the details anymore- he could ask that to Lin Yi himself. He wouldn't hide these things from him, he thought, and it wouldn't be very proper for Lingshan to tell him this information. It'd be bad if Lin Yi had bad impressions about her.

And so he changed the topic to other things. "Song, why're you looking for me this time? Is something wrong?"

"Yeah, it's a case of disappearances..." Lingshan took out some files and gave them to him. "Yang Bro, can you look at these files. The disappearing persons don't seem to have any connections, but the reasons for their disappearances are all similar..."

"Okay, I'll take a look!" Huaijun nodded and sat by the bed, flipping through them.

Lingshan stood quietly and waited.

"You're not sitting? Why're you so polite?" Huaijun pointed at the sofa, amused. There were a lot of files, but these cases all seemed similar- he only needed to look at a couple before skimming through the others and closing the file. "What are your thoughts? Let me hear them."

## **Chapter 1254: A Clue!**

"Okay!" Lingshan nodded. "Yang Bro, I feel like these cases look very normal, but there are too many coincidences, and they form a very unnatural structure. I feel that the possibility that these are all connected is very high, and so I compiled them all together! Up until now, I still don't know the motives of whoever or whatever organization is behind this. What is it they want? Even if these people have all been captured by them, what was the point?"

"Not bad- if you can think that far it means you've seriously analyzed this before." Huaijun nodded. "But didn't you realize that there's a common point between these missing people?"

"What common point? Their jobs and ages are all different? They don't know each other, too..." Lingshan paused.

"They're all of the bottom of the social pyramid. Not one of these people has good financial conditions!" Huaijun pointed at the files. "Their families aren't rich at all, and if this is the case, we can make some bold conjectures!"

“But why did these people all run after beating someone up? With the records, all of the victims had minor injuries, not even minor injuries. They were really small! They just needed to pay a bit of money as compensation, and if they had some money, it wouldn’t resort to the point of running!” Huaijun said. “Of course, this is only an illusion! From a deeper level, these people’s crimes and running away are all the same, and so we can’t use a surface level to look at this! With a bold guess, if I were the mastermind, and I wanted some people to come work for me to achieve some purpose, these people might very well be killed after the deed is done. And so, before they disappear after I’ve sorted them out, there needs to be an illusion, turning the police and the citizens’ eyes away, letting them think that these people ran on their own!”

“Hm... So this means that these missing persons’ disappearances are planned- or maybe they’re even working with the mastermind to put on this performance?” Lingshan jumped- she felt that something was wrong before, but she couldn’t point out exactly what! She just realized what he said now.

“Yes!” Huaijun nodded. “If these people weren’t cooperating, it would be hard to fake a disappearance with just the mastermind. How many people would run away just because they hurt some people? Even if some did that, it’s a rare case. No way that so many would do the exact same thing like this.”

“Then... Why would they cooperate? Is it a monetary thing?” *Lingshan* wasn’t dumb. She guessed the connection.

“This goes back to the common point between them I mentioned. None of these people are wealthy, and people like this would usually jump with more force at an opportunity to earn money. Maybe even fifty percent of people would bite the bait!” Huaijun nodded. “And so, I feel that you shouldn’t put your energy into looking for these missing persons. If I’m not wrong, they’re already dead or locked up- there’s little hope of you finding them! You should be putting effort into going to their level of the social ladder and investigate, see if there are people enticing people to do certain things. I’m sure that some must’ve rejected the offers the mastermind put out, not all of them would’ve accepted. You should look for clues from those who said no!”

“Ah! Yes... Yang Bro, I feel so enlightened now that you’ve said all this!” Huaijun said.

“Haha, after spending a long time, most of these are all just simple questions. I’ve only interacted with them more, that’s all.” Huaijun smiled. “I was thinking that you should be pretty close to solving the case if you go in this direction when you get back.”

“Yeah, thanks for the tips, Yang Bro!” Lingshan said genuinely.

“Alright, enough about that- let’s talk about you and House Yu. If the engagement has already been made, then Lin Yi...” Huaijun was more concerned about Lin Yi- House Yu was big, after all, and conflict would hurt. “House Yu’s behavior is really tyrannical. I’m worried they’d do something to Lin Yi if they knew?”

“Do something to him,” Lingshan looked odd. She smiled bitterly. “Yang Bro, you’re from a noble house too- you haven’t heard about what happened in Songshan a while back?”

“What?” Huaijun paused. “I was busy this past while. I could barely sleep- I didn’t pay attention to the news of the noble house at all. Our House Yang only holds a small noble house position in the meetings

anyway, as long as the elder of our family is here, we wouldn't be affected much, and so I didn't pay much attention..."

"Lin Yi and House Yu are now grave enemies! Lin Yi had crippled Yu Kun and killed his father, Yu Bife... His war with House Yu is not just a normal fight..." Lingshan smiled bitterly. "Even without all this stuff, do you think it's possible that Lin Yi and House Yu would be at peace ever again?"

"No?" Huaijun jumped up from the bed! He didn't think Lin Yi would be this aggressive, after coming to Songshan for just a few days, he killed two masters from the leader of the nine common world noble houses- wasn't this too much?

He was still worried that Lin Yi might get into a fight with House Yu, but who would've thought that it was House Yu who was suffering the losses! He sighed. "That's my captain for you- someone else would be dead already if they'd messed up two Yu's, but boss is still alive and well. He's very strong indeed!"

"Yeah!" Lingshan couldn't believe it as well- but only a man like this was fit for her tastes! A coward who hid when things went wrong really didn't fit her appetite.

"Fine, I won't meddle with this then, you guys' stuff is way too complicated..." Huaijun smiled bitterly. "You staying here tonight? I'll buy you food?"

"It's alright- I'm already really enthusiastic about continuing this case!" Lingshan was feeling quite rushed now that she had a direction.

"Alright, next time then- I'm quite busy over here as well!" Huaijun sighed. "Next time it'd be best if you could bring Lin Yi, we could talk about it properly... I have something to ask him to- well, I'll call him privately and talk about it!"

"Alright!" Lingshan didn't know what he wanted to talk to Lin Yi about, but she didn't ask any questions. She left the hotel.

## **Chapter 1255: Finding the Mastermind**

After Song Linghan left, Huaijun picked up the phone and called Lin Yi's number. There were some things he wanted to talk to him about when they met, but after hearing Lingshan's words, he was getting really enthusiastic to talk with him!

There were some things he didn't tell Lin Yi because he didn't want him to get involved! He knew his personality- once he knew something, he couldn't act as if he didn't! But if Lin Yi really were to do something, that'd be extremely dangerous!

But now, after listening to Lingshan's words, Huaijun knew that he'd really underestimated his captain! He was already enemies with House Yu, killing two of their practitioners...

He really couldn't hold back anymore! He'd been here in Donghai because of an international drug organization- it connected to some events in the past. Otherwise he wouldn't have left Songshan's work and came here to help!

Usually, only the captain or vice-captain was sent to help with outside cases, rarely would the vice director himself be shifted there! This was because Huaijun himself understood this drug case a lot better. He'd been in conflict with it before.

But as the investigation went on, Huaijun got only more angry and helpless! There was something no one knew about behind this drug group!

Back then, when Huaijun came back from North Africa's mission, he was sent to follow a big fish of the international drug organization, and it was this mission that killed off all his team members. He barely survived himself! All his strength was gone because of that— all his nerves broken!

At first, he thought that this was just a coincidental encounter, but just a few days ago, Huaijun got information from a mid-range member of the drug group they captured- they learned some extreme insider information!

This information may not be a clear piece, but it was enough- for Huaijun, it was enough for him to understand the mastermind's intention! They were so toxic and ruthless!

Huaijun knew that Lin Yi would take revenge for this brother of his if he knew, and so he kept it a secret in case Lin Yi went and got hurt because of him. Lin Yi wasn't strong enough for them yet!

But this didn't seem to be important now.

"Jun Bro? Why're you calling now? You back in Songshan?" Lin Yi was currently in the study hall with Xiaoxiao. He wasn't expecting a call from Huaijun.

"No, I'm in Donghai. Are you free to talk?" Huaijun asked.

"Yeah. What's up?" Lin Yi said after looking around- there weren't many people here, and there was only Xiaoxiao beside him. They'd all gone to see the singing competition, so only Xiaoxiao could hear him.

"Lingshan came just now, asking me about a case, but she brought me some information as well!" Huaijun had no need for a surface talk with Lin Yi. "Her strength increased from Golden class early phase peak to late phase peak because of you?"

"Yes, you can achieve the same too." Lin Yi didn't hesitate at all. "This is also why I called you this time- I can repair your nerves and make you Golden class late phase peak!"

"Ah?" Lin Yi's blunt and direct words made Huaijun at a loss for words himself. He knew that Lin Yi wouldn't hide anything from him, but this leveling up thing wasn't something you just did to people. There had to be some high cost, some pain involved... Doing this for Lingshan was maybe due to the fact that he had some feelings for her, but doing it for Huaijun... They were brothers, but there was no reason for him to go this far?

But, Lin Yi didn't even consider anything at all when he spoke. He felt moved. If he told Lin Yi this thing, then for sure he would go avenge him!

So he had to make sure to remind Lin Yi not to act on impulse! He would tell him for sure, but he needed this precaution!

“Golden class late phase peak. That’s quite something...” Huaijun smiled, “Then I’ll thank you first!”

“No need for thanks, Jun Bro- was this what you called me for?” Lin Yi felt that Huaijun wasn’t someone who didn’t have patience?

“No, this is just a side question. I called because there’s something important I have to tell you, but you need to promise me that you wouldn’t act on impulse afterward! That you would make a plan first and only go into it once you’re confident, and not rush in!” Huaijun said seriously after a sigh.

“Oh? What is it?” Lin Yi was a bit curious now. “Jun Bro, just what is it you’re speaking of?”

“It’s regarding that time I got injured, and information on Armadillo’s sacrifice...” Huaijun said a little sadly. “The mastermind... I can guess who it is...”

“The mastermind? Wasn’t that a big international crime group?” Lin Yi’s heart tensed.

“Yes, but new evidence suggests that this crime group is involved with House Yu...” Huaijun said.

“Which House Yu?” Lin Yi’s heartbeat quickened.

“Relax, it’s not the hidden House Yu, it’s got nothing to do with Ning. It’s the common noble house.” Huaijun smiled.

“Jun Bro, you’re joking about that again.” Lin Yi didn’t really want to talk about the past, “So you’re sure that it’s House Yu?”

“The masterminds should be them. These past years, the disciples of noble houses kept getting into accidents- I’m guessing that House Yu is attacking the noble houses because they want to be at the top! House Yang has placed their hope in me, and I was a Golden class when I was sixteen- there’s a lot of potential, and so House Yu wanted to get rid of me, except they involved Armadillo and the other team members...” Huaijun conjectured.

“House Yu, is it? Alright!” Lin Yi said flatly.

“Eagle, calm down!” Huaijun tensed- he knew how Lin Yi was. He may sound all calm and composed, but Lin Yi right now was the Lin Yi right before the killing. It was as if he was in a warzone with the way he spoke!

And so he was extremely worried that his captain would do something reckless.

## **Chapter 1256: Armadillo’s Sister**

“Haha, don’t worry, Jun Bro, I wouldn’t do something I had no confidence in!” Lin Yi smiled.

Right- if it were the old Lin Yi, he would go and kill House Yu right away, but the Lin Yi now was a lot more composed. Revenge took strategy. It’d be stupid for him to just charge in and die if things went south.

"I'm really glad you could say that!" Huaijun breathed in relief, "Right now, we're still making conjectures- it's likely, but we don't have enough evidence! If House Yu really has something to do with the drug organization, I'd report this to the secret agency myself even if you didn't do anything, and bring the Yu's into justice!"

"A conjecture is enough- just looking at them makes me pissed. A conjecture is just another reason for me to kill them." Li Yi said flatly. "Without anywhere to relieve this anger, might as well throw it on them!"

"I... Alright, do what you want." Huaijun smiled bitterly. "Right, another thing! Eagle, these days when I was tidying up old files, I found our old war mates' information. I wasn't a director back then, and I had no authority. I didn't want to think about this old memory when I got into my situation now, and so I left it alone- but I just learned that many of our war mates have families. Parents and young siblings- it hurt me, and so I decided to approach them. I'll leave Armadillo's to you?"

"Armadillo... He still has relatives?" Lin Yi's eyes lightened as he remembered the old times. That kid who always had a smile on his face. He always hid somewhere with a locket in his hands, not letting anyone see!

Lin Yi always teased him, saying that he was looking at his lover, making him blush...

Lin Yi felt emotional. Where was his war mate now? Had he really sacrificed himself?

"Armadillo has a sister. She's in Songshan. I just learned this." Huaijun said emotionally.

"Sister? He has a sister In Songshan?" Lin Yi blinked. Could it be that the picture he looked at from those days was his sister?

"Yes, she's sixteen this year, a ninth-grader. She should be having her exams soon!" Huaijun said. "She's called Ying Ziyu, in Fushan High, ninth grade, class six."

"Ying Ziyu," Lin Yi sighed. He didn't know how a little girl managed all these years. "No parents or relatives?"

"No, her parents are operatives as well. Both died in a mission. Armadillo had been raising his sister by himself!" Huaijun said. "To feed his sister, Armadillo took on special training from a young age, becoming an operative, except..."

"Stop..." Lin Yi felt an urge to cry- how did Ying Ziyu get by all these years? Did she even know that her brother had sacrificed himself, along with her parents?

"I found this through the name system- if she wasn't in Songshan, it'd be really hard to trace her! She moved, and the sacrifice documents and items of her brothers didn't make it to her, they were all in the police department." Huaijun smiled bitterly. "We would've missed this if I hadn't gone into it."

"And so Ying Ziyu doesn't know that her brother sacrificed herself?" Lin Yi's heart was only heavier. How was he supposed to tell this little girl this on his own? Tell her that her brother was dead?

"Yes..." Huaijun sighed. "This is also why I wanted you to go, captain- you're about the same age as her, it should be easier. I don't even know how to tell her!"

“Come on, about the same age? She’s a kid... How am I supposed to tell her this?” Lin Yi said helplessly.

“If you really don’t want to go, wait until I come back- I’ll bring her the items too.” Huaijun knew the difficult position Lin Yi was in.

“Forget about those- we didn’t find the corpse yet, right? Maybe Armadillo’s actually fine!” Lin Yi stopped it right away. Judging from what Huaijun said, Ying Ziyu didn’t know what happened to her brother. She was nearing the exams, too, and it’d be a big hit to her mental state if they told them this. They could at least wait until she was in high school, right?

“You’re right- no news means good news,” Huaijun nodded.

“Alright, I’ll go see her in a bit. I’m free anyway.” Lin Yi had to go see how she was doing now that he knew Armadillo had a sister- he couldn’t just ignore it. He needed to know how she was doing.

Lin Yi was her brother now that Armadillo was gone. He needed to take care of her! Armadillo and Huaijun were the same. They were people who he entrusted his life to, and they entrusted their lives to him!

“Alright, that’ll be it then. Don’t rush things regarding House Yu- don’t alert them of our knowledge.” That last part of the sentence was just another reason to keep Lin Yi from rushing into things.

“Don’t worry, Jun Bro. I know how to control myself.” Lin Yi nodded.

After hanging up, Lin Yi was in a bad mood, his heart heavy. Although plenty of people had lost their families as Ziyu had, those people had nothing to do with Lin Yi! But Armadillo’s sister was different!

Lin Yi may be cold, but he was someone who treated relationships seriously! He was cold only to strangers and enemies. To friends and lovers, it was a different thing!

“Lin Yi honey, what’s wrong? You seem upset?” Xiaoxiao had been paying attention to Lin Yi’s expressions- she didn’t know who he was talking to, but she could feel his sudden heavy emotions.

“It’s nothing... Xiaoxiao, you free right now? Want to go somewhere with me?” Lin Yi asked.

“Oh? Is it to visit that sister of that someone you were talking about?” Xiaoxiao hadn’t heard much, but she got some parts of it.

“Yes, it’s a sister of my teammate back in war...” Lin Yi sighed. “That warmate sacrificed himself. He’s a good brother of mine...”

“Alright, let’s go! I’ll go with you!” Xiaoxiao could understand Lin Yi’s emotions- her father was in the same type of job, and some of his friends had lost their lives in missions as well. Her father would always feel really down when that happened.

## **Chapter 1257: She’s Ying Ziyu?**

Lin Yi didn’t drive today but got a taxi at the school gates to go to Fushan High.

On the road, he received a text from Huaijun. It was the details of Ziyu and her picture.

“Wow, she’s quite pretty- Are you interested in her, Lin Yi honey?” Xiaoxiao grinned as she looked at the picture.

“...” Lin Yi was speechless. He gave her a look. “She’s a kid. Why would I be interested?”

“This is obviously an ID card- if she can look good in an ID card like this, then she’s going to be super pretty in real life for sure!” Xiaoxiao said.

“Not as pretty as you.” Lin Yi didn’t know what to say.

“Really? Really really?” Xiaoxiao’s eyes turned into a crescent as she smiled excitedly, looking at Lin Yi.

“Really.” He nodded.

“Then Tang Yun sis, Yao Yao sis, and Shu- who’s the prettiest?” Xiaoxiao continued.

“They’re all pretty.” Lin Yi didn’t want to start a war- but to tell the truth, they were pretty much at the same level, each with their own characteristics. It was hard to make a comparison.

“Man, I knew you’d say that, but that’s good too. It’s fair.” Xiaoxiao didn’t mind. “I thought you’d say Yun Yun sis is the prettiest, though.”

“Hah...” Lin Yi shrugged.

They were in a taxi, so the two didn’t get too intimate with their topics.

When the two were almost at the school, the driver stopped someplace away from it. “This is as far as I’ll go- I wouldn’t dare drive-in, I’ll get my car wrecked again...”

“Huh?” Lin Yi blinked. “What do you mean?”

“You guys are coming to Fushan High without knowing what it’s like?” The driver looked at Lin Yi and Xiaoxiao oddly.

“What, there’s something wrong with Fushan?” Lin Yi wasn’t from Songshan, so he wasn’t in the know about the deal with this school. Xiaoxiao, on the other hand, had also had just transferred away after one year of Songshan High, so she didn’t know that Fushan High even existed.

“Fushan High is the most chaotic high school of the city- the students smoke and drink in there, fighting and even doing drugs... It’s the worst of worst schools!” The driver shook his head. “This is a school for gangsters, and all its graduates would either go into jail or become actual thugs!”

“Ha?” Lin Yi sweatdropped. Seriously? Ziyu was studying in a place like this?

Smoking and fighting and drinking- fine. But doing drugs? Lin Yi started to sweat.

“Are there no good students here? The type that studies?” Xiaoxiao looked odd as well, but it seemed more natural to her. She was a troublemaker student in the past, too, and sometimes even messed around in the outside world.

“Even good students become bad students!” The driver said. “Those who truly wanted to study would’ve gone to a different school already, the people here are all willingly degrading themselves! I saw that you guys were Songshan High students. That’s why I drove you here- if you were in Fushan uniform, I would never let you in! Those guys wouldn’t even pay, and might break the car!”

“That chaotic, huh??” Lin Yi felt bad just as he was surprised- this was the sister of his warmate, he really didn’t know what he should do if she was doing drugs here! He could get her to forcibly stop drugs, but he felt guilty!

“Yeah. Well, I need to go now, you guys take care- don’t you see that there’s a fight starting right there? I don’t know how a school has students with bats and knives!” The driver pointed at the gate some distance away.

“Thank you!” Lin Yi nodded and got off with Xiaoxiao.

“Fushan High. I think I remember it a bit- some of the people I met outside were from Fushan!” Xiaoxiao thought about it.

“Let’s not think about that- I need to see how Ying Ziyu is doing.” Lin Yi’s footsteps were heavy- how would he treat a Ziyu who had given up on life?

If it were the old Lin Yi, he wouldn’t care about people like this- but he had to right now.

Fushan High looked really run down, with red brick walls from god knows what era. There were a bunch of advertisements for aids treatments and ID making, as well as some small ads for drugs. It was clear how much of a mess this place was.

As expected, there were two groups of students at the gate standing off. They all had some blades and bats, some with shaved heads and some without a top. There were even some with tattoos- these guys practically had a gang war!

Lin Yi smiled bitterly. These people were blocking the exits, and he needed to wait until the fight was over before he could pass!

These guys were nothing in his eyes, and killing them would be like squashing ants, but Lin Yi didn’t want to cause trouble here. These people dying had nothing to do with him; in fact, it’d be best if people like this die!

They’d just go with Zhou Tiandi or Li Cihua and people like that after graduating from becoming even bigger trash of society.

Lin Yi held Xiaoxiao’s hands and looked at the scene.

“Ying Ziyu, you slut. I’ll give you two paths today. One, you come to me and be my follower, and I’ll give you good food! People will call you sis-in-law when they see you. They’ll call you big sis! You’ll have glory if you’re with me!” A boy with a scarface flashed his blade on the other side.

“Pft-!” Lin Yi’s eyes went wide as if his foot got stepped on. Huh?? Ying Ziyu??

He looked at where that blade was pointing- it was a girl in black, with a blade in her hand as well. Behind her were a bunch of students with bats and knives, but they were clearly outnumbered by Scarface's force.

Seriously? Lin Yi looked at the girl- she looked like she had a good body, with her chest puffing up. He didn't know if this was early puberty or push up bras.

## Chapter 1258: Telling You to Scram

But, the person here was completely different from the gentle one in the picture- she was cold and cruel, and while she was pretty, the aggression in her eyes made Lin Yi frown.

This girl looked like she was the boss of a gang? And it seemed like she cut people up all the time?

She had expected that Ziyu was a troublemaker girl, but he didn't think it was this serious!

"The same as you in the past?" Lin Yi asked.

"I wasn't as extreme as her, I just messed around- she's already cutting people up with gangs!" Xiaoxiao shook her head, sighing.

Lin Yi nodded. Xiaoxiao was right- she was in better schools, and even if she was a big sis, she wouldn't ever reach the point of Ziyu, leading groups with blades.

"This is Ying Ziyu? Fuck!" Lin Yi couldn't help but curse. He didn't usually curse, but he couldn't hold it in anymore.

"What, you want to fuck her?" Xiaoxiao blinked.

"..." Lin Yi glared at her. "Don't joke about that- I don't know what I'm supposed to do here! I thought it was some kid without parents, without the care of her brother, but..."

"Guess we'll have to see!" Xiaoxiao understood Lin Yi's emotions.

"Stop flaring out your ass, scar bear! You forgot who did that to your face already, huh? Still coming back to Fushan to piss around?" Ziyu yelled back. "You think you get to hit on me? Look at that face on your head. You're a damn scarface, so go die!"

"Ying Ziyu, you think you're the only one with a mouth? Yeah, you're the one who gave me the scar, but so what? I swore that day that I'd get you on my bed and do you to death!" Scar bear said with a hmp. "But I'm different now! I go with Guang Bro, and Guang Bro has already given me this piece of territory in Fushan. I came here to take your school! You'd think I'd come here if I didn't have a guarantee? Look at the number of people behind me!"

Ziyu's face changed. She thought something was wrong already. How did a small thug like scar bear get so many people? They had blades and bats. It seemed like they came from another camp.

“So what if you have the number? Feilong Bro’s coming soon, all of your men will die here today!” Yingzi frowned, but she didn’t worry. Fushan had three factions, and while hers was the smallest one, she was on good terms with the strongest factions’ leader, Nan Feilong! Feilong would help her if she was in a pinch.

“Nan Feilong? What a naive kid you are! Girls are naive, after all!” Scar bear laughed, without care. “How long has it been since I came here? Your lackeys have gone to tell Nan Feilong already, haven’t they? Where is he? Why isn’t he here?”

Ziyu’s face changed- she did consider that, but she felt that Feilong wouldn’t just abandon her since they were on good terms.

“Hah! What, don’t believe me? Let me tell you; Nan Feilong has already become my follower! I promised him to help control the powers in Fushan, and then he’ll be the only boss here!” The scar bear laughed loudly. “You think Nan Feilong will help you? You bitch, you know why he always helped you? Because he wanted to screw you, but you wouldn’t let him, and so he’s giving you to me! You think you have some stupid friendship going on with him?”

Ziyu’s face tensed. She didn’t want to believe it, but this was all probably true!

“Scar bear, let me tell you this- I’d rather die than go with you! You’re too disgusting!” Ziyu gritted her teeth. “Let me go today, and we’ll leave this whole thing behind us. If not, I’ll take my men and fight you to the death!”

“Fuck!” Scar bear spit on the ground, a thick glob of phlegm. “Ying Ziyu, who do you think you are? I’m already giving your face! Let me tell you. If we cut down your men and kidnap you back, it’s a different story! I’ll let all my brothers have a go first!”

“You wouldn’t dare!” Ziyu said. “I’d kill you!”

“Haha, then come! Let’s see who kills who!” Scar bear made a gesture for his brothers to get ready.

“Lin Yi honey, this is where the master fighter comes out on TV. It’s time for you to go out and show off!” Xiaoxiao said.

“Ah...” Lin Yi smiled bitterly. “Master fighter...”

But Lin Yi had to interfere now. It seemed like he’d come at the right time today? One step late, and this Ying Ziyu would be dead? Or raped? It seemed like she wasn’t the type who went with men or anything. Otherwise, she wouldn’t be resisting so hard. This made him feel a lot more comfortable.

“Alright, you can scam now.” Lin Yi walked over with one look at scar bear before pointing at Ziyu. “I have to talk to this person!”

“What??” Scar bear froze, and his men froze! Even Ying Ziyu and her men froze!

Where the hell did this guy come from all of a sudden, and what was he saying? Was something wrong with his brain? Did he ask scar bear to scam?

“Hahahaha!” Scar bear and his men started bursting into laughter as they looked at the idiot. What an idiot without fear!

“Kid, what’d you say? You want me to scram?” Sacra bear dug his ear best he could as if he didn’t hear him properly. He wasn’t pissed but was quite amused as if he were looking at a dead man.

From what he could see, there was no reason to get mad at an idiot. The guy was stupid, and he could kill him anytime he wanted. He didn’t need to put himself on the same level.

“Yes, I’m telling you to scram.” Lin Yi said with a flat look. “Why are you still here?”

“Good! Good, very good!” From his view, this was the funniest thing he’d seen all day! One person was standing in front of his gang of thugs, telling him to scram! What a miracle!

### **Chapter 1259: My Words Don’t Work?**

Lin Yi looked at Scar bear. The guy didn’t seem like he wanted to leave at all! He frowned. “What are you talking about? Are you retarded, I told you to scram, what’re you doing?”

“Me? Scram?” Scar bear pointed at himself as if he’d heard a big joke. “There are people who can tell me to scram in Songshan, but you’re not one of them!”

“My words aren’t working, then?” Lin Yi asked.

“Oh, You have some brains after all,” Scar bear started laughing.

“If words aren’t working, then fine, I’ll shut up.” Lin Yi nodded.

“You should’ve shut up ten minutes ago! Who the hell did you think you are, screaming at Scar bear? You wanna die?” Scar bear hmped, gleeful. “You kneel now and crawl under my crotch, and I’ll let this slide...”

Lin Yi didn’t wait for him to finish, but sent a slap across his face, caving it in. Teeth and bones were probably shattered on that side already.

“I’ll use my hands then!” With that, he sent another slap, caving on the other side of his face.

“You... What are you doing! Let go of Scar bear Bro!” Scar bear’s lackeys were stunned by Lin Yi’s actions- they barely had time to react!

But Lin Yi didn’t care about them. He slammed a leg into his crotch, and Scar bear fell as he heard something break. He grabbed his underside and rolled about on the floor.

“See, you could’ve rolled and scrambled yourself. You just had to make me do it for you!” Lin Yi shook his head and gave him another kick- a loud snap, and his leg was broken!

Lin Yi was going so extreme on this Scar bear because he had nasty intentions towards Ziyu! She was Armadillo’s sister, and naturally, he treated her as his sister! Of course, he’d stand up for her against people like this.

But, he couldn’t kill Scar bear in front of everyone like this. Although, crippling him was fine. As long as trash didn’t die, people wouldn’t be so nice as to call the police.

Scar bear's lackeys were speechless! They've seen merciless men before, but someone like Lin Yi was unprecedented! Only after a couple of words, he broke his face and destroyed his crotch, even breaking a leg!

What person was this? He looked so friendly and peaceful before, but he had no mercy!

"You... Who are you? Do you dare do this to our Scar Bear Bro? Do you know who Scar bear Bro's boss is?" Scar Bear's lackey said as he waved his blade. He was pissed, but Lin Yi was way too scary right now.

"You want to stand up for him?" Lin Yi said with one look.

"I..." The lackey froze as he looked at those cold eyes. Would this man do the same thing to him if he said he wanted to help Scar Bear? And so, since he wasn't dumb, he hesitated and waved his blade to his brothers. "Everyone, together! Kill this kid, take revenge for-"

The next moment, his words were replaced with a scream. The blade that was in his hands was suddenly in Lin Yi's, and it was stabbed into his leg!

He rolled his eyes back and fainted!

"Does anybody else want revenge?" Lin Yi turned to the rest.

"No... No..." The people closest to Lin Yi backed off immediately, throwing their weapons on the ground! They were scared that there'd be a knife in their legs if they were too slow to say no!

This person was a violent maniac who acted before he thought. There are already two people lying there already. There was no way they'd want to resist Lin Yi now! They surrendered immediately.

If one person is surrendering, there would be two, and three, and four. There were no idiots who would still cause Lin Yi trouble after seeing everyone surrender.

"We're not taking revenge, and we'll scam right now..." A couple of people were leaving already, the ones closest to Lin Yi...

"Wait, bring these two pieces of trash with you!" Lin Yi pointed at the two guys on the ground.

The people who were leaving were scared and didn't want to go back. Who knew what would happen, after all. Luckily, this guy seemed to have some extent of a reasonable mind- as long as you listened to him, you'd probably be fine!

And so, they came back and took the two, leaving quietly...

In truth, these people were just worried about losing face- they didn't want to take revenge for Scar Bear and the other guy, that was just secondary! They were thugs of the lowest pyramid, and Scar Bear had just risen to power because of Guang Bro. Other than this other guy who got cut down, all of them were Guang Bro's men. They were thinking of reporting this to Guang Bro!

"You looking for me?" Ying Ziyu looked at Ln Yi oddly. This person was violent and cruel, and much stronger than her thugs! But even so, she didn't understand what he wanted. Did he come to help, or was there something else?

From what she could see, this was way too much of a coincidence. The Scar Bear group had just come to cause trouble, and Lin Yi came to solve the problem. But she never saw Lin Yi before, nor had she heard of such a man.

“Ying Ziyu,” Lin Yi asked as he sized her up.

“You’re looking for me, but you don’t know who I am?” Ziyu was even more confused. Lin Yi looked as if he didn’t know her and had to confirm.

“I’m Ying Zhijia’s friend.” Lin Yi said.

“My brother?” Ziyu paused but went on alert. “You’re my brother’s friend? What do you want from me?”

### **Chapter 1260: Be Your Guardian**

“Your brother left for a mission. It’ll take a couple of years, and he’s entrusted you to me to discipline!” Lin Yi had to frown as he looked at what she was wearing.

“Tch, why should I believe you? Discipline me in place of my brother?” Ziyu thought this was quite funny. “Who do you think you are? Even my brother doesn’t discipline me!”

“He’s him. I’m me.” Lin Yi touched her colorful hair. “Dye this back to black, or I’ll shave it all off!”

“Ah! Don’t touch my hair! My hairstyle!” Ziyu shrieked before glaring at Lin Yi. “I’m going to kill you!”

“Do what you want if you can beat me.” Lin Yi continued picking out all the troublesome parts on her body. “Throw the tights away. It’ll mess with your puberty. Your boobs are squeezed up in a pushup bra, aren’t they? Throw that away too. It’ll twist your chest out of shape!”

“Ah!” Ziyu was going mad. She wanted to cut this person down, but remembering how he dealt with Scar Bear’s men, Ziyu was sure that even if she made a move against him, she’d be the one getting beat up!

He was her brother’s friend, so he wouldn’t do anything too extreme, but it wouldn’t be any walk in the park!

Ziyu’s lackeys stared with wide eyes- they wanted to laugh but didn’t dare. They saw personally how powerful this guy was, so they kept quiet as Lin Yi continued disgracing their big sis! After all, he was easily managing their boss, too, who was strong enough to have such a big following of lackeys!

Lin Yi was the friend of Ying Ziyu’s brother, so of course, he was powerful! He might even be a special op or something!

“I don’t need you to mess with me! I don’t even know you!” Ziyu glared, cutting the line.

“Your brother asked me to come be your guardian. This will be forced on you, so you don’t have a choice. But you can resist if you want to, you just won’t be able to do much.” Lin Yi knew already that a

troublemaker like Ziyu could only be dealt with using the hard way. She wouldn't give a crap if you did it the easy way!

And so beating up Scar Bear in front of everyone was the first step to show his strength. After that, he used commanding tones to talk to Ziyu, showing that there was no room for negotiation at all!

"You- Why should I believe you?" Ziyu was pretty much sure now since she basically never told anyone her brother's name... And, judging by his skills, this person was most likely her brother's war mate...

Lin Yi took out his phone and entered a high-security gallery website. He got out a picture, one with him and Armadillo and Yang Huaijun in a group photo. These were all stored on the site, and Lin Yi very rarely went to look at them, but this was proof for the girl.

"This is your brother and me five years ago. People like us don't take pictures often."

The lackeys all knew that Ziyu had a really strong brother, a special ops with a high level of kung fu.

Lin Yi lowered his voice so only Ziyu can hear. "This is a picture from after the mission in North Africa. I'm the captain. Your brother is my subordinate!"

Ziyu froze. She didn't expect that Lin Yi was her brother's captain! Didn't that mean that he was stronger than her brother! She took Lin Yi's phone and looked at the picture. She had this picture as well, on the table in her brother's room. She'd seen the picture many times already. It was just that she never paid attention to the other people in it.

She looked closely at the middle... That person really did look a lot like Lin Yi, but a lot younger... No, a lot more immature!

Ziyu blinked. Five years ago? How old was Lin Yi then? He looked like he's eighteen or nineteen now, so he was thirteen or fourteen back then? A smile came on her face as she looked at that serious look in the picture.

"This is you? You look kinda dumb..." Ziyu said as she studied Lin Yi's face.

"..." Lin Yi sweatdropped, but took back the phone. "Alright, now that it's confirmed, listen to what I say from now. I'll bring you to get your head dyed back and get you new clothes! From tomorrow onwards, you need to study hard. If you come out and be a big sis gangster again, I'll... I'll..."

Lin Yi frowned, not sure how to punish her. He had no experience of punishing a girl before! He turned to look at Xiaoxiao.

"If she doesn't listen to her, just spank her buttocks!" Xiaoxiao said.

"If you don't listen, I'll spank your buttocks!" Lin Yi nodded, repeating it. It was a good idea, although it seemed to be a little inappropriate. But this wasn't the time for that.

"..." Ziyu's eyes were wide open. Spanking? No one ever spanked her before, not even her brother! All of a sudden, some captain of her brother popped out and said he was going to spank her? Didn't he know guys couldn't do that to girls?

She felt like she was going crazy! But, thinking back to that merciless attitude Lin Yi had when dealing with the gangsters, it really was possible that he'd spank him!

"You... You wouldn't dare!" Ziyu glared at Xiaoxiao. What the hell was wrong with this woman? Spanking? Why did she ask him to spank her?

But Ziyu didn't know that Xiaoxiao did get her butt blasted by fireworks before, instead of spanking. It was a tragic memory.

"Try me then." Lin Yi said as he grabbed her by the collar as if grabbing a small chick. He looked at the people behind her. "Alright, all of you leave. Playing gangsters? Go back and study!"

Ziyu's lackeys didn't dare do anything as they looked at their big sis, getting grabbed by the collar up into the air like that. They knew that this guy was a crazy monster. He would destroy you if you even spoke anything against them! They didn't want to lie in hospital beds for a year!

And these people were all still kids- they may be violent, but that was a different level compared to actual gangsters like Scar Bear! And even Scar Bear's men ran, of course, they wouldn't dare mess with Lin Yi!

Ziyu felt helpless as she looked at her men. There was no way they'd dare fight Lin Yi, but she couldn't just leave them be! Scar Bear was with Guang Bro now, and now that Lin Yi had messed up Scar Bear, Guang Bro wouldn't just sit by idly!
