

Bodyguard 1301

Chapter 1301: Sun Jingyi's Younger Brother

"Ha.... isn't this Boss Lin Yi! Since Miss Xu has something to do, please go ahead. I won't trouble you...." as depressed as he was, he didn't want to create trouble for himself. He didn't want to die just yet. Lin Yi would really kill him if he didn't listen to him!

Zhao Qibing quickly left the hall as soon as he finished his last word along with Li Cihua pushing the wheelchair. They were was incredibly fast!

Sun Yikai was curious- just who was this Lin Yi? Why would Zhao Qibing be afraid of him? But at the same time, Wu Chengtian didn't find anything odd with Qibing's behavior. After all, both Zhao Qibing's legs were broken by Lin Yi. Even House Yu was the victim under Lin Yi's hand, one injured, one dead. He felt very complicated inside seeing Lin Yi once again.

First, he regretted making Lin Yi an enemy. Second, he hated Lin Yi for having a relationship with Sun Jingyi.

Lin Yi didn't say much when he saw Zhao Qibing escaped with his tail between his legs, he turned to Sun Yikai, "Sun Yikai? We meet again!"

"You're...." Sun Yikai was looking at Lin Yi with questioning eyes- it was obvious that he had forgotten meeting Lin Yi before.

"Lin Yi, we met at Seashore Villa District last time." Lin Yi smiled. "You were driving a Ferrari back then."

"AH!" realization dawned upon Sun Yikai after the reminder. "You're.... Chu Mengyao's....."

"En, I'm his follower and bodyguard." Lin Yi nodded.

"Oh, it's, you.... Thanks for helping out just now..." after knowing who he was, Sun Yikai's face reddened- he remembered he said he would ensure Lin Yi's safety and give him protection, but now who was protecting who?

"Shall we talk over there?" Lin Yi had a good impression of Sun Yikai so he invited him to talk.

"Sure!" Sun Yikai accepted generously as he nodded.

Wu Chengtian and Lin Yi didn't have much connection, so naturally, he wouldn't follow them; he turned to the Xiao brothers and started talking.

Xu Shihan and Feng Xiaoxiao were talking now, because of Zhao Qibing's harassment and Lin Yi's appearance just now, the desire to hit on Xu Shihan slowly faded in the other young masters' mind. Many didn't know who Lin Yi was, but he could make Zhao Qibing in such a difficult position. He was no ordinary people, was he?

Besides, some still remembered Lin Yi's face when he went to sabotage Zhao Qibing's Qibing's skyscraper's completion ceremony. He even injured Uncle Zhu and crippled Qibing's legs!

With such monstrous behavior, who would dare to look for it themselves?

Lin Yi found a spot and sat down with Sun Yikai, "You're from house Sun? Sun Jingyi is your sister?"

"You know my sister?" Sun Yikai was rather confused earlier- why would Zhao Qibing be afraid of a bodyguard, and what surprised him the most was Lin Yi mentioning his sister after they sat down!

"Yeah, our relationship isn't bad." Lin Yi didn't know how to react when he remembered being Sun Jingyi's half lover. Just what kind of relationship was that?

"Ah! I remember now; you're Lin Yi! My sister's boyfriend!" Sun Yikai slapped his forehead as he remembered what Jingyi told him earlier!

The main purpose of Sun Yikai coming here was to persuade Sun Jingyi to return home and get married to Wu Chengtian. Since Sun Yikai was studying in Songshan city, the mission was naturally on his shoulder.

Sun Yikai and other members of House Sun was different. He was close to Sun Jingyi. He didn't always think of benefits so he could get along with Sun Jingyi. This time, Sun Jingyi asked Sun Yikai to forward House Sun a message, telling them that he had already gotten a boyfriend here, and she didn't like Wu Chengtian at all!

From Sun Jingyi's mouth, Sun Yikai extracted out the name of her boyfriend- Lin Yi! Of course, he didn't mean to report this piece of information to House Sun- he only wanted to meet his future brother in law and helping his sister to check the quality of the man.

However, he couldn't believe it before he went to look for him; both of them met in this situation!

"Your sister's boyfriend? Did she say that?" Lin Yi couldn't believe Sun Yikai knew so much, "Does Sun Jingyi have some conflicts with House Sun? She even told you this?"

"That's House Sun, not me! I do get along with my sister very well!" Sun Yikai smiled bitterly, "I'm no head of House Sun, nor am I House Sun's successor, so I can't make a decision on behalf of that matter. Besides, you saw me just now. I can't stand unhealthy practices!"

"I could tell- I've got a good impression of you. Otherwise, I wouldn't even help you just now," Lin Yi continued, "By the way, your sister and I are clean. I'm not her real boyfriend. We are only doing that to trick Wu Chengtian!"

"Oh?" Sun Yikai startled- he didn't see this coming, "You are not her real boyfriend?"

"I've got a girlfriend over there, chatting with Xu Shihan." Lin Yi pointed at Xiaoxiao, "So don't get too fired up with our relationship, we weren't together from the beginning."

"I see!" Sun Yikai didn't doubt his words- Lin Yi had no reason to lie. If this person in front of him was not Lin Yi and was really Sun Jingyi's genuine boyfriend, why would he reveal his true identity when he could have pulled him, Jing Yi's brother to his side.

Besides, he even emphasized that he had a girlfriend over there- did he just draw the line clearly? If Lin Yi and Sun Jingyi were really a couple, he would never say things like that.

“Sun Jingyi seems pretty pitiful, doesn’t she? She lost her parents since she was young?” Lin Yi asked.

“Yeah, my sister’s background is quite saddening. Her surname was not Sun previously- she’s my aunty’s daughter but after both of her parents kissed the dust, House Sun adopted her and changed her surname,” Sun Yikai wasn’t trying to hide the fact at all- since Sun Jingyi could find a guy to pretend his boyfriend, and this fake boyfriend of hers knew something about House Sun- he believed that they must be extremely close in real life, so he didn’t find anything wrong telling Lin Yi her past.

“That’s the reason why her personality is this strong, but I think that Wu Chengtian and her won’t get along. Wu Chengtian, this person’s intelligence is pretty low, but other than being overconfident, he’s actually not a bad person,” Lin Yi commented.

“I think they aren’t a match too, so when he was trying to take on my good side, I totally ignored him just now,” Sun Yikai nodded. “However, House Sun still hopes that this marriage can be a success, for the benefits. I believe you know what House Sun practices, right? We are more like a healing type than an offensive type, so, in order to raise our rank in the noble house, we’ve to fully rely on marriage. Otherwise, our position will be threatened!”

Chapter 1302: Investigating in Secret

“I know this much, but a healing type of martial arts can be as powerful as offensive type too! You can heal people. Your power is not inferior to others! You don’t have to be an expert in fighting and killing to stay in the noble house,” Lin Yi was a doctor, so he knew what a doctor was capable of. Every noble house would want to have a connection with a popular doctor!

“You’re not wrong.... But House Sun’s practice is too complicated. We can only heal one person when we are at level one. Many can’t even reach level two their whole life, so thinking about breakthrough is close to impossible!” Sun Yikai continued, “Hence, House Sun’s position is reduced greatly. Otherwise, with House Sun’s practice, getting into the hidden noble house is not even difficult!”

After the explanation, Lin Yi only remembered that House Sun’s practice was unique- their practice had a limitation! Thus, the only way to advance in the noble house ranking was to rely on marriage to gain power and advantages!

Otherwise, they would be completely useless because they could only heal one person or help them in their training. Marriage was their only option!

“So which level are you at now? Did you heal someone before?” Lin Yi asked.

“Me? I haven’t even reached level one....” Sun Yikai smiled bitterly, “Do you think this practice is easy to master? Even my sister, with so much potential, only reached level one. She’s having a tough time breaking through now!”

“I think that you can try an offensive type of practice.” Lin Yi suggested. “Sometimes, doing something extraordinary is not a bad change!”

"I've thought of it before, but which house would share their top-secret to a stranger like me?" Sun Yikai smiled bitterly, "Besides, House Sun's practice is rather special, after the practitioners have learned the chant of our practice, the pure qi absorbed into our body will be automatically be transformed, so practicing other house's practice is pretty much not logical!"

"I was just suggesting. You've to rely on yourself for the rest!" Lin Yi patted Yikai's shoulder. "Right, I don't want to bother you any longer, Wu Chengtian has been looking at us a few times. Don't get House Sun into trouble because of me. Wu Chengtian is a no brainer; he's easy to handle."

"Okay, thanks for the reminder." Sun Yikai stood up and walked towards Wu Chengtian's direction.

Xu Shihan, on the other hand, just finished her talk with Xiaoxiao. This was her celebration party. After all, she had to go entertain others. Ahe couldn't just sit with Xiaoxiao all the time, could she?

During this period, Feng Sanhuang had been observing the atmosphere all this time. He didn't stand up when Zhao Qibing was looking for Xu Shihan's trouble because he didn't have to. He would've attack; he wouldn't simply make a move in public.

Of course, Lin Yi was there to help, and Feng Sanhuang didn't have to make a move at all.

Feng Sanhuang thought Lin Yi was a person to be careful with- he had decided to report this to his master after this.

Zhao Qibing's face darkened- he couldn't believe that Lin Yi and Xu Shihan knew each other. He was pissed when he saw Xu Shihan and Xiaoxiao enjoying themselves in the corner, and he knew that he had lost all his chances now!

Comparing medical skills, Lin Yi was not inferior to Yaowang. In fact, better than him! Although he didn't want to admit, he had to! Since Lin Yi was involved, it was impossible for him to touch Xu Shihan now!

"He's ruining my good time!" Zhao Qibing clenched his teeth, pissed.

"Master Bing, she's just a superstar. Don't mind it," Li Cihua had no choice as well since Lin Yi had involved- he didn't dare to force his way in, either.

"What choice do we have?" Zhao Qibing was disturbed. "I don't know what my dad is thinking, taking so long to kill a small bodyguard like Lin Yi. What's the point of having him alive until now!"

"Master must have his reasons. Master might be the head of the house now, but it was just a title, the person controlling is still his father, on top pressuring him, so....." the old master didn't want to meet Zhao Qibing- it was no secret to him.

"Why can't this old man just die already, leaving his blood-related grandchild like that and not even meeting me!" Zhao Qibing was also aware of it as he exclaimed angrily.

Because of Lin Yi and Zhao Qibing, the celebration party ended peacefully. At last, those who were trying to hit on Xu Shihan gave up on their thoughts.

Lin Yi and Xiaoxiao wanted to bid their farewell initially, but seeing the crowd surrounding Xu Shihan, they only waved at her from a distance and left the venue after that.

Zhao Fafa had been gathering Tang Yun's information recently. He spent money to pay some housewives asking them to dig into Tang Yun's background. These housewives belonged to those housewives that were free and had nothing better to do than talk sh*t every day!

Zhao Fafa was displeased. As far as he was concerned, he was already a big shot in Songshan city, how could he not get the girl he wanted? One had to know that, House Zhao had a very strong backer in these days!

Soon, Tang Yun's news was gathered and given to Zhao Fafa! After all, in this small area, there weren't that many girls in their teens with angelic features, so with a little research, the housewives could pinpoint who Tangyun was and where was Tang Yun staying.

Thus, a whole report of Tang Yun's information was produced! With Tangyun's mom's boasting nature, no information was secrets among the housewives. Naturally, mother Tang revealed the whole story to them, not knowing that they were digging her daughter's news.

Tang Yun, eighteen years old, Songshan's first school twelfth grader, parents were jobless now. They were working in an electronics factory last time, but after the factory was reconstructed, Mother Tang lost her job and while, Father Tang was bedridden due to the injury from work.

Recently, Tang Yun met a rich guy, and their life started to flourish!

After looking at Tangyun's portfolio, Zhao Fafa's face turned dark- he thought that Tang Yun was from a wealthy family, never did he know that she was a cinderella and one step slower than Lin Yi!

"Lowly peasant, stop acting noble and all!" Zhao Fafa snorted coldly. "Just you wait. After digging your man's background, I'll have the last laugh! How dare you act so cocky in front of me, you should have known you were dealing with me, Zhou Fafa!"

After knowing Tangyun's information and background, getting her boyfriend's information wasn't hard. Zhou Fafa had a friend in Songshan's first school. He believed he would get the result very soon with his assistance.

Chapter 1303: I'll Treat You To Lunch

Quickly, Lin Yi's information was sent to Zhao Fafa through the phone.

This friend of Zhao Fafa was a merchant's son; he was a little rich, but he had no powers in this school.

After all, Songshan's First school was an elite school- there were a lot of rich kids, and young mater, only young maters like Zou Ruoming and Zhong Pinliang were considered the big shots in the school!

So, he could only gather some information on the subtle level, events like messing with Zuo Ruoming and Zhong Pinliang were naturally not exposed to the public- only the people involved knew about it. There was no way they would tell the whole world that they were beaten by Lin Yi and became the joke of the century, would they?

“One of the big four in Songshan’s first school? Having intimate relationships with many school beauties? Good at fighting? Won a fight against the big underground boss in the school?” Zhao Fafa was reading the information gathered from his phone. “It seems like this kid is not as easy as I think. Extra force is needed!”

The information was short and incomplete, so Zhao Fafa only thought that Lin Yi was a rich young master. He might be good at fighting, but two punches would always lose to four hands, so he assumed that he could outnumber him and make him retreat in fear!

Since he had many intimate relationships with so many school beauties, he wouldn’t probably care about Tang Yun, would he? Even if he lost a Tang Yun, he still had the others. It shouldn’t be a problem, right?

Sun Xiaoxing was Zhao Fafa’s follower; they were friends back then, but when Zhao Fafa became rich, Sun Xiaoxing remained poor, so Sun Xiaoxing willingly became Zhao Fafa’s follower to serve him.

Of course, this follower of his was just a normal gangster, and he was no match to an underground boss.

However, if Zhao Fafa only used him to instill fear, he was good enough for the job! As far as he was concerned, Lin Yi was just a student. No matter how strong he was, he was no match to a real gangster in the society!

“Xiaoxing, where are you?” Zhao Fafa asked.

“Zhao bro, I’m at Uncle Zhao’s place! There were a few kiddos looking for troubles just now. Uncle Zhao asked me to chase them away with my men!” Sun Xiaoxing said.

“Not bad. I still can’t believe that you’re this powerful now. You can still protect my old man!” Zhao Fafa was rather confident now- he felt that nurturing an underground boss was the best decision he had made back then. He could even protect his family now!

“It was all your effort, Zhao bro, for nurturing me!” Sun Xiaoxing replied.

“I’ve told you how many times, just call me Fa bro, don’t call me Zhao bro anymore!” Zhao Fafa was displeased with how Sun Xiaoxing called him. He would prefer people calling him Fa bro.

“Yes, Fa bro.... But this name is a little awkward...” Sunxiaoxing.

“Ignore the awkwardness, will you. Just call me whatever I ask you to!” Zhao Fafa snorted. “Are you done over there, come help me give someone a lesson here!”

“Giving someone a lesson? Who is the blind guy today? How dare he offend Fa bro?” Sun Xiaoxing asked solemnly. This was not the first time he did these things for him already. Sun Xiaoxing knew that very well, Zhao Fafa sent him into society so he could be used in a situation like this.

“It’s a student at Songshan’s first school. I’ll call him out later, just give him a good fright will do!” Zhao Fafa explained, “I don’t think we will involve fighting this time. Just call your gang here, and stand beside him. We might even scare him to death!”

“Sure, no problem! Songshan’s first school? Should I go now?” Sun Xiaoxing relaxed upon hearing that their next target was just a mere student.

“En, the usual plan. I’ll invite him to a high-end restaurant nearby. Then we’ll make him pay the bill!” Zhao Fafa ordered.

Every time Zhao Fafa would use the same method to give people a lesson. Either he went looking trouble for others or when he wanted to negotiate the terms and conditions with the opposing party. Inviting them to a lunch or dinner was just an excuse, scaring and threatening them was the real deal.

Although Zhao Fafa is not poor, he enjoyed the feeling of making people pay!

After stopping his car in front of the entrance of Songshan’s first school, Zhao Fafa came down and went directly into the school through the main entrance. Because of his age, the guards didn’t stop him as they thought that he was just a student, so he sneaked into the school ground successfully and went to look for his friend, Wu Liquid.

“Which class is that guy studying again? Bring me there,” Zhao Fafa was feeling rather pleased today- he had styled a slicked back hair this morning as in like he was the God of gambling from a movie.

“Yes, Fa bro!” Wu Liuqi nodded quickly. “Fa bro, you’re getting more and more fashionable, cool as f*ck!”

“Ha, you’re so well in your word choice! Rest assured, I won’t forget your rewards. I’ll be inviting him to a high-end restaurant later, come join me later!” Zhao Fafa was tickled pink by Wu Liuqi’s praise.

Wu Liuqi was in his eleventh grade. He brought Zhao Fafa to the twelfth grader floor. He stopped in class five and faced Zhao Fafa. “Fa bro, this is it, that kid Lin Yi is in this class!”

“En, call him out!” Zhao Fafa nodded, he felt that he would lower his standard if he were to call Lin Yi out like a mad guy so he would rather let Wu Liuqi do the job.

“Lin Yi! Come out!” Wu Liuqi didn’t hesitate and started roaring since Zhao Fafa was beside, he had nothing to be afraid of.

Lin Yi came out of the classroom when he heard people calling him, but when he was outside of the class, he was surprised to see a familiar face, wasn’t this guy one of the self-proclaimed new Songshan’s big four?

“Are you looking for me?” Lin Yi couldn’t believe that this guy had the balls to look for him.

“You’re Lin Yi?” Zhao Fafa asked confidently.

“Yes, so what’s the matter?” Lin Yi asked back.

“Follow me, and I’ll treat you to lunch. We’ve something to discuss!” Zhao Fafa invited.

“Treating me to lunch? Discuss?” Lin Yi looked at Zhao Fafa in doubt. This guy would be so generous to treat him? Lin Yi didn’t believe him at all! According to Lin Yi’s assumption, this guy must be looking for trouble for him, and asking him for lunch was just an excuse.

However, Lin Yi had guts. Since the troublemaker had made so much effort to invite him, he would play his game until the end, otherwise, who knew if he would change his target and trouble Tang Yun instead? Since Lin Yi had nothing to do now, naturally, he would follow and see what this guy was up to!

Chapter 1304: Order Anything You Like

“Yeah, it was my bad doing something stupid last time, so here I am treating you to lunch so we can have a good talk!” Zhao Fafa nodded.

“Sure, let’s go.” Lin Yi nodded.

Zhao Fafa couldn’t believe Lin Yi was so easy going; he was overexcited as he quickly asked Wu Liuqi to bring them out of the school to the car.

Zhao Fafa found a traffic citation in his car when they were out of the school ground. The entrance of the school belonged to a non-parking area, so Lin Yi parked his car behind the street. Naturally, he wouldn’t stop his car here.

Zhao Fafa felt resentful instantly. It wasn’t because of the traffic citation but the face, he just lost face in front of Lin Yi. How embarrassing was it to get a traffic citation- it was as in like he didn’t know the traffic laws.

“Fa bro, what is this advertisement paper!” Wu Liuqi sensed the unhappy atmosphere around Zhao Fafa, so he quickly thought of an idea and tore off the traffic citation, pretending it was an advertisement paper.

Lin Yi knew that it was a traffic citation, but he was too lazy to expose their lie.

“Liuqi, sports cars can only seat two people, why don’t you follow us with a taxi?” Zhao Fafa turned his head and said.

“Sure, not an issue!” Wu Liuqi wanted to build a connection with Zhao Fafa- he knew that Zhao Fafa became so rich recently because of his powerful relatives, so he would do anything to please Zhao Fafa. Lunch was just a small matter, pleasing him was his main goal!

Zhao Fafa was over the moon when he saw Lin Yi was this stupid to agree to sit his car alone, was this kid stupid? Did he really think I would treat him to lunch? What an idiot! Perhaps he would be frightened to death when he was surrounded by the gang!

Sun Xiaoxing had chosen the best seafood restaurant in this area, one of the most luxurious hotels in town, the price was not inferior to Star Light Hotel, either.

Zhao Fafa stopped his car in front of the entrance of the hotel and got down with Lin Yi.

“Welcome!”

The trio went in to see a lady bow in front of them as she welcomed. The hotel's service was top-notch; judging from the lady's face and height, one could tell that the standard of this hotel was top class! On top of that, the interior design of the hotel was as excellent as the Starlight hotel!

Lin Yi had never come to this place, but Xiaoxiao did hear about it. This girl always wanted to enjoy a feast, but she didn't have enough money and opportunity previously. Lin Yi felt a little sorry that he couldn't bring Xiaoxiao here today.

Xiaoxiao's greatest enjoyment in life was eating. She knew that she didn't have many days left to enjoy the food, so she had every tasty food and popular restaurants memorized.

"Room 558!" Zhao Fafa said with much arrogance in his tone, "We've already booked a room!"

"Is this a reservation from Mister Sun? This way, please!" the lady checked the iPad on her hand and led the way.

Looking at the technology in the lady's hand, one could how high was the standard of the hotel as well.

Lin Yi, Zhao Fafa, and Wu Liuqi went into the room to see Sun Xiaoxing inside. Sun Xiaoxing had been waiting all this while but his lackeys were not here yet.

Zhao Fafa wanted to scare the hell out of Lin Yi after eating. There was no point in threatening him if the gang was here already, and it was no fun if he knew what was going to happen!

"Fa bro, you've come!" Sun Xiaoxing stood up and said with extra respect.

"En, this is Lin Yi, the main character of this lunch!" Zhao Fafa pointed at Lin Yi and eyed Sun Xiaoxing.

"Lin Yi, welcome!" Sun Xiaoxing instantly understood the signal- this was not his first job for him anymore, "Since you're the guest, please order anything you like!"

Sun Xiaoxing passed the menu to Lin Yi.

"Oh, okay." although Lin Yi didn't know what they were planning, he didn't care anyway and started flipping the menu.

The dishes here weren't cheap at all; some were even overpriced. Lin Yi became Feng Xiaoxiao and started ordering the most expensive ones. He knew that Zhao Fafa was rich, but he had decided to make him pay a good one this time.

Without realizing, Lin Yi was influenced by Feng Xiaoxiao; otherwise, with Lin Yi's previous behavior, he wouldn't even accept Zhao Fafa's invitation. Instead, he would be happy to grab Zhao Fafa's collar and throw him down the building without hesitation.

Zhao Fafa's eyes were glittering with a wide grin when he saw Lin Yi was cooperating! Initially, he was still afraid that Lin Yi wouldn't order the expensive ones; he even thought of strategies on how to persuade him.

Only by doing that could he make Lin Yi pay, but this Lin Yi took the bait himself. Did he have a mental disorder? Did he not know that he had to pay the bill later?

"I'm done, do you guys want to add more?" Lin Yi passed the menu to Zhao Fafa as he asked.

Zhao Fafa looked at the orders Lin Yi made. It was nearly two hundred thousand already, he was delighted to see the amount! Although Zhao Fafa was rich, and he had a sports car, his pocket money was only this much if he were to pay them for a meal, he would be super reluctant.

“Xiaoxing, Liuqi, order some more! I’ll treat, choose the expensive ones, don’t hold back for me!” Zhao Fafa passed the menu to Sun Xiaoxing and Qu Liuqi.

“Okay, thanks Fa bro, we won’t hold back then!” Sun Xiaoxing took the menu happily and started calling some dishes, and he added another hundred thousand to the bill! Sun Xiaoxing was different from Zhao Fafa and Wu Liuqi. He was poor- Zhao Fafa did give him fifty thousand monthly to advance in the society, but how could he spend them on expensive food alone? That amount of money was used on soliciting, so when an opportunity this big appeared, how could he let it go that easily?

He specially ordered some expensive dishes that he could never eat in his whole life. He was prepared to have a big feast later!

After Sun Xiaoxing was done, Wu Liuqi took the menu, he didn’t order much from it, but he asked the waiter to have two servings of what Sun Xiaoxing ordered- making it two!

“Only these? Seriously don’t hold back. Order whatever you like!” Zhao Fafa saw that both of them were so cooperative- the flower in him fully blossomed! Brilliant, he could dig five hundred thousand from Lin Yi’s wallet now, Lin Yi would pay for good now!

“Should be more than enough already, I suppose?” Sun Xiaoxing felt that it was enough already. Who knew if Lin Yi could even pay that much?

Chapter 1305: Unique Name

“Didn’t Fa bro say that he will treat. What’s the point of holding back you guys?” Lin Yi spoke up. “Let me see. Since Fa Bro is so generous, why don’t we order two more servings for the foods both of you ordered just now!”

“Sure, Mister!” the waitress nodded politely, never in her mind did she think that these people couldn’t pay the bill. Before coming into the room, she heard that these people came with a sports car, how were they incapable of paying the bill?

“En, come three servings instead!” Zhao Fafa felt that it wasn’t enough and ordered another serving- he wanted to crush Lin Yi to death!

“Sure, is there anything else?” the waitress nodded.

“Nope, go get prepared, we’ve serious things to discuss now!” Zhao Fafa waved his hand, asking the waitress to leave.

Zhao Fafa’s expression became extremely serious when the waitress left the room. “Did you know why I invited you here?”

“What’s the matter? Aren’t you treating me? Could it be that there’s something else?” Lin Yi acted like he was shocked as he asked back.

“HUH?” Zhao Fafa couldn’t believe his ears- the guy across of him was so slow, was he really dumb? Why would he treat him to lunch out of the blue? Did he really look so free to him?

“No?” Lin Yi asked.

“Do you think that I’m stupid?” Zhao Fafa was annoyed- how could this person be so stupid? Normally, people would have noticed something wrong by now, but the guy in front of him was still unaware of his current situation. Couldn’t he at least sense the danger ahead?

“Seems to be, otherwise why would he spend so much to treat me?” Lin Yi nodded with a straight face.

“F*ck!” Zhao Fafa was enraged and slapped the table. “Kid, I’m here to talk to you about our last encounter!”

“Oh!” Lin Yi nodded. “So you’re treating me because of our last encounter? It was past already. I’m not looking into the matter anymore. You don’t have to go all the way to treat me with a feast!”

“I...” Zhao Fafa wanted to cry- how could a person be this stupid. Was he really one of a kind. Could he not understand sarcasm? He was literally threatening him, but this guy actually heard it as an apology! What on earth was this low IQ guy?

“Don’t mind, I know that you’re feeling sorry inside that’s why you’re treating me to lunch today. Don’t worry, your courtesy is recognized!” Lin Yi said.

Sun Xiaoxing saw that Zhao Fafa’s expression became extremely ugly, he quickly jumped in to help as he patted the table and pointed at Lin Yi. “Kid, you better listen properly, Fa bro called you here is not to say sorry but make you in trouble!”

“Trouble? How is treating me making me in trouble? Please make me in trouble more then!” Lin Yi said nonchalantly.

“I... you...” Sun Xiaoxing wanted to cry- were his communication skills really this bad? Why couldn’t Lin Yi get the meaning at all?

At this moment, there was a knock from the door; it was the waiter!

It was not peak hour yet, usually in high-end restaurants, raw foods were prepared first, so the chef didn’t need much time to prepare as they could start cooking. It didn’t take them long to finish all the dishes and were served on the table.

The waiter came in at the right moment, she saved Zhao Fafa and Sun Xiaoxing who were both in trouble, they met a Lin Yi who couldn’t understand human language, and they had no tricks against him at all! Normally, people were smart enough to realize something was wrong when they were threatened. They would either pee their pants or got frightened, but this kid was not afraid of sh*t- he even misunderstood their intention, thinking that he was genuine in treating him to lunch!

The waiter served the dishes on the table and left the room eventually.

While Zhao Fafa and Sun Xiaoxing eyed each other- both of them were clueless about how to start a conversation with Lin Yi again.

However, before both of them spoke, Lin Yi started first. "This crab is so huge, is this the so-called King of the crab? Guys, let's dig in while it's hot. We can talk after the food!"

After the opening, he started digging in, ignoring them as he was munching down the crab.

"...." Zhao Fafa and Sun Xiaoxing were both speechless. Only Wu Liuqi was lost- he didn't dare interrupt as he didn't know what was going on.

"Ahem! Lin Yi, put the damn crab down, listen to me!" Zhao Fafa was depressed when he saw Lin Yi happily eating the crab as he snorted.

"Oh, please, I can listen while I eat." Lin Yi didn't have the intention of putting down the crab at all.

"Honestly speaking, I want Tang Yun. Give her to me, and then we are even. Otherwise...!" Zhao Fafa threatened, but he felt like the threat didn't sound so well coming out from his mouth- it lacked power!

Previously, people would be frightened and shivered when they were threatened, sitting there not moving an inch, but it was different now. Lin Yi who was sitting across him was enjoying his life- why did it feel funny?

"Oh?" Lin Yi replied and continued eating.

"I'm talking to you, did you listen?!" Zhao Fafa was pissed.

"Kid, Fa bro is talking to you, don't you dare refuse. What do you want!" Sun Xiaoxing couldn't hold back anymore. "I can kill you like a piece of cake!"

"Oh," Lin Yi didn't give much attention to him as he replied faintly. Only ghosts knew if Lin Yi was listening to Sun Xiaoxing!

"Kid, did you listen to me just now?" Zhao Fafa was displeased with Lin Yi's attitude. He couldn't bear it anymore. "Xiaoxing, call the men in!"

"Yes!" Sun Xiaoxing had been waiting for this moment. He was so furious at Lin Yi and been waiting for Zhao Fafa's order to bring his lackeys in!

Sun Xiaoxing's lackeys had been waiting beside the room, so when he signaled, his men charged into the room instantly! These men were wearing all black from top to bottom and while their hairs were a mess of color. Although they didn't have any weapons in their hands, everyone had something in their pockets, probably weapons like daggers!

"Zhao Bro, Sun bro!" these lackeys knew who Zhao bro was; they knew that Zhao Fafa was Sun Xiaoxing's boss, so when they entered, they greeted both of them.

Zhao Fafa furrowed- he was displeased with the title. "How many times did I tell you guys? Call me Fa bro or master Fa!"

"Yes, Fa bro!" the lackeys quickly repeated.

“Steamed cake? Fever? Your name is quite unique, isn’t it?” Lin Yi wiped his lips, his hand holding a lobster and commented.

Chapter 1306: Inviting My Girlfriend Over

“Don’t say stupid things!” Zhao Fafa heard that Lin Yi was pronouncing his name wrongly. Naturally, he knew that Lin Yi was making fun of him. He pointed at Lin Yi, “Can you see? If you agree now, I’ll bring these men away, and we will pretend like nothing actually happened, but if you disagree, I’m sorry, but I can only call an ambulance for you in advance!”

“Oh, you mean I will be sent to the hospital because of eating too much delicious food?” Lin Yi pointed at the food on the table. “Indeed, it’s a bit too much. I would really go to the hospital if I finished all of them! Why not? I give a call to my girlfriend so we can eat together!”

Lin Yi wanted to call Xiaoxiao over- he supposed Xiaoxiao would enjoy herself with all these delicacies. Otherwise, it’d be a waste anyway.

“Eh?” Zhao Fafa flinched upon hearing Lin Yi’s reply, “Call your girlfriend?”

Lin Yi’s girlfriend, wasn’t that Tang Yun? Could it be that this kid was changing his mind, he even requested to bring his girlfriend to him? This kid wasn’t all stupid, after all, was he doing this so he wouldn’t lose face? Using this hidden method to reach his goal?

En, sure! Zhao Fafa thought that his intelligence was rather high as he instantly understood what Lin Yi was thinking! It seemed like the threat was working well. Actually, this kid was afraid inside, but he refused to lose face only!

“Hmph, you aren’t that stupid after all! I still thought that you’d be very stubborn to convince, get your call quickly, don’t waste time anymore!” Zhao Fafa’s heart was itching when he started fantasizing Tang Yun’s body.

Lin Yi didn’t bother what Zhao Fafa said, he took out his phone and called Feng Xiaoxiao instead,

“Lin Yi honey, where did you go? I couldn’t find you after the PE class,” Xiaoxiao was a little sad not knowing where Lin Yi went after the class.

“Come over to Tyrant King Seafood. Someone is treating us a seafood feast!” Lin Yi continued. “The booker’s surname is Sun.”

“Okay, I’ll be right there!” Xiaoxiao agreed to come without a second thought- she loved eating the most, especially with Lin Yi, there was always a free feast.

Lin Yi didn’t drive his car just now, and Xiaoxiao had a spare key so he could drive the car directly to the hotel.

“Kid, you’re pretty smart, aren’t you? I’ll let you go this time then!” Zhao Fafa waved his hand at his men in the room, “Come have a seat and join us! This kid finally has a brain!”

“Thanks, Fa bro!” These people’s eyes had been locking on the delicacies on the table for quite a while when they were beside the room. They only had tea and had nothing to eat. Besides, they hardly had any chance to eat something as expensive as these so naturally, their eyes would sparkly now.

“Wait a minute!” Lin Yi stopped them when they were about to sit down. “If you guys finished it now, what will my girlfriend eat? Will she come here for nothing?”

“En?” Zhao Fafa flinched, he was right, what if Tang Yun came and had nothing to eat and was forced to sit with these uneducated rough men? Besides, Tang Yun would soon become his woman. How could he allow her to suffer- he should treat her better, shouldn’t he?!

“Yeah, you guys stand aside. I’ll treat you after this!” Zhao Fafa waved his hand, asking Sun Xiaoxing’s lackeys to back off.

Although his men were a little disappointed, they didn’t have the balls to fight back because Zhao Fafa was the one who supported them, so they had to listen to his order now.

Very soon, there was a knock on the door. Zhao Fafa was excited- he couldn’t wait for Tang Yun’s arrival any longer as he waved his hand, asking his man to open the door immediately.

But, the person entering the room gave Zhao Fafa a great shock, because the person was not Tang Yun- it was another girl, she was pretty too, but Zhao Fafa had been longing for Tang Yun all this while, he couldn’t give up this easily!

“You are....” Zhao Fafa was looking at the Xiaoxiao curiously, did she knock on the wrong door?

“Lin Yi, honey, you are really here!” Xiaoxiao completely ignored Zhao Fafa’s existence, she ran towards Lin Yi excitedly and sat beside him with her sparkling eyes. “There’s so much food!”

“En, let’s dig in quickly,” Lin Yi picked up a huge crab and put it on Xiaoxiao’s plate.

“Nice nice!” Xiaoxiao didn’t bother anything when it came to food. The room might have an eerie atmosphere, but Lin Yi was here. There was nothing to be fearful of! Since Lin Yi asked her to eat, she was ready to fill up her belly full.

“Lin Yi! Didn’t you say you’d call your girlfriend over? What’s going on? Did you trick me?” Zhao Fafa was at his limits- he exploded at the couple who had food in their hands. “WHERE IS TANG YUN?”

“I didn’t say I’d call Tang Yun. This is my girlfriend, you know?” Lin Yi pointed at Xiaoxiao and said innocently.

“She? Isn’t Tang Yun your girlfriend?” Zhao Fafa furrowed his eyebrows.

“Tang Yun is the big wife, and I’m his small wife, what’s the matter? Right, who’re you exactly?” after Xiaoxiao explained, she looked at Zhao Fafa with suspicious eyes, not knowing who this person was.

“Oh, this guy is the person who is treating us.” Lin Yi answered. “You don’t have to bother him. He has too much money and didn’t know where to spend, so he invited me to lunch.”

“Oh, there’s an airhead this big in the world?! What an idiot!” Xiaoxiao nodded and continued munching the crab.

“Treat? Treat your ass! I’m going to kill you! How dare you trick me!?” Zhao Fafa immediately understood that he was tricked by Lin Yi! This kid was no stupid. He had underestimated him!

“I didn’t trick you, I’ve been telling you honestly, but you didn’t believe me.” Lin Yi said. “Don’t mind, just sit down, my girlfriend and I have to eat first.”

“Beat him up!” Zhao Fafa was throwing a tantrum as he pointed at Lin Yi and ordered his men to beat him up.

“You talk too much!” Lin Yi threw a crab shell directly at Zhao Fafa’s face, the edge of the shell was not pointy nor sharp, but with Lin Yi’s strength- he was able to make the shell penetrate through the skin shutting Zhao Fafa’s whole mouth completely!

“Ah—” Zhao Fafa screeched, and sub-consciously tried to close his mouth with both of his hands, but the pressure exerted on the shell pushed the shell deeper into his flesh; this made him wanted to cry in pain. The pain generated was so intense, but he couldn’t scream out because he couldn’t afford to open his mouth. A gentle move was enough to make him experience hell!

Chapter 1307: Everyone is Afraid

“Zhao bro, are you okay!?” Sun Xiaoxing saw the crab shell was stuck on Zhao Fafa’s face as he exclaimed.

“Don’t call me Zhao bro.... Fa bro...” Zhao Fafa was so much in pain- the tears started to flow out with his trembling voice.

“Sure... Fa bro, are you okay....” Sun Xiaoxing asked carefully- why was he still bothering about how people called him at this time? He was so used to call him Zhao bro last time. The name just slipped under pressure.

“Hit.. hit him...” Zhao Fafa couldn’t believe Lin Yi made the first move first as he pointed at Lin Yi and gave an unclear command.

“Hit hit!” but Sun Xiaoxing could hear it clearly- he jumped up and ordered his lackeys to beat Lin Yi up.

Sun Xiaoxing’s lackeys were prepared to beat Lin Yi up just now, but out of nowhere, Zhao Fafa was injured, so they didn’t know what to do at that moment.

However, Sun Xiaoxing would never move his fists- he was no fighter. He was able to recruit people under him because of the money Zhao Fafa spent on him.

Whoosh whoosh whoosh.

Crab legs went flying penetrating into the gangsters’ face. All of their faces were torn and started bleeding.

The targeted areas were where the nerves concentrated the most, so those lackeys were crying out their lives when they were injured by the crab legs.

“Wah, Lin Yi honey, you’re so strong!” Feng Xiaoxiao was surprised. “However, shouldn’t you be aiming at their eyes instead!”

“Eh?” the lackeys were already suffering intense pain from the injuries. They were thinking of making a comeback once they pulled the crab legs out of their face, but they started having cold sweats on their forehead when they heard Xiaoxiao’s comment!

Were they aiming at their eyes? They would be blind immediately, wouldn’t they? Previously they were so absorbed by the pain and didn’t think thoroughly, but now that their head was cleared up- they remembered how precious and powerful was Lin Yi’s toss. He could stick a crab shell into Zhao Fafa’s face and casually injured their vital spot with a few crab legs! The precision was exactly a hundred percent!

Thus, after having their mind calmed down, they realized something was wrong! They used to bully the weak that fact was not wrong, but that didn’t mean that they weren’t afraid of pain. Besides, it was instant blindness this time!

There was no turning back if one of their eyes was penetrated by a crab leg!

“True, let’s aim at their eyes then.” Lin Yi agreed and picked up a few more legs on the table.

“Run!” the person on the front line started retreating! He was the nearest to Lin Yi. If he were to throw now, he’d definitely be the first victim to be blinded.

The others naturally wouldn’t stay back, either. In the next second, everyone left the room with their tails between them...

Yes, these people did receive Zhao Fafa’s money, but that money was only sufficient for them to bully the weak. Asking them to die or get injured was impossible. Nobody was so brainless willing to sacrifice, what was the point of staying back?

Hence, only Zhao Fafa, Sun Xiaoxing, and Wu Liuqi were left in the room.

Sun Xiaoxing’s face turned ugly- he couldn’t believe his friends were so cowardly. How was he supposed to react in front of Zhao Fafa now?

This time around, the crab shell on Zhao Fafa’s face was removed, blood started gushing out from the wound. Although there was a lot of blood loss, it was not life-threatening just yet.

Zhao Fafa was horrified- this was his first time being beaten after he claimed himself to be one of the Songshan big four. He had never failed this badly in his life. People would always pee their pants when they were in this situation, but Lin Yi was different. He had never seen a person like Lin Yi before!

“Wu Liuqi, what did you check? Why is this Lin Yi so powerful?” Zhao Fafa felt like crying if he knew Lin Yi was this strong, he wouldn’t have tried anything funny with him, but since he had suffered this much, he had to take his revenge no matter what!

“Fa bro, Lin Yi is good in fighting one on one in school, I’ve never heard of him using hidden weapons before...” Wu Liuqi smiled bitterly- Lin Yi’s reputation was indeed big in the school, but it was all solo fights. Heibao bro, Zhong Pinliang and Zou Ruoming were also the victims under Lin Yi’s hands, but how would Wu Liuqi know about this?

He didn't even know the difference between martial arts division, how could he know that there was bad blood between Zhong Pinliang, Zou Ruoming, and Lin Yi- those fights were not shown in the public so whatever information he found about Lin Yi was only at the subtle level which made his judgment completely false.

"Lin Yi, I'll admit that your skill is at another level, but you've to know this is not the end between us!" Zhao Fafa knew that it was impossible to win against him now, so he wanted to leave the place with a warning!

As far as Zhao Fafa was concerned, Lin Yi couldn't do anything to him; he was a person with background, it was impossible for Lin Yi to kill him here.

"Wait, pay the bill before leaving." Lin Yi said lightly- he was trying to make Zhao Fafa stay at all.

"Pay the bill? Lin Yi, you are going overboard this time!" Zhao Fafa's face turned cold- he looked at Lin Yi with daggers! This guy didn't even want to pay the bill at all! How dare Lin Yin asked him to pay the bill now?

"Overboard? Did I do that? I remember you invited me to lunch?" Lin Yi grabbed a crab shell in his hand and looked at Zhao Fafa with a smile.

"Lin Yi honey, you're throwing the shell again? Nice, stuff it into his ass this time! Shove it in!" Xiaoxiao said.

Zhao Fafa's face turned black; he couldn't believe Xiaoxiao was this evil- how dare she suggest this to Lin Yi. Looking at the crab shell in Lin Yi's hand, Zhao Fafa was really afraid that he would stuff the shell into his ass!

"Fine, I'll pay!" Zhao Fafa clenched his teeth. Today, he had to endure and payback Lin Yi next time!

Zhao Fafa was still in pain, so he let Sun Xiaoxing called the waiter in. He paid the bill in front of Lin Yi and left the room with a snort.

Before leaving, Zhao Fafa swore silently. He would make Lin Yi pay tenfold! He was a man with strong support. Lin Yi was nothing but trash in front of his relatives! Even all the young masters in Songshan city had to give his cousin face!

Thinking until this point, Zhao Fafa wasn't that depressed anymore. In his eyes, Lin Yi was already a dead person. He could kill him anytime he wishes to!

"Fa bro, are you really okay?" Sun Xiaoxing looked at Zhao Fafa's corner of the lips. The blood wasn't stopping at all.

Chapter 1308: Song Lingshan's Troubles

“How could I be okay? Why don’t you try stuffing a crab in your mouth?” Fafa raged as he listened to Xiaoxing. “You useless trash. These are your men? Running when things get rough? This is what you’ve been doing with the hundred thousand I give you each month?”

“I...” Xiaoxing’s face reddened. “Fa Bro, you can’t really blame them. It’s this Lin Yi who’s too merciless...”

“Hmph! Merciless? I didn’t want to bring my cousin out for this, but it’s Lin Yi who’s forcing my hand! I won’t hold back then! Once my cousin comes, Lin Yi’s either dead or crippled!” Fafa hmped.

“Sir, what’s wrong?” The manager of the restaurant came after a waiter told him about how his mouth was covered in blood.

Fafa was a regular, after all, and they cared about his patronage.

But he didn’t know that Fafa was extremely pissed right now- the question made him rage at him, “I cut myself when eating crab, so what? What’s with you, it’s none of your goddamn business!”

“Ah?” The manager felt quite troubled- what the hell was this? He was just asking out of concern, where was this scolding coming from? “Well, thanks for your patronage, sir...”

Lin Yi and Xiaoxiao, on the other hand, were enjoying their feast.

Lin Yi didn’t know since when this had started, but watching Xiaoxiao eat had become an enjoyment. She was someone who did rough things, and so she wouldn’t try to look civilized when eating, stuffing things in her mouth and all.

But that part of her- the bluntness- was what Lin Yi liked more and more.

“Don’t eat too much- we’ll bring them back with us,” Lini said. “They’re yang types of food, seafood. It will increase that energy inside of you and make your sickness act up.”

“I can’t live any longer anyway, might as well have some more- it’d suck big time if I died without eating what I love!” Xiaoxiao didn’t care. Although she stopped and sighed. “Oh... Well, maybe I shouldn’t- I don’t want to die just yet, I still want to have more fun with you guys!”

“Haha, we’ll bring them back then.” Lin Yi said, “We can have a feast again tonight!”

“Okay!” Xiaoxiao nodded. “Right, Lin Yi honey, what’s with that Zhou Fafa guy?”

“Him...” Lin Yi explained the whole thing to him. This sort of person didn’t even register as a threat in his eyes, and the reason why he even came out with him was that he had nothing better to do. He also got to let Xiaoxiao have a nice lunch.

“Ha, I see! You’re such a master scammer, Lin Yi honey!” Xiaoxiao started laughing.

“Learned it from you,” Lin Yi grinned.

Lin Yi’s personality was changing gradually, influenced by a lot of people around him... He wasn’t the same anymore.

Lingshan was quite busy these days. According to Huaijun's analysis, Lingshan had already put most of her attention in the city, sending big amounts of police force to all trades, asking only one thing: did anyone offer a big opportunity to them, telling them to do certain things...

And with an approach like that, the result was natural- all of the answers pointed to one place, the underground arena!

After their investigation, there had been some waiters and drivers and part-timers and security guards who went there to fight, earning a lot of money, up to a hundred or two hundred thousand! This was very appealing, indeed.

Of course, not everyone said yes to the offer- otherwise, this investigation wouldn't have worked!

Lingshan looked at the files on her table and felt as if the sky had cleared up. They had some results! With this, everything was easier. They just had to locate the arena.

But, this arena wasn't something she'd heard of before. It was new.

A knocking came from the door, and Lingshan didn't think much about it. "Come in!"

"Lingshan, you busy? Do you have time tonight? We could have dinner?" It was Xie Yufeng, who had now taken leave from school. He had no face to stay there anymore.

"Yes, I'm busy," Lingshan said faintly. "There's a case, and I have to work overtime. We can have dinner some other day."

For Yufeng, she didn't give him a good attitude or anything, but she didn't completely piss him off. They couldn't piss House Yu off, and Lingshan didn't want to drag her family down because of her, so she tried to endure it.

"I see, well, some other time then!" Yufeng didn't force it, but he sat on the sofa opposite to Lingshan. "Did you find something troubling? Do you need help? I might be able to do something."

"Sorry, it's confidential." Lingshan naturally didn't want to talk to Yufeng about this- she wouldn't be able to run if he got involved in her work life.

"Ha, just saying..." He felt a bit awkward, but there wasn't much he could do with that word thrown at his face.

"I have to go to a meeting now- see you, Mister Yu!" Lingshan said, not wanting him to stay here.

"Alright, I'll go then! I'll come back once you're free." Yufeng didn't daddle. He got up and left.

As for hitting on girls, Yufeng had his ways. When it came to cold women like Lingshan, his plan was just to keep pestering and pestering but letting loose sometimes to not stretch it. As long as he was shameless enough, it would work.

"It's best if you don't come. My work is really busy, and I won't have time," Lingshan explained.

Chapter 1309: Smiling

Lingshan didn't even want to get up and walk him out- she didn't know why, but looking at Yufeng made her uncomfortable. The guy was so fake, and didn't give her any sense of safety at all! It would be a miracle for her to have any positive feelings for him!

And at the same time, she remembered Lin Yi- they were both men, but the feeling was so different!

Although her impression of Lin Yi at the start was bad as well, it was different in nature. It was the type where she wanted to argue and fight with him after meeting him, not the type where disgust came from her heart.

That disgust was what she felt with Yufeng- she didn't even want to look at him!

Now that she thought about it, Lin Yi's words may be blunt, and they may not be praising her, but it was straightforward and unfearing. Lingshan liked the way he operated!

Just thinking about him, she lost her peace- she didn't know why, but just calling him and listening to his voice would make her feel safe!

She didn't know if this counted as having fallen for Lin Yi, but she knew that after the time he saved her from the kidney theft headquarters, her attitude was different. She had that feeling that they'd already gone too far, so screw it- and now she was reliant on him!

The phone call got through, and she felt nervous. Just what should she say to Lin Yi- tell him she missed him? That would only get her words like Miss Retard or Miss Braindead...

"Hello? Song girl? What's up?" Lin Yi's perception of her was better now, and the two were friends at this point, so he couldn't just call her Miss Braindead or Miss Retard, but calling her Lingshan or Shanshan was still a bit much. Calling her by her full name would make them seem like strangers, too, so might as well call her Song girl."

"Um... There's this thing..." Lingshan felt quite happy- Lin Yi's impression of her was better now! From when he called her Miss Braindead to Miss Stupid, and now they've escaped the range of the stupid names! He was calling her by a normal name! Not bad!

"What is it, hurry- I'm driving!" Lin Yi was leaving the seafood restaurant with Xiaoxiao.

"Well, I told you before about the missing people, right? There are always people from different jobs missing all of a sudden for no reason..." Lingshan said. "After looking into it, there's probably an underground arena making these people going there to fight, scamming them. I was thinking of asking you if you knew anything about it?"

"I don't." Lin Yi said subconsciously but paused. "Wait, what did you say? Underground Arena?"

"Yeah, do you know?" Lingshan asked quickly, happy.

She'd sent people to investigate but to no avail.

But that was to be expected- An Jianwen's arena was already past the advertisement stage. He didn't need to do anything at this point, and it would still be a full house. With the regulars introducing the arena to their friends, business only got better.

And the arena itself was illegal, so people wouldn't be talking, and the customers would only introduce it to trusted people. Lingshan wouldn't be able to find anything like this.

"I know about it, but I'll have to ask someone for the details and location. Wait a bit." Lin Yi said.

Lin Yi remembered that handout that someone on the street gave him, and the arena that Er Goudan busted into, fighting some Fighter Li. Getting the location for her wasn't trouble at all.

"Okay, I'll wait for you!" Lingshan wanted to cheer- Lin Yi really was a miracle! Something that she had no clue about was solved with just one phone call to Lin Yi! He was so strong!

Every time a problem occurred, Lin Yi would have a solution!

After hanging up, she stretched a bit, her body extending, her posture alluring- although no one would be able to see it. She'd only show this to Lin Yi, too- the usual Lingshan had a face of steel!

Goudan didn't have a phone, but Yuanyuan did. These past few days, he'd been spending all his time with her, and so Lin Yi didn't bother him. He wouldn't be in Songshan for long, and it was rare that he would find love here just like that. He wouldn't interrupt their bonding time.

Goudan's mission had been done, anyway, having sent the medicine to him. He wanted to bring him around the city, but Goudan was probably really happy to be doing that with Yuanyuan...

After getting the address from him, he called Lingshan. "Song girl, here's the address, write it down..."

"Okay, okay!" Lingshan didn't expect such a fast response! She got out a pen. "Alright..."

"Here..." Lin Yi told her the address. "There might be a practitioner in there, there was a Mystic physical practitioner, my friend killed him, but I don't know if they still have one. Be careful, regardless."

"Oh? They have a Mystic?" Lingshan blinked, not expecting someone like that in an arena.

"It was the guardian of that place, but he's dead now. Don't worry. It's just possible that there's a replacement." Lin Yi said. "Just be careful."

"I understand, don't worry- I'll be careful!" Lingshan felt so blessed when Lin Yi gave her those words- so blessed she couldn't describe it...

"If there really is a practitioner, call me, and I'll go to help you." Lin Yi said after a sigh.

The two were close friends now, and he couldn't just let her jump into danger like that. He didn't want to butt into other people's business, but he gave the offer.

"Alright, I got it!" Lingshan was smiling a bright smile.

Hanging up, Lin Yi shook his head. This arena actually had a Mystic- the boss had to be quite the big shot. Could it be An Jianwen again?

Chapter 1310: Free Spokesperson

Lin Yi had just hung up when his phone rang again. He assumed it was Lingshan and just picked up. "Girlie, what is it now?"

"Ah? Girlie?" The voice paused.

"Huh?" Lin Yi could tell that it wasn't Lingshan. "You are..."

"I'm not your girlie... I'm Xu Shihan..." Shihan was a bit speechless- this guy sure was rough with words, calling her girlie right after answering the call. If she didn't know his personality, she'd think that he was a gangster with intentions toward her!

"Oh, you're a girlie too. Xu Girl, what's up?" Lin Yi didn't think that Shihan would call him.

"..." Shihan was a bit speechless but left it at that. She was a girlie after all, wasn't she? She didn't really mind the name. "Earlier, you said that you'd help me make some medicine? I have time today. I'll go get them and take some pictures with your friends?"

Xu Shihan's concert had ended, but the tour continued to other cities. She wanted to get some medicine from him before leaving, and her manager Wang Sis had already gotten into contact with Miracle Guan Company, saying that she'd be their spokesperson for free. Fatty Lai didn't know where that came from—originally they wouldn't even come when they paid for it, but now they're doing it for free?

Fatty Lai pretty much suspected Wang Sis, wondering if she was a scammer.

But, after her explanation, he realized that it was Lin Yi, who cured her disease. Wang Sis didn't hide anything from him since Lin Yi and Guan Xuemin knew about it as well.

Fatty Lai understood then, and he felt that it was a reasonable trade for her to offer being the spokesperson for free. After all, how much money could you spend on that?

One had to know that Lin Yi's medical consultations were priced at ten million and up!

And so, Fatty Lai used her as much as he could, shooting advertisements and videos, doing anything he could- they even replaced all of the packaging of the Miracle Doctor Guan medicine with her picture!

They even added a motto: Do you want to have the skin of a superstar? Use Miracle Doctor Guan's medicine, and you'll have no scars!

Even Wang Sis couldn't take it anymore- when had Xu Shihan been used like this, given commands like some maidservant? Even if they were paying huge amounts of money, they couldn't move her like this! What was this guy thinking?

But Xu Shihan only shook her head, saying that it wasn't much. She felt that since Lin Yi was treating her as a friend and giving free treatments, she should return the favor. Things were now different, after all.

She also felt that the people around Lin Yi didn't care about the fact that she was a superstar too much- she was so pretty and cute, but this Fatty Lai didn't seem to see that at all, looking at her 'value' from a business perspective...

Although, what Shihan didn't know was that Fatty Lai was treating her as Lin Yi's backup tire- who knew if she would rise to become a proper girlfriend all of a sudden. He couldn't have any bad thoughts for his sis-in-law.

But, the painkiller product hadn't been mass-produced yet. They only had some samples in the company. She'd have to get them from Lin Yi.

"Today? Sure." Lin Yi didn't have anything to do anyway, "I just went to a seafood restaurant and got a lot of takeaway. You can come and join us."

"Seafood?" Shihan blinked, a little amused. "Alright, I'll go to you. What's your address?"

"Seashore Villa District..." Lin Yi gave her the address. "Use your GPS if you can't find us."

"Alright, wait a bit then." It was rare for Shihan to have a friend, especially one who didn't have any motives or anything. This made her really glad to play with them! After all, it was very hard for her to meet any genuine friends. Women who got close to her wanted to use her aura to climb higher, while men thought about lecherous things.

But Lin Yi and Xiaoxiao were different- the two were nice people, and through her interaction with Fatty Lai, she realized that Lin Yi's friends were good people too. She could imagine that the friends he mentioned earlier would be good people too- otherwise, with Lin Yi's proud personality, it was hard to accept people he didn't like.

After hanging up, Xiaoxiao looked at Lin Yi enthusiastically. "Lin Yi honey, was that Xu Shihan?"

"Yeah, she's coming to get some medicine later, you guys could hang out." Lin Yi seemed to think that it was a really normal thing for a superstar to come to his doorstep- other people would be freaking out over that.

"That's great! Then we can do karaoke at home, let Xu Shihan do a live performance for us!" Xiaoxiao was very excited. "I'll call Tang Yun Sis right now, let's go get her!"

Lin Yi wasn't interested in superstars, so he couldn't understand these emotions Xiaoxiao was feeling.

Upon reaching home, Xiaoxiao told this exciting news to Mengyao and Yushu. Tang Yun was happy as well, but she was a lot less energetic compared to Xiaoxiao, only smiling as she said hi to Mengyao and Yushu.

Tang Yun had become a regular guest at the villa, after all.

"Then, are we going to prepare some good food for Xu Shihan tonight?" Mengyao was the owner of the villa and had to treat guests accordingly. This was a superstar, too.

"No need, I got some seafood takeaway." Lin Yi waved the big bag of lunch boxes. "From Tyrant Seafood Restaurant. An idiot treated us today."

“Idiot?” Mengyao felt odd.

“Some guy who wants to chase Tang Yun,” Lin Yi explained simply, lazy to explain Fafa’s thing.

Xu Shihan arrived all of a sudden, interrupting them. It was evident that she was on the way after the phone call, and the gap between their arrival lessened because Lin Yi went to fetch Tang Yun.

Xiaoxiao and Yushu rushed to the doors- the house now had two energetic sunshine girls, and Lin Yi had gotten used to that.
