

Bodyguard 1361

Chapter 1361: Real Danger

“Chewed on?” Old Hei felt even more disgusted. Was Lin Yi saying that this was an act of cannibalism?

“Eaten by his companion?” James felt disgusted, as well. Could it be a cannibalistic tribe before the robbers came? Killing after infighting, and even eating him?

“I don’t know.” Lin Yi shook his head. “Might be people, might not be. Anyway, just be more careful.”

“Even if it’s been eaten, what’s the big deal?” Elder Yu said once he saw that there wasn’t any other danger. “Probably because there wasn’t any food in here, and they got into a fight for food- one of them got killed and got split to be eaten between his companions after the infighting.”

“Haha...” Lin Yi didn’t say anything else but felt that this guy sure had a big imagination. Did he think about stuff like that all the time other than practicing?

Everyone kept walking forward, and the jade’s signal still hadn’t disappeared, but it didn’t get stronger, either. This meant that the danger was in front but still didn’t come out yet.

Looking at Lin Yi’s serious and alert look, Elder Yu was looking down on him, especially after nothing came out after so long. Old Hei and James were getting more relaxed, as well.

But, around a kilometer later, Lin Yi stopped again.

“What now?” Elder Yu asked after seeing him stop.

“Another one.” Lin Yi said.

“What?” Elder Yu paused.

“Another pile... of bones!” Xiaoke’s sharp eyes noticed it as well.

“They ate another one?” Elder Yu sighed, his voice solemn.

“Yes, another one was eaten.” Lin Yi didn’t say no, but his meaning was different from Elder Yu. He wasn’t talking about the companions eating their companions.

Lin Yi ignored everyone else and walked over, looking at the pile of bones briefly. It was similar to the old pile and had been gnawed on by something, but it probably wasn’t by a man. No people would come to a tomb without preparing enough food, and even if they didn’t, they could go back and get it. It wasn’t a hard path, and there wasn’t any danger this entire road. Why eat humans?

The most important part was that the teeth marks don’t look like they came from a human.

This time he didn’t stop too long and started walking forward until another pile of bones appeared after walking a while.

“These guys sure have a great appetite, eating three after just a short while! Haha!” Elder Yu started laughing.

Lin Yi was a bit speechless- this person's intelligence sure was shocking. Even if it really were the companions eating their own men, who would be able to eat three in a day? That's more than a hundred kilograms, how many kilograms could a man eat in one day?

They continued walking, and a while later, another pile of bones appeared. It was only a few hundred meters' difference.

"They ate another one?" Even Elder Yu was getting suspicious. Just how many people were getting eaten? Even if it was infighting, they couldn't kill this many in such a short time?

A bad feeling rose in Lin Yi's heart- this tomb seemed to have some living thing in here, especially after seeing so many piles of bones.

A while later, and the jade's signal started getting more intense.

Lin Yi stopped right away.

"What's wrong now? Another pile?" Elder Yu said unconsciously.

"There seems to be danger." Lin Yi said.

"Danger?" Elder Yu paused, and Old Hei and James did the same.

Lingshan and Yutian listened to Lin Yi completely- the two got closer to Lin Yi after he spoke the words. Sticking together was safer.

"How come I can't feel it?" Elder Yu didn't know where this was coming from- Lin Yi was standing in an open space; it was just a path. There shouldn't be any trouble here!

In ancient times, there weren't any calculators or machinery, and this open space wasn't something where you could set a trap. People walking this wide-open path wouldn't just suddenly step on a trap!

Of course, other than the type of tombs that wanted to be closed up forever. Although James and Old Hei never met that type before.

"Let's wait here a while." Lin Yi said and got ready to sit down, not planning on moving forward anymore.

With no split in the path, along with no signs of danger- Lin Yi just stopped- this really made Elder Yu feel unwilling! It had already been many days, and they weren't even the underground palace, always stopping on the road! This was making him pissed off! His time was limited, the meeting was coming up, and if he spent too much time here and his people over there discovered that he was out here, he'd be screwed!

"What's the point of waiting here? There's nothing in front or behind us, just what are you planning?" Elder Yu started suspecting Lin Yi's goals.

Lin Yi looked at him, too lazy to explain.

"Hmph! What about you, guys? I think we should keep moving!" Elder Yu kept hearing Lin Yi said there was danger, and he kept saying that- even though there had been no danger the entire way at all! He

didn't really believe him anymore, feeling like he was just trying to make people rely on him by making things seem scary.

"Alright, we'll keep going then!" Old Hei and James looked at each other- they both saw the greed in each other's eyes!

Greed was a powerful thing, especially after Lin Yi said he was taking fifty percent- the two had a feeling of wanting to exclude Lin Yi out, and this was a good chance! Lin Yi kept saying there was danger here and danger there, and yet no danger appeared- it was just some bones, and nothing else. This made them a lot more relaxed.

"Good luck." Lin Yi only smiled.

Xiaoke chose to stay behind- she felt that Lin Yi wouldn't do anything bad to her, but she didn't know what that Old Hei would do. She even felt a bit regretful for taking this mission, and this Old Hei didn't even treat her as a proper member of a team! She was just cannon fodder!

After Elder Yu and Old Hei and James left, Lingshan turned to him. "Is there really danger in front of us?"

Xiaoke was here, so Lingshan couldn't call him Lin Yi.

"Most likely, but I don't know exactly what it is. It's a really eerie feeling."

Chapter 1362: Coming Back

"It has something to do with the piles of bones?" Lingshan asked.

"Yes." Lin Yi nodded. "There's something alive thing in here, and those corpses got eaten by it."

"Tomb guardians?" Xiaoke said in surprise.

"What are those?" Lin Yi wasn't an actual graverobber. He didn't know about this.

"Tomb guardians are the protectors of the tomb. They used to be the housekeepers of the original tomb owner, and their descendants took the job after they died, with their descendants after that, or it might be the housekeeper's housekeepers... But something like this is really rare now." Xiaoke said.

"You're saying that there are tom guardians in here, and they ate those people?" Lin Yi asked.

"It might be people, but it might be a beast as well. Tomb guarding beasts was recorded in some ancient graverobber's manual. It's a type of spirit beast that protected the tomb specifically, living in it and protecting it. It'll be in a state of hibernation when no one is here, but when someone invaded the tomb it wakes, and eats the graverobbers to replenish itself before going into hibernation again..." Xiaoke said. "If these people weren't eaten by their companions, then it was done by the spirit beast."

"Oh? That kind of thing exists?" Lin Yi was a bit surprised. "And Old Hei doesn't know this?"

"Maybe, maybe not. It's just a legend after all, and I saw it in some ancient texts. Might have been made up to scare people. But nobody's ever heard of a spirit beast in these years of graverobbing,

although tomb guardians were found before- but those lived outside of the tomb, not inside!” Xiaoke said. “Plus, these tomb guardians have continued down the line for tens or hundreds of generations. They don’t even know where the specific location of the tomb is anymore; they just know it’s a legend from their ancestors.”

“I see.” Lin Yi nodded. This spirit beast was probably similar to that Fire Spirit’s fruit his old man mentioned, it was one of the extremely rare things, to the point where people didn’t believe in it anymore. “Then, these guys would probably meet the legendary spirit beast of the tomb then, that’s quite interesting.”

“Then will they... All get eaten?” Lingshan frowned involuntarily.

“Who knows?” Lin Yi shrugged.

Lingshan didn’t say anything- things were already beyond her expectations, and while she didn’t want these guys dying so she could apprehend them, this wasn’t a case where they could just do what she wanted. Even Lin Yi couldn’t do anything right now!

If he was confident, they wouldn’t be waiting here.

And so, after a quick exchange of glances, Lingshan and Yutian stayed silent. If they could apprehend those lackeys up there, it would be something as well.

“Right, mister thief, can I ask you something?” Xiaoke couldn’t hold it in anymore. They weren’t close before, but they’ve been talking for a bit now, and she was a lot less nervous.

“What is it?”

“Why... are you helping me?” Xiaoke said after some hesitation.

“Oh...” Lin Yi knew that he couldn’t expose his identity, but after a sigh, he decided he shouldn’t, after all. He smiled. “Because you’re pretty, I want to take you like my small wife, okay?”

“Wha?!” Xiaoke’s eyes were wide open, her face red as she cleared her throat, stuttering. “No-No way, right?”

Xiaoke’s shocked face amused him a little. “So don’t go asking questions you shouldn’t be asking.”

“Oh...” Xiaoke nodded, a little embarrassed.

Lingshan was getting pissed, almost jumping out to point at Lin Yi and yelling at him. Just why wasn’t she a candidate? Why was getting some small thief girl as a small wife better than considering her?! Damn it!

“Ha...” Lin Yi felt that this Xiaoke girl was quite interesting.

“What’s your net worth?” Xiaoke suddenly asked after some silence.

“What?” Lin Yi paused.

“It’s not a big deal, just considering what your net worth is. If it’s worth, me being your small wife and all. I’m just wondering how much dowry you could give?” Xiaoke seemed to be seriously considering it.

“I was joking.” Lin Yi said, feeling a bit bad once he saw Xiaoke consider it so seriously.

He could tell what Xiaoke was thinking- she thought that this couple must be very rich; after all, they were tomb robbers. Perhaps she thought that helping others raid tombs was too dangerous, especially this one time, where she would die if she weren't careful. This was basically her way of selling herself for a good price, ensuing in the orphanage being well-funded for in the future. She might really have nodded if it was a good price.

In her eyes, she didn't care about her own happiness at all, only for the orphanage...

“Haha, I was joking too...” Xiaoke smiled.

In truth, Lin Yi had guessed right- that was exactly what she was thinking. If Lin Yi could take out money that was really really good for the orphanage, making them not worry about finances and stuff for a long period of time, Xiaoke was willing to be his small wife, even a small mistress!

But Xiaoke still shook her head self mockingly- she wasn't some big one of a kind beauty, why would people spend so much money on her? Was that possible? Her thoughts might get the man bankrupt, and even if he really wanted to have her as his small wife, her request would probably force him away!

The four stayed there for a while more, and after half an hour, a rushed collection of footsteps rushed at them.

“They're back?” Lingshan said after hearing it.

“Seem to be running back?” Yutian frowned.

“This is bad!” Lin Yi's heart dipped- the jade signal was getting more and more intense, meaning that they were bringing the trouble back with them!

What followed was screaming after the footsteps!

“Help, help!! Ghost- there's a ghost in this tomb... It's going to eat us..!”

It was Old Hei's voice, and his voice was clearly completely rattled, a piercing shriek! But even so, he kept calling out. “Elder Yu, wait for me, don't leave me behind!!”

Chapter 1363: Ancient Spirit Beast

Slowly, Lin Yi could see a man charging at them- it was Elder Yu!

An Earth class, running faster than a rabbit- one look at him, completely unscratched, and Lin Yi knew that he didn't even confront whatever this ghost was. This made him look down on him a bit.

Wasn't he too much of a coward?

In truth, he really was a coward- otherwise, he wouldn't be threatened by a Mystic like Lin Yi so easily! He was prideful, but also really treasured his life. He had a strong body, but also bent to the strong and bullied the weak!

In front of people that were clearly much weaker, he was completely proud and prided himself on bullying the weak. But as long as the enemy had some level of threat to his life, he would become completely hesitant and didn't want a direct confrontation.

But if one understood his background, it wasn't hard to understand- he was the eldest brother of the common house Yu, and his hope, other than pursuing greater heights of martial power, was to bring glory to his common noble house Chu. It was why he entered the hidden house.

He wouldn't even know just how small and weak he was before entering the hidden house- he saw the number of Earth Class fighters in there, with even a legendary Sky class head... This made him realize that he was a mere ant!

Being able to enter into a hidden house wasn't anything glorious at all. Here, he could die from anybody! So he started being very careful. He was always worried that he would lose his life without warning. He felt just how small his life was.

An Earth class was the top of the top in the common world, but in the hidden house, his position was no different from those Mystic house servants because he was an outsider! If anything happened to him, getting him killed, the hidden house wouldn't even blink.

In order to maintain his position here, he had to take the mission the hidden house assigned him to in the common world, even if it were dangerous.

So he was no idiot- once anything threatened his life, he would choose his life as a priority- the mission could go screw itself. As long as he was alive, he would be able to make a comeback. If he died, then it was over for the common noble house Yu, let alone revenge for his third brother and nephew.

So now, after facing an actual threat, a monster! It seemed to only be Golden class late phase peak, but he didn't dare make any move! This wasn't a human. You couldn't use a human standard to rate its strength!

If it was a golden class human, he would mockingly show off and finish him, but this was a monster, a ghost, that was Golden class late phase peak. He didn't even want to touch it. It wasn't a human! Who knew how they rated their strength systems, he didn't want to get eaten!

"No way, there's seriously a ghost?" Xiaoke was shocked as well- it actually came! She was just a girl, and even she was a bit scared now. After all, things were different if one actually appeared in front of you.

"It's not a ghost, just an animal that looks really weird, it's probably the tomb guardian you spoke of!" Lin Yi closed his eyes and used the jade space to observe the situation- he wouldn't be able to see anything in this dim light after all. "Its speed is really fast, a least not slower than Old Hei."

"What do we do then?" Lingshan subconsciously pulled out a gun, the first time she thought of using it.

"I don't know, but he's almost catching up to James..." Lin Yi said.

As expected, a cry came- it was Jame's voice. He'd been captured by the beast!

"It's James..." Xiaoke recognized it.

“Yes, it’s over for him, his neck was broken by the beast...” Lin Yi sighed. “So, the bones were from the animal after all.”

The monster stopped chasing the other two and started feasting on James, while Old Hei and Elder Yu ran over, panting...

“Hurry, run, there’s a ghost...” Old Hei couldn’t breathe.

“Elder Yu, you’re an Earth class, can’t you do something to that monster? It’s just a Golden class late phase peak.” Lin Yi looked at him a little mockingly.

“Hmph, you know it’s a monster too- I’m a human, I can’t compare to a monster. Who knows how tough it is? Some monsters that aren’t even Golden class could instant kill an Earth class!” Elder Yu hmped. “Ignorant child, there are too many things you don’t know. In those ancient sects, even some spirit beasts with a low level of strength are capable of some really powerful abilities- they look like Golden class, but they have some power with extremely high destructive capabilities!”

“Oh?” Lin Yi blinked, not expecting ancient spirit beasts in that world. It was probably similar to what Xiaoke was saying? It must be the same type of creature that protected different things.

Lin Yi understood why Elder Yu wouldn’t confront it anymore- some people really couldn’t be measured using strength level! Like Er Goudan, for example, he seemed like a classless fighter, but he still was able to one-shot Mystics! There wasn’t any logic there!

“So, you’re saying that you’re giving up on the tomb-robbing?” Lin Yi looked at Elder Yu.

“Hmph! While that beast eats James, everyone discusses some plans- we can kill the beast together, or we could leave the tomb?” Elder Yu wasn’t too panicked- he didn’t know if he could fight the monster, but he knew he could run. He was clearly faster.

“I remember someone saying that he would confront any trouble that comes our way if we work together? Wasn’t it you who said that?” Lin Yi said faintly.

“You little brat, that’s all you can do, spout big words. If you think you can handle it, then go do it!” He hmped.

“If I could do it myself, why would I need you? If this is the case, you can scram now,” Lin Yi felt a bit helpless. Would he leave? Maybe he would come back to reap the rewards after he finally managed to take down the powerful beast.

Chapter 1364: Underestimating Ability

However, Lin Yi was also confident. As long as he killed the ancient beast, he would have no problem entering the tomb. Even if Elder Yu were to come back later, he wouldn’t catch up to Lin Yi. The tomb was heavily laced with traps, so it was not something that Elder Yu can charge in without a care.

“You want to get rid of me? It’s not that easy. Either we work together to kill this monster, or I’ll watch you kill him.” Elder Yu was not a fool. Elder Yu had the same thoughts as Lin Yi. If he left now, what would he do if he couldn’t find Lin Yi later on?

“How do you want to work together?” Lin Yi asked.

“You can be bait in front of the beast, and this old man can attack from behind!” Elder Yu said very simply.

“...” Lin Yi blushed a little for him. Can you be more shameless, Elder Yu? Let himself be cannon fodder, while he went for a sneak attack?

“How’s it? This old man’s idea is good, right?” Elder Yu’s skin had thickened a certain extent, and he didn’t feel anything wrong with what he suggested.

Even Old Hei thought this Elder Yu was a bit too overbearing, but Lin Yi nodded and agreed. “Okay, I’ll attract him in front, and then you go for a sneak attack!”

Lin Yi knows that it is unrealistic to let Elder Yu attract monsters. With Elder Yu’s character, it was absolutely impossible for him to do such dangerous things. As for sneak attacks, the danger was much less.

Elder Yu can confidently escape in front of the monster, and Lin Yi also has this confidence, so he was not afraid of what the monster will do to him.

After wrapping up their conversation, Lin Yi walked up to the monster, and Elder Yu carefully followed Lin Yi from behind, as if he would turn around and escape at any time.

Song Lingshan and Chen Yutian glanced at each other. Both of them didn’t move. Lin Yi didn’t let them two interfere. They maintained their current position because their help might interfere with Lin Yi’s plan. If they did step up to help, it would be the final countermeasure.

Lin Yi and Elder Yu got into place as they closed in on the monster. At this moment, the monster was concentrating on eating James’s body. Its’ mouth was full of meat and stained with blood; this was quite a traumatizing scene!

It was also Lin Yi’s first close observation of this monster!

The monster had a yellow mane that looked a bit like a gorilla, but it was a little different. Although it had furry limbs, it could walk on hind legs and eat food on the forelimbs, but it didn’t have a tail. From first glance, it was completely different from orangutans and monkeys. It resembled a little more like toads, with raised eyes, no nose, and pointed mouth. It is difficult to declare what this monster really was.

The monster apparently saw Lin Yi approaching. Perhaps he was a little curious. When others saw it, they would run away. Why would Lin Yi approach directly?

However, now that it was still enjoying meat, the monster was not in a hurry to attack Lin Yi.

When Lin Yi walked by the monster, the monster also only glanced back. When Lin Yi continued to march toward the front of the passage, the monster suddenly lost interest in James in its hand and reached for Lin Yi with its teeth!

This also indirectly proves Lin Yi's theory. This was really a tomb guardian. When Lin Yi did not intend to continue to enter the tomb, it temporarily ignored Lin Yi. However, when Lin Yi continued to move forward, the monster attacked. It would even ignore its food and redirect its focus to attacking Lin Yi!

Lin Yi's footwork was not worse than Elder Yu. How could it be caught by this monster? Although Lin Yi's heart can already be certain that the strength of this monster is undoubtedly the peak of the late stage of Golden Class, he had a weird gut feeling that he was not able to overcome the opponent!

This peculiar feeling intensified when the monster's claw extended out toward him! Lin Yi didn't receive the claw attack!

If he didn't need to rely on Lin Yi's guidance through the tomb, Elder Yu wouldn't mind letting Lin Yi take more damage. That way, Lin Yi wouldn't have enough strength left to fight for the condensing pill or the medical notes.

Elder Yi also knew that Old Hei and Yu Xiaoke would have difficulties throughout the tomb, so Lin Yi's life was necessary.

"Whoa!" Lin Yi kept moving toward the passage, which triggered the monster even more. It was as if Lin Yi had stolen something from it, and now it was chasing after him.

Meanwhile, its back was wide open for Elder Yu, as it wasn't even paying him any attention. Elder Yu chuckled. This monster had low IQ, why would it leave its back open for enemies to attack? Was it that hubris?

Elder Yu mustered up the strength to attack as it condenses energy in the fist. He focused on attacking from the back where the heart would be. He aimed and smashed his fist down while preparing for a one-hit kill.

Elder Yu didn't want to drag this on for too long. It was going for a full-powered attack. He had the advantage in a preemptive strike. He might regret it if it ambushed him later on!

"Bang!"

The attack echoed. Elder Yi's fist landed on the back of the monster; it was full strength attack of an early stage Earth class user. From his point of view, it was an absolute kill. How could a late stage Golden Class be able to withstand a full-strength attack? What logic would that be?

Even a peak late stage Golden class could not withstand the full strength of an early peak stage Earth Class. It would die without putting up a struggle.

The monster didn't let Elder Yu feel good about the attack. In retaliation, the monster violently turned around and swung at Elder Yu. Getting caught off guard, Elder Yu was struck on the chest and sent flying off.

"Roar!"

The monster didn't think that anyone would attack it head on. It was enraged! Its eyes turned red, and it forgot about Lin Yi. Instead, it charged at Elder Yu.

“What?” Elder Yu choked as he tried to catch his breath. He spat out fresh blood as his body ached with pain. There was a pain in his chest, as he wondered how could the beast still be alive and so full of vitality?

Without even thinking of anything else, the beast had changed target to focus on him! Elder Yu got up and started sprinting away. He was afraid that the beast would catch up.

Lin Yi frowned. The danger sense was correct. It wasn't at the regular peak late stage Golden class anymore. These ancient spirit beasts can't be compared by using human standards.

Although Elder Yu did not kill the monster, the full power attack of early stage Earth class is not a joke. By his estimate, there should be some degree of damage done to the monster. Otherwise, it would not be so enraged.

“Roar!” The monster smashed down again to the place where Elder Yu fell before, but Elder Yu narrowly escaped death and moved away first. The monster's strike left an imprint on the thick stone wall!

Chapter 1365: Elder Yu's Discovery

Lin Yi and Elder Yu were both surprised. It seemed that they really underestimated the strength of the monster. Just now, the monster's second attack on Elder Yu had obviously been premeditated and it was an attack empowered by rage!

Elder Yu barely escaped death. Lin Yi had a choice to make. He could enter the tomb now that the attention was off him, however, if he did that then, Song Lingshan, Chen Yutian and Yu Xiaoke would all still be on the other side. Lin Yi couldn't ignore them because if the monster moved his attention to them from Elder Yu, what would they do?

Elder Yu now regretted his actions. He thought that he was being smart when he chose not to be the bait. Him doing the sneak attack would pose little to no danger to him. Who would have thought that the ambush would fail, and he would suffer the consequences!

“Young male thief, come and help!” Elder Yu shouted as he ran. It seemed that this monster was not going to give up until it caught up with Elder Yu.

Lin Yi had to catch up with him. Although Elder Yu was Earth class as well, Lin Yi's footwork skills were better. It didn't take long for Lin Yi to pass the monster and catch up to Elder Yu. Elder Yu could only keep screaming as that was the only thing he can do.

Approaching Song Lingshan, Chen Yutian and others in the distance, Lin Yi shouted, “Run, the monster is enraged!”

When Lin Yi passed Yu Xiaoke's side, he directly clamped her under her arm and ran away with her. As the person with the lowest power level, Yu Xiaoke might not escape unscathed. He wasn't entirely sure that she could escape so it was better for him to take her along with him.

Song Lingshan and Chen Yutian glanced at Old Hei. Chen Yutian had no choice. They had to carry Old Hei back. Their task this time was to arrest the tomb gang. Now Old Keng, James, and Grandpa Ho were dead. There was only Old Hei remaining, how could they let him die now?

So Chen Yutian could only carry him as he ran. This touched Old Hei's heart, he thought that they were good people, genuinely nice people. To think that he had thoughts about killing them all. Even at a critical moment, they still thought about others before themselves. This couple of thieves were really nice people!

Elder Yu saw that General Weiwu was in front of him, but he was not so kind to run with the dog and instead he cursed, "Dog, don't block the way!"

The eyes of General Weiwu condensed, but he did not bother with Elder Yu. Instead, he stood in the middle of the passage upright. With his head raised, he charged forward to face the enraged monster!

Lin Yi didn't bother to command General Weiwu at first because the dog's running speed was not slow. He could run by himself. However, Lin Yi did not think that he would not run away, but choose to face the enemy head on!

"Roar" The monster roared at the General Weiwu.

"Woof Woof—" The mighty general also barked twice, and his energy emanated from all over his body. This was the power of an early stage Mystic Class.

Under the normal circumstances of General Weiwu would not deliberately release energy. No one would notice that it was cultivated dog. It even slipped through Elder Yu's eyes. Only when General Weiwu began to show off his mighty power, Elder Yu suddenly discovered that this was actually a Mystic Class dog!

He rubbed his eyes! Is it possible that the male thief kept a spirit hound by his side? Elder Yu wanted to cry, you have a mystic class dog, why didn't you say so? Elder Yu had already been beaten up severely and was vomiting blood. It was like he had stepped in someone's trap.

"Doggy, go take out the monster!" Elder Yu ordered General Weiwu.

General Weiwu understood the human language, but it didn't want to take orders from Elder Yu.

What happened next was the General Weiwu had a desire to conquer. General Weiwu glanced at the monster, with its natural born instinct, it chose to confront the enemy.

Elder Yu stopped running and stood next to General Weiwu. He was able to catch his breath and pointed at General Weiwu, "Why are you playing dumb with me? No more acting for you? Is that right?"

Song Lingshan and Chen Yutian both stopped running, they were way ahead of Lin Yi, but they discovered that their rearguard was in a huge commotion.

"Male thief, as a junior, you had a spirit hound guarding you. Why didn't you say that earlier? Did you intentionally let this old man get hurt?" It was no surprise as to why Elder Yu would think that way. In his opinion, the male thief was simply getting rid of competition so that there would be one less competitor to the tomb treasures.

“Spirit hound? You said that General Weiwu is a spirit beast?” Lin Yi froze, wondering what Elder Yu had said.

“You have an early stage Mystic class dog at your side. You didn’t want to use it to attack the monster, but you let the old man do a sneak attack. What are you scheming? Are you trying to get me killed?” Elder Yu asked with a grimace on his face. If it weren’t for this dog, Elder Yu wanted to slap Lin Yi so he can have a taste of pain!

“You’re an Earth class master, you couldn’t deal with that monster. And you want to let a Mystic class dog handle it?” Lin Yi asked in a puzzled tone. He also found it a little weird that General Weiwu had blocked the path, but also, the monster had stopped moving!

“Don’t you know?” Elder Yu was also stunned, but then he sneered, “A tomb raider like you wouldn’t know this. It’s such a waste for you to have a spirit hound and not put it to good use!”

“Oh? What do you mean?” Lin Yi really didn’t understand what Elder Yu said. Besides, this was not a spirit beast. This is just an ordinary dog that he had transformed, himself.

“Although there are many different types of spirit beasts, and their abilities are different. There are attack types, healing types, fire abilities, water abilities, etc., but the class division between spirit beasts is determined strictly according to their own levels. That is to say, for them, Mystic class is always greater than Golden class. This is still true even if Golden class is the attacking ability and Mystic class is the healing ability. But the only thing that is absolute is that, when a Mystic class Spirit Beast confronts a Golden class Spirit Beast, then it has to submit! That is the biggest difference between spirit beasts and people! Some people are not as intelligent as animals!”

Elder Yu’s last sentence seems to hint at something. It was implying that Lin Yi was not as good as a beast. A mere Mystic class master wants to compete against Elder Yu, an Earth class master!

However, although Lin Yi heard it, he did not care about Elder Yu. Lin Yi was shocked by Elder Yu’s expansive knowledge! Before this venture, Lin Yi had never seen a spirit beast, nor did he understand the nature of a spirit beast, but he did not expect that there was such profound knowledge on this subject!

“That is to say, this monster will be subdued by General Weiwu?” Lin Yi was a little excited and surprised. He didn’t expect this when he accidentally brought General Weiwu along with him. He was also grateful for Elder Yu for realising this and explaining it to him!

Chapter 1366: Healer Spirit Beast

“I don’t know if it could tame it, but it can definitely overpower it! Meaning that as long as we have this dog on our side, the monster will leave us alone,” Elder Yu said, telling him stuff that only people in hidden houses would know. This made him felt quite accomplished.

“Thanks for the info,” Lin Yi said faintly. He had to admit, this guy may be annoying, but he had told him some useful stuff- yes, the guy wasn’t completely useless after all. If he only wanted one qi gathering pill and the notes, he would let him live, Lin Yi thought.

“Hmph, just something any hidden house member would be aware of,” Elder Yu said proudly- he wanted the feeling of accomplishment.

The beast growled.

Weiwu moved in, however, walking towards the beast and giving two barks, as if communicating with it.

The monster became quiet after the barks, and the rage in its eyes dissipated. It turned into one of admiration, although it still looked bitter because of Elder Yu’s damage to it.

It may be a spirit beast with thick skin, but Elder Yu was still an Earth class- he couldn’t just shrug this off. It must have suffered internal damage if his murderous intent towards Elder Yu was to this degree.

“Woof woof...”

“Roar...”

“Woof...”

“Rawr...”

The two animals seemed to be talking, but Lin Yi had no idea what the content was. Weiwu understood him, but he didn’t understand Weiwu, let alone the beast.

Suddenly, Weiwu put out its paw and put it on the beast- the beast seemed to be tense, but its face changed into one in comfort a while later.

“Healer Spirit Beast!” Elder Yu said as he realized that the spirit beast was being healed. Of course, the damage was caused by Elder Yu. A greedy look appeared in his eyes- these healer beasts were an extreme rarity, they could heal humans or other beasts! Of course, this was directly related to how high their level was. The higher the level, the bigger injuries they could heal! A high tier could even heal a fatal wound to a human!!

Weiwu was only a Mystic, but it was possible for it to become Sky class one day! It was easier for beasts to level up compared to humans after all, and Elder Yu wondered what his rewards would be if he brought this animal home.

He even regretted telling Lin Yi so much stuff about the beast- if he were to just take it home without telling him anything it’d be easier, but now that he was aware, he couldn’t just take it from him!

“Healer beast?” Lin Yi’s eyes seemed confused- heal my ass, the stuff inside Weiwu was an all-purpose qi, his qi- that could heal anybody. How was he a healer beast, Weiwu can attack too, okay?

But he didn’t bother explaining all that to him- it seemed like Weiwu had come to some terms with the beast anyway, otherwise it wouldn’t be healing him on his own like that.

A while later, the beast started moaning.

It seemed to be filled with more strength and energy, and all the wounds were gone! This made Elder Yu’s breathing grow rapid- this was a full powered earth class hit! How was it healed so easily?

Although the hit hadn't been too fatal on the beast, the fact that Weiwu healed it so easily proved how good his healing was!

Elder Yu looked at Weiwu, wondering how he could bring it home to the hidden house. Even if he didn't get the pill or notes, as long as he had this dog, it would be enough.

Weiwu was able to understand Lin Yi's words- it knew why he came to this tomb this time and what he wanted, and he knew that this spirit beast wanted to protect the coffin and the dead. As long as Weiwu told him that they wouldn't touch the coffin, the beast wouldn't stop them.

Plus, it healed the beast, too.

"Woof woof!" Weiwu turned back to Lin Yi.

Lin Yi nodded, and guessed more or less what he meant. He walked over with Lingshan, Yutian, and Xiaoke behind him as they headed into the tunnel.

But Elder Yu and Old Hei had yet to completely recover from the shock- they didn't dare move forward, not until the others passed through safely.

But just because Lin Yi was fine didn't mean that Elder Yu would be. Just as Elder Yu passed, the beast suddenly exploded into a roar!

"Ah-!!" Elder Yu jumped and backed off, hitting the stone wall behind him and hitting his head. The beast was still so powerful after getting damaged- didn't that mean he was even stronger now?

But the beast left him alone after scaring Elder Yu and just sat there- evidently, it just wanted to scare him for revenge! With the deal Weiwu made with him, the beast wouldn't hurt Elder Yu- but he didn't want this to end just like that.

Elder Yu was blushing and embarrassed by what happened, "Haha, this beast is quite smart, joking around with me!"

Of course, what Elder Yu said wasn't funny in the slightest, and Lin Yi and the others didn't care enough to bother with him.

When Old Hei passed, the beast didn't even look at him- it didn't even recognize his existence. Although, this sense of getting looked down on by the monster made Old Hei quite uncomfortable.

Without the beast blocking them, everything was a breeze, and Lin Yi's jade stayed silent as well. Elder Yu's explanation about the beasts, however, made Lin Yi think- Weiwu wasn't a spirit beast, but he was a man-made one.

Chapter 1367: Palace Entrance

But Weiwu's status was evidently validated by the spirit beast- that meant that spirit beasts were just animals who were practitioners?

Lin Yi believed that Elder Yu didn't know much about this either, he just knew some of it and brought it out to show off. There should be more information about the spirit beasts in the ancient sects, but Lin Yi wasn't at the stage to be interacting with them yet.

The road to the underground palace was a winding and twisting path, but there was no more danger, and the group walked without trouble. One day was enough to reach the end.

At the end of the path was a cube looking palace. The hall of the entire palace was extremely big, almost as big as a football stadium. It had high pillars that seemed to reach the skies and were the pillars that supported the whole place. Otherwise, there was not much stuff in there.

The stone walls of the underground palace had been illuminated by an uncountable amount of long lasting lights, and everyone felt relieved as they left the darkness and entered into the light. Old Hei's searchlight had lost its function as well, it didn't seem especially bright anymore.

A scene like this impressed Lin Yi- he admired all the work that those designers and architects have done. The long lasting candle lights, even with thousands of years of history, were still lit up- it was a miraculous sight!

But Old Hei and Xiaoke seemed to see it as nothing out of the ordinary, so Lin Yi and his group kept their faces to a neutral look.

"This is the palace? Why's there nothing here? And why aren't these lights extinguished yet, they're still up," Elder Yu was an outsider, so he naturally didn't understand anything.

"Elder Yu, this isn't the underground palace, it's only the entrance hall!" Old Hei explained, "What follows now is that we need to search for the true entrance into the palace, and these lights are common in a lot of the super tombs. It's said that they were made with mermaid scales."

"Oh? Is that so- what're we waiting for, then? You guys look for the entrance, I'll take one of the lights back to do some research on it," Elder Yu said.

"You can't!" Old Hei stopped him, "Elder Yu, these lights can't be extinguished or removed without care, they could activate some traps and lock us here!"

"Hmph! I was just a bit interested, that's all! These things are commonplace in hidden houses!" Elder Yu said, pissed and not wanting to admit his fault after being stopped. He started making stories up again.

Old Hei could only smile awkwardly at that, but didn't say anything else.

"Sparrow, what do you think about the entrance?" Old Hei turned to Xiaoke.

"There are some weird paintings on the walls- perhaps the entrance is hidden in one of them. We can split up," Xiaoke said as she looked around.

"Good idea- let's split up. It'll be faster," Old Hei nodded, "But don't move recklessly if you find a trap."

"Naturally!" Xiaoke nodded.

With that, he started searching with Xiaoke, with even Elder Yu joining in- he wanted to get into the palace quickly and get the items as soon as possible to finish his mission.

Only Lin Yi didn't move, standing in the center of the palace.

Old Hei didn't dare meddle with Lin Yi's decision to stay out of the group, while Elder Yu was simply too lazy too care, also wanting to avoid humiliating himself. They let Lin Yi stand there.

Lin Yi wasn't looking at the paintings, because in the information Bojia gave him- while he did mention this palace- he said that the secret wasn't in the paintings, it was in the pillars!

Bojia didn't say especially why these pillars were so special, but the reminder was enough. A lot of this was guesswork, after all, since the man didn't come personally.

"Is something up with these stone pillars?" Lingshan said after noticing Lin Yi's gaze.

"Yes, but I haven't found anything yet. Look," Lin Yi looked at a stone pillar as he circled it, and continued looking at the other pillars.

He smiled bitterly- perhaps it was because he wasn't an expert here, he couldn't see anything wrong with the pillars.

This wasn't dangerous or anything, since the jade was being quiet, so Lin Yi stood in front of the pillars to study them.

There were only a couple of paintings, and Old Hei, Xiaoke, and Elder Yu were done with them soon. They checked again, realizing that they were just normal paintings, perhaps just something to send the dead to the afterlife with, that was all.

"We went the wrong route, it seems. Nothing special here," Xiaoke said, "the last painting was the music notes of a song meant to let him have a nice rest..."

"It seems so," Old Hei was an experienced veteran himself.

"What now?" Elder Yu was quite pissed- they spent so long, with no results. The hell?

"Let's see how the male thief is doing," Old Hei was unwilling, but he had to admit that maybe he found something.

"Mister thief, you found anything?" Elder Yu walked over, not courteous at all.

"No, but there seems to be something up with these pillars. Flying sparrow, what do you think?" Lin Yi didn't know, but he could remind Xiaoke.

"Oh?" Xiaoke didn't think about the pillars before, but Lin Yi's reminder made her pause. Was there something special here?

"Stone pillars?" Old Hei paused as well- the pillars usually only served the singular purpose of holding up the palace, with no other function. These were statues, after all, they couldn't be moved around, and usually people didn't use them for traps or mechanisms.

But Lin Yi saying that there was something up with the pillars meant that perhaps they could find something here.

After giving the job to Xiaoke and Old Hei, he sat down and started practicing, not bothering with the pillars anymore.

Chapter 1368: Jin Wudi Leaving the Mountain

Lin Yi had to utilize all the time he had to practice- with a big enemy like Elder Yu in front of him, it was a pretty good motivator.

Elder Yu didn't think that Lin Yi would just sit down and mind his own business, practicing, right after giving a suggestion. He was getting a bit irritated, "I say, young thief, why're you practicing instead of looking for the entrance with us? You think you can just beat me after practicing a bit here and there?"

"Who knows? You're injured now, and if I try a little bit harder I might be able to fight on equal terms with you," Lin Yi said faintly, "Right, let me tell you that General Weiwu and I are connected spiritually, so thanks for telling me he's a healing type spirit beast. I'll have him heal me when I need to, but you can't, so I can drag out time even until you die of old age!"

Lin Yi could see how Elder Yu was salivating over Weiwu, and in order to push his thoughts away, he needed to warn him first, in case they came into conflict before even finding the medical notes.

"Hmph!" Elder Yu hmphed coldly- he did get injured, but had been trying to hide it. That hit from the spirit beast may not have been fatal, but it did affect his strength substantially, he wasn't at his peak performance right now. Especially when one considered the injured right arm that Lin Yi caused- he wouldn't be able to fight at full strength.

"The terms I promised you will be given to you, but what are you doing, not helping us find the entrance? Isn't this just wasting time?" Elder Yu sighed.

"I'm not a specialist in that part- it's good enough that I could identify the stone pillars as a clue," Lin Yi said casually, "You can go find other clues if you want to, don't disturb me."

"You..." Elder Yu was getting pissed off, but since Lin Yi was practicing, it gave him an idea. He sat down and chose to do the same as well! He wasn't good at this stuff either, might as well start practicing...

And so, the young man and the old man sat some distance away from each other, practicing, though Yutian and Lingshan weren't as thick faced as them... They went to act as if they were looking for something with the pillar...

Chu villa- it was a Saturday.

They had Goudan as a bodyguard, but the atmosphere inside the villa was still depressing.

"I'm so bored, Yao Yao, I don't know what I should do!" Yushu said as she yawned lazily, casually turning off the iPad as she complained.

“Then what do you want to do?” Mengyao said as she played monopoly on her phone.

“Where did Shield Bro go anyway, he hasn’t contacted us in days! Maybe we should go find him?” An idea popped into her head.

“Find him? Where are we supposed to go find him? Lin Yi’s looking for the Fire Spirit’s Fruit for Xiaoxiao, so don’t disturb him,” Mengyao said, “If you’re bored we can go shopping with Tang Yun this afternoon.”

“Shopping, huh... Without Shield Bro it doesn’t sound too interesting...” Yushu said, bored out of her brains. She looked at Goudan, who was sitting at the door like a dumbass, “Yo, lil’ Er, Shield Bro’s your boss, so how come you’re so boring? Always silent and sitting at the door, what kind of bodyguard are you?”

Goudan’s behaviour troubled Mengyao as well- wasn’t this guy too professional? Sitting at the main door when they were at home, like some door god, just sitting there... When they went out he’d just sit in the car and just sit there, without talking...

“Boss told me that I must keep you guys safe- I feel that this is the only way to keep you guys safe!” Goudan said as if it made complete sense.

“Oh... You win,” Yushu was speechless- this Goudan didn’t listen to her at all, he was a dead man! Doing whatever Lin Yi told him to do, and not doing whatever Lin Yi said not to do.

Without the big chef Lin Yi, they ate the food Uncle Fu sent to them for three days.

In Donghai City, there was an especially fancy villa. A fresh looking old man in white robes was looking with angry eyes at a man who had been blasted in half, “The enemy was certainly a merciless one- he did all this to you?”

“Yes, Shifu, you have to avenge me!” The man was Ma Zhu, and he was missing a limb. Lin Yi had blasted a major portion of his body with his energy bomb, turning him into a disabled man. He couldn’t hold the sorrow inside him anymore as he burst into tears, “My Golden Armor is basically gone now, I can’t be a practitioner anymore!”

“Don’t you worry, I’ll make that Lin Yi brat beg for death! I’ll let you deal the finishing blow!” The old man was Jin Wudi, Earth class early phase peak physical practitioner!

“Thank you, shifu, but... I... !” Ma Zhu sighed as he looked at his situation.

“Don’t worry- I’ll find some way. I’ll get you some spiritual practitioner’s arts as well. You won’t go far as a physical practitioner, but if you become a full fledged spiritual one, it’s the same. In fact, you’ll be even stronger as a spiritual practitioner!” Wudi consoled. Although at the same time, he knew it clearly himself- Ma Zhu’s life was over!

This was the Zhen House- Jin Wudi’s arrival was welcomed passionately by the Zhen father and son.

“Elder Wudi, your arrival really brings honor to our house!” Zhen Dazhou said very respectfully, “Is there anything else you need?”

“Hmph, no need to try and get on my good side, I know what you’re thinking!” Wudi was aware, “No need to put on that act, I came here to avenge my disciple, and of course, if that brat is your enemy, I’ll take care of him anyway. You don’t have to thank me.”

“We do, we do...” Dazhou said awkwardly, “This is just a bit of our thanks, please accept it...”

He gave him a big red packet.

“What is it?” Wudi said flatly.

“It’s a cheque for ten million,” Dazhou didn’t expect him to just ask right away, but he spoke honestly.

“Oh?” Wudi nodded and took it, “Speak. What do you want me to do?”

Wudi was a practical man- plus he did need money anyway. Sects needed money as well, but, like the hidden houses, they couldn’t just come out and make money. They had to let some of their disciples use illegal means to do that, and Ma Zhu was one of them.

Chapter 1369: Greedy Houses

Zhen Dazhou relaxed once he saw how straight to the point he was- this was the type of person he liked most- people who took the money and took lives! He could cut the bullshit already, “Invincible Elder, you see, my son Yingjun had been coveting those two girls beside Lin Yi for a long time, and the things that happened were also because of those two bratty girls, so we can’t just let them go...”

“Your son wants to play with those two girls, just come out and say it- stop mumbling! I’ll only look to the perpetrator to seek vengeance on him, I don’t care how the entire thing came to be! All I know is that this Lin Yi is the one who hurt my beloved disciple, so I’ll go find him!” Wudi hmphed, “But since you’re giving me ten million- it’s just two girls, I’ll get them for you!”

“Thank you, invincible Elder!” Dazhou said quickly.

Ten million for just two girls- this did hurt Dazhou substantially, but he didn’t dare not spend this money. The reason was simple- Dazhou’s son had become an eunuch because of Lin Yi, and even Zhao Yaowang’s curing couldn’t fix him completely.

And so, Yaowang gave an idea- they needed to find the root, and that was the fact that Yingjun had very much been coveting Mengyao and Yushu! Might as well take them and stimulate Yingjun, perhaps his desire would cure everything just like that!

For the sake of their house’s future, Dazhou had to spend this money to get the two girls for his son! Curing him was the most important thing.

Wudi leaving the mountains was no secret, so House Yu, Xiao, and the hidden house Zhao and Pi were all aware of the news the moment he landed in Donghai. The other houses also knew of this news.

He was a physical practitioner, and House Wu had especially been keeping tabs on him.

“Zhishan, Jin Wudi has come to Donghai- represent House Pi and go visit him. His enemy is also our House Pi’s enemy, after all, and if possible we should help him out!” House Pi’s head said to his son Pi Zhishan.

“Father, Jin Wudi is but an Earth Class early phase peak physical practitioner, do we need to treat him so seriously? Even giving him a personal visit?” Zhishan said, not understanding the situation. The guy may be an Earth class, but in that sect, he was the only Earth class! It may be called a sect, but in the world of hidden houses, it was the weakest one! If it weren’t for Jin Wudi, that sect would be the same as a common noble house.

“Zhishan, don’t look down on this Jin Wudi. He may only be an Earth class early phase, but he has the Golden clock armor, protecting his entire body! Even I can’t do anything to him- with his Golden clock protection in full completion, unless his opponent was someone one entire level above him, someone at the same level as him wouldn’t be able to do anything at all!” Pi Jiake said seriously.

“Seriously? So basically, only a Sky class could fight Jin Wudi, and even you, dad, an Earth class late phase peak physical practitioner- you can’t fight him?” Zhishan’s face was shocked.

“It’s not that.. perhaps it’s true that he would not be able to beat me, but I definitely would not be able to beat him for sure! Because everything I could throw at him would not have much effect!” He smiled bitterly, “This was the biggest advantage of the Golden clock protection technique, even a Sky class- if he wasn’t a specialist in an attack type technique, he wouldn’t be able to do much to him, unless it was a practitioner with a specialized high attack power. Only someone like that would be able to damage him...”

“I see- no wonder you put so much value in him!” Zhishan said.

“That’s right- he’s just early phase peak physical, but by the hidden house’s standards, his sect is at the same level as our hidden house! We might look down on his strength a bit, but we still need to give him face!” Pi Jiake explained.

“I know, I’ll go visit him right now. If he’s able to kill that Lin Yi or that Great Warrior, that would be great!” Zhishan said, “That warrior guy is evidently a strong physical practitioner as well, otherwise he wouldn’t have been able to kill Pi Yangyang in one hit! Although, he would not be able to do that to Jin Wudi!”

“That’s right, that would let us reap the benefits as well!” Jiake nodded.

At the same time, Yanjing’s House Yu were also aware of Wudi.

As much as they were happy about someone causing trouble for Lin Yi, they were disappointed as well- House Yu’s revenge was taken by someone else! Elder Yu was currently doing a mission for the hidden House Yu, and was unable to avenge their family. He, himself, was not able to delay Jin Wudi too. So, at best, they had to settle with letting someone else kill Lin Yi- who cared if it was someone else who sent that bastard to death!

Hidden House Zhao, on the other hand, were also aware- but the head of the house Zhao Guanyin could only keep silent! The hidden House Zhao was now under the authority of his old man, and while he was technically the head, his authority was very limited. If he was able to do anything to Lin Yi he would have

already went for it- though Wudi making his move did solve this big problem of his which was taking revenge for Zhao Qibing. But he couldn't say that out in the open, and so he gave Qibin a phone call to tell him to pay attention to the situation.

"Qibin, Father may not be able to personally take revenge for you, but this time Ji Wudi's coming down from the mountain, targetting Lin Yi- when he goes to him, you can go take a look. It's revenge for you!" Guangyin said as he dialed Qibin's phone.

"What a pity, dad- it's Jin Wudi doing the deed- it would have been so much better if I was the one that did it!" Qibin was more or less unwilling.

"Qibin, you know my situation, too- it's an awkward position here in the hidden house Zhao. The old man's not giving permission, and I can't move any practitioners Earth class and above! But killing Lin Yi requires at least an Earth class!" Guangyin said, "My brother, your uncle, is also now aiming for the spot of the head of the house. If it weren't for the fact that House Yu's Yu Xiaojing was my wife, my position here might not be as stable... So son, you need to understand..."

Chapter 1370: Secret Message

"I know, I understand!" Qibing nodded, "It is mother Yu that doesn't want to acknowledge me as son, it's fine- I was not thinking of going back either, I'll just stay on the outside and get you money! I'll let you become the head of House Zhao!"

Qibing said that, but it wasn't what he was thinking. He wanted to be head of the house too! Saying what he said now was because he knew that was currently impractical. No matter what, Guangyin needed to get to the seat first before he had any chance.

Of course, Wu Chentian received a call from Wu Gonggao as well!

"Chentian, how are you recently? I heard House Xiao's two practitioners got offed?" Gonggao had been in isolated practicing and had just broken through into Mystic mid phase when he received such shocking news! He knew that his grandson was close with the Xiaos, and was worried.

"Yeah, my boss killed them with one hit! That was a physical practitioner of Mystic late phase peak, and my boss just killed them both with one hit! He's amazing!" Chentian was happy to talk about Goudan.

"Your boss? What? You're saying that the masters from House Pi were killed by your boss? What happened, when did you get yourself a boss?" Gonggao could not handle so much shock at once, "You were involved in the whole thing? You know that they were men from the hidden house's right? You've gotten yourself into big trouble!"

"I didn't get involved, I only called him boss after he did the deed- I went to him after I saw how he killed Pi Yangyang with one hit! I asked him to give me pointers- things are looking good for me if he does!" Chentian said gleefully.

"Idiot! You... You... How are you such an idiot? This sort of thing was the type of things people try their hardest to avoid, and you went and called him boss? I hear that he's a follower of Lin Yi, so is Lin Yi your boss as well?" Chentian was choking with piss, "Cut all ties immediately, or House Wu will be done for!"

“No, his follower, Er Goudan, is my boss, Lin Yi is my big boss now,” Chentian said, “Why would House Wu be finished? I think this is a great chance for us! With Boss Er Goudan guiding me, I’ll improve my strength really fast- with such a young powerhouse in House Wu, we’ll have a big spot in the noble houses!”

“Aren’t you big rivals with Lin Yi? Why’re you calling him your big boss? You idiot, the Golden clock protection sect’s head, Jin Wudi, has already left the mountains, his target is Lin Yi! Lin Yi is dead for sure! Go and cut ties immediately or our House Wu will get involved!” Gonggao raged.

“Golden Clock sect’s Jin Wudi? Isn’t that an Earth class late phase peak physical practitioner? He wants to fight big boss? No, I need to tell Boss Goudan right away so that they can prepare!” Wu Chentian’s first reaction was to warn him!

“Shit! You damn useless idiot, Lin Yi is a dead man if Jin Wudi goes onto him! If you do that, it will just bring doom to us all!” Gonggao was bursting with rage- was his grandson doing this on purpose? He’s going to Lin Yi even now! Plus, weren’t they love rivals? “Isn’t Lin Yi your love rival? Why are you...”

“Oh, since Sun Jingyi is a woman big boss likes, I can’t go after her as a follower’s follower- I can only cut away my love! But it’s fine, a strong man would not have trouble finding a wife! When I become a Mystic, I can get whoever I want, I can even get multiple wives!” Chentian was full of optimism, “Jingyi is good, but she doesn’t belong to me- I’ll stop wasting time , plus I’d piss big boss off too! Alright, grandpa, I have to go warn Boss Goudan now!”

“You- You... You traitorous grandon! You...!” Gonggao’s heart twisted in pain, and his eyes rolled back and fainted.

But Chentian had already cut off the call by then, completely unaware.

And so he quickly ran over to Lin Yi’s house, pressing on the doorbell.

The door god Er Goudan walked to the door instantly, pausing when he saw who it was, “You... You’re that Wu something right? Why are you here?”

“Wu Chentian!” Chentian said with a big smile, “Goudan boss, I came here with an important message!”

“What? What are you saying?” Goudan blinked.

“You see, according to reliable source, the head of the Golden Clock Sect, Jin Wudi, has left the mountains, aiming for big boss Lin Yi! He’s an Earth class early phase peak physical practitioner- boss, can you take him?” Chentian said cleanly.

“Earth class early phase peak? Is that tough?” Goudan frowned- he lived in the village all his life and had no understanding on the difference of levels. He genuinely didn’t know.

But Chentian took that wrongly, ‘Is that tough?’ was interpreted as Goudan looking down on him in disdain!

“Haha, in your eyes, of course it’s not much, but I heard that his physical practitioner’s technique has reached a completion stage- the Golden clock protection’s full completion! Even a normal Sky class fighter wouldn’t be able to do anything to him!” Chentian warned.

“What golden clock? If he dares to come, I’ll kill him with one hit!” Goudan didn’t care about what clock or whatever, but if this guy really dared to come, he’d one shot him!

“HAHAHAHA!” Suddenly, a piercing laughter came from behind.

From an SUV, a white robed old man came down. Behind him was Zhen Dazhou, Zhen Yingjun, Pi Zhishan, and the two brothers of House Xiao, along with Zhao Qibing on a wheelchair!

These people were all enemies of Lin Yi, and so they all came to spectate after visiting Jin Wudi! The white robed man, on the other hand, was none other than Jin Wudi himself!

It didn’t matter who, everyone on that side thought that Lin Yi was dead for sure!

With Jin Wudi, an Earth class early phase peak, golden clock protection full completion- there was no way Lin Yi could possibly do anything at all, he wouldn’t be able to even scratch the man! They were all here to see how Lin Yi would die!!
