

Bodyguard 1431

Chapter 1431: First Impression of House Zhao

Li Cihua nodded and went to get Zhao Qibing out from the room.

Dad, you are here?" Even Zhao Qibing was surprised to see his father here.

"En..." Zhao Guangyin nodded, "Qibing, now, bring that item with you, we are going back to House Zhao together now!"

There were many people in the bar now, so to avoid being eavesdropped on, Zhao Guangyin refused to mention the three words.

"Okay!" Zhao Qibing nodded, "This item is right here, we can go now?"

"Let's go!" Zhao Guangyin knew that Zhao Qibing's legs were broken from the beginning but looking at his own child in a wheelchair now made him emotional. He walked behind Zhao Qibing and personally pushed him out of the bar, "Cihua, I'll leave the everything here to you!"

"Boss, don't worry, I'll do my best here when Master Bing is not around!" Li Cihua quickly nodded.

"En, but remember in this very period, we must stay low, don't mess up again!" Zhao Guangyin ordered, "There's a saying, "Compromising will make a conflict much easier to resolve," The old master will have to be isolated very soon, we shall prioritize on this and not create any problems for him!"

'Yes, boss!" Li Cihua's face became solemn. It seemed like the day of the old master breaking through the sky division was finally here. Once the old master became a sky class master, House Zhao's overall strength would be dramatically increased. In the meantime, it would be best for them to stay as low as possible!

Zhao Guangyin nodded and left the bar with Elder Bi and his son.

Upon reaching the car, Elder Bi took the chance to lift Zhao Qibing up from the wheelchair and place him in the back seat of the car while he went back to the passenger seat.

The reasons behind his action were because of Zhao Guangyin being the future master of House Zhao. Second, Zhao Qibing was considered an important figure now because of his contribution. If this pill was the real thing, his position in the house would definitely be upgraded, he could even end up being the next successor of House Zhao!

To avoid any unwanted incidents, Zhao Guangyin ordered the driver to return House Zhao immediately without any delay.

"Qibing, let me introduce you, this is Elder Bi. He is your grandfather's housekeeper and also our House Zhao's previous housekeeper," Zhao Guangyin introduced, "You can call him Grandpa Bi."

"Yes, dad!" Zhao Qibing replied and greeted with all due respect, "Grandpa Bi, nice to meet you! Thank you very much for lifting me up just then!"

“Hehe, young master, this kid isn’t half bad, he knows manners!” Elder Bi smiled and nodded.

Zhao Guangyin was put in an awkward position- he knew what Elder Bi was mentioning, his other son was cocky and had no manners but no one could bear to blame him. Being the first grandchild of House Zhao and the son of the current master cultivated his arrogance.

Especially when he was at his rebellious age and did not know the immensity of heaven and earth. Meanwhile, Zhao Qibing received a compliment from Elder Bi!

How unrepresentable was Zhao Qibing’s true nature, only Zhao Guangyin himself knew. The only difference between this son and his other son was that Zhao Qibing knew to show a little more manner in front of the elders!

But of course, Zhao Guangyin wouldn’t expose his son’s secret to Elder Bi. He might be the current master of House Zhao now but Elder Bi was closer to his nephew instead of his son. Being the senior member of House Zhao, his opinion and perspective was the utmost important in the next selection of the new head of House Zhao!

Now that Elder Bi had taken a liking to Zhao Qibing, this made Zhao Guangyin pretty pleased!

“Grandpa Bi, you flatter me! Knowing manners is an excellent traditional value,” Zhao Qibing replied humbly, “But I have not seen the world, and do not know the rules much. I hope Elder Bi won’t blame me and guide me when I meet grandpa later!”

“Naturally, just stick to grandpa Bi later, I’ll cover you!” Elder Bi was delighted to hear that from Zhao Qibing.

The whole journey back to House Zhao was silent. Zhao Qibing, and Elder Yu finally relaxed when they arrived at the manor. This pill was extremely important so they were afraid that something might happen on their way back to House Zhao but it seemed like House Yu hadn’t noticed something was up yet.

The car could only reach the carpark of the manor. The path to enter the house was narrow and not suitable for cars so all of them had to walk inside while Zhao Qibing had to still be in his wheelchair.

Zhao Qibing was stunned by the view of the manor, so this was House Zhao? If he could stay here and be a part of the Zhaos, how nice would it be? Zhao Qibing took in a deep breath and decided to seize any opportunity given to him!

If he could become the head of House Zhao one day, Lin Yi and Er Goudan would be nothing but ants in front of him!

“Guangyin, this...” Zhao Guangyin couldn’t believe that his wife, Yu Xiaojin just happened to be there- she was staring at Zhao Qibing with suspicion. It was obvious that his wife had already found out who the person was.

He believed that with Yu Xiaojin’s connections, there was no way she hadn’t already obtained Zhao Qibing’s personal information. However, since Zhao Guangyin didn’t contact Zhao Qibing all these years and Master Zhao forbade Zhao Qibing from returning House Zhao- Yu Xiaojin chose to turn a blind eye.

However, this time, Zhao Guangyin brought this bastard back home in the public daylight- this made Yu Xiaojin uncomfortable!

"Xiaojin, this is..... Zhao Qibing.... I believe you already know about him.... so I won't do an introduction..." Zhao Guangyin became awkward all of a sudden and didn't know how to explain.

"Good! Guangyin, You really did it this time!" Yu Xiaojin smiled coldly, "I thought that you had given up this silly thought of yours all these years, but who knew that you would actually dare to bring him back?"

"Madam, if you have something to say to the young master, leave it to the later!" Elder Bi stopped Yu Xiaojin coldly, "Master was the one who summoned Zhao Qibing here, and I'm bringing him to see the master now!"

"What?" Yu Xiaojin questioned, startled. This was out of her expectation- Grandpa Zhao wanted to meet Zhao Qibing? Previously she thought that Zhao Guangyin was brought Zhao Qibing here to convince Elder Bi to support him in persuading his dad to allow him to come home. But who knew that she was wrong.

"Xiaojin, my father wants to meet Qibing. We'll talk about this later, okay?" Zhao Guangyin became braver after knowing that his father would be breaking through to the sky division soon. By that time, he didn't have to care about his wife's temper anymore as then, both House Yu and House Zhao would have a sky class master in the house!

Chapter 1432: What Rewards Do You Want

"Oh... Okay..." Xiaojin said helplessly. The old elder Zhao had already voiced his intention, and there was nothing she could do- although she didn't understand. Didn't the old man always have a disliking for what Guanyin did when he was younger? Did he not dislike the bastard that he had fostered outside? This was also why Qibing was never brought home, because the old man didn't support it in the first place- it was why Guangyin didn't do anything!

Her eyes were filled with confusion as she looked at the three leave. She felt that something must be up- she came from a hidden house, so naturally she wasn't an idiot. Since this was something the old elder Zhao had ordered, she couldn't just go and ask him- she would have to wait.

"Qibing, when you meet your grandpa later you need to have manners- don't say anything you shouldn't say!" Guangyin warned Qibing as they neared the old man's villa entrance.

"Don't worry dad, I won't," Qibing nodded carefully.

Elder Bi had already went ahead and informed Old Zhao, and came back soon after, "Young head, Qibing, the head of the house asks for us to enter together!"

Now, Qibing still hadn't received the approval of the old man yet, so Elder Bi didn't use a proper title for Qibing yet. He would have to call him Master Bing when that happened! No matter how high his status was, he was just manager in a high position of House Zhao- he still had to follow the rules.

Guangyin nodded and brought Qibing into the villa together. This was the first time he met the old man, having only met Guanyin before in the past.

The old man in white robes gave off an immense pressure, to the point where Qibing couldn't look him directly in the eye. Fortunately, he was in a wheelchair and so had something to hold onto. He would've been much more nervous otherwise.

"Qibing is it? Raise your head, let grandpa have a look at you!" Old Elder Zhao sighed slightly when he saw how grown up Qibing already was. It was the first time he had seen him after so long, having only seen pictures before this.

"Yes, grandfather!" Qibing raised his head respectfully, "Please forgive me, grandfather, I can't stand up to greet you, my legs haven't healed yet..."

"It's alright," Old Zhao waved his hand. Evidently, he wasn't giving Qibing the respect that Elder Bi was willing to give. He had less of an understanding towards him compared to Elder Bi, and he also that on the outside, the kid was a bit of a wild one, so who knew whether this respectful look he was showing now was real or not?

"I hear you've acquired a qi gathering pill?"

"Yes, grandfather, it's here!" Qibing carefully took out the small bottle with the pill inside, using both his hands to hold it in front of him, "I have never met you before, grandfather, but I've always thought of you- so when I heard House Yu's Yu Shuixing had this pill on him, I tried everything I could to get it to you, grandfather!"

"Lil Bi, have you checked the pill?" Old Zhao said.

"No, neither the head nor I have touched the pill. We were waiting for you to take a look yourself!" Elder Bi said carefully.

After all, Elder Bi was an Earth class late phase peak as well, with only one step away until Sky class. Because of that, he had to be careful and leave the pill alone- otherwise, if it were to be fake, there was a chance that people might suspect him of swapping it away.

"Bring it here then," Old Zhao nodded. He knew what Elder Bi was thinking, and after all these years he had strong trust in him already. All these years, he always gave the treasures for him to use first.

"Yes!" Guangyin took Qibing's pill and gave it to the old man.

He took the pill, excited at the small bottle. Taking a deep breath, the old man opened it carefully and sniffed it- his eyes had a flare of joy, "This is it! This should be the qi gathering pill!"

Old Zhao was on the verge of breaking through, and as a result had done extensive studies on the pill. He had been searching everywhere for it, and was well aware of how it looked and how it smelled- one look was already enough to confirm it was real!

"So it is the pill!" Old Zhao stood up all of a sudden as he looked at Qibing gratefully, "Haha, I didn't expect this, what a surprise! With so many capable people in House Zhao, using all their resources to look for this pill- in the end it was the bastard of House Zhao that found it, and I never even mentioned it

to him! He had the heart to get it all himself! You all take a look, Guangyin, take a look! What a marvellous grandchild!”

It was only natural for the old man to be this excited and happy- this was something he had spent a long time looking for, an insane treasure- Qibing had done a powerful deed for House Zhao! There was no one who could match his feat!

“Thank you, Grandfather! I might be a bastard, and I might’ve grown up in the common world, but I have always been careful- I’m a family member of the Zhaos, so I would do anything for House Zhao, it’s my responsibility as well! This was what I was supposed to do, there’s no need for praise!” Qibing said respectfully.

“Good, very good!” Old Zhao said, finally giving his approval, “Good, indeed! What reward do you want? Tell me, as long as I can manage it, I’ll give the promise!”

Qibing froze in excitement as he heard the words- he wanted to be the heir, the future head of the house, but naturally this wasn’t something he could say, he would be an idiot if he did. Grandpa was only saying that as courtesy, if he really were to say something like that it would be just too arrogant. Even if his grandpa didn’t say anything to him to his face after that, there was no way he would like him. In the end, he wouldn’t even become the heir.

And so, he made sure to look shocked, “I’ve said it already, this is the least I could do! I didn’t do it for a reward- this was all what should be expected of me.”

“Haha!” Old Zhao started laughing, “You really don’t want anything? Just say it. If you wanted to be a practitioner, or if you wanted to come back to House Zhao, or maybe... to be brought up as the next heir?”

Old Zhao’s words were heavy- this made Qibing tempted, but he knew that this was most likely a test. The two things he mentioned first would be granted if he wanted it, but the last one about being the heir... Qibing knew that if he really said yes to that reward, the pill would be as good as wasted, his efforts would’ve been wasted!

Chapter 1433: According to Plan

“Can... Can I really ask for anything? Will you grant me anything I ask for, grandfather?” Qibing said after some hesitation, pretending to look greedy for a second.

“Naturally, I’ll keep my promise!” Looking at his face, Old Zhao had a trace of disappointment in his eyes. He thought that the bastard who grew up in the common world may be a little bit special, but who knew? Under the promise of wishes, the man showed his true colors! However, this was also the man who achieved a great feat for the sake of their house- as long as he made a wish, he would have to fulfill it. This not only mattered in terms of his reputation, it was also something he had to do for the sake of how other people saw him. Anyone who contributed to House Zhao must be rewarded!

“Then... I’ll make a request that might be outrageous!” Qibing gritted his teeth, as if he was about to say something big after thinking it over repeatedly.

“Speak.” Old Zhao didn’t feel pleased, but he didn’t show that on the outside.

“Grandpa... I know that this is a bit unreasonable, but I must say it!” Qibing said, “Grandpa, I hope that you will be able to give me a nerve opening elixir, please grant me this request!”

“Huh?” Old Zhao paused- he thought that Qibing would ask to be the next heir. He would, of course, say yes, but that would also mean that he would have seen the true colors of Qibing. If he didn’t have any other achievements in the future, he could always just kick him out.

But the guy was asking for a nerve opening pill! It might be an expensive one, but it wasn’t like Qibing could use it, could he? This was something that was only used by practitioners when all their nerves were destroyed- not only was Qibing not a practitioner, he didn’t even have nerve damage. Why would he need this?

“I know that the elixir is really expensive...” Qibing said disappointedly once he saw the shock on his grandpa’s face.

“You want a nerve opening elixir?” Old Zhao was confused, “It may be expensive, but compared to a pi gathering pill, it’s an absolute world of difference. I’m just curious- why do you need this pill?”

“Well, this is what happened. Uncle Zhu is one of my men, and he risked his life to protect me. All his nerves were destroyed by that Lin Yi, and now he has fallen from Mystic to Golden class... I don’t want to see him lose his strength just like that, so I hope to get him a pill so that he can practice again!” Qibing said.

“Oh? Is that why?” Old Zhao was completely surprised- he never expected for Qibing to ask for a pill for Uncle Zhu! A chance like this, where Qibing could ask for anything big... And he gave it to someone else! This made Old Zhao completely re-evaluate him- he might really have misjudged his grandson! This was a man of loyalty and friendship!

From looking for the pill and asking for the elixir for Uncle Zhu- this was enough proof of his selflessness, and it really moved Old Zhao! The bastard who grew up in the common world really was different!

“Yes! I hope you will grant me this request, grandpa!” Qibing said solemnly.

“Alright! I will grant this request! But this is something that we should do in the first place- lil’ Zhu is your follower which means that he is mine as well- giving him this pill is the least we could do to take responsibility!” Elder Zhao nodded, “This one doesn’t count- if there is anything else you want, do say it!”

This time, he really did want Qibing to make another request- after all, with the sheer power of his contribution to the house, the old man, himself, would feel guilty if he didn’t ask for anything!

“Bu, grandpa, I really don’t have any other requests...” Qibing said after some thought, shaking his head.

“Qibing, do you want to become a practitioner?” Elder Bi said suddenly.

“That’s... Of course I want to, but I’ve already passed the age for when it is best to become a practitioner, it’s too late for me...” Qibing smiled bitterly.

“That is fine- since you’ve heard of nerve opening pills and qi gathering pills, you should be aware of a pill called the foundation pill- it can change your nerves and bone structure, allowing you to step onto path of practicing!” Elder Bi turned to Old Zhao, “Head of the house, I have a request- I’d like to take Qibing as my disciple, please grant me this request!”

“Oh? Lil Bi, you’re willing to take on a disciple now? This is a surprise- with so many people wanting to be under your mentorship, you’ve rejected them all, only to bring this up yourself?” Old Zhao looked at him, shocked.

“Zhao Qibing is a man of good nature- with his contribution to House Zhao, he is exactly what I’m looking for in a disciple!” Elder Bi said.

“Since that is the case, I’ll make a decision for Qibing here- and let Qibing follow you in the arts of practicing!” Old Zhao nodded, although feeling a bit shocked. Old Zhao didn’t say who would be the next heir, but Elder Bi’s attitude here was very important!

Once he went into Sky class, he would go and pursue the higher Sky arts- this meant that all the major things regarding the house would fall on Zhao Guangyin and Elder Bi. Whoever Elder Bi liked, he would foster him into becoming the next heir- it seemed like Qibing was the one with the most hope!

But he didn’t stop Elder Bi. Since Qibing was of Zhao blood, with an immense contribution along with a good nature- there was no reason for him to be temporarily raised by him.

“Qibing, greet your shifu,” Guangyin was feeling conflicted as well, but was also overwhelmed with joy! Qibing was his son, and now that Elder Bi was taking him as student, that meant that Qibing’s status would keep going up. He could even have a chance at becoming the heir!

“Greetings, shifu!” Qibing happily bent down to kneel, but his legs weren’t recovered yet, and it caused him to flip over the wheelchair and fall, almost breaking his skull!

“No need for that, wait until you’ve healed!” Elder Bi said, very happy that Qibing was a respectful man towards his mentor as he helped him back to his chair with a smile.

“Alright, Qibing, maybe you don’t understand the meaning of Lil’ Bi taking you as his student yet, but let Guangyin explain it to you later. I need to go into isolated practicing now, you must work hard!” Old Zhao nodded to Qibing- he was getting excited to practice now.

“Don’t worry, grandpa, I won’t let you or shifu down, I’ll try my best to practice, and one day, become Sky class like you, grandpa!” Qibing’s words essentially made it so that he was respecting his old man as a Sky class, even though he still hadn’t reached it yet.

Chapter 1434: Yu Ning’s Worries

“Haha, good, very good!” Old Zhao was clearly very happy- he turned to Elder Bi and Guangyin, “Guangyin, lil’ Bi, I’ll let you two handle the house’s affairs for a while- I’ll need to be practicing in isolation, and it might take a very long time. We must be careful during this period- don’t attract any trouble and just try to endure it first, and by the time I become Sky class, House Zhao will no longer need to fear anyone!”

"I understand, father, I've already instructed Li Cihua to be more reserved," Guangyin nodded.

With the approval of Old Zhao, Qibing naturally entered the Zhao house. While there were disapprovals expressed within the household, Elder Zhao was in isolated practicing, so even if someone had something to say, there was nothing they could do. In the first place, Old Zhao's decisions weren't something for other people to question!

Of course, putting that aside, there was also the fact that Elder Bi had taken Qibing on as his disciple- this was like a landmine to everyone's ears, especially threateningly so to Yu Xiaojin! Qibing moving into the house, to be frank, wasn't that big a deal- she would just be uncomfortable about it, but that was it.

But Elder Bi taking him as his disciple was a very suggestive move- could it be that the old man was planning on raising him as the heir?

Xiaojin exploded when Guangyin walked back into the room! She needed to know just what this Qibing was here for!

"Zhao Guangyin! Speak, tell me- what are you planning, bringing that bastard home?!" Xiaojin was someone with a strong background, too, so there was no reason for her to be modest in the Zhao house, "Letting Elder Bi take him as disciple? You want him to be the next heir? That's not possible, the heir must be a child of yours and mine!"

Xiaojin wasn't the type to go crazy like this, but this was way beyond her expectations.

"Xiaojin, bringing Bing back was something done by father, not me, and Elder Bi was the one who took him as a disciple!" Guangyin said, "Don't yell at me, I don't know the insider information, but this isn't some secret- if you don't believe me you can go ask Elder Bi yourself! Alright, I'm tired, I'm going to rest!"

Guangyin's relationship had always been cold with Xiaojin- his relationship with her had never been very passionate, especially since he had played a countless amount of women before. Their marriage was also one not born of love either. He had been letting her win the past because House Zhao needed House Yu's strength, but now that his father was soon to be Sky class, there was no reason for him to be like that anymore, they would be equals with the Yu's soon!

Plus, there really wasn't much he could say about Qibing's stuff, either, since the elixir was taken from a man of the Yu house! Speaking too much would give away some information, so Guangyin decided to just keep silent!

Xiaojin evidently wasn't expecting this attitude from him as she was also someone from a big house! She knew that something was up, something didn't make sense! Since Guangyin didn't bother explaining to her, she wouldn't argue with him, since that would only make things more difficult and awkward!

What she decided to do instead, was give her elder brother a call- her father was always in isolated practicing, and was something of a god that protected House Yu. He wouldn't leave isolation easily, and it was her brother Yu Xiaochen that made all the decisions for their house.

"Hello?" It was a young girl's voice.

“Ning? Is that you? I’m your aunt!” Xiaojin could hear that it was Yu Ning- she smiled, “Is your father there, I need to talk to him.”

“Wait a second, auntie, dad is talking with his men- I’ll tell him to call you back later?” Yu Ning asked.

“That’s fine. Tell him to call me later then, tell him he has to call my handphone, not my house phone!” Xiaojin said.

“Alright,” Yu Ning was confused- did something happen over there at the Zhao house? She stopped her thoughts there though, since she didn’t want to get involved in the stuff between houses, nor did she want to carry the burdens of House Yu, she just wanted to be a normal girl...

“Ning, who called?” A boy around the same age as Yu Ning walked over.

“Brother, it’s auntie, she’s looking for dad...” Yu Ning said, “Since you’re here, I’ll go back first- you tell dad later.”

“Alright,” Yu Ning’s brother smiled bitterly, “Going to draw?”

“Not now,” Yu Ning shook her head, “No leads on him yet?”

“There is, but... Some things can’t really be said...” Yu Ning didn’t say who the person was, but her brother knew- it was Lin Yi. In the past, there was no info on the man, but now there was plenty of it, though he didn’t know how to start telling her about it.

Lin Yi actually went and became enemies with the common house Yu, and so naturally House Yu would stand behind the common House Yu, there was nothing to be said about that. As a result, he was worried that his sister would do something unreasonable, so he never told her the truth.

As the next heir of House Yu, Yu Bing naturally had access to the information channel of House Yu, and the news surrounding Lin Yi was also becoming more and more abundant. This made him happy, but also put him in an extremely difficult position!

He didn’t want House Yu to have conflicts with Lin Yi, no matter if it was from the perspective of a brother or from his sister’s perspective- he didn’t want House Yu to become Lin Yi’s enemy!

But that wasn’t something he could decide- the head of the house was his father, Yu Xiaochen, and the common house Yu had been earning a lot of money for them. The hidden house Yu never respected them, but they couldn’t just leave them be when something happened to them. Otherwise, who else would earn money for House Yu?

And so he kept trying to dampen the negative news regarding Lin Yi, letting his father put his focus on the qi gathering pill’s news. His father was already an Earth class late phase peak with only one step away from becoming Sky class- with that pill, it wouldn’t be a dream anymore.

“Brother, you have his news? Then why aren’t you telling me?” Yu Ning said happily as she shook her brother’s arm, “Come on, tell me!”

“He... Right now, he’s big enemies with the common House Yu...” Yu Bing sighed after a while, deciding to tell the truth. It wouldn’t be good to keep hiding it from her.

Chapter 1435: Parting With Er Goudan

“Ah!” Yu said, shocked, “Then what should do? Can you try to mediate with them and settle things down a bit?”

Yu Ning was both panicking and angry- this Lin Yi! He just had to choose the common House Yu to become enemies with, did he? Doing this would make things harder between him and her! She'd been trying to fight for the both of them all these years, and while there hadn't been any results, there had been hope- if Lin Yi became enemies with House Yu even that hope will be gone!

“I can't...” Yu Bing smiled bitterly, “With the Common House Yu, one has already died and one was injured- their resentment towards Lin Yi is too grave, even us as the Hidden House Yu cannot really press down on this matter. We can't even really leave them alone now, let alone telling them to stop wanting revenge!”

“One dead and one injured-!” Yu Ning didn't think Lin Yi would be this violent, killing one and injuring the other! This really wasn't something they could sweep under the rug, not even for the hidden House Yu!

Yu Ning understood that the hidden houses thought about stuff like profits, and as for personal relationships, that was only done under the context of profit as well. There was no way her house would stand on Lin Yi's side this time, there was nothing she could do.

“Sis, no need to worry- I'll try to tell father to not meddle with this- then it'll only be the common House Yu that's going after Lin Yi- he should be able to handle it. He's no idiot, either, messing with the common House Yu, he would know who he was dealing with, he's not that dumb,” Yu Bing said. “It's been so long, too, and the common House Yu still cannot do anything- this proves that.”

“I guess that's all we can do now- please, I'm counting on you, brother!” Yu Ning nodded, a little bit relieved. As long as the hidden house Yu doesn't meddle in, Lin Yi shouldn't be in much danger.

“There's no need for you to worry, I'll do my best,” Yu Bing nodded.

Meanwhile, in the House Yu meeting room, Yu Xiaochen was talking with Elder Yu Huoxing.

“So you're saying that, not only did you not find the qi gathering pill, you also didn't find the personal refinement notes? Not only did you waste your time going there, you even got injured?” Xiaochen said as he looked at Huoxing.

“Yes... master head... The tomb is way too dangerous, and the tombraders even had infighting, with a lot of them dying, in the end no one entered the underground palace...” Elder Yu said carefully, not daring to say anything wrong in front of the head of the house. Xiaochen was also Earth class late phase peak, which was much stronger than Elder Yu! Plus, Elder Yu knew that he had messed up and was lying, too, so he was treading really carefully.

“Trash!” Xiaochen said directly, “A simple mission, and look at what you've done! What utter trash!”

Huoxing was not pleased in his heart. If it weren't for the fact that the House Yu didn't want to cure him, he wouldn't have given out the pill! And if he did give them the pill, would they give him one billion for

Yao Wang to save him? He would have been dead already! Huoxing understood very well how House Yu worked!

This Yu Xiaochen was also a man who put heavy focus on money and profits. He was willing to spend one billion for a qi gathering pill, but spending one billion to cure him? That was completely impossible, so he decided to hide the complete truth. House Yu does not have anything to do with the tombraders anyway, so if he kept quiet, nobody would know.

House Zhao would keep quiet for sure, since they reaped the biggest reward- Huoxing was at least relieved on that part.

"I'm sorry, master head, I'll gladly take my punishment!" Huoxing knew that even though he didn't complete the mission, it would also just mean that he did not achieve anything. Xiaochen wouldn't do anything to him, and he would still be at the bottom of the hidden House Yu hierarchy, getting only a small amount of practitioner treasures.

"So be it, you can leave- I'll think of something else for the tomb!" Xiaochen said impatiently with a wave of his hand. As expected, he wasn't punishing him, and was only frustrated- the pill he had been expecting for so long, the pill that finally had some leads to it- and in the end, nothing! This was like wrapping fresh hay around a horse's neck- it could only see it but not eat it!

"Yes..." Huoxing said, his heart tight. Xiaochen wouldn't send someone else to rob the grave, right? But even so, Huoxing remembered that powerful beast in the tomb, and was no longer worried. Without those tomb raiders, even a Sky class master would only be able to enter and not leave!

Xiaochen looked at Elder Yu leave, his face dark as he waved his hand, and a close aide of his came by. He spoke quietly, "What are your commands, master head?"

"Yu Liu, keep an eye on Yu Huoxing!" Xiaochen said.

"Understood... Master head, you're suspecting him of...?" Yu Liu said carefully.

"That's right- this old thing came from the common House Yu after all, we're not really on the same side. I'm worried he's keeping the stuff for his own use," Xiaochen said, "Don't let him catch you- just search in the shadows."

"Yes, master head!" Yu Liu said. He may be a lowly member of the house, but he was still Earth class middle phase peak, much stronger than Huoxing. He wouldn't be noticed by him at all.

Yu Yuanyuan didn't hesitate when she got the call from Goudan- she decided to go back home with him to heal his injuries! Yu Ren and Yuanyuan's mother didn't want her to go, but since she had made up her mind, they could only tell her to take care of Jiaming, and give them a call when they arrived.

"Our daughter's all grown up!" Yu Ren said emotionally.

"Dad, maybe you and mom can there too? I heard Zhou Jiaming say that it's in the mountains, the air is great there and all," Yuanyuan said.

"Haha, that sounds good- I'll go there when I'm a couple of years older!" Yu Ren nodded- their daughter was going there already, there was no point for them to stay here.

Miss Yu, on the other hand, had tears in her eyes.

Lin Yi, Mengyao, Yushu, and Tang Yun were all here to say their goodbyes- they were quite touched by Goudan's efforts these past few days, and while he may just be Lin Yi's follower, they still had established some level of friendship during this time.

"If you need anything, just come find me," Lin Yi said to Yu Ren with a smile, "Uncle Yu, Er Goudan and I are brothers- just tell me if something's wrong, as if you're going straight to him."

"Thank you, I'll keep it in mind..." Yu Ren nodded with a smile. He knew how powerful Lin Yi was- with someone like that on his side, he didn't need to worry about anything.

Chapter 1436: Dummy

"Boss, take care of your injuries! Boss Lin Yi and I will go visit you!" Chentian said melancholically as he sat in his wheelchair.

"Haha, don't worry about me- I'll be fine once I go back!" Goudan said, trying his best to smile.

Lin Yi nodded- Goudan was saying the truth- with his situation, all he needed to do was drink from the fountain.

As the train arrived, Goudan and Yuyuan went through the ticket gate- only after they had left did everyone leave the train station.

After sending Tang Yun home, Lin Yi went back with Mengyao, Yushu, and Chentian to the villa.

"Shield Bro, did you find the Fire Spirit fruit? Can Xiaoxiao be saved? It feels like I haven't seen her for so long, and I miss her quite a bit... Nobody plays with me anymore..." Yushu said with some longing.

"No, but I did find info on the fruit. I'll go get ready to find it after settling some things here," Lin Yi said, "This process might take a bit long, so during this time you guys have to stay at home and take care of yourselves- no need to worry about the bodyguard thing, you have Wu Chentian. So you should be fine."

"But I don't like him! He's kind of a dummy," Yushu said, feeling that Chentian wasn't really the type of person she liked.

"Shu, what are you saying!" Mengyao kicked Yushu before turning to Chentian, "I'm sorry, that's just what Shu is like."

"It's fine, not liking me is much better- I wouldn't dare let her like me even if she did!" Chentian said as if it were the most natural thing.

"..." Mengyao was a bit speechless. Shu was right, this person really was a bit of a dummy- he couldn't tell that she was speaking up for him.

"That pig in our house is called the Skybolt pig- with its help, I can find the Fire Spirit Fruit," Lin Yi said, "There's no need for you to worry about me, there shouldn't be much danger during my search."

“That’s good,” Mengyao nodded. She didn’t want him to go, but she wouldn’t say anything to try to make him stay because of how her personality was. Another reason was that she had to let him go so that Xiaoxiao could be saved- it had to be done.

“I’ll help Wu Chentian repair his wounds- call me if there’s something wrong,” Lin Yi said before entering the room with Chentian.

“Yao Yao, Shield Bro’s leaving again, but I wanna go with him...” Yushu said hesitantly.

“No way, you have to prepare for the final exams, they’re coming up,” Mengyao said, “Plus you can’t help him anyway, he’d still have to take care of you!”

“Oh...” Yushu was a bit disappointed, but Mengyao was right. There wasn’t any help she could offer.

Lin Yi went back to the room and looked at Chentian seriously, “I’m about to help heal your wounds, and then I’ll raise your strength level. But you’re a physical practitioner, and I’m not very good with that stuff. The most I can do is make some medicine to help with your body training. But I can help you become a spiritual practitioner if you want, and then you can just focus on the physical while supporting it with spiritual practicing. This will make you stronger than most people at your level, and you can even fight people above your level!”

“Ah?” Chentian froze- he couldn’t believe what he was hearing, “Lin Yi boss, what did you say? I feel like I misunderstood you, I didn’t hear clearly.”

After all, the dream of all physical practitioners was that they could practice both physically and spiritually- since this would close the gap between them and the spiritual practitioners. They could also fight someone stronger than them, and it also meant that as you practiced, regardless of whether it was the physical or spiritual one you went for, you would also improve the other at the same time!

For example, if a physical practitioner reached Mystic first, breaking through to Mystic while spiritually practicing would be much easier as feeling of the bottleneck wouldn’t be restricting him anymore! This was the same with spiritual practitioner- if he went through the bottleneck first, getting his physical strength through that bottleneck would be much easier!

And a spiritual-physical practitioner early phase Mystic wouldn’t have much of a problem fighting a middle phase Mystic spiritual practitioner- the two would be at the same level! This was something as overpowered as Lin Yi’s personal practitioner’s arts, though Lin Yi’s was still a bit more overpowered.

“The meridians on your ears are fine,” Lin Yi said after checking it, “So you didn’t hallucinate or anything- I don’t want to repeat the same thing twice. House Wu should have spiritual practicing technique as well right?”

“Spiritual... Yes!” Chentian said, realizing that Lin Yi was serious now that he brought up spiritual practicing again. This meant that Lin Yi was really about to turn him into a spiritual-physical practitioner!

Every physical practitioner’s sect or house had the existence of spiritual practicing, and while that practitioner’s arts weren’t especially special, it was used to support their physical practicing. The two sides were useful for each other.

And this sort of common spiritual practitioner's arts wasn't a secret or anything, and usually the houses didn't hide them- including House Wu.

However, House Wu's members were all focused on physical practicing- they didn't have the time to think about spiritual practicing!

Even though everyone knew that putting the spiritual practicing into your routine would make you become more powerful, it only counted if you could practise it! House Wu only had Old Wu try spiritual practicing once and he had given it up when there hadn't been much results.

And so, if House Wu's strongest Wu Gonggao failed, it meant that other people couldn't even hope to have a chance.

Wu Chentian naturally tried before for a few days, but he was met with no progress.

"You know a practitioner's arts chant? You've tried before?" Lin Yi asked.

"Yes, and I remember the chant, it's just that I only felt a little bit of qi. The energy at my house's place is too thin, and we don't have any special spiritual practitioner's elixirs or anything, so I gave up, "Chentian said honestly.

"Alright, I'll heal you first. Later, you'll channel your practitioner's arts and I'll level you up, though at that instant, when you breakthrough, it will hurt a lot. Can you take it?" Lin Yi asked.

"Ah? Breakthrough?" Chentian was thinking that even if Lin Yi could turn him into a spiritual practitioner, it would just be a matter of putting him on the path He wouldn't even be strong enough to breakthrough into gold class- but it seemed like that was going to be happening very soon? Was he about to become a spiritual Golden class practitioner, like his strength back then as a physical practitioner?

Chapter 1437: I'll Upgrade Your Strength

Wu Chengtian was overjoyed- wouldn't he be unbeatable by that time? He was getting more and more fired up, "I'm was not afraid of suffering when I first started training my iron fist, things were worse than this- I had to put my fist into burning coal. This is nothing, trust me, Lin Yi boss, I can tough it out. As long as you can upgrade my strength, even killing me is fine!"

"How can I upgrade your strength if you are dead...." Lin Yi was a little speechless- this guy's mentality was really weird! However, Lin Yi didn't comment on it and just nodded and held onto Wu Chengtian's meridians!

Wu Chengtian thought that Lin Yi was checking his pulse but in the next second, he felt an enormous amount of energy flowing into his body and the energy was healing his injuries! In a blink of an eye, some of his injuries were already healed- this was something out of his wildest imagination!

"Ah!" Wu Chengtian widened his in surprise. He was born into a noble house, though he might not have gotten injured all the time but when he was injured, the house always had a private doctor there to treat his injuries. These doctors were way better than ordinary doctors in the hospital but he had never once witnessed Lin Yi's way of treatment in his whole life!

What was this called? The pulse touching healing method? It was Wu Chengtian's first time experiencing it!

But Wu Chengtian closed his mouth immediately after his exclamation. He saw that Lin Yi had his eyes shut, concentrating all his efforts in healing him, so he couldn't disturb him now, could he?

Time passed, and Wu Chengtian's heart was still racing. He couldn't believe how fast his injuries were healed! How long was this? It didn't even take long and his injuries were almost fully recovered....

Suddenly, a thought came to Wu Chengtian's mind. House Sun, was this House Sun's healing arts? Wasn't this one of his dreams? To have Sun Jingyi to treat his injuries when he became injured in the future? But how did Lin Yi know House Sun's healing arts?

But, there seemed to be something different? Although it looked like House Sun's art, Lin Yi had treated many people, not just him, right? Naturally, Wu Chengtian had heard about Lin Yi's medical prowess before. Initially, he thought that Lin Yi was a scammer- treating his aunt's grandpa's illness. But now, he realised that he was wrong. How was Lin Yi a scammer? It was he, himself, that was just too ignorant!

Thinking until this point, Wu Chengtian blushed at his ignorance but luckily Lin Yi was forgiving- he had never mentioned that event at all. In fact, the reason why Lin Yi accepted him was because of his loyalty, if he hadn't saved Tangyun that day, Lin Yi would have never accepted him this easily.

What made Wu Chengtian even more impressed was that Lin Yi didn't only heal his current injuries, he also treated his previous inner injuries from his training! Wu Chengtian wanted to shout for joy- his bosses were just too powerful, one was already strong, but the other was stronger than the other!

No wonder even a person as herculean as Er Goudan had to call Lin Yi his boss! No one could deny this fact.

"Start chanting your spiritual arts," Lin Yi broke his silence.

"Oh, okay!" Wu Chengtian was startled and replied quickly. He didn't dare to waste Lin Yi's time and chanted his spiritual arts!

This time around, Wu Chengtian felt that Lin Yi was sending him a burst of thick pure qi. It entered his body, and as his chant was getting smoother and smoother, the pure qi continued to enter his body at full force!

The reason why he stopped practising his spiritual arts was because the pure qi in the atmosphere was too thin and he couldn't afford any treasures to take in pure qi externally. But things were different now, the pure qi Lin Yi was sending him seemed to be limitless. He was no longer limited by the amount of pure qi in this atmosphere, and his spiritual strength skyrocketed....

Even though he was amazed and excited, Wu Chengtian didn't dare to slow things down nor did he dare to rest- he wasn't willing to waste even a drop of pure qi. At this time, Chengtian was slightly panicked, wondering what would happen to Lin Yi. But since Lin Yi chose to do it, he would just feel sorry for Lin Yi if he didn't accept his offer! Hence, he could only work harder to maintain the speed he was at now!

Thinking more deeply, Wu Chengtian still felt that Lin Yi must somehow be connected to House Sun's arts- were Lin Yi and Sun Jingyi connected in some way? Regardless, he had decided to give up on Sun Jingyi and would never think about her anymore.

Besides, having a boss as powerful as Lin Yi, who would want Sun Jingyi? If his strength was really upgraded, why would he be afraid of not having a wife?

He got even more hardworking.....

Golden Class!

Wu Chengtian couldn't believe the fact that he just broke through! How long was it? Did he really breakthrough just like that? He spent his whole childhood on the physical arts to be a golden class master now but his spiritual arts didn't even take a few hours to become golden class? Wasn't this a little too fast?

Wu Chengtian didn't dare to believe, could he be the fastest person to breakthrough in history?!

While he was still puzzled, he realised that he was reaching the peak of the early phase soon....

Peak early phase of the golden class!

Wu Chengtian broke through again but this time he was slightly prepared, unlike the first time. It couldn't be right, could it? His spiritual strength had already exceeded his physical strength? Was this even real? Was he dreaming?

Middle phase of the golden class!

Wu Chengtian finally admitted that he wasn't dreaming....

Peak mid-phase of the golden class!

Wu Chengtian went numb- things had accelerated too fast, it was too much for him to process in such a short period of time. He couldn't even celebrate before he underwent another breakthrough.

Late phase of the golden class!

Wu Chengtian felt that his heart was going to explode soon, this type of increasing one's strength was something new to him!

Peak late phase of the golden class!

Wu Chengtian felt like he was flying in the sky out of joy but he could no longer try to figure out what was happening as everything was just too unrealistic. Even if he were dreaming, it was simple too impossible to happen. However, he knew that it wasn't a dream, the pain and pressure he felt during every breakthrough was so real. The process was painful, but it was nothing to his physical training- it was almost like kid's play.

Even if Wu Chengtian was a little arrogant at times, he was a person who could endure hardships. It was obvious that he had really spent a lot of effort and time and had gone through a lot of hardship to obtain the strength to stand where he was today.

“Next, I’m going to turn you into a mystic class master. The pain is going to be very intense but just endure it for a while!” Lin Yi informed.

This time, Lin Yi had to go on a long journey for the Fire Spirit Fruit, otherwise he would have never agreed to give Wu Chengtian this much strength. After all, they weren’t even close to begin with. He might have accepted him as a follower but normally, Lin Yi still needed more time to evaluate a person before giving him this much of a benefit!

Chapter 1438: You Have to Keep Your Promise

However they were in a critical moment, Lin Yi needed someone to protect Chu Mengyao, Chen Yushu and Tangyun- only by doing that could he guarantee their safety!

Mystic class? Wu Chengtian was stunned by the word alone. He was already super satisfied having the strength of a peak late phase golden class, even at that stage, who would be able to become that strong in one day? At the very least, Wu Chengtian himself had never seen miracles like this but he didn’t become a peak late phase golden class master in one day, he became one in just a night! Making him a peak late phase golden class was not enough, Lin Yi still wanted him to become a mystic?

Wu Chengtian’s body was trembling in excitement! When he begged Er Goudan to take him as his disciple, it was all due to the eagerness to learn. He wanted to be as strong as Er Goudan in physical arts but who would have thought that his strength would increase but from his spiritual arts not physical arts!

Before Wu Chengtian could get ready to take in the enormous amount of pure qi to breakthrough, he felt the energy already flowing into his body in one explosive wave. The energy exploded and expanded in his body, making his body bloat up in the shape of a balloon!

“AHH—” Wu Chengtian moaned in pain but he clenched his teeth immediately! He promised Lin Yi he could endure pain, he couldn’t allow Lin Yi to look down at him so he gave his best to take in the pain without making a single noise!

Lin Yi knew that Wu Chengtian could settle this by himself so when he was done with his part- he left the room as there was nothing he could do anymore, it was all up to Wu Chengtian. Success or failure depended solely on Wu Chengtian’s potential and capability now!

Having made Chen Yutian, Song Lingshan and General Weiwu into mystic class, Lin Yi wasn’t worried about whether Wu Chengtian could make it. As far as he was concerned, compressing the energy to breakthrough was manageable, at least it worked well during the peak late phase golden class.

It was already the next morning when he finished healing and upgrading Wu Chengtian.

Lin Yi could hear people speaking in the living room, it must be Uncle Fu and Chu Pengzhan! The Miss had probably updated her father about his situation, so they probably came to visit this morning.

He pushed open the door to see Chu Pengzhan and Uncle Fu on the couch in the living room while Chu Mengyao and Chen Yushu were both dressed up, preparing to leave for school.

“Uncle Chu, Uncle Fu, you guys have come,” Lin Yi nodded.

“Lil’ Yi, we heard that you returned home safely so we came to visit,” Chu Pengzhan said, “However, Yaoyao said that you are leaving again very soon?”

“Yes, I’m afraid, Uncle Chu. I’m about to go searching for the fire spirit fruit to heal Xiaoxiao’s illness,” Lin Yi replied.

“How long will this journey take? The university entrance exam is around the corner, will you make it in time?” Chu Pengzhan asked.

“Ugh... Uncle Chu, you don’t mean that... I’ll have to follow Yaoyao and Shu to university and keep them protected, do you?” Lin Yi startled. Chu Mengyao and Chen Yushu would definitely go to the other city to attend university because there was only one university in Songshan city which was a medical university. Neither of them had any interests in studying medicine.

“Yeah, you have to know that Yaoyao likes you so much. With this personality of hers, she wouldn’t accept other strangers so easily so I want you to get into the same university as her and continue protecting her!” Chu Pengzhan said.

The Miss blushed upon his father’s words. She wanted to fight back but at the same time she didn’t.... it was complicated....

Previously, Chu Mengyao and Shu were thinking about the same thing. As unwilling as they were, they couldn’t stop Lin Yi from doing his own stuff. Their relationship with him would have to come to an end eventually. It was obvious that Lin Yi was no ordinary bodyguard and both of them knew that it’d just put his power to shame if they still kept him around as their bodyguard! Hence, they couldn’t shamelessly beg Lin Yi to protect them for his entire life, could they?

There was a saying, ‘All good things must come to an end.’ Previously, Lin Yi had officially quit his job but chose to stay back because of their friendship. He didn’t have any obligation to keep them safe anymore nor were they employee and employer, so Chu Mengyao had already prepared her heart to let Lin Yi go after entering the university!

It was not unrealistic to keep Lin Yi for her entire life. He had his own life to live, he had a girlfriend too. He couldn’t always bring her and Shu with him around, even when dating Tangyun, could he? What would that be like? Like what Shu always said, they might as well just get married to him at that point?

Chu Mengyao was resisting in her heart but she never let herself to think that way. She told herself that she didn’t like Lin Yi, she was just used to having Lin Yi’s company, Shu was the one that liked Lin Yi!

“Nice nice!” Chen Yushu clapped her hands in joy, stopping Lin Yi from speaking first.

“This.... It’s not that good, isn’t it..... I don’t think I can make it to the university entrance exam....” Lin Yi pondered and said, “Besides, Yaoyao and Shu wouldn’t be staying in Songshan city for university, would they?”

“This is not a problem at all. Yaoyao and Shu want to prove themselves by attending the exam, I can get you into the university with or without you taking the exam but you will have to enter as a self-funded student so the title itself isn’t very pleasing,” Chu Pengzhan continued, “If you are worried about that, we can get Tangyun to enter the same university too.”

Chu Pengzhan could see through what Lin Yi was thinking.

“Shield bro, you won’t go back your words, will you?” Chen Yushu didn’t give Lin Yi time to think and threw him a question.

“Oh?” Lin Yi flinched, “When did I go back my own words?”

“Previously, remember you promised me. Who would become the General Weiwu!” Chen Yushu continued.

After listening to Chen Yushu’s question, Lin Yi remembered something that happened a while ago. He suddenly remembered the scene when he lost his strength and was about to leave his job...

“Then that’s a deal! If you can restore your strength or become greater, you’ll have to stay in the villa forever, accompanying me and Yaoyao sis!”

“Deal!”

“I want a pinky finger promise!”

“Ha, Okay!”

“No one will break this pinky finger promise, otherwise, he or she will become General Weiwu!”

He remembered promising Chen Yushu to accompany them forever in the villa if his strength was ever restored. He even made a pinky finger promise! Lin Yi couldn’t help but smile bitterly, “Did you calculate this before making that deal? You knew that I could restore my strength?”

Chapter 1439: Buy Another Villa

Lin Yi had only been placating Yushu a bit back then- he didn’t expect to fully recover his strength and even get to breakthrough again. But, his words had become a promise, and he wasn’t one who easily broke his promises, especially one between friends!

“Yes, right? I said it, didn’t I, I’m Prophet Shu!” Yushu nodded, “Then you can’t break your promise!”

“But, we said I’d stay in the villa last time, right? You guys are going to a different place for college, and you wouldn’t be in the villa anymore,” Lin Yi said.

“Villa...” Yushu thought about it, and had an idea, “When we go to a different city we can just buy a villa as well, right Uncle Chu?”

Chu Pengzhan was the CEO with the big money here, so of course she looked in his direction.

Pengzhan wanted Lin Yi to stay as well, so naturally he nodded his head, “Of course- this isn’t a problem. It was what I had planned anyway, otherwise when Uncle Fu and I go to visit you all where would we stay? You guys can stay at school during the weekdays and move back to the villa during the weekends.”

“See, Shield Bro? We said villa back then but we didn’t say which villa, so as long as it’s a villa it’s fine, right Yao Yao?” Yushu looked at Yao Yao, pulling her arm.

“How would I know about the promise you made with him?” Mengyao didn’t want to admit it, but she was happy in her heart- good thing Yushu was good at stuff like this!

“Alright, since it was a promise I guess we’ll go with that,” Lin Yi smiled bitterly, “Uncle Chu, I’ll leave it to you then, in regards to the school- thank you.”

“There’s no need for thanks- you’re taking care of Yao Yao and Shu, it’s really me causing you trouble here!” Pengzhan smiled, “Right, when are you leaving? Do you need to prepare for anything?”

“Not really, I’ll take a look these couple of days. After I sort things out here, I’ll leave,” Lin Yi smiled, “The Fire Spirit fruit doesn’t have legs either, it can’t run away, so I’ll settle things here and let Wu Chentian protect Yao Yao and Shu.”

“That’s good, but Wu Chentian’s strength...” Uncle Chu and Uncle Fu knew about what the man had done, and they trusted his loyalty as well as accepted his existence, but his strength...

“No problem there. I’ve made his spiritual practitioner strength Mystic early class now, and he’s a spiritual-physical practitioner now. He’s now not that much weaker than me, he’s more than enough to protect Shu and Yao Yao.”

As for Lin Yi forcefully leveling people up, Pengzhan had heard about it from Uncle Fu before, and wasn’t shocked. Although, turning people into Mystics specifically was new for Uncle Fu, “You can... turn people into Mystics now?”

Uncle Fu had chased for higher strengths and heights in his past, but his ambition had dampened quite a bit. However, increasing his strength to the next level was always a good thing for the safety of Pengzhan and Mengyao.

“Yes, this was something I found out back in the tomb. I tested it out on Song Lingshan and Chen Yutian and it’s proven to work. So if you’re free later, come to the villa and I’ll raise your strength as well!” Lin Yi could tell what he was thinking.

“Alright! I’ll send the girls to school and come back!” Uncle Fu really was looking forward for this- after all this was something all practitioner’s wished for!

Now that Pengzhan had seen Lin Yi, and made sure of his plans, he left with Yushu, Mengyao. Uncle Fu would send him to work and the girls to school.

Lin Yi meanwhile, stayed in the villa, waiting for Chentian to breakthrough- he had to be there to provide protection, since he was afraid someone might come in and hurt him. He was in a state where he was extremely vulnerable, after all.

He went back to the room to see Chentian pitifully crouching over naked and picking up his torn clothes. He looked awkward as Lin Yi walked in, “Lin Yi Boss, I accidentally destroyed my clothes when I broke thoguh...”

“Ah.... That’s normal, it happens to other people too, ” Lin Yi wasn’t surprised, “Get a shirt and put it on- we’re both men, what are you being shy about?”

“It’s not that... It’s just that my.... down there is a little small...” Chentian said, embarrassed, “I was afraid you would laugh at me...”

“...Come to me after you get a girlfriend, I’ll fix that for you and make it bigger. Just put some clothes on!” Lin Yi said speechlessly.

“Wha?! You can do that-? Thank you, Lin Yi Boss!” Chentian jumped up, even happier than when he had broke through, and he looked for something to wear.

“How do you feel?” Lin Yi asked.

“I feel really amazing! I had never expected to reach Mystic and now that I’m a spiritual-physical practitioner I feel like I could even fight my grandpa now!” Chentian said, “Fighting Uncle Zhu is nothing now!”

“Yes, but we’ll talk about that two days later when your power stabilizes. You are now actually still just a Golden class early phase in terms of true strength, since your practitioner’s arts is only used to support your physical practicing. It doesn’t really have offensive capabilities so you have to work by yourself to get your physical practicing up!” Lin Yi said, with a full understanding of his situation.

A spiritual-physical practitioner always had one side as the main strength and the other as the support. The number of people with both sides at the same level really was very small! Lin Yi never really went for physical practicing because he never an art suitable one for him, so he just used spiritual practicing as his main thing.

“I understand! Don’t worry Li Yi Boss, I know my limits and will not go crazy!” Chentian nodded, “I’ll work hard to improve my physical practicing!”

Chapter 1440: Zhao Qibing’s Return

Lin Yi nodded, “Then I won’t disturb you- you can go to the guest room to practice. Come to me when your physical strength is Mystic early phase as well!”

“That’s-! ..Yes!!” Chentian gritted his teeth. He thought that it would be too hard, but thinking about how Lin Yi had managed to turn an ordinary physical practitioner into a Mystic spiritual one, he realized that that was also very hard as well. Although at the time it seemed easy, one wouldn’t be able to tell just how much Lin Yi had give up for this to happen!

He felt that, forcefully strengthening someone up like this wasn’t as simple as it seemed. Lin Yi hadn’t said anything, but it must have been some serious ordeal, and so he had complete gratitude towards him. He also promised himself that he had to work hard and not waste what Lin Yi had given him!

“Go then,” Lin Yi nodded- he had some nice feelings about Chentian now- the guy was filled with positive energy, and he was quite satisfied with him...

While Chentian practiced, a black SUV parked in front of the Floating Cloud bar, and the first one to come down was Qibing- yes, he was walking out!

He didn’t need the wheelchair anymore and he could walk by himself!

Qibing left the car and stood beside it, respectfully waiting for Elder Bi to come down before straightening his body, "Master, I realized that it is so amazing that I get to walk again, it's great to be free of the wheelchair! I didn't think that you would be such a master of medicine as well, Master!!"

Qibing's legs were naturally healed by Elder Bi- he was a late phase peak Earth class practitioner, but he was also someone who practiced medicine, and had even been the private healer of Old Zhao. There were other healers in House Zhao, like Yao Wang, and so Elder Bi only tended to the head of the house, and no one else!

Qibing was now his disciple, so naturally he would heal him.

"Haha, don't worry, I will teach you all this in due time!" Elder Bi knew that Qibing was just kissing his ass, but he didn't mind at all- after all, he was someone that would like the things others did as long as he liked him in the first place, while someone he didn't like would never be able to please him no matter what they did!

"Thank you, Master! I will work hard!" Qibing said quickly.

Qibing had come this time to send medicine to Uncle Zhu, but also had the goal of showing off his status as Elder Bi's disciple- this was practically the same as being the heir of the house! Qibing was using this method to hint to Cihua and Uncle Zhu tell to Elder Zhu that Qibing was now soaring through the ranks and convicting everyone willingly following him!

Qibing was also preparing his future path- after all, it was an important thing for these people to support him wholeheartedly! These people may not seem like a powerful force, but they were all the future core members of his party! With these people here, more and more people would become his followers until the time he became the head of House Zhao!

Naturally, Qibing wouldn't say that to Elder Bi- what he told him was that he was worried about Uncle Zhu's injuries, and wanted to get the medicine to him immediately- but he was also worried that something would happen as he transported the pill, since the meridian opening pill was a very valuable item, after all.

And so, Elder Bi came down with him.

And he hadn't thought that Qibing was using this chance for ulterior motives too- all he had been thinking was that Qibing was a very loyal man to his followers, with a great heart! He felt that he had really chosen the right person as his disciple!

This was a man with a bright future- if he became the heir, he would be kind and generous to his entire house!

The bar wasn't open yet, and waiters were there, preparing and cleaning the place. When Qibing went in, the waiters were all stunned in silence!

The boss usually always sat in a wheelchair, why was he walking now? But they didn't ask anything, since they knew it was a taboo topic that people usually avoided.

"Boss, you're back!" The waiters all greeted him.

Inside the inner room was Su Jiaonang, who had heard the commotion. He walked out with Cihua, and since there was nobody in the club yet any sound that was made was especially crisp.

“Master Bing, you’re back! Your legs...” Cihua couldn’t help but be shocked.

“Naturally, my Master healed them!” Qibing smiled, “Cihua, this is my Master Elder Bi, greet him!”

“Yes!” Cihua was shocked- he was Qibing’s man, and he obviously knew some things regarding the hidden house Zhao. He had heard of Elder Bi- this was the closest aide of House Zhao’s old man! He was pretty much one of the top tier people of that place, and if he took Qibing as his student, didn’t this mean that Qibing was now a potential heir!?

Cihua didn’t dare imagine any further! When he first followed Qibing he wasn’t too willing, since he felt that he would only be sent to the Zhao house to help with some other tasks after he was recognized. He didn’t think that a bastard could achieve anything much- but now it was really happening! Qibing was flying!!

“It is an honor, Elder Bi!” Cihua said respectfully.

At this time, Yao Wang came walking out as well- they had heard of Elder Bi’s coming, and since they were from the Zhao house, they were also managed by Elder Bi. Of course they had to give their greetings!

Especially Yao Wang- he was clear about Elder Bi’s medical power, and knew that he was the head doctor in the house!

“It is an honor, Elder Bi!” Uncle Zhu and Yao Wang walked out respectfully.

“Lil’ Zhu, look at the young master you’ve been following all this time, he really is a loyal and kind man to his followers!” Elder Bi was now the mentor of Qibing, so naturally he would help him out here with his circle of followers, “You know what Qibing said when the head of the house asked what he wanted for such a huge contribution?”

“I don’t know, sir...” Uncle Zhu froze- he didn’t think that Elder Bi would treat Qibing with such love, talking about him like this- after all, there were plenty of young ones who wanted to be on good terms with this man but had no chances at all!
