### Chapter 1541: Persuasion (part two)

“This elixir has very strict requirements for fire control, and it also limits The Alchemist to have an ice-type elixir fire as a supplement in addition to the fire-type elixir fire. However, Ice and Fire are incompatible, so it’s very difficult for a fire-type Alchemist to practice an ice-type elixir fire! And to raise the ice-type alchemy fire to the same level as the fire-type alchemy fire, that’s even harder than ascending to the heavens!”

“So that’s how it is ... It seems that not only do I have to work hard to become a third-grade Alchemist, but I also have to practice the icy heart alchemy fire!” Lin Yi couldn’t help but smile bitterly.

“That won’t be necessary-with Xiaoxiao joining the sect, the sect master won’t need to take the ice heart Jade bone pill anymore-having an heir is enough!” “You don’t have to worry too much about it,” Qing said, “just let Xiaoxiao join the Ice Palace.”

“Wait!” Lin Yi felt that something was wrong. He asked Qing seriously, “Senior, if you don’t mind me asking, what’s the benefit of being the Ice Palace’s inheritor? Why was it that one inheritor was enough? Don’t you want to become an inheritor?”

“Well ...” Qing didn’t think that her comforting words would connect so many things to Lin Yi. It seemed that Lin Yi was suspicious, but she couldn’t tell him about the inheritor. “Naturally, the sect master wants to become an heir as well, but because of her body’s limitations, she can’t accept the inheritance-so while we’re looking for other people, we’re also looking for a refiner-this is just a backup plan! As for becoming an inheritor, other than making the training faster and easier, they’ll also have an advantage over normal Sky Class Masters when they break through-it’ll be easier for them to break through the barrier and reach the path of the sky!”

“So you haven’t been able to find anyone with the cold Yin body?” Lin Yi felt that something was wrong, but he couldn’t put his finger on it.

“Not only did we not find anyone with the cold Yin body, but we also didn’t find anyone with the icy heart Jade bone body.” Qing smiled bitterly. “Usually, this kind of physique is inherited by the family. Some are passed down from generation to generation, and some are passed down from generation to generation. If these families don’t have any cultivators or don’t know ice-type mental cultivation methods, they won’t notice these abnormalities at all!” “We can’t just go and pick people one by one, can we?”

“So that’s how it is! What’s with the fake ice heart Jade bone body, then?” Lin Yi asked.

“The fake ice heart Jade bone didn’t completely inherit it. It only inherited a part of it!” Qing said, “so this kind of body constitution must be supplemented and tempered with elixirs refined with heavenly materials and earthly treasures. Only then can it display the same effect as the icy heart Jade bone body constitution.”

“Then ... If it’s hereditary, why didn’t you guys go to the sect master’s house and see if there’s anyone else with it?” Lin Yi had to question them continuously to figure out the Ice Palace’s true intentions.

“The sect master is an abandoned child, what family does she have?” “We do want to look for it, but there’s a sea of people. Where are we supposed to go?” Qing smiled bitterly.

“It’s like that ...” Lin Yi nodded-he didn’t think that the cold sect master would have such a pitiful background.

“This is it!” “Xiaoxiao’s body, however, is even more special than the ice heart Jade bone body. There’s a large amount of Yin Qi in her body, and it’s unbelievable!” Qing said. At her age, she has so much Yin Qi. If we can refine all of this Yin Qi, her future will be limitless!”

“What if I choose not to let her join the Ice Palace?” Lin Yi asked.

“That’d be harming her-the sect master and the elders are suppressing the yin Qi inside her, but it won’t last long. ” “Once the yin energy breaks free from its restraints and invades her heart, she’ll fall unconscious again,” Qing said.

“What about the fruit?” Lin Yi asked.

“It’s only temporary!” Qing said,“if she didn’t have so much Yin Qi, the fruit could suppress it for a few decades, but there’s too much Yin Qi in her body. It’s almost the same as a Sky Class ‘Qi. Even if she takes the fruit, she’ll still be unconscious for a year at most!”

“Ah!” Lin Yi’s eyes went wide as regret and self-blame filled his heart! Xiaoxiao didn’t have that much Yin Qi in her, but after he’d injected Qi into her a few times, all the Qi She’d absorbed was devoured by the yin Qi in her body, making it stronger and stronger.

If it wasn’t for Lin Yi’s pure energy, perhaps the fruit would be able to suppress the yin energy in her body for many years, but now ...

“Then ... If we don’t accept the inheritance, can we just let her cultivate in the Ice Palace?” Lin Yi felt that the inheritance had a hint of conspiracy in it, and it made him feel uneasy.

“The speed of cultivation will definitely not be faster than the inheritance! Plus, what we need is an inheritor!” Qing said.

Qing’s words made Lin Yi’s heart tighten. It seemed that there was something wrong with this inheritor! Otherwise, if the Ice Palace really did value Xiaoxiao’s amazing Constitution, then she should be able to practice any way she wanted-why would they make her the heir?

Lin Yi’s instinct told him that Qing was hiding something from him! But it was obvious that Qing didn’t want to talk about it and was avoiding the topic-Lin Yi couldn’t just ask her directly!

After all, Qing had been helping him from the start, and Lin Yi was very grateful to her for that. He didn’t want to break this relationship. He knew that Qing would tell him everything she could, but there were some things that she couldn’t tell him. If she couldn’t tell him the truth, then there was no need to force her to explain!

Since that was the case, he’d just go ask the sect master-if she couldn’t give him a satisfactory answer, he wouldn’t let Xiaoxiao accept the inheritance so easily.

“I understand. Let me see Xiaoxiao first.” Lin Yi said with a nod.

“Of course,” As they spoke, Qing brought Lin Yi to a guest room in the courtyard. “She’s right inside, the sect master’s there too.”

### **Chapter 1542: Very simple-looking**

The sect master felt helpless-she’d been the one persuading Xiaoxiao to join the Ice Palace at the start, and in order to find common topics to talk about, they’d naturally talked about Lin Yi a little more. But after she finished talking about Lin Yi’s performance during the test, Xiaoxiao started talking about other things!

The sect master had no choice but to force herself to listen to Xiaoxiao’s story-it was touching, but she wasn’t thinking about it at all. What she was thinking about was how to make Xiaoxiao stay.

“Xiaoxiao, you’ve really woken up!” Lin Yi was very happy to see the energetic Xiaoxiao.

“Wow, Lin Yi honey, you’re really here!” Xiaoxiao jumped off the bed and ran to Lin Yi, throwing herself into his arms. She wrapped her arms and legs around Lin Yi like a koala.

“Ha ...” Lin Yi looked at the energetic Xiaoxiao in front of him, and his heart was filled with emotions. Everything before was like a dream, and Feng Xiaoxiao didn’t seem to have fainted at all!

“Thank you, Lin Yi honey!” Xiaoxiao gave Lin Yi a Peck on the cheek, “Thank you for everything you’ve done for me. I’m very happy. It’s worth it to die!”

The sect master was speechless-the elder and I were the ones who saved you, okay? After you woke up, I tried to get close to you, but you’re so indifferent. Lin Yi’s here, and this is it?

But as depressed as she was, the sect master understood that convincing Lin Yi was the most important thing.

“Aunt Qing, does he know what the Ice Palace wants?” The sect master asked without changing her expression-Sky Class Masters had a very powerful ability, and that was to use their voice to transmit their voice to the person they wanted to hear! This was the legendary Qi manifestation-only sky Class Masters could do this!

However, this technique consumed a lot of Qi-people wouldn’t use it easily under normal circumstances, but for the sake of discussing Xiaoxiao, she had no choice.

“I know, but I didn’t agree or reject.” Little Qing said through a secret voice transmission.

“True Energy Voice transmission?” Lin Yi frowned-he felt the energy around him, and could guess what the two were doing.

“You ... You could actually discover it?” The sect master was truly shocked by Lin Yi this time!

If Lin Yi was a Sky Class master, it wouldn’t be strange for him to find out that she and Qing were using a private message. There were even stronger Sky Class Masters who could hear what they were saying, but Lin Yi was only a Mystic. No matter how strong he was, he couldn’t feel the change in Qi, could he?

“Yes, but I don’t know what you’re planning.” Lin Yi said faintly, looking at the sect master unkindly.

Lin Yi was extremely sensitive to the fluctuations of pure energy, probably because of his practitioner's Arts. It was also the reason why Lin Yi could detect the opponent's true strength without using their practitioner's Arts to release pure energy!

Otherwise, when a cultivator was hiding their strength, their true Qi would not leak out, and other cultivators would not be able to sense the strength of others!

As for low-level cultivators, in front of high-level cultivators, even if they didn't release their true Qi, they could hide their true Qi and secretly use their internal cultivation techniques. The high-level cultivators would also discover their true strength!

Unless the situation was reversed, and the high-level cultivators did not release their true Qi, but secretly hid their true Qi to circulate their mental cultivation method. This way, the low-level cultivators would not find out.

"True Qi manifestation, you can actually see through it, you really have some skill!" The sect master looked at Lin Yi, surprised-the more she interacted with him, the more she found him to be mysterious. In her eyes, this Mystic class was weak, but he was able to do things that surprised her!

"True Qi manifestation?" "So this is called Qi manifestation!" Lin Yi frowned.

Lin Yi mumbled to himself, thinking that this was quite interesting. He tried to convert his energy into a voice and sent it to the Ice Palace,"Little cold girl, is that so ..."

"What did you call me?!" The sect master gritted her teeth at the way Lin Yi called her.

"What did I call you?" Lin Yi didn't expect his experiment to be a success! But, of course, he wouldn't admit what he said-this was a Sky Class late phase peak! It wasn't something to joke about when he was angry!

"You ..." Naturally, the sect master wouldn't repeat Lin Yi's words-under Qing and Xiaoxiao's surprised gazes, she suddenly realized that Lin Yi could use a private message as well! She couldn't care less about what Lin Yi had said before and asked in surprise,""You ... You can also transform your vital energy into a physical form?"

"This is true Qi manifestation?" "It seems pretty simple!" Lin Yi shrugged.

"Simple!" The sect master didn't know what to say-Qi manifestation was a secret technique only sky Class could do, but that didn't mean that all Sky Class Masters could do it! Only the sect master and Qing, with their talent, could do this-but Lin Yi did it so easily! This was a huge blow to the sect master.

"Yeah, isn't that what it is?" Lin Yi then turned his words into Qi and sent it to the sect master. To Lin Yi, this was a bit of an opportunity. His art of Dragon mastery was an all-purpose energy conversion technique, which could convert energy into various forms. So to Lin Yi, turning words into Qi was an extremely easy thing to do, and it didn't cost him a single bit of his own energy!

This was because the true energy was transformed from the sound of words and not really condensed from the true energy in the body.

“Yes! When you used your Qi to blow up my Ice Palace wall, you also used your Qi to form a shape-I didn’t think much about it then, but now that I think about it, you were still quite a distance away from my wall-you must’ve used your Qi to do that!” The sect master sighed.

Before, Lin Yi had used compressed Qi to destroy naipao’s meridians and nitian’s body-it wasn’t anything new, since he didn’t use it as a physical form. The sect master was surprised, but didn’t find it too unbelievable.

### **Chapter 1543: I’ll accompany you forever!**

“I guess so.” Lin Yi said.

Only now did the sect master realize that the couple’s potential was heaven-defying! She didn’t know what Lin Yi’s potential was, but he was definitely more of a genius than the geniuses of those ancient sects!

Of course, even so, the sect master didn’t have any intentions of coveting him-no matter how strong Lin Yi was, he wasn’t suited for the arts of the Ice Palace. Only Xiaoxiao was someone she wanted to recruit!

“Since you can tell, then tell me the truth. I’m just asking aunt Qing if she told you that the Ice Palace wants to take Xiaoxiao in as a disciple.” “I just saw you two being intimate,” the sect master said. “I didn’t want to disturb you.”

“I told you that I’ve already told you, but you didn’t give me a clear answer.” Qing Zhu continued.

Lin Yi nodded-the sect master must’ve just been making an excuse to not disturb them, but Lin Yi knew that she wasn’t lying from the way she was talking to Qing. That was all they were talking about.

The sect master wasn’t good at lying, and she didn’t need to lie. Lin Yi didn’t say anything more, “I know, can I talk to Xiaoxiao alone?”

“Of course you can!” The sect master nodded and left with Qing.

It was best to let Lin Yi and Xiaoxiao discuss it first-after they’d come to a conclusion, the sect master wouldn’t need to say anything.

After the sect master and Qing left, Xiaoxiao couldn’t wait anymore and jumped onto Lin Yi again, not letting go.”Lin Yi honey, I’ve missed you so much, it felt like a really, really long dream, I was really afraid that I wouldn’t wake up!”

“How could this be? I told you, I can definitely save you!” Lin Yi patted Xiaoxiao’s back, “How do you feel now?”

“I feel much better, and it’s not as cold as before I fainted.” Xiaoxiao said.

“That’s good!” Lin Yi put Xiaoxiao down and held her body gently. He suddenly felt that this was a very happy moment! The two of them had experienced a life-and-death relationship, and they both cherished this relationship.

“Oh right, Lin Yi honey, the sect master said that she wants me to join her sect on behalf of her master ...” Xiaoxiao looked up at Lin Yi, her eyes filled with love and reluctance. She’d just been saying “Oh” and

“Oh” and “Oh” to the sect master, but she was a smart girl-she knew that staying in the Ice Palace was her only choice!

Although, if Lin Yi asked her to leave now and return to Songshan, she'd go back without hesitation-the sect master's promise to spend the rest of her life with Lin Yi still moved her!

Yes, Lin Yi was a practitioner, and if life could be extended, she would've died long ago. Lin Yi was so boring, and although she still had Tang Yun, Mengyao, and Yushu, they weren't practitioners. She wanted to keep walking with Lin Yi, forever and ever.

“En, I know-do you want to join the Ice Palace, then?” Lin Yi took a deep breath-he had to face this topic, after all. It decided Xiaoxiao's life and death, and he couldn't avoid it.

“I don't know ... She said that my body is very suitable for the Ice Palace's practitioner's Arts ...” “But if I don't cultivate, I might die ...”

“Did she tell you about the inheritance?” Lin Yi asked.

“I did say that my body can inherit the Enlightenment of the ice Mountain, and I can break through to Sky Class ...” Xiaoxiao nodded.

“I asked elder Qing before if you could stay here and practice the ice element, but the Ice Palace wanted you to accept the inheritance ...” Lin Yi paused.”I feel like there's some sort of scheme behind this-why do they want you to be the inheritor? and what does it mean to the Ice Palace to be an inheritor?”

“A scheme? But the sect master said that she'd tried and failed. ” “Since she's tried the inheritance, there shouldn't be any schemes, right?” Xiaoxiao said. However, it's true that the inheritor is very important to them!”

Lin Yi agreed with Xiaoxiao's analysis-indeed, if there really was a scheme, why would the sect master test the legacy herself? But even so, Lin Yi still felt uneasy.

“Then what are you thinking?” Lin Yi lowered his head and looked at Xiaoxiao seriously,”Tell me your true thoughts. I want to hear what you think.”

“I ... I want to be with you forever ... Forever ...” Xiaoxiao lowered her head, embarrassed by Lin Yi's gaze.”But I'm not a practitioner ... They said that if you step into the sky Class, your life will be extended ...”

“I understand!” Lin Yi pulled Xiaoxiao into his arms.

In fact, Lin Yi had already made his decision, but he just wanted to see what Xiaoxiao thought! It didn't matter why the Ice Palace wanted Xiaoxiao to become an inheritor, Lin Yi wanted her to stay-she was her only hope!

Now, all that was left was to negotiate with the Ice Palace! Lin Yi knew that the Ice Palace was eighty percent sure that he could make Xiaoxiao stay, but if he wasn't sure, he'd have the chance to make a request!

“Actually ... I still respect your opinion. If you want me to agree, I'll agree.” “If you don't want me to agree, I'll go back with you,” Xiaoxiao said.

Lin Yi was very touched by Xiaoxiao's words. He grabbed her hand and remembered a saying, "Holding hands, growing old together."

"Life and death contract, tell Zicheng." Xiaoxiao shook Lin Yi's hand and replied, "Even if I have to die, I want to be with you."

"Ha ... We'll tell the Ice Palace right away!" "Just cooperate with me later," Lin Yi said.

"En, don't worry, I'm the best at cooperating!" Xiaoxiao nodded and suddenly pointed at the pig, "By the way, what's this little thing?"

"An ancient spirit beast. It's the one that brought me here to find the fire Spirit's fruit." "This little guy has a sharp nose for treasures!" Lin Yi said.

"So that's how it is, how cute!" With that, Xiaoxiao reached out to touch Skybolt pig.

Lin Yi quickly kicked Skybolt pig, "If you dare to hurt her, I'll kick you to death!"

#### **Chapter 1544: Please tell the truth**

Xiaoxiao lowered her body and touched Skybolt pig, but quickly lost interest. She just saw Lin Yi, and all her thoughts were on Lin Yi-she didn't have the mood to play with a pig. And so, Xiaoxiao went to Lin Yi again after asking what the thing was.

The two of them hugged each other again. They both knew that it might not be so easy to see each other again in the future. They both cherished this good time.

"Alright, let's go, let's go out!" Lin Yi said as he let go of Xiaoxiao.

"En!" Xiaoxiao held onto Lin Yi's hand, not wanting to let go.

The two walked out of the guest room, but didn't see the sect master and Qing-Lin Yi was confused when he looked up to see two figures, one in green and one in white!

It was obvious that the two of them had walked quite a distance away and didn't eavesdrop on their conversation. They only returned when they saw Lin Yi and Xiaoxiao walking out.

Lin Yi respected these two for their honesty-the Ice Palace may be strong, but they wouldn't do things like that.

"Palace Master, elder Qing!" Lin Yi cupped his fists to the two of them, "Thank you both for saving me and allowing me to wake up."

"This is nothing." The sect master waved her hand indifferently. "How did your discussion go? Any results?"

"Of course, but before that, there's something I need to clarify-I hope you can tell me the truth!" Lin Yi said.

"What do you want to know?" The sect master frowned at Lin Yi's attitude-he'd been so humble when asking for the fruit, and now he was speaking to her in a questioning tone! This pissed her off a little-she wanted to show Lin Yi who he was and show him what strength he had!

And so, in that instant, a powerful force rose up around the sect master-this force was directed at Lin Yi, sending a bone-chilling cold through his meridians!

But Lin Yi didn't back down this time-he put Xiaoxiao behind him and raised his head proudly, looking straight at the sect master. He didn't want to admit defeat at all-the cold made him shiver, but he still used his art of Dragon mastery to try and get rid of it!

This was the first time Lin Yi looked at the sect master-he'd met her before, but he didn't dare to look at her like this! At that moment, Lin Yi realized that the sect master was even more beautiful than before. The strange thing was that he felt a sense of familiarity when he looked at her. Where had he seen her before?

However, this was only a momentary intuition. When he looked closer, he was sure that he had never seen her before!

Seeing Lin Yi look at her fearlessly, even putting Xiaoxiao behind him, the sect master understood just how much Lin Yi cared about her! He could even go against a Sky Class master like himself for Feng Xiaoxiao!

Of course, the sect master didn't do anything to Lin Yi-her goal was to get Xiaoxiao to join the sect, after all. It'd be irrational to get into a conflict with Lin Yi, and things would get out of hand!

Since there was no effect, the sect master retracted her aura-the coldness disappeared instantly, and Lin Yi felt as comfortable as spring!

Lin Yi let out a breath of relief before letting Xiaoxiao out.

Sky Class Masters were indeed different-just the pressure from their presence alone was enough to crush a Mystic with a weak will!

"You don't have to block her. My cold air won't affect her." With that, the sect master turned and walked back to the guest room,""What do you want to ask? come in and I'll tell you."

"Not bad, young man!" Qing's admiration for Lin Yi only grew as she patted his shoulder, "You're the first person to challenge the sect master-even the other sect leaders and elders don't dare!"

"For Xiaoxiao, I have no choice ..." Lin Yi smiled bitterly. Luckily, he knew that with Xiaoxiao around, the Ice Palace wouldn't really go all out with him. Otherwise, he wouldn't have to fight a Sky Class master.

Everyone entered the guest room, and the sect master looked at Lin Yi and Xiaoxiao,""Just do it. Since I'm accepting disciples on behalf of my master, I'll be Xiao Xiao's Senior Sister from now on. You don't have to call me Palace Master anymore! Let me introduce myself, I'm called Bing Tang, you can call me Senior Sister Bing or sister Bing. "

Rock sugar? Lin Yi paused-what a loving name! But he didn't see any sweetness from the sect master-she was really ice.

"It's still too early to talk about this. I need to figure out a few things before I can hand Xiaoxiao over to you!" "Otherwise, even if we die, we'll die together!" Lin Yi said.

"Alright, go ahead!" The sect master nodded.

“The Ice Palace values Xiaoxiao, just because she has a cold body?” Lin Yi asked.

“Yes, I am.” The sect master said with certainty.

“Then why must she be the one to inherit it and not let her undergo ordinary cultivation?” Lin Yi asked.

“With her physique, inheritance can help her reach Sky Class faster. Even if she’s a genius, with the help of ice Arts and treasures, it won’t be fast!” “I’ve been training since I was a kid, and I only reached Sky Class late phase peak when I was eighteen-that’s already pretty fast!”The sect master said.

“What if I insist on not letting her inherit the legacy and only let her undergo ordinary cultivation?” Lin Yi’s face hardened with determination.

“Then you’ll only harm her!” “You’re turning a genius into trash!”The sect master said.

“Is that so?” Lin Yi said faintly,“I only know that there’s no free lunch in this world. There’s no love without reason. You value Xiaoxiao and want her to inherit your legacy, but it’s not just because of her talent, right?” Otherwise, why would he insist on not allowing her to cultivate? Therefore, I advise Palace Master to speak the truth!”

The sect master and Qing looked at each other-the sect master nodded after some thought.”Aunt Qing, it’s better for you to say it!”

“We did this ... For a purpose!” With the sect master’s approval, Qing said,“The Ice Palace needs an inheritor to do something for us!”

### **Chapter 1545: two year agreement**

“The heaven class meeting!” “Have you heard of it before?” the sect master asked.

“The heaven class meeting?” Lin Yi paused and shook his head-he’d never heard of the Sky Class meeting, but he’d heard of the noble House meeting.

“That’s right, it’s the Sky Class meeting!” “As the name implies, the Sky Class meeting is a meeting for all Sky Class Masters, and the Ice Palace is one of the four big sects that lead the meeting,” the sect master said.

“What does this have to do with the inheritor? Isn’t the Sky Class meeting open to all Sky Class?” Lin Yi asked.

“No! That’s for the other sects and Noble families, not for the leaders!” The sect master shook her head,“according to the legends, there’s a Sky Class Island, and on that Island, one can study the Dao of the sky and break through! The key to opening Sky Class Island was the inheritors of the four leading sects! Only the inheritors of the four leading sects can open the door to Sky Class Island!”

“Oh? You’re saying that you want Feng Xiaoxiao to help you open the sky Class Island?” Lin Yi asked with a frown.

“This is it.” The sect master nodded, “this is a secret-even the Sky Class Masters of the other sects aren’t allowed to know! Only the four main sects know!” But since you’re Xiaoxiao’s boyfriend, I don’t want to hide it from you anymore. ”

“How do we open the sky Class Island? Will it be dangerous?” Lin Yi asked with a frown.

“I don’t think so!” “But to be honest, the information we have is all from the older generation of the sect. We don’t know what they’re talking about, but they’ve all disappeared. Even if we wanted to ask, we wouldn’t be able to find them.”

“Probably ...” Lin Yi nodded-the sect master wasn’t hiding anything, after all. She wouldn’t have needed to add that last part, “What else do you know? tell me everything!”

“I only know that if you want to break through to Sky Class, you have to get to Sky Class Island!” The sect master sighed and smiled bitterly, “Back then, I heard that the person from the Hidden House Arbitration Council visited all the Sky Class Masters from the other sects and gathered them together to discuss something big, and my master was one of them!”

“Oh? What’s the big deal?” Lin Yi asked.

“Master didn’t say ... And at that time, I was still very young. Master only left behind a document and then left in a hurry with the Grand Elder, as if he had something important to do! From then on ... There was no news of master, and that group of people also disappeared ...”

“What!” A familiar scene flashed through Lin Yi’s mind!

When he was six years old, his master also suddenly told him that he was going to do something big, and then he disappeared ... Could it be that his master was also related to that big thing?

Lin Yi wasn’t sure, but it was too much of a coincidence. He couldn’t help but think-was there some sort of connection between them? After that, Lin Yi left his master’s house and lived with old man Lin. Lin Yi asked old man Lin about his master, but old man Lin rejected him, saying that he wasn’t strong enough to reach that level.

Lin Yi thought about it later-old Lin did love him, and he didn’t want him to live a homeless life, so he wouldn’t let him do anything too dangerous. However, this last mission in Songshan was beyond his imagination!

It wasn’t a complicated bodyguard mission, but it turned Lin Yi into a completely different person!

Lin Yi still didn’t know how he got this mission. Old Lin didn’t tell him, maybe it was because the time wasn’t right yet, but Lin Yi didn’t regret it. This mission gave him the true meaning of life!

In Songshan, he had friendships, love, a career, and dreams!

Although every day was filled with danger, his days were very fulfilling!

“What’s wrong?” The sect master asked.

“Did your master leave thirteen years ago?” Lin Yi asked.

The sect master paused, surprised as she looked at Lin Yi. “How did you know?”

“Is it really thirteen years ago?” “I’m afraid that’s why my master went there ...” Lin Yi smiled bitterly.

“You? You have a master? Aren’t you a wandering cultivator?” The sect master asked, surprised.

“Master is gone, and I’m the only one left. Doesn’t that mean I’m a rogue cultivator?” Lin Yi said.

“You don’t have a sect? You only have one master?” The sect master was even more surprised. “Your master’s a Sky Class master too?”

“I don’t know if he’s a Sky Class master ...” Lin Yi shook his head.

“If that’s the case, then you don’t know about Sky Class Island?” “He didn’t tell you to go to Sky Class island after you broke through?” the sect master asked.

“No, I didn’t,” “Maybe he left in a hurry, he didn’t say anything,” Lin Yi said.

“That’s possible-actually, I was only six years old when aunt Qing told me about it, and I didn’t really understand these things ...” The sect master said with a sigh. “But that’s all I know. I’ve told you everything.”

“In other words, this matter might be dangerous, or it might not be. Everything is unknown, right?” Lin Yi asked.

“You can say that.” The sect master nodded. “So? have you decided?”

“How about this, you wait for me for two years. In these two years, don’t let Xiaoxiao accept the inheritance. Just let her practice the normal cultivation method. If I really become a third-level Alchemist and can make the ice heart Jade bone pill, then I will make one for you and you will accept the inheritance. How about it?” Lin Yi said after some thought.

“What if you can’t become a third grade Alchemist?” The sect master asked.

“Then I will accept the inheritance!” At this time, Feng Xiaoxiao spoke up!

“No, then we won’t have enough time. The Sky Class Island will open in two years, and if you don’t have the ice heart Jadestone pill and let Xiaoxiao receive the inheritance, then we might not have enough time.” “She’s different from me-she doesn’t have the strength, while I’m Sky Class late phase peak. She’ll have to digest the inheritance on her own to break through!” The sect master said.

“Then what do you suggest we do?” “If I can really make the pill within two years, I’m not willing to let her inherit it!” Lin Yi said.

#### **Chapter 1546: accepting a disciple on behalf of master**

“Let her accept the inheritance first. If you manage to refine the ice heart Jadestone pill, I’ll accept the inheritance as well.” “Are you happy with this?” the sect master said.

“You? Go to the inheritance? I thought there could only be one inheritor?” Lin Yi blinked.

“Who told you that?” “Did I say that?” the sect master asked back.

“No...” Lin Yi shook his head, “”But isn’t that how it usually is?”

“No, there can be more than one inheritor-the chances of opening Sky Class Island are higher if multiple inheritors work together!” The sect master said.

“Alright, since you’ve put it that way, of course I can.” Lin Yi only nodded after hearing the sect master’s explanation.”Give me the method of refining the ice-type alchemy fire and the recipe of the icy heart Jadestone pill for me to study.”

Lin Yi didn’t have a reason to say no-he really didn’t want her to get involved in that Sky Class Island thing, and it sounded like it was dangerous, but if he said no, the Ice Palace wouldn’t keep saving her, and they’d let her stay here and cultivate!

Just like what Lin Yi said, there was no love without reason. If Xiaoxiao wanted to stay here, she had to give something in return. She couldn’t let Lin Yi and her take all the benefits!

And so, it was already surprising that Lin Yi was able to get to where he was now. As long as he could make the ice heart Jade bone pill within two years, he could exchange it for Feng Xiaoxiao’s safety!

“Sure, I’ll get aunt Qing to give it to you later.” The sect master didn’t hide it-it was a secret, but since Lin Yi was Xiaoxiao’s boyfriend, and she was staying in the sect, it wasn’t a secret.

“Can I visit Xiaoxiao while she’s in the Ice Palace?” Lin Yi asked.

“No, unless she breaks through to Sky Class after receiving the inheritance, or you successfully make the icy heart Jadestone pill.” “I don’t want you to disturb her,” the sect master said.”You should understand that I’m doing this for her own good!”

“Alright ...” Lin Yi clenched his fist,””I’ll become a third-grade Alchemist as soon as possible and refine the icy heart Jadestone pill for you!”

“Even if you’ve made the ice heart Jade bone pill and can come see her, I’d still like to remind you that before she reaches Sky Class, don’t cross the line. Once she loses her virginity, there’s no hope for her to reach Sky Class!” “Don’t regret it for the rest of your life because of a moment of happiness,”the sect master said faintly.

“I understand!” Lin Yi nodded seriously-he knew that the sect master was doing this for Xiaoxiao’s good.

“Then I’ll kiss, touch, and hug Lin Yi honey ... Is that okay?” Xiaoxiao interrupted.

“Ah?” The sect master paused, a smile appearing on her cold face.””It’s up to you ...”

Lin Yi didn’t know whether to laugh or cry at Xiaoxiao’s actions, shaking his head repeatedly.

“Don’t worry, Lin Yi honey, I’ll break through to Sky Class as soon as possible, I won’t make you wait too long!” Xiaoxiao said seriously.

“Okay ... I’ll be waiting ...” Lin Yi smiled.

“Since it’s decided, then I’ll gather the elders of the Ice Palace and hold an incense table, accepting disciples on behalf of my master!” “Xiaoxiao, you’re my little sister from now on!” The sect master said.

“Oh ...” Now that things were settled, Xiaoxiao didn’t seem too happy. She was going to part with Lin Yi soon, and it made her sad! But the good thing was that she could finally live on, and she had the chance to become a practitioner, to be with Lin Yi for the rest of his life!

“It’s done, but there’s something else. The fire spirit fruit, can you give me one now?” Lin Yi asked.

“What do you want the fruit for? Xiaoxiao doesn’t need the fruit to stay here!” The sect master asked, confused.

“Xiaoxiao’s mother has the same body type, she needs the fruit to heal.” Lin Yi said.

“He also has a cold Yin body?” The sect master’s eyes lit up, as if she’d found a treasure. “Then ... Let her come to the Ice Palace to cultivate?”

“Can she still cultivate? Didn’t you say that I must not lose my virginity?” Lin Yi asked.

“Ah, what is she breaking?” The sect master paused.

“Nonsense, if she didn’t lose her virginity, where would Xiaoxiao get it?” Lin Yi realized that the sect master was a little dumb.

“Yes, yes-I’m sorry, I didn’t think of that ...” The sect master was a little embarrassed-she’d never experienced it before, and the people in the Ice Palace were all women, so she didn’t have much knowledge in this area. She was only half-aware of it, and that was why she almost made a fool of herself.

“Can mom still be saved?” Xiaoxiao’s eyes were wide open, “Can I? Will mom wake up after eating the fruit?”

“In theory, yes.” Lin Yi said.

“If it wasn’t for the fact that we’re not in a rush to use the fruit, I wouldn’t recommend it.” The sect master spoke up, “Xiaoxiao, your mother’s practicing may not be able to make any progress, but the cold Qi is still in her body. Once you break through to Sky Class, you can help her get rid of it and use it for your own use. This way, you’ll kill two birds with one stone, and there won’t be any side effects. It’s much safer than eating the fire spirit fruit!”

“Oh? Then, sister Bing, can you save my mom? Help her dispel the cold Yin Qi in her body?” Xiaoxiao quickly asked.

“I can’t. Even if I can, I’ll be suppressing it!” The sect master shook her head. “I may be a Sky Class, but my body is different from hers, and the cold in my body is different as well. Only you and your daughter are the same-you can dissolve the cold!”

“So it’s like this!” Xiaoxiao nodded seriously, “then I’ll work hard and break through to Sky Class as soon as possible to cure my mother!”

Xiaoxiao knew that her mother was in an ice coffin, so she wasn’t in a hurry.

Qing returned quickly with a thread-bound booklet in her hand. She walked into the room and handed it to Lin Yi. "This is the incantation to condense the ice-type alchemy fire and the formula for the icy heart Jade stone pill. I'll give it to you, but don't tell anyone else!"

"Don't worry, senior. I'll definitely keep this a secret." Lin Yi said seriously as he received the booklet.

"En, since Xiaoxiao's joined the Ice Palace, you can call me aunt Qing as well. There's no need to be so polite with me." Qing Zhu was a very kind person and was easy to talk to.

"Alright, aunt Qing!" Lin Yi quickly changed his words.

#### **Chapter 1547: difficult to meet again**

"Hehe, you two, get closer. Young lovers always have endless topics to talk about!" Qing sighed, as if reminiscing something. With that, she left with the sect master.

Only Lin Yi and Xiaoxiao were left in the room.

"Lin Yi honey, you won't forget about Xiaoxiao after you go back, right ..." Xiaoxiao fell into Lin Yi's arms and said sadly, "I'm afraid that two years will dilute our feelings ..."

"Why would I? You and I have gone through so many things together. It's not an exaggeration to say that we're in a life-and-death relationship. How could I forget you?" "I'm more scared of you," Lin Yi smiled, "you've become like that Rock Candy after training in some ice element Arts, always cold and unfeeling!"

"Hehe, that definitely won't happen!" "Right, how are Tang Yun sis, Yaoyao sis, and my old partner?" Xiaoxiao asked.

"Yeah, they're fine. The exams are coming up, but you won't be able to take them ..." Lin Yi sighed, "But no matter what, it's a good thing that you're still alive, not to mention that you can become a Sky Class master!"

"Yeah, the next time you see her, she'll be a Sky Class!" "This is unbelievable, I can actually become a practitioner!" Xiaoxiao sighed.

"Life is like this. It's full of surprises. When you're in despair, you'll suddenly turn around." "It looks like I'll have to work hard too ... Sky Class ... I can't let my woman surpass me, can I?" Lin Yi said.

"Male chauvinism!" Xiaoxiao stuck out her tongue and made a face.

"Hehe, I'm just joking!" Lin Yi laughed as well.

"Lin Yi honey, can you hug me again? I want to feel it and remember it in my heart forever!" Xiaoxiao said.

"En ..." Lin Yi hugged Xiaoxiao.

The two of them stopped talking and quietly enjoyed the warmth and peace of this moment. Sometimes, the communication of the heart trumped all words ...

Time passed by, and Qing Zhu appeared at the door of the guest room again.

“Xiaoxiao, the ceremony is ready, you need to go and formally become my disciple ...” Qing said and looked at Lin Yi, “Lin Yi, it’s time for me to send you out of the ice Palace ...”

“Ah ... So soon ...” Xiaoxiao heard that Lin Yi was leaving and didn’t want to let him go. She held onto him tightly.

Seeing the two of them being so reluctant to part, Qing Zhu’s heart was filled with endless emotions ...

“Alright, Xiaoxiao. Two years isn’t a long time. Besides, I might be able to make the icy heart Jadestone pill in two years.” Lin Yi said as he patted her back.

“En ...” Xiaoxiao let go of Lin Yi, but her expression was filled with endless attachment ...

“If love lasts for a long time, how can it be in the morning and evening?” Lin Yi looked at Xiaoxiao one last time, “Xiaoxiao, take care. I’m leaving!”

“En ...” Xiaoxiao nodded.

At this time, the sect master walked in as well, “Xiaoxiao, come with me. We’re all waiting for you!”

“Oh ...” Xiaoxiao had no choice but to follow the sect master to the door, turning back three times with each step.

“Be happy, train hard and break into Sky Class-there should be a lot of treasures in the Ice Palace-you’ll have to eat as much as you can, it’s free!” Lin Yi joked, worried that Xiaoxiao would be upset.

“Okay, I’ll definitely eat more. If I can’t finish it, I’ll hide it and leave it for you to eat!” Xiaoxiao said.

The sect master almost tripped over her own head-did these two think the Ice Palace was their backyard? Although he knew that it was mostly a joke, he was still shocked.

He watched as Xiaoxiao’s figure disappeared into the distance, and only then did he leave the room with Qing, walking towards the exit ...

“Lin Yi, this is as far as I can send you. You can go down the mountain by yourself!” Qing walked Lin Yi to the entrance of the Ice Palace and said, “You have to work hard too, don’t let Xiaoxiao overtake you!”

“I know. Thank you for your reminder, aunt Qing!” With that, Lin Yi picked up Skybolt pig-he needed to move quickly down the mountain, and Skybolt pig might not be able to catch up.

“This little thing is quite cute. What kind of spirit beast is it?” Qing looked at the little one in Lin Yi’s arms and asked.

“I don’t know, but I heard it’s called Skybolt pig.” Lin Yi didn’t explain too much about Skybolt pig’s abilities. Although Qing was a trustworthy person, Lin Yi understood that a treasure could lead to a crime. A God beast like this had heaven-defying abilities, and the fewer people who knew about it, the better.

Qing nodded and didn’t ask any more questions. Lin Yi turned around and left, running down the mountain ...

Lin Yi looked up at the top of the mountain once he reached the foot of the mountain. The huge mountain was completely empty, even the disciples on patrol were gone.

Maybe they've all gone to Xiaoxiao's ceremony!

The sect leader accepting a disciple on behalf of their master was a huge event for the Ice Palace-it was no less important than a celebration, so it made sense for everyone to be here.

Lin Yi could almost see Xiaoxiao being held by that cold rock Candy, kowtowing to a painting of the sect's founder. He could also see the determination in her eyes, the determination to become a Sky Class master ...

Feng Xiaoxiao chose to stay, other than to cure her illness, wasn't it also to be with Lin Yi forever?

Lin Yi sighed. Perhaps it would be a long time before they met again ...

Although the Ice Palace treated Xiaoxiao like a treasure, that didn't mean that they treated Lin Yi like a treasure-they were only treating him with respect because of Xiaoxiao. He was just a Mystic, after all, and he was nothing in their eyes!

And so, Lin Yi knew his own strength-before he became a third level refiner or higher, or after Xiaoxiao received the inheritance and became a Sky Class master, he wouldn't set foot on the mountain again!

He'd already said his proud words, and there was no way he'd come to the Ice Palace to see Xiaoxiao.

At least Lin Yi knew that Xiaoxiao wouldn't be in any danger before doing that big thing-the Ice Palace would treasure her, and that was enough! The rest of the time was for Lin Yi to improve himself!

Lin Yi couldn't help but smile bitterly at the thought-Mystic class's number one ... If he was the number one of Sky Class, would that lengniu still treat him with this attitude?

#### **Chapter 1548: -Lin Yi**

Even if he asked Xiaoxiao to accept the inheritance and not do that big thing, that cold girl wouldn't dare to have a single complaint! In the end, it was still his own lack of strength!

"Little pig, let's go back." Lin Yi took one last look at the mountain before making his way to the town.

"Oink Oink ..." Skybolt pig knew what was going on and consoled Lin Yi.

"Oh, little guy, the three of us came here together, but only two of us have returned. But don't worry, we will come back one day!" Lin Yi said firmly.

"Ji Ji!" Skybolt pig seemed to be convinced by Lin Yi's words.

.....

Songshan, Lingshan's office. Liu Wangli handed a Technical Report to song Lingshan,"Captain song, this is the result of the technical department's restoration of the license plate number from the surveillance video. The license plate number is TT000!"

"TT000 ?"Lingshan blinked-the license plate was pretty familiar."Is it a real car plate? Could it be a card set?"

"I don't know if it's a fake license plate, but I've already retrieved the file from the Traffic Police Department. This license plate number is confidential and is assigned to a special department. I don't have enough authority to check it. I'm afraid you'll have to check it yourself to know where this license plate comes from."

"Oh?" Lingshan blinked and nodded. "Okay, I'll log into the system and check. If I don't have enough authority, I'll have to report to Commissioner yang and ask for his help."

With that, Lingshan turned on the computer on her desk and entered the internal query system, entering her account and password.

Luckily, Lingshan's access level was high enough for the car plate number to appear on the screen. "TT000 is the Songshan supernatural Investigation Bureau's number plate, and the corresponding number plate is FX520 ..."

Lingshan felt even weirder at this point-the TT000 felt familiar, and this FX520 felt even more familiar. Where had she seen it before?

"FX520?" Liu Wangli also felt that the number plate was very familiar.

"Let me check again ..." Song Lingshan quickly checked the registration information of the FX520 card again, but after checking, her eyes opened wide in surprise, "Woof! How is that possible?"

"What's wrong, Captain song?" Liu Wangli quickly asked.

"The FX520 was first registered in an Audi TT, and the owner was Feng Xiaoxiao. It was just a while ago, and now it was found by a Land Rover ..." Song Lingshan felt like she had just seen a ghost.

"Feng Xiaoxiao ... Yes! "I remember it too-we were in the underground race track with Feng Tianlong from the supernatural Investigation Bureau, arresting the criminal from the red conches. The Land Rover seemed to have been driven away by Lin Yi, and the license plate that was registered later was from the scrapped Audi TT ..." Liu Wangli said, "Lin Yi, I'm sorry, I'm sorry, but I'm sorry." "Don't tell me ... These cases were all Lin Yi's doing?"

"How is that possible?" Lingshan subconsciously denied. Lingshan knew what kind of person Lin Yi was-why would he rob a bank? Moreover, what he was doing now was angering both man and God. He robbed an old man who was selling roasted sweet potatoes, beat up an innocent old woman on the street, and even molested young girls ...

He was a completely different person from Lin Yi! If Lin Yi wanted money, he wouldn't even look at all the treasures and valuable antiques in the tomb. Robbing a bank now? Lingshan wouldn't even believe it!

Plus, Lin Yi didn't look like someone who would bully the weak-this guy didn't even bother to bully his enemies, why would he go for the weak? As for flirting with young girls, it was even more inconceivable. If he had such a hobby, wouldn't it be great if he were to tease her? Both parties were willing, and it felt good to tease him ...

"But, that's the situation now ..." Liu Wangli smiled bitterly, "The evidence points here. We can't just not investigate, right?"

Liu Wangli knew about Song Lingshan and Lin Yi's relationship, and he also knew about Lin Yi's contributions in solving cases. However, he couldn't just eliminate Lin Yi just because of that!

"I think that we should start investigating that Lin Yi guy right now, pull out his information and compare it with the image in the video, to make sure if they're the same person." Wang Hekan said.

Lingshan didn't believe that Lin Yi was the suspect, but there was no way she could do anything about it. She nodded, "I can investigate, but Lin Yi's a friend of mine, so he shouldn't be in Songshan right now. He didn't have the time to commit the crime!"

"Officer Song, aren't you being a little arbitrary? How do you know he's not in Songshan? Perhaps he had secretly come back? Do you spend every day with him?" Wang Hekan asked.

"Well ..." Song Lingshan hesitated and finally said, "Alright, let's investigate ..."

The police had all the information they needed, and all the surveillance videos of the case had been put together. They came to the meeting room, and Liu Wangli quickly played the video with the projector ...

Before, Lingshan only thought that the suspect looked familiar, but now that she looked at him again, her heart turned cold!

Lin Yi! This figure should be Lin Yi! Lingshan remembered Lin Yi's face right away ... It matched the image in the video perfectly-it was one person!

However, Lingshan still didn't believe that Lin Yi was the crazy bank robber! Investigating Lin Yi was only for work purposes.

After watching the video, Liu Wangli pulled out a few of Lin Yi's photos from the Save file and played it for everyone. After playing the photos, Wang Hekan slapped the table and said, "With my years of experience as a detective, I can tell that this Lin Yi is the suspect! These two people were 100% the same person. There was no need to identify them! I suggest that you arrest him directly!"

"Directly arrest him?" Lingshan raised an eyebrow, a little angry. What was with this Wang Hekan? He could identify the suspect with just one look? Plus, whether or not it was Lin Yi still required the technical department to do a test-how could they just make a judgment like that?

#### **Chapter 1549: The results of the appraisal**

"Hmph! Officer Song, you're probably trying to protect this Lin Yi, aren't you? May I ask, what's your relationship with this Lin Yi?" Hekan Wang asked.

"Protect? Why should I protect him? I'm just doing things according to the rules. According to your way of doing things, if you take a look at someone and they're a suspect, wouldn't it be a mess if you have a grudge against someone?" Lingshan said with a frown.

"I, Wang Hekan, am an elite detective. Even the foreign police have come to me to solve cases. Do you need to doubt my skills?" "I think there's an eighty percent chance that there's something going on between you and that Lin Yi, but I'd better warn you not to side with him. I may not be part of the police force, but I still have my authority. I'll ask bureau chief Chen to let you off the hook!"

Lingshan was pissed off-what was with this Wang hekan? All she did was say a few words to help Lin Yi, and this was all he got? Did he really think that Lin Yi was the suspect?

“All the results will be determined after the technical department’s appraisal report is out!” “If it really was Lin Yi, of course I wouldn’t be biased, but if it wasn’t Lin Yi, then please don’t jump to conclusions!” Lingshan said.

“Hmph! Then we’ll just wait and see!” After Wang hekan finished, he stormed out of the meeting room and said, “You asked me to solve the case, and I gave you my opinion, but you didn’t listen. It’s really infuriating!”

“Captain song ... This ...” Liu Wangli was in a difficult position.

“Let’s get the technical department to verify it-if it really is Lin Yi, then I’ll have to arrest him!” Lingshan said with a sigh.

“Okay ... Captain song, I’ll go now ...” Liu Wangli nodded and took the copy to the technical department.

Lingshan said helplessly-why was the evidence pointing at Lin Yi? Was this Lin Yi’s doing, or was someone trying to frame him?

After hesitating for a while, she decided to give Lin Yi a call to test the waters. If Lin Yi really did this, he’d give himself away for sure unless he had a strong mind! But if it really wasn’t Lin Yi, then she would ask Lin Yi to help her solve the case!

Because only by catching the real murderer could Lin Yi’s crime be cleared!

However, when she dialed Lin Yi’s number, she was a little disappointed. The phone was turned off-it seemed that Lin Yi didn’t turn it on, or he didn’t bring his phone with him when he left!

Lingshan had no choice but to wait for the report from the tech department.

However, while they were waiting for the appraisal report, another big case happened!

It was still the same suspect, robbing a group of young men and women who were having a picnic by the beach, throwing them into the sea one by one! Because a young man’s head hit a reef in the sea, he was seriously injured and died in the hospital. The other people also suffered light injuries of varying degrees.

The person who called the police was a photographer. He was a freelancer who specialized in submitting articles to newspapers and magazines! He had witnessed the entire crime and recorded it, but he didn’t save the man in time, causing the man with the serious head injury to miss the best time to save him!

A photographer who didn’t call the police to save the victim in order to get a good picture would be condemned, but Lingshan couldn’t do anything about it.

Fortunately, this time, the photographer’s camera was very high-end. The photos he took were not only clear but also high quality. Not only did he capture the suspect’s car, but he also captured the suspect’s physical characteristics!

This way, it would be easier for the technical department to carry out the appraisal! And so, after Lingshan got this information, she felt that this person was similar to Lin Yi, and giving this information to the technical department might be bad for Lin Yi, but she had to do it!

Wangli didn't feel good after reading the information. After all, he was friends with Lin Yi, and Lin Yi had contributed a lot to solving cases before. Who would feel good after becoming a suspect?

"Captain song might not be Lin Yi's, don't think too much about it ..." Liu Wangli consoled.

"It's okay ... I understand." Lingshan said with a nod.

Soon, the technical department's identification results were out. The result was that the similarity was 90%! Both the surveillance footage and the photos showed that the suspect had his face covered, and Lin Yi's information only had the photo-there was no detailed height, weight, and other data. They could only say that they were ninety percent similar, not a hundred percent!

However, this result made Lingshan very troubled. 90% meant that if everything went as expected, this person could very well be Lin Yi!

"So, I said it's him, right? With my sharp eyes, no criminal can escape from my eyes!" Hekan looked at the report and said to Lingshan, "Can we arrest him now?"

"We can, but we can't be sure that Lin Yi is the suspect yet!" Lingshan said.

"Hmph! I won't cry until I see my coffin!" "When will you send the message?" Wang hekan curled his lips and asked.

"Let's go to Lin Yi's Villa now!" Lingshan replied, annoyed. "Liu Wangli, come with me!"

"Why didn't you bring me along? Is there something fishy going on?" Wang hekan interrupted.

"You're not with the police. It's not good for you to go in this situation." Lingshan said.

"What's wrong with that? Are you trying to hide something? What can't I see?" Hekan insisted, "don't forget, I'm the expert you invited!" Not a passerby!"

"Alright then, let's go together." Lingshan had no choice but to bring hekan to the Chu villa!

Now, the school was on holiday and everyone was studying at home for the exam. However, this was also good. The weather was frighteningly hot and there was no air conditioning in the classroom. It would make people sleepy and affect the effect of studying.

Back at home, everyone had more freedom. They could drink iced drinks, eat cool fruits, and read books.

### **Chapter 1550: sudden visit**

With that, Yushu ran off to take a shower. She wasn't dirty, it was just that she was feeling hot, so she ran out of the bathroom quickly without any clothes on. Her body was white as snow, and she was walking around in front of Mengyao and Tang Yun.

The three of them slept together every day anyway, and it was normal for them to shower together, so Yushu didn't mind. Walking around the house naked was one of her habits, but she changed it after Lin Yi joined them. Now that it was hot, she picked it up again.

"Shu, you're naked again?" "There's still that Wu Chentian down there, can't you be more careful?" Mengyao said helplessly. "Wouldn't you suffer a great loss if someone saw you?"

"He doesn't dare to come up!" Yushu said nonchalantly, "I'm hot, so hot, so hot, so hot! Yaoyao sis, I'm feeling hot again, help me cool down!"

With that, Yushu moved her hand to Mengyao's face.

"Take it away, you're as hot as fire, you want to burn me to death!" Mengyao said helplessly as she shook off Yushu's hand.

"Tang Yun sis, you don't want Shu too, do you?" Chu Mengyao ignored Chen Yushu and went to find Tang Yun.

Tang Yun had no choice but to place her hand on Yushu's forehead, "Is this enough?"

"Your hands are so cold, Tang Yin sis, why aren't you feeling hot?" Chen Yushu asked enviously.

"It's naturally cold when the heart is calm. You're running around in the room, how can it not be hot?"

"Don't spoil her, Tang Yun," Mengyao said, annoyed. "She's using you to cool down. I got a heat stroke last time!"

"Haha ... It's fine, I'm used to it. I used to help mom sell barbecue in the summer, and it was much hotter than this." "Well, poor kids like us have better health ... But mom did say that kids with cold hands get cold because no one loves them ..." Tang Yin shook her head with a smile.

"I don't think so? How much did Lin Yi love you? "I'm quite envious of you, actually. I want to do something too, but I've been living under my father's wings since I was young, and now I have to be protected by Lin Yi. I feel so useless, I can't do anything ..." Mengyao sighed. "At least you've tried hard ..."

"But I think you've already done a good job!" "I feel like you and Shu are very peaceful," Tang Yun shook her head, "you're not too arrogant, unlike some other rich young ladies who live a life of luxury ..."

"Extravagant?" "Wow, Tang Yun sis, are you trying to imply something?" Yushu blinked.

"..." Tang Yun was speechless, and Chu Mengyao couldn't help but laugh. This Shu always interrupted.

However, after laughing, everyone fell silent! At the mention of Lin Yi, everyone realized that Lin Yi hadn't contacted them for half a month. They didn't know what happened to him, and they were all worried ...

"Yaoyao sis, how's shield bro doing?" Yushu asked, worried.

"I don't know ..." Chu Mengyao sighed, "But Lin Yi's strong, he should be fine ..."

Tang Yun pursed her lips and didn't say anything. At the same time, she also believed that Lin Yi would return safely!

The three of them were talking when the doorbell outside the villa suddenly rang.

“Oh? Shield bro’s back?” Chen Yushu heard the doorbell and was excited, she wanted to rush down the stairs! Lin Yi had left with Xiaoxiao, and Tang Yun was staying here, so there weren’t many people in the villa. Lin Yi didn’t bring his keys with him when he left, too, so Yushu thought that Lin Yi had returned.

“Shu, get dressed!” Chu Mengyao grabbed Shu and reminded her.

“Ah? Oh oh oh!” Chen Yushu quickly ran back to put on her clothes and mumbled to herself, “If it’s just shield bro, then we don’t need to wear clothes—we’ve already seen it, and it’s nothing. We’ll still have to see it when we become the small wife, but that Wu Chentian’s a bit of a hindrance!”

“Haha ...” Tang Yin couldn’t help but laugh, “But you can’t always be naked, what if Lin Yi gets sick of you?”

“Hmm ... That’s true! Tang Yin sis, thanks for the reminder!” Chen Yushu nodded, thinking that it made sense.

The group went downstairs, and Chentian was already on his way to open the door. However, there were three uninvited guests outside the villa, and Chentian didn’t dare to make a decision on his own—he had to ask Mengyao first.

Chentian was from a Noble House, after all, and Lingshan couldn’t do anything to him.

“Fox song?” Chen Yushu saw that the people outside the villa were song Lingshan’s group and not Lin Yi, she was a little unhappy, “What are you doing here? Who are you two?”

“Miss, please mind your words. We are here to investigate the case. Don’t get yourself into trouble!” Wang hetan warned.

“Investigate the case? What case?” Yushu frowned, “We’re reviewing our lessons. We don’t have time!”

“You ...” Hekan was pissed off by Yushu’s words. He pointed at her and said, “Look ... Look, what kind of people are these? I told you, they must be in cahoots with the suspect!”

“You’re the suspect!” Chen Yushu glared at Wang hekan.

“Alright, Shu!” Chu Mengyao didn’t want to continue this fight with song Lingshan. She felt that song Lingshan came at this time for something ... Could it be about Lin Yi? Mengyao’s heart tightened at the thought. “Officer song, what’s the matter?”

“Can we talk about some things inside?” Lingshan nodded.

“Alright,” he said. Mengyao gestured for Chentian to open the door, letting the three in.

Lingshan wasn’t very pleased with hekan’s actions—they weren’t even sure if Lin Yi was the suspect yet, and here he was, bringing in a suspect’s partner! Don’t you know who you’re dealing with? they’re from the Chen family and the Wu family. If you really anger them, how can they let you off?

Entering the living room, song Lingshan and Liu Wangli sat down casually on one side of the sofa. Wang hekan, on the other hand, sat in the middle of the sofa like he was the boss!
