

Bodyguard 1571

Chapter 1571: Let's return together

When she first got together with Lin Yi, she thought that he was just a rich young master, but as she got to know him, she realized that he was different!

"That's right. We'll have another bodyguard in the future. If you don't perform well, I'll fire you!" Mengyao said half-jokingly. In fact, she was a little envious of Xiaoxiao's fortune.

"Oh, I want it if you don't want it, I want shield bro to be my personal bodyguard!" Chen Yushu quickly said.

Mengyao didn't know whether to laugh or cry-she was just joking, okay? Tang Yin, on the other hand, couldn't help but smile.

"What, are you all envious of Xiaoxiao? Do you also want to become a cultivator?" Lin Yi joked.

"Lin Yi, do you think we can train?" Mengyao asked suddenly.

"Ah?" Mengyao's words, on the other hand, stunned Lin Yi. He was just saying it casually, not expecting to catch the hidden meaning behind it. Mengyao ... Wanted to become a practitioner too?

"Yeah, can we?" Tang Yin asked.

"Yeah, I can't fall behind! I said we're partners-I can't just be nothing when she's a Sky Class, can I?" Chen Yushu added.

"This ..." Lin Yi didn't expect the three girls to be so interested in training! However, cultivation wasn't an easy thing. Not only did it require good qualifications, but it also required a matching heart cultivation chant!

Lin Yi didn't have any Arts that were suitable for girls, and the art of Dragon mastery was out of the question. Plus, the three girls were past the best age to practice!

If they wanted to practice, they'd either have to be like Naipao, practicing some evil Arts to speed things up, or be like Xiaoxiao, with her talent and being chosen by the big sects, or find them a suitable practitioner's art and let Lin Yi force it up for them!

At present, it seemed that the third method was the most reliable, but it was not an easy thing to find a suitable heart cultivation method for them!

Everyone had their own unique physique, and it wasn't something that could be casually picked up and cultivated! For example, in a family, the physiques of the people who were related by blood were basically similar, so everyone cultivated the same mental cultivation method pithy formula. And this mental cultivation pithy formula also had to go through many years of refinement and improvement to be completely suitable for the cultivation of this family!

However, it was different in a sect. In a sect, there would be a variety of mental cultivation methods for the disciples to choose from. Even so, some people were unable to find a mental cultivation method

pithy formula suitable for their physique, leading to little success in their cultivation journey and no progress.

As the saying went,! Good teacher was hard to come by, but a good student was even harder to find! This was why Xiaoxiao was so popular in the Ice Palace!

But looking at it from another perspective-no matter how good Feng Xiaoxiao's potential was, if she didn't go to the Ice Palace by chance, if she went to the everyday and every day sect or some other ancient sect, she'd probably be treated like a dead person with a trash body!

This was also the reason why Lin Yi didn't let people around him who didn't have a solid practitioner's Foundation start on the path. It was easy to find a practitioner's Arts manual, but finding a suitable one was a different story.

"Everyone's body constitution is different. Not everyone can become a cultivator, and not everyone will have any achievements on the path of cultivation." Lin Yi explained after a moment of silence,"Xiaoxiao's experience this time was a complete coincidence. It's not impossible for you guys to train, but you have to find a suitable practitioner's art first. Otherwise, not only will it be difficult to progress, but it'll also be easy for you to go into Qi deviation!"

Although Lin Yi could just give them a random practitioner's art for them to practice, and once they started, Lin Yi could use his methods to forcefully raise them to Mystic early phase. But if the practitioner's art wasn't suitable for them, they might not be able to control the Qi in their bodies, just like Feng Xiaoxiao before she started, unable to control the cold Qi in her body, and cause Qi deviation.

"Argh! "So complicated" Mengyao was a little disappointed, but she knew that Lin Yi was telling the truth. He wouldn't do anything to harm them, so she replied helplessly,"I'm sorry, but I'm not a good person." "Then forget it ... Ordinary is not bad ..."

"But ... Can't we just try ..." Yushu didn't want to give up.

"How about this-I'll go back to my hometown after the exams. I was planning to bring Yunyun, but if you and Yaoyao don't have anything to do, you can go together. Just treat it as a vacation." "I'll ask my old man if there's any suitable Arts for you guys to practice. He's very knowledgeable, so let him take a look at your body constitution first!"

"Okay, okay, the ugly wife is going to see her in-laws!" Chen Yushu said happily.

"Shu, what are you talking about? Yunyun's not ugly." Mengyao glared at her.

"Oh? I'm not talking about Tang Yun sis, I'm talking about myself. " Yushu said matter-of-factly.

Mengyao was speechless.

Tang Yun covered her mouth and laughed.

Lin Yi frowned, already used to Shu's behavior.

"En, then let's all go together. We're all familiar with each other anyway." "Or I'll go by myself," Tang Yin said,"there's no point in that. You guys can keep each other company. "

Tang Yun knew that Chu Mengyao didn't say anything because she was worried about Chu Mengyao's attitude. However, Tang Yun didn't have any hostility towards them anymore. They lived together every day. It would be hard for them to get used to being separated suddenly.

"En, that's good." Mengyao said with a kind smile.

He'd been delayed for a while, but Lin Yi's driving skills were still first-class. He weaved through the traffic and finally arrived at the school gate ten minutes before the deadline.

Lin Yi found a spot, parked his car, and took his admission ticket from Tang Yin.

"Good luck, you guys! Work hard!" Lin Yi said to the three.

"Shield bro, you too!" Yushu said, raising her fist.

"Good luck, everyone." Chu Mengyao nodded.

"Do your best in your ... University. We'll be together too." Tang Yin said, a little embarrassed.

After the four of them entered the school where the examination venue was, they parted ways in the teaching building and went to their own examination venues.

Chapter 1572: encounter again

Lin Yi's seat was by the window, and the lighting and environment were pretty good. It seemed like he was quite lucky. Just as he was about to sit down, he heard someone call him!

"Lin Yi?" The voice was surprised and familiar.

Lin Yi turned around and was surprised to find that the person sitting across from him was someone he knew!

"Wang Xinyan?" Lin Yi felt that the world was too small for him to meet Xinyan here! Speaking of which, the two of them were really fated. When they took the train, they sat side by side. When they took the plane, they sat side by side. And when they took the college entrance examination, they even sat side by side!

Wang Xinyan had obviously thought of this as well, and smiled."What a coincidence,"

"Yeah, we've actually been assigned to the same exam venue!" Lin Yi felt that the world was really small!

Normally, it wasn't very likely that they'd run into someone they knew in the same exam hall, and it was very unlikely that they'd be in the same classroom during the sorting. Lin Yi and Xinyan, however, weren't classmates, and they weren't even from the same school, either.

"Good luck!" Xinyan said with a shy smile.

"You too!" With that, Lin Yi sat down in his seat.

The exam hadn't started yet, but the classroom was quiet. Lin Yi didn't want to say too much.

He simply put the stationery on the table and waited for the exam to start.

After a while, there was a commotion outside the classroom. Lin Yi thought that the exam was about to start, but it wasn't the invigilator. It was a bald guy with a cigarette in his mouth, and a yellow-haired guy helping him carry his bag!

"Young master you, please ..." The yellow-haired man respectfully made an inviting gesture and welcomed the bald young master you into the examination hall.

"What kind of lousy place is this? Why did you arrange such a lousy exam venue for me?" The young man named young master you frowned and looked very unhappy.

The classroom, which was filled with whispers, immediately became quiet. Some students showed a disgusted expression, some were indifferent, and some who were closer to them were a little afraid.

"Yeah, there's no air conditioning here!" The yellow-haired man also echoed."But young master you, it's only a few hours. Can you just make do with it?"

"Damn it, if it wasn't for the family's emphasis on results, I wouldn't even be here!" Young master you cursed as he walked into the classroom, but he went straight to Lin Yi.

"It's here!" The yellow-haired guy walked to the seat behind Xinyan and pointed at the paper on the table."Young master you, you can do it. If there's nothing else, I'll go back to my own examination venue first."

This yellow-haired guy was not from this exam hall, but from another exam hall. He was only here to please.

Young master you nodded and followed, but he didn't sit in his seat. Instead, he stood in front of Wang Xinyan's table, picked up Wang Xinyan's exam admission ticket, and looked at it. Then he said,"Not bad, little girl. You're from No. 2 middle school, so you must be very good at your studies! After you're done, copy the answer on a piece of paper and send it to me!"

Songshan's second high school was also a key high school, but it wasn't a private one, it was a public one. The quality of the education there wasn't much different from Songshan's first school, but it was more difficult for Songshan's second high school to get in. All the students there had to take the high school entrance exam. Compared to a private high school like Songshan's first school, there weren't any self-funded students.

Of course, there were still transient students, but they didn't have a second high school certificate. When they took the college entrance examination, they would also state their original school on their admission ticket. So when young master you saw that Wang Xinyan was a student from No. 2 middle school, he naturally knew that she was one of the good students.

"This ..." Wang Xinyan was shocked by young master you's words. She looked at the bald man in front of her in fear, not knowing how to answer!

Wang Xinyan was definitely not willing to help him cheat. Not to mention the fact that she hated cheating, even if she reluctantly agreed, what if the invigilator found out when they passed the answers? wouldn't she be dragged into it?

“Will it work or not? say something!” Young master you saw that Wang Xinyan was hemming and hawing, and he was a little impatient.

“Damn it, don’t refuse a toast only to drink a forfeit. Little girl, do you know who young master you is?” The Blondie smacked Xinyan’s table. “I’m telling you, if you do as young master you says, we will be fine. Otherwise, if you walk out of this exam hall and something happens, it’s hard to say! I heard that there’s a perverted robber recently who specializes in robbing and teasing young girls!”

“Pfft ...” Lin Yi was still thinking when this young master you came out of nowhere. He couldn’t help but laugh when he heard the yellow-haired guy suddenly change the topic to the fake Lin Yi! It seemed like this guy didn’t know that the fake Lin Yi was already caught, and was still using it to threaten others!

“What are you laughing at!” The yellow-haired guy couldn’t find anyone to start with-Xinyan was a girl, after all, and he could threaten her a little, but he couldn’t beat her up in the classroom. At this time, there was this “idiot” who just came to his door, and the yellow-haired guy got excited as if he’d been injected with chicken blood. He turned around and pointed at Lin Yi, “Stand up, what are you laughing at? Do you not want to live? Do you believe that I can kill you?”

The yellow-haired guy couldn’t be blamed for being arrogant, because young master you was from the Hidden House you. The Hidden House you was one of the top families in Eastern Sea city, on par with the Hidden House Zhao and so on. It was even a level higher than the Hidden House Zhao!

This didn’t mean that there were many masters in the Hidden House of you, but because the Hidden House of you was a medical family with many medical Masters. Most importantly, the Hidden House of you had an Alchemist!

Therefore, this also confirmed the Supreme status of the hidden you family! Plus, it was said that the Hidden House of the right was a branch of the ancient sect, sky elixir sect. This increased the weight of the Hidden House of the right in front of the other hidden houses!

Of course, this was just a legend. No one knew if the Hidden House of you had anything to do with the sky elixir sect, and the head of the Hidden House of you had never explained it directly. In short, everything was mysterious!

Chapter 1573: Send him to the hospital

Masters above the earth Class were usually hired guards, not core members of the Hidden House you.

This yellow-haired man was young master you’s servant, a study attendant, and a bodyguard, so he was naturally very arrogant and domineering.

“I’m laughing at you. ” Lin Yi looked at the yellow-haired man, not afraid at all. What made Lin Yi feel strange was that this guy, who looked like a hooligan, actually had the strength of an early phase Mystic class spiritual practitioner! And this made Lin Yi interested in the young master you’s identity.

Could it be that this young master you came from some aristocratic family or a hidden aristocratic family? Noble houses shouldn’t be possible-Lin Yi knew what kind of noble houses there were, and the only possibility was that this young master you came from a hidden house!

But, even if they were from a hidden house, Lin Yi wouldn't back down. Xinyan was his friend after all, and he had a good impression of her when they were on the train!

Lin Yi had a good impression of this pretty and quiet girl, too. He couldn't just leave her be when she was in trouble.

The yellow-haired man didn't think that Lin Yi would dare to talk like that! Of course, he only froze for a moment before he "understood" what was going on. As far as he was concerned, Lin Yi was fearless because he didn't know what he was capable of!

If he was in the small circle of the hidden Noble house's disciples, even those who were stronger than him would have to call him Blondie bro with respect! The situation of a Fox exploiting a Tiger's might and a dog relying on its master's power was displayed incisively and vividly by the yellow-haired guy!

It couldn't be helped. All the hidden houses had to go to the Hidden House you. Whether it was a member of the family with a strange disease or if they wanted to ask for some low-level pills, they had to go to the Hidden House you. This was also the reason why the Hidden House you's status was extraordinary!

It was the same reason why the other noble houses valued Lin Yi and Xuemin so much! Of course, in the aspect of concealment, the famous doctors in the secular world were not as important.

"Send him to the hospital. He doesn't need to take the exam." Young master you looked at Lin Yi and ordered the yellow-haired guy. He naturally wouldn't let go of anyone who dared to challenge the authority of the you family!

"Yes!" The yellow-haired man heard young master you's words and raised his hand to hit Lin Yi without hesitation!

An early phase Mystic wasn't even enough to warm up Lin Yi's body. The yellow-haired guy's fist seemed extremely fast, but in Lin Yi's eyes, it was in slow motion like in a movie. Lin Yi easily caught the yellow-haired guy's right hand and squeezed it, and a soft cracking sound came from the yellow-haired guy's arm ...

Lin Yi didn't want to cause trouble in the exam hall, so he controlled his strength very well. He only broke the man's arm bone, but it didn't break. It didn't look like a big wound, but it was extremely painful and swollen.

The sound of the bone cracking was so soft that young master you didn't hear it, but the yellow-haired man clearly heard the crisp sound of the bone in his arm. He almost cried out in pain, but in order not to lose face, he gritted his teeth and endured it.

At this time, Lin Yi made his move again, directly pulling the yellow-haired guy's hair and lifting him up. It looked like Lin Yi was fighting on the street, but only the yellow-haired guy himself knew that it wasn't like that!

He was a cultivator, and his moves were very stable and solid. Even if the bones in his arm were broken, his legs were not injured. To be picked up so easily by someone else, the other party's strength must be far beyond his!

At the thought of this, the yellow-haired thug's expression changed slightly. He did not expect to meet a cultivator here, and a cultivator who was one level stronger than him!

"Are you from this examination hall? If you're not, then get out of here and stop being a hindrance!" Lin Yi picked up the man and walked to the window ...

"Yellow hair, what are you doing? Use your true Qi to beat him up until he's disabled!" Young master you was a little anxious. He didn't know what the yellow-haired guy was doing! He knew the yellow-haired man's strength, but from what he saw just now, the man didn't use his pure energy at all-he was fighting Lin Yi as if he was a gangster!

Of course, other than the Blondie himself, no one knew the real situation! The yellow-haired guy looked like he was fighting a gangster, and Lin Yi looked like he was fighting a normal student, pulling his hair and all. It didn't look like a fight between practitioners at all!

However, only the Blondie knew that this was not the case! Lin Yi, he was actually a Mystic early phase peak!

Of course, this was just what he felt. Lin Yi could easily handle him if he was just one level higher than him, so Lin Yi suppressed his strength to Mystic early phase peak and didn't release his strength as a Mystic late phase.

"Mystic early phase peak?" The yellow-haired man felt Lin Yi's strength, but he still couldn't believe it. He didn't believe that there was a master like this in the exam hall!

After all, it was very difficult for the common world to have a practitioner. Could Lin Yi be from a Noble House or a hidden house? But I've never heard of such a person.

Lin Yi opened the window and threw the guy out of the third-floor window as if he were trash!

The yellow-haired guy was an early phase Mystic class practitioner-he wouldn't get hurt from falling from this height, and so Lin Yi didn't have to worry about any murder happening in the exam hall!

However, Lin Yi's actions caused the other students to cry out in surprise. They didn't expect Lin Yi to be so violent, throwing someone out of the third-floor window! Although they felt that Lin Yi's actions were very satisfying-after all, they hated the yellow-haired guy as well-their classmates were worried for Lin Yi! If there really was a murder, then Lin Yi wouldn't need to take the college entrance exam anymore!

Xinyan covered her mouth in shock-she didn't think Lin Yi would do that! If Lin Yi really couldn't take the college entrance exam because of her, and became a murderer, then Xinyan would never be able to rest in peace!

However, when the students looked down from the window, they saw the yellow-haired guy getting up from the ground, perfectly fine. He was looking at Lin Yi with hatred, but Lin Yi was already back in his seat and didn't bother with him.

Young master you naturally knew that the yellow-haired guy wouldn't die from the fall, but he was also shocked by Lin Yi. How did this guy throw the yellow-haired guy down? Why didn't the Blondie resist?

Without yellow hair by his side, young master you suddenly felt a little embarrassed. Yellow hair was a practitioner, but he wasn't. He was just an ordinary Alchemist. Although he had the strength of a

golden class, it wasn't an attack type, but a support type. He was basically not much different from ordinary people!

Chapter 1574: sending you off

So, young master you was in a dilemma. With Lin Yi here, he didn't dare to ask Xinyan for anything, but if he gave up just like that, it would be embarrassing! Besides, he had no idea what the questions were going to be. If no one plagiarized him, he would only get a few marks for the multiple choice questions. He wouldn't get a single point for the rest of the questions!

"You're actually fine? Are you shooting a special effects movie?" A student by the window said in surprise.

The students who were sitting in other seats also went over. Sure enough, they saw that the yellow-haired guy was fine. The field that was originally full of blood was also clean!

Xinyan let out a breath of relief when she heard that the yellow-haired guy was fine. She looked at Lin Yi gratefully, but didn't say anything because Mr. You was still standing beside her!

"Are you going to take the exam or get lost? Or let me give you a ride. Do you want to be Superman? I'll let you enjoy the treatment of a flying man?" Lin Yi looked at young master you and asked.

"I ... Hmph! Just wait and see!" Young master you glared at Lin Yi. He didn't know what was going on, but there was no point in him staying. He couldn't threaten Xinyan now, and he wouldn't be able to do a single question later. What was the point of wasting time?

Not to mention, young master you wanted to find Huang Mao Wen bro quickly and ask him what happened just now. Why didn't he resist and was thrown out of the building by Lin Yi?

"Oh." Lin Yi replied faintly.

Young master you suddenly felt that he had lost face. This was a face-to-face talk, but she didn't take it seriously at all! Even if Lin Yi said "I'm not afraid of you" it would be better than this. Lin Yi's simple "Oh" was basically ignoring him!

Young master you glared at Lin Yi, remembering his name and face before leaving the exam hall without looking back.

After young master you left the exam hall, all the other candidates burst out laughing. Lin Yi's actions were very satisfying!

Before, they saw young master you and the yellow-haired man looking fierce. Although they were disgusted, they didn't dare to say anything. After all, everyone was here to take the exam. No one wanted to cause more trouble. They naturally endured it.

However, Lin Yi's actions represented their feelings. Naturally, they were very happy, and some even started clapping for Lin Yi.

"Did you get any shock? It won't affect my mood for the exam, right?" Lin Yi turned to Xinyan.

"I won't ..." Wang Xinyan shook her head. "I really have to thank you for what you did before."

"It's nothing," Lin Yi was just about to ask Xinyan how things were going in Yanjing when the bell rang, signaling the start of the exam. The invigilator walked into the hall.

The classroom was silent all of a sudden, and Lin Yi smiled at Xinyan without saying anything else. He adjusted his state of mind and prepared for the exam.

After being humiliated by Lin Yi, young master you didn't have the mood to continue with the exam anymore. After leaving the building, he saw the yellow-haired guy waiting in the field, and he couldn't help but get angry, "What the hell are you doing? Why did you let him throw you down? Do you really want to be a plane? Why didn't you teach him a lesson? You've made your young master lose face!"

"Young master you, it's not that I don't want to, but the opponent is too strong. He's a Mystic early phase peak, one level higher than me. I don't have any chance of winning against him, I can't even fight back!" The yellow-haired man said with a bitter smile.

"What? You said he's a Mystic early phase peak? How was that possible? How can a small city like Songshan have such a powerful master?" Young master you was very surprised after hearing the yellow-haired man's words. "Are there hidden houses here too?"

"I've never heard of a hidden house, but there are a few of them. However, in our family's information, I've never seen such a person among the younger generation ..." The yellow-haired guy said.

"Could he be a wandering cultivator?" Young master you was stunned.

"That's possible!" The yellow-haired man nodded, because he couldn't think of any other possibility.

"I didn't think there'd be so many hidden talents in a small place like Songshan! If I had known this earlier, I would have come here to have some fun!" Young master you said arrogantly. He put himself in a very high position and found an excuse for being humiliated by Lin Yi!

What he meant was that he didn't take the cultivators here seriously before. Now, it seemed that it was a little interesting. He just underestimated the enemy!

"They're just a few shrimp soldiers and crab generals. How can they enter young master you's eyes?"

"Young master you, purple hair and the others aren't in this examination hall. Do you need to call them over?" the yellow-haired man said.

Purple hair was also one of young master you's followers and a master recruited by the you family. These people, to put it bluntly, were cultivators who were not welcomed in other hidden families and small sects, so they joined the hidden you family. With the support of a large number of elixirs and elixirs from the hidden you family, they also had some achievements on the road of cultivation.

Young master you wasn't originally a Songshan student, but he caused some trouble in his school in Donghai city and injured a disciple who was responsible for making money outside. The Hidden House you couldn't cover him anymore, so they had to transfer young master you to Songshan city to lie low, and his followers naturally transferred here as well.

It was just that after young master you transferred to school, he didn't come to Songshan for a single day. He just ate, drank, and had fun outside every day.

The college entrance examination was just a formality for young master you. With the hidden you family's financial resources, these people had no problem going to university. However, the old man of the you family was an Alchemist and also a scholar, so he placed more importance on academics. Naturally, he also wanted his family's children to be admitted to University with their real abilities.

However, this young master you wasn't the direct descendant of the hidden you family, so even if he was admitted to University, he would only get a smile from the old man of the you family and get some rewards, so young master you didn't care much.

"Call him over! I have to teach this kid a lesson. Otherwise, where will I put my face?" Young master you said hatefully, "not only purple hair, get blue hair and the others to come as well. A Mystic mid phase master and an early phase Peak Master. I don't believe they can't cripple him!" "Alright, I'll make the call now!" The yellow-haired man nodded and said.

Chapter 1575: fate

"And that girl over there, she's not bad. She's fair and tender. I love doing this kind of student girl who's good in both character and studies. Keep an eye on her later!" Young master you instructed the yellow-haired man.

"Don't worry, young master you. I promise to do it well!" The yellow-haired guy had been with young master you for so long and knew young master you's hobbies like the back of his hand. Every time young master you harmed girls, he was the one who helped.

In the exam hall, Lin Yi didn't know that master you was already downstairs looking for someone. If Lin Yi knew this kid was so evil, he would've done something to him!

The first morning ended quickly, and Lin Yi had finished his paper long ago, but he didn't hand it in early. He saw that Xinyan had finished her paper as well, but she was still checking it over and over again.

After handing in his paper, Lin Yi and Xinyan walked out of the exam hall together.

"You ..."

"You ..."

Lin Yi and Xinyan spoke at the same time.

"You go first ..." Wang Xinyan said to Lin Yi.

"You go first ..." Lin Yi said at the same time.

"How did you do?" The two of them said in unison again.

After saying that, the two of them couldn't help but look at each other and smile. They both felt that it was an incredible coincidence.

Speaking of which, Lin Yi felt that he and Xinyan were really connected by fate. There were too many coincidences between them, and whether it was during a test or when he was out, he would always bump into her.

“I’m alright ...” Wang Xinyan smiled. “Thank you so much for what you did just now. However, what you did was a little too dangerous ...”

In Xinyan’s eyes, Lin Yi was an unbelievable person-she’d been in disbelief the first time she’d met him! He’d been scammed by a couple of scammers on the train, and she’d been stupid enough to warn him, only to find out that all their money had gone into Lin Yi’s bag after getting off the train.

The second time was in the business district, when she was mistaken for a car accident, and Lin Yi saved the old man in no time.

And this time, it made Xinyan’s heart jump-Lin Yi actually threw the person who messed with her out of the third-floor window! Luckily the person was fine, or Lin Yi would be a murderer!

“It’s not dangerous. That person is a cultivator. He won’t die from the fall. ” Lin Yi knew that Xinyan was a relative of house Xiao, so she had to know about practitioners as well.

“A cultivator? No way? So ... You’re also a cultivator?” Xinyan’s eyes were wide open as she looked at Lin Yi.

Xinyan wasn’t unfamiliar with the term “practitioner,” but it was still a long way off! House Xiao was one of the noble houses, but aside from uncle Pi, there were no other practitioners. After uncle Pi died, a few more practitioners came, but house Xiao had already broken off the engagement with house Kang. House Xiao never contacted Xinyan again, and the relationship between house Xiao and Xinyan naturally faded.

So even if Xinyan knew about practitioners, she’d only heard of them-she’d never even seen uncle Pi in person. The only practitioner she’d seen was Wu Chengtian, and at that time, Xinyan felt that practitioners were far, far away from her.

But he didn’t expect Lin Yi to be a practitioner! Xinyan finally understood why Lin Yi was so strong-he was a practitioner! Of course, for cultivators, it was not uncommon to play with a few scammers, save an ordinary person, or throw the Blondie out of the window!

“Yes, just a bit stronger than him.” “How are you?” Lin Yi smiled. Before ... Have you settled everything in Beijing? Aren’t you getting engaged to Zhaolong?”

Lin Yi and Xinyan’s relationship was a little weird-it was like a gentleman’s friendship, but it was a little warmer than normal friends. There wasn’t much passion between them, and there was an unspeakable understanding between them.

“House Xiao and house Kang are on bad terms now, so my engagement has no meaning anymore ...” Wang Xinyan shrugged self-mockingly. “I’m just a tool for their marriage. When they need me, they pick me up. When they don’t need me, they naturally don’t care about me.”

“But isn’t this good? At least I don’t have to marry someone I don’t like. ” Lin Yi could hear the bitterness in Xinyan’s voice and comforted her.

“Yeah, that’s good too!” “I guess I can go back to school in peace now” Xinyan smiled.

The two walked out of the school building, and Lin Yi turned to Xinyan. "I'm waiting for someone here. Do you want to go first or wait for a while?"

"Your girlfriend?" Xinyan asked subconsciously. She'd seen Xiaoxiao before in Yanjing, so she thought it was Xiaoxiao.

"En ..." Lin Yi replied noncommittally.

"Then I'll take my leave and won't disturb you." Xinyan smiled and waved at Lin Yi before quickly making her way to the school gates.

At this time, the purple-haired and blue-haired students were already waiting at the entrance of the examination room with young master you and the yellow-haired students. They were staring at the students who came out of the school gate! The students kept a respectful distance away from people who were obviously not good people.

Xinyan jumped at the sight of them as she walked out of the school-it didn't take her long to know that they were here for Lin Yi! She turned and ran into the school!

"Young master you, that little girl is there!" Young master you was staring at Lin Yi, while the yellow-haired guy was staring at Xinyan. He didn't forget what young master you asked him to do.

"Why did you run away?" Young master you also saw Wang Xinyan at this moment, and he immediately frowned and asked, "Catch her and bring her back!"

The blonde nodded and was about to chase after him, but he was stopped by the school's security guards at the entrance. At the moment, only people could leave the examination hall. The blonde furrowed his brows. He wanted to get angry, but he remembered that this was the exam venue of the college entrance examination. If they really caused a scene, he was not afraid of anything, but he was afraid that his old man would blame him!

You have to know that the old man attached great importance to a family with a literary reputation. If he knew about this behavior of making a scene in the examination hall, I'm afraid that young master you will not have a good time!

So, after hesitating for a moment, the yellow-haired man came back and said to young master you, "Young master you, there are security guards blocking the way. They are not letting you enter the school! This is the exam grounds, it's not good for us to cause trouble here ..."

"En, no need to chase. I don't believe that she can hide in there and not come out! We'll guard this place!" Young master you wasn't stupid. He naturally knew what the yellow-haired man was worried about. (

Chapter 1576: don't dare to attack

Lin Yi was waiting in front of the building, and Mengyao, Yushu, and Tang Yun arrived very quickly. They all handed in their papers at the last minute, so they came out around the same time.

"How did you guys do?" Lin Yi asked with a smile.

“Not bad!” The three girls nodded in unison and said with satisfaction. A while ago, they were well prepared at home and had done a lot of exercise books, so these exam questions were generally easy to grasp.

As they were talking, Mengyao was surprised to see Xinyan running towards them. She had some impression of this girl-Lin Yi knew her back at the business street, and he even helped her solve a small problem!

Mengyao had some enmity towards Lin Yi at the time, and Xinyan left a deep impression on her.

“They’re looking for you?” Mengyao turned to Lin Yi and asked.

Although Mengyao wasn’t angry anymore, she still couldn’t let go of what happened back then.

Lin Yi blinked as he raised his head to see Xinyan running over. “What’s wrong, Wang Xinyan? What happened?”

“Lin Yi, that young master you from before brought a few more people and they’re waiting for us at the entrance!” Xinyan was going to say “I’ll wait for you,” but then she realized that she was the one who started this whole thing, so how could she just push it away?

“You’re looking for someone again?” Lin Yi found it funny-did this guy have a bad memory? Or was the yellow-haired guy’s brain not working well? He had obviously been merciful before. Otherwise, not only would he have killed him instantly, he could have easily crippled him. Why didn’t this guy disappear quickly? why did he find someone to deal with him?

“What happened? Lin Yi?” Tang Yin asked nervously when she heard that someone was waiting for her outside.

Lin Yi didn’t think much of it and explained the situation to the three, “A Mystic early phase master and a young master from some unknown house, let’s take care of them together.”

“Then the help he got ...” Tang Yun was worried.

“We’ll see.” Lin Yi said.

Wang Xinyan saw Chu Mengyao, Chen Yushu, and Tang Yun and felt a little dizzy. Why were there three beautiful girls beside Lin Yi? Wasn’t his girlfriend Feng Xiaoxiao? Why isn’t he here?

“I’m sorry for the trouble ...” Xinyan didn’t know who these three girls were to Lin Yi, but seeing how they were concerned about him, they must be close.

“It’s nothing,” Tang Yin shook her head, feeling sorry for Xinyan. If Lin Yi wasn’t there, she’d be bullied by Mr. You for sure, and if they really did what he said, Xinyan would probably be kicked out of the exam hall for cheating!

“I’m Wang Xinyan, nice to meet you.” Xinyan said politely. She was relieved to hear that.

“I’m tang Yin, Lin Yi’s girlfriend. Nice to meet you.” Tang Yin said as she introduced Mengyao and Yushu to Xinyan. “This is Chu Mengyao, a good friend of mine, and this is Chen Yushu, a good friend of Chu Mengyao’s, and a good friend of mine as well.”

“Hello, I’m shield bro’s small wife!” Chen Yushu greeted Wang Xinyan.

“Shield bro?” Xinyan blinked.

“It’s Lin Yi,” “That’s SHU’s personality-she likes to joke around. It’ll be fine once we get to know each other,” Tang Yin explained with a smile.

“Oh ...” Wang Xinyan looked at Tang Yin oddly. She thought to herself, “why isn’t she angry when she’s called her boyfriend’s small wife?” That’s right! Xinyan suddenly thought of Xiaoxiao and looked at Lin Yi oddly. She wanted to ask, but she didn’t—she didn’t know if she’d cause trouble for Lin Yi!

What if she was his lover outside? Or was Tang Yun his lover?

And so, Xinyan could only keep the question to herself.

The five of them walked out of the school together, and Lin Yi saw the yellow-haired guy and young master you with one look, as well as the two followers beside them. Lin Yi could see their strength with one look—with his current strength, he didn’t even put them in his eyes.

“It’s them ...” Wang Xinyan pointed at the people in front of the school gate, worried.

“Ha ...” Lin Yi smiled, “it’s okay, they won’t dare to do anything.”

“You don’t dare to make a move?” Wang Xinyan was taken aback.

“Yeah, if you don’t believe me, let’s make a bet. If we just swagger out like this, young master you’s three men will definitely not dare to make a move!” Lin Yi said.

“Ah?” Xinyan blinked. She thought that Lin Yi’s words were a bit ridiculous, but seeing how confident he was, she suddenly remembered how calm he was when he met the scammer on the train. Could it be that he already had a plan? However, Xinyan couldn’t help but ask. “Bet ... On what?”

Lin Yi didn’t really know what to bet—it was just a random thought, after all, and he wouldn’t really bet anything with Xinyan.

“How about ... If you lose, you promise me one thing. If I lose, I promise you one thing?” Lin Yi said casually.

“Well ...” Xinyan blushed, obviously thinking of more things. “I don’t think that’s a good idea ...”

Lin Yi shook his head helplessly, “How about if you win, you promise me one thing. If I win, I promise you one thing?”

“That’s ... Okay ...” Xinyan couldn’t say no after hearing what Lin Yi said. It seemed like Lin Yi didn’t have any other intentions, and she felt bad for thinking of Lin Yi in such a bad way.

One couldn’t blame Xinyan for being careful, though—after the engagement with house Kang, she’d become extra careful, afraid that she’d fall into someone’s trap again.

“Oh, shield bro, are you trying to lose on purpose?” Yushu said with a smile.

“Shu, don’t talk nonsense.” Mengyao had seen Xinyan’s awkwardness.

Xinyan was startled by Shu's words as well, but she didn't say anything after seeing Lin Yi's calm face.

Thus, the five of them walked towards the school gate ...

"Young master you, they're coming. What should we do? just say the word!" The yellow-haired man said as he saw Lin Yi walking over.

"Eh? Why are there so many beautiful girls? This kid is really lucky, huh?" Young master you looked at the girls beside Lin Yi, his eyes wide open! He'd thought that Xinyan was already pretty enough, and he'd be happy if he could get his hands on her, but he didn't expect three more!

Chapter 1577: I really don't dare

"Young master you, do you want me to catch them all for you?" The yellow-haired man was actually a little drooling, but he also knew that the person young master you liked was someone that his followers couldn't touch, so he just thought about it.

"Alright!" Young master you nodded without thinking. He couldn't be blamed for being arrogant-as far as he was concerned, there weren't any hidden noble houses in Songshan, so there was nothing to be afraid of. As far as he was concerned, Lin Yi was just a practitioner with some strength, and he wasn't afraid of him.

"Get ready, everyone!" The yellow-haired man said.

"No problem. Everyone, get ready!" The purple-haired and blue-haired men said. Although their strength was higher than the yellow-haired man, they were both young master you's subordinates, so they were very polite to each other. Otherwise, if they acted tough to each other and young master you was unhappy, they would lose the elixir for this month's cultivation, and even the elixir reward!

However, just as Lin Yi was about to reach the school gate, he activated the art of Dragon mastery. In an instant, his strength as a Mystic late phase was fully revealed. Of course, this was only something practitioners could detect, normal people wouldn't be able to!

The yellow, purple, and blue-haired men were just about to make a move-from their point of view, a Mystic early phase peak was a piece of cake.

However, what they didn't expect was that the mystic early phase peak in their eyes had suddenly become a Mystic late phase! One had to know that the strongest among them was only a Mystic mid phase master, and Lin Yi was a Mystic late phase-they were two levels apart!

Even if the three of them attacked together, they wouldn't be his match! If Lin Yi was only Mystic mid phase peak, then with the mystic mid phase as the lead and Mystic early phase and peak early phase as support, the three of them could fight him.

But, Lin Yi was now a Mystic late phase-even if the three of them went up together, they'd still get beaten up, and their lives might even be in danger!

More importantly, Lin Yi was a Mystic late phase-he wasn't just a normal practitioner! A freelancer reaching Mystic late phase at Lin Yi's age was simply unbelievable!

As far as they were concerned, Lin Yi might really be from a hidden house, just that they didn't know about it! In that case, it was obviously not a wise move to be Lin Yi's enemy!

As far as they were concerned, Lin Yi might really be from a hidden house, just that they didn't know about it! In that case, it was obviously not a wise move to be Lin Yi's enemy! To have such achievements at such a young age, this hidden house's strength was definitely not to be underestimated!

Although the yellow, purple, and blue-haired weren't weak either-they were all Mystic class Masters or above-their strength was all forcefully increased by the elixirs from the Hidden House of you, and they weren't as young as they looked!

They were young only because they took the medicine made by the hidden you family to slow down their aging. The purpose was to look similar to young master you, to be able to accompany him to school outside and play the role of protecting young master you.

Although the hidden you family was powerful, it wasn't right to send a bunch of uncles to school, right? In that case, young master you would lose face.

In fact, the three men were already in their 30s, but they just looked young.

They had anti-aging elixirs, but they didn't believe that Lin Yi had one as well. If that was the case, then a Mystic late phase master before the age of twenty-this was definitely someone the hidden houses wanted to nurture! Even the ancient noble houses would value a genius like this, much less the hidden houses!

Because of this, they were even more worried and didn't dare to make a move. So, Lin Yi brought the four girls to their side, and they didn't move at all, leaving young master you, who didn't know the truth, arrogantly pointing at Lin Yi,""Beat him up until he's a first-class cripple and bring his girls to me!"

Xinyan was a little worried after hearing what young master you said, but Lin Yi gave her a comforting look."Since when was there a mental patient at the school gate?"

"What did you just say?" Young master you didn't think that Lin Yi would still be so arrogant after seeing so many helpers. He was furious,"Yellow hair, do it. Kill him."

Lin Yi didn't bother with young master you, but looked at the yellow-haired guy and the others with disdain,"If you don't want to die, then come. You know the rules of the hidden houses ..."

The last sentence was something Lin Yi said casually, but he wasn't too sure about the rules of the hidden houses. However, by saying that, it proved to them that Lin Yi was on the same level as them, and they had to think twice before they acted!

As expected, Lin Yi's words made everyone's face change, including young master you 's! Hidden house, this person actually knew about hidden houses? Normally, it was already considered good for a rogue cultivator to be able to come into contact with a Noble House. To be able to stand on the level of a hidden house, one either had to be very powerful or had a master guiding them from behind.

After Lin Yi said this, he strode away with the four girls, leaving young master you with a dark expression!

To be honest, although young master you was arrogant, he rarely provoked family disciples who had similar power as the hidden you family. Because he wasn't a direct descendant, he wasn't very welcomed in the family. If he provoked an irresistible enemy for the family, it would be troublesome.

After Lin Yi and the others left, young master you said, "Why aren't you guys doing anything? He's from a hidden house too?"

"We don't know if they're a hidden house yet ..." The yellow-haired man smiled bitterly, "Young master you, but he's a Mystic late phase master. Before ... Maybe he didn't use his full strength, and the few of us weren't his match ..."

"What? Late phase of Mystic class!" Young master you was shocked-he naturally understood the power of a Mystic late phase master. He looked at the followers beside him-they really weren't his match! If they were to make a move, they would definitely be the ones to suffer!

"This person's background is unknown ... Young master you, I suggest that we investigate his background first. Otherwise, I'm afraid it will cause trouble ..." Purple hair said.

"Then investigate!" Young master you was a little unwilling, but there was no other way. He had already spoken his big words, but at this moment, he could only leave dejectedly. He watched others leave, and he didn't dare to say a word!

Wang Xinyan was surprised that they didn't make a move as expected. She didn't understand what was going on, and was still immersed in the scene when Lin Yi arrived at the parking lot ...

Chapter 1578: The old man who fainted

"We're leaving, what about you?" Lin Yi asked after seeing how distracted Xinyan was.

"Ah ... It's nothing. How about I treat you guys to a meal to express my gratitude?" Xinyan said, coming back to her senses.

"There's no need to eat. There's an exam in the afternoon. We won't make it." "But be careful when you go to the exam hall this afternoon. I'm afraid that young master you won't be satisfied." Lin Yi smiled and refused.

"Right ... Just now ... Why didn't they do anything?" Wang Xinyan couldn't help but ask.

"Ha ... Their strongest is a Mystic mid phase, they're not as strong as me, of course they wouldn't dare to fight." Lin Yi explained.

"Argh! "I see" Xinyan said, surprised as she looked at Lin Yi."Then ... What is your strength?"

Xinyan knew that house Xiao's strongest uncle Pi was only an early phase Mystic, and Chentian was only an early phase golden class. This young master you's follower was a mid phase Mystic, so what strength did Lin Yi have?

Didn't that mean that Lin Yi was stronger than house Xiao and Wu Chentian? Didn't that mean that Lin Yi was even stronger than the Masters from the noble houses? How was this possible?

“Just a little bit stronger than them.” Lin Yi said with a smile. He wasn’t that close to Xinyan, and naturally wouldn’t tell her everything. He already treated her as a good friend by telling her so much.

“Oh ...” Xinyan didn’t ask. “Then let’s do it after the exam. I’ll treat everyone to a meal, then ... I’ll take my leave first?”

Lin Yi nodded and got in the car. Xinyan, on the other hand, was walking towards a red sports car not far from the parking lot-it was the same car she’d driven in Songshan’s business district.

“Shield bro, you’re messing around again. I’m going to watch over you for Xiaoxiao.” Yushu said as she got into the car.

“Hehe, just an ordinary friend.” With that, Lin Yi told everyone about Xinyan’s situation, including her relationship with house Xiao and her engagement with house Kang.

“No way? She’s actually a relative of that old woman?” Chen Yushu’s eyes widened in shock.

“En, but we’re not the same kind of people.” Lin Yi said.

“That means she’s a poor person ... So the person she saw last time was Feng Xiaoxiao, no wonder she looked at me so weirdly, she must think I’m a mistress ...” Tang Yun smiled bitterly.

“Hahaha!” Chen Yushu laughed at Tang Yun’s words, “I think so too. She must have misunderstood ...”

Young master you didn’t come to mess around during the exam in the afternoon, so Lin Yi’s worry was unnecessary. It seemed that young master you wouldn’t act rashly before he figured out Lin Yi’s background.

Lin Yi and Xinyan smiled at each other when they entered the exam hall, not saying anything.

What a strange person-Xinyan looked at Lin Yi and shook her head.

The second day of the exam passed by uneventfully, and the questions weren’t that difficult for people like Lin Yi.

The third day was the last day of the exam. Lin Yi parked his car and was about to enter the exam hall with Mengyao and the other two when he heard an anxious voice not far from the hall. “Grandpa, what’s wrong? Why did you faint ...”

Lin Yi and the others turned to see an old man lying on a cement board by the road, with a boy who looked like an exam candidate squatting on the side, holding the old man’s hand ...

“Can you help me call an ambulance ... I don’t have a cell phone ...” The boy asked for help from a passerby.

However, most of the people here were examinees who were here to take the exam or parents who were sending them off. How could they have the time to care about this boy? Not to mention, at this kind of urgent moment, it was naturally better to avoid unnecessary trouble.

Lin Yi took a look-the old man was probably suffering from heat stroke. Lin Yi was hesitating whether he should go up to him or not. These past few months had softened his heart. He was hesitating when Tang Yin pulled on Lin Yi’s arm. “Can you help him?”

“Alright,” he said. Tang Yin’s words made Lin Yi come to a decision. He quickly walked to the old man’s side and said to the boy, “Don’t move, I’ll take a look at him.”

“Ah ... Okay, you’re a doctor?” The boy was panicking and helpless. Suddenly, someone came to help. He immediately had a backbone and nodded repeatedly.

“Yes.” Lin Yi replied faintly and grabbed the old man’s wrist to check his pulse.

“Eh?” The old man’s pulse, however, surprised Lin Yi. The old man’s meridians were mostly blocked! According to his appearance, the old man should be disabled. He couldn’t walk at all, and there was no wheelchair nearby.

“What’s wrong? Doctor, what’s wrong with my grandfather?” The boy jumped when he saw Lin Yi frowning.

“It’s nothing. I just had a heatstroke.” Lin Yi took a simple look at the old man’s condition and knew that the old man had a heat stroke due to his weak body. As for the strange phenomenon in the old man’s meridians, Lin Yi didn’t care. Although Lin Yi could repair and unblock other people’s meridians, he had no relationship with the old man. Lin Yi didn’t want to expose his ability to strangers!

With that, Lin Yi took out the silver needles he always carried with him and quickly pierced a few acupuncture points on the old man’s body. With some simple massage, the old man woke up very quickly. It took less than five minutes!

“It’s done,” Lin Yi quickly put away the needles and stood up.

“Ah, Grandpa, you’re awake. Thank you, thank you!” The boy was extremely grateful to Lin Yi when he saw his Grandpa waking up.

“No need,” With that, Lin Yi prepared to leave.

“Wait ... Young man ...” The old man extended his hand and stopped Lin Yi.

“Is there anything else?” Lin Yi asked.

“Young man, your medical skills are not bad!” The old man said.

“Ha ... A little.” Lin Yi nodded.

“Young man, do you want to learn more advanced medical knowledge?” The old man suddenly asked.

“More advanced medical knowledge?” “Where?” Lin Yi asked, surprised.

“Learn from me!” The old man said.

“I’m sorry, I still have to take the exam.” Lin Yi shook his head with a smile, not taking the old man’s words to heart. Even he himself would faint from heat stroke, and Lin Yi didn’t believe that the old man knew medicine. Even if he did, he had the miracle doctor, old Lin, with him-he didn’t need to learn from anyone else.

“Ah ...” The old man was disappointed. He stood up with the help of his grandson. “Then you go take the exam first, I’ll wait for you here!”

Chapter 1579: A strange suggestion

“Old man, your meridians are all blocked. Although I don’t know how you can still stand up, if this continues, you’ll probably have to sit in a wheelchair!” “You should go back and rest,” Lin Yi reminded in a friendly manner.

The old man’s face froze at Lin Yi’s words, a strange light in his eyes. “Young man, I’m interested in taking you in as my disciple and teaching you my medical skills. Would you consider it?”

“Old man, you should go back first. I’m in a hurry to take my exam.” Lin Yi said, shaking his head.

“This is my contact information. Think about it and contact me!” The old man wanted to say something, but he stopped himself when he thought about the people around him. He gave Lin Yi a name card.

Lin Yi didn’t want to reject the old man’s offer, so he took it and realized that the old man’s family owned a pharmacy. If that was the case, then the old man’s knowledge of medicine would be explained. But Lin Yi didn’t mind. He put the card in his pocket and walked into the exam hall with Tang Yin and the others.

The old man sighed and let his grandson take the exam. He shook his head and walked to the shade ...

“Thank you for just now. I didn’t expect you to be a candidate too?” The old man’s grandson caught up to Lin Yi and thanked him.

“En, it’s nothing, it’s nothing.” Lin Yi said faintly.

“My name is Bai Weitao, and I’m also a candidate this year.” The boy introduced himself.

“Lin Yi,” Lin Yi said with a nod.

Seeing Lin Yi’s lack of enthusiasm, he didn’t say anything else.

The small incident passed by quickly without much of a disturbance. Lin Yi parted with Tang Yin and the others in front of the school building, and Bai Weitao went to his exam hall.

He nodded at Xinyan, as usual. This was the last subject of the exam, and it wouldn’t be that easy for them to meet again after that. They had each other’s numbers, though, so it wasn’t a problem.

The three days of the exam ended quickly. This was probably the happiest time of the month for most high school students. They could put down their textbooks and play to their heart’s content, and Chu Mengyao and the others were no exception!

When Lin Yi was away, the three of them had been studying every day for the college entrance exam—they could finally be free now.

“We must celebrate tonight!” Yushu said as she stretched.

“You guys celebrate, I still have to go to the police station, and then go to the hospital to see Wu Chentian and song Lingshan.” “I’ve been busy with the college entrance exam, so I didn’t have time to deal with the robber,” Lin Yi said.

“Yeah, what’s up with that robber? He seems to be trying to frame you? Lin Yi, do you really have to get to the bottom of this?” Mengyao said, remembering the fake Lin Yi.

“En, I’ll go and take a look first.” Lin Yi nodded.

Lin Yi had something to do, so he dropped the girls off at the villa and drove to the police station.

At the police station, Lin Yi did a simple statement with huaijun and Wangli. Lingshan and Chentian were witnesses, after all, and Lin Yi’s statement was similar to theirs.

“Lin Yi, to tell you the truth, I’m sorry for almost misunderstanding you!” Liu Wangli saw Lin Yi and explained, a little embarrassed, “I even went to your family’s Villa to investigate. Now, it seems that it was just a misunderstanding.”

“It’s nothing. After all, when I first saw him, I almost thought that he was my clone.” Lin Yi said.

“It’s good that you understand. If we don’t catch the suspect, we won’t be able to clear your name. After all, all we have is pictures, and the suspect is extremely cunning, he wouldn’t leave any fingerprints or other clues ...” Liu Wangli smiled bitterly, “Therefore, the only target I had was you.”

“Who is this person? What’s the point of doing this?” Lin Yi frowned at the words-he’d heard about the whole case from Mengyao. This guy was just as Liu Wangli said-he was extremely cunning, and didn’t leave any fingerprints behind when he committed the crime. This meant that he was a careful person, but would someone like him use a car that was so obvious? And he even used the TT000 license plate. Wasn’t he just waiting for the police to find out?

This was full of contradictions!

“According to our analysis, this person’s purpose might be to frame you!” “This guy went from covering his face to slowly revealing his face and the car he was in,” Liu Wangli said. “He should be slowly revealing his purpose! Since he was already exposed and didn’t leave any fingerprints or other clues when he committed the crime, it also means that he couldn’t imitate your fingerprints!”

“I think so too. This person wants to frame me, but whose side is he on?” Lin Yi frowned. He couldn’t figure out who would come up with such a low-level method to frame him.

“I’m not sure yet, but this person’s goal, other than setting you up, was to Rob a few banks, gold shops, shopping malls, hotels and so on, taking a huge amount of money.” Liu Wangli said.

“Oh? Did you get any results from the interrogation?” Lin Yi asked.

“I was going to look for you tomorrow after your exams, but you came today” Huaijun said with a bitter smile. “The suspect is currently in the hospital ... But ...”

“I only broke his four limbs. It shouldn’t affect his speech, right?” Lin Yi asked.

“That doesn’t really matter ...” Huaijun said. “However, the key problem is that this person seems to be in a daze. His eyes are dull, and he doesn’t respond to any questions, as if he didn’t hear anything ...”

“What’s going on?” Lin Yi frowned and tried to recall the scene. He didn’t touch the fake Lin Yi’s head, and the fake Lin Yi was acting weird when he attacked.

“When we asked him the question, there was no change in his brainwaves. In other words, he didn’t hear our question at all. The doctor’s done a thorough check, too-the suspect’s brain was damaged by some sort of drug, and he’s basically in a vegetative state”Huaijun smiled bitterly.”This person is actually an idiot ...”

“Ah?” Lin Yi blinked,”idiot?” Then, before this, he ...”

“We’ve hired a professional neurologist, and they said that he was probably hypnotized by a very good hypnotist, and that he was only following the hypnotist’s orders. But that’s a pretty difficult thing to do ...”Huaijun smiled bitterly.”I wanted to find you to ask if you have the confidence to cure this person.”
(To be continued.)

Chapter 1580: Lin Yi’s determination

“This ... I’ll have to see.” Lin Yi didn’t expect things to turn out this way. He was a little surprised, but it made sense after thinking about it.

“This suspect has been examined carefully by plastic surgery experts and has had plastic surgery. So, as we have guessed, this matter should be a trap for you.” “So, whether it’s for us to solve the case or for you to find the enemy behind the scenes, it’s very important,” huaijun said.

“I’ll try my best, let’s take a look first ...” Lin Yi nodded,””However, if his brain was damaged by drugs, the possibility of restoration is very small ...”

“Good! Let’s go to the hospital together. ” Huaijun said.

“Right, how are song Lingshan and Wu Chentian?” Lin Yi asked.

“It’s amazing. The doctor said that it’s only an external injury. His internal organs are all intact. It’s a miracle!” Liu Wangli was surprised when he mentioned this.

Huaijun and Lin Yi looked at each other, understanding what was going on. Lingshan had told him about Lin Yi’s mysterious abilities, but Wangli didn’t know about it.

Liu Wangli still had things to do, and so yang huaijun and Lin Yi personally went to the hospital.

There were only the two of them left on the road, so it was much more convenient to talk.

“Ying, is it one of the forces you offended before? Otherwise, an ordinary criminal gang wouldn’t have such high-tech means!” “From the looks of the plastic surgery and hypnotism, as well as this person’s instant strength, it’s not something a normal criminal gang can do! This person’s strength, I’ve checked, he’s just like a normal person, he doesn’t have the strength of a Mystic! So, his strength was instantly increased by the medicine, not his own strength!”

“Oh?” Huaijun’s words made Lin Yi fall into deep thought again, but no matter how he thought about it, he still couldn’t figure out which faction did it. After all, he did offend some criminal groups before, but those criminal groups didn’t know his current identity, and they didn’t have such powerful methods!

Now it seemed like he had made some enemies in Songshan, but he didn’t know which family it was.

"If you can't think of it at the moment, don't think too much about it. We'll go and take a look when the time comes?" Huaijun said after seeing Lin Yi in deep thought. "From what I know about noble houses, this isn't something they can do, it should be something hidden houses or sects do."

"Yeah, we'll see when the time comes!" Lin Yi smiled bitterly-he'd offended quite a lot of people from hidden houses and sects, too.

"Let's not talk about this-I heard from Lingshan that you're going against house Yu?" Huaijun asked after some hesitation.

"En ..." Lin Yi nodded.

"Didn't I tell you not to touch house Yu before you have absolute confidence?" Huaijun sighed, "according to my investigation, the Hidden House Yu isn't the only support the common house Yu has ... All these years, the common house Yu has been doing a lot of shady business in the dark, like drug trafficking, smuggling, and so on. These are all things that the Hidden House Yu doesn't want to see, so these hidden businesses mean that there must be a powerful force behind the common house Yu ..."

"Brother Jun, why do I feel like you're more cautious and hesitant than before?" Lin Yi asked, not answering huaijun's question.

"Maybe I'm getting old and have learned that some things can't be done with courage and ruthlessness." "A real man knows when to yield and when not to," huaijun said. "Why try to be brave? Sometimes, it's wise to bear with it. "

"Chen Yutian, you know him too. He was beaten up like that by Yufeng, do you think I can take it?" Lin Yi shook his head, "plus, Yutian's like this because of me!" "If I don't step back, do you think I can sleep in the future?"

"But ..." Huaijun knew that Lin Yi was telling the truth, but sometimes, even if it was the truth, you had to think twice before you acted.

"Plus, even if it's not for Yutian, it's for the pangolin. Have you seen Ziyu? What a pitiful child! "Her brother's life and death are unknown, and she's still hoping to reunite with him one day ..." Lin Yi couldn't help but get excited as he spoke. "My conscience won't rest until house Yu is destroyed!"

"Since you've already made your decision, it's useless for me to say anything else." Huaijun knew how protective Lin Yi was-be it armadillo or Yutian, they were all his underlings! He had to stand up for them if they were humiliated!

From another perspective, if anything happened to him, Lin Yi would be the first to rush up!

"Since you already know, what's the point of saying it?" Lin Yi said with a smile.

"Just be careful." "The only thing I can do is investigate house Yu for you. You know, noble houses are under the jurisdiction of the investigation Bureau, and I can't investigate them openly. Hidden houses and sects are under the management of the noble House Committee, and I can't do anything about them ..." Huaijun said.

"Ignore the Hidden House Yu for now," "Let's talk about house Yu first," Lin Yi said. "Are you sure they have something to do with the armadillo?"

“One hundred percent!” “Huaijun nodded,” house Yu and red conch have a close relationship-the thing back then was probably done by red conch, and house Yu’s people were the accomplices and fighters! No wonder I was so confused back then-red conch was just a normal International Criminal organization, and there weren’t any strong Masters in it, so why would a master appear and wipe us out ... It turns out that house Yu’s master was involved ...”

“Red conch?” Lin Yi frowned. He didn’t expect the world to be so small. He’d already fought with the people from red conches twice. It seemed that the next time he saw them, they wouldn’t just be helping Feng Tianlong, but also fighting for him and the pangolin!

“Yes, this criminal organization can’t be underestimated. I heard that there’s a big gang behind him!”

“So for now, it’s best if you don’t cause trouble for the red conch,” huaijun said.

“It’s really like this ...” Lin Yi couldn’t help but smile bitterly.”What big gang?”

“I’m not sure about that yet. ” “It’s hard to get rid of these criminal groups because there’s a bigger force behind them,” huaijun said.”It’d be easier if they were isolated. However, all the signs show that the sect behind this should be more powerful than the hidden aristocratic families and ordinary sects ...”
