

Bodyguard 1581

Chapter 1581 meeting Guan Xin again

“Okay ... Let’s settle house Yu’s first,” Lin Yi sighed. He knew that it was hard to find the person behind the scenes, so he could only take revenge on house Yu for now.

“How confident are you?” Huaijun asked.

“If I can’t break through before the noble House meeting, I’d only have a 50 – 50 chance of winning with my Mystic late phase strength. I heard that Yu shuixing is a Mystic late phase peak.” Lin Yi paused, “If I break through to Earth Class, then my chance of winning is a hundred percent ... Of course, that’s if the Hidden House Yu doesn’t make a move.”

“But to be honest, you’re breaking through pretty fast. I remember when I first met you in Songshan, you weren’t even Mystic yet, and now you’re about to break through to earth ...” Huaijun sighed. “And song Lingshan ... I realized that you guys are leveling up so fast that I can’t even catch up!”

“Brother Jun, you can do it too.” “Didn’t I tell you before?” Lin Yi smiled. Let’s go to the hospital later-I’ll heal Chentian and Lingshan first, and then help you level up. ”

“Ah? “My meridians ...” Huaijun blinked-his own meridians were already injured, and he wouldn’t be able to recover from the damage! He’d be dead if it weren’t for Lin Yi’s medicine! As for the recovery of his strength, he didn’t even dare to think about it.

“It can be repaired,” “Chen Yutian was crippled back then, but isn’t he fine now?” Lin Yi said.

“Ying, you’ve always been able to bring us miracles. You’ve always been one, and you’re still one ...” Huaijun smiled bitterly. “I can’t believe it.”

“You’ll believe me in a while. ” Lin Yi said.

“Good! But now that you’ve made a move on the common house Yu, how are you going to deal with the Hidden House Yu?” Huaijun asked.

“I hope they won’t interfere ... If they want to interfere, they can only face it.” Lin Yi said.

“Have you ever thought of contacting ning?” Huaijun asked.

“I met Yu Bing when I went out this time.” Lin Yi changed the topic, “the Hidden House Yu is in charge, and their father is the one in charge. Yu Bing can’t do anything about it.”

“You’ve met Yu Bing?” “Then you and ning” Huaijun said, surprised.

“Why are you so nosy now?” Lin Yi said with a bitter smile.

“You weren’t confident in the past and couldn’t give her the stable life she wanted. But now, you can!” Huaijun said, determined.

“I can, but do you think house Yu will agree to this marriage with my current situation?” Lin Yi shook his head, “I already have Tang Yun and Feng Xiaoxiao by my side. House Yu wants to marry Yu Ning over as a concubine?”

"I remember that you said something big, asking house Yu to send two girls to be your concubines?" Huaijun said with a smile.

"Ha ..." Lin Yi shook his head, "It's up to fate-sometimes strength is everything, and if I had Sky Class late phase peak strength, then it wouldn't be impossible!"

"That's true-in the noble houses and hidden houses, strength really does decide everything!" Huaijun said with a nod.

Huaijun and Lin Yi walked into the hospital building after the car stopped. Huaijun only needed to make a call, and a police officer came to pick them up.

The suspect, Song Lingshan, and Wu Chentian were in a secret Ward, not a normal one. Ever since Liu Bojia's incident, the police had been stricter on the suspects.

Lin Yi saw quite a few police officers standing in the corridor after entering the private area, all of them greeting Huaijun.

"Lin Yi? Brother Yang?" A familiar figure came out of the room with a tray of medicine, surprised to see Lin Yi and Huaijun.

"Xinxin?" Lin Yi wasn't expecting to see Guan Xin here. "You're still working in the hospital?"

Guan Xin had talked to Lin Yi last time, and told him that Guan Xuemin had arranged for him to study medicine with an old friend of his, so he couldn't continue with the hospital business. He didn't expect Guan Xin to still be in the hospital.

"Yes, that teacher still has some family matters to attend to. I heard that his grandson is going to university, so I have to make arrangements for these matters first." "That's why I'll be working in the hospital for now," Guan Xin said.

"So that's how it is." Lin Yi nodded, "I won't bother you then, I'm going to see a friend."

"En!" Guan Xin nodded, hesitating for a while before blushing. "Can I contact you before I leave ..."

From Guan Xin's point of view, meeting Lin Yi again after she left wasn't going to be that easy anymore. This was the first boy that moved her heart, and although she wasn't sure if she could be sure of it, she was happy to be able to meet him often.

But if she left Songshan, then this little bit of happiness she had would be gone.

"Of course you can." "You can just call me!" Lin Yi smiled and nodded.

"En, en!" Guan Xin was a little excited, but felt that she'd acted too outrageously. She lowered her head and walked away in a panic, even forgetting to say hello to Huaijun.

"Lin Yi, it seems like you're quite popular with women, huh?" Huaijun teased.

"Jun bro, stop joking. By the way, do you have any plans to get married? You're not young anymore, are you?" Lin Yi asked.

"I'll have to see what the family thinks. You know that house yang isn't doing very well in this generation, so we need to find a suitable family for marriage ..." Huaijun smiled bitterly. "So, I can't make the decision myself."

"Heh ... Perhaps everything will change after the noble House meeting?" Lin Yi said with a smile.

"Oh?" Huaijun blinked-Lin Yi was obviously trying to hide something, but he didn't say it directly.

As they spoke, the two entered the room. Lingshan and Chentian were sitting by the bed, talking. They were both practitioners, and external injuries weren't a big deal to them. They just needed to rest.

Chentian was Lin Yi's follower, and Lingshan seemed to be on good terms with Lin Yi-the two of them got along pretty well.

"Are you two okay? I've been taking the exam these few days, so I didn't come." Lin Yi said as he looked at Lingshan and Chentian-they were doing well.

"Boss Lin Yi, it's fine. You can go back to your work first. My internal injuries are healed, I don't mind leaving the external ones." Chentian said nonchalantly, "this pain is nothing. When did I not get hurt all over when I was training my Iron Fist?" (To be continued.)

Chapter 1582: Still no way

"I'm fine, that fake Lin Yi ..." Song Lingshan was worried about the case. If it wasn't for the fact that she couldn't move, she would have gone to interrogate the suspect with the others.

"Many doctors have seen it, but they can't do anything!" "Didn't I ask Lin Yi to come over and take a look?" huaijun sighed.

"En, I'll treat your injuries first, then I'll go see that person," "Jun bro, tell the people outside not to come in and disturb us!" Lin Yi said.

"No problem!" Huaijun was the vice-director, the superior of all the officers here-his words were orders.

After huaijun made the arrangements, he stood at the door, protecting Lin Yi and the others.

Lin Yi entered the Jade space, one in each hand, and started channeling his art of Dragon mastery to heal the two ...

This was huaijun's first time witnessing Lin Yi's miraculous healing methods-as far as he knew, only house sun could do this, but they couldn't do it like Lin Yi, healing two people at the same time!

Lingshan and Chentian, on the other hand, were already used to it, and were very cooperative with Lin Yi's treatment.

Both of them had external injuries, not injuries to their strength, so it didn't take long for them to recover.

Lin Yi let go of the two's wrists and waved at huaijun. "We can switch people now. Brother Jun, come here!"

Huaijun walked over suspiciously-Lingshan and Chentian were getting up from the bed as if nothing had happened! Only now did huaijun completely believe that Lin Yi was this strong!

Huaijun's injuries were old, but the damage was concentrated on his meridians. It wasn't easy to treat him, but to Lin Yi, it was only a matter of time.

This time, it was Lingshan and Chentian's turn to protect him, and before the sky turned dark, huaijun became a golden class late phase peak spiritual master! Lin Yi didn't compress his Qi for huaijun to break through by force-his meridians had been damaged for too long, and they'd just been repaired, and Lin Yi didn't want them to be stable yet. He didn't want to damage them again.

And when he broke through to the earth Class, he would then upgrade them all.

But even if it was golden class late phase peak, it still surprised huaijun! Previously, he had thought that he would never be able to cultivate again in his life, but now it seemed that he had become as if he was not injured at all, and his strength had become even more powerful!

"Ying, I'll call you boss from now on, so you don't have to call me big brother Jun. It makes me uncomfortable!" "You're way too strong for me to be my boss!" Huaijun said.

Seeing that Chentian was calling Lin Yi boss as well, huaijun knew that Lin Yi was a powerful and mysterious person! He knew Chengtian's personality-other than the Masters from house Yu, he didn't really admire anyone else in the younger generation of the noble houses, and yet he was acting like this in front of Lin Yi!

Lin Yi didn't bother correcting huaijun for calling him "Eagle." Everyone here was a trustworthy person, and Lin Yi's biggest secret was already known to them. As for the past, it didn't matter.

After these two incidents, Lin Yi could now see Chentian as a trusted aide. He was able to risk his life to protect Tang Yun and the girls twice in a row-this wasn't something a normal person could do.

"Whatever, but I'm used to calling you big brother Jun. You can call me whatever you want." "Let's go see the suspect," Lin Yi said with a smile.

"Alright, boss Lin Yi, it's right here!" Huaijun said with a nod.

Lingshan and Chentian had recovered from their injuries, so they didn't need to stay in the hospital anymore. The four of them walked to the suspect's room.

The officers outside the room were surprised to see that the two could walk again, but they didn't ask since huaijun was there.

Lin Yi saw the suspect who looked exactly like him lying on the bed as soon as he arrived at the suspect's ward. However, this person's eyes were dull, and his limbs were in casts. He was lying on the bed, expressionless.

Lin Yi frowned-the man was just as huaijun had described-he was in a vegetative state!

"It's like this ... Do you have any ideas?" Huaijun pointed at the suspect on the bed, helpless."If this person continues to do this, we won't be able to find out the criminal gang behind him, let alone recover the stolen property ..."

"I'll try!" Lin Yi wasn't too sure-he'd have to wait and see.

Lin Yi walked up to the suspect and started to do a full body check. Lin Yi didn't need any equipment-his hands were the best equipment.

After sending his Qi into the suspect's body, Lin Yi started to check his body condition.

The suspect's internal organs had suffered different degrees of serious damage, but at present, they were all close to recovery. Although there might be some residual effects in the future, this also showed that the other party's criminal gang had someone with excellent medical skills who could quickly heal the suspect after he was injured!

After Lin Yi's examination, the suspect's body didn't seem to have any major problems, but Lin Yi couldn't help but frown when he checked his brain ...

"How is it?" Huaijun and Lingshan couldn't help but ask after Lin Yi's silence.

"It's not easy ... The doctor's diagnosis was right ... The suspect's brain isn't dead, but because of the drug, it's changed. The drug's poison has already spread to the entire brain ..." Lin Yi smiled bitterly, "I've tried, but my treatment method is ineffective ..."

Lin Yi's Qi was omnipotent and could heal people, but the problem was that the suspect wasn't injured. His brain was poisoned by the drug, and the structure of his brain had changed. Even if he found a way to get rid of the poison, there was no way for him to recover!

Moreover, even if he recovered, this person's memory could only be retained before he was attacked by the poison. During this period, it was impossible to remember the instructions given by the hypnotist. It was of no help to solve the case!

"No way?" Huaijun had expected this, and wasn't too disappointed.

"Even if there is, it's impossible to help solve the case!" Lin Yi explained his findings to huaijun and Lingshan. (To be continued.)

Chapter 1583: Feng Tianlong's thoughts

"It seems like there's really no hope." Huaijun said helplessly.

"The person behind the scenes is obviously prepared for the suspect to be captured. In that case, he's not afraid of what this person will say." Lin Yi said.

"Yeah, it seems like we can only think of another way." Huaijun said with a nod.

"I'll go back and think about it. If there's really no way, I can only apologize." "Jun bro, Lingshan, Chentian and I will head back first. I need to find a way to break through these few days, or I won't be able to get revenge for Yutian in the noble House meeting."

"That's fine too. You should go back now!" "It's none of your business here," huaijun said with a nod." The suspect was caught on the spot, and even if he didn't say anything, there's solid evidence. It's just that the people behind him ..."

Lin Yi and Chentian returned to the villa after they left.

On the way, Chentian said apologetically, "Boss, I'm sorry to disappoint you. I didn't expect that I would be so weak ..."

"I don't blame you, you've already tried your best." "I'll help you guys level up when I break through to Earth Class!" Lin Yi said with a wave of his hand.

"Alright!" Chentian said, excited. "That means I'm going to surpass my Grandpa soon-it's so exciting just thinking about it. Boss, do you think House Wu will be able to level up in the noble House meeting this time?"

"Upgrade? Who's going to help you?" Lin Yi asked with a smile.

"House Yu, of course ..." Wu Chengtian's face was a little weird.

"House Yu will no longer be a Noble House after this Noble House meeting." Lin Yi said faintly.

"Awesome!" "Boss Lin Yi, I've been studying the essence of acting tough, but now I know that acting tough alone isn't enough-you have to be really strong to act tough!" It's just like you, boss. A simple sentence, but it's extremely pretentious!"

"..." Lin Yi was speechless, "can't you do something serious?"

"Alright ... I'll definitely work hard in my cultivation!" Chentian nodded.

Lin Yi didn't go home right away, but called Feng Tianlong. After coming back this time, he had a problem first, and then the college entrance exam. Lin Yi didn't have time to see Feng Tianlong. He believed that Feng Tianlong must be very worried about Xiaoxiao, so after Lin Yi settled the things here, the first person he contacted was Feng Tianlong.

"Uncle Feng, where are you?" Lin Yi asked.

"Yi? You're back?" Feng Tianlong heard Lin Yi's voice and was surprised and happy, "How's Xiaoxiao? Did you find the fire Spirit's fruit?"

"I haven't found the fruit yet, but I do have some good news for you. Where are you?" Lin Yi asked.

"Where are you? I'll go find you." Feng Tianlong obviously couldn't reveal his location.

"In that case, let's go to the Chu family villa. I'll wait for you there." Lin Yi said.

"Alright," he said. "I'll be right there," Tianlong said.

When Lin Yi returned to the villa, Feng Tianlong had also arrived at the villa. The two cars drove in one after another.

"Uncle Feng!" Lin Yi got off the car and greeted Feng Tianlong.

"Yi, how is it?" Feng Tianlong nodded, but his mind was completely on Feng Xiaoxiao. Naturally, he didn't have the mood to chat with Lin Yi.

"Xiaoxiao's awake, and everything's normal." Lin Yi said as he saw through Tianlong's thoughts.

“Oh? Then what about Xiaoxiao?” Feng Tianlong looked left and right, but didn’t see his daughter. He was confused.

“Let’s go in and talk in detail. ” Lin Yi made an inviting gesture, letting Feng Tianlong into the house.

In the living room, Tang Yun, Mengyao, and Yushu were watching TV. The exams were over, and they could finally relax.

The three politely turned off the TV when they saw Tianlong. Tang Yun went to get drinks for Tianlong, while Mengyao went to get him slippers.

Lin Yi told Tianlong about the test, as well as Xiaoxiao staying in the Ice Palace to cultivate ...

“Ice Palace? The Ice Palace? They’re interested in Xiaoxiao? The sect master is accepting a disciple on behalf of her master, and is even joking about becoming the sect master?” Feng Tianlong’s eyes were wide open as if he had heard something unbelievable!

“Yes, it’s the Ice Palace, you know about it?” Feng Tianlong’s reaction made Lin Yi a little confused.

“I ... I’ve heard a bit ...” Feng Tianlong took a deep breath and said faintly, “It’s a very powerful ancient sect, but our supernatural Investigation Bureau doesn’t have much interaction with the ancient level ...”

“I see ...” Lin Yi felt that there was more to Tianlong’s words, but he didn’t say it, so Lin Yi didn’t ask.

“Xiaoxiao sure is lucky to have met you-otherwise, no one would have found out about her cold Yin body, and she wouldn’t have become an inner disciple or the future sect master ...” With that, Tianlong’s face darkened. “Since the fruit can’t cure this cold Yin body, then susu ... Sigh, if she knew this was going to happen, she wouldn’t ...”

“By the way, uncle Feng, don’t worry-Xiaoxiao’s asked the sect master about Auntie susu.” “Xiaoxiao’s concerned about her mother’s condition,” Lin Yi smiled. “Of course she’d ask. ”

“Oh? What did the sect master say?” Feng Tianlong quickly asked.

“When Xiaoxiao breaks through to Sky Class, she’ll be able to use the yin Qi in Aunt SuSu’s body for her own use, and Aunt Susu will become a normal person from then on. She won’t be able to practice anymore, but she’ll be able to live for a few more decades.” “Of course, these decades started after she woke up,” Lin Yi said. “She’s only twenty now, around the same age as Xiaoxiao ...”

“A few decades is good, a few decades is good! I’m a golden class master now, and my life span is longer than normal people-this means that the time we have left is almost up. Thank God, this day has finally come!” Feng Tianlong was so excited that his voice changed.

“But, don’t you want to break through again? Don’t tell me you just want to stop at your current strength?” Lin Yi asked.

Originally, Lin Yi wanted to raise Feng Tianlong’s strength as well, but from Feng Tianlong’s words, it didn’t seem like he wanted to do that.

“No, I want to live and die with susu.” Feng Tianlong shook his head and said, “this is just right!” I’ve been suffering all these years, so it’s a good thing to be able to walk to the end of my life with her!”

Chapter 1584: The ancient Feng clan

“Ha ...” Lin Yi smiled, “actually, Xiaoxiao has broken through to Sky class, so you can just find a suitable practitioner’s art for aunty susu. She might not be able to learn it, but it’ll be able to extend her life, so you shouldn’t delay your practice!”

“Argh! You’re right, the power of a Sky Class isn’t something we can imagine ...” Feng Tianlong nodded and sighed. “I didn’t think that my daughter would become a Sky Class, and the next sect master! Feng Tianlong, Oh Feng Tianlong, you sure have some face!”

Feng Tianlong’s sigh made Lin Yi and the others feel confused. Perhaps, there was a story behind Feng Tianlong that no one knew about, but these things were not something Lin Yi could understand.

“Shield bro, can you tell us about the test? I don’t have anything to do now anyway, so I want to hear it.” Chen Yushu replied.

On the way to the exam room, Lin Yi only briefly told Tang Yun, Mengyao, and Yushu what happened, not going into detail about the heart-shaking process. Since Yushu liked listening, Lin Yi naturally told her everything bit by bit, including how he met qikun.

Tianlong’s face froze when he heard that. He had a weird look on his face as he exclaimed, “The ancient Feng clan? Feng Nitian?”

“Yeah, uncle Feng, do you know him?” Lin Yi found Tianlong’s surprised expression a little strange, “Uncle Feng, do you know who Feng Nitian is?”

“I don’t ...” Feng Tianlong shook his head, “Go on ... I’ve only heard of the ancient Feng family. I paid some attention to them because they all have the Feng surname. I didn’t expect that someone would eventually master the heaven-defying divine skill ... But it was destroyed by you ... I wonder how sad the Feng family will be this time!”

“Nitian asked for it, I couldn’t do anything about it ...” Lin Yi felt like Tianlong was hiding something, or maybe there was some unknown connection between him and the ancient house Feng? Both of them were surnamed Feng, were they really related?

“Yeah, he asked for it! Even if he isn’t, it’s fine. You want to win the test for Xiaoxiao, so it’s fine even if you kill him ...” Tianlong shook his head. “I’m tired, Yi, I’ll be leaving today. I want to see susu, I can’t hold back my excitement, I want to see susu and talk to her!”

“Alright, uncle Feng, you can go!” Lin Yi didn’t say anything else and got up to send Feng Tianlong back.

One could tell that Tianlong looked a little down, especially after hearing that Nitian had been crippled by Lin Yi ...

The ancient Feng clan.

Nitian was sent back by the Ice Palace, and the one who came out to welcome him was the young master of the ancient house, Feng Tianlin! This was already a very high-level reception for a guest-after all, the Ice Palace only sent an emissary, while the Feng family sent a young master. Their status in the ancient times was obvious.

“Feng Tianlin represents the ancient house Feng to welcome the Ice Palace!” Feng Tianlin said in a clear voice as he walked out of the Feng family courtyard.

Feng Tianlin naturally knew the purpose of the Ice Palace’s visit-nitian wasn’t his son, but his nephew, and he knew about his wild ambitions. It was a pity that nitian was disabled, but he was more relieved than anything!

Feng nitian’s talent could bring the ancient house Feng to a new height, that was without a doubt, but at the same time, Feng Tianlin would be excluded! Ever since his elder brother left the Feng family, the competition for the position of the head of the family had become extremely intense. In the blink of an eye, twenty years had passed, and Feng Tianlin still hadn’t been promoted from the young master to the head of the family. The old master of the Feng family still had no intention of abdicating, so the competition in the Feng family was still intense.

Ever since nitian’s heaven-defying Arts was completed, third brother’s family had become more and more arrogant. It was as if they were going to take over Feng Tianlin’s place. Although Feng Tianlin didn’t say anything, he felt a sense of urgency.

But now, third brother’s line was completely destroyed, and Feng Tianlin becoming the head of the family was inevitable!

“Young master Feng, I’m here on the orders of the sect master to escort house Feng’s Feng nitian back. He got into a fight with someone during the test, and was injured because he wasn’t strong enough-he’s disqualified!” The Ice Palace Messenger said.

“Yes! Thank you for your escort!” Tianlin sighed-only a big sect like the Ice Palace would be this strong-someone was injured on their side and sent back, and now they’re asking for her to be disqualified!

“I’ve already sent him here, I’m going back to report!” The Ice Palace emissary said.

“Emissary, this humble one has already prepared some food and wine. Would it not be too late to invite the emissary to take a rest and eat something before leaving?” Feng Tianlin asked.

“No need, the palace Master doesn’t allow this one to stay any longer, so I’ll take my leave!” The Ice Palace emissary cupped his fists and turned to leave.

Nitian, on the other hand, was sitting on a wooden chair, looking at house Feng’s courtyard with a bitter face.

“Men, bring defiantly inside to rest!” Feng Tianlin said as he waved his hand at his men.

Nitian was carried into house Feng just like that, and Tianlin sighed as he watched the Ice Palace Messenger leave. He turned and walked back into the courtyard.

The Ice Palace’s letter had already reached house Feng, and they did mention nitian’s injury, but the letter didn’t go into any details. They’d have to wait until nitian came back.

Feng Tianlin had just walked into the courtyard when a Feng disciple ran over and said to Feng nitian, “Young master, the family head is holding a family meeting in the conference hall. He wants you to attend it immediately!”

“Alright, I’ll go over now!” Feng Tianlin nodded. His father’s reaction was within his expectations. Such an important thing had happened to the Feng family, so it was natural for them to have a meeting to discuss countermeasures!

Feng Tianlin quickly rushed to the meeting room, where his third brother, Feng Tianhu, was already there. He was Feng nitian’s father, and he was sitting in his seat with a dark face, and beside him was his fourth brother, Feng tianniao!

The family head’s seat was empty, obviously not here yet. But beside the family head’s seat, there were three old men. They were the first elder and second elder of the Feng family, and a guest elder with a different surname!

Although the first elder and second elder also had the surname Feng, they were not blood-related to the Feng family. They were considered disciples of the Feng family and had been promoted to elders.

As for the guest elders, they had joined the Feng family later on, so in terms of loyalty, the first and second elders were naturally closer to the Feng family. (To be continued.)

Chapter 1585: The origin of the ancient times

“Greetings, three elders!” Feng Tianlin walked into the conference room and cupped his hands at the three elders to show his respect. Although he was the Feng family’s young master, he still had to treat these elders with courtesy before he was promoted to the master!

Because these three elders were all stronger than Feng Tianlin, who was only earth Class late phase peak right now, while these three elders were all Sky Class!

After greeting him, Feng Tianlin sat down in his seat. Feng Tianhu’s eyes were filled with resentment, but it was gone in a flash. Feng Tianlin still felt a chill!

Feng Tianlin couldn’t help but smile bitterly. He and his third brother had always been at odds with each other. Ever since his big brother left, there had been countless open and secret fights between them! But this was something that couldn’t be helped. It turned out that when his elder brother was still alive, his father had already decided that he would be the candidate for the next head of the Feng family. Moreover, he had found a powerful family marriage alliance for him. It could be said that it was only natural for his elder brother to become the future head of the Feng family!

However, some things later caused his elder brother to leave the family, and the position of the family head became vacant! Feng Tianlin relied on his family’s power through marriage to barely beat his third brother and became the young master. However, there was still a long way to go before he could become the master, so he couldn’t let his guard down!

Especially after his third brother’s son, Feng nitian, had mastered the heaven-defying Arts, Feng Tianhu had already become the next Head of House Feng. It was obvious that Feng nitian would be the leader of House Feng’s next generation. Who else could be the Head of House Feng if not Feng Tianhu?

Feng Tianlin was secretly worried, but he was also at his wit’s end. However, he didn’t expect such a thing to happen!

From Feng Tianlin's point of view, this was something to be happy about, but from the Feng family's long-term interests, it wasn't so! Nitian's appearance would change house Feng's position in the ancient world!

Before this, the Feng family could only be considered as one of the weakest among the ancient aristocratic families, not even comparable to the Dark Palace! House Feng had more Sky Class Masters than the Dark Palace, but the Dark Palace was an ancient sect, located on a Spirit Mountain-there were people in the sect who could accept the ancient heritage!

But the Feng family was different. They only got some treasures or cultivation manuals from the ancient ruins, unlike some ancient sects or ancient noble families who not only got some treasures or manuals from the ancient ruins, but also established their sects on the ancient ruins!

In fact, the so-called ancient sects and ancient families weren't really from the ancient times, nor were they passed down from the ancient times. They just found the ruins of the real ancient sects, built their sects or families on the ruins, and took the treasures and cultivation manuals in the ruins for themselves. After many years, they became ancient sects!

This type of historical remains was mostly built on spiritual mountains and spiritual veins. The heaven and earth spiritual Qi was rich, and it was convenient for cultivation! There were even some ancient ruins that could allow disciples with suitable physiques to inherit strength from ancient times!

And so, the status of these ancient sects and ancient houses were obviously higher than the other ordinary ancient sects and houses!

And so, this was why the Dark Palace didn't have a lot of Sky Class Masters, but their position wasn't low. House Feng, on the other hand, had four Sky Class Masters, but they were just a Noble House-they didn't have much to show!

It wasn't that the Feng family didn't want to build their family on the ancient monument, but when the ancient monument was discovered, it had been through thousands of years of changes and was already dilapidated. The spiritual Qi of heaven and earth had long disappeared, and the top of the monument had become a town or city, so there was no point in building a family there.

Because of that, if Feng Nitian really did manage to master the sky defying Arts, then house Feng's status would skyrocket! The sky defying Arts was an ancient art, and its power was unparalleled!

Old master Feng rushed into the meeting room with a dark expression. He walked to the main seat and sat down. He looked around at the people in the meeting room, and his gaze finally fell on Feng Tianlin and Feng Tianhu.

Old master Feng was naturally aware of the open and secret struggles between the two brothers, but he did not stop them. As long as they did not touch his bottom line, he was happy to see the next generation grow up in competition. Without competition, an overly comfortable life would lead the Feng family to decline.

But what was happening now had crossed the line-he wasn't sure if this was Feng Tianlin's doing, either. After all, if they were working together with the Ice Palace, it'd be difficult-even if old Feng came out himself, the Ice Palace wouldn't necessarily give him face, let alone a young master like Feng Tianlin!

“Everyone knows about the heaven-defying matter. What do you think?” Old master Feng asked Feng Tianlin and Feng Tianhu.

“Father, against the heavens is the hope of the Feng family. Now that he has become a cripple, this enemy is absolutely irreconcilable with the Feng family. We must take revenge!” Tianhu said excitedly. He didn’t look at nitian’s body carefully, but one look was enough to tell that nitian was beyond saving!

Normal Meridian opening pills had no effect on him anymore-they could only repair a small portion of his meridians, and someone like nitian, who had his meridians broken and even lost his hand, had no use at all!

Even if there was a fifth-grade elixir, the Super nerve opening elixir, it could only repair the damaged meridians in the body. The blown-up palm could not be regenerated. Without the palm, it was impossible to practice the heaven-defying divine skill, because when the heaven-defying divine skill was used, one had to form a few hand seals first. Without the palm, what hand seals were there?

“We haven’t even figured out who the enemy is, what revenge?” Old master Feng furrowed his brows and looked at Feng Tianlin.””What did the Ice Palace people say?”

“He didn’t say anything-with the Ice Palace’s rules, it’s impossible to reveal who did this-I think we should wait for defiantly heaven to calm down and let him speak himself?” “But, even if we know who our enemy is, I still don’t recommend taking revenge!” Feng Tianlin said.

“Second brother, what do you mean? No revenge? Even against the sky is crippled, and you still don’t want to take revenge. Is this second uncle of yours even related by blood?” Feng Tianhu panicked after hearing Feng Tianlin’s words.

“First of all, a person who can beat against the sky to this extent is definitely not an ordinary person!” “If that’s the case, then we can’t underestimate the power behind this person. Against the heavens is already in this state, and we’re going back to take revenge. Do you think our Feng family is very powerful or something?” Feng Tianlin said. (To be continued.)

Chapter 1586: It actually failed!

“This ... That heaven-defying matter can’t just be forgotten like this!” Feng Tianhu wasn’t a fool, and his heart trembled when he heard Feng Tianlin’s words. Yes, nitian’s heaven-defying Arts was invincible under Earth Class-even if he ran into an early phase Earth Class, he could still stop them at the cost of his own strength, but he was still heavily injured. This person’s strength couldn’t be underestimated, and the power that could raise such a talent must be no ordinary power!

“Yes, of course not, but I’m in favor of holding back now. The Sky Class meeting is getting closer and closer, and we’ve been preparing for it all these years-it’s not wise to make enemies now! We do have a lot of Sky Class Masters, but not a lot either, and we don’t have a high position in the meeting either-if we make enemies and get disqualified, it’d be a huge loss!” “The minimum requirement for the meeting is Sky Class, but only sky Class late phase peak can participate in the core of the meeting. Father is the only one in our family who has the right-we have to be careful!” Feng Tianlin said.

“Tianlin’s words do make sense,” Old master Feng nodded.”Tianhu, we should figure out the cause and effect of this matter first. If someone really bullied our Feng family, then we are not pushovers. We will

get an explanation no matter what! But if it's just a normal fight or a contest, then we'll just forget about it for now. It's unreasonable for us to go and find trouble with others, and it'll become something we can use against them, affecting our qualifications to participate in the meeting of the heaven class. "

"Yes ..." Although Feng Tianhu was extremely unwilling, since old master Feng had already said so, he could only nod and agree. But in his heart, he was secretly thinking, should he take revenge for his son in private?

After all, this son of his had always been his hope. Now that it was destroyed, he was not willing to accept it! This wasn't as simple as crippling nitian-this was the end of his dream of becoming the head of the house!

House Feng's internal conflict and old man Feng's cautiousness made their revenge plan slow down-this was something Lin Yi didn't expect.

In the few days after the exam, Lin Yi spent most of his time in his room, training in the Jade space! He trained day and night-he had to reach Earth Class before the noble House meeting, so he couldn't rest for even a moment!

Although Lin Yi had a unique environment for practicing, and could absorb the Qi of the sky and earth limitlessly in the Jade space, making him a lot stronger than others, practicing wasn't something that could be done in a day. There was a saying, "skyscrapers start from the ground, and you can't reach it if you rush it!"

Lin Yi wanted to level up, but he couldn't just eat a fat man in one bite. He'd been stuck at Mystic late phase peak for a few days already, and he was just about to break through to Mystic late phase peak, but there just wasn't any progress!

The noble House meeting was getting closer and closer, but Lin Yi had no other choice! He'd already said all that, and now he was two classes away from earth-not to mention earth, even breaking through to Mystic late phase peak would be extremely difficult!

Finally, after many fruitless attempts, Lin Yi decided to use the most dangerous Method, which was to compress his Qi! This was a very Dangerous Method-he could blow up his meridians if he didn't handle it well. Although Lin Yi had general Weiwu and Skybolt pig as his backup, he was putting his life on the line!

Lin Yi had just broken through not long ago, and his meridians weren't even stable yet. Who knew if there would be side effects if he used it continuously?

But now, Lin Yi had no other way out. He could only use this method!

And so, on a dark and windy night, Lin Yi placed general Weiwu and Skybolt pig by his side, letting them guard him. He also told Wu Chengtian to guard his room door. After doing all this, Lin Yi entered the Jade space and entered his training mode, preparing to compress his Qi to break through to Mystic late phase peak!

After everything was ready, Lin Yi used the art of Dragon mastery to gather the energy in the Jade space around him. He was only one step away from Mystic late phase peak, so normally, he wouldn't be able

to absorb Qi from the Jade space anymore. Even if he could, it would be extremely little, and it wouldn't help him in breaking through!

Lin Yi started to compress the energy in his body. Perhaps it was because the energy in the Jade space was the same as the energy in Lin Yi's body, so Lin Yi could control the energy around him. At the same time, Lin Yi couldn't compress the Qi of heaven and earth outside, he could only compress his own energy!

Lin Yi didn't dare to compress it too much, afraid that the sudden release of energy would blow up his meridians! He estimated that it was about enough to break through to Mystic late phase peak, and he suddenly absorbed the energy into his body, then let it out ...

With a boom, Lin Yi felt as if something had exploded inside him, causing his clothes to bulge ... The explosion was internal, but it was still enough to make Lin Yi almost vomit blood!

Lin Yi felt as if his meridians were on fire, and it was extremely uncomfortable. However, the pain came and ended quickly, and Lin Yi returned to normal. However, he realized that he didn't level up. His strength was still at the late phase of Mystic class!

"It didn't level up?" Lin Yi mumbled to himself.

"No, I didn't," Elder Jiao said with certainty as he looked at Lin Yi.

"Why is that?" Lin Yi was confused, "Elder Jiao, the amount of pure Qi I control this time is basically the same as last time. In theory, I should be able to level up, right?"

"There's no reason. The higher the level, the more Qi you need to break through in an instant. You can't use the amount of Qi you had before to measure this breakthrough." "It's just like how the Qi you need to break through from golden class to Mystic and Mystic to Earth Class is different!"

"Ah!" Lin Yi felt enlightened after hearing the words, "Elder Jiao, you're saying that I need more compressed energy to break through?" (To be continued.)

Chapter 1587: Still a failure!

"I didn't say that. To be honest, I've never heard of such a method before. At least, in my current memory, I've never seen it before. You're really innovative!" "If you're in a hurry to break through, you can try, but I won't be responsible if something goes wrong," elder Jiao said.

"Then let's give it a try!" Lin Yi nodded and went back into his training mode. He started channeling the art of Dragon mastery and started compressing the energy around him.

This time, Lin Yi increased the amount of compressed energy a little, but for safety's sake, he didn't increase it too much, only 1.5 times! After absorbing the Qi, Lin Yi felt like he was going to explode again!

Of course, this level of pain was still bearable, but the tragedy was that after the explosion, Lin Yi realized that he was still at the late phase of the mystic class. He hadn't broken through to the peak late phase yet!

“Still not enough?” Lin Yi frowned. He didn’t think that 1.5 times the compressed energy wouldn’t help him break through!

“Perhaps this method is no longer suitable.” “You can use it when you’re low level, but the higher level you are, the harder it’ll be to break through. If everyone uses cheats like you, then Sky Class Masters would be everywhere,” elder Jiao said.

“We’ve met quite a few Sky Class Masters now, haven’t we?” Lin Yi said with a bitter smile.

“Where are you? Go look around the streets tomorrow and get me a Sky Class master?” “If you hadn’t come into contact with that level, you’d probably never see a Sky Class in your life!” You think there are a lot of Sky Class Masters because you’ve reached that level-but how many Sky Class Masters are there in the entire ancient level?”

“You’re right ... Could it be that I can’t break through?” “What if I increase the amount of compressed energy?” Lin Yi asked, unwilling to give up.

“You can try.” “I don’t really understand what you’re doing,” elder Jiao said, shaking his head.

Lin Yi nodded and continued to compress the energy. This time, Lin Yi gritted his teeth and increased the energy to twice its original amount!

“Boom! Boom! Boom!” The energy entered Lin Yi’s body and made a loud sound. Lin Yi felt like his meridians were like balloons being pumped with air, instantly swelling up. After that, there was another loud “BOOM!” Lin Yi let out an involuntary muffled groan as cold sweat flowed down his forehead!

Not only did Lin Yi not level up, but most of his meridians were bursting! The sudden release of energy made Lin Yi’s meridians unable to withstand this degree of expansion. Most of his meridians burst like a balloon!

Luckily, only a portion of his meridians were damaged-Lin Yi didn’t need to look for general Weiwu or Skybolt pig. He could repair them himself ...

However, even though the meridians could be repaired, Lin Yi’s mood was extremely depressed! It failed, it actually failed. Perhaps the foot was right. As his strength increased, he could no longer use the technique of compressing energy as a cheat to increase his strength!

Perhaps the amount of compressed energy absorbed during the last breakthrough was the maximum amount that his meridians could bear. Once it exceeded this critical point, his meridians would not be able to bear it! Perhaps, if he compressed the energy twice as much, in theory he could break through, but in reality, his meridians couldn’t take it!

In other words, Lin Yi might never be able to use a similar method to breakthrough again!

“Phew ...” Lin Yi sighed dejectedly,“It still doesn’t work. It seems like there’s no absolute cheat ...”

“Your cultivation speed is already fast enough. What else are you not satisfied with?” Elder Jiao said after seeing Lin Yi’s dejected face.

“Fast enough? Is Zhang naipao fast?” Lin Yi smiled bitterly,“it’s only been a few months, and Zhang naipao’s become a master on the same level as me ...”

“Your cultivation is actually not slower than his! You should count it carefully. In fact, your upgrade also started from these few months. The years before you entered the Jade space were almost equivalent to waste, so it could be ignored!” Elder Jiao said.

“You’re right ... But his mental cultivation method is really powerful. He can transform other people’s Qi into his own. If I didn’t have the space in the jade pendant, I wouldn’t be his match!” Lin Yi sighed.

“If I remember correctly, the chrysanthemum Arts is the same as your art of Dragon mastery-they’re both extremely powerful ancient arts, one evil and one good, the two keep each other in check ...” Elder Jiao said. “But my memory is limited, and I can’t recall any more information. Only after you open the second stone door will I be able to recall some corresponding things!”

“Oh? That’s amazing!” Lin Yi exclaimed after hearing elder Jiao’s words, “But, if it’s as you said, and both of them are extremely powerful Arts, then without the Jade space, how can the art of Dragon mastery be a match for the chrysanthemum Arts?”

“No, you’ve neglected a very important thing.” “In the ancient times, the Qi of heaven and earth was extremely abundant. The art of Dragon mastery didn’t even need the space in the Jade!” Elder Jiao said.

“Ah!” Lin Yi understood-he’d always thought that naipao’s practitioner’s Arts were stronger than his, and that he wouldn’t be naipao’s match if he didn’t have some cards up his sleeves. He’d forgotten about the training environment he was in right now!

“Who knows? after you open the second stage of the art of Dragon mastery, you might have some unexpected gains?” Elder Jiao said with a smile.

“The second level ... There’s still some time before the stone door opens. So ... I can’t break through during this time?” Lin Yi didn’t want to give up, he really didn’t want to!

“I don’t have a way, but you can think of a way yourself.” Elder Jiao said with a shrug.

“Alright ...” Lin Yi smiled bitterly.

Lin Yi was worried, but he didn’t show it on his face. Other than practicing, he lived happily with Mengyao, Yushu, and Tang Yun, eating and watching TV together.

Tang Yin didn’t have to stay here anymore after the exams were over. She could play here during the day and go back to her parents at night. The University was going to be in another city, and she didn’t have many days to spend with her parents.

“Shield bro, the class monitor called just now. He said that the exam is over, and they’re organizing a camp activity. He asked if we want to join?” Chen Yushu saw Lin Yi walk out of the room and said.

Chapter 1588: Zhong pinliang’s scheme

“A camping activity? What do you and Yaoyao think?” Lin Yi didn’t really care if he went or not-the decision was with Mengyao and Yushu.

“Of course we want to go!” Chen Yushu replied.

At this time, Chu Mengyao came out of the kitchen with two bottles of drinks in her hands. She opened one bottle and shoved it into Shu's mouth. The drink gushed into Shu's mouth and almost choked her to death ...

"Shu, Didn't I tell you not to tell? Why are you so disobedient?" Mengyao glared at Yushu.

"Ahem ... Yaoyao sis, murder!" Chen Yushu finally swallowed the drink in her mouth and rolled her eyes,"But I want to go ... I've been cooped up at home for so many days, it's boring!"

"Lin Yi's busy with his training, he has something important to do. Naturally, he can't come with us."

"Watch TV at home," Mengyao said."It's quite interesting. You can just fantasize about being the female lead!"

"No, the male lead isn't as good as shield bro. I'll feel worse if I fantasize about him." Yushu said, shaking her head.

Mengyao didn't know whether to laugh or cry."Then you can just imagine that you're shield bro."

"Uh ..." Chen Yushu was stunned.

"Alright, it's just going out to play, right?" Lin Yi smiled,"I'm at a bottleneck as well. Maybe it'll be good for me to go out and walk around. I might be able to break through in one go!"

Lin Yi was very grateful for Mengyao's understanding, but she was always like this-she was clearly concerned about others, but she always acted like she didn't care.

"Oh, that's great, I'll call to register now!" Lin Yi's agreement made Yushu very happy. She turned around and made the call.

Mengyao shrugged."Because it's a class activity, I can't bring Tang Yun. Talk to her, don't let her have any ideas."

"En, that's fine." "I'll explain it to her," Lin Yi said.

Very quickly, Chen Yushu had decided on the time and place! The location the class had chosen for the event wasn't too far away-it was a resort near Songshan, a small Scenic Area.

However, the main purpose of everyone was not to see the scenery, but to take this opportunity to get together. After all, once they graduated from high school, everyone would go their separate ways. Once they stepped into high school, their lives would be very different.

Some were admitted to their ideal University, some were called Luoshan, some inherited their family business and became bosses, and some chose to repeat their studies.

The time of the trip was set for this Friday night, and the gathering point was at the resort.

In Zhong pinliang's Villa, Gao Xiaofu was sitting on the side, looking at a letter on the table. He was sighing with a sad face.

"Although Pao's gotten a blessing in disguise this time, opening up the second stage of the chrysanthemum Arts, he still suffered at Lin Yi's hands. I didn't expect Lin Yi to be a Mystic late phase already!" A flash of hatred crossed pinliang's eyes."Why is it so difficult to kill him?"

“Liang bro, there’s no point in panicking now. We’ll have to wait until Pao’s martial arts is fully developed-otherwise, we’ll be even less of a match for him.” Xiaofu was a little depressed, “other than Pao, we don’t know anyone else. We’re not noobs if we want to fight Lin Yi!”

“You don’t have to use force.” “This class gathering is a good chance to deal with Lin Yi. Even if we can’t do anything to him, we can at least disgust him. I just don’t like Chu Mengyao being with him!” Pinliang said faintly.

“Liang bro, you still haven’t given up on Chu Mengyao?” Xiaofu asked.

“How can you give up so easily? Although I understand now that she and that Chen Yushu have been playing with me, I still can’t forget her!” “Even if I can’t have her, I can’t let Lin Yi have her!” Pinliang said.

“Then ... What about an Jianwen ...” Gao Xiaofu quickly asked, “Liang bro, we can’t make too many enemies right now. It’s fine if we touch Lin Yi, but if we touch Chu Mengyao, an Jianwen won’t let this go!”

“Hmph, of course I know that. I’ll endure it for now! But an Jianwen ... It’s nothing. We’ll kill him sooner or later!” “Hmph!” Pinliang hmphed coldly, “he made me lose a kidney! I’m going to make him lose his life!”

“Then ... How are we going to deal with Lin Yi during the class reunion?” Xiaofu asked.

“Hehe, I’ve been holding back for so long, it’s time for me to make a move, I’m going to frame Lin Yi without him knowing!” “But I have my own plans ... Come here and listen to me!” Pinliang said.

“Alright!” Xiaofu quickly turned his head.

“When the time comes, we’ll get a pack of aphrodisiacs and put it in Lin Yi’s glass. There’s no way he’ll be able to guard against us since everyone’s from our class. Plus, we’ve been missing for so long, Lin Yi won’t be able to guard against us!” “We’ll think of a way to put Lin Yi and Mengyao in the same room after dinner. Lin Yi’s going to be burning with desire, hehe” Pinliang lowered his voice.

“Ah? Wouldn’t that be too good for Lin Yi?” Xiaofu blinked.

“Are you stupid? do you think Chu Mengyao would agree? She’d have to scream for sure-the whole class would hear her, and Lin Yi’d be so embarrassed! Plus, his relationship with Chu Mengyao must’ve been broken!” Pinliang said.

Gao Xiaofu nodded and cheered, “Brilliant move, Liang bro! Lin Yi’s reputation will be ruined if he doesn’t explain himself! But, that Chu Mengyao wouldn’t just go along with it, would she?”

“Impossible. It’s more likely to be Chen Yushu, but it’s definitely impossible for Chu Mengyao. Besides, we’re watching from the side. We’ll call for backup and we’ll all be here. Let’s see if they can continue!”

“Then you can take some pictures and post them to the media. We’ll hype it up a little. Even if we can’t do anything to Lin Yi, we’ll at least disgust him to death!” Pinliang said with a laugh.

“Wonderful!” Xiaofu gave him a thumbs up, but then frowned. “Lin Yi’s a practitioner-normal medicine wouldn’t be of any use to him, right?”

“Haha, don’t forget, we have a cannon! What did the everyday and every day sect do? It was one of the most evil ancient sects, with all kinds of evil poisons! I’ll send a letter to Pao later and ask him to get some medicine for practitioners, right?” Pinliang laughed, relaxed. (To be continued.)

Chapter 1589: the happy Zhao Qibing

“You’re right, Liang bro, you’ve thought it through!” “This is a good chance for us to vent our anger!” Xiaofu said.

The letter was sent back to naipao-the everyday and every day sect really did have something like that, and it was made for those evil Arts that took Yin to replenish yang. But with naipao’s status as the head disciple, getting some of it was a piece of cake!

Naipao explained how to use it, especially how it was colorless, odorless, and tasteless-practitioners under Earth Class wouldn’t notice anything wrong with it, not even Mystic late phase peak!

Of course, there were even more overbearing drugs, but naipao didn’t give them to Lin Yi-they were more than enough for Lin Yi, too overbearing would be a waste.

“That’s natural! Now, when we’re not strong enough, we’re competing with our intelligence!” “We’ll have to use our skills to deal with Lin Yi,” pinliang said.

“Idiot, if we don’t sponsor him and take the initiative, how are we supposed to drug Lin Yi?” “Plus, I’m holding a special event too, so I can get to know Mengyao!” Pinliang said. Although I know I can’t catch up with her for the time being, it’s good to be close to her, hehe!”

“Oh, oh, great idea, Liang bro!” Xiaofu said.

“Besides, it’s just an event. How much can it cost?” Pinliang said nonchalantly.

.....

At the Chu villa, Chu Mengyao was packing her things. She was planning to dress up for the class reunion. Now that he had bid farewell to his high school days, it was equivalent to having half a foot in University. It felt good to mature occasionally!

Yushu, on the other hand, couldn’t wear cute clothes to match Mengyao. She ransacked through the closet for a long time, but couldn’t find a mature piece of clothing. She couldn’t fit into Mengyao’s clothes either, so she complained, “I’m going home to get some clothes. Yaoyao sis, do you want to come with me?”

“It’s just the aisle, do I need to accompany you?” Mengyao ignored her.

“Then I’ll get shield bro to accompany me.” Chen Yushu replied.

“Then you can go.” Mengyao said.

Lin Yi was preparing to go with Wu Chengtian to cause trouble for uncle Zhu. He wasn’t in Songshan city before, so he didn’t let Wu Chengtian do it on his own, but now that Lin Yi was back, he had to get his revenge!

He'd planned on breaking through to Earth Class first, but it seemed like that was impossible now. With his current strength, stepping on uncle Zhu was like child's play-even Wu Chengtian would be a piece of cake!

Lin Yi was about to leave when he saw Shu running down the stairs."Shield bro, I'm going home to get my clothes, Wan na come with me? Shu's house is pretty, do you want to spend some alone time?"

"Pfff ..." Lin Yi didn't know whether to laugh or cry,""You go yourself, it's not like I've never been there before. I'm going to take revenge on that uncle Zhu with Wu Chengtian."

"Ah, alright then ..." Shu didn't force Lin Yi after hearing that he was going to do something important.

The three of them left the villa-Yushu was driving her beetle, while Lin Yi was driving Xiaoxiao's Land Rover. Now that the fake Lin Yi had been caught, he could drive his car as he pleased.

Lin Yi shook his head as he watched Shu leave. Was she going to move? He was even driving ...

However, Shu seemed to really have the intention to move over. Ever since Lin Yi moved to Chu Mengyao's Villa, Shu almost never returned to her own villa.

"Boss, I'm a bit nervous and excited now. That guy surnamed Zhu, could it be that his strength has also increased?" Naturally, Chentian was a little nervous before he stepped on the man.

"He leveled up, but didn't you level up too?" "Where's the pride I had when I was acting cool?" Lin Yi smiled.

"You're right, no matter how strong he is, his boss isn't Lin Yi. If I'm injured, I can recover and go back to fight, but if he's injured, he's finished!" Chentian said, regaining his confidence.

Li Cihua, Yaowang, and uncle Zhu were currently in charge of the floating clouds bar, while su jiaonang was in charge of the normal Affairs. Zhao Qibing had been busy with his training after taking the foundation pill, so he didn't have the time to manage the bar.

The foundation building elixir was an extremely rare and Supreme-grade elixir. It could allow a person with average aptitude to quickly embark on the path of cultivation! Moreover, after the foundation building elixir had changed his Constitution, he would be able to cultivate more easily than an ordinary cultivator!

However, due to the limitations of the foundation elixir, the road before Mystic was smooth. However, if one wanted to break through to Earth Class, the effect of the foundation elixir wasn't that obvious. One had to use a super foundation elixir, which was the bone cleansing elixir, to completely change a person's body!

However, the marrow and bone cleansing pill was a legendary existence in ancient times. The current pill recipe had already been lost, let alone someone who could refine it! So once Qibing stepped into the mystic class, he would have to use some special secret method to cultivate, otherwise, his progress wouldn't be as fast as now!

With the help of the foundation elixir and the help of the pure chant, Qibing had become a golden class early phase spiritual practitioner. Although he was still far from uncle Zhu and the others, his cultivation speed was already extremely fast!

Today was the day of Qibing's breakthrough, and this made him extremely happy. After cultivating, he laughed like an idiot for a while,"Hehehehe, with my speed, I'll be the Head of House Zhao soon! Lin Yi, you little bastard, you'll be under my feet sooner or later!"

"Master Bing, there's bad news from the family ..." Just as Qibing was getting excited, Cihua rushed into the house and said.

"What news?" Qibing furrowed his brows, pissed off. "I've just broken through, and you're already telling me bad news. What news can be more important than my breakthrough?"

"Master Bing, the boss just told us that qikun is back from the test ..." Cihua said carefully.

"Oh? He's back from the trial? Didn't that mean that he had been eliminated? That's good news. How is that bad news?" Qibing asked, stunned.

"He did come back, but qijiu didn't-i heard that he'd passed the test, and was now an inner sect disciple!" Cihua said. (To be continued.)

Chapter 1590: Someone is causing trouble

"And Zhao qikun, who knows what kind of dog shit luck he got, passed the test as well, but he didn't stay in the Ice Palace. He asked for the exchange right and went back to house Zhao ..."

"What? He also passed? He didn't stay there to cultivate?" Qibing's eyes were wide open, not understanding what was going on.

"Master Bing, this Zhao qikun probably doesn't want you to take the position of head if he stayed here!"
"You can't let your guard down-this guy has been ambitious for a long time, but you didn't have the strength to back it up, so we didn't care. But now, you're the true candidate for the head of the house!"
Cihua said.

"Motherf * cker!" Qibing understood what qikun meant and was pissed,"So that means that qijiu becoming an Earth Class is already a given?"

"You can say that if you work hard in the Ice Palace, breaking through to Earth Class shouldn't be a problem." Uncle Zhu said after he finished his cultivation.

"Then what do you think I should do? If I work hard, I'll be able to catch up to qikun, but Earth Class ... I'm afraid I won't be able to reach it any time soon!" Qibing asked, worried.

"Don't worry too much, master Bing! After taking the meridian opening pill, not only did my injured meridians recover, but my strength also returned! Plus, the injured meridians are a lot stronger after the pill's nourishment, and they're showing signs of breaking through-they'll be Mystic early phase peak soon!" "Plus, now that you've gained elder Bi's favor, we'll have plenty of elixirs too! I think I'll be able to break through to Earth Class soon!" Uncle Zhu said. In fact, for us cultivators, except for those who are gifted, our physiques are basically the same. The key is to see who has more spiritual medicine!"

"That's good! Hahaha!" "Don't worry, I won't give you any less!"Qibing said happily.

"Yes, no matter what, my big brother will still stand on master Bing's side. He's an Earth Class too, and he has a place in house Zhao!" Uncle Zhu said.

“Right, how could I forget about that? boss Zhu is an Earth Class! So what if he’s Earth Class?” Qibing nodded, finally letting out a breath of relief.

However, just as he heaved a sigh of relief, he suddenly heard a loud bang from outside the bar!

“What’s going on?” Qibing jumped in shock, “What are you doing? The outside?”

Qibing’s words had just left his mouth when su jiaonang ran in, flustered. “Master Bing, Cihua bro, bad news! Someone’s here to cause trouble-the bar’s door is broken!”

“The entrance of the bar? Isn’t it made of iron?” Qibing blinked.

It was early in the morning, and the iron door of the bar was not even open yet. How could the iron door be broken?

“It’s a stranger, he said he’s here to cause trouble and asked master Bing and uncle Zhu to get kicked out!” Jiaonang said carefully.

“Someone I don’t know?” Qibing frowned, “why is he so strong?” Could he be a cultivator?”

“I don’t know, master Bing, what should we do?” Jiaonang asked.

“Let’s go, uncle Zhu, let’s go out and see who’s tired of living? You dare to come to my territory and cause trouble!” Qibing had just broken through to the early phase of the Golden class, and he couldn’t find anyone to practice on. Now that someone had come to him, he naturally wouldn’t let them go!

Uncle Zhu had just recovered as well, and he was about to break through to Mystic early phase peak-his hands were itching for a fight, and it was the best time to find someone to practice with!

The two walked to the door and saw Chentian standing there with a big hole in the door, arrogantly pointing at the bar, “The people inside, listen up! Tell that old Zhu or whatever and that stupid Zhao Qibing to come out and get beaten up, or I’ll smash your bar!”

At this moment, Wu Chengtian’s acting skills were on full display! Wu Chengtian was very happy. He couldn’t act tough in front of Lin Yi before, and he didn’t dare to act tough in front of Lin Yi, but it was all for nothing. He didn’t have a chance to use it, but now, he finally had a chance!

Lin Yi was sitting in his car at the entrance, not making an appearance-he’d only do it himself when Wu Chengtian couldn’t handle it himself! This revenge, was it Wu Chengtian’s own or was it him beating uncle Zhu up?

However, after seeing uncle Zhu’s strength, he didn’t even think about getting off the car! Early phase of Mystic class-they didn’t know how his meridians recovered, or how he became an early phase Mystic again, but that wasn’t important-Wu Chengtian was an early phase Mystic class master who was both a spiritual and physical practitioner. He was sure to beat uncle Zhu!

“So it’s you, kid!” Uncle Zhu frowned, he didn’t think Wu Chengtian would come for revenge! If Lin Yi was here for revenge, uncle Zhu would believe it, but Wu Chengtian, a golden class master?

Could it be that he didn’t know that he’d recovered his Mystic class strength? En, it must be like this! This kid thought he was around the middle phase of the Golden class!

“Wu Chentian, you’ve got some guts, huh? Don’t you know that this bar belongs to me, Zhao Qibing?” Naturally, Qibing knew who Chentian was—he’d invited him to the Qibing skyscraper’s construction, but they weren’t that close!

“If you don’t know, then don’t smash it!” Chentian said faintly.

He was following Lin Yi’s pace now, and he saw with his own eyes how ER goudan killed the Hidden House Pi’s master with one punch—he wasn’t as scared of the hidden houses as before!

In his eyes, hidden houses weren’t much—in front of Lin Yi and ER goudan, they were just goods to be beaten up! You’re awesome? So what if you’re awesome? Lin Yi and ER goudan were alive and well, nothing happened to them!

“Hollering?” Qibing laughed instead of getting angry, “I think you’re tired of living.” If you kneel down and apologize to me, and compensate me with a hundred million for the repair fees, I’ll let you go. Otherwise, your Wu family will be removed from the noble families!”

Zhao Qibing was now the heir of the Hidden House Zhao, his confidence was naturally different. Plus, he had learned Lin Yi’s useful skills, and that was to cheat people of their money! So Qibing decided to use this trick to get some money out of house Wu!

From his point of view, although it was not difficult for the Hidden House Zhao to destroy the Wu family, the key problem was that he was not the young master of house Zhao yet, so he could not command the experts of house Zhao! (To be continued.)
