

Bodyguard 1591

Chapter 1591: tragic Zhao Qibing

Moreover, compared to exterminating the Wu family, it was more worthwhile to extort a sum of money from the Wu family!

"I say, Zhao Qibing, did you eat too much white arsenic that you've lost your mind? You're just an illegitimate child, how can you represent the Hidden House Zhao?" Chentian said mockingly.

"Cihua, tell him what my identity is now! Ignorance is truly terrifying!" Qibing said faintly.

"Wu Chentian, you don't know yet, do you? Master Bing is now a candidate for the next house master of the Hidden House Zhao, and the most powerful one at that!" "What, you're not going to beg for mercy?" Cihua asked.

"What do you mean by 'young master,' 'young master,' 'no master,' 'I beg for mercy,' and you'll let me go? My boss is Lin Yi now, and you guys already have a grudge against him. Do you think I'm stupid? If you're afraid of death, then just say it. Why did you say so much superficial words?" Chentian said in disdain.

"What did you just say?" Qibing was about to explode-he was telling the truth! He said all this to force Chentian to back off and hand over the money, but Chentian thought he was just saying it because he was afraid of death. Naturally, he was pissed,"Uncle Zhu, cripple this kid, then inform house Wu to give us two hundred million in exchange for him!"

"Yes!" Uncle Zhu couldn't take it anymore-he walked over to Wu Chengtian, rubbing his hands together!

Qibing wasn't stupid-he knew that Wu Chengtian was already a golden class master, and his strength was stable-he didn't want to make a move yet. He wanted to wait until uncle Zhu was done with him, and then he'd try to punch him!

Wu Chengtian made his move as uncle Zhu walked over-he was sick of uncle Zhu already, and he wanted to do it earlier!

Wu Chengtian didn't put on any airs as he threw a punch at uncle Zhu's chest!

Uncle Zhu was an early phase Mystic now, so naturally, he wasn't afraid of Wu Chengtian. He was just about to stretch out his hand to welcome Wu Chengtian when he realized something was wrong! This Wu Chengtian wasn't just a golden class master anymore, he was a Mystic early phase!

However, by the time he reacted, it was already too late. He could only brace himself and block it with his hand. It was impossible to Dodge! However, uncle Zhu consoled himself-he was just a Mystic early phase, while he was already a famous Mystic-he wouldn't be at a disadvantage in this exchange!

However, in the next moment, he realized that he was wrong, very wrong! However, it was too late.

Uncle Zhu spat out a mouthful of blood as he was sent flying. He slammed into the wall, his chest caved in and his eyes rolled back!

Who was Wu Chengtian? The inheritor of the iron hand technique, his hand techniques were very powerful, even a master of the same level wouldn't dare to take it head on, but uncle Zhu did! Not to mention that Wu Chengtian was a dual cultivator now, which was a level higher than the same level of practitioner. Wouldn't he be able to cripple uncle Zhu?

"Internal and external cultivation ..." Uncle Zhu spat out a mouthful of blood as he struggled to say the words ...

However, before he could finish, Wu Chengtian walked over and stomped on his four limbs. This was what he learned with er goudan back then, and he felt great about it. He could finally use it himself!

With four shrieks, Wu Chengtian's physical and spiritual strength not only broke uncle Zhu's limbs, but also crushed the meridians in his body!

And so, uncle Zhu's meridians that had just recovered were crippled once again, and it was even more severe than the last time!

After four screams, uncle Zhu was about to threaten Wu Chengtian, telling him that his big brother would never let Wu Chengtian go, but Wu Chengtian stepped on uncle Zhu's mouth again, breaking one of uncle Zhu's teeth. The pain was so great that uncle Zhu's eyes rolled back, and he fainted.

"Don't ... Don't come any closer ..." Qibing was finally scared. This Wu Chengtian was too strong! Why were all of Lin Yi's lackeys so strong? Er goudan was like this before, but this Wu Chengtian was strong?

"I'm sorry, but boss Lin Yi said that you're an annoying person. He didn't come looking for trouble with you, and yet you're looking for trouble with him. He can only send me to break your legs again!" Chentian said.

"No... I didn't do anything ..." Zhao Qibing felt that he was wronged. Although he was the heir of the Hidden House Zhao, he only dared to scold Lin Yi behind his back for now. He didn't dare to cause trouble for Lin Yi!

"That Zhao Fafa, weren't you the one who sent your men to look for Tang Yun's sis-in-law?" Chentian said as he walked towards Qibing.

"I ... I don't know!" Qibing was on the verge of tears as he cursed in his heart. Zhao Fafa, you bastard!

Qibing was an early phase golden class master, how could he fight Chentian? He didn't even have the chance to fight back before his legs were broken! But Chentian didn't do anything too drastic-he didn't cripple Qibing's legs, he only broke them!

Lin Yi had already told them not to bring too much harm to Qibing, so that the Hidden House Zhao wouldn't react! As for Zhao Qibing ... Even if they didn't do anything to him now, he'd be a cripple sooner or later.

Chentian didn't really understand what Lin Yi was saying, but he still did as he was told.

All of this happened in an instant, and after he was done, Chentian swaggered out of the bar and got into Lin Yi's car. Lin Yi started the car and the two drove away ...

“Haha, this is great! Boss Lin Yi, this is the first time I’ve felt so good! So noble houses can step on hidden houses too!” Chentian said excitedly.

“If you’re ambitious, even if you’re from a humble background, you can still be on the same level as the ancient sects!” “No one’s born a master,” Lin Yi said faintly, “and not all ancient sects have good conditions for practicing ...”

“Boss, I understand. I’ll work hard!” Chentian felt like his vision had been broadened!

She was too limited in the past-she only saw the fights between the noble houses and thought that getting a place in the noble houses was the ultimate goal of her life, but after following Lin Yi, she realized that hidden houses weren’t all that mysterious after all!

He wanted to step on it, but didn’t he still step on it? And he stepped on two of them! The Hidden House Zhao and house Pi! Plus, Lin Yi was about to go up against house Yu again-would the Hidden House Yu make a move then?

Wu Chengtian felt his blood boiling at the thought of this!

The floating cloud Bar was in chaos!

Qibing gritted his teeth in pain, but luckily, he was a practitioner now, and his endurance was much stronger than before. He was fine for now! (To be continued.)

Chapter 1592: master Bing’s reaction

Uncle Zhu, on the other hand, seemed to be breathing more heavily than he was breathing. His mouth was full of blood foam, as if he would die if he didn’t get help!

Yaowang wanted to check on Qibing’s leg but Qibing stopped him, “Let’s go take a look at uncle Zhu first, my leg is fine, it’s just a broken bone, my meridians aren’t hurt!”

After Qibing became a practitioner, he knew his body better and understood his own pain. So he wasn’t in the way at the moment, he might as well let Yaowang treat uncle Zhu first, he could even buy people’s hearts!

Of course, uncle Zhu was probably going to be crippled again this time-Qibing had bought over his heart! If he wanted revenge, he could only rely on elder Zhu. His master, elder bi, couldn’t step into the conflicts of the mortal world, so he had to rely on elder Zhu!

Elder Zhu was from a hidden house, but he’d just broken through to Earth Class, and he hadn’t registered with the noble House Council yet. No one knew about it, either, so letting him fight was the best choice!

Yaowang looked at Qibing’s injuries and knew that they weren’t serious, so he quickly nodded and went to check on uncle Zhu! As for when Chentian made his move, he didn’t even dare to do anything-he was Mystic, but he didn’t have the strength to fight. He’d rather just hide.

Otherwise, if even he was injured, who would treat him?

“Hurry up and call boss Zhu, uncle Zhu is injured, we have to let him know!” Qibing said to Cihua.

“Yes!” Cihua nodded and called boss Zhu for help!

.....

At the side of a run-down residential alley, an old man handed a small box to a young girl and said, “This is the medicine you’re going to take this time. Hurry up and swallow it ...”

The young girl silently took the small box and opened it. Inside was an exquisite medicine bottle. The young girl opened the medicine bottle and swallowed the medicine inside. Just as she was about to say something, the phone rang.

The old man took out his phone and looked at the caller ID. Then he said to the girl, “I have some urgent matters to deal with, so I’ll be leaving first. You can go back by yourself ...”

After that, the old man hurriedly walked out of the alley and found a quiet place to answer the phone ...

.....

“Boss Zhu, I’m Li Cihua, do you still remember me?” Cihua said after the call connected.

“I know, you work for master Bing. What’s wrong? What happened? why did you call me?” Elder Zhu was panicking as well—he was an Earth Class now, and he was trying his best not to interact with Zhao Qibing and the others, in case the Hidden House Council had their eyes on him!

Therefore, if someone close to Zhao Qibing called him, it must be something important. He was bringing Chen Xi to pick up the scraps, but he was afraid that Chen Xi would find out about it, so he quickly found a quiet place to pick up the phone.

“Boss Zhu, bad news, uncle Zhu is seriously injured and he’s on the verge of death. Yaowang is trying to find a way, and master Bing’s legs are broken too, but Yaowang is checking on uncle Zhu’s injuries first, he hasn’t checked on master Bing’s ...” Cihua knew that Qibing’s injuries were fine, but he said this to show how much he cared for his men.

As expected, although elder Zhu was furious, he was touched by what Qibing did. “Master Bing’s a good master. Cihua, wait for me, I’ll be right there!”

“Alright, we’ll be waiting for you!” Cihua said.

Uncle Zhu hung up the phone and turned around to look for Chen Xi. He had to give her some instructions. “Chen Xi, Grandpa Zhu has something important to do and has to leave for a while. It might take a few days, so you should go scrap picking first! However, don’t forget the heart technique I’m teaching you and don’t tell anyone!”

“Don’t worry, Grandpa Zhu, you can go ahead with your work!” Chen Zhao said obediently.

“En, the cultivation elixirs I gave you must also be taken regularly!” With that, elder Zhu turned and left in a hurry. Uncle Zhu was his little brother, and now that he was beaten up, he wanted to run over as fast as he could!

When elder Zhu saw uncle Zhu lying on the bed with all his meridians broken, he was both sad and angry! Originally, after uncle Zhu had taken the meridian opening pill, his future was bright, and if he gave him some guidance, breaking through to Earth Class wouldn't be a difficult thing!

But now, uncle Zhu was a cripple. He didn't even know if he could survive, let alone cultivate! The most tragic thing was that he had eaten the channel opening pill for nothing!

"Wayayayayaya!" "Wu Chengtian, you brat! I'm going to tear you to pieces!" Elder Zhu gritted his teeth. I'm going to find him and take revenge now!"

"Elder Zhu, please calm down!" Zhao Qibing heard that elder Zhu was going to take revenge right now and he jumped in shock! If elder Zhu went now, he might be able to kill Wu Chengtian, but the noble House Council would definitely notice. It'd be impossible for him to deal with Lin Yi then!

And so, if he had to deal with someone, it had to be Lin Yi. Wu Chengtian was just a small character, one of Lin Yi's underlings. If Qibing wanted to hate someone, he only wanted to hate Lin Yi. He wasn't in the mood to bother with a small fry like him.

Besides, the most important thing right now was that his grandfather was in seclusion. House Zhao was in a life-or-death situation, and they couldn't afford any mishaps. If the noble House Arbitration Association were to set their eyes on them at this time, it wouldn't be a good thing, and the matter of the Qi gathering pill could be exposed!

Plus, qikun was back, and he had his eyes on the position of the young master-if he caused any trouble here, qikun wouldn't just let it go so easily, and even elder bi would be in trouble!

Ever since Qibing became elder Bi's disciple, he'd been thinking a lot more than before! In the past, Qibing didn't have much ambition and thought that he was just an illegitimate child. It was already good enough that he could make a name for himself and be recognized by house Zhao!

But now, elder bi had given him hope, allowing him to become the head of the Hidden House Zhao! Naturally, Qibing wouldn't be as reckless as before.

"Oh? Master Bing, your legs are broken, why don't you let me take revenge?" Elder Zhu, on the other hand, was taken aback-if Qibing wasn't injured and stopped him from getting revenge, he might have thought that Qibing didn't want to! But Qibing had broken his leg too, and yet he didn't want elder Zhu to take revenge-there must be more to this! (To be continued.)

Chapter 1593: Class reunion

"Elder Zhu, you know the family's situation right now. Grandpa is in seclusion. Back then, Grandpa and master specifically told us that no matter what happens, we have to bear with it for the time being and wait until he comes out!" "Qibing said," plus, that Zhao qikun guy's back. If we do anything and he gets something on us, that'd be bad!"

"It's like this ..." Elder Zhu was also a loyal follower of the Hidden House Zhao-they had to hold it in after hearing the words from the old man and elder bi, but he was confused."So, master Bing, what's your purpose of calling me here ..."

“Revenge is a must, but not now!” Zhao Qibing gritted his teeth, “that Lin Yi kid, I’ll kill him one day!” However, the most important thing now was to find a way to heal uncle Zhu’s injuries so that he could recover as soon as possible. Even if he couldn’t cultivate anymore, he had to keep his life! He’s my subordinate, even if he’s disabled, I’ll take care of him!”

“You’re such a kind and wise master, master Bing. What did the Zhu brothers do to deserve such favor from you? Don’t worry, master Bing, I, boss Zhu, will not let you down!” Boss Zhu was touched. He thought that master Bing was just acting since it didn’t cost much to raise a cripple, but his friendship was touching!

“Secondly, we can’t do it openly now, but we can plan and see if we can do it in secret. I have to ask my master about this!” “Boss Zhu, you’re a trump card, you can’t be used as you please!” Qibing said. Only my Grandpa and master know that you’ve broken through to Earth Class-qikun and the others probably don’t know yet, so you’re my trump card for the head position-it’s not good for you to reveal yourself too early!”

“I understand!” Elder Zhu quickly nodded.

“I asked you to come here to advise you not to be too impulsive. We must be careful now!” “The most important thing is to stay calm before Grandpa comes out!” Qibing said.

“Don’t worry, master Bing, I won’t act rashly. I’ll look at the big picture first, I won’t do anything rash.” Said elder Zhu.

“This is good!” “I’ve already sent a message to master,” Qibing said, “I think he’ll know about this soon.”

When Zhao Qibing sent a message to house Zhao, he heard that elder bi was visiting his old master. Naturally, he didn’t have time to pick up the phone-he’d contact Zhao Qibing after the visit.

As they were talking, elder Bi’s call came in.

“Qibing, what’s the matter?” Elder bi, on the other hand, called back as soon as he heard that Zhao Qibing was looking for him.

“Master, something big happened here ...” Qibing said, telling elder bi everything that happened, including what he told elder Zhu and his analysis.

“You did the right thing, Qibing!” “You have to be able to hold it in for a while to achieve great things-sometimes, compromising doesn’t mean admitting defeat, it’s wisdom!” Elder bi said.

“That’s right. Disciple will remember Master’s words. Before grandfather comes out of seclusion, I must keep a low profile!” “What do you think we should do now, master?” Qibing asked.

“I’ll think of a way to deal with second brother Zhu, but I’m afraid I can’t do anything to save him. In short, let’s just wait and see! I can’t say I’ll be able to cure him, but keeping him alive shouldn’t be a problem. Ask elder Zhu to bring him to me.” “As for Lin Yi, there’s no rush-we’ll talk about that after your Grandpa comes out!” Now that the old master has broken through to Sky Class, he’d have some authority in the Council, and could even become one of the elders. From what I know, the Council isn’t a board of steel-after that guy left, the elders were all taken over by the Sky Class Masters of the hidden houses. At first, everyone was doing it for the sake of the public, but now, hehe, there’s no news of that

guy, so who'd still follow the rules? As far as I know, some people are already getting restless and want to change the rules of the arbitration Association!"

"Oh? That means that there's no restriction on the Hidden House's practitioners appearing in the common world?" Qibing quickly asked.

"Although I can't say that there are no restrictions, I'm afraid I can still turn a blind eye to it." "Of course, it's just a rough idea-there's no concrete conclusion yet," elder bi said. "The noble House Council isn't as united as we thought, but there are still people who oppose it."

"So that's how it is. Then I'm not in a hurry." Qibing nodded.

"Also, qitan's back, so you need to be careful too. I'll help you heal your leg, but you're still quite a distance away from qitan. Other than your contribution to house Zhao, you don't have much of an advantage over qitan, so you can't relax on your training!" Elder bi said.

"Don't worry, master. I'll definitely work hard. " Qibing wasn't being perfunctory-that was what he really thought, and he had decided to give it a shot for the position of head of the house.

Lin Yi thought that the Hidden House Zhao would at least send an Earth Class to cause trouble! But after two days, nothing happened-this made Lin Yi a little disappointed!

To be honest, Lin Yi was willing to do anything to break through! Lin Yi even wanted to fight an Earth Class to motivate himself to break through! The Lin Yi now was different from the Lin Yi in the tomb. Back then, he was only Mystic mid phase peak, but now he was Mystic late phase!

He was only two steps away from Earth Class, and if Lin Yi gave it his all, he had a chance. This was the kind of effect that Lin Yi wanted! But the Hidden House Zhao was like a turtle hiding in its shell-they didn't even make a sound, and this made Lin Yi extremely depressed!

In the blink of an eye, it was the day of the class reunion. Lin Yi had been waiting for house Zhao's Masters to show up, so he went to the resort with Chu Mengyao and Chen Yushu to relax.

The resort was located in a small town near Songshan. The scenery here was pretty good, but most of it was man-made. However, to the students, it didn't matter. They were here to have fun, not to enjoy the scenery!

After graduating from high school, many students had become more mature and realistic. Those who had been admitted to famous universities were naturally very proud, but those who had not been admitted to universities took this opportunity to make friends with a few rich second generation students in the class who had family businesses. They hoped to use this relationship to seek a good job! (To be continued.)

Chapter 1594: Zhong pinliang's sponsorship

Of course, there were also some men and women who had a vague impression of each other since high school. Because of the tension of the college entrance examination, they could not make their relationship clear. But now that they had graduated and had enough time, they wanted to take this opportunity to get closer to the person they liked.

Lin Yi parked his Land Rover in the parking lot of the resort to find quite a few luxury cars already. He didn't realize that his classmates were all from rich families, but Songshan's first school was a private school, and it was also an elite school. Other than Tang Yin, who had exceptional grades, the others all came from well-to-do families.

Lin Yi had just parked his car when a Mercedes-Benz SUV stopped beside him. Lin Yi jumped in surprise, but he smiled when he saw the driver!

"Kang Xiaobo, you bought a car too?" Lin Yi smiled as he looked at the licence plate on the car-it wasn't official yet, and it was clear that they'd just gotten it.

"Hey, boss, you don't care about me at all ..." Xiaobo jumped out of the car with a bitter face. "I've called your house a few times recently, but Wu Chentian told me that you were training hard, so I didn't dare to disturb you ... I thought you didn't want me anymore after getting a new follower!"

"Ha ..." Lin Yi laughed, "I was busy, so I didn't contact you guys, but you're number one, and Chentian's number three or four at most-he has to be polite when talking to you!"

"He's quite smart. Even though I'm not a cultivator, he's very respectful to me. " "I just got this car," Xiaobo nodded. "Fatty Lai told me to buy a car a long time ago, saying that I don't even have a car since I'm the Vice president of the company! It's too shabby for me to go out and meet clients!" However, I was afraid that it would be too high-profile, so I bought it after the college entrance examination. "

Fatty Lai was the General Manager of the company, and Xiaobo was the Vice President, but he didn't mind Xiaobo calling him fatty Lai. After all, he was Lin Yi's follower after Xiaobo, and he was still Xiaobo's follower!

"The company is doing well?" Lin Yi hadn't looked into the company's business for a long time, and he didn't ask about it since there were too many things going on recently.

"The painkiller is already on the market, and the response is pretty good. There's no problem with sales, but the production line needs to be expanded again ..." Xiaobo smiled bitterly."Boss, the company's finances are tight after you transferred 100 million!"

Lin Yi just remembered that he'd taken a hundred million from fatty Lai when he went to the Ice Palace test. It seemed that he had to find some way for fatty Lai and Xiaobo to earn money-it seemed like they were in a tight spot!

"En, when I'm free, I'll think of a way to research and earn some money!" Lin Yi was wondering if house Yu or house Zhao would pay for this, or maybe he could extort some from each house? Anyway, these two families were not very stable, so they must not provoke him!

He'd miscalculated-wouldn't it have been better if he'd gotten the money back when the Ice Palace asked Xiaoxiao to stay? The Ice Palace probably wouldn't refuse-they'd probably even give him a bigger reward!

"There's no need to be too anxious. At most, we'll break even now. It'll get better slowly." Xiaobo said.

Xiaobo and Lin Yi parked their cars, and the resort's security came over to help them set up reflective cone roadblocks to prevent other cars from getting scratched.

“Welcome to Tiandi resort!” The security guard said politely.

Tiandi resort? Lin Yi blinked. They’d only mentioned the town the resort was in, but they’d left out the name because there was one in that town. It seemed like Tiandi was the owner?

“Your boss is zou Tiandi?” Lin Yi looked at the guard and asked casually.

“Yes, sir. May I ask if you know our boss?” The guard didn’t dare delay-Lin Yi and Xiaobo were both in luxury cars, so they might really know the boss.

“Oh, I know him.” Lin Yi said with a nod.

“Sir, do you need to contact the boss?” The security guard asked politely.

“No need,” Lin Yi said with a wave of his hand. He was here for a class reunion, and Tiandi wasn’t here for anything.

“Alright,” he said. The security guard did not say anything else.

After locking the car, Lin Yi, Xiaobo, and the others walked to the lobby. There were already some students there, and quite a few people, both men and women, surrounded Xiaobo enthusiastically.

Lin Yi was the boss behind miracle doctor Guan’s medical company, and only those close to him knew about it. But the fact that Xiaobo was the Vice President of miracle doctor Guan’s medical company was known to everyone in the class!

After all, Xiaobo had been attending the product launch events and accepting multiple interviews, and his name was now several times more well-known than before!

For this previously unknown person who had suddenly been promoted from an unknown small figure to the level of a general manager, some of the more thoughtful girls couldn’t help but beat their chests and stamp their feet. How could they have misjudged him in the past? Didn’t he see Kang Xiaobo’s potential?

But when they found out that Xiaobo already had a girlfriend, they regretted not making the first move!

But now, the students who didn’t get into university were thinking of getting into a good relationship with Xiaobo. At least for the sake of their old classmates, they could get a position in a medical company!

They didn’t ask for a supervisor or department manager, normal employees were fine too. After all, miracle doctor Guan’s medical company was a company with great prospects. It was already good enough to work there.

Lin Yi patted Xiaobo’s shoulder and led Mengyao and Yushu to the sofa in the corner. He wasn’t that close to his classmates, and he didn’t want to be involved with them.

After a while, pinliang and Xiaofu arrived as well. Naturally, the two of them were also the targets of the students “flattery. Pinliang’s family had quite a lot of properties, and the students who lost their jobs after graduation wanted to find a way to make a living from him.

“Today’s event was actually organized by Liang bro and the class monitor. At first, the class monitor said that everyone’s expenses would be split evenly, and if it wasn’t enough, they’d get the rest of the class allowance, but Liang bro said that he’d cover all the event expenses this time, so everyone can eat and drink to their heart’s content!” Xiaofu announced after seeing that almost everyone had arrived.

The organizer of the event, the class president, didn’t stand up for him. He understood that he had lost his power after graduation. Zhong pinliang was treating them to a meal, so he decided to leave the spotlight to him! (To be continued.)

Chapter 1595: Zhong pinliang’s toast

“That’s great!” The crowd cheered when they heard that someone was treating them! Although most of the students came from well-to-do families, they were still happy to save a few hundred Yuan on the event fee.

“Liang bro has prepared a sumptuous feast for everyone tonight. Let’s go to the restaurant!” Xiaofu said.

It was almost dinner time, and everyone was hungry, so they happily walked towards the dining room after hearing Xiaofu’s words.

Lin Yi frowned, finding pinliang’s actions strange. The guy’d been quiet for a while, so why was he up all of a sudden? Plus, he didn’t have much hope of getting Chu Mengyao anymore. He knew that, so why was he still treating?

Did he really have too much money to spend? Pinliang’s family was rich, after all-Lin Yi had been worried about not having enough money, and now that the kid was this rich, he’d have to get some from his dad, fabai!

But Xiaofu didn’t mention Mengyao when he was talking, nor did he look at Lin Yi. Lin Yi couldn’t figure out what they were thinking-could it be that they really just wanted to treat him to dinner?

Lin Yi, Mengyao, and Yushu stood up as well-they didn’t like pinliang, but they still had to eat!

Mengyao was sitting in the corner, so no one dared to approach her, but now that she was walking towards the hall, many of the girls who hadn’t made it into university went to get close to her. It couldn’t be helped, things were just that realistic!

If Mengyao could help them get a job in one of pengzhan industries ‘subsidiary companies out of consideration for their relationship as classmates, that would be the best thing ever! In their eyes, going to university was just for a good job. If they could get into pengzhan industries through Chu Mengyao, it would be like reaching the sky in one step!

The Miss had a cold personality, but Lin Yi knew that she was the type who was cold on the outside but warm on the inside. They’d been classmates for so long, after all, and Mengyao still cared about their friendship regardless of whether they were on good terms or not. She’d take out her phone and jot down the names and numbers of those who found her-she’d send them to uncle Fu later, asking him to give them a chance!

As for whether or not they could do their job well, that was up to them. Mengyao wasn’t a philanthropist, and this was the only thing she could help them with!

Xiaobo's side was the same-they'd all agreed to give them a chance, but there was nothing they could do if they couldn't pass the internship.

Even so, everyone was already very happy. One must know that to work in such a large corporation, one must either have a good diploma or a good working experience. It was already very difficult for these high school graduates who did not have either to get a chance!

There were more than 30 people at the gathering, and they were split into two tables. The dinner was sumptuous, and pinliang ordered all sorts of delicacies since he didn't need the money. They were all classmates, so he didn't have to be too formal. After pinliang raised his glass and said, "don't stand on ceremony, eat and drink well!" He didn't say anything else!

Everyone also started to move and drink. The college entrance examination was over. Whether they were admitted to a University or not, they were all very happy! Those who didn't get into university, of course, got jobs from Xiaobo, Mengyao, and pinliang!

In their opinion, even if one job was not enough, they could ask others for help. There were three jobs, and one would be suitable. Therefore, these students who were worried about their future were all glowing with happiness!

"Shield bro, this crab is really good, try it!" Yushu said as she handed Lin Yi a crab.

"Shield bro, this beef is so good, try it!" Yushu said as she handed Lin Yi another piece of beef.

"Shield bro, this cake's really good, try it!" Yushu said as she handed Lin Yi another piece.

And so, Lin Yi's plate became a small mountain in no time.

No one was envious of Lin Yi's luck with women-on one hand, Yushu wasn't someone they could get close to, and on the other hand, Yushu's powerful big brother wasn't something they could handle!

Some of them were guessing if Yushu's brother would come and beat Lin Yi up if he knew that her sister had a boyfriend. What they didn't know was that Chen Yutian was in the hospital, praying for his sister to marry Lin Yi. If that happened, house Chen would be rich!

"Lin Yi, a toast to you!" All of a sudden, pinliang stood up with his glass after three rounds.

The noisy banquet immediately quieted down, and everyone looked at pinliang strangely. Everyone knew that pinliang and Lin Yi didn't get along-they'd been at loggerheads ever since Lin Yi transferred, and while Lin Yi did manage to suppress pinliang, pinliang was still pissed off!

So pinliang's toast was a little weird!

Lin Yi looked at pinliang suspiciously as well, not sure what he was up to!

"Fu, get Lin Yi some wine!" Pinliang didn't care about what people thought as he ordered.

"Yes!" Xiaofu picked up a bottle of wine beside him, opened it himself, and raised it in front of Lin Yi!

Lin Yi frowned, but he couldn't just reject it in front of the whole class. They were classmates, after all, and if he didn't accept it now, the whole class would think that he was narrow-minded! Lin Yi didn't care, but he didn't want to ruin everyone's mood!

With that thought, Lin Yi smiled and raised his glass as well, letting Xiaofu pour him some wine. He smiled faintly, "Zhong pinliang, why are you toasting to me all of a sudden?"

"Lin Yi, we had some problems before, but now that we've graduated and we're classmates, let's let it go!" "We'll all be good classmates from now on," pinliang said sincerely. "It'll be hard for us to see each other again after graduation. All the grudges in the past don't mean anything anymore. It's all in this glass of wine!"

"Oh?" Lin Yi was even more suspicious after seeing the sincerity on pinliang's face. He didn't believe that pinliang would be so kind! Lin Yi had just fought with naipao, and one look at naipao was enough to tell how much pinliang hated Lin Yi. How was he supposed to resolve this?

Did pinliang think that he couldn't do anything to him now that naipao was gone? But it didn't look like it! (To be continued.)

Chapter 1596: Let's drink together

From Lin Yi's point of view, pinliang was a brainless hooligan in the past, but he'd gone into hiding for a while until Zhang naipao's appearance. Only then did Lin Yi realize that pinliang had been hiding his true strength!

This guy wasn't like how he looked-he didn't really give up on his hatred, and sending naipao up the mountain to learn showed just how determined he was to deal with Lin Yi! Therefore, it would be a joke to say that they could resolve it now!

The Jade on Lin Yi's chest gave off a weak warning signal when Xiaofu was pouring the wine, making Lin Yi feel that there was a trap! However, this weak signal also indicated that there would be some small danger, but it would definitely not be too big! Otherwise, the jade pendant's warning would not be so weak!

Lin Yi picked up the glass and sniffed it-the strong smell of alcohol hit his nose! The alcohol content of this wine was definitely much higher than the white wine that everyone had drunk before! Lin Yi looked at the bottle in Xiaofu's hand-it was the same as the ones everyone else was drinking.

Pinliang might have really run out of ideas, so he was trying to get Lin Yi drunk with high alcohol content! The purpose of getting him drunk was also very obvious. He probably wanted him to make a fool of himself after drinking!

As for whether or not there was a problem with the wine, Lin Yi didn't think about it. With his medical skills, he could tell that there was nothing special about the wine other than its high alcohol content!

It was pinliang's idea to change the wine in the bottle to higher alcohol content! Naipao had said that the medicine was colorless, odorless, and tasteless-no one under Earth Class would be able to detect it, but pinliang didn't want Lin Yi to get suspicious. He'd made Xiaofu change the normal low-alcohol to high-alcohol!

As far as pinliang was concerned, Lin Yi wasn't an idiot. He'd be suspicious if Lin Yi toasted him for no reason, and might even reject him. But if he did something with the wine, Lin Yi might think that he was trying to trick him, and he'd believe him for real!

One had to admit that pinliang's IQ was on a whole new level compared to before. He had developed the ability to think in reverse.

And so, pinliang really did get what he wanted! It wasn't that Lin Yi was careless, but the medicine was provided by an ancient sect. No matter how good Lin Yi was, his medical skills were only at the top of the common world. In the common noble houses, he could still be called a miracle doctor, but in the hidden houses, even trash like Yaowang could compete with Lin Yi!

So Lin Yi didn't notice anything wrong with the wine. He raised his glass and said, "In that case, I'll drink this cup of wine."

"Straightforward!" Pinliang laughed as he raised his glass and finished it in front of Lin Yi!

"I say, pinliang, I saw that you only had half a glass of wine in your glass. That's not very kind of you." Lin Yi didn't drink, but replied faintly.

"Ah?" Pinliang blinked—he really hadn't noticed if his glass was half or full."Then ... I'll have another drink?"

He wanted Lin Yi to drink the drugged wine as soon as possible, so he'd rather drink another glass himself! In fact, his glass was full as well, and Lin Yi was just teasing him. He couldn't just let pinliang have the high alcohol content, could he?

Lin Yi never liked to let others take advantage of him, and so he decided to let pinliang have a taste of the alcohol. They'd get drunk together, and Lin Yi wouldn't get drunk at all. This level of alcohol was like heaven and earth compared to old Lin's wine!

"Alright, Xiaofu, fill it up for pinliang. I can tell he's a straightforward person!" Lin Yi said.

"Gah?" Xiaofu was holding the drugged wine in his hand, planning to pour Lin Yi another cup after he finished it. Who would've thought that Lin Yi would ask him to pour Zhong pinliang some wine?

Pinliang, on the other hand, was stunned. What should he do? He couldn't ask Xiaofu to change the bar now. Wouldn't that be too obvious? wouldn't that be the same as admitting that she'd spiked Lin Yi's wine?

Xiaofu couldn't back down from the bottle, while pinliang gritted his teeth. There must be a lady at the resort. He could just find another one after he finished his drink!

"Xiaofu, what are you doing?" pinliang asked. Hurry up and fill it up!"

"Ah, okay!" Xiaofu nodded quickly and poured pinliang another glass. Just as he thought that everything was fine, Lin Yi spoke up again!

"Xiaofu, we used to have some conflicts, right? It just so happens that this is the time, you should also have a cup. A cup of wine, and let's forget about the enmity!" Lin Yi said.

"Ha?" Gao Xiaofu felt helpless, but what reason did he have to reject pinliang's offer? He had no choice but to pour himself another glass. It was impossible to change the bottle under the eyes of so many people!

And so, the three of them raised their wine glasses, and with a smile, all three of them were poisoned ...

Luckily, there was a time limit to the Medicine's effects. When it didn't take effect, he was fine and was no different from a normal person. So, pinliang forced a smile and ate with everyone.

To be honest, a glass of high alcohol was nothing to someone like pinliang, whose family owned a nightclub. This kid had been drinking since middle school, so he wouldn't get drunk so easily! Xiaofu, on the other hand, was a drinking partner, and he wasn't drunk either!

However, what the two of them were worried about now was what to do about the poison. He had to quickly find a way to vent it out! They still had a plan-they had to "watch" Lin Yi's actions when he was flirting with Mengyao, and ruin his reputation!

After the banquet was over, pinliang had the room cards distributed to the students.

"We've just finished dinner, and everyone drank quite a bit. When the time comes, go back to your rooms and rest. In a while, at 9 pm, everyone will gather in the resort's lobby. I've reserved the entertainment room, so we can all go and have some fun!" "Xiaofu and I can't hold our liquor either, we'll be leaving first!" Pinliang said.

"No problem!" Everyone went back to their rooms after getting their room cards, but Lin Yi's card was for the three-person suite with Mengyao and Yushu? This surprised Lin Yi-other people shared rooms with boys and girls, but what was pinliang doing with Mengyao and Yushu?

However, pinliang and Xiaofu were already far away! (To be continued.)

Chapter 1597: bad idea

Lin Yi didn't ask any more questions and walked to the room with Mengyao and Yushu. They lived under the same roof anyway, so it wouldn't be awkward even if they were to rest in the same room.

"Liang bro, didn't we say we'd find a reason to get rid of Yushu? Why aren't you operating it?" Xiaofu asked on the way back to his room.

"There's no time, you idiot. We're both drugged, and it's going to take effect soon. We need to go back to the room and find a lady to take care of it. Otherwise, we won't have time to catch Lin Yi in the act!" Pinliang said.

"Ah, you're right!" Xiaofu nodded,"but Paozi said that the Medicine's too strong. Even if that Chen Yushu wants it, Chu Mengyao won't. When Lin Yi comes, haha ... We'll take some pictures and have fun!"

"That's right, Xiaofu has gotten smarter recently!" Pinliang said.

On the way back to his room, Lin Yi felt that something was wrong-his entire body was starting to heat up! With Lin Yi's medical skills, he could tell that this wasn't a sign of drinking too much, but ... He was under some kind of aphrodisiac!

A normal person wouldn't be able to make such an accurate judgment, but Lin Yi didn't know how he was poisoned, but he knew what happened after he was poisoned!

“Not good!” Lin Yi was too careless-there must be something wrong with the wine!

The only thing Lin Yi could think of was that glass of wine, but he checked the quality of the wine-it wasn't drugged. He even asked pinliang and Xiaofu to drink a glass each, too, in case he was worried.

However, he did not expect that the two of them would rather risk being poisoned to let him drink it! What was their purpose?

He looked at the pretty Mengyao and Yushu beside him, and he could guess what pinliang was planning. He probably wanted to force himself on Mengyao or Yushu to ruin his or Mengyao's reputation!

This kind of trick seemed very ordinary, but if it was properly operated, it could also produce an unexpected effect! As for Shu, Lin Yi was confident that if he pushed her down, she wouldn't be affected, but the Miss ... It was hard to say!

Perhaps pinliang had realized this, and that was why he did this! If the Miss resisted, pinliang could film this and announce that Lin Yi was a rapist. Even if Mengyao denied it later, it would still damage Lin Yi's reputation!

Pinliang couldn't do anything to Lin Yi with naipao, and it wasn't a bad idea to piss him off a bit!

Most importantly, everyone was drunk. He could totally deny that he was the one who did it and shirk all responsibility! This guy was smart!

However, Lin Yi was a Master in Medicine, and he didn't mind the aphrodisiac at all. He could use acupuncture to detoxify himself, but Zhong pinliang and Gao Xiaofu ... How were they going to do that?

A weird smile appeared on Lin Yi's face as the thought crossed his mind. He took out his phone and called zou ruoming!

“God Lin! Do you have any orders?” Ruoming was sleeping at home when his phone rang. He didn't want to pick it up and was about to hang it up when he saw Lin Yi's name on the screen. He woke up immediately and picked up the call!

He was a little scared. If he hung up the phone, he and the zou family would probably be in trouble!

“Tiandi resort is your family's property, right?” Lin Yi asked.

“Yes, do you have any orders, God Lin?” Ruoming jumped-could it be some manager of the Tiandi resort or something who pissed Lin Yi off? Ruoming wanted to curse at the guy-he'd given Lin Yi everything he had, and the guy was causing him trouble!

“Oh, it's nothing. Do you have a young lady here?” Lin Yi asked.

“Yes, yes! God Lin needs it?” Ruoming relaxed a little upon hearing that Lin Yi wasn't provoked.

“Oh, call the manager here. Tonight, no matter who asks for a lady, he says no! Don't let them in even if they're called from outside!” “I mean, can you take this seriously?” Lin Yi asked.

“Don't worry, God Lin Yi, I'll do it now!” Ruoming didn't know what Lin Yi meant, but he didn't need to know. He'd do whatever Lin Yi asked him to do-as long as Lin Yi was happy, everything would be fine!

After hanging up, ruoming called the manager immediately, telling him Lin Yi's plan. He even threatened, "I'm telling you, if you do this well, I'll reward you! If you mess up, I won't let you off. It's not as simple as you packing up and getting out of here. If something happens to me, I'll drag you down with me!"

The manager's heart almost fell out of his chest at ruoming's words-he knew that house zou was a gangster, after all! He had to get this done!

Therefore, the resort manager directly asked his men to gather all the ladies together for the time being and locked them in the conference room. He was also afraid that they would take on private work! Then, he instructed all the security guards to close the resort's door and not receive any guests! The purpose was to prevent a young lady from sneaking in ...

This reason was a little funny, but the experience at the resort was carried out meticulously, which was a little confusing ...

Pinliang and Xiaofu went back to their room and called the service desk, asking them to arrange for two ladies to come up. The reply was, "We're a legitimate resort. We don't have such improper business. Please forgive us, Sir!"

"F * ck!" Pinliang was about to explode-who the hell was this guy trying to fool? When he first chose this resort as the gathering place, he had also come here because he had played here before. At that time, he had found several ladies! Pinliang thought that the person at the front desk was new, so he said,"Get your lobby manager to call me!"

"What should we do, Liang bro? it can't be that we don't have that kind of service here, right? what should we do?" Xiaofu panicked.

"It's fine, I know the manager. Heibao and I used to come here a lot ..."Pinliang said, missing Heibao a little."I wonder how Heibao bro's doing ..."

Chapter 1598: What a tragedy!

"Yeah, we should go visit Heibao someday!" Xiaofu said, nodding.

"Heibao bro is a loyal subordinate of house Zhong, we can't disappoint him!" Although pinliang said that, he was actually thinking that Heibao still had value to him. To be honest, Heibao's crime wasn't that big, but he'd still be useful when he got out of prison!

Heibao was able to get naipao into the inner sect just because he was the sect leader's junior-this wasn't something to be underestimated! Heibao wasn't that strong, but he had a lot of connections!

So pinliang thought that with this connection, it'd be easy to talk to the sect leaders of the future!

"Then let's go see him in a few days?" Xiaofu asked.

"Okay, but we need to deal with the problem first ..." Pinliang's mouth was dry, and his body was heating up.

Fortunately, the manager called not long after, and pinliang told them his name!

The manager recognized pinliang and knew that he was the one who paid for the event, so he was very polite to him. "Young master Zhong, may I ask why you are looking for me?"

"Manager Zhang, hurry up and get me two ladies. I want beautiful ones. We'll talk about the rest later!" Pinliang's body was burning with desire, and he had no time to waste on the manager!

"Ah? Mr. Zhong, that's not easy. Our resort doesn't provide this service at the moment!" Manager Zhang remembered the General Manager's and master Ming's orders. He didn't dare to find pinliang a lady.

"Bullshit! My family also runs a nightclub, how can I not know about this? The last time I was here, there were more. Just cut the crap!" Pinliang panicked at the manager's words.

"Young master Zhong, we really don't have any! This is what the General Manager has specifically emphasized before. Our business has also begun to shift to a legitimate industry and we no longer provide this kind of service." Manager Zhang didn't want to offend Zhong Pingliang. After all, Zhong Pingliang was a big customer here and they were in the same business. They would see each other often.

"Then get me two from the outside, hurry up!" Pinliang couldn't take it anymore!

"This ... Mr. Zhong, I'm sorry, we don't have any contact information. Why don't you go out and look for it yourself?" Manager Zhang said tactfully.

Since he couldn't get the Miss to come into the resort, he could only get pinliang to leave the resort. If he left, it would have nothing to do with the resort!

But pinliang wasn't in the mood to go out and look. He couldn't wait at all, and he was unfamiliar with this place, where could he find it? Even if he found two people from his nightclub, it would take more than an hour to get here. He was already too late!

Pinliang was filled with hatred-what was wrong with this resort? He even switched to a proper industry. Of all times, he had to switch to a proper industry now! What about him and Xiaofu?

"Motherf * cker! I'll never come to your damn place again!" Pinliang hung up the phone in anger, but there was nothing he could do.

"Liang bro, what do we do? I can't take it anymore!" Gao Xiaofu heard the contents of the phone call as well, and he was sweating profusely!

"What else can we do? Go to the washroom and slip away by yourself!" Pinliang was at his wit's end-he didn't know if the medicine would work or not. Naipao didn't say anything!

"Ah?" Xiaofu wasn't too happy about it, but since Liang bro had given in, he had no choice but to follow ...

Lin Yi, Mengyao, and Yushu entered the room. Mengyao was about to ask Lin Yi what he meant by that call to zou ruoming when she saw Lin Yi's Red face and sweat on his forehead. He looked like a red-shelled crab that just got out of a pot!

“Lin Yi, what’s wrong? How did he become like this? Where do you feel uncomfortable?” Mengyao asked, concerned.

“Oh? I think shield bro got cooked!” Chen Yushu said in shock.

“Zhong pinliang, you put an aphrodisiac in the wine.” Lin Yi said with a bitter smile. He didn’t want to lie to Mengyao and Yushu-there was nothing to hide.

“Ah!” “What do we do then?” Mengyao asked, startled.

“Shield bro, are you feeling bad? do you need Shu’s help?” Chen Yushu quickly asked.

“...” Lin Yi took a deep breath, almost losing control! Wasn’t Yushu forcing him to do something he shouldn’t have done at a time like this? Luckily, Lin Yi was a trained assassin, and his willpower was stronger than normal people. Otherwise, he would’ve been mesmerized by Shu’s words!

Mengyao knew that Yushu was in trouble when she saw Lin Yi’s eyes turn red. She glared at her, “Shu, what are you talking about? I won’t help you if Lin Yi pushes you onto the bed!”

“Ah ... But Shu isn’t ready yet ... She wants it now ...” Chen Yushu acted like she didn’t understand Chu Mengyao’s meaning at all. She purposely twisted it.

“Yaoyao, take her to the side to play ... Don’t worry about me!” Lin Yi didn’t know what to do-wasn’t this Yushu forcing him to do something wrong?

Lin Yi tried not to think about Yushu as he used his pure Qi to suppress the effects of the medicine. He then pulled out a box of silver needles from his pocket! Using silver needles to force out the poison was Lin Yi’s specialty, so he just had to endure this for a while.

“Shu!” Chu Mengyao could see Lin Yi’s pain. She glared at Chen Yushu and pulled her into the suite. However, Chen Yushu was still worried.

“Yaoyao sis, I heard that it’s not easy to cure people with aphrodisiacs. Will shield bro be okay? Why don’t ... I suffer some losses and help him?” Chen Yushu replied.

“How are you going to help?” Mengyao was worried about Lin Yi as well, but she couldn’t just give herself up, could she? So Shu asked immediately.

“You can use your hands, or ... Something else ...” Chen Yushu stuck out her chest.

“Pfff ...” Chu Mengyao almost puked blood. What kind of idea was this?

“If it really doesn’t work, I’ll just have to give myself to him. I’ve already decided to be shield bro’s small wife, anyway.” Yushu said, not caring about Mengyao’s reaction.

“...” Chu Mengyao was speechless, but in her heart, Chen Yushu’s words caused a ripple. She didn’t know what to feel ...

Chapter 1599: Inner struggle

If Shu wasn’t here, would Lin Yi come with her if he couldn’t handle it? Mengyao’s heart was filled with anticipation, but she felt that her thoughts were ridiculous!

She didn't like him, but he liked Tang Yin? But ... Did he really not like it?

"What's wrong, Yao Yao?" Yushu asked curiously as she looked at Mengyao's weird expression.

"No... Nothing ..." Chu Mengyao shook her head and dispelled the unrealistic thought.

"Then ... Should I go and help?" Chen Yushu asked impatiently.

"Don't add to the trouble! Lin Yi said he has a way to solve this!" Mengyao didn't know why, but she didn't want Yushu to go over.

Lin Yi quickly used silver needles to pierce the acupuncture points all over his body, but he heard the conversation between Chu Mengyao and Chen Yushu very clearly! Lin Yi smiled bitterly, trying his best not to think about those evil thoughts!

As for Yaoyao and Shu, Lin Yi naturally liked them as well! Humans were not plants, so how could they be heartless? Besides, after living together for so long, everyone already had a strange feeling! Tang Yun had more or less agreed to the Miss and Shu's existence, but Lin Yi couldn't figure out what they were thinking!

The young miss's feelings seemed to be right, but they were not. Chen Yushu's stupidly passionate attitude made it hard for people to tell if it was real or fake! Plus, Lin Yi already had Tang Yun and Feng Xiaoxiao. If something were to happen between him and the Miss or Shu, he wouldn't be able to get past himself first!

Even if he was going to do it, he would ask for Tang Yin's opinion first-it was the most basic form of respect! Lin Yi couldn't just do whatever he wanted because of Tang Yin's permission.

However, Lin Yi quickly realized that the needles didn't seem to have any effect on him-his body temperature was still rising! The drug seemed to have taken effect, but Lin Yi didn't reverse it at all. The desire in his heart was getting stronger and stronger, making Lin Yi's expression ferocious and terrifying!

However, Lin Yi still managed to retain his rationality. He sat cross-legged on the ground and asked elder Jiao, "Elder Jiao, what should I do now?"

"Hmm ... The situation seems serious? Why don't you try to use your true Qi to dissolve your desire?" "Your energy is all-purpose," elder Jiao said after some thought, "see if you can turn it into desire to reduce the effects of the drug?"

"Alright!" Lin Yi nodded and entered the space in the Jade. He started channeling the art of Dragon mastery, using the energy in the space to resist the aphrodisiac in his body! However, to Lin Yi's surprise, it seemed to be working!

However, the aphrodisiac's medicinal properties seemed to be extremely overbearing. With every trace refined, a large amount of energy had to be absorbed into the body! But it was better than nothing-he had time!

In another private room of the resort, pinliang and Xiaofu were panting heavily.

"Liang bro, I can't either, my hand's going to break!" "Isn't Pao a little too overbearing?" Xiaofu said bitterly.

“Isn’t that so? My arm is going to break, but we have to work harder! Think about Lin Yi—we need to get there as soon as possible, otherwise it’ll be meaningless!” “Let’s sing a song, put in more effort!” Pinliang said.

“Singing? Good! What song are you going to sing?” Xiaofu asked.

“Sing with me, one, two, three, ready ... Together! “Calabash Brothers ... Calabash Brothers ...” Pinliang chanted loudly.

Therefore, the two of them started singing in the bathroom and got very excited ...

Lin Yi’s energy and the medicine clashed with difficulty. Under the pain, his forehead started to emit white steam, and it was so hot that Lin Yi was smoking.

“Yaoyao sis, it’s bad, shield bro’s on fire!” Chen Yushu saw the White steam coming out of Lin Yi’s head and cried out.

“Ah? Then ... What should we do?” “Let’s turn the air conditioner to the maximum, shall we?” Mengyao asked, equally shocked.

Chen Yushu quickly found the air conditioner remote control and turned it to the maximum! However, even with the air-conditioner on, the steam on Lin Yi’s forehead didn’t decrease at all. It was still hot!

“Why don’t we find two fans and fan him so that he can cool down a little?” Chen Yushu saw that there was no way to turn on the air conditioner.

“Alright!” Chu Mengyao was also desperate. There were banana fans in the hotel room. She and Chen Yushu took a fan each for Lin Yi to fan on the left and right!

He’d seen Mengyao and Yushu’s actions, but it wasn’t very effective. He didn’t have the energy to talk, though—he was gritting his teeth and using his internal strength to dispel the desire in his heart.

The energy gathered around Lin Yi’s body and rushed into his body at an unbelievable speed. However, as it resisted the medicinal effect, it disappeared! This absorption speed made Lin Yi speechless. He didn’t even need this much energy to break through, did he?

However, it was true that he needed a lot of energy to dissolve the medicine. Lin Yi was surprised and confused at the same time. Where did pinliang get such a strong medicine? Could it be that Zhang naipao gave it to him? Now that he thought about it, it was not impossible ...

“Elder Jiao, this medicinal effect is too overbearing, I can’t hold on much longer!” Lin Yi was holding on with all his might, absorbing the energy to dissolve the drug.

“Oh, then you should settle it.” Elder Jiao said.

“Solve? How do we solve this?” Lin Yi asked.

“Five against one.” “This medicine looks strong, but since your Qi can resolve it, it doesn’t mean you need to have sex with someone!” Elder Jiao said. So, you can do it with your hands, but judging from the potency of the medicine, it will take at least one or two hours!”

“...” Lin Yi’s head was full of black lines. Two hours of plane shooting in the bathroom? Are you kidding me? If Chu Mengyao and Chen Yushu weren’t there, it would be fine, but now that they were both here, wouldn’t he be a laughing stock if he went?

“What else?” Lin Yi asked helplessly.

“Then you can only continue to dissolve it!” “With your current power and the endless energy in the Jade, you can dissolve it, but it’ll take a long time ...” Elder Jiao said.

“There won’t be a problem as long as it can be resolved!” Lin Yi gritted his teeth and decided to continue!

An hour later, pinliang and Xiaofu finally solved the problem. Both of them were exhausted! At the moment, the two of them basically couldn’t lift their arms. (To be continued.)

Chapter 1600: go watch a good show

“Liang bro, what’s this medicine? it’s so overbearing! “If only I could be as brave as I am today ...” Xiaofu said.

“Who knows? I’m so tired today. My kidneys aren’t good to begin with, this is a trap!” Pinliang said helplessly, “that Lin Yi sure is cunning, letting us have a drink too!” But we need to go to Lin Yi’s side now, we don’t know if he got what he wanted!”

“Alright!” Gao Xiaofu carried the camera on his back, and the weight of the camera almost crushed his shoulder!

The two quickly left the room. It was already nine at night, and pinliang’s heart was filled with regret! If they went now, Lin Yi might have already gotten what he wanted! Without Mengyao’s resistance, it would be boring!

With that thought, pinliang’s heart was filled with malice. He walked into the resort’s lobby and saw that his classmates were all well rested and waiting for him and Xiaofu.

“Sorry for the long wait, everyone. Now, I’ll invite everyone to watch a great show!” Pinliang said to the students in the lobby. “Everyone, follow me!”

Pinliang was planning on getting everyone to see Lin Yi-even if he’d pushed it a little, wouldn’t it be embarrassing if all the students saw? Besides, Mengyao wouldn’t have the face to live anymore!

But pinliang decided that if he couldn’t get it, no one else could! If he couldn’t have Chu Mengyao, then he would destroy her reputation!

Pinliang couldn’t wait any longer as he reached Lin Yi’s room and slammed his head into the door! Time was of the essence, and he didn’t want to waste a single second!

With a bang, Lin Yi’s door was knocked open, but it wasn’t as hard as pinliang had thought-Lin Yi’s door wasn’t even locked! Lin Yi had been busy with resisting the effects of the drug the moment he got back to his room, while Mengyao and Yushu were busy cooling him down. No one bothered to check if the door was locked or not.

And so, Zhong pinliang fell head first into the room-the momentum made him fall flat on his face!

“Everyone, please take a look!” Xiaofu couldn’t be bothered with pinliang anymore-he was worried that Lin Yi might do something about it, and so he had the students look into the room!

Therefore, the scene in the room appeared in everyone’s eyes! Chu Mengyao and Chen Yushu were fanning Lin Yi from the left and right.

“What is this?” One of the students asked curiously after taking a look.

“Are you crazy? You want us to see this?” Xiaobo was the first one to react-was this Xiaofu retarded? Lin Yi was obviously enjoying the fans of two pretty girls, and pinliang was interrupting him!

“That’s right, what’s there to see?” The students were envious of Lin Yi, but they didn’t think it was a big show! Isn’t it just a fan? What was there to see?

Gao Xiaofu was also dumbfounded. What was going on? Wasn’t Lin Yi supposed to push down Chu Mengyao or Chen Yushu? Why were the three of them dressed so neatly and waving their fans in such a relaxed manner?

Pinliang said as he got up from the ground! No way? Lin Yi was fine? He looked at the situation in the room suspiciously, but it didn’t seem like anything had happened!

Plus, he was sure that if Lin Yi was really in a relationship with Chu Mengyao and Chen Yushu, it wouldn’t end so quickly, putting on his clothes and fanning himself! After all, he and Xiaofu used their hands for half a day. How could Lin Yi be this fast?

“Uh ... Actually, I wanted to show everyone what a banana fan is! This banana fan is the specialty of this resort!” “I’m just showing everyone how to use this banana fan ... The flaming Mountain was destroyed with this fan ...”Xiaofu said.

“Boring ...”

“Boring ...”

The students didn’t say much since pinliang was the one who’d sponsored the event, but they all left without any interest.

“Are you two crazy? Shield bro’s still sleeping, what’re you guys doing? You’re still looking at the banana fan? is your mother the iron Fan Princess?” Yushu knew what was going on the moment she saw pinliang and Xiaofu rush in!

They were the ones who gave Lin Yi the aphrodisiac, so they were here to catch him in bed! Fortunately, Lin Yi was strong enough to neutralize the drug himself, or these people would’ve seen him naked!

“Ugh ... If that’s the case, then we won’t disturb you anymore ... We’ll be leaving first ... Sorry, we just wanted to look at the banana fan ...” Gao Xiaofu knew that Chen Yushu wasn’t someone to mess with, and Lin Yi was still fine. If Lin Yi were to flip out, he and Zhong pinliang would be in big trouble!

Lin Yi even dared to beat up Zhang naipao! The two of them had no choice but to turn around and leave!

Lin Yi kept his eyes closed and didn't say a word. Everyone thought that he was asleep, but in fact, he wasn't sleeping. He was fighting against the drug! Lin Yi heard pinliang and naipao's voices, but he ignored them!

The drug in his body was getting less and less, and this made Lin Yi let out a breath of relief! It seemed that his efforts had not been in vain, and there were still results!

Finally, as time passed, the effects of the aphrodisiac in Lin Yi's body decreased. Even if Lin Yi didn't use his Qi to refine it, he could still resist it. However, Lin Yi still decided to refine it all first. After all, this aphrodisiac was different from normal ones. Who knew if there would be side effects?

And so, Lin Yi continued to use his energy to refine the medicine in his body, and finally, the medicine was completely refined by Lin Yi!

"Phew ..." Just as Lin Yi let out a breath of relief, the next moment, something unbelievable happened! The medicine was refined, but the energy in the Jade space was the one that refined it. After the medicine was refined, it became the Qi in Lin Yi's body. Lin Yi didn't notice it before, but now that the medicine was gone, the extra Qi was obvious!

And the Qi from the medicine wasn't just a little bit-Lin Yi felt like his meridians were about to explode! Previously, he had been too focused on refining the medicinal properties and did not notice this. But by the time he realized it, it was already too late! (To be continued.)
