

Bodyguard 1601

Chapter 1601: Peak of the mysterious Queen realm!

Lin Yi felt like his body was about to explode!

However, Lin Yi was pleasantly surprised after the short shock. He was too familiar with this feeling. This was the feeling of breaking through! Lin Yi felt the same every time he broke through, and this time was no different!

Lin Yi didn't think that refining the aphrodisiac in his body could help him break through. It was unbelievable! However, Lin Yi thought about what happened to song Lingshan and didn't find it strange anymore. Perhaps song Lingshan's breakthrough was because of this?

In fact, Lingshan's breakthrough was completely different from Lin Yi's-she'd been suppressing herself on that level for a long time, and it was a sudden mental and spiritual shock, along with the special nature of house song's practitioner's Arts that helped her break through!

But Lin Yi was using his energy to refine the medicinal properties. Because there were too many medicinal properties in his body, Lin Yi had to keep refining them, and after refining them, the pure Qi would be gathered in Lin Yi's body! Because the aphrodisiac was already in Lin Yi's body, the refined Qi was also in Lin Yi's body. This was different from Lin Yi absorbing the energy directly!

It could be absorbed directly, but after absorbing to a certain extent, it could no longer be absorbed! Using the medicine to refine it, on the other hand, made it impossible for the body to absorb Qi, but the refined Qi couldn't be released. This was why Lin Yi broke through to Mystic late phase peak!

Luckily, Lin Yi was different from Yutian and Lingshan-he was cultivating in the Jade space, so he didn't have to worry about Mengyao and Yushu seeing his clothes!

"Zhong pinliang, you and your men are my lucky stars, helping me break through two levels in a row ... Should I thank you? Or should I hate you?" Lin Yi mumbled to himself as he shook his head with a bitter smile.

Pinliang wanted to harm him, but he was helping him out indirectly! Lin Yi was just worried that he wouldn't be able to break through, and here he was!

"Elder Jiao, I've broken through?" Lin Yi asked with a bitter smile.

"Yes, I did. Haven't you always wanted to break through? Isn't this what I wanted?" Elder Jiao smiled faintly.

"But ... What is this? Does that mean I can use this method to break through in the future?" This was what Lin Yi was most concerned about-he had a rough idea of how it worked, so he was wondering if he could use the same method to break through in the future!

"Every time you break through, it's freakish." Elder Jiao didn't know what to say. "I've never heard of many of your breakthrough methods! Who knows if you'll be able to do it again?"

"In other words, there's a possibility of trying?" Lin Yi asked, pleasantly surprised.

"I didn't say that!" "As far as I know, there's a huge gap between Mystic and earth, and some people can't get past it in their entire lives, stuck at Mystic late phase peak. So, if the method of breaking through was the same, then I'm afraid that any practitioner could break through this gap easily! The way to break through from Mystic class to Earth Class is different!"

"Oh?" Lin Yi frowned, "so you're saying that breaking through from Mystic to Earth Class isn't that easy?"

"Yes, I am!" "Elder Jiao nodded," you see, there are a lot of Mystic late phase peak people in the hidden houses, but not many Earth Class Masters! Some people have been stuck at Mystic late phase peak for many years. If they could break through using normal methods, why would they still be stuck there?"

"Uh ... Isn't it hard to break through from Earth Class to Sky Class? Why is it so hard to break through from Mystic to Earth Class?" Lin Yi said with a bitter smile.

"It's even more difficult!" "Not many people have been able to break through from Earth Class to Sky Class since the beginning of time!" Elder Jiao said.

"Sky Class is still far away. I wonder how I can reach the earth Class?" Lin Yi smiled bitterly. It seemed that he couldn't just consume medicine and refine it himself.

"How would I know?" Elder Jiao rolled his eyes, "I can't understand any of your breakthrough methods. You'd better find something new!"

Lin Yi had no choice but to return to reality from the Jade space! He couldn't find a way to break through to Mystic yet, but he was satisfied with his progress. If he worked a little harder, he might be able to break through to Earth Class before the noble House meeting!

"Shield bro, you're alright?" Yushu was surprised and happy to see Lin Yi open his eyes, his face back to normal.

"Yes, I'm fine. Thank you both." Lin Yi stood up and smiled.

"It's fine, this is what we should do! You've protected us for so long, it's time for us to do something for you. " "Even if it's a sacrifice!" Yushu said.

"Shu!" Mengyao chided upon hearing Yushu's nonsense.

"Haha ..." Lin Yi laughed, "Let's go, didn't pinliang say we'd gather at nine? Let's go see if there are any fun activities!"

"Shield bro, are you going to teach them a lesson?" Chen Yushu felt that Lin Yi had been drugged and she was angry!

"Teach them a lesson? Why should I teach them a lesson?" "I can't wait to thank them!" Lin Yi smiled.

"Thank you?" Yushu and Mengyao froze.

"If it weren't for them, I wouldn't have broken through! I'm Mystic late phase peak now!" "So, why do we have to teach them a lesson?" Lin Yi smiled.

"Wakaka, no way? Shield bro, you're so strong!" Yushu's eyes went wide, "He can even break through like this? Then if we take the aphrodisiac every day, wouldn't we all become Sky Class Masters?"

Lin Yi's vision went dark, almost falling over. He smiled bitterly, "It was a coincidence. If I eat it again ... I'm sure there won't be any problems!"

"That's right, Shu, don't give me random ideas!" Chu Mengyao also thought that it was impossible. If one could really break through by taking medicine, then wouldn't there be Masters everywhere?

The three talked as they walked to the resort's lobby. Zhong pinliang, Gao Xiaofu, and the other students were already in the lobby, chatting.

Pinliang and Xiaofu, on the other hand, saw Lin Yi, Mengyao, and Yushu walking over, and a trace of fear flashed across their eyes! If Lin Yi knew that they were the ones behind this, would he do something to them?

"Isn't this Lin Yi? We were waiting for you!" Pinliang muttered to himself before putting on a smile and walking over. "Just now, we were all here. We were just waiting for you, so we thought of looking for you. We didn't expect you to be sleeping!"

Pinliang came up with an excuse that they had a group activity that night, and Lin Yi wasn't there. (To be continued.)

Chapter 1602: Playing a game

"Oh, didn't you guys go to see some banana fan?" Lin Yi's lips curled into a mocking smile as he asked faintly.

"Haha, that was just a joke!" "Lin Yi, since you're here, let's move on to the next part, shall we?" pinliang said with a smile.

"Alright!" "But I don't know," Lin Yi said faintly, "can you still move your arm?" He seemed to be a little exhausted? Do you need me to treat you? I'm also a doctor! Just now, I drank too much and my body was hot, so I performed acupuncture on myself and then slept!"

Lin Yi wasn't planning on doing anything to pinliang right now-there were so many students here, after all, and the gathering would be over if he did that. Although Zhong pinliang harmed Lin Yi, he actually benefited Lin Yi!

This way, Lin Yi's hatred towards Zhong pinliang would fade, and he'd just say a few sarcastic words! Lin Yi really didn't think much of a small fry like pinliang at the moment-his follower, Zhang naipao, was the real threat!

Pinliang's face paled at Lin Yi's words.

Lin Yi's words were very clear-he knew that he was drugged, but he solved it with acupuncture! He'd also hinted that his arm was out of strength, so he must've guessed what he'd done ... Pinliang didn't know what to say.

"I ... I don't need to be treated, right? "It's rheumatism, it's an old problem ... "Pinliang said, embarrassed.

"Oh." "I'm the one who asked the ladies here to go home for the holidays," Lin Yi said with a weird smile.

Lin Yi and pinliang's conversation didn't seem to be connected, but both of them knew what they were talking about. Pinliang finally understood why he couldn't find the Miss after hearing Lin Yi's words! So it was Lin Yi's doing!

Pinliang suddenly remembered that the Tiandi holiday resort was Tiandi's house's property, and ruoming was acting like a little kid in front of Lin Yi. He understood what was going on! Lin Yi was setting him and Xiaofu up!

However, even so, he couldn't say a single word of grievance. He could only swallow it down! Wasn't he the cause of all this?

However, he was glad that nothing happened between Lin Yi and Mengyao! He didn't see anything in the room, and Mengyao walked over as if nothing was wrong, but Lin Yi's admission that he didn't do anything with Mengyao made him relax!

Although he was jealous that Mengyao couldn't be his girlfriend, he still didn't want his goddess to be tainted by others unless it was absolutely necessary! Since he couldn't mess with Lin Yi, he might as well try to get close to Mengyao!

Pinliang didn't expect Mengyao to like him anymore-he understood now that Mengyao and Yushu had never liked him! Therefore, it was pinliang's dream to take advantage of Mengyao!

Since Lin Yi didn't take advantage of Mengyao, pinliang didn't mind taking advantage of him! Lin Yi's tolerance from before made pinliang's guts bigger! As far as he was concerned, the reason Lin Yi didn't attack him was because of Zhang naipao!

Naipao's meridians were all destroyed, but he'd managed to open up the second stage of the chrysanthemum Arts-this was great news, and Lin Yi must've heard about it as well. That was why he didn't do anything after she'd given him the aphrodisiac, only making a few sarcastic remarks!

"So it was you." Pinliang started acting cocky again at the thought."But it's nothing. I'll just take it as a form of exercise. I wonder if you're also very forthright?"

"Oh, right, I really have to thank you!" Lin Yi smiled,"your follower Zhang naipao helped me break through to Mystic late phase, and the aphrodisiac you gave me helped me break through to Mystic late phase peak!" You guys are my lucky stars!"

Pinliang blinked-he didn't think that Lin Yi would break through to Mystic late phase peak again, and it was all because he'd drugged him! This made pinliang regret his decision-he wouldn't have done this if he'd known!

But pinliang didn't back down,"By the way, Pao told me to tell you that he's grateful to you for destroying his martial arts and meridians! The chrysanthemum Arts he's trained in can't be rebuilt without destruction. If he doesn't become a cripple, he really can't train the second stage!"

"Is that so ..." Lin Yi's heart, on the other hand, was in a state of shock. He thought that naipao was crippled, and even if he were to recover, it wouldn't be that easy. He didn't expect to have helped him out unintentionally!

What was this? Help each other? We're even? Lin Yi found it funny just thinking about it! Naipao and pinliang had helped him level up two times, and he'd also helped naipao get to the second stage!

In that case, no one had the advantage, but of course, Lin Yi had the upper hand after leveling up twice!

Pinliang said, pleased at the change in Lin Yi's expression-it seemed like he'd gotten back at him, and that Lin Yi was still a little afraid of naipao!

He didn't know that Lin Yi did see naipao in a new light, but he wasn't afraid of him! As for Zhong pinliang, there was no reason for Lin Yi to trouble him! Lin Yi understood now-naipao lived to avenge Zhong pinliang. If he did anything to Zhong pinliang now, the guy might really turn the elders of the everyday and every day sect to him!

Lin Yi still had a lot of enemies, and he didn't have the power to fight against the everyday and every day sect. Letting Zhong pinliang go for now wasn't a compromise-it was a smart move.

Pinliang laughed and ignored Lin Yi-he was ready to start his plan two! Pinliang looked at Xiaofu, signaling for him to speak!

"Everyone has had their fill, and now it's a long night without any sleep! I suggest that we all play a game together, I wonder if everyone agrees?" Gao Xiaofu represented Zhong pinliang, and the idea of playing the game was his idea!

"Alright! Then Let's Play Games!" Xiaofu's suggestion received everyone's approval!

After all, they couldn't just sit in the resort's lobby and chat, right? Then what was the point of gathering together? They would rather chat in the online group. (To be continued.)

Chapter 1603: small action

"Alright, since everyone agrees, I'll explain the rules and how to play the game!" Xiaofu nodded."We've already graduated from high school and are on our way to University. We're all adults now, but many of our classmates have never experienced the feeling of love. So, for the sake of our future love, the game we're playing today is called safe kiss!"

"Safe kiss?" Some of the students who knew about this game immediately cheered excitedly.

"Yes, safe kiss. I believe everyone has seen similar games in novels and TV series. Some variety shows also have this kind of game!" Xiaofu explained,"it's two people kissing with a layer of film or glass between them!" In this way, everyone could experience the exciting feeling of love, and in fact, each other would not be at a disadvantage! What does everyone think?"

"Alright!" The boys were the first to agree! In fact, most of the boys had a goddess in their hearts. However, because of the college entrance examination, they did not confess to her and did not develop their relationship. However, now that they had graduated, they were not so nervous about their studies. Everyone's mind was active. If they could get close to the goddess of their dreams, it would be a very refreshing thing!

However, the girl was a little embarrassed! After all, most girls were still very conservative. This kind of safe Kiss game was really a little bold!

Naturally, Xiaofu saw all of this, and so he started to stir things up again. "This safe kiss is often on TV and variety shows. Those celebrities even play with their fans. Look at that innocent female celebrity ... What's her name? Didn't he also play safe kisses with his fans before? The reason why this kiss of safety was called a kiss of safety was because it was very safe and would not let the two of them suffer! Moreover, everyone will draw lots to decide, so it's absolutely fair and just!"

It had to be said that Xiaofu was good at making noise, and everyone had more or less had some alcohol, so their heads were a little hot! The girls also thought about it. Yes, they wouldn't be at a disadvantage if they kissed through glass or plastic wrap!

However, there were still some girls who were hesitant. Because, they were already in an ambiguous relationship with some of the boys in their class. Although their relationship was not explicitly stated, they still had some feelings for each other. If they played a safe kiss with someone at this time, although it was not a big deal, it would not be fun if the other party was jealous!

Xiaofu was quick-witted when he heard the whispers. He quickly said, "Write the girl's name on a label and let the boy draw lots. The boys who draw lots can also specify to exchange their names. If they are a pair, we can't steal the girl's love, right?"

Xiaofu's words dispelled the girls' last doubts. It would be easier if they could exchange their names. The couples in class were in love, and although they didn't say it out loud, everyone knew what was going on. No one would interfere. Wouldn't that make everyone uncomfortable?

Furthermore, both boys and girls were fine.

And so, under Xiaofu's persuasion, most of the students agreed.

Mengyao frowned, "what the hell is this game?" I don't want to play! Shu, we're not joining anymore!"

"Don't, Yaoyao sis, what if shield bro gets us?" Chen Yushu didn't want to give up this chance to have fun.

Mengyao wanted to refuse, but after hearing Yushu's words, she didn't know why, but she didn't want to ...

She didn't say anything in the middle of her hesitation, and so pinliang and Xiaofu started making paper notes for everyone to draw lots!

"When you're making Chu Mengyao's tag later, make a note with a missing corner so I can get it."

Pinliang still didn't want to give up on Mengyao-Lin Yi didn't get to take advantage of him, and he was starting to get excited!

He had been holding back for far too long. At this moment, he was ready to explode. He'd been testing Lin Yi through their conversation earlier, and it seemed like Lin Yi was quite afraid of naipao's "breaking and regrowing" stuff-that was why he'd gotten bolder!

Plus, this was a class activity, and she had to follow the rules. Lin Yi wouldn't do anything to her even if he was pissed! That would make people think that he couldn't afford to play!

Lin Yi was only one step away from Earth Class, and his eyes and ears were much sharper than before. Pinliang had lowered his voice, but Lin Yi heard everything! This was the advantage of being a

practitioner, and it was also why a Sky Class like rock Candy could stand on the peak of a Snow Mountain and control the situation.

There were only about thirty people in the class reunion, and there were only a dozen girls. The drawing was done quickly, and Xiaofu placed it in a box. He whispered to pinliang, "Liang bro, I've put Chu Mengyao's lot in the corner of the box. I didn't tear off a single corner, it'd be too obvious."

"En, not bad, you're quite smart!" Pinliang nodded approvingly. This way, no one would suspect anything, and most people wouldn't be able to get Mengyao's tag! Who would touch the corner of the box?

However, Lin Yi, who was not far away, heard it clearly.

"Now, let's draw lots. We have fewer boys than more girls, so there must be some girls who didn't get chosen! However, it doesn't matter. Those who didn't get chosen can choose their game targets! Of course, you can also forfeit!" "Now, let's start the random draw!" Xiaofu said.

The boys were already excited—they ran over to draw the lots as soon as Xiaofu finished! Some of the boys who had their hearts set on girls also began to pray in their hearts, hoping to pick their sweetheart. As for the girls who were waiting, they were also thinking about their Prince Charming ...

While everyone was drawing their lots, pinliang took out the film he prepared beforehand and distributed it to the girls. This thing was very special. The frame was square and there was a fixed handle at the bottom. Then, a preservation film was embedded on the frame to form an isolation. When using it, the girl only needed to hold this thing to her mouth! He wasn't worried that he would really be taken advantage of.

Chu Mengyao and Chen Yushu also got one each. Chu Mengyao wasn't interested, but Chen Yushu studied the structure of this thing curiously, trying to see if she could break it.

Lin Yi wasn't really interested in this kind of game, but he had to do it himself so that Chu Mengyao and Chen Yushu wouldn't be taken advantage of. (To be continued.)

Chapter 1604: Take a look yourself

"Boss, are you confident?" Xiaobo had a girlfriend now, and he wasn't that interested in the game.

"What confidence? Chu Mengyao and Chen Yushu?" Lin Yi asked.

"Yeah, I've secretly taken a look at it for you before, and the one with Yushu on it is shorter than the normal one. It's the last one, and there's no more cardboard. You'll be able to compare it later. Mengyao's, on the other hand, is no different." Xiaobo said quietly.

"Not bad, kid. You finally know to be a spy." "How about this, you can pull out Shu's tag later, is that okay?" Lin Yi smiled.

"Ah? No way? I don't dare to!" Xiaobo shook his head. Shu would be Lin Yi's woman for sure, and Xiaobo's sister-in-law at that. Even if she wasn't, he already had a girlfriend. Fen would be pissed if she found out.

So naturally, Xiaobo rejected Lin Yi's suggestion.

“Hehe, can’t you just appoint someone else? When the time comes, why don’t you just choose me?” Lin Yi said with a smile.

“That’s true!” “Alright, boss, leave it to me, I’ll get it done!” Xiaobo’s eyes lit up.

The guys who had drawn their lots all hid and carefully ran to the side to look at their lots. Those who had drawn their favorite goddesses naturally smiled, but those who didn’t draw their favorite goddesses were naturally frowning and thinking about who to exchange with!

The unluckiest ones were those who didn’t have a goddess in mind, but they were labeled as girls who they didn’t like. This was really frustrating! Of course, there were also those who drew ugly girls, and their faces were also green.

When it was Lin Yi’s turn, he reached his hand into the box and found a tag in the corner of the box according to the location Xiaofu told him. He pinched it and put another tag back in.

It was Xiaobo’s turn after Lin Yi, and he finally found the one that was missing a piece after rummaging through the box for a long time. It was a good thing that the two of them had both drawn their lots earlier, or Lin Yi would’ve had to use force to take it from someone else!

But then again, even if Chen Yushu’s tag fell into someone else’s hands, no one would dare to not return it to Lin Yi. Other than them being afraid of Chen Yushu, they were also afraid of Lin Yi!

“Boss, we’ve completed the mission!” Xiaobo said happily to Lin Yi after drawing his lot.

“Not bad.” Lin Yi nodded and walked towards Mengyao and Yushu.

“How was it, shield bro? did you get Shu?” Chen Yushu asked impatiently.

Lin Yi smiled and handed the tag to Yushu.

Chen Yushu saw Lin Yi’s actions and thought that Lin Yi had picked her. She was very happy but when she saw the name on the tag, she was a little disappointed but still happy, “It’s you, Yao Yao!”

“Is that so ...” Chu Mengyao felt a surge of excitement in her heart, but on the surface, she was still very calm, “It’s alright. It’s better than unfamiliar classmates.”

“Ha ...” Lin Yi smiled, but didn’t reply.

Yushu, on the other hand, was looking left and right to see who drew her lot. She was ready to get that person to choose Lin Yi, or else she wouldn’t let him off easy! Let someone else kiss you? What a joke!

“What are you looking for?” Lin Yi asked, amused.

“I wanted to see who drew my tag.” Chen Yushu replied.

“Yours is with Kang Xiaobo.” Lin Yi said with a smile.

“Ah?” Yushu blinked, understanding the situation as she smiled happily. “Okay, will he appoint you?”

“Probably,” Lin Yi said with a bitter smile.

Yushu’s words made Lin Yi sweat. Kiss? That’s mouth-to-mouth resuscitation, okay?

In order to show their fairness, pinliang and Xiaofu picked last, and pinliang picked the one Lin Yi had stuck in the corner of the box!

“Ah?” Gao Xiaofu looked at the label in his hand, and his face turned bitter! He had drawn the second ugliest girl from the last in the class reunion, Zhen ruhua! Not only was this girl extremely fat, but she was also extremely short. She was even more beautiful than “ruhua” in the movie!

“Liang bro, what do I do? Why is he so unlucky?” Gao Xiaofu looked at the label in his hand. He wanted to cry but no tears came out.

“Hahaha!” Pinliang looked at Xiaofu’s tag and couldn’t help but laugh. “You’re too smart for your own good. You prepared a label for me, why don’t you prepare one for yourself? This is good, right?”

In fact, it wasn’t that he didn’t want to prepare. He wanted to secretly take a tag and put it in his hand, and then pretend to draw! However, it was summer, and everyone was wearing short-sleeved shirts, so they couldn’t hide the labels in their hands!

He wasn’t a magician, so he had to draw it himself! The reason he made Yushu’s tag shorter was so that he could randomly pick one for Lin Yi. There wasn’t a girl he liked in class, and he was just cooperating with pinliang. It didn’t really matter if he played the game or not!

But now that he had drawn Zhen ruhua, no one could take her, so he had to do it himself!

Zhong pinliang was laughing at Gao Xiaofu as he raised his tag. When he saw it, he made a “ga” sound and was dumbfounded! The name on the tag in his hand wasn’t chu Mengyao, but the ugliest girl in the class, Mei ruxian! She was simply as beautiful as a fairy!

Not only was her face full of holes, but her eyes and mouth were also crooked. She had a mouthful of yellow teeth and her breath could be smelled from ten feet away! Pinliang almost fainted when he realized that the person he was playing safe kiss with was someone like this!

“Liang bro, what’s wrong?” Xiaofu blinked, not sure what was wrong with pinliang.

“Xiaofu, Liang bro’s tag will be for you to complete soon. You have to complete the mission!” Pinliang said as he gave the label to Xiaofu, patting his shoulder.

“Hmm?” “Liang bro, don’t you want to kiss Mengyao?” Xiaofu blinked.

“Take a look for yourself.” Pinliang said.

Gao Xiaofu opened the label, confused ...

Chapter 1605: Eldest miss’s thoughts

But when Gao Xiaofu saw it, his eyes rolled back and he almost fainted!

It can’t be, right? Oh heavens, Oh earth, one Zhen ruhua was enough for him, and now there was Mei ruxian?

“Liang bro ... This ... This ...” Gao Xiaofu was dumbfounded.

“I pulled it out from the crack, are you mistaken?” “You’re asking for it!” Pinliang glared at him.

"I can not! I've confirmed it several times!" Xiaofu was confused.

"In any case, you're the one who brewed the bitter fruit, so bear it yourself!" Pinliang said.

"..." Gao Xiaofu's face was bitter, but he had no choice.

After a few discussions and exchanges between the boys and girls, everyone had also found their favorite game partner. Those who were already in love with each other had also found a suitable partner. As for those who didn't have a crush, through this pairing, they also had some good feelings for each other!

Maybe after this game, he'd be able to make a lot of couples happy. Pinliang and Xiaofu had done a great thing!

One by one, everyone put on a show of kissing. Although some people were in love, it was not appropriate to have any small movements in front of everyone. Moreover, they had not made their relationship clear before, so after kissing a few times, they separated shyly.

When it was Lin Yi and Yushu's turn, Yushu closed her eyes happily and turned to Lin Yi, "Shield bro, you have to be gentler with Shu, this is her first kiss!"

"..." Lin Yi was speechless. Didn't they already have their first kiss? How did it become a first kiss? Could it be the first safe kiss? If it had to be calculated this way, it could be said to be the same!

Lin Yi, naturally, wouldn't kiss her. He only gave her a light Peck on the forehead, "Alright, it's someone else's turn."

"Ah? That's it?" Yushu was a little disappointed-she wanted to try it out for real, but Lin Yi only kissed her on the forehead!

"Hehe, what else do you want?" "You, Yunyun, and Xiaoxiao are all getting the same treatment!" Lin Yi smiled.

"Is that so?" Chen Yushu heard Lin Yi and became happy again, "So you didn't kiss them?"

Lin Yi didn't answer, and Yushu didn't press on.

It was Chu Mengyao's turn, and she didn't know why, but she was a little upset. She looked at Lin Yi and Shu with anticipation and fear! Chu Mengyao was a conservative girl. First kiss, first love, first night were all very important to her!

This was also the reason why she had such a huge reaction after drinking Lin Yi's drink! But as she spent more time with Lin Yi, there were more and more flirtatious things between them, especially that time when she was poisoned. Lin Yi cured her and she saw her most embarrassing scene. So, Chu Mengyao didn't know how she felt about Lin Yi!

Did he like her? Or was it a habit? Mengyao wasn't sure, but every time she thought about how she didn't like Lin Yi, she would back down.

She'd rather believe that her dependence on Lin Yi was just a habit! She'd never had a mother's love since she was young, and her father was busy with work. She'd never had much love, but Lin Yi came to the villa and took care of her, protecting her, giving her the feeling of being loved.

Hence, Chu Mengyao was more willing to believe that her feelings for Lin Yi were just attachment. As for love, how could that be possible? How could he? Chu Mengyao knew that she couldn't be as bold as Shu. Lin Yi already had a girlfriend and she still called herself a second wife. How embarrassing was that?

As for Feng Xiaoxiao, Chu Mengyao didn't think too much about it. She just treated it as a dying person's wish. This was an exception and there was no comparison.

The more she thought about it, the more hesitant she became. Seeing that it was her and Lin Yi's turn, she didn't know why but she said to Shu, "Shu, I'm telling you to go play games with Lin Yi! Since you can choose the boys, you can also choose the girls!"

Naturally, no one said anything about Mengyao's suggestion. After all, it didn't matter as long as the person in question agreed.

"Oh, okay!" Yushu hadn't had enough yet, and Mengyao's words made her extremely happy. "Shield bro, let's play one more time! This time, you can't go back on your word, we have to kiss more! It was over in an instant, Shu didn't feel anything!"

Lin Yi expected the miss's reaction-she was a very shy person, after all, and choosing Shu at this point would save everyone from the awkwardness! Lin Yi was pretty sure of his feelings for Shu, so no matter how he messed with her, she wouldn't have any negative thoughts.

But Mengyao ... Lin Yi really couldn't figure her out. Other than the time when the Miss showed her determination during the war with Tang Yun, Lin Yi really couldn't see any other intentions other than friendship!

As for the battle with Tang Yun, Lin Yi could only blame it on the Miss. She was too angry and spoke without thinking! In fact, she and Tang Yun had both said some nonsense.

Lin Yi and Yushu raised the film again, but this time, Yushu learned her lesson. She wasn't going to wait for Lin Yi to kiss her like an idiot anymore-she took the initiative and kissed Lin Yi on the lips through the film!

Lin Yi blinked. He could've dodged it, but he didn't. He didn't want to hurt Yushu, and it wasn't a real kiss with plastic wrap around it, was it?

Chen Yushu was a newbie when it came to kissing. She knew how it was but didn't know how it was done. She only saw on TV that men and women kissed with their lips on each other, but she didn't know how to kiss with their tongues or French wet kisses. So the two of them stupidly put their lips together for a while and then separated.

Although Lin Yi didn't have similar experience, he knew a little more than Chen Yushu. However, he didn't want to take advantage of Chen Yushu, so he just went along with Chen Yushu's way and touched her lips. It was considered a safe kiss.

Yushu had achieved her goal, but she was still a little confused-this kiss wasn't all that great. She was a little nervous and excited, but weren't they tired after kissing for so long like on TV?

With that in mind, Yushu decided to go home and search the internet for what a kiss was, to see if she'd missed out on something ...

Chapter 1606: trouble

In the end, the only one left was the unlucky Gao Xiaofu. He was the initiator of the event, but he ended up suffering the consequences of his own actions. He had a safe kiss with the two girls in the class, ugly boss and ugly second. After the kiss, Gao Xiaofu fainted on the ground from the disgust.

As for the two beautiful female students, they were still intoxicated! Xiaofu, on the other hand, wasn't bad looking-he was quite a handsome guy, and used to be a Big Shot in class. He was stepped on by Lin Yi, but he still had some place in the girls "hearts.

This was especially true for a dinosaur-level creature. So, after being hugged and kissed by the two "beauties", he passed out.

Xiaofu's situation made his classmates burst into laughter.

At first, the game was just an appetizer. After the game, pinliang wanted to organize a group to go to the recreation room to play pool, video games, bowling, etc. But now that Xiaofu had fainted, he couldn't go anymore. He had to give everyone an entrance ticket to the room, and those who liked it could go on their own.

Mengyao's heart ached as she looked at Lin Yi and Yushu's happy face. Was this the happiness that belonged to her? She was starting to regret giving the chance to Yushu.

Mengyao rubbed her temples. Why did she always regret it?

Did he really regret it? Was it because she had feelings for Lin Yi? Or something else? Mengyao shook her head, trying her best not to think about these things ... This made her a little frustrated. At first, she was full of wariness and hostility towards Lin Yi, but without her realizing it, her mentality changed!

"Yaoyao sis, what are you thinking about?" Chen Yushu saw Chu Mengyao standing there in a daze. She didn't know what Chu Mengyao was thinking about so she quickly asked.

"It's nothing, Shu," Mengyao shook her head,"let's go. I'm a little tired. I'll go back and rest."

"Oh ... Then we're not going to the game room?" Yushu was a little disappointed-it wasn't easy for her to come out and have fun, and it'd be boring to go back so early to rest.

Mengyao could see the disappointment in Yushu's eyes, but it made sense-they'd been studying in the villa all this while, and Lin Yi had been training all this while after the exams, so Mengyao, Yushu, and Tang Yun didn't want to interrupt him. They knew that Lin Yi was about to do something big, and so they didn't go out to play.

It was such a rare opportunity. If he didn't have fun, it would be a pity! However, Chu Mengyao felt that she was tired these past two days. She was covered in sweat from Fanning Lin Yi and the air conditioner was on the highest level, so Chu Mengyao felt that she was going to catch a cold.

But in order not to let Shu down, Chu Mengyao decided to go with her. She smiled, "Oh right, I forgot about that. Let's go then?"

Lin Yi could tell that Mengyao was exhausted, but he could also see the deep love and care she had for Yushu. She did look like a big sister, and it was rare for the two to have such a good relationship. They weren't Sisters, but they were more than Blood Sisters.

Xiaobo didn't want to be a third wheel at all—he went straight back to his room to rest. He was getting a little annoyed at the fact that his classmates kept coming up to him and complimenting him wherever he went.

Lin Yi, Xiaofu, and Xiaofu arrived at the activity room on the top floor of the resort. The entire floor was an Activity Center with many entertainment facilities. Pinliang had wanted to book a small room for everyone to rest in, but he didn't do so because of Xiaofu.

However, there were plenty of resting spots in the rec center, so he wasn't worried about not having enough seats.

Although there were many entertainment facilities in the rec center, there were not many real guests. At a glance, it was empty! However, this was inevitable. The event center was only open to the resort's guests and not open to the public. How many guests were there just by these people?

The three found a random seat and sat down. Mengyao looked a little weak, and Lin Yi turned to Yushu. "What do you want to play? I'll Take You There?"

"Alright!" Chen Yushu noticed Chu Mengyao's discomfort and didn't force her, "Yao Yao, you're going to watch us from here?"

"En ..." Chu Mengyao nodded.

Most of the time, Chu Mengyao still wished Shu well in her heart, hoping that she could find a good home! Lin Yi, on the other hand, was a good choice in terms of character and strength, but the problem was that he already had a girlfriend, and it wasn't just one.

Was there still a chance between him and Yushu? Even if Shu said she didn't care, did she really not? Also, that ridiculous promise with me, the first wife and the second wife? Mengyao couldn't understand Yushu's true thoughts sometimes.

Sometimes, she looked silly and liked to play dumb. However, Chu Mengyao felt that Chen Yushu wasn't acting. Perhaps, she was telling the truth.

She grew up with Yushu, and no one knew her better than Mengyao. But even so, Chu Mengyao really didn't understand her. This carefree-looking girl, who could even be called a "happy-go-lucky" girl, didn't seem to be happy at all.

However, in many cases, even if the two of them were like sisters, Mengyao wouldn't purposely ask about the secrets in Yushu's heart if she didn't want to tell! No matter what, she was Shu's Yaoyao sis, and she would treat her well for the rest of her life!

Mengyao sighed as she leaned on the table, watching Lin Yi and Shu walk away ...

Lin Yi accompanied Yushu on a few rides, but she seemed a little dull and wasn't as lively as before. It was probably because Mengyao wasn't with them, and Lin Yi found it funny-these two sisters were pretty nice.

"I'm done, shield bro. Let's go back and spend time with Yaoyao sis!" Yushu said, losing interest.

"Ah, sure." Lin Yi nodded and went to the drink counter. He bought three bottles and walked towards Mengyao with Shu, but his face darkened after two steps!

Lin Yi saw that there was a bald man in sunglasses next to Mengyao's seat, talking to her about something. Beside him were a few young men who looked like gangsters! (To be continued.)

Chapter 1607: Another conflict

However, the bald man did seem familiar. Had they met before?

"Shield bro, it looks like someone's trying to mess with Yaoyao sis, let's go beat him up!" Chen Yushu saw that Chu Mengyao was being teased and immediately panicked. She picked up a bowling ball and said.

Lin Yi pitied the bald guy-his head wasn't as hard as a bowling ball! But after two steps, Lin Yi's face darkened even more-he really did know this Baldy!

"What, you're not giving me any face? I asked you to dance with this young master, but you didn't agree. Can't you even have a drink with this young master?" The bald man looked at Mengyao, his tone displeased. If it wasn't for the fact that he didn't like to use force on girls, he would've already sent people to arrest Mengyao.

"I don't have any drinks, but I do have a bowling ball!" With that, Yushu swung the bowling ball at the back of the bald man's head. The bald man fell to the ground, blood flowing out of the back of his head!

"Young master you!" The few punks around young master you didn't expect someone to suddenly appear and attack young master you! They were all Mystic class Masters, and they weren't weak either, but they weren't paying attention to their defense before-they didn't expect someone to attack them!

Lin Yi didn't stop her because he recognized the baldie. It was the young master you that he met in the exam hall trying to copy Xinyan's test!

So Lin Yi wasn't worried that Yushu would kill the baldie. After all, hidden houses and Noble houses had their own ways of dealing with grudges.

"Motherf * cker, you're looking for death!" The yellow-haired guy next to young master you turned around and was about to hit Chen Yushu. He didn't care if Chen Yushu was a girl or not. She dared to hit young master you with a bowling ball. How could he let her have a good time?

However, Lin Yi had already pulled Yushu behind him and looked at the yellow-haired guy coldly."What, do you want to try flying again?"

"Gah?" The yellow-haired man froze, his face turning ugly when he saw who Lin Yi was! He never would've thought that these two girls were related to Lin Yi! He'd lost to Lin Yi at the exam hall last time, and now ... The yellow-haired guy's eyes lit up!

She couldn't beat Lin Yi, but there was someone else here who could! After what happened last time, young master you specifically asked for a Mystic late phase peak physical master as a bodyguard to deal with Lin Yi!

"Stick bro, this kid's a Mystic late phase spiritual master-he's a pain in the ass, you have to take care of him!" The yellow-haired guy yelled. It's him who made young master you suffer a loss last time!"

Brother stick was just like his name. He looked like a hemp stick, thin and tall. He didn't dye his hair like the blonde or purple hair. He had gray and white hair. Obviously, even if he pretended to be young, he couldn't go to school with young master you. So, such a bodyguard could only follow young master you outside. It was impossible to go back to school.

Stick bro was a little surprised to hear that Lin Yi was a Mystic late phase master, but he didn't really care! He'd been a Mystic late phase peak physical practitioner for a long time now, and as far as he was concerned, Lin Yi was just a junior who didn't know how to break through-even if he had strength, it wouldn't be stable.

As for Lin Yi's background, young master you went back and investigated for half a day, but didn't find anything! He was only the second young master, so he couldn't use all of house you's resources. He could only go around and ask around. Other hidden houses didn't have people who looked like Lin Yi, but from the information he got, there was no one who looked like Lin Yi, so master you was relieved!

Since he wasn't from a hidden house, then there shouldn't be a problem. As for the ancient level, he didn't even consider it! The ancient level disciples didn't even appear in the common world-they didn't even care to fight with normal practitioners like the hidden houses. They'd only ever want to reach Sky Class, to reach the path of the heavens-where would they find the time to take the exam?

After all, young master you was also a cultivator. Although he didn't have much strength, he had true energy to protect his body. He was injured by the bowling ball, but it wasn't too serious of an injury. After getting up and taking a pill, the blood flow at the back of his head stopped very quickly.

"Rod, kill this brat!" Young master you caught his breath and glared at Lin Yi! Last time, he lost face in front of Lin Yi, and this time, he was hit by a bowling ball before he could even get back at Lin Yi. He had to stomp Lin Yi to death!

"Kid, I heard you're a Mystic late phase?" Stick bro looked at Lin Yi and asked faintly,"Which family are you from? Report your name!"

"What's wrong? To test my abilities? I want to see if your you family has the ability to challenge the power behind me?" Lin Yi said mockingly.

Stick bro was older, and he became famous earlier. He had long passed the frivolous era of youth, so he considered the problem more comprehensively. Although young master you said that there was no Lin Yi in those families, he still wanted to ask what Lin Yi's background was!

"Hmph, we're just afraid that the flood will wash over the temple of the Dragon King. Our you family has never been afraid of anyone. Even the Hidden House Yu has to respect us!" Stick bro felt a little embarrassed that Lin Yi had hit the nail on the head,"I don't care who you are, you have to give me an

explanation for today's matter! Either cripple your own martial arts, or come back to the you family with me and wait for our family master's punishment!"

"Ha, I'm just a wandering cultivator, I don't have a family." Lin Yi smiled faintly, "are you sure now?" However, as for the two conditions you mentioned, I think it's better to reverse it. Either you cripple your own martial arts, or we cripple you, and then you can go back and wait for your master to kick you out of the house."

"Hmph! You're sharp-tongued!" The rod bro laughed coldly and didn't say anything else. He suddenly raised his strength to Mystic late phase peak and swung his palm at Lin Yi. He'd made up his mind-even if he had to bring Lin Yi back, he'd cripple him first!

Otherwise, young master you's anger wouldn't be so easily extinguished.

Lin Yi smiled and didn't Dodge. He raised his right palm and in an instant, his strength as a Mystic late phase peak was revealed!

In an instant, the smug and confident look on the stick brother's face suddenly took a 180-degree turn! He thought that it wasn't easy, but it wasn't too hard for him to beat up a Mystic late phase spiritual master with his physical strength as Mystic late phase peak!

Although spiritual and physical practitioners were one level apart, it still depended on how they fought! (To be continued.)

Chapter 1608: Master Bing's new plan

If Lin Yi didn't defend with all his strength, he'd probably be crippled if he concentrated all his strength in his palm!

Plus, this guy's practitioner's Arts were pretty much the same as Chentian 's-they were both physical skills, high in attack but low in defense. He thought that Lin Yi would be seriously injured, but he didn't expect Lin Yi to reveal his strength in an instant-Mystic late phase peak!

F * ck, isn't this a scam? If brother stick were to fight with a stage one spiritual master, he would still win, but if he were to fight with a higher stage, wouldn't that be courting death? No matter how powerful he was, there was a difference of one level, so it was useless! He didn't have the ability to fight above his level!

This was the same logic as playing online games. Your level was there, and it was basically difficult to kill an opponent of a higher level than you! Of course, there were exceptions. For example, the skills that you cultivated were more powerful than others, or your equipment was better than others.

Lin Yi, on the other hand, would be the type of player with good skills and equipment in the game, not to mention the Jade. How could anyone else play with him?

And so, with a sad expression on his face, the stick guy was sent flying by Lin Yi, landing on the bowling alley ten meters away! However, at this moment, someone threw a bowling ball at the head of the extremely weak rod, causing him to faint.

"Mystic late phase peak ... How's that possible!" The two men looked at Lin Yi in shock, not knowing how he became a Mystic late phase peak,""You were hiding your strength?"

“What do you think?” Lin Yi couldn’t be bothered to answer the purple and yellow-haired men’s questions.

On the other hand, the purple-haired and yellow-haired men were thinking that Lin Yi might have really been hiding his strength! If Lin Yi could hide it the first time, he could hide it the second time, but what about the third time? Could it be that Mystic late phase peak wasn’t Lin Yi’s true strength?

The purple-haired and yellow-haired men were shocked at the thought. But then again, any higher and they would be Earth Class, a hidden house. They couldn’t appear in the common world as they pleased with the Arbitration Council! Thus, they were at ease.

“You’d better think clearly about going against our hidden you family!” The yellow-haired man didn’t have the guts to stay any longer after making the threat. Even the stick bro wasn’t Lin Yi’s match, so what could they do? So, he was convinced by young master you and hurriedly prepared to leave. As for the purple-haired guy, he went to carry brother stick and the few of them disappeared from the entertainment center.

During this time, young master you didn’t say a word. His heart was full of hatred, but he couldn’t vent it out! He knew the difference in strength between a spiritual master and a physical master, especially with the rod bro injured. He was no match for Lin Yi.

Lin Yi didn’t think too much about making enemies with the Hidden House you anymore. Since the hatred was already formed, there was no way to resolve it. He’d just take it one step at a time.

“Yaoyao, are you okay? They didn’t do anything to you, right?” Lin Yi asked as he looked at the tired Mengyao.

“It’s fine ... Thank you ... But there won’t be any trouble, right?” The young miss had also seen that those people’s identities were not simple, so she had only been perfunctory before and did not get angry directly.

“Oh, what are you thanking me for? Wasn’t I originally your hired thug?” Lin Yi said with a smile.

“Aren’t we friends now?” Mengyao asked.

Lin Yi blinked before nodding. “Yeah, we’re friends, so there’s no need to thank me.”

“Alright,” he said. Mengyao said, a little happy at Lin Yi’s words.

Because of young master you and brother stick’s matter, the three people who were already a little dispirited didn’t have the idea of continuing to play. They went directly out of the activity room and prepared to go back to their rooms to rest.

Lin Yi didn’t really share a room with Mengyao and Yushu, as it would be inconvenient and people would gossip about him. Shu didn’t mind, but Lin Yi went to Xiaobo’s room, worried that he’d cause a scandal for the Miss.

The Miss was expressionless as she watched Lin Yi leave ...

.....

Inside floating clouds, Yaowang, uncle Zhu, boss Zhu, Qibing, and Cihua were all gathered together, discussing something.

“Lin Yi’s at a class reunion. If I’m not wrong, they’ll be going mountain climbing tomorrow morning. It’s an activity that people choose to go to a resort for the next morning.” Cihua said. He was in the entertainment industry himself, so he was very familiar with the industry.

“Then we’ll make our move tomorrow morning!” Boss Zhu nodded but looked at Yaowang worriedly, “Yaowang, are you serious? An ordinary venomous snake will become a venomous snake after consuming this five-step strength-scattering powder, but it won’t be poisoned to death?”

“I’ve been studying medicine for so long, why Would I Lie to You?” “Plus, we’re all master Bing’s men. This isn’t just revenge for Zhu ‘er, it’s also revenge for master Bing!” Yaowang said.

“That’s good!” Boss Zhu nodded and said, “those who are poisoned by this poison will lose their true Qi. Is there no cure?” I heard that Lin Yi’s a miracle doctor too, what if he can cure the poison?”

“Of course there’s a cure, but even if Lin Yi’s medical skills are good, how can he make an antidote in that remote town? By the time he gets back to Songshan and finds the cure, his Qi would’ve been gone and he’d be a normal person. There’d be no point in getting the cure!” Yaowang said.

“Oh? This poison is ineffective against ordinary people?” Elder Zhu asked.

“No, it’ll only hurt a little. The wound will swell for a few days, but it won’t cause too much damage. That’s why ordinary snakes don’t suffer from any effects after taking it.” Yaowang explained.

“Good! I’ll find a chance tomorrow to poison Lin Yi and turn him into a normal person. It’ll be too easy for us to deal with him then!” Old Zhu nodded.

“Big brother, but that Lin Yi seems to be able to recover his strength, right? Last time, I heard that his meridians were also destroyed and he became a cripple. In the end, his meridians recovered and he regained his strength!” Uncle Zhu reminded.

“If your meridians are damaged, you can naturally recover with the meridian opening pill! If his meridians were recovered, wouldn’t his strength be restored? However, this five step strength-scattering elixir dispels all the true Qi in one’s body, turning one into an ordinary person. It’s different!” “Second brother Zhu, you’re an example,” Yaowang explained.

Uncle Zhu thought about it, it was indeed the case, and he relaxed.

“Then it’s decided. Tomorrow I’ll think of a way to get the snake that ate the five step strength scattering powder to bite Lin Yi.” “When Lin Yi’s Qi is gone, he’ll be a Tiger without teeth! You can step on him however you want!” Old Zhu said viciously. (To be continued.)

Chapter 1609: A very important person

Although the Hidden House Zhao wanted them to keep a low profile and not cause any trouble while their old man was in isolation, Qibing and elder Zhu couldn’t take it!

Qibing's legs were healed by elder bi, and uncle Zhu's life was saved by elder bi, but it wasn't realistic for uncle Zhu to cultivate for the rest of his life. His meridians were all broken, and so were his limbs. He was now a cripple in a wheelchair!

How could elder Zhu take it lying down when he saw his brother, who had a bright future ahead of him, become a cripple? However, with elder bi and Zhao Guangyin's instructions, he didn't dare to act rashly. This time, Zhao Qibing couldn't take it anymore and the two hit it off!

He wanted to harm Lin Yi, but he couldn't go head to head with him, so he came up with this soft and gentle method.

It had to be said that these people did have some intelligence. This method didn't seem easy, but as long as they did it right, Lin Yi would be completely crippled. It was worth the trouble.

.....

In the hidden tang family, a young man in his 20s was sitting on a chair, waiting for old master Tang to finish his training.

If Lin Yi was here, he'd recognize this twenty-something kid-he was one of the practitioners in the test, and one of the unlucky ones that naipao had robbed on the first day!

Therefore, he didn't pass the trial and went back to the hidden tang family with regret.

Of course, he couldn't be blamed for this-how could a hidden house compete with an ancient sect? Therefore, when this Tang family disciple told the elders about his encounter, no one blamed him. After all, he couldn't be blamed for this matter. Even his second uncle's family, who had always been at odds with him, didn't say much.

This disciple was called Tang gezhi, the grandson of the first wife of the Tang family. After returning to the family and reporting the situation to the elders, he hurried to meet the old master of the Tang family, old master Tang! This was something that only elder Tang could decide!

Tang GE was a smart man. He knew the importance of this matter, and he also knew that if this matter was true, it would have an incalculable impact on the Tang family! Therefore, Tang gezhi didn't tell anyone, not even his father, the current master of the Tang family, and rushed straight to old master Tang's room!

However, Tang Qiqi was the grandson of the Tang family's first wife. It wasn't against the rules for him to come and meet old master Tang in person, so no one would say anything.

After old master Tang had practiced a set of the Tang family's internal strength, he stopped and nodded to Tang gezhi, who was sitting in a chair and waiting."Giving, how was the trial this time? Did you find anything?"

Tang Qiqi didn't hide anything and respectfully repeated what she had said to her father and the great elder of the family. She said,"Grandfather, that person is a disciple of the everyday and every day sect. I don't dare to fight with him! If I insist on fighting for that moment, then not only will I not be able to come back, but I might also bring disaster to our hidden tang family! Therefore, your grandson had no choice but to give up on this opportunity!"

“Shi Yi, you did the right thing. Ancient sects and hidden houses are not on the same level. It’s wise to be patient with them.” Elder Tang nodded. “Our house’s practitioner’s Arts are ice-related, and we’re sending you to the Ice Palace because we want you to stay there and become an outer disciple. You’ll be able to improve in that environment ... But never mind. There are some things that you can’t do, and you don’t have to force it!”

“I know, and so I didn’t want to give up on this chance, so I stayed at the foot of the mountain and trained for a while. The Qi there was strong, and it allowed me to break through my previous bottleneck. I’m now Mystic mid phase peak!” Tang Gechi said.

“What? You’ve already broken through? Haha, that’s great!” “Not bad, not bad!” Elder Tang said happily. You’re already a Mystic mid phase peak at your age—it’s not impossible for you to break through to Sky Class in time! Giving, you’ve just returned and you’ve already come to grandpa’s place. Are you trying to take credit for your work? Your father and the others don’t know about this, do they?”

“I’m sorry, Grandpa. They really don’t know. I didn’t have time to tell them!” Tang Qi hurriedly apologized.

“Ah, I know that you’ve always wanted to be the young master, but I didn’t say anything. Did you have this thought again after coming back from the trial?” Elder Tang asked with a sigh.

“Grandfather, let’s not talk about this first. I came to see you urgently this time because of something else ...” Tang Gecheng suddenly didn’t know whether to laugh or cry. Although he wanted to become the young master, he did come here for something else!

“Oh? Something else?” Elder Tang was taken aback.

“It’s a very important matter!” At this point, Tang Yingzhi suddenly lowered her voice. “Grandpa, shall we go to the secret room?”

Although no one dared to eavesdrop outside Grandpa Tang’s practice room, the Sky Class Masters in the family weren’t easy to deal with. If they heard what Tang GEI said, it would cause a huge uproar. Tang GEI didn’t dare to say anything without Grandpa Tang’s approval.

“A secret room?” Elder Tang was even more confused, “What is it that we have to discuss in the secret room?”

After all, the secret chamber would only be opened when the Tang family’s future and the candidate for the next head of the Tang family was at stake. Under other circumstances, elder Tang would not enter the secret chamber.

“I’ve seen someone who can change the status of our Tang family! If my guess is correct, then our Tang family’s meteoric rise is just around the corner!” “But before this news is confirmed, I can only tell it to you alone, Grandpa!” Said Tang Qiqi.

“Oh? Saw a person? Can it change the Tang family?” Old master Tang frowned, but seeing how mysterious Tang Gechi was, after a moment of silence, he finally nodded and said, “Alright, come with me!”

After elder Tang finished speaking, he turned around and walked towards an ancient painting beside the bookshelf. He gently pushed a mechanism on the painting, and a creaking sound immediately came from it. The original position of the bookshelf had turned into a secret passage!

Although everyone in the Tang family knew about old master Tang's Secret chamber, the only person who had been summoned into the secret chamber by old master Tang was Tang GE's father, the current master of the hidden tang family. (To be continued.)

Chapter 1610: Are they relatives?

It was an honor for Tang Geji to be able to enter this place.

Tang GE carefully followed old master Tang into the secret chamber. After that, the door of the secret chamber closed automatically with a clang and the secret chamber suddenly became dark!

Elder Tang pressed a random button and the light in the secret passage lit up, illuminating the entire passageway.

The interior of the passage was very simple, not as luxurious as Tang Chi had imagined. It was just no different from an ordinary staircase! After walking down about two floors of stairs, old master Tang and Tang zhige came to a small living room. In the living room, there was only a simple conference table and a few chairs!

This was the so-called secret chamber!

In Tang Qiqi's impression, the secret room should be a very gorgeous and solemn place, but he didn't expect it to be so ordinary, just like a room that had not been decorated. In reality, elder Tang rarely used his secret room, so there was no need to decorate it luxuriously.

"What's wrong? is it different from what I expected? You think this place is broken?" Old master Tang looked at Tang GE's expression and smiled.

"Your grandson doesn't dare ..." Tang Qiqi hurriedly said, "A place to discuss business naturally doesn't need to be luxurious."

"You're right! Take a seat, giving, this time you can tell me, what important thing do you have to tell me?" Old master Tang sat in the main seat and made a gesture to Tang gezhi.

"Grandpa, I saw a person in this trial ..." At this point, Tang GE wanted to say something but stopped, as if he didn't know how to say it.

"You saw a person? Who's there?" "If you have something to say, just say it. Why are you stammering? what are you doing in the secret room?" I'm the only one here, no one else can hear me!"

"Grandfather, then I'll be bold and say it!" "Yes!" Tang jizhi gritted his teeth and said, "during the trial, I saw a person. She looked ... Looked very similar to third concubine ..."

"Your third aunt? Little Ming?" Elder Tang furrowed his brows and said, "like her?" "Who's like her?"

"Sect ... Sect master!" "The first time I saw her, I thought she was third aunt ... I was so scared that I couldn't speak, but because she was a Sky Class late phase peak, I didn't dare to look at her!" But later

on, during the test, I felt that something wasn't quite right ... And when the test was over, I took a closer look at the sect master-she really looked like third aunt ... But I haven't seen her in years, and I don't have a deep impression of her anymore, but she looked like the one I saw when she was young ..."

"You mean ... The sect master of the Ice Palace, and your third aunt ..." Elder Tang was also shocked by Tang gezhi's words and jumped out of his chair! Given the Tang family's old master's composure, it was impossible for him to do such a crude thing, but the news that Tang GE had brought him was too important!

"I suspect that the sect master of the Ice Palace ... Is the child that third concubine lost that year ...""Grandpa, do you really think that there are people who look so similar in this world?"

"This ..." Elder Tang's expression changed. After a while, he said,""That's impossible ... The sect master is Sky Class late phase peak, how could she have anything to do with US House Tang ..."

"Grandpa, this is a picture I secretly took with my phone. Please take a look!" As she spoke, Tang jizhi handed a phone to old master Tang. This photo was taken on the empty ground in front of the inn that night. Naturally, Rock Candy and elder Qing could notice his little tricks, but they didn't have to stop him because their images weren't kept a secret. It wasn't a big deal to let the people from the hidden families know.

"Let me see!" Although elder Tang said that it was impossible, his heart was in a state of shock! In fact, in the depths of his heart, he also hoped that what Tang GE had said was true. In that case, the Tang family's rise to power would be imminent!

Elder Tang snatched the phone from Tang zhige's hand and was stunned when he saw the photo on the screen!

"They look so similar ... They really look so similar ..." Elder Tang looked at the photo on his phone and muttered to himself,""You look exactly like your third aunt when she was young ..."

"Grandpa ... You said she ..." After hearing his grandfather's words, Tang Gecheng was even more certain of the guess in his heart. "She's my half-sister?"

"If that's the case, then it is, but...I'm not sure ..." Elder Tang suddenly sighed,""Your mother's a jealous woman-she was the cause of everything that happened back then. If the sect master really is your sister, then it's not necessarily a good thing for the Tang!"

After the excitement, elder Tang's mind calmed down. His eldest son had three wives, and the first wife was from a hidden house. To be honest, it was a marriage alliance, and there was no emotional Foundation for her and her eldest son! And the eldest son's childhood sweetheart became the second wife!

However, elder Tang's eldest daughter-in-law had actually used a scheme to kill his second daughter-in-law. If she wasn't from an aristocratic family, elder Tang would have to enforce the Family Law! However, the second daughter-in-law had no background and no children. After the eldest daughter-in-law's family made some compensation, the matter was left unsettled!

The third concubine of the eldest branch married the eldest son after the death of the second daughter-in-law and gave birth to a daughter for him. Originally, this daughter could not threaten Tang Qizhi's

right to inherit the young master's position at all. However, the jealous eldest daughter-in-law still instructed the third concubine's daughter to be thrown out!

After that, the third daughter-in-law of the eldest branch was depressed and didn't talk much. She looked for her daughter all day long and seemed to be mentally unstable. Tang geqi was an honest man. He advocated open schemes and disdained conspiracies!
