

Bodyguard 1651

### Chapter 1651: more and more alike

She didn't have any love for big brother Tang, and her heart was with Tang Yun. There was no harm in staying here! She was worried about house Tang and Tang Yun's attitude. "Will the hidden tang family ... Agree to this?"

"Do they dare to?" "It's not that I'm looking down on them," Rock Candy said disdainfully. "It's just that I can destroy them with a single thought."

Lin Yi couldn't help but click his tongue at the words-this Sky Class girl sure was overbearing, but with her Ice Palace strength, it wasn't too much to say that!

"Sky Class girls are amazing!" "Looks like I'll have to work harder!" Lin Yi said.

"Hehehehe ... Hmph!" Bing Tang glared at Lin Yi coldly.

"Then, Yunyun ... Do you think it's good for me to stay here ..." Ming was concerned about what Tang Yun thought.

"That's great! That way, I'll have two mothers!" Tang Yun said straightforwardly.

"Thank you ..." Ming was very happy to hear Tang Yun say that ...

Mrs. Tang was waiting for Lin Yi and Tang Yin to come back with her luggage. They were supposed to leave together the next morning, but the two of them didn't come back. It was already dark, and Mrs. Tang was about to call them when they would be home when the doorbell rang. ""

"Why did you come back so late? Are you done packing ... Hmm?" Mrs. Tang opened the door and was in the middle of chatting with Tang Yin when she saw two people standing behind them.

Qing and Xiaoxiao didn't come with them this time, so it was Ming and Bing Tang outside.

"We have a guest?" Mrs. Tang didn't look closely, but asked curiously.

"Sis ..." Xiao Ming's heart was filled with all sorts of emotions when she saw Mrs. Tang. Her tears fell again as she sobbed.

Mrs. Tang was surprised to hear someone call her "sis," and the voice was familiar as well. She raised her head and looked at the person, dumbfounded. "You ... You ... You're Xiao Ming?"

"Sis ..." Xiao Ming rushed into the room and hugged Mrs. Tang, sobbing, ""Sister, it's me ..."

"Xiao Ming, it's really you, you're back ..." Mrs. Tang was angry at Xiao Ming before, but after Tang Jucheng's explanation, her anger subsided a little. Seeing Xiao Ming now, she couldn't help but think of the past. She hugged Xiao Ming and patted her back with mixed feelings. "Xiao Ming, don't cry, don't cry. Did you suffer a lot over there? Tell me ... I'll let your nephew-in-law vent your anger for you!"

Nephew-in-law? Wasn't that Lin Yi? Ming almost laughed out loud at Mrs. Tang's words, but she didn't say anything since she didn't know how to explain it ...

Lin Yi and Tang Yin couldn't help but smile at each other ...

Tang Jucheng came out of his room at this time and saw Mrs. Tang and Xiao Ming crying and hugging each other. He was surprised. "What's going on?"

"Dad ... I ... Aunt's back ..." Tang Yun wanted to say 'mom', but she remembered that her dad didn't know the truth yet. It would be troublesome to explain. She might as well call her aunt first.

"Xiao Ming? Xiao Ming is back?" Tang Jucheng was a little surprised as he looked at the woman beside Mrs. Tang in disbelief. "Is Xiao Ming back?"

"It's me, brother-in-law ..." Xiao Ming raised her head and was a little agitated. "Brother-in-law, I'm back ..."

"It's good that you're back! "All these years, brother-in-law has been feeling guilty. He shouldn't have brought you to the hidden tang family and caused you so much trouble ..." Tang Jucheng felt sad when he saw Ming. Although he couldn't be blamed for what happened back then, it was because of the Tang family. The hidden tang family was one of Tang Jucheng's family members, so he always felt that he had a big responsibility for it.

"This is ..." Tang Jucheng saw Rock Candy standing at the door. At this moment, Rock Candy was also sizing up his biological parents. These two people were obviously much older than Tang eldest brother and Xiao Ming. One look and one could tell that they were from a poor and ordinary family. However, the decoration of the house was very luxurious, which made Rock Candy wonder about Tang Yun's family conditions!

Could it be that the hard work in their early years had caused these two old men to age prematurely?

"This is my older cousin ... And also my older cousin, Bing Tang." Tang Yin introduced her father to Rock Candy, "Dad, mom! Don't just stand at the door, let's go inside and talk. "

"Good, good! Look at how excited I am, I even blocked the entrance. If the neighbors see this, they'll definitely laugh at me!" Mrs. Tang shook her head with a bitter smile. "Come in and sit! Come in ... This must be my niece, right? Rock sugar? What a nice name!"

"Haha ..." Tang Yin laughed drily, thinking, mom, I'm your niece ... But this relationship ...

"Yunyun, I'm not fit to be here. I'll go back first. I'll come see you tomorrow morning." Lin Yi felt that he was a bit of a hindrance here-the rest was Tang Yin's family business, and he didn't need to do anything.

"En, that works too!" Tang Yin nodded at Lin Yi-it wasn't suitable for Lin Yi to be there.

After Lin Yi left Tang Yun's house, he didn't care about the result of their discussion. He couldn't participate in it and drove back to the Chu villa.

Xiaoxiao, Qing, Mengyao, and Yushu came up to them as soon as they entered."Lin Yi, how did it go? And ... Mrs. Tang, have you accepted them?"

"I came back first. I didn't participate in the details!" Lin Yi shook his head with a bitter smile, "I can't participate in this kind of thing!"

After hearing Lin Yi's words, everyone nodded in silence. Lin Yi was right-the rest was really Tang Yun's family's own business ...

It was a quiet night, and Qing slept in the guest room while Mengyao, Yushu, and Xiaoxiao shared the same room. The three hadn't seen each other for a long time, and were naturally very close. Since Xiaoxiao had lived here before her illness acted up, they weren't strangers to each other, and they started laughing and playing after they got on the bed.

"Wow, Xiaoxiao, your body is so cool. It's just nice for me to relieve the heat. I'm going to die from the heat!" Yushu said as she hugged Xiaoxiao tightly.

"Shu, are you trying to murder me? don't squeeze me with your big boobs, I'm going to suffocate!" Xiaoxiao said, pushing her.

"Ha ..." Chu Mengyao couldn't help but laugh when she heard the conversation between the two.

"Yaoyao sis, I think you're becoming more and more like shield bro, especially when you smile!" Chen Yushu suddenly said. (To be continued.)

### **Chapter 1652: still not working**

"Is there?" Mengyao blinked.

"It seems like there is!" "Lin Yi honey likes to smile like that too ..." Xiaoxiao nodded.

"He might have learned it from me." Mengyao, naturally, wouldn't admit that she was under Lin Yi's influence.

"Ugh ..." Xiaoxiao and Shu were speechless ...

Lin Yi, on the other hand, continued to train in his room. He was triggered by that Sky Class girl, Rock Candy, and was full of fighting spirit and resentment! Lin Yi didn't feel this way even when he was with the seniors, but he didn't like the rock Candy!

So Lin Yi clenched his teeth and continued to form energy balls. He had the idea that if he didn't succeed, he would die. He decided to make a super energy ball tonight!

Lin Yi's heart was full of fighting spirit, and after two failures, he actually succeeded on the last try!

Looking at the energy ball in his hand, Lin Yi was overjoyed. Haha, under the stimulation of the Sky Class girl, Lin Yi actually condensed the first energy ball that was just enough for him to break through from golden class late phase peak to Earth Class early phase!

Wahahaha, Lin Yi really wanted to laugh out loud-he hadn't made any progress for so many days, and he only made two attempts today!

It seemed like someone had to be pushing him. Without someone pushing him, he wouldn't be able to form the energy ball so quickly. Of course, Lin Yi was already used to it. He'd been forming it for such a long time. Otherwise, no matter how hard rock Candy tried to push him, he wouldn't be able to make it!

Lin Yi laughed happily, but the energy ball exploded with a loud bang. Lin Yi was dumbfounded.

What is called extreme joy begets sorrow? The one in front of him was called extreme joy begets sorrow-Lin Yi had finally managed to create the first energy ball that could help him break through to Earth Class, and he accidentally blew it up in his joy!

“F \* ck!” Lin Yi’s eyes went wide as he looked at his empty hand, depressed. The energy ball was gone!

“Hahaha!” Elder Jiao couldn’t help but burst out laughing, “Wahahaha, I’m dying of laughter ... What are you laughing about after you’ve condensed it? Are you done for?”

Lin Yi glared at elder Jiao, “Don’t laugh, what are you laughing at? Can’t I just refine it a little more? If I can successfully condense it once, then there will be a second time ...”

Lin Yi took a deep breath and calmed himself down. He was ready to form the next energy ball!

Yet, just as Lin Yi was brimming with confidence, the energy ball failed! This made Lin Yi a little depressed, but he didn’t give up. After adjusting his state, he continued to form energy balls!

This time, Lin Yi was more careful. He didn’t dare to show a trace of arrogance or impatience. He was completely in a careful attitude, increasing the energy in the energy ball bit by bit. After a while, the energy ball was finally filled up, and it was about to reach the level that Lin Yi set for it to level up!

Lin Yi took a deep breath and rested for a while. He didn’t dare to be slow and carefully added energy into the energy ball again ... Finally, Lin Yi successfully created another energy ball!

This time, Lin Yi didn’t dare to laugh anymore. After the energy ball was created, he didn’t waste any time and absorbed it into his body, letting the energy ball release energy inside his body! And so, Lin Yi’s strength shot up like a rocket!

From golden class late phase peak to Mystic early phase peak, then Mystic early phase peak, Mystic mid phase peak, Mystic mid phase peak, Mystic late phase, finally Mystic late phase peak! And the energy within the energy ball had not been completely released!

Lin Yi was both surprised and happy-it seemed like it worked this time. He didn’t dare to delay and continued to release the energy slowly, but the strange thing happened this time. Although the energy was slowly being released, Lin Yi’s strength stopped at Mystic late phase peak!

When the energy ball finished releasing all of its energy, Lin Yi was still Mystic late phase peak, but in the next moment, his strength began to dissipate rapidly again. From Mystic late phase peak, he was like a balloon that was being deflated, falling all the way back to a normal person!

No? Lin Yi frowned. The energy he had absorbed was enough to break through to Earth Class, but why wasn’t he breaking through? Lin Yi couldn’t figure it out no matter how he thought about it-he had to ask elder Jiao again, “Elder Jiao, why haven’t I leveled up yet?”

“Let me ask you, when you were at Mystic late phase peak, you were training every day, absorbing Qi, but why didn’t you break through?” Elder Jiao didn’t answer Lin Yi’s question but asked back.

“This ...” Lin Yi blinked, but he instantly understood what elder Jiao meant, “So you’re saying that it’s the same as before-breaking through from Mystic late phase peak to Earth Class isn’t easy, it’s not just with enough energy, is it?”

“Yes, How much energy is there in the Jade space? You could have broken through to the earth Class A hundred times, but why didn’t you? This is the logic!” “Breaking through requires accumulation and luck,” elder Jiao said. “It’s not just about having enough energy. You’ve taken too many shortcuts already, and you’re still not satisfied?”

“That’s true ...” Lin Yi smiled bitterly, “Then, what if I use all the energy left in the energy ball when I’m Mystic late phase peak?”

“I don’t know. How is this different from your previous breakthrough with compressed energy?” “But you can try again and see if there’s any hope!” Elder Jiao said.

“Let’s give it a try ...” Lin Yi felt helpless. He was full of confidence at first, thinking that as long as the energy ball was formed, he could break through to Earth Class, but now it seemed that he was too naive. How could it be so easy to break through?

It was already difficult enough to break through before he lost his strength. Now that his strength had fallen, it was naturally even more difficult to break through. And he had naively thought that as long as he absorbed enough energy, he could level up ...

Lin Yi rested for a while and raised his strength to golden class late phase peak again. He condensed another energy ball, and this time, he succeeded! (To be continued.)

### **Chapter 1653: one step too late**

This time, after Lin Yi broke through to Mystic late phase peak, he released all the remaining energy in the energy ball ...

A loud “boom” resounded, and the result was what Lin Yi had expected. Not only did he not level up, but all of his meridians were damaged!

“It seems like it’s really impossible!” Lin Yi sighed, “don’t tell me ... We’re going to have to wait until next spring?” But time waits for no man, I can’t wait that long!”

“I can’t do anything about this!” “But you can ask Rock Candy, maybe she’ll have a way-he’s a Sky Class after all!”

“Elder Jiao, tell me the truth, what’s your strength?” Lin Yi suddenly thought of a question. It was a question he’d been wanting to ask for a long time.

“Me? “I’m not sure ...” Elder Jiao shook his head, sighing. “This Jade space is only an apparition of me, not my real body. All my memories haven’t been unlocked. Only when you cultivate the second stage of the art of Dragon mastery will I unlock some of my memories! That’s why I can’t help you much now. My memory is incomplete!”

“I understand!” “I’ll go ask that Rock Candy Girl tomorrow then ... Maybe I’ll have to lower my head this time!” Lin Yi nodded.

Lin Yi didn’t want to lower his head to Rock Candy, but he had no choice. Out of all the people he knew, Rock Candy was the highest level! If he could still get in touch with his master, he could ask him, but he hadn’t heard from him since that time he left. What old Lin knew was limited.

After a night’s rest, Lin Yi drove to Tang Yun’s house early in the morning. He didn’t know how Tang Yun’s family’s conversation with Bing Tang and Xiao ran went, and whether they recognized each other. Although Lin Yi thought that it shouldn’t be a big problem, he was still a little worried on the way!

But when he saw the smile on Tang Yun's face when she opened the door, Lin Yi's nervous heart relaxed instantly. It seemed that the problem with Tang Yun's family was solved!

"How is it? Have you settled everything?" Lin Yi lowered his voice.

"En ... It's all settled, there's no problem, everyone's satisfied ..." Tang Yun nodded.

"That's good." Lin Yi sighed in relief.

"Yunyun, is it Lin Yi? Quickly let him in to pay his respects to his second mother-in-law!" Mrs. Tang's voice sounded, followed by the sound of footsteps.

"Sis, don't talk nonsense. What second mother-in-law? that's so unpleasant to hear. Didn't we agree that I'll still be Yunyun's aunt in front of outsiders?" It was Xiao Ming who spoke, and she followed behind Mrs. Tang, a little embarrassed.

"Isn't that in front of the people outside? And now, they were not in front of outsiders, but in front of their own family! He's our son-in-law, Yi, how is he an outsider?" "You'll have to get used to it, Ming. Didn't we agree yesterday that we'll be living here from now on?" Mrs. Tang said.

"Haha, she's my mother-in-law, but Yunyun and I aren't married yet, so I'll just call you aunty Ming. As for Mrs. Tang, I'll call you aunty Wang or aunty Tang!" Lin Yi said.

Tang Yin's mother was called Wang Yujie, and Ming's name was Wang Yuming-that was the only way Lin Yi could differentiate them.

"Alright, let's call him that." Xiao Ming nodded.

"Rock Candy, what are you doing? You damn child, quickly come and meet your brother-in-law!" After all, they were mother and daughter, and after one night, Mrs. Tang and Bing Tang got to know each other. She didn't care if Bing Tang was a Sky Class or the sect master of the Ice Palace-she was her own flesh and blood, after all, and so she didn't hold back when talking to her!

Of course, although Rock Candy was her biological daughter, in Mrs. Tang's heart, Tang Yin was still more important. After all, she raised her since she was young. But she also liked Rock Candy. Who wouldn't be happy to have two daughters at once? The few of them talked till late last night, and their relationship was confirmed. Tang Yun and Bing Tang both called Wang Yujie 'mom', while Tang Yun called Xiao Ming 'mom' at home and 'aunty' outside. This was because she didn't want the neighbors to talk about it after they found out the truth.

As for Rock Candy, he naturally called Xiao Ming "aunt." In fact, this family of four was basically equivalent to two mothers and two children.

"She's a little sky Class girl, of course she'll have her own pride. My brother-in-law's strength is too low, she looks down on him." Lin Yi mocked.

Bing Tang glared at Lin Yi coldly, pissed off. She didn't like this guy who was being pampered. If it wasn't for Tang Yun and Xiaoxiao, she would never have anything to do with Lin Yi as a Sky Class master. And this guy was also very annoying, not revering him at all, and actually gave him a nickname "heaven rank little girl," what kind of messy nickname was this, it was so unpleasant to hear!

Who would dare call her “Sky Class little girl” in front of the master of the Ice Palace? Rock Candy was fuming, but before she could say anything, Mrs. Tang started nagging at her!

“Rock Candy, I asked you to come over! You’re such a poor kid, getting thrown away by that damn hidden tang family. It’s too late now, or else Lil “Yi would’ve been your boyfriend, not Yunyun!” Mrs. Tang continued.

Bing Tang almost fell to the ground after hearing what Mrs. Tang said. Lin Yi? What’s so good about this guy? He even said that he was a step too late? Even if she was a step early, she couldn’t possibly have come to find him, right?

“Brother-in-law ... I’m waiting for the day you surpass the Sky Class and become a Mystic first level refiner!” Bing Tang said through gritted teeth.

“Oh, soon, but I’m just afraid that Yunyun won’t accept you.” Lin Yi said faintly.

“What do you mean by not accepting? What are you guys talking about?” Tang Yin didn’t understand what Lin Yi was saying.

“It’s nothing,” Bing Tang said with a dark face.

At noon, Lin Yi booked a table at pengzhan business hotel and invited Tang Yun’s family for lunch. Chu Mengyao, Chen Yushu, and Qing naturally came as well! Now that Tang Yin’s family was done, the group was no longer under pressure. They were all chatting and laughing happily.

Only the rock Candy was still cold and serious. She only forced a smile when Mrs. Tang greeted her, enjoying the warmth of family.

Mrs. Tang sighed as they ate. She looked at Tang Yin and then at Rock Candy, “Now that I know Yunyun isn’t my own daughter, I can’t talk about her like I used to ...”

#### **Chapter 1654: thought of a way**

“Mom, what are you saying!” “I’m still your daughter, I used to be, and I still am. You can say whatever you want, I’m listening ...” Tang Yin said.

“Yeah, I should be more careful. I don’t want Yunyun to hate me ...” Xiao Ming smiled.

“I’m going back to the Ice Palace eventually-I’ll leave mom and aunty to you here. Tang Yin, take care of them for me!” Bing Tang sighed. Although she enjoyed the warmth of a family, it was far away from her. After returning to the Ice Palace, she was still the high and mighty Palace Master!

After the meal, Lin Yi, Tang Yun, Xiaoxiao, Qing, Ming, Bing Tang, and Tang Yun’s parents were ready to go to the Hidden House Tang. Ming wanted to tell elder Tang that she would be staying in Songshan, but she didn’t dare to say it herself. She could only let Bing Tang do it.

The Miss and Shu wanted to go too, but this was the hidden tang family’s birthday party. They weren’t related to the Tang family, so they didn’t have a reason to go. Besides, there wasn’t much point in going, so Mengyao and Yushu stayed at home.

“Lin Yi, come with me!” Before leaving, Rock Candy called Lin Yi to Tang Yin’s room alone.

“Oh?” Lin Yi was taken aback, but after seeing the look Tang Yin was giving him, he still followed Rock Candy into her room.

“You haven’t recovered your strength, have you?” Bing Tang looked at Lin Yi after entering the room.

“Not yet. Do you have a way?” Lin Yi was a little surprised that Rock Candy would bring this up to him, but he figured that Tang Yin must have told her something last night.

“If it wasn’t for Yunyun speaking up for you, I wouldn’t have bothered to think about you,” Rock Candy added.

“Ha ...” Lin Yi laughed at himself. Yes, he was a Mystic, but now he wasn’t even Mystic. If it wasn’t for this nepotism, why would Rock Candy spend so much time and effort on him? But Lin Yi was a proud and stubborn person. After laughing, he only said, “Consider it the second favor I owe you. If there’s a chance, I’ll return it all to you!”

“There’s no need for that! I’ve been thinking about it, but I still can’t help you this time!” “If it’s Xiaoxiao, I can use my own Qi to force my Qi into her body to help her break through. I’d rather lose some of my strength. As long as Xiaoxiao, Yunyun, and mom are happy, I’ll help you!” However, our physiques are far from the cultivation method. I heard from Xiaoxiao that you’re cultivating a yang attribute cultivation method. I gave you my Zhen Qi, and you basically went crazy! You can’t refine my true Qi into your own!”

Lin Yi agreed with the rock Candy. If it was just a small amount of different types of Qi, he could force it out, but there were too many different types of Qi. He couldn’t do it!

At this point, Lin Yi was starting to envy naipao-this guy’s practitioner’s Arts were pretty amazing! He could refine different types of Qi from different people, and he didn’t reject anything! Lin Yi, on the other hand, was the complete opposite-he could turn all the energy in his body into other people’s Qi, as much as he wanted. It was the complete opposite of naipao’s.

Both had their own strengths, but at this point in time, naipao’s practitioner’s Arts were more useful to Lin Yi.

“Then ... Other than waiting for next spring for me to make the antidote, is there no other way to detoxify it?” Lin Yi asked, a little disappointed.

“I haven’t thought of it yet, but according to my observations, you should have a way to quickly recover your strength, right?” “Zhang naipao sucked all your strength dry, and you recovered in one night, and even broke through. There’s no way you could do that without some sort of secret technique,” Bing Tang said.

“That’s true!” Lin Yi didn’t hide anything-this happened in the sect’s territory, and there was no way the sect master didn’t know about it. She just didn’t know the details, and so he spoke honestly, “I’ve tried to recover many times, but once I do, my strength will drop like water, so I can only temporarily return to golden class late phase peak!”

“You want to use this method to break through to Earth Class?” Rock Candy was very smart and immediately understood Lin Yi’s intention!

After all, Lin Yi knew that he would lose strength if he recovered to Mystic, but he still recovered so many times. It was obvious that he wanted to use this method to break through to Earth Class directly. Otherwise, he would give up if he couldn't recover once or twice-how could he recover so many times?

"Yes, I am!" Lin Yi admitted with a nod.

"Then what's the most you can recover to?" Rock Candy asked after a moment of silence.

"Mystic late phase peak!" "I can go even further, but I'm limited by my previous strength level. I didn't break through to Earth Class before, so I didn't break through even after I recovered. It's hard to find an opportunity to break through," Lin Yi said.

"Oh? You're able to reach Mystic late phase peak in one go?" Rock Candy was a little surprised-he didn't think Lin Yi would be this strong.

"It's alright, but it's not of much use. If I can't break through, it will still fall." Lin Yi said.

"If that's the case, then I do have a way for you to break through to Earth Class ... But there will be some disadvantages." Rock Candy frowned and said after hesitating.

"Tell me about it." Lin Yi asked. As long as there was hope, it was fine.

"Do you still have that Qi gathering pill with you?" "I remember you saying you have a Qi gathering pill, and you want to exchange it for the fire spirit fruit," Rock Candy said.

"Yes, it's still here!" Lin Yi nodded, faintly guessing what Rock Candy was trying to say."You mean, you want me to take the Qi gathering pill? Isn't the pill for Earth Class late phase peak to break through into Sky Class?"

"You can take it when you break through into Earth Class, but it's a waste." "The Qi gathering pill can be used as an experience pill, or as a miracle pill to break through the barrier," said Rock Candy."But after you take it once, the Qi in nature will lose its effect on you. If you want to cultivate again, you can only rely on taking more Qi gathering pills to improve your strength, because the Qi in it is too pure, even the Ice Palace's spirit vein can't compare!"

"So it's like this!" Lin Yi let out a breath of relief after hearing Rock Candy's words. The natural world's Qi was of no use to Lin Yi anymore, and in terms of pure energy, what could be purer than the Jade space? (To be continued.)

### **Chapter 1655: Using the Qi gathering pill**

This was the purest form of primordial energy, and it could be transformed into any type of true Qi it wanted!

As for the Qi gathering elixir, it was likely that it would at most be as pure as the energy in the Jade space, or perhaps even worse! And so, Lin Yi wasn't worried about the side effects of the pill, making him unable to continue training.

However, it was a pity to waste this Qi gathering pill just like that! Lin Yi was probably the only one who'd use it when breaking through from Mystic to earth! But there wasn't any better way right now-Lin Yi was already thanking the heavens and earth for this!

“You want to take it?” Rock Candy saw Lin Yi’s expression and could guess what he was thinking.

“Yeah.” “That’s the only way right now, why not?” Lin Yi didn’t deny it.

“Have you thought about the consequences? You’ll probably be stuck in Earth Class for the rest of your life, if you can’t become a refiner and continue making Qi gathering pills.” Rock Candy reminded.

“That’s impossible.” Lin Yi said.

“You ...” Bing Tang was pissed off. She had good intentions, but if Lin Yi was stuck in Earth Class for the rest of his life, what would happen to Feng Xiaoxiao? Tang Yun was a normal person, so she didn’t mind, but Feng Xiaoxiao was someone who wanted to pursue the path of heaven. She couldn’t be a partner with an Earth Class practitioner, so for Feng Xiaoxiao, Bing Tang wanted to persuade Lin Yi to give up, but Lin Yi didn’t seem to care about the flaws of the Qi gathering pill at all. “”

“Thank you. I’m going to take the Qi gathering pill now. I want to break through to Earth Class before we leave.” Lin Yi said.

“Think carefully. Don’t harm yourself and others. Waiting for a year might not be a big deal.” Rock Candy said.

“Ha, Sky Class little girl, are you afraid that I’ll stay in Earth Class forever, and won’t be able to marry you?” Lin Yi turned around and teased.

“Get lost,” he said. Bing tan said this word indifferently. The anger in his heart was burning. He no longer wanted to care about this guy. If he wanted to eat, then eat. Who cared!

And so, Lin Yi found a quiet room in Tang Yin’s house and started his breakthrough journey ...

According to Lin Yi’s previous experience, he prepared the Qi gathering pill and placed it by his side, then entered the Jade space to form the energy ball.

Because of his previous experience, the speed and quality of the energy ball this time were greatly improved. He didn’t need a second time!

Lin Yi wasn’t worried about that-if he failed the first time, he’d just have to try a second time. It’d just waste a bit of time, but the thing was that he had to take the pill the moment he reached Mystic late phase peak-he had to use it at the right time!

Rock Candy said it as well-this Qi gathering pill could be used as an experience pill, or as a miracle pill for breaking through. There were two different effects, but Lin Yi used it as a miracle pill for breaking through. What if he didn’t reach Mystic late phase peak before taking the pill? if he only used the experience pill and didn’t break through, then he’d be screwed.

If he took it too late and lost another level, it would still be equivalent to an experience pill. Therefore, he couldn’t afford to miss this opportunity!

After taking a deep breath, Lin Yi quickly absorbed the energy into his body and used the energy to break through. His strength kept rising, from golden class late phase peak to Mystic late phase peak ...

In an instant, Lin Yi exited the Jade space, but his body was still circulating the art of Dragon mastery to control the energy ball to slowly release the remaining energy. This way, Lin Yi wouldn't drop a level immediately, and the remaining energy wouldn't blow up Lin Yi's meridians!

Lin Yi grabbed the pill and swallowed it. In an instant, a warm current flowed from his stomach to the rest of his body, followed by a burning sensation as if all his meridians were on fire!

Lin Yi didn't try to resist it, but let it develop naturally. He gritted his teeth and waited for the next development! After all, Lin Yi didn't know what the pill would be like, and he was just giving it a try.

The fire was getting stronger and stronger, and Lin Yi felt like he was burning himself! But even so, Lin Yi gritted his teeth and persevered. This feeling was familiar, a little like the natural feeling of his first breakthrough, but it was a little different. It also had the burning heat of when he compressed his Qi to force a breakthrough!

It wasn't that overbearing, but Lin Yi could feel that his clothes were on the verge of being burnt! But no matter what, this was a good thing. Lin Yi was sad, but he was happy!

The more painful it was, the more he felt the same feeling he had when he broke through, and the calmer he felt. If he didn't feel anything, he'd be depressed, because the Qi gathering pill was his last chance!

The energy ball in his body had finally finished releasing all its energy, but what made Lin Yi happy was that his strength didn't start to dissipate. In an instant, all the heaven and earth ling qi in the air gathered and circled above Lin Yi's head, forming an extremely weak vortex!

Rock Candy was right-the natural world's Qi was pitifully scarce, especially in the city. However, this Qi was only gathered automatically when he was breaking through. Lin Yi broke through this time with the Qi gathering pill, not the Qi, so it didn't matter how much Qi He had!

The Qi of heaven and earth, in other words, resonated with the Qi in Lin Yi's body, circulating rapidly around his body, faster and faster, and Lin Yi felt his body temperature rising!

Lin Yi could even smell something burning, it was his clothes, they were all burnt into pieces and fell to the ground!

But Lin Yi didn't care about that anymore-as long as he could break through, he'd burn down the house! At most, he'd ask fatty Lai to find someone else to renovate it!

Lin Yi's previous breakthroughs were all done in the Jade space, and the burnt clothes were virtual clothes in the Jade space, so it didn't affect the outside world. But this time, Lin Yi broke through outside the Jade space, so it was a bit big!

Although ordinary people couldn't feel the spiritual energy of heaven and earth, they could feel the crystal sugar! (To be continued.)

### **Chapter 1656: Breakthrough, earth-rank!**

She looked at Lin Yi's room and couldn't help but frown. It looked like Lin Yi was about to break through, but he still took the Qi gathering pill!

Rock Candy didn't know where Lin Yi's confidence and confidence came from. According to Rock Candy's observation of Lin Yi, this guy always kept his trump cards hidden when he did things, and he had so many of them that it was confusing. Could it be that Lin Yi had some trump cards this time?

Thinking up to this point, Rock Candy suddenly felt a little worried. This meant that Lin Yi really did have the possibility of surpassing Sky Class and entering sky path? And could he really become a Mystic first level refiner?

If Lin Yi really did it, then should she fulfill her promise and be his little little little little little wife? Rock Candy's face couldn't help but turn slightly red, and then it turned black. It couldn't be, right? This guy shouldn't be that powerful, right?

Hmph, I'm worrying too much-he's just a Mystic, and he's only just entered the earth Class after taking the Qi gathering pill-how can he compare to the heavens? Plus, Lin Yi wasn't even a golden class first level yet, how could he become a Mystic class first level?

It was impossible! Rock Candy consoled himself in his heart.

But, while normal people couldn't feel the Qi, the burning smell was something normal people could smell. The most nervous people were Tang Yun and Feng Xiaoxiao. Tang Yun looked at the closed door and asked, "Ice candy sis, will Lin Yi be okay?"

"I don't think so ..." Bing Tang didn't know either-she'd never taken the pill before, and neither had anyone from the Ice Palace. She didn't know what would happen after taking it, so she could only give a vague answer ...

Just as they were talking, they heard a loud "boom" from the closed door. It was so deafening that even the ground trembled! The loud noise startled Tang Yun's family.

"What's wrong? Did something happen to Lin Yi honey?" Feng Xiaoxiao was panicking. She had broken through to the early phase of the Golden class from a normal person before, but she didn't make such a big noise. So Lin Yi's loud sound made her jump, "Lin Yi honey won't explode, will he?"

"Yeah, ice candy sis, what happened to Lin Yi? Let's go and take a look?" Tang Yin was panicking.

Mrs. Tang and Ming were also very anxious. After all, Lin Yi was their son-in-law, and they didn't know what had happened with that loud noise. They looked at Rock Candy, not knowing what to do.

"Go take a look?" Bing Tang was a little hesitant, "I can't be disturbed when I'm breaking through. Why don't I go and take a look first? you guys wait here. After all, I'm a practitioner as well, Sky Class late phase peak. I can hide my aura and not interfere with Lin Yi's breakthrough!"

"En, that's good. Sister Bing Tang, quickly go and take a look!" Tang Yin said, panicking.

Rock Candy couldn't do anything about it-she was the strongest here, and only she could go and see what was going on. It was the first time she heard of an explosion during training, and she didn't have much experience with it. She carefully went to Lin Yi's room, hid her presence, and pushed the door open.

He raised his head to check what was going on when he suddenly realized that Lin Yi was sitting on the ground naked ...

It was the first time that Rock Candy saw a mature man without clothes. Rock Candy was stunned and a little at a loss! What was this Lin Yi doing, training without clothes?

“Ah!” Rock Candy shrieked, pushed the door open, and ran out of the room with a red face. She was really shocked ...

However, one thing was for sure-Lin Yi was perfectly fine. Other than not wearing any clothes, he was completely undamaged!

“What’s wrong, Rock Candy sister, what happened to Lin Yi?” Tang Yun asked quickly, thinking that Rock Candy had seen something terrifying.

“Yeah, what’s wrong with Lin Yi’s husband, Senior Sister?” Xiaoxiao said, shocked.

“It’s ... It’s fine ... He’s fine ...” Bing Tang’s face was red as she stammered, not knowing what to say. Her heart was still beating like crazy, and the image of Lin Yi naked flashed in her mind. Bing Tang was furious. This bastard, not wearing clothes when he was training, what kind of habit was this?

“Nothing? Then you’re ...” Tang Yun looked at Bing Tang suspiciously, but because she was worried about Lin Yi, she quickly walked to the room. Feng Xiaoxiao quickly followed behind her and entered Lin Yi’s room!

“Ah?” When Tang Yun entered the room and saw the scene inside, she was shocked as well. Although her face was red, she didn’t react as strongly as Rock Candy did. After all, she was Lin Yi’s girlfriend, and although they weren’t that close, this situation made Tang Yun really shy. She didn’t panic.

Xiaoxiao, on the other hand, didn’t cry out. She was shocked as well, but she said something that shocked Tang Yun even more, “Wow, Lin Yi honey is so rich! We’re going to be happy from now on!”

“...” Tang Yun was fine at first, but Xiaoxiao’s words made her blush like the sunset. She coughed awkwardly, “Xiaoxiao, what are you talking about? Let’s go-since Lin Yi’s fine, let’s not interrupt his training ...”

“Oh ... Okay ... But I still want to see ...” Xiaoxiao mumbled to herself, “I can only feast my eyes on it now, I can’t go up without breaking through to Sky Class ...”

Tang Yun’s footsteps staggered, and she almost fell to the ground. She dragged Xiaoxiao out of the room as if she was running away, and looked at Bing Tang, who was still blushing. Tang Yun gave an apologetic look, “I’m sorry, sister ice candy, I didn’t know it would be like this ...”

“It’s nothing ... I didn’t see anything.” Rock Candy, of course, wouldn’t admit to what she saw-this Lin Yi was a jinx! Nothing good ever came out of him! He had really tarnished his own eyes!

“Senior Sister is lying. You must have seen it. Otherwise, why are you blushing?” Compared to Tang Yun, Xiaoxiao was more familiar with Rock Candy, and she exposed its lies without hesitation.

“I didn’t see clearly.” Rock Candy wanted to kick Xiaoxiao.

“Hehehehe ...” Xiaoxiao lowered her voice. “You must have seen it clearly. Forget it, I won’t hold you responsible as the mistress. Otherwise, you’ll have been seen for nothing ...”

Rock Candy couldn't help but be angry. He was being looked at for nothing and wanted to be held accountable? I didn't even say that I would hold him responsible, and now you're not going to hold me responsible ...

### **Chapter 1657: Feng Xiaoxiao's plan**

Lin Yi knew exactly what was happening outside, but he'd just broken through, and the Qi in his body wasn't in order yet. He couldn't move or talk, and so he could only let Bing Tang, Tang Yun, and Feng Xiaoxiao come in and out, but he couldn't explain.

Lin Yi could only smile bitterly at the girls "conversation.

After about ten minutes, Lin Yi finally straightened out the Qi in his body, and his strength stabilized. He was now an Earth Class early phase!

"Phew ... This feels so good!" Lin Yi stood up and felt that his sense of hearing, sight, and perception were much clearer now. The feeling of being an Earth Class was completely different from being a Mystic-it was like a qualitative leap! It was a great feeling.

She didn't know why Boss Yu was so afraid of Lin Yi, who was Mystic mid phase peak-it was a little unbelievable. Even if this guy was afraid of death, he shouldn't be this scared, right? Lin Yi now felt that dealing with Masters under Earth Class was like playing around-it was an easy thing to do. Even if three or four Mystic Masters ganged up on him, Lin Yi felt that he could handle it with ease!

Of course, this could also be related to the practitioner's Arts-Lin Yi's art of Dragon mastery was stronger, while boss Yu's wasn't.

Lin Yi smiled bitterly as he looked at the torn clothes on the ground. He wasn't training in the Jade space this time, so his clothes were all destroyed! Fortunately, Lin Yi was preparing to go to the Hidden House Tang this time, and he had some clothes in his luggage. He picked up his phone not far away and called Tang Yin.

"Lin Yi?" Tang Yin was confused when she saw Lin Yi calling her, "You're ... Alright?"

"Yeah, I'm fine now. Take out a set of clothes from your luggage and send it to me. My clothes are all ruined." "If you're embarrassed, Xiaoxiao can bring it in!" Lin Yi said with a bitter smile.

"En ... Okay!" Tang Yin felt a little embarrassed when she thought about the situation.

"Tang Yin sis, is that Lin Yi's husband? What's wrong with him?" Xiaoxiao asked after Tang Yun hung up.

"Yes, it's him. He's fine. He wants to send him some clothes. His clothes seem to be ruined." Tang Yin said.

"En, okay, leave it to me, I'll go and send it to him!" Xiaoxiao volunteered to deliver the clothes to Lin Yi before Tang Yin could even bring it up.

"Hehe ... Good!" Tang Yun was speechless. Compared to Feng Xiaoxiao, she seemed to be too timid? It made sense-she'd heard that many couples her age had already gone to hotels, and she'd even heard a few boys and girls talking about going there at night after her exams ...

So this kind of thing should be very common between couples these days, but Tang Yin was a more conservative person. Although she'd decided to follow Lin Yi and had acknowledged him in her heart, she wasn't ready for it yet. Fortunately, Lin Yi didn't force her, which made Tang Yin very happy.

After finding one of Lin Yi's clothes, Xiaoxiao happily walked Lin Yi into his bedroom, "Lin Yi honey, here you go!"

"Okay ... Thank you. Just wait for me outside." Lin Yi took the clothes and saw Xiaoxiao's eyes staring at him. He felt a little embarrassed.

"Hehe, you've already seen me. If I don't look at you, wouldn't I have suffered a great loss?" "Plus, I'm your small wife, you're scared of looking at me?" Xiaoxiao said. I'm here, so you can change!"

"Uh ... Alright!" Lin Yi shook his head helplessly as he looked at the tough Xiaoxiao. He was getting used to this girl who dared to love and hate. It was just like the first time they got close, at the auction in Yanjing city. She asked him if his chest felt good, and Lin Yi knew her personality from that moment.

And so, Lin Yi didn't hold back this time and changed his clothes in front of Xiaoxiao.

"Wow, Lin Yi honey is so handsome, hug!" Xiaoxiao said as she pounced on Lin Yi.

Lin Yi picked Xiaoxiao up and spun around on the ground, not hiding his strength at all. Xiaoxiao was a practitioner now, and she could feel Lin Yi's strength when he wasn't trying to hide it. She asked in surprise, "Lin Yi honey, you've broken through to Earth Class? That's fast!"

"Hehe, aren't you faster? According to your Sky Class little sister, you'll break through to Sky Class soon, and I'll have to work hard too. " Lin Yi said.

"Hehe, it won't be too soon, it'll be two years, you'll have to wait until you become a refiner ..." Xiaoxiao smiled. "I will wait for you!"

"En, I will fulfill my promise and become an Alchemist." "Trust me, this day won't be too far away!" Lin Yi said.

"En, I know. I will wait for you!" Xiaoxiao sighed and jumped down from Lin Yi's back. "Actually, becoming an inheritor isn't necessarily a bad thing. You have to know that an inheritor is a Supreme existence in every ancient sect! A lot of people want to become an inheritor, but they can't-they'll have the duty to do that, but once they do it, they'll have the chance to break through Sky Class and enter the path of the sky ... That's a whole new realm, the dream of all Sky Class Masters in ancient sects. Only when they reach that level will they be able to learn more advanced martial arts, skills, and techniques, and their life and strength will increase ..."

The pursuit of greater strength was the dream and goal of every cultivator! Lin Yi wasn't surprised by Xiaoxiao's sudden change of mind. She wasn't a practitioner before, so she would've thought that it was hard to choose between inheritance and danger.

But once Xiaoxiao stepped onto the path of practicing, she'd look at things from a practitioner's perspective, and her perspective and thoughts would be completely different. Wasn't Lin Yi always pursuing higher strength? During this period of time, in order to level up and break through, he had done a lot of dangerous things.

What 'there's no construction without destruction', what's with the compression of true Qi', and what's with the Qi-gathering pill now? which one of them wasn't filled with unknown dangers? But Lin Yi still tried it-this was the pursuit of higher realms!

And Xiaoxiao was no exception now-she wanted to become an inheritor, and she wanted to cross Sky Class to pursue the path of heaven. There was nothing she couldn't do, and Lin Yi wouldn't stop her. In fact, he would support her!

After saying this, Feng Xiaoxiao was worried about Lin Yi's reaction. After all, she was different from Lin Yi. She was an inheritor, and the conditions for training were unique! (To be continued.)

### **Chapter 1658: very sullen**

However, Lin Yi didn't have the conditions to do so, and he had to rely on himself to level up bit by bit. Xiaoxiao was worried that Lin Yi would be unhappy if she was too much stronger than him, and so her heart was in her throat the whole time!

If Lin Yi didn't want her to become an inheritor, then she would listen to him without hesitation and give up the chance to pass on the inheritance. She would wait for Lin Yi to make the ice heart Jade bone pill for Bing Tang and let her be the inheritor.

"I didn't expect you to figure it out so quickly!" Lin Yi didn't think much of it, but Xiaoxiao was overthinking it. On one hand, Lin Yi wanted his woman to be stronger, but on the other hand, he had confidence in himself. Wasn't it just Sky Class? He had the Jade as a trump card, and the art of Dragon mastery as a powerful ancient art. How could he lose to the Ice Palace?

So Lin Yi wasn't worried that he'd be left behind by Xiaoxiao. He was very supportive,"The pursuit of a higher realm of martial arts is the ultimate goal of every cultivator. Now that you have embarked on the path of cultivation, it is natural for you to have this idea. However, I will not let you become the inheritor alone. I will refine an ice heart Jade bone pill for the rock Candy Girl and let her accompany you in the inheritance. This way, you will be in less danger. If anything happens, let her take the blame!"

Xiaoxiao couldn't help but laugh,""Lin Yi honey, you're so mean-I'm going to die from anger if I heard you ..."

But even though she said that, she was very happy inside-Lin Yi cared about her, cared about her, and not only did he respect her choice, he even guaranteed her safety as much as possible in the future.

"She can't die from anger, she's more than happy." "It's her dream to have the icy heart Jadestone pill," Lin Yi said faintly." Why would she be angry?"

"That's true, but Senior Sister is very good to me. Even if you don't say it, she won't let me be in danger!" Xiaoxiao said.

Lin Yi nodded. He could tell that Bing Tang was very protective of Feng Xiaoxiao.

The two walked out of the room, and Tang Yin quickly walked up to him, asking about his well-being. The Sky Class girl, on the other hand, turned her face away from Lin Yi, a slight blush on her face.

“This Qi gathering pill actually blew up my clothes when I was breaking through. It’s really scary.” Lin Yi looked like he was talking to himself, but he was actually explaining the awkwardness to Rock Candy. This kind of sudden incident wasn’t Lin Yi’s intention, it was an accident.

“This Qi gathering pill actually blew up my clothes when I was breaking through. It’s really scary.” Lin Yi looked like he was talking to himself, but he was actually explaining the awkwardness to Rock Candy. This kind of sudden incident wasn’t Lin Yi’s intention, it was an accident.

Bing Tang hmphed softly, but his expression softened after hearing Lin Yi’s explanation ...

The news of Lin Yi losing all his strength from the five step strength scattering powder spread like a gust of wind across the noble houses and hidden houses, and with the Hidden House Zhao’s intentional push, almost everyone knew about it!

However, even though everyone knew about it, no one dared to cause trouble for Lin Yi!

When house Xiao heard that Lin Yi was poisoned, they immediately told the Hidden House Pi, but the Hidden House Pi only said “got it,” and there was no more news!

The Hidden House Pi wasn’t stupid-if house Xiao knew about it, how could they not? They’d even found out about it on purpose, and after the family meeting, they’d come to the conclusion that Lin Yi couldn’t be measured with common sense-they’d even said that he’d lost his strength last time, and now uncle Pi was dead!

The second time was even worse-Yangyang and Mister Pi were even more unlucky, killed by goudan with one punch! So, even if Lin Yi lost his strength, there was still er goudan, whose situation was still unknown. It wasn’t a wise choice to mess with him at this time!

And so, with Zhishan’s suggestion, house Pi decided to wait and see. Of course, Zhishan didn’t know that this Lin Yi was the Ling Yi He saw in the test!

The only houses that had grudges against Lin Yi were the Hidden House Zhao, the common house Yu, and the common house Xiao. As for the others, the golden clock sect’s head and disciples were either dead or crippled, so they naturally wouldn’t come looking for trouble with Lin Yi.

If the Hidden House Pi didn’t show up, who would have the guts to go after Lin Yi? The common house Yu, on the other hand, hated Lin Yi to the core, but they had to prepare for the noble House meeting-they didn’t have the time to deal with him!

The main problem was that house Yu didn’t have anyone left-only Yu shuixing and Yu Feng were able to stand up and walk normally, and house Yu was the host of the noble House meeting. They couldn’t even afford to go to Songshan to cause trouble for Lin Yi!

Plus, Yu Feng just beat up Chen Yutian, and it was time to avoid suspicion-there was no way he’d go to Songshan.

And so, Lin Yi’s loss of strength was left unsettled.

Pinliang and naipao weren’t practitioners, so they were fine after getting bitten and poisoned with the five step strength scattering powder. They went to the hospital to get it cleaned. Chen Xi, on the other

hand, had been hit by the five step strength scattering powder, but she wasn't a practitioner, either, so elder Zhu didn't have to worry about her getting into trouble.

Chen Xi was raised as a cultivation furnace by the Hidden House Zhao. The so-called furnace was a tool for others to absorb Qi. The Hidden House Zhao heard that a powerful person was cultivating an evil heart technique and needed a lot of furnaces. Chen Xi's body was perfect for the most powerful fire element furnace. So, in order to get on this powerful person's good side, the Hidden House Zhao had planned this long ago. Chen Xi would be a chess piece of the Hidden House Zhao, and elder Zhu would train her.

In fact, every hidden house was plotting to get close to the ancient sects and families in order to get help. They wanted to help them stabilize their status and also improve their status to get some benefits. This was something that these people dreamed of!

As a furnace, Chen Xi naturally didn't have to worry about losing her strength, because what she cultivated in her body wasn't the true Qi of a cultivator, but she had to find a way to refine her fire-type furnace body to be purer!

Otherwise, Lin Yi would've known that Chen Xi was a practitioner the moment he saw her. It was impossible for him to not notice the problem until now.

The incident was over just like that, and the Hidden House Zhao was very disappointed, especially boss Zhu-he felt like he'd wasted his time poisoning Lin Yi, and he couldn't do anything to him! (To be continued.)

### **Chapter 1659 finding someone to take action**

In the floating clouds bar, Zhao Qibing and the others were sitting in a row, having a short meeting!

"Master Bing, I can't accept this! Yesterday, I went to Lin Yi's Villa to wait for him, and Lin Yi's house just so happened to have a guest. Lin Yi didn't hide his strength when he came out to welcome them, and according to what I can see, he's only golden class late phase peak!" "It's true that he can regain his strength, but that's the maximum he can do. If he goes any further, he'll lose his strength again and become a normal person!" Elder Zhu said.

"Are you sure?" Qibing frowned, his heart thumping. "Lin Yi didn't discover you, did he? did he release his strength to show you? Don't tell me you're trying to trick us into taking action?"

Qibing's legs had been broken by Lin Yi a couple of times, and he was starting to fear Lin Yi, causing him to be paranoid.

"No way? I'm very good at disguising-I've gotten a book on mysterious armor in my early years, and it allows me to hide my Qi-even a Sky Class wouldn't be able to find me!" "That's where the manual to turn Chen Xi into a human furnace came from!" Elder Zhu said.

"So it's like this! You mean ... We'll do it on our own?" Qibing didn't want to give up, but he didn't dare to-elder bi had already given the word. If he did something like this and elder bi found out, wouldn't he be disappointed in him?

“Master Bing, I can ambush Lin Yi along the way. You can say that you didn’t know about this and that I did it on my own to get revenge for my brother ...” Elder Zhu said after some thought.

“Bullshit! Do you think my master is an idiot?” Qibing said with a wave of his hand, denying the idea. “You’re one of my people now, and everyone knows that. Do you think Qikun won’t make a big deal out of this?”

“This ... This Zhu is presumptuous!” Elder Zhu agreed. He had been loyal to house Zhao for so many years, how could he suddenly make his own decisions? Wasn’t that the same as following Zhao Qibing’s orders?

At that thought, elder Zhu broke out in cold sweat-master Bing’s plan was really thorough, otherwise he would’ve gotten himself into big trouble!

“Forget it. I’m really aggrieved this time. I’ve prepared for half a day in vain, and in the end, it’s all for nothing!” Qibing said unhappily. “This hidden house Pi is too cowardly. They don’t even dare to make a move?”

“Well ...” Elder Zhu could only smile bitterly. If the Hidden House Zhao didn’t do anything, then the Hidden House Pi wouldn’t do anything! Plus, the Hidden House Pi didn’t have any direct conflict with Lin Yi-it was just some conflict that came through house Xiao, and they didn’t really hate Lin Yi to the bone!

“By the way, I heard that there are sects in Jianghu that are responsible for assassination. As long as you pay them, you can let them deal with others, just like killers. Is that true?” Zhao Qibing was a practitioner now, and as he walked towards the core of house Zhao, he knew more and more about the pugilistic world.

“There is such a thing!” “So, master Bing, you’re saying that we should ask them to do it?” elder Zhu nodded.

“Can’t I?” “Money’s not a problem, I still have some with me,” Qibing said.

“It’s not that we can’t do that ... It’s just that these people are very difficult to deal with. Usually, no one would look for them to solve their problems unless they had no other choice!” “It’s called the blood-clad yellow spring sect. The whole sect trains assassins, but because of its special nature, we don’t have many contacts ...” Said elder Zhu.

“How much would it cost to kill Lin Yi?” Zhao Qibing could only ask for outside help now. Since house Zhao didn’t want to help, he would hire someone to help!

“Well, we’ll have to ask around, I don’t know the details ...” Old Zhu said, “If you’ve made up your mind, I’ll ask someone to contact them, but there’s a rule in this sect-they never leave-handed. Since they’re here to discuss this business, they won’t leave-handed. Whether you accept their offer or not, you’ll have to pay them a toll ... Otherwise, I heard that an employer was killed by them because he didn’t want to pay the toll ... This is also why most people don’t want to contact them ...”

“Oh? Then ask me how much it costs!” “As long as it’s not too outrageous, it’s fine!” Qibing said through gritted teeth.

“Alright, master Bing, I’ll contact them now!” After making the decision, elder Zhu went to contact the people of the blood-clad yellow spring sect.

In the afternoon, the people from yellow spring sect arrived. They were two Men in Black night suits, looking very arrogant, as if they didn’t care about Zhao Qibing, the young master of the Hidden House Zhao.

“Master Bing, these two are the blood-clad yellow spring sect’s liaisons. They’re both golden class late phase peak Masters!” Boss Zhu reminded Qibing softly.

Two golden class late phase peak Masters were this strong? Qibing frowned-wasn’t he being a bit too arrogant?

Elder Zhu seemed to have read Qibing’s mind, whispering, “They’re just the point of contact ...”

Contact? Was he a golden class late phase peak? Qibing took in a breath of cold air. So these two did have the right to be arrogant. They weren’t strong, but a golden class late phase peak was just a small character in the sect. How powerful would the forces behind them be?

These two people did have the right to be arrogant. They were not proud of their strength, but of the power they represented!

“You two, I think you know my purpose. Name a price, how much is it to kill this person?” Zhao Qibing placed a photo in front of the two black shirt contacts. Although these two had the right to be arrogant, Zhao Qibing didn’t respect them very much. He was a hidden Noble House, a strong contender for the future head of the house, and it was impossible for him to bow to these two.

“What’s this person’s strength?” One of the black-clothed men asked.

“Golden class late phase peak, the same as you guys.” Qibing said.

“Golden class late phase peak?” The contact frowned and looked at Qibing with a weird expression. He then turned to elder Zhu, “Could it be that your hidden house Zhao can’t even handle a golden class late phase peak? Do you know the consequences of lying about your strength to us?” (To be continued.)

## **Chapter 1660: blocked**

“If we could do it ourselves, would we need to invite you?” “Elder Zhu, tell them what happened!” Qibing said, pissed.

Boss Zhu nodded and told the two black-clothed contacts about Lin Yi’s five step strength-scattering powder. He also briefly explained that he couldn’t do it because of his family’s decision.

“I see. If it’s really a golden class late phase peak, we can make a move. The price is ten million-killing a golden class late phase peak shouldn’t be too much, right?” “Think about it,” the contact said. “If you don’t agree, just pay us a million Yuan as a toll and we’ll leave now!”

“Alright, 10 million it is, but you have to guarantee that you can kill him!” Qibing gritted his teeth-he’d just earned some money from Yaowang, and he was planning to use it to develop real estate and start some business, but he didn’t expect to give out another ten million!

But thinking of the humiliation Lin Yi brought him, he gritted his teeth and accepted the price. If Lin Yi died, he would be very, very happy.

“If the strength you speak of matches the description, he will naturally die! Usually, we’ll send out a Mystic class late phase peak to kill a golden class master—he’s dead for sure!” “However, if you lie about your strength, you’ll have to be responsible for all the losses that come with it!” The contact said.

“Lin Yi’s strength isn’t a problem, but I have to remind you that he has two to three Mystic class Masters with him. You guys better be careful!” Zhao Qibing continued, “from what I know, this Lin Yi is weak, but he has a weird way of doing things. You guys better send a few more Masters. Otherwise, don’t blame me if the mission isn’t completed!”

“Don’t worry about that—we’re always in groups of three. Three Mystic late phase peak Masters-killing three Mystic early phase Masters and one golden late phase Peak Master is an easy task!” The contact in black nodded and said.

“Alright, then it’s settled!” Zhao Qibing swiped his card and paid the contact ten million Yuan. He wanted to pay the deposit and the other half after the mission was completed, but the blood-clad yellow spring sect had a rule that the mission had to be paid in full, so he had to do it.

On the other side, Lin Yi was on his way as the blood-clad yellow spring sect and Zhao Qibing came to an agreement!

Lin Yi, Xiaoxiao, Tang Yin, the tangs, Qing, Ming, and the sect master were all in two cars.

One was the Mercedes-Benz that Qing drove when the sect master came, provided by the Hidden House Tang. The other was the Grand Cherokee Lin Yi drove to the Ice Palace, and Xiaoxiao and Tang Yun were in it now. Rock Candy was in Lin Yi’s car as well, but of course, she wasn’t driving for Lin Yi—it was for Xiaoxiao and Tang Yun.

Mr. Tang, Mrs. Tang, and Xiao Ming sat in Qing’s car, and the two cars drove towards the town where the Tang family was hidden.

Lin Yi and Qing were both practitioners, and driving day and night wasn’t a problem for them. Qing was a Sky Class, and it didn’t take much energy, while Tang Yin’s parents and Ming took a nap in the car when they were tired.

As a result, the journey that would have taken three to four days only took one day and one night to cover half.

However, three Men in Black appeared not far from Lin Yi and Qing’s car when they were passing through an empty road!

These three were the assassins sent by the blood-clad yellow spring sect. They had been studying Lin Yi’s route for a long time. Although they didn’t know their destination, they had figured out the path they had to take according to the direction they were going.

So, on this dark and windy night, the three of them were ready to make a move on this deserted road! To be honest, the two cars weren’t a threat at all to the three of them, who were Mystic late phase peak. They could just knock the cars over with their Qi!

The three of them were obviously here to cause trouble, and so they unleashed all their strength-Mystic late phase peak, full of dominance!

Xiao Qing was in the lead car and was the first to feel the true energy leaking out of the three people in the distance. It immediately frowned and stopped the car about a hundred meters away. Using the car's intercom system, it asked Rock Candy, who was in the car behind,""Palace Master, someone is blocking the carriage! Three Mystic late phase peak practitioners!"

Qing could feel their pure energy now, so Lin Yi and Bing Tang could naturally feel it too! But, three Mystic late phase peak practitioners blocking the bus, Rock Candy really found it a little funny!

Three Mystic late phase peak? Do you not want to live? There were two Sky Class Masters in the car, and Lin Yi was an Earth Class-even if it was a one on one, they'd win without a doubt. What were these people trying to do? Was it a robbery or some other purpose?

"Don't expose your identity. Let's get out of the car and see who they are and what they do. " Rock Candy said to Qing Zhu after a moment of silence.

"Yes, Palace Master!" After receiving Rock Candy's order, Xiao Qing opened the door and got out of the car.

The three assassins didn't expect a woman to come down first. According to the information they got, Lin Yi was a master of golden class late phase peak, and there might be two or three early Mystic class Masters with him, but they didn't think it was a woman. Could this woman be an early Mystic?

"Who are you? Why are you blocking the way?" Qing asked indifferently.

"Lin Yi? Let him out, the blood-clad yellow spring sect will take his life!" The three of them didn't put Qing in their eyes at all.

Lin Yi heard everything clearly from the car behind. What was the blood-clad yellow spring sect? Lin Yi had never heard of an organization like this before. He had no enmity with them, why would they want his life?

Back when he was an assassin on a mission, he did offend some organizations, but he used a fake name back then. Those people couldn't have chased him all the way here, and they knew his name!

So Lin Yi thought it was a little weird-he didn't know where these people came from, and wanted to get out of the car and ask who sent them.

"Someone you offended?" Bing Tang looked at Lin Yi and said faintly.

"I'll go out and ask what's going on. Sky Class girl, you protect my second and third wife!" Lin Yi ordered. (To be continued.)
