

Bodyguard 1661

Chapter 1661: power of the heaven rank

Rock Candy was furious. Did I become your wife's bodyguard? However, she still had to protect the two people in the car. One was her biological sister and the other was her Junior Sister. Both were very important.

"There's no need to ask," "I know the blood-clad netherworld sect," said Bing Tang lightly. "It's an assassin organization that works for money. Small characters like them are just executors. They won't know the information of their employers."

"Oh?" Lin Yi frowned. So it was a killer organization. No wonder he hadn't heard of it before. He was wondering where he offended them, but it seemed like someone hired them.

Qing couldn't make the decision herself-she turned to Lin Yi's car, ready to ask the sect master what to do.

However, as Qing was walking over, the sect master rolled down the window and said one word, "Kill!"

"Yes." With the sect master's orders, Qing turned, and the three Mystic late phase peak Masters were all beheaded! They didn't even know what had happened-they were all dead before they could even react to the sect master's "kill"! ()

It really lived up to the name of their sect. At this moment, the clothes on their bodies had become bloodied, and they had also lost their lives.

As for Lin Yi, it was only after Qing made her move that he saw the weapon she used. It was just a piece of gauze, a small accessory on her sleeve! However, there was not a single drop of blood on it. Either the speed was too fast, or Xiao Qing had wrapped the gauze with her true Qi!

Qing's methods made Lin Yi's heart palpitate-it seemed that the sect master and Qing had gone easy on him at the Ice Palace, giving him the chance to "scare" them with the energy bomb!

Now that he thought about it, he was so ridiculous back then. If Rock Candy and Xiao Qing really wanted to kill him, he would have died a long time ago without any room for resistance! Back then, Lin Yi was only a Mystic late phase, and these three Mystic late phase peak Masters were all killed in an instant. They didn't even know how they died.

"Let's go," he said. Rock Candy ordered little Qing, not caring about the corpses of the three yellow spring sect disciples.

"Yes!" Qing returned to the car in front. Mrs. Tang and Mr. Tang were dumbfounded. They didn't expect a gentle person like Qing to take the lives of three people in an instant!

"This ... Just now ..." Mrs. Tang was so scared that she couldn't even speak properly.

On the other hand, Xiao Ming, who had been in the hidden tang family for years, was not as panicked as Mrs. Tang.

"It's nothing, just three bandits." "Don't worry about them, they're not to be regretted," Qing Zhu said indifferently.

"Oh ..." Mrs. Tang nodded, a little scared.

"They're from an ancient sect, it's normal for people to die in fights ..." Tang Jucheng was shocked as well, but he still tried to comfort him.

Lin Yi, on the other hand, didn't feel anything. He just felt that it wasn't worth it to hire assassins to kill him. It wasn't easy to train these three Mystic late phase peak Masters, but they were killed in an instant. It was too sad!

Lin Yi couldn't help but think back to the two golden class Masters he met when he first came to Songshan city. He killed them in a ditch, and Li Cihua and Zhao Qibing must've been crying their hearts out at that time.

There were assassins in the blood-clad yellow spring sect who were in charge of assassinations. Naturally, there were also people who were in charge of cleaning up the scene and dealing with the corpses. These people usually waited for the signal from the assassins before they went to clean up the battlefield. However, there was no signal for a long time this time!

These people immediately felt that something might be wrong and rushed to the scene of the incident. As expected, they did not see the other party's body, but the three people on their side had already been beheaded and died.

When the leader of these people saw this scene, he immediately dialed the phone of his superior. This kind of situation had happened before, but it was rare to see three people die at the same time!

"How is it? Have you completed the mission?" After the call was connected, a gloomy voice came from the other side.

"Brother Neng, the mission failed. All three assassins were killed, their heads separated from their bodies. It was as if they were killed in one move. Judging from the situation, it was at least an Earth Class!" The leader gave a brief introduction of the situation without any emotion.

They had seen this kind of thing many times. Even assassins could fail.

"Bring the corpse back." The man called brother Neng was silent for a moment before he ordered the leader.

"Yes ..." The leader hung up the phone and asked his men to move the body to a car in the distance, then quickly left the scene ...

Lin Yi and the others, on the other hand, were already close to the boundary of the Hidden House Tang ...

"So you're saying that the Hidden House invited Tang Yin's family all because of you-they want to suck up to you, the sect master of the Ice Palace?" Lin Yi stopped the car in front of the Hidden House and looked at the majestic manor.

“What do you mean by hugging my thigh? It’s so unpleasant to hear.” “Can’t you be more careful with what you say?” Bing Tang’s face was slightly red as she said angrily.

“It’s fine as long as you understand what I mean,” Lin Yi said with a shrug.

“More or less.” Bing Tang was so pissed by Lin Yi that he nodded. “But it looks like mom and dad don’t really like the Hidden House, and neither does aunty. I’ll have to reconsider the relationship between the Ice Palace and the Hidden House,”

“It’s up to you. I don’t have a good impression of them anyway.” Lin Yi didn’t like a family that almost abandoned Tang Yin-she would’ve frozen to death in the snow if da Bo hadn’t replaced her!

Lin Yi still felt a little guilty towards the sky Class girl-she’d suffered in Tang Yin’s place, after all, and if it weren’t for her fake ice heart Jade bone body, she’d probably have frozen to death already, and wouldn’t be the sect master today!

“Let’s see what mom and dad think first.” Rock Candy nodded and said.

“You guys go in, Xiaoxiao, Tang Yin, and I won’t be staying here-we’ll be staying in a hotel outside. When’s the birthday party? I’ll just come over when the time comes.” Lin Yi didn’t have a good impression of the Hidden House Tang, and naturally didn’t want to live on their territory.

“The day after tomorrow. There might be a lot of guests.” “It’s fine if you don’t like to live here,” said Bing Tang.

With regards to this, Rock Candy didn’t force her. To be honest, if she wasn’t the owner of the Ice Palace right now, she might throw a tantrum and not like the hidden tang family at all. But since the Ice Palace had chosen the hidden tang family as their eyes and ears, they could only maintain this relationship for now. (To be continued.)

Chapter 1662: meeting again

After Rock Candy got off the car, Lin Yi brought Tang Yun and Xiaoxiao to a random hotel in the town and settled down. After that, the three decided to walk around the town. Everyone pretty much ate and slept in the open on the way, and there wasn’t anything good to eat. They were all fast food, so Lin Yi decided to try the local food.

Xiaoxiao was a little foodie, and she loved to eat this and that. She was very happy to see Lin Yi take her out for good food.

“What do you want to eat?” Lin Yi asked as he held Xiaoxiao’s hand.

“I don’t know. Let’s walk?” Xiaoxiao said.

So, the three of them walked on the street. Although it was a small town, it was very prosperous, probably because the Tang family was hidden here. Many restaurants were still open at night, and there were many entertainment and business places.

Tang Yin walked to Xiaoxiao’s side, letting her hold Lin Yi’s hand while she held her own.

Although the two were Lin Yi's second and second wives in name, it was a bit too eye-catching for Lin Yi to hold the hands of two pretty girls outside, so Tang Yun gave the opportunity to Feng Xiaoxiao.

Xiaoxiao would return to the Ice Palace to continue practicing after this hidden house Tang old master's birthday party-she wouldn't have many chances to meet up with Lin Yi, and Tang Yun didn't mind, considering that they had a long time ahead of them.

"How about this restaurant?" Xiaoxiao pointed at a restaurant not far away, "It looks like a local specialty. It looks good!"

"Then let's do it here," Lin Yi didn't care what he ate as long as Xiaoxiao was happy, and Tang Yin thought the same.

The three of them walked towards the restaurant, and there was another group of people not far from Lin Yi's group, walking towards the same restaurant!

"Young master you, those two girls are pretty!" A blue-haired young man with a wretched appearance said to a bald young man.

"Oh? Was that so? Is that true?" The bald man called young master you was a little surprised. This wretched blue-haired man was a veteran in the field of sex. He had seen countless women. If he said that a woman was not bad, then she must be really not bad! "Where?" he asked.

"Over there ..." The blue-haired man said as he pointed to a place not far away.

"F * ck!" Young master you's eyes widened as he looked at the three people pointed at by the blue-haired man. His eyes suddenly spewed out red flames, ""Take a closer look, who is he?"

"Isn't it that Lin Yi guy?" The yellow-haired guy was the first to react, "young master you, we're not afraid of him today. The blue-haired guy is an Earth Class Peak Master. Let's kill him!"

"It's not good to cause trouble on my uncle's territory ..." Young master you hesitated. He was here to attend old master Tang's birthday banquet. If he caused any trouble here, his uncle, the head of the family, would definitely not let him off easily. Moreover, there was an important guest here. If this incident ruined the mood of the important guest, he would be a sinner ...

But, he didn't want to let Lin Yi go just like that! This was a once-in-a-thousand-years opportunity! Under normal circumstances, Earth Class Masters from the hidden houses wouldn't be allowed to interfere in the fights of the common world, but this time, because they were here to celebrate the Hidden House you's birthday, young master you had brought an Earth Class follower!

Although young master you was the second young master, he still had a certain talent in alchemy. He could also refine some low-quality golden class first level low-rank elixirs, so he also gathered a few men around him.

Although young master you's alchemy skills weren't good, there were very few alchemists these days, especially at the level of hidden houses and Noble houses. It was good enough to make spiritual pills, not to mention elixirs. So young master you's arrogance had some capital. Not everyone could make inferior golden class first level elixirs!

Therefore, young master you usually had a chance to refine several kinds of elixirs to improve his strength. Naturally, there were some Jianghu heroes and individual cultivators gathered around him. The purpose was to ask for some elixir to improve his cultivation. This blue hair was one of them!

It was reasonable to say that Earth Class Masters were completely different from the punks. In their eyes, punks were like scum, but in order to cater to young master you, they still dyed their hair the same color as the punks.

“What trouble? Our young master you went to pick up girls, who said he went to cause trouble?” The yellow-haired man suggested, “at that time, if the other party causes trouble first, then it has nothing to do with us. They are bullying our you family’s people in the hidden tang family’s territory. We have to take action. This matter is reasonable no matter what!”

“That makes sense!” Young master you nodded and patted the yellow-haired man’s shoulder, “It seems that you’ve learned a lot after studying at school with me for a few days. Let’s pick up girls. If that guy doesn’t like it, don’t blame us for being rude!”

“Young master you, the shorter girl in the middle seems to be Lin Yi’s girlfriend. Let’s not touch her first, go to the girl next to her. She’s definitely not that guy’s girlfriend. Otherwise, it’s not right for us to hook up with his girlfriend. We can’t let people find out about it in a place like this.” The yellow-haired man reminded.

“I’ve also taken a fancy to the one at the side. The one in the middle is sneaky and looks like a cunning girl, just like that kid. She’s full of evil tricks. The one at the side is pure and beautiful. She’s just right for my taste!” Young master you said, “blue hair, you still have good eyes. I haven’t met such a high-quality girl in many years. If I don’t get my hands on her, I won’t feel at ease. I won’t be able to sleep well at night!”

The closer he got, the more young master you felt that Tang Yun was extremely beautiful. His heart was itching and he couldn’t wait!

The two groups reached the entrance at the same time-it was like enemies were bound to meet on a narrow road. Young master you, on the other hand, walked up to Tang Yun first. With blue hair, an Earth Class early phase master, around, he felt at ease. That Lin Yi was only Mystic late phase peak, killing him in seconds was like playing with him!

Earth Class and Mystic late phase peak-they were two completely different levels, and while it was just one level, it was a completely different level. As long as the earth Class wasn’t too weak, beating Mystic late phase peak would be easy and pleasant.

“Beauty, what a coincidence, we meet again!” Young master you said to Tang Yun with a smile.

“? ?” Tang Yin jumped at the sudden bald head-where did this guy come from? (To be continued.)

Chapter 1663: Treating his illness

Besides, Tang Yun had never seen this man before. When did they meet again?

“Haha, you forgot? When we were in Songshan, we were at xxx square?” Young master you was a master at picking up girls, and he knew how to make up lies. He saw that Tang Yun was with Lin Yi, and

guessed that Tang Yun might be from Songshan city. At least she knew Lin Yi, and she had been to Songshan city before, so he casually mentioned a place in Songshan.

Usually, people who didn't have a good memory would be confused by his ambiguous answer. They would even wonder if they really knew this person and had met him before!

But she'd never been to xxx square-it was very far from Songshan's first high school, and before she met Lin Yi, she'd been selling barbeque for her mom-she didn't have the time to go to xxx square. She'd never been to that place after she met Lin Yi!

So Tang Yin frowned and said,"You must have the wrong person. I've never seen you before!"

Of course, if it were some vain girls, at this moment, when they saw young master you's branded clothes, they might take advantage of the situation and directly say,"ah, it's you ..." Then the two of them would chat and each take what they needed ...

But Tang Yin wasn't that kind of person. Even if she wasn't with Lin Yi, she wouldn't do something like that, let alone with him.

"I'm not mistaken, it's definitely you!" Young master you laughed."At that time, I said that I wanted to pursue you and give you a BMW. You said that you would consider it ... Have you forgotten?"

Young master you continued to use his means of picking up girls, money attack! The Hidden House you was a family that made elixirs, so naturally, they were much richer than the average hidden house! Ordinary hidden houses have to think about where to get money and find a way to support an ordinary house to make money for them, but the Hidden House of you doesn't need to. They can make a lot of money by selling elixirs.

"Are you done?" Lin Yi spoke up before Tang Yin could say anything, looking at the bald man with interest. He didn't think that the guy would be so cocky after being hit by the bowling ball last time. Lin Yi was a little confused-was the guy looking for trouble?

After suffering a few losses in a row, he still dared to hang around in front of him. Wasn't he afraid of being beaten up again? But when Lin Yi saw the followers behind him, he understood. There was an Earth Class early phase following him! No wonder the kid was so cocky-he thought he'd have Lin Yi for sure!

"I say, brother, aren't you being a busybody? Although we have some grudges, I've met an acquaintance here, and it won't affect you and your wife, so why are you so anxious?" Young master you looked at Lin Yi and said unhurriedly.

"If you're done, you can get lost. Do you need me to give you a kick and let you go on a trip to space? Or do you want to play the flying man?" Lin Yi didn't respond to young master you, but warned him directly.

"You ..." Young master you couldn't help but be angry."I say, aren't you being too arrogant? Kid, this is the hidden tang family's territory. Since you can come here, I'm afraid you're also a guest of the hidden tang family, right? I don't want to make a big deal out of this. Don't you know what's going on?"

To be honest, Lin Yi's sudden appearance here made young master you more or less guess why Lin Yi was here. It was old master Tang's eightieth birthday, and Lin Yi might be representing some relative to celebrate, but it was definitely not a very close relative!

The relatives who were close to the hidden tang family were all in the banquet hall of the hidden tang family, such as his eldest uncle and eldest brother. Only the second young master of his family would come out to have fun. The slightly more important people were all eating in the banquet hall!

So young master you wasn't afraid of Lin Yi's background. Plus, he'd asked around before, and didn't hear any hidden house having someone like that, so he wasn't scared at all.

"Lin Yi honey, is this guy crazy?" Feng Xiaoxiao glanced at young master you and said to Lin Yi, "Tang Yun sis said she'd never seen him before, and he's still talking to himself-is he hallucinating? Why don't you give him some treatment?"

"I think so too." "If you want to be treated, then you can continue following us!" Lin Yi nodded.

With that, Lin Yi ignored young master you and walked into the restaurant with Xiaoxiao and Tang Yun.

Lin Yi, Tang Yin! Young master you knew the names of these two people, Tang Yun. It was a nice name. At this moment, young master you was even more confident. Since Feng Xiaoxiao called Lin Yi "husband," she must be Lin Yi's girlfriend, and Tang Yun was her sister, so she had nothing to do with Lin Yi. It was reasonable for him to hit on girls, and when they fought, he would have an excuse!

So, young master you didn't listen to Lin Yi's advice and followed him again, "You really don't remember, Tang Yin? If you don't think a BMW will do, I can buy you a Lamborghini ..."

Young master you had always been willing to spend money on girls. Although his pocket money wasn't much, once he secretly refined some medicinal pills and sold them, he would have a lot of silver.

"It seems that you are really sick. I really have to treat you." As Lin Yi spoke, a few silver needles appeared in his hand and he stabbed them into young master you's body. Young master you didn't even realize what was going on before his legs went soft and he knelt on the ground, unable to stand up!

"You ... What did you do to me?" Young master you was shocked when he suddenly felt that his legs had lost all feeling. Although he was also a practitioner, how could he react as fast as Lin Yi? So when Lin Yi made his move, he didn't even have time to react.

"Nothing much. I saw that you were a little hyperactive and your legs didn't seem to listen to my commands. I told you not to follow me, but you still followed me, so I treated your legs and crippled them!" Lin Yi said faintly.

"Little brat, you're courting death. What did you do to young master you?" The yellow-haired and blue-haired men saw this scene as well, but they didn't expect Lin Yi to do this. It was too late for them to react, and young master you was already on his knees when they ran in front of him.

"Kill him!" Young master you didn't expect Lin Yi to be so vicious, crippling his legs in one move. He didn't know what the other party was doing, but no matter what it was, young master you was a little anxious. If he became disabled, how was he going to pick up girls?

“Kid, what did you do to young master you? You’d better hurry up and deal with young master you. Otherwise, Hmph, don’t blame me for being impolite!” Blue fur was more experienced, and he could tell that Lin Yi only used a few needles to disable young master you’s leg. (To be continued.)

Chapter 1664: Overlooked something

This should be similar to the pressure point Kungfu in the martial world. There should be a way to solve it, so he wanted Lin Yi to heal young master you’s leg first, then he would teach Lin Yi a lesson.

“I can’t fix it, it’s already broken.” “You’re not?” Lin Yi smiled. How impolite?”

“Don’t talk nonsense with him. He only pricked a few acupuncture points on my leg, and my uncle can solve it! Just kill this kid!” Young master you was an Alchemist, and he had done some research in medicine. His uncle was also an expert in acupuncture, so he wasn’t too panicked. There was a reason for this, and if he killed Lin Yi, no one would say anything!

“No problem, young master you!” The blue-haired man nodded.

“You can kill me?” “You?” Lin Yi couldn’t help but laugh.

“Yes, just me!” The blue-haired guy’s strength was revealed immediately, “Kid, I heard you’re a Mystic late phase peak? Do you think you’re very awesome? But what do you think now?”

“Oh ...” Lin Yi replied faintly and released his Earth Class aura. He said to blue hair, “Earth-rank ... Is it very powerful? I think I’m the same ...”

Blue hair’s face changed-he didn’t think that Lin Yi would be an Earth Class, the same strength as him!

Of course, the yellow-haired teenager and young master you were even more shocked. After the yellow-haired teenager and young master you looked at each other, the yellow-haired teenager said in horror, “You ... You ... You’re hiding your strength again?”

“I didn’t hide my strength, did I?” Lin Yi said faintly.

“Impossible! You were only an early phase Mystic when you fought me, and now you’re a late phase Mystic when I saw you at the school gate, and now you’re an Earth Class early phase!” The yellow-haired man said in disbelief.

“Can’t I level up?” Lin Yi looked at the man as if he was an idiot, “I’ve been leveling up.”

“You’re talking nonsense!” “How did you level up so quickly?” the Blondie asked.

“Don’t talk nonsense with him, I’ll deal with him!” The blue-haired guy felt that the yellow-haired guy’s words didn’t make any sense at all-even if Lin Yi was an early phase Mystic, he was an Earth Class now! He had to be careful!

Luckily, he’d been famous for a long time, and if Lin Yi really did break through to Earth Class just like he said, then there was still hope for him to beat Lin Yi!

However, he wasn’t as confident as he was before. In a fight between Earth Class Masters, it wasn’t just about the difference in strength-other factors were important too! For example, the quality of their

cultivation methods, the level of their martial arts techniques, their combat experience, their luck, and so on!

A fight between two Earth Class Masters wasn't like a fight between Earth Class and Mystic class-as long as there was a difference of one level, the opponent could be defeated one-sidedly. This was a common situation before Mystic, but after Mystic, there was a huge gap between Earth Class and Mystic class-it wasn't a fight that could be won just by strength, unless the difference was huge!

For example, Earth Class late phase and earth Class early phase, or even one level higher, Sky Class and earth Class. Even Sky Class early phase and earth Class late phase peak, the difference was still huge!

Hence, he wasn't too confident in Lin Yi, but he wasn't too worried either!

"You're also an earth-rank? I hope you don't disappoint me!" The blue-haired man's face turned serious. "It's been a long time since I've fought with someone at the same level as me. The restrictions set by the Hidden House Committee are really annoying. I hope you won't be a pawn this time!"

"Ha ... Of course I'll do my best. You can rest assured." Lin Yi smiled, but he was extremely nervous inside. This was his first time fighting an Earth Class, and the boss Yu from before didn't count at all-that guy was a coward, and after getting blown up by him once, he had a shadow in his heart-he didn't dare fight him face to face anymore! What a joke!

But this blue fur wasn't that kind of person. He gave Lin Yi the impression that he was a steady and deep man, which didn't match his gangster-like appearance. Lin Yi felt a strange pressure from him.

"Take out your weapon!" Blue fur said as he looked at Lin Yi. Although young master you wanted him to kill Lin Yi as soon as possible, the other party was a master on the same level as him. He couldn't ignore it.

"Weapons? I don't have a weapon." Lin Yi said faintly.

"Oh?" Blue fur blinked, not expecting Lin Yi to say that! She wasn't sure if Lin Yi really didn't have a weapon, or if he was just pretending,"Your battle technique doesn't need a weapon?"

However, there were some martial skills that did not require weapons. Among the martial skills that blue hair practiced, there were some that did not require weapons, so he did not find it too strange and only asked.

"Martial arts? What martial skill?" Lin Yi blinked.

"You don't know?" The blue-haired man paused and looked at Lin Yi strangely.

"Tell me about it ..." Lin Yi knew that something was wrong. He just broke through to Earth Class, and there were many things he didn't know about. He didn't ask Bing Tang about it, and he could understand the weapons blue fur was talking about, but he didn't understand the martial arts!

"Haha, take this!" Blue hair didn't explain. He suddenly laughed and flew up. His hands turned into the shape of an Eagle's claws, and he let out a strange "Gu Gu" sound from his mouth. He shouted,"Mad Eagle Thunderbolt claw!"

With blue hair's cry, the true energy around blue hair's body suddenly turned into a faint light blue color. His pair of claws seemed to really become eagle claws, wrapped in a faintly discernible true energy. Under the effect of the refraction of light, it looked particularly strange!

Lin Yi's brows furrowed-he realized what he'd overlooked. He finally knew what martial arts were! It turned out that this blue-haired guy had also practiced martial arts techniques in addition to internal cultivation! However, when Lin Yi was in Mystic class, he had never heard of anyone practicing martial arts. Even physical Masters rarely had special martial arts!

When the blue-haired guy asked him what it was and he said he didn't know, the blue-haired guy was surprised. This meant that it was a very common thing, and he didn't know. The only possibility was that this was something only earth Class Masters and above could learn, and Mystic class Masters couldn't!

But the blue fur's claws were already coming for Lin Yi! (To be continued.)

Chapter 1665: suffered a loss

Lin Yi suddenly felt an extremely overbearing force pressing down on him, making him feel like he was suffocating!

Lin Yi cursed at his bad luck-he didn't ask the rock Candy Girl about Earth Class before, and he almost got himself into trouble!

Looking at the claws, Lin Yi didn't dare to face them head-on. He quickly dodged to the back. If it wasn't for his Qinggong, he would've been caught by the blue fur! Even so, the wind from the blue fur's claws still hit Lin Yi's face, and Lin Yi felt like his face was being cut by a knife!

"Phew ..." Lin Yi touched his cheek, and a bloody gash appeared on his hand. He was bleeding! But Lin Yi felt lucky-he'd be hurt if he'd been caught!

The battle had only just started, and Lin Yi was already at a disadvantage. He was in a difficult position!

He didn't have any martial arts skills, and that was the main reason why Lin Yi was at a disadvantage! When he was in the mystic class, Lin Yi always used his own strength to fight his enemies head on-there was no trickery to speak of, and whoever was stronger would be stronger. But now, it was completely different-his opponent didn't fight him head on, but won with moves! ()

However, even if Lin Yi knew the difference in strength, there was nothing he could do. It was too late to learn martial arts now.

"The second move of the Mad Eagle Thunderbolt claw, the divine Eagle wags its tail!" The blue fur didn't give Lin Yi a chance to catch his breath-he launched a second attack at Lin Yi the moment he dodged the first! His body suddenly swayed in the air, like a Black Lightning, and attacked Lin Yi again with a strong wind formed by pure Qi!

Lin Yi cried bitterly in his heart. This was a huge loss-individual practitioners were treated differently from those from the house and sect!

But, thinking about it was one thing-he couldn't just admit defeat, could he? Not only would he lose face, but what would happen to Tang Yun if he admitted defeat? Could he let young master you take it back?

So no matter what, Lin Yi couldn't give in. At this point, he had to fight!

"Haha, kid, you've just broken through to the earth Class. You haven't learned any martial skills yet, have you?" The blue-haired man laughed, but his claw didn't slow down at all—it was reaching for Lin Yi's head.

"Martial arts ... Of course I did ..." Lin Yi naturally couldn't let blue fur know that he didn't know anything. If that happened, blue fur would be even more unscrupulous, and he'd be one-sidedly tortured.

So Lin Yi had to lie to him first. Looking at the blue fur on top of him, Lin Yi clenched his teeth and channeled the art of Dragon mastery, focusing all his strength on his right fist. He suddenly jumped up, ignoring the blue fur's claws!

What Lin Yi was thinking now was that it didn't matter if he was caught, as long as it wasn't a vital part. He could slowly heal himself and give this blue fur a destructive blow first! If he didn't fight with her, she would fight with him!

If they fought like this a few times, he could heal his own injuries, but he couldn't. If he used too many moves that would cause both sides to suffer, then the one who would suffer in the end would still be the blue-haired guy!

"Rising Dragon Fist!" Lin Yi didn't know anything about moves or martial arts, and he couldn't think of a name right away, but in order to trick the blue fur, Lin Yi suddenly remembered that he used to play street bully 4 with Chu Mengyao and Chen Yushu back at home. There was a move called the rising Dragon Fist, and Lin Yi's movement right now was also very similar to the rising Dragon Fist, punching the blue fur in the air with his right fist. It was quite similar, so Lin Yi just put the name on it!

When Lin Yi said the name "Rising Dragon Fist," blue fur was obviously taken aback. He had never heard of this martial skill before, but Lin Yi's moves were extremely familiar. He suddenly remembered that when he went to the arcade with young master you a while ago, the characters in the game seemed to use this move!

In reality, there were people who used this kind of trick?

Blue hair's mad Eagle Thunderbolt hand was supposed to be very powerful, especially the second style, Eagle tail wagging. It was going straight for Lin Yi's head, but because of Lin Yi's "Rising Dragon Fist," he hesitated and didn't know how to react. In the end, his claws didn't reach Lin Yi's head, but his shoulder!

In an instant, five bloody holes appeared on Lin Yi's shoulder. Blood flowed out in an instant, but Lin Yi's fist still stuck close to blue hair's body, hitting blue hair's face. The powerful force sent blue hair's body flying with Lin Yi's force, landing heavily on the ground not far away. He spat out a mouthful of blood!

However, although it looked like blue fur was spitting blood and his face was swollen, it wasn't a serious injury. The blood he spat out was from Lin Yi's attack, it wasn't an internal injury!

The swelling on his face was only an external injury! Lin Yi's punch didn't hit any vital parts, so he couldn't do anything to the blue-haired guy.

So, it looked like both of them were injured, but in fact, it was Lin Yi who suffered some hidden losses!

“Mad Eagle Thunderbolt claw, that’s a powerful skill …” Lin Yi acted like he didn’t care, but he was actually stalling for time. Lin Yi used the art of Dragon mastery to heal his shoulder!

The claw was quite serious-even Lin Yi’s shoulder blade was broken by the blue fur. Even if he didn’t heal the wound, he had to at least heal the broken bone. Otherwise, it would affect his arm’s flexibility and he’d be at a huge disadvantage!

“Rising Dragon Fist? You call this a martial technique?” Blue fur scoffed at the power of Lin Yi’s Rising Dragon Fist. He thought it was some powerful move, but it turned out to be just an ordinary punch. There was nothing special about it. It was ordinary!

It was just a little like the rising Dragon Fist in the game, but in fact, it was just for show!

Thinking back to Lin Yi’s reaction to martial arts, blue fur had a rough idea of what was going on. Lin Yi didn’t know any martial arts, but he didn’t want to admit defeat, so he imitated a move from the game and made a “Rising Dragon Fist” to scare him!

If it wasn’t for blue hair hesitating about the name of the skill, he believed that he would’ve grabbed Lin Yi’s head and killed him already! (To be continued.)

Chapter 1666: An even more powerful move

Of course, that was only in his mind-Lin Yi could’ve dodged the attack without using anything, but he couldn’t just keep on dodging-he had to face it!

“Of course it is. There will be even more powerful moves in a while!” After Lin Yi healed his shoulder blade, he started on the next step of his plan.

“An even more powerful technique?” Blue hair paused, but wasn’t in a rush to fight Lin Yi. As far as he was concerned, Lin Yi was just a practitioner who just reached Earth Class, and he didn’t have any martial skills yet. Blue hair was a hundred percent sure that he could take down an opponent like this, so he didn’t mind messing with Lin Yi a little!

After all, as an Earth Class, stepping on another Earth Class opponent was a very satisfying thing to do-it was a rare opportunity.

“Yeah, it’s called the vacuum Wave fist!” Lin Yi said. This was one of the tactics from Street tyrant 4, and he was using it to buy himself some time.

“Vacuum Wave fist?” The blue-haired man was stunned for a moment before he burst out laughing.”I say, are you stupid from playing games? Vacuum Wave fist? Do you think you’re fighting the tyrant on the street?”

“Oh, I learned my moves from the game. You’re right.” “Congratulations, but there’s no reward,” Lin Yi said.

“Hahahaha! Then come, let me see what you’ve learned!” Now, blue fur was sure that Lin Yi was just bullshitting. He didn’t know any martial arts at all, and all the so-called martial arts were just some random stuff he put together to scare people!

“This move is very powerful. In the game, it’s called the ultimate move. You have to be careful. It wouldn’t be good if you were injured. You said it yourself, you’re here to celebrate the birthday of the Hidden House Tang’s elder, and we’re here too, so ... You know ...” Lin Yi didn’t know what he was talking about, but he needed time.

The blue-haired man was speechless. “What do you mean by that? He couldn’t be thinking of begging for mercy, right? You can beg for mercy. You can cure young master you’s leg, then leave your girl with us and crawl under my crotch. Then, this matter will be over!”

“Oh, no wonder people say that like master, like servant. The master has delusions, so do you. Begging for mercy? I think you’re more like me begging for mercy! I’m just reminding you out of good intentions. I’m afraid that you’ll be killed when I use my big move. Do you still not know what’s going on?” “As for the crotch, you should leave it to that Mister You. His legs are broken when he’s lying on the ground, so it’ll be easier for him to crawl!” Lin Yi said.

“Wayayayayaya! Blue hair, kill this kid and we’ll split the two girls with him!” Young master you was furious after hearing Lin Yi’s words, but he was also waiting for Lin Yi to be so arrogant. This way, he would have an excuse if he killed Lin Yi. Lin Yi started it first and it had nothing to do with him!

“Don’t worry, young master you!” The blue-haired man nodded and made a strange gesture in the air. “Let me see your so-called Vacuum Wave fist. But before that, I want you to have a taste of my power! The third move of the wild Eagle Thunderbolt claw, wild thunder lightning!”

With that, blue fur charged at Lin Yi with extreme speed. His body was like a mad Eagle, like a comet, charging at Lin Yi! This kind of speed, this kind of strength, an ordinary person would not have an easy time if they were hit!

However, Lin Yi didn’t Dodge at all. Instead, he put his wrists together and made an extremely strange gesture, “Vacuum Wave fist!”

“BOOM!” There was a loud sound like meteorites hitting each other. Not far in front of Lin Yi, there was a huge wave of pure Qi. The center of the collision was the blue hair’s body!

With this loud sound, blue hair’s body suddenly became like a bow. Like a big shrimp, he flew backward. The clothes in front of him were all blown into pieces, and his chest was also a bloody mess, as if he had been hit by something. It was terrifying!

“Bang!” The blue-haired man’s body fell to the ground with a loud bang. He struggled on the ground for a few moments before he finally stood up shakily!

“Vacuum ... Wave fist?” Blue fur looked at Lin Yi in disbelief, as if he was looking at a monster!

When Lin Yi used the “Rising Dragon Fist,” blue fur didn’t think too much about it—he thought that Lin Yi didn’t know any martial arts, and that this was just for show. It wasn’t that powerful, either, so blue fur didn’t think too much of it when Lin Yi said that it was a big move, thinking that Lin Yi was lying!

After all, words like “big move” were often said by people who played games. For real martial artists, how many people would tell their opponents that they were going to use a big move? wouldn’t that be too childish?

After that, when Lin Yi used Vacuum Wave fist, blue fur didn't even care about it anymore! He knew that the vacuum Wave fist was the same as the rising Dragon Fist-they were both Street bullies, and he was one hundred percent sure that Lin Yi was lying.

But ... What he didn't expect was that Lin Yi's vacuum fist really did have the same effect as the vacuum fist in the game. Just one move and he was sent flying, his chest injured. He could feel a few of his ribs broken, and he had serious internal injuries!

He couldn't believe that Lin Yi's moves were actually his martial arts. Did he learn them from the game? However, the truth was right in front of him, and he had to believe it.

"Yes, there's still the third move. It's called tornado kick!" Lin Yi nodded seriously, but he felt a little regret inside. He didn't have enough time, and the energy bomb he created was too small. It didn't cause much damage to the blue-haired guy!

However, to be able to create an energy bomb like this after such a long time, Lin Yi was already very satisfied! To be able to suddenly turn defeat into victory in a disadvantageous situation where he knew nothing about martial arts techniques was already very difficult!

If Lin Yi didn't come up with all these weird names, blue fur wouldn't have been injured so easily!

It seemed like this blue fur had decided to believe Lin Yi's words. As far as he was concerned, Lin Yi's Vacuum Wave fist was similar to the vacuum Wave fist in the game-both of them were true energy fists that appeared out of thin air! (To be continued.)

Chapter 1667: Gifting a villa

"Pfff ..." Blue fur heard Lin Yi's third move and almost spat out blood! It turned out that this guy had really learned the tricks from the Overlord game on the street!

Blue fur's heart couldn't take it anymore-he regretted and was angry at the same time. If he'd believed this guy earlier, he wouldn't have been so stupid as to get hit by the vacuum Wave fist. Now, he was seriously injured, but Lin Yi seemed to be fine.

Even if blue fur wasn't injured, he didn't have the confidence to win against Lin Yi's weird martial skill. He didn't want to fight Lin Yi head-on anymore,""Good move, but the mountains don't move and the water flows. We'll meet again in the future!"

"There's no need to see you again. Don't leave today!" Lin Yi said as he walked towards blue fur. From Lin Yi's point of view, this blue fur was a huge threat! And Lin Yi himself knew what his martial arts was all about-there was no martial arts at all! It was just a lie.

Maybe after this blue-haired guy went back and thought about the key point, he would come back to take revenge! Lin Yi wouldn't give him the chance.

This guy wasn't the same as boss Yu-boss Yu was scared of Lin Yi beating him up, but this guy ... He said that he'd come back for more in the future, so how could Lin Yi let him go?

Lin Yi didn't want to let this guy go back. The Hidden House you was a family skilled in medicine and alchemy. They might recover soon and come back for him, so Lin Yi didn't plan to let him go back at all!

As for the others, they weren't the ones involved—they were just watching from the side, and there was no way they'd be able to figure out who Lin Yi was. Even if they went back and told others that they knew the rising Dragon Fist and Hadouken, they'd only think it was weird, and they wouldn't know what Lin Yi's real trump card was!

"Boy, I'm from the Hidden House you and an important guest of the Hidden House Tang. You'd better think carefully before you act and don't get yourself into trouble!" Blue fur didn't think that Lin Yi wasn't going to let him go, and he was scared.

He knew his own injuries, and in his current state, he would die if he tried to fight Lin Yi. As for the yellow-haired guy and the others, they wouldn't be able to help at all. A wise man knew when to retreat, so the blue-haired guy had to threaten Lin Yi.

Lin Yi, on the other hand, was the type of person who wasn't afraid of threats. A hidden house you was strong in Lin Yi's eyes, but not to the point where he would shiver in fear! The Hidden House Zhao, hidden house Pi, and hidden house Yu were all messed with, and the golden clock sect was killed by the sect leader. Why would they be afraid of the Hidden House you now?

The Hidden House you was stronger, but blue fur was just a follower of the Hidden House you. Lin Yi was afraid that he'd find trouble with him, so he'd rather go for him first!

"Oh, then I won't kill you since you're here to celebrate the birthday of the Hidden House Tang's old master. However, you can't escape the death penalty!" "I'd lose face if I just let you go," Lin Yi said faintly.

Blue fur let out a breath of relief after hearing Lin Yi's words. As long as he didn't kill him on the spot, then there shouldn't be a problem. The Hidden House you had a lot of skilled doctors, and they could just go back and slowly recuperate. He wasn't nervous anymore,"How about I cut off one of my arms?"

"There's no need to go through so much trouble!" Lin Yi was already in front of the blue fur. He suddenly put his hand on the blue fur's head and sent a stream of compressed Qi into it ...

The blue-haired man only heard the muffled sound of thunder and then lost consciousness ...

Lin Yi had only blown up the nerves and vessels in the blue fur's brain. Unless Lin Yi could fix it, the blue fur would be an idiot for the rest of his life!

Young master you didn't know that blue hair had become an idiot, but he was also looking at Lin Yi with hatred and anger! Three times, three times in a row, he suffered a big loss at the hands of this guy, which made young master you extremely sullen!

Plus, that pretty girl beside Lin Yi was making his heart itch! Young master you had seen the world, but he had never seen a pure and beautiful girl like Tang Yun. Even if he had seen people who looked similar, their temperament was much different!

How could the girls with makeup compare to Tang Yun? And so, young master you swore in his heart that he would teach Lin Yi a lesson, and at the same time, he swore to get Tang Yin!

Lin Yi brought Tang Yun and Feng Xiaoxiao into the restaurant, but blue hair was still standing there, not moving.

The yellow-haired guy helped young master you up, and the other purple-haired guy said to the blue-haired guy, "What are you still doing here? Young master you has left. Hurry up and leave?"

However, the blue-haired man did not move.

The purple hair frowned and pushed the blue hair, but the blue hair fell to the ground. The purple hair was shocked, "What ... What is going on? Young master you, blue hair, he ..."

The purple-haired man quickly checked the blue-haired man's breath and found that it was still normal. He was a little suspicious, wondering what was wrong with the blue-haired man.

If the blue-haired man had fainted, his eyes would still be open. But if he hadn't fainted, he wouldn't say anything and wouldn't move!

"Don't worry about what happened to him. Let's carry him back first. He's embarrassing himself here!" Young master you looked at the crowd nearby and felt very embarrassed. He was the second young master of the hidden you family, but now he suffered such a big loss. It was simply a great humiliation!

"Yes!" The purple-haired man and several other people quickly dragged the blue-haired man into the van, and then rushed back to the hidden tang family with young master you!

However, at this moment, the hidden tang family was holding a family banquet. Young master you's uncle was in the banquet hall. Although young master you was anxious to talk about his grievances, he could only wait for his uncle and aunt to come back in the guest room.

Tang Jucheng and Wang Yujie sat beside Xiao Ming, looking very reserved. It was their first time coming to such an occasion, and they had never eaten in the banquet hall of such a big family before.

Elder Tang saw that Tang Jucheng and Mrs. Tang both had the image of ordinary citizens, so he let out a sigh of relief. People like them should be easy to deal with and easy to satisfy, so he quickly gave elder Tang an eye signal.

"Haha, younger brother Jucheng, according to seniority, I'll have to call you my younger brother. As an elder brother, I don't have anything to give you since it's the first time I'm meeting you. Here's the key to a villa near our hidden tang house. Consider it a gift!" Eldest brother Tang took out the villa keys and a folder he had prepared beforehand and handed them to mother Tang. "This is the house purchase contract and money for the house. You haven't gotten the house certificate yet, so you can do it yourself!" (To be continued.)

Chapter 1668: Still lacking a car

If he wanted to give something to someone, a house without a name was naturally the best. If it already had a name, was it a loan or a gift? Therefore, eldest brother Tang specially found a newly opened high-end villa area and bought a villa, which was not far from here, only a dozen kilometers away.

"This ... How can I accept this ..." Tang Jucheng didn't know what to do. He didn't expect the Hidden House Tang to give him such a big gift! Although Tang Jucheng knew that the hidden tang family was trying to please him because he was Rock Candy's father, he didn't dare to accept such an expensive gift.

Mrs. Tang heard Tang Jucheng's words and was furious. She glared at him and kicked him again, then stood up and took the key and folder from Tang boss. "What's there to be embarrassed about? Big brother Tang had also said that they were all family, and it was a meeting gift. If you didn't accept it, you were not giving him face! Besides, they're only giving us a house. It's nothing to the hidden tang family!"

"No... I mean, we already have a house in Songshan ... It's so far away, we can't come here more than a few times a year, it's such a waste ..." Tang Jucheng didn't know how to explain himself after being scolded by his mother.

"You're right...It's quite far. I know what you mean, old Tang. We don't have a car, but it'd be convenient if we had one!" Mrs. Tang said as she handed the key back to eldest brother Tang."Big brother, thank you for your kindness, but I don't have a car, so it's not convenient for me to go back and forth ..."

Elders brother Tang didn't know what to say. This mother Tang, was she someone who had never seen the world? This was simply devouring people without spitting out the bones. Although he said that he wanted to return his keys on the surface, the underlying message was that his home was too far away and it was inconvenient to come without a car! This was asking for a car!

'Damn, isn't this too greedy?

"Cough cough!" Elder Tang saw that his eldest son was standing there in a daze and was a little anxious. If he wanted a car, why couldn't he just buy one for him? The hidden tang family's main point now was that it was hard to buy candy with money!

"Yes, you're missing a car. Sister-in-law, tell me which car you've taken a fancy to. I'll call someone to buy it for you!" Eldest brother Tang immediately said after being reminded by old master Tang.

After hearing his mother's words of extorting eldest brother Tang, Rock Candy suddenly couldn't help but laugh! Her mother was a genius, and she remembered what Tang Yin had told her that night. She sighed-her mother had suffered for half her life, but being greedy wasn't a bad thing!

With Rock Candy's current financial situation, it was easy to give Mrs. Tang a hundred million to spend. Seeing her mother trying so hard to get more money, Rock Candy couldn't help but feel sad,"Mom, a car, I'll buy you one ..."

"You damned child!" Mrs. Tang exploded in anger. Why would she ask you to buy her anything? I want a car, and Lin Yi can afford it. I'm just trying to extort more money from Tang datou, you know? He couldn't help but say angrily,"it's a kind thought, how can it be the same as you buying it?" Isn't this the same as slapping his face? Can't they afford it?"

"..." Rock Candy's head was instantly filled with black lines. So he had bought the wrong car for her? He didn't know how his little sister Tang Yun had survived all these years to have such an amazing mother! Fortunately, he only enjoyed the feeling of kinship occasionally. If he stayed here all year round ... Rock Candy felt that he would definitely go crazy!

"Right, we can't let you spend money here!" Eldest brother Tang thought to himself, it seems that mother Tang and Rock Candy's relationship is quite good. Otherwise, who would dare to say that Rock Candy is a dead child? Then he would be a dead child! But at this moment, Rock Candy didn't say anything, which was enough to prove the relationship between Rock Candy and Mrs. Tang!

"I heard that there's a car called a Bugatti. It seems pretty good, and I have to book it. Why don't we have that one?" Mrs. Tang said after some thought.

"What?" Eldest brother Tang stared blankly and didn't quite hear it clearly. He usually put his mind on cultivation, so he didn't have much research on cars. He knew about Mercedes-Benz and BMW, but he really didn't know about this top sports car brand.

"It's just a car. I like it. Why don't I buy it myself?" Mrs. Tang said.

"That's fine. You can buy it yourself. I'll give you a card. Tell me how much the car costs and I'll transfer the money to you!" Eldest brother Tang didn't pay much attention to it. How much could a car cost? It saved Mrs. Tang a lot of trouble.

Elder Tang didn't know much about sports cars, so he didn't know the price. He didn't say anything. Only Tang Qiqi's mouth twitched. She looked at mother Tang and felt sorry for her father. It's over. This is bad!

Eldest brother Tang didn't know the price of Bugatti, but Tang Yingzhi did! He'd heard people talk about this car when he'd been in contact with the other hidden noble houses. He heard that there were only three of them produced worldwide, and each one cost 25 million. It was the most expensive car out of all!

Mrs. Tang only knew about this car by chance-she'd heard the grandson of the old woman selling watermelons talking about it with her classmates! It was one of the most expensive cars in the world, and Mrs. Tang was shocked at the price.

So, Mrs. Tang remembered the name, and she didn't expect to use it! It seemed that it was good to gossip. Otherwise, if he didn't know about this car and just said it was a Mercedes-Benz or BMW, how could he have so much money?

"That car seems to cost 25 million. I don't know if I can book it, but it's okay, just give me 50 million. It's definitely enough with insurance and tax, but to be safe, 100 million is fine too!" Lioness Tang said.

She could tell that eldest brother Tang was trying to please Rock Candy, and Rock Candy was her daughter. If she didn't take advantage of him now, when would she?

"A hundred million? Gah?" Eldest brother Tang almost rolled his eyes. He had spent nearly 100 million on a villa before, and now he wanted to spend 100 million on a car? Did he think his house was a bank? even the landlord family didn't have any surplus. Although they were a hidden Noble House, their annual income wasn't much. 200 million was gone just like that, they were really spending money like water!

Elder Tang's eyebrows twitched. He had to admit that this woman was ruthless! (To be continued.)

Chapter 1669: the sect master's sister

Words that were spoken were like water that had been poured out. Eldest brother Tang didn't lose his composure. After taking a few deep breaths, he said, "Okay, I'll ask someone to transfer 100 million Yuan to my sister-in-law tomorrow. You can order that car ..."

After the party was over, Mrs. Tang held the keys and bank card in her hands. The more she looked at them, the more she liked them. She hummed a little tune and was extremely happy.

Looking at her mother, Rock Candy didn't know what to say, but she was impressed with her negotiation skills. If the Ice Palace key ever worked with someone else again, she'd just let Mrs. Tang do the negotiating, and she'd get the best out of it!

"Sigh, you've taken advantage of her. You've already taken the car and the house. Won't You Be causing Tang Tang trouble?" Tang Jucheng thought about it more. If you take advantage of them, you'll have to ask for help from Rock Candy.

"It's just a small amount of money. It's nothing. " Bing Tang didn't want her dad to worry, so she quickly added. Plus, this was how the Ice Palace did things-they didn't force you to give it if you wanted to, and they didn't force you to. Wasn't it the same with the test deposit?

It was impossible for Rock Candy to make any promise to the hidden tang family for 200 million Yuan.

"Look, since Tangtang said so, it's definitely fine!" "I'll find an agent to sell the house tomorrow, and we'll leave after elder Tang's birthday!" Mrs. Tang said.

"Ah? Sell it?" Tang Jucheng was even more dumbfounded. Why was this house still for sale?

"If you don't sell it, then keep it for children. Who would come here for nothing? Do you really think I want to buy a car? We're living well in our new house, what are you doing here?" "We'll take the money and go back to enjoy life. I'm a rich woman now!" Mrs. Tang said.

"Hahaha!" Bing Tang couldn't help but laugh when he heard his mother's words. His mother was really funny ...

At the same time, in the hidden room of the you family, young master you was lying on the bed at the moment. He looked at his uncle you zhentian and his aunt you Xiaoxin with a pained and careful face ...

"What happened? How did such a big incident happen? Who did you have a conflict with? I was just attending a banquet, how did I end up like this?" The eldest son of the you family, you zhentian, was very annoyed. This nephew of his was too good at causing trouble, right?

Not only did they cause trouble, but they were also beaten up like this. The hidden you family's face was completely lost!

"Alright, big brother, let's not talk about Xiaohu for now. Let's ask what happened first!" You Xiaoxin waved her hand. She still loved her nephew, young master you, more than she loved zhentian you's son. That was why zhentian you didn't bring his son this time and brought young master you instead!

However, he didn't expect that right Panhu was a troublemaker. He had a conflict with someone the moment he arrived!

"Uncle, aunt, you can't blame me for this. You have to help me!" You Panhu said with a bitter face, "you guys went to eat. We also wanted to go out to eat, so we went out. At the entrance of a restaurant, I met an acquaintance. It was actually a girl I liked, so I went to say hello to her. However, her brother-in-law stopped me and even told me to get lost!" I thought that since I'm from the Hidden House you and I'm here to attend the Hidden House Tang's birthday banquet, I should keep a low profile and not be too

high-profile, so I didn't pay attention to him. In the end, he directly made a move and crippled my nephew's legs!"

"Are you serious? You're not lying?" You zhentian looked at you Panhu and asked with a frown.

"The people around me can be my witness. You can ask them, uncle!" Yu Panhu had exaggerated a little, but he was mostly right. It was just that Tang Yin wasn't an acquaintance of his, but no one could testify to that.

"Family master, second young master you is right. The situation at the time was indeed like this! "That person was extremely rude and directly crippled the legs of the second young master of the right. The purple-haired man couldn't stand it anymore and was about to teach him a lesson, but he didn't expect ... That he wasn't his opponent. Now, the purple-haired man doesn't know what's wrong with him. It's like he's possessed and he's not moving at all ..." The yellow-haired man explained quickly.

"What? Purple hair's an Earth Class early phase, and he's not his match?" You zhentian was stunned, and the expression on his face instantly changed.

"That person is also an Earth Class early phase, and his skills seem to be very high, so ..." The yellow-haired guy's level was too low, and he couldn't learn any skills at all, so he didn't know much about them. This wasn't something a golden class master like him needed to know.

"An Earth Class ... Earth Class! What's that person's name and background? Are you also here to celebrate the Tang family's birthday?" You zhentian asked after a moment of silence.

"That person is called Lin Yi, the girl I know is called Tang Yin, Lin Yi is Tang Yin's brother-in-law ..." "They don't seem to be from the noble families ..."

"What!" Before you zhentian could say anything, you Xiaoxin cried out in alarm!

"What's wrong, little sister? do these people have a strong background?" You zhentian's heart sank when he saw his sister's reaction. If these people really had a background, he would probably have suffered for nothing. Moreover, it was hard to say if the other party would still find trouble with him!

"I'm not sure about that Lin Yi, I've never heard of him before, but this Tang Yin ... She's got a lot of background!" You Xiaoxin couldn't help but smile hatefully at the mention of Tang Yin. "She's the biological daughter of that B * tch, Xiao Ming!"

"What? She's Xiao Ming's daughter?" You zhentian paused, "then wouldn't that be ... The sect master's sister?"

"That's her!" "If I had just strangled her to death back then, there wouldn't have been so much trouble!" You Xiaoxin said coldly.

"Fortunately ... She's Xiao Ming's daughter, so it's not a big problem. The main thing is, who are her sister and brother-in-law? His brother-in-law was an Earth Class? As far as I know, she grew up in a commoner's family. How could she know a cultivator?"

"It's hard to say, but if what Xiaohu said is true, then we're on the side of reason. The other party attacked first, so we're not responsible for this!" "Plus, they have the Ice Palace backing them up, but

we have the sky elixir sect, don't we?" Didn't the emissary from the sky elixir sect say that he'd come here to help us?"

You zhentian nodded after listening to his sister's words. Indeed, if this matter was really as you Panhu said, then you can't blame the you family. The other party was too disrespectful and too overbearing. He was still the victim!

"Coiling Tiger, are you telling the truth? You're not lying?" You zhentian asked. (To be continued.)

Chapter 1670: Very strange

"Uncle, how could I lie? this is a big deal!" You Pan Hu quickly said.

"But, even though house you has the support of an ancient sect, they won't stand up for us and go against the ice Palace for something like this-they can't be underestimated ..." Zhentian you sighed."At most, we won't find trouble with each other. We can only suffer a loss!"

Right Panhu knew that his uncle wouldn't stand up for him when he heard that they were related to the Ice Palace-even if he had the sky elixir sect, an ancient sect, looking after him, they wouldn't go against the ice Palace for something as small as this-that was unrealistic!

However, he wasn't willing to lose out. He thought about Tang Yun's pretty face and her powerful background. He rolled his eyes and thought of a plan."Aunty, I've known Tang Yun for a long time, and I like her. Can you ask uncle to make the decision and let me marry her? In this way, this matter can be considered to have turned hostility into friendship, and our you family didn't suffer any losses in face. It became a marriage between relatives. The previous things were completely a misunderstanding, how about it?"

After Yu Panhu heard about Tang Yun's background, his original plan of playing around with her was immediately thrown to the back of his mind. What he was thinking now was that if he could marry Tang Yun, he would be awesome! Firstly, Tang Yun was the sister of the sect master, and secondly, she was his uncle's daughter-this meant that he had both the Hidden House Tang and the Ice Palace's support. With such a strong background, his position in the Hidden House you would definitely shoot up!

As for whether Tang Yun had a boyfriend or not, he didn't think about it. He felt that if Tang Yun had a boyfriend, she would definitely bring him along. She wouldn't be with her sister or brother-in-law. That was why he didn't hesitate to make this request!

You Panhu's request stunned zhentian you and Xiaoxin you. The two of them instantly began to calculate the pros and cons of this matter!

Of course, it was a good thing to let eldest brother Tang's daughter marry you Panhu. This way, the hidden you family and the hidden tang family would be more closely connected and strengthen their cooperative relationship. However, what zhentian you was afraid of was Tang Yun's other background, which was the sister of Qingqing Rock Candy!

This background made him feel that his son's position as the young master was threatened-if he really did marry Tang Yin, with the Ice Palace's support, what would he do if he wanted to compete for the position of the head?

As for you Xiaoxin, she had the same thoughts as you zhentian, but she only thought about the good benefits. As for who the young master of the hidden you family was, it had little to do with her.

After thinking for a long time, zhentian you decided to accept Panhu's suggestion. Even if Panhu had the support of the Ice Palace, it wouldn't matter. The Hidden House of you was a hidden house that focused on alchemy. The main supporter was the ancient sky elixir sect, and they had high hopes for his son, you Panlong. With the support of the ancient sky elixir sect, it was only natural for his son to become the next head of the Hidden House of you. However, in the family, he could at most enter the elder Council!

"Sis, I think coiling Tiger's suggestion isn't bad. Our hidden house you and the Hidden House Tang are in-laws, and if coiling Tiger marries Tang Yin, then we'll be even closer to each other. That's a good thing!" You zhentian made his decision.

"I think so too. I'll talk to eldest brother Tang about this tonight and let him announce Xiaohu's marriage at the old man's birthday banquet!" You Xiaoxin nodded in agreement.

"Many thanks to uncle and aunt for your help!" You Panhu was overjoyed-he'd gotten back some face now that he'd married Tang Yin, and everything that had happened in the past would be a misunderstanding!

"Alright, I'll take a look at your leg first!" You zhentian waved his hand and lowered his head to examine right Panhu's leg. However, after a few glances, he casually massaged right Panhu a few times. Then, he took out a bottle of medicinal pills from his bosom, took out one pill, and handed it to right Panhu."The acupuncture points on your legs have been sealed. I've already released most of them by massaging you. You just need to take this tendon-soothing and blood-promoting pill!"

"Yes, thank you, uncle!" You Panhu quickly took the elixir that you zhentian gave him, and he immediately felt the feeling in his legs return.

After seeing you Panhu, you zhentian got up and went to check on blue hair's injuries. Blue hair was an Earth Class master, and he was considered a master in the Hidden House of you. If he could avoid losing him, he should try his best not to lose him. So, you zhentian didn't care if blue hair was you Panhu's confidant or not. He was the head of the house now, and he had to consider the overall situation of the whole house!

If the hidden you family and the hidden tang family became closer, it was undoubtedly equivalent to the relationship between the two families taking another step forward! In fact, many times, the marriage between families was just for others to see. It didn't matter if they were useful or not, but in the eyes of outsiders, the two families would naturally improve their strength when they joined forces. Those families who wanted to be enemies with the Hidden House you and the Hidden House Tang had to think carefully.

"Eh?" When you zhentian's hand touched the blue-haired man's meridians, he was shocked."His head was heavily injured?"

However, after asking this question, you zhentian himself shook his head because it was obvious at a glance whether the blue-haired man's head was injured or not. The blue-haired man's injuries were mainly concentrated on his chest, and there was no injury to his head at all.

However, the results of the inspection made you zhentian feel very strange!

Although the blue-haired man's chest was injured, with a few broken ribs and some broken meridians, it wasn't too difficult to heal. As long as he took a Meridian opening pill and rested properly, he would be able to recover his strength without any problems!

Although the nerve-opening pill was rare and precious, that was only for other hidden families. As an alchemy family, the Hidden House you naturally wouldn't be stingy with one nerve-opening pill. You zhentian had a chance of refining this pill, but the chance was pitifully small. However, the old master of the you family could refine it, and the success rate was about 50%!

The Hidden House of you still valued Earth Class Masters like blue hair-giving him a Meridian opening pill when he was injured wasn't a big deal.

However, the main problem now was not the injury on his chest, but his head!

You zhentian was proficient in alchemy and medical skills, so he could confirm the blue-haired man's injury by using his true energy to check his body. The meridians in the blue-haired man's chest and head were all blocked, and they seemed to be more serious than his chest! (To be continued.)
