Chapter 1671: What martial skill?

The head was where the nerves were concentrated. If the meridians were damaged, how could the nerves not be damaged? Therefore, you zhentian was shocked when he saw the blue-haired man's dumbfounded look. Did this guy really become a fool?

"Head? No? He was injured in the chest by Lin Yi before ... I think Lin Yi used a Rising Dragon Fist and hit the lower side of his face. Did he break his head with that move?" You Panhu was stunned and asked.

"That shouldn't be possible!" You zhentian looked at the injury on the blue-haired man's cheek. It wasn't serious at all. It was a complete external injury. Even his bones weren't hurt. This punch could be said to have no killing power at all." "What Rising Dragon Fist? it wasn't caused by this move!"

You zhentian's eyes were sharp-he was an Earth Class as well, an Earth Class that specialized in medicine and alchemy. He was well-versed in both internal and external injuries, and Lin Yi's punch was just as he said-it didn't do any damage! Lin Yi was just putting on a show to trick blue fur!

The two of them were both Earth Class early phase, and they had Qi protecting their bodies. A normal punch or kick wouldn't be able to cause much damage.

"By the way, master, Lin Yi said something about not being able to escape the death penalty, so he touched blue fur's head, and then he became like this ..." The yellow-haired guy suddenly remembered the situation and said, ""Could it be that he used some special martial art technique when he touched her?"

"Touch? It can destroy the meridians and nerves in the head?" You zhentian was stunned. He had never heard of anyone who could use a martial technique just by touching. Furthermore, the meridians and nerves of the head were destroyed without any external damage. Wasn't this a little too magical? "How is that possible?" There are no signs of external injuries on the blue-haired man's head!"

"Could it be the legendary" hitting the cow across the mountain "?" You Xiaoxin was also an experienced and knowledgeable person. She suddenly thought of a legendary martial technique.

"Hitting an ox across the mountain?" You zhentian's expression changed slightly! This was one of the skills from that evil ancient sect, the everyday and every day sect. It was said to be a skill from the legendary chrysanthemum Arts, but no one had ever learned it before. Could this Lin Yi be from the everyday and every day sect?

If that was really the case, then the feud between them would be huge! Of course, even though the everyday and every day sect was an ancient sect, they weren't much stronger than sky elixir. Sky elixir had been developing rapidly these past few years, and even the everyday and every day sect had to show some respect to them.

But the point was Lin Yi's identity. If he knew a skill like "hitting a cow from across the mountain," he must be a disciple of the chrysanthemum Arts. Would the sky elixir sect help hide house you if they went against a core disciple of such a sect?

If it was a normal disciple of the everyday and every day sect, it would be fine, but if they touched their core disciple, it would be equivalent to war between the two big sects!

“The everyday and every day sect, the chrysanthemum Arts ...” You Xiaoxin nodded and said.

“If that’s the case, then Lin Yi’s background isn’t small ...” You zhentian frowned, but suddenly said, ““Something’s wrong! I heard that the guy from the everyday and every day sect who practiced the chrysanthemum Arts also joined the test, and was crippled ... This Lin Yi can’t be from the everyday and every day sect!”

You zhentian suddenly thought of the incident that had been circulating among the hidden houses-the Ice Palace had ordered them to keep it a secret, but the hidden houses “disciples had more or less experienced it themselves. They wouldn’t hide it from the heads of their houses, and so word still got out!

“That’s right. I heard that he was crippled by a rogue cultivator with the surname Ling!” “This Lin Yi definitely isn’t a disciple of the everyday and every day sect,” you Panhu said immediately. “What kind of existence is the everyday and every day sect? why would they send a core disciple?” They have nothing to do with the hidden tang family!”

“That’s true. The hidden tang family has never had any contact with the everyday and every day sect. It’s definitely not their disciples who came to offer their congratulations.” You Xiaoxin knew a lot, and she was also very clear about the hidden network of the Tang family.

“Then there’s no problem!” You zhentian heaved a sigh of relief.”It doesn’t matter as long as we don’t offend the disciples of those ancient sects. Besides, we’re the ones who suffered this time. I don’t think it’s a big deal!” Plus, the sky Elixir’s emissaries are coming soon-with them backing us up, even the sect master will have to give them face!”

The next morning, Mrs. Tang received the 100 million Yuan in her bank card and went to the sales office to return the villa. According to the agreement, although checking out would cost some processing fees, it would be easier to get cash!

The villa was in the best location in the real estate. The hidden tang family had used their connections to get it. The developer was not willing to sell it, but the hidden tang family wanted it, so they had no choice but to give it to them. Otherwise, the developer wanted to stay in the villa.

Mrs. Tang’s check-out was exactly what the owner wanted-she didn’t even say anything and even waived the handling fee! After all, the boss was also afraid of the hidden power of the Tang family. How could he dare to charge a handling fee for checking out?

However, he didn’t know who Mrs. Tang was. When he checked out, he called eldest brother Tang, who was hiding the Tang family, and told him about it.

Eldest brother Tang almost rolled his eyes in anger when he heard that mother Tang had gone to check out early in the morning. However, he still maintained his calm and said,”I understand.” He then rushed to report to elder Tang.

Although he wasn’t happy, he didn’t dare to stop mother Tang from checking out. He could only look for elder Tang to discuss a plan.

As for elder Tang, although he raised his eyebrows, he still calmly waved his hand and said, "Forget it, let it be-it's not for anyone else, it's for the sect master's mother. She might not like it, but we've done enough already-if anything happens in the future, as long as it doesn't hurt the sect's interests, she'll definitely help!"

"I guess that's the only way ..." Eldest brother Tang nodded helplessly, thinking that the sect master's mother was too greedy.

"What else is there? Wasn't today the day of the birthday banquet? I heard that the sky elixir sect has also sent an emissary to congratulate you. Why don't you go and prepare?" Elder Tang asked indifferently.

This eightieth birthday was the most glorious one he'd ever had-not only was the sect master here, but even sky elixir sect had sent a Messenger. (To be continued.)

Chapter 1672: How's your consideration?

Although it was more or less to keep up the front of the Hidden House you, and it was also because of the Ice Palace that they sent an emissary, the main character of this banquet was still elder Tang, so he was still very happy.

"It's ready ... Oh right, Xiaoxin told me yesterday that she wanted me to marry my daughter to you family's you Panhu. What do you think ..." Xiaoxin had been talking about it the whole night, wanting to marry Tang Yun to you Panhu!

At first, eldest brother Tang didn't want to acknowledge Tang Yun as his daughter. Even if he did, he couldn't take her back to the Tang family, mainly because of you Xiaoxin's face! Now that he couldn't rely on the Ice Palace, he had to rely on house you's support to secure his position as the head of the Hidden House Tang!

However, he didn't expect that you Xiaoxin would take the initiative to ask him to acknowledge this daughter as part of the Tang family and marry her to the hidden you family's second young master, you Panhu! While eldest brother Tang was amazed, he also secretly calculated this deal in his heart. Thinking about it, it was quite cost-effective!

I'm just a cheap daughter, but I acknowledged her and directly married the hidden you family's second young master, you Panhu. Although she's not a blood-related young master, this is already not bad! You zhentian's son couldn't possibly marry Tang Yun, whose identity was unknown!

Therefore, eldest brother Tang only pondered for a while and agreed. He thought that Xiao Ming wouldn't have any objections. She should be very happy to let her daughter acknowledge her ancestors and family. And Tang Yun, a civilian girl who grew up in the common people, suddenly married the second young master of the hidden right family. It was equivalent to a pheasant turning into a Phoenix. It was a lucky thing!

However, eldest brother Tang's promise didn't count. Old master Tang had to agree first! Although eldest brother Tang was the head of the family, this kind of big matter of acknowledging the ancestors and returning to the clan still needed old master Tang's decision. He didn't dare to rashly make his own decisions.

“Oh? Your daughter? Are you talking about Xiao Ming’s daughter?” Elder Tang was slightly taken aback, “Didn’t you always oppose to acknowledging her back? I’m afraid that Xiaoxin’s side would have other thoughts. Why did she take the initiative to mention this this time?”

“I heard that you Panhu already knew Tang Yin back in Songshan, and he’s even expressed his love for her. He wanted me to marry Tang Yin to him during this birthday party, so he wouldn’t dote on his nephew. I think it’s good for our family, but I still want to ask for your opinion, father!” Said eldest brother Tang.

“Just like you said, this is a good thing! This way, it can be considered that we’ve found a good home for Xiao Ming. I heard that the hidden you family’s second young master’s alchemy level isn’t bad. He has some ability. If that child marries him, he won’t suffer a loss!” Elder Tang nodded his head in agreement.

These people, they’d decided on Tang Yin’s marriage without even thinking about whether she’d agree or not, and they’d never asked for her opinion! From their point of view, Tang Yun was like a pheasant that had turned into a Phoenix. They couldn’t be happier. From Mrs. Tang’s standard, they could tell that their family’s living conditions were average. It was a great thing to be able to marry into the Hidden House you!

Lin Yi brought Xiaoxiao and Tang Yun to the banquet hall right before the start of the banquet. Lin Yi didn’t have a good impression of the Hidden House Tang, so he just randomly found a seat and sat down. Old man Tang, Bing Tang, and the others weren’t here yet. He didn’t think that these important guests would show up until a few minutes before the banquet started!

“This old man Tang is really ostentatious. What the hell is he doing? I’m starving to death. Why didn’t he serve the dishes?” Xiaoxiao frowned. She didn’t know how to participate in this kind of celebration at all, and started looking for good food the moment she arrived.

Feng Xiaoxiao’s words immediately attracted the angry glares of a few Tang sons, but those who knew Feng Xiaoxiao’s identity quickly stopped them and warned, “That’s the sect sister of the sect master-if you don’t want to die, then go!”

And so, the tangs all stopped-the sect sister of the sect master, wasn’t that the future sect master? Who would dare to provoke him with such an identity?

Sure enough, the birthday banquet was set to start at 9:00 am. At 8:50 am, old master Tang walked to the main seat, surrounded by eldest brother Tang, second brother Tang, and the others. After old master Tang sat down, eldest brother Tang walked to the stage at the front of the banquet hall. He didn’t pick up the microphone like ordinary people, but instead said in a confident tone, “Welcome, guests, all members of the Tang family to my father’s eightieth birthday!”

Eldest brother Tang was a practitioner, and his voice was loud even without the microphone. As soon as he finished speaking, there was a burst of applause from the audience. Of course, the clapping people were all the Tang disciples who were sucking up to him. Lin Yi, Feng Xiaoxiao, and Tang Yun, however, ignored it.

“Today is my father’s eightieth birthday, and it’s our honor to have a few noble guests present, bringing light to house Tang’s humble dwelling. Next, let us invite the sect master of the Ice Palace, the emissary from the sky elixir sect!” After saying that, eldest brother Tang made a gesture of invitation ...

Another round of applause rang out from the audience. This time, the guests were all members and close relatives of the Hidden House Tang-there was no one like Tang Yun's family. These people were all relying on the tangs to survive, and so the Ice Palace Master and the sky elixir sect's emissaries coming here-just how noble were they?

The guests felt that it was a big deal. Normally, it was already a big deal for the heads of the hidden houses to come to their birthday, let alone the Ancient Ones. The Hidden House Tang's appearance was a unique and unique honor!

Rock Candy arrived first, but he didn't go on stage to say anything. Instead, he sat down next to elder Tang, while Qing, Ming, Mrs. Tang, and Tang Jucheng sat next to him.

The emissary from the sky elixir sect was a young man in his thirties. He had an aquiline nose, sharp eyes, and a feminine face. However, he was very arrogant, as if he was on the same level as Bing Tang. After he came in, he sat down at the table of the lead disciples.

He wasn't the sky elixir sect's young master, but he was still the direct disciple of the sky elixir sect's master. He could be considered the young master's junior Brother, and naturally, he had the right to be arrogant. Plus, he was already a golden class second level refiner, which was very rare for someone his age!

He didn't take any youth-retaining pill, and he was indeed only in his thirties!

This time, he came here for two purposes. One was to support the face of the hidden you family, and the other was to send a message to Rock Candy on behalf of the young master, asking her if she still wanted the ice heart Jade bone pill!

"Sect master, the young sect master asked me to ask you something-what do you think of that thing?" The sky elixir sect's Messenger asked directly after sitting down. (To be continued.)

Chapter 1673: -great joy

Although he was only an earth-class practitioner, because of his identity as an Alchemist, he didn't seem to care about the rock Candy at all.

Plus, the sky elixir sect was used to being arrogant-so what if they had Sky Class Masters? If they wanted pills, they would just have to beg the sky elixir sect for help.

"What is it? I don't understand what you're saying." Rock Candy frowned slightly and replied indifferently.

"Haha, looks like you're too forgetful, sect master-what do you think about the young sect master's offer to make you his wife?" The sky elixir sect's emissary didn't seem to mind at all, and he said directly,"The young sect master has already convinced the forefather. With the forefather refining the pill himself, the success rate of the icy heart Jade bone pill will be greatly increased! Then, the sect master will get what you want ..."

"Young Madam? A mistress, right?" Bing Tang snorted coldly, looking at the emissary from the sky elixir sect. "Don't even think about it. Even if I'm the second wife, I won't go to the sky elixir sect ..."

The various relatives of the Tang family sent representatives and sent out gifts in order. The gifts ranged from antiques to calligraphy and paintings. Of course, the most popular ones were spirit herbs and elixirs. In the blink of an eye, it was the Hidden House of you's turn to present gifts!

The you family's representative was you Panhu. A person with you zhentian's status naturally couldn't go on stage to present the gift in person, so you Panhu did it on his behalf!

"Uncle, I wish you well on behalf of the Hidden House of you. This is the Hidden House of you's list of gifts. Fifteen spirit gathering pills, three Foundation pills, five nerve opening pills, five small Qi gathering pills ..." You Panhu listed a lot of pills. Of course, some of these pills were made with the help of the sky elixir sect. For example, the Hidden House of you had a high failure rate of refining a golden class second level pill like the small Qi gathering pill!

The small Qi gathering pill was the lower-tier version of the Qi gathering pill, but according to Liju, the original one was already a simplified version-it was actually just a small Qi gathering pill, but the small Qi gathering pill he was talking about now was even lower-it could only increase Qi, it didn't have the effect of breaking through bottlenecks, so this thing only increased Qi a little more than the Qi gathering pill.

But even so, at the level of hidden houses, it was still a precious existence!

"Good, good, good! That's great!" After eldest brother Tang heard the names of these pills, he was immediately overjoyed."My good nephew, you can stand here and wait for a while. While we're in a good mood today, I have another big announcement to make!"

"Yes, Uncle!" You Panhu seemed to have realized something, and a trace of joy flashed in his eyes as he looked at Tang Yun's table not far away ... It was obvious that his aunt's words had taken effect yesterday, and his uncle's side had made the decision to marry Tang Yun to him!

"Today is my father's eightieth birthday, and I have a piece of good news as well. My long-lost daughter has finally been found. She's the daughter of my third wife, Xiao Ming, who was lost by some unscrupulous servants. It's been so many years, and I've missed her every moment ..." Tang boss lied without blushing. Lin Yi really wanted to throw a wine bottle at him, but Tang boss continued,""Xiaoming, Tang Yin, you guys can come up ..."

Chapter 1674: Conflict at the birthday banquet (part one)

Xiao Ming was a little overwhelmed. She obviously didn't know about this arrangement in advance, so after listening to eldest brother Tang's words, she couldn't help but turn to look at Bing Tang. Bing Tang also frowned, thinking that this eldest brother Tang was really good at putting on a show!

However, at this time, she couldn't say anything. It was better to leave it to her aunt, so she said,"Aunty, you decide!"

"Then ... I'd better go up. After all, it's the old man's big day. It wouldn't be good if I didn't go!" Xiao Ming was a kind person. Although she had already decided to leave the hidden tang family, she still didn't want to embarrass the Tang family on such a happy day. She decided to bring this up later!

Rock Candy didn't say anything. This was her aunt's decision, and she couldn't interfere.

Xiao Ming went up the stage, but Tang Yun didn't want to go up at first. She didn't have a good impression of this father who abandoned her back then. In her heart, she had never even acknowledged boss Tang as her father! She recognized Xiaoming as her mother, but her father only saw Tang Jucheng as her father!

At this time, Ming went up, and Tang Yin was in a difficult position. Her mom was already going up, if she didn't go, wouldn't she make her mom lose face? She didn't care about eldest brother Tang's face, but she couldn't let her biological mother down, right?

Tang Yin looked at Lin Yi, troubled. She didn't know if she should go up or not.

"Lin Yi ... I ..." Tang Yun was very nervous and didn't know what to do.

"It's okay, I'll go with you!" Lin Yi smiled, "this is a good chance to tell him that you have nothing to do with him. You and your mother, aunty Xiao Ming, are moving back to Songshan. They're hiding house Tang. We can't reach them!"

"This ... I don't think it's a good idea ..." Tang Yun was stunned. Saying something like that in a place like this was the same as slapping the Hidden House Tang's face.

However, Lin Yi didn't say anything. He had already stood up! Tang Yin had no choice but to follow Lin Yi up the stage.

The crowd saw Lin Yi also stand up and walk towards the stage, and they suddenly felt a little strange. They didn't know where he came from, and even boss Tang frowned. He didn't know who Lin Yi was, and this was the first time Lin Yi appeared in the Hidden House Tang!

However, boss Tang couldn't scold Lin Yi in front of everyone. He could only look at Lin Yi and Tang Yun walking over together. He ignored Lin Yi and waved to Tang Yun, "Tang Yun, my daughter, I finally get to see you! I've missed you! But fortunately, the heavens have eyes, and I found you!"

"I ..." Tang Yun's eyes went wide. She didn't think that her "father" could lie to her face, and so smoothly at that. She couldn't answer.

"Haha, daughter, today is your grandfather's birthday. However, I still have something important to announce!" "The hidden you family's second young master, you Panhu, is a talented man and has reached the age to start a family and career. It's said that you and he have known each other for a long time and have a good relationship. This time, I'll make the decision to betroth you to him!" Said eldest brother Tang.

"Ah?" Tang Yin froze-her father's lies were enough to make her feel at a loss, and now he was talking about a marriage!

"Many thanks, uncle!" However, before Tang Yun could say anything, Yu Panhu took the lead and stepped over, standing in front of Tang eldest brother and cupping his hands to thank him.

"Hehe, we're even closer now! What's there to thank?" Boss Tang laughed and said.

Xiao Ming was also a little confused at this moment. What the hell is going on? eldest brother Tang didn't tell her before. It was normal to recognize relatives, but she didn't know anything about Tang Yun's betrothal to you Panhu of the hidden you family!

“Are you two retarded? Who are you to Tang Yin? Betrothal? I think it’s more like you betrothed yourself to him as a gay friend.” A cold voice sounded just as youpan Hu and boss Tang were getting excited. Lin Yi grabbed Tang Yin’s hand and looked at boss Tang as if he was looking at a lunatic.

“Kid, Who are you? Are you deliberately here to cause trouble?” Boss Tang was a little surprised. He thought that Lin Yi was an eyesore, but he didn’t take him seriously. He didn’t expect Lin Yi to say something like that in front of everyone, putting him in a difficult position!

This time, eldest brother Tang’s face was greatly lost. The guests below the stage were also in an uproar. They didn’t know what was going on. What was happening?

“I’m here to tell you that Tang Yun has nothing to do with the Hidden House Tang. Don’t think too highly of yourself, you’re not fit to be her father!” “Plus, aunty Ming’s coming with us,” Lin Yi said faintly, “we’ll have nothing to do with the Tang family anymore!”

“You ...” Tang eldest bro’s face turned red from Lin Yi’s words. He’d never been so embarrassed before. He was so excited to acknowledge his family, but Lin Yi didn’t seem to have any intention of acknowledging him at all!

From Tang eldest bro’s point of view, if the hidden tang family were to acknowledge their family, it would be an extremely glorious thing. Even if Tang Yun’s sister was Rock Candy, she was born into a poor family. Just by looking at Mrs. Tang’s face, he could tell how greedy and vain her family was!

But what Tang boss didn’t expect was Lin Yi’s interference-he didn’t even want Tang Yin to acknowledge him!

“Uncle, this kid is the one who hurt people yesterday, his name is Lin Yi. Not only did he hurt me for no reason, but he also made the Hidden House you’s master, blue hair, into a vegetable!” Yu Panhu didn’t expect Lin Yi to reject Tang boss’s suggestion, but he wasn’t worried at all!

If Lin Yi were to talk nicely and ask Tang Yin to beg boss Tang not to marry him, then boss Tang wouldn’t be able to force Lin Yi to do anything for the sake of Rock Candy! But Lin Yi rejecting Tang boss’s suggestion so directly was like a slap in the face!

Even if Tang Yun had a sister as the sect master, she was still eldest brother Tang’s daughter-how could he just let this go? If they were to swallow this insult, then the hidden tang family’s face would be completely lost in the future!

Therefore, the right coiled Tiger was overjoyed. ‘Kid, I’ll let you show off. Aren’t you awesome?’

I’d like to see if my arm can twist over my thigh today! You’re just the boyfriend of Rock Candy’s sister, not even part of the Ice Palace. The Hidden House you, on the other hand, has the support of the sky elixir sect’s emissary! (To be continued.)

Chapter 1675: Conflict at the birthday banquet (2)

It could be said that both sides were evenly matched, but the key problem was which side the Hidden House Tang would lean towards. Boss Tang was now forced into a dead end, either he intimidated the Ice Palace to compromise with Lin Yi, or he could only rely on the Hidden House you to get the support of the heavenly elixir sect!

“So he’s a troublemaker!” Eldest brother Tang laughed coldly, pretending not to know who Lin Yi was. “You’re not welcome here. I’m talking to Tang Yun about the Hidden House Tang’s business. Please mind your own business and stay out of this!”

Eldest brother Tang saw youpan Hu jump out, and knew that things weren’t looking good. He seemed to have seen through youpan Hu’s thoughts, but he didn’t want to offend the sect master that he’d worked so hard to get on his side. He could only yell at Lin Yi as if it was a big deal.

“An outsider? I think you’re the outsider here. ” “Tang Yin’s never acknowledged you as her father,” Lin Yi said faintly, “we’re only here to tell you that we’re taking aunty Ming away from here, that’s all!”

“What’s your relationship to Tang Yin? You said all this?” Eldest brother Tang suddenly saw Lin Yi holding Tang Yun’s hand and instantly understood. So there must be something going on between this kid and Tang Yun. No wonder he was in such a rush to stand up for her!

But, if boss Tang remembered correctly, Lin Yi should be Feng Xiaoxiao’s boyfriend, which meant that he was Bing Tang’s junior sister’s husband! Who was Feng Xiaoxiao? The next Master of the Ice Palace, her man, was cheating on her?

As a result, eldest brother Tang thought of a way to divert the disaster. After all, he would never have thought that the future sect master would agree to her man cheating on her, and to Bing Tang’s sister at that!

“Kid, you seem pretty close to Tang Yin. Aren’t you the hero Feng Xiaoxiao’s boyfriend? I advise you not to interfere too much and cause a family conflict!” Youpan Hu’s eyes were on fire when he saw Lin Yi holding Tang Yin’s hand. He said that on purpose for Xiaoxiao and Bing Tang to hear!

He wanted to drive a wedge between Lin Yi, Bing Tang, and Feng Xiaoxiao, isolating Lin Yi.

“Tang Yin’s my girlfriend, after all.” Lin Yi looked at him and said faintly, “Is there a problem?”

As Lin Yi spoke, his body didn’t stop for even a second—he kept on creating energy bombs! One had to know that the Tang elder was a Sky Class master—even if he was at the early phase, Lin Yi would still have to suffer if he were to fight! Lin Yi needed to have a way to protect himself!

If they couldn’t hold on any longer, they could just throw a bomb at elder Tang. Whether or not it could kill him, it would be a form of intimidation.

“Gah?” Boss Tang was dumbfounded, and so was coiling Tiger. They didn’t expect Lin Yi to answer like that! Boss Tang had been trying so hard to get Lin Yi out of this, to get him out of the internal affairs of house Tang, but Lin Yi just said that Tang Yun was his girlfriend, so naturally, he could interfere in Tang Yun’s business!

After a brief moment of shock, he wasn’t too angry. He looked at Xiaoxiao with a mocking expression, then turned to Lin Yi, “No way? Did I hear it wrong? Aren’t you the boyfriend of the sect master? Could it be that you’ve shifted your love to someone else, or are you cheating on me?”

It was a bit of a question, but the enmity between him and Lin Yi was irreconcilable. He wanted to make this a big deal, and so he purposely pushed Xiaoxiao and Bing Tang to see how they would react!

“Both, can’t I?” Lin Yi looked at him like he was an idiot, “With your intelligence, you don’t need to think anymore. You might as well be with that blue-haired guy. You can be an idiot too!”

“You ...” Youpan Hu jumped in shock. He subconsciously took two steps back, trying to get away from Lin Yi, but he didn’t expect to fall off the platform as he was standing at the edge of the platform.

Although he was a cultivator, it was still very painful to fall like this without any preparation. He grimaced in pain and only got up after a long time.

Youpan Hu’s actions caused the guests to burst out in laughter-boss Tang frowned and cursed at his nephew for being an idiot. They had the advantage, but now everyone’s eyes were on him-the sect master and Xiaoxiao were under less pressure!

“Both? Do you think we’ll believe your words? Think about what Feng Xiaoxiao’s hero status was. How could the future master of the Ice Palace share the same man with another woman? Your joke is not funny at all!” Eldest brother Tang brought the topic back.

“It’s fine if you don’t believe me. Is there something wrong with you, old thing? I’m the small wife, Tang Yun sis is the big wife, what’s so hard to understand? Do you think you can understand it just because you’ve married so many wives?” Feng Xiaoxiao couldn’t hold it in anymore and stood up.

“Gah?” Boss Tang was dumbfounded as he looked at Xiaoxiao, who stood up all of a sudden. As far as he was concerned, Xiaoxiao would definitely stand up and say something, but she would probably pull Lin Yi back in anger so he wouldn’t continue to “embarrass” himself, not support him!

Eldest brother Tang never would’ve thought that the next Master of the Ice Palace would be Lin Yi’s mistress! What kind of logic was this?

“Sect master, it seems like you people lack rules? We ancient sects and Noble houses respect customs the most-parents “orders and matchmakers” agreements are the rules. Whoever Tang Yin’s parents betroth her to is up to them, what’s wrong with your people interfering?” The one who spoke was the sky elixir sect’s emissary. He had been holding in his anger for a long time, and now that he had the chance, he stood up and spoke in a neutral tone.

“You’re right, what does our sect’s matters have to do with you? Who Do You Think You Are?” Feng Xiaoxiao stood up and glared at him, “What’s the deal with your sky elixir sect?”

The sky elixir sect’s Messenger was about to explode when he heard Xiaoxiao’s words. He’d been slapped by Rock Candy before, but he didn’t dare say anything, but he wasn’t afraid of Xiaoxiao! Xiaoxiao was the next Master of the Ice Palace, but she was still not.

Plus, the sky elixir sect’s emissary’s status wasn’t low either. He was the junior Brother of the young sect master, and the sect master’s direct disciple. In theory, he would be a future elder of the sky elixir sect, so his status and position were similar to Feng Xiaoxiao’s! (To be continued.)

Chapter 1676: Conflict at the birthday banquet (part two)

Most importantly, Feng Xiaoxiao was only a golden class master, while the sky elixir sect’s Messenger was an Earth Class mid phase master. Although he majored in alchemy, an Earth Class master couldn’t even beat a golden class early phase master-he might as well die.

And so, the sky elixir sect's emissary was enraged. He moved and reached out to grab Xiaoxiao, wanting to teach her a lesson!

"Xiaoxiao, be careful!" Lin Yi had prepared the energy ball for elder Tang, but he didn't expect the sky elixir sect's idiot to make the first move. Lin Yi had no other choice, so he grabbed the energy ball and tried to blast it at the sky elixir sect's envoy!

However, Lin Yi didn't want to reveal his trump card too early. At the moment, only the sky Class girl knew the theory behind the energy bomb, so Lin Yi could use it against elder Tang. However, a trump card was called a trump card because it wasn't known to others. If others knew about it, what kind of trump card would it be?

"Raging flames of fury!" The sky elixir sect's Messenger was using a technique that was related to alchemy fire. This was also the technique that most of the alchemists in the sky elixir sect practiced. They used alchemy fire as an offensive weapon and technique, so they didn't have to waste their energy on other techniques!

The raging flames of fury was a basic technique of the refiner, using Qi to activate the refinement fire in the body to hurt the enemy, but the strength of this technique was related to the refiner's level and the nature of the refinement fire. The raging flames of fury was the most basic fire element refinement fire technique-it didn't deal much damage, but it was still an Earth Class technique, and it would be a piece of cake for it to hurt a golden class early phase like Feng Xiaoxiao!

However, before Lin Yi could do anything, Rock Candy made his move! As a Sky Class, how could she just watch an Earth Class attack her sister without realizing it?

"What's wrong? Do you want to make a move?" Rock Candy casually waved his hand, and the fire dragon-like flames immediately froze into ice cubes and fell to the ground, shattering into pieces! Because the fire was frozen in an instant, it was sealed in ice. It was like an ice lamp, leaving an afterimage in people's sight before the flame was extinguished.

"Hmph!" Seeing that Rock Candy had made a move, the emissary from the sky elixir sect knew that he wouldn't be able to gain anything, so he could only say hatefully, "I'm just warning her not to meddle in other people's business!"

Then, the alchemy school's Messenger jumped onto the stage as if he was looking for trouble. He said to boss Tang, "Today, my sky elixir sect will be the witness of the marriage. Eldest brother Tang's daughter will be married to your family's Panhu! If anyone doesn't agree, that means you're going against the sky elixir sect!"

The sky elixir sect's purpose here was to support the Hidden House of the right. If they showed weakness now, not only would the sky elixir sect lose face, but the Hidden House of the right would also have to follow behind the sky elixir sect and help them like dogs.

"May I ask, how many daughters does eldest brother Tang have?" Lin Yi interrupted.

"Of course, there's only one-Tang Yin, who we just got back!" The sky elixir sect's Messenger said as he looked at Lin Yi provocatively. He'd been taken advantage of by Rock Candy over and over again, so he wanted to get back at Lin Yi. "Kid, you'd better be smart and think about who you are-you're just the

boyfriend of the sect master of the Ice Palace. We sky elixir don't even care about them, much less a relative like you! I'm an Alchemist, don't get yourself into trouble!"

The sky elixir Messenger sounded like he was trying to act cool, but it was the truth. With their position, they didn't need to fear the Ice Palace at all, and that was why the young master had dared to make candy his concubine!

It was precisely because of the incomparably revered status of an Alchemist that the sky elixir sect had the capital to be so arrogant!

"Oh, are you done?" Lin Yi asked.

"I'm done, but kid ..." The sky elixir sect's Messenger didn't even get to finish his sentence before Lin Yi interrupted him!

"Since you're done, then go to hell!" Lin Yi threw an energy bomb at the sky elixir sect's Messenger, but this energy bomb was surrounded by a layer of water refinement fire. It looked like the "raging flames" that the sky elixir sect Messenger used just now, a unique technique of the elixir Masters, except that Lin Yi changed the fire element to the rarer water element!

The fire was just a cover-the real power came from the energy bomb Lin Yi shot out! However, the amount of time Lin Yi could gather was limited, and he couldn't cause too much damage to the sky elixir sect's Messenger!

But Lin Yi didn't have the intention to kill the sky elixir sect's Messenger on the spot-he wasn't an idiot. Even Sky Class girls didn't dare to kill him on the spot, and with his background, killing him would be suicide.

But even if he couldn't kill him, he had to teach him a lesson. Lin Yi's "raging flames of anger" was also a way to build up his "background"! There were many versions of Lin Yi's story in the world now, saying that he was a disciple of some big house or sect ...

However, Lin Yi knew best whether that was the case or not. Lin Yi came from a grassroots background, where would he have any powerful background? So the more tricks he had up his sleeves, the more these ancient sects and hidden houses would fear him, and this gave him some time to catch his breath. When they'd finally be able to react, he'd be ready.

"BOOM!" The sky elixir sect's Messenger was sent flying by Lin Yi's attack. He fell to the ground and spat out a mouthful of blood. His clothes were all burnt by Lin Yi's alchemy fire, and his naked upper body was a mess!

Of course, this was just his appearance. In fact, he had not suffered too serious of an injury! This was Lin Yi's perfect timing!

The sky elixir sect, the Hidden House you, and the Hidden House Tang were all enemies now-they wouldn't make a move on Lin Yi because he had the Ice Palace backing him!

Lin Yi could tell that the sky elixir sect wasn't strong enough to take over the Ice Palace, and so as long as he didn't kill the messenger, they wouldn't come looking for trouble!

And now, since the grudges were already formed, Lin Yi naturally had to teach this sky elixir sect envoy a lesson!

“Alchemist, Alchemist, who doesn’t seem to be one?” Lin Yi’s lips twitched, “you hit my small wife first, and now you’re pointing fingers at my big wife. Who Do You Think You Are?” He’s just an emissary from the sky elixir sect, you think he’s the young master of the sky elixir sect?” (To be continued.)

Chapter 1677: Chased out of the house

The guests and the Hidden House Tang and hidden house you’s people who were suspicious of Lin Yi’s martial arts suddenly understood after hearing Lin Yi’s words. So, Lin Yi was also an Alchemist? No wonder it was also an Alchemist’s martial technique!

However, Lin Yi’s move caused an uproar in the room! Lin Yi had the nerve to hit the sky elixir sect’s Messenger-it was a slap to the face!

At this moment, even rock Candy was a little impressed by Lin Yi-this guy was really a hero! Thinking back, when she carried Feng Xiaoxiao away, didn’t Lin Yi also explode in anger and wanted to fight her?

The Ice Palace’s last attack probably crossed Lin Yi’s bottom line-he blocked it, but he remembered it and was going to take revenge soon.

However, Lin Yi’s method of revenge was something that even rock Candy was surprised at. Rock Candy understood Lin Yi’s trump cards, and he also knew the background of Lin Yi’s identity as an Alchemist, so his move wasn’t a secret in rock Candy’s eyes. However, in other people’s eyes, it became a real Alchemist’s martial art!

That way, whether it was the Hidden House Tang, house you, or the sky elixir sect, they’d all start making guesses about Lin Yi’s background-an Earth Class refiner, the man of the future sect master of the Ice Palace, and even the sect master was willing to be the mistress, his identity ...

Rock Candy shook his head in his heart-this Lin Yi really knew how to create a scene, what kind of status did he have? If he had status, he wouldn’t have stayed outside the Ice Palace for half a month without eating or drinking!

“Wayayayayaya!” The emissary from the sky elixir sect crawled up from the ground, fuming with anger. As an Alchemist, his status was high and mighty. Not to mention the outside world, even within the sky elixir sect, no one dared to treat him like this. When had he ever received such treatment?

Boss Tang was also glaring at Lin Yi. The birthday banquet was supposed to be a good place, but he didn’t dare to do anything now. Lin Yi even dared to beat up the sky elixir sect’s Messenger, so what was he?

Besides, if eldest brother Tang was going to make a move, would the sect master do the same? Would Qing Zhu make a move? Qing wasn’t the only sky Class mid phase master, even if it was just Rock Candy alone, he, old man Tang, and the sky elixir sect’s Messenger wouldn’t be able to take him on!

“Xiao Ming, look at your child! You can tell her that she still wants to acknowledge you and me as her parents and acknowledge the Tang family. She has to listen to me and agree to the you family’s marriage, and then we can forget about the previous unhappiness!” Eldest brother Tang wanted to say

something more to Lin Yi, but decided against it after some thought. Who knew if this guy would suddenly attack again?

And what made Tang boss suspicious was that Lin Yi seemed to have a very strong background. Even Rock Candy didn't dare to go against the sky elixir sect's Messenger, yet Lin Yi had the guts to injure him. Who was he using?

Even Tang boss didn't believe that Lin Yi was using the Ice Palace's power, but this Lin Yi wasn't stupid—he knew what was going on, and if he dared to make a scene like this, then he had something to back it up!

However, before Xiao Ming could say anything, the emissary from the sky elixir sect spoke first, "Eldest brother Tang, you better tell me frankly today. If there's him, then there's no me. If there's me, then there's no him! Either you chase him out, or I leave!"

The sky elixir sect's Messenger had suffered a huge loss today, but it was impossible for him to get back at Lin Yi with his own strength. He could only use boss Tang's identity as the master to drive Lin Yi away, and at least he could get back some face.

"Lin Yi, I don't care where you're from, but this is house Tang's business. Please leave!" Eldest brother Tang said to Lin Yi with a dark face.

"What's wrong, eldest brother Tang? you don't welcome our Ice Palace's guests?" Bing Tang asked coldly. Things had already gone out of the ice Palace's expectations, and the relationship between the Ice Palace and the Tang family was over!

Rock Candy didn't know what was wrong with eldest brother Tang. He took the initiative to come up with a marriage bestowment matter. Was he simply a lunatic?

"This ..." Eldest brother Tang didn't dare to go against the heaven defying Elixir's Messenger's wishes and wanted Lin Yi to leave, but he didn't have the intention of letting the Ice Palace leave with him!

"Big brother Tang, the sky elixir sect and the Ice Palace are irreconcilable. You should make your own decision whether they leave or I leave!" The emissary from the sky elixir sect said sinisterly.

"This ... Tang Yin, I'll ask you one more time, do you still acknowledge house Tang?" Eldest brother Tang's heart was filled with sorrow. If he had known this earlier, he would have agreed to the marriage with you Xin. Now that it had come to this, he could only give up one!

After weighing the pros and cons in his heart, eldest brother Tang decided to choose the sky elixir sect and the Hidden House of you! After all, the Hidden House of the right was his wife's family, and the sky elixir sect was the Hidden House's backer. If he chose the Ice Palace, not only would he offend the sky elixir sect, he would also lose the Hidden House of the right's support. That bit of support from the Ice Palace wouldn't be important anymore!

Plus, the Ice Palace didn't have a good impression of the hidden tang house—they could just give it up!

"Acknowledge the Tang family? We didn't even acknowledge it! As for aunt Xiao Ming, we will naturally take her away." Lin Yi looked at Tang boss and said word by word.

“Good, very good! Tang Yun, Ming, once you step out of this house, you’ll have nothing to do with the Hidden House, and you don’t have to come back! I don’t have a daughter like you, and I don’t have a wife like you!” “Take care of yourself!” Said eldest brother Tang, pretending to be regretful.

“You’ve always thought this way, right? Now that you’ve lost your value, you can get lost, right?” Lin Yi looked at boss Tang mockingly. “We can leave, right now, but I’ll give you a piece of advice-if you lower your head and beg Tang Yin for forgiveness for what you did back then, she might still acknowledge you as her father. She might even help you out when you’re in trouble in the future! However, I’m a person who can be persuaded by reason but not cowed by force. The more you act like this, the better. We don’t owe each other anything in the future. Big bro Tang, we’ll meet again!”

“Ha? Would I ask for her forgiveness? When I’m in trouble, I’ll ask him to help me? What a joke! Hahaha!” “Are you dreaming?” boss Tang burst out laughing.

“Ha ...” Lin Yi smiled, “You can also treat it as a dream. Alright, that’s all I have to say! Elder Tang, I wish you a Happy Birthday. I hope you can celebrate it again next year!”

With that, Lin Yi held Tang Yin’s hand and strode towards the entrance of the hall, no one daring to stop them!

Elders brother Tang didn’t dare, and neither did old master Tang-if they were to make a move now, they’d really be going against the Ice Palace! (To be continued.)

Chapter 1678: separation again

Right now, they’d just cut off all ties with the Ice Palace-with their status, they naturally wouldn’t go after a lower-level house like the hidden tang.

As for the higher levels, the fight between the Ice Palace and sky elixir sect, it had nothing to do with the Hidden House.

Lin Yi had successfully built up his aura and borrowed it. If it weren’t for his illusory and unpredictable martial skills, if it weren’t for the Sky Class girl sitting here, Lin Yi wouldn’t have been able to leave the Tang house today. But now, not only did he leave, he even stepped on boss Tang a few times.

However, Lin Yi wasn’t happy at all. He had a deep desire for strength! If he was a Sky Class master today, he would’ve killed the sky elixir sect’s Messenger without hesitation, not just teaching him a lesson.

Bing Tang, Xiao Qing, Mr. And Mrs. Tang also walked towards the entrance of the banquet hall with Xiao Ming ...

It was supposed to be a happy day for the Hidden House Tang, but Lin Yi had ruined everyone’s mood. Elder Tang sighed-it really was a case of a snake swallowing an elephant when its heart wasn’t content. If he’d known this earlier, he wouldn’t have been in such a rush to get closer to the Ice Palace, and all this wouldn’t have happened, and he wouldn’t have offended them for no reason.

Lin Yi and the others had left, but after the mess, the banquet couldn’t go on anymore. Many of the steps that were supposed to be taken were skipped, and the entire banquet started and ended in a

hurry. It didn't look like a birthday banquet at all, but more like a funeral. No one dared to say anything, all eating with dark faces.

The sky elixir sect's Messenger, on the other hand, left after Lin Yi and the others left because of the embarrassment they'd lost. House Tang might've chosen the sky elixir sect in the end and chased Lin Yi and the others away, but the sky elixir sect's Messenger didn't feel any sense of victory.

At the end of the birthday banquet, old master Tang whispered a few words to eldest brother Tang, who once again walked up to the stage and said to the guests, "I hope everyone will keep today's events to themselves. Don't tell anyone about it. It'll affect the sky elixir sect's reputation, and I'm sure everyone knows the consequences!"

These people were all relatives and clansmen of house Tang. They relied on house Tang for their survival, and since eldest brother Tang had given them an order, they naturally wouldn't gossip about it. Besides, since it involved the face of the sky elixir sect, they couldn't say anything about it. No one would complain about their long life!

Therefore, everyone nodded one after another after receiving eldest brother Tang's instructions, not daring to have the slightest doubt!

The Hidden House you didn't stay for long after the banquet ended. They left with the sky elixir sect's Messenger.

Of course, you zhentian didn't have any objections to the hidden tang family. They left in a hurry because they had to accompany the emissary from the sky elixir sect. They couldn't let the emissary leave alone, could they?

Relatively speaking, you zhentian was quite satisfied with the choice the hidden tang family had made today. This way, the hidden tang family was tied to the interests of the hidden you family and the heavenly elixir sect. They had no choice and could never turn back.

Lin Yi only let out a long breath after returning to the hotel. He did take a bit of a risk today. Looking at the half-smile on Bing Tang's face, Lin Yi felt uncomfortable all over. "Sky Class girl, What are you looking at me for?"

"I didn't think you'd open my eyes today. You even dared to beat up the sky elixir sect. Aren't you afraid of their revenge?" Rock Candy couldn't understand Lin Yi anymore-this guy was willing to put down his pride and status for Xiaoxiao to beg for his sympathy.

But sometimes, they would rather die than submit, they would rather go against the sky elixir sect than compromise! But, no matter what, Lin Yi was doing it for Feng Xiaoxiao, for the person he loved. This made Bing Tang Gao look at Lin Yi, and at this time, he didn't think that Lin Yi wasn't good enough for Feng Xiaoxiao!

At least, he was worthy of Xiaoxiao's love!

"They're only taking revenge on you. I'm just a small figure. They won't be able to find me for the time being." Lin Yi said faintly, "besides, do you think that sky elixir sect's Messenger will tell us what happened today?" He'd lost too much face, and it wasn't his own problem-it was the face of the sky elixir sect! If he told them what happened today, sky elixir sect would be forced into a passive position,

and they wouldn't have the confidence to take down the Ice Palace. But if they didn't, wouldn't that be the same as admitting defeat? So as long as that emissary from the sky elixir sect isn't stupid, he'll keep silent. As for the Hidden House Tang and the Hidden House you, no one would dare to talk about them, so I'm still very safe."

"It seems like you've already thought it through. You're not an impulsive person who doesn't care about the consequences." Bing Tang nodded. Lin Yi was right. Bing Tang thought about it as well. "However, your identity as an Alchemist has been exposed!"

"What I've exposed is only golden class level one or two, not too high nor too low. House you wouldn't even think highly of me, much less the sky elixir sect! But at most, they'll be suspicious of whether there's an expert guiding me from behind. But the more that's the case, the more mysterious my identity will be, and the more they won't dare to act rashly." Lin Yi said.

"It's good that you know." Bing Tang was quite satisfied with Lin Yi's answer. "Tonight, I'm going back with Xiaoxiao. Good luck. I hope that the next time I see you, you'll have strength that I'll look up to!"

"Don't worry, Xiaoxiao, Xiaoxiao wifey!" Lin Yi said with a smile.

Bing Tang took a deep breath and wanted to tell Lin Yi to get lost, but she held it in. She didn't want to destroy Lin Yi's ambition, so she decided to give him some hope. As for Mystic class first level and beyond Sky Class, Bing Tang never thought that Lin Yi could reach that level.

Thus, it didn't matter if he didn't reject him.

Lin Yi brought Tang Yin, Tang Yin's parents, and Ming to the town, and they parted ways with Bing Tang, Xiaoxiao, and Qing.

Feng Xiaoxiao looked at Lin Yi and Tang Yun, a little reluctant to leave. A few days of short stay made Feng Xiaoxiao feel like she was back in school. It was like back then, playing with Lin Yi and Tang Yun every day without any worries, but reality and imagination were different.

She'd wake up from her dream one day, and Xiaoxiao had to accept this.

"Lin Yi honey, you have to work hard too!" Xiaoxiao knew that if she broke through to Sky Class and Lin Yi didn't, it'd be a tragedy for the two of them! When she really needed to go to Sky Class Island, she didn't want to be alone!

"Hehe, Yingluo, good!" Lin Yi nodded, "don't worry. I'm not the only one who's going to work hard. I'll bring Yunyun, Yaoyao, and Shu to our old home in the West Star Village to see if there's any practitioner's Arts for them!" (To be continued.)

Chapter 1679: wrong information

As for the practitioner's Arts, Lin Yi had asked Rock Candy before, but the Ice Palace's practitioner's Arts were all suited for Ice-types, and not everyone could learn them. As for the other types, the Ice Palace didn't have any other types of practitioner's Arts-an ancient sect like the Ice Palace was different from the other ancient sects. They only accepted disciples based on their body type, so they didn't need other practitioner's Arts.

Of course, if it was just a normal practitioner's Arts, he could get a few, but there wasn't anything special about it, so Lin Yi probably wouldn't be interested in it! He had to find a suitable mental cultivation method every time he cultivated it. He couldn't just cultivate a random one to make up for the number.

"Alright, I'll be waiting for you at the Ice Palace!" Xiaoxiao hugged Lin Yi and tiptoed to kiss him on the cheek. She quickly let go of him and said to Tang Yun, embarrassed, "Don't be jealous, Tang Yun sis-if I don't kiss you now, who knows how long it'll be before I get to kiss you? you guys might be even more intimate then!"

Xiaoxiao was bold, but she was still shy with Tang Yun by her side.

"Of course I won't," "Take care of yourself, don't tire yourself out from training," Tang Yin smiled.

"Don't worry, Tang Yun sis!" Xiaoxiao nodded.

Just as Lin Yi and the others returned to Songshan, Zhao Qibing was waiting for the good news from the blood-clad yellow spring sect in the floating cloud Bar.

"I don't know if this yellow spring sect is reliable or not. It's been so long, and there's still no news. Has he taken care of Lin Yi?" Qibing waited for news every day, but it was always disappointing.

"Master Bing, this yellow spring sect may be a tyrannical sect, but they're not weak. If they send three or four Mystic late phase peak Masters, they should be able to take care of Lin Yi easily." Said elder Zhu.

At this moment, the Hidden House Tang's matter had not been spread out because eldest brother Tang had ordered all the guests to keep quiet about the birthday banquet, so it was normal that the other hidden houses did not get the news.

"Forget it, let's not talk about this for now. Cihua, how's the business going?" Zhao Qibing had spent ten million to kill Lin Yi. It wasn't a lot, but for someone like him who was eager to contribute to house Zhao, losing money was the same as earning less.

"The new Qibing skyscraper is almost complete, and the transformation of the shantytown is in progress." "I've decided to rebuild the Qibing skyscraper in the shanty town this time. I'm planning to sell the land I got for cash or rebuild it into a shopping mall," Cihua said.

"Oh? Why did you rebuild it in the shanty town?" Qibing asked, surprised.

"That place ... It's a bit inauspicious that the building collapsed twice, so I decided to build it in the shantytown area. It'll be more convenient to do it together with the reconstruction of the shantytown ..." Cihua said. "Master Bing, didn't you say that I'll make the decisions for the business and not disturb your cultivation? I thought it wasn't a big deal, so I made the decision."

"Oh, I see. It's not a big deal!" Zhao Qibing nodded, "it's better to move to another place. That place made me sad when I saw it. It reminded me of the humiliation of my broken leg and the two collapsed buildings. Moving to another place is a good place for a new beginning!"

"Okay, but we haven't reached an agreement with the orphanage yet. The old principal has a bad temper and she's stubborn. I tried to scare her once, but she didn't do anything!" "After that, we got into a lot of trouble. Yaowang and uncle Zhu were both injured, so we didn't bother them anymore. Master Bing, what do you think ..." Cihua said.

“Damn it, Lin Yi’s too cocky to build a small, broken orphanage? Bring some people and scare them again. If they still don’t listen, then burn them down and see if they can move away!” Zhao Qibing was now a core member of house Zhao, and his tone was naturally a lot more arrogant.

“Yes, master Bing! I’ll bring some people over to give them a warning.” Cihua said.

While they were discussing the real estate development, a Man in Black walked into the floating cloud Bar. He was the contact of the blood-clad yellow spring sect!

Su jiaonang didn’t stop him and followed the man into the room. The man stood in front of Zhao Qibing and said coldly, “Zhao, you’re setting us up on purpose, aren’t you?”

“Ah?” Zhao Qibing was a little happy when he saw the Man in Black, thinking that they had already killed Lin Yi, but the man’s next words confused him, “What do you mean? What are you talking about? What do you mean I tricked you? Did you guys kill Lin Yi or not?”

“Kill? We sent three Mystic late phase peak Masters, but they all turned into corpses. Do you think they were killed?” The contact of yellow spring sect snorted coldly and said, “According to our men, Lin Yi’s side is at least Earth Class and above, and I think there’s more than One Earth Class-how else would the three of us mystic late phase peak die? What kind of information are you providing?”

“Ah? All three of them are dead?” Qibing froze, “are you serious?” Is there a mistake? Lin Yi’s only a golden class late phase peak-even if he wasn’t poisoned, he’d only be a Mystic late phase peak. You sent three Mystic class late phase peak Masters like him, and you still couldn’t kill him?”

“Nonsense! Now, our people are dead!” “What do you mean, Zhao?” the Man in Black coldly asked. I told you not to hide your strength, but you still dared to hide it. Do you think that our netherworld’s bloody cloth sect is easy to bully?”

“What did I hide from you?” Qibing raged, “that Lin Yi is obviously a Mystic late phase peak! He also took part in the test, and everyone knows what strength he has! If he’s above Earth Class, would he still be able to take part in the test?”

“So you’re saying that Lin Yi broke through on the road?” The Man in Black asked.

“I don’t know, but I’m not lying!” Qibing was shocked and furious-he didn’t think that Lin Yi would be able to kill three Mystic late phase peak Masters! Damn it, why was this Lin Yi so cruel? Luckily, he didn’t ask elder Zhu to do anything, or he would have been killed as well!

However, Qibing couldn’t understand how Lin Yi could kill three Mystic late phase peak Masters. Even an Earth Class master like Lin Yi couldn’t do this easily, not to mention he was poisoned. (To be continued.)

Chapter 1680: You Xiaoke’s worries (part one)

“I don’t care if you’re lying or not, our losses were caused by you. Three Mystic late phase peak Masters are gone just like that. You have half a year to pay us three hundred million as a funeral fee, or else ... Hehe ...” The man didn’t finish his sentence, but it was obvious that Zhao Qibing and the others would be buried with him!

"300 million?" Qibing took in a cold breath. How much money had he earned recently? to give out 300 million all of a sudden, was this a joke?

"That's right, you have to accept this price whether you want to or not. I'm just informing you!"

"Remember, I'll come and collect the debt in half a year. Don't even think about running away. You won't be able to escape the pursuit of our blood-clad yellow spring sect even if you run to the ends of the earth!" The Man in Black said.

The sect knew that Qibing wouldn't be able to take out three hundred million all of a sudden, so they gave them half a year's time. Of course, the sect was basically an ancient sect, and they weren't afraid of the Hidden House Zhao!

They were a nest of assassins, and no one knew where their headquarters were. Therefore, ordinary people didn't dare to provoke such a sect easily. Otherwise, if you were hunted down by experts all day long, how could you do anything else?

With that, the Man in Black left, leaving behind a furious Zhao Qibing who was grinding his teeth!

"Motherf * cker, what the hell is this? You're not as good as him and got killed, yet you're still asking for money?" Qibing was pissed-if he really wanted to kill Lin Yi, he could've just asked for three hundred million-he'd sell everything he had to get that money, but now ... Wasn't this three hundred million too much? A funeral fee?

"Master Bing ... We have to pay the blood-clad yellow spring sect's money, and we can't deny it. Otherwise, we'll have a big problem in the future." "Master Bing, I'm really sorry about this. I didn't expect the blood-clad yellow spring sect to fail. They have a good reputation in the industry, but this time ..." Elder Zhu said sadly.

"Forget it, elder Zhu. Money is just a worldly possession. However, it's not a problem to get him three hundred million within half a year. It's just that ... Sigh, it's all in vain!" Qibing said with a wave of his hand. Three hundred million was nothing to him, but he still cared about this Earth Class.

"It's okay, master Bing, I've saved up quite a bit over the years, three hundred million is still within my means. I'll pay for it, and I'm happy to hear that from you!" Elder Zhu was touched that master Bing was comforting him instead of blaming him, so he decided to pay the three hundred million himself.

Elder Zhu was an Earth Class after all, and he'd taken on a lot of private jobs over the years, making quite a bit of extra money. He could still take out three hundred million, and he didn't spend much, unlike the Hidden House Zhao, who had more income and more expenses, and barely had any money left every year.

"Good! I'll take this 300 million as a loan. I'll definitely give you the top credit when I take over the Zhao family!" Qibing didn't reject the offer. After all, he was short of money now, and he still needed to claim credit from his family. If he gave all the money to the blood-clad yellow spring sect, he would be looked down upon by his family.

"With master Bing's words, I'll do anything for you!" Said elder Zhu.

“Don’t bring this up in the house anymore-let it be, just treat it as a lesson-damn it, if only we just told them that Lin Yi was an Earth Class and asked them to send a Sky Class to kill him, it wouldn’t be more than three hundred million! This money is really wasted!” Qibing said helplessly.

“Indeed, but who would’ve thought that Lin Yi would level up again? wasn’t he trying to save money too? Killing a golden class only costs ten million, but killing an Earth Class would probably cost more than two hundred million!” “Sometimes, it’s true that you’ll be at a disadvantage if you’re too greedy!” Elder Zhu smiled bitterly.

“Forget it, Cihua, go and research the demolition. Try to earn as much money as you can and recoup the three hundred million Yuan we lost!” Qibing ordered.

“Yes!” “Then I’ll try to get in touch with the orphanage for the next few days. If they still don’t know what’s good for them, then don’t blame us for not being nice!” Cihua said.

In the orphanage, the Dean and Yu Xiaoke were worried about the relocation of the orphanage, but after so long, there was no news from Qibing real estate. The two thought that the company had given up on the land, and they let out a breath of relief.

“Spending money like water. It seems that I have to find something to do after a while. I can’t just sit back and eat, right?” Yu Xiaoke said to the Dean with a worried face as she watched the gold and silver she took from the tomb being used up quickly.

“It’s not like we’re just sitting on our hands. Xiaoke, if you convert all the money you brought back into money and deposit it in the bank, the annual interest will be enough to keep the orphanage running. As long as the expenses don’t increase too much, there shouldn’t be any problems!” “Don’t do this anymore, it’s too dangerous!” The old principal said. When you came back from the tomb raid, I was scared when I heard you say it. I’ve only heard it from others, but I’m afraid it was even more dangerous!”

“Yeah, but if I’m not in this line of work, what can I do?” Yu Xiaoke had been staying at home, waiting for a job, but she didn’t find any good jobs.
