Chapter 1681: You Xiaoke's worry (part two)

The Dean was once young and had her love, so she naturally encouraged her to pursue her own happiness!

"I ..." Yu Xiaoke was embarrassed after the Dean read her mind.

"Haha, is it that Lin Yi?" "Why hasn't he been here recently?" the old principal asked with a smile.

"It's not him anymore ..." Yu Xiaoke shook her head. Although Lin Yi helped her a few times, she didn't have the same feelings for Lin Yi as she did for the male thief. Lin Yi was also a very annoying person. He even called the male thief a three-legged cat. It was infuriating!

"Oh? Not him? "That's ..." Before the old principal could finish her sentence, a person rushed into the room ...

"Director, manager li from the Qibing real estate development company is here. He wants to talk to you about the orphanage's relocation ..." Ken walked in and said to the old director.

"Oh? Why are they here again?" The old principal frowned. She didn't think that after a period of peace, someone from Qibing real estate development would come looking for her, "Xiaoke, you should rest first. Ken and I will go and take a look!"

"Director, do you need me to go with you?" Yu Xiaoke heard that people from Qibing real estate were here and was worried. Last time, that master Bing said that if the orphanage didn't agree to move, he would teach the orphanage a lesson!

"It's no use even if you go!" The old principal waved her hand and said, "your strength is too weak. If they want to make a move, it's useless for you to go. If they want to negotiate peacefully, you won't be able to make the decision even if you go. You should take a rest. You've been tired enough."

"Okay then ..." Yu Xiaoke didn't force him since the Dean was telling the truth. Yu Xiaoke wasn't good at negotiation and if she said something she shouldn't say, it would be bad if both sides were unhappy.

The Dean and Xiao Ken left Yu Xiaoke's room. Yu Xiaoke didn't have much interest in it, so she turned on the TV. Just as she was about to change the channel, she heard the news.

"This is the news Express of Songshan city, we're reporting an important piece of news. Under the heavy fist of our city Police, we've caught the couple grave robbers, James grave robbers, old hei grave robbers ... And a few other grave robbers. They're currently being held in the xxx guard house. The case will be held in the xxx City Court tomorrow, and the criminals will be sent to the xxx guard house tonight ... Because of the large number of criminals, the xxx section will be temporarily closed at 10 pm, and the closing time is half an hour. Drivers, please avoid this time or take a detour ..."

Yu Xiaoke didn't hear a single word that came after the news-she only heard one thing, and that was that the grave robbing couple was wiped out! So, the male thief was also caught? Yu Xiaoke didn't know if there was some internal conflict, or else why would so many groups be caught at the same time ...

But no matter what the reason was, she didn't care-she was more concerned about the male thief. And it would be sent to court for trial tomorrow?

Yu Xiaoke stood up suddenly and walked around the room in panic! If they really were to go to court, with the amount of crimes the male thief committed and the total amount of money he stole, he could be sentenced to life or death. How could Yu Xiaoke watch her beloved die?

But what could Yu Xiaoke do? She could only watch the news anxiously. She didn't know who to ask even if she wanted to! The first person that came to Yu Xiaoke's mind was song Lingshan, but she never got along with song Lingshan. If she didn't find out anything and got caught again, it would be a huge loss!

What to do, what to do?

Raid the execution ground! A scene that often appeared in TV shows popped up in Yu Xiaoke's mind! This thought scared Yu Xiaoke herself!

However, the moment she thought of this, she couldn't help but want to do it because she had no other choice!

Although this decision was extremely dangerous, and she might die without a proper burial, she didn't regret it! If it wasn't for the male thief, she would've been dead already, and now that he was caught, he might've been sentenced to death as well. Since they couldn't be together when they were born, they might as well die together!

Love always made people impulsive, and although impulsiveness was the devil, Yu Xiaoke couldn't help but want to do it! However, if she died, what would happen to the children in the orphanage? At that thought, she hesitated again!

She liked the male thief and wanted to give up everything for love, but the children in the orphanage were behind her. This was an invisible mission and responsibility, so she had to think about the future of these children before she did this!

On one side was love and loyalty, on the other side was the children in the orphanage. This was the first time Yu Xiaoke was in a dilemma! She'd never liked anyone else before, and she'd put all her effort into the kids in the orphanage. But this time, the male thief was in her heart.

But, if she didn't care about the male thief's safety, she would feel guilty for the rest of her life!

She remembered that the Dean said that the money she got from the tomb raiding was enough for the orphanage's expenses in the bank, and she let out a breath of relief! Ken has grown up. I'll let him take care of the orphanage.

She didn't need to do anything dangerous anymore-she just needed him to take care of the kid, and she'd be able to leave in peace! Even if she died, she wouldn't have to worry about anything!

With that thought, she made a decision-she'd talk to Xiao Ken later and hand things over to him, then go and execute her big plan!

Li Cihua's visit to the orphanage this time was to scare the orphanage and force them to move away, but the old principal was determined. They could move away, but they had to replace it with a ready-made orphanage. If it was just land, they couldn't do it!

The orphanage was not a real estate company. What was the use of having land? The negotiations didn't go smoothly, and Cihua left a harsh sentence before he left, "Old principal, I advise you to agree to our company's proposal. Otherwise, Hmph Hmph, don't end up with nothing and not even having this condition!"

The Dean didn't say anything after hearing what Cihua said. Although he only had the strength of a golden class, he couldn't even use half of his strength due to his internal injuries! (To be continued.)

Chapter 1682: Leaving behind a letter

Cihua had also made it clear that they had an Earth Class on their side. If he didn't know what was good for him, the consequences would be dire!

In fact, the old principal wanted to find a quiet place to rebuild the orphanage as well. However, rebuilding the orphanage required funds, and it was not something that could be done with just ideas! To be honest, if Li Cihua found a remote piece of land and built an orphanage there, the Dean would agree to the exchange!

The location was of no use to the children, and the old principal hoped that the children could live a better life.

However, a piece of land was of no use to the Dean. She knew that if she continued to persist, she might anger Li Cihua and Zhao Qibing, and who knew what they would do to her.

In order not to worry Xiaoke, the Dean didn't tell her about it. She talked to Li Cihua about it alone, and even Ken didn't know about it!

At this moment, Xiao Ken was called back by Yu Xiaoke to make arrangements!

"Ken, you're all grown up now. I'll leave the orphanage to you. You'll help the old principal take care of it!" Yu Xiaoke said seriously.

Ken was a little confused—he didn't know why Xiaoke called him here all of a sudden, but Xiaoke's straightforward words confused him. "Xiaoke sis, I've been helping you and the principal take care of the orphanage,"

"Yes, but in the future ... You'll be alone!" Xiaoke sighed, "Xiaoke sis might not be able to help you guys anymore ..."

"Ah? Xiaoke sis, are you leaving the orphanage?" "You ... Are you getting married?"

Xiao Ken was a little disappointed as he said this—Yu Xiaoke was the goddess of these older boys, but she was only a goddess. They didn't dare to have any thoughts about her.

"I guess so ..." You Xiaoke nodded, "You have to promise Xiaoke sis that you'll take good care of the younger siblings in the orphanage ..."

“Okay ... Then, Xiaoke sis, will you come back often?” Ken was a little reluctant.

“I ... I might not be able to come back ...” Xiaoke sighed and decided to tell the truth. Ken was all grown up now, and he was a sensible kid. Most importantly, he was a loyal kid who knew how to repay a favor!

So if Yu Xiaoke told him, he would understand her feelings!

“You can’t come back? What do you mean by that?” Ken felt that something was wrong with Yu Xiaoke and quickly asked, “Xiaoke sis, what are you trying to say? Why does it feel like I’m going to the execution ground?”

Ken was just joking, but he didn’t expect to hit the mark!

“Hehe, it’s about the same as this!” Xiaoke nodded, “Ken, Xiaoke sis is going to save someone ...”

“Save people? Who is Xiaoke sis trying to save?” Ken asked.

“A man who’s really, really nice to Xiaoke sis, and she likes him a lot too. He’s probably the Prince Charming of her heart ...” Xiaoke explained the grave robbing incident to Ken in detail ...

She didn’t tell the Dean about this at first, and she intentionally hid her relationship with the male thief from him. But now, she didn’t hide it from Ken, and she told him everything she’d been holding back for a long time ...

This time, Xiaoke had already made up her mind-there was no turning back! She had to explain everything clearly!

“Ah? Xiaoke sis, you’re going to raid the execution ground? Do you not want to live anymore?” Ken’s eyes widened, “even if the male thief had helped you before, you can’t do something so stupid!” If you go, can you come back? Not only can’t you save her, you’ll also get yourself killed!”

“Hehe, I’ve thought about that ...” Yu Xiaoke shook her head helplessly, “I know that with my current strength, it’s difficult to save people, but if I don’t go, I’ll never be able to get over this! If he’s dead, then he’s dead. I like him, and I’m willing to die for him! Ken, you’re still young, you don’t know what it’s like to love someone ...”

“Who says I don’t understand!” Ken’s face turned red. “I like Xiaoke sis,” he said, “I don’t want you to die!”

“That’s different ...” Yu Xiaoke smiled, “Ken, your love is just a form of worship and attachment. When I leave, you’ll be the backbone of the orphanage. The children will also like you and worship you! Now that the orphanage has stabilized, I can leave in peace!”

“This ...” Xiao Ken knew Yu Xiaoke’s personality. She was a very stubborn and strong person. Once she decided on something, she would do it and never look back. Xiao Ken really didn’t want Yu Xiaoke to die! This time, she was destined to go and never return, so she said, “Xiaoke sis, isn’t your boyfriend Lin Yi bro? Why did she shift her love to someone else? Lin Yi bro’s such a good guy, why do you have to fall for a male thief?”

“Lin Yi ... Haha, that’s just a misunderstanding.” Yu Xiaoke shook her head, “there’s nothing going on between us. Lin Yi is a good person, but he always looks down on me. I don’t have any feelings for him.” But the male thief is different, I like him!”

“I ... You ... Xiaoke sis, did you tell the principal?” Ken had no choice but to use the Dean’s name, hoping that the Dean would stop Yu Xiaoke from doing anything stupid!

“Don’t tell the principal about this, I’ll leave her a letter, you can pass it to her for me ...” Yu Xiaoke muttered to herself. She knew that the principal loved her like her own daughter, so if the principal knew about this, she would definitely take the risk with her.

But Yu Xiaoke didn’t want the Dean to take the risk with her, so she decided to leave first! The orphanage could do without him, as long as Ken replaced him, but it couldn’t do without the old principal!

So Yu Xiaoke spoke seriously to Xiao Ken, “Ken, you’re the oldest and most sensible of the children. You know that if the principal finds out about this, she’ll definitely come with me. If it’s dangerous, can you still let her go?”

“But ...” Xiao Ken knew that she was telling the truth. This made things difficult for Xiao Ken. He didn’t want her to take the risk, but he knew her personality. She would do whatever she wanted to do no matter what! (To be continued.)

Chapter 1683: Call for help

“No buts. Ken, promise me that you’ll take good care of the kids in the orphanage, okay?” Yu Xiaoke looked at Xiao Ken and asked.

“This ... Good!” Ken had no choice—under Xiaoke’s intense gaze, he could only nod, “I will do my best! But Xiaoke sis, you have to be careful! Don’t force yourself if you can’t do it!”

“Hehe, there’s a kind of love called sharing life and death, and there’s a kind of love called risking your life!” Yu Xiaoke smiled.

“But, Xiaoke sis, you and that male thief ... There’s no love between you two ...” Xiao Ken still wanted to talk Yu Xiaoke out of it.

“There’s a kind of love called love at first sight, and there’s also a kind of love called a moth flying into the fire.” “Although it was only for a short while, it’s something that I’ll never forget!” Xiaoke said.

“Al!” Ken looked at Xiaoke, not knowing what to say or what to say. He knew that no matter what he said, Xiaoke would do it, so there was no point in saying anything!

“Don’t look so sad. Without Xiaoke sis, you’ll be the boss of the orphanage in the future. You have to take good care of your younger siblings. What do you look like now?” “Don’t let Xiaoke sis leave in peace!” Xiaoke smiled.

“Yeah ...” Ken nodded helplessly, “Then, when are you leaving, Xiaoke sis?”

“Tonight at ten ... It’s seven now, I should be leaving.” “There’s still some distance to the police station, I need to get ready!” Xiaoke said.

And so, she left a letter in front of Ken and left the orphanage.

Xiao Ken took Yu Xiaoke's letter. Yu Xiaoke told him to give this letter to the Dean tomorrow. She didn't want him to give it to the Dean immediately after she left. Otherwise, the Dean would catch up to her and things would become more troublesome!

"What should I do? what should I do?" Ken didn't want anything to happen to Yu Xiaoke, but with his abilities, he couldn't stop or help Yu Xiaoke. He didn't know Kung Fu and would only be a hindrance to her, but he also couldn't trouble the Dean ...

Suddenly, Ken had an idea. He thought of someone! Perhaps this person could help Yu Xiaoke! This person was Lin Yi. Ken once mistook him for Yu Xiaoke's boyfriend, her brother-in-law!

But now, it seemed that it was not the case! But that wasn't important-what was important was that Lin Yi seemed to be a very powerful martial artist. If he could help Xiaoke sis, then her chances of winning would be higher!

The main question was, would Lin Yi help Yu Xiaoke? Ken hesitated. He was afraid that Lin Yi wouldn't help him if he asked for help, and he would even tell the police about it. That would put Yu Xiaoke in even more danger!

However, Xiao Ken remembered that Song Lingshan injured Yu Xiaoke last time and Lin Yi saved her. If he wanted to tell Song Lingshan about Yu Xiaoke, he would've told her already. He didn't have to wait until now.

He had Lin Yi's phone number in his hand. Lin Yi had left it for him last time, and Ken had been keeping it in case of emergencies. He didn't think that he would really need it!

Lin Yi had just sent Tang Yin, Mrs. Tang, and Ming back to the Tang family's new house before driving back to house Chu's Villa. He was telling Mengyao and Yushu about what happened in the Hidden House when his phone rang.

Lin Yi thought that it was Tang Yin calling, but the number on the screen was unfamiliar. It wasn't the number he had saved in his contacts, it was a Songshan local landline!

"Hello, how are you?" Lin Yi answered.

"...Hello ..." There was a moment of silence on the other end of the phone before the two words "Hello" were uttered.

"Who are you looking for? What's the matter?" The other end of the phone didn't say anything, and Lin Yi was a little confused.

In fact, Ken was also trying to organize his words. He called Lin Yi for help on impulse, but he didn't know how to tell Lin Yi about this!

"I ... I'm Ken ..." Ken said carefully, "You ... Do you still remember me?"

"Ken? Oh, I remember you! You're the child from the orphanage, right?" Lin Yi sighed and remembered Ken. This was the boy who admired Yu Xiaoke.

"It's me, it's me!" Ken was happy that Lin Yi remembered him,"Do you have time now ..."

"Now? Do you have something to say?" Lin Yi asked, surprised. It was almost eight at night-what could Ken be here for?

Plus, it wasn't Yu Xiaoke who was looking for him. Normally, Yu Xiaoke would be the one contacting him about the orphanage, but Ken's sudden call meant that he was looking for him behind Yu Xiaoke's back. This made Lin Yi confused.

"En, I have something very important to talk to you about. Can I see you? it's very urgent!" Ken said with certainty.

"Alright, where are you? I'll go find you now!" Lin Yi agreed after some hesitation. He had a good impression of Ken, so if Ken asked him for help, as long as it wasn't something too troublesome, he'd agree.

"I'm at the orphanage," Ken said. "I'll wait for you in the alley outside the orphanage. I want to see you alone ..."She said.

"Alright, I'll head over now!" Lin Yi nodded. He was sure that Ken contacted him behind Yu Xiaoke's back after hearing what he said.

After hanging up, Yushu asked,"Shield bro, it's so late, are you still going out?"

"Yeah, something happened. Ken from the orphanage is looking for me. It seems urgent!" Lin Yi said.

"Oh ... Then come back early ... Yaoyao sis and I were just listening. How did you beat up the blue-haired guy after using the rising Dragon Fist?" Chen Yushu heard half of it and started to get anxious.

"Hehe, I'll continue to talk to you when I come back!" Lin Yi stood up with a smile, picked up his car keys, and walked out of the villa.

Lin Yi decided to ask uncle Fu about the martial arts. Elder Jiao didn't know anything, and the only person Lin Yi could ask was uncle Fu. Uncle Fu was an Earth Class master, so he must know something about martial arts!

It was all his fault-he didn't understand what the earth Class was like before, and didn't know that it was a dividing line-it was the true beginning of the path of high practicing. He thought he'd be like the mystic and golden classes, using only his Qi and fists to fight. (To be continued.)

Chapter 1684: shocked

After getting in the car, Lin Yi went straight to the orphanage. In the alley, Lin Yi saw Ken, who was looking left and right anxiously, waiting for him.

"You've been waiting anxiously, haven't you? We'll talk in the car!" Lin Yi drove the car to Ken's side and opened the door.

"Argh! Lin Yi bro, you're here!" Ken's face lit up when he saw Lin Yi, and he quickly got in the car.

Lin Yi parked the car by the road after Ken got in."Can you tell me now? What's the matter? why are you in such a hurry to find me?"

“En ...” Ken nodded quickly, “Lin Yi bro, Xiaoke sis is in trouble, can you help her?”

“Xiaoke? What happened to her?” Lin Yi heard Ken’s words and froze, his heart tensing up ... Yu Xiaoke, Lin Yi hadn’t seen her for a long time after the tomb raiding, but at this moment, Yu Xiaoke’s cute and shy face appeared clearly in front of Lin Yi!

Yu Xiaoke’s confession felt like it happened yesterday, Lin Yi could still remember it clearly! He also had a good impression of this girl, but the two were destined to never cross paths again. The male thief’s identity had become history, and it was impossible for him to appear in front of the world again.

Lin Yi’s heart tightened when he heard that Yu Xiaoke was in trouble. He still cared about her. Although it was a person he met under another identity, just like Yu Ning’s Eagle identity, the male thief was also Lin Yi’s identity.

“Xiaoke sis is going to raid the execution ground. Can you help her? otherwise, she’ll never come back!” Ken said.

“Raid the execution ground?” Lin Yi blinked, “what execution ground?” Did you watch too many TV shows?”

“No... It’s like this ...” Ken didn’t dare to hide anything and told Lin Yi everything Xiaoke told him. Ken’s memory was pretty good, and he told Lin Yi everything ...

“What? You’re saying that Yu Xiaoke is going to save the male thief?” Lin Yi’s eyes were wide open. He didn’t know what to say, but Yu Xiaoke’s words made his heart ache ...

There was a kind of love called sharing life and death, regardless of safety. Love at first sight, like a moth flying into the fire!

This was exactly the love between you Xiaoke and the male thief-the two had experienced life and death in the tomb, and the male thief’s protection made you Xiaoke fall in love with him at first sight, which led to the current situation where they were like a moth flying into the fire!

She knew she couldn’t do it, but she still did it-this proved what she was thinking ...

“Yeah, Lin Yi bro, can you go help her ...” Ken was worried that Lin Yi liked Yu Xiaoke too. He was afraid that Lin Yi would not be happy if Yu Xiaoke liked someone else. But he couldn’t lie to Lin Yi.

“This silly girl, she’s really ...” Lin Yi smiled bitterly, “Raid the execution ground? Did she think it was an ancient TV series? Easy for you to say!”

“Yeah ... Then ... What should we do?” Ken didn’t know Lin Yi’s true meaning, so he asked carefully.

“Alright, leave it to me, I’ll go help her! However, don’t tell anyone that I’m helping her. I might be helping her in secret!” Lin Yi said to Ken after some thought.

“Ah ... Okay!” Ken froze-what did Lin Yi mean? Do good deeds without leaving a name? Or did he actually like Xiaoke sis and didn’t want her to know that he helped her save her love rival?

But no matter what, it was a good thing that Lin Yi had agreed to it. Naturally, Ken would agree to Lin Yi’s request without hesitation.

“Alright, it’s a deal then!” “Go back, I’ll make sure your Xiaoke sis returns to the orphanage safely!” Lin Yi said.

Lin Yi couldn’t just ignore this. Yu Xiaoke went to save the male thief, but the male thief was Lin Yi. The real male thief was dead, what was the point of saving him? The people locked up in the guardhouse were all the accomplices of the thief couple. The news just didn’t mention it in detail!

After Ken got off the car, Lin Yi didn’t go straight to the guard post. He went home first and found the male thief’s mask from the warehouse before rushing to the guard post! Lin Yi parked his car near the guard post and put on the male thief’s mask before getting out ...

Lin Yi had experience as an assassin before, so he was very good at observing the terrain and hiding. With his initial observation, he quickly determined the possible locations of two Yu Xiaokes!

Lin Yi made a guess based on his own situation. If he was Yu Xiaoke, where would he be hiding? it was easy for him to come to these two conclusions.

She could hide on the right side of the door, on top of a tree-it was a good hiding spot, the leaves and branches would help her avoid the cameras and allow her to see everything clearly!

But even so, Yu Xiaoke was depressed! Because she only felt how small she was after coming here-there were already more than ten police cars in the guard post, and armed Special Forces were driving the cars as well. Under these circumstances, it was impossible for her to kidnap a person on her own!

Even if Yu Xiaoke could hide from the police, it would be extremely difficult to find the car that the male thief was in. She couldn’t just open every car and check, right?

That way, Yu Xiaoke would’ve been captured or killed!

“Sigh, this is so depressing. Yu Xiaoke, Oh Yu Xiaoke, Lin Yi was right when he said that you’re a three-legged cat! It’s really the time to use martial arts!” Yu Xiaoke mumbled to herself.

“If you know that you’re not capable enough, then you should just cultivate more.” A deep male voice came from behind Yu Xiaoke.

“Cultivation ... How can it be that easy ... Gah!” Yu Xiaoke answered subconsciously, but she jumped in shock and almost fell from the tree!

Why is someone talking? Wasn’t he the only one on the tree? When was there another person? Yu Xiaoke turned around in fear and saw a masked man! However, this masked man didn’t scare her anymore. Instead, she was surprised and happy, “You ... You ... You ...”

“I what?” Lin Yi asked.

“You ... Shouldn’t you be ... There?” he asked. Yu Xiaoke pointed at the guard post not far away and rubbed her eyes in surprise, “I didn’t recognize the wrong person, did I? You’re really the male thief?” (To be continued.)

Chapter 1685: Yu Xiaoke’s confusion

“Could it be that the flying Sparrow has amnesia and has forgotten about me so quickly?” “What would I do there?” Lin Yi joked.

“Didn’t they say that the thief couple’s gang had been wiped out?” Yu Xiaoke heard Lin Yi’s words and could finally confirm that this person in front of her was the male thief she liked!

“Let’s not talk about me first. What are you doing here?” Lin Yi asked.

“I ... I’m just here to take a look ...” Yu Xiaoke blushed. She didn’t dare to say that she was here to Rob the execution ground. That would be overestimating herself.

“What are you looking at? You heard that I was caught and want to save me?” Lin Yi looked at Yu Xiaoke with a faint smile, but with the mask, Yu Xiaoke couldn’t see Lin Yi’s expression.

“I ... I ...” Yu Xiaoke’s face reddened even more after Lin Yi read her mind, “I ... I just wanted to see if there was any way ... Then why did you come here?”

“I just happened to hear that you wanted to save me, so I came to save you.” “Don’t do something like that next time, I’m fine, don’t worry ...” Lin Yi said honestly.

“I ... I’m just nervous!” Yu Xiaoke wasn’t convinced, “You’re the one who saves me every time. I also want ... Want to help you do something ...”

“Take care of the orphanage. The children there need you. Don’t do such things again. I just happened to know about it. If I hadn’t come, the consequences would have been unimaginable!” “Don’t do anything so impulsive in the future,” Lin Yi said.

“Then ... You never showed up again, and I couldn’t get in touch with you ...” Yu Xiaoke straightened her neck and looked at Lin Yi, saying stubbornly, “If you visited me every once in a while, I ... I wouldn’t have come, would I?”

Lin Yi looked at Yu Xiaoke and was speechless. However, Yu Xiaoke’s request made it difficult for Lin Yi! If it wasn’t for the fact that he had no other choice, Lin Yi wouldn’t be able to use his male thief identity again and appear in front of Yu Xiaoke!

The male thief had become a part of the past, a memory, a character that would never appear again.

However, Lin Yi still appeared when he had no other choice!

Lin Yi didn’t want to appear in front of Yu Xiaoke as Lin Yi-he couldn’t just run over and tell her that he was the male thief and that he was fine, right? That way, not only would it destroy Yu Xiaoke’s beautiful dream, but it would also bring him some trouble!

Yu Xiaoke seemed to be unhappy with Lin Yi’s opinion, and so after thinking for a long time, Lin Yi decided to use the male thief’s identity to persuade Yu Xiaoke. It was more convincing, and that was why he asked Xiao Ken to keep it a secret!

Otherwise, if Xiaoke went back and Xiao Ken said that he was the one looking for her, Xiaoke would be smart enough to find out the connection.

"I ... I can't appear." Lin Yi sighed and rejected her suggestion, "I have my own life. In this world, I have another identity besides the male thief 'S. I've washed my hands of this identity and I don't want to break my peaceful life!"

"Then ... Can you tell me who you are in real life ..." Yu Xiaoke asked carefully.

"We met in the tomb, and the one you like is the male thief in the tomb, not me in real life!" "The me in real life, if you knew about it, it'd be a huge psychological shock. It's better to keep a bit of mystery and a good image!" Lin Yi said.

"I ... I won't! The one I like is you. No matter what you look like in real life, I'll still like you!" "I've retired too," Xiaoke said, "great, we're equal now!"

"Ha ..." Lin Yi smiled, "since you've retired, then forget about the past!" You can just take it that the male thief is dead ..."

"But ... You're clearly not dead, and you've appeared in front of me again!" Yu Xiaoke suddenly said, "By the way, you're afraid that your girlfriend will find out that I went to look for you after I found out your identity, right?"

"I guess so ..." Lin Yi didn't answer her question.

"I can be considered ... Then I am?" Yu Xiaoke was disappointed, "don't worry, I won't disturb you ... I just want to know who you are. I can see you once in a while. Knowing that you're safe and sound, I can rest assured ..."

"Forget about this ..." Lin Yi didn't agree to Yu Xiaoke's suggestion in the end, "I'll be leaving first, you should go back early too ..."

"Ah? You're leaving? Don't you care about your captured subordinates?" Yu Xiaoke paused and asked.

"Subordinate? I've already washed my hands of the matter and have nothing to do with them." Lin Yi smiled bitterly to himself. What subordinate? These people were sent to prison by Lingshan and her, and they were her underlings?

"Oh ..." Yu Xiaoke nodded, "Then I'll go with you?"

"Go back and cultivate well. Maybe next time, you'll be able to catch up to me!" Lin Yi, on the other hand, turned around and disappeared into the night, not taking a single leaf with him ...

Yu Xiaoke rubbed her eyes, surprised, "No way? How did he do it so quickly?"

But no matter what, Xiaoke was still in a good mood-she was a little disappointed that the male thief didn't reveal his true identity, but this was the second time he appeared, and he came specifically for her. This meant that he still cared about her!

Last time, the male thief said that he wouldn't appear as a male thief anymore, but he did this time! She was confident that she'd be able to meet him again in the near future!

With that thought, Yu Xiaoke was filled with confidence again. She quickly jumped down from the tree and ran towards the orphanage! Since Lin Yi was fine, the other members of the gang had nothing to do with Yu Xiaoke anymore, so she naturally wouldn't stay here.

Seeing that Yu Xiaoke returned to the orphanage, Xiao Ken let out a breath of relief. It seemed that Lin Yi really did keep his promise and let Yu Xiaoke come back safely! Ken wanted to ask about Lin Yi, but he remembered his promise to help Xiaoke's sister in secret. He didn't ask!

He was a man of his word, and since he'd promised Lin Yi, he wouldn't just go back on his word. He was a little surprised, "Xiaoke sis, you're back? Did you successfully meet the male thief?"

"En, en, I saw him!" Yu Xiaoke nodded excitedly, "I saw the male thief-he didn't get caught, but I don't know where he heard that I'm here to save him ... And so he came to stop me ... Eh?" That can't be right, how did he know?" (To be continued.)

Chapter 1686: Lin Yi?

Before this, you Xiaoke was too immersed in the joy of reuniting with the male thief and didn't think about the details, but after returning to the orphanage and calming down, she felt that something was wrong. She only told this to Xiao Ken, how did the male thief know?

"Male thief? Did he go to stop you?" Ken was also stunned! He thought that Lin Yi helped Yu Xiaoke, but he didn't think that the male thief would appear in front of Yu Xiaoke personally. This meant that the male thief wasn't captured, and this male thief seemed to be found by Lin Yi?

Because he asked Lin Yi for help, and then the male thief appeared. If he said it had nothing to do with Lin Yi, he wouldn't believe it himself!

"Yeah, how did he know I was going to raid the execution ground? Ken, have you told anyone about me?" Xiaoke frowned and looked at Xiaoke ...

"I ..." Ken didn't know what to say. He promised Lin Yi that he wouldn't tell anyone, but he felt weird, "What did the male thief look like?"

"He's still the same, wearing a mask ..." Yu Xiaoke said, "What's wrong?"

"No... Then, what is he wearing?" Ken suddenly had an inexplicable premonition!

"He was wearing ... A normal white shirt and beige pants ... What's wrong?" Yu Xiaoke recalled what the male thief was wearing, "You ... Have met him before?"

Ken's eyes were as big as bronze bells after hearing that! No way? Wasn't this the shirt and pants Lin Yi was wearing? Ken's memory was good, so he remembered everything clearly. Could it be that ... The male thief that Yu Xiaoke saw was Lin Yi in disguise?

No way, Ken shook his head. How could Lin Yi have the male thief's mask? How could she know what the male thief's mask looked like? He didn't even know what the male thief's mask looked like, and Xiaoke's sister never told him about it. Naturally, Ken wouldn't repeat it to Lin Yi!

So where did Lin Yi's mask come from? the male thief was Lin Yi? Or did Lin Yi know the male thief and knew what he looked like, so he pretended to be him and stopped Yu Xiaoke from coming back?

But, if that was the case, there were still two suspicious points. First, since the male thief was the person she liked, she should have a deep impression of him. If someone was pretending to be him, would she not notice? Two, where was he supposed to find the mask in such a short time?

If that was the case, then the only possibility left was that Lin Yi was the male thief, or that Lin Yi knew the male thief and could find him directly, then let him stop Yu Xiaoke! However, these two possibilities were a little too outrageous!

But just because it was hard to believe didn't mean it was impossible. Ken was inclined to the first guess because the one Xiaoke was talking about was wearing the same clothes as Lin Yi!

"I haven't seen him before ... But when you left, I think I saw someone wearing similar clothes following you ... I wanted to warn you, but you ran too fast and disappeared in the blink of an eye ..." Ken had no choice but to lie. "I thought I was seeing things, I didn't expect that person to be the male thief ..."

"Ah? He's following me? Then he must have heard our conversation ... Could it be that he had already guessed that I would go and save him after seeing the news, so he came here in advance?" Yu Xiaoke was confused as well. Although the possibility was low, it was the only explanation that could make sense ...

"I don't know ..." Ken's heart was in a state of shock! It can't be such a coincidence, right? Lin Yi was the male thief ... It seemed like she made the right call and found the right person! And Xiaoke sis didn't seem to have any feelings for Lin Yi?

"Forget it ... You can go back to your work. Since there's nothing else, there's no need to hand the letter to the old principal." Yu Xiaoke shook her head.

"Oh ... Okay ..." Xiao Ken quickly ran out of Yu Xiaoke's room. He lied in front of Yu Xiaoke and it was a burden on his heart. He needed to leave quickly so that he could relax ...

Li Fu had just returned to the villa when Lin Yi arrived. Lin Yi wasn't at home during this time, so uncle Fu and Wu Chentian had been protecting Chu Mengyao and Chen Yushu.

It was only Chentian at first, but he was worried that he wouldn't be able to handle the situation on his own, so uncle Fu came back every night. He didn't know that Lin Yi was back today, so he went back to the villa after sending pengzhan home.

Lin Yi's car stopped right next to Li Fu's car.

"Eh? Yi? You're back?" Uncle Fu said, pleasantly surprised to see Lin Yi. "Yaoyao and Shu miss you so much, come in, okay?"

"Haha, uncle Fu, I came back a long time ago. I just had to go out for a while." "They've already seen me!" Lin Yi smiled.

"So that's how it is, you've already seen it!" "These two miss you a lot. Since we've met, let's go in together. Give me a moment, I'll get the food out of the car ..." Li Fu nodded.

It turned out that uncle Fu had just bought some fast food. Lin Yi wasn't home, so there was no one to cook for Yaoyao and Shu. Uncle Fu, on the other hand, had to accompany Chu pengzhan to social events, so he couldn't bring them food every day. They had to rely on fast food to survive.

Lin Yi and uncle Fu walked into the villa together. Chu Mengyao and Chen Yushu had already washed up and were preparing to go to bed. There hadn't been much going on recently, and they usually went to bed early at home. Chen Yushu said drowsily when she saw Lin Yi walking in, "Shield bro, you're back! I wanted to hear stories from you, but I'm so tired"

"Then we'll talk about it tomorrow." "There's no rush," Lin Yi smiled, "you and Yaoyao should rest first. I have something to discuss with uncle Fu."

"Ah ..." Chen Yushu was disappointed, "I still want shield bro to put me to sleep"

"Alright, Shu, Lin Yi just came back, and since he's looking for uncle Fu, it must be something important. Let's go to bed and not disturb him." Mengyao had more to think about than Yushu-Lin Yi had already said that he didn't know any martial arts when he told her about the Tang family, and that it was all a lie. He should be busy studying with uncle Fu, and Mengyao wouldn't disturb him.

"Oh, okay." Yushu yawned and nodded as Mengyao dragged her upstairs. (To be continued.)

Chapter 1687: About martial arts

"Yi, what's the matter?" Uncle Fu was confused-he didn't know why Lin Yi was looking for him so seriously.

"Uncle Fu, you were an Earth Class before, right?" Lin Yi asked.

"Yes, before I lost my strength, I was an Earth Class ..." Uncle Fu sighed, as if remembering something from back then. "I don't know when I'll be able to recover to my peak strength ... But even if I recover, I don't know who my enemy is ..."

"Don't worry, uncle Fu, the truth will come to light one day ..." Lin Yi consoled, "As long as you're here, there's hope. I'm still advancing, so you'll advance with me. When we step into the sky Class, our revenge won't be far away ..."

"Yes, it's good that he's still here. However, I'm the only one left from back then ... My wife, my daughter, and my master have all disappeared ..." Uncle Fu was helpless and unwilling. "At first, I thought that I'd let it go, but ever since you raised my strength to Mystic early phase, I couldn't help but feel the rage of revenge. I know that one day, I might step onto this path ... I'm really sorry, Yi, I might not be able to fulfill my promise in the near future to take care of Yaoyao and the others for the rest of their lives. Their safety and Mr. Chu's will be in your hands!"

"Ha, look at what you're saying, isn't it revenge? How big of a deal? 'When I can advance you to the heaven rank, I'll also be a heaven rank powerhouse, and the people around me will also be heaven rank powerhouses! Song Lingshan, Chen Yutian, Wu Chentian, and Xiaoxiao-we have a total of six Sky Class Masters. Even an ancient sect wouldn't have such a strong formation-it'd be a piece of cake to destroy your enemy!" Lin Yi consoled, not caring much at all.

"You're right!" "Uncle Fu nodded," with so many Sky Class Masters, we'll be able to take out my enemy as a team ... I'm relieved now that you've mentioned it, and I've regained a lot of confidence! Oh right ... Why are you suddenly asking about this?"

Li Fu suddenly realized that Lin Yi couldn't have brought this up for no reason.

“Actually, I wanted to ask you, do you know anything about martial arts?” Lin Yi asked.

“Martial arts? An earth-tier martial skill? Of course, I know that-Earth Class is a major milestone for practitioners-golden class is just the beginning, Mystic class is a small achievement, but Earth Class is the true path of training!” “Only when you reach Earth Class can you be considered a true practitioner,” uncle Fu said. “Martial arts are their battle skills, and they have a huge advantage over Mystic and golden classes!” This is also why the Hidden House Council restricted Earth Class from appearing in the common world-if they really did fight, Mystic and golden class wouldn’t be their match at all!”

“So that’s how it is. Uncle Fu, have you cultivated any martial skills?” “Or, in other words, do you have any powerful skills?” Lin Yi asked.

“Of course I’ve cultivated martial arts ... Eh? Uncle Fu wasn’t an idiot-he could come to a conclusion from Lin Yi’s words, and he looked at Lin Yi in surprise!” “What’s wrong with you?”

“Not bad! I’m already Earth Class early phase.” Lin Yi smiled, showing his strength as an Earth Class.

“I didn’t expect ... That you’d really break through!” Although uncle Fu knew that Lin Yi would break through one day, he didn’t expect it to be this fast! When Lin Yi was at home, he’d always been looking for an opportunity to break through, but after he got poisoned by the five step strength-scattering powder, it was all the more hopeless.

As far as uncle Fu was concerned, Lin Yi could only break through after the poison was removed-that would have to wait until next year, at least. He didn’t expect Lin Yi to be an Earth Class after just one trip.

“It’s a good thing that I had no choice but to eat the Qi gathering pill.” “It’s a bit of a waste, but it’s enough,” Lin Yi smiled bitterly.

“You ate the Qi gathering pill?” “Don’t tell me you don’t know about the Qi gathering pill’s drawbacks?” uncle Fu was taken aback.

Uncle Fu didn’t think that Lin Yi would just eat the pill and use it as an opportunity to break through-he was shocked! Before, when Lin Yi said that he got a Qi gathering pill, uncle Fu didn’t really care. After all, it was the pill for Earth Class late phase peak to break through into Sky Class, and Lin Yi was still too far away from it.

But he didn’t think that Lin Yi had already taken it. This made uncle Fu surprised and regretful at the same time! He’d heard of the Qi gathering pill when he was young, but his master had told him about the drawbacks of the pill. However, uncle Fu didn’t think of those drawbacks!

It was also because of uncle Fu’s sect’s Grand search for the Qi gathering pill that attracted the suspicion of other sects, which led to the exposure of the treasure and the destruction of the sect!

“I know. It’s just that after eating it, it will be difficult to cultivate again, right? The spiritual Qi in nature is too thin now, and it’s not as pure as the Qi in the Qi gathering pill, so after taking the Qi gathering pill, it will instinctively reject the Qi in nature, and can’t continue to cultivate in nature.” Lin Yi said.

“Yes, it’s like a barbarian who has been eating raw meat. After eating cooked meat once in a while, it’s hard for him to swallow raw meat again. It’s the same logic.” “Since you already know, why did you take the Qi gathering pill?” uncle Fu nodded. You don’t want to continue breaking through from Earth Class?”

“Ha ... I’m different from the others.” “I have my own way of training,” Lin Yi smiled.

Uncle Fu paused after hearing Lin Yi’s words! He was curious, but he didn’t ask any further! Back then, he also had that treasure, which was why he didn’t have to use the Qi gathering pill. But this treasure brought disaster to his family, and so uncle Fu didn’t ask Lin Yi about it.

“You want to learn martial arts? But martial skills are usually paired with mental cultivation methods. When you cultivate your mental cultivation method, don’t you have a matching martial skill?” Uncle Fu asked, “although some profound martial arts skills are universal, if you don’t have the corresponding practitioner’s Arts, even if you can learn it, it’ll be very difficult. So usually, every practitioner’s Arts has its own corresponding martial arts. This is the essence of what our predecessors have explored. My practitioner’s Arts may not be suitable for your practitioner’s Arts!” (To be continued.)

Chapter 1688: disadvantage

“There’s such a thing?” Lin Yi blinked. He’d picked up his practitioner’s Arts from the cave, and other than the Jade and the chant for the first stage of the art of Dragon mastery, he didn’t have anything else like martial arts. As a practitioner, Lin Yi didn’t know what martial arts were at all, and he’d almost lost.

“Don’t tell me you didn’t?” Uncle Fu was surprised at Lin Yi’s reaction.

“I don’t have any for now.” Lin Yi smiled bitterly, “my master practises something different from me. My practitioner’s Arts have nothing in common with others, so I don’t have any skills yet!”

“There’s only one skill I can remember, and that’s the one I’ve been practicing. But it’s only the first three moves, I haven’t had the time to practice the rest. As for the secret manuals, they’re all in the sect’s library, and they’ve long since been gone ...” Uncle Fu smiled bitterly. “If you need it, I can teach you.”

“Only three moves? “And I don’t even know if I can train in it ...” Lin Yi sighed helplessly. Even if he could, three styles was too little!

However, Lin Yi didn’t have any other choice. Although he guessed that there should be a martial skill that went with the art of Dragon mastery, he didn’t have it right now. He didn’t know if there was one behind the second floor’s stone door, and if there wasn’t, he didn’t know when the third floor’s stone door would open. He was desperate. Since uncle Fu’s martial skill was here, he might as well try it!

As long as it wasn’t the soft and Yin type of martial arts like the Ice Palace, Lin Yi could still try it out. The Ice Palace’s martial arts, on the other hand, were completely different from Lin Yi’s practitioner’s Arts. If he forced himself to learn it, he’d probably go crazy.

“I’ll spend the next two days trying to recall and sort out the martial arts techniques. You can try it out. ” “It’s been too long since I’ve used a martial technique,” uncle Fu said. “I’m a little emotional ...”

“I’m an Earth Class now-if you want, I can help you level up right now!” Lin Yi suddenly thought of something. If he could raise uncle Fu to Earth Class as well, then uncle Fu would be teaching him martial arts himself. Wouldn’t it be much easier and easier to understand than just learning from boring words?

“It can still be improved?” Uncle Fu’s eyes brightened, and then were filled with the flames of hope! Earth Class, that was the temptation of Earth Class. Once uncle Fu recovered to Earth Class, it would be the same as returning to the peak of his life. That way, he would be one step closer to his dream of revenge!

“I should be able to!” “Right,” Lin Yi asked, “have you recovered your strength while I was gone?”

“Recently? Oh right, if you didn’t mention it, I would have forgotten about this!” Uncle Fu’s expression turned serious as he spoke. “I found it strange before. Ever since you helped me improve my strength, I don’t seem to be able to absorb the spiritual energy of the natural world anymore. I haven’t made any progress in my cultivation!”

“No progress at all?” Lin Yi blinked, but he remembered something important! That was, since the Chi-amassing pill contained a large amount of pure genuine Qi, people who used it would reject the spiritual Qi of heaven and earth in the natural world. If the energy in his body was purer than the energy of the Chi-amassing pill, wouldn’t other people reject the spiritual Qi of heaven and earth in the natural world even more after using his energy?

After Lin Yi took the pill, he realized that the Jade space didn’t affect his energy absorption at all. This proved that the energy in the Jade space was the purest-even the Qi gathering pill couldn’t compare to it. Then, what uncle Fu said could be explained ...

Suddenly, Lin Yi remembered something song Lingshan said before. It seemed that song Lingshan had a similar situation. After Lin Yi forcefully increased her strength, her own cultivation had no effect!

Lin Yi couldn’t help but smile bitterly at the thought. It seemed that having too much pure energy was a disadvantage. These people received his help, but at the same time, it also created a huge disadvantage. When they were leveling up, they needed Lin Yi’s help to break through. Otherwise, they wouldn’t be able to progress on their own!

However, he had also absorbed the pure energy in the Jade space. The impure energy in the Qi gathering pill did not affect his use. From this, he could tell that if the purity of the energy was not too different, it would not be a problem. If the difference was too big, there would be a problem!

In ancient times, the spiritual Qi of heaven and earth was abundant, so there was no such disadvantage of the Qi gathering pill. Now that the spiritual Qi of heaven and earth was getting thinner, the disadvantage was becoming more and more obvious.

“The Qi you gave me ...” Uncle Fu seemed to have thought of this as well. Lin Yi said before that there would be no side effects after he took the Qi gathering pill, which meant that the Qi Lin Yi obtained should be purer than the Qi in the Qi gathering pill. So after Lin Yi’s Qi was transferred to uncle Fu’s body, uncle Fu started to reject the Qi from the world. No matter how he trained, he couldn’t make much progress.

“You’ve also thought of it!” Lin Yi nodded, “the Qi I sent to you should be similar to the Qi gathering pill. They’re both very pure, which is why it has the same side effect as the Qi gathering pill. It seems that in the future, only I can help you level up, or you can use the Qi gathering pill to level up!”

“That’s the only way!” Uncle Fu laughed bitterly before saying, “But this way, I don’t have to waste much energy. I can just sit back and enjoy the fruits of others’ labor. With you leveling up in front, I can just follow behind. I can break through and level up without any effort. This is really ...”

Originally, when uncle Fu was in his own sect, he felt that leveling up was already very fast with the help of that treasure. It was already much easier than other people with a cheat!

But now that he’d met Lin Yi, he finally understood what a real cheat was! Lin Yi was much more powerful than the treasure from his sect-even with the help of that treasure, one had to train hard to achieve something, but Lin Yi didn’t need that at all-all he had to do was sit back and enjoy the benefits!

Lin Yi was much more important than that treasure. If this news were to spread out, Lin Yi would probably become a target for all the big sects. Of course, if Lin Yi was strong enough, he would become a person who was more popular than The Alchemist profession, and be respected by others. (To be continued.)

Chapter 1689: Lin Yi’s disappointment

However, if he was not strong enough and was captured, he would be used as an upgrade machine. That would be a bit bad!

“Yi, you shouldn’t reveal this ability of yours to people you don’t know. It’s a priceless treasure in itself!”
“An ordinary man is innocent, but he’s guilty for keeping a treasure. I was the best example back then!”
Uncle Fu said solemnly.

“Don’t worry, uncle Fu. I won’t let anyone I’m not familiar with know about this ability. I can only help those I’m close to. ” “It’s getting late, shall we start now?” Lin Yi said.

“Alright!” Uncle Fu nodded seriously and sat down cross-legged in front of Lin Yi. With his previous experience, uncle Fu was no stranger to Lin Yi’s help in increasing his strength.

Lin Yi locked onto uncle Fu’s meridians and entered the Jade space. He started channeling the art of Dragon mastery while uncle Fu started channeling his own practitioner’s Arts. Instantly, Lin Yi’s huge amount of pure Qi rushed over, lifting uncle Fu’s spirit!

It wasn’t their first time leveling up, so they were pretty familiar with the process. Uncle Fu quickly channeled his practitioner’s Arts, turning the Qi Lin Yi was transferring into his own ...

Mystic early phase peak, Mystic mid phase, Mystic mid phase peak ... Sweat started to fall from uncle Fu’s forehead. It was a way of sitting back and enjoying the fruits of others’ labor, but the speed was a bit too fast-it was giving uncle Fu indigestion! It was like stuffing a duck, and it was very hard on uncle Fu!

However, even though it was tough, uncle Fu was still excited and happy! He’d been training for so long, and he still hadn’t made any progress in the early phase of Mystic class-Lin Yi, on the other hand, had

been pushing his strength all the way up the moment he came back! He'd passed through a couple of levels that were extremely difficult for other practitioners!

For normal practitioners, it was already very difficult to level up. Even if Lin Yi had invented several ways to break through, it was still extremely hard to break through, not to mention others.

It was a smooth journey, from Mystic mid phase peak to Mystic late phase, then Mystic late phase peak ... However, uncle Fu's increase in strength came to a sudden stop!

However, this was what Lin Yi expected. Every time he leveled up, he could only raise the strength of the person to the peak of late stage, which was one level lower than his own strength. If he didn't use special methods, it would always be like this.

But Lin Yi wasn't worried-he'd invented a way to compress his Qi and successfully made Lingshan, Yutian, Chentian, and uncle Fu break through from golden class late phase peak to Mystic class early phase. So when uncle Fu reached Mystic late phase peak, Lin Yi stopped the transfer of energy when he was just a little bit away from Mystic late phase peak full. His goal was to rest for a bit and send a compressed Qi package over. Let uncle Fu break through to the earth Class!

"Rest for a bit, and I'll compress my Qi to help you break through to Earth Class. The process should be painful, just like when you broke through from golden class late phase peak to Mystic early phase!" Lin Yi said.

"It's okay, I can hold on!" "This pain is nothing compared to the increase in strength." Uncle Fu nodded. Even if the pain was ten thousand times more, it would still be worth it!"

Uncle Fu wasn't being modest, he was just telling the truth! If someone else could improve so much in one go, it would be worth it to be hospitalized for a year or so with broken bones, let alone suffer such a little pain.

"En, then let's continue!" Lin Yi nodded and started to compress his Qi. He knew the energy needed to go from Mystic late phase peak to Earth Class early phase like the back of his hand, but he was already Earth Class early phase now, after all. He calculated the amount of Qi needed during the breakthrough process, and in order to make sure that uncle Fu could break through smoothly in one try, he compressed the energy to the right amount.

The next moment, Lin Yi transferred the compressed Qi into uncle Fu's body. Uncle Fu's face turned red, and his body let out a loud "boom" followed by a scream. He fell to the ground, sweating from the pain!

"Achoo!" Uncle Fu moaned in pain as if he'd been seriously injured.

"Uncle Fu, how are you?" Lin Yi jumped, not expecting this to happen. He quickly put his hand on uncle Fu's meridians to check, only to find that half of them were damaged!

No wonder uncle Fu was in so much pain. Half of his meridians were damaged, it would be strange if he wasn't in pain! But ... Why were uncle Fu's meridians injured, and not directly breaking through to Earth Class?

Suddenly, Lin Yi remembered the scene after he was poisoned! After he was poisoned, he tried to raise his strength to Mystic late phase peak and tried to compress his Qi to break through, but he failed. Compressing his Qi didn't help him break through, but it blew up his meridians instead!

And before this, before Lin Yi broke through from Mystic late phase to Mystic late phase peak, he also tried to compress his Qi, but it also failed! At that thought, Lin Yi finally understood why Uncle Fu was injured. It was because the compressed energy had no effect on Mystic late phase peak breaking through to Earth Class!

His meridians couldn't bear the consequences of the instantaneous release of the compressed true Qi and were directly injured!

Before this, Lin Yi had been helping uncle Fu raise his strength all the way from Mystic early phase all the way to Mystic late phase peak. There wasn't any obstruction in between, so Lin Yi didn't think of this point. Or rather, Lin Yi thought that this method wouldn't help him break through, but it would help him forcefully raise others' strength!

But the result still ended in failure, which made Lin Yi a little annoyed! Uncle Fu's damaged meridians weren't a big deal-Lin Yi activated the art of Dragon mastery right away, healing them ...

But what Lin Yi was worried about now was that he couldn't raise someone's strength to Earth Class! Lin Yi's original plan was to bring song Lingshan, Chen Yutian, and Wu Chentian-these three Earth Class Masters-to the noble House meeting and cause a scene, but it seemed like that dream wasn't going to come true.

Mystic late phase peak-although it was already a peak existence in the noble House meeting, it was still too weak for a hidden house! (To be continued.)

Chapter 1690: Still no way

The noble House meeting was already in Lin Yi's hands, but his eyes were on the Hidden House Yu and hidden house Zhao! If he touched the common house Yu, would the Hidden House Yu stand up for him? As the in-laws of the Hidden House Yu and his enemy, would the Hidden House Zhao attack him as well?

This was what Lin Yi was most worried about! If Lin Yi had song Lingshan, Chen Yutian, Wu Chentian, and uncle Fu, these four Earth Class fighters, then it would be a big threat to the Hidden House Yu. At the very least, the Hidden House Yu would have to think about the consequences before making a move on him. As long as it wasn't a Sky Class from their house, Lin Yi and the others still had the strength to fight!

Uncle Fu let out a long breath after Lin Yi fixed his meridians. He wiped the cold sweat off his forehead and said, "He didn't break through? Failed? Should I try again? I can bear with it. It's not a problem even if it fails, I can still fix it ..."

Uncle Fu asked, seeing the disappointment in Lin Yi's eyes.

"There's no need to try, this method won't work!" Lin Yi shook his head with a bitter smile, "I've tried this method before, trying to break through on my own, but I failed. It seems that the meridians of Mystic class Masters have a limit. They can't take such a huge amount of compressed energy ..."

“Mystic late phase peak, I’m already very satisfied with that!” Uncle Fu stretched his arms and said. “To tell you the truth, from the moment I was crippled to the moment I started practicing physical arts, I never thought that one day I’d be able to become a Mystic late phase peak!”

“Ah ... Uncle Fu, you don’t have to comfort me. I’m just a little disappointed.” Lin Yi said, “but it’s nothing. Mystic late phase, so be it. It’s about time. You rest first, I’ll think of something else!”

“Okay, then you should rest early too ...” Uncle Fu could tell that Lin Yi wasn’t willing to give up just like that, so he didn’t say much.

After Lin Yi returned to his room, he immediately entered the Jade space and started discussing with elder Jiao about breaking through from Mystic late phase peak to Earth Class.

“You’ve already tried it so many times, and I’ve been watching from the side. If there’s a way, how can I not tell you?” Elder Jiao rolled his eyes, “I don’t have any other way, unless you become a refiner and make them a Qi gathering pill each!”

“Isn’t that the same as not saying anything? I haven’t even stepped into the threshold of an Alchemist yet, and you still want me to refine pills?” Lin Yi smiled bitterly, “ever since I reached Earth Class, I’ve felt the difference between me and others. People with sects and families are different. I’m completely exploring on my own, but they’ve already been through a lot.”

“But you have the jade pendant, they don’t.” Elder Jiao said.

“That’s true.” Lin Yi nodded. This was the only thing he was proud of, and it was his trump card. It was a secret he couldn’t reveal.

“Don’t worry too much. The full moon in the five-year period is about to arrive. When you open the second layer of the stone door, perhaps you’ll have an unexpected harvest!” Elder Jiao said.

“I can only place my hopes on this.” Lin Yi said.

Since elder Jiao couldn’t think of a way, Lin Yi had to think of one himself. Lin Yi cultivated in the Jade space as he thought of a way, but he couldn’t come up with anything! Indeed, when Lin Yi was poisoned, he thought of almost all the possible solutions. If he thought about it now, it would be rejected after thinking about it. What new solution could he have?

If there really was a new way, Lin Yi wouldn’t need to take the Qi gathering pill.

The next day, Lin Yi accompanied Chu Mengyao, Chen Yushu, and Tang Yun for a day of shopping before they arrived at Chen Yutian’s Hospital. Song Lingshan was also called to the hospital by Lin Yi.

“You’re back? “I heard that you went back to Tang Yin’s old home with her ...” Lingshan didn’t know the details-she only knew that Lin Yi was at home looking for a breakthrough, and after waiting for a long time without any news from him, the “fake Lin Yi” case was finally closed. Lingshan wanted to call Lin Yi, but her phone couldn’t get through, so she called Mengyao’s house directly. Only then did she find out that Lin Yi went back to Tang Yin’s old home with her!

Lin Yi’s phone couldn’t get through, perhaps because there was no battery or there was a shield around the house. Lin Yi didn’t know the exact reason.

“Yeah, I just came back yesterday.” “How’s the case with the fake Lin Yi?” Lin Yi asked. I heard from Yaoyao that you came looking for me after that?”

“The case is closed. We didn’t manage to get any valuable clues. The suspect is like an idiot. Most of the nerves in his brain have been damaged by drugs. After the hypnotist’s instructions were carried out, he was no different from an idiot.” Lingshan said helplessly, “we know that he’s just a puppet, but we can’t find the person behind it ... We have the image of the driver at the toll station, and we’ve compared it to the database, but we can’t find anyone that looks too similar. This person should have had plastic surgery, just like the fake Lin Yi, so the information is blank ...”

Lin Yi shrugged. What song Lingshan said wasn’t too far from what he expected. If the other party had such a high level of skill and ability, how could they let song Lingshan find the flaws and clues so easily? The other party had probably gone into hiding long ago!

Lin Yi guessed that the person doing this was his enemy, but he couldn’t tell who it was.

“Forget it. Other than a few of my enemies, no one else would be so lucky to create a fake me.” Lin Yi waved his hand, “but it’s fine. These people ... We’ll have to face them sooner or later. Let’s face the noble House meeting first.”

“That’s true!” Song Lingshan nodded, “right, Grandpa called me a few times. He’s asking me what’s going on with Yufeng. He said that house song will be in a very passive position in the noble House meeting this time, but because we have to go and cause some trouble, it’s a secret for now. I’ve been trying to stall for time. Grandpa’s probably worried to death ...”
