Chapter 1691: current limit

“What!” Lingshan and Yutian’s faces froze-they’d been waiting for Lin Yi to come back and help them raise their strength to Earth Class early phase, and then they’d be able to take the initiative in the noble House meeting and get a seat for their families! But now, that dream was shattered! They couldn’t accept it!

Although, to put it bluntly, all of this was due to Lin Yi-if it weren’t for him, they wouldn’t even be Mystic early phase Masters. But since they already had the thought, and they’d already thought about the prestige they’d have at the noble House meeting, it’d be hard for them to reject it all of a sudden.

However, after their disappointment, they both thought of an even more important question. Lingshan raised her head and looked at Lin Yi, “You ... You didn’t break through to Earth Class?”

“I’ve broken through!” Lin Yi sighed and started channeling his practitioner’s Arts, showing his strength to Lingshan and Yutian, “But, I can’t help you guys reach Earth Class. The previous method is no longer effective. I tried it with uncle Fu last night, and it doesn’t work.”

“Ah!” Lingshan didn’t know what to say anymore, but Lin Yi breaking into Earth Class was something to celebrate. If Lin Yi openly supported house song in the noble House meeting, then house song would continue to be a member of the noble House, and their position wouldn’t change!

After all, the strongest person in the noble House meeting was house Yu’s Yu shuixing, Mystic late phase peak! Lin Yi was suppressing him, and the situation wasn’t too bad!

“It’s good as long as you have a breakthrough! It doesn’t matter if I’m taking revenge with my own hands. As long as I can take revenge, I’m very happy!” Chen Yutian was afraid that Lin Yi would feel pressured, so after a brief moment of disappointment, he started to persuade Lin Yi, “With an Earth Class boss like you protecting us, not only can I get my revenge, but house Chen can also keep their position-this is a happy ending!”

“Hehehe ...” Lin Yi only smiled. “Who said you can’t take revenge with your own hands? You don’t have to be an Earth Class early phase to take revenge-that Yu Feng’s only a Mystic mid phase, even if he’d broken through recently, he wouldn’t be a Mystic mid phase peak!”

“Mystic mid phase ... That’s already two levels higher than me, if it’s Mystic mid phase peak, that’s three levels ... I’m only an early phase Mystic, how can I fight him?” “Instructor Ying, you’re not playing with me, are you ...” Yutian smiled bitterly.

Song Lingshan was now considered one of Lin Yi’s “close” friends-not only was their relationship close, but the two of them had another layer of “intimate” relationship. So Lin Yi wouldn’t hide his past from her anymore. Now that she knew about him and huaijun, she would naturally know about Chen Yutian’s side as well, and so Chen Yutian wouldn’t be too secretive in front of song Lingshan.

“Could it be ...” Song Lingshan’s eyes lit up as she looked at Lin Yi in surprise.

“Go on, little dumbass. It seems like you’re not that stupid after all. It’ll all depend on your performance if you can take off the title of little dumbass this time!” Lin Yi said with a smile.

"I'm not stupid to begin with!" Lingshan rolled her eyes, but she was always the punching bag in front of Lin Yi, so she didn't dare to say anything. It'd be a good thing if he could take off the dumbass title, so she continued, "If I'm not wrong, you can't make us as strong as Earth Class early phase, but you can make us stronger, at least to Mystic mid phase peak!"

"Not bad!" Lin Yi looked at Lingshan with praise. "I've grown a brain recently. "

"..." Song Lingshan pouted and said, "It's alright, then don't call me silly girl in the future, call me cute girl. "

"Pfft ..." Yutian was just about to take a sip of water when he almost choked to death, "Ahem ... Ahem ... Ahem!"

"Cute girl isn't good enough-I was planning on giving it to Yao Yao or Shu. Tell me, why is it Mystic mid phase peak first?" Lin Yi rejected song Lingshan's suggestion and continued asking.

"Because you just said that Yu Feng wouldn't exceed Mystic mid phase peak at most, and even if he did, he could still get Yutian bro's revenge. That means that you can at least raise us to Mystic mid phase peak!" "I'm right, aren't I?" Lingshan said, pleased.

"That's right!" "You're right," Lin Yi nodded.

"Then am I still a little silly girl? Can you make some changes?" Lingshan was overjoyed-her relationship with Lin Yi had gotten one step closer! From the original miss braindead to a little dumbass, and now it was time to change.

"Actually, I'm basically calling you Lingshan now. Silly girl, if I'm just joking, don't you think she's pretty cute?" Lin Yi said with a smile.

"That's true!" Lingshan nodded after some thought, "that's what couples usually call each other!" Then you can call me silly girl. As for Lingshan, just call me Shanshan, it's a little awkward. "

"Alright," he said. Lin Yi didn't need to argue with Lingshan over these things-he knew what she was thinking, but he decided to just let nature take its course. At least he wasn't in the mood for that yet.

"Then, what's the highest level of strength you can raise us to?" Yutian asked impatiently after Lingshan and Lin Yi were done with their flirting.

"Mystic late phase peak!" "That's my current limit!" Lin Yi said. I'll think of another way to help you all reach the earth Class!"

"Mystic late phase peak, this ... This is Earth Class early phase, What's the Difference?" Yutian jumped up from his chair in shock-he'd thought that they wouldn't be able to break through to Earth Class when Lin Yi said that, but now that he heard that they could break through to Mystic late phase peak, he was both surprised and happy!

In his eyes, Mystic late phase peak was already at the top of the noble houses-the moment he stepped into Earth Class, hidden noble houses would come and recruit him! Of course, house Yu was the only one with an Earth Class right now-the other houses had Mystic early and middle classes, which were already very strong.

Just like house Wu's head, Wu gonggao, being a Mystic mid phase was already a very impressive existence-as long as he wasn't at the level of a hidden house, Mystic late phase peak was already the highest level! (To be continued.)

Chapter 1692: An unattainable dream

That was why Yutian reacted like that-Earth Class was too far away for him, because it was a legendary existence, too far away from the noble houses. Mystic late phase peak was the highest level he could see and touch.

"Yeah, Mystic late phase peak, that's already the top of the world among the noble houses!" Lingshan was surprised as well-this meant that she could become Mystic late phase peak as well.

"Aren't your standards a little too low? Above the noble houses, there are hidden houses, and above hidden houses, there are ancient sects and ancient houses. What's above the ancient level, we don't know yet, but there's definitely a higher level above Sky Class. Don't you want to pursue higher martial arts realms?" Lin Yi smiled bitterly-this test had opened his eyes a lot!

He'd thought of working hard to break through to Sky Class before, but he'd never been this close to it. When he saw the candy girl, Qing, and elder Tang, he realized that Sky Class wasn't that mysterious after all!

Once upon a time, Mystic class was Lin Yi's goal, because the highest level of strength he could see was Mystic. After that, Lin Yi broke through to Mystic, but Earth Class entered his sight. Now, Lin Yi's goal became Earth Class!

And when Lin Yi became an Earth Class, he realized that Sky Class wasn't that far away! At every stage, there was a pursuit at every stage. But if you didn't reach that level, you would never come into contact with that level of things!

He was like a frog at the bottom of a well. If he didn't go out, he would always think that the sky was only as big as the well. However, when he went out, the world was very different.

However, Lin Yi could understand Lingshan and Yutian's reactions. The level they were in contact with right now was limited to the hidden houses. The ancient level was something only the hidden houses and some normal sects had direct contact with. For the noble houses, it was too far out of reach.

"Above Sky Class ..." To be honest, Lingshan had never thought that she would become a Sky Class one day! Song Lingshan's dream and goal was to reach the early stage of Mystic class. As long as she could reach that level, she would be able to buy time for house song, and when her brother grew up, she would be able to guarantee house song's position as a Noble House.

But even that was a dream, an impossible dream-the noble houses only trained to keep their status, and never thought of pursuing Sky Class like the hidden houses, pursuing immortality.

But after meeting Lin Yi, she realized that she was a frog at the bottom of a well. The things she didn't dare to think about were slowly coming true with Lin Yi's help. Not only that, she was about to become the strongest existence in the noble House, Mystic late phase peak!

That wasn't all-Lin Yi told her that she'd become a Sky Class one day, too, and Lingshan's emotions were surging-she didn't think she'd be so lucky to meet such a strong man! It seemed like she still had to work harder-she started a little later than Tang Yun, Mengyao, and Yushu, but at least she was one step ahead of Xiaoxiao, right?

Now that Xiaoxiao was Lin Yi's small wife, she didn't even have the title of a Tongfang. Lingshan felt that her next goal was to get a title, even the lowest rank of a servant-as long as she could follow Lin Yi for the rest of her life, Sky Class would be no longer a dream!

With that thought, Lingshan looked at Lin Yi with passion in her eyes. She'd always admired the strong since she was young, or she wouldn't have set her goal of having a future husband who was stronger than her!

Now, her goal seemed to have been achieved, and Lin Yi wasn't just strong, he was stronger than she had imagined! So when Lingshan confirmed that she liked Lin Yi, she lowered her standards. The Miss of house song also started to compromise. It was good enough that she could be by Lin Yi's side. She didn't want Lin Yi to only have her as his woman.

"There's an old saying that people in the pugilistic world can't help themselves!" Lin Yi sighed,"now that I think about it, it's true. Unless you find a place to live in seclusion, you'll have to keep pursuing higher realms. Your enemies are also growing. If you stop, you'll only be waiting for death!"

"You're right!" "But, Sky Class ... I'd never thought about it before-my initial goal was to surpass Lingshan sis, and everything would be fine. But look at me now, how naive I was before? Even if I'm on the same level as Lingshan now, I don't have any other thoughts, because my strength didn't come from my own cultivation. It came from the man Lingshan little sister likes. What right do I have to pursue her? "So, after I've thought it through, I've suddenly become enlightened. I should find the love that truly belongs to me, and not the obsession and fantasy of my youth ..."

"Ha ..." Lin Yi didn't know how to answer. He could only smile.

"Right, Lin Yi-I'll call you boss from now on, too. I think Wu Chengtian called you boss so naturally, so it's a bit disrespectful for me to call you by your name!" Chen Yutian had wanted to bring this up for a long time,"Putting aside the fact that you were my instructor in the past, you should be my boss now that you've helped me so much!"

"You call me boss, what about Shu? "Isn't that messing up the seniority ..."Lin Yi smiled bitterly. He knew that Yutian would bring this up eventually. Lin Yi didn't mind-he wasn't one to follow the rules or be humble, and so when Chentian, qikun, and Yu Bing called him their boss, he agreed. But for Yutian, because of Yushu, Lin Yi still treated him like a big brother.

"Shu ... We'll talk about it after she really gets married to you." "I'm not sure yet!"Yutian smiled bitterly.

"Cough, cough! Chen Yutian, what's the meaning of this? Why are you giving your sister to Lin Yi again? I didn't promise you, so you're messing with me on purpose, right?" Lingshan said, glaring at Yutian.

"Haha, I was just joking." Chen Yutian laughed dryly.

"Alright, whatever you want to call me-it's just a title. I'll raise you guys to Mystic late phase peak now, and with Wu Chengtian, we'll go to the noble House meeting and get justice! It's time for house Yu to

pay their blood debt!” Lin Yi thought of the pangolin, and a cold smile appeared on his face. (To be continued.)

Chapter 1693: There’s someone I like

No matter what role house Yu played in the armadillo incident, Lin Yi would never let him go! Even with the Hidden House Yu’s protection, Lin Yi had to get justice! Lin Yi was a protective person-the only people who could hurt his people and still be safe were house Yu.

Lin Yi’s words made both Lingshan and Yutian’s hearts tighten. It seemed that being Lin Yi’s friend was the luckiest thing in their lives. Lin Yi was known for his loyalty and protection of his friends and women.

“Lingshan sis, you go first, Ladies First!” Yutian said with a smile. The upgrade this time was different from the mystic class-it was just a test, so as a man, Yutian naturally rushed to the front. But this time, he had a 100% chance of reaching Mystic late phase peak, so Yutian gave the chance to Lingshan, letting her enjoy the joy of becoming a Mystic late phase peak first, “I’ve already surpassed you once in my life. I’m satisfied!”

Chen Yutian was talking about the tomb, when Lin Yi first raised him to Mystic early phase. In this life, he surpassed song Lingshan in that instant and let go of his resentment.

“Then I won’t be polite!” Song Lingshan sat in front of Lin Yi and reached out her hand, passing it to him.

They were all familiar with this, and Lin Yi didn’t even need to say anything-Lingshan was already prepared!

Lin Yi didn’t say anything else and started channeling his art of Dragon mastery, sending Qi into Lingshan’s body continuously. Lingshan frowned-she couldn’t take this much Qi, but she gritted her teeth and persevered!

It wasn’t a common opportunity to level up like this-it was a once-in-a-thousand-years opportunity. Other practitioners wouldn’t even be able to level up like this, and so Lingshan didn’t think the pain was a big deal.

Song Lingshan’s strength reached Mystic late phase peak without a doubt, and after her was Chen Yutian. The next morning, Chen Yutian also broke through to Mystic late phase peak!

“Why do I feel like I’m dreaming?” Chen Yutian stood up and stretched his arms, “It’s completely different-Mystic early phase and Mystic late phase peak, the difference is like heaven and earth!”

“When you break through to Earth Class, you’ll realize that everything will be different!” Lin Yi said.

“Boss, I noticed that you didn’t seem to be affected at all after you helped us increase our strength. You’re still full of energy. Isn’t this a little too magical?” Chen Yutian looked at the energetic Lin Yi, very surprised!

One had to know, how much Qi did it take to raise two Mystic early phase to Mystic late phase peak! One could say that even if all the Qi in Lin Yi’s body was sucked dry, it still wouldn’t be enough, but Lin Yi did it, and his strength didn’t seem to be affected at all.

“Yutian bro, let’s just keep this a secret. Don’t spread it out, or it’ll bring Lin Yi a lot of trouble!” Song Lingshan’s face turned serious as she reminded Chen Yutian.

“I understand!” Chen Yutian nodded seriously, “I’m just saying this in private. I can’t tell you how I improved my strength even if you beat me to death!”

“Ha, it’s not that serious. If you really want to die, you should just say it.” Lin Yi said, “remember this, no matter what, your life is the most important. As long as you’re alive, there’s hope. You’ll get your revenge eventually. A man knows when to yield and when to stand up for himself. That’s the courage of a man.”

“Ah? Hahaha!” Chen Yutian was amused by Lin Yi.

“Of course, it doesn’t matter if he’s crippled. I can cure him.” Lin Yi smiled, “alright, you guys get ready. I’ll go back and help Wu Chengtian level up. We have to go there before the noble House meeting.”

“En, let’s get ready!” Yutian nodded, “by the way, I can’t hold it in anymore. I want to kill that Yu Feng right now!” If it wasn’t for boss last time, I would have been disabled for the rest of my life!”

As they were talking, song Lingshan’s phone rang! She’d turned off her phone before, afraid that it’d affect Lin Yi’s leveling up, but the call came in right after she turned it on-it was still early in the morning, and she didn’t know what important thing was going on.

But Lingshan frowned when she saw the caller ID-it was her Grandpa song, song xiangwen.

“Hello, Grandpa, what’s the matter?” Lingshan had no choice but to pick up the phone. She couldn’t reveal that she was going to take revenge on Yu Feng, or it’d be hard for house Yu to get help from the Hidden House Yu. She had to surprise the old man to get the effect she wanted, so she didn’t really care much about it.

“Something? What did you say? The noble House meeting is about to begin, and you didn’t even tell me if you were coming back or not! After your strength increases, will I no longer be your grandfather?” It wasn’t song xiangwen’s fault for being angry-house song was in an awkward position right now. House Yu was aggressive, not only asking elder song if he still wanted to marry Lingshan, and if there was anything between song Lingshan and Chen Yutian, but they also went to question elder Chen, turning house Chen from the victim to the one in the wrong.

Of course, in a Noble House, whoever had the strongest fist had the right. House song and house Chen didn’t dare to say anything against house Yu, who had a strong backing. However, they knew that they were in trouble at the meeting.

“Grandpa ... I’ll definitely attend the noble House meeting and give you an explanation, but I really can’t go back now ...” Song Lingshan looked at Chen Yutian and Lin Yi.

“So, how’s your marriage with Yufeng coming along? Are you going to agree or not?” Master Song asked sternly.

“Grandpa, Didn’t I tell you before? I already have someone I like, I’m not going to marry Yu Feng!” Song Lingshan looked at Lin Yi, her face red as she spoke with determination.

"You child, how can you be so willful? Do you know what kind of consequences your decision will bring to our song family?" Elder song was pissed off,"House Yu's already sent me a hint-if you marry Yu Feng, then we'll let bygones be bygones. Of course, you'll have to be a virgin first-otherwise, there's no way we'll be able to resolve this!"

"Oh? Then I'm no longer one!" Lingshan said,"I've already met the person I like ... Naked ..."

Chapter 1694: bad news

Lingshan thought to herself, I'm not lying to you-she did meet Lin Yi before, but that was under special circumstances ... In fact, nothing happened between them!

"You!" Master Song was furious,"are you telling the truth?" Are you trying to get the song family killed? Why don't you consider the overall situation? I've been supporting the song family for so many years, and now I've failed!

"Grandpa, I don't think I've done anything wrong!" "First of all, you got me engaged without my permission, and I really don't like Yufeng!" Lingshan argued. Even if I don't have someone I like now, I won't marry him! Chen Yutian is my friend, my big brother. He was injured by Yufeng, and yet I'm still going to marry him? aren't you trying to make me look bad?"

"..." Song Lingshan's words made elder song fall into silence. Song Lingshan's words made sense, and song xiangwen wasn't an old fool. However, at this point, there was no turning back. If song Lingshan didn't marry Yu Feng, then there was no turning back. House Yu would definitely make things difficult for them during the noble House meeting!

"Grandpa, actually, this way, we can work together with house Chen to fight house Yu. We might have a chance ..." Song Lingshan hinted. She couldn't say more than that.

"Chen family? How could they unite? "House Chen only has one Chen Yutian, and he's already a cripple ..." Xiangwen sighed."This time, the Chen family can't even take care of themselves. It's useless to ally with him. Don't think that he can escape this with a marriage contract from an ancient sect. We don't even know if that marriage contract will be effective ..."

"Perhaps ... The Chen family has other allies?" Lingshan continued.

"Other allies? With the Chen family's current strength, how could they have any other allies?" Song xiangwen didn't quite understand his granddaughter's words,"Shanshan, why do I feel like there's a hidden meaning in your words?"

"It's nothing much. I just feel that everything has its own will. Maybe there will be a turn of events?" "Alright, Grandpa, I'll talk to you later," Lingshan said."I'm going to work now, and I'm really busy!"

"Hey!" Song xiangwen sighed helplessly. It looked like house song was going to be removed from the noble House list for sure!

She hung up and shrugged,"I have no choice. I can only hide this from Grandpa for now ..."

"Am I not the same? Now, my grandpa's all hope is gone-he's just waiting for house Yu to cause trouble at the family meeting ..."Yutian sighed and clenched his fists."House Yu, Yu Feng, just you wait, I'll wash away this humiliation!"

“Don’t worry, you will!” Lin Yi patted Yutian’s shoulder. “I’ll take my leave first. Oh right, there’s one more thing I forgot to tell you. It’s bad news, do you want to hear it?”

“Bad news? What’s the bad news?” Yutian and Lingshan asked, shocked.

“I wanted to tell you after the noble House meeting was over, but I was afraid that you’d waste your energy doing something useless, so I decided to tell you in advance.” Lin Yi said.

“What’s the bad news?” “Something to do with the noble House meeting?” Lingshan asked. That’s not right ... You said you could tell us after the noble House meeting ...”

“The bad news is that you won’t be able to cultivate on your own in the future!” Lin Yi said, disappointed.

“I can’t train on my own ...” Lingshan blinked, but suddenly remembered something, “What you’re saying is that if we cultivate on our own, there’s no use and no progress, right?”

“That’s right, that’s it!” Lin Yi nodded, “the Qi I’ve sent to you guys is too pure. It’s causing you guys to reject the spiritual Qi of the natural world. The spiritual Qi of the natural world has no effect on you guys. No matter how hard you train, it’s useless unless you go to places with an abundance of spiritual Qi!” However, it’s not easy to find such a place ...”

“No wonder, so it’s like this!” “I’ve said it before, I haven’t made any progress at all when I’ve been training. So that’s the reason!” Lingshan said, suddenly enlightened.

“Yes, you mentioned it once before. I didn’t pay much attention to it, but I discovered this drawback later on!” “From now on, you’ll have to wait for me to level up first, or I’ll make elixirs for you guys after I learn how to make elixirs!” Lin Yi said.

“Alchemy? You want to learn alchemy?” Lingshan and Yutian froze—they’d never been in contact with alchemy before, but they were from noble houses, after all, and had access to this type of information. They knew that being an Alchemist was an extremely noble profession, and it was very rare, and yet Lin Yi wanted to learn how to refine.

“It’s just an intention, I haven’t achieved it yet.” Lin Yi said with a smile.

Song Lingshan and Chen Yutian couldn’t help but admire Lin Yi. He really dared to think! The Lin Yi now was already strong enough—if he became an elixir master, then wouldn’t even the ancient sects have to suck up to him? I’ve heard that being an Alchemist was a very popular profession even in ancient sects!

If Lin Yi really did become a refiner, then the hidden houses “crisis would be solved. He believed that many ancient sects would be willing to stand up for Lin Yi, begging him to make elixirs for them!

“It doesn’t matter whether we cultivate or not. We’ve been cultivating for several years, but we can’t compare to the amount of strength you’ve helped us improve in this short while. So, the drawbacks you mentioned are almost nothing to us.” “Boss, we’ll be relying on you for the rest of our lives!” Yutian smiled.

“Yeah, this saves me a lot of trouble. In the future, I’ll just sit back and enjoy the fruits of others ‘labor!” “My dream was to find a strong man to protect me, and now that I’ve found one, I don’t need to train anymore!” Lingshan said.

“Haha, I’m going back now, see you later ...” Lin Yi didn’t reply to her and quickly walked out of the room.

Just as bad a mood as house song’s elder song xiangwen was house Wu’s elder Wu, Wu gonggao! Gonggao’s mood was different from theirs.

Chentian was beaten up for Lin Yi’s woman, and there wasn’t any news from him after the first call. Gonggao didn’t dare to call him. (To be continued.)

Chapter 1695: sun Jingyi’s troubles

He was afraid that Chentian would take things too hard, so he decided not to ask him about his injuries. He wanted to let Chentian calm down and think things through before coming back to the house!

However, the noble House meeting was about to begin, and gonggao had to call his grandson, Chentian, no matter what. He’d always brought his grandson to the meetings in the past, and Chentian was his pride and joy-he was one of the stronger practitioners among the younger generation.

But this year, he had to bring Chendi-he was afraid that Chentian would feel bad about it, so he wanted to bring Chentian as well! Gonggao had high hopes for Chentian, but he didn’t really like Chendi!

Even though Chentian was injured, Chendi still wasn’t favored-he only received more attention from gonggao than before, but he still didn’t have the luxury of spending money like Chentian did. His pocket money was still pitifully small.

Of course, there was a reason why gonggao didn’t like Chendi.

Before the noble House meeting, gonggao called Chentian.

“Grandpa?” Wu Chengtian didn’t think that his grandfather would call at this time. He was afraid that his grandfather would call to ask about his injury, and he really couldn’t tell him anything because Lin Yi told him to keep it a secret. He couldn’t say much even in front of his grandfather.

But his grandfather didn’t call him after that, and he let out a breath of relief. He didn’t expect the phone call to come right before the noble House meeting, and he had to be careful, “Grandpa, what’s the matter?”

“Chentian, how have you been? Are you alright?” Chentian’s careful voice made gonggao’s heart ache-he thought that Chentian was afraid of losing his love after losing his strength! Gonggao quickly said, “Chentian, you’re a physical practitioner, don’t be discouraged. It’s okay if your meridians are injured, as long as your hands aren’t injured, you can still practice house Wu’s Iron Fist Arts. As for your meridians, Grandpa will get someone to ask for a Meridian opening elixir for you ...”

“Grandpa ... I ...” Chentian didn’t expect his Grandpa to say that, and he felt even more bitter. He wanted to tell gonggao that he was fine, that he had recovered, that he was an early phase Mystic now, and that he was about to break through to late phase peak!

But his rationality stopped him from doing that. He knew that if he didn’t say it now, his Grandpa would only be sad for a short while, but if he said it, it would affect Lin Yi’s big plan!

“Alright, Chentian, don’t be sad, don’t be discouraged. The noble House meeting is about to begin, how’s that? Are you in the mood to go with me?” Gonggao asked.

“I ...” Chentian didn’t know how to answer.

“It’s fine, I’ll bring Wu Chendi with me this time, you come too? With Grandpa here, no one will dare to laugh at you!” “No matter what, I’m still a Mystic mid Phase-I’m still one of the top masters in the noble House!” Gonggao said.

“Thank you, Grandpa ... But I won’t be going for now ...” Chentian said.

“Alright, don’t think too much, and don’t have any psychological burden!” “Then I’ll hang up first,” gonggao said. “Rest in peace!”

“Alright! But Grandpa, don’t worry, I won’t let you down! I will become your pride. Please remember my words, I will do as I say!” Chentian couldn’t say too much, so he just gave a hint.

“Hehe, I’ll remember that! I’ll be waiting for this day to come!” Gonggao smiled-Chentian seemed to be in a good mood, and that made him feel at ease. He’d been worried that Chentian wouldn’t be able to take it and do something extreme, but Chentian seemed to have regained his confidence!

After hanging up, Chentian let out a breath of relief and looked at Lin Yi, “Boss, come on, I want to level up, I want strength! I’m going to shine in the noble House meeting this time and make house Wu one of the top noble houses!”

“Come on!” Lin Yi smiled and placed his hand on Chentian’s meridians, channeling his art of Dragon mastery. Chentian, on the other hand, quickly channeled his practitioner’s Arts ...

Jingyi wasn’t having a good time either-after house sun found out about Chentian’s injury, they didn’t want to marry Jingyi off to him anymore, and the Head of House sun had mentioned it to gonggao, but he didn’t say anything about it.

He knew that letting Jingyi marry a cripple like Chentian was putting him in a difficult position, and he seemed to have heard from Chentian that Jingyi had some sort of relationship with his boss, Lin Yi. He didn’t mind it too much and just laughed it off.

Even if he couldn’t marry into house sun now, he couldn’t make an enemy of house sun, and gonggao’s compromise made the old man feel a little embarrassed. He agreed to help gonggao at the meeting!

And so, gonggao thought that it was a good deal, and he didn’t mention it to Chentian at all-Chentian had already told him that he’d given up on Jingyi, so what was the point of gonggao bringing it up?

And so, gonggao had gotten a bargain! And so, while gonggao wasn’t in a good mood about Chentian’s injury, he was able to stay calm after what happened at the noble House meeting.

At first, when house sun told her that they’d canceled their engagement with Chentian, she wasn’t too happy about it-Chentian had already given up on her and became Lin Yi’s follower, and so she didn’t care about the engagement at all.

Of course, that wasn’t the main problem-the main problem was that house sun wanted to marry Jingyi off to another Noble House, for the benefit of the house!

“Jingyi, I’ve already signed you up for the noble House meeting this time. Come with me to the meeting, and see if there are any young talents there, and I’ll find you a husband!” It was old man sun-he called personally to get Jingyi back to house sun.

“Grandpa, I’ve told my family before that I have a boyfriend and someone I like. I want to live my own life, so please don’t force me. I don’t care about wealth, I just want to live a quiet life.” Sun Jingyi hesitated and rejected, “I don’t want to be a sacrifice for a family marriage!” (To be continued.)

Chapter 1696: he’s a Mystic

“Bullshit! You’re a member of the sun family. How can you be so casual about your marriage? Besides, who said you’re a sacrifice? You’re a cultivator who’s completed stage one of the sun family’s heart technique. Do you know how important your strength is? You’re the most sought-after person in the house-as long as you agree, you can become the young lady of house Yu!” Old man sun was starting to panic after hearing what Jingyi said.

“I don’t want to be a young Madam, I just want to live a peaceful life. What’s so good about being a noble? Didn’t my parents also die because of the grudges between the sect and the aristocratic family?” Jingyi wasn’t interested in her grandfather’s suggestion at all. “I just want to be an ordinary person, and I have proven to you that I have the ability to support myself! In a place without the influence of my family, I have my own company and my own business.”

“Ahem ahem ahem ... You ... You’re trying to piss me off ...” Old man sun started coughing violently after hearing what Jingyi said ...

“Grandpa ... What’s wrong ...” Sun Jingyi was shocked and asked hesitantly.

“Jingyi, let’s be honest, grandpa’s time is up, I don’t have many years left ...” Old man sun sighed, his voice full of helplessness, “So, I have to make some arrangements in advance ... Otherwise, our Sun family will be in danger!”

“What? Grandpa, your body ... The last time I saw you, weren’t you still very healthy?” Jingyi hated her Big uncle’s family-the marriage with house Wu was suggested by her Big Uncle, and her grandfather didn’t really force her, so even if she didn’t like house sun, she still had some feelings for her grandfather.

When she was young, only her brother Sun Yikai and Grandpa sun treated her well. Everyone else thought that she wasn’t a member of house sun.

“The last time ... The last time you saw Grandpa was two years ago, right?” she asked. Old man sun said with a bitter smile.

“I ...” Sun Jingyi’s heart ached ...

“Jingyi, I’ve never forced you when it comes to marriage. You should know that when the Wu family came to propose, I just wanted you to get along with each other. I didn’t promise you anything.”

“Among the third generation of children, although I don’t say it, I’m actually the one who dotes on you

the most. When you were young, you should understand that when your brother, you, and your brother got into trouble, I scolded them ...” Old man sun said.

“I know ...” Jingyi said quietly.

“But you have to know that as a Child of the Sun family, this is an unchangeable fact! I can give you a certain amount of freedom in your marriage, but you must be of equal social status. ” “Marriages between families are something that every family does,” old man sun said. “This can’t be changed. Besides, think about it. If you find a man from a humble background, how are you going to return to the sun family in the future? How are we going to face the other families in the future?”

“My ... My boyfriend is actually very strong. He’s not from a Noble House, but he’s a practitioner ...” Jingyi had no choice but to use Lin Yi as an excuse.

“Cultivators ... No matter how powerful a cultivator is, it’s useless without the support of a family. You’re talking about the Rogue cultivators, right?” Old man sun said, “actually, you can say that Grandpa is overbearing or unreasonable, but Grandpa will never agree to you marrying a cultivator without any power!” This is not only related to the sun family’s future, but also your own happiness!”

“My own happiness ... I know ... Plus, he’s really good ...” Sun Jingyi explained.

“No matter how powerful he is, how powerful can he be? Could he be a Mystic class master?” Old man sun asked back, “you have to know that only when a practitioner reaches Mystic class can they barely earn the respect of us noble houses. However, in the eyes of the hidden houses, they are just some thugs and lackeys, their status is far lower than us noble houses ... So, Jingyi, just treat it as grandpa’s last request before I die. Grandpa doesn’t want you to marry into house Yu, but you have to at least marry a Noble house’s child, right?”

“Grandpa, he ... He’s a Mystic!” “And he seems to be very good at medicine,” Jingyi said helplessly. “Can you let him take a look at your condition?”

“Oh? Profound grade?” Old man sun was slightly stunned! He’d only said it casually, but he didn’t think that Jingyi’s practitioner boyfriend was really a Mystic! Although, in the eyes of the hidden houses, a Mystic wasn’t even as important as a golden class member, but in the eyes of the houses, Mystic class was a very impressive existence!

Old man sun was thinking further-if Jingyi’s practitioner boyfriend was really a Mystic, then if he agreed to come to house sun and become a son-in-law, then house sun would have another Mystic master out of thin air-it was a huge deal!

The sun family was a family of auxiliary and healing cultivators, so there was no master of combat in the family, so it was a good thing to have another master of combat! This would bring more benefits than marriage with other families.

“Yes, he’s a Mystic ...” Jingyi said, bracing herself. She was talking about Lin Yi, but Lin Yi had nothing to do with her.

“If that’s the case, then I’ll give you a chance-bring him back to house sun. If what you said is true, then let him join us in the noble House meeting. With a Mystic, it’ll be a good chance for house sun to show

our face!” “Of course, the premise is that he must agree to be the sun family’s son-in-law ...” Old man sun said.

“Ha?” The old man’s first condition was enough to make things difficult for Jingyi-bringing Lin Yi Home? And attend the noble House meeting? Would Lin Yi agree? And now, he wanted Lin Yi to marry into their family? Why not just beat sun Jingyi to death for this problem.

“What’s wrong? It can’t be a lie, right?” Old man sun frowned at Jingyi’s question.

“That’s not it, it’s fine to meet him ... But can you wait a little? I don’t want to make our relationship public yet, and I don’t think he’ll agree to marrying into a son-in-law ... He’s a Mystic class master after all ...” Jingyi said bitterly.

“I’ve already given you the chance. This is my bottom line!” Old man sun said, “if he joins our Sun family, then our Sun family’s strength will increase. I can accept that. But if he only marries you, then you belong to him. It’s better to find a big family for marriage!” (To be continued.)

Chapter 1697: Pretend again

“I ... I’ll try then ...” Jingyi said helplessly. “I’ll ask him first ...”

“Alright, I’ll wait for your news! But if he doesn’t agree, or if he’s not a Mystic, then we’ll just let it go!” “Jingyi, you should know that house sun won’t have a good time if I leave ...” Old man sun said.

“I ... I know ...” Jingyi sighed.

“I’ll be waiting for your news. ” Said old man sun.

“Then ... Grandpa, please take care of your health!” Jingyi suddenly remembered some of her childhood memories ... Her grandfather was a strict and overbearing man, a bit of a male chauvinist, but he was really good to her!

“Don’t worry, although my body is not in good condition, I can still hold on for one or two years and watch you guys get married and start your own careers!” Said old man sun.

Although it seemed unreasonable for her grandfather to ask her to marry into another family, he gave her a choice. It was much better than those parents who directly decided the marriage of their children ...

But, how was she supposed to tell Lin Yi? Pretending to be her boyfriend to trick Chentian was fine, but to trick her Grandpa ... Would her Grandpa be able to see through her?

Jingyi was at a loss-she had no choice but to dial Lin Yi’s number.

“Hello?” Lin Yi had just finished helping Chentian level up when Jingyi’s call came in. Lin Yi smiled and picked it up, “Looking for the great thief?”

“Lin Yi ... I have something urgent to talk to you about, can you come over?” Jingyi smiled bitterly-she wasn’t in the mood to joke around with Lin Yi. It was too sudden, and what was she supposed to do if Lin Yi didn’t agree to go back with her?

“Now?” Lin Yi didn’t know why Jingyi was looking for him so urgently, but he’d been thinking of calming down and studying the skill for a while-it seemed like he couldn’t do that for now.

“En, now, is that okay?” “Really!” Jingyi said, a little worried.

“Alright, where are you? I’ll be right there.” Lin Yi and Sun Jingyi’s relationship wasn’t too close, but it was still closer than normal friends. It was only because Wu Chentian became Lin Yi’s follower recently that he stopped bothering sun Jingyi. Lin Yi and Sun Jingyi gradually drifted apart, and they didn’t keep in touch.

“MHM ... It’s noon, let me treat you to lunch. We can talk as we eat. I know a new home of six tastes, and I heard it’s pretty good?” “It’s right behind Songshan’s first school, you’ll be able to see it if you come over. It’s a huge sign,”Jingyi said.

“Alright, I’ll go over now!” Lin Yi replied.

Lin Yi put the skill on the table and said goodbye to Mengyao and Yushu before driving to the home of six tastes. He saw sun Jingyi’s Red Audi A41 at the entrance, and it seemed that she had already arrived.

Lin Yi parked his car and walked into the home of six tastes. A waiter came over.”Sir, are you alone or do you have an appointment?”

“Was there a lady with the surname sun who booked a private room earlier?” Lin Yi didn’t know if sun Jingyi told the waiter or not.

“May I know your name, Sir?” The waiter did not answer, but asked with a smile.

“I’m surnamed Lin. ” Lin Yi said.

“There’s a Lady Sun Jingyi who’s booked a room, please follow me, Sir. ” The waiter confirmed Lin Yi’s identity.

Lin Yi nodded, thinking that the service here was pretty good, and the privacy of the customers was well protected.

Lin Yi followed the waiter to a room, and the waiter made a gesture to open the door for him.

“So fast?” Jingyi had just arrived as well, and was surprised to see Lin Yi right after her.

“You already said it’s urgent, how can I not be quick?” Lin Yi didn’t know whether to laugh or cry.”What, you’re not in a hurry anymore?”

“No... But it’s not that it’s very urgent.” Jingyi said, a little embarrassed.”But it seems that the summoning of my lover is still very powerful!”

“Lover? You still have the nerve to say that? You treat me like a lover when you need me, but when you don’t need me, you don’t even give me a call?” Lin Yi smiled,”plus, we’re lovers, but I didn’t get any benefits at all. I didn’t even get to hold your hand, let alone kiss you. Isn’t that a little too sad?”

“Aiya, Alright, alright, you’re half a lover, after all. You’re just pretending, the kind in name only, at most ... If you Make Me Like You, I can give you some benefits!” Jingyi blinked as she looked at Lin Yi, her eyes full of love.

“Come on, I don’t believe you. Don’t try to fool me. If I don’t have time to waste with you, I’d rather go home and hug Tang Yin.” Lin Yi shrugged, not falling for Jingyi’s seduction. “I was fooled by you back then, and you expect me to be fooled again? To quote a saying, the same move is ineffective against cultivators!”

“By the way, what’s your current strength?” Jingyi said, remembering something when Lin Yi mentioned practitioners.

“What’s wrong? Why are you suddenly asking this?” Lin Yi was on alert after hearing Jingyi’s words—it wasn’t that he didn’t trust her, but this was a critical time. The noble House meeting was about to start, and the strength of Lin Yi and the people around him had to be kept a secret. Otherwise, it’d be troublesome if house Yu found the Hidden House Yu as external help!

And Jingyi was from house sun, too—Lin Yi had to be careful! He didn’t have much contact with Jingyi, but his instincts told him that she wouldn’t harm him. He was just worried that she’d be used by another family without knowing!

After all, everyone knew what happened between Chentian and Jingyi—people who didn’t know might start with Jingyi, and Lin Yi had to be extra careful.

“Of course it’s useful, just tell me ...” Jingyi didn’t notice the change in Lin Yi’s expression as she flipped through the menu.

“Isn’t it the same as before? Don’t you already know?” Lin Yi asked.

“Profound grade? Mystic mid phase?” Jingyi wasn’t too sure—she didn’t remember much at the time, but she was surprised that Lin Yi was a practitioner as well. House sun’s practicing was a bit of a different type, and she wasn’t as sensitive to strength levels as other practitioners.

“En, pretty much ...” Lin Yi replied, “Let’s not talk about this for now. Why did you ask me to come?”

Chapter 1698: A son-in-law who married into the family

“Let’s order the dishes first. I heard that the cuisines in the house of six tastes were created by the boss himself. It is said that all the seasonings used in the dishes are no more than six flavors, only soy sauce, vinegar, salt, sugar, MSG, and chili. However, the taste is extremely good!” “This shop didn’t belong here before,” Jingyi explained. “The chain just opened, and I’ve wanted to try it out for a long time, but I just didn’t have the time. There were too many things at the company ...”

“You’re also the young miss of the sun family, why do you have to be so tired?” “How’s the company doing?” Lin Yi asked. Oh right, Wu Chentian has a company that’s on the verge of dying, do you want to take it over? Everything is ready, the only thing missing is a manager. ”

“Big miss ... Hahaha ...” Sun Jingyi’s smile was bitter as she changed the topic, “Wu Chentian’s company? I can do that, but will he be willing to?”

“Him? didn’t he start that company just to show off in front of you and get your attention? Now that you’re my underling, I don’t have any ideas about you anymore, so the company will naturally be abandoned. ” “It’s the Xiao Wangba and wangdao’s money anyway,” Lin Yi said. “Wu Chengtian doesn’t care. ”

“That’s good.” Jingyi’s eyes flashed with surprise when she heard that Chentian was Lin Yi’s follower.”Oh right, I wanted to ask you last time, why did Chentian call you boss? It can’t be just because you’re stronger than him that he ...”

No matter what, Wu Chengtian was still the young master of house Wu. Even if he was crippled, there was no need for him to call a freelancer Lin Yi his boss, right? And it seemed like he admitted it before he was crippled, and the reason was because of the woman who was protecting Lin Yi?

Jingyi felt that this was a little suspicious-Chentian may look a little stupid, but he was a very arrogant man. If it weren’t for Lin Yi’s qualities, he wouldn’t have lowered himself to be Lin Yi’s follower, and he wouldn’t be willing to get himself injured just to protect Lin Yi’s woman!

“Of course, there are other reasons. I did him a favor.” Lin Yi didn’t lie to her-he did help Chentian level up.

Lin Yi was familiar with Jingyi, but he still had his guard up-their relationship wasn’t at the stage where they could talk about anything they wanted.

“I see ...” Jingyi didn’t ask much-she had more important things to talk to Lin Yi about, and she didn’t really care about Wu Chentian,”“You ... Can you pretend to be my boyfriend again?”

“Haven’t I always been pretending?” Lin Yi said with a bitter smile.

“Then, can you come home with me?” Jingyi asked.

“Huh!?” Lin Yi’s eyes went wide, almost jumping up.”Go home? You?”

“Wu Chentian’s crippled, and my Grandpa used this reason to reject house Wu’s marriage, but he still wanted me to marry a Noble’s son. But I told him that I have a boyfriend, and he’s a practitioner, a Mystic!” Jingyi told Lin Yi her conversation with her grandfather. “That’s why ... Grandpa wants to see you. Furthermore, he wants you to be his son-in-law ...”

“Pfff ...” Lin Yi spat out a mouthful of tea! Going home with sun Jingyi was enough of a headache for Lin Yi, and now he wanted to be a son-in-law? Is there a mistake?

“Uh ... I know this should be very difficult for you, but I have no other choice ... I was forced to do this. Anyway, it’s fake, so just bear with it!” Jingyi said, looking at Lin Yi pitifully.

“I don’t believe your expression. You’re always fooling people.” “You’ve been trying to trick me since the first time I met you,”Lin Yi said, wiping his mouth.

“Alright, to be honest, this will cause you some trouble, but I really have no other choice ...” Sun Jingyi smiled bitterly, a lonely expression on her face. “I’m actually a different person in the sun family. I don’t have the last name, and although I changed it to sun, I didn’t really integrate into the sun family ... Grandpa pitied my background and treated me very well when I was young, but this made me a thorn in my uncle’s family’s side! The eldest son and the first grandson are not as loved as I am by grandfather, so they have long wanted me to marry out and treat me as a tool for the family!”

Lin Yi had a rough understanding of sun Jingyi’s background, and he couldn’t help but feel a little emotional when he saw her true feelings,”Your background is very pitiful, but you don’t have to pretend in front of me, because I treat you as a friend!”

“Yeah, I’m not pretending ...” Jingyi said. “It’s just a habit sometimes. But I can guarantee that everything I said to you today is true. I’m not lying to you.”

“Hehe, and then they wanted to marry you off to Wu Chentian? Now, you want to marry you off to another noble family, so you’re using me as a shield?” Lin Yi asked.

“That’s it ...” Sun Jingyi nodded.

“Then have you ever thought that this is not a long-term plan? What if I’m exposed? I can’t be at your beck and call, right?” “Plus, a son-in-law who married into another family ... Even if it’s fake, how can I accept that?” Lin Yi said.

“I don’t think it’s important whether or not he married you ...” Jingyi said. “As long as you can make Grandpa acknowledge you and acknowledge you, that’s all that matters.”

“Acknowledging me ... I’m just afraid that it’ll be fake and real after he acknowledges me ...” Lin Yi considered a lot more—he was already an Earth Class now, and if he really showed his strength in front of the old man, then even if he didn’t marry into the sun family, the old man would probably agree to it. But the problem was that Lin Yi and Sun Jingyi’s relationship was fake, not real!

“You’re quite confident?” Jingyi smiled, suddenly remembering something important. “Oh right, my grandfather’s health doesn’t seem to be very good. Can you help him take a look?”

“Sure, but I’m afraid that he’ll approve of me even more after reading it. What will happen in the future? Have you ever thought about it?” Lin Yi asked.

“In the future ... We’ll talk about future matters. If I really can ‘t, I’ll just marry you!” Jingyi said with a smile.

“You’re tricking me again,” Lin Yi said.

“No, I’m being sincere!” “At least, I’m more familiar with you compared to the other noble houses I don’t know. It’s better to marry you than them!” Jingyi said.

“Then what about Tang Yun and Feng Xiaoxiao?” Lin Yi asked.

“I’ll be the big one, and they’ll be the small one?” “No matter what, I’m still the Miss of house sun—you can’t just make me the mistress, can you?” Jingyi said. (To be continued.)

Chapter 1699: It was just a joke

“Hahahaha ...” Lin Yi laughed, “You might not say that after knowing Xiaoxiao’s identity.”

“Xiaoxiao’s identity?” Jingyi blinked.

“Her body is special, and the sect master has taken a liking to her. She’s taken her as a disciple on her master’s behalf, and will be the next Master of the Ice Palace!” Lin Yi said.

“What!” Jingyi jumped—she’d heard of the Ice Palace before, and knew about the test as well, but these things were way too far away from the noble House level. The further away they were, the more shocked she was—Xiaoxiao was going to be the leader of an ancient sect?

In comparison, her identity as the young lady of the sun family was really a joke.

“Besides, Xiaoxiao doesn’t want to be the main wife. She’ll still be the second wife.” Lin Yi said.

“I ... I was just joking ...” Jingyi felt a little down, an awkward smile on her face. Lin Yi’s news was too much of a shock-Xiaoxiao was the future master of the Ice Palace?

“Keep this a secret. Don’t tell anyone.” Lin Yi wanted to test Jingyi’s character, so he told her something that didn’t seem to matter at the moment. Xiaoxiao’s incident wouldn’t affect Lin Yi’s plan at all, and even if word got out, it would make the Hidden House Yu even more afraid!

But he didn’t want to do something like this-his strength was the most important, after all. Using the Ice Palace as an excuse to save his life was fine once or twice, but it wouldn’t be as useful anymore.

Feng Xiaoxiao was the future sect master of the Ice Palace, but that was only in the future-she wasn’t yet! Xiaoxiao was only an early phase golden class now, and the future was full of uncertainties. No one knew what the future would be like.

Plus, Lin Yi wasn’t someone who liked to rely on others, especially a Sky Class girl. If Lin Yi used her name to cheat people, the girl would laugh at him.

“Don’t worry, I understand. I won’t say anything.” Jingyi nodded seriously, “But, if this matter were to be spread out, wouldn’t it increase your might?”

“I don’t want to rely on women.” Lin Yi didn’t explain too much. In fact, he didn’t mind leaning on Feng Xiaoxiao because she was his woman. But the rock Candy Girl was different. Lin Yi didn’t want to lean on her.

“So ... You’ve agreed to my request?” “Grandpa said that I should take you to the noble House meeting” Jingyi said.

“I was just about to talk about that. I wanted to wait until after the noble House meeting, but since you’re also going to pass away at the noble House meeting, then you might see me there.” “I’ll be going with them,” Lin Yi said.

“Someone else? Wu Chentian?” Jingyi asked.

“Yeah.” Lin Yi nodded.

“That’s fine, let’s meet at the noble House meeting then.” Jingyi let out a breath of relief, as if she’d just gotten her wish fulfilled.”But you don’t have to worry too much. As long as grandpa’s illness is cured, I’ll be at ease. When I leave the sun family, I won’t have too much pressure ...”

“Oh? You’re planning to leave the sun family?” Lin Yi couldn’t help but ask as he looked at the disappointed look on Jingyi’s face. He wasn’t someone who liked to meddle in other people’s business, but he did like to meddle in his friends “business.

“En ... This time, if it wasn’t for Grandpa saying that his body isn’t doing too well, and that he might not be able to last for long ... I wouldn’t have agreed to this ...” Sun Jingyi said sadly, “Sigh, I haven’t been back to the sun family for almost two years ...” He said.

“Who will be in charge of the sun family in the future? Is he your Brother Sun Yikai or your uncle’s son?” Lin Yi suddenly asked.

“Hmm?” Jingyi blinked, not sure why Lin Yi would ask a question like that. “That’s not for sure. Grandpa still hasn’t revealed that he’s letting eldest uncle or youngest uncle take over the sun family ...”

“I understand.” “If sun Yikai took over house sun, would you be happier and less stressed?” Lin Yi said faintly.

“Yeah ... We’ve had a good relationship since we were little.” “But I still want to leave house sun. After this is over, I want to go back to my old home and take a look at my parents’ old residence ... It’s probably in ruins now, but I still want to go take a look ...”Jingyi said.

“I understand, I have a good impression of sun Yikai too.” Lin Yi nodded-he already had a plan in mind. If house sun’s old man was smart enough to let sun Yikai inherit house sun, then Lin Yi would help house sun keep their position in the noble House meeting. As for the other noble houses that weren’t close to Lin Yi, he’d just kick them out!

“Do you have time then? Can you come with me?” Jingyi didn’t know why, but she asked all of a sudden! She didn’t mean anything by it-she just felt a little lonely, especially on a long journey. It’d be a lot easier if she had a companion, and she didn’t have any real friends other than Lin Yi.

“We’ll talk about it when the time comes.” Lin Yi could tell how lonely Jingyi was, and he didn’t reject her outright.

“Okay, then you’ve promised me. You can’t refuse when the time comes!” Jingyi’s eyes flashed with slyness.

“When did I agree to it?” Lin Yi blinked.

“You didn’t agree?” Jingyi asked.

Lin Yi didn’t know whether to laugh or cry.”I’m afraid I won’t have time. How about this, I’ll go with you if I have time.”

“Time is like a cleavage. You’ll have it if you squeeze it a little.” Jingyi said.

“Then why don’t you try squeezing one out for me?” Lin Yi couldn’t help but glance at Jingyi’s collar.

“I don’t need to squeeze, but if you want to see it ... I can’t do it now. When you become an official lover, I’ll show it to you.” Jingyi said.

“Then I won’t. I have a big-breasted Shu at home. I can look at her anytime.” Lin Yi said.

“Pervert!” Jingyi said.

“Me? A pervert?” Lin Yi pointed at his own nose, not sure if he should be laughing or crying. This was the first time he’d heard someone call him a pervert, but he didn’t seem to be that perverted ...

After the deal was settled, Lin Yi went back to the Chu villa after lunch. While Yutian, Lingshan, and Chentian were preparing, he started to practice the skill uncle Fu gave him.

At the same time, all the heads of the noble houses brought their disciples to Yanjing's house Yu's location to attend the noble House meeting!

Of course, the most active one was house Kang! (To be continued.)

Chapter 1700: visit in advance

Miracle doctor Kang had heard about house song and house Chen's situation. From what he could see, house song might not be the best choice, but house Chen would definitely be removed from the list of noble houses. As such, miracle doctor Kang brought Guifeng to Yanjing's house Yu as soon as possible, ready to discuss the upgrade in detail.

Becoming a member of a Noble House had always been miracle doctor Kang's dream, and this was his chance. He had to get it.

In the reception hall of house Yu, Yu shuixing received miracle doctor Kang and Guifeng.

"It's not the first time we've met. I'm well aware of your purpose in coming." Shuixing said as he looked at Guifeng and miracle doctor Kang. "However, if the two of you want to become aristocratic families, shouldn't you show some sincerity?"

"This ... Of course, we won't ask for your help for nothing. From now on, house Kang will be the strongest supporter of house Yu, and we'll also give our sales network to house Yu's trade and commerce after our contract ends." Guifeng said. This was the bargaining chip he'd prepared-it was all house Kang could offer at the moment.

"Isn't this a little too little?" Shuixing said, "Mr. Kang, your support is just empty words. As for the sales network, as far as I know, with the competition from miracle doctor Guan's company, your company's sales have been falling. I don't think there's much profit to be made, right?"

"That's ..." Guifeng blushed-shuixing was right, it was his weakness, but house Kang didn't have much to offer now-with miracle doctor Guan's medicine company competing with them, they weren't the same anymore. They didn't have the money or the good stuff they had-even as a Noble House, they didn't have as much of an advantage as they did in the auction ...

Miracle doctor Kang was a sly old fox. He coughed and lowered his voice. "Since you've said so, then I'll give you a piece of news! However, since we, house Kang, are going to be a strong supporter of house Yu, then Mr. Yu, you better not sell us out after you hear this ..."

"Oh? What do you say?" Shuixing asked, intrigued by the mystery.

"Recently, we've been researching the recipe for the longevity pill, and I'm sure we'll be making progress soon. Once we've made the pill, then house Kang's position ... I don't have to say it, you should understand ..." Miracle doctor Kang continued, "I can guarantee that all the pills I make will be supplied to house Yu first. What does the Head of House Yu think about this?"

"So you're saying that it hasn't been developed yet?" Yu shuixing was calm, he wasn't blinded by miracle doctor Kang's words.

“Of course. Although it’s not difficult, it’s still a lot of effort.” “You should know that we’re the one who’s looking for you to work with, master Yu, but the other noble houses will be the ones looking for us once we’re done with the pill ...” Miracle doctor Kang said without hiding anything.

Shuixing wasn’t an idiot—he understood what miracle doctor Kang meant, but it was a gamble. House Kang was researching the pill, but they didn’t know if they could make it.

Of course, shuixing understood that house Kang was more eager to research the pill than he was—it wasn’t that they made up the news. House Kang was affected by miracle doctor Guan’s medical company, and if they didn’t have a new product, they wouldn’t be able to last long even if they became a Noble House.

But this time, house Chen’s removal from the noble House list was irreversible—even if they had a fake marriage arrangement with an ancient sect, it wouldn’t stop shuixing from making a move! This time, Yu Feng had caused trouble, and if house Yu didn’t kill him, then they would be in the wrong. They might as well just kill house Chen with a stick, making it so that they would never be able to make a comeback.

As for house song, shuixing would have to see what song xiangwen wanted—if he agreed to let song Lingshan marry into his house, then he could pretend nothing happened. Otherwise, house song would be in danger.

House Wu and house Liu, on the other hand, had news of Chentian’s death. House Liu didn’t have a practitioner, and was weaker, but they were in-laws—Yu shuixing didn’t want to touch them this time, in case he did!

Plus, it wasn’t easy to find other houses to fill up the empty spots for the noble houses. The more empty spots there were, the less valuable the spots would be. Only with one or two empty spots would the qualified noble houses fight to get in, and it would highlight the importance of house Yu.

From the looks of it, house Kang seemed to be agreeing to the conditions and was trying to get close to him. After a while, Yu shuixing nodded, “Alright, then I’ll help house Kang become a Noble House this time. But I have to say this first—if you don’t have a good product in a long time, then house Kang’s future will be a little bleak!”

“We know that.” “We’ll do our best,” miracle doctor Kang said with a nod.

“Alright, the noble House meeting. You guys can come as well, and cooperate with me when necessary. I’ll remove the Chen family from the list of noble houses, and you’ll take their place!” Yu shuixing said.

“Okay, I understand. Don’t worry, Head of House Yu, we’ll follow your lead!” Guifeng quickly said.

“En, then I’ll see you then.” Yu shuixing said as he picked up his cup.

Miracle doctor Kang and Guifeng weren’t stupid—they knew from shuixing’s gesture that he wanted them to leave. They stood up, “Then we won’t disturb you any longer, Head of House Yu. We’ll take our leave first, but we’ll definitely be there for the noble House meeting!”

“En, Xiao Feng, help me send old master Kang off!” Yu shuixing said to Yu Feng.

“Elder Kang, Mister Kang, please ...” Yu Feng said politely, but he was thinking of song Lingshan. He didn’t know if his father had made a decision yet.

Yu Feng was just like that-the more he couldn't get something, the more his heart itched. In fact, it wasn't that Lingshan was unparalleled in terms of beauty-within the noble houses, there were people who were on par with her in terms of looks and background. There was Liu Jinghan from house Liu, sun Jingyi from house sun, and of course, there were a few other girls who weren't as pretty, but they were also from noble houses.

But after Yu Feng saw song Lingshan, he had the desire to conquer her. The more song Lingshan refused to obey, the more he wanted to get her! (To be continued.)
