

Bodyguard 1711

### **Chapter 1711: Lin Yi injured!**

“Earth-tier martial skill, misty wild fire Fist!” As an assassin, Lin Yi’s eyes and speed were faster than normal Masters, so how could he not understand what Yu shuixing meant when he suddenly turned to attack Chen Yutian?

He’d wanted to use Yu shuixing as a sparring partner, but it seemed like that wasn’t possible anymore- he decided to use an earth tier skill right off the bat! The wild fire Fist was a skill that uncle Fu had trained in before, and there were only the first three forms, but they were enough for the Lin Yi right now-the first three forms were meant for Earth Class Masters.

Lin Yi had been practicing the wild fire Fist these past few days, but this was his first time fighting an enemy.

Yu shuixing’s face froze-he didn’t expect Lin Yi to have a martial arts skill! One had to know that the biggest difference between Mystic and earth Class was the practitioner’s Arts-the fake shuixing had used a pill to level up, so he didn’t know any Arts!

At most, his strength was at the early phase of the earth Class, or the effects of the pill could push him to the peak of the early phase of the earth Class temporarily. If it was a clash of pure strength, Lin Yi might not be his match, but it was a different story with a martial skill.

Martial arts were different from pure physical skills-before Earth Class, the strength of the spiritual practitioners was all about gathering Qi into their fists and feet, using the amount of Qi and the strength of their attacks to defeat the enemy.

However, martial techniques could maximize the effect of true Qi. To put it bluntly, it was transforming true Qi into a move, which was more overbearing than pure true Qi.

Yu shuixing was from a Noble House, and naturally had heard of martial arts. It was probably only a freelancer like Lin Yi who had never heard of martial arts before, but now that he’d caught up, a normal wild fire Fist was enough to make Yu shuixing feel like he was facing a powerful enemy. He didn’t even bother to attack Chen Yutian anymore, and after hearing Lin Yi’s roar, he quickly dodged and moved away from Lin Yi’s attack range!

However, Lin Yi’s fist didn’t come after shuixing ran away, and Lin Yi was still standing where he was. Shuixing was confused-didn’t Lin Yi use an earth tier skill? Why did it seem like nothing had happened?

“I’m sorry, I failed ...” Lin Yi sweated. Uncle Fu wasn’t an Earth Class, and he couldn’t demonstrate it himself, so Lin Yi had to figure it out himself. This was the first time he’d failed in a real fight.

“You’re playing with me?” Yu shuixing subconsciously assumed that Lin Yi didn’t know any martial arts, and that he was just bluffing.

“No, I’ve just advanced to Earth Class and learned this new martial skill, so I’m not very familiar with it. I didn’t send it out. Sorry!” “You just stand there and don’t move, I’ll try again and see if it works!” Lin Yi said apologetically.

"F \* ck! Do you think I'm an idiot?" Yu shuixing was pissed off-did Lin Yi think he was a three-year-old kid? Why are you still standing there and not moving? Don't move and wait for him to attack?

But Lin Yi didn't waste time with him. He suddenly pushed out his fists and yelled,"Wild fist!"

Yu shuixing ran away from where he was standing, faster than a mouse! Yu shuixing hid to the side and subconsciously looked at the direction Lin Yi attacked, but realized that Lin Yi still hadn't used anything!

Lin Yi stood where he was, and the places he attacked weren't damaged at all!

"Lin Yi, are you F \* cking messing with me?" Yu shuixing was completely pissed off-he believed that Lin Yi was still a newbie at the start, and that was why he didn't use the skill-but what the hell was this? How could Yu shuixing believe this? Anyone would've suspected that Lin Yi was just trying to scare them.

"I'm not playing with you. I really didn't post it." Lin Yi didn't lie to shuixing-he didn't have a goal, so he'd been simulating his moves in the Jade space. It was his first time fighting an actual enemy, so he'd missed twice.

"I think you're looking for death!" Yu shuixing raged.

"Wait a minute. It'll definitely work this time!" Lin Yi yelled at Yu shuixing again,"Wild fire Fist!"

Yu shuixing didn't believe it, but he hid to the side subconsciously. This Lin Yi was a sneaky bastard, what if he really didn't send it before and sent it again?

Unfortunately, Lin Yi didn't send it this time! Yu shuixing had been "played" like a monkey again!

But this time, Lin Yi was really toying with him. Lin Yi didn't even want to use the "wild fire Fist" anymore. After failing twice in a row, Lin Yi gave up on using the fist and started to compress the energy bomb.

To be honest, Lin Yi was a little helpless when he switched to this move-it was his only trump card, and it was a little pitiful-he'd been using it all the way from golden class to Earth Class, and he still had to use it! Lin Yi couldn't wait to dig out some new cards, but the second floor's stone door didn't open. He'd already studied and used all the abilities of the first level of the art of Dragon mastery to the fullest, and couldn't find anything else he could use.

And so, he started compressing his energy and prepared to use Hadouken on Yu shuixing.

Of course, on the surface, he was just trying to fool Yu shuixing.

"Only a ghost would believe you!" Yu shuixing hmped and raised his fist,"Junior, I'll kill you today to pay for it!"

Lin Yi had started to compress the energy in his body, but it hadn't been enough time for him to hurt anyone yet. He could only raise his fist to counter the attack.

"Bang!" The two fists collided in mid-air with a loud bang-it was the sound of the Qi of an Earth Class!

Lin Yi took two steps back, but Yu shuixing didn't move an inch!

Lin Yi's face reddened, and then paled, blood coming out of his mouth ...

“Pfff ...” Lin Yi spat out a mouthful of blood, shocking everyone who had high hopes for Lin Yi! They didn’t think that Lin Yi, a true earth Class early phase, couldn’t beat Yu shuixing, a fake Earth Class early phase who only used pills to level up!

In fact, Yu shuixing was burning his own life in exchange for strength-the pill’s effect would keep him at Mystic early phase peak, which meant that he was only one step away from Mystic early phase peak! (To be continued.)

### **Chapter 1712: The consequences of not believing**

Lin Yi, on the other hand, had only just reached the early phase of Mystic class-he was still quite a distance away from the peak of the early phase. It was clear who was stronger, and Lin Yi would definitely be at a disadvantage if they were to clash in terms of pure strength!

Lin Yi may have the ability to fight enemies above his level, but the problem was that he was multitasking-the Qi in his body was split into two, one for compression and the other for fighting Yu shuixing. Naturally, he was at a disadvantage!

This meant that Lin Yi was a bit weaker than Yu shuixing. If he didn’t take three steps back to slow down Yu shuixing’s attack, he would’ve suffered even more damage!

And now, Lin Yi actually had internal injuries that weren’t light or heavy!

“Hahahaha! I thought you’d be strong-you just reached Earth Class early phase and you’re already here to show off, why aren’t you showing off anymore? Are you vomiting blood?” Yu shuixing was overjoyed to see Lin Yi spit out blood-this meant that he’d become stronger than Lin Yi after taking the pill, and it was worth it!

“You’re Earth Class early phase full cultivation?” Lin Yi said, feigning surprise.

“Of course. Otherwise, do you think this old master’s medicinal pills were eaten for free?” Yu shuixing said, pleased with himself. He was in a good mood now that he had victory in his grasp.

“I think you’re really an idiot. You’re in your forties and you call yourself an old man. Other people are just pretending to be young, but you’re pretending to be old.” Lin Yi said mockingly.

“Whatever you say, this old master is definitely going to eat you up now!” Yu shuixing looked around the room, “Why aren’t you talking? Are you afraid? Why would she be with Lin Yi if she knew? Song xiangwen, Wu gonggao, tell your disciples to stop now, and I’ll spare their lives!”

### **Chapter 1713: You’re still not leaving?**

Yu shuixing was shocked-he wanted to Dodge, but it was too late. Lin Yi’s energy bomb hit his chest with a loud “boom”-Yu shuixing felt as if a landmine had exploded in his chest, the force pushing him away!

Yu shuixing wanted to stand still like he did with Lin Yi-it’d be so embarrassing if he were to be sent flying.

However, shuixing’s thoughts were too simple-it wasn’t as simple as just losing face anymore! With the explosion of the energy bomb, the strong Qi wave sent Yu shuixing flying. Since he was standing there

trying to defend himself from the energy bomb, he was in a worse state now, the explosion even more serious!

If he'd been blown away by the initial blast, he'd only be injured at most-Lin Yi didn't have much Qi in his energy bomb, and he'd only made a mid-sized one due to the time constraints. It'd at most give him some light injuries, and he'd be able to take advantage of that!

However, with shuixing's resistance, his position became the center of the explosion. The huge force blew a big hole in his chest, and his sternum was blown into pieces. His internal organs were also turned into a pile of blood-red minced meat!

Yu shuixing didn't even have time to scream before he fell to the ground, dead from Lin Yi's Qi bomb. There was a huge bloody hole in his chest, blood still flowing out. It was a terrifying sight.

This dramatic change stunned everyone present! They'd been optimistic about Lin Yi at first, but now they didn't, and now shuixing's death-it was so fast that they weren't used to it.

Of course, Lin Yi was even more shocked-how did Yu shuixing die just like that? His own true energy bomb could only blow him away at most. At most, it would only cause minor injuries to him, but it would definitely not kill him!

As long as Yu shuixing was injured, Lin Yi only needed to deal with him properly and he'd have a chance of killing him, but ... The guy didn't even try to Dodge, he just gritted his teeth and stood there, and now he was going to get blown up?

"He's dead?" Lin Yi walked over and looked at Yu shuixing-he couldn't be more dead! There was a huge hole in Yu shuixing's chest. His heart was in pieces, and it would be weird if he was still alive!

Lin Yi's words brought silence to the arena-no one dared to comment on Lin Yi. It was a funny question, but no one thought it was funny. Yu shuixing was killed by Lin Yi, and that was the truth. Who would dare to piss him off?

An Jianwen had been watching Lin Yi from the moment he entered the arena, and only let out a long sigh after Lin Yi killed Yu shuixing. He knew that he didn't lose in vain! Lin Yi was an Earth Class early phase-dealing with that fake Lin Yi was a piece of cake!

Plus, he'd been underestimating his opponent too much-he'd only thought of Lin Yi as a freelancer practitioner's bodyguard from the start, and as far as he was concerned, Lin Yi wasn't on the same level as a Noble House. Some small tricks would be enough to deal with him!

But today, after seeing Lin Yi's display of strength, Jianwen realized that he needed more powerful methods to deal with Lin Yi in the future!

"It's all over now ..." Lin Yi sighed. It was a pity that he didn't get the pangolin's whereabouts, but he understood that even if Yu shuixing didn't die, he wouldn't remember it!

In his eyes, the pangolin was just a small character. Why would he pay attention to such a thing? So Yu shuixing's death was Lin Yi's revenge for the pangolin!

Lin Yi walked quickly to the table and sat down on the seat Yu shuixing was sitting on before, looking around at the heads.

These people were a little scared by Lin Yi's stare-they all lowered their heads, not daring to look Lin Yi in the eye. Only Zhenhu nodded at Lin Yi with good intentions.

The atmosphere in the meeting room was getting weird-everyone was here to attend the noble House meeting, but now that house Yu was dead, there was no point in continuing the meeting anymore. However, no one dared to stand up and leave-who knew what this fiend Lin Yi would do?

He even dared to kill Yu shuixing, who else could he be lacking?

"The four great aristocratic families and five minor aristocratic families, there are only eight left." Lin Yi looked at everyone at the table, his eyes finally landing on miracle doctor Kang's face.

Miracle doctor Kang was no longer calm-he was sitting on pins and needles! He and Lin Yi were old enemies, and he'd had a grudge against Lin Yi since the birthday party. He didn't doubt that Lin Yi would kill him on the spot.

"Miracle doctor Kang, what are you still sitting here for? Get lost!" Lin Yi said faintly as he looked at miracle doctor Kang.

"I ... I'll leave now ..." Miracle doctor Kang stood up as if he had just been granted Amnesty. He didn't want to upgrade to Noble House anymore-he was already very happy that he could stay alive!

"Later, take your in-laws, the Xiao family, with you. You can get lost together." Lin Yi said as he pointed at the two brothers.

Xiao Ji and Xiao Ben were Lin Yi's old enemies, but even the Hidden House Pi didn't dare to mess with him-what right did they have to question him? The two of them looked at each other and stood up dejectedly.

"An Jianwen, you don't need me to call out names, do you?" Lin Yi said as he looked at Jianwen and Mingyue.

"Lin Yi, we've always been pretty close. Did you forget that you were the one who gave me ideas when I was pursuing Mengyao?" Jianwen asked.

"From today onwards, the four great clans and the five minor clans will become history!" Lin Yi didn't answer Jianwen's question but said,"The old Noble House structure no longer exists, I need to re-plan it, but an Jianwen, I don't want to bring you."

"It's fine, our an family isn't good at practicing, and we were only there to make up the numbers when we were noble houses. Since you said so, Lin Yi, then we'll just go." Jianwen understood that a wise man knew better than to fight when the odds were against him. He stood up and prepared to leave.

To be honest, an Jianwen didn't really care about the noble house's name. After all, the an family was only helping the fire Wolf Gang. It didn't matter if they were noble houses or not. (To be continued.)

#### **Chapter 1714: start arguing**

House Kang, house Xiao, and house an left the meeting room. Other than The Dead House Yu, there were only house Chen, house song, house Liu, house Wu, house yang, and house sun left.

“From today onwards, the name of the aristocratic families will be canceled. Does anyone have any objections?” Lin Yi asked as he looked at the patriarchs.

“No, I didn’t!” Zhenhu was the first to agree—he knew that the title of a Noble House was useless now. What happened today would be known by the public, and the leader and judge of noble houses, house Yu, would become history and a joke.

These houses were all decided by house Yu back then—if house Yu died, what other houses would there be? The families that were close to Lin Yi, even if they didn’t have the title of a Noble House, were still very powerful. On the contrary, the few families that were hostile to Lin Yi, like the three that just left, even if they still had the title of a Noble House, they were destined to not have the glory of the past!

“Of course not, house Yu’s era is over, and old people like us should step down. From now on, Chentian will be in charge of house Wu’s matters, and I’ll go and focus on my training ...” Gonggao was an old fox. He knew that his grandson had acknowledged Lin Yi as his boss, so no matter if house Wu was a Noble House or not, house Wu wouldn’t be at a disadvantage! And so, Gonggao agreed with Lin Yi.

“I don’t have any problems with that either!” “Yutian will be in charge of the Chen family in the future,” Chen kuanglan added.

“I heard that you and my yang huaijun used to be teammates? That’s even more obvious, our Yang family naturally agrees!” Yang daocho also expressed his opinion.

“You must be Shanshan’s boyfriend, right? Then we’re a family, and I’ll leave Shanshan in your care. We, the song family, hope that you’ll help us out!” Song xiangwen was even more cunning. He could guess the relationship between Lin Yi and song Lingshan from the way they entered the meeting room together.

“That can’t be right? Old song, he’s clearly my Jingyi’s boyfriend, how did he become your Shanshan’s boyfriend?” Old man sun wasn’t willing to do that! He was very unhappy with Jingyi’s decision to find a boyfriend outside—he’d heard that Jingyi’s boyfriend was a practitioner, a Mystic at that, but it was only after Lin Yi had agreed to marry into the Lin family that he’d agreed to let Jingyi meet him.

But now, old man sun had finally met Lin Yi, and under these circumstances at that! As for the son-in-law, he didn’t even want to talk about it anymore—even an idiot could see how important Lin Yi’s popularity was to these families!

All the noble houses were trying to get on Lin Yi’s good side now, and Lin Yi had already become the core existence that replaced house Yu, so Grandpa sun didn’t want to be outdone.

He wanted to see if there were any young talents at the noble House meeting—wasn’t this Lin Yi a young talent? The young talent was right in front of them!

“How is that possible? Shanshan, tell me, is your boyfriend this young master Lin Yi?” Song xiangwen asked song Lingshan.

“Jingyi, the boyfriend you’re talking about, isn’t that him?” Old man sun didn’t back down.

On the other hand, both Lingshan and Jingyi blushed-they weren't actually Lin Yi's girlfriends, and Lingshan was in the middle of pursuing him, while Jingyi was just pretending. How were they supposed to answer that?

"I'm shield bro's second wife! Plus, he has three wives, two main wives and two second wives! What are you two fighting for? They're still in a queue!" Chen Yushu replied.

"Ah?" Both song xiangwen and old man sun were stunned!

They didn't know why Lin Yi was called shield bro, but the person Yushu was talking about was most likely Lin Yi. And Lin Yi already had four wives? His granddaughter could only line up?

Xiangwen frowned at the thought-how could the granddaughter of house song be someone else's mistress? she had to line up for that? Old man sun had the same thought as well, looking at Jingyi suspiciously.

"Ah, it's so nice to have a granddaughter of this age in a family. I want to marry my granddaughter to Lin Yi, but there's no one!" House Wu's elder, Wu Chengtian, suddenly sighed.

His words were like a wake-up call-both song xiangwen and the old man came back to their senses! Yes, Lin Yi was an Earth Class, an existence on the same level as the Masters of the hidden houses. It wasn't a loss for his granddaughter to marry him and be a concubine!

And now, it seemed that Lin Yi had become the strongest power after replacing house Yu! Although he was alone, he was not alone! He had a few underlings, and they were all heirs of various aristocratic families!

"Fine, I'll line up. I'll still line up before your Sun family!" Xiangwen said quickly, afraid that he wouldn't even have the chance to line up.

"Why should you guys go first? Our Sun family isn't bad either!" The old man of the sun family was unhappy.

"Alright ... You two old patriarchs, stop fighting!" Lin Yi smiled bitterly-he'd suddenly become a hot commodity? But Lin Yi wasn't here to find a groom, he was here to build his own force! So Lin Yi waved his hand to stop the two from arguing,"Shanshan, Jingyi, and I are all very good friends. As for our relationship, let's just let nature take its course. Let's not talk about it here. What I want to say today is that although the noble families have been canceled, I'm planning to set up a practitioner's Association. I want to invite all of you to join in. What do you think?"

"I told you, Chentian's in charge of house Wu from now on, I'm not going to get involved!" Gonggao said immediately-he'd agree to anything Lin Yi suggested! Gonggao wasn't an idiot-Chentian had gone from a golden class to a Mystic late phase peak-he wouldn't believe it if Lin Yi said it wasn't his doing!

So naturally, house Wu would fully support Lin Yi's decision after receiving the benefits!

Chendi, who was standing behind gonggao, was disappointed! Ever since Wu Chengtian revealed his strength as a Mystic late phase peak, he had been disappointed time and time again. The gap between him and Wu Chengtian was too big, he would never be able to catch up to him!

But he didn't want to give up-why was Chentian so lucky? Where did he get his strength from, having such a good boss like Lin Yi? Why did all the good things go to Wu Chengtian alone? since he was young, whether it was in house Wu or outside, it had always been like this! (To be continued.)

### **Chapter 1715: I'm calling you brother-in-law**

And so, Wu Chendi couldn't accept this, but at this moment, he knew where he stood. Although he was unhappy, he could only lower his head and remain silent.

Chendi didn't understand why his Wu Chengtian was so lucky, and why his fate was so unfair. He wanted to turn things around, but in the current situation, he could only swallow his anger and pretend to be happy, with a fake smile on his face.

"House Chen doesn't have anything to say. Yutian's all grown up now, so we'll let him make the decisions." Chen kuanglan was very happy today. This sudden turn of events made him realize that not only had his grandson grown up and matured, but most importantly, he had met a benefactor. He could finally be at ease!

"The male heir of the song family hasn't grown up yet, but Shanshan can still make decisions for the time being." Song xiangwen also expressed his support!

Even an idiot could tell that Lin Yi's practitioner's Association was similar to the noble houses from before, just with a different name. As long as they were a member of the practitioner's Association, they would still be the same as noble houses, even having Lin Yi as the organizer. They'd be even more glamorous than before, and the number of practitioners and strength would rise!

"We have no objections either. Even though our family doesn't have any cultivators, if miracle doctor Lin doesn't mind, we're willing to join." "Miracle doctor Lin and my boss, Liu Tianyi, are quite close. I'm sure there won't be any problems with communication," Zhenhu said with a smile.

"House yang doesn't have any objections-we'll let yang huaijun make the decisions in the future. It's time for an old man like me to retire." Yang daochoa said.

The only one left was house sun. Although old man sun was in full agreement with Lin Yi's decision, they all sent someone to maintain their relationship with Lin Yi. In other words, they were the spokesmen of their families in the practitioner's Association, which was equivalent to the existence of the head of the house!

However, elder sun couldn't decide who would take on this role. Sun Jingyi's last name was sun, but she wasn't from the same family. She was different from song Lingshan-the song family only had a young male, so he let song Lingshan take over for now! But house sun's two sons weren't young anymore-if they let sun Jingyi take on this role, there would be no reason to change it!

Old man sun was in a difficult position-he couldn't make a decision right now, and looked up at Jingyi.

Jingyi had guessed her grandfather's difficulties, but didn't mind-she didn't want to take over house sun! So he smiled and said,"Yikai, haven't you met Lin Yi and got along well with him?" In the future, you'll be in charge of contacting the sun family. I have too many things to do at the company, so I don't think I have the time. "

“Alright!” Sun Yikai was overjoyed-he didn’t think that sun Jingyi would speak up for him at a time like this. In fact, with his position in house sun, it was quite awkward. He had a big brother above him, and he was a straightforward person, so he wasn’t suitable to be the head of the house. But now, sun Jingyi’s words solved this awkward situation.

“Sun Yikai, this is the third time we’ve met, right?” Lin Yi said with a smile.

“Yeah, What’s My Name in the future? My brother-in-law?” Sun Yikai laughed. It was funny thinking about it. When he first met Lin Yi, he said he would protect Lin Yi and let Lin Yi come to him for trouble, but in the blink of an eye, Lin Yi replaced house Yu and became the number one practitioner in the common world!

“Just call me Lin Yi.” “Your sister’s a smart one,” Lin Yi said faintly, “I’m just her shield. She’ll look for me when she needs me, but not when she doesn’t!” I’m just made to be shield bro!”

Lin Yi’s words lifted the tense atmosphere, and everyone finally understood why Yushu called Lin Yi shield bro. So this was what she meant!

“Then ... I’ll call you boss like Wu Chentian and the others ...” Sun Yikai decided to be in line with the others-since Wu Chentian and Chen Yutian called him boss, then he would call him boss.

“Hehehe-Lin Yi smiled,” actually-the reason why I set up the practitioner’s Association is very simple. I want everyone to be United. I’ll also help one person in your family to get stronger quickly!” I’m sure Chentian, Yutian, and Lingshan have all seen the changes, but each house only has one spot-we’ll consider adding more later. ”

Lin Yi could only level up his trusted aides, but he didn’t dare to use the art of Dragon mastery on the others. It was a loyalty issue, and it wasn’t good for his own safety if word got out.

Although before this, everyone had their suspicions that Chentian, Yutian, and Lingshan’s sudden increase in strength had something to do with Lin Yi, but now that Lin Yi said it himself, they were still shocked and a little regretful!

Each house only had one spot, which meant that only Wu Chengtian, Chen Yutian, song Lingshan, yang huaijun, and sun Jingyi could receive Lin Yi’s favor. As for house Liu, they didn’t have any practitioners yet, so he didn’t think too much about it.

The one who felt the most regret was sun Yikai-he knew that Lin Yi’s spot would go to sun Jingyi for sure, and he was the only one with a special situation among all the representatives.

But it didn’t matter. Lin Yi said that he could increase the number of spots later, which meant that he still had a chance.

Lin Yi continued after seeing the excitement on everyone’s faces, “Actually, everyone should be very clear about my identity. I am a doctor, but my other identity is a pill master! This is also the reason why I can quickly increase the strength of others! However, my energy and level are limited, so I can’t concoct pills without limit. ”

Lin Yi pushed the mysterious ability of the art of Dragon mastery to The Alchemist. The identity of an Alchemist had already been exposed once when he was hiding in house Tang. After all, alchemists were rare, but it wasn't something that people would think was wrong!

But if Lin Yi said that he could transfer his pure energy to others, it would be a big deal if people knew about it. Lin Yi was afraid that he would be caught as a lab rat! However, alchemists were different. It was useless to capture an Alchemist because any cultivator with a brain would understand that not everyone could become an Alchemist.

Moreover, there was an unwritten rule in the pugilistic world. The status of an Alchemist was higher than that of others. No family or sect would take an Alchemist back and force him to refine pills for them. This was equivalent to breaking the rules of the pugilistic world! (To be continued.)

### **Chapter 1716: working together again**

Since you can snatch, then fine, my sect is stronger than you, so I'll snatch The Alchemist from your hands. This way, it'll be a mess! Moreover, alchemists were not individuals, but a united force!

Almost no Alchemist had become an Alchemist from a rogue cultivator. Almost every Alchemist had a master or a sect, and their master or sect had a strong network of connections. This was also the reason why no one dared to force an Alchemist.

That was why Lin Yi made up a refinement master identity for himself so that he wouldn't attract the attention of his opponents.

"An Alchemist!" After Lin Yi revealed his identity, everyone present was in an uproar. Although, on the ancient level, almost every sect had dealt with alchemists before, but in the noble houses and hidden houses, especially the normal noble houses, many had never seen an Alchemist in their entire lives. They were only existences in legends, and now, they were sitting in front of them!

Chentian, Yutian, and Lingshan, on the other hand, didn't react much-they already knew about Lin Yi's plan, so they weren't surprised at all. The others, however, were different-especially Jingyi, who realized that she didn't even understand Lin Yi!

Lin Yi was an Alchemist? Isn't this too surprising? Did he do all sorts of things?

House Liu, on the other hand, was enlightened. Tianyi sighed."No wonder miracle doctor Lin's medical skills are so amazing and he can even create such a shocking pill like the longevity pill. He's an Alchemist!"

House Liu knew that the longevity pill was made by Lin Yi, but the other noble houses didn't know about it. When they heard that the pill that caused a huge commotion at the auction was made by Lin Yi, realization dawned on them!

Xuemin wasn't at that level, after all-he'd never come up with anything special in the past few years, always suppressed by miracle doctor Kang's name. It was only recently that he'd suddenly become famous, and it was all because of Lin Yi!

“Alright, if there’s nothing else, you may leave. I’ll contact the contact person of your families in the future.” Lin Yi didn’t really enjoy the shock from the crowd-his main purpose here was to destroy house Yu, and to gather the other noble houses “forces!

At this point, Lin Yi had no more obstacles in the noble House level. He could calm down and think about his relationship with the Hidden House Yu and hidden house Zhao.

The first day of the noble House meeting ended in a rush. It felt like a strong start but a weak finish, but everyone’s mood was heavy and happy at the same time. The structure of the noble houses was going to change. House Xiao, house an, and house Kang were kicked out of the Alliance by Lin Yi, and they wouldn’t let this go.

But no matter what, this wasn’t their concern anymore-they were thinking about their own family’s benefits. Now that house Yu was replaced by Lin Yi, not only did they not lose anything, they even got a bigger benefit!

Especially being on good terms with someone like Lin Yi, who was an Earth Class early phase and also an Alchemist-it was a good thing no matter what.

In a hotel not far from house Yu’s auction, the Xiao brothers, miracle doctor Kang, and Guifeng were sitting! Although there had been some unhappiness and conflict between the two families before, now that they were both in the same boat, they sat together and prepared to discuss the countermeasures for the future!

They wanted to get the an family to join them, but Mingyue and Jianwen didn’t seem interested in getting involved at all. It was as if the name of a Noble House wasn’t important to the an family.

In fact, this was the case. These noble houses wanted the name of a Noble House so that they could get the care of other noble houses when they did business. However, the an family’s business was the kind that couldn’t be exposed to the public. Having the name of a Noble House made them a little afraid.

Therefore, they didn’t really care about losing the title of an aristocratic family.

House Xiao and house Kang were different. House Kang wanted to become one of the noble houses because they were an Alliance of noble houses with house Yu as the core. They supported and took care of each other so that they could do well in each other’s territory.

Now that house Xiao was kicked out of the circle of noble houses, they couldn’t hope for the other noble houses to take care of them anymore. Even if they had the Hidden House Pi’s support, those noble houses with Lin Yi’s support wouldn’t give house Xiao any face at all. It would be hard for them to develop in the future!

And so, Xiao Ben pulled Xiao Ji along and lowered his stance, sitting down with miracle doctor Kang and Guifeng, the two people he wasn’t happy with.

“Lin Yi, even the Hidden House Pi can’t do anything to him?” Miracle doctor Kang asked helplessly as he looked at Xiao Ben and Xiao Ji. He knew a thing or two about what happened between Lin Yi and house Xiao, and he knew that three people from house Pi had died. He didn’t understand why they didn’t do anything to Lin Yi.

“There’s probably a big background behind this Lin Yi-the Hidden House Pi even warned us not to mess with him, but now we’ve reached a point where we have to!” “Hmph!” Xiao Ji hmped,”with him forcing us like this, our business that just started to get better is going to be over! We’ll have to retreat back to this small piece of land in Songshan, and this is Lin Yi’s base ...”

“Yeah, you’re making money for the Hidden House Pi-they wouldn’t just leave you be after what happened, would they?” Guifeng asked calmly.

“Alright, let’s not talk about this for now.” Xiao Ben was a smart man-he waved his hand, not answering Guifeng’s question. He knew that Guifeng wanted him to take revenge on house Pi, but they’d already made their stance clear-they weren’t completely confident in getting them to do it yet, so he wanted to see what they had up their sleeves,”I say, old head Kang, you’ve made sufficient preparations to become a Noble House, haven’t you? What is your bargaining chip for becoming a noble family this time? You don’t have to be on guard against me-I don’t think this reason is good enough to get house Pi to help. They wouldn’t do something without any benefits! You should understand. ”

“Alright, since that’s the case, I’ll tell you the truth!” “You still remember the life-prolonging pill, right?” miracle doctor Kang asked.

“Of course I remember. Why?” Xiao Ben asked.

“We, house Kang, are currently researching the pill of life-prolonging and toxin-expelling, and if we can get rid of this obstacle, Lin Yi, we can join forces. I believe that with the pill recipe in our hands, even the hidden houses will respect us!” Miracle doctor Kang said. (To be continued.)

### **Chapter 1717: Burning the orphanage**

“Oh? Have you finished your research?” Xiao Ben asked, surprised.

“Just a little bit more ...” Miracle doctor Kang shook his head.”But you can tell the Hidden House Pi that if it’s finished, I can give them priority, as long as they support us!”

“That’s good ... I’ll go back and ask for the Hidden House Pi’s opinion!” “But I can’t guarantee ...” Xiao Ben said after a pause.

“Good! There were some misunderstandings between our houses before, but now, we should let go of them and work together to fight against Lin Yi’s power Alliance!” “I think we can continue with the marriage agreement between our two houses ...” Guifeng said.

Guifeng was thinking far ahead-if Zhaolong still married Xinyan, it’d stabilize his position in house Kang, since the Kangs and Xiaos “interests were tied together. Marriage was undeniably a huge bargaining chip!

“Hmm ... This matter can be considered. However, let’s talk about it after we pass this obstacle in front of us!” Xiao Ben didn’t reject the offer-it was just a marriage between a niece of a different surname and house Kang, after all, and he couldn’t be too calculative.

Plus, if house Kang really did manage to make the life-prolonging and toxin-expelling pill, then their status would skyrocket! This pill’s effect on practitioners was almost the same as the legendary fourth level golden class pill, the bone cleansing pill!

In fact, the marrow and bone cleansing pill's scientific name was the Grand Foundation building pill, while the foundation building pill could also be called the minor marrow and bone cleansing pill. The effect of this longevity and toxin cleansing pill seemed to be better than the foundation building pill. Otherwise, it wouldn't have been sold for such a high price at the auction!

The foundation building pill could only temper one's body and couldn't extend one's life, but the life-prolonging and poison-expelling pill could.

"Alright, the important matter is still more important!" "Then we'll be waiting for your good news!" Miracle doctor Kang nodded.

At the same time, in Songshan city, something big happened!

Li Cihua brought people to the orphanage and reported the matter to Zhao Qibing after the discussion with the Dean of the orphanage fell through.

Zhao Qibing was in a bad mood recently. He was extorted a few hundred million by a blood-clothed yellow spring sect for no reason. He couldn't afford to offend the sect, but a small orphanage was nothing in his eyes!

"Li Cihua, take boss Zhu and burn down the orphanage! Damn it, I'm giving them face, but they don't want it. This time, I'll make them lose all their capital!" Zhao Qibing slammed the table in anger. He felt like he was suffocating. Ever since he came to Songshan city, other than getting a Qi gathering pill for house Zhao, he had done nothing.

To become the head of the Hidden House Zhao, one didn't just need the contribution of a Qi gathering pill. One had to have other abilities, and so Zhao Qibing had been making money non-stop.

"Yes!" "Then I'll go get my men ready!" Cihua nodded.

"Do it cleanly. Don't leave any evidence!" "Remember, burn it clean. Burn all the houses in the orphanage. If the fire is extinguished, we can still live on, but it'll be hard to do it again," Qibing said.

"Don't worry, master Bing! I'm good at this!" Cihua patted his chest and promised.

"Hmm ... How about this? you get ready, and I'll light the fire myself!" Qibing had a fire in his heart that he couldn't vent, and he could vent it by lighting it up himself!

"No problem, I'm ready. Master Bing, you can go and light the fire!" Cihua said.

And so, on a dark and windy night, Zhao Qibing brought Li Cihua and elder Zhu to the orphanage. Li Cihua's pickup truck was filled with a large amount of gasoline. This was to prepare for the orphanage's burning.

"Very good, this is a good day. The weather is dry and the moon is dark. It's a good day to set fire!" "Elder Zhu, you go get more oil, as much as you can-the bigger the fire, the better!" Qibing said.

"No problem!" With that, elder Zhu got out of the car, carried a barrel of gasoline, and jumped into the orphanage ...

Elder Zhu was an Earth Class now, and the Dean and Yu Xiaoke wouldn't be able to detect him. He made a few trips back and forth, and poured all the gasoline on the fence around the orphanage!

"Everything's ready, you can start the fire now, master Bing!" Said elder Zhu.

"Well done!" Zhao Qibing got out of the car with a torch in his hand. He threw it into the yard of the orphanage with a "whoosh." He then took a few more torches from Li Cihua and threw them all into the orphanage!

Meanwhile, the orphanage was on fire!

"Kaka! Let's leave after we're done!" Zhao Qibing clapped his hands and said in satisfaction. The burning down of the orphanage today made him feel much better! He'd been bullied by Lin Yi's follower, Wu Chengtian, and he couldn't take revenge-his broken leg was healed by elder bi, but then there was the yellow spring sect incident, and he really wanted to die!

Today, with the release of this fire, it finally dissolved most of the gloominess in his chest!

Zhao Qibing and elder Zhu got into the car, and Li Cihua stepped on the gas, and the pickup disappeared into the night and the fire ...

"With such a huge fire, the orphanage will definitely be destroyed tomorrow!" Li Cihua said as he looked at the rear-view mirror.

"It's so cool! No wonder there are so many playgrounds to relieve stress and let people destroy them. It turns out to be so enjoyable!" "I really want to burn down another house!" Qibing said excitedly.

"Ha, we'll burn down Lin Yi's Villa when the old master comes out!" "When the time comes, we'll settle all our old and new scores with him!" Cihua said.

"F \* ck, no wonder Lin Yi likes to tear down my skyscraper, so destruction is a very satisfying thing!" "I can't tear down the building anymore, or I'd be able to enjoy myself ..." Qibing said with regret.

Zhao Qibing and the group returned to the floating clouds bar and fell asleep in excitement. The orphanage, on the other hand, was busy!

Yu Xiaoke was the first one to notice something was wrong! She was depressed, but she had been sleeping very late these past few days, because she was sure that she was lovesick. The image of the male thief kept appearing in her mind, and she often had insomnia.

In the middle of the night, she dreamed of the male thief again, so when she woke up, she suddenly saw a fire outside the window. She was shocked and rushed out of her house. At this time, the courtyard and the eaves were already on fire! (To be continued.)

### **Chapter 1718: The building is also on fire?**

Yu Xiaoke couldn't care about the things in her room anymore and quickly went to wake the Dean,""Master, it's not good. There's a fire!"

The principal was sleeping very lightly, and Yu Xiaoke's voice woke her up. She was shocked when she saw the situation outside,"Quick, go save the child!"

And so, Yu Xiaoke and the Dean quickly ran into the children's dormitory!

Fortunately, both of them were disciples of Feiyan sect. Although they were in the sea of fire, they could always find a place to stay. The two of them risked their lives to Save the Children in the orphanage. The orphanage behind them was already in a sea of fire!

The wind was very strong today, and the air was very dry, so the fire became out of control in an instant. From the orphanage, it was already showing signs of spreading to the other areas ...

Yu Xiaoke only reacted after they got the kids out, "Master, let's call the fire department. The orphanage is going to be burned down!"

In her hurry, the old principal did not bring her phone. The orphanage was close to the construction site where the shanty town used to be, and on the other side was the business district. However, all the shops were closed at night, so it was difficult to find a single person!

The old principal looked around and finally found a public phone to call the fire alarm. However, the fire had already spread to the construction site of the shanty town next to the orphanage ...

By the time the fire engine's alarm went off, the fire had already gotten out of control! Even though more fire trucks arrived to help, the fire was only put out at daybreak due to the strong wind and the large fire. There were also piles of flammables on the construction site, such as wooden prescriptions.

Qibing, Cihua, and boss Zhu, on the other hand, had a good night's sleep. The next morning, after they woke up, Qibing couldn't wait for Cihua to turn on the TV, "Quick, look at the news. I think the orphanage is now in ruins!"

"Haha, that must be it!" Li Cihua nodded and turned on the TV.

The three of them sat on the sofa, ready to see the ruins of the orphanage.

"At around 1 a.m. Today, there was a major fire in the orphanage near the old shantytown. When the firefighters arrived, the fire was already out of control and began to spread to the nearby construction sites. After the hard work of the firefighters, the fire was finally put out at about 7 a.m. Today. However, the orphanage and the newly built Qibing skyscraper were all burned to ashes ..." Following the news was a group of shots of the orphanage and the Qibing skyscraper being burned down ...

"Gah!" Zhao Qibing heard the news and jumped up with a "whoosh"! He looked at the news in disbelief. "Impossible! How was this possible? My building!"

Li Cihua and elder Zhu looked bitter as well. They didn't think that they would burn down the Qibing skyscraper next to the orphanage. The Qibing skyscraper was newly built, and it hadn't even been used for a day ...

"Who can tell me what's going on?" Qibing was so angry that he kicked the TV, breaking it into pieces. It fell to the ground and made a "Chi Chi" sound, but Qibing didn't care. How much did a TV cost? what he cared about was the Qibing skyscraper!

Qibing's skyscraper had been destroyed twice since the start of construction. The first two times were done by Lin Yi, but the third time, he burned it down with his own hands!

“This ... Master Bing, we didn’t know that this would affect the Qibing skyscraper ...” Cihua was troubled, “I just followed your instructions and found a weather that is easy to set fire ...”

“Master Bing, I was just following your orders and poured the gasoline on the fire ...” Elder Zhu said with a bitter face. He and Cihua weren’t experts in this area, and they didn’t have any experience. How could Cihua predict the fire? And elder Zhu was focused on cultivation, he wouldn’t have known that the fire would affect the Qibing skyscraper!

“It’s not your fault ...” Zhao Qibing waved his hand helplessly and sat down on the ground. If he knew that the fire would cause such a big problem, he would have given the orphanage more money or built a new orphanage for them somewhere else!

However, it was too late for regrets. Qibing had achieved his goal, but the price he had to pay was too high!

Cihua had hoped to earn more money from this project to pay back the debt, but it seemed like that was all for naught. He had been frowning all day long.

However, compared to li Cihua and Zhao Qibing, the orphanage was in a much more difficult situation. Without the orphanage, the old Dean could only bring the children and rent a cheap duplex apartment. Over a hundred children were squeezed into a three hundred square meter room. It wasn’t too crowded at all!

Yu Xiaoke did manage to get a large sum of money for the orphanage, but it wasn’t enough to rebuild it. After all, they couldn’t just rebuild the old house, could they? They had to rebuild it properly, and the money was for the orphanage’s daily expenses. If they took it out from the bank and used it on the orphanage, it wouldn’t be enough. What would they do after they used it up?

Yu Xiaoke’s treasures were only worth around five million! Five million. It wouldn’t be a problem if it was just to build a simple one. However, if all the supporting facilities were built, it probably wouldn’t even be enough to buy the supporting equipment!

“This fire must’ve been set by Zhao Qibing’s company. They didn’t put it properly and burned down their own company nearby!” “I think they deserve it,” Ken said angrily. “They deserve it!”

“That li Cihua will probably come and talk to us about the land again. This time, we’ll have to change it no matter what!” The old principal sighed and said helplessly, “We really can’t afford to offend the Hidden House Zhao! If it was back then ... Sigh ...”

What the old principal wanted to say was, if it was in the past, would she have taken a small hidden house like the Zhao family seriously? But now, the Hidden House Zhao was a huge force to her!

However, Yu Xiaoke didn’t know much about what happened back then, and the Dean didn’t want to talk about it in case her enemies came to her and destroyed her peaceful life.

“How about ... I go and take on another big mission?” Yu Xiaoke pondered for a while and gritted her teeth. This was the only way she could think of. She had to come out of the mountains again. Otherwise, where would she have the money to build an orphanage? (To be continued.)

**Chapter 1719: You know everything?**

“No!” The Dean and Ken interrupted her thoughts, “You already escaped from death the last time. If you go again, aren’t you looking for death?”

“Sigh, then what should we do? We can’t just squeeze in here with a bunch of people, right? “I’m sleeping with one person next to another, it’s hard to even turn around ...”Xiaoke said worriedly as she looked at the environment. “It’s such a hot day, I’m afraid the children will get roe deers ...”

“Xiaoke sis, why don’t you go look for Lin Yi bro again?” “Didn’t he get a lot of charity for our orphanage last time?”Ken hinted.

“That time was already the limit. Most people have already donated money. How can we make things difficult for them again?” Xiaoke shook her head, “plus, I’m not on good terms with Lin Yi. He seems to look down on me ... I don’t want to trouble him ...”

“Look down on you? I don’t think so?” Ken thought to himself, I looked down on you, but I still went to save you? How was that possible? Sigh ... This was a bit difficult. She promised Lin Yi, but she couldn’t say it to Xiaoke. She couldn’t understand what she was hinting at ...

“Xiaoke is right. We can’t always trouble others when something happens. We have to think of a way ourselves!” “They’ve already helped us once. How can we trouble them again?”the old principal nodded.

“Oh ...” Ken nodded, but he was thinking of calling Lin Yi when he had the chance to ask if he had a way. It seemed like Xiaoke sis was going to marry him in the future, so it was only right for him to do something for the orphanage now. Otherwise, how could he bring the goddess of the orphanage back home?

Right now, the biggest headache was Zhao Qibing and Li Cihua. They didn’t have the mood to negotiate with the orphanage anymore. Negotiating now was like looting a burning house and leaving the police with something to use against them.

Of course, this was only secondary-the main thing was that Qibing’s new building was burned down again, and he was really unlucky! Ever since he started his business, he had never succeeded in anything! The real estate development had been a failure since the beginning!

It was a good thing that elder bi didn’t care about these things, and Cihua had taken all the responsibility, so he didn’t blame Qibing! As far as he was concerned, Qibing was focused on his cultivation, and the company was handed over to his men to manage. This was Qibing’s man’s fault, and it had nothing to do with Qibing!

After the noble House meeting ended, Lin Yi and Yushu returned to Songshan. According to their agreement, Lin Yi was going to bring them back to Starwest village in August.

Yutian, Lingshan, and Chentian, on the other hand, all went back to their houses-the situation had changed, and everyone needed to go back and prepare. In fact, as Lin Yi’s strength increased, so did his vision.

In his eyes, the noble houses were nothing special, and so he wasn’t very interested in the Association. He was just making a name for himself, and the people he relied on were still Chentian, Yutian, and Lingshan. As for the families behind them, it was fine as long as they didn’t cause trouble for him.

Lin Yi received Ken's call on his way back, and only then did he know that the orphanage had caught fire and turned into ashes! The funny thing was that Qibing's building was also burnt to a skeleton, and they had to rebuild it.

"Ken, you're saying that Zhao Qibing has something to do with the fire?" Lin Yi understood the underlying meaning.

"We all suspect it, but we don't have any evidence. Plus, their building was burned down, so that's their excuse!" Xiao Ken was young but smart, he could see things clearly.

"Oh, I never need evidence to do anything. I'll have to ask them for some money!" Lin Yi wasn't song Lingshan, it was enough for him to just suspect her!

Lin Yi thought to himself, was this Zhao Qibing's leg itchy again? he still wanted to break it? It seemed that she had to find another opportunity to interrupt him when she got back!

Speaking of money, Ken also said, "Brother male thief, can you give the orphanage some money? you're a male thief, so you must be very rich ... Or maybe Xiaoke sis is going on another mission, you don't want him to take risks, right?"

Ken was basically asking Lin Yi for money, but he wasn't embarrassed at all. He was acting like he was in the right! As far as he was concerned, if Lin Yi wanted to marry Yu Xiaoke, he should at least give some betrothal money, right?

"You know about it?" Lin Yi was surprised at Ken's analysis. It seemed like Yu Xiaoke told him what happened that day.

"I guessed." "How can it be so coincidental?" Ken said. "I just told you something happened to Xiaoke sis, and the male thief went to help her?"

"Ha ..." Lin Yi smiled helplessly. He thought to himself, I'm not a male thief. Any decent male thief would have died long ago, how would I have money? "How much does the orphanage cost?"

"I'm not sure ... But rebuilding it might cost a lot of money! Xiaoke sis and the principal are worried!" Ken said.

"Alright, I'll think of a way to solve this." Lin Yi agreed after some hesitation. He wasn't a busybody, but with his relationship with Yu Xiaoke, he couldn't just ignore this. Plus, he saw how tough it was for the kids in the orphanage, and now that the fire broke out, it must be even tougher!

"I'll be waiting for your good news then, thank you, male thief!" Ken was very happy to hear Lin Yi agree.

"En, wait for my news." Lin Yi said.

"Okay, thank you, brother male thief!" Ken thanked Lin Yi again, "Don't worry, I'll help you keep your identity a secret!"

"Hehe, sure." Lin Yi felt helpless towards this kid. Although his last sentence was almost a threat, meaning that if Lin Yi didn't help, he would tell Yu Xiaoke his identity. Lin Yi didn't feel any dislike because Xiao Ken didn't do it for himself. He was the same as Yu Xiaoke, doing it for the orphanage!

“What’s wrong, shield bro? Tell Shu?” Yushu asked after seeing Lin Yi frown.

“That idiot Zhao Qibing, he burned down the orphanage and his newly built skyscraper, he’s just looking for trouble! I think he needs a beating, that’s why he’s looking for trouble!” Lin Yi said with a shrug.

“Ah? It can’t be, right? Burned again? This guy is really unlucky.” Yushu stuck her tongue out subconsciously when she heard that Qibing’s skyscraper was destroyed again. Was this guy some sort of jinx? Otherwise, ordinary people wouldn’t be so unlucky, right? (To be continued.)

### **Chapter 1720: It’s been hard on you**

“His bad luck is secondary. The key is that the children in the orphanage have no place to live now. They’re renting an attic that’s more than 300 square meters. It’s crowded, and it can’t go on like this!”

“How much does it cost to rebuild an orphanage?” Lin Yi asked.

“Shu’s not too sure about that, but if the land is our own, we’ll only be left with the construction fees. Shield bro, you can ask fatty Lai, wasn’t he a construction specialist?” Chen Yushu reminded.

“Yeah, I’ll ask him.” Lin Yi said as he called fatty Lai.

“Boss? You’re back?” Fatty Lai was one of the well-informed ones, so he had heard about house Yu’s fall. He was also happy to know that house Kang’s application to become a Noble House had failed. With that, house Kang had no more competition.

House Lai would also rise in status like this, and his name would become more and more well-known as well. After all, he was Lin Yi’s follower. Lai Changyi had expected this day to come! Right now, he had an advantage over any of the noble houses, because he was one of the first few followers of Lin Yi!

“Not yet, I’m on the way.” “There’s something I want to ask you,” Lin Yi said. “I want to build an orphanage, and with the land, how much would it cost?”

“Ah?” Fatty Lai blinked. He didn’t understand why Lin Yi would ask this, but he answered truthfully, “Building an orphanage depends on what it’s like. If we build a bigger one, it’ll be like a school. For example, the orphanages in big cities have dormitories, activity rooms, libraries, and so on. Some even have their own kindergarten, primary school, and secondary school. If all these are built together, the cost will be at least 100 million. Of course, if all the facilities are purchased, it will be at least 200 million!”

“So many?” Lin Yi asked, surprised.

“Of course, if it’s just to build a very ordinary orphanage for the orphans to live and eat, a few million Yuan would be enough.” “The thing is, boss, what do you want to build ...” Fatty Lai said.

“If we want to build this, we naturally have to do it in one step and build it better!” Lin Yi heard fatty Lai’s bid and felt his head throb. Two hundred million? How could there be so much money? but thinking about it, if what fatty Lai said was true, and all the facilities were built, the entire orphanage would be no less than a small University. It would indeed require a lot of money! But he didn’t want to just rebuild it as it was.

“Actually, we don’t need that much. We can take it step by step and build it slowly. For those that are not necessary for the time being, such as the Computer Center, library, Stadium, and other more

expensive facilities, we won't invest in them for the time being. If we just build dormitories and cafeterias, a few million will be enough. If we have our own land, we don't even need this money!" "But the beds, tables, and all the other facilities would cost at least five million," fatty Lai said.

"Do you still have any money?" Lin Yi asked.

"I can definitely take out a few million. If it's too much, it will affect the company's operations." Fatty Lai said.

"Forget it, I'll think of a way myself!" Lin Yi had spent a hundred million on the Ice Palace test, and fatty Lai's side was a bit tight on money. Plus, the medicine company was still developing at a high speed-he couldn't do without money.

"Boss ... This ... I'm really embarrassed to let you think of a way yourself ..." Fatty Lai was a little embarrassed.

"It's okay, I understand your difficulties. " Lin Yi wondered where he was going to get two hundred million from. Although they were asking to borrow from the noble houses, and any Noble House would lend them money, it would still make people think that Lin Yi was blackmailing them.

Lin Yi thought about it and thought of the old man. He'd earned quite a bit of money from missions a few years ago, right? It was at least a few hundred million, and Lin Yi felt that he should ask the old man for some.

He dialed the old man's phone, and old Lin's lazy voice came from the other side. "Yi, what's the matter? Have you settled everything over there?"

"Yeah, it's all settled. I called to borrow some money from you." Lin Yi said.

"Borrow money? No, I don't. " Old Lin said straightforwardly.

"No? Where did the money I earned from the missions I carried out go? Don't tell me that there's really only a few tens of Yuan for a mission!" Lin Yi found old Lin's words both funny and annoying."I didn't want to argue with you before, but I really have something to do now ..."

"Wait a moment, I have something to send you." Old Lin didn't answer Lin Yi's question.

"Oh?" Lin Yi was just about to ask something when old Lin hung up.

Not long after, Lin Yi received a message on his phone. He opened it and saw a bunch of pictures of bills. Lin Yi enlarged it and looked at it carefully. It was some donation receipts and money transfer bills ... Lin Yi was a little silent when he saw this!

It seemed that all these years, old Lin had donated all his money to charity. Thinking about how stingy old Lin was at home, Lin Yi's heart ached. He'd misunderstood the old man before, thinking that he was stingy to death, not spending money but making him earn money by making straw sandals!

But now it seemed that old Lin himself really didn't enjoy anything at all! The money he used to raise Lin Yi was probably all earned from his medical service in the village, and his medical services were almost all free. He only earned a little when he bought medicine. It wasn't easy to raise Lin Yi with this income!

Lin Yi sighed and quietly called back.

“You’ve received it?” Old Lin asked directly.

“En, it’s been hard on you all these years.” Lin Yi said.

“Haha, this is nothing.” “What do you want the money for?” old Lin smiled.

“It’s similar to what you’re doing. One of my orphanages has caught fire. I want to rebuild it and make it a first-class orphanage.” “That’s why I need some money,” Lin Yi said.

“So that’s how it is.” “You still want to carry out the mission?” old Lin asked. It’s a fast way to earn money. If you want, I can help you look for one!”

“Alright!” Lin Yi gritted his teeth and agreed.”Help me keep an eye out. If there’s a mission, you can introduce it to me, but it’s best not to go far.”

“I’ll take a look for you. I might not have this. If I do, I’ll contact you again.” Old Lin said.

Lin Yi hung up and shook his head. He thought that he’d already left the world of martial arts, but he didn’t expect to have to take on missions again. (To be continued.)
