

Bodyguard 1721

### Chapter 1721: letter

"Oh, shield bro, you want a private job? Aren't you supposed to be protecting me and Yao Yao?" Chen Yushu asked.

"I don't think so. I've already resigned last time. Now, we're just good friends." Lin Yi said with a smile.

"Is that so ... Looks like I can't stop you. Be careful then ..." Chen Yushu said helplessly. In fact, she was afraid that Lin Yi would be in danger.

The last time Lin Yi went to the tomb, he almost died. If it wasn't for that Big Boss Yu being a coward, Lin Yi probably wouldn't have come back so easily, so Chen Yushu was really worried that Lin Yi would be in trouble!

"I will," "Before I came here, I always took on missions like this!" Lin Yi said.

Lin Yi was trying to comfort her, but he knew that the missions he'd accepted before weren't very high level missions, and the pay wasn't that high either. These hundred-million-dollar missions were on a whole different level, and were even more dangerous.

The Hidden House Yu was the first to get the news of the common house Yu's destruction, and Yu Huoxing was going crazy. He didn't think that Lin Yi would be this bold to destroy the common house Yu! He came up to the head of the Hidden House Yu, Yu Xiaochen, in anger and grief, "Head of House Yu, please do US Justice! Our common house Yu has been working for the Hidden House Yu for so long, but we ended up like this. You have to get justice for us ..."

"Alright, I understand. Yu Huoxing, you'll have to change your ways first. I need to understand the whole situation before discussing it with father!" Xiaochen consoled his boss, "That Lin Yi's an Earth Class, and we hidden houses are restricted by the noble House Council-Earth Class Masters can't come out of the mountains as we please! It's not going to be easy to deal with Lin Yi!"

"But ... That Lin Yi's an Earth Class, doesn't that mean he's not under the control of the Hidden House CEO's Association?" Huoxing felt it wasn't fair.

"He's a freelancer, and there's no precedent of a freelancer becoming an Earth Class before. Mystic class is already very impressive, and they've all gone to the hidden houses when they were Mystic. Lin Yi is a special case!" "I'll talk to my father about the details first!" Xiaochen said.

"Yes!" Huoxing sighed in sorrow. He didn't think that house Yu would be destroyed so soon after he left. This was like a bolt out of the blue, how could he stay calm? He couldn't wait to tear Lin Yi into pieces right now, but remembering that Lin Yi was an Earth Class early phase with martial arts skills, boss Yu backed off!

Revenge was important, but staying alive was even more important! Huoxing was a coward-he wasn't sure if he could beat Lin Yi, so he could only place his hopes on the Hidden House Yu.

Xiaochen was actually quite pissed off-as the saying went, "you have to look at the owner before you hit the dog." This Lin Yi had challenged the Hidden House Yu's bottom line time and time again-first, he

crippled and killed one of the common house Yu's members, and now he even sent the head of the common house Yu's father and son to heaven! This was too much for Xiaochen!

However, although he was leaning towards killing Lin Yi, he didn't let it show on his face. After all, he couldn't make decisions like this easily-he had to consider the Hidden House Yu's overall benefits. If he really wanted to go against Lin Yi and got impeached by the Hidden House's Council, it would be a huge loss!

And so, Xiaochen drove up the mountain to look for his father-he wanted to discuss with him how to deal with this!

Back on the mountain, it was still Yu Yi who brought Yu Xiaochen to the house Yu elder's training area.

"Little Chen is here." The old elder looked at Xiaochen and nodded.

"Father, Yu Huoxing came to me just now ... He wants us hidden house Yu to stand up for him ..."  
Xiaochen said.

"Yeah, I know about it. It's all because of that Lin Yi," The old elder nodded and said faintly,"However, you should read this letter first!"

"Oh? What letter?" Xiaochen paused-he wasn't surprised that his father knew what was going on outside. Although he had full control of house Yu, the old Yu had a lot of trusted aides in the house. These people were Yu Yi's eyes and ears, and all the information about the old Yu came from them!

Of course, if Xiaochen didn't do anything to let house Yu down, these people would still listen to him. On the other hand, he wouldn't be of much use as the head of the house anymore, and this was why he always looked for the elder whenever something happened!

But the elder suddenly told him to read a letter-this made him a little suspicious, and he took the letter from the elder and started reading!

"Eh? A letter from Yu Bing?" Xiaochen was a little surprised-he knew the rules of the Ice Palace-new outer disciples didn't have the right to contact their families as they pleased, but Yu Bing didn't have this restriction.

"En, it seems like Yu Bing's doing pretty well in the Ice Palace!" "If it wasn't for ning, Yu Bing would be the best candidate for the Head of House Yu!" The old ancestor said, full of praise.

"Father, what happened to Yu Ning ..." Yu Xiaochen didn't know much about Yu Ning's background, he only had a rough idea of it. The old elder of house Yu never went into details, and this was why he thought that Yu Bing should be the next head of the house.

"I can't tell you about this, it's related to the secret of house Yu's rise!" "It's not the right time yet, I can't tell you all the details ..."The elder said.

"It's related to the secret of house Yu's rise?" Xiaochen frowned,"isn't ning going to receive some sort of inheritance? but what inheritance is it?" Was there any hope? Isn't it something you saw by chance in the ancient ruins? is it really effective?"

“The ancient ruins are just an excuse I told the outside world. In fact, it’s not the case!” “Chen, do you really think that the Hidden House Yu only rose to power because we found an ancient ruin?” the old elder shook his head. Do you really think I have the talent to break through to the Sky Class just by looking at the ancient ruins?”

“Then ...” Xiaochen looked at the old man, confused.

“All you need to know is that we, the Hidden House Yu, have a strong backing up there, and ... What happened to ning was their idea!” “That’s all I can say, don’t spread it ...” The old ancestor said.

### **Chapter 1722: The whereabouts of the Qi gathering pill**

“I know the pros and cons!” Xiaochen was taken aback-this was the first time he’d heard that house Yu had someone backing them up! He didn’t know about this at first, but the elder’s words shocked him greatly!

No wonder her father kept emphasizing Yu Ning’s importance, and no matter how good Yu Bing was, he still looked at Yu Ning differently. It turned out that Yu Ning was chosen by the backing of house Yu!

“Of course, I’m not sure if ning will be able to stay in house Yu and become the head of the house, but she will definitely become a Sky Class master!” “If ning can’t stay in house Yu, then it’s not too late to think about Yu Bing. But now, the people behind us didn’t say anything, so we can only put ning first!” The old ancestor said.

“I see!” Xiaochen nodded and continued to read the letter, but halfway through, he started frowning!

“How did Yu Bing and Lin Yi get together? How could this child not know the severity of this? So the Ling Yi that Yu Shan was talking about is Lin Yi!” Xiaochen frowned, a little angry, “He even called Lin Yi his boss? What the hell? Is he trying to defy the heavens?”

“Chen, you’re still not mature enough. It’s been hard on you to maintain a dignified image in front of others all these years!” The old elder waved his hand, signaling for Xiaochen to calm down.

Xiaochen’s face reddened-he’d already shown his true personality in front of his father, and he couldn’t do anything about it in front of outsiders. As the head of the house, it’d be a bit of a shame if you showed your emotions on your face.

“Without Lin Yi, we don’t even know if Yu Bing would’ve made it back alive. Didn’t the letter clearly state the whole story?” A look of disgust crossed the elder’s face as he spoke, “This kid, Yu Shan, he has the talent, but he didn’t use his intelligence in the right way. He only has himself to blame for ending up like this!”

“This Lin Yi is that strong? He even beat Zhang naipao and nitian from the ancient sect?” Xiaochen didn’t quite believe it, “Yu Bing didn’t lie in this letter?”

Yu Bing was Xiaochen’s son, but Yu Shan said the same thing, and Yu Bing said the same thing. Yu Shan was a liar, but for the sake of fairness, he couldn’t just believe Yu Bing’s words.

“This letter is for ning, why would Yu Bing lie to her?” The old elder waved his hand and handed a letter to Xiaochen, “What you read before was for ning, it was just a casual conversation between brother and sister-there’s no need for Yu Bing to lie, but this is what he wanted ning to pass to us!”

“Oh?” Xiaochen quickly took the piece of paper and started reading! This letter was a lot more formal than the previous one-Yu Bing first greeted the elders in the house, then described the test, but he didn’t mention anything about Yu Shan framing him or Lin Yi. After that, Yu Bing changed the topic and said that Yu Huoxing did get a Qi gathering pill, but he didn’t give it to house Yu-he kept it for himself!

Yu Bing also guaranteed that the source of the news was accurate-there was someone who could prove it in the test, but he didn’t say who it was.

“You’re done?” The elder asked.

“I’m done ... What Yu Bing said ...” Xiaochen wasn’t surprised that the two letters had landed in the hands of the old man first. He might be the one in charge of the house on the surface, but in reality, the old man was in charge of most things.

“It should be true, he didn’t have to lie about this, he and Yu Huoxing didn’t have any conflict of interest.” “But it’s true that he’s on good terms with Lin Yi in private,” the old ancestor said. “We’ll fall out with the common house Yu because of this, and we won’t stand up for them, so naturally, we won’t be enemies with Lin Yi. This is probably why Yu Bing brought this up!”

The elder’s eyes were sharp, and he immediately discovered the secret behind this.

“So that’s what happened ...” Xiaochen understood-he didn’t even think about this deeper reason.” “That Lin Yi ...”

“This Lin Yi, he’s a real talent-a solo practitioner, and he’s become an Earth Class early phase in just a few years, this is unbelievable!” “He just broke through to Mystic late phase during the test,” the old elder said. “It hasn’t been long since he broke through to earth early phase-this man is a rare talent!”

“Father is right!” Xiaochen didn’t expect his father to praise Lin Yi like this, but from what he could see, this Lin Yi wasn’t a simple person either. He could already take out the common house Yu, and he even beat Yu shuixing who had taken the pill-this was a fight beyond his level!

“It’s a pity that we don’t have the chance to recruit Lin Yi!” “With his relationship with ning, Lin Yi won’t work for us unless ning marries him ...” The old elder sighed.

“Why not?” Xiaochen paused, “Lin Yi’s so young and he’s already an Earth Class? that’s rare even in a hidden house, much less a freelancer!”

“The inheritor must be a woman who has not lost her virginity. Otherwise, she can not accept the inheritance!” “That’s also why I stopped ning from dating,” the elder said, “if these young people act rashly, the consequences will be unimaginable!” This is the order from our Yu family’s backer! Ning can’t fall in love!”

“So it’s like this!” “If ning can’t marry Lin Yi, then there’s no way we’ll be able to recruit Lin Yi ...” Xiaochen said, understanding.

“However, there’s no need to be enemies with him for the time being!” “The great elder of the Hidden House Arbitration Council hasn’t shown himself in a long time,” the elder said, “and the others are all ready to break the rules, but before that happens, we can’t be the first to stand out!”

“Oh? Do the other hidden families also want to break the old rules?” Xiaochen asked.

“Except for that man and the great elder, the other elders are all old masters of their families, and I am one of them. Breaking the rules of that year is beneficial to all of us!” “It’s only because of that person and the great elder’s influence that these people don’t dare to break the rules, but now ... That person has disappeared with the Sky Class Masters for many years, and the great elder hasn’t shown himself for many years, so ...”The old elder continued.

### **Chapter 1723: Huoxing’s lie**

“I see!” Xiaochen nodded,“Yu Bing’s letter gives us the perfect excuse not to stand up for the common house Yu!”

“Naturally!” The elder nodded,“I’ll leave these two letters to you. Give one to ning. Tell her to come to me when she’s free. I want to have a heart-to-heart talk with her!” You know what to do with the other letter, right?”

“Understood, I’ll go find Yu Huoxing now!” Xiaochen said.

Huoxing heard that Xiaochen was looking for him so quickly and was very happy. He thought that house Yu was going to help the common world’s house Yu out, and so he rushed to the room and said respectfully,“Head of House Yu, may I ask what the old ancestor said? Are you going to take revenge for our common house Yu? After all, we’ve been working hard all these years, helping the Hidden House Yu earn money-we’ve given away the majority of it. ”

“Huoxing, it’s not that I don’t want to help you, but how can house Yu help you with what you’ve done?” Xiaochen’s face darkened,“do you think we hidden house Yu are idiots?”

“Ah?” Huoxing paused, not understanding what Xiaochen meant. He was a little nervous,“Master ... You ... What do you mean?”

“What do you mean? Hmph, take a look at this letter yourself!” With that, Xiaochen tossed the letter Yu Bing had sent to the house to Huoxing. Other than greeting the house, it also talked about Huoxing, so there was no secret he couldn’t let Huoxing see.

“A letter? What letter?” Huoxing saw Xiaochen’s face and had a bad feeling. He carefully took the letter from Xiaochen’s hands, surprised. This was a letter from home, what did it have to do with him?

From the looks of it, it was from a younger generation of house Yu. Huoxing took a look at the name and realized it was Yu Bing. He was even more surprised, but he still read it patiently! After all, Xiaochen wouldn’t just show him a letter for no reason-there had to be a reason.

However, when Yu Huoxing read that Yu Bing had Qi gathering pills that he didn’t hand over, his face changed! He didn’t understand. How did someone know about this secret? I saw the news a few days ago, the Graverobber couple and old hei’s gang were all wiped out, right? Who else knew about this?

But no matter what, this was exposed. Yu Bing’s tone was firm, which meant that he had solid evidence, so it was impossible for Huoxing to deny it! If Yu Bing said it was a possibility or a guess, then Yu Huoxing would still have a chance.

“House Yu ... I ... This ...” Yu Huoxing was scared, not knowing what Yu Xiaochen was going to do with him. He was so scared that he was shaking, and he couldn’t think of a good excuse. Could it be that the pill was given to the Hidden House Zhao?

If he told the truth, not only would he not be able to get revenge for the common house Yu, he might even get himself killed by Xiaochen! And so, Huoxing’s mind spun as he tried to think of a reasonable excuse to avoid house Yu’s blame!

### **Chapter 1724: -Lucky Strike**

Otherwise, where would Yu Bing get this information?

“Don’t ...” Huoxing jumped in shock when he heard that Xiaochen was going to ask. He stopped him subconsciously, but he regretted it a little. If he stopped him, wouldn’t that mean he was guilty?

“Don’t? Why? You’re afraid your lie will be exposed?” Xiaochen had already believed most of it, but now that Huoxing said it, he was starting to doubt it.

“No... I mean, if you go and ask him like this, how could he admit it?” Huoxing said, “I’m guessing that Lin Yi was the one who told young master Yubing about me getting the Qi gathering pill, and his goal was to make you blame me, but you’re a wise man, how could you fall for that so easily?”

Huoxing was a careful person, and so he listened to Xiaochen’s words carefully. He caught on to the news that Lin Yi was in the test as well, and so he started to pin the blame on Lin Yi.

“No need to flatter me, get to the point!” Xiaochen said with a wave of his hand-he wasn’t buying it.

“Yes ...” Huoxing quickly continued his “analysis,”“So, think about it, if you were a good friend of young master Yu Bing, would you admit that you stole their pill?”

“What you said is not without reason!” Xiaochen nodded,”but, I’ll still write to him and ask if he’s a male thief, and if he’s involved in the grave robbing!”

“This ...” Huoxing was extremely scared, but he couldn’t say it out loud. He continued to persuade,”“Head, you see, young master Yu Bing didn’t mention anything about Lin Yi in the letter, so he’s trying to cover for Lin Yi. How can he admit it if you ask him like this? If it were me, I would also deny it!”

“Oh, it doesn’t matter. Just pay attention to some skills when you ask!” Xiaochen waved his hand,”When the time comes, I’ll just ask him why he didn’t tell me that Lin Yi was a male thief and that he got the Qi gathering pill. Why did you hide the truth? I didn’t explain it in detail and pretended that I knew everything so I could ask him!”

“This ...” Huoxing felt helpless. He really didn’t have any reason to argue! It had to be said that Xiaochen’s suggestion made a lot of sense-as a Yu, he wouldn’t dare to hide anything from Xiaochen in this kind of tone!

However, if Yu Bing really didn’t know anything, no matter how hard he tried to blame him or pretend that he knew everything, he would never admit it! And so Huoxing was worried that this was all a spontaneous idea, and that he’d just come up with a lie. What would he do when the truth came out?

“Alright, this matter is settled!” Xiaochen waved his hand, “if it really was Lin Yi, then I won’t make things difficult for you. I know that Lin Yi has some skills, but if you’re just making it up, then Hmph, you know the consequences!”

With that, Xiaochen waved his hand impatiently as he picked up his cup. Huoxing knew that Xiaochen was letting him leave, and he could only sigh helplessly. There was no point in talking about this anymore-he had to wait for the result!

Huoxing walked back to his room, only to find Yu Liu following behind him. He knew he was being watched!

“I hope that Yu Bing can help me too!” Huoxing prayed for a miracle to happen ...

Xiaochen watched as Huoxing left, and quickly made his way to the old Yu’s training grounds. This was a huge matter, and he needed to discuss it with his father!

The old elder was a little curious about Xiaochen’s return, “I say, Chen, why are you back? Is it because of Yu Huoxing’s incident?”

“Yes ... It’s because of Yu Huoxing ...” Xiaochen was impressed by his father’s sharp eyes and nodded.

“You can’t even make a decision on such a small matter?” The old elder was a little surprised-Xiaochen wasn’t like this before. Dealing with a Yu Huoxing wasn’t a big deal, was there a need to discuss it with him?

“There’s more to this than meets the eye!” Xiaochen shook his head, “father, I’ve done as you said and showed the letter to Yu Huoxing, and he told me the reason ...”

“Oh? What’s the reason?” The elder of house Yu was curious as well-what was the secret behind this?

“It’s like this ...” Xiaochen repeated what Huoxing had said, as well as his own analysis of the suspicious points, and the credibility of his words.

“According to what he said, it’s possible, but also impossible ...” The old elder nodded, “It’s the right thing to write a letter to ask. You can make your own decision on this matter. Just tell me the result. It’s not a big deal!”

“Yes, then I’ll write a letter to ask!” Xiaochen replied.

After returning from the house Yu’s old ancestor’s training grounds, Xiaochen wrote a letter to blame Yu Bing. Of course, he didn’t go into details, only using a certain tone to say that he knew that Lin Yi was involved in the raid, and that Lin Yi had gotten the Qi gathering pill. Why did Yu Bing hide this from him?

As for the details, Xiaochen didn’t mention a single thing-this was also why he didn’t want to expose himself. If Yu Bing really was up to something, he’d explain himself after reading the letter. If he wrote too much, it’d only make it seem like he was trying to hide something.

After writing the letter, Xiaochen quickly walked to his daughter’s room. He was an Earth Class late phase peak, and he intentionally didn’t make a sound, so Yu Ning naturally couldn’t hear him. The other house Yu disciples and servants didn’t stop him either.

And so, Xiaochen was able to get to Yu Ning's room without any trouble, only to find her painting.

Xiaochen didn't mind Yu Ning's drawing, but when he saw the person in the drawing, he frowned!

"Cough cough!" Xiaochen coughed.

Yu Ning was shocked, the brush in her hand trembled. The painting was ruined ... She didn't expect a person to suddenly appear in the quiet room! Moreover, when Yu Ning turned around, she found that the person was her father. Her face suddenly turned red and she wanted to take down her drawing board.

"I've already seen it, there's no need to hide it!" Xiaochen had wanted to have a heart-to-heart talk with his daughter, but she was still drawing Lin Yi! (To be continued.)

### **Chapter 1725: I believe him!**

In the painting, there was a man and a woman, snuggling up to each other in an open space, looking up at the stars. The female lead was Yu Ning, which made Xiaochen even angrier!

"If you see it, then so be it!" Yu Ning was also stubborn. Since her father saw it, she didn't need to hide it.

"You and Lin Yi, it's impossible!" Xiaochen said coldly, "I've talked to your Grandpa today. Your status is different. You'll never be with Lin Yi in this life. Stop fantasizing!"

Yu Ning pursed her lips and didn't say anything. From her expression, it was obvious that she didn't listen to Yu Xiaochen's words at all. After all, she'd heard this kind of words too many times and was numb to it. However, she still didn't give up on the persistence she had back then!

When she closed her eyes, Yu Ning would remember that year, that night, that Valentine's Day. In front of the fire in the cave, the two of them looked at the starry sky together. That was the happiest night Yu Ning had, and it was also the time she thought about in her dreams thousands of times.

"This is a letter from Yu Bing!" Xiaochen saw that his daughter wasn't saying anything, and helplessly placed Yu Bing's letter on Yu Ning's desk before turning around to leave, "Remember what I said-Lin Yi may be capable, but he's not a match for you! You're destined to be a Sky Class master in house Yu, and a Sky Class late phase peak at that! Lin Yi will never be able to surpass you in this lifetime!"

"Dad, you're underestimating him." After Yu Ning heard her father's words, she was a little unhappy. No one would want their lover to be belittled by their parents.

"Underestimate?" Xiaochen shook his head, "ning, you don't understand yet, but you'll understand when you get there!" I'm not afraid of breaking your confidence, but unless Lin Yi has the strength to stand above all the ancient sects one day, don't even think about it!"

"I believe he can do it!" Yu Ning said.

"Him? Can you do it?" Xiaochen couldn't help but laugh at his daughter's stubbornness-he really couldn't imagine that his daughter would be so devoted to something like this, even believing something like this.

“My sixth sense has always been accurate since I was young.” Yu Ning insisted.

Xiaochen shook his head and didn't say anything else. He felt that his daughter had already lost her mind, and there was no point in saying anything more. He could only turn around and leave, leaving his daughter to figure it out herself. Yu Ning was at home anyway, and she didn't have the chance to meet Lin Yi, so he didn't have to worry about anything.

.....

Lin Yi dropped Yushu off at home after they returned to Songshan, and the first thing he did was go to the floating cloud Bar.

At this moment, the bar had not opened yet. The waiters were cleaning the bar, and the door of the bar was kicked open!

Lin Yi didn't waste any time and barged in. It wasn't his first time in the floating cloud Bar, so he was familiar with the place.

Li Cihua had brought elder Zhu to the orphanage early in the morning to negotiate with the Dean. He wanted to settle this as soon as possible, in case anything happened. The fire destroyed his building, but setting an orphanage on fire wasn't a small crime either. Cihua was afraid that the orphanage wouldn't let him off the hook, and he'd be in deep trouble if things got out of hand.

Su jiaonang was in the middle of assigning tasks to the waiters when Lin Yi barged in-he jumped in shock!

“Oh no, Lin Yi's here!” Su jiaonang yelled, alerting Zhao Qibing, Yaowang, and the others in the room.

Zhao Qibing was in the middle of his training, and su jiaonang's shout almost caused him to lose control of his Qi. Even though he didn't lose control of his Qi, it was all for naught. All the Qi He spent the whole night cultivating was gone ...

“Lin Yi ... What are you doing here?” Qibing was a little traumatized-his legs started to hurt when he saw Lin Yi, and he couldn't even stand straight.

“Don't you know what I'm here for?” Lin Yi looked at Qibing with a half-smile.

“I ... How would I know?” Qibing remembered that he was now elder Bi's direct disciple, and he hardened himself up. Why should he be afraid of Lin Yi? he was one of the candidates for the Head of House Zhao, not the old Qibing!

“Oh, I'm actually here to break your legs.” Lin Yi said as he walked towards Qibing.

“Don't ... Don't you do anything stupid!” Qibing jumped-he wanted to ask for help but remembered that Li Cihua had taken him to the orphanage to threaten the Dean. Other than Yaowang who wasn't good at fighting, there was only one Mystic class master left in the bar-uncle Zhu!

“It's fine if you don't do anything stupid. You burned the orphanage, didn't you?” Lin Yi asked.

“Me? How was that possible? My building was burned down, how can I be the one who burned it? I’m also looking for the arsonist!” Qibing denied immediately. Lin Yi really did come for the orphanage, why was he so nosy?

They didn’t earn much from the slums, and the compensation they gave the residents was of the highest standard. They wanted to earn some money from the orphanage, but Lin Yi was here to meddle in their business.

“Oh, no need to look. I found it for you. It’s you.” Lin Yi said.

“Me? Lin Yi, don’t talk nonsense. ” Qibing knew that he wasn’t the same as he used to be, but he still felt an instinctive fear towards Lin Yi.

“If I say it is, then it is!” “Do you want to get your legs broken before you admit it?” Lin Yi asked.

“I ...” Zhao Qibing was speechless. If I don’t admit it, you’ll break my leg and force me to admit it? Is there anyone who would do this? But thinking about Lin Yi’s overbearing style, he might really do it! Lin Yi’s story was all over the place now, even the common house Yu was destroyed by Lin Yi. Qibing didn’t doubt that Lin Yi would break his legs!

If Lin Yi dared to mess with the Hidden House Yu, what was the Hidden House Zhao?

“Is it? I’ll count to three, if you don’t admit it, I’ll break your legs ... Last time I broke two, this time I’ll break three. ” Lin Yi said impatiently.

“I ... Then I’ll count it as me burning it, okay?” Qibing had no choice but to admit it!

Lin Yi could even kill Yu shuixing after taking his medicine-even if boss Zhu was here, he couldn’t do anything to him! Unless it was elder bi himself, there was no way he could hurt Lin Yi! But the Hidden House Council restricted him from moving around in the common world ...

A wise man knew better than to fight when the odds were against him-Qibing had no choice but to admit defeat, although he didn’t know what Lin Yi was up to.

“Since you’ve admitted to it, then it’s easy. Compensate me.” “You burned down an orphanage, shouldn’t you at least compensate thirty to fifty million?” Lin Yi said. Plus the money you owe me last time, give me two hundred million in one go!” (To be continued.)

### **Chapter 1726: Shu’s sick (one)**

“Ah?” Qibing finally understood why Lin Yi was here-he was here for money!

But, where would Qibing have the money? He still owed blood-robbed yellow spring sect three hundred million, and Lin Yi was asking for two hundred million. Qibing wouldn’t be able to afford it even if he sold everything he had!

“Give or not, just say it.” Lin Yi frowned, getting impatient.

“I ... I can give it to you, but I really don’t have that much money right now ... Look at my building, it’s all burned down, and the real estate company is losing money before they can even make a profit. The

building has been built three times already ..." Zhao Qibing said bitterly, "Then ... How about I owe you first?"

"You owe? How long do you owe me?" Lin Yi didn't push any further after seeing that Qibing really didn't have any money.

"Two years. I'll definitely pay it off within two years. I can write an IOU!" Qibing said. He wanted to get rid of Lin Yi first-he'd probably become an Earth Class in two years, and then he wouldn't have to be afraid of Lin Yi anymore!

"Oh, then you can write it." Lin Yi didn't expect Qibing to give him any money-the guy was a pauper, and the building was destroyed three times already. Even if he extorted a few million from him, it wouldn't be enough for anything.

Qibing had no choice but to write Lin Yi an IOU under his humiliation. Lin Yi looked at the IOU and frowned, "You owe me for two years, and you don't have any interest? I still have a few million in my bank account every year, right?"

"There's even interest? Can I not?" Qibing didn't want to give the money at all, but he had an instinctive fear of Lin Yi. He was afraid that he'd still have to pay him back when Lin Yi got stronger.

"It's fine if you don't want to. " Lin Yi put the receipt in his pocket. "Then I'll collect some interest now?"

"Ah? Now?" Zhao Qibing heard the first half of Lin Yi's sentence and was quite happy, but the second half made him almost fall to the ground!

However, before Qibing could even sit on the ground, he heard two crisp sounds and fell onto the ground! His leg was broken by Lin Yi again!

"You didn't keep your word ... Didn't you say we wouldn't fight if you paid me back ..."

"Didn't I leave you a leg? Could it be that you also want to break your third leg?" Lin Yi said as he raised his leg, ready to step on the ground.

Zhao Qibing was shocked and shook his head, "No... I don't want to ..."

He admitted that he was unlucky to have met Lin Yi, and there was nothing he could do! But he swore to himself that he'd torture Lin Yi to death one day! He wanted to break every bone in Lin Yi's body and let him taste the pain!

"I'll burn this bar down for you. If you dare to put out the fire, I'll come and burn it in the middle of the night. By then, you won't be able to run out. Don't blame me for not warning you!" With that, a fire element refinement fire appeared in Lin Yi's hand. He threw it at the wooden decoration of the bar, and it started burning.

Lin Yi, on the other hand, turned around and left the bar.

After Lin Yi left, su jiaonang, who was hiding on the side, ran over. "Master Bing, what do we do now? Should we call the fire department to put out the fire?"

“Extinguish my ass, let it burn. Didn’t you hear what Lin Yi said? If I put it out, what if he comes back in the middle of the night to burn it?” Qibing raged, “hurry up and Get Me Out Of Here! Tell everyone in the bar to leave! Are you trying to burn me to death?!”

“Yes! Yes!” Su jiaonang wiped the cold sweat off his forehead and replied in a hurry.

In the Chu villa, Chen Yushu was explaining to Chu Mengyao and Tang Yun what happened at the noble House meeting ...

“That old bastard shuixing, he thinks that he can start a killing spree just because he’s Earth Class early phase after taking the pill! At this time, the atmosphere was really tense. All the families that were close to shield bro were all in danger, and my Grandpa, Grandpa Wu, and Grandpa song were all worried!” Chen Yushu described the scene vividly and Chu Mengyao and Tang Yun were scared!

“Shield bro came out at this moment, and his Earth Class strength was revealed all of a sudden! That old bastard shuixing jumped! “So shield bro’s an Earth Class as well ...” Yushu explained in detail, making Tang Yun and Mengyao feel like it was happening right in front of their eyes ... She took a sip of ice water and continued, “what’s wrong with you?” “It’s so hot, why is it so hot ... Is the air conditioner on?”

“It’s opened ...” Chu Mengyao said bitterly, “Yunyun and I are freezing, and you’re still hot? If you don’t make so many exaggerated movements and hand gestures when you’re telling the story, you won’t feel hot anymore!”

“Uh ... Is that so?” Chen Yushu stuck out her tongue and smiled, “That’s not interesting ... Let’s continue ... We were talking about shield bro, and that old B \* stard shuixing didn’t dare fight him head-on, so he went for my bro! He was about to hit my brother, and shield bro couldn’t stop him in time, so shield bro yelled out in a panic, earth tier skill, fist of raging fire! Shuixing, that old thief, jumped and dodged! After waiting for a long time, he still didn’t find any skills. He realized that he was tricked, shield bro didn’t give him any skills at all ...”

“Hahaha!” Chu Mengyao and Tang Yun were also amused. They didn’t think that Lin Yi would lie and go back on his words. Why did it feel like Shu’s style?

“And then, that old bastard shuixing got pissed off and said shield bro was messing with him ... Huh? I’m still so hot ... I’m not even moving, why am I still so hot?” Yushu said as she took another sip.

“A calm heart will naturally cool down. Aren’t you too excited and agitated?” “How about I go get some ice cream?” Tang Yin said.

“Alright!” “I want the Super big one ..... But it’s still too hot right now, I’ll just take it off!” Yushu said.

Yushu said as she took off her pajamas, leaving only her bra on ...

“Shu, what are you going to do when Lin Yi comes back?” Mengyao frowned.

“It’s okay, I’ll wear it back later. But it doesn’t matter if they see it, they’ve seen it several times!” Yushu said nonchalantly.

Chu Mengyao didn’t say anything else. Chen Yushu was always like this. She would always feel hot for no reason and she almost didn’t wear clothes at home. (To be continued.)

## Chapter 1727: -Shu is sick (2)

Lin Yi's arrival made things better, but it seemed like things were getting worse ...

"It's so hot ... It's better to be naked!" Chen Yushu didn't wait for Chu Mengyao to say anything and took off her bra and pajama pants, leaving only her underwear. Then she was like a headless fly, running around the house, "It's so hot, I'm going to die from the heat ..."

..."Chu Mengyao was speechless. The whole patch of white and the two super large papayas made her dizzy,""Shu, you're getting hotter and hotter the more you run around like this. Calm down, Yunyun's going to get you some ice cream ..."

"Oh ..." Yushu stopped, but it still felt hot.

At this time, Tang Yun came back. She was shocked to see Shu naked, but the three of them had showered together before, so she wasn't too shocked."Shu, here's ice cream ... You don't look too good like this ..."

"Give it to me, give it to me ..." Chen Yushu reached out to take the ice cream from Tang Yun, but the moment Chen Yushu's hand touched the ice cream, it melted into a puddle of soup, flowing all over the floor in the blink of an eye ...

"Ah? "This ice cream ..." Tang Yin thought that the fridge was broken, but the two ice cream in her hands were perfectly fine. Yushu's ice cream was the only one that had melted ...

Mengyao felt that something was wrong as well. She reached out to touch Yushu, but she jumped in shock and pulled her hand back,""Why is it so hot? Shu, you ..."

"Yaoyao sis, I feel like I'm getting cooked. What should I do ... What should I do ..." Yushu's fair skin was starting to turn red, like a crab that was being cooked ...

"What ... What's going on?" "Yaoyao, why don't you go online and check what's going on?" Tang Yin asked, confused.

"Alright!" Chu Mengyao quickly nodded and picked up the tablet beside her to check on Shu's symptoms. She didn't want to disturb Lin Yi when he went to look for Zhao Qibing.

"Have you found it?" Tang Yin asked.

"I did ... But ... The internet said that Shu was drugged?" Chu Mengyao looked at the computer screen with a weird expression, "It's up here. After a girl is drugged, she'll feel hot all over and take off her clothes ..."

"Uh ..." Tang Yun looked at the explanation on the computer and then looked at Shu. It didn't seem like it. Therefore, she blushed in embarrassment and said,""That can't be right ... I've been drugged once too ... But after I got it, not only did I have a fever ... But I also really ... Really wanted ... To do that ..."

"You're right, Shu looks normal, she doesn't look like she's drugged. Plus, she came back with Lin Yi, there's no way anyone could've drugged her ... So it can't be Lin Yi ..." Chu Mengyao nodded and threw the laptop aside,""Forget it, I won't investigate anymore."

“Yeah, shield bro doesn’t even need to drug Shu if he wants her ... It’s so hot, I’m just feeling hot, nothing else ...” Yushu nodded.

“Why don’t you try taking a cold shower?” Tang Yun suggested as she sweated after hearing what Yushu said.

“Okay, okay, Yaoyao sis, Yunyun sis, please help me fill the tub ... I feel like I’m burning up, it’s so uncomfortable!” Chen Yushu moaned in pain.

Chu Mengyao and Tang Yun quickly ran to the bathroom to pour cold water into the tub for Chen Yushu. Tang Yun was a little surprised, “What’s wrong with Shu? Was she like this before?”

“I don’t know ... She used to say it was hot, and it was winter. She even took off her clothes in the villa. I didn’t care before, I thought she liked to be naked ... But it’s never been this serious!” Mengyao was panicking as well-she wanted to make the water bigger as she looked at it ...

“Should we ... Give Lin Yi a call? Let him take a look at Shu?” Tang Yun didn’t know what to do. This Chen Yushu couldn’t possibly become mature in a short while, right?

“Shu’s in this state ... Why did you call Lin Yi over?” Mengyao said with a bitter smile.

“He’s not afraid of treatment ...” Tang Yun smiled bitterly, “Shu doesn’t even care, and I don’t care ... We can’t just carry her to the hospital like this, can we?”

“If we really can’t, we’ll have to call Lin Yi back.” Chu Mengyao nodded helplessly. Tang Yun was right. If she and Shu didn’t care, then why should she be nervous? Besides, it was better for Lin Yi to see it than for other people, right? Besides, it wasn’t Shu’s first or second time being looked at-she was always saying that she wanted to be Lin Yi’s small wife, so it really wasn’t a big deal.

The water was ready, and Yushu couldn’t wait any longer. She took off her underwear and jumped into the tub.

But the cold water didn’t cool her down at all-it started boiling and bubbling, as if Yushu was boiling!

Yushu jumped out of the tub with a whoosh, “It’s burning me to death, it’s burning me to death!”

“Shu, you’re hotter than boiling water ... You’ve boiled the water ...” Mengyao shook her head and picked up her phone. “I’ll call Lin Yi, you’re sick!”

Lin Yi had just left the floating clouds when he received a call from Mengyao.

“Young miss? What’s wrong? What’s the matter?” Lin Yi was just about to head home when Mengyao called. She didn’t monitor Lin Yi’s movements like she used to, and didn’t ask him to come back every night.

“What miss ... I’m not joking with you, something happened at home, Shu ... Something happened ... Can you come back to check?” Mengyao hesitated, but the best solution was still Lin Yi-no one else!

“Shu? Is there a problem?” Lin Yi blinked-he’d just sent Shu Home not long ago, and she was pretty normal back then-what was wrong with her?

“En ... You’ll know when you get back ... I’m not sure ... She was hot all over ... And she took off all her clothes, like a cooked lobster ...” Chu Mengyao said.

“Hot all over? You took off all your clothes?” “Wait for me, I’ll go back and take a look ...” Lin Yi blinked.

Lin Yi’s words were a little ambiguous-would he go back to check on Shu’s naked body or her condition? (To be continued.)

### **Chapter 1728: Shu’s sick (2)**

Mengyao was a little embarrassed, but she only realized that she was overthinking things after Lin Yi hung up.

Lin Yi increased the speed of the car and rushed back to the villa. He opened the door himself, while Chu Mengyao and Tang Yun were standing at the bathroom door, each spraying water on Chen Yushu’s body to lower her temperature.

This type of flowing water was better. Although it would boil instantly, it still absorbed most of Chen Yushu’s body temperature.

Lin Yi heard the sound of water coming from the bathroom as he made his way upstairs. He stopped at the door and asked, “Can I ... Go in?”

“Lin Yi, you’re back!” Tang Yin pushed the door open, “Take a look at Shu, she can’t take it ...”

Lin Yi jumped in shock when he saw the scene in the bathroom! Tang Yun and Chu Mengyao were spraying water on Shu’s body, but the water seemed to boil as soon as it touched Shu’s body, making a “Chi Chi” sound and steam!

It was like a sauna, except that Shu created the steam herself!

“What is she doing?” She was fine when Lin Yi brought her back, and she became like this after a walk? Lin Yi couldn’t be bothered to admire Shu’s body anymore-she was completely red!

“We’re not sure, but she told us about your trip to the noble House meeting. She said it was hot, so she took off her clothes, and then it got hotter and hotter ...” Mengyao quickly explained.

“I’ll go over and take a look!” Lin Yi walked to Shu’s side, braving the stream of water. He was about to feel her pulse when he subconsciously pulled his hand away. It was so hot that he gritted his teeth!

Lin Yi looked at his hand, it was full of blisters! The temperature was at least a hundred degrees, but what puzzled Lin Yi was that Shu herself didn’t seem to be affected at all. Her whole body was red, but she didn’t seem to have any major problems!

If it was an ordinary person, he would have been burned to death! Lin Yi activated the art of Dragon mastery and quickly healed his burns. He then used his pure Qi to protect his hand as he felt Shu’s pulse ...

“Shield bro ... I’m so hot, can you take me to the Ice Palace to keep Xiaoxiao company? I’m going to die from the heat ...” Yushu said, panting.

Lin Yi didn't reply, but frowned deeply. Lin Yi didn't find anything wrong with Yushu's body-it was like a normal person's body, but there was a strange heat!

"You didn't find anything wrong with it? Shu doesn't seem to be sick?" Lin Yi shook his head,"what's going on? she looks a little like Xiaoxiao." Xiaoxiao's body is extremely cold and you're extremely hot, but there are no other symptoms?"

"Shu's not sick?" "Then she ....." Mengyao was shocked as well.

"You guys hold on for a while. I'll call the old man at home and ask him if he's seen anything similar!" Lin Yi had no choice but to ask old Lin for help.

Lin Yi rushed out of the bathroom, and it was hot enough for him to stay in the bathroom. He was covered in water as if he had just been in a sauna!

Lin Yi took out his phone and was about to call old Lin when he realized that his phone was soaked in water! Lin Yi quickly ran down the stairs and used the phone in the living room to call old Lin!

"Yi, you're calling me again so soon?" Old Lin picked up the phone, feeling a little weird. Lin Yi called him when he mentioned the orphanage, and now he was receiving a second call.

"Old man, let me ask you something ... If a person has a fever all over his body, but there are no other symptoms, what's the matter?" Lin Yi asked, worried.

"Oh? What was with her body heating up and having no other symptoms? Be more detailed!" Old Lin didn't quite understand Lin Yi's question.

"It's like this ..." Lin Yi explained Chen Yushu's situation to old Lin in detail," "That's the situation ... I'm feeling helpless right now. Do you have any ideas?"

"Why do you think this situation is similar to the legendary fire poison?" Old Lin was stunned.

"Fire poison? No way, Xiaoxiao is a cold poison, and now there's a fire poison?" Lin Yi blinked.

"Xiaoxiao doesn't have cold poison, but it's similar to cold poison. But it's hard to say for sure about her situation!" Old Lin shook his head."I can't really explain it right now. Why don't you bring her over for me to take a look?"

"Bring him? She can't be dead, right?" Lin Yi asked with a bitter smile.

"According to what you've said, if he hasn't been burned to death after so long, then he won't die." "It shouldn't be a problem," old Lin said.

"Alright ... If that's not possible, I'll bring her back!" Lin Yi said with a bitter smile.

At the same time, in the bathroom upstairs, Chen Yushu suddenly waved to Chu Mengyao and Tang Yun,""Oh right, I remember now. This is an old illness that I've had since I was young. In the second drawer of the bedside table in my bedroom, there's a small bottle with a special medicine inside. Just get it for me ..."

“Ah? Good!” Chu Mengyao heard Chen Yushu’s words and quickly responded. She threw down the water hose and ran back to the room. As expected, she found an exquisite small bottle in the drawer of the bedside table. She picked it up and ran back to the bathroom, “Shu, is this the one?”

“En en, quickly take out the pill inside and let me eat it!” Chen Yushu looked at it and nodded.

“Okay ...” Chu Mengyao nodded and opened the bottle. She saw a pill inside, “Is this it? Why did it feel like the pill had been licked by someone? The sugar coat outside has melted?”

“Oh, I think Yun Yun sis’s water gun just sprayed me, give me ...” Chen Yushu opened her mouth.

Mengyao only then remembered that Yushu was waiting for the pill to save her life. She didn’t dare to ask anymore and quickly threw the pill into Yushu’s mouth.

Chen Yushu swallowed the pill and after a while, she suddenly shivered and shouted, “Wow, it’s so cold, turn off the water valve! I’m going to freeze to death ...”

“Ah?” Tang Yin blinked as she saw that Yushu’s skin color had returned to normal. She quickly turned off the faucet in her hand and said, “You’re done?”

“Alright, alright, I’m freezing, I need to get a towel to dry myself ...” Chen Yushu nodded, “I’m frozen to death, I’m frozen to death ...”

#### **Chapter 1729: An invitation to treat**

Mengyao didn’t know whether to laugh or cry at Yushu’s cold attitude. This was the exact opposite of what she had done before!

Lin Yi came up at this time, and just as he ran into the bathroom to check on Yushu, he saw a white body coming out. As an Earth Class early phase, Lin Yi accidentally bumped into her!

So comfortable! That was Lin Yi’s first thought.

The second feeling he had was a cold feeling, as if someone had cast a glance at him.

Lin Yi turned around and saw Tang Yin with a smile on her face. Lin Yi blinked and let go of Shu awkwardly, “Eh? Shu, how did you get better?”

“Miracle doctor Lin, you’re so good, can’t you see that Shu’s skin color is back to normal? If even an Earth Class couldn’t Dodge it, what would you do if it was an enemy?” Tang Yin was getting a little jealous-she wouldn’t have known about this under any other circumstances, but Lin Yi was taking advantage of Shu right in front of her, and that pissed her off.

“Ugh ...” Lin Yi didn’t think that his subconscious action would be seen through by Tang Yin! To be honest, Lin Yi didn’t think that much about it. He just couldn’t resist the temptation and made a small mistake, only to be caught red-handed by Tang Yin. It was embarrassing, “I was too anxious and didn’t pay much attention ...”

Chu Mengyao naturally understood it as well. She covered her mouth and laughed secretly. It turned out that Tang Yin had a little temper! It’d been hard on her all this time, she’d been putting up with him and Shu all this time, but she finally exploded after Lin Yi’s evil actions.

“Alright, it’s fine now.” Tang Yin wasn’t going to let it go-she’d only embarrass Lin Yi and make Mengyao look down on her if she didn’t let it go. She’d only warned him.

Shu ran into the bedroom to clean herself up, and Lin Yi smiled awkwardly, “She ... How did she recover?”

“I’m not sure, but Shu said that it’s an old problem. She suddenly remembered that there’s a special medicine, so she asked me to get it for her. She’ll be fine after taking it!” Mengyao explained.

“Special medicine? What special medicine?” Lin Yi asked.

“This is it ...” Chu Mengyao handed the small bottle to Lin Yi.

“Are there any more inside? Hmm ... No more?” Lin Yi looked at the bottle in his hand. The workmanship was exquisite, but it was empty. There were no pills inside.

“No, there’s only one pill.” Mengyao said.

“Is that so ...” Lin Yi put the bottle under his nose and sniffed. There was nothing unusual, only the smell of sugar coating. It seemed that the pill was wrapped in sugar, and there was nothing unusual about the bottle.

“Yeah, we’ll have to ask Shu later-we’re full of questions too,” Mengyao said, waving her hands.

When Chen Yushu came out of the bedroom, she was already in her pajamas, and her face was back to normal.

“Shu, are you okay?” Mengyao asked, still in shock.

“Alright, there’s nothing else.” “Hehe, sorry for making you guys worry ...” Yushu shook her head and smiled.

“Shu, what happened? I heard from Yaoyao that it’s an old problem?” Lin Yi looked at Shu’s condition. She had indeed returned to normal, like a different person from before.

“Yes, it’s an old illness. It acted up when I was young, but it never acted up again when I grew up.” “I almost forgot, there’s a special pill I brought from home. I didn’t think I’d only use it after so many years ...” Yushu said with a nod.

“Special medicine? Did you go to a doctor when you were young?” Lin Yi asked as he fiddled with the bottle.

“Yeah, I’ve checked it, there’s no problem ...” Yushu said nonchalantly, “The doctor said that if you take this pill, it will last for a long time ...”

“Then what if this happens again?” “Do you have any more of this medicine?” Lin Yi asked. Let me study it and see if I can find the formula. ”

“Oh ... I’m at home. I’ll go get it the next time I come back ...” Yushu said.

“That’s good. ” Lin Yi relaxed after hearing that.

"Alright, alright, I'm fine now. To celebrate, let's go out for a big meal tonight, okay?" Yushu suggested as if she didn't want to talk about it anymore.

"Sure, what do you want to eat?" Lin Yi asked with a smile.

"Let's go eat steak? "I want to eat steak ..." Yushu said.

"Okay, I'll make a call and make a reservation at a Western restaurant." Mengyao said with a nod.

Mengyao was about to make the call when her phone rang.

"Daddy? Why are you calling me at this time?" Chu Mengyao found it strange that the call was from Chu pengzhan. He usually called Chu Mengyao in the morning to let her know that he was safe, it was very rare for him to call in the afternoon.

"Yaoyao, are you free tonight? Let's have a meal together?" Pengzhan said.

"At night? Eat? Only you?" Mengyao blinked, not understanding why her father wanted to go out for dinner. It wasn't a weekend or a holiday, so she didn't know what to do.

"Your uncle an Mingyue is treating, and an Jianwen ..." Chu pengzhan sighed, ""We're old neighbors, they came back to Songshan all of a sudden and invited us to dinner ... I couldn't say no, so I just agreed."

In fact, Chu pengzhan liked an Jianwen at first, but after the an family moved away, the two families only had business cooperation and didn't interact much. Today, an Mingyue suddenly brought an Jianwen to visit, which caught Chu pengzhan a little off guard. However, he couldn't reject her because of his face!

After all, the two houses had been doing business for a long time, and they were old neighbors-there was no way pengzhan would reject them.

"I see ..." Chu Mengyao frowned, ""Shu wants steak, where's their treat?"

"We haven't decided on the location yet. If you agree, I'll let them know." "I wasn't sure if you're free today, but steak is fine. I'll have them book a Western restaurant!" Pengzhan said.

"Alright then, but you have to bring Lin Yi and Tang Yin, okay?" Mengyao asked.

"Of course you can." "It's just a family dinner ..." Pengzhan said with a smile.

"Okay, I'll be waiting for your call, daddy." Mengyao said.

After hanging up, Yushu asked, "Yaoyao sis, someone's treating?" (To be continued.)

### **Chapter 1730: sending flowers**

"It's an Jianwen and uncle an ..." Mengyao frowned. "Daddy can't say no. He's my old neighbor, so ..."

"An Jianwen? After the an family was defeated at the noble House meeting, they wanted to treat you to a meal? You're not trying to get close to shield bro are you?" Chen Yushu saw the an family leave the noble House meeting and felt that it was strange for them to suddenly treat her to a meal.

"I'm not sure about that. Dad said that it was just a visit between business partners and old friends. He didn't mention anything else ..." Mengyao shook her head.

"No matter what, let's go and take a look tonight!" "If it's just a treat, then we'll just eat. As for the rest, we'll see," Lin Yi said.

Very quickly, Chu pengzhan called again. The restaurant was confirmed. It was a comprehensive buffet restaurant with delicious food from all over the world. Of course, the price was quite high.

It was five in the evening, and Lin Yi drove Mengyao, Yushu, and Tang Yun to the restaurant they were supposed to meet at. He parked the car and the four of them entered the restaurant.

An Mingyue, an Jianwen, and Chu pengzhan had arrived long ago and were waiting in the rest area on the first floor. Chu pengzhan waved to them when he saw them.

"Yaoyao, I haven't seen you in a few days. You've become prettier again!" An Jianwen smiled as he took out a bunch of flowers from who knows where and handed it to Chu Mengyao.

"Is that so? I haven't had a good rest these few days, so I don't look well. You should get a pair of glasses." Mengyao wasn't interested in Jianwen's praise at all, nor did she care about the flowers he handed her.

An Jianwen was a little embarrassed. He didn't know why Chu Mengyao didn't like him. Didn't they get along well when they were young? Why did they distance themselves so much after they grew up? He didn't seem to understand Chu Mengyao at all.

In fact, if he looked at it from another perspective, he didn't know Chu Mengyao, but Chu Mengyao also knew him well. How would Chu Mengyao know what he was doing in the dark?

"Ha, Yaoyao, you're really good at joking. But even if you don't look well, you're still pretty!" Jianwen smiled as he raised the flowers in his hand. "Flowers with a beauty, this is for you!"

"Give it to Lin Yi," Mengyao didn't want to take the flowers.

"Ah?" Jianwen blinked. He wasn't gay, so why would he give the flowers to Lin Yi?

However, before he could react, the flowers were already in Lin Yi's hands! Lin Yi split the flowers into three portions, giving one each to Tang Yun, Chu Mengyao, and Chen Yushu. "I'll give it to you!"

"Thank you!" Chu Mengyao received the flowers happily, and so did Tang Yun and Chen Yushu.

Jianwen gritted his teeth helplessly, "Let's go, I heard that Shu wants to eat steak, so I made a reservation at this buffet restaurant. The steak here is very authentic, and there are many snacks from all over the world!"

Jianwen swiped his card when he entered the restaurant. It cost over twenty thousand Yuan for seven people-it was pretty expensive, on par with those high-end hotels. They didn't even charge for the drinks, and if they wanted red wine, they had to pay for it!

The inside of the restaurant was very large, and there were not many guests. The environment was very elegant, with separate small seats, private rooms, and a bar for the guests to choose from.

“Old friend, although we’ve always had business dealings, it’s been a long time since we’ve sat down and drank together!” “Let’s share a table,” an Mingyue said with a smile, “and let the children share a table. We won’t affect each other.”

The an family’s behavior this time really surprised Lin Yi—the two didn’t seem to have any awkwardness at all like they did at the noble House meeting, as if the noble house’s name really didn’t mean anything to the an family, and this treat really did seem like they were reminiscing about the old days with Chu pengzhan!

The father and son had no intention of pleasing Lin Yi at all!

Lin Yi let out a breath of relief, but at the same time, he was confused! Lin Yi was afraid that an Mingyue would use Chu pengzhan to plead for their an family to join the practitioner’s Association. If Chu pengzhan really asked for it, Lin Yi wouldn’t be able to reject it!

But now, that worry was gone, but the two’s actions were strange! Could it be that an Mingyue and an Jianwen really didn’t care about the noble house’s reputation? Or did they have something else to rely on?

As they were thinking, Jianwen turned to the group with a smile. “Let’s sit here and not affect the elders’ conversation!”

With that, Jianwen pointed at a relatively large open deck seat not far away.

It was a six-seater, meaning that a row could only fit three people. Jianwen’s arrangement meant that he wanted to sit side by side with Mengyao! After all, Lin Yi and Tang Yun were a couple, and they couldn’t sit separately. Chu Mengyao and Chen Yushu, on the other hand, must sit beside him!

But as far as he was concerned, she’d either sit next to Lin Yi or Mengyao. She’d never sit alone with him.

Mengyao naturally understood what Jianwen was thinking, but this restaurant only had tables for four or six. If there were more people, they’d have to choose a private room. Since pengzhan and Mingyue weren’t with them, they couldn’t go to a private room, so a six-seater table was the best choice.

But when they were near the deck, Mengyao said, “We girls can sit on one side, you guys can sit on the other side, right?”

Lin Yi didn’t mind, but Jianwen was furious. It wasn’t easy for him to come up with a good idea, but it was ruined just like that. He couldn’t object to it now, though. It’d make him look like he was up to something bad.

“That’s fine. It doesn’t matter where we sit. The important thing is to eat. The food here is not bad. There are snacks from all over the world, and the taste is very authentic. I’ve been here before, so let me be your guide!” Jianwen said as he picked up the plate like a gentleman.

“An Jianwen, your an family doesn’t seem to be affected?” Lin Yi couldn’t help but ask. Jianwen was giving him a weird feeling! Everyone from house Kang wanted to join the ranks of noble houses, but the an family didn’t seem to have any intention of doing so.

“Haha, Lin Yi, that’s that. We might have some misunderstandings between us, but I’m the host, after all. I’m treating Yaoyao’s family to a meal, so how can you give me some face? let’s not talk about this for now.” Jianwen laughed, free and easy. (To be continued.)
