

Bodyguard 1731

### **Chapter 1731: You also ate it!**

But at this point, Jianwen got closer to Lin Yi and lowered his voice. "To be honest, the aristocratic families aren't of much use to the an family. Our business is half-legal and half-legal, and we should keep a low profile ..."

"Conflict? A misunderstanding? I almost lost my kidney?" Lin Yi looked at Jianwen, his face expressionless.

"I'm also a victim here, I lost a kidney too ..." Jianwen smiled bitterly, "You can't blame me for this!"

Lin Yi only smiled, not saying anything else. Everyone knew what was going on, but Lin Yi didn't want to ruin his relationship with Jianwen right now. He wouldn't have come to this dinner otherwise.

The Firewolf gang behind an Jianwen was a force that even Uncle Fu didn't want to know about. It was obvious that they had a strong background. Lin Yi would be an idiot to mess with a super gang with practitioners like that.

The group carried their plates to the food selection area. Since it was a buffet, they had to choose how much and what they wanted to eat. Jianwen started explaining, "This is the Korean area ... Yaoyao, what do you want to eat? I'll get it for you ..."

With that, Jianwen picked up a few pieces of Korean meat and was about to put them on Mengyao's plate.

"I don't want it. It's too greasy." Mengyao quickly moved the plate to the side, making Jianwen a little embarrassed. But since he'd already picked it up, putting it back wasn't a good idea, so he put it back on his own plate.

But Jianwen wasn't discouraged. He took two steps and said, "There's Korean codfish cuisine here. It tastes good ..."

"No, it's too spicy," Mengyao said, shaking her head.

Jianwen put the codfish back on his plate.

"This beef is not bad. Why don't you try it?" Jianwen asked, still determined.

"I don't want to." Mengyao didn't bother explaining.

An Jianwen put the beef on his own plate.

As a result, Jianwen's plates almost formed a small mountain on the way, and he didn't find anything that Mengyao liked. He had no choice but to give the plate to the waiter and get him a new plate!

On the other hand, Jianwen didn't have anything to recommend, so Mengyao just picked some up and placed it on his plate. Jianwen regretted his decision-Mengyao's taste was quite unique!

After regretting his decision, Jianwen asked Mengyao every single time he wanted food, but he was still rejected. As a result, his plate was filled with more and more food, filling up three to four plates. He'd already asked the waiter to send them back a few times, but he was still filling up his plate!

But towards the end, an Jianwen learned to be smart. He asked first, then took the food. If Chu Mengyao didn't want it, she wouldn't take it. But after he asked, if Chu Mengyao wanted to eat, she would take it herself. An Jianwen didn't even need to do anything!

This made Jianwen very helpless. He could only continue to ask, but Mengyao stopped eating.

One thing that comforted him was that Shu helped him out a little-otherwise, he'd have to change a couple more plates! This was the first time he felt that Chen Yushu had so many confidants!

After a turn, they arrived at the dessert section. Jianwen's eyes lit up-he found something that could help him get closer to Mengyao, and even flirt with her! Jianwen ran to a dessert stall and picked up a dessert. He walked to Mengyao and handed it to her."Yaoyao, this is one of the specialties here. It's also a popular snack on the internet recently ..."

"What is this?" Mengyao frowned. It was scary-the thing in Jianwen's hand was like a part of a human body.

"This is called Eagle barbeque. Haha, it's very famous. Why don't you try it?" "Haha, doesn't it look like a certain body part?" Jianwen said evilly.

"I don't want it, take it away!" Mengyao glared at Jianwen. What the hell was this guy doing with this? wasn't it just affecting her appetite?

Jianwen didn't think that he would mess things up-wasn't Mengyao a little too innocent? The last time Jianwen came, he came with taizao and a few other girls-they were all lining up for food, and were even having fun with him and taizao. It was as flirtatious as it could get, but why was it different now?

"Shu, you want some?" Jianwen asked awkwardly.

"Oh, you can try." Chen Yushu thought that this thing was quite fun, but she didn't know if it would taste good.

Jianwen handed the bird to Shu, relieved. Shu took a bite without hesitation.

Mengyao blushed-this Shu, she ate everything!

"Is it good?" Jianwen asked. He wanted to ask Mengyao so that they could have a more intimate conversation, but he lost interest after being eaten by Yushu.

"It's alright, but not as good as shield bro 's!" Chen Yushu replied.

"Ah?" Jianwen froze, and Lin Yi almost tripped over his own feet. Tang Yin, on the other hand, was looking at Lin Yi suspiciously.

"Shu, you've eaten ... Lin Yi's food?" Mengyao thought that this was getting out of hand-the problem was, how could the crazy Yushu say something like that in public?

"I've eaten!" Yushu said seriously.

"Ahem, ahem ..." Lin Yi jumped in shock as he looked at the suspicious eyes of Mengyao and Tang Yun. "When did you eat, Shu?"

"When you're at home?" Chen Yushu replied.

"At home?" Mengyao glared at Lin Yi before turning to Shu seriously. "Shu, you're at home. When did you eat? Where was I at that time? What am I doing?"

Mengyao was thinking the same thing-she and Shu were together almost every day, and sometimes Tang Yin was with them too. She didn't have a chance to do anything with Lin Yi, did she? Did he hide it from me in the middle of the night?

"Just a few days ago, you were at home too, so you ate it!" Chen Yushu replied.

"Ha? I?" Chu Mengyao almost dropped the plate in her hand. What kind of joke was Shu playing? When did he eat it?

This time, Tang Yun didn't think it was possible. She would believe that there was something going on between Shu and Lin Yi. After all, Shu was a bold person, and she had a crush on Lin Yi. It was only natural that she would do anything! (To be continued.)

### **Chapter 1732: five million is too little**

But Chu Mengyao was a person with strong principles. She wouldn't go with Chen Yushu, would she?

"Yeah, you're eating too!" Chen Yushu nodded.

"What did I eat?" "Shu, what are you talking about?" Mengyao raged.

"I'm not talking nonsense. Shield bro made us some fire-made desserts last time, and it was much better than the ones here. Didn't you have a lot too?" Yushu said innocently.

"Ah?" Mengyao blinked, not sure if she should laugh or cry. Was she overthinking things, or was Shu doing this on purpose? She blushed a little, almost misunderstanding Lin Yi!

"Oh, I know, Yaoyao sis, you're thinking the wrong way. You must think that it's the same as what you did with shield bro in the cave!" Chen Yushu blinked.

"What ... What did I do in the cave? "I'm just helping him suck out the poison ..."Mengyao explained quickly, afraid that Tang Yun would misunderstand.

Jianwen was a little depressed-he didn't get involved with Mengyao, but Lin Yi got involved with these people instead. He should've just eaten the Eagle, saving him so much trouble!

"When did you make the fire? How come I didn't eat it?" Tang Yin asked, giving Lin Yi a light kick.

Lin Yi smiled bitterly at Tang Yin. "Next time, I'll make it for you ..."

"I'm not eating ..." Tang Yun felt that Lin Yi's words were ambiguous.

"Haha ..." Lin Yi laughed, "I'm talking about the fire, not the Eagle ..."

"I'm not eating anything!" "Alright, alright, let's go over there. I think there's a steak Shu likes ..." Tang Yin said.

Jianwen had already prepared six plates of food, and he wasn't in the mood to ask Mengyao anymore.

Everyone picked up the food and went back to their seats. Chen Yushu started eating, Chu Mengyao and Tang Yun ate politely. Lin Yi was the same as Chen Yushu, he started eating as soon as he sat down. Lin Yi didn't care about other people's eyes.

Tang Yun and Chu Mengyao looked at Chen Yushu and Lin Yi who were eating and smiled bitterly. These two were a perfect couple, they didn't care about what people thought of them!

"Shield bro, this is delicious! It's not as good as yours, but it's not bad either!" Yushu said as she handed Lin Yi a piece of steak.

"Haha ..." Lin Yi smiled and put it in his mouth.

Jianwen looked down on Lin Yi, but he was still a little afraid of Lin Yi. He wanted to say something sarcastic, but he didn't dare to! The an family's backing was much stronger than Lin Yi's, and even the hidden houses were no match for the Firewolf gang!

However, the relationship between the an family and the Firewolf gang was just a guess, and only a few people guessed it. Most people only thought that the an family was just an ordinary businessman, between the black and white.

Jianwen couldn't bring up the firewolves so easily, so he had to put up with Lin Yi for now.

Jianwen smiled and turned to Mengyao as he remembered the purpose of the treat. "Yaoyao, why do I feel like we've become so distant? Although some of my previous actions may have disgusted you, I actually like you and want to pursue you. In the past, you didn't dislike me for putting in effort for you, right?"

"It's different when I was young." Mengyao looked at Jianwen and sighed, "Jianwen bro, we're all grown up now. We're mature, and we should be more rational. I've said it before, I'll always treat you like a big brother. What you're doing ... Won't bring you any good."

"Hehe, there's a saying that goes, 'when you are sincere, you can break metal and stone.' I believe that through my hard work, I can change your impression of me." "If I've made you uncomfortable before, then I'm sorry. I'm sorry!" Jianwen said.

"It's okay ..." Mengyao didn't know what to say anymore.

"Haha, and Lin Yi, I may have been a little against you before, but I know now that there's nothing between you and Yaoyao. I'll still need your help in the future!" Jianwen said.

"Oh, no problem, but you have to pay for your service! I can't help you pass on the information for nothing, can I?" Lin Yi agreed without hesitation.

"I'll give it to you, of course!" Jianwen laughed, thinking that Lin Yi wasn't afraid of lowering his image in Mengyao's eyes. It confirmed his guess that Lin Yi and Mengyao weren't in a relationship!

The Eagle-fire incident made Jianwen a little embarrassed and angry, but after thinking about it, he realized that there was something going on between Lin Yi and Shu, but not Mengyao! This made things easier-he liked Chu Mengyao, and he wouldn't want Chen Yushu even if she gave her to him for free.

"Oh, then you can give me three to five million first." "You know my bank account number," Lin Yi said.

"Three to five million?" Jianwen blinked-this Lin Yi was too much! He was just casually perfunctory, and he really wanted to use money? Furthermore, what did she think he was doing? And three to five million?

"No way? Jianwen bro, you think three to five million is too much? Elder sister Yaoyao is the daughter of a rich family. If you're so petty, you'll suffer if you really marry her! You can't be that poor, right?" Chen Yushu knew that Lin Yi was asking for money from the orphanage and naturally cooperated!

She and Mengyao had already donated all their pocket money to the orphanage, so they couldn't help Lin Yi much. Naturally, they'd help Lin Yi to trick Jianwen.

"No, what I mean is ... It's too little ..." Jianwen thought to himself. F \* ck, I may have made a lot of money recently, but I also made a lot of money from the firewolves gang. Three to five million wasn't a small amount, and the problem was that it wasn't something that could be solved with just three to five million! "Let's not talk about three or five million, just five million!" Jianwen said with a sad face.

"Isn't five million just three to five million? Isn't that a lot?" Chen Yushu asked.

Jianwen's heart was filled with hatred. F \* ck you, I'll let you guys have your fun first! When I'm done with that, not only will the Chu family's assets be mine, Chu Mengyao will be mine too! However, he smiled and said,"Haha, that's true. Eight million it is then!"

"This is more like it!" "When?" Yushu nodded.

"I'll make the transfer right away ... Haha, I mean what I say, this is just a small amount of money!" Jianwen laughed nonchalantly.

An Jianwen was afraid that Chen Yushu would say something else and quickly called to transfer the money. At the same time, Lin Yi received the text message that the transfer was successful! (To be continued.)

### **Chapter 1733: Can't waste food**

However, Mengyao said coldly after the transfer was successful,"Wastrel, you spent so much money just to pick up girls? Or to gather information? Whoever marries you will be angered to death!"

"Gah?" Jianwen blinked, realizing that Yushu and Mengyao had tricked him. Perhaps Mengyao didn't mean to trick him, but she did Yushu and Lin Yi a small favor by chance.

However, Mengyao's actions infuriated him. He swore to himself that he would get his hands on Mengyao and make her one with him!

Lin Yi and Yushu, on the other hand, ate quite a lot. Tang Yun and Mengyao only had a small bite, while Jianwen didn't even have much to eat. He had completely lost his appetite from the food.

Seeing that his father's side was almost done, he made a hand gesture to himself and prepared to leave.

But just as they were about to leave, a waiter came over and said politely to Jianwen, "Sir, you haven't finished your food ..."

"I can't eat anymore, can't I not eat?" An Jianwen frowned.

"But ... You have too much left. This is a waste, and it's shameful." The waiter explained.

"How much is it? I'll give it to you!" Jianwen waved his hand impatiently. He would've lost his temper long ago if Mengyao wasn't around.

"Sir, it's not a matter of money. If you don't finish eating, you can leave, but our camera has already recorded your image. You will be put on the exhibition board in the store and displayed for a week as the object of the shameful list ..." The waiter explained.

"F \* ck!" An Jianwen couldn't take it anymore, "I spent money to eat, why would I be on the shameful list?"

"Sir, this is the rule of the restaurant. It is a warning and punishment for malicious extravagance and waste. If you only have a little left, we will not pursue it. But now you have six plates of food left, and you haven't eaten it. That is a bit too much ..." The waiter still said politely.

"..." Jianwen was speechless.

"Jianwen bro, she's right-we have to be thrifty, not extravagant and wasteful. If you're so wasteful, who'd want to marry you in the future? Yaoyao sis is a thrifty person!" Chen Yushu chimed in.

"I'll eat it! I'll eat it before I leave, alright?" Jianwen was furious, but he could only sit back down. "You guys go ahead, I'll sit here and eat slowly ..."

"This is for the best." The waiter smiled and nodded.

And so, Lin Yi left with Mengyao, Yushu, and Tang Yun. Mingyue wanted to leave with pengzhan, but she frowned when she saw that something had happened to Jianwen. She turned to pengzhan, embarrassed, "It seems like Jianwen's appetite is quite big. Haha, old friend Chu, you can go first. I'll wait here for a while. I'll go to your company tomorrow to discuss the cooperation I mentioned!"

"That's no problem. I'll take my leave now. See you tomorrow, old friend an." Chu pengzhan smiled and nodded. It seemed that the two of them had a good conversation, as if they had recovered their old friendship.

Chu pengzhan and Lin Yi walked out of the restaurant together. Chu Mengyao saw Chu pengzhan's face was red and confused, "Daddy, you seem to be having a good time with that uncle an?"

"Yes, your uncle an is coming back to Songshan to invest in a big project, and he invited me to join!"

"The company's at a bottleneck right now!" Pengzhan said excitedly. "It's easy to maintain sales, but it's hard to expand. If your uncle an's project is successful, the company will be able to move up another level!"

“Daddy, you want to work with uncle an and the others?” “I thought their family doesn’t do any decent business?” Mengyao frowned.

“Haha, Yaoyao, don’t worry. Daddy knows what he’s doing. I won’t get involved in anything illegal! The cooperation we’re talking about this time is a proper business, there won’t be any problems!” Pengzhan said.

“That’s good ...” Chu Mengyao was just reminding her, but after hearing her father’s words, there should be no problem. After all, her father was a veteran in the business world and knew his limits. He was much better than her.

Lin Yi, on the other hand, wasn’t too optimistic about pengzhan and an Mingyue’s partnership. He had the same concerns as Mengyao, but after Mengyao asked, he hesitated and didn’t say anything. He was the second largest shareholder of pengzhan industries in name, but he didn’t really care.

It wasn’t his place to butt in when it came to the company’s business, and it was likely that pengzhan wouldn’t want to work with him if it was a problematic one.

“Yi, I heard from Yaoyao that you’re taking her, Shu, and Tang Yin back to your old home?” Pengzhan changed the topic.

“En, I was planning to leave in a few days.” “What’s up, uncle Chu?” Lin Yi asked.

“It’s nothing. I was planning to go back with you, but I’m doing a big project here, so I can’t leave for a while. I can only apologize.” Pengzhan said apologetically.

“It’s nothing. We’re just going back for a vacation. ” “But, uncle Chu, we should still be on guard against the an family ...” Lin Yi smiled.

Lin Yi decided to remind her since they were already here.

“Naturally!” Pengzhan continued, “I’ve thought about this collaboration with the an family after much consideration. On one hand, we’re old friends, and I can’t just let it go. On the other hand, I’ve seen this project and it’s really profitable. It can bring the company to a higher level!”

“That’s good. ” Lin Yi didn’t say anything more. Chu pengzhan was an old hand in business, and Lin Yi knew nothing about it. He could solve some problems with violence, but he didn’t have much say in business cooperation.

Lin Yi parted ways with pengzhan at the parking lot-uncle Fu was there to pick him up, while Lin Yi drove back to the villa with the girls!

He’d gotten eight million from Jianwen today, and that was enough to ease the orphanage’s financial situation. As for the rest, he’d think of other ways! He’d wanted to borrow some from pengzhan, but he heard that the guy was doing a big project today-he might need money, and so didn’t bring it up. (To be continued.)

**Chapter 1734: not earning enough**

"I feel like daddy's acting a little weird today. Before this, he kept a respectful distance from an Jianwen's family, but now he's working with them again." Mengyao grumbled after getting in the car. After all, she had more chances to meet an Jianwen now. It was troublesome to deal with him.

"I've heard of a saying before, but I'm not sure if it's true. It says that in the business world, there are never real opponents or friends. As long as there are common interests, opponents can also become friends." "I wonder if that's the case for uncle Chu?" Tang Yin asked.

"I think so. Daddy's really good at doing business." Chu Mengyao nodded. There were too many cases like this. Many companies that were suing each other became strategic partners in the blink of an eye, so Chu pengzhan and an Mingyue's cooperation wasn't a surprise.

"We'll see, uncle Chu should know what he's doing," Lin Yi said.

Chu Mengyao nodded and didn't say anything.

After they got home, they packed their bags and accompanied Lin Yi back to the village. Of course, they were going to go shopping crazily before they left. As the saying goes, before the soldiers and horses move, the provisions and fodder move first. This was the logic.

Mengyao decided to buy some stuff and send them back first, to avoid the awkwardness of not having anything.

It was still early today, so Mengyao and the others went to the supermarket.

In the supermarket, Tang Yin was a little worried. She was like an ugly daughter-in-law meeting her in-laws-she'd been with Lin Yi for so long, and she hadn't even visited his elders yet. Would the old Lin who raised him like her?

Besides, Tang Yun wanted to buy some gifts, but she didn't know what to buy. She held Chu Mengyao's hand and asked hesitantly, "Yaoyao, what do you think I should buy? Lin Yi said he didn't need to buy anything, but it was still a gift, wasn't it? If I really go to the house without bringing anything, will people think that I'm insensible?"

"Well ... We have to buy it, but I can't say what to buy since I don't know what Grandpa Lin likes ..."  
Mengyao was in a difficult position.

"Old man, it's probably just that he likes to drink. Why don't we buy some good wine and bring it back?"  
"My Grandpa likes to drink ....." Yushu suggested.

"That's fine. I think the elders usually give these things ..." Chu Mengyao said, "Daddy always brings these things with him when he goes to grandpa's house ..."

"Then we'll buy a bar ... But what should we buy?" Tang Yin hesitated, not sure what to buy.

"Maybe we should ask Lin Yi? He knows it best." Chu Mengyao couldn't make up her mind.

Lin Yi didn't go shopping with the girls-he left the bodyguard job to Chentian, who'd just returned to Songshan, and went to where the orphanage was.

It was an old residential area, similar to where Chen Zhao's family lived. The top floor of each building was a loft with six and seven floors. It looked like a duplex, but because these buildings had been built for so long, the condition of the top floor was very poor. Leaking was a common thing. The landlord also rented it out cheap, so he wouldn't be responsible for maintenance.

Lin Yi couldn't help but shake his head when he saw this condition. It was really hard on these kids, and that miser Yu Xiaoke! However, no matter how miserly or stingy she was, she still lived in such a place because she was unwilling to spend so much money on building an orphanage. How could she live when the money was used up?

Li Cihua and elder Zhu came to a simple agreement with the Dean—they would use a piece of land five times bigger than the original to exchange for the orphanage's land! It seemed like the orphanage had gotten a big advantage, but that was not the case. The newly exchanged land was in a very remote location, at the edge of the city, which was already in the vicinity of the suburbs. The price of the land was much lower than the orphanage's.

The difference of five times wasn't an exaggeration, but the problem was that Li Cihua only calculated the land price and didn't include the orphanage's original house!

Li Cihua's reason was simple—the house was burnt down, how could he give you compensation? Using land of equal value to exchange for it was perfectly justified and fair!

Although the old principal was a little unwilling, she had no other choice now that the house was gone and she had no more bargaining chips in her hands. She would just let them do what they wanted! Cihua didn't want to make a big deal out of it, so he didn't let the orphanage suffer any losses when he exchanged the land.

The main problem was that the orphanage had a huge piece of land but had no money to build it. This was the most fatal thing!

Cihua and boss Zhu were about to claim credit when they saw the scene of destruction and Zhao Qibing sitting in a car not far away.

Li Cihua jumped in shock and ran to the car in a hurry, "Master Bing, what's wrong? Did the bar catch on fire?"

"En," Qibing replied faintly. The humiliation didn't allow him to explain too much, and he waited here for elder bi to come and heal him. If it wasn't for elder bi not being able to find another place, Cihua wouldn't have been able to see him.

"Ah? What's going on?" Cihua asked.

Because elder bi was coming soon, Qibing didn't want to explain, "It's nothing ... How's everything going on your end?"

"Congratulations, master Bing! The old Dean of the orphanage finally gave in after being threatened and tempted by me and boss Zhu, and agreed to exchange the land with us. Now, the land is ours!" Cihua said quickly. Although the two pieces of land were about the same in value, Cihua was still the one who got the better end of the deal!

The piece of land in the suburbs wasn't of much use to Cihua, and people wouldn't buy it even if they wanted to build a house. People would only buy it if they wanted to build a factory or something, but that was a rare situation. The land was useless to Cihua for the time being, and it was a great deal to give it to the orphanage.

"Congratulations, my ass!" Zhao Qibing heard li Cihua's words and finally couldn't hold it in anymore.

"Ah? "Master Bing, we're actually getting the better end of the deal ... That piece of land is priceless, no one wants it ..." Cihua said carefully.

"Take advantage? I paid two hundred million to Lin Yi for this fire! Look, Lin Yi broke my leg again, and he even burned down the bar!" Qibing said,"tell me, I ate all the way to the Pacific Ocean!" You're still taking advantage of me?" (To be continued.)

### **Chapter 1735: I already have someone I like!**

"Ah?" Cihua was dumbfounded-he didn't notice Qibing's leg when he was sitting in the car, but now he knew that it was all Lin Yi's doing!

"Alright, it's enough that you know about this. Don't mention it again. I'll wait for master to come and heal me. You know what to say when the time comes, right?" Qibing asked.

"I know, master Bing. I'll take all of this on my own, I won't drag you into this. You're an innocent victim." Cihua said with a serious expression.

"En, not bad!" Qibing nodded, satisfied.

Lin Yi rang the doorbell. Ken was the one who gave him the address, but he didn't know if it was right or not. The buildings in this residential area didn't have numbers, and Lin Yi only found it after asking around.

Soon, Yu Xiaoke's voice came from the room,""Who is it?"

"It's me, Lin Yi," Lin Yi said.

"Lin Yi?" Xiaoke's voice was full of confusion as the door opened, her face full of shock."What are you doing here? And you even found this place?"

It wasn't her fault, she didn't tell Lin Yi about the orphanage. Even if Lin Yi found out about the fire on the news, he wouldn't be able to come here.

"Lin Yi bro, you're here!" Ken ran out of the house and greeted Lin Yi warmly.

"Ken, did you tell him?" Xiaoke wasn't stupid-she guessed what was going on from Ken and Lin Yi's expressions.

"Xiaoke sis ... I ..." Xiao Ken was embarrassed after being exposed by Yu Xiaoke,""I just mentioned it casually, and Lin Yi bro's here to help ..."

"A casual mention? He's here?" How could Yu Xiaoke believe that? "Tell me the truth," she glared at Ken,"did you ask Lin Yi to help?"

“Fine, I did ask him to come, but ... Lin Yi bro isn’t an outsider!” Ken lowered his head and muttered.

“Not an outsider?” “Could it be the people from the orphanage?” “Xiaoke’s eyes were wide open.

“Isn’t he Xiaoke sis’s boyfriend? I was thinking ... So I let him come ...” Ken said carefully.

“He ... I ...” Yu Xiaoke’s face and ears were red. She wanted to say that Lin Yi was not her boyfriend. But saying that in front of Lin Yi hurt her pride a little, not to mention that Lin Yi was here to help. How could she say something like that?

“Hehe, don’t blame him. I was the one who took the initiative to come.” Lin Yi knew what she was thinking, but he didn’t mind, “I’ve brought some money with me this time. It’s to help you guys with the emergency. I heard that rebuilding the orphanage requires a lot of money, but I only have eight million right now. You guys go ahead and build a modern orphanage. All the facilities have to be planned. I’ll help you guys think of a way to get more funds later!”

“Wow, Lin Yi bro, you’re the best! You’re just in time!” Ken didn’t expect Lin Yi to give him eight million all of a sudden, and it was just the initial funds. He was extremely excited! He was in favor of building a larger orphanage. This way, they could take in more abandoned babies and homeless children.

“Eight million?” Yu Xiaoke looked at Lin Yi in surprise. She didn’t understand why Lin Yi would suddenly give the orphanage eight million Yuan. She didn’t know Lin Yi as a person like that.

Could it be as Ken said, that Lin Yi had misunderstood? But didn’t Lin Yi already have a girlfriend? And you’re still thinking of taking advantage of me?

The Dean, on the other hand, was very happy that Lin Yi came to help her in her time of need, but he was starting to doubt Lin Yi’s true intentions! But she didn’t know anything about the male thief, so she really thought that Lin Yi and Yu Xiaoke had some sort of relationship!

“It’s already been transferred to the account you told me to keep the donation to.” “You can check it, it should be in the account already!” Lin Yi said.

“Lin Yi, you ... Come with me for a bit ...” Yu Xiaoke gritted her teeth and decided to lay all her cards on the table with Lin Yi. She couldn’t just take advantage of Lin Yi like this, could she? She didn’t like him, so there were some things that she had to make clear. Otherwise, if he really misunderstood, how could she pay him back in the future?

If the male thief didn’t have a place in her heart, she could just do what she said before and use her body to pay for the favor. But she already had someone she liked, and she didn’t want to let him down, so she wanted to clear things up with Lin Yi.

“Oh?” Lin Yi blinked-he really didn’t think much of it, and he really did want to do something for the orphanage!

Yu Xiaoke’s actions in the tomb and those thieves touched Lin Yi deeply, and that was why he helped her! He didn’t want Yu Xiaoke to get anything in return, otherwise, wouldn’t it be better to give her money as the male thief?

Xiaoke would probably give herself to him then, but that wasn’t Lin Yi’s original intention.

But seeing that Yu Xiaoke had already turned around and left, Lin Yi had to follow her.

Yu Xiaoke closed the door and stopped at the corner of the stairs.

“What’s the matter?” Lin Yi looked at Yu Xiaoke strangely.

“You ... Do you like me? do you want to please me?” Yu Xiaoke glared at Lin Yi and lowered her voice as she bit her lip.

“Ah?” “I like you?” Lin Yi blinked. Please you? What the hell is this?”

“No? Then why are you giving us money for no reason?” Yu Xiaoke was also suspicious of Lin Yi’s reaction, but she didn’t believe that Lin Yi had good intentions. From her point of view, he had to be up to no good.

The two weren’t close, and Lin Yi and the others had already done their best for the donation. There was no need to send any money now! Plus, Lin Yi’s donation this time was a lot more than the total amount he donated last time. She couldn’t help but be suspicious!

To be honest, if Lin Yi didn’t have a deeper understanding of you Xiaoke in the tomb, he wouldn’t have sent her money.

“It’s all Ken’s fault, he said it was hard for you guys ...” Lin Yi smiled bitterly, “What do you think? Are you thinking too much?”

“I ... I thought you had some ulterior motive ... I already have someone I like, and he’s a hundred times, no, a thousand times better than you. So, if you have any other motive, don’t think too much about it!” Yu Xiaoke said and sighed in relief.

“...” Lin Yi was speechless. The person you like is a hundred times, a thousand times stronger than me? Are you calling me a split personality or something? Lin Yi didn’t know whether to laugh or cry. “I know you have someone you like. Plus, I’m not interested in your mediocre Kung Fu!” (To be continued.)

### **Chapter 1736: seeking help again**

“Hmph, it’s better that you don’t like it!” Yu Xiaoke let out a breath of relief and smiled, “I’m sorry, I almost misunderstood you. Are you really here to help?”

“Don’t forget it, give me back my money. ” Lin Yi didn’t want to argue with Yu Xiaoke and threatened her.

“Don ‘t!” Yu Xiaoke was in need of money, and as long as she understood that Lin Yi had no other motive, she wouldn’t give up the money so easily.

“I heard that you’re going to accept some mission?” Lin Yi asked.

“Did Ken tell you?” Yu Xiaoke pouted, “He’s on good terms with you ...”

“Don’t go. I’ll help you think of a way to get the rest of the money. With your skill level, you might not be able to come back if you go. ” “I’ll be leaving if there’s nothing else,” Lin Yi said. “I’ll be going on a long trip, so get Ken to call me if there’s anything.”

With that, Lin Yi turned around and walked down the stairs, waving to Yu Xiaoke.

“When did Lin Yi become so kind?” Yu Xiaoke looked at Lin Yi’s back in confusion ... But she blinked and rubbed her eyes! She felt a sense of familiarity when she saw Lin Yi’s back, and it made her heart beat faster!

But when she wanted to take a closer look, Lin Yi’s figure had already disappeared into the stairs to the next floor, and she couldn’t see him anymore ...

Yu Xiaoke shook her head, not knowing why she felt this way all of a sudden. She didn’t think too much about it and quickly went back to her apartment.

“Xiaoke sis, where’s Lin Yi bro? He’s gone?” Ken asked curiously when he saw that Yu Xiaoke came back alone.

“He’s busy, so he left first.” Yu Xiaoke said.

“Then ... Did he say anything to you?” Ken looked at Yu Xiaoke’s natural expression, as if nothing had happened between the two. He was a little disappointed ...

Ken saw Yu Xiaoke as a goddess in his heart, but he knew that he wasn’t good enough for her. Plus, this worship had nothing to do with love! Only someone as strong as Lin Yi could take care of Xiaoke sis, so Ken thought very highly of Lin Yi!

The point was that he promised Lin Yi to keep his identity a secret, and Xiaoke sis didn’t seem to like Lin Yi. He couldn’t tell Lin Yi directly, so he could only ask.

“What did he say?” Yu Xiaoke looked at Xiao Ken’s weird and anxious expression and felt suspicious, “I say, Ken, is there a secret between you and Lin Yi? What did he say to you?”

“No... No!” Ken shook his head firmly. He promised Lin Yi that he wouldn’t reveal anything! He was a man, so he naturally had to keep his word.

“Then why did you ask me what he said to me? What do you know?” Yu Xiaoke asked in disbelief.

“I ... Actually, I think Lin Yi bro’s a good guy. That male thief, to you, he’s too much of an illusionary figure. Lin Yi bro’s the real deal, he’s right in front of you ...” Ken said, “I’ll support you with Lin Yi bro ...”

“What do you know, kid?” Yu Xiaoke said helplessly, “plus, Lin Yi didn’t mean it that way. He’s just being kind and doing something good. He has a girlfriend, don’t think too much!”

“Oh ...” Ken didn’t have a choice and shut his mouth. He thought about it and decided to say good things about Lin Yi to Yu Xiaoke in the future. It would help.

Just as the orphanage was celebrating the huge sum of money, the Dean was worried. Yu Xiaoke explained that Lin Yi was just doing a good deed, but with the Dean’s experience, she felt that something was wrong!

Lin Yi’s eight million was a bit too much! The Dean found it hard to believe that Lin Yi had no other intentions, but Yu Xiaoke was certain that Lin Yi didn’t have any. Was she overthinking it?

But no matter what, he had money now?

It's a good thing. Tomorrow, the old principal will be able to invite the design company to discuss the construction of the new orphanage ...

Lin Yi's phone rang as soon as he left Yu Xiaoke's place. He thought it was Tang Yun and the others, but he didn't expect to see Song Lingshan on the screen!

"Shanshan? You're back in Songshan?" Lin Yi picked up the phone, surprised.

"Yeah, I just came back. I still have work to do, so I can't stay at home all day ..." Lingshan paused a little, "Plus, I was kicked out ... Grandpa told me to meet up with you in Songshan as soon as possible ..."

"Merge with me?" "What do we do?" Lin Yi asked, surprised.

"Continue to pursue you? do you really need me to make it so clear?" "Now Grandpa sees you as the hope for our family to rise again, forcing me to stick to you ..." Lingshan said, troubled.

"Ha ... Then are you very annoyed?" Lin Yi didn't know what to say.

"Of course not, I've always liked you!" Lingshan was The Bold Type-she admitted to everything without any hesitation.

"Let's not talk about this. Did you call me to tell me that you're back?" Lin Yi wanted to get in touch with Tang Yun and the others as soon as possible, so he didn't have the time to chat with Lingshan.

"No, I haven't been around for the past few days. I have a few cases on hand. Can you help me?" Lingshan said.

"I knew you were up to no good. You're using me as free labor? I'll be going out these few days, so I probably don't have time." Lin Yi said.

"Help me out ..." Song Lingshan's tone was a little coy as she acted like a spoiled child, "I really have a lot of cases to deal with here. I'm too busy. How about you help me with one?"

"Tell me ..." Lin Yi couldn't take it anymore.

"Recently, there's a newly formed gang in Songshan city, using street kids and kidnapped children to steal, but on the surface, they're just street performers, selling their Arts at night market Street. I can't do anything to them because I don't have any evidence ... Aren't you and Yu Xiaoke doing well? Can you ask the orphanage if they have any news?" Song Lingshan and Yu Xiaoke didn't get along well. Although she knew that Yu Xiaoke became a thief for the orphanage and let her go temporarily, Song Lingshan didn't want to approach her first. She could only ask Lin Yi to help her find out! (To be continued.)

### **Chapter 1737: The conspiracy begins**

After all, the orphanage should have some contact with these gangs, and these small gangs would buy some orphans from illegal orphanages to help them commit crimes. Of course, Yu Xiaoke wouldn't do something like that, but these people might have been in contact with her.

"Oh ... Okay, I'll help you keep an eye out." "But I don't know if there's any news," Lin Yi said.

"Okay, thank you so much. If there's any news, please contact me!" Lingshan said.

Lin Yi shook his head and hung up the phone. As expected, Tang Yin called right after he hung up.

“Yunyun, where are you guys? I’ll go find you guys after I’m done here.” Lin Yi asked.

“Lin Yi, we’re at the supermarket that we always go to ...” Tang Yin said, “I want to buy ... Buy Grandpa Lin a gift, but I don’t know what to get. What do you think I should get?”

“Give it to him? There’s no need for that, right?” Lin Yi didn’t stand on ceremony with old Lin. He didn’t buy anything for old Lin all these years. In fact, Lin Yi didn’t have much money in his pocket. Other than some living expenses, he gave the rest to old Lin.

“How can we do that? Mom said that I should buy something when I meet an elder for the first time!” Tang Yin thought that if her mother, who was such a petty person, said that, it must be very important.

“Then I’ll buy a few bottles of Erguotou.” Lin Yi said after some thought.

Old Lin loved to drink, but he couldn’t bear to buy it. He always made his own wine. Only when he ran out of his own wine and the new wine wasn’t good enough would he go to widow Wang’s eatery to buy a bottle of Erguotou to satisfy his craving. But to be honest, old Lin’s medical skills were great, but his wine-making skills weren’t that good. The alcohol content wasn’t high, so old Lin preferred Erguotou.

He’d always come to Lin Yi for a drinking contest before, but Lin Yi didn’t get drunk even after a thousand glasses. It’s a waste for you to drink the Erguotou. Drink some water with me.

“Erguotou?” Tang Yin blinked. She knew that this wine was cheap-her dad used to drink it by himself when he had a leg problem, and he always drank it himself. It was definitely not expensive. Wasn’t it a bit inappropriate to give it to an elder?

“Yeah, buy him a box. He likes to drink Erguotou and eat fennel beans the most.” “He’s not used to the other wines you bought,” Lin Yi said.

“Oh ... Alright then.” Tang Yin had no choice but to nod in agreement after hearing how determined Lin Yi was.

“You guys wait for me, I’ll come find you.” Lin Yi went downstairs and drove to the supermarket ...

At the same time, in the buffet restaurant, an Jianwen was eating with a bitter face, and an Mingyue was helping him!

An Mingyue couldn’t bear to let her son eat by himself, so he ate with him.

If it wasn’t for the fact that Jianwen was afraid of being filmed, he would’ve left already! But if this was really on display, his name as one of the four young masters of Songshan would be completely lost!

“Dad, how was it? did it go smoothly?” Jianwen said as he tried to find a topic to talk about.

“It’s going very smoothly!” “That hypnotist sure is something,” an Mingyue said, “Chu pengzhan believed everything I said! If it weren’t for him, we wouldn’t have been able to get Chu pengzhan out so easily!” I didn’t expect him to have the ability to hypnotize people over the phone!”

“Haha, that’s right, he’s the person the Deputy leader sent to help me get money. He’s as strong as the professor and the others, they’re both core members of the firewolves!” “He can even hypnotize an idiot, let alone a normal person like Chu pengzhan!” Jianwen said proudly.

“Jianwen, your position in the Firewolf gang has already surpassed mine. Who knows, we might even be able to enter the core of the Firewolf gang in the future. If that’s the case, our family will be able to soar in the future!” An Mingyue praised.

An Mingyue really didn’t know how to evaluate her son. He was much braver than an Jiande, and the things he did seemed impulsive and stupid, but every time he got a huge sum of money for the firewolves. An Mingyue didn’t know what to say.

“But, if you let the hypnotist and the professor do private things for us, will they have a problem?” An Mingyue lowered her voice and asked.

“They? Now, in front of them, my words carry enormous weight! When you’re working for the firewolves, you should also get some benefits for your family. ” An Jianwen shook his head and said proudly, “It’s a good time to rest now. Since they have nothing to do, they can do something for me. Even if the firewolves find out, they won’t say anything! With my contribution to the firewolves, I’m a few hundred times more than anyone else!”

“That’s true!” An Mingyue sighed. Her son now had the right to be proud. The core resources of the Firewolf gang could be used by him. It also showed how much the Firewolf gang valued him! He was right. When he had the time to make money for the firewolves, it was nothing to make money for his family.

“I’m going to go all out this time and leave Chu pengzhan with no way out. Only then can I make Chu Mengyao marry me!” Jianwen’s eyes lit up at the thought.

“Jianwen, with your current status and ability, what kind of woman can’t you find? Why are you so obsessed with Chu Mengyao?” An Mingyue didn’t understand her son’s thoughts. Although house Chu had Lin Yi as a backer, it seemed strong, but an Mingyue really didn’t care about him at all!

It’s just the level of a Noble House, even the Hidden House an Mingyue doesn’t think it’s useful! As far as he was concerned, after Chu pengzhan’s business was taken over by him, Chu Mengyao would be a fallen miss. Was there a need for an Jianwen to be so concerned?

“Father, you don’t understand. This is an obsession from my childhood!” “I’ll regret it if I can’t get Chu Mengyao,” Jianwen said. “Maybe I’ll feel that it’s nothing after I get her, but I’ll never be satisfied if I can’t get her!”

“Alright, since you want to do it, then do it! Now that you’ve grown up, you know what you’re doing. ” An Mingyue didn’t try to stop him.

“Right, make sure that the merger with pengzhan industries is done cleanly, and don’t let house Chu know about it. I don’t want to be the bad guy and make Chu Mengyao hate me!” “I want her body, and her heart!” Jianwen said.

“Don’t worry, I’m a veteran in the business world. I can understand these things. Besides, with the help of the hypnotist, there won’t be any problems!” An Mingyue said.

“That’s good!” Jianwen nodded, “Oh right, I heard that my big brother isn’t happy with the situation, so he came back to work?” (To be continued.)

### **Chapter 1738: The thief in the supermarket**

“You mean Jiande? En ... He’s back. ” An Mingyue sighed. “He always felt that the business you took over was the foundation he built. He felt that your current glory should belong to him, so he was not satisfied. He applied with the fire Wolf Gang and came back from the border. He wanted to be like you, using these methods to make money!”

“With his guts ...” Jianwen pouted, “Not only is he timid, but he’s also stupid. I wonder why the firewolves agreed to let him come back?”

“His contributions to the Firewolf gang were not small either. Of course, compared to you, his contributions were much smaller.” “Of course,” an Mingyue said. “He’s only back to take care of his emotions. As for his assistant, I’m sure he won’t be given any powerful roles.”

“I think he’s trying to fight with me for the position of the future head of the an family, right?” An Jianwen seemed to have seen through an Jiande’s thoughts.

“He’s the Big Brother, so it’s not surprising that he has such thoughts. ” “But you don’t have to worry about him,” an Mingyue said. “Just do your own thing. The firewolves aren’t stupid. They know who’s stronger.”

“I understand.” “I’m just saying,” Jianwen nodded, “let him be. ”

Lin Yi drove to the supermarket and saw Mengyao’s Audi S5 in the parking lot. He parked beside her car and entered the supermarket.

Lin Yi was good at finding people, and he found Tang Yin and the others who were shopping for Erguotou very quickly.

“Yunyun, you don’t have to buy so much, do you?” Lin Yi didn’t know whether to laugh or cry at Tang Yin’s two boxes of sorghum wine in the cart. “Actually, there are some in the village. This is just a token of your appreciation. One box is enough!”

Lin Yi said as he put one back.

“I see, I was thinking of buying more ...” Tang Yun was a little embarrassed.

“You guys finished buying everything?” Lin Yi asked.

“En, it’s almost time!” Mengyao pointed at Chentian, who was pushing two full shopping carts. “I’ve bought everything I need to buy ...”

Lin Yi took a look-Chentian was pushing a cart in each hand, and it was a good thing that he was a practitioner-normal people wouldn’t even be able to push a cart. He didn’t know how Mengyao and the girls got up there, but there was already a small mountain of stuff in the cart.

“It’s just a trip. Do you have to be so exaggerated?” “Let’s go pay ...” Lin Yi said helplessly.

“Thief! There’s a thief!” Just as Lin Yi and the others were about to pay, Yushu pointed at a pregnant woman not far away. “She’s a thief! She stole two bottles of red wine!”

Lin Yi frowned. He didn’t want to get involved in this kind of thing. The security guards would take care of it. Yu Xiaoke was a thief, too. Maybe the pregnant woman had something that she couldn’t tell him. Lin Yi didn’t want to bother with this kind of thing.

However, Chen Yushu’s shout made things worse. All the customers around turned to look in the direction Chen Yushu was pointing at. Even the security guards of the supermarket ran over after hearing the shout.

“Shu, she’s really a thief? Did you see it clearly?” Mengyao was a righteous person, but she hesitated when she saw that the thief was a pregnant woman. Was it difficult for a pregnant woman to steal?

“Where’s the thief? Who’s the thief?” At this time, the security guards in the mall quickly ran over and shouted at the crowd.

No one answered, but everyone’s eyes were on the young pregnant woman near the wine rack. They were all here to watch the show and didn’t see the pregnant woman steal, so they naturally wouldn’t say anything.

“It’s her! I saw her steal two bottles of wine!” Chen Yushu pointed at the pregnant woman.

The security guard frowned. This kind of pregnant woman’s thief was their biggest headache and they didn’t know how to deal with it. If they were not careful and something happened, it would be a big deal. Not only would they lose their jobs, but they would also have to pay!

Therefore, the leading security guard was very cautious and said to the others, “Don’t let her leave! I’ll call the police immediately!”

However, before the underlings could say anything, the pregnant woman turned around and was about to leave!

“MA ‘am ... You can’t leave yet ... Can you please wait for the police to come and deal with this?” One of the security guards stopped the pregnant woman and said carefully.

“Why can’t you let me leave? Why? Just because she called me a thief?” The pregnant woman got angry and pointed at Yushu, “Then I’d say she’s a thief! I’m only carrying a small bag with me. Where am I supposed to steal?”

“This ...” The security guard was speechless and didn’t know what to do.

“Aiyo, my stomach hurts!” The pregnant woman suddenly covered her stomach and said, “Is this how you treat a pregnant woman? I’m going to the hospital, move!”

“This ...” The security guard looked helplessly at the security guard Captain.

The head of security looked at Yushu, troubled. If they really lost something in the supermarket and he let the suspect go, the boss would blame him for sure. But if he didn’t let her go now, it would be bad if something happened!

Moreover, the prices of the famous wines on the shelf behind her were all in the tens of thousands. If she really stole it, he couldn't afford it either!

"She's pregnant ... But she's pregnant with two bottles of wine!" Chen Yushu pointed at the pregnant woman.

"Pfft ..." Everyone almost laughed out loud when they heard Chen Yushu's words. So this pregnant woman was faking it, hiding the wine in her stomach? No wonder she said so confidently that she only had a small kun bag and nothing else. So this was the reason!

"MA 'am, can you open your clothes and take a look?" The security Captain calmed down after hearing Yushu's words. People usually wouldn't make such a promise if they weren't sure!

"Ah, my stomach hurts. It hurts so much ..." The pregnant woman suddenly lay on the ground and covered her stomach with both hands, then shouted.

"Honey, honey, what's wrong?" At this time, a man with a knife scar on his face ran over from the crowd. He pushed the security Captain away and hugged the pregnant woman lying on the ground. He shouted at the security Captain, "My wife needs to be sent to the hospital immediately. I'm going to Sue your supermarket! If anything happens to my wife, I'll Sue you for murder!"

"Ah?" The head of security didn't expect that the husband of a pregnant woman would come and say such harsh words, which made him a little hesitant. It was not an easy job for him to be put in a bad light between the boss and the customer, so when he heard the man's words, he was a little hesitant. (To be continued.)

### **Chapter 1739: -departure**

Lin Yi frowned. He didn't want to waste any more time here, so he quickly walked to the pregnant woman and lifted up the hem of her clothes. He quickly pulled out a big bag, and the pregnant woman's stomach deflated!

When he opened the big bag, it was filled with famous cigarettes and wines, which were worth hundreds of thousands.

Lin Yi was a doctor, naturally, he could easily tell if the woman was pregnant or not. Since it was confirmed that she wasn't, he didn't have to spoil her!

"So it was fake! There's actually a bump in her stomach!" The surrounding crowd said in realization.

"That's right, this woman is actually pregnant with famous cigarettes and wines. This is really amazing. Whoever finds such a wife will be rich!" Another member of the crowd laughed and said.

"Please, please come with us to the security room!" When the head of security saw this, he was no longer afraid. Even if this pregnant woman was fake, there was no problem!

However, just as everyone was making a ruckus, the man who claimed to be the pregnant woman's husband disappeared!

When the head of security wanted to invite the man to the security room, he realized that the man had already left!

Lin Yi saw the man leave, but he didn't stop him. He'd already done enough.

The group paid the bill and went to the parking lot. They loaded the things they had bought into their cars. Just as they closed the car door, they were surrounded by several people! As the parking lot was open-air, there were no surveillance cameras, so these people seemed to be unscrupulous.

"You guys, you've done a good deed and you want to leave now?" Among these people, the leader was the man who claimed to be the pregnant woman's husband. Behind him were two strong men who didn't look like good people.

In terms of numbers, Lin Yi's side had two men and three women-a total of five people. It seemed like he had the advantage, but in fact, Scarface's side had two strong men. In terms of body size, he had the advantage over Lin Yi and Wu Chengtian!

"There's still a bonus if we don't leave?" Lin Yi asked.

"Bonus? Are you dreaming? You ruined my good time and you still want a bonus?" Scarface laughed coldly and stopped joking with Lin Yi, "A Land Rover Discovery 4 and an Audi S5. Not bad, you're pretty rich, huh? Today, you've caused me to lose more than a hundred thousand Yuan, and my wife is also in trouble. Shouldn't you give me some compensation?"

"Your wife pretended to be pregnant and stole something, and you still want compensation? Why are you so silly?" "Shield bro, just ignore him, let's go home!" Yushu said.

"You're right, let's go." Lin Yi shrugged and was about to get into the car.

"Kid, do you think I'm messing with you? Get in the car? I'm telling you, I'm keeping the car. For today's matter, if you don't take 20...No, 500000, don't even think about driving the car back!" As Scarface spoke, he gave a look to a brawny man beside him. "Show them what you're made of!"

"Yes!" One of the men replied and laughed. He took a brick from behind and said, "Kid, I think you have too little social experience and don't know how high the sky is!"

As he spoke, he held the brick in his left hand and punched it with his right fist. With a loud bang, the brick shattered.

"Brat, before you leave, think about it. Is your head harder or is the brick harder?" The burly man who had broken the brick patted the dust off his hands and said arrogantly.

"Shield bro, is this guy a street performer? Why does it look like those who break rocks on their chests?" Yushu asked, confused.

"It seems so. Otherwise, who would bring a brick out for no reason?" Lin Yi said with a nod.

"Oh, then I'll give you ten Yuan. You've been working so hard, performing for so long!" Chen Yushu said as she took out ten Kuai from her pocket to give to the man.

"I think you guys don't know the immensity of the heavens and earth, do you?" The man's face turned ugly after hearing Yushu's words. He was indeed from the pugilist world, and Yushu was right. He couldn't keep his face.

“Wu Chentian, tell him whose fist is tougher!” Lin Yi ordered as he looked at Chentian.

“Alright, boss!” Wu Chengtian couldn’t take it anymore, but he didn’t dare to do anything without Lin Yi’s permission. Now that Lin Yi had spoken, he jumped out immediately and walked to the triangular cone beside the parking lot. He raised his fist and smashed it down, instantly turning the solid triangular cone into a flat metal plate!

After that, Chentian shook off the dust on his hands. “Stupid C \* NT, trying to act cool in front of my boss? First, you should weigh which is harder, your head or this iron cone!”

“Gah?” The burly man and the scar-faced man were dumbfounded. They had never thought that they would encounter a tough opponent today! On his side, he was just punching a brick, while the other side’s iron could be smashed into an iron plate. It was clear at a glance which one was better!

“If you don’t want to die, then get lost! What the hell is this!” Wu Chengtian hmped and returned to Lin Yi’s side.

“Let’s go,” he said. Lin Yi didn’t bother with Scarface anymore and got into the land Rover, while Chentian got into Mengyao’s Audi S5. Tang Yun, Mengyao, and Yushu all got into Lin Yi’s car.

The two cars drove away in front of Scarface, leaving him staring at the discus in disbelief!

“Scar bro, this looks real! “This iron block has really been smashed into a discus ...” The burly man looked at the discus on the ground and said in horror.

“Nonsense, of course I know it’s true!” “It’s not true. Do you think I can let them go?” Scarface said angrily.

“Then, what should we do now ...” The burly man asked carefully.

“Damn, we didn’t get a good start. Let’s go back and think of a way to explain to brother de. Brother de sent us out to get money. We didn’t get the money, but we were caught in the supermarket. Someone here is threatening us!” Scarface said unhappily.

Lin Yi didn’t mind this small incident at all. After returning to the villa, everyone started getting busy, packing up the things they had bought and some daily necessities. Most of them were to be sent back first, and only a few were carried on them in their cars.

The next morning, after everyone had sent their things, they started driving! He’d wanted to look for some tourist spots along the way, but Tang Yin and the others seemed to want to get to the village faster. They weren’t interested in tourist spots at all, so Lin Yi decided to take the shortest route and go straight to the village ...

#### **Chapter 1740: visit**

On the same day that Lin Yi set off, two uninvited guests arrived at house Kang!

Guifeng looked at the two strangers in front of his house, confused. He didn’t know who they were, but they looked extraordinary, so Guifeng didn’t dare to be slow, “May I ask ... Why have you two come to visit house Kang?”

“You’re from house Kang?” One of the two, who looked like a follower, asked Guifeng.

“Yes, I’m the eldest son of house Kang, Kang Guifeng. May I know who you two are ...” Kang Guifeng asked hesitantly.

“This is the young master of the Hidden House you, you zhentian. Why don’t you open the middle door and let the Kang family’s master come out to welcome you?” The follower looked at Guifeng arrogantly.

“Ah? Hidden house you?” Guifeng was dumbfounded by the name-the common noble houses were already out of his reach, and hidden houses were like the heavens!

He’d heard of the names of the hidden houses, but he’d never come into contact with them before. Guifeng didn’t know what to do when a hidden house came to visit! However, he knew that the hidden houses were a high and mighty existence to house Kang.

“Third on the right, don’t be so direct. We may be a hidden house, but the Kang family’s head is there. There’s no need for him to come out and welcome us!” You zhentian said, waving his hand. The hidden you family was here to cooperate with the Kang family, so they wouldn’t put on too high of a pedestal.

“How can we do that? The two of you are from a hidden house, I’ll have someone open the door and let father come out to welcome the two guests!” Guifeng knew that you zhentian was just being polite, so he didn’t dare to be slow. He quickly called the servants to open the door and called miracle doctor Kang.

Miracle doctor Kang didn’t have it easy these few days either. They couldn’t fight for the title of Noble House anymore, and not only that, they were completely excluded from the sphere of influence of the noble houses. In the territory of the practitioner’s Association, which was dominated by Lin Yi, house Kang’s business was going to be very difficult!

He’d wanted to work with house Xiao and the Hidden House Pi, but he didn’t know if they’d be interested in house Kang ...

Miracle doctor Kang was troubled when his phone rang.

“Hello?” Miracle doctor Kang snapped out of his daze and quickly grabbed his phone. This was his personal number, and only house Xiao and his own family knew about it. He valued it very much.

“Father, it’s me, Guifeng!” Guifeng said.

“Guifeng? Why didn’t you say anything? What’s the point of calling at home?” Miracle doctor Kang was confused.

“Father, there are two distinguished guests at home. Please bring your brother and the younger generation to welcome them!” Guifeng said quickly. Zhentian you was being polite, but he had to!

“What kind of important guest does he need me to welcome? Could it be the two Xiao brothers?” Miracle doctor Kang paused-the Xiao brothers were from the younger generation, after all, but no matter how low house Xiao fell, they still had the support of the Hidden House Pi. House Kang, on the other hand, had nothing.

“The young master of the hidden you family is here!” Guifeng said.

“What? The Hidden House of the right!” Miracle doctor Kang jumped up from his chair-he didn’t expect a hidden Noble House to come to house Kang. He said hurriedly,”Alright, wait for me. I’ll be right there!”

Miracle doctor Kang quickly found cuipu, Zhaolong, and Zhaoming, and they came to the front door. As expected, they saw two people with extraordinary auras talking to Guifeng.

“Honored guests, I’m the Head of House Kang, Kang Laicai. Please have a seat.” Miracle doctor Kang was very respectful when he heard that the two were from a hidden house.

“You’re welcome, old head Kang. We, the Hidden House you, are also in the medical field among the hidden noble houses. We’re in the same field. ” “Elder Kang, please!” You zhentian said with a smile.

“Haha, compared to you guys, we’re just a small group. How can we be considered as studying medicine?” Miracle doctor Kang could hear the kindness in you zhentian’s words-he was very excited. It seemed that the Hidden House you’s visit was a good thing!

The group walked into the living room of house Kang. The third on the right introduced zhentian you to miracle doctor Kang, who was extremely excited.”So it’s the young master of the you family, my apologies! I heard that house you is a medical Noble House. It’s our great honor to be a guest at house Kang!”

“Old patriarch Kang, we’ve come here today for a certain matter.” You zhentian waved his hand and said,”you don’t have to be so polite. We’re also here to ask for advice.”

“Young master right, you’re being too serious. If you have anything to say, just say it!” Miracle doctor Kang was flattered by you zhentian’s tone.

“It’s like this-we, the Hidden House you, have a good relationship with the Hidden House Pi. We heard from him that house Kang is researching the recipe for the life-prolonging pill. May I ask if there’s any progress?” You zhentian asked.

“Longevity pill?” Miracle doctor Kang blinked-he understood why house you were here. They were here for the recipe for the longevity pill! No wonder they were so polite! However, miracle doctor Kang knew that he couldn’t just say anything in front of the Hidden House. He told the truth, “That’s true, but the recipe ... We’re not researching it, we’re stealing it ...”

“Stolen? What do you mean by that?” You zhentian was slightly stunned.

“I’m sure young master you know about what happened at house Yu’s auction?” Miracle doctor Kang asked.

“Auction? What auction?” You zhentian didn’t quite understand what miracle doctor Kang was saying.

You zhentian’s answer surprised miracle doctor Kang. From what he could see, the Hidden House you didn’t know about house Yu’s auction?

In fact, the Hidden House you had never paid attention to the common noble houses before, and the nine noble houses of the common world had no connection to the hidden houses. Other than the Hidden House Yu and the common house Yu, even house Xiao only contacted house Pi recently. So it was normal for the Hidden House you to not pay attention to the common Noble house’s auction.

“It’s like this ...” Miracle doctor Kang saw that you zhentian really didn’t know, so he didn’t hide anything. He told you everything about the longevity pill being made by Guan Xuemin.

“So you’re saying you’re going to steal Xuemin’s recipe?” You zhentian frowned. He seemed to have found the wrong partner. He should have gone to Guan Xuemin directly.

(So pure so flirtatious prequel, in it is the history of Lin Yi’s Jade ...)
