

Bodyguard 1751

Chapter 1751: A life and death battle (1)

If Lin Yi ran away, not only would thirteenth from the right not be able to catch up to him, but even if he didn't, he would also take Kang Zhaoming and Guan Xin away. He wouldn't be able to catch up to Lin Yi, and it would be a waste of time to come here. It would be difficult to find Kang Zhaoming's trail again!

He didn't know what Zhaoming would do in a fit of rage, and so Lin Yi decided to go for it after weighing the pros and cons.

"Earth-tier martial skill, misty wild fire Fist!" Lin Yi used the martial arts that the half-baked uncle Fu taught him and braced himself to meet the attack, but the difference in aura alone was more than one head!

BOOM! BOOM! With two loud sounds, the four palms collided and Lin Yi was sent flying. The powerful martial arts and pure energy collided, causing explosions one after another, and the earth-shaking force also sent Lin Yi flying!

Lin Yi didn't take it head-on but backed off instead. The ground where Lin Yi's feet stepped on cracked, which helped Lin Yi dissipate a part of the force, but even so, he was still seriously injured!

Lin Yi spat out a mouthful of blood as he tried to regain his balance. His palms were the most injured, and the bones were all shattered. This was a head-on collision with an Earth Class mid phase, of course, Lin Yi wouldn't be able to get away unscathed!

On the other hand, thirteenth right's palm hurt from Lin Yi's attack, but he didn't suffer any major internal injuries. He shook his hands and said, "Brat, your strength is quite great, but your strength is too low!"

"Low, huh ..." Lin Yi asked back, panting heavily. He was using the art of Dragon mastery to heal the injured parts of his body. First, it was his palms. Because the area was small, it was easier to heal, but the internal injuries weren't that easy!

At first, Lin Yi wanted to buy some time, but right thirteen didn't continue after saying that. He raised his palms again and slapped at Lin Yi. This time, it seemed to be even more powerful than before!

"Die," Thirteenth's palms were in front of Lin Yi in an instant, and Lin Yi used the art of Dragon mastery to protect his heart to avoid being killed by thirteenth's palm. The rest of his pure Qi was used to support his earth-tier raging fire Fist!

BOOM! BOOM! Another two loud bangs and Lin Yi was sent flying again. The situation this time wasn't much better than the last time. Lin Yi had nowhere to go and hit the wall behind him. In an instant, the wall cracked and fell down, turning into a pile of broken stones!

Lin Yi, on the other hand, was under the rocks! This time, it gave Lin Yi some time to catch his breath. Lin Yi used the art of Dragon mastery to heal the injuries on his palm and body. Although there wasn't much time, he could heal as much as he could!

Lin Yi didn't know if he'd be able to make another energy bomb after he recovered, but he had to work hard!

Of course, thirteenth on the right didn't give Lin Yi much time. He saw that Lin Yi didn't walk out of the ruins and didn't have the patience to wait. Instead, he used his earth tier martial skill and slammed it at the pile of stones!

F*ck, can't you just rest for a while? Lin Yi almost cried-this was the first time he'd met an opponent like this, who only attacked without saying anything. Lin Yi couldn't even use his trump card, which was to buy time to form his energy bomb!

Lin Yi had no choice but to stand up from the ruins and receive the attack with both his palms!

BOOM! BOOM! With two loud sounds, Lin Yi was sent flying again ...

"Wahahaha, Lin Yi, aren't you very cocky? Aren't you very awesome? You want us to get lost in the noble House meeting? How was it now? Have you received your retribution?" Zhaoming laughed happily as he watched Lin Yi retreat."Let me tell you something. It's not that you don't take revenge, but the time hasn't come yet!"

"Kang Zhaoming, you're really something, where did you find such a master?" Lin Yi asked as he healed his injuries. Although his internal injuries were getting more and more serious, Lin Yi always healed his palm and meridians first so that it wouldn't affect his strength. As for the other things, Lin Yi could only grit his teeth and endure it.

"From where? Hmph, why should I tell you?" Kang Zhaoming wasn't stupid. He knew that Lin Yi was just trying to get information out of him, so he wouldn't fall for it easily.

"He's still alive?" Thirteenth on the right was surprised as well-even if Lin Yi was an Earth Class, he should've been dead by now. Even if he wasn't dead, he should've been injured to the point where he couldn't even get up-how was he still talking?

However, as surprised as thirteenth right was, he raised his palms again and attacked Lin Yi! His goal was simple-he wanted to help Kang Zhaoming get rid of Lin Yi. He didn't need to explain too much to Lin Yi.

Lin Yi was sent flying again, but miraculously stood up again ...

After repeating this for three more times, the 13th person on the right finally lost his patience! That was because his palm was already swollen! Even if Lin Yi was an Earth Class early phase, two levels lower than him, he still managed to injure him in this high-intensity fight!

This made thirteenth on the right a little angry. He was famous for his palm skills, and he was the best at using palm techniques, but he didn't kill Lin Yi after so many slaps. The most unbelievable thing was that Lin Yi's hands weren't crippled? He could still use his martial technique to fight against him!

Could this kid be a physical practitioner that specialized in training his hands?

"Thundercloud palm!" The 13th made another move in anger, and Lin Yi was still countering it.

Lin Yi spat out a mouthful of blood, but a smile appeared on his face! He thought,"even if I can't beat you, I'll still beat you. Water droplets can penetrate a stone. As long as your Kung Fu is deep enough to grind iron into a needle, I'll grind you to death one by one. Isn't your martial art palm technique?" Fine, I'll cripple your hands and see how you can fight!

The reason why Lin Yi was so confident was because the thirteenth's palms were completely unharmed at first, but now they were swollen, giving Lin Yi hope!

"Again!" Lin Yi said as he stood up after repairing his meridians.

"!!!!"The thirteenth on the right was going crazy. What the hell was this person? He had been hit so many times, but he still didn't die. He clearly had serious internal injuries, but his hands were fine. His own palms were already swollen, and he still wanted to hit him again?

Furious, the thirteenth arm tried to slap Lin Yi again, but Lin Yi welcomed it with a smile! (To be continued.)

Chapter 1752: A life and death battle (part two)

Although Lin Yi had suffered serious internal injuries, he clenched his teeth and held on to his last breath!

He knew that he couldn't fall-if he did, he'd be finished, and so would Guan Xin! He had to fight! Every time he fell, Lin Yi would tell himself that he had to stand up, or he would lose everything!

Another round of attacks began, and Lin Yi tried to stand up while enduring the pain all over his body ... But this time, he really couldn't! He felt like his body was falling apart, and he was very tired ... He really wanted to close his eyes ...

In front of Lin Yi's eyes, the blood turned into a white light. He had an urge to escape ... It was as if he saw peace behind the white light. It was the Jade space. As long as he went into the Jade space, he could rest. He wanted to walk over ...

"Swish ..." A strong wind blew by his ear and woke Lin Yi up! He had almost entered the space of the jade pendant. It was too dangerous. If he had really entered the space of the jade pendant, he would have died today!

Lin Yi bit his tongue, and the pain brought him back to his senses. He stood up and raised his fists, meeting thirteenth's attack!

Lin Yi seemed to be using all his strength every time, but he was getting weaker and weaker. Luckily, the thirteenth's palm wasn't Chentian's, and Lin Yi could hear the sound of bones breaking in the loud bang!

Lin Yi was a doctor, after all, and he was extremely sensitive to this sound! He was overjoyed to see that he had succeeded again. The bones in the right 13th's palm must have been broken by him! This made Lin Yi, who was almost at his limit, excited again!

Previously, it was swollen. Now, it was cracked. If he continued like this, right thirteen's palms would definitely be crippled by him! Lin Yi's spirits were lifted as soon as he thought of that. He quickly used the art of Dragon mastery to heal the injuries on his hand and meridians. He stood up and puffed out his chest as he looked at thirteenth on the right, "Let's try again!"

Although Lin Yi's body was covered in blood and his face was pale, his voice was determined and he didn't want to compromise at all!

Guan Xin's mouth was sealed and she couldn't speak, but her eyes weren't covered. She could see every single scene of Lin Yi and thirteen fighting! Guan Xin's heart felt like it was being cut by a knife. She shook her head with all her might as tears fell like rain. She wanted to stop Lin Yi and tell him to run away, but she couldn't make a sound. Her weak whimpers didn't have any effect.

Guan Xin was a nurse from a medical family, and she could tell that Lin Yi wasn't in a good condition. If this continued, Lin Yi would die!

Kang Zhaoming saw that Lin Yi was still able to get up and immediately shouted, "Kill this brat!"

However, only thirteenth on the right knew that his hands were almost crippled by Lin Yi! He wasn't a physical practitioner, so even though he used his palms, they weren't hard. If he continued like this, his hands would definitely be crippled!

Although spiritual masters "hands were crippled, they could recover with some medicine and pills, unlike physical Masters who suffered heavy losses, they wouldn't be as agile after recovery! After all, no one could use their own practitioner's Arts to heal like Lin Yi, or use pure energy to heal like house sun.

Relying on medicine was still a bit lacking. Moreover, once the bones in the hand were shattered, even if he relied on medicine, he would still be half-crippled after recovery! Unless there was medicine that connected bones and tendons above rank-3, but where would the hidden you family have such medicine? Even in the sky elixir sect, it was one of the rarest items. How could he possibly use it?

The thirteenth on the right was furious when he saw Lin Yi stand up again! He'd never seen an Earth Class as reckless as Lin Yi in his life! One must know that it was extremely difficult for ordinary people to cultivate to the earth Class. Even in a battle, they would basically fight if they could win, and run if they couldn't, unless it was a one-hit kill!

But now, Lin Yi had so many chances to escape. Even the thirteenth on the right was thinking that he wouldn't chase after Lin Yi if he ran! But Lin Yi didn't run. He stood up and fought with him again and again, leaving thirteenth on the right helpless!

He wanted to curse out loud. Was it easy for you to reach Earth Class? Do you really want to risk your life and cripple me before you stop?

However, seeing Lin Yi's determined tone and eyes, thirteenth on the right knew that this guy was playing with his life!

The soft ones were afraid of the hard ones, the hard ones were afraid of the strong ones, and the strong ones were afraid of the fierce ones. This saying also applied to cultivators!

Thirteenth on the right was starting to get scared when he saw that Lin Yi was going to come again! Although he was confident that he could kill Lin Yi, the price he would have to pay was too high. He had no grudges with Lin Yi and was here to help him. If he killed Lin Yi, he wouldn't get any benefits. Instead, he would have to pay the price of losing both his hands. It was obvious which was more important!

Thirteenth on the right flinched at the thought. He was different from Zhaoming-Lin Yi's life or death had nothing to do with him.

“Young master Kang, this man is crazy, let’s go!” Once he decided to retreat, thirteenth right didn’t want to continue fighting with Lin Yi anymore. The palm was his, and there was no need to put it down just to please Zhaoming. Besides, now that he had the recipe for the longevity pill, his mission was complete. Zhentian you wouldn’t blame him when he returned to house you. At most, house Kang would have some complaints.

“Ah? Let’s go?” Kang Zhaoming froze. He didn’t think that right thirteen would suddenly want to leave when he had the upper hand and was pushing Lin Yi back!

Thirteenth on the right didn’t answer, but flew over and lifted Zhaoming up. His hands were in pain, and he didn’t want to run away with a person, but if he left Zhaoming here, house you would be criticized for killing the donkey when the millstone was done. Who would work for house you in the future?

“Take her away as well!” Zhaoming wasn’t going to give up just like that. He didn’t even get the recipe yet, how could he let Guan Xin go so easily?

One more person wasn’t a problem for thirteenth on the right-he’d already brought up one, so there was no need for a second one. But just as thirteenth on the right was about to grab Guan Xin, a strong wind came from behind him!

“Put her down!” Lin Yi waved his fists and charged at thirteenth on the right as if his life depended on it! (To be continued.)

Chapter 1753: life on the line

It could be said that his entire body was full of openings, but this kind of reckless madness made thirteenth from the right a little scared. He subconsciously threw Guan Xin away and raised his palm to meet Lin Yi!

“Bang ...” Lin Yi’s fists collided with thirteenth’s palm again. Every collision was a fatal blow to Lin Yi. Now that Lin Yi was like a strong bow, he almost vomited his organs out from this palm!

But Lin Yi didn’t give in. He gritted his teeth and endured the pain as he took the hit. His mouth was covered in blood, but he said, “You can leave, but if you take her away, I’ll fight you to the death!”

“...” Thirteenth right-hand was really scared of Lin Yi. He could clearly feel that the bone fracture in his palm was a lot worse than before. If he kept fighting, he could kill Lin Yi, but what was the point of killing him? What if his palm was crippled?

Right thirteen took a deep breath after one look at Lin Yi. He didn’t say anything as he grabbed Kang Zhaoming and left the place quickly. As for Guan Xin, he wasn’t in the mood to catch her. It wasn’t worth it to fight with a crazy person like Lin Yi ...

Lin Yi’s thin figure just stood there, watching thirteenth on the right leave. After he was far away, he suddenly spat out a mouthful of blood!

That was close! Lin Yi said to himself.

He’d only been holding on because of his conviction-if he fell, then both he and Guan Xin would be done for! He’d clenched his teeth and persevered, and he’d seen what thirteen was worried about-he’d been

fighting him with all his might! But fortunately, the thirteenth person on the right couldn't hold on any longer and gave up.

Lin Yi gritted his teeth and tore the rope off Guan Xin's body before removing the tape from her mouth ...

"Lin Yi ..." Guan Xin subconsciously cried out, tears streaming down her face.

Lin Yi interrupted with a wave of his hand, "I can't hold on much longer, Tang Yin's car's under the shade on the left side of the door ..."

With that, Lin Yi fell to the ground ...

This time, Lin Yi couldn't stand up anymore because he was sure that right thirteen had left. He didn't have any more worries and couldn't hold on any longer!

Other than his palms, there was not a single part of his body that was not injured! The moment he lost consciousness, Lin Yi entered the Jade space.

"Phew ..." Lin Yi could finally let out a breath of relief. As long as he didn't lose his life, there was a chance of recovery!

After entering the Jade space, Lin Yi felt a wave of fear! He almost lost his life this time, and it was pure luck that Lin Yi was able to escape! Thirteenth on the right didn't know Lin Yi's background, and he was scared of Lin Yi's madness after seeing him stand up again and again.

However, Lin Yi knew that if he didn't run into the thirteenth on the right today, but someone who had a deep hatred for him, it wouldn't be an easy day! And if right thirteen wasn't just using his palms, but his legs as well, or if he were using weapons, then it'd be useless even if Lin Yi went all out.

All this while, Lin Yi had always been confident that he could fight people above his level because of his Qi compression. This card allowed him to win every time, even when he was facing Masters who were stronger than him. But today, Lin Yi felt a deep sense of defeat.

It was completely different above the earth Class! If the opponent had a martial arts skill and started fighting right off the bat, then Lin Yi would lose all his advantages. He could only rely on his passion to fight the opponent! He was lucky this time, but he might die the next time!

This was the first time Lin Yi had a deep desire and anticipation for martial arts. Without it, he couldn't even move! But finding a martial technique that was suitable for one's own cultivation was even more difficult!

Lin Yi hadn't even touched the essence of uncle Fu's martial arts, and he was only at the same level. He'd be at a disadvantage if he were to fight an enemy, just like today. If it weren't for Lin Yi's fast healing, he'd be dead by now.

The art of Dragon mastery definitely had a matching martial skill, and only a martial skill that was compatible with the mantra could unleash its greatest effect! This was also why Uncle Fu didn't recommend Lin Yi to practice martial arts.

Lin Yi couldn't wait to go home. He wanted to open the second level of the stone door and see what kind of benefits there were behind the second level! It'd be best if he had a powerful martial arts skill- it'd solve Lin Yi's current problem!

As for elder Jiao, Lin Yi didn't bother to ask. His memories weren't unlocked yet, and he couldn't get much information from him. He already knew what he wanted to know, so there was no need to ask anymore. So, the first thing he did after entering the Jade space was practition ...

Guanxin looked at Lin Yi on the ground and didn't know what to do. She remembered Lin Yi's last sentence and quickly carried him up. She didn't know where a weak girl like her found the strength to do so. Lin Yi wasn't heavy, but it was still hard for guanxin.

But Guan Xin did it, and she did it without any pressure at all. She'd even forgotten how important Lin Yi was to her-she only had one thought in her mind, and that was to be touched! He was deeply moved! She didn't expect Lin Yi to risk his life to save her!

Guan Xin had always been in love with Lin Yi, but he never responded to her feelings. He only treated her as a friend, and that made her feel a little down. It was only at this moment that she realized how important she was to Lin Yi!

Lin Yi wasn't as strong as the thirteenth on the right, but he risked his life to save her. Guan Xin didn't know how to repay him, but she knew that if Lin Yi was fine, she could die in his place!

Seeing Lin Yi on his last breath, guanxin was scared, really scared. She was afraid that she would never see Lin Yi again. She would feel guilty for the rest of her life!

Guan Xin quickly ran out of the arena with Lin Yi on her back. Kang Zhaoming's car was long gone. Guan Xin looked around and saw a Jeep under the shade of a tree not far away. It must be Lin Yi's car.

The people in the other car saw that Guan Xin was carrying Lin Yi out of the car and quickly rushed out as well!

Tang Yin, Mengyao, and Yushu were all panicking as well-they saw thirteenth on the right drive Zhaoming out of the arena, and Lin Yi didn't come out for a long time. They were worried, but they didn't dare check on him without Lin Yi's permission, so they could only wait patiently ...

Chapter 1754: An apology

But when they saw Guan Xin come out of the arena with Lin Yi on her back, they couldn't hold it in anymore. They all got out of their cars and ran over!

"Lin Yi!" When she got closer and saw the blood-covered unconscious Lin Yi, Tang Yin couldn't help but cry out in shock,"What ... What happened to him?"

"He got hurt trying to save me ..." Guan Xin's tears hadn't dried yet, and she couldn't help but tear up again when Tang Yin asked ...

Mengyao's and the others "faces darkened at the words-how could they be happy when Lin Yi got injured for guanxin? Tang Yin had always thought of Guan Xin as a love rival, and wasn't as close to her as Mengyao was. Mengyao and Yushu, on the other hand, didn't like Guan Xin at all. Lin Yi got injured at the bank for her, and now it was her again!

“Give me Lin Yi!” Mengyao didn’t want guanxin to carry Lin Yi anymore.”We came back from the journey for you, and now Lin Yi’s injured like this ...”

Tang Yin didn’t look too good either, but she still said,“”Forget it, Yaoyao. This isn’t the time to stress about responsibility. Let’s bring Lin Yi Home first, okay?”

“You ... You’re not going to the hospital?” Guan Xin asked, surprised.

“No need,” Mengyao said coldly.

Mengyao didn’t know why, but she wasn’t too happy. What was Lin Yi and guanxin’s relationship? why would he risk his life to save her? However, Chu Mengyao felt that she was a little impatient. Tang Yin didn’t even say anything, what was she so worried about?

“Right, I’m fighting for Tang Yin,” Mengyao thought.

Guan Xin could see the hostility Mengyao was showing her, and she didn’t know what to do ...

“I ... I’m sorry ... It’s all my fault ...” Guanxin was worried about Lin Yi from the start, and she couldn’t hold it in anymore after seeing Mengyao and the others ‘expressions. She was worried about Lin Yi too, and she didn’t want him to be like this, but she couldn’t speak and couldn’t stop him ...

“It’s okay, Guan Xin sis, we don’t mean to blame you ...” Tang Yun knew that as long as Lin Yi was still alive, there was hope for him to recover. This situation had happened many times before, so even though she was worried, she wasn’t too worried. Seeing that Lin Yi was still breathing, her tone softened.”Yao Yao’s worried about Lin Yi, but it’s his own decision to save you. You don’t have to feel guilty.”

Chu Mengyao heard Tang Yun’s words and rolled her eyes. She thought to herself, I’m fighting for you and you’re soft-hearted again ... But Chu Mengyao knew that Tang Yun was soft-hearted too. If it wasn’t for that, Feng Xiaoxiao wouldn’t have become Lin Yi’s small wife, and she and Chen Yushu wouldn’t have let Lin Yi stay in the villa anymore ...

And so, Mengyao didn’t say anything else. She was a soft-hearted person with a sharp tongue, after all, and Tang Yin’s words made sense-Lin Yi was the one who decided to save guanxin, so she couldn’t really blame guanxin for that.

Lin Yi got into the car, and Mengyao started the car instead, heading to Xuemin’s house. She wasn’t too happy with Guan Xin, but Lin Yi’s condition was too dire to ignore-she’d have to leave it to Xuemin to save him.

Lin Yi could heal himself, but he was afraid of accidents.

“I’m sorry ... It’s all my fault. I was kidnapped ...” Guanxin said guiltily.

“It’s nothing ... My attitude wasn’t very good just now. I’m sorry.” Mengyao didn’t want to make things difficult for Lin Yi, so she didn’t make things difficult for him. She was different from Tang Yin-Tang Yin and guanxin had crossed paths a few times before, but Mengyao and guanxin were just acquaintances ...

“Lin Yi can heal himself, but will there be any other problems? we’ll have to ask your Grandpa to help us.” Tang Yin explained.

“This is what we should do. We’ll do our best!” Guan Xin nodded.

“I don’t think so, shield bro’s face is looking better and better, he should be healing himself now!” Chen Yushu had been paying attention to Lin Yi’s changes.

“Oh? That’s great!” Tang Yin turned her head to look at Lin Yi, who was in the back of the car. Lin Yi’s face looked much better than before, and she let out a breath of relief.

Guan Xin’s tensed heart relaxed at Yushu’s words-as long as Lin Yi was fine! Otherwise, she would feel guilty for the rest of her life.

Xuemin was overjoyed when he heard that his granddaughter was fine, but he was shocked when he heard that Lin Yi was on the verge of death. He rushed out of the villa himself and looked at Lin Yi in the trunk with a serious face, “He’s so badly injured?”

“Grandpa Guan, Lin Yi can heal himself-there shouldn’t be any problems, you don’t have to worry!” Tang Yin was very polite to Xuemin-she knew that he was Lin Yi’s business partner, and was his elder, “We came up here to wait and see. If there’s any other problem, we’ll ask for your help. After all, Lin Yi’s injuries are the most serious this time ...”

“Alright!” Xuemin wasn’t surprised to hear that Lin Yi could heal himself-he was a doctor, after all, and a miracle doctor at that. It wasn’t unusual for him to be able to heal himself, but it was the first time he’d heard of someone healing while lying down.

But Lin Yi was a practitioner, after all, and things couldn’t be judged with common sense. Xuemin quickly helped Tang Yin and the others move Lin Yi into the villa.

Mengyao and the others sat down in the living room after Lin Yi was settled down, and the atmosphere became a little awkward.

Although Tang Yin had said that she didn’t blame Guan Xin on the way here, Guan Xin still felt uncomfortable. Lin Yi had suffered so much for her sake, and she really didn’t know how to repay him!

For a girl, especially a beautiful girl, giving her body to a hero was the best way to repay him! It might sound cliché, but this was the truth-the hero saves the beauty, and the beauty loves the hero. Guan Xin, on the other hand, had a good impression of Lin Yi.

But now, even if Guan Xin wanted to give herself to Tang Yin, Tang Yin wouldn’t let her. Guan Xin was older, after all, and she’d been working for a while now-she had more social experience than Tang Yin and the others, and she could tell that Mengyao and Yushu were interested in Lin Yi as well.

Of course, it was possible that they were good friends. Guan Xin’s intuition was just a woman’s instinct.

“Tang Yun, I’m sorry to trouble Yi this time. He’s injured because of my family. I’m really sorry!” Xuemin sighed and said, “I’m here to apologize for delaying your trip ...”

Chapter 1755: Wake up

“Grandpa Guan, you’re being too serious ...” Tang Yun stood up quickly. “Guan Xin sis is Lin Yi’s best friend, and it was his decision this time-you don’t have to explain it to us, we’ll support whatever

decision he makes ... Plus, didn't we just get out of danger this time? Although Lin Yi's injuries are more serious, he can still recover on his own."

Mengyao and Yushu were a little embarrassed by Xuemin's words, and Mengyao added, "Yeah, Lin Yi's a hot-blooded person to his friends. When Shu and I were kidnapped, Lin Yi risked his life to protect us ..."

The misunderstanding and awkwardness between them disappeared in an instant. Thinking about it, Lin Yi was injured when he stood up for Tang Yun and saved Chu Mengyao and Shu. This was Lin Yi's personality. It wasn't worth it to hurt their relationship.

The only thing they could do now was to wait for Lin Yi to wake up.

Although Lin Yi was lying on the bed, he knew everything that was happening in the outside world. When he heard that the people outside were no longer arguing about him, he let out a breath of relief!

It was indeed dangerous this time, and if something like this happened again, Lin Yi would have to think twice before acting! The fight between Earth Class Masters was different from Mystic class fights. Once they used their skills, it would be very different. If Lin Yi was still as impulsive as before, he would be at a big disadvantage.

With the thought of opening the second stone door, Lin Yi's heart was set on going home. He tried his best to heal himself, but this time, his injuries were way too serious. Even if he was an Earth Class now and his recovery speed was much faster than when he was a Mystic, it still took him a day and a night to fully recover!

It was already the evening of the second day when Lin Yi exited the Jade space ...

Chu Mengyao, Chen Yushu, Tang Yun, Guan Xuemin and Guan Xin all didn't sleep the whole night. They had ordered food during the day, but Lin Yi was still unconscious. They didn't have an appetite, so the lunchboxes were piled on the coffee table in the living room.

However, they had not rested for an entire night and were extremely exhausted. Therefore, they were all resting with their eyes closed, but they did not sleep.

Lin Yi walked out of the living room and saw the people there. He couldn't help but feel warm inside, "There's so much good food here, but you guys didn't eat it? Are they all waiting for me? I'm famished. You guys didn't want to eat, but I did."

"Lin Yi? You're awake?" Guanxin was the guiltiest and the one who didn't understand Lin Yi the most. Although Tang Yin and Mengyao said that Lin Yi was fine and he could recover on his own, Guanxin wasn't sure. Even if she was resting, her heart was still in suspense. Naturally, she was the first to jump up when she heard Lin Yi's voice. She looked at Lin Yi in surprise, "You ... You've recovered ..."

"En, it's all good now ..." Lin Yi looked at his bloodstained clothes and smiled bitterly, "Let's eat something first, then take a shower and change your clothes. You guys won't mind, right?"

"Of course not ..." Guan Xin looked at the energetic Lin Yi and shook her head in excitement.

"See, I told you shield bro would be fine, he's the best!" Yushu was the calmest person she'd ever been, and she had an indescribable confidence in Lin Yi. "Are we going to get revenge on Kang Zhaoming now?"

“Revenge ... I will definitely take revenge, but not now.” Lin Yi’s eyes hardened. He didn’t know why house Kang had an Earth Class this time, but he didn’t know what their relationship was. Even if Lin Yi wanted revenge, he had to think twice.

He’d managed to escape this time, but he wouldn’t be so lucky if he were to be surrounded by two or more Earth Class Masters.

“Shu, don’t push him, Lin Yi knows what he’s doing,” Mengyao was afraid that Yushu would mess up.

“It’s fine, hehe.” Lin Yi smiled as he picked up a chicken leg and started eating. “Right, Xinxin, what’s the background of that Earth Class? Did Kang Zhaoming mention this before?”

“Not really ...” Guan Xin thought about it and shook her head. “That master doesn’t seem to talk much, he doesn’t even talk. He only responded when Kang Zhaoming talked to him, but he didn’t call him by name ...”

Lin Yi nodded-it seemed like he wouldn’t be able to get any valuable information from Guan Xin, so he’d have to try something indirect. “Old Guan, let’s keep a low profile for the company’s business. I’ll talk to fatty Lai as well, so we don’t have any more conflicts with house Kang. We’ll talk about it when I get back!”

Lin Yi’s trip back to his old home this time was supposed to be a vacation for Tang Yun, Chu Mengyao and the others, but in reality, it was to open the second floor’s stone door! He couldn’t allow anything to go wrong-he wouldn’t be able to take care of Songshan’s situation when they reached the village.

As for the medicine company, they’d keep a low profile for the time being-as long as they didn’t get into conflict with house Kang, there shouldn’t be any problems. After all, after house Kang got the recipe for the pill, it’d be even more difficult for them to develop the pill. If they put all their energy into this, they wouldn’t have time to cause trouble for miracle doctor Guan’s medicine company, which gave Lin Yi some breathing space!

He only had a short moment to catch his breath, and he was confident that he could turn the tables and wash away all the humiliation he’d suffered. After all, Lin Yi was very confident in the second stage of the art of Dragon mastery behind the stone door. The first stage was already heaven-defying enough, how much more powerful would the second stage be?

“I understand, Yi. Don’t worry, we won’t act rashly when you’re not here.” Xuemin said.

“Haha, alright, let’s eat. We’re safe this time. Yunyun, Yaoyao, Shu, what’re you all pulling faces for?” Lin Yi said as he ate.

Seeing that Lin Yi was fine, everyone let out a breath of relief. They were really hungry now, so they started eating with Lin Yi ...

Inside house Kang’s Villa.

You zhentian came and sat in the main seat of the living room. Behind him was thirteenth on the right, and opposite him was the old master of house Kang, miracle doctor Kang. Behind miracle doctor Kang was Kang Zhaoming.

This time, the cooperation between house you and house Kang was quite satisfactory. Although the thirteenth of the right was injured in the end, they had already obtained the recipe of the longevity pill.

"I was wondering what good stuff it was! So it's just a formula for injury medicine and painkiller, do you really have to go to this extent?" You zhentian didn't know whether to laugh or cry when he found out that Kang Zhaoming was asking for these two prescriptions! (To be continued.)

Chapter 1756: Wait for my return!

"This ..." Both miracle doctor Kang and Zhaoming were stunned ...

"If I'd known this was the recipe, I wouldn't have asked thirteenth to help you. I didn't expect Lin Yi to be such a desperate man. If thirteenth didn't make the decision to retreat, he would've crippled Lin Yi even if he had to be killed!" You zhentian couldn't help but shake his head when he heard the situation. He really didn't expect Lin Yi to be like this.

"Yeah, it's a good thing Lin Yi didn't come earlier and handed over the recipe for the pill. Otherwise, he would've come and fought us, and we might've gotten nothing." Zhaoming was still a little scared after he realized what was going on.

At that time, he was wondering why the thirteenth person on the right had run away after gaining the upper hand. It turned out that there was a hidden reason.

"Young master you, you mean ..." Miracle doctor Kang asked carefully.

"Injury medicine and painkiller, if you want the formula, our you family also has it!" "This is the most basic elixir refinement recipe, do you need to take such a risk?" you zhentian said arrogantly. I should have said I would give it to you, why bother?"

"You have it?" Miracle doctor Kang blinked, his face full of joy.

"Of course. For us martial artists, healing and relieving pain is a common thing." You zhentian nodded and said.

"But, miracle doctor Guan's medicine and painkiller are not only effective, but they're also cheap!" "House Kang has the recipe for golden creation as well, but it's expensive!" Zhaoming said. There's no competition!"

"That's easy. You want a cheap one, don't you? We also have some low-quality golden creation formulas, but they're quite cheap. A bottle like yours only costs a few dollars. The same goes for the painkillers, they can be made for a few dollars." You zhentian said,"of course, the effect is definitely not as magical as yours. Your golden creation can stop the bleeding in a few seconds, but mine takes dozens of seconds. His painkiller takes effect immediately, but mine also takes a few minutes. Is there a problem with this?"

"No problem! No problem at all!" Miracle doctor Kang was overjoyed,"who would notice such a small difference?" Even if there's a gap, our price is cheap, so we can still occupy a certain amount of the market. This time, we must get back the market share we lost!"

"Thank you, young master you!" Kang Zhaoming quickly thanked him.

“This is nothing. It’s just a small matter. Oh right, since you’re in the medical business, we can also entrust you to sell some of our pills in the future. This way, you’ll not only earn a reputation, but you’ll also have money.” Since you zhentian had obtained the pill recipe, he was naturally very generous to house Kang.

“Thank you so much!” “From now on, house Kang will be relying on house you ...” Zhaoming said excitedly.

For house you and house Kang, this cooperation was a win-win situation, and both sides got the benefits they wanted.

Lin Yi, on the other hand, was getting ready for his journey.

“Mr. Guan, Xin Xin, we’ll be leaving then. We won’t disturb you any longer. If there’s anything, just call me.” Lin Yi and the others finished their lunch and were ready to leave.

“Alright, be careful on your way!” Xuemin said.

Guan Xin stood at the side, hesitating. She wanted to say something, but Tang Yin and Mengyao were there, so she didn’t.

“Xinxin, what do you have to say?” Lin Yi asked, noticing the change in Guan Xin’s expression.

“I ...” Guan Xin pursed her lips, not knowing how to start.

“Haha, Yunyun, Yaoyao, Shu, you guys wait for me in the car.” Lin Yi could tell that Guan Xin didn’t want to talk about it in front of the others.

“Alright,” he said. Tang Yin, on the other hand, wasn’t jealous at all-the fact that Lin Yi had saved Guan Xin showed how important she was to him, but the two weren’t officially a couple yet, so she wasn’t too worried. Things would’ve happened a long time ago if they wanted to, and it wasn’t something that could be changed in a short time. She couldn’t stop them if they really wanted to, so she decided not to be a bad person for nothing.

Chu Mengyao and Chen Yushu didn’t say anything. From their point of view, Guan Xin must have wanted to thank her in private. The two got into the car with Tang Yin.

“This time, can you tell me?” Lin Yi said with a smile.

Guan Xin’s face reddened, embarrassed. “I’m going to quit my job soon to learn more about medicine. I might not be able to see you before I leave, so I wanted to say goodbye to you in advance ...”

“Oh? You’ve already decided?” Lin Yi knew about Guan Xin.

“En, I’ll be leaving in a few days.” Guan Xin said.

“Study hard and improve every day.” Lin Yi wanted to encourage Guan Xin, but that was the only thing he could think of.

“I’m not a kid anymore, of course I’ll work hard”Guan Xin smiled.

“That’s a good thing, and it’s one of Grandpa Guan’s wishes. ” Lin Yi said.

“En ... Lin Yi, I’m going to study, and it might be very strict. I probably won’t have time to come back often ... So we won’t be able to see each other often ...” Guan Xin lowered her head in embarrassment. After a while, she seemed to have gathered up all her courage and said, “Wait for me to finish my studies and return. I will definitely be your assistant ...”

Lin Yi blinked before smiling. “Alright, I’ll wait for you!”

Medicine, to Lin Yi, was just a support. It was something he pursued, but he didn’t want to dispel Guan Xin’s passion for it, so he agreed to it.

“En!” “Then, goodbye. I wish you a safe journey!”

“Alright!” Lin Yi didn’t say anything else and got into the car.

As for what Guan Xin said to Lin Yi, Tang Yin and the others didn’t ask too much. Everyone had their own secrets, and asking too much would make it seem like they didn’t trust Lin Yi.

Before leaving, Chu Mengyao gave Chu pengzhan a call. This time, she hadn’t returned home yet. Although she came back halfway, she still had to let her family know.

“Hello? Yaoyao, why are you looking for daddy?” After the call went through, Chu pengzhan’s voice sounded very excited, as if he had encountered a great event.

“Daddy, something came up on the way, so we came back. We’re in Songshan right now, and we haven’t set off yet. Where are you? let’s go see you.” Mengyao asked.

“I’m busy at the company, so don’t come. Go have fun. Daddy’s been too busy recently and can’t spare time for you!” Chu pengzhan said. He could hear someone talking to Chu pengzhan over the phone.

“That’s fine too. Take care of yourself, dad, don’t tire yourself out ...” Mengyao said. (To be continued.)

Chapter 1757: The night market (part one)

“Don’t worry, daddy’s big project is starting to see results. In just a few days, the company’s liquid funds have more than doubled, haha!” At this point, pengzhan couldn’t help but smile.

“Okay ... Congratulations then ...” Chu Mengyao didn’t know much about the operations of a company, but it was always a good thing to make money.

“Okay, Yaoyao, you guys have fun. Daddy has things to do, something’s going to happen ...” Chu pengzhan said.

“Okay. Bye, daddy.” Chu Mengyao hung up and shook her head, “Let’s go. Daddy’s too busy. I don’t have time.”

Lin Yi wanted to say something, but decided not to after some hesitation. He didn’t know much about business, but he heard the conversation on the phone. He felt that it was illogical for pengzhan’s company to double its capital in such a short time.

Pengzhan industries wasn’t a tech company, and they didn’t have any inventions or creations. It was impossible for their assets to double all of a sudden, but Chu pengzhan was a veteran in the business world. He shouldn’t have made any common sense mistakes.

Chu pengzhan received a call from an Mingyue right after he hung up.

“Brother an, how is it?” Pengzhan asked.

“Haha, congratulations, we’ve earned another 10% from our investment ...” An Mingyue said proudly.

“No way? You’ve earned so much again?” Pengzhan said, surprised.

“Of course, this trader is an expert that Jianwen met when he was studying abroad. He has a good understanding of the futures market!” “If he didn’t offend someone when he was doing business abroad, he wouldn’t have come to me ...” An Mingyue said.

“Then ... Why don’t we increase the investment?” Pengzhan asked, a little moved.

“Let’s forget about the bigger one. It’s just for fun. We all have our own businesses. Let’s forget about the profit.” “Besides, brother Chu, do you still have money?” an Mingyue asked. All of your assets are real estate, right?”

“That’s true ... I’ll think about it ...” Chu pengzhan said with regret.

“Okay, that’s all for now. I’ll let you know if there’s any news.” An Mingyue said.

“Alright, sorry to trouble you, brother an.” Pengzhan said quickly.

After hanging up, Mingyue gave Jianwen a big thumbs up. “Jianwen, that’s a good idea, getting Chu pengzhan into the trap step by step. As you expected, he’s planning to invest more ...”

“That’s natural. Who wouldn’t be tempted by such a huge profit?” “Let’s wait a bit more,” Jianwen said, “we’ll give him some more stimulation in a few days. He’ll probably be more impulsive soon.”

“En ... But what if he stops when he’s ahead? Wouldn’t we be losing money?” An Mingyue was a little worried. After all, it was all a lie. She didn’t do it at all. The money Chu pengzhan brought over was still in her company’s account. She just told Chu pengzhan when she saw some futures making money.

“Don’t worry, father. The hypnotist has already given him a hint. He will definitely go crazy.” “When that happens, the entire pengzhan industries will be ours!” Jianwen said, not worried at all.

“En, I’m relieved to hear you say that!” An Mingyue nodded.

One day, Lin Yi and the group came to a small town near the highway. They were going to have something to eat and stay the night.

They were getting closer and closer to the village, but Lin Yi didn’t travel day and night. He was a practitioner, so it was fine, but Tang Yun and the others weren’t. If they didn’t rest well in the car, they’d be very tired the next day. They’d also spend the night in all kinds of small towns, and they’d go to the market at night. It was very interesting.

This was the first time Mengyao and Yushu were driving on a road trip. They used to travel a lot, but they didn’t know how to drive, so they never had the experience of stopping and going.

In the evening, after everyone had dinner near the express hotel, they went to the night market of the town as usual.

There weren't many shops in the town, only a big market. You could buy all kinds of things here, and that was what the market was like. Chu Mengyao and the others lived in the big city and had never experienced it, but this place was not much different from a night market.

Of course, the market mostly sold local specialties and some daily necessities, unlike the night markets in the city that sold snacks and small accessories.

As for local specialties, no one had any desire to buy them. The trunk of the car was already full. They had planned to buy some local specialties every time they went to a place, but as they bought, they had unknowingly bought a lot. They couldn't buy any more.

Therefore, everyone was only here to watch.

"I heard that old bastard Wang killed a legendary Black Phoenix when he went hunting today?"

"Black Phoenix? I think it's a pheasant?"

"Who knows? but the price is so high. Only an idiot would buy it."

"Yeah, even if it's a Phoenix, it can't fly after eating it!"

"You only know how to eat!"

"He killed me, what else can I do besides eating?"

"That's true!"

Lin Yi and the group were walking around the market looking at the local specialties when they heard two stall owners talking. Out of curiosity, Lin Yi asked, "What is the black Phoenix?"

"Who knows? it's said to be a Black Phoenix. It's a spirit beast from the dark night mountain. Of course, it's just a legend. I think it's a Black Chicken!" The stall owner replied casually.

"Oh?" Lin Yi was just asking casually, but his heart jumped when he heard that it was a spirit beast. "Spirit beast? What was that thing? Isn't it similar to the animals that can cultivate in the novels?"

"Spirit beast? I don't know what spirit beasts are, but the older generation said that there are spirit beasts on this mountain, but they are extremely rare. It is said that drinking the blood of spirit beasts can prolong one's life." "As for the cultivation you mentioned, I've never heard of it," the stall owner said.

"Alright, thank you!" Lin Yi nodded.

"Shield bro, are you going to see that Black Phoenix or something?" Chen Yushu saw Lin Yi stand up and guessed what he meant.

"En, I want to go and join in the fun." Lin Yi didn't explain.

"It's over there. You guys can go and take a look. But that thing, hehe, only a fool would buy it!" The stall owner pointed to a direction in the market and said.

Lin Yi didn't say anything else, and led the girls in the direction the owner pointed ...

Chapter 1758: What you've seen at the night market (part two)

Sure enough, he saw a group of people gathered in front of a stall to watch the show.

Behind the stall stood a burly man. Above his head was a sign that read "old bastard Wang's Hunter specialty". Beside old bastard Wang was a chopping board, on which there were some wild beast corpses.

There were wild boars, robes, pheasants, and other game. However, at the very front of the chopping board, in the most conspicuous place, there was a dead animal that looked like a black pheasant.

"I say, old bastard Wang, have you gone crazy thinking about money? Is this the black Phoenix?" A young man pointed at the dead body of the black pheasant and said to the man called Wang laoba.

"I've compared it with the illustrated book. This is obviously the legendary Black Phoenix. If you don't want to buy it, then just look at it. There must be someone who knows what it is!" Old eighth Wang seemed unwilling to argue with the young man and said angrily.

"Tsk, the black Phoenix is a legendary spirit beast. Although I don't know what a spirit beast is, since it's a spirit beast, it must be very powerful. Do you think you can kill a spirit beast with your level?" The young man said, unconvinced.

"I ..." Wang laoba's face turned awkward, but he said, "If you say it's not, then it's not. I'll sell it for ten thousand Yuan. If you don't, I'll go home and make soup for myself!"

Lin Yi looked at the black Phoenix and frowned. He was from a mountain village, and his follower er goudan's family hunted for a living. He knew about pheasants, and this thing in front of him was definitely not a pheasant!

Although the two were somewhat similar, they were definitely different! Lin Yi didn't know what it was, so he couldn't rule out the possibility that it was a spirit beast! It was not surprising that old bastard Wang could kill spirit beasts. Spirit beasts like Skybolt pig, which had no attack power, were easy to kill. Not all spirit beasts had the ability to attack.

Moreover, the strength of the spirit beasts was different according to their level.

Lin Yi was a little confused-there were spirit beasts around here? Generally, the places where spirit beasts appeared were places with extremely rich world Energy. Those places were often occupied by some sects and families. Could there be a sect nearby?

Ten thousand wasn't a lot to Lin Yi, but it was a sky-high price to these simple villagers. They looked at Wang laoliu with mocking eyes, and there were many people nearby who wanted to buy it, but no one was interested!

If old sixth Wang was sold for a few hundred Yuan, perhaps some people would buy it back to try it, but it was not worth it to buy a pheasant for ten thousand Yuan.

"This is a Phoenix?" Lin Yi asked.

Wang laoliu was faced with too many questions today and didn't want to answer Lin Yi's question, but he raised his head and saw that Lin Yi and the others were obviously wearing city clothes. They must be

tourists from other places, so his eyes lit up. Maybe these city people knew the goods. He smiled and introduced, "Are you tourists from other places?"

"Yes, that's why I'm curious." Lin Yi nodded with a smile.

"That's it. You don't know the legend on our side ..." Wang laoliu said in all seriousness, "The town we live in is called dark night town, and there's a mountain nearby called dark night spirit Mountain. The mountain range around it is called dark night mountain, and I hunted there."

"Dark night spirit Mountain?" Lin Yi blinked-it sounded like an Ice Mountain ... Could it really be a place with a lot of Qi? There were spirit beasts in the mountain, of course-the White python Qiqi met was one of them. At least, Lin Yi didn't know which species was the same as the White python. It was a snake, but it wasn't a snake.

The pig beside Lin Yi was the same-it didn't look like a pig at all. How could it be this small? Instead, they were like the cartoon version of pigs. These were all mutated spirit beasts, and they also lived in places with abundant spirit Qi! It was the same in Zhang Liju's tomb.

"Yes, according to the older generation, a long time ago, there was a sect on dark night spirit Mountain called dark night Palace. It was a very powerful sect. The people there were all martial arts masters and could live forever ..." "There are also some spirit beasts living near the Dark Palace. These spirit beasts are different from ordinary wild beasts. They have spirituality and can cultivate to become Immortals like the people of the Dark Palace ... Among them, the most famous is a kind of Black Phoenix called the Dark Phoenix. It is said that those who eat the black Phoenix can live forever ..."

"Wang laoliu, are you trying to scare people with the fairy tale that you told your child to sleep?" Next to Wang laoliu's stall, a woman who was selling goods at another Hunter's stall couldn't help but mumble. Today, Wang laoliu caught such a strange pheasant. Although the pheasant didn't sell, he sold a lot of other wild beasts, which affected his family's business, so this woman was a little unhappy.

"Fairy tales are not necessarily false. Didn't you hear this story when you were young? We grew up together and listened to a Grandpa who sold popcorn telling us stories under the same tree. Didn't you believe it too?" Wang laoliu retorted, "and I've already said it. It's said by the older generation. It's not like I made it up. What are you so anxious about?"

"Hmph ..." The woman was speechless, but she still snorted.

"Alright, uncle Wang, can you continue?" "I think it's quite interesting!" Lin Yi smiled.

"Okay, then let's continue. It's said that those who eat the black Phoenix can live forever. They can also cultivate and become a martial arts master ..." Wang laoliu said.

"Since it's so good, why don't you eat it yourself?" The woman pursed her lips in disdain.

"I ... It's useless for a rough person like me to eat it. I don't know how to eat it. It's better to sell it for money ..." Wang laoliu's face turned red. In fact, he didn't really believe in legends or such things. Otherwise, how could he sell it?

“Sounds good. Let’s buy it then. Can it be cheaper?” Lin Yi’s face didn’t change as he asked, but his heart was in a state of shock! The legends might not be groundless. There might really be a Dark Palace on the dark night spirit Mountain!

Perhaps it was something similar to the Ice Palace, an ancient sect that didn’t interact with the mortal world, and that was why these people thought it was just a legend ...

“It won’t be cheap. I, Wang laoliu, have just said that if it can’t be sold for ten thousand Yuan, I’ll take it back and make my own soup.” Wang laoliu belonged to the kind of straightforward person who cared more about his face. (To be continued.)

Chapter 1759: Someone’s following

“Oh ... I see. Have you ever been to that dark night spirit Mountain?” Lin Yi asked.

“Then who would dare to go? That’s the middle of the mountain. In the middle of the dark night mountain, there’s a naturally formed natural chasm. It’s a ring shaped ravine, so deep that you can’t see the bottom. Who can climb over there?” Wang laoliu shook his head. “Besides, that place is shrouded in fog all day long. I’m afraid we won’t be able to come back if we go!”

“I see.” “So, this Black Phoenix came from there?” Lin Yi nodded.

“That’s right. You didn’t see how high the black Phoenix was flying. It was quite high. Luckily, I’m a veteran Hunter. Otherwise, I wouldn’t have been able to catch it!” Wang laoliu boasted proudly.

“Who doesn’t know how to brag?” The woman couldn’t help but say.

“Haha, deal. Since that’s the case, I’ll buy it and try it out.” Lin Yi nodded and took out a stack of cash from his bag, giving it to him.

“You ... Are really buying it?” Wang laoliu couldn’t believe his eyes. He earned ten thousand Yuan in the blink of an eye?

“I’ll buy it. I’ll try something new during the journey, haha!” Lin Yi smiled. In fact, he didn’t know why he spent ten thousand on this so-called Dark Phoenix, but when he saw the Dark Phoenix, he felt a strong hint from the Jade, and he had the urge to buy it.

“Alright, alright!” Wang laoliu was overjoyed. He quickly gave the black Phoenix to Lin Yi and took the ten thousand Kuai, as if he was afraid that Lin Yi would go back on his words.

Lin Yi didn’t stay long after buying the black Phoenix. He brought Tang Yun, Chu Mengyao, and Shu back to the hotel.

And under the envious eyes of everyone, Wang laoliu put away the ten thousand Yuan! To the townspeople, this was a considerable amount of income. The woman who was sitting at the stall next to them was even more jealous. Fortunately, the onlookers had left, and her business recovered.

Just as everyone was sighing at old six’s luck, Lin Yi was already being targeted!

“Shield bro, this doesn’t seem to be the way back to the hotel. Did you remember it wrong?” Yushu realized that Lin Yi seemed to be walking further and further into a very remote field. There was no village or shop in front of him, only dense crops.

Lin Yi stopped in his tracks and turned around, shielding Tang Yun, Mengyao, and Yushu behind him. “You’ve been following me for so long, shouldn’t you be out by now?”

Three people suddenly appeared on the empty path behind Lin Yi, all of them wearing black masks. The leader seemed surprised that Lin Yi had found them, “How did you find us?”

“They’ve been following me since the market. Wouldn’t I be too slow if I didn’t notice them?” Lin Yi didn’t answer the question directly.

“You even know that?” The leader was very surprised, “kid, it’s fine if you found it. Since that’s the case, then take out all your belongings!” 10,000 Yuan for a wild chicken, you’re really rich. If you don’t share some with your brothers, it’ll be unforgivable!”

“You’re here, yet you don’t run away and still want money. I’ve never seen someone as stupid as you.” Lin Yi said, shaking his head.

“What do you mean by that?” The man was slightly taken aback.

“Why don’t you take a look at what kind of place this is? do you think a foreign tourist would come to such a desolate place in the middle of the night? Three golden class Masters?” Lin Yi asked faintly.

“Who ... Who are you?” The leader felt that something was wrong-what were Lin Yi and the other tourists doing in the wilderness? Plus, when Lin Yi pointed out their strength, the leader finally understood that they weren’t good people. They were probably luring them here on purpose!

Otherwise, if the other party knew that they were golden class Masters and still dared to lure them here, then they must have something up their sleeves!

“A tourist.” “What about you guys?” Lin Yi replied faintly. A robbery? The robbers here are pretty strong, a golden class master!”

Normally, golden class Masters would be bodyguards for the rich-this kind of robbery wasn’t as safe as being a guard, and it was dangerous as well. So Lin Yi was very suspicious of their identities.

“We are members of the Mad horse gang. Are you a cultivator as well?” The leader’s tone towards Lin Yi was clearly different now.

Lin Yi activated the art of Dragon mastery, and the power of an Earth Class early phase flashed by-this was also to intimidate these people, so they wouldn’t dare to act rashly! Otherwise, from the tone of the other party, they seemed to belong to a local gang, belonging to the horse gang type. There seemed to be many cultivators in it!

But thinking about it, there was a Spirit Mountain nearby with abundant heaven and earth spiritual energy. Some cultivators gathered in the vicinity to cultivate with the help of the spiritual energy, and it was not surprising that they robbed foreign merchants. As long as it didn’t affect the local residents, they wouldn’t reject the Mad horse gang.

But Lin Yi didn't want to cause any trouble on the way. He wasn't afraid of himself, but three girls with no strength at all-it'd be terrible if he got ambushed by groups of bandits.

That was why Lin Yi revealed his strength-with his Earth Class strength as a deterrent, these people wouldn't dare to do anything anymore! Unless they were out of their minds and didn't know the difference between the Golden class and earth Class.

"Earth Class early phase ..." As Lin Yi expected, the leader's eyes flashed with shock, and his voice became even more respectful,""Could senior be a guest of the dark night Palace?"

"You know about the Dark Palace too?" Lin Yi asked back without changing his expression. This wasn't the first time he'd heard of this name, but he didn't know what the Dark Palace was, so he could only get some information from this Bandit.

"The Mad horse gang I'm in is here to make a living, so I naturally have some understanding of the local tyrant, the dark night Palace." "We only cultivate in the outer area of dark night spirit Mountain," the man said."We won't enter the warning line of dark night spirit Mountain. Senior, please don't tell the people of dark night Palace about what happened today. Otherwise, I'll be a sinner if I cause trouble for the Mad horse gang!" However, senior, please be at ease. I will definitely prepare a generous gift for you. I hope that senior will not make things difficult for my sect ..."

After seeing Lin Yi's strength, the man didn't even think about fighting Lin Yi anymore. The gang leader was only an early phase Mystic, and he was just going to die in front of Lin Yi. Their use of this place to cultivate was approved by the Dark Palace-as long as they didn't enter the dark spirit Mountain, the Dark Palace wouldn't cause them any trouble. (To be continued.)

Chapter 1760: A strange turn of events (part one)

But the man was afraid that Lin Yi's words would destroy the entire gang, and so he lowered his voice.

"There's no need for such a generous gift. Let's forget about this matter. I'm only a guest, so I won't say much." Lin Yi didn't say what kind of guest he was-he could be a guest of the Ice Palace, but he could also be a tourist.

"Many thanks!" The man cupped his fists, relieved. As far as he was concerned, Lin Yi was an Earth Class, and if he said he wouldn't care, then he wouldn't care about golden class Masters like them. After thanking him, they left in a hurry.

Lin Yi, on the other hand, took a deep breath-it seemed like there really was an ancient sect here, called the Dark Palace. How was it compared to the Ice Palace? But even if he knew all this, Lin Yi didn't have the intention to visit.

He was only an Earth Class early phase, and while it was already an unattainable level in the eyes of the bandits, Lin Yi had seen the strength of the Ice Palace-he knew that his strength was only that of an inner sect disciple, not much.

With that thought, Lin Yi's curiosity towards the black Phoenix grew. Would eating it really bring him benefits?

"Let's go back." Lin Yi said to the group.

“Shield bro, the Dark Palace that the man and the Hunter were talking about, do they really exist?” Chen Yushu asked curiously.

“I guess it does exist!” Lin Yi nodded, “but it might be something like the Ice Palace. We shouldn’t ask about it. We’ll stay here and leave.”

Lin Yi didn’t want to have too much to do with these mysterious ancient sects—he wasn’t at that level yet, at least, and he wouldn’t have anything to do with them.

After the group returned to the hotel, Lin Yi started cleaning up the “Dark Phoenix” and made some Phoenix soup for everyone.

For this reason, Lin Yi rented an electromagnetic stove from the hotel to cook game for the girls.

“Alright, I’m going to cultivate. You guys look after the pot and add water in frequently. This thing’s meat is hard, so it needs to be cooked for a while.” Lin Yi said to the group.

“Alright,” he said. Tang Yin nodded.

Lin Yi, on the other hand, went back to his room to train—he’d GO train whenever he had time on the way. He was at Earth Class early phase now, but he wasn’t at peak early phase yet—there was still some distance to the barrier between him and earth Class early phase peak, so he wanted to raise his strength to peak early phase after entering the stone door. That way, he’d be able to reach Earth Class early phase peak quickly once he finished the second stage of the art of Dragon mastery.

The black Phoenix was indeed different from ordinary pheasants. It had been cooking for half an hour and it did not show any signs of overcooking. However, looking at the pot was an extremely patient thing. The three women discussed for a while, and two of them went into the room to watch TV, leaving one to watch the pot and add water.

First, it was Tang Yun, then it would be Chen Yushu’s turn half an hour later, and finally Chu Mengyao ...

About half an hour later, Tang Yun was ready to change her shift, but what she saw next stunned her!

Mengyao suddenly opened the lid and took out the black Phoenix, putting it in her mouth!

“Yaoyao, what are you doing?” Tang Yin jumped in shock.

However, Chu Mengyao didn’t seem to hear him. Her eyes were closed as if she was asleep. Her movements made it seem like she was sleepwalking!

Chen Yushu heard Tang Yun’s cry and quickly ran out. She saw Chu Mengyao’s strange situation and also exclaimed, “Yaoyao sis, what are you doing?”

Chu Mengyao didn’t stop because of Chen Yushu’s words and continued to stuff the whole black Phoenix into her mouth!

“I’ll stop her!” Chen Yushu wanted to stop Chu Mengyao but was stopped by Tang Yun.

“Shu, go find Lin Yi, Yao Yao seems to be sleepwalking. I heard that Sleepwalkers can’t wake up easily, it’s harmful to the body ...” Tang Yin remembered reading about sleepwalking in a book before.

“Alright, I’ll go find Lin Yi!” Shu nodded and quickly ran to Lin Yi’s room. She wanted to knock on the door but hesitated. Lin Yi said that he was going to cultivate, would she disturb him if she knocked?

“Shu? What’s the matter?” Lin Yi was practicing, but he’d always been paying attention to what was going on outside his room. Lin Yi didn’t know what to do, either-he could only stand there and watch.

After a while, Chu Mengyao’s closed eyes suddenly opened. However, her eyes were clear, as if she didn’t see the people in the room. She turned her head and stared in one direction.
