

Bodyguard 1761

Chapter 1761: A strange turn of events (part two)

If what happened before was enough to shock everyone, then what happened now was even more shocking. They didn't know what was wrong with Mengyao ...

All of a sudden, Mengyao let out a clear and melodious cry. It was like the sound of a bird, and Lin Yi and the others were all stunned. The golden light on Mengyao's body faded, and the Golden wings disappeared as well. Her skin returned to normal, and she fell to the ground!

The whole process lasted about half an hour.

It was only then that Lin Yi dared to walk over quickly and pick up Chu Mengyao from the ground. He placed her on the bed and quickly checked her body condition.

However, after Lin Yi finished checking, he didn't find anything wrong. Chu Mengyao's pulse was normal, and her stomach didn't bulge, but it was still flat. Who knew where the Dark Phoenix went? it was digested in just half an hour.

"Shield bro, how's Yaoyao sis?" Chen Yushu asked anxiously.

"Everything looks normal." "Nothing ..." Lin Yi said, shaking his head.

"Then just now ..." Tang Yun recalled what happened just now and still felt a little scared! It was too strange, it was as if Chu Mengyao had turned into a Phoenix at that moment ... She had the feeling that she was in a trance.

"I'm not sure, maybe it's the side effect of eating the black Phoenix, but it seems like she's fine ..." Lin Yi said.

"Then ... When will she wake up?" Chen Yushu asked.

"I'm not sure, but she seems to be asleep. We'll just wait for her to wake up ..." Lin Yi smiled bitterly. He had never seen anything like this before! He wouldn't have bought the black Phoenix if he'd known it was so weird. He'd be a sinner if Mengyao got sick from eating it!

"So now we ..." Yushu let out a breath of relief after hearing that Mengyao was fine.

"I don't know for now. But to avoid any accidents, let's wait for her to wake up." Lin Yi didn't want to wake Mengyao up by force, afraid that something might happen.

"Fine ... I wanted to try the black Phoenix, but it looks so scary now. I'm at a loss for not eating it."

"Yaoyao sis ate it all by herself, and now something big happened." Yushu patted her chest.

"This doesn't seem to be her intention. We talked to her, but she didn't answer. She didn't seem to have any self-awareness at the time." Tang Yin had been watching Mengyao's every move from her room, so she was the most observant of all.

"That's true, Yao Yao isn't someone who'd take everything for herself ..." Shu nodded, "But the situation just now was really scary. I don't know what went wrong ..."

“We’ll have to wait for Yaoyao to wake up first. ” Lin Yi didn’t know the situation, so he shrugged, “Everyone should rest early. We won’t be able to eat, haha.”

“Yeah, let’s rest then ... We’ll wait for Yaoyao sis to wake up tomorrow ...” Yushu nodded.

Lin Yi had a lot of questions as well, but he couldn’t get an answer right now. He’d have to wait until tomorrow. Perhaps the black Phoenix really was a spirit beast and couldn’t be eaten casually, but Mengyao had accidentally consumed it, leading to this situation ...

But luckily, other than the images she displayed earlier, nothing else happened. Lin Yi let out a breath of relief.

After returning to his room, Lin Yi continued to train ...

Lin Yi and the other people involved, on the other hand, had no idea that something earth-shattering had happened tonight!

In the dark Palace, while Chu Mengyao was swallowing the black Phoenix ...

The Grand Elder hurriedly gathered Wan ‘er, elder li and the other elders.

“Did you guys feel anything?” The Grand Elder asked with a frown.

“I think ... I think the Dark Phoenix bloodline awakened, and it resonated with the bloodline in my body ...” Wan ‘er said carefully. “Could it be that there’s someone else like me in the dark Palace who also has the Dark Phoenix bloodline?”

“That’s impossible. If you had it, I would be at ease. I wouldn’t have to urge you to cultivate every day!” “Because you’re the only heir to the Dark Phoenix bloodline,” the great elder said. “The awakening of the Dark Phoenix bloodline is a big event after the meeting of the Sky Class!” If someone could replace you, I wouldn’t have grounded you ...”

The Grand Elder was telling the truth. If there was someone who could replace Wan ‘er, she wouldn’t have been so mean to Wan’ er all these years. She wouldn’t have let her go down the mountain and only let her focus on cultivation!

“That’s ...” Wan ‘er carefully asked.

“I don’t know ... At first, I thought that the Dark Phoenix bloodline in your body had awakened, but when it came to you, I realized that it wasn’t ...” The Grand Elder shook his head and said with some regret, “If you hadn’t already lost your virginity and given birth to a bastard with an impure bloodline with a mortal, would our dark night Palace be in this state?”

Wan ‘er lowered her head, not daring to argue. Back then, for the sake of love, she had acted impulsively and caused irreparable losses to the Dark Palace! If she married the young master of the sky elixir sect, the sect would have their own miraculous medicine that could guarantee the purity of the child’s bloodline. If they could raise this child and awaken the Dark Phoenix bloodline in her body, she would become the inheritor, and they would be able to do that great thing ...

But now ... Wan ‘er could only cultivate as hard as she could, but she couldn’t awaken the Dark Phoenix bloodline in her body ...

“Alright, elder li, send the dark shadow group to investigate what exactly happened to cause such an abnormal phenomenon!” “Wan ‘er, continue cultivating,” the Grand Elder said.”There’s not much time left. You must advance to the heaven rank as soon as possible. Only then can you awaken the Dark Phoenix bloodline in your body!”

“Yes!” Wan ‘er replied.

In the entire dark night Palace, only her bloodline had the Dark Phoenix bloodline!

According to the legends, her ancestor had accidentally eaten a legendary Dark Phoenix spirit beast, and as a result, the bloodline of the Dark Phoenix had been born in his body. He had been able to accept the inheritance of the dark night spirit Mountain and had a chance of stepping into the heavenly Dao!

However, after several generations of reproduction, there was very little Dark Phoenix blood in Wan ‘er’s generation. Although every generation of inheritors tried to keep the purity of the bloodline, there would always be some losses in each generation!

However, the sky elixir sect was said to be able to invite their old ancestor to concoct a bone cleansing pill for Wan ‘er’s child with all the spirit herbs in the world. However, the condition was that Wan’ er had to marry the young master of the sky elixir sect at that time, who was the current master! (To be continued.)

Chapter 1762: A strange dream (part one)

The marrow and bone cleansing pill could stimulate all the bloodlines in the body, and there was a chance of recovering the bloodline. Although it was far from as powerful as the first generation Dark Phoenix, it was the best method.

Everything was ready, but Wan ‘er met Chu pengzhan during a training, and the two eloped. They traveled all over the world to avoid the dark shadow group, especially since it was under elder Li’s control. They let it go on purpose, and in the end, Wan’ er and Chu pengzhan settled in Songshan and had Chu Mengyao.

She had thought that she could live a peaceful life here for the rest of her life, but after all, the dark shadow group was not elder Li’s private land. The Grand elder’s power had also infiltrated it, so in the end, they found Wan ‘er and forcibly brought her back to the Dark Palace!

However, for so many years, Wan ‘er couldn’t break through to the Sky Class, nor could she activate the inherited bloodline in her body. On one hand, it was because she had lost her virginity early, and on the other hand, there was too little bloodline left in her body, and the chances of activating it were too small.

Wan ‘er’s actions had infuriated the Grand Elder and completely destroyed the Dark Palace’s plan! Originally, the Grand Elder wanted Wan ‘er’s child to take a bone cleansing pill to activate the inherited bloodline while preserving the bloodline. But now, Wan’ er and a mortal had given birth to Chu Mengyao. Because Chu pengzhan wasn’t a cultivator, he couldn’t preserve the bloodline, so the bloodline in Chu Mengyao’s body became even more impure. Even if Wan ‘er took a bone cleansing pill, it was hard to say if it could activate the bloodline. Wan ‘er’s actions had completely broken the

relationship between the Dark Palace and sky elixir sect. How could the sky elixir sect make the bone cleansing pill for Chu Mengyao?

With no other choice, the Grand Elder could only place his last hope on Wan 'er. If she didn't give birth to another daughter with another cultivator using a secret technique to preserve the bloodline, then the Dark Phoenix bloodline would end with her.

However, in Wan 'er's situation, let's not talk about whether she was willing to have another daughter with another cultivator. Other cultivators would not want a withered flower like Wan 'er. That was why the Grand Elder was full of resentment towards Wan 'er!

She wanted to see the Dark Palace rise in power in her lifetime so that she wouldn't let down the old palace master's great trust, but now ...

Wan 'er didn't understand all this before. After she understood all of this, although she didn't regret it, she didn't hate the Grand Elder either.

So what if he regretted it? so what if he didn't? Nothing could be changed. She could only work harder in her cultivation ...

Lin Yi, on the other hand, had no idea what was going on in the dark Palace, and the strange phenomenon that Mengyao was experiencing didn't appear again. The next morning, Mengyao woke up as usual, and the first thing she said was, "Pot ... Pot ... Quickly add water!"

Shu and Tang Yun were worried about Mengyao last night, so they didn't go to sleep until very late. They were sleeping soundly when Mengyao woke them up.

The two opened their eyes in a daze, and Yushu looked at Mengyao, confused. "Oh? Yaoyao sis, what are you talking about? what wok?"

"Didn't you tell me to look after the pot? I accidentally fell asleep ..." Chu Mengyao was also shocked and suspicious. She realized that she was lying on the bed. Shouldn't she be in the outer room?

Tang Yun had sobered up by now. She couldn't help but laugh when she saw Chu Mengyao's condition, "Yaoyao, don't you know anything about what happened last night?"

"Last night? What's happening?" Mengyao blinked.

"Yaoyao sis, you're eating it all for yourself!" Chen Yushu replied.

"Eating alone? Why would I eat alone?" Mengyao was even more confused.

"You really don't know, Yao Yao?" Chen Yushu saw that Chu Mengyao's expression didn't seem to be fake. She also remembered that Chu Mengyao didn't seem to have any consciousness yesterday. She was even more surprised now.

"What do I know?" "Shu, Yun Yun, what are you guys talking about?" Mengyao shook her head. What happened yesterday?"

Tang Yun and Chen Yushu looked at each other. They didn't know how to talk about yesterday's incident. They didn't know if they should talk about it or not. They could read each other's eyes. It was better to let Lin Yi talk about it.

"Yaoyao sis, wait a minute, I'll go get shield bro ..." Yushu got up from the bed and ran out.

"Shu, I didn't button my shirt properly, I'm exposed!" Tang Yin reminded.

"It's fine, shield bro's seen it already." Chen Yushu replied.

"...I mean, what if there's a waiter cleaning the room ..." Tang Yin said helplessly.

"You're right. Then buckle it first and untie it later." Chen Yushu nodded.

Tang Yun and Chu Mengyao almost fainted. What was Shu's logic? She wanted to say something, but Shu was already out of the room.

Lin Yi had been worried about Mengyao the whole time, so he ended his practicing the moment Shu arrived and went to Mengyao's room with her.

Mengyao pulled at her collar subconsciously when Lin Yi walked in-she wasn't wearing a bra, and Lin Yi could see the view from his height. But for some reason, Mengyao regretted it a little after pulling her collar up. Lin Yi would only prove his charm if he peeked at her, so it was only natural that he didn't!

Mengyao felt like she'd lost her charm after living with Lin Yi for so long-why was the guy so strong? But what she didn't know was that Lin Yi was a little perverted, but he was also a gentleman. The art of Dragon mastery also had the effect of calming one's mind, which was why Lin Yi was able to stay calm in front of her and Shu.

On top of that, Lin Yi was a doctor, after all, and he treated her and Shu's body from the perspective of a doctor. He didn't have any other thoughts.

"Yaoyao, you're awake?" Lin Yi walked over and held onto Mengyao's wrist, examining her closely.

"?" Chu Mengyao saw Lin Yi's actions and found it even more strange. Tang Yun and Shu were already curious about it. Lin Yi came in and checked her body immediately. Chu Mengyao felt like she was recovering from a serious illness,"Lin Yi, what are you doing? I'm not sick!"

"You don't remember anything from yesterday?" Lin Yi had heard about it from Yushu before, but he still had to ask.

"Yesterday? What happened yesterday? what's wrong with you guys? why are you all so strange? Are you asking me the same question?" "Lin Yi, what's the situation?" Mengyao asked, surprised. Shu and Yunyun seem to be hesitating?" (To be continued.)

Chapter 1763: A strange dream (2)

Chu Mengyao wasn't stupid. When she asked earlier, Tang Yun and Chen Yushu didn't answer and went to look for Lin Yi instead. Obviously, something shocking happened yesterday.

"Yaoyao, tell me how you felt last night." Lin Yi didn't answer Chu Mengyao's question but asked.

"Yesterday ..." Mengyao frowned, trying to recall what happened yesterday. After a while, she said, "Last night, the three of us agreed that each of us would look after the pot for a while. When it was my turn, I was a little bored and sleepy, so I didn't know why I fell asleep ... I don't know what happened after that. When I woke up, I was lying in bed, and I subconsciously asked them to look at the pot ..."

"So you don't know what happened after you fell asleep?" Lin Yi nodded.

"Wait ... I think I had a dream ..." Chu Mengyao suddenly remembered last night's dream. Everyone woke up in the morning, and if they didn't try to recall it, the dream would be gone and never mentioned again. But Lin Yi and the others kept asking Chu Mengyao to remember, and so Chu Mengyao remembered her strange dream ...

"What dream?" Lin Yi quickly asked.

"I dreamed ... I dreamed that I wasn't me ..." Mengyao didn't know how to describe it.

"What do you mean you're not you?" Lin Yi blinked at Mengyao's words.

"I'm the one controlling the person in the dream, but that person doesn't seem to be me ..." Mengyao explained ambiguously, "It's like when you dream, there's SHU in your dream, and you can control her body ..."

"Wow, Yaoyao sis, you're so evil!" "Shield bro can control Shu now ..." Yushu said.

"Ahem ..." Lin Yi coughed, not knowing whether to laugh or cry. "Shu, don't mess around. Yaoyao's just giving an example, I get what she's trying to say. It's like the main character in the dream isn't her, but she can control it ..."

"It's like this!" Chu Mengyao nodded and continued, "I dreamed that I seemed to be the leader of a very powerful sect, and everyone called me Palace Master ..."

"Palace Master?" Lin Yi blinked-was this what they meant by "what you think of during the day, you dream of it at night"? They were talking about the Dark Palace just now, and this was the dream she had?

"Yes, everyone calls me Palace Master ... The strange thing is that the palace Master and I don't look the same, but we do look similar. I don't know who she is ..." Chu Mengyao continued, "It seemed like we were carrying out a sacrificial ceremony, and someone brought me an animal called the Dark Phoenix ... And I actually swallowed the Dark Phoenix ... Can you imagine? It was to swallow an animal the size of a pheasant ... Now that he thought about it, how terrifying was that? But in the dream, I seemed to be doing something that was only natural ..."

Tang Yun and Shu's faces were filled with a weird expression after Mengyao said that. Lin Yi didn't know if he should laugh or cry. When Mengyao asked "can you imagine it?", everyone had the same thought. Not only could they imagine it, they saw it with their own eyes!

Everyone saw it with their own eyes yesterday. Chu Mengyao swallowed the black Phoenix. Was that the Dark Phoenix that Chu Mengyao was talking about?

"And then?" Lin Yi didn't say much and continued asking.

“Then ... Then I seemed to have entered a very mysterious state. I could see the scenes in the dream, and I knew that I was unconscious in the dream. At that time, in the dream, a golden light suddenly flashed in my eyes, and then my whole body was surrounded by a Golden Ball. It circled around me in the dream, and finally gathered on my back, forming a pair of golden wings ... At that time, everyone present bowed to me and congratulated me, “Congratulations, I got the Dark Phoenix bloodline ...” Mengyao frowned, as if she too was shocked by the scene in her dream.

“What happened after that?” Lin Yi nodded.

“After that ... After that, I didn’t seem to have any more dreams. When I woke up, the sky was bright ...” Chu Mengyao thought for a while and said with fear, “Isn’t it scary?”

“It’s indeed scary ... But Yaoyao sis, do you know what you did yesterday?” Chen Yushu asked.

“What did I do?” Mengyao asked.

“You ... You ate the black Phoenix I bought yesterday ...” Lin Yi smiled bitterly, “It’s exactly the same as what you said in your dream. You put the black Phoenix in the pot into your mouth and swallowed it ... After that, a golden light flashed in your eyes, and your body was also covered in golden light, which finally formed a pair of golden wings ...”

“Ah?” “So ... I wasn’t dreaming?” Mengyao’s eyes widened.

“I’m not sure if it was a dream or not ... But the scene in the dream you mentioned is very similar to what happened at that time!” “That’s why Shu said you’re eating all of it for yourself,” Lin Yi said.

“No way? I just ... Ate the entire Black Phoenix that I cooked yesterday?” Mengyao touched her stomach subconsciously, but she didn’t feel anything.

“Yeah, Yaoyao sis, is that Black Phoenix good? “I wanted to try more, but you finished all the soup ...” Yushu said, licking her lips. “I love strange delicacies.”

“Is it really me?” Mengyao’s face reddened, and she pointed at herself in embarrassment.

“It’s you!” “We were scared out of our wits.” Tang Yin nodded.

“Then ... After I finish eating, will it be like what I said?” Mengyao was a little confused.

“En, that’s right!” “It’s almost exactly the same ... But luckily, you don’t seem to have any problems!” Lin Yi said.

“So scary?” Mengyao couldn’t imagine how she’d be able to swallow an entire Dark Phoenix, but Lin Yi and the others wouldn’t lie to her. The only explanation was that she really did swallow the entire Dark Phoenix last night!

However, there was nothing strange about it. This was unbelievable!

“It’s not really scary. ” “I just feel a little weird ... Did your dream hint at something?” Lin Yi said.

“A hint? Are you saying that after I swallowed the black Phoenix, I also obtained the Dark Phoenix bloodline?” Mengyao asked, confused. (To be continued.)

Chapter 1764: A strange dream (part two)

"I think, from what I know, one possibility is that your dream controls your actions, which is what we usually call sleepwalking. You dream of something that exists in reality, so your dream controls you to do something in reality." "There's been a lot of cases like that from a medical perspective," Lin Yi said. "The second possibility is that your unconscious actions in reality caused you to dream. However, the possibility of this is relatively small because you were unconscious to begin with. How could you dream?"

"Then ... What happened? If I really did consume that Black Phoenix, could it be the Dark Phoenix in my dream?" Mengyao couldn't imagine what she'd done yesterday.

"Give me a moment, let me think ..." Lin Yi said "think", but he actually wanted to ask elder Jiao if he had similar experience. After all, he knew more than him.

"Elder Jiao, do you have any idea what's going on?" Lin Yi asked as he explained the situation to elder Jiao.

"I do, but I don't ..." Elder Jiao frowned. "In my memory, there seems to be similar knowledge, but this part of the memory has not been unlocked yet ... I really can't think of it ... However, according to my understanding, this kind of thing should be called the inheritance of memory!"

"The inheritance of memories?" Lin Yi blinked. Another legacy? He had heard a lot about inheritance recently.

"Not bad!" "As far as I know, a person's memory is actually a set of brain waves, and after they die, these brain waves will exist in nature in a free form. However, under certain circumstances, they will resonate with the brain waves of other living people and absorb these brain waves ..."

"You're saying that Chu Mengyao received a set of brain waves?" Lin Yi asked.

"You can explain it this way. For example, under certain circumstances, if two people do the same thing by chance, and this set of brainwaves happens to be nearby, they may be absorbed ..." Elder Jiao nodded. "Or, the brainwaves of these two people have similar frequencies. For example, if they are relatives, they can also resonate with their brainwaves and absorb them ... In fact, this is what people often say about the dead appearing in their dreams ... Of course, this is just my shallow opinion. I don't know if it's right or not. I just came up with this conclusion based on my current memory."

"Although what you said is a little suspenseful, it seems to make sense!" Lin Yi nodded, "so you're saying that maybe a long time ago, someone ate a Dark Phoenix, and Chu Mengyao ate the same Dark Phoenix, so she had this dream?" That means that when Chu Mengyao swallowed it, the brain waves were absorbed by her, and this is the so-called memory inheritance?"

"You can understand it that way!" "Of course, you can also say that this set of brainwaves was left behind by Chu Mengyao's ancestor," elder Jiao said. The person in the dream is similar to her, so it's more likely ... She was asleep, and the Dark Phoenix that her ancestor swallowed happened to be next to her, so that set of brainwaves resonated with her brainwaves and controlled her to do some things, then gave her the dream ..."

“No way? Mengyao’s ancestor was a practitioner? And what sect is he the leader of?” Lin Yi asked, surprised.

“I don’t know. I’m just giving you an analysis. I don’t know the exact situation.” “I only mentioned the most likely possibility,” elder Jiao shook his head.

“Which means, no matter which of the two possibilities it is, it’s possible that she inherited the memory, and Chu Mengyao also has the Dark Phoenix bloodline?” Lin Yi asked.

“I don’t know,” “Maybe, maybe not, maybe it’s just a simple memory inheritance ...” Elder Jiao said.

“Okay ...” Lin Yi smiled bitterly. At least, there was nothing wrong with Chu Mengyao’s body at the moment. Lin Yi didn’t believe that she had activated some kind of inherited bloodline, but what happened yesterday was indeed unbelievable.

After exiting the Jade space, Lin Yi turned to Mengyao. “It shouldn’t be a big problem. Don’t feel any psychological burden. It’s just a dream and doesn’t mean anything. You’ve swallowed a spirit beast. It might strengthen your body and won’t bring any side effects.”

As for the memory inheritance, Lin Yi didn’t bother explaining. He didn’t want to burden Mengyao further.

“Is that so ...” Chu Mengyao heard that Lin Yi was fine, so it should be fine. After all, Lin Yi was a very good doctor. He had helped her to cure a few illnesses.

“En, if there’s nothing else, let’s go.” Lin Yi had a bad feeling in his heart. The Jade seemed to be urging him to leave as soon as possible, as if something bad was going to happen. Lin Yi didn’t want to stay.

Naturally, no one objected to Lin Yi’s suggestion. The four of them packed up, had some breakfast at the hotel, and left ...

At the same time, the dark shadow group of the Dark Palace had already started to search outside from dark night spiritual mountain!

As the trump card of the Dark Palace, the dark shadow group was absolutely professional. Therefore, they searched very carefully, with the Dark Palace as the center and spreading out. However, they didn’t find anything strange after searching the entire dark night spirit Mountain!

The person in charge of the dark shadow group immediately informed elder li, and elder li also brought this news to the Grand Elder as soon as possible.

Elder li and the Grand Elder didn’t see eye to eye with each other when it came to Mengyao, but they were always the same when it came to the big problems in the palace.

“Reporting to Grand Elder, the dark shadow group did not find anything strange in dark night spirit Mountain!” Elder Li said.

“Oh? Nothing strange?” The Grand Elder frowned and was a little confused. “Could it be that this phenomenon didn’t appear in dark night spirit Mountain? That’s not right. According to my senses, it should be around here, so I thought Wan ‘er broke through to the Sky Class and awakened the Dark Phoenix bloodline in her body ...”

“Could it be that there are other people nearby who have the Dark Phoenix bloodline in their bodies and have suddenly awakened it to receive the inheritance?” Elder Li was also very puzzled. After all, the dark shadow group didn’t find anything! He believed in the ability of the dark shadow group. Since the dark shadow group didn’t find any problems, then there was really no problem. (To be continued.)

Chapter 1765: home!

“That’s impossible! If there’s anyone in the entire Dark Palace with the Dark Phoenix bloodline, I would’ve discovered it long ago. I wouldn’t have waited until now!” “Besides, Wan ‘er is the only one left in her line ...” The Grand Elder shook her head.

“Could it be Yaoyao?” Elder Li’s expression slightly changed as he asked.

“Yaoyao? Are you talking about Chu Mengyao?” The Grand Elder snorted and said, “Do you think that’s possible? A bastard with an impure bloodline could awaken his bloodline and accept the inheritance? I know you want to bring her back to the Dark Palace, but you don’t have to say such an illogical thing at this time! You’re also an old man of the Dark Palace, so how could you not know whether it was her or not?”

“This ...” Elder Li was a little embarrassed. “I’m just casually saying ...”

“Perhaps a new dark Phoenix spirit beast has been born?” The Grand Elder guessed.

“Oh? If that’s the case, we can catch the Dark Phoenix and let Wan ‘er consume it. Then ... Wouldn’t the dark night Palace be able to recover its former glory?” Elder Li’s eyes flashed as he asked.

“Yes, but I’m just guessing ...” The Grand Elder said, “Let the dark shadow group continue the search, and then send people to the nearby towns to see if anyone has seen anything unusual.

“Yes!” Elder Li replied, and immediately sent people to continue to inquire about the news.

The work efficiency of the dark shadow group was very fast, and they quickly returned with the news! This news also shocked the entire Dark Palace!

In the chamber of the Dark Palace, everyone’s face was very serious.

“The Hunter, old sixth, said that he hunted and caught a Dark Phoenix?” The Grand elder’s breathing was rapid. It was unknown if he was overly excited or for some other reason.

“I’m not sure if it’s the Dark Phoenix, but he said it’s the legendary Dark Phoenix.” The leader of the dark shadow group who was in charge of gathering information said, “According to the other townspeople, some say it’s a wild black Chicken, while others say it’s not ... Everyone says the same thing, so it’s hard for anyone to say what it is.”

The elder on the stage nodded. Even if it was the true legendary Dark Phoenix, they had never seen him before. There were only a few descriptions in the diary of the dark night Palace. No one could tell what he looked like.

“Do you have any photos?” The Grand Elder asked.

“No, the residents of the town rarely use camera phones, and it’s very difficult for people to bring cameras at night, so there are no photos ...” The person in charge of the shadow group said, “In their eyes, it’s just a wild black-bone chicken. It’s not necessary to take a photo ...”

“Then, where is this Black Phoenix now?” This was what the Grand Elder was most concerned about.

“According to Wang laoliu, he sold the black Phoenix to these four foreign tourists for 10000 Yuan, one man and three women. When asked about their appearance, he couldn’t tell. At that time, everyone’s attention was on the 10000 Yuan, and few people noticed the appearance of these four people. Because it was evening, the light was not clear. Wang laoliu said that the three girls were very beautiful, and he was embarrassed to stare at them ...” The person in charge of the shadow group said, “When I asked about the whereabouts of the four of them, someone saw them walking towards the farmland that leads out of town ... I think they left the town ...”

After listening to the report of the head of the dark shadow group, the Grand elder’s face was a little uncertain. If Wang laoliu really killed a Dark Phoenix, then it would be eaten by others. The Dark Palace would suffer a big loss, and they would cry in their hearts!

But if it wasn’t, how could the strange phenomenon yesterday be explained?

“Continue to investigate! Check the hotel records in the town and see if there’s any news!” “Send another group of people to chase after them in the direction they left the city ...” The Grand Elder said.

“Yes!” The person in charge of the dark shadow group received the order and continued to investigate. The Grand Elder and the others did not leave and had been waiting for news in the meeting hall!

This matter was of great importance, and no one was in the mood to leave early.

The investigation of the dark shadow group quickly reached the Dark Palace. The four of them were staying in the only express hotel in the area, and the name registered for the guest was “Ling Yi”. However, with the dark shadow group’s information channels, they could not find out the specific identity of this person, and suspected that it was a fake name.

Lin Yi’s identity as Ling Yi was fake to begin with, so it was natural that the Dark Palace couldn’t find out.

However, that wasn’t what disappointed them. Last night, Ling Yi had rented an electromagnetic stove from the hotel. He must have eaten the black Phoenix that he had cooked. If the four of them ate the black Phoenix together, the purity of their bloodline wouldn’t be as pure as Wan ‘er’ s. It didn’t matter if they found it or not!

Hence, after the Grand Elder heard this news, he was extremely disappointed. “From the looks of it, the wild game they bought was probably the legendary Dark Phoenix. When they ate it, there might have been some strange phenomena. However, after the four of them ate it, the Dark Phoenix would no longer inherit its bloodline. There’s no point in us continuing to look for it.”

Everyone was silent. The one who was most disappointed was Wan ‘er. If another inheritor appeared, or if she was given the Dark Phoenix, she wouldn’t have to suffer here every day. Once she received the awakening of the bloodline and the inheritance, she would become the only master of the Dark Palace!

By then, the Grand Elder wouldn't interfere in her Affairs anymore, and she could go and meet Chu pengzhan and Chu Mengyao!

"Keep looking. Maybe there's more than one dark Phoenix! Ask Wang laoliu where he got the Dark Phoenix. We'll send people to wait for him!! Elder li ordered the person in charge of the dark shadow group.

"Yes ..." Although everyone knew that the hope was slim, it was good to have a glimmer of hope.

At this time, Lin Yi had already brought Tang Yun, Chu Mengyao, and Chen Yushu to the West Star Village.

Lin Yi had a bad feeling in his heart, so he didn't rest on the way back. He drove as fast as he could, letting Chu Mengyao, Chen Yushu, and Tang Yun rest in the car.

The three didn't know the reason and thought that Lin Yi was eager to go home, so they didn't raise any objections. In fact, Lin Yi wouldn't know how to answer even if they did.

After another day and night of travel, the destination was right in front of him. There were no highways nearby, so the last drive was unusually slow. Otherwise, he would've reached the village long ago with his speed.

"Is this the place? Shield bro, if you weren't injured last time, we would have settled down here, right?" Yushu said enviously as she looked at the beautiful scenery. (To be continued.)

Chapter 1766: wrong

"You can still take a short trip, but it'll be inconvenient if it's a long trip. Your clothes and makeup are not for sale here. Even if you want to buy them online, you'll have to drive to a town far away to pick up your mail." "This village isn't very developed," Lin Yi said.

"It's not bad, actually. I don't need any pretty clothes or makeup here. I'm actually looking forward to the days where I work and weave ..." Tang Yun said sincerely. Chen Yushu was right-if Lin Yi didn't recover his strength at the last moment, they might have come back to West Star Village ...

Although Tang Yun was a little unhappy that Chu Mengyao and Chen Yushu were coming back together, that dissatisfaction was Gone with the Wind now. Sometimes, the friendship between sisters could really resolve jealousy, but if it was not handled properly, it could escalate.

It all depended on the person's attitude. Tang Yun accepted Mengyao and Yushu, and the two accepted Tang Yun. Of course, the link between all this was Feng Xiaoxiao. If it weren't for Feng Xiaoxiao, they wouldn't have gotten along so well.

"That day will come ..." Lin Yi smiled,""But it's not time yet ..."

"Yeah, there's a lot of things we still haven't solved-Xiaoxiao's at the Ice Palace, too, so we all have to work hard ..." Tang Yun nodded,""Lin Yi, what do you think I should say when I see Grandpa Lin? I'm a little nervous ..."

The closer they got to West Star Village, the more nervous Tang Yun became.

“My old man is very kind.” “I call him old Lin, that means he’s easy to talk to. He’ll be happy that I’m bringing my wife back, right?” Lin Yi smiled.

“Ugh ...” Tang Yun blushed, “Will he think that ... I’m useless ...”

This was what Tang Yun was worried about the most-she was afraid that old Lin would think that she didn’t have a good family background or martial arts, and that she wasn’t a good match for Lin Yi! Now, Tang Yun felt that Feng Xiaoxiao was the perfect match for Lin Yi. She and Lin Yi were both practitioners, and they were like a god-like couple.

“How is that possible?” “Plus, Didn’t I tell you already?” Lin Yi said. Let’s see if there’s any way to find you guys a set of cultivation heart techniques for you to cultivate as well ...”

“En!” This was what Tang Yun wanted the most-if she could become a practitioner, or even break through to Sky Class, her life would be extended, and she’d be able to be with Lin Yi forever. Most importantly, she’d be able to stay in her most beautiful moment forever, and Lin Yi wouldn’t be tired of the old and the new anymore ...

Mengyao and Yushu didn’t say anything, but they were looking forward to it as well.

There weren’t many cars in West Star Mountain village, so Lin Yi’s car attracted a lot of attention as soon as it entered the village. When they saw that it was Lin Yi driving, they were even more enthusiastic, “Yi, you’re back? Did you earn money from this job? You’re rich?”

He’d always lied about going to work every time he went on a mission, and only old Lin and ER goudan knew what was going on-he wouldn’t tell the truth to anyone else, naturally.

“Hehe, I guess so.” Lin Yi smiled, “aunty Wang, your family’s income isn’t bad, right?” I saw you wearing a golden bangle?”

“Haha, that’s right, not bad, not bad!” Widow Wang shook the Golden bangle on her hand proudly and laughed.

“Uncle Zhang, your house looks pretty good too? You’re riding e-bikes?” Lin Yi said to the other uncle.

“Compared to you driving a small car, it’s still far from enough. But it’s already good enough that I have a car!” Uncle Zhang also said proudly.

Lin Yi greeted the neighbors one by one. The village was only so big, and everyone knew each other. Tang Yun, Chu Mengyao, and Chen Yushu were a little embarrassed-they’d never seen such passionate villagers before, and they didn’t know what to say!

Luckily, the car was tinted, so the people could only see Tang Yin in the front row. They didn’t notice Chu Mengyao and Chen Yushu in the back.

“Is this the girlfriend that doctor Lin said you brought back? Tsk, tsk, this girl is so pretty!” Widow Wang looked at Tang Yun and complimented her.

“Thank you ...” Tang Yin didn’t know how to reply.

“Haha, you look very shy!” Widow Wang burst out laughing.

“Alright, aunt Wang, stop teasing her. My girlfriend is shy!” “Let’s not talk about this for now, I’m bringing her home to take a look first. I’ll treat everyone to a meal later!” Lin Yi said, helping Tang Yun out.

“Alright, Yi, you can go back now!” Aunt Wang said, and the others made way for Lin Yi to go home first.

After all, Lin Yi hadn’t been back for a long time, and the first thing he’d do was to go home, not chat with them.

Lin Yi drove Tang Yun, Chu Mengyao, and Chen Yushu back to his familiar little courtyard. As expected, he saw Lin Dongfang sitting on the recliner in the courtyard. He seemed to have expected Lin Yi’s return, not surprised at all. He was lazily eating melon seeds and drinking wine.

Lin Yi parked his car and got off with Tang Yun, Mengyao, and Yushu. It’d been a long time since Lin Yi last saw old Lin, and he missed him quite a bit. He walked over enthusiastically, and Lin Dongfang jumped up from his chair with a whoosh.

She walked quickly towards Lin Yi.

“Old man, I finally get to see you again!” Lin Yi said as he walked over.

However, Lin Dongfang acted as if he didn’t even see Lin Yi. He brushed past him and ran straight to Tang Yun, Chu Mengyao, and Chen Yushu. He was extremely excited, “Hello, you guys must be Yi’s main wife, second wife, and third wife, right? You’re welcome to visit us!”

Lin Yi felt extremely embarrassed—he was the one who’d given him the cold shoulder, and Lin Dongfang didn’t even care about him. He’d just gone to talk to Tang Yin and the others, making Lin Yi lose face.

Old Lin’s question made Lin Yi lose even more face. Lin Yi had said that Tang Yun was his girlfriend, and Chu Mengyao and Chen Yushu were here to play together. Old Lin’s question seemed to be the one that he had introduced himself to old Lin beforehand.

“I ...” Tang Yun felt awkward at the question. She didn’t know how to answer.

Yushu, however, didn’t react at all as she replied, “Hello, Grandpa Lin, you’re mistaken. We’re not the main wife, second wife, or third wife!”

Chu Mengyao heard Chen Yushu’s words and immediately frowned. She just disrespected Lin Dongfang in public, wasn’t it embarrassing for everyone? He was about to say something to smooth things over when Yushu spoke again. (To be continued.)

Chapter 1767: Going to the cave again (part one)

“Yunyun sis and Yaoyao sis are the big wives, and I’m the small wife. I don’t have a second or third wife!” Chen Yushu replied.

“Ahem ...” Lin Dongfang was just joking, but he didn’t expect someone to be more ruthless than him. He was so shocked that he started coughing ...

“Old man, that’s how Shu is, she likes to joke around. Don’t listen to her nonsense, Let Me Introduce Her to you.” Lin Yi smiled, “this is Tang Yun. I’ve told you before. These two are Chu Mengyao and Chen Yushu. They’re good friends with Tang Yun. They’re also the employers of the mission you gave me ...”

But Lin Yi had to admit that Yushu’s one sentence did resolve the awkwardness, pulling them closer.

“Haha, I was just joking, but I didn’t expect you to be even more awesome than me!” “Welcome!” Lin Dongfang looked at Yushu and smiled.

“Haha, I’m fine!” “Shield bro really does have a small wife, but she’s not here-she’s practicing in the Ice Palace!” Yushu said.

Lin Dongfang knew that Yushu was talking about Feng Xiaoxiao, so he wasn’t surprised. He nodded, “Yi, why didn’t you tell us you were coming back? I’ve prepared some food, but you’re back so suddenly, and I didn’t prepare anything?”

“Haha, it’s okay, get er goudan to go hunt some game, we’ll have game tonight!” “Right, I’ll go get er goudan. Yunyun, Yaoyao, Shu, you guys stay here for a bit,” Lin Yi said.

“En, okay, you can go.” Tang Yin nodded as the group packed their stuff.

Lin Yi had said a long time ago that he would bring Tang Yun and the others home, so Lin Dongfang had already prepared a new room for the three of them. When Lin Yi left, he said to the three of them, “I’ll take you to your rooms. If you need anything, just tell me. Treat it like your own home. Don’t stand on ceremony!”

“Okay, Grandpa Lin. We’ve bought most of the things we need, so we don’t need anything else.” Tang Yin said.

“That’s good. You guys settle down first. I’ll clean up the stove. We’ll have wild game tonight!” Lin Dongfang led the three into a house on the side and went to clean up the stove. Since Lin Yi wasn’t home, old Lin had to clean up the food, and the stove was already very dirty.

Lin Yi arrived at goudan’s house with ease, and Yuanyuan was busy drying some vegetables and corn. She froze when she saw Lin Yi, “Lin Yi?”

“Where’s er goudan? I’m back, so I came to see him.” Lin Yi said with a smile.

“When did you come back? Why didn’t you tell me in advance? Zhou Jiaming always said that he missed you, and wanted to go see you, but there’s a lot of farm work recently, so we don’t have time.” “Zhou Jiaming went hunting in the mountains, he’ll only be back at night,” Yuanyuan said, surprised.

“Then I’ll go find him.” Lin Yi used to go up the mountain with er goudan a lot, so he knew where he would be.

“Sure, go find him then. By the way, do you want to have dinner at my house? Let’s eat some wild game?” Yu Yuanyuan invited.

“Tang Yun, Yaoyao, and Shu are all back. They’re at my place. You guys should go over tonight?” Lin Yi said.

"That's fine too," Yu Yuanyuan nodded.

Lin Yi walked out of er goudan's house and headed towards west Star Mountain. The mountain was very dangerous, and there were a lot of wild animals. Normal hunters didn't dare to go deep into the mountain, only hunting some animals at the foot of the mountain. Er goudan, on the other hand, didn't mind. He could go straight into the mountain and hunt.

No beast had ever been able to escape from goudan's punch-he'd really killed it in one hit, not giving the beast a chance to fight back.

"Uncle Wang, are you hunting?" At the foot of West Star Mountain, Lin Yi saw the old hunter King and greeted him.

"Yi's back?" Uncle Wang grabbed a wild chicken, turned around, and grinned." "When did you come back?"

"It's today, I'm here to see er goudan. Did you see him, Master Wang?" Lin Yi asked.

"I see it. It's going up the mountain. It's just up there!" Uncle Wang said,"only this kid is born with divine strength and dares to go up to hunt. If an ordinary person goes up, it's really a one-way trip!" Oh right, and you, you two are really ..."

"Haha, I've been practicing Kung Fu with an old man since I was a child." "I'll head up first,"Lin Yi said with a smile.

"Go, come and play when you're free!" Uncle Wang said.

Everyone in the village knew that Lin Yi knew Kung Fu, but no one knew how strong he was. Most people thought that Lin Yi was just stronger than normal people to strengthen his body.

"Who is it?" Er goudan's intuition was very sharp-he would've been dead if a wild beast had ambushed him from behind! Although he was extremely strong, his defense was no different from a normal person's. Therefore, he had to maintain an extremely high vigilance. When a wild beast approached him, he had to react at the first moment!

However, he heard footsteps-it wasn't the footsteps of a beast, but the footsteps of a human. This made er goudan very curious, because no one else dared to enter the mountain other than him.

"It's me. " Lin Yi was very satisfied with goudan's intuition. He didn't hide his footsteps to test him-there couldn't be practitioners attacking him in this forest, and even if there were, it'd only be beasts.

"Boss?" Goudan blinked, surprised and happy as he turned around and looked at Lin Yi in disbelief."Boss, you're back?"

"Didn't I tell you? I'll definitely be back in August. " Lin Yi nodded,"I just arrived today. Tang Yin and the others are here too. Do you want to come to my house tonight?"

"Sure, I'll bring Roly Poly over." Goudan nodded, remembering that Lin Yi said he'd be back in August before he left. He didn't think much of it back then, but he remembered now.

Lin Yi was going to enter the cave this year during the full moon in August. He didn't know who made this five-year promise, but it was true that they could only enter for five years, so Lin Yi couldn't miss it again.

There were still a few days before the full moon, so Lin Yi wasn't in a rush.

"How's today's harvest?" Lin Yi looked behind goudan-there wasn't anything there. (To be continued.)

Chapter 1768: Going to the cave again (part two)

"Heh ..." Er goudan was a little embarrassed,""Don't mention it. I had a stomachache this morning, so I just found a place to settle it ... But it's okay, I'll go hunt some wild game for dinner!"

"Alright, then let's split up. We'll meet at my house!" Lin Yi was in a hurry to go check out the cave, but he couldn't bring goudan along with him. This was a secret, and only he knew about it, other than old Lin. Goudan was a reliable person, but this was a big deal, and he didn't want him to spill the beans.

"Alright!" Goudan said without hesitation-they'd been separated a lot when they were hunting, after all, and Lin Yi used it as an excuse to check out the cave for any possibilities of opening it early.

However, he couldn't open the door until he had completed the first stage of the art of Dragon mastery. Now that Lin Yi had done it, he wanted to see if he could open the door before the full moon.

After parting ways with er goudan, Lin Yi headed straight for the top of the mountain. Here, Lin Yi was the king of the forest. Most of the wild beasts here knew him and had suffered under him before. Wherever he went, the wild beasts would avoid him. Lin Yi's aura made the wild beasts instinctively feel a sense of danger, just like general Weiwu back then.

At the top of the mountain, Lin Yi jumped off the steep cliff. With his current strength, he could jump back and forth without any pressure.

He came to the entrance of the cave he'd been to dozens of times before and placed his hand on the stone door, channeling the art of Dragon mastery. The stone door didn't respond.

Lin Yi sighed with a bitter smile. It seemed like he had to come on a full moon's night. There was no point in coming before.

Fortunately, the full moon was only a few days away. Lin Yi checked around the cave and found that the traps he set up before he left hadn't been touched. No one had been here before, so he could leave without worry.

When they got home, er goudan was already in the yard with old Lin, cleaning up the food. Tang Yun and the others wanted to help, but the scene was too bloody. They had to cut the food into small pieces before they could help.

Tang Yun used to live in a house, so she was fine with the farmer's life. Mengyao and Yushu, on the other hand, found it new and interesting. Their villa was similar to a house, but this was the first time they'd seen someone set up a stove in the yard to cook.

"It's fun, shield bro. Did you live here when you were little?" Yushu was pacing around the yard like a curious baby.

“As time goes on, you’ll feel bored.” “We don’t have the entertainment stuff that big cities have,” Lin Yi said. “We can only watch TV or play some wireless internet at night.”

“That’s true.” “But, as long as I’m with shield bro, I find it interesting.” Yushu nodded.

“Ha ...” Lin Yi smiled and shrugged, not saying anything.

At night, everyone sat in front of the fire to barbeque and eat meat. Old Lin was very happy with the box of Erguotou that Tang Yin brought him. He opened one bottle like it was a treasure and poured himself a cup, then poured one for er goudan and a cup of water for Lin Yi.

This action made Tang Yun, Yaoyao, and Shu feel weird-old Lin wasn’t that stingy, was he? They were all drinking, pouring water for Lin Yi?

“Hehe, maybe it’s because of the uniqueness of my mental cultivation method. I’ve never gotten drunk from drinking wine, so it’s a waste for me to drink it. It’s no different from drinking water.” Lin Yi explained with a smile, seeing the confusion in the girls’ eyes.

“I see ...” Tang Yun and the others were relieved.

Although Lin Yi was drinking water, everyone was having a great time, especially old Lin. He smiled at Lin Yi, Tang Yun, Mengyao, and Yushu, “Yi, you’re the best-er goudan brought back a wife, and you brought back three-my gift isn’t enough to split ...”

“It’s okay, Grandpa Lin, Lin Yi told us about you already. He said that you’ve donated all your money to the poor kids, we don’t need any gifts ...” Tang Yun said quickly.

“Yeah, we’re all family, no need to be so polite.” Chen Yushu continued.

Lin Yi, old Lin, and goudan burst out laughing-Yushu really didn’t see them as outsiders!

After three rounds, old Lin sobered up a little. “Yi, I heard that you’re looking for a practitioner’s Arts for Yunyun and the others?”

“Yes, that’s what I meant.” “Yeah,” Lin Yi nodded, “Xiaoxiao’s a practitioner now, and they want to ...”

“I see ...” Old Lin said after a pause, “Everyone’s physique is different, so the mantra that is suitable for cultivation is also different. For example, the mantra that you’re cultivating has no effect on me! I’m the same as er goudan, a physical practitioner with no class-I may be using spiritual arts, but it’s still just a support type, and I’m not Sky Class yet, so I can’t suppress my body’s condition. My situation isn’t suitable for them ...”

“That’s right. That’s exactly what I’m troubled about. Master has also left. Otherwise, I should be able to get some useful information from him ... After all, he knows more.” “So, you don’t have any other way?” Lin Yi sighed.

“Yes ... I can try to contact someone for you. Maybe he has a way, but maybe he doesn’t.” Old Lin said, “as far as I know, the practitioner’s Arts you’re practicing is the most powerful one among us. The others are all for strengthening the body. For example, the one your master and I are practicing-we’re both internal and external, and we’ve reached a certain level in our physical arts, but we don’t have a grade, and we haven’t made much of a contribution in our spiritual arts either ...”

Lin Yi's eyes flashed with surprise at the old man's words-it seemed that the old man had some connections he didn't know about ...

"Then, old man, please help me keep an eye on this matter." "Right, you and ER goudan haven't found a solution yet?" Lin Yi asked, not bothering to be polite. Is there no way to take the spring water out of West Star Mountain village?"

"It's been so many years, and there's still no result. I'm about to give up." Old Lin said, chuckling. (To be continued.)

Chapter 1769: Eavesdropping

Lin Yi nodded, not saying anything else.

The nights in the West Star Mountain village were quiet and the sky was pure. In the city, it was rare to enjoy such tranquility and see the beautiful starry sky.

Lin Yi and Tang Yun sat on a big rock in the courtyard, enjoying the warmth of the moment. Chu Mengyao and Chen Yushu didn't disturb Lin Yi and Tang Yun at the moment. Although the three of them were very close, Lin Yi didn't get many chances to be alone with Tang Yun on the way here. Now that they were in the West Star Village, they gave Lin Yi and Tang Yun this opportunity.

After all, even though old Lin was just joking, Mengyao didn't want to be so shameless. Tang Yin was Lin Yi's girlfriend, and it wouldn't be right for her and Shu to get involved.

"Are you used to it?" Lin Yi put an arm around Tang Yin's shoulder-it was a rare moment like this between the two.

"I'm fine ..." Tang Yin blushed as Lin Yi hugged her. She subconsciously toyed with the ring on her finger. Although she wasn't jealous of Chu Mengyao and Chen Yushu anymore, she was still a little competitive at times. This ring was a gift from Lin Yi. Even if Chu Mengyao and Chen Yushu became Lin Yi's second wife and second wife, Tang Yin was still one of a kind, a very special one.

"That's good, I'm just worried that you guys won't be used to it ..." Lin Yi said,""We were going to bring you home last time, but we've been waiting until now. This is how it's like, and if we acted rashly last time, we might've ended up like er goudan and Yu Yuanyuan, living here for the rest of our lives,"

"Isn't that better?" Tang Yin said subconsciously.

"Hmm?" Lin Yi blinked.

"It's nothing!" Tang Yun's face reddened even more as she accidentally revealed her little plan. She couldn't let Chu Mengyao and Chen Yushu hear it.

However, behind a pile of firewood not far away, two little spies were squatting.

"Yaoyao sis ... Yunyun sis seems to still have some issues with us ..." Yushu said softly.

"That's for sure-who told you to keep talking about being Lin Yi's small wife? Yin Yin's already done a good job, she didn't kick you out." Chu Mengyao glared at Chen Yushu and scolded. However, she was thinking in her heart, was the knot in Tang Yun's heart Chen Yushu or herself?

“Isn’t Xiaoxiao a small wife too? how come she doesn’t have a knot in her heart ...” Chen Yushu was not convinced.

“She was about to die at that time, how could it be the same? You’re fine ... If you die, Lin Yi might marry you too, and Tang Yin might even agree to it.” Mengyao said, annoyed.

“It’s hard to say, maybe I’ll have such a day too?” Yushu said.

“You jinx!” Mengyao didn’t know whether to laugh or cry. “Can’t you say something more positive? You’re still thinking about this?”

“Ah, I’m just telling the truth ...” Chen Yushu raised her head and looked at the sky full of stars, “No one knows what will happen to them in the future. Even I, Prophet Shu, don’t know ...”

“Shu, why’re you suddenly so deep?” Mengyao blinked.

“No, I’m just joking.” Chen Yushu grinned.

“Acting mysterious, you scared me to death!” Mengyao sighed in relief.

In fact, Lin Yi had heard every single word of the conversation between Chu Mengyao and Chen Yushu. Lin Yi was an Earth Class master after all, how could this kind of private talk escape his ears? However, Lin Yi wouldn’t expose her on purpose. He pretended not to hear her.

It was a rare opportunity to be alone with Tang Yin, and Lin Yi naturally cherished it.

“I wonder how Xiaoxiao is doing. “The last time I saw her ... It wasn’t even a few days, and I’m already missing her ...” Tang Yin said, sighing.

“You ... Sometimes, you get a little jealous, but after she leaves, you miss her again.” Lin Yi said helplessly.

“Yeah ... Although I’m not too happy that she’s your girlfriend sometimes, I miss her again after she’s gone.” Tang Yin was such a soft-hearted person.

“Hehe, maybe a year, maybe two years. When the time comes, we’ll bring her back together.” Lin Yi promised in his heart that he would become an elixir master. It was just a matter of time now, but there was no progress at all in his elixir making skills!

What Lin Yi lacked right now was a good teacher. All the sky elixir sect’s elixir Masters had someone to guide them, even the Hidden House you had someone to guide them. Only Lin Yi couldn’t get the point of his own research. But as of now, Lin Yi wasn’t on good terms with the Hidden House you and the sky elixir sect, and he couldn’t go ask them for help. There was only one second level refiner in the Ice Palace, but Lin Yi couldn’t bring himself to go and ask. He heard that the refiner was very arrogant, and in the Ice Palace, only the candy girl’s words worked. Even if Lin Yi went to learn, she might not even be willing to teach him.

“Alright!” “I really hope ... That I can be like tonight, forgetting all my worries and living a carefree life, sitting in the yard and looking at the stars ... That’ll be a Wonderful Life ...”

“One day, I’ll be with you all ... Every day ...” Lin Yi couldn’t help but pause when he said “you all”.

“Haha, it’s okay, I’ve thought it through again. If Yao Yao and Shu want to come, we can go too. We can find a place or live here, it’ll be fun ...” Tang Yun said, “However, you seem to be someone who can’t stay idle.”

“Yaoyao and Shu?” Lin Yi looked at Tang Yin, surprised.

“Yaoyao doesn’t know what she’s thinking, but Shu probably likes you. Since I’ve accepted Xiaoxiao, how could I reject her?” Tang Yin smiled, returning to her usual carefree self. “Alright, let’s not talk about this anymore ... Did Grandpa Lin tell you his opinion of me in private today?”

“No, I didn’t,” Lin Yi shook his head, “he seems to like you a lot, but he’s always like this. He’s always unreliable. He likes all of you.”

“Hehe, that’s good.” Tang Yin nodded. Lin Yi was an orphan, so Grandpa Lin, who had raised him since he was young, was naturally Lin Yi’s parent. His attitude would directly affect whether Tang Yin could stay in the Lin House in the future. Since Grandpa Lin didn’t have any objections, then it was fine.

“Yunyun’s a good person, Shu. If you really want to be with Lin Yi, don’t try to bully her with your little tricks. She’s a very kind person.” Mengyao said, a little emotional. (To be continued.)

Chapter 1770: engagement

“Of course, Shu’s the best, she never bullies her own family.” “They bully outsiders,” Yushu said.

“Yeah.” “You’ve heard everything you wanted to hear, we should go back and rest” Mengyao nodded.

“Yeah ... Yaoyao sis, why aren’t they asleep yet? I’m a little sleepy ... Yawn ...” Chen Yushu yawned, but if Lin Yi and Tang Yun didn’t leave, they couldn’t leave either. The yard was very quiet in the middle of the night, and they would be discovered if they moved.

“Who told you to be Shu the spy 007? now, if they want to spend a romantic night here, we’ll sleep behind the firewood!” “So many mosquitoes” Mengyao said, annoyed.

“Why don’t we just go out? it’s not like it’s a big deal ...” Chen Yushu felt that she would be covered in mosquito bites the next day if she slept here.

“If you want to go, go by yourself. I’m not going.” Chu Mengyao couldn’t afford to be embarrassed. Eavesdropping on other people’s private conversations was embarrassing.

But Lin Yi heard their conversation, and he couldn’t help but smile, “Yin Yin, let’s go out for a walk-the Air’s pretty fresh here at night, and my legs’re gonna get sore if I keep sitting here,”

“Alright.” Tang Yin nodded as Lin Yi held her hand naturally, and the two walked out of the garden.

Mengyao and Yushu, on the other hand, took the chance to return to their rooms, but their bodies were covered in mosquito bites ... Even with mosquito repellent and mosquito repellent, the mosquitoes were too overbearing.

Back in the room, Chen Yushu lit up the mosquito incense and rubbed the essential oil on each other with Chu Mengyao. After a while, Tang Yun came back and looked at Chu Mengyao and Chen Yushu strangely.

“Eh? Why are there so many mosquito bites on you? There are still so many mosquitoes in this room even with the mosquito fragrance?” Tang Yin asked, surprised.

“Hmm ... There are indeed a lot of mosquitoes here ...” Mengyao said awkwardly.

“I was outside, so I wasn’t bitten. That’s weird ...” There wasn’t a single mosquito bite on Tang Yun’s body. What she didn’t know was that Lin Yi had used his pure Qi to drive the mosquitoes away. Chu Mengyao and Chen Yushu were too far away, and Lin Yi couldn’t take care of them.

“You weren’t bitten?” Chen Yushu was surprised and complained, “This mosquito is so biased. Yaoyao sis and I were bitten, why didn’t it bite you? We’re not far from here ...”

“Not far away? What did that mean? Weren’t you guys in the house?” Tang Yin blinked.

“Ahem ... Shu’s saying that she felt a bit upset because we were so close to each other, and you weren’t bitten.” Mengyao explained.

“Oh ... I see, maybe it’s because the room’s too small and the mosquitoes are all gathered together ...” Tang Yun didn’t know how to explain, “Are there any mosquitoes left? I’ll help you kill the mosquitoes?”

“It’s fine, they’re all dead and there’s a mosquito scent. There won’t be any more ...” Mengyao said quickly.

“Oh ...” Tang Yin nodded.

Life in the village was carefree and happy, and when the villagers heard that three city beauties had come to old Lin’s house, they all came to visit, envious of Lin Yi’s luck with women. Er goudan’s wife was from the city, and the villagers were already envious, but Lin Yi brought back three of them!

However, these people were only looking at it. They knew their own capabilities and would not introduce their relatives and friends ‘children of the right age to go on blind dates.

Of course, the novelty only lasted for a few days, and things went back to normal after that. Other than playing with the three girls, Lin Yi spent most of his time with er goudan.

“Boss, you’re at home, and I’m getting ready to get engaged with Yuanyuan. We’ll hold an engagement party in a few days. You have to come!” Goudan said.

“Engaged?” Lin Yi wasn’t surprised. Goudan and Yuanyuan weren’t of marriageable age yet, but according to the village customs, they could get engaged first. After that, it was the same as marriage, and everyone in the village would see Yuanyuan as a real member of goudan’s family.

“That’s right, boss, do you want to be engaged to me together?” Goudan asked.

“I’ll pass ...” Lin Yi thought about his situation and rejected the offer. How could he get engaged? With Tang Yin? Would Shu be unhappy? And Xiaoxiao wasn’t here, why would he join in?

In the blink of an eye, it was the day of er goudan's engagement. The quiet village was suddenly bustling with life, with lights and decorations everywhere. All the relatives and friends of the village came to show their support, and as the host, er goudan's family had already started preparing!

Wild boar, pheasant, duck, roe deer, all sorts of wild animals were present. Even some corn, potatoes, and vegetables were all prepared a few days in advance. This morning, as the sun rose, goudan's kitchen started to get busy!

All kinds of relatives who knew how to cook came to help because there were too many banquets. There were as many as 100 tables. It could be said that all the residents of the village, including those from other villages, had rushed over. It was like this here. Whoever had a red and white wedding, everyone would come to support. As for whether they would give a monetary gift or not, it was a small matter. This kind of lively scene was what they wanted.

As er goudan's best friend, Lin Yi naturally helped out with all the preparations. Chu Mengyao, Chen Yushu, and Tang Yun didn't rest either, they became waiters and helped to pass the dishes back and forth!

In fact, there were not many rules for an engagement in the mountain village. The two parties involved would show their faces on the stage, say some formal words, and spend the rest of their lives together. Then, the theatrical troupe would be invited to perform. The parties involved would have nothing to do.

Everyone was here to watch the show, while the newbies went to change their clothes. They toasted at every table. Of course, regardless of whether they knew each other or not, they still had to toast. This was a tradition of the village.

"This is so interesting. Will we be engaged like this in the future?" Tang Yin said with envy.

"If you want to, you can naturally do it. I'm just afraid that you'll find it too noisy." Lin Yi said.

"That's right ... We, me and Xiaoxiao, how could we be engaged to you together? Wouldn't people laugh at us if we did that?" "It's better to keep a low profile," Tang Yin shook her head.

Lin Yi didn't know how to reply to Tang Yin's words. He could only smile bitterly in response. Tang Yin was right. What would happen if two people got engaged together? (To be continued.)
