

Bodyguard 1811

Chapter 1811: Rock Candy's sister

Tang Yun and Chu Mengyao looked at each other and saw the frustration in each other's eyes. However, Tang Yun still didn't want to give up! If she really left like this, Lin Yi would most likely be in danger-it would be worse than killing her!

"Elder Zhang, can we trouble you to introduce us to the valley master and personally make a request?" Tang Yin knew that this request was a bit too much, but she had no other choice.

"Little girl, I Think You Should Leave ..." Elder Zhang smiled bitterly. Xue Li had been defeated by Bing Tang, which was why Xue Li said "no" before he could finish his words. So in his opinion, Xue Li would never agree to their proposal no matter what Tang Yun said. After all, there was no precedent in the history of the snow Valley. How could there be credit?

"Elder Zhang, please, we can really gather the money, but my friend can't wait that long ..." Tang Yun bowed deeply to elder Zhang again and said, "I'll have to trouble you!"

"Little girl, nothing can be accomplished without rules. Although I believe you, the valley master may not believe you. If the snow Valley does business like this in the future, wouldn't it be a mess?" Elder Zhang said, "little girl, you may not know, but how can you meet the valley master so easily?" Even if the sect's disciples want to see the valley master, they may not be able to see him ..."

Elder Zhang didn't make it clear, but the meaning was obvious. It was impossible for Tang Yun and the others to see the valley master!

Tang Yun hesitated and clenched her teeth. "Elder Zhang, please tell the sect master that I'm the sister of the sect master Bing Tang-please don't worry, we won't give a single cent less. This time, my friend ate the fruit, so I'll go to the Ice Palace to get the money ..."

"What?" Elder Zhang's face was full of shock after hearing Tang Yun's words. He had thought that Tang Yun was only connected to some small family or sect and was introduced to the valley. After all, the valley was different from the other ancient sects. Many people knew the location of the valley. It was no secret.

"We can even mortgage my friend here, and when we get the money, we'll take him away ..." Tang Yun was afraid that elder Zhang wouldn't agree, so she added.

However, elder Zhang's face revealed a strange expression. "You're saying ... You're the sister of the sect master?"

"Yes, I am!" Tang Yin nodded.

Elder Zhang couldn't quite react. Wasn't Rock Candy an orphan? Why is there a younger sister? What was going on?

"From what I know, the sect master is an orphan-why would she have a sister?" Elder Zhang asked.

"We just got to know each other ..." Tang Yun said, "If you don't believe me, elder Zhang, you can ask the Ice Palace if you can ..."

At first, Tang Yin didn't want to reveal her identity, but she had no other choice now. If she didn't say it now, they would kick her out. So, she decided to say it.

"Wait a moment, I'll report to the valley master ..." Elder Zhang was suspicious, but Tang Yun didn't seem to be lying. After all, this kind of thing could be easily found out, and she didn't have to lie!

If the snow Valley really found out that she was lying, then she could forget about getting the ice Spirit fruit.

"Many thanks, elder Zhang!" Tang Yun heard elder Zhang's words and relaxed. There was finally hope.

"May I ask what your name is?" Elder Zhang asked.

"Tang Yin!" Tang Yin said.

"Alright, you can wait here." After elder Zhang finished speaking, he left the guest room once again.

Elder Zhang's face had returned to normal, but his heart was in a state of shock-these normal looking people were actually related to the sect master Bing Tang? However, since rock sugar was involved, elder Zhang couldn't make the decision himself, so he could only ask Valley master Xue Li again.

"Valley Lord Xue!" After the disciple's announcement, elder Zhang entered Xue Li's room again.

"Elder Zhang, why have you returned? Those people have left?" Xue Li felt a little strange. Elder Zhang had just asked those people about the credit, but in less than 15 minutes, he came back again, which made her a little confused.

"No... Those people wanted to see the valley master personally ..." Elder Zhang said, "Valley master Xue ..."

However, before elder Zhang could finish his words, Xue Li's originally gloomy face became even gloomier. Her originally delicate and beautiful face became a little strange, "See me? Elder Zhang, you still have to report this kind of thing? Why didn't you just reject him?"

Xue Li wasn't Sky Class late phase peak, but she had a lot of prestige in the valley-it was because she was the last disciple of the Grand Elder and the old master.

"Valley master, that's what I've told them, but one of them claims to be the sister of the sect master ... I can't make a decision, and so I've come to ask for your opinion." Elder Zhang said with a bitter smile.

"Ice Palace? Palace Master? Which Palace Master?" Xue Li was slightly stunned.

"Ice Palace's Bing Tang Palace Master ..." Elder Zhang wasn't surprised to see Xue Li's reaction. After all, he was also shocked when he heard the news.

"What? She's rock Candy's sister?" Xue Li's face changed slightly, but then a trace of embarrassment flashed across her face! Thinking back to how Bing Tang had rejected her suggestion, she felt very displeased. You just rejected her, and the next thing you do is ask your sister to come and buy the ice Spirit fruit. Are you looking down on the snow Valley?

"Yes, so Valley master, it's better for you to meet him in person ..." Elder Zhang smiled bitterly, "After all, we're from the same sect as the Ice Palace ..."

“We’re of the same bloodline ... If Rock Candy really sees the fact that we’re of the same bloodline, why would he reject our proposal?” Although Xue Li was the head of a Valley, she was still young and not as mature as the elders. “Let them go, don’t stay here and make me angry!”

“Yes...This Zhang will send them away right now ...” Elder Zhang smiled bitterly. Xue Li was venting her anger on her younger sister. It was good that he didn’t mention this relationship, but once he mentioned it, Xue Li became more irritated.

“Wait!” A voice was heard. Before the person arrived, the voice had already arrived. Then, a figure appeared in front of Xue Li and elder Zhang.

However, when they saw who it was, Xue Li and elder Zhang’s expression became serious, they cupped their fists and saluted, “Greetings, Grand Elder!” (To be continued.)

Chapter 1812: turning around

“What’s the matter? I just passed by this place and heard that Rock Candy’s sister is here?” The Grand Elder asked elder Zhang.

“Yes, it’s like this ...” Elder Zhang did not dare to hide anything and explained the situation to Grand Elder in detail.

“Oh? What’s her name?” The Grand Elder asked.

“She said her name is Tang Yin.” Elder Zhang said.

“Tang Yun ...” The Grand elder’s expression changed. Rock Candy’s relationship with the Hidden House Tang was a secret in the hidden Noble House, but it wasn’t a secret in the ancient world. The valley had their own channels of information, and the Grand Elder knew that Rock Candy was related to the Hidden House Tang!

After all, their whereabouts could not be hidden from the snow Valley. If the person’s surname was Tang, she might really be Rock Candy’s sister.

“Xiaoli, elder Zhang, come with me to see the sect master’s sister ...” The Grand Elder said.

“Grand Elder, Bing Tang just rejected our suggestion ... Why should we give her face?” Xue Li asked the Grand Elder in confusion.

Xiaoli, do you think I’m giving you candy noodles?” “Bing Tang is Sky Class late phase peak as well, but she’s still weaker than me-why would I be afraid of her?” the elder said faintly.

“Then you are ...” Xue Li and elder li were confused! The Grand Elder usually didn’t see guests. Even if the emissaries of other ancient sects or families came, the Grand Elder wouldn’t show up. Only when the sect leader came to the valley would the Grand Elder show up.

But today, for the sake of a Rock Candy’s younger sister, the Grand Elder actually had to personally go and receive him. It really made people feel a little incredulous.

“Xiaoli, why did you contact Rock Candy before?” The Grand Elder asked.

“Is it because of ... The inheritor?” Xue Li was not stupid. After the Grand elder’s reminder, she immediately realized something and a trace of joy flashed in her eyes,””Grand Elder, you mean to say ...”

“Not bad! Since the rock Candy has a fake ice heart Jade bone body constitution, then could her sister have the same Constitution?” “If her younger sister has the same Constitution, then all we have to do is to take her in and make her an icy heart Jadestone pill. That would solve the many years of troubles of the snow Valley!” The Grand Elder nodded.

“Alright, let’s go and take a look!” Xue Li was a little excited, and her face had an abnormal blush, but the cold air on her body also rose to the extreme with her mood fluctuations. The whole room seemed to be covered in ice and snow, and all the furniture in the room was covered with a layer of frost.

Fortunately, elder li and the Grand Elder both cultivated ice-type mental cultivation methods, so they were not affected much. If it were a normal person, they would have frozen to death long ago!

“Xiaoli, how many times have I told you? cultivating the heartless technique is also cultivating your heart. Only by maintaining an icy heart can you go further on the path of martial arts. You’re easily angered, but it’s not easy to cultivate your heart ... Not being happy by things, not being sad by yourself, that’s the highest realm of an icy heart.

Xiaoli immediately felt a little embarrassed, and lowered her head in front of the elders on the stage like a child.””I’m sorry, Grand Elder, I’m angry ...”

“Forget it, who hasn’t been young before?” The Grand Elder shook her head helplessly. It was obvious that she loved Xue Li very much,””You’re only in your twenties. It’s normal for you to be like a child ...”

But elder Zhang did not make a sound at the side. At this time, he could only pretend to be deaf and mute as if he did not see! The Grand elder’s attitude towards Xue Li was very good, but not necessarily towards the others. The rules of the snow Valley were strict. If elder Zhang laughed, he would probably be punished to patrol the valley, even if he was an elder!

The Grand Elder, Xue Li, and elder Zhang came to the guest room together. The appearance of the Grand Elder and Xue Li made it difficult for Tang Yun to judge who was the master of the snow Valley.”Greetings to Valley master and elder Zhang ...”

“This is the Grand Elder of our Snow Valley!” Elder Zhang gave Tang Yun a look and introduced.

“Ah ... Greetings, Grand Elder ...” Tang Yun was shocked. Why was the Grand Elder here? At first, she thought that it was already very difficult to see the valley master, but now even the Grand Elder had come. This made Tang Yun a little scared. She didn’t know why the snow Valley had such a big show. Could it be because of the rock Candy?

“Who’s Tang Yin?” The Grand Elder asked.

“It’s me ...” Tang Yin said carefully.

“Stretch out your hand and let this old woman take a look.” The Grand Elder looked at Tang Yun and said.

“Ah? “Okay ...” Tang Yin didn’t know what the Grand Elder meant, but she still stretched out her hand and handed it to him.

The Grand Elder took Tang Yun's pulse as if he was checking something. Elder Zhang and Xue Li didn't say anything, which made Tang Yun, Mengyao, and Yushu suspicious, but they didn't dare to ask.

Although the Grand Elder did not say anything, her brows were slightly furrowed. After about the time it took to make a cup of tea, the Grand Elder sighed and shook her head slightly. "Elder Zhang, send them off!"

Tang Yun, Mengyao, and Yushu's faces changed. They didn't know why the Grand Elder wanted to see them out, but Tang Yun didn't want to let go of this last chance. She almost cried, "Grand Elder, Valley master, please help us. I'm begging you. One billion, we'll definitely pay you without a single cent missing ..."

The Grand Elder didn't even want to say a word. Sometimes, things were just that realistic. If the Grand Elder found out that Tang Yun really had the fake ice heart Jade bone body, he would probably try his best to please her and make her stay. But Tang Yun didn't. She was no different from an ordinary person in the Grand elder's eyes.

"I'm begging you!" Tang Yin, on the other hand, remembered something-Xiaoxiao had been chosen by the Ice Palace because of her cold Yin body, and had become their inheritor-it was because of that that she'd been able to live on. Things would've been different if Xiaoxiao didn't have a cold Yin body ... Luckily, Lin Yi's perseverance had touched elder Qing, and she'd found out about Xiaoxiao's cold Yin body!

The Grand Elder was probably testing her body before, but she knew that she didn't have a cold Yin body. However, he didn't have the ice heart Jade bone physique either. He didn't even have the fake ice heart Jade bone physique like Bing Tang. Otherwise, Bing Tang would have discovered it long ago, and the Grand Elder of the snow Valley wouldn't have had the chance to check it ...

Chapter 1813: sincerity

With that thought, Tang Yun understood the reason why the snow Valley had gathered so many people. However, she thought of something else. Lin Yi's persistence in love had touched elder Qing and Bing Tang. Then, could she also touch the snow Valley's master and great elder?

As she thought of this, Tang Yun slowly knelt down in front of the Grand Elder and valley master. She said with an extremely sincere expression, "Please, please, please save my lover. If he doesn't get treatment in time, I'm afraid ..."

The Grand Elder did not turn around, but the aura she exuded had a momentum that kept people at arm's length. Xue Li followed behind her and left the guest room ...

The Grand Elder and Xue Li both cultivated the heartless secret art of the snow Valley. They both had cold hearts. How could they be touched by Tang Yun's kneeling?

However, the heartless Sutra was only suitable for women. Although elder Zhang was also cultivating the ice element, he didn't need to cultivate the ice heart. So, when he saw Xue Li and the Grand Elder leaving, he couldn't help but smile bitterly and said to Tang Yun, "Little girl, let's go. Don't annoy the valley master and the Grand Elder ..."

"I ..." Tang Yun's tears fell helplessly. Her heart was filled with grievance and bitterness! Tang Yin was born poor, but she had her own pride and determination. When had she ever kneeled before anyone? But for Lin Yi's sake, she had to lower her head ...

"Little girl, don't make things difficult for this Zhang. With you all here, if Valley master and Grand Elder blame me, this Zhang will also have to suffer!" Elder Zhang said.

"I'm sorry ..." Tang Yun wiped her tears and stood up slowly, her red eyes filled with determination, "Elder Zhang, please tell Grand Elder and valley master that I will kneel outside the gate of the snowy valley and won't be able to get up. If I don't get the ice Spirit fruit, I'd rather freeze to death in the snowy mountain ..."

"This ... Why do you have to do this ..." Elder Zhang smiled bitterly, not knowing what to say. He knew that with the Supreme elder and Xue Li's characters, they would definitely watch Tang Yun freeze to death. For people who practiced the heartless secret art, how could they sympathize with others?

Tang Yun bowed deeply to the Grand Elder and left the guest room, walking out of the valley ...

"Yunyun, you ... You did this ..." Chu Mengyao was a little shocked. She didn't think that Tang Yun would come up with such a shameless method, but she remembered that Lin Yi used this method to save Feng Xiaoxiao before. Chu Mengyao understood that Tang Yun must be learning from Lin Yi ...

"I've made up my mind ... This is our last chance, we don't have time to go to the Ice Palace ..." Tang Yun said firmly.

Of all the people here, only Lin Yi had the Ice Palace's contact information-even Tang Yin's parents didn't have candy 's. Old Lin and kongwen didn't have it either-kongwen knew the route to the valley because they were an ancient sect famous for selling and trading treasures.

"But ... It's cold here, you're different from Lin Yi, he's a practitioner, you're not. You'll freeze to death here!" Mengyao was startled and tried to stop him.

"I've said it before, and I'll do it!" Tang Yin looked at the unconscious Lin Yi and said firmly, "I've known him for so long ... But I've never done anything for him ..." He said.

"Ah ..." Chu Mengyao sighed helplessly. The weather outside the valley was freezing cold, it was beyond their imagination! The snow Valley and the Ice Palace were located in the South and North respectively. According to the geographical location of the snow Valley, the climate should be suitable for people, but who would have thought that the climate of this Valley was completely opposite!

"It's so cold ..." Even though Shu was carrying Lin Yi on her back, she Couldn't Stand the Weather. She felt relaxed when she came out of the guest room, but she couldn't stand it anymore.

Shu's body was resistant to heat but not cold. Carrying Lin Yi on her back would make her feel good, but she would freeze to death if she stayed in this kind of environment.

"Yaoyao, Shu, you guys go back to the car, I'll be fine outside!" Tang Yun said and kneeled in front of the gate. Although this was the territory of the valley, she didn't think that the valley would do anything to an ordinary person like her and chase her away.

Elder Zhang shook his head helplessly as he looked at the scene outside. He didn't think that Tang Yun would really do that. But what made him puzzled was that since Tang Yun was Bing Tang's sister, why didn't she contact Bing Tang and transfer the money for the ice Spirit fruit over?

Of course, elder Zhang didn't know that it wasn't that Tang Yun didn't want to, but that she couldn't contact Rock Candy. The ancient sects had their own ways of contacting each other, but they used letters to contact the secular world.

Chu Mengyao didn't know how to persuade Tang Yun. She didn't know if she should do it. She was thinking if she was in Tang Yun's position, would she do it? Even when Chu Mengyao heard Tang Yun say "I've known him for so long ... But I've never done anything for him ..." Chu Mengyao thought to herself, what have I done for him?

Every time she was in trouble or danger, it was Lin Yi who helped her out. No matter how difficult or dangerous it was, he always turned the situation around. But what did she do for him? Come to think of it, he didn't seem to have done anything ...

"How about ... We take turns kneeling here ..." Chu Mengyao hesitated and said.

"It's okay, that would be insincere ..." Tang Yun said, "Yaoyao, it's okay. I'm cold-resistant, but you and Shu are different. You guys just take care of Lin Yi in the car ..."

In fact, Tang Yun was wondering if the snow Valley would let her freeze to death if they knew that she was the candy girl. At that time, how was he going to explain to Rock Candy?

Of course, this was also because Tang Yun didn't know that the Taishang elder and Xue Li were practicing the emotionless Arts. If they knew, they wouldn't think this way. The so-called emotionless, of course, wouldn't be touched by Tang Yun's actions. As for her identity as Bing Tang's sister, the Taishang elder and Xue Li were still skeptical. After all, Bing Tang didn't say anything to them before, nor did he mention this.

What else could Chu Mengyao say after Tang Yun said that? She had no choice but to get back into the car with Shu. It was too cold outside, after all. Mengyao was shivering from the cold, and she couldn't imagine how Tang Yun's thin body could withstand the cold wind and snow.

In the blink of an eye, a day and a night had passed. The bone-piercing cold wind didn't make Tang Yun sleepy at all!

Chapter 1814: still not leaving

Her hair and eyelashes were covered with ice crystals and snowflakes, but Tang Yun didn't move at all. She knelt in front of the mountain Gate obediently!

She firmly believed that her sincerity would definitely move the Grand Elder and the valley master ...

"Yin Yin sis ... Are you okay?" Chen Yushu would get out of the car to check on Tang Yun's condition every now and then. She was afraid that Tang Yun would freeze to death! How could a normal person stand this World of Ice and snow?

"I'm fine ..." Tang Yin's voice was weak, but firm.

“Oh, it’s so cold ... Can you take it?” Shu asked hesitantly.

“It’s okay, I told you, I’m more resistant to the cold ... I used to live in a bungalow, and it was very cold in the winter, haha ...” Tang Yun smiled bitterly. She was indeed freezing, and her body was a little stiff, especially kneeling here for a long time. It was unbearable for most people. Even if Tang Yun was more resistant to the cold, how could she relax in this cold weather?

Shu was getting heated up in the car, but she couldn’t take it anymore after a while, “Yin Yin sis, I’ll go back now-take care, we’ll think of something else if you can’t hold on ...”

“En ...” Tang Yun gritted her teeth and took a deep breath. Lin Yi, I can do it! All this time, I can’t do anything for you. This time, I can proudly tell you that I’m a strong girl ...

Chen Yushu returned to the car and saw that Chu Mengyao’s eyes were wet. She said, “Yaoyao sis, do you think Yunyun sis will freeze to death if she continues like this?”

“Don’t jinx it, don’t spout nonsense.” Mengyao glared at Shu.

Shu covered her mouth in fear and quickly changed her words, “No, no, Prophet Shu needs to re-predict that Yunyun sis can’t freeze to death, and the more she freezes, the worse it gets ...”

“...” Chu Mengyao was speechless. The cold was getting worse? What kind of logic was that?

In the valley, elder Zhang heard the report from the patrolling disciples and sighed helplessly. As the elder on duty this month, he was in charge of everything in the valley, so he knew Tang Yun’s situation like the back of his hand.

Elder Zhang didn’t ask the patrolling disciples to drive Tang Yun and the others away, but he was still worried. He hesitated for a while before walking to the Grand elder’s room.

Coincidentally, Xue Li was also in Grand elder’s room. Elder Zhang hurriedly greeted them one by one.

“Elder Zhang, why have you come to my place?” The Grand Elder nodded and asked. Since elder Zhang was here, he was naturally looking for her, not Xue Li.

“Grand Elder, Tang Yun is still kneeling at the entrance of the valley ...” Elder Zhang hesitated. “No matter what, she’s still the sister of the Ice Palace’s sect master Bing Tang. If anything were to happen to her in our Snow Valley, wouldn’t we have to bear the responsibility as well?”

“Elder Zhang, you’re the elder on duty, so you’re in charge of patrolling the snowy valley. Since you saw her there, why didn’t you let her leave?” The Grand Elder asked.

“This ...” Elder Zhang’s face turned red. It was because he was kind hearted and saw that these children were not having it easy, so he wanted to help them. That was why he told the Grand Elder. He did not expect the Grand Elder to see through his thoughts, but elder Zhang still said, “Grand Elder, she was kneeling outside the mountain Gate. Strictly speaking, it’s not our territory anymore. Besides, the ancestors of the valley said that we can’t attack ordinary people. Tang Yun is not a cultivator, so I couldn’t force her to leave ...”

“Since that’s the case, you’ve already said that that place isn’t the territory of the snow Valley. What does an ordinary person trying to commit suicide have to do with the snow Valley?” “Report to me when she’s frozen to death!” The Grand Elder said coldly.

“Yes ... Then I’ll go and do my work first ...” Elder Zhang smiled bitterly and helplessly before turning to leave.

After elder Zhang left, Xue Li frowned and said, “Grand Elder, even though that little girl rock Candy rejected our proposal, but if her little sister really froze to death here, wouldn’t that be a little inappropriate?”

“She’s not a fool. Since she’s here to save someone, how could she possibly lose another life?” The Grand Elder said indifferently, “it’s rare for an ordinary person to be able to last for a day and a night. However, just you wait and see. If she really doesn’t want to die, she will definitely leave tomorrow!” But if they really want to die and don’t leave by tomorrow, I’ll send them away!”

“Yes!” Xue Li nodded.

The next day, Tang Yun was still kneeling in the snow. She only drank some water and ate some compressed biscuits to replenish her energy, but she still knelt there. Chu Mengyao and Chen Yushu were both secretly amazed by Tang Yun’s endurance!

If it was a normal person, wouldn’t they be frozen into popsicles after being frozen for a day or two in the snow? Tang Yin was in pain, but she didn’t seem to be in any serious condition!

“It’s so magical!” Chen Yushu had just given Tang Yun some hardtack and mineral water, and was surprised when she got back to the car, “Yunyun sis isn’t dead, Prophet Shu’s prediction was right!”

“Magical? “I think you’re pretty amazing too-you didn’t die from the heat after so many days ...” Mengyao wasn’t surprised anymore-too many weird things had happened ever since Lin Yi came to the villa. First, it was Xiaoxiao’s cold body, then it was Shu’s heat conducting freak, and now it was Tang Yun’s cold resistance ...

“Oh, that’s true!” Chen Yushu nodded.

Elder Zhang got the report from the patrolling disciples that Tang Yun was still able to eat and drink. He was surprised, but he was relieved that Tang Yun wasn’t dead.

However, when he thought of the Grand elder’s words yesterday, elder Zhang did not disturb her anymore!

The rules of the valley were strict, and elder Zhang didn’t want to trouble the Grand Elder for the same thing. Since the Grand Elder had said to report to him when Tang Yun died, he wouldn’t dare to go to the Grand Elder now.

Unless the valley had other important matters to report to the Grand Elder, it would be fine.

On the third day, Tang Yun was still kneeling on the snow. There was a thick layer of snow on her body, but to show her sincerity, she didn’t wipe it off, letting it remain on her body. Only in the morning, when Chen Yushu brought food and mineral water to her, would the snow on her hair fall a little ...

“Elder Zhang, Tang Yun hasn’t left yet. She’s still kneeling in front of the gate!” A patrolling disciple said to elder Zhang, the elder on duty, when he was making his routine report. (To be continued.)

Chapter 1815: are we going to die?

“Oh? He still hasn’t left?” Elder Zhang was taken aback. It had been three days. Even a normal practitioner wouldn’t be able to take it, unless they were a practitioner of water Arts. But Tang Yun, an ordinary person, was able to kneel for three days. Elder Zhang couldn’t believe it. “In the past three days, did she return to the car to rest?”

“Elder Zhang, we have not seen her go back to rest. From what we can see, other than eating some compressed biscuits and drinking some mineral water every morning, she has not moved at all!” The patrolling disciple said.

Elder Zhang nodded in surprise. The patrolling disciple was also an Earth Class, and if he could tell that Tang Yun hadn’t rested, then she hadn’t rested. But Tang Yun’s endurance surprised elder Zhang.

He wanted to talk to the elder on the stage again, but when he thought of what the Grand Elder had said, he shook his head, sighed, and turned around to do his work ...

The fourth day, the fifth day ... The tenth day!

Every day, the patrolling disciples would report to elder Zhang about Tang Yun’s situation. Elder Zhang’s initial shock had turned into confusion! Was Tang Yin a normal person? It’s been so many days and he’s still not frozen to death? Could he be a Sky Class?

One had to know that in this temperature, even Earth Class Masters had to take some pills to train, and Tang Yun was just eating some compressed biscuits and water, and she was fine? Could it be that she had Some Kind of Heaven-and-Earth Treasure that kept her warm?

But elder Zhang shook his head at the thought. Tang Yun knew the rules of the valley. Treasures could be bought with money, and they could also be exchanged with other treasures. If Tang Yun really had such a treasure, she would’ve taken it out long ago.

What elder Zhang didn’t know was that while Tang Yun looked fine, her entire body was frozen solid. She had been eating less and less of the water and biscuits because her stomach had frozen solid. Her digestion was getting slower and slower. Until this morning, she didn’t eat a single bite because she wasn’t hungry anymore!

Mengyao’s face was filled with worry-Tang Yun’s condition was getting worse. She seemed to be able to hold on, but as time passed, she seemed to have reached the end of her road and could die at any moment!

But no matter how hard she and Yushu tried to persuade her, Tang Yun insisted on kneeling there and not moving!

“Al, could it be that the people of this snowy valley have Hearts of Stone? You still don’t agree to this?” Mengyao wasn’t just worried about Tang Yin, she was worried about Lin Yi as well! Lin Yi’s body was getting hotter and hotter, and they didn’t even need to turn on the heater anymore ... The entire car was warmed up by Lin Yi’s body temperature ...

However, Chu Mengyao knew that if this continued, he would reach his limit even with Shu's help!

At that time, even the ice Spirit's fruit wouldn't be able to suppress the fire in Lin Yi's body. It would be too late then.

Persevere, persevere, I must persevere! That was what Tang Yun was screaming in her heart!

She couldn't feel her legs anymore, and she couldn't feel much of her body either. She could only move her hands a little, and even her thoughts were frozen. A few days ago, she could still remember all the sweet moments she had with Lin Yi to cheer herself up, but now, she couldn't even think about it ...

On the fifteenth day, Tang Yun felt like she was going to die ... Yes, she was really going to die ... Her vision was getting blurry, and she couldn't think like a normal person anymore. When faced with Chen Yushu's questions, she could only respond with an "en en" to show that she was still alive ...

But Tang Yin knew that she was probably going to die soon ...

Was this the feeling of death? Tang Yin didn't seem to feel the pain at all. Slowly, her consciousness started to blur, and her entire body seemed to relax. It was like the soul leaving its shell, as described in the ancient books. She felt like her body was floating ...

At this moment, the scene in front of her turned from blurry to clear!

Tang Yin was surprised to find herself standing at the highest point of the valley, looking down at the entire Valley. The mountain Gate, the steep cliffs, the snow-covered ground, the warm sun ...

All of this seemed to form the most beautiful picture, and Tang Yun's heart had a strange feeling, as if she had become one with the picture!

Tang Yun started Walking in the Air. The snow fell on her, but it didn't touch her. It melted when it reached her.

At that moment, Tang Yun felt like she was a goddess, as if everything in the valley was born for her. She stretched out her hand, and the snow in front of her turned into a small Whirlpool, swirling between her white hands, as if it was performing something for her, trying to please her ...

Her frozen body seemed to have disappeared, and she couldn't feel the bone-piercing cold anymore. The White snow didn't seem to affect her at all, and the sun made her feel warm and comfortable ...

Was this the final radiance before death? Tang Yin thought ... A lot of people see their soul leave their body before they die, and it's something that's said in those ghost stories. Many people who've been saved from the brink of death have the same feeling before they die?

But she wasn't sure if it was as comfortable as it was now, because there was a feeling of happiness in her heart, and this feeling was getting stronger and stronger as time passed!

Suddenly, Tang Yun felt that the majestic mountain Gate of the valley was becoming smaller and smaller. The cliff on the other side of the valley was nothing in her eyes. It was as if she had become the owner of this place, the master of this place!

Even the Grand Elder and the valley master were no longer afraid of her!

This was a very wonderful feeling. She was no longer the insignificant young girl from before, but had become a powerful goddess!

Tang Yun reached out her hand slowly again. She could clearly feel that the wind and snow in the valley seemed to have become her possession. She waved her hand casually to recall her memories, and the wind and snow changed according to her movements! (To be continued.)

Chapter 1816: The shock of the snow Valley

Tang Yin closed her eyes, enjoying the warmth, the happiness, and the beauty of the moment.

It was said that people would feel happy at the moment of death, and this was probably what they were feeling right now.

Although Tang Yun's eyes were closed, she seemed to be able to feel her surroundings. It was as if she knew everything in the valley!

It was as if she was the snow Valley, and the snow Valley was her.

The valley, the snow, and the sunlight were all part of her body. A casual wave of her hand and a step forward could make the cold wind and snow around her resonate with her ...

.....

In the snowy valley, an elder's meeting was being held.

Today was the last day of elder Zhang's shift. According to the rules, he had to summarize the work of the past month at the elders' meeting and then pass the matter to the next elder on duty!

In the snow Valley, the system of having elders on duty was implemented. Every elder would be on duty for a month to deal with the affairs of the valley. Only when the elders were unable to make a decision would they ask the valley master and the Grand Elder for advice. This way, not only would the workload of the valley master and the Grand Elder be reduced, but they would also have enough time to cultivate. The other elders who were not on duty could also cultivate in peace.

Of course, this was also due to the special circumstances of the snow Valley, because the snow Valley relied on selling and exchanging natural treasures to survive. If it were any other ancient sect, even if the palace Master took care of the sect's Affairs, they wouldn't be as busy as the snow Valley!

After all, just like the Ice Palace, they didn't have any contact with the outside world all year round, and even if it was a test, it only happened once every few years. While Bing Tang had to deal with some of the normal things in the palace, he didn't have to be too distracted, and it wouldn't affect his training.

"These are the matters that I've handled during my one month on duty ..." Elder Zhang's tone suddenly changed as he said to the Grand Elder, "Grand Elder, there's one more thing that I would like to report ..."

"Speak!" The Grand Elder said.

"The sect master's ... Sister hasn't left yet ..." Elder Zhang said, a weird look on his face-he was very confused as to how Tang Yun had managed to survive.

"What? You still haven't left?" The Grand Elder was stunned! She had said that she would report to her when Tang Yun froze to death, but that was just a casual remark. She thought that Tang Yun would leave after two days of freezing.

Elder Zhang hadn't reported to him these days, which meant that Tang Yun didn't freeze to death and had left. Otherwise, how could an ordinary person kneel in the snow for more than ten days? Wouldn't that be the end of it?

But when he heard elder Zhang say that Tang Yun was still kneeling in front of the mountain Gate, the Supreme elder's expression became extremely strange."She ... Is not dead yet?"

"No... But according to the patrolling disciples, I'm afraid she won't be able to make it. It's only been a day or two. She hasn't been eating since yesterday ..." With that, elder Zhang explained what had happened in the past half a month. He could only use this opportunity to tell the Grand Elder about Tang Yun. Before this, even if he sympathized with her and wanted to help, he didn't have the chance. So after explaining the situation, elder Zhang added,""Grand Elder, that Tang Yin really does want to die ... We'll give her some face, but she's still the sect master's sister, right?"

"You said that for the past 15 days, she didn't go to the car to warm herself up. Instead, she knelt in the snow, including eating and sleeping?" The Grand Elder asked in surprise.

"It's like this. All the patrolling disciples have seen it ..." Elder Zhang said.

"Let's go and take a look!" The Grand elder's brows furrowed slightly, as if he was thinking about something.

"Grand Elder, are you touched by her stubbornness?" Xue Li was a little surprised. The Grand Elder had been telling her to train her mind, but she started to pity Tang Yun first ...

"Touched?" The Grand Elder shook his head.

The Grand elder's answer stunned elder Zhang, Xue Li, and the other elders. Since they were not touched, why did they still want to see it? Was it really because of the rock Candy that he was afraid Tang Yin would die Here?

"Fifteen days. Don't you think it's strange?" The Grand Elder looked at the confused crowd and said,""Before you all advanced to the heaven rank, without taking any Energy Pills, which one of you could kneel on the snow for fifteen days without dying?"

"This ..." Everyone shook their heads at the Grand elder's words. Before breaking through to the Sky Class, even an Earth Class wouldn't be able to kneel in the snow for so long, much less a normal person.

Wasn't it the same during the Ice Palace test? All the mystic class Masters who came to the test, other than Lin Yi, all of them brought enough pills. Although Energy Pills weren't rare, they could help fight hunger and replenish energy. Yu Bing was one of them.

Lin Yi, on the other hand, was a special case-he had the Jade as a constant source of energy, so he didn't need those pills to keep him up. It was for this reason that Rock Candy and aunt Qing found it weird.

“You mean to say ... Her physique ...” Elder Zhang’s heart moved, but he asked calmly.

“As the old saying goes, there must be a demon behind everything!” “Since you all can’t do it, how did she do it?” the Grand Elder asked.

“But, Grand Elder, didn’t you already check her body? there is nothing special about her body. She doesn’t even have an ordinary Yin body, let alone a fake ice heart Jade bone ...” Xue Li asked curiously.

“That’s right, she’s not!” “If that’s the case,” said the Grand Elder, “and if she’s really Rock Candy’s sister, do you think Rock Candy didn’t secretly check on her?”

“That’s true. Then you mean ...” Xue Li was even more confused.

“The founding ancestor had recorded in his notes that there were three types of physiques that were suitable for the cultivation of the heart technique in the snow Valley ...” “The rarest of them all is the cold Yin body, the heir the Ice Palace found. Although it’s more suitable for the Ice Palace’s practitioner Arts, it’s of little value to us in the snow Valley. There’s no other suitable body for us, the ice heart Jade bone body, because the founder of the snow Valley sect had this body. She created the heartless technique and cultivated an ice heart ... Although the cold Yin body has more cold Qi than the ice heart Jade bone body, in the snow Valley, it’s not as good as the cold Yin body. I’m afraid that’s why rock Candy rejected us ... Because it’s more suitable for the inheritor of that cold Yin Constitution to stay in the Ice Palace ...”

Chapter 1817: The snow Valley inheritance

When everyone heard the Grand elder’s words, they all nodded in agreement.

“And the third type is the normal Yin type-this is what I and Xiaoli have, but my body isn’t as strong as Xiaoli’s-it’s only normal. It was pure luck that I was able to reach Sky Class late phase peak, and I’m afraid it’s impossible for me to reach full completion and overcome that legendary obstacle ...” The Grand Elder smiled bitterly, “We’re getting off topic. Now, we’re talking about the icy heart Jade bone physique. In addition to the normal icy heart Jade bone physique, there are two branches of the icy heart Jade bone physique. One is the fake icy heart Jade bone physique, which is the physique of the crystal sugar. The other one is the hidden icy heart Jade bone body constitution ...”

When the elder on the stage mentioned this kind of physique, Xue Li’s face slightly changed, and she thought of a possibility. Then her eyes widened, and she couldn’t believe it ... But the other elders were at a loss, because only those who practiced the heartless secret art could access the notes of the founding patriarch. These people were the Supreme elders, Valley Masters, and their direct disciples!

As for the others, although they also cultivated Water-type and mist-type mental cultivation methods, they only needed to have ordinary Water-type physiques. They didn’t need those special physiques, so these people couldn’t check the cultivation notes of the founding ancestor.

“The hidden icy heart Jade bone body constitution is a type of Constitution that is even purer than the icy heart Jade bone body constitution. The founder of our sect had this kind of Constitution back then!” The Grand Elder continued to explain, “As the name suggests, this kind of physique is a hidden physique. Even the founder himself would find it difficult to identify it, let alone us! “This kind of physique can only be encountered by luck and not sought. It can only be suddenly released when one’s body’s potential

has reached its limit after experiencing a freezing environment. Back then, the founder of the snow Valley also came to the snow Valley. Under the harsh weather in the snow Valley, at the moment when his life potential was at its limit, he accidentally activated his hidden ice heart Jade bone physique and sensed the inheritance of the snow Valley. He discovered an ancient ruin in the snow Valley and then embarked on the path of cultivation, creating our Snow Valley sect! Before this, the founder was just a normal water element practitioner from 'that place', and he was only at the early phase of the Golden class ..."

"That means ... Tang Yun might be ..." Elder Zhang's eyes widened in disbelief.

"I'm just guessing and suspecting. Ordinary people would have died long ago, so why didn't she die?"

"I'm not sure if it's this type of physique ... Eh?" the Grand Elder said.

The Grand elder's voice had just faded when he felt that something was wrong!

The other elders and valley master Xue Li's faces also changed slightly at this moment!

Everyone felt a powerful true energy fluctuation, and it was the kind of true power that was truly powerful. It was as if all the spiritual energy in the entire Snow Valley was mobilized at this moment!

This kind of feeling made everyone feel extremely shocked. Even when Xue Li broke through to Sky Class, and when the Grand Elder broke through to Sky Class late phase peak, they didn't cause such a huge phenomenon!

In the next moment, the big bell of the snow Valley was rung. This was a sound that the patrolling disciples would only ring when there was an emergency in the snow Valley!

However, this large bell had not been rung for many years. This was because none of the things that had happened in the snowy valley over the years had ever been so serious that they had to ring the bell as a warning!

"Let's go!" The Grand Elder shouted and flew out. The other elders and Xue Li were also Sky Class Masters, and they followed the Grand Elder out of the meeting room ...

In the snowy valley, all the spiritual energy of heaven and earth was quickly rushing in one direction, including the cold wind and the falling snow. At this moment, they were all rushing in that direction!

It was no wonder that the disciples of the valley would ring the bell to warn them of such a strange situation. The development of the situation had already exceeded their imagination and control!

After the Grand Elder saw this strange phenomenon, she immediately flew towards the center of the spiritual Qi. Behind her, the others also followed.

Not only were the people in the valley shocked, even Chu Mengyao and Shu were shocked!

Because they saw Tang Yun, who was covered in snow and not moving at all, suddenly stand up from the snow. The snow on her body disappeared in an instant, and Tang Yun's body exuded an unattainable holy light!

Tang Yin was like a Snow Fairy as she lifted herself off the ground, stretching her body under the sun. The snowflakes never fell on her again, but swirled around her, forming a beautiful vortex ...

“What the hell, Yun Yun sis is ascending ...” Chen Yushu looked up at Tang Yun who was in the sky, not a single speck of dust on her, “Prophet Shu’s amazing, Yunyun sis is getting colder and colder ...”

“...” Chu Mengyao was speechless at Chen Yushu’s words. What nonsense was this, she had seen too much of Xianxia. However, Yushu’s last sentence, “it’s getting colder and colder,” made Mengyao lose all her temper. She wasn’t just calling herself Prophet Shu for no reason ...

Chu Mengyao didn’t know if this was a good or bad thing, and she didn’t know what was going to happen next. But no matter what, Tang Yun didn’t look like she was frozen to death, and that was what Chu Mengyao was most relieved about.

In the blink of an eye, the Grand Elder arrived at the center of the vortex and looked at Tang Yun in shock. “There’s no mistake ... There’s no mistake! It’s indeed the hidden icy heart Jade bone physique ...”

“Really?” Although Xue Li and the other elders were also shocked by the scene in front of them, they were pleasantly surprised after hearing the Grand elder’s words!

“Of course it’s true!” The Grand Elder nodded. “Furthermore, when she activated her hidden icy heart Jade bone physique, she received the inheritance of the snow Valley. She has already understood the true essence of the snow Valley’s power of heaven and earth. She can freely use the power of heaven and earth of the water element. This is the characteristic of the inheritor after receiving the inheritance!”

“Doesn’t that mean that our Snow Valley also has an inheritor?” Xue Li was very excited after hearing this!

The inheritor had always been the top priority for all the elders and her, especially after hearing that the Ice Palace had found an inheritor!

This was why the entire Ice Palace was so shocked and excited! (To be continued.)

Chapter 1818: Change in attitude

Although the Ice Palace and the snow Valley had the same founders-they were both from “that” place, and were both once the four ancient sects, as well as one of the leading sects of the Sky Class meeting-before this meeting, without an inheritor, they’d be on the road to decline ...

Seeing that the Ice Palace had picked up a treasure, the People of the Snow Valley could only be filled with envy and jealousy!

But at this moment, everyone was truly happy. What the Ice Palace had, the snow Valley had!

Of course, they were so excited that they never thought about whether Tang Yun would stay and become a member of the valley.

Tang Yun didn’t know that she had attracted the attention of all the big bosses in the valley. More and more spiritual Qi was being attracted to her, circling around her ...

Chu Mengyao and Chen Yushu naturally saw the Grand Elder, elder Zhang, Xue Li and a few other people they didn’t know.

They were worried about Tang Yun, not knowing what had happened to her. They wanted to ask the Grand Elder and the others.

“May I ask what’s going on? Did Yun Yun sis ascend to the heavens?” Chen Yushu asked the Grand Elder. The old lady was the oldest and held the highest position. Naturally, Chen Yushu would ask her first.

The Grand Elder was too excited to notice Yushu’s approach! Fortunately, they were not enemies. Otherwise, the consequences would be unimaginable! Only something that could make a Sky Class so invested in it ...

”

This was a once-in-a-thousand-years event! Even if the snow Valley found a cultivator who had taken the ice heart Jade bone pill and had a fake ice heart Jade bone physique, or even directly found a cultivator with the ice heart Jade bone physique, if they wanted to accept the inheritance, they would have to go through arduous cultivation and their own comprehension before they could accept the inheritance!

One had to know that the inheritance was a kind of resonance between one’s body and the snow Valley. It did not mean that one could accept the inheritance anytime and anywhere just because one’s physique was compatible! Although his physique was suitable and he could definitely accept the inheritance, when he could receive the inheritance would depend on his own comprehension. It was not something that could be done just because he thought about it!

Tang Yun, on the other hand, was able to receive the inheritance automatically after activating the hidden icy heart Jade bone physique. It was a once in a thousand years encounter, and only the founder of the sect had such a miraculous encounter. The Grand Elder was afraid that Chen Yushu would affect Tang Yun’s acceptance of the inheritance!

“What happened? Is Yun Yun sis in danger? she’s been kneeling for fifteen days, can’t you guys be moved and give us an Ice Spirit fruit?” Yushu continued.

“You ...” The Grand elder’s eyes were wide open. He thought to himself, “I didn’t let you speak. Why are you still speaking?” She wanted to slap Yushu to death-the Grand Elder would be crying if she ruined the inheritance!

But then she remembered the relationship between Chen Yushu and Tang Yun, and she decided against it. If she killed Chen Yushu, then Tang Yun would have made a huge enemy of the valley, and she wouldn’t stay in the valley anymore. She would go to the Ice Palace to cultivate and wait for revenge!

So the Grand Elder suppressed his anger and spoke to Yushu in a low voice, “She’s fine. Don’t say anything. I’ll give you as many Ice Spirit fruits as you want. I’ll give you all of them, but you have to shut up first!”

“Oh ...” Yushu let out a breath of relief.

It was a good thing the great elder didn’t slap Shu to death, or it wouldn’t just be the Ice Palace who’d have a grudge against her ... That sect wouldn’t just let things go like that.

Mengyao, on the other hand, was surprised at the change in the Grand elder's attitude. She looked up at the goddess-like Tang Yun in the sky, deep in thought ...

The sun slowly moved to the West and set, forming a beautiful rainbow in the sky. Tang Yun was bathed in the rainbow, her body shining with pure and bright light ...

No one moved, and Shu stopped after hearing that the Grand Elder was going to give Lin Yi the fruit. As far as she was concerned, the Grand Elder wouldn't lie, and if she said that Yun Yun was fine, then it should be true.

The snowy valley was exceptionally beautiful at dusk. The White snow was reflected red, but no one was in the mood to appreciate this beautiful scenery. The gorgeous sunset seemed to attract everyone's attention. They tried their best to make the sunset more beautiful, but it was in vain.

Because, everyone's eyes were on Tang Yun. At this moment, Tang Yun was the most beautiful!

The sun had finally set. As the last ray of golden light disappeared from the horizon, Tang Yun slowly landed on the ground. The heaven and earth spiritual Qi around her also gradually dissipated. All the strange phenomena disappeared at this moment.

Tang Yun slowly stepped on the snow and opened her eyes. She mumbled bitterly, "Am I dead? Is this the heaven?"

"Phew ..." At this moment, the Grand Elder and the other elders, including Xue Li, let out a long breath. It seemed that Tang Yun had finished receiving the inheritance. At this moment, she had understood all the inheritances of the snow Valley and became the inheritor of the mist element!

"What do you think? What did you learn?" The Grand Elder asked anxiously.

"Ah?" Tang Yun was stunned. She came back to her senses and saw the row of people in front of her. There were the Grand Elder, elder Zhang, Valley master Xue Li, and some other people she didn't know. Most importantly, Chu Mengyao, Shu, and Lin Yi were all there!

Were they all dead? The thought only flashed through Tang Yun's mind for a moment before she shook her head to deny it. It was impossible. How could everyone die?

Since no one had died, he was definitely not in heaven. In other words, he had not died?

"I didn't die?" Tang Yin looked at everyone in surprise.

"Yunyun sis, not only are you not dead, you've even ascended! You're freezing!" Chen Yushu said happily.

"Shu, don't talk nonsense!" Mengyao frowned and stopped Yushu's nonsense. She turned to Tang Yun, "Yunyun, you're not dead, but there's something weird happening to you. The Grand Elder should be able to explain it ..."

Although Chu Mengyao had guessed that what happened to Tang Yun was related to the change in the Grand elder's attitude, she didn't know what exactly happened.

Chapter 1819: staying in the snow Valley

"I'm not talking nonsense. He looks very powerful!" Chen Yushu replied.

"Grand Elder? "I just ..." Tang Yin wanted to ask about the strange things that had happened to her, but she suddenly remembered the purpose of her visit. She suppressed her curiosity and said,"I ... I ...""Grand Elder, Valley master Xue, elder Zhang, and the other seniors, I beg of you. Please give me an Ice Spirit Saint fruit first. I'll definitely gather a billion Yuan for you ..."

With that, Tang Yun was about to kneel on the ground! After all, it was not easy for Tang Yun to meet the Grand Elder, Valley master Xue, and the others. If she missed this opportunity, she was afraid that she would never have the chance to say these words again!

"Don't ..." The Grand Elder quickly reached out to hold Tang Yun. She wanted Tang Yun to stay in the valley. How could she let Tang Yun kneel and beg for such a small thing? After the Grand Elder supported Tang Yun, he said generously,"The ice Spirit fruit is fine, but before that, let's talk about something else."

"Other things?" Tang Yun didn't understand.

"Everyone, please follow us to the meeting hall in the snow Valley to discuss this in detail." The Grand Elder was thinking of a way to make Tang Yun stay, but it seemed like it was possible to make her stay with the ice Spirit fruit.

It was a little despicable, but it was different from letting Xiaoxiao stay in the Ice Palace-her body was special, and she had to stay in the Ice Palace to be saved. Tang Yun, on the other hand, was different-she'd only come for medicine, and the fruit was only a billion-a billion in exchange for a Snow Valley inheritor was a great deal!

However, it was just a little despicable. The Grand Elder was a practitioner of the emotionless technique. She didn't have any sympathy. In her eyes, only benefits and the strong were respected. So, although she was polite to Tang Yun, it was only on the basis that Tang Yun would stay. If Tang Yun didn't agree, then there was no need to talk about the ice Spirit fruit!

"Okay ..." Tang Yun nodded after some hesitation. Although she didn't know why the Grand Elder suddenly paid attention to her, it must have something to do with what happened before. So no matter what happened before, it had to be a good thing.

The few of them arrived at the meeting hall of the snow Valley. Under the surprised gazes of the snow Valley disciples, the door of the meeting hall was tightly shut! One had to know that the meeting hall was a forbidden place for everyone except for the Grand Elder, the elders and the valley master. Now that these four strangers had entered the meeting hall, it was simply a great miracle.

However, the great elder didn't think that it was a violation of the rules. If Tang Yun stayed in the valley, she could give her the position of great elder. In the eyes of Sky Class Masters like them, this position was nothing. Besides, at their level of cultivation, no one would be jealous of Tang Yun, because they couldn't be jealous of her body. People at their level knew that body constitution wasn't good. No matter how hard one cultivated, it would not be as fast as someone with a good physique!

So if Tang Yin joined the valley, she'd be a part of the valley no matter how strong she was-they'd only be happy about that. Of course, if she joined the Ice Palace, they'd only be jealous!

Everyone took their seats in the meeting room. Tang Yun, on the other hand, was a little scared. This was the first time she had seen something like this. Chu Mengyao and Chen Yushu, on the other hand, had seen a lot of the world, so they didn't have stage fright.

"I'm very clear about your goal. If you want the ice Spirit fruit, no problem. I can give it to you for free. I can also help you concoct a prescription that can help you resolve your Qi deviation. It'll be even more effective if you use it together!" The Grand Elder said.

"This ... Many thanks, Grand Elder!" Tang Yin was surprised, but also pleasantly surprised! After all, Lin Yi was finally saved.

"Don't thank me yet, I haven't finished!" "There are conditions to my agreement," the Grand Elder said indifferently. "Listen to the conditions before you decide if you want to exchange or not!"

"Grand Elder, please ..." Tang Yun's heart skipped a beat. There was no such thing as a free lunch. But what was the Grand elder's condition? He didn't even want money?

"You must stay in our Snow Valley!" The Grand Elder looked at Tang Yun and said, "Stay here and become a cultivator. I will also fulfill my promise!"

"Me? Should I stay here?" Tang Yin wasn't too surprised by the Grand elder's words-she'd already guessed that the Grand Elder wouldn't even be able to show his face if that strange phenomenon didn't happen, let alone agree to all of these conditions!

And the reason why she agreed to these conditions was probably related to the strange phenomenon that appeared on his body. Could it be ... That he had inadvertently obtained some benefits?

"There's no mistake!" "You will stay in the snow Valley and become a member of the snow Valley. This is the condition of the exchange!" The Grand Elder said.

"Grand Elder, you mean I can cultivate?" Tang Yin asked after some hesitation.

"Not bad!" The Grand Elder nodded and said, "The reason you're staying here is naturally to cultivate!"

"Then I ... What level of master can I become?" Tang Yin was moved-yes, she was! If she could become a master too, she wouldn't be a flower vase anymore. She wouldn't need Lin Yi to protect her all the time!

At that time, she could be like Feng Xiaoxiao, forever by Lin Yi's side! Only practitioners could extend their lifespans, and this had always been Tang Yun's dream!

"Level? Hehe, at least Sky Class late phase peak!" "If it's possible, I'll be able to surpass this level and become an even more powerful expert!" The Grand Elder smiled faintly.

"Sky Class late phase peak?" Tang Yin's mouth was wide open in shock-she'd always told Lin Yi that she wanted to train, but she'd never thought that he'd become a Sky Class one day, and at least late phase peak! But Tang Yin wasn't stupid-she asked after some hesitation, "Did something ... Happen to me before?"

"That's right. I won't hide it from you. You've already accepted the inheritance of the snow Valley and become the inheritor of the mist element. The inheritor's cultivation speed is extremely fast, and the snow Valley will gather all the resources in the valley to help you increase your strength!" "And once you

become Sky Class late phase peak, your status will be the same as mine-you'll be the Valley's Grand Elder!" The Grand Elder said.

Chapter 1820: heartless

"I ..." Tang Yun's face was red from the excitement. The Grand elder's words shocked her-she didn't think that she'd become an inheritor! Wasn't that the same as Feng Xiaoxiao?

"If you agree, then our deal will take effect now!" "If not, I wouldn't have stopped you," the Grand Elder said.

Tang Yun smiled bitterly. The Grand Elder said so, but did she have a choice? What was her purpose in coming here? Now that she had the opportunity to cultivate and save Lin Yi at the same time, why wouldn't she agree?

"Now that things have come to this, how can I not agree?" Tang Yun looked at Chu Mengyao and Chen Yushu. She didn't want to see Lin Yi again. It would be difficult for her to see Lin Yi again if she stayed in the valley ... She didn't know when she would be able to see him again.

But at the same time, this was a once-in-a-thousand-years opportunity. If Tang Yun missed it, she wouldn't be able to save Lin Yi, and even if this didn't happen, she wouldn't let go of such a great opportunity!

After all, it had always been her dream to become an expert in cultivation.

However, even though everyone was confident that Tang Yun would agree to it, they still felt relieved and happy after hearing Tang Yun's confirmation.

"Since you've agreed, then I'll open the sacrificial altar Hall and accept disciples on behalf of the founding master!" The Grand Elder said,"your physique is extraordinary. Only the founder has the same physique as you. I'm taking in disciples on behalf of the founder. Although you're my disciple in name, you'll be the Grand Elder of the snow Valley after you finish your apprenticeship. You'll be on the same level as me and Xiaoli!"

Tang Yun's face reddened from the excitement. She didn't think that Xiaoxiao would receive such good treatment in the Ice Palace, and that she would receive the same treatment in the valley. She couldn't help but ask,"Grand Elder, may I ask ... What kind of physique do I have? 'And what happened to me before?' Didn't you check my Constitution before? there's nothing special about my Constitution, right?"

"Your body type is the hidden icy heart Jade bone body type. Let alone this old body, even the founder of the sect might not be able to detect this type of body type!" The Grand Elder then told Tang Yun about her condition and everything that had happened to her. Now that Tang Yun had agreed to join the snow Valley, there was no need for her to hide anymore!

"Ah!" Tang Yun was shocked by the Grand elder's words. She didn't expect that she had this kind of body. It could only be activated under special circumstances. No wonder it wasn't detected before. If it wasn't for the coincidences, Tang Yun would never know that she had this special body!

“Oh! I knew it, Yun Yun sis is getting colder and colder, and her special body will be frozen out!” Chen Yushu replied.

“You can say that!” She didn’t expect the Grand Elder to agree with Yushu, “This kind of physique can only be activated in such a cold environment!”

“Then ... How long ... Will it take for me to finish my apprenticeship? Can I go back after I finish my apprenticeship?” This was the question Tang Yin was most concerned about-how long would it take for her to see Lin Yi if she stayed here?

“What do you mean by going back?” The Grand Elder asked.

“It’s just ... How long will it take for me to be free to ... To meet him?” Tang Yun pointed at Lin Yi, who was standing beside Chen Yushu, and spoke in a reserved manner.

“Meet? I’m afraid that’s impossible!” The Grand Elder said.

“This ... Why?” Tang Yun was shocked and asked.

“I remember you saying that you and he are a couple, right?” The Grand Elder asked.

“Yes ...” Tang Yun nodded in fear.

“Icy heart and Jade bones, what you cultivate is an icy heart, and the heart technique you cultivate is also called the heartless technique. The so-called heartless technique means that you are heartless! If you have feelings in your heart, it will greatly hinder your cultivation!” “So, in order for you to reach Sky Class late phase peak, I’ll give you a medicine made from the uncaring grass. From now on, you’ll forget about him, and he’ll no longer exist in your heart!” The great elder continued.

“Ah!” Tang Yun couldn’t help but exclaim after hearing the Grand elder’s words. She didn’t think that if she stayed here, she would never be able to see Lin Yi again, and she would have to use the forget love grass to forget Lin Yi!

“Don’t be surprised. I wasn’t moved by your prayers at all before. This was also because of the heartless spell!” “There are gains and losses,” the Grand Elder said indifferently. “You should consider it yourself!”

“I ...” Tang Yun’s face was filled with pain. Chu Mengyao and Chen Yushu were also shocked. They didn’t think that she would need to consume the senseless grass to learn the heartless chant. She had to forget Lin Yi. This was an extremely painful thing for Tang Yun!

“You should be able to feel it. Xiaoli and I have a natural aura that keeps people at arm’s length. When you get close to us, you feel a chill. This is the emotionless art!” The Grand Elder said.

If the Grand Elder hadn’t mentioned it, Tang Yun wouldn’t have noticed it, but now that the Grand Elder reminded her, she remembered that they did have a cold and distant aura from the first time they met. It made people unwilling to get close to them, and it made them feel a sense of fear and distance.

“I ... Can I not consume it?” Tang Yin asked hesitantly. She wanted to save Lin Yi, but she didn’t want to forget him for the rest of her life! What was the point of training if she forgot about Lin Yi? Wasn’t her biggest dream in this life to become a practitioner, so that she wouldn’t be Lin Yi’s burden?

“You have feelings in your heart. If you don’t take it, it’s not impossible, but it’ll be very difficult to overcome your heart’s devil. If you’re not careful, feelings and ruthlessness will intertwine and affect each other, and you’ll go crazy!” The Grand Elder said, “even if we don’t go berserk, it’s still an extremely painful thing to restrain each other!” Of course, you’re Bing Tang’s little sister, if you go crazy and ask her for a fire spirit fruit, she’ll definitely give it to you. ”

“I ...” Tang Yun was hesitant. She knew that the Grand Elder wasn’t trying to scare her. It was the truth. A master like her wouldn’t lie to Tang Yun! (To be continued.)
