

Bodyguard 1831

Chapter 1831: an Jianwen's visit

Mengyao and Yushu knew about fatty Lai's situation as well, and everyone fell silent at the thought of it.

"Forget it, I'll think of another way. You've just come back, take a rest first!" Uncle Fu stood up, but what was he supposed to do? This sentence was just self-comforting!

When the sect was taken over, his master, wife, and daughter went missing. From then on, uncle Fu changed his name and followed Chu pengzhan under the name of Li Fu. What other relationship did he have with Chu pengzhan?

"I want to go to the hospital to see my dad ..." Chu Mengyao said.

"Alright, let's go!" Uncle Fu nodded.

After settling Lin Yi down, Mengyao left the villa with Yushu and uncle Fu. She wanted to drive, but uncle Fu stopped her. "Yaoyao, don't drive. You need to pay for gas. Save it for when you need it."

"Yeah." Mengyao opened the door apologetically and walked out of the villa with uncle Fu ...

Songshan first People's Hospital.

A delicate and pretty girl who looked a little Haggard stood quietly outside a thick glass wall. She looked inside the glass wall at the man who was lying on the White bed with all kinds of tubes and wires inserted into his body, but his expression was very peaceful.

Beside her was a middle-aged man and a plump girl who was a head shorter than her.

"Yaoyao, I've just asked the doctor. If everything goes well, Mr. Chu should be out of danger by tonight ...""You don't have to worry too much."

"That's good ..." Chu Mengyao let out a long breath,""Uncle Fu, I've troubled you for the past few days."

"What are you saying? I've been friends with Mr. Chu for many years." "Let's leave, there's no point in standing here ..."Uncle Fu said with a wave.

"En ..." Chu Mengyao looked at her father on the hospital bed again, feeling sad.

Why now? Why did something happen to the people closest to her?

Her father, her good friend Tang Yin, her B-male friend Lin Yi ... It was like they'd all planned it out, and all of them were in trouble!

Chu Mengyao knew very well what it meant to have trouble both inside and outside.

But the good thing was that everything was developing in a good direction. As long as her father could hold on for a month, when Lin Yi woke up, everything would be fine! Yes, everything would definitely be fine!

Chu Mengyao and Chen Yushu returned to the villa, and uncle Fu went out to discuss the medical expenses.

However, Chu Mengyao and Chen Yushu didn't feel at ease. When they went back home to check on Lin Yi, they suddenly remembered that Lin Yi needed money to buy medicine!

Elder Zhang's prescription didn't lack some precious and rare herbs. They could be bought in pharmacies, but they were expensive. This wasn't a problem for Chu Mengyao in the past, she could just swipe her credit card and get it, but now ...

Her father's medical fees, Lin Yi's medical fees, what should she do with this money?

Was he supposed to go back to the valley and ask for it from Tang Yun?

Shu looked at Mengyao, who was holding the prescription with a stiff face, and naturally thought of the same thing, "Yaoyao sis, are you out of money for shield bro's medicine?"

"En ..." Chu Mengyao nodded. She sat by Lin Yi's bed in pain and depression. She looked at Lin Yi's thin face and felt a lot of emotions.

"I don't know how to contact Xiaoxiao, or I could borrow some money from her ..." Chen Yushu thought of her best partner.

"Sigh ..." At this moment, Chu Mengyao suddenly realized that she was the most useless!

After losing the Miss 'Halo, she was even worse than Tang Yun! He tried to talk her out of it when she was feeling inferior, but it was a joke when he thought about it. At least Tang Yun knew how to make money from barbeque, but what about him? He didn't even know how to make money!

Besides, Tang Yun had made the biggest sacrifice for Lin Yi. It could be said that Tang Yun's sacrifice was unparalleled, but what about her? She blushed at the thought of how she had put on a proud front in front of her.

Ding dong ... The crisp sound of the doorbell rang. Chu Mengyao and Chen Yushu were confused. Who would come to visit at this time? Uncle Fu had just left, so he shouldn't be the one who returned.

However, when Chu Mengyao arrived at the entrance of the villa, she saw a surprised person. The guest was an Jianwen!

Mengyao's face darkened when she saw him. She used to be nice to him because of her father, even though she hated him. But now, it was time for them to completely fall out.

"An Jianwen? What are you doing here? Are you looking at a joke?" Mengyao's face was expressionless as she looked at Jianwen coldly. She had no intention of opening the door for him.

"Yaoyao, what are you talking about? why would I want to see a joke? We grew up together, and uncle Chu is my elder. I'm also very sad that something like this happened!" "See, I heard you were back, so I came here to see you as soon as I could ..." Jianwen said, a little pained.

"You're monitoring me?" Mengyao asked coldly.

"Ugh ..." Jianwen looked embarrassed, but he still said, "It's not that I'm spying on you, but ... Your family's property now belongs to the an family. The only reason it hasn't been taken back is because I've

tried my best to get my father to win it over in front of my uncle and Grandpa. But now that you're back, the property company will naturally call the an family."

"Then, should I thank you?" Mengyao hmped softly, as if she didn't care about what Jianwen said.

"Yaoyao ... I know you're not happy with the an family, but I have to say that we're also a victim!" Jianwen said with a bitter smile.

"You guys are also victims? Are you pretending to be pitiful?" Mengyao, naturally, didn't believe him.

"Yaoyao, let me in-I'll tell you the details later. I'm here to clear things up-it's not good for people to see me standing here ..." Jianwen said.

"Let you in ..." Chu Mengyao wanted to say that she was dreaming. What right do you have to enter my house? However, he suddenly remembered that this villa didn't belong to him anymore. An Jianwen was the real owner, and he was living under someone else's roof!

Mengyao sighed helplessly at that thought. She opened the door and said,""Then come in. I'd like to see what you have to explain!" (To be continued.)

Chapter 1832: explanation

"You'll understand when you hear me out whether our an family has done anything wrong to you!" Jianwen said.

Mengyao turned around and walked towards the living room. Yushu was looking at Jianwen up and down, giving him a chill. Was she planning something bad again? An Jianwen had been tricked a few times.

In fact, Chen Yushu didn't mean to trick him. She was just guessing whether this guy was innocent or not.

"Alright, you can speak your mind now!" Mengyao said.

"Yaoyao, you may think that uncle Chu's bankruptcy and his suicide were caused by the an family, but we're innocent. My father was even scolded by Grandpa for lending money to uncle Chu!" Jianwen smiled bitterly."If it wasn't for grandpa's love for me, your villa would've been taken back!"

"The business is already under your family's name. What else are you not satisfied with?" Mengyao asked.

"Uncle Chu's business and pengzhan industries" shares have all been transferred to our an family, but Yaoyao, have you ever thought that my father lent your father three billion Yuan? do you think the pengzhan industries "shares and the real estate add up to three billion Yuan? Even if it's more than 3 billion, we're taking out cash, and we're buying back shares and properties. This is equivalent to losing a lot!" Jianwen explained,"after all, a business isn't money before it's sold. Shares, if the business doesn't run, it won't be able to earn back its capital. But now, our an family lost three billion, and even our own business is affected. Overall, we are also victims!"

"You mean, the three billion you lent my father is gone too, and it's not in your pockets?" Mengyao, naturally, didn't believe him.

“Yaoyao, to be honest, it was my father who asked your uncle Chu to do this project. Perhaps it’s because of this that you misunderstood!” “But later on, my father tried to persuade uncle Chu to stop, but he was like a demon. He wouldn’t listen to my father no matter what my father said. My father couldn’t reject him because of his old friend, so he took the risk and lent him the money ...” Jianwen said.

“Daddy is still in the hospital, unconscious. How can I believe you when you’re saying this?” Mengyao said, unmoved.

“I knew you wouldn’t believe me ...” Jianwen shook his head helplessly. “But it’s okay, Yaoyao. Our company’s phone calls are all recorded. If you really don’t believe me, I can get someone to play the recording for you to listen to!”

“A recording? Is that true?” Mengyao wasn’t so sure anymore—was her father really that stubborn? Back then, when she called her father, he seemed to be crazy too, and when uncle Fu tried to persuade him, he didn’t seem to care ...

“Our family’s company is different from your father’s. There are three people in charge—my grandfather, my uncle, and my father. Sometimes, when there’s a mistake in the decision-making process, we have to find out who made the decision. In order to prevent people from denying that they don’t have any evidence, we recorded all the phone calls ...” Jianwen was obviously starting to talk nonsense. In the an family’s business, other than old master an, only an Mingyue had the final say. An Jianwen had a lot of power.

“Then ... Bring it over for me to listen ...” Chu Mengyao hesitated. It was impolite to check the recording of someone else’s company, but Chu Mengyao didn’t believe that an Jianwen really had the recording so she had to confirm it herself.

“Alright, I’ll talk to my father about it ...” Jianwen didn’t reject the offer. He took out his phone and called Mingyue ...

After an Mingyue finished the call, Chu Mengyao wasn’t even sure herself. Was the an family really innocent? Otherwise, why would he be so confident?

Of course, even though the an family was suspicious, they could not rule out the possibility that they were innocent!

“Then why did you make money before and lose everything later?” Mengyao asked.

“Sigh, it wasn’t supposed to be a loss, but for some reason, uncle Chu suddenly wanted to withdraw one billion. It affected the early stage of the plan and messed it up. So, not only did we not get the one billion back, but we lost everything ...” Jianwen spread his hands and said regretfully.

“What? Was it because of the withdrawal of funds ... That you lost it?” Chu Mengyao was stunned. She never thought that the root cause of her father’s bankruptcy would be his withdrawal of funds! Although an Jianwen’s words couldn’t be trusted right now, Chu Mengyao still fell into deep self-blame!

Was it because of him? If he hadn’t called his father to ask for one billion Yuan, would his father suddenly withdraw his funds? Was all of this caused by him?

Uncle Fu didn't mention this before because he didn't want to upset Mengyao. He was sure that the an family was behind this, and that the withdrawal was just an excuse.

But Jianwen wanted Mengyao to hate Lin Yi, so he said, "Yeah, for this kind of financial speculation, the most taboo thing is to withdraw funds after setting up a trap. This will disrupt the original plan all of a sudden ..."

"Is that so ..." Chu Mengyao lowered her head, feeling down.

Jianwen was a little disappointed that Mengyao wasn't complaining about Lin Yi, but he couldn't say anything else. Mengyao would get suspicious if he did, and she wasn't an idiot. It wasn't easy for Jianwen to make her suspicious, so he wouldn't want to ruin the good situation.

Soon, Jianwen's phone received a few messages. He opened it and looked at it before turning to Mengyao. "It's been sent over, I'll play it for you!"

"Alright!" Mengyao nodded without hesitation.

"Pengzhan bro, why are you calling again? Didn't we just talk? "I've sent the current profits to your email, see if you've received it ..." Jianwen's phone started playing the recording ...

At first, it was just a normal conversation, but towards the end, Chu Mengyao's face changed slightly!

"Pengzhan bro, as an old neighbor, I'm telling you that futures are risky, not the guaranteed profit you think it is! It's normal for others to suffer losses when you profit, so why don't you stop when you're done?"

Chapter 1833: raising conditions

Indeed, an Jianwen was right. Chu pengzhan was the one who asked for more investment first, and an Mingyue was the one who tried to persuade him ... Towards the end, Chu Mengyao was even more certain of this point. An Mingyue didn't want to borrow money, she tried to persuade Chu pengzhan to stop, but her father was stubborn and insisted on borrowing money. An Mingyue had no choice but to agree to Chu pengzhan's request!

After that was Chu pengzhan's request to withdraw the funds. An Mingyue had also warned her that withdrawing the funds now was risky, but Chu pengzhan still wanted to withdraw the funds. This made Chu Mengyao's expression a little sad ... Thinking about how her father did this for her, she couldn't help but tear up ...

These recordings were enough to prove the an family's innocence, and Chu Mengyao believed that it was an accident. After all, she couldn't say anything in front of this evidence. Even if the an family really did play some tricks, Chu pengzhan only had himself to blame!

He had already advised you many times, but you still didn't listen. Who could you blame for losing money?

"Yaoyao, do you understand the pain our an family is going through now?" Jianwen smiled bitterly. "Actually, our an family didn't gain much from this. It's the same as using this money to buy the shares and properties!"

“Can you send me the voice recordings of these calls?” Mengyao asked after taking a deep breath. Uncle Fu didn’t know about this, and the an family didn’t explain much to him.

As far as Jianwen was concerned, he had to explain it to Mengyao personally to get the effect he wanted. Plus, he had other things to do later on, and this was just a way to get closer to Mengyao.

“Of course you can.” “But here’s a video of the contract signing, you can take a look ...” Jianwen nodded.

With that, Jianwen opened up the video of Chu pengzhan and an Mingyue signing the contract. Of course, the video was edited, and there were things that Chu Mengyao shouldn’t see in it.

Chu Mengyao saw the happy smile on his face after receiving the money and knew that this whole thing was done out of his own free will. In that case, it really didn’t have much to do with the an family ... Of course, Chu Mengyao thought this way because she had forgotten about the hypnotist!

But who would have thought that there was a hypnotist involved in this? Besides, even an ordinary hypnotist would find it difficult to do it so flawlessly! Of course, the hypnotist from the firewolves was another story!

The firewolves were full of experts in the study of the human body’s potential and limits, and hypnosis was a way to stimulate the human body’s potential. So if Chu Mengyao considered the problem from a normal perspective, she wouldn’t suspect the hypnotist at all.

“Alright...I believe you. This matter has nothing to do with you.” Mengyao was an open and honest person-she had no reason to doubt the an family anymore with all this evidence in front of her.

“It’s alright. If we don’t know the truth, the an family will be suspected!” “I’ll send it to your phone right now!” Jianwen smiled bitterly.

Mengyao nodded. After receiving Jianwen’s message, she said, “I know, I don’t blame you guys for this. It’s my fault for being too eager for quick success. Is there anything else?”

“Here’s a hundred thousand Kuai, I heard that uncle Chu really needed money right now, so I took out half of my savings to give you ...” Jianwen said as he took out the money, but he was a little apologetic. “Because of what happened before, my father was temporarily removed from his position in the company, so my pocket money has been reduced a lot. I can only use this ...”

“This ...” Mengyao really wanted the money, but she didn’t want to owe Jianwen anything. She wouldn’t have cared about the 100000 Yuan in the past, but now she really wanted it. She didn’t want to owe Jianwen a favor for 100000 Yuan.

“Oh, just give it to me!” Yushu took the money from Jianwen’s hand and said, “I’ll take it!”

“Well ...” It was Jianwen’s turn to be helpless. He took out the 100000 Yuan to please Mengyao. He didn’t want her to feel like he owed her anything, but at least he wanted her to feel that he was good to her!

However, it was different now that Chen Yushu had taken the money. He didn’t need Chen Yushu to owe him any favors. It was better for her to stay as far away from him as possible. She couldn’t wait to hide! But since the money was taken by Chen Yushu, he couldn’t take it back. Not only would he lose

face, he would also make Chu Mengyao feel that he wasn't giving the money sincerely. It wasn't worth it!

And so, after thinking things through, Jianwen said, "It doesn't matter who I give it to, it's for uncle Chu anyway. It's a token of my heart."

"Thank you," he said. Mengyao didn't have to take the money herself, so she felt better.

"By the way, Yaoyao, the amusement park is now under the an family's name, but eldest uncle is planning to develop the land near the amusement park for the second time. Are you interested in participating?" Only now did Jianwen reveal his true purpose.

"What do you mean?" "The amusement park belongs to your family now, what does that have to do with me?" Mengyao frowned.

"Uncle's planning to build a Zoo near the theme park-it's surrounded by mountains and rivers, after all, and the environment is beautiful. Songshan doesn't have a big zoo, so uncle's planning to train me and let me be in charge of this project!" "Yaoyao, I'd like to invite you to help with the development!" Jianwen said.

"Me? What am I going to do?" Mengyao still didn't understand what Jianwen was trying to do.

"Yaoyao, actually ... I'm really sad to see uncle Chu like this. Even though all these properties belong to our an family now, I think it's only temporary. As long as I work hard, I'm sure I'll be able to help you get them back in the future!" Jianwen said.

"You want it back for me?" Mengyao looked at Jianwen in surprise. Was he sick?

"That's right. If I perform outstandingly, then I believe that grandfather will definitely agree in the end. But ... The condition is that you have to be with me first. If you marry me, then it'll be perfectly justifiable for me to help you get back all these assets. After all, you're my wife, and these assets originally belonged to your Chu family. By then, even if uncle objects, grandfather will definitely agree!" Jianwen said with pride. "Among the third generation, Grandpa likes me the most!"

Chapter 1834: Lucky Strike

In fact, it was a fact that the old man liked an Jianwen, but it was also because an Jianwen was the most capable, and his position in the Firewolf gang was rising! As for old master an, he was an outer disciple of the Firewolf gang. His dream back then was to enter the core of the Firewolf gang and become a core disciple!

One had to know that the core disciples of the firewolves could become cultivators. As for an Jianwen, if he did a few more things, the firewolves would probably give him a Foundation pill to help him with his cultivation!

"Marry you?" Mengyao smiled. She finally understood why an Jianwen said so much. He still wanted her to marry him. As for the theme park project, he just wanted to build up their relationship first. As long as they built up their relationship, everything else would follow.

However, Mengyao didn't like an Jianwen at all. Even with such a huge temptation in front of her, she wasn't moved at all! She didn't know why, but there was a belief in her heart-she thought that if Lin Yi woke up, everything would be fine!

Even if she had lost a lot, with Lin Yi around, she could rise again!

"Yes, you know that even if I'm loved by Grandpa, if you're not my girlfriend, he won't agree to return these assets to you!" Jianwen spread out his hands and smiled bitterly. "Yaoyao, you might think that I'm taking advantage of you, but this is the only way I can think of. Besides, I really like you!"

"I'm sorry ... I still have to go to school. I'm not interested in developing an amusement park ..." Chu Mengyao shook her head and rejected an Jianwen's suggestion.

"Sigh, I'm just saying. You should think about it. After all, I don't want you to lose the Chu family's business. I heard that it was your grandfather's hard work back then ..." An Jianwen said.

"Thank you, but I'm not thinking about marriage or work now. I still have to go to college." Mengyao said.

"Alright, I won't bother you anymore. When you've thought it through, give me a call." Jianwen said.

"Wait, you said you want to build a Zoo?" Chen Yushu suddenly asked.

"Yeah, Shu, you should help me talk to Yaoyao too-we all want to help her, after all!" Jianwen said with a nod. He didn't like Shu, but she was the closest person to Mengyao. Mengyao would listen to her if she tried to talk her out of it.

"Are you going to buy a lot of animals?" Chen Yushu asked.

"Of course, how can there be no animals in the zoo?" Jianwen didn't know why Yushu was asking this, but he answered honestly anyway.

"That's good. I have a Lion here. I'll sell it to you. It doesn't have to be too expensive. Just give me two or three hundred thousand!" Yushu said, demanding an exorbitant price.

"Ah?" Jianwen blinked, not sure how to answer.

"It's better to be familiar than raw. We're already so familiar with each other, and Yaoyao sis needs money. You're not going to reject her, are you?" Chen Yushu asked.

"Uh ... I'll buy it, of course I'll buy it. Three hundred thousand, right? okay, I'll go back and talk to my uncle. I'll buy it for sure ..." Jianwen was depressed. He didn't work with Mengyao, and he just bought a Lion for no reason!

He'd heard that Yushu got a Lion from house Xiao's Gou huli, but he didn't think that he'd be the one to get it!

More importantly, developing a Zoo was just an idea he came up with on a whim. His goal was to get in touch with Mengyao. If Mengyao didn't participate, why would he even bother developing a Zoo?

He didn't have the time for that. There were more profitable projects waiting for him!

“That’s great! I’ll get someone to send you the lion!” Chen Yushu replied.

“...” An Jianwen left Chu Mengyao’s house gloomily, a little helpless. Every time he met Chen Yushu, nothing good would happen. This girl always found trouble for him. Damn it!

Mengyao couldn’t help but smile at Shu’s actions, but she didn’t stop her. She was willing to hit and she was willing to suffer. Other than Lin Yi, she would’ve plucked anyone that came her way. Jianwen was asking for it.

“Shu, do you think that what happened to daddy really has nothing to do with an Jianwen?” Mengyao said helplessly as she looked at the evidence in her phone.

“Who knows? This guy might not be telling the truth at all! “Yushu doesn’t have a good impression of Jianwen.

“But there’s evidence!” Mengyao said.

“That’s true ... But we’ll have to wait until uncle Chu wakes up to find out the truth,” Chen Yushu replied.

Hidden house Yu.

Yu Bing’s letter had arrived-any other Ice Palace disciple wouldn’t be able to enjoy this treatment, but Yu Bing could write a letter to his family once a month, and even get the letter from house Yu to him through the ice Palace!

Other outer disciples had to wait at least a year before they could write letters to their families, but Yu Bing had the care of the future sect master of the Ice Palace. Not only did he receive more elixirs than the other outer disciples, he also had more privileges in the Ice Palace!

But even so, none of the outer sect disciples dared to object-after all, they were all familiar with the future sect master.

This time, Xiaochen’s letter gave Yu Bing a shock!

In the letter, Xiaochen questioned Yu Bing-why did he hide the fact that Lin Yi was also a part of the raid, and why didn’t he tell him about the Qi gathering pill?

Yu Bing, on the other hand, thought that his father knew everything-he quickly replied, explaining that he knew that Lin Yi did join the raid and had a Qi gathering pill with him, but he couldn’t sell out his friend-that’s why he kept it a secret ...

In fact, Yu Bing’s explanation was because he thought that his father knew everything-little did he know that it was all because of Yu Xiaochen!

Yu Xiaochen didn’t know the truth, he only heard Yu Huoxing’s side of the story. He didn’t want to expose himself, so he wrote Yu Bing a letter of questioning. He didn’t say much, but Yu Bing had something on his mind, and that was why he ended up like this!

If Yu Huoxing knew about this misunderstanding, he would probably be grinning from ear to ear. A lie he made up to frame Lin Yi was actually confirmed by Yu Bing! Even the heavens were helping him!

Chapter 1835: house Yu

Looking at the letter in his hands, Xiaochen's face darkened even more. After confirming Huoxing's words, Xiaochen immediately went to the mountain where the old elder was in seclusion!

With Yu Yi's lead, Xiaochen saw the old Yu once more.

"Father, Yu Bing's letter is here!" Xiaochen didn't bother with small talk and went straight to the point.

"Oh? What did Yu Bing say in the letter?" The elder opened his eyes and asked.

"Yu Huoxing didn't lie, Lin Yi did join the raid, and he did have the Qi gathering pill!" Xiaochen said as he passed Yu Bing's letter to the old Yu.

The old Yu took the letter and started reading it quietly, as if he was serious. Xiaochen didn't dare interrupt him, and stood to the side, waiting for him to finish reading.

It was obvious that the old elder really liked Yu Bing, otherwise he wouldn't be reading the letter he wrote so seriously.

After a while, the elder of house Yu put down the letter in his hand and let out an almost inaudible sigh, "I wanted the other hidden houses to break the rules and send out their Earth Class first, but ... I didn't think that the first to make a move would be us, house Yu!"

"Father, you're ready to make a move on Lin Yi?" Xiaochen was delighted as he asked without changing his expression.

With his father's support, he might be able to get the pill back, and there would be hope for him to advance to Sky Class! Of course, he didn't think that Lin Yi had already consumed the pill-it was only effective when Earth Class late phase peak broke through to Sky Class. It was a waste to consume it before!

"If you become a Sky Class master as well, then we'll have nothing to worry about for the next hundred years!" "This is your hope, of course I'll do my best!" The elder said. Since we've confirmed that Lin Yi was the one who took the pill, then we'll fulfill Yu Huoxing's wish-kill Lin Yi and get the pill back!"

"Kill Lin Yi?" "Yu Bing ..." Xiaochen's eyebrows raised.

"He will understand sooner or later that the family's interests are more important than anything else!" "Let's let Yu Liu go this time," the old elder said. "Although it's said that Lin Yi went into Qi deviation, we don't know if it's true or not. Yu Liu is an Earth Class mid phase peak. Even if Lin Yi is pretending, he can still win!"

"Yes!" Xiaochen nodded, "I'll make the arrangements then"

"Okay, go talk to Yu Huoxing again, you know what to say, right?" The elder of house Yu said.

"Naturally, I know!" "I'll make sure Yu Huoxing remembers this debt of avenging house Yu. This is also payback for the Qi gathering pill that house Zhao took from him!" Xiaochen said.

"Alright, you can go!" The old ancestor waved his hand.

After Xiaochen left the house Yu's cultivation grounds, he sent someone to find Huoxing.

“Greetings, Head of House Yu!” Huoxing said respectfully. He didn’t know why Xiaochen was looking for him, but he wasn’t afraid. Ever since he told him to pretend house Zhao took his Qi gathering pill, he knew that it was all good. No one would look into it anymore!

Even if someone were to pursue the matter, Huoxing would be able to push away the truth.

“Huoxing, Yu Bing’s sent a letter to confirm your theory. Lin Yi did join the raid, and he was the one who took the Qi gathering pill!” Xiaochen said.

“Ah?” Huoxing paused, wondering if Yu Bing had lost his mind. Lin Yi wasn’t participating in a tomb raid, was he? Plus, Lin Yi didn’t take the pill-he was the one who gave it to house Zhao, so why did Yu Bing admit to what he said?

Huoxing had been at ease before, but he was still worried about Yu Bing!

With Yu Bing’s clarification, house Yu would definitely believe Yu Bing’s words instead of his, and so Huoxing was hoping that Yu Bing wouldn’t be able to write letters in the Ice Palace, but he didn’t think that Yu Bing would actually reply. What was even more surprising was that Yu Bing had confirmed his words!

Was Yu Bing out of his mind?

However, even though Yu Huoxing was suspicious, he was still very happy! It didn’t matter what Yu Bing’s reasons were, it was good for him to confirm this point. After a brief moment of shock, Huoxing quickly said, “That’s how it is, and that Lin Yi’s a bastard! Not only did he destroy our common house Yu, he even came to steal your Qi gathering pill! He’s a real criminal!”

“That’s right, this Lin Yi is indeed despicable, and so after my father and I tried to persuade him, he finally agreed to send someone to take revenge for your common house Yu!” Xiaochen said, very good at buying people’s hearts.

“Thank you, Head of House Yu and the old ancestor!” Huoxing’s heart was filled with excitement! The common house Yu was basically dead now, and while Huoxing was furious, he lost the courage to take revenge after hearing that Lin Yi had broken through to Earth Class!

If the Hidden House Yu didn’t help, then he wouldn’t be able to do anything to Lin Yi unless he became a higher class master! Plus, he was a person who was afraid of death-he wouldn’t do anything before he completely overpowered Lin Yi.

“You don’t have to thank me, it’s what house Yu should do. The common house Yu may not have a successor, but you can support a few other relatives. I heard that Yu Haitian is not bad, let him and Yu kun take care of house Yu together!” “But, from now on, we’ll just focus on running a business, don’t get involved in practicing!” Xiaochen said.

“Yes ...” Huoxing sighed heavily. If the common house Yu stopped cultivating, then what difference was there between them and a normal business? This meant that the common house Yu would be completely marginalized from now on, and would never have the glory they had in the past.

However, this was the best solution. At least the Hidden House Yu would support house Yu. Otherwise, house Yu might not be able to survive. Without a practitioner, any house with a practitioner could be stepped on!

“This time, I’m going to ask Yu Liu to take revenge on Lin Yi. Do you have anything else to say?” Xiaochen asked.

“I ... I don’t have any more, I’ll leave it to the Head of House Yu!” Huoxing wanted to say that he wanted to take revenge for the common house Yu, but he didn’t have the guts to say it out loud-he was afraid of death! He was afraid that Lin Yi was pretending to be unconscious-even if Yu Liu, an Earth Class mid phase peak, was with him, he was still afraid that Yu Liu wouldn’t be able to keep him safe!

And so, Yu Huoxing gave up in the end.

Chapter 1836: The uninvited guest in the villa

Xiaochen naturally didn’t say anything else-after Huoxing left, he looked for Yu Liu, “Yu Liu, I’ll give you a mission this time!”

“Yes, master Yu, please give your orders!” Yu Liu was a direct descendant of house Yu, and was loyal to them. He was like a brainwashed death warrior, and so he did whatever Xiaochen told him to do.

“Go to Songshan city and help me kill a man, then get his Qi gathering pill back!” Xiaochen said.

“Yes!” Yu Liu didn’t even think about it before agreeing. “Please speak, patriarch!”

“This guy’s name is Lin Yi, I’m sure you know him-here’s his information and address, just deal with him when you get there, as for the people around him ...” Xiaochen paused and said seriously, “Don’t touch the people around him, especially the two girls. Don’t hurt them! We can’t be too overbearing, we’ll just cause Lin Yi trouble!”

“I understand!” Yu Liu nodded.

In fact, Xiaochen didn’t need to explain so much-Yu Liu’s loyalty was undoubted, after all. He did whatever Xiaochen said, unlike Huoxing, who always had a little bit of a hidden agenda.

“Alright, you can go ...” Xiaochen said to Yu Liu after giving the orders.

Yu Liu, on the other hand, disappeared in a flash. Earth Class mid phase peak was very fast ...

A little later, Chen Yutian and song Lingshan came to visit Chu Mengyao, Chen Yushu, and Lin Yi. Chen Yutian got the news of their return from Chen Yushu and came to the villa immediately after. As for Lin Yi’s Qi deviation, he found out from other sources.

Chu Mengyao and Chen Yushu were less hostile towards song Lingshan’s arrival. They knew the result of the noble House meeting. Song Lingshan was now on Lin Yi’s side. Although this Fox liked Lin Yi, she was still a Mystic late phase Peak Master. While Lin Yi was unconscious, she could at least be a support and protect him.

“Brother, that Sly Fox song.” Yushu said.

“Shu, don’t talk nonsense. Call her Lingshan sis.” Chen Yutian scolded.

“She still doesn’t call me Lingshan sis, she wants to be shield bro’s wife. I’m the small wife, but she’ll have to wait until after the sixth or seventh, so she should call me Shu sis!” Chen Yushu replied.

“Lingshan, don’t mind her, that’s just how Shu is,” Chen Yutian didn’t know whether to laugh or cry as he apologized to song Lingshan.

“It’s okay. If I enter the family in the future, I will follow the rules.” Song Lingshan looked at Chen Yushu and said faintly, “But, I don’t think Lin Yi has ever acknowledged you as the second wife, right? When he admits it, what’s wrong with calling you sister Shu?”

Chen Yutian heard song Lingshan’s words and smiled bitterly. He didn’t think that song Lingshan’s words would be this sharp.

“Alright, Lingshan, Shu, stop fighting. Boss Lin Yi hasn’t woken up yet, who’s going to be the second wife?” Yutian said.

“Yeah, Shu, let’s not fight over this. Yunyun has already entrusted Lin Yi to us, what’s the point of fighting?” Mengyao was clearly talking about Shu, but she was also announcing their relationship with Lin Yi to Lingshan.

Lingshan only smiled, not saying anything.

“Bro, you want to see shield bro?” Chen Yushu asked.

“It’s not that important. I’m here to remind you guys that it’s best if you don’t live in the villa. You guys should move out and find a more remote place to live ...” According to past experiences, the news of our boss’s Qigong deviation has spread, and it is likely that he will suffer the revenge of his previous enemies. It is too dangerous for the two of you to live here!”

“Ah!” Mengyao couldn’t help but exclaim-she didn’t think of this before, but now that Yutian reminded her, she remembered the time when Lin Yi was unconscious and the noble houses came to him all at once. She still felt a lingering fear!

At that time, Lin Yi had woken up at a critical moment, but now? There was no way Lin Yi would wake up now, and if the enemy came looking for him again, he’d have no other choice!

“From what I’ve heard, the Hidden House Pi behind house Xiao and the Hidden House Yu behind house Yu won’t let this go so easily, so you guys better get out of here as soon as possible. If they both send someone strong, even Yutian bro and I won’t be able to fight them!” Lingshan said.

“Thanks for the reminder. We’ll pack up now!” Mengyao nodded decisively. She didn’t have any attachment to this huge villa. What was the point of living here if it didn’t belong to her anymore? When Lin Yi wakes up, he could buy a bigger and better villa!

Mengyao had always had confidence in Lin Yi, but she didn’t know where that confidence came from. Could it be because of Lin Yi’s tall and straight figure during the bank robbery?

“We’ll help you. We’ll only pack up the important things that are meaningful to you. As for the other furniture and electrical appliances, you can leave them here.” Chen Yutian said.

“En!” Mengyao nodded and started packing up with Yushu, Yutian, and Lingshan ...

An hour later, Chu Mengyao and Chen Yushu threw a few packages onto the car in the yard, panting heavily. These were all the useful things. There was a change of undergarments and a laptop with some important documents like photos. As for the information on the other computers, they had all been deleted.

Lin Yi didn't have many things-other than a few torn clothes, his room only had the clothes Mengyao had bought for him. Mengyao took all the clothes and some unknown things from Lin Yi's drawer and put them all together.

"I'm finally done ..." Chu Mengyao let out a breath of relief. She looked at the things that she couldn't take away from the villa and shook her head. Goodbye, villa! From the moment he stepped out of the villa today, he might never come back again!

However, just as Chu Mengyao and Chen Yushu lifted Lin Yi into the car and was about to leave, an accident happened ...

An uninvited guest arrived at the villa's entrance. Even with Yutian and Lingshan's strength, they still couldn't tell how this person came in. It was like he appeared out of thin air, without any warning!

Chapter 1837: buying time

"Who's Lin Yi?" "Tell him to come out and see me!" The man asked directly.

"Who are you? What are you doing here?" Chen Yutian was shocked and shouted at the man. This man gave him a creepy feeling of danger. His instinct told him that this man was very powerful!

Lingshan was shocked as well-she and Yutian had guessed that someone would come after Lin Yi after the news spread, but she didn't think that someone would come so quickly!

Although he wasn't sure of the identity of the person who came, it looked like he was definitely here to find trouble! Otherwise, she wouldn't have asked where Lin Yi was the moment she opened her mouth!

"I'm Yu Liu, I'm here on the Hidden House Yu's head's orders to find Lin Yi to take revenge for the common house Yu. I don't want to kill innocent people, call Lin Yi out!" With Yu Liu's status and strength, he wouldn't hide his background. He wasn't afraid that Lin Yi's people would go to the Hidden House Yu for revenge!

There were two Sky Class Masters in the Hidden House Yu-going there for revenge was suicide!

Song Lingshan and Chen Yutian looked at each other and saw the realization in each other's eyes. It was indeed the Hidden House Yu. They didn't expect them to come so quickly!

"Lin Yi's gone mad, he didn't come back, didn't you know?" Lingshan said.

"Qi deviation?" "Perhaps it's true that he went crazy, but he didn't come back. I don't believe it!" Yu Liu said coldly. "Who's in the car?"

Yu Liu may have been trained to be loyal, but that didn't mean he was an idiot. On the contrary, he was trained to be meticulous when he was in the house. He could tell that these people were moving the moment he arrived!

As for why they were moving, it was obvious-they probably knew that their enemies would come looking for trouble, so they wanted to leave first. Yu Liu's eyes were locked on the car in the yard.

Song Lingshan and Chen Yutian looked at each other and shouted at the same time, "Yaoyao, Shu, run! We'll handle this!"

With that, Lingshan and Yutian charged at Yu Liu from the left and right!

Chu Mengyao and Chen Yushu were also very nervous in the car. They didn't expect this to happen before they left. Someone was looking for trouble at their door, and they didn't know what to do. They were afraid that this person would do something bad to Lin Yi. Hearing Chen Yutian and song Lingshan's shouts, Chu Mengyao subconsciously started the car and stepped on the gas. The car shot out of the villa like an arrow, speeding into the distance!

Yu Liu's eyes darkened-he didn't think that these two Mystic late phase peak juniors would attack him first! He could've easily dealt with Lingshan and Yutian, but he hesitated-he remembered what Xiaochen told him before he left-don't hurt the innocent!

Xiaochen was talking about the two girls with Lin Yi, but Yu Liu didn't know if the two in front of him were included!

Yu Liu didn't know why Xiaochen told him to only target Lin Yi, but he didn't question him-he just had to do it! It was because of this that Yu Liu was hesitating-he didn't know how to deal with Lingshan and Yutian.

It was this moment of hesitation that allowed Mengyao to take advantage of and leave the yard! Otherwise, with Yu Liu's strength, he would've been able to stop Mengyao and Yushu easily.

"Get out of my way, or I won't be polite!" Yu Liu looked at the two and warned.

Although Chu Mengyao and Chen Yushu left in the car, Yu Liu was confident that he could catch up to them in a short time. After all, there were only a few roads in the villa area, and with Yu Liu's speed, he could still find their traces.

In order to make the two back off, Yu Liu channeled his practitioner's Arts as well, and in an instant, his Earth Class mid phase peak strength was fully revealed-all his Qi was pushed towards Lingshan and Yutian!

Lingshan and Yutian's faces changed-they already knew their opponent's strength-it was Earth Class mid phase peak!

If they were up against an Earth Class early phase who had never trained in martial arts, Lingshan and Yutian might have a chance if they worked together. But against an Earth Class mid phase peak, they had no chance at all!

They weren't Lin Yi, and they didn't have the ability to fight someone of a higher level than them. There was only one possibility for them to lose when facing an opponent so much stronger than them.

"I'm a police officer. You've trespassed on private property. You're coming back with me for investigation!" Lingshan said as an idea dawned on her.

“?” Yu Liu froze—he’d thought that the two would back off or fight him to the death, but he didn’t expect Lingshan to say something like that!

Trespassing? Yu Liu scratched his head but didn’t do anything. He explained, “I’m from a hidden house!”

“I know, I’ll inform the supernatural Investigation Bureau to handle this matter.” Lingshan said.

Yu Liu was just about to say that he was from a hidden house and was bound by the Council, but when he saw the cunning look in Lingshan’s eyes, he realized that this person was trying to buy time for the people on the other side to escape!

With that thought, Yu Liu decided not to waste any more time with Lingshan. He turned around and ran in the direction that Mengyao and Yushu went.

Song Lingshan and Chen Yutian understood immediately, and Yu Liu did. Song Lingshan’s words did buy them some time, but they couldn’t guarantee that Chu Mengyao and Chen Yushu wouldn’t get away. So, they stood in front of Yu Liu, not letting him go!

“Get out of my way, or I won’t be polite!” “Two Mystic late phase peak, are you tired of living?” Yu Liu said coldly.

Yu Liu guessed that these two were probably from noble houses as well—he didn’t know which house they were from, but he was sure that they were in Lin Yi’s group! Yu Liu was furious—these two Mystic class juniors ruined his plan! He wanted to kill them right now!

But remembering what Xiaochen had specifically told him, he didn’t do it—he didn’t understand what he meant, after all. Xiaochen was being very vague, and he wasn’t sure if Xiaochen only told him not to hurt the two girls by Lin Yi’s side, or if he didn’t want to hurt anyone else.

After all, Xiaochen did add that house Yu couldn’t be too overbearing ...

Chapter 1838: abandoning the car

“We two juniors are not talented and would like to experience senior’s strength!” Yutian said, bracing himself.

Yu Liu frowned—he didn’t expect the two to be so persistent! Anger rose in his heart—Yu Liu’s left and right palms pushed out casually, landing on Song Lingshan and Chen Yutian!

An Earth Class mid phase peak and a Mystic class late phase peak were worlds apart—they couldn’t even be compared! Especially with Yu Liu’s martial arts, he could easily take out Yutian and Lingshan!

But Yu Xiaochen said it first, and Yu Liu was a little scared—he used a skill, but not all his strength. He only sent Song Lingshan and Chen Yutian flying, and it wasn’t a serious injury, but light injuries were unavoidable!

Lingshan and Yutian’s bodies were sent flying, one on the left and one on the right, both feeling sad—they couldn’t even last a single move from Yu Liu! They didn’t even see what Yu Liu did, and they were sent flying!

This also meant that the difference in strength between the two was too great. Yutian and Lingshan's idea of fighting to the death was ridiculous-if Yu Liu wanted to take their lives, they would've been dead long ago!

However, be it Chen Yutian or song Lingshan, they didn't understand why Yu Liu would go easy on them! He didn't look like a soft-hearted person, judging from the way he came to Lin Yi. However, he would never get the answer to this question. After he sent song Lingshan and Chen Yutian flying, Yu Liu's body disappeared into the night, chasing in the direction Chu Mengyao and Chen Yushu went!

Mengyao's Grand Cherokee was parked under an overpass, and she was carrying a bunch of bags while Yushu was carrying Lin Yi on her back. The two of them were running as fast as they could in the night.

The two of them knew that Yu Liu would catch up to them, so Mengyao decided to abandon the car and walk instead. It was harder, but at least it wouldn't expose their target!

"Hu ..." Chu Mengyao was out of breath. She didn't know where the explosive energy came from, but she didn't feel tired at all with the two big bags in her hands. Chen Yushu was the same, running as fast as she could with Lin Yi on her back!

In a dangerous situation, a person's potential was limitless. However, the potential of two people was obviously stronger than that of normal people.

Skybolt pig and general Weiwu, on the other hand, were carrying at least three bags each, but they still ran very fast. This little weight was nothing to them!

However, they had limited space. Otherwise, they could easily give the two bags in Chu Mengyao's hands and Lin Yi's bag in Shu's hands to them!

"Yaoyao sis, how much longer do we have to run? I'm out of energy ..." Yushu and Yushu started running as soon as they got off the overpass, and they were already a thousand meters away.

"Find a more remote place, at least one that's behind the streets and alleys!" "Your shield bro's dead if he gets caught!" Mengyao said.

"Oh, then Shu's full of energy again ..." Yushu gritted her teeth.

"..." Chu Mengyao was speechless. Shu's little universe exploded the moment Lin Yi was mentioned.

In front of them was an old residential area. It was one of the earliest developed buildings in Songshan, but it was also the most dilapidated one. The buildings here were decades old, and most of them were three-story red brick houses.

Because of the previous planning problems, they did not consider the problem of lanes at all. Therefore, there were alleys between each building, and the alleys were also surrounded by the residents on the first floor and used as their own courtyards.

Dirty, messy, and broken-that was Mengyao and Yushu's first impression.

If it weren't for their escape, the two of them wouldn't have come to this place. Perhaps they would never come here in their entire lives, but Mengyao chose this place today.

First, there were more obstacles here, the boxes were narrow, and the front of each house's yard was full of debris, so it was easy to find a hiding place.

Second, cars couldn't get in here, and they left in a car. If Yu Liu didn't see their car hidden in the parking lot under the overpass, he wouldn't have thought they were in an alley like this.

"Let's rest for a while!" Mengyao couldn't move anymore-she looked at Yushu, who was panting.

"Okay ..." Chen Yushu's little universe exploded, but she was exhausted at the moment. She naturally agreed to Chu Mengyao's suggestion to rest.

The two of them found a pile of junk in front of a house and carefully hid behind it.

Yu Liu followed them all the way, walking on roofs and utility poles, overlooking the streets below. As an Earth Class mid phase peak, he could easily leap onto roofs and vault over walls.

Yu Liu was furious-if it weren't for Yutian and Lingshan, he would've caught up to them already, but he could only rely on his gut feeling.

Finally, Yu Liu's eyes landed on the parking lot under the overpass. There weren't many cars in the parking lot at night, and if he looked closely, he'd be able to easily find Chu Mengyao's Grand Cherokee!

The next moment, Yu Liu appeared beside the Cherokee. He reached out and touched the hood of the car, a cold smile on his face. He then flew up again and jumped onto the overpass!

A driver who happened to be driving past this place suddenly saw a person at the bridgehead and was shocked. He thought that he had seen a ghost and almost got into a car accident.

Yu Liu was observing the nearby terrain. Since Chu Mengyao and Chen Yushu chose to abandon the car and walk, he was thinking about which way he would choose to escape if he were in their shoes.

In the end, Yu Liu's eyes fell on an old residential area not far from the overpass. The other streets and residential areas nearby had a clear view of the situation, but that old residential area had a complex structure. The tallest building was three stories high, and there was no place where they could see the whole area!

This is the place! Yu Liu had set his target on this old building area. If someone was following him, he would choose this area too, because there were too many places to hide and adapt to. A small alley was enough to shake off his pursuers.

After making up his mind, Yu Liu quickly walked towards the old building area ...

Chapter 1839: on edge

"Yaoyao sis, that Yu Liu won't come after us, will he?" Yushu had a bad feeling that Yu Liu was going to catch up.

"I don't know ..." Chu Mengyao looked at the closed doors and thought, how good would it be if she could hide in one of the houses? But she didn't know him, and even if he told her to hide in there, she wouldn't dare. After all, they weren't familiar with the place, and who knew if he had any bad intentions

...

In the distance The sound of footsteps could be heard. In the empty alley, it was especially clear. Chu Mengyao and Chen Yushu's hearts were also raised.

At this moment, the hair on both of their bodies stood up. They were wondering if Yu Liu had followed them here.

The footsteps were getting closer and closer, and Mengyao and Yushu subconsciously moved back a little. However, even if they were hiding behind the pile of junk, if someone were to pass by, they would still notice their figures.

Just as the group of people was about to pass by, they suddenly heard a cough. It was an old woman's cough, and it was obviously the voice of the person who had come.

"Ahem ..." The cough made Mengyao and Yushu relax. Luckily, it wasn't Yu Liu.

Not long after, a short old woman pushed a cart and slowly walked over. However, the old woman walked very slowly, and her eyes seemed to be looking at the ground left and right.

She was a scavenger, and her cart was full of broken cardboard boxes, some drink bottles, and scrap iron. She looked around, looking for the drink bottles that had been discarded.

As she walked past Chu Mengyao and Chen Yushu, she also saw the two curled up behind the pile of junk.

Seeing the two little girls hiding there, the old lady was slightly stunned. She didn't know what the two little girls were doing here, but she subconsciously looked at the two little girls a few more times. Then, an incredulous look appeared in the old lady's eyes!

"Fairies! You are the two fairies!" The old lady stopped in her tracks and called out to the girls.

Chu Mengyao and Chen Yushu heard the old lady's words and froze for a second. However, in the next moment, they recognized who the old lady was. She was the old lady who collected scraps at the back door of Tiandi Entertainment City. She was humiliated by Zhen Yingjun and Lin Yi "transferred" her disease to Zhen Yingjun!

At that time, the old lady's chronic illness was suddenly cured, so naturally, she thought of Chu Mengyao and Chen Yushu as fairies. After all, to her, only fairies could do this, right? No matter how good a doctor was, they could only cure her illness. However, they could transfer their illness to the young man who had bullied her. This ability was something only gods had.

With that, the old lady got off the car and was about to kneel down and pay her respects to Mengyao and Yushu. Meeting a fairy once was already a blessing from her ancestors, and meeting one a second time-one could only imagine how excited the old lady was!

"Granny, we're not fairies ..." Chu Mengyao subconsciously stopped the old lady from kneeling. After all, they couldn't accept the old lady's bow.

"You must be fairies. If you're not fairies, how can you cure this old woman's chronic illness? How did you transfer the illness to that evil person?" The old lady said.

“This ...” Chu Mengyao didn’t know how Lin Yi did it so she couldn’t explain it. If she didn’t know that Lin Yi had many magical abilities, she would find it strange if it was her first time.

“Two fairies, since you refuse to accept my bow, if you don’t mind, come to my house. I’ll donate all my savings for incense money ...” The old woman said.

She was a lonely old woman who knew how to repay kindness. She had been scavenging for a living all these years, but her physical disability made it difficult for her to move, and the things she picked up every day were limited. However, ever since her legs recovered, her income increased greatly. She could now go to many places that she couldn’t go before, so she was naturally grateful to Chu Mengyao and Chen Yushu.

Chu Mengyao and Chen Yushu looked at each other. The two of them weren’t after the old lady’s incense money, but they were just worried about not finding a place to hide! Mengyao and Yushu were happy that the old lady invited them, and they knew who the person was—they didn’t have to worry that the person was up to no good.

“Sure, granny, but we’re not fairies. I’ll tell you the details when we get to your house ...” Mengyao could tell that the granny was a kind person and wouldn’t pretend to be a fairy to trick her.

“Good, good, that’s great!” The old lady was grinning from ear to ear after Mengyao and Yushu agreed.

In fact, it didn’t matter if Chu Mengyao and Chen Yushu were fairies or not. The most important thing was that the old grandma met her benefactors again, and she was happy to be able to repay the gratitude in her heart.

Mengyao picked up the bag while Yushu carried Lin Yi. The old lady was taken aback at the sight and quickly said, “Two fairies, let this old woman help you carry this thing. How can I let you do physical work?”

“Granny, it’s okay ...” Before Mengyao could finish her sentence, the bag in her hand was easily taken by the old grandma and placed on the cart. Lin Yi, who was behind Yushu, was also carried by the old grandma and carried on her body!

This scene stunned Chu Mengyao and Chen Yushu. They didn’t think that this skinny old lady would have such strength.

Seeing the two surprised, the old lady smiled and said, “In the past, when this old woman’s legs weren’t agile, she also carried gunny sacks and walked through the streets to pick up scraps. What heavy object didn’t she carry? Now that my leg is fine, this is nothing!”

Chu Mengyao and Chen Yushu heard the old lady’s words and relaxed. They walked forward with the old lady.

The old lady, on the other hand, was stunned when she saw the pig and general Weiwu on the ground. She rubbed her eyes and was even more certain that the two girls were fairies!

She had never seen a pig that could walk on two legs and a dog that could carry things on its back in her entire life! If she wasn’t a fairy, how could there be such a spirit beast in the immortal world? Wasn’t this a situation that only happened in Journey to the West?

However, since she didn't want to admit it, the old lady didn't insist. Maybe she was a fairy who had descended to the mortal world and kept it a secret?

The old lady's house wasn't far from here, it was also on the first floor. The old lady opened the yard door and let Chu Mengyao and Chen Yushu in first. She followed them in and then closed the door.

Chapter 1840: resting place

"This is my home. It's a little messy. Please don't mind it, my two fairies!" The old lady said.

"Granny, we're really not fairies. Besides, it's already good enough that we have a place to stay!" Mengyao smiled bitterly. She didn't know why, but the old lady just assumed that they were fairies.

As she spoke, the old lady opened the door and the few of them entered the room. Although the courtyard was messy and filled with all kinds of junk, the room was very clean.

The old woman lived in an old house with two rooms and one living room. There was not much decoration, and there was not much good furniture. But even so, the house was clean and spotless. It was very neat. It could be seen that the old woman was a very diligent person.

"Please have a seat, I'll make you some tea ..." The old lady carefully placed Lin Yi on the sofa. She didn't know what happened to Lin Yi, but she didn't dare to ask if the two fairies didn't want to tell her. The old lady also recognized Lin Yi—he was the man who was with the two fairies at the back door of Tiandi Entertainment City.

"No need to trouble yourself, granny. We're really not fairies. Not only that, but we also have a favor to ask of you ..." Chu Mengyao quickly stopped the old lady from making tea.

Not long after the three people and two beasts entered the courtyard, a figure appeared at the entrance of the alley. He was Yu Liu.

Yu Liu's eyes were cold as he looked at the empty alley. He flew to the top of a three-story building and looked down at the alley, but he didn't see anything wrong! This was the innermost alley, and Yu Liu had already searched the other alleys, but he couldn't find Chu Mengyao and the others.

Yu Liu thought that Mengyao and Yushu would be hiding here, but they were nowhere to be seen.

Could it be that they were really not here? Or did they use reverse thinking to deduce that he would definitely follow them to this alley when they abandoned the car, so they deliberately didn't go here but chose the main street, which was easier to expose their target?

Yu Liu's face darkened at the thought. He felt that he had underestimated Chu Mengyao and Chen Yushu. The most dangerous place was also the safest place. Why didn't he think of this old saying?

Of course, Yu Liu didn't think that Chu Mengyao would have any friends or relatives in this old building area. After all, judging from the villa area they lived in, they couldn't possibly have any interactions with the people who lived here.

Yu Liu sighed and left the old block, returning to the Grand Cherokee under the overpass. He tried to figure out the escape route for Mengyao and Yushu, but he knew that even if he found the right route,

he might not be able to catch up to them. It had been so long, perhaps they'd already found a hotel to settle down in.

But no matter what, Yu Liu had to give it a try ...

Chu Mengyao wanted to find a place to stay so she didn't hide anything. She told the old grandma that she, Chen Yushu, and Lin Yi were being followed and explained that they weren't fairies. However, Lin Yi was a great doctor Who could create similar symptoms for Zhen Yingjun while treating her!

The old lady didn't even think twice about Mengyao's request to stay here for a while. She was a lonely old woman, and Mengyao's arrival wouldn't cause her any inconvenience. Besides, the old lady wanted to repay Mengyao and Yushu, so she wouldn't reject them.

"Although you say you're not fairies, from this old woman's decades of experience, even if you're not, you're still extraordinary people. It's this old woman's good fortune to be able to let you live here. This old woman is really happy!" The old lady said.

"Thank you, granny!" Mengyao and Yushu let out a breath of relief. They'd planned to find a remote hotel to stay in, but that way they could use Lin Yi's name "Ling one" to register, but they couldn't guarantee that Yu Liu wouldn't notice them if they stayed for too long. After all, the three of them were too obvious-two girls with an unconscious boy-they'd be able to find them if they asked around at the hotels.

And living here, as long as Lin Yi stayed in the house and didn't show up, who would pay attention to an old lady who was scavenging?

"No need to thank me. I should be the one thanking you. I'm really grateful that you've allowed me to enjoy a normal life before I die!" The old lady said,"by the way, you said that this young Divine Doctor fell unconscious because of an illness. He must have needed to buy medicine. I don't have much savings in my life, but I've given all of them to you. It's my way of repaying this young Divine doctor's kindness!"

"This ..." Chu Mengyao and Chen Yushu were in need of money, but they didn't want to take the money from the old lady.

"Take it ..." The old lady said as she took out a passbook and handed it to Chu Mengyao and Chen Yushu,""I've spent my entire life ... My husband and children are gone, so I don't need much money. "

Chu Mengyao looked at the number on the passbook and couldn't help but be slightly shocked. There were actually 100000 Yuan. She didn't think that a lonely old man would be able to pick up so much money by relying on scrap picking!

"This ... Why don't you consider it as me lending it to you? I'll definitely return it to you in the future!" Mengyao thought about her father's and Lin Yi's situation and accepted the passbook shamelessly. She needed the money now, and although Jianwen gave her some money, it wasn't enough to pay for her father's medical expenses. Besides, Lin Yi's medical fees weren't settled yet!

"Hehe, it doesn't matter if you return it or not. However, you said that someone was following you. Why didn't you call the police?" The grandma asked with a strange look.

“This ...” Chu Mengyao didn’t know how to explain, “That person is very powerful. He is already a cultivator ... Do you know about cultivators?”

“A cultivator?” The old woman’s eyes suddenly flashed with a strange light, but then she returned to normal, as if she was lost in her memories. After a long time, she shook her head and said, “I think I’ve heard of it before, but it’s been so long that I can’t remember ...”

Chu Mengyao nodded and didn’t mind too much. After all, normal people didn’t know much about practitioners. Even if they had heard of it, it was just a rumor. The only people who could see it in person were the bodyguards of the big bosses. (To be continued.)
