

Bodyguard 1851

Chapter 1851: True identity

West Star Mountain village.

Kongwen said goodbye to old Lin and was ready to go back.

Kongwen stayed for a few more days to drink with old Lin, but he still had to leave.

His mission this time was complete-he'd successfully helped Lin Yi get through the disaster, so it was time for him to go back and continue his isolated practicing and break through that barrier ...

"Old friend, I'm leaving. Take care!" Kongwen smiled at old Lin who was standing at the entrance.

"This time ... Lin Yi's future will be up to him." Old Lin sighed,"I don't know what those two guys were thinking, sending you to protect Lin Yi. It's not exactly a smooth journey, but at least there won't be that many hidden houses looking for trouble with him"

Kongwen smiled bitterly. Only old Lin would dare to call them "guys" because they had been through life and death together. He wouldn't dare to do that!

"Master and him both have their own considerations, right? you should know that ... Iron can't become steel if it's not tempered, and Jade can't be made if it's not polished!" Kongwen said,"Plus, before he reached that level, there's a limit to the number of times I can help him every year ... If it exceeds two times, I won't be able to explain it to master ... Plus, some forces are already out of our control, and it's been thirteen years ... You and I haven't made any big breakthroughs because of our talent, but the ancient sects and hidden houses have many talents, especially the hidden houses, they've suddenly had a few Sky Class Masters. I'm worried about this ..."

"Yeah, your worry is what I'm worried about as well-the hidden houses are starting to get out of control, but that's inevitable. Those two guys aren't here anymore, and we can't intimidate those Sky Class Masters with just the two of us, especially me ... I can't leave yet ..." Old Lin smiled bitterly.

"But ... I think there's a reason why master arranged this with him ..." Kongwen sighed. In fact, even he couldn't predict Lin Yi's fate. It was just as the ancient records said-once a person learned the ancient manual, their fate would change. The more profound the ancient manual was, the more unpredictable the practitioner's fate would be. Kongwen didn't believe it at first, but he failed when he first thought that Lin Yi was in trouble. At that time, Lin Yi had perfectly broken through to Mystic class, surprising kongwen.

From then on, kongwen's prediction of Lin Yi's fate was never accurate, so he decided to give up on it.

Kongwen disappeared in the blink of an eye, but old Lin didn't seem surprised at all. He turned around and left ...

Kongwen's face changed when he saw the communication device in his room.

Kongwen did not dare to waste any time. He sat cross-legged on the eight trigrams and began to calculate. After a while, kongwen opened his eyes. The result of the calculation made his heart beat faster!

Kongwen called old Lin again.

The last time they were in the West Star Mountain village was the first time they had contacted each other after they had separated. They had contacted each other through a communicator. However, this time, they were contacting each other directly through a mobile phone.

“Old friend, you’ve returned to your training ground?” Old Lin asked.

“Old friend Lin, there is a problem ...” Kongwen said.

“Is there a problem? What’s the problem?” Old Lin blinked.

“The Hidden House ... Is probably going to start a storm!” Kongwen said.

“Hidden house? How were they going to stir up trouble? As long as the earth Class doesn’t show up, then with Yi’s strength and his friends, no one will be able to touch him!” Old Lin said, confused.

“But ... What if the hidden houses don’t want to follow the agreement?” Kongwen let out a long sigh. “After all, it’s been so many years since he left with master. The Hidden House committee’s control over the hidden houses is getting weaker by the day, and I’ve been in isolation trying to break through the barrier. I don’t believe that they’re not up to something ... And I’ve done a divination just now. The situation of the hidden houses ... Is going to change soon ...”

“What? At a time like this, they ...” Old Lin was shocked. “You’re saying that Earth Class and above are about to appear ...”

“Hehehe, after all these years, anyone would be tempted ...” Kongwen said, -“If I knew this would happen, I wouldn’t have let him go back no matter what-he’d stay by your side to recuperate! Even if they sent a Sky Class master here, hehe, he’d never come back!”

“But, I’m worried about Yi ...” Old Lin said quickly.

“I didn’t think that the hidden houses would test me like this ...” Kongwen told old Lin about the communicator. Yes, kongwen was the elder of the Council of hidden houses!

However, because of what happened back then, the founder of the arbitration Association left, and he went into seclusion to cultivate, trying to break through the last barrier. He wanted to reach the peak of his strength before the opening of Sky Class Island, enter the sky path, and find his master ...

And so, according to the promise and agreement he made to his master, he could only come out and help Lin Yi when he was in an irreversible danger, but there was a clear limit, and that was no more than two times a year!

This was a restriction on his cultivation, and it was also a restriction on Lin Yi! If one always thought of having a backer, then one would not be able to make progress on the path of cultivation and would develop a lazy personality.

Kongwen would be severely punished if he exceeded the limit!

Kongwen was very regretful. He had wasted his first chance this year, and now he had used up his second chance. This meant that no matter what the danger was, he would not be able to come out again!

“It seems that these people have long planned this!” Old Lin couldn’t help but get angry. “If Yi’s master didn’t leave, hehe, the ancient sects would have to give him face. Now, all these new hidden houses are starting to show up ...”

“Old friend Lin, call the people around Lin Yi right now and tell them to hide. Don’t give them any chance to attack!” “But they might not be targeting Yi,” kongwen said.

This was also why kongwen didn’t know about Yu Huoxing and the Qi gathering pill, and the fact that Qibing had become the heir of house Zhao. If he had known, he wouldn’t have said this.

Chapter 1852: Three families joining hands

However, these two things were kept a secret by house Yu and house Zhao. Only the core members of the House knew about it, let alone kongwen.

“Alright, I’ll contact them immediately!” Old Lin said.

After ending the call with kongwen, old Lin called Mengyao, but her phone was off.

He called Chen Yushu’s number again, but her phone was off. Lin Yi’s phone was still off!

Old Lin was taken aback by this, but even if he was, there was nothing he could do from a thousand miles away ...

After many unsuccessful attempts, old Lin finally called kongwen again.

“Old friend, how is it?” Kongwen was also very anxious.

“I can’t ...” Old Lin sighed, “Perhaps they’ve already run into trouble and are hiding ...”

“Ah ... Maybe it’s all fate. Yi’s an Earth Class now, and facing some Earth Class opponents is also a form of training for him-how can he grow without adversity?” Kongwen said after a moment of hesitation, “back then, master and him ... They did the same thing ...”

“I hope so!” Old man Lin nodded.

Songshan.

Mengyao, Yushu, and granny sun were a low-key group, but they still attracted the attention of other scavengers.

After all, it was simply too heaven-defying to pick up old and broken things that cost more than 10000 Yuan a day. Even if they deliberately tried to hide it, there was no such thing as an impervious wall in this world. Especially when everyone sold old home appliances and electronic products in the same place, there would always be a time when they would meet!

Therefore, after knowing the income of the three people, many scavengers showed envy, jealousy, and hatred. If it wasn't for the fact that grandma sun was an old hand in the industry and had been scavenging for more than ten years, with absolute prestige, they might have been excluded!

However, granny sun was a very experienced person. Although many people were envious, jealous, and hated her, there was nothing they could do.

The matters of granny sun and the others could only become the topic of these after-meal conversations ...

This phenomenon made Chu Mengyao and Chen Yushu very worried. People were afraid of being famous and pigs were afraid of being fat. Under normal circumstances, Chu Mengyao wouldn't mind, even if they took a picture of her as the "most beautiful scavenger girl," but now, for Lin Yi, her identity couldn't be exposed!

And so, Chu Mengyao and Chen Yushu could only pray in their hearts that Lin Yi would wake up soon, so that they could end this period of scrap picking! Fortunately, scrap picking was a relatively independent profession and had little contact with the outside world. The three of them only spread rumors in the scrap picking industry and didn't attract the attention of others ...

The Hidden House you, hidden house Yu, and hidden house Zhao's people were all in Songshan.

The Hidden House you's goal was different from the Hidden House Yu and hidden house Zhao's-the Hidden House you was just here to watch the show, or to put it another way, they were here to "test." The Hidden House you's Earth Class master appeared in Songshan with the Hidden House Yu and hidden house Zhao, but the Hidden House you wasn't that interested in killing Lin Yi.

Although Lin Yi had offended you Panhu of the Hidden House you, the enmity between Lin Yi and house you wasn't that deep. House Kang, on the other hand, had a deep enmity with Lin Yi, so thirteenth of the right was acting according to the situation.

Before he left, zhentian you made it clear that if he could find Lin Yi, and if the Hidden House Yu and hidden house Zhao were both involved, then thirteenth of the right wouldn't mind joining in the fun. After all, it would be returning the favor to house Kang. If he killed Lin Yi, house Kang would be very grateful to the Hidden House you and would work harder to help them earn money.

However, if the other two families didn't make a move, the hidden right family wouldn't be the bird that stood out.

The Hidden House Yu, on the other hand, was different. After house Yu allied with house Zhao and house you, Yu Liu came to Songshan city again and was determined to get Lin Yi. Not to mention the fact that Lin Yi destroyed the common house Yu, just the fact that he took the Qi gathering pill was enough for the Hidden House Yu to make a move.

As for the Hidden House Zhao, they only made a move because of The Grudge between Zhao Qibing and Lin Yi, and also to test the waters with the Hidden House Yu.

In fact, this was also because the Hidden House Zhao always felt like they owed the Hidden House Yu, so when the Hidden House Yu called for them, they let them out.

Naturally, elder bi and Qibing hated Lin Yi so much that they wanted to get rid of him as soon as possible, and so house Zhao sent an Earth Class as well-a very high level Earth Class!

Zhao Guang 'er was a second generation disciple of the Hidden House Zhao, the same generation as the young master Zhao Guangyin. He was currently an Earth Class late phase.

The reason he sent Zhao Guang 'er out was to kill Lin Yi in one fell swoop, not giving him any chance of turning things around!

However, during the Hidden House Zhao's meeting, qikun voiced out a different opinion-he didn't agree with letting the house's Masters go against Lin Yi.

"Elder bi, that Lin Yi's so young and he's already an Earth Class early phase-the power behind him must be very strong. We don't need to get involved in this-let the Hidden House Yu and hidden house you do it, or maybe we can just send an Earth Class early phase to help ..." Qikun said,""Earth Class late phase, house Zhao's strength is limited. There are too few of them, what if something goes wrong ..."

"The forces behind them?" Qibing laughed coldly,"If he had a powerful backer, why would he hide? Have you ever seen an ancient sect's disciple hide from Qi deviation? Under Yu Liu's pursuit, no one came out to support him? You call this having a background?"

"I ..." Qikun only wanted to stop house Zhao from doing anything, but Qibing's words made sense too.

"Alright, it's decided then. I've already asked the elderly head for instructions. It's decided!" Elder bi waved his hand,"if we don't get rid of Lin Yi, Qibing's business in Songshan will be affected as well. That's a big business for house Zhao. Zhao qikun, you shouldn't interfere!"

Elder Bi's decision was made with the support and hint from old Zhao-house Yu and house Zhao were in-laws, and so house Zhao knew that house Yu had lost a Qi gathering pill and that Yu Huoxing had blamed it on Lin Yi. So, old Zhao wanted to use this chance to destroy Lin Yi's body!

Only then would he be able to be at ease forever that the matter of him pocketing the Qi gathering pill would not be exposed.

So, even without Zhao Qibing's name, old Zhao would still send the Masters in the house to kill Lin Yi and end everything.

This was also the reason why the Zhao family had used such an expert. (To be continued.)

Chapter 1853: coming to the door (1)

"Yes ..." Qikun was filled with rage and sadness-he didn't know what was so good about Qibing that elder bi liked him so much that he would support him so much!

He'd tried his best, but his status and position in the house were far from Qibing 's-he could only come to the meeting because he'd passed the test and sent qijiu there for practicing.

However, it was not quite possible for him to have a certain right to speak for the time being.

That day, Chu Mengyao and Chen Yushu went to the old goods market with granny sun in the evening as usual to sell the things they had picked up. However, they were accidentally seen by two familiar people!

Of course, they weren't very familiar with each other. They had only met a few times.

They were the Zhu brothers! They had seen each other before at the beach, and later on at the mountain behind the resort.

However, boss Zhu and Chen Xi were on the other side of the old goods market. Chu Mengyao, Chen Yushu, and granny sun were happily counting the money and didn't notice that not far away, two familiar faces were looking at them with surprised eyes ...

"Grandpa Zhu, aren't those two sisters Lin Yi bro's rich men? why are they out here picking up old stuff?" Chen Xi looked at Chu Mengyao and Chen Yushu, confused.

Elder Zhu's eyes flashed with excitement, and he said, "Many children from rich families go there to experience life during the summer break. Maybe they're there to experience life!"

"So that's how it is. Shall we go and say hello?" Chen Xi nodded her head in realization.

"No need. You don't know them well, do you? Lin Yi's not here either. " Said elder Zhu.

"You're right, I don't know them well, and Xiaoxiao sis isn't here ..." Chen Xi gave up on the idea of greeting them.

"Xi, you should go home by yourself today. Grandpa Zhu has something else to do today, so he can't go home with you!" Elder Zhu said in a calm voice.

"Alright," he said. Chen Xi didn't think too much about it. Grandpa Zhu always had things to do, and she was used to it. "I'll go back first then ..."

"En, don't forget to work hard!" Old Zhu said.

"Don't worry, Grandpa Zhu, I won't let you down. " Chen Xi agreed with a smile.

Elder Zhu left the old goods market first and hid behind a truck at the entrance. A while later, Chu Mengyao, Chen Yushu, and granny sun came out of the old goods market, and elder Zhu followed them ...

With his Earth Class strength, it would be a piece of cake for him to hide from Mengyao and the others.

On the way, they passed by a pharmacy, and Mengyao, Yushu, and granny sun went in to get Lin Yi some medicine.

"This is the prescription for the last course of treatment. I hope shield bro can wake up soon ..." Chen Yushu was a little emotional. Without realizing it, ten days had passed. These days were full of hardships, sweat, and happiness.

It was hard to forget, but they still hoped that Lin Yi would wake up as soon as possible.

After taking the medicine, Chu Mengyao gritted her teeth and paid the bill at the beginning, but now she paid the money without hesitation. It was like the difference between heaven and earth. Chu Mengyao sighed in her heart. If it wasn't for Skybolt pig, how difficult would it be for these people?

The three of them left the shop, and a happy smile appeared on boss Zhu's face. It seemed like Lin Yi really did suffer from Qi deviation, or Mengyao wouldn't be buying medicine for him.

Of course, to be on the safe side, elder Zhu would only follow them and not go to their door directly. He wasn't stupid-why should he stick his head out for the three families 'business? Plus, he was only an Earth Class early phase, and Lin Yi was also an Earth Class early phase. If Lin Yi was still faking it, then he'd be dead!

Boss Zhu knew very well how strong Lin Yi was, and he wouldn't make a move unless he had absolute confidence. He'd leave Lin Yi to the stronger people-he'd be handsomely rewarded if he sent the information back to house Zhao.

Chu Mengyao, Chen Yushu and grandma sun didn't notice anything and went back home as usual. After confirming their location, elder Zhu disappeared into the twilight with a cackle ...

The Hidden House Zhao was far away in the East China Sea, but for an Earth Class like boss Zhu, it only took him an hour to get there and back.

"Elder Zhu!" The Hidden House Zhao disciples saw boss Zhu and immediately bowed.

"Inform master Bing and the young master that I have good news!" Elder Zhu waved his hand, signaling the disciple on duty to report.

The disciple nodded respectfully and turned to leave. Not long after, Zhao Guangyin came back with Zhao Qibing.

Although elder Zhu was only an Earth Class early phase, he was still very important to Guangyin, especially since the Hidden House Zhao was run by the old man of house Zhao. Guangyin couldn't order an Earth Class around, but Qibing had taken him under his wing. This made Guangyin value Qibing even more.

"Elder Zhu, I heard you brought good news?" Zhao Guangyin laughed and walked over.

"Yes, young master!" Elder Zhu bowed and said.

"What good news? quickly tell me!" Qibing quickly asked.

"Young master, master Bing, I've finally found where that Lin Yi kid is hiding after a thorough search!" Elder Zhu then told him what he had seen and heard.

Guangyin and Qibing weren't stupid-they knew that it was a blind cat that found a dead rat, and that it wasn't some sort of thorough search. They couldn't say that out loud, however, since they'd be proud of their big brother's contribution-he was one of them, after all.

"Good, very good! I'll go tell elder bi and father, you've done a great job!" Guangyin said, pleasantly surprised.

"It's my duty to work for the young master and master Bing, it's not a Meritorious Service!" Elder Zhu said.

Old Zhao and elder bi were overjoyed when they heard the news-they quickly told guangyin to contact the Hidden House Yu and hidden house you's practitioners to come to house Zhao and kill Lin Yi together!

This time, he couldn't let Lin Yi escape!

At granny sun's house.

Lin Yi realized that the medicine Chu Mengyao gave him every day was quite effective in driving out the fire poison. With the help of the medicine, Lin Yi's speed of driving out the fire poison was getting faster and faster. Now (only a little bit of fire poison was left on his left foot, and he was done ...

Chapter 1854-coming to the door (2)

After Mengyao gave Lin Yi the medicine today, he felt the last bit of fire poison in his foot being forced into the meridians of his right hand. At that moment, Lin Yi could clearly feel that his connection with the outside world had become stronger. He could wake up at any time he wanted!

Lin Yi was just about to return to the outside world from the Jade when Mengyao said,"Shu, I'm going to take a shower, you help Lin Yi wipe his sweat ..."

"Alright!" Chen Yushu nodded.

With that, Mengyao started taking off her clothes, and Lin Yi, who was about to wake up, tensed up a little, not daring to wake up immediately ...

When he woke up, everyone was embarrassed. Miss was embarrassed, and so was he. Although he had already seen miss's body when he was curing her, that was only when he was treating her. Now, he couldn't help but feel a little embarrassed ...

Besides, Lin Yi was actually a little dirty inside-he didn't dare to look at Shu and Mengyao undressing because of the fire poison, or his Qi deviation would've been even worse.

But these two young girls had been taking off their clothes and showering next to him for so many days, and it was hard for Lin Yi not to fantasize. He wasn't a hooligan, but he'd be a block of wood if he didn't want to peek at them under such temptation!

And so, even if Lin Yi had a strong mental fortitude, he still sneaked a peek at the Miss ...

Lin Yi felt like he was drooling ... Soon, all that was left of the Miss "upper body was her bra ...

Lin Yi felt his breathing speed up-the Miss was the one who took it off for him to see, not him ...

However, just as she touched the button on her bra, a loud noise came from outside the door. It was the sound of someone breaking the courtyard door. Then, a deep voice sounded,""Lin Yi kid, come out and face your death!"

Mengyao jumped and quickly put on her clothes, giving up on the idea of taking a shower.

She and Shu looked at each other, and their faces changed. They didn't think that what was supposed to happen would happen! After hiding for so long, the enemy had finally found their way here!

In fact, ever since their group became famous, Chu Mengyao and Chen Yushu had been worried that the enemy would find them. They had been holding onto the hope because they had no other choice. To the two girls, it was already very hard to find a job with such a high income.

"What do we do?" Yushu tensed up-there was no way they'd be able to get out without Lingshan and Yutian's help.

"I don't know, let's see!" Mengyao was panicking as well, but Yushu wouldn't notice if she acted more panicked than her.

Lin Yi was pissed-which bastard came looking for revenge at this time? The young miss was about to take off her bra, but they came! This was the first time Lin Yi had the urge to curse at someone-he'd finally done it, and now he'd been interrupted!

Standing outside the yard were Yu Liu from the Hidden House Yu, thirteen from the right from the Hidden House you, and Zhao Guang 'er from the Hidden House Zhao!

With the three Earth Class Masters locked on to them, they weren't worried at all that Chu Mengyao and Chen Yushu would run away. So, they didn't mind shouting outside the yard.

"Lin Yi junior, come out and face your death!" "You were lucky enough to escape last time," Yu Liu said coldly. "It won't be so easy this time!"

Thirteenth on the right, on the other hand, stood to the side, not saying a word. He came here with house Yu and house Zhao, and if Lin Yi was really here, he wouldn't mind helping and killing him, but if Lin Yi wasn't here, he didn't want to lose face!

An Earth Class was yelling in front of a normal house, and it turned out to be a mistake-that was the biggest joke!

But Yu Liu was different-he came here with a mission, and he had to kill Lin Yi and get the pill. He had to speak up now, when no one else said anything.

Zhao Guang 'er was even more anxious than Yu Liu-he'd come to kill Yu Liu, but Yu Liu beat him to it.

Not far from the three of them, there was an SUV with Kang Zhaoming, Zhao Qibing, and Yu Huoxing in it. The three didn't have much interaction before, but after killing Lin Yi, they all wanted to see how miserable Lin Yi was, so they came along.

However, Yu Huoxing was an Earth Class early phase, and yet he was hiding in the car with them, not fighting Lin Yi. This made Zhaoming and Qibing look down on him.

"Let's go out and take a look!" Mengyao was afraid that someone would hurt granny sun, so she held Yushu's hand and quickly walked towards the door!

These people were here for Lin Yi and them, and they couldn't let the innocent granny sun get dragged into this.

“Haha, it’s here! Lin Yi?” Yu Liu saw Chu Mengyao and Chen Yushu and was overjoyed.

“What exactly do you want to do with him? We don’t have any grudges with you, and we haven’t even seen you before. Why are you so insistent on chasing us?” Mengyao was panicking as she tried her best to stall for time, but she realized that it was useless.

“I naturally have a grudge against him! He was the one who destroyed the common house Yu, right? I’m here on behalf of the Hidden House Yu.” Yu Liu said arrogantly. He naturally couldn’t tell them that Lin Yi took the pill.

“The common house Yu asked for it, what does it have to do with you?” “Plus, from what I know, hidden houses can’t interfere with the business of the common houses, right?” Mengyao frowned. You’re avenging them? why do you say that?”

Mengyao had learned quite a bit about the rules of noble houses from Lin Yi and Chentian, and Yushu was a common member of house Chen, too-she knew the rules even better.

“Hmph! Stop talking nonsense, where’s Lin Yi?” Yu Liu didn’t want to argue with Mengyao anymore, he only hmped coldly, “Hand Lin Yi over-I won’t hurt you two girls, or else don’t blame me for what’s to come!”

“Lin Yi’s in the hospital, not here ...” Mengyao said, a bright idea coming to her. “He went into Qi deviation during cultivation. We sent him to the hospital ...”

“He’s in the hospital?” Yu Liu paused.

“Don’t listen to her, Lin Yi’s right here!” Zhao Guang ‘er, who had been silent the entire time, finally spoke, “They even bought Lin Yi medicine before, let’s not waste time with them. Let’s kill these two girls first, then we’ll go find Lin Yi!” (To be continued.)

Chapter 1855: Actually fine

Zhao guanger’s purpose here was to silence them, and he didn’t mind killing a few more people. As long as they were people close to Lin Yi, they might know the truth, and so he’d just kill them both!

He wasn’t from the Hidden House Yu, and he didn’t have those restrictions.

“Woof woof ...” Weiwu saw the killing intent in Guang ‘er’s eyes and jumped in front of Mengyao, ready to protect her and Shu!

However, it wasn’t strong enough-it was only Mystic late phase peak. Although some attack type spirit beasts could fight against practitioners of higher levels, general Weiwu was just an ancient spirit beast transformed from a normal dog-it didn’t have that kind of power.

“A Xuan spiritual beast? Not bad, I’m taking it!” The 13th person on the right also opened his mouth at this moment! He was from the Hidden House of the right, and the Hidden House of the right and the sky elixir sect had a very close relationship. He knew the importance of ancient spirit beasts to elixir making!

If the flesh and blood of a high-rank ancient spirit beast were to be fused into the elixir, many unexpected effects could be obtained! And if this ancient spiritual beast was lucky enough to form a vitality essence pill, then it would be a top grade elixir! So when he saw general Weiwu, he wanted to take it for himself.

Of course, Yu Liu and Zhao Guang 'er came here for their own purposes. They didn't care about a dog, and if thirteenth of the right wanted it, they could just let him have it. Their main goal was to achieve their own goals.

Inside the car, the others didn't mind, but Yu Huoxing's face froze when he saw general Weiwu. This dog, he was too familiar with it. It was this dog that drove away the spirit beast in the tomb!

Furthermore, Yu Huoxing was a careful person who was afraid of death. He remembered everything that could be a threat to him, unlike normal people who might not be able to recognize a dog or have seen it before.

After all, most animals looked the same to humans, just like a flock of chickens, ducks, cows, and sheep. They were all the same in the eyes of others, except Yu Huoxing was more careful!

Of course, it was only when the thirteenth on the right called out "Mystic class spirit beast" that Yu Huoxing remembered the male thief's Mystic class dog in the tomb.

But why would this dog appear here? Huoxing frowned. The male thief, Lin Yi, could it be ...

A bold thought flashed through Huoxing's mind. Lin Yi was the male thief, so the male thief was Lin Yi? The male thief's body was so similar to Lin Yi 's. Huoxing was extremely excited-he finally understood why Yu Bing admitted that Lin Yi had entered the tomb and had a Qi gathering pill when Xiaochen asked him!

At that time, Yu Xiaochen said that he would ask Yu Bing some questions without giving him any details, and it was probably because of this that Yu Bing misunderstood and thought that Yu Xiaochen already knew the truth, and Yu Xiaochen misunderstood, leading to the current situation!

At that thought, Huoxing really wanted to laugh out loud. Even the heavens were helping him-Lin Yi really did have the Qi gathering pill! He was really a prophet. He could actually get what he said right.

"What are you laughing at?" Zhao Qibing looked at Yu Huoxing's silly smile and asked, confused.

"No... Nothing ..." Yu Huoxing quickly stopped smiling. He couldn't let Zhao Qibing see through him, so he replied awkwardly,""I'm just laughing, that Lin Yi is going to die soon, that's great!"

"Yeah, that's great!" Zhao Qibing thought that Yu Huoxing was talking about the fact that the Qi gathering pill couldn't be exposed anymore, so he gave him a look of tacit understanding and nodded.

Zhaoming, on the other hand, didn't know what was going on, but he knew that he was just a small house Kang. He had house you's support, but he wasn't on the same level as Yu Huoxing and Zhao Qibing. He could only watch Lin Yi suffer in silence.

"Okay, brother you, you take care of that dog, I'll take care of these two girls. Brother Yu, you go inside and find Lin Yi!" Zhao Guang 'er obviously wanted to kill everyone here, leaving no survivors.

Yu Liu frowned, remembering the head's words-not to hurt anyone around Lin Yi. He didn't know why, but he wanted to warn Guang 'er. However, he remembered the difference in strength between them and didn't stop him.

After all, according to strength, Zhao Guang 'er was undoubtedly the strongest, with the strength of an Earth Class late phase! Right thirteen and he were only earth Class mid phase.

"Are you guys looking for me? There's no need to look for it inside, I'm coming out myself." Lin Yi's eyes flashed with shock-he didn't think that the three people in front of him were all Earth Class, and one of them was even Earth Class late phase!

Lin Yi, who had just recovered, tensed up! Even if he compressed his energy bomb, he might not be able to deal with the three people in front of him. Plus, three energy bombs would take a lot of time. Last time, Lin Yi had already lost to the thirteenth on the right, and he naturally wouldn't make the same mistake.

However, Lin Yi was able to walk out calmly and face three masters who came to him. Naturally, Lin Yi was not an idiot. In his heart, there was an even crazier idea ...

"Lin Yi ... You're fine?" Guang 'er looked at Lin Yi in shock-he'd heard from Qibing before that Lin Yi was good at lying, and that he'd always destroy the enemy after he'd tricked them into coming after losing all his strength!

Qibing even suspected that Lin Yi didn't want to go after the enemies himself, so he decided to use this method to lure them all to his house and kill them one by one, saving him a lot of trouble.

Of course, Guang 'er had his suspicions, but he wasn't afraid at all. As far as he was concerned, Lin Yi was just an Earth Class early phase-even if he had a breakthrough, he'd be at most an Earth Class early phase peak. No matter how heaven-defying he was, he'd be at most an Earth Class mid phase. On his side, there were three Earth Class Masters-one late phase, two mid phase-this combination was enough to kill any practitioner below Earth Class late phase-it would be an easy kill!

"Naturally, I'm fine!" Lin Yi smiled faintly at the three.

Lin Yi's answer made Guang 'er and the others suspicious! What was the meaning of this? Naturally, he's fine? In other words, he had been waiting here for everyone to come and find trouble with him?

"Don't listen to his nonsense. When I came to him, he was unconscious. These two girls hid him here. If he was really fine, he would have gone back to the villa long ago. Why would he still be here?" Yu Liu said, exposing Lin Yi's lie. (To be continued.)

Chapter 1856: empty

Lin Yi sighed. It seemed like he had to take the risk. He wanted to use words to trick these people away, but he didn't expect that these three weren't so easy to fool. Not all Earth Class Masters were as cowardly and afraid of death as Yu Huoxing.

"Phew ..." Lin Yi activated the second stage of the art of Dragon mastery, and his strength as an Earth Class early phase was revealed to the three of them ...

“Earth Class early phase?” Zhao Guang ‘er was stunned for a moment before he burst out laughing, “Do you think that you can defeat any of us with your little strength? I think it’s better for you to surrender and I’ll give you a quick death!”

“Wait!” Yu Liu was afraid that Guang ‘er would kill Lin Yi, where would he get the pill from? “Lin Yi, hand over the thing you stole from Yu Huoxing in the tomb, and I’ll let the two girls go!”

“I only want the dog.” The 13th man on the right said coldly.

“Are you three retarded?” Lin Yi suddenly grinned, looking at the three Earth Class Masters standing side by side not far away from him. They were all stronger than him, but Lin Yi looked down on them. Yes, he looked down on them, “We haven’t even decided who’s stronger, and you’re already splitting the benefits?”

“Do I still need to share? Earth Class early phase!” Zhao Guang ‘er laughed arrogantly.

“One move!” Lin Yi said faintly.

“What?” Guang ‘er blinked, not quite understanding what Lin Yi was saying.

Guang ‘er didn’t hear it clearly, but Qibing and the others heard it clearly from a distance through the listening device on them.

Qibing laughed, “is this Lin Yi stupid?” One move? Did he think they were all Mystic class Masters? You really don’t know your place!”

“Yeah, I think he’s the real deal!” Zhaoming said. He knew that Qibing was from the Hidden House Zhao, and that was why he was trying his best to please him! After all, Donghai was the Hidden House Zhao’s territory, and even though the Hidden House you was house Kang’s backer, they were too far away. If they could get the Hidden House Zhao’s support as well, then house Kang would be even more powerful!

Only Yu Huoxing’s face twitched a little, a chill running down his spine. When he thought that Lin Yi was the male thief, it was natural for him to feel a fear.

Lin Yi didn’t say anything else. With that, he slowly raised his right hand high above his head, and the second stage of the art of Dragon mastery in his body was pushed to its limit!

“What do you mean by this? You want to surrender?” Yu Liu didn’t know what Lin Yi was trying to do, but no matter what, Lin Yi’s strength was only at the early phase of the earth Class. This was why he wasn’t worried about Lin Yi, “You have two hands to surrender. Why are you raising one?”

Lin Yi didn’t bother with them-his eyes lit up, and he raised his right hand up high, pushing it out towards the three!

In an instant, a strong wave of heat rushed towards Zhao Guang ‘er, Yu Liu, and right-hand thirteen! The powerful red Air current brought with it a power that could overturn the heavens and destroy the earth as it smashed towards the heads of the three!

At this moment, Zhao Guang ‘er’s eyes flashed with fear as he shouted, “Not good, quickly run!”

“Hahaha!” Lin Yi let out a long laugh-it was too late to run now!

Lin Yi didn't think that he'd actually succeed, he really did it!

The art of Dragon mastery's second stage Qi wrapped around the fire poison Qi, and Lin Yi released it all at once. Under the guidance of the second stage, the fire poison Qi followed Lin Yi's instructions and formed a red mist above the three Earth Class Masters' heads. The mist was so wide that it covered all their escape routes!

Guang 'er realized that something was wrong-he couldn't run anymore. He'd been too confident and didn't even put Lin Yi in his eyes, and this move had caught him off guard. He wanted to run, but the red mist seemed to come to life as soon as his brain gave the order to his legs, wrapping around his body ...

Zhao Guang 'er let out a blood-curdling scream. This was the last sound he would make in his life. In the next moment, his body turned into ashes ...

If Zhao Guang 'er was like this, then Yu Liu and right-hand thirteen weren't any better off. Before they could react, the fire poison Zhen Qi had already wrapped around their bodies, turning them into wisps of smoke and disappearing!

Lin Yi thought of this move on the spot, and he did it with a “success or death” attitude. He had no other choice, and fighting two Earth Class mid phase and One Earth Class late phase with his normal strength was suicide. Lin Yi wasn't stupid enough to do that.

Using his Qi to direct the fire poison to attack Zhao Guang 'er, Yu six, and right-13 was something he got from the rock Candy Girl. Sky Class Masters could release Qi outside of their bodies and use Qi to communicate. If Qi could record the sound, could it record their own will?

And so, Lin Yi had already planned the path of his Qi beforehand, directing it towards Guang 'er, Yu six, and right-hand thirteen. He first turned it into a red mist, then wrapped it around the three, dealing them heavy damage!

However, Lin Yi only wanted to give them a heavy blow-he didn't expect them to be turned into ashes directly. The fire poison Qi was so strong that it could turn three Earth Class Masters into ashes in an instant!

Lin Yi felt a deep sense of fear after seeing this strange phenomenon. He was really lucky that he didn't die from Qi deviation!

In fact, although Zhao Guang 'er, Yu Liu, and thirteen of the right were earth Class Masters, none of them practiced Fire Arts. If they did, they wouldn't have been burnt to death so easily. Unfortunately, thirteen of the right was only a master of house you, not a refiner.

What made Lin Yi excited was that he could control the path of his Qi-he could even feel that he could still maintain a certain connection with the Qi outside his body, even though he'd set the path for his Qi. It was a mysterious feeling, but it ended the battle in an instant without Lin Yi examining it.

“Damn, where are these three people? Why are they all gone? Shield bro's got it all over again, he's vaporized them all!” Yushu said in shock as she looked at the red mist that was slowly dissipating.

Not far in front of him, there was no one ...

Chapter 1857: I forgot

Mengyao had a vague idea of what was going on, but she was still stunned by what she saw. Three masters were burned to ashes in an instant? Is that true?

In the car, Zhao Qibing, who had been talking big just a moment ago, suddenly stopped when he saw the three Earth Class Masters disappear!

Zhaoming, on the other hand, was completely dumbfounded as well, unable to believe what he was seeing. One move? Really one move? Three Earth Class Masters, gone just like that? Kang Zhaoming didn't believe it. How did the Lin Yi who was beaten up by the thirteenth of the right suddenly become so strong?

"Hurry ... Run ..." Yu Huoxing struggled to spit out the two words. He was so scared that he almost lost control of his bladder. Was this even human? Killing three Earth Class Masters in one move, and one of them was even Earth Class late phase-could Lin Yi have already broken through to Sky Class, and was playing the pig to eat the Tiger?

Yu Huoxing's words jolted Zhao Qibing and Kang Zhaoming awake. This car belonged to house Zhao, and the driver was Zhao Guang 'er. Now that the driver was gone, Zhao Qibing crawled into the driver's seat, started the car, stepped on the gas, and drove away from this terrifying place!

"Hu ..." Yu Huoxing felt that Lin Yi didn't notice the car and didn't chase after them, so he let out a long breath!

It was a good thing he wasn't stupid enough to seek revenge, or he wouldn't even know how he'd die. He really wouldn't know how he'd die. Yu Huoxing was an Earth Class, but he couldn't tell what skill Lin Yi was using. With a flip of his hand, he could create a red mist that covered the sky and clouds, and instantly turn people into dust. This was too strange and terrifying.

Zhao Qibing and Kang Zhaoming were scared out of their wits. Three Earth Class Masters! In their eyes, they were all invincible existences! How could they not even last one move from Lin Yi? And now, Qibing finally believed qikun's words-this Lin Yi always made a bunch of enemies every once in a while, and when he wanted to cause trouble, he found it troublesome. He would always pretend to be injured, go crazy, or lose all his strength, and wait for the enemies to come and kill them one by one ...

Qibing shuddered at the thought-this guy was too evil, he was addicted to playing the pig to eat the Tiger!

Next time, I'll definitely not be fooled. Whoever goes again is a fool, a big fool!

Kang Zhaoming was also cursing in his heart. F * cking hell! If he knew that Lin Yi was this strong, he wouldn't have sent the thirteenth of the right to cause trouble for Lin Yi. Now, he didn't know if the Hidden House of you could still send another master to protect him!

"Let's go back ..." Lin Yi won, but he still had lingering fear!

Before, even if there was a small problem, he wouldn't be able to achieve the effect of killing the enemy in one move. Of course, this result was far beyond Lin Yi's expectations. He didn't even think about burning all three of them to ashes!

From Lin Yi's point of view, forcing the fire poison out of his body would be a waste, so he might as well make use of it and blow it up like a Qi bomb. Even if it wasn't as heaven-defying as a Qi bomb, it could still heavily injure them. As long as he injured the three masters, he would have a chance to escape. But he didn't expect that it would come so quickly, and the three disappeared.

But what Lin Yi didn't know was that this was the fire poison Qi from the second stage of the art of Dragon mastery-even the ice Spirit's fruit couldn't completely suppress it. Normal Qi deviation didn't even need to be forced out by themselves after eating the fruit.

"Shield bro, where are they?" Chen Yushu blinked.

"They've turned to dust ..." Lin Yi pointed at the fine particles on the ground that weren't blown away by the wind.

"Holy sh * t, shield bro, you're so cool! You can even cast a fire element ultimate!" Chen Yushu exclaimed.

"Ha ..." Lin Yi smiled bitterly. Only he knew that this kind of move could only be used once. Could he go into Qi deviation again and force out so much fire poison Qi?

It was all a coincidence this time, and it was all thanks to the three Earth Class Masters standing together for him to hit. Otherwise, even if Lin Yi was lucky enough to burn two of them to death, the third one would be much harder to deal with.

Granny sun looked at Lin Yi blankly, rubbing her eyes and frowning as if remembering something, but not quite clear ...

"Granny, let's go back ..." Chu Mengyao looked around. It was evening, and there was no one else in the alley. She let out a breath of relief. Lin Yi's move was completed in an instant, otherwise the three Earth Class Masters would have had a chance to escape.

"Ah ... Oh ..." Grandma sun finally came back to her senses after Mengyao called her that. She quickly went back to the yard with Mengyao.

Chen Yushu quickly locked the yard door as well. She was thinking about how to explain what happened to granny sun so that she would keep it a secret.

Mengyao felt like she was dreaming as she looked at Lin Yi standing in front of her, completely unharmed. Is everything over?

"Shield bro, you're really awake? That's great, I don't have to pick up trash anymore!" Chen Yushu looked at Lin Yi and screamed excitedly, "You always wake up at the critical moment and then kill everyone. You're so awesome!"

"Haha, that's not the main point. I woke up before that ..." Lin Yi smiled, but he felt something was wrong ...

As expected, Mengyao's face darkened. "Just now?"

"Uh ... I didn't see you take off your clothes ..." Lin Yi said.

“Huh?” Mengyao’s face darkened even more ...

“You were half-naked, and the three guys at the door interrupted you, so you put it back on ...” Lin Yi said something he shouldn’t have said, and he had to find a way to fix it.

“Oh, I know, that’s why shield bro was so angry and burned those three guys to death!” Chen Yushu nodded.

“That’s right. ” Lin Yi nodded.

“Lin Yi!” Mengyao raised her fist and threw it at Lin Yi. “I’m not done with you!”

“Ugh ...” Lin Yi smiled bitterly. He just woke up and his thoughts weren’t very clear yet. He regretted telling the truth after Yushu’s lead.

“It’s fine, Yao Yao, you’re shield bro’s wife anyway!” Yushu said, blinking at Mengyao before turning to Lin Yi. “Shield bro, did you forget about the past? Let me remind you, Yaoyao sis is your main wife, and I’m your small wife!”

“?” Lin Yi looked at Yushu strangely. (To be continued.)

Chapter 1858: invitation

“We’re your second and third wives. ” Yushu said seriously.

“I forgot about the past? What did I forget? Shu, are you scared out of your mind?” Lin Yi didn’t understand what Yushu was up to.

“Uh ...” Chen Yushu looked at Lin Yi and didn’t think that he had lost his memory. She asked a little tentatively, “Then ... Who’s your girlfriend?”

“Your girlfriend?” Lin Yi blurted out, confused. He wanted to blurt out a name, but it was just on the tip of his tongue. Could it be that he just woke up and wasn’t thinking straight? But after thinking for a bit, Lin Yi already thought of the name, “It’s Feng Xiaoxiao, didn’t she go to the Ice Palace to cultivate? Why are you suddenly asking this question?”

However, Lin Yi felt that something wasn’t right after he finished the sentence, although he couldn’t put his finger on it.

“Feng Xiaoxiao ...” Shu suddenly realized that Lin Yi only forgot about Tang Yun, but he knew everything about her! Yushu was still trying to say that Mengyao was his first wife, but it seemed like that wasn’t going to work.

Mengyao blinked at Yushu, telling her not to meddle. It seemed like Lin Yi had really forgotten about Tang Yin ...

“It’s nothing. Shu’s always been a little crazy, you know that,” Mengyao glared at Lin Yi—he’d be awake by now if she wanted to get even with him, why wouldn’t she? Peeping Tom!

However, as she cursed in her heart, Chu Mengyao had a strange feeling. She even blamed the three guys for being so meddlesome, showing up at this time. What if they didn’t show up? Did Lin Yi see her? Why was he peeking at her? Did he like her?

Mengyao started worrying again at the thought.

“Granny sun, thank you for taking care of me these past few days!” Lin Yi turned around and thanked granny sun respectfully.

“Little Divine Doctor, you’re treating me like an outsider. This old woman’s old illness has been cured by you for many years. If we’re talking about gratitude, this old woman should be the one thanking you!” Granny sun quickly waved her hand and said, “as for taking me in, it’s just a coincidence. This old woman is grateful. This is also God’s arrangement!”

“How do you know that she’s granny sun? You’ve been ... Awake all this time?” Mengyao wasn’t stupid- she blushed and glared at Lin Yi as she recalled something.

“Of course not ... I could only hear your voices before, but I only woke up after Yaoyao gave me the medicine ...” Lin Yi quickly explained. As for using his senses to see the outside world, Lin Yi hid it from her. If he told her the truth, the Miss would probably explode, wouldn’t she?

“Hmph!” The Miss hmphed. She didn’t completely believe Lin Yi’s words, but she didn’t question him.

“Granny sun, what happened before ...” Lin Yi looked at granny sun and stopped himself. After all, what happened before was too shocking and strange for a normal person like granny sun. Lin Yi was afraid that granny sun would spread the news.

“Just now ... This old woman’s eyes were blurry, and I didn’t see anything ...” Granny sun shook her head and said, “None of you are ordinary people. This old woman won’t give you any trouble ...”

Lin Yi nodded, but he was still a little surprised at how calm granny sun was. She was talking about three masters, and they just disappeared! However, grandma sun probably didn’t understand the meaning of an expert at all ...

“Before school starts, we might still be staying here. Please forgive us for disturbing you. After school starts, we will move to Donghai. If you are interested, you can come with us to Donghai. By then, the house will definitely lack a Butler.” Lin Yi felt that granny sun was a kind person, and it was a good thing to keep such a person by his side.

When they went to Donghai, uncle Fu wouldn’t be able to help with the chores every day like he was doing now, and he wouldn’t be able to bring fresh food every day. Lin Yi would have to take care of all that eventually, and he couldn’t guarantee that he’d be at home all the time. Having a Butler was a great thing.

Mengyao was a little surprised, not expecting Lin Yi to invite her, but she quickly understood what he meant and hmphed. “Lazy!”

“You said it, we’re good friends now, I’m no longer your follower, nanny, and bodyguard ...” Lin Yi smiled.

“Alright, you said it. From now on, the entire family’s living expenses will fall on you. We don’t have any money to pay mother-in-law’s salary!” Mengyao couldn’t help but laugh at herself. That’s right, she didn’t have the right to ask Lin Yi for anything. She was no longer the young miss she used to be ...

“You’re too polite. If you don’t dislike me, I will go with you. As for the salary, it doesn’t matter. Just give me a mouthful of food!” Granny sun said straightforwardly. She had no children and was all alone, so it was fine for her to go anywhere. Besides, she could tell that the three of them weren’t bad people, and she had always been grateful for Lin Yi’s help.

“Ha ... Okay, but I’ll still pay you your salary.” Lin Yi said, full of confidence.

Although Lin Yi couldn’t use the fire poison Qi anymore, it was enough to intimidate the hidden houses who had designs on him. At least for the time being, Lin Yi wouldn’t be in trouble anymore. As long as he had time to catch his breath, he would take back everything he lost.

The only thing he regretted was that this Qi deviation didn’t bring him any benefits other than the fire poison. He didn’t break through to the next level, and he was still at the early phase of the earth Class.

Hidden house Zhao.

Zhao Qibing, Kang Zhaoming, and Yu Huoxing sat in the meeting room, their faces full of fear.

The three of them ran back like stray dogs, and while house Zhao was surprised, they didn’t dare to be careless because Qibing kept repeating the same thing-dead, all dead!

“What’s the matter? What happened? why did all of you come back?” Old man Zhao didn’t join the family meeting anymore-he’d let elder bi pass on the message for him, but this time, he was sitting at the head of the table himself, with elder bi and guangyin on his left and right.

Huoxing was as timid as a mouse, but he was an Earth Class early phase-his mental state wasn’t something Qibing and Zhaoming could compare to. (To be continued.)

Chapter 1859: learn from your mistakes

“Old ancestor Zhao, earlier ... That Lin Yi took out three Earth Class Masters in one move ...” Huoxing said, telling the old ancestor what he saw ...

However, Yu Huoxing was too far away and couldn’t see the details. He could only describe what had happened based on his own understanding.

“What? One move?” Old master Zhao’s face immediately revealed a shocked expression. He seemed to think that there was something wrong with his ears.”That Lin Yi, didn’t he go into Qi deviation? How was it possible to kill three Earth Class Masters in one move? Plus, Zhao Guang ‘er is an Earth Class late phase ...”

“How would I know?” Yu Huoxing smiled bitterly,”old ancestor Zhao, that Lin Yi’s an expert at acting like a pig to eat a Tiger, fighting enemies above his level-this isn’t a secret anymore. In the past, he’d always pretend to be injured to attract the enemy’s attention for revenge, but the enemy always came back with heavy losses!” From what I’ve observed, Lin Yi must’ve learned some powerful martial skill, or ... He’s already reached Earth Class late phase peak ...”

Old man Zhao’s eyes were wide open as he looked at Zhao Qibing and Kang Zhaoming,”You were nearby at that time? Yu Huoxing, is everything you’ve said the truth?”

It was an extremely rude question, but the old man was a Sky Class now, and so even if Huoxing was unhappy, he didn't dare say it out loud.

"Grandpa, your grandson was not far away, and what Mr. Yu Huoxing said was true. It really was one move, and Lin Yi took out three Earth Class Masters ..." Qibing's eyes were filled with fear as he spoke. It was clear that the scene had left a deep impression on him, and it made him shiver. "If you don't believe me, Grandpa, the car's camera has recorded everything from afar ..."

Hearing Qibing's confirmation, the old man knew that there was no more hope-Lin Yi really did kill three Earth Class Masters! Old man Zhao's heart was bleeding-he didn't care about other people, but this was Zhao Guang 'er, an Earth Class late phase! He was the pillar of house Zhao, and he was dead?

As far as the old man was concerned, the future Sky Class of house Zhao would be elder bi and Zhao Guangyin, and Zhao Guang 'er as well ... But now ... If he knew Lin Yi was this strong, why would he offend him?

"Grandpa, I told you that Lin Yi is the best at acting weak ... But ..." Qikun was gloating inside-Lin Yi was fine and showing off his strength, and that was what made him happy the most. Although house Zhao lost a master, it didn't matter-as long as he took control of house Zhao, with Lin Yi's support, house Zhao could still stand at the top of the hidden noble houses.

The old man looked at qikun, and a light flashed in his eyes. This made qikun feel a little cold, but he still pretended to be right and didn't back down.

After a long while, old master Zhao nodded and said, ""Qitan's right-among us, only qitan had crossed paths with Lin Yi during the test, and he knows what he's capable of-if we'd listened to qitan, we wouldn't have suffered such heavy losses!"

Qibing was a little depressed-he was hoping to use house Zhao's power to get his revenge, but it seemed like Lin Yi was already the strongest under Sky Class, taking out three Earth Class Masters in one move-one of them was a late phase Earth Class. Even late phase peak Earth Class Masters wouldn't be able to do that, and Lin Yi did it-wasn't he the strongest under Sky Class?

From the looks of it now, unless Grandpa did it himself, who else could do anything to Lin Yi? However, even though the Hidden House Committee was now just a name and couldn't do anything to the hidden houses anymore, there was still the ancient sects!

The ancient sects wouldn't allow Sky Class Masters to interfere with the world's business-it was an agreement between the ancient sects! The hidden houses weren't ancient sects, but if they followed the rules, then what were the hidden houses?

"Forget it, we'll learn from our mistakes. That Lin Yi likes to play the pig to eat the Tiger, we'll just leave him alone for now." Although old Zhao said this, he didn't have a choice. If it was possible, he would come out and kill Lin Yi, but it was impossible.

"Qibing, for this period of time, you should go back to the family and focus on your training. Don't interfere with Lin Yi's matters!" Elder bi agreed-since Lin Yi could take out three Earth Class Masters in one move, even elder bi, an Earth Class late phase peak, couldn't guarantee that he'd be able to take him out.

“Yes ...” Zhao Qibing was helpless.

“Yu Huoxing, Kang Zhaoming, we, house Zhao, won’t get involved in Lin Yi’s matter for now. Whether your families continue to be on bad terms with Lin Yi is your business ...” Old man Zhao said decisively.

“Alright, old ancestor Zhao, I’ll go back and report to the head now ...” Yu Huoxing smiled bitterly. He knew that there was no hope of getting revenge from Lin Yi now. Killing three Earth Class Masters in one move, Yu Huoxing didn’t die in vain!

“I’m leaving too ... Old ancestor Zhao, goodbye ...” Kang Zhaoming was even more depressed. House Zhao didn’t want to participate anymore, and house Yu seemed to have given up as well. What right did house Kang have to go against Lin Yi?

Lin Yi had already brought Mengyao and Yushu to Songshan’s first People’s Hospital just as house Zhao was carefully examining him.

“Yi!” The worried uncle Fu stood up excitedly when he saw Lin Yi, “You ... Are you done?”

“Alright, I’m done!” Lin Yi nodded heavily and turned to uncle Fu. “I’ve troubled you to worry about me these days ...”

Uncle Fu blinked, understanding immediately that Lin Yi was referring to the time when pengzhan went bankrupt, and uncle Fu still stayed by his side despite the risk of his enemies coming after him without a salary. Lin Yi would naturally be grateful for that.

But uncle Fu didn’t know whether to laugh or cry. “Yi, I’ve been with Mr. Chu for over ten years, you’re being too polite ...”

“Ha ... That’s true.” Lin Yi nodded. He’d only known the Miss for half a year, and in terms of time, uncle Fu was much longer. “I’ll go see uncle Chu.”

“Alright!” Uncle Fu quickly stepped aside and let Lin Yi into the ICU.

“How is it, Lin Yi, can you save dad ...” Chu Mengyao knew that Lin Yi had a 90% chance of finding a way, but her father’s safety was at stake. She was still worried.

“It’s not a big problem,” Lin Yi looked at pengzhan’s condition, “As long as I’m still alive, I’ll be fine ...”

Chapter 1860: Definitely a problem

After the young miss heard this, she didn’t know whether to laugh or cry, but she still laughed. “How can you speak like this? Then why don’t you hurry up and save daddy?”

“Yeah.” Lin Yi didn’t feel anything wrong with the miss’s commanding tone. It was all thanks to her taking care of him during this period of time. Just this favor alone was enough for Lin Yi to do his best. Even if Chu pengzhan’s problem was big, he would do his best!

Sometimes, Lin Yi even wondered if he had the tendency of being the bottom. Or had he already gotten used to the young miss’s cold exterior but warm inside personality? Or perhaps ... She liked it a little? Even Lin Yi himself jumped at the thought.

However, this wasn’t the time to think about these things. There were more important things to do.

Lin Yi pulled out all the tubes and wires from pengzhan's body, leaving uncle Fu sweating. Mengyao and Yushu, on the other hand, trusted Lin Yi and didn't question him at all. Uncle Fu wondered if he was being too careful in his old age. He'd experienced Lin Yi's miracles a few times himself!

After checking pengzhan's pulse, Lin Yi started the first stage of the art of Dragon mastery after some hesitation. After all, he didn't know if the second stage could cure diseases or if there were any side effects. He had already mastered the first stage, and he decided not to do something he wasn't confident in.

Pengzhan's injuries were quickly being healed by Lin Yi's Qi, but his injuries were too severe-it wouldn't be able to heal in a short time. Lin Yi entered the Jade space and used his old method, not wasting his Qi, to heal pengzhan ...

Mengyao, Yushu, and uncle Fu, on the other hand, stood to the side without blinking, afraid of making any noise ...

In the blink of an eye, the night had passed, and when the light of dawn appeared in the sky, Lin Yi let go of pengzhan's pulse and let out a breath of relief, "Alright, there are no more questions!"

Chu pengzhan's external injury was caused by a car accident, and he didn't have any other symptoms. As long as he used pure Qi to repair it, there wouldn't be any other problems.

As he spoke, pengzhan woke up and looked at everyone in the room.

"What's wrong with me?" Pengzhan had no memory of what happened before the accident.

"Mr. Chu, you're fine?" Uncle Fu was overjoyed.

"Daddy, it's finally over ..." Chu Mengyao sighed as she looked at Chu pengzhan who had woken up.

"Why am I in the hospital?" Chu pengzhan was confused and looked at Lin Yi who was fine. He was even more surprised. Didn't Lin Yi suffer from Qi deviation? How did it get better? Could it be that he had already recovered? And why was he in the hospital?

Pengzhan's words stunned everyone.

"Mr. Chu, you ... Lost your memory?" Li Fu asked subconsciously. This was the only explanation-why else would pengzhan ask this question?

"Amnesia? Why did I lose my memory?" Pengzhan asked, confused.

"You ... Didn't commit suicide and end up in the hospital?" Uncle Fu was somewhat bewildered.

"I'm going to commit suicide? Why would I commit suicide?" "I'm fine, I have a beautiful daughter and ... Yi is such a good junior, and Li Fu is such a good friend. Why would I kill myself?"

"But ... Your company went bankrupt ..." Li Fu wondered if pengzhan really lost his memory.

"Bankruptcy doesn't go to the extent of committing suicide," Chu pengzhan frowned, "when my father was young, he went bankrupt too. His life went through ups and downs. It's normal. Why would I commit suicide?"

“But ...” Uncle Fu was about to ask something when Lin Yi interrupted him.

“Uncle Chu, you’re saying ... You didn’t commit suicide?” Lin Yi’s sharp senses told him that something wasn’t right. He hadn’t had the chance to ask pengzhan about the details of the company’s bankruptcy, but from what he knew of him, pengzhan wasn’t the kind of person who would make a company go bankrupt, nor was he the kind of person who would commit suicide after going bankrupt!

He’d had to struggle against Guangbo, Gubang, and the others before, and now he was killing himself?

“Naturally not.” Pengzhan said, shaking his head.

Uncle Fu and Mengyao looked at each other, both seeing the surprise and suspicion in each other’s eyes. If pengzhan didn’t commit suicide, then the car accident ...

Lin Yi shrugged and looked at Mengyao and uncle Fu, meaning for them to explain. He didn’t know the details.

Mengyao took out her phone and played Jianwen’s explanation for pengzhan to hear. Uncle Fu took out the Certificate of Responsibility, and it clearly stated that pengzhan was the one who got into the car on the highway.

“Yaoyao’s right, I did invest of my own will ...” Chu pengzhan nodded slowly, but after that, a trace of doubt flashed in his eyes, “But ... Why did I do that? There’s no reason for that. Why would I be so crazy?”

“Mr. Chu, I’ve tried to persuade you before, but you were blinded by money, and that’s why ...” Uncle Fu sighed.

“No...” Lin Yi frowned, “There’s a problem, there’s definitely a problem!”

“Is there a problem?” Uncle Fu and Mengyao were both shocked, and even pengzhan looked at Lin Yi in surprise.

“This video should have been edited. Some things were cut out in the middle.” “It’s very detailed, but ... I have a friend who’s a computer expert, and I learned a thing or two from her. I can’t do it, but I can tell!” Lin Yi said.

“So ... An Jianwen is lying?” Mengyao blinked, and anger flashed through her eyes.

“I don’t know if he’s lying, but he’s definitely hiding something.” “Besides, uncle Chu’s attitude is completely different from before. Even if he’s red-eyed, it doesn’t make sense. Besides, uncle Chu said that he didn’t commit suicide. There must be something going on!” Lin Yi said.

“That’s right!” Uncle Fu felt that something was wrong after hearing Lin Yi’s analysis and Chu pengzhan’s denial of suicide.

“An Jianwen? Just leave it to me. ” “I’m going to get the company back,” Lin Yi said.

“But we don’t have any evidence ...” Uncle Fu said hesitantly.

“Why do you need evidence?” Lin Yi shrugged and smiled, “I just want to go back to the company, not the evidence.”
