

Bodyguard 1881

### **Chapter 1881: It's actually an acquaintance**

Of course, if Lin Yi wanted to guard against him, he wouldn't be able to get what he wanted. However, Lin Yi didn't have the intention to fight with him at all.

"As expected, haha!" "Wahahaha, welcome, Lin Yi junior!" The boy said excitedly. Let me introduce myself. My name is Bai weikai, and I'm the Secretary of the Student Union of our medicine major. I'm in charge of the communication between the medicine major and the Student Union in the Department! I'm just a Butler. If you need anything, just look for me!"

"Oh, then I'll have to thank senior!" Lin Yi thought the name sounded familiar, but he didn't remember where he had heard it before.

"No need to thank me, just call me brother little Kai from now on!" Bai weikai said.

"Pfff ..." Lin Yi was amused. "Little Kai" was a term used to describe rich kids, but this guy used it.

"Haha, I don't have much money at home!" Bai weikai heard Lin Yi's laughter and knew what he was thinking.

"Ha ... What should I do now? Where do I go to pay?" Lin Yi asked.

When he was in the economics Department, he'd accompanied Chu Mengyao and Chen Yushu to sign up, and the other members of the Student Union would lead them to pay the fees and get their dormitory keys and supplies, as well as materials and stuff like that. But there didn't seem to be any here?

"Well ... Let's wait a little longer. Other specializations have 20 people in a group, and the other Student Union Committee members of that specialization will lead them to pay the fees and collect the items. However, there are less than 20 people in our specialization this year. As for the Student Union Committee member, I'm the only one in the entire specialization, so you can only wait a little longer. I'm leaving. If there are any more people who want to sign up, I won't be able to find them." Bai weikai spread out his hands and said with some regret.

"I see. Doesn't that mean we have to wait for all the professionals to come before we can go?" Lin Yi asked.

"Not really. When my brother comes, I'll just let him take over for a while. He's also a new student here, but he's familiar with the rules!" "This kid comes to help every year," said Bai weikai. "By the way, my Grandpa is the only professor in our Department. The others are all professors from other departments in the biology Department."

"..." Lin Yi was even more shocked. So this whole family was a professional, but he still nodded, "Alright, we'll wait for a while then."

"Hehe, by the way, brother, why did you choose this element? Could it be that your results aren't good enough ... No, with your results, you can even enter a popular major like computer science!" Bai weikai looked at Lin Yi's report card, surprised.

"I like to study medicinal herbs." Lin Yi said.

"Alright, you win. This reason is very good!" Bai weikai nodded."But you have to be careful. My old man is different from other professors. He's like a Master Teaching his apprentice in the past. If you want to get away with it, hehe ..."

"What, can he beat people up?" Lin Yi asked.

"Hit someone? Hehe, that's nothing. I'm sure you'll be more terrifying!" Bai weikai shook his head with a bitter smile."I mixed a bunch of herbs together and let you separate them one by one. If you can't separate them, you'll fail the final exam. I guarantee that you'll be so happy that you'll want to die!"

"..." Lin Yi was speechless. Was this that hard? That old man of his had asked him to do this since he was young, right? And this was only the beginning. After that, he ground all the medicinal herbs into powder for him to distinguish. Then, he directly boiled them into medicinal soup for him to taste what was inside ...

"How is it? are you afraid?" Bai weikai saw Lin Yi's expression and thought that he was scared. He said proudly,"However, my brother and I grew up in such an environment. We hated it when we were young, but now, we like the smell of this herb ..."

"I'm not afraid. What's there to be afraid of?" Lin Yi said, shaking his head.

"Hehe, don't be so stubborn. Many freshmen are like this, and in the end ... Hehe ...""But if you don't skip class and follow the rules, they won't make things difficult for you."

"Oh, so you can skip class just because you can distinguish medicinal ingredients." Lin Yi said according to his own understanding.

"... F \* ck, in theory, that's the case. However, I don't even dare to say that I can find and identify all the medicinal herbs without missing a single one." Bai weikai shook his head and smiled bitterly.

But as soon as he finished, Bai weikai didn't wait for Lin Yi's reply and waved behind him,"Little tuo, you bastard, why are you so late? Your brother is so bored!"

Lin Yi froze-he knew that Bai weikai's brother was here. He turned around and was shocked! No wonder the name Bai weikai sounded so familiar. It turned out that he had not heard of the name Bai weikai, but his brother's name, Qianqian Bai Weitao!

"Don't talk about it, Grandpa asked me to help him dry herbs for him after you left ..." Bai Weitao said gloomily, but his eyes fell on Lin Yi as soon as he finished,""Yi Yi Yi"

"Haha ..." Lin Yi smiled and nodded.

"Big brother, what are you doing here?" Bai Weitao was surprised and happy to see Lin Yi. His grandfather had been talking about Lin Yi, but he didn't have the chance to see him. Since Lin Yi was his grandfather's Savior, Bai Weitao naturally called him big brother.

"I'm in charge of the new student registration. Why am I not here?" Bai weikai was stunned and looked at his brother in confusion.

"I'm not talking about you, I'm talking about this big brother here ..." Bai Weitao shook his head and pointed at Lin Yi.

"? Do you know each other?" Bai weikai was even more confused-he'd misunderstood, the Lackey was calling Lin Yi big brother.

"He's grandpa's Savior. He saved Grandpa when I was taking the college entrance examination!" Bai Weitao said.

"Argh! You're grandpa's Savior!" Bai weikai jumped up and went around the table to Lin Yi, grabbing his hand."Little brother, I've really been negligent before. So it was you who saved my ancestor! Thank you, I'm really grateful! Haha, no wonder you didn't think much of it just now. With this kindness, my ancestor won't make things difficult for you. If you don't come to class, you won't fail!"

"..." Lin Yi was speechless."I mean ... I can tell which herbs ... That's easy ..."

"Uh ... You're right!" Only then did Bai weikai remember that Lin Yi didn't know who he was before he met Bai Weitao. Since Lin Yi could save his grandfather, he must be a skilled doctor. He might be able to tell the difference between herbs easily!

### **Chapter 1882: Still an acquaintance**

"Excuse me ... Is there anyone here ... Are you also waiting to report in?" Just as Bai weikai was shedding tears of gratitude towards Lin Yi, a weak female voice came from behind them ...

It was a familiar voice, and Lin Yi turned around."Wang Xinyan?"

"Lin Yi?" Xinyan's eyes were wide open-fate was just like that. They didn't have anything to do with each other in life, but somehow, they'd run into each other many times-on the train, on the plane, on the exam grounds, they'd always sit together.

She'd had trouble in the business district of Songshan city thanks to Lin Yi as well, but she didn't expect to see him at the University registration area.

This made Xinyan's cold heart waver-was this what the ancient people called heaven's will? Fate?

But it was just a random thought, and Xinyan threw it away. She sighed at the thought of her fate.

Medicine wasn't her choice. She applied for Business Administration at East Ocean City Engineering University, but house Xiao pulled some strings and transferred her to medicine. Xinyan knew that this was in preparation for her future marriage to house Kang.

After the noble House meeting ended, house Xiao and house Kang kept in contact, and the marriage was on the agenda.

House Xiao was the one who connected house Kang and the Hidden House you, so they knew everything about it. The two houses had the support of the hidden noble houses, so if they wanted to continue working together, it was natural for them to hit it off.

Although house Kang's medicine company was hit hard this time, the Xiao brothers understood that as long as the Hidden House you continued to support house Kang, house Kang would never fall. The marriage was a good thing for both houses.

Xinyan felt helpless as a sacrifice, but she couldn't change her fate.

"You're here to report?" Lin Yi looked at Xinyan, surprised. It was hard for him to imagine a girl choosing such a boring course.

"En ..." Wang Xinyan nodded and didn't explain. She had always been a quiet and quiet girl, and she only revealed her heart to Lin Yi once when she was at her weakest.

"Me too. These two are brothers, Bai weikai and Bai Weitao. Bai weikai is our senior and calls himself brother little Kai. Bai Weitao is also a new student like us." Lin Yi introduced.

When Bai weikai saw the beauty, he was very interested, but he realized that she and Lin Yi seemed to have known each other for a long time. He couldn't touch his friend's wife, and he couldn't even dream about his benefactor's wife. If his Grandpa found out, he would skin him alive!

"Ah? "Sorry to trouble you, senior Bai ..." Xinyan said as she handed the acceptance letter to him.

"Well said, well said." Bai Wei quickly went through the procedures for Wang Xinyan, and said, "Little tuo, you can take over from here. I'll bring my benefactor and this ... Student Wang to handle the other procedures!"

"No need, I'll go with big brother Lin!" "Big brother, you should stay here and receive the new students!" Said Bai Weitao.

As he spoke, Bai Weitao took a step forward.

Bai weikai felt helpless and could only return to his seat.

It wasn't easy to meet someone they could get along with, and she was even grandfather's Savior, but in the end, her younger brother had gotten there first!

"Brother Lin, student Wang, I'm familiar with this school. I grew up here. I'll bring you around when I have time!" Bai Weitao said.

"Alright." Lin Yi nodded, but was a little troubled. "If you're from Donghai, why are you taking the college entrance exam in Songshan?"

"My hometown is Songshan, my parents work there and I'm registered there too, so naturally I'll be taking the exam there." Bai Weitao explained.

"So that's how it is." Lin Yi nodded and didn't ask any more questions. After all, they weren't that familiar with each other yet, and he didn't know if she'd be willing to tell him.

As they spoke, the man had already brought Lin Yi and Xinyan to the entrance-Lin Yi realized that all the new students had to go to the same place! He'd been here with Mengyao and Yushu before!

Of course, Lin Yi didn't go to college before, and he didn't have any experience. He thought that every department was different! However, some universities were naturally different, but some universities had to pay the fees in the same Finance Office.

It was the same place to get the dormitory keys and supplies, but Lin Yi didn't expect the guy to be so familiar with the teacher here. He greeted the teacher and smiled, "Teacher Zhang, help me arrange for my dormitory to be together with his!"

"Oh, no problem," "Yes!" Teacher Zhang agreed readily.

It could be seen that Bai Weitao and teacher Zhang were very familiar with each other. After taking the key and dormitory supplies, Bai Weitao explained, "Ever since my brother had not entered the school, the two of us have been helping Grandpa to receive new students. Brother Lin, you know that our major is a super small one and we obviously don't have enough staff. So every year, the two of us have to be guest receptionists and we're quite familiar with the teachers here!"

Lin Yi nodded-no wonder the teacher in charge of the dormitory arrangements agreed so quickly.

"I'll send you to your dormitory?" Lin Yi looked at Xinyan.

"No... No need, I can handle it myself ..." Wang Xinyan was carrying a big bag of luggage, and with the dormitory supplies in her hands, it was a bit difficult to hold.

Lin Yi smiled as he took half of the things from her hands, not all of them-it'd make him look like he was up to something. He did like Xinyan, but it wasn't to the point of ingratiating her.

"Then ... Many thanks!" Xinyan's face reddened-she didn't know why, but every time she was with Lin Yi, she'd always have a special feeling. It was a little dull, but it was warm-it was a wondrous feeling.

"Ha ... It's no trouble at all." Lin Yi said with a smile.

Under his lead, the three walked towards the girls "dormitory area. Lin Yi had just come back from there, but he thought that Lin Yi and Xinyan didn't know about it, so he started explaining where each path led to ...

"There are four canteens over there. Canteen 1 is for the staff, canteen 2 and 3 are for the students, canteen 4 ... Hehe, it's actually a big restaurant where you can order food. All the rich students go there to eat!" "There's a Stadium and a swimming pool over there ..." Bai Weitao said. "They're open 24 hours a day, but ... There aren't many people in the middle of the night. If you happen to see something exciting, you can see it!" (To be continued.)

### **Chapter 1883: Don't be deceived**

"Something exciting? Is there something wrong with the swimming pool?" Lin Yi blinked, remembering something about school ghost stories.

"Pfft ... Cough, cough ..." Bai Weitao suddenly laughed, "How is that possible? I'm talking about couples who have sex in the water ..."

However, Bai Weitao suddenly remembered that there was a girl next to him. It was not very good to say that.

As expected, Xinyan turned away shyly, pretending not to hear him.

“...” Lin Yi, on the other hand, was speechless. He didn’t know what to say. They said that University couples were unrestrained, but they couldn’t be this unrestrained, could they?

Lin Yi walked Xinyan all the way to the entrance of the dormitory building, and stopped before the lady could say anything.

The new female dormitory building was the same, so the aunt was still the same.

“We’ll stop here, I can’t go in ...” Lin Yi pointed at the sign in the lobby.

“En!” Xinyan nodded and took the luggage from Lin Yi’s hands with a smile. “Thank you,” he said.

“En, see you later.” Lin Yi nodded and walked out of the girls “dormitory with Weitao. Boys weren’t allowed in here, so they couldn’t stay any longer.

After Lin Yi left, Xinyan was stopped by the guard.

“?” “What’s the matter?” Xinyan asked, surprised. “I’m a new student here ...”

“It’s nothing. I just want to remind you that the boy who gave you a gift just now had given you two beautiful girls. From their intimate looks, one of them seems to be his girlfriend. Don’t be fooled by him!” The guard lady said earnestly.

“Ah?” Wang Xinyan was taken aback.

“All these years, I’ve been the head of the dormitory here. I’ve seen too many girls who are frustrated and deceived in their relationships. Sigh, I’m just reminding you. It’s up to you how to grasp it!” The guard lady said.

“...Thank you ...” Wang Xinyan didn’t know what to say. Naturally, she knew that Lin Yi had a girlfriend, and they even had dinner together in Yanjing. But what did this have to do with her? It seemed like the lady had misunderstood her relationship with Lin Yi.

But Xinyan didn’t explain. She nodded at the lady, smiled, and went upstairs.

The guard saw that Xinyan didn’t care, and sighed-she knew that Xinyan wasn’t listening to her! It wasn’t that the guard was meddlesome, but every time she saw the girls who had fallen out of love looking so dejected, she really couldn’t bear to let them know. She wanted to remind them in advance, but how many of them really listened?

Coming out of the women’s dormitory, Bai Weitao looked a little excited. “Big brother Lin, that Wang Xinyan just now, she’s the girl you like, right?”

“Uh ... Why do you ask?” Lin Yi blinked.

“I feel that you two are quite special. Both of you have feelings for each other. I don’t think you’ve broken the ice yet.” Bai Weitao analyzed.

“Don’t make wild guesses. There’s no such thing.” Lin Yi shook his head, but he had to admit that there was a special connection between him and Xinyan.

“Hehe ...” Bai Weitao laughed slyly.

Lin Yi didn’t know what to do-the kid was a smart kid, after all, and he’d probably been to the swimming pool to take a peek from what he said.”You have a girlfriend?”

But Lin Yi’s question made him a little dejected.”No, don’t mention it. Grandpa is too strict on me. I’m right under his eyes, how can I have a girlfriend? But now that I’m in college, I’m finally free. I must get a pretty girl!”

“I wish you success.” Lin Yi didn’t know what to say.

“Haha, I’m not sure yet. I saw a beauty in our major, but since she’s brother Lin’s cup of tea, I have to give up and look for another target. But it’s good to find a different Department. I heard that there are many girls in the economics Department. Hehe ... I’ll see if I know anyone and organize a dormitory social gathering ...” Bai Weitao knew a lot about college life, so he made sense when he said it.

Lin Yi wanted to say that he had some friends in the economics Department, but he didn’t know why he didn’t want the guy to see Chu Mengyao and Chen Yushu when he saw the lecherous look on the guy’s face. What if he went after them?

However, Lin Yi felt that his own selfishness was a little strange.

Under the lead of Bai Weitao, Lin Yi arrived at the men’s dormitory. It was a newly built dormitory building, and it looked brand new from top to bottom.

“How is it? not bad, right? This dormitory building is newly built. The tables, chairs, and beds inside are all new. The dormitory is also very clean, unlike the dormitories of the fourth-year students, which are a little unkempt.” Bai Weitao said.

“It can’t be that exaggerated, right?” Lin Yi asked, surprised.

“That’s because I underestimated these people’s sewage discharge ability!” Bai Weitao said,”I’ve seen a lot of things here. There are all kinds of birds in the forest. Last year, there was a brother who got up in the middle of the night and was too lazy to go to the toilet. He peed in front of the wall of the dormitory door. The other dormitory mates were also sloppy, so they followed suit and started peeing behind the door. Guess what happened?”

“How is it?” Lin Yi asked.

“After they graduated, the wall behind the door was covered in moss. After they graduated, the cleaners who were responsible for cleaning their dormitory thought that their dormitory was transformed from a toilet, and even the wooden door had fungus growing on it!” Bai Weitao said.

“Uh ... That’s an exaggeration?” Lin Yi wondered-did the people in this room pick them regularly to cook?

“Although it’s a little exaggerated, it’s close to the mark!” Bai Weitao nodded and said.

The two went up to room 444, and Lin Yi looked at the room number.”This dormitory’s number is quite impressive!”

“Boss, you’re not superstitious are you?” “You can change if you don’t like it,” said Bai Weitao. “But the dormitory on the fourth floor starts from room 440. No matter how you change it, it will start from Room 44. Unless you share it with students from other departments ...”

“It’s fine, I like it.” Lin Yi said nonchalantly as he pulled out his room card.

The two of them entered the dormitory. There were no other students in the dormitory.

“Boss, we’re sleeping on this side, one by the window and the other by the door. Which one do you like?” Bai Weitao pointed to the bed on the side and asked.

This was a four-person dormitory. The bed and the desk were one. The bed was on the desk and it was a standard modern university dormitory. (To be continued.)

### **Chapter 1884: Three roommates**

“I’m fine with anything. Which one do you like?” Lin Yi said nonchalantly.

“Then I’ll choose the one next to the door. It’s more convenient for me to use the toilet in the middle of the night!” Bai Weitao said.

“How many steps can I save by doing this?” Lin Yi was surprised-the two beds were next to each other, and it’d only take a few seconds to walk, wouldn’t it?

“Hehe, you’ll know after staying here for a while. Don’t look at how empty the dormitory is now. When the time comes, the ground will be full of things and simple drying racks. It’s dark, and people without any skills will need some skills to walk out of the dormitory without being hit.” Big brother Lin, it’s not too late to regret now!”

“It’s fine. I’ll take the window seat then. The view is good.” Lin Yi said nonchalantly.

As for the lack of light at night, it didn’t matter-as long as there was a sliver of light, Lin Yi could see things clearly.

But he was experienced-Lin Yi had heard that there were a lot of college students who came to school and fought for a window seat, thinking that the sun was good and the view was good, only to find things all over the floor after a semester, too far from the entrance ... It was a scam ...

The two of them made the bed, and not long after, the dormitory door was pushed open. A chubby guy walked in. He wore a pair of thick glasses and looked like a dull scholar.

“This is room 444 ... Is this the dormitory for the medical department?” Pang Tutu asked when she saw Lin Yi and Bai Weitao in the room.

“Yes, brother, you’re right. This is the place!” Bai Weitao walked over and said to pang Tutu enthusiastically, “Let me introduce myself, I’m Bai Weitao, also a medicine major. This is my big brother Lin Yi, we’ll be roommates from now on!”

“Ah, Hello, my name is Zhao Shengji!” Pang Tutu quickly introduced herself. “I thought I’d have to sleep with other specializations. I didn’t expect everyone to be of the same profession!”

"F \*\* K, if there aren't even dozens of people in the major, then we might as well cancel it." "Why did you apply for this major?" asked Bai Weitao.

"Oh, my family grows medicinal herbs," Wang Yao said. "I happened to see this major, and it's a good match for my family's business, so I signed up." "But ... The main reason is that I've been dealing with medicinal herbs since I was a child, so my basic knowledge is solid. This major is easy to mix in, and it's easy for me to graduate! To be honest, I paid for this ..."

"Haha, looking at you with those glasses, I thought you were a top student and not easy to get along with!" When Bai Weitao heard Zhao Shengji's words, he knew that this guy was not the kind of person who was hard to get along with.

"Nonsense, what top student ..." Zhao Shengji shook his head. "My eyes are from reading novels. I recently read a book called 'immortal alchemy God' which is very good. Do you guys read novels?"

"Of course, but you don't have to look at your eyes like this, do you? I like to watch so pure and so flirtatious." Bai Weitao said.

"Sigh, it's a long story. There's no electricity in my herb garden at night, so I lit a candle to watch ..." Zhao Shengyi said regretfully.

"..." Bai Weitao and Lin Yi were speechless. Can't you watch it in the day or on your phone? However, looking at his miserable state, he still didn't say it out loud.

As they were talking, another guy walked in-this guy was quite handsome, but a little sissy. He heard Lin Yi and the others discussing the novel, and came over with a whoosh, slapping his leg. "We're kindred spirits. I watch it too. I've been watching God of War transformation recently. It's very good too!"

Lin Yi, Bai Weitao, and Zhao Shengji looked at the guy who suddenly appeared, confused.

"Uhh ... Let me introduce myself. My name is song xiaodao, and I'm also from this dormitory ..." The boy scratched his head and said, embarrassed.

Seeing song xiaodao's reaction, Bai Weitao let out a sigh of relief. In a college dormitory, the most terrible thing was to meet people who were not easy to get along with. They had been living here for four years, and no one would be happy to meet such an unsociable person.

But Zhao Shengyi and song xiaodao were both easy-going people, and Lin Yi wasn't the old-fashioned type. He felt that he was very lucky.

"We're only reporting to the Department tomorrow, so there's nothing much to do today. We'll be brothers in the same trench in the future, so why don't we go out for a meal? My treat!" Bai Weitao patted his chest and said.

"Ha, that's great. I love it." Zhao Shengyi patted his round belly and said.

"Sure, but I'll still treat you. I was the last one to arrive, so I'm a newcomer!" Song xiaodao said.

"Don't fight anymore. There will be plenty of opportunities. We'll just have one meal each!" Lin Yi said with a smile. He didn't mind the good life in University. In fact, he felt that it was real and happy. It was great to make a few friends!

Ever since the medicine company became busy, and Xiaobo found out about her, their relationship didn't change, but it was different from when they were in school. Xiaobo had matured, grown up, and was responsible, but he didn't have the happy feeling of being with a young man.

Lin Yi, on the other hand, had been wandering around for too long—he wanted to return to this kind of natural and warm life, but he didn't expect to be involved in even more complicated forces and conspiracies in Songshan. Now that he was in Donghai, he had to start from the beginning, and he wanted to live a simple college life.

"This is right!" "Sure, I'll pay next time!" Song Xiaodao slapped his thigh and said.

The four locked the door and followed him to canteen four. Lin Yi took out his phone and hesitated. He wanted to call Chu Mengyao and Chen Yushu and ask them to eat together, but he remembered that he wasn't familiar with his friends. It was Bai Weitao's treat, so it wasn't appropriate to invite them. Besides, perhaps their own dormitory classmates would go out to eat too.

As expected, Lin Yi received a text before he could even make the call. It was from the Miss, telling Lin Yi that her roommates had just met up and were going out for dinner. She wanted Lin Yi to solve his own problem.

"Big brother Lin, are you going to ask Wang Xinyan to come along?" Bai Weitao saw Lin Yi take out his phone and thought that he wanted to ask Wang Xinyan to come along, "Then let's ask her to come. We'll all be in the same major anyway ... Or rather, we'll be in the same class. We're in the same major!"

"What happened, what happened?" Song Xiaodao came over and looked at Lin Yi, "Is there any inside story?"

### **Chapter 1885: Dorm social meetup**

"Ha, it's just a female friend of brother Lin's. She's also in our Medicine Department, and she and brother Lin both have a little bit of interest in each other, but they haven't started yet!" Bai Weitao said.

"No way? You're acting so quickly?" "I've heard that there are very few girls in this major, but I didn't expect that you'd be the one hogging one of the resources!" Song Xiaodao thumped his chest and stomped his feet.

"Why do you have no ambition? Can't you look further? Isn't that too limited? The entire school isn't enough for you to choose from?" "Do you think this is a high school?" said Bai Weitao. "Each class is each class. The University has become an era of big classrooms. Different majors and even different departments have classes together!"

"Uh, you're right!" Song Xiaodao nodded.

"Big brother Lin, why don't you just call?" "It's best to ask her to bring her classmates out," Bai Weitao urged. "Let's organize a dormitory social meetup. As long as they come, I'll treat them all!"

"That's right. Brother, hurry up and fight. We're all counting on you!" "I'm sorry," Song Xiaodao said urgently. It seemed like he really cared about Bai Weitao's last sentence.

“Then ... I’ll try!” Lin Yi smiled bitterly-it seemed like he had to call. Everyone was looking forward to it, and he didn’t want to dampen their spirits. He called Xinyan.

The call went through quickly, and Wang Xinyan’s voice came through. “Lin Yi? What’s the matter?”

“En, are you free now? Let’s have a meal together?” Lin Yi asked.

“Now? You’re asking me out for dinner?” Xinyan blinked, her face a little warm. She didn’t know why, but she was a little nervous.

She’d heard before that University was a heaven for dating, but Xinyan’s marriage was already decided by her family, so she didn’t really care about it. Lin Yi’s call, however, gave her a strange feeling.

“Um ... Here’s the thing, Bai Weitao said that he wants to arrange a dormitory marriage. He wants to ask you to help invite all the sisters in the dormitory over. He’s treating!” Lin Yi explained, worried that Xinyan might misunderstand.

“So that’s how it is ...” Xinyan let out a breath of relief, but at the same time, she felt a little disappointed. “I’ll try ... We’re all going to eat together ...”

“Then I’ll wait for your good news!” “We’re at canteen four,” Lin Yi said.

“Alright,” he said. Wang Xinyan hung up.

“I’ve tried my best, but I’m not sure if I can make it. ” Lin Yi said with a shrug.

“It should be about the same?” “We’re all freshmen, so there’s no harm in getting together!” Said Bai Weitao.

Canteen No. 4 was the busiest today. Many students from the dormitory would come here for dinner when the new semester started. Of course, there were also those who felt that the class here was not high enough or too high, choosing to eat at the restaurants outside the school.

In short, the No. 4 cafeteria was a well-off place. It was more high-end than the snack bars outside the school, but it was not as good as the big restaurants.

The four of them walked into the cafeteria and found a slightly larger table to sit at. A waiter came over to order.

“Wait a moment, there are still four more people!” Bai Weitao said to the waiter.

The waiter nodded and went to the other tables.

A while later, Wang Xinyan called back. Lin Yi picked it up. It was Wang Xinyan.

“Xinyan, how is it?” Lin Yi didn’t use his surname naturally-it wasn’t that he did it on purpose, but they were old acquaintances, and calling each other by name was a little out of practice.

Xinyan blinked, not expecting Lin Yi to call her that. Her roommates were all watching, though, so she didn’t say much. “We’ve discussed it and they’ve agreed. Where are you?”

“It’s in the No. 4 cafeteria. You’ll see it when you bring your people over. We’re on the first floor.” Lin Yi said.

“Alright, wait for us then.” Wang Xinyan nodded.

“It’s done!” Lin Yi hung up the phone and turned to the four lechers in his room.

“Ha, big brother Lin, I knew your relationship with Wang Xinyan wasn’t normal!” Bai Weitao said excitedly.

“Ha ...” Lin Yi didn’t try to explain. Sometimes, the more you explain, the less people will believe you.

It wasn’t long before Xinyan brought the three girls to canteen four. The most eye-catching of the four wasn’t Xinyan, but the other girl. Lin Yi could tell with one look that the girls won with makeup and clothes, but Xinyan didn’t even put on light makeup, looking pure and innocent.

If Wang Xinyan were to dress up, she would definitely be more outstanding than that girl, but she wasn’t that type of girl.

“Wang Xinyan, over here!” Lin Yi didn’t even have time to greet him when he saw the guy standing up and waving at him.

“Xinyan, is this your boyfriend? He’s not that outstanding!” The very eye-catching girl saw Bai Weitao, looked up and down, and then said, “You’re our dormitory’s baby. No matter what happened before, we have to let our sisters test you now!”

Bai Weitao was stunned, and Wang Xinyan was embarrassed! It was obvious that the lady in the dormitory had mistaken her for someone else, but how was she supposed to explain this? Could it be that Bai Weitao wasn’t her boyfriend, and Lin Yi was?

But Lin Yi wasn’t her boyfriend, and she’d already explained that to her three roommates-there had to be an “affair” going on if a boy invited her to a date right after she’d just arrived!

“He’s not Lin Yi ...” Xinyan had no choice but to answer vaguely, “His name is Bai Weitao, and he’s my classmate in the medicine major ...”

“Ha, you’re looking for brother Lin? this is him ...” Although Bai Weitao introduced Lin Yi to the girl, his eyes never left the girl ...

“Hello, I’m Lin Yi.” “But he’s not Xinyan’s boyfriend, we’re just friends.” Lin Yi smiled as he stood up.

Lin Yi’s words were appropriate, but it pissed Xinyan off-she should be the one explaining, right? Why did it seem like Lin Yi was even more eager than her to cut ties? But Xinyan was a calm person, and she didn’t say anything.

The eye-catching girl, on the other hand, was taken aback as she looked at Lin Yi, surprised. She stretched out her hand generously, “I’m he meiyue, the big sister from Xinyan’s dormitory! It’s a pleasure to meet you!”

“Hehe, Hello, he meiyue.” Lin Yi smiled and shook his hand lightly. (To be continued.)

### **Chapter 1886: love between the guards**

This action surprised he meiyue as well. Normally, guys would think of getting closer to her or taking advantage of her, but Lin Yi didn’t seem to have that intention at all. His eyes were clear, and his

attitude towards Xinyan surprised her even more. Could it be that there was really nothing going on between him and Xinyan?

“Ha, I’m Bai Weitao, brother Lin’s underling!” Bai Weitao waited for Lin Yi to shake his hand and reached out his hand impatiently.

He meiyue frowned slightly, but still shook hands with him. As for Zhao Shengji and Song Xiaodao, they did not extend their hands again when they saw that He Meiyue was not very interested.

However, a girl with a baby face next to He Meiyue pointed at Zhao Shengji and exclaimed, “Wow, I know you!”

“?” Zhao Shengji was stunned. He looked at the baby-faced girl strangely. He thought hard, but he couldn’t remember when he had seen this girl.

“You bought ten buns at the school entrance and finished them in five bites. You ate two buns in one bite. You’re so amazing!” “It’s you, chubby guy,” the baby-faced girl said. “I’m dumbfounded!”

“Uh ...” Zhao Shengji was a little embarrassed. “I just got out of the car, so I’m a little hungry ...”

“Hahaha!” He Meiyue started laughing at the baby-faced girl’s words, and so did Wang Xinyan.

“So he’s Zhao Shengji. Looking at his figure, it’s not strange for him to eat two buns in one bite, right?” Bai Weitao introduced with a smile.

“Hello, my name is Chai Xiao Ling.” The baby-faced girl covered her mouth and greeted Zhao Shengji.

“Ling is our fourth sister, Xinyan is our third sister, and this is our second sister, LAN Xiaoru. But she already has a boyfriend, so don’t have any ideas about her.” He Meiyue said.

The four sat down on the other side of the table, and Xinyan was seated across from Lin Yi, either intentionally or otherwise.

In this age of gossip, the more you explain, the more you cover it up.

Bai Weitao called the waiter over and passed the menu to Lin Yi first. He didn’t forget that Lin Yi was his grandfather’s Savior, so he didn’t try to please He Meiyue.

Lin Yi, on the other hand, handed it over to Xinyan. “You guys order ...”

However, Lin Yi’s casual action made him regret a lot—he saw two familiar figures walking into the cafeteria from the corner of his eyes!

These two people were Chu Mengyao and Chen Yushu! He’d been misunderstood by Xinyan and him back at the shopping street, and now, they were eating together in public, and he’d even given Xinyan the menu ... This was probably going to be complicated!

Lin Yi saw Mengyao, and naturally, Mengyao saw Lin Yi as well. She frowned slightly.

“Yaoyao sis, why is shield bro hitting on girls?” Chen Yushu lowered her voice.

“Who knows? He forgot about Yunyun, so naturally, he went to get someone else.” Mengyao said unhappily as she looked at Lin Yi’s actions.

“Even so, he shouldn’t be hitting on someone else. He should be hitting on the two of us!” “Is it because they’re too familiar?” Yushu asked.

Mengyao was speechless.

“Yaoyao sis, Yunyun is gone, and she entrusted shield bro to us. We should take up this responsibility and protect Yunyun’s love. We can’t let shield bro go out and mess around with girls! Even if they fight, they can only touch us!” Chen Yushu incited Chu Mengyao.

“My roommates are here today. Forget it. We’ll talk about it when we get back.” Chu Mengyao glanced at her two sisters who were not far away from her. She didn’t know what to say to Lin Yi. It would be bad if they misunderstood.

“Alright,” he said. “Let’s give shield bro some more fun then.” Yushu nodded.

Lin Yi knew that Mengyao and Yushu weren’t looking at him after the conversation, but it wasn’t surprising. He’d invited Xinyan, but he didn’t invite them-no one would be happy about that.

But Lin Yi’s heart was full of complaints. If it wasn’t for the miss’s text telling them to eat on their own, he would’ve called them already!

Lin Yi retracted his gaze helplessly, but fortunately, no one noticed him. Everyone’s eyes were on he meiyue and Chai Xiaoling. As for LAN xiaoru, who had a boyfriend, no one paid attention to her anymore, even though she looked delicate and had the temperament of a lady. After all, Bai Weitao’s purpose of organizing the dormitory social gathering was very simple-to solve the single problem.

“In our dormitory, he meiyue is the eldest. Who is the boss in your dormitory? will he be responsible for the dormitory social meetups in the future?” Chai Xiaoling asked.

“Ha, since you’re in charge of the communications, then it’ll be Lin Yi. Since Bai Weitao calls him big brother, why don’t we let him be the dorm leader?” Zhao Shengji knew that he did not have any leadership skills, and he did not have any connections. Since the boss of the dormitory was in charge of contacting the dormitory for the social meetups, he would definitely not be able to do it.

“That’s right, brother Lin will be in charge of our dormitory from now on!” Song xiaodao nodded and said.

And so, Lin Yi became the head of the dormitory just like that. Of course, it wasn’t a good job-there was no pay, no benefits, and he had to take care of everyone’s welfare. At most, he could order the others around when he was cleaning the dormitory, but the benefits were insignificant compared to the sacrifices.

Lin Yi didn’t know what to say, but he didn’t say anything.

It was obvious that Xinyan and Lin Yi were both quiet people, but they were a good match at the table. Bai Weitao and he meiyue, on the other hand, were the talkative type, telling jokes from time to time to make everyone laugh!

Zhao Shengyi and song xiaodao were also restless people, but their main targets were he meiyue and Chai Xiaoling. As for LAN xiaoru and Wang Xinyan, they didn’t have any thoughts about them.

LAN xiaoru, on the other hand, had a noble and generous temperament, as if she was a lady from a big family. She spoke in a proper and generous manner, making people feel very kind, but also naturally made people feel a kind of respect.

This was the secret of communication. They were not too close, but not too distant.

After the meal, the host and the guests were all happy. Bai Weitao, Zhao Shengji, song xiaodao, he meiyue, Chai Xiaoling, and the others also became familiar with each other.

Everyone agreed to meet up often in the future.

After lunch, everyone went back to their own dorms. It was obvious that Bai Weitao had taken a fancy to he meiyue, and he was always talking about her. As for Zhao Shengyi and song xiaodao, it wasn't so obvious. The two of them were obviously waiting and watching. It could be said that they didn't have any special interest in anyone yet. They wouldn't have locked on their target even before the school started.

### **Chapter 1887: another familiar face**

Lin Yi, on the other hand, didn't know how to explain his relationship with Xinyan, so he decided to keep quiet.

In the afternoon in the dormitory, everyone had nothing to do, so they started playing cards. Lin Yi was having fun with them, but when it was about four in the afternoon, Lin Yi's phone rang. It was a message from miss.

"Are you going back?" It was just four short words, and Lin Yi could tell that the Miss was still angry. He shook his head helplessly, but he understood what Mengyao meant. She was asking if he was going back to his new villa.

And so, Lin Yi quickly replied, ""Go back and wait for me in the parking lot."

After sending the text, Lin Yi turned to his roommates and apologized, "I'm sorry, I have something to do tonight, so I'll go out first. I might not be coming back. See you tomorrow morning, you guys have fun first!"

"No way? Big brother Lin, you're going to get a room with Xinyan?" Bai Weitao's eyes widened in surprise.

"Isn't this a little too fast? No, you two already knew each other, so there must have been an affair between you two in the past!" Song xiaodao speculated.

"Oh? What are you guys talking about?" Zhao Shengyi had just finished a few pieces of bread and didn't hear Lin Yi's words.

"It's none of your business. Continue eating, you glutton!" Bai Weitao rolled his eyes. He realized that Zhao Shengyi's mouth was never idle. After coming back from the No. 4 cafeteria, this guy went to the supermarket downstairs and bought a lot of snacks. He ate them while playing cards. He had no idea how his stomach could hold so much food.

“Don’t make wild guesses. It’s not her.” Lin Yi shrugged helplessly, “If you don’t believe me, you can call their dormitory later.”

Although they weren’t close enough to exchange phone numbers, they had exchanged dorm numbers and agreed to keep in touch later.

After hearing what Lin Yi said, everyone lost interest in the topic. How would they know that Lin Yi wasn’t spending the night with Wang Xinyan, but with two beautiful girls?

Lin Yi didn’t use his Qi, but his speed was still faster than the average person. The female dormitory was closer to the parking lot than the male dormitory, but Lin Yi still reached the parking lot first.

Mengyao and Yushu’s expressions softened a little.

“Shield bro, please comfort Yaoyao sis, she’s mad that you’re treating another pretty girl to a meal!” Yushu said as she got in.

“Ha ... It’s nothing, actually. My dorm friends wanted to arrange a dorm marriage, but you guys said you had plans, so I asked Wang Xinyan’s roommates to come out.” Lin Yi explained with a smile.

“You don’t have to explain to me. I’m not your employer now.” “I’m just reminding you that you have a girlfriend,” Mengyao hmped softly. “Don’t go around flirting with other girls.”

“I have a girlfriend ... Right ...” Lin Yi would sometimes forget that he had a girlfriend. He only remembered Feng Xiaoxiao after Chu Mengyao reminded him, but no matter how hard Lin Yi tried to recall, he felt that his memory of Feng Xiaoxiao was a little empty.

The process of getting to know her and falling in love with her was a little incoherent, and he always felt like something was missing. So even though Lin Yi thought of Feng Xiaoxiao and felt a strong yearning in his heart, it was easy to ignore it when he didn’t think of her.

“I only have one girlfriend?” Lin Yi frowned. He felt that he had forgotten something important after the Qi deviation, but he had no impression of it at all. It was just an instinct, but he wasn’t sure if it was true.

“Argh! Shield bro, you remember now?” Yushu was taken aback as she looked at Lin Yi, surprised. She suddenly let out an “Aiyō” and turned to Mengyao, confused. “Yaoyao sis, why did you pinch me ... Oh, I understand now ...”

“What did I remember? Shu, what do you want to say?” Lin Yi looked at Shu, confused.

“I’m saying that you remembered that Yaoyao sis is your other girlfriend?” Yushu said seriously.

“What?” Lin Yi blinked.

“Shu, what are you talking about?” Mengyao blushed-Shu had obviously misunderstood the pinch. She was just reminding Yushu not to spill the beans. Lin Yi couldn’t remember Tang Yun, so he must’ve felt that something was wrong and lost some of his memories. Shu, on the other hand, obviously thought that she wanted to be Lin Yi’s girlfriend, which was why she twisted the truth.

“Ah? Didn’t you ask me to say that?” Yushu looked at Mengyao curiously.

“When did I say that? alright, let’s go home. I’m tired!” Mengyao hmphed awkwardly and didn’t pursue the matter any further.

Lin Yi shook his head and started the car. He felt that something was wrong, but he couldn’t tell from Mengyao and Yushu’s expressions.

The car slowly drove out of the parking lot. However, when it was about to leave the school gate, an accident happened!

The school’s side of the road was divided into an entrance and an exit. Naturally, Lin Yi was driving out from the exit, but because there was a long line of cars at the entrance, a Bentley Continental drove up to the exit, trying to enter the school.

Lin Yi was about to leave when the two cars met at the exit.

Lin Yi wasn’t a person who liked to cause trouble, but he wouldn’t let someone who obviously didn’t follow the rules get away.

There was only one lane to the exit, and it was difficult for even one car to pass. Of course, Lin Yi wouldn’t mind moving aside if it were two lanes, but it was impossible for him to turn back now.

To Lin Yi’s surprise, the Bentley Continental started blaring before he could even do so. The blaring was clearly modified, and it was deafening.

The other party’s arrogant actions made Lin Yi frown. He turned to the Miss and saw that she was unhappy too!

Wasn’t it just a sports car? It was as if no one else could afford it. Chu Mengyao used to drive a Bentley when she was in school, but it was much more expensive than his sports car. It was more than nine million Yuan.

“Motherf \* cker, move aside!” What Lin Yi didn’t expect even more was for someone to suddenly stand up from the other car and yell at Lin Yi’s car, his voice as loud as the honking from before.

Lin Yi didn’t know who his parents were to begin with, so he was quite pissed off at the way they insulted his parents. What made Lin Yi even more amused was that the person who stood up was his old friend, the yellow-haired Xuanji! (To be continued.)

### **Chapter 1888: -long time no see**

Lin Yi stepped on the gas, and the Grand Cherokee shot out with a “whoosh,” slamming into the Bentley Continental and sending it flying backward!

Lin Yi’s car had a clear advantage in terms of size, and the car was specially modified by the investigation Bureau. The front bumper was extraordinarily hard, too, so Lin Yi didn’t suffer any losses in the collision. Instead, he damaged the front of the car.

The yellow-haired man was cursing in his seat, and he didn’t expect the car to suddenly crash into him. He was thrown off the car, but luckily he was a Mystic class master, so he wasn’t injured.

“Young master you, how have you been?” Lin Yi got out of the car and looked coldly at the people in the car. Other than the yellow-haired guy, there were three people in the back seat!

Lin Yi was surprised-this two-door, four-seater sports car could fit five people!

Yu Panhu had just finished drinking and wasn't very clear headed, but as a practitioner, he naturally wouldn't affect his driving. Hearing Lin Yi's voice, he immediately woke up!

“Lin Yi!” A trace of fear flashed across the right Panhu's face! As much as he hated Lin Yi-the guy had embarrassed him so many times-he wasn't an idiot. Someone who could kill the thirteenth on the right in seconds wasn't someone his people could take on!

Zhuang ni dao and Li biao han were originally very angry. In the school, someone actually dared to not give them face! Although it was right coiling Tiger's car that was hit, the people in the car were the two local tyrants!

Therefore, no matter who the person in front of them was, they all wanted to stand up for right coiling Tiger! Especially when they were surprised to find out that this person was actually the freshman who had snatched their girl before. Would Zhuang ni dao and Li biao han let him go so easily?

However, when they heard Yu Panhu call out “Lin Yi,” the two of them stopped in their tracks!

Lin Yi's name was like thunder to the ears! Zhuang ni dao and Li biao han had both heard of this name! Killing three Earth Class Masters and one late phase Earth Class in one move-this power made them pale.

Of course, they didn't think that the two people had the same name. If they did, right coiling Tiger wouldn't have cried out involuntarily and his expression wouldn't be so ugly.

Lin Yi's eyes coldly scanned Zhuang ni dao and Li biao han. He didn't expect to meet these two here, and they were with you Panhu! But Lin Yi didn't find it strange anymore when he thought about their practitioner status. Only the children of hidden houses would have this kind of strength.

“Since we're classmates now, let's forget about today's matter. It's best if you don't appear in front of me again.” With that, Lin Yi got into his car and drove off in silence ...

After Lin Yi left, li biao han lowered his voice and asked, “Brother you, that's Lin Yi?”

“It's him ...” Youpan Hu smiled bitterly, a trace of hatred in his eyes. If it wasn't for Lin Yi, why would he be afraid of a random practitioner with no power and background?

As for the Ice Palace, he didn't think that Lin Yi could use them at all. These hidden house disciples all knew that Lin Yi and the Ice Palace were close, but it was impossible for Rock Candy to stand up for Lin Yi. Not to mention the ancient sect's agreement, as long as it wasn't crossing their bottom line or touching someone they publicly declared to protect in their territory, these Sky Class Masters wouldn't stand up for Lin Yi.

After all, every Sky Class master would have friends and distant relatives in the common world-if every Sky Class could just go in and out of the common world because of these people, then the rules would be messed up!

This was also why the ancient sect had a rule that Sky Class Masters weren't allowed to come and go as they pleased!

Unless it was one of those ancient sects that had publicly announced that they wanted to protect and protect someone-if anyone touched someone like that, they would have to fight the ancient sect to the death. But even ancient sects wouldn't give out protection orders like that so easily!

However, what he feared the most wasn't the Ice Palace's power, but Lin Yi's own strength! In terms of the Ice Palace, house you still had the sky elixir sect backing them up, but Lin Yi's own strength was the strongest under the heaven realm-killing three Earth Class fighters in a second was enough to send shivers down people's spines!

"One move and he killed three Earth Class Masters, is that just a rumor?" Niaodao frowned. He couldn't understand how Lin Yi could have this much power.

"No..." Right coiling Tiger sighed."Our house you's thirteenth right is an Earth Class mid phase-Lin Yi wasn't his opponent before, but now he can't even fight back! Plus, from what I know, hidden house Yu's Yu Liu is also Earth Class mid phase, and hidden house Zhao's Zhao Guang 'er is Sky Class late phase-the fact that he couldn't even fight back shows just how strong this guy is!"

Zhuang naodao and Li biaohan looked at each other silently. They both saw a trace of fear and luck in each other's eyes! They were lucky that they didn't go after Lin Yi before-one was golden class late phase peak, and the other was Mystic early phase-these two weren't even enough to warm him up.

"I can be a witness to this. Our Firewolf gang ... Received the news too ..." Li biaohan smiled bitterly. The Firewolf gang's protector went to save an Jianwen, but he was defeated by Lin Yi. It was no secret in the Firewolf gang.

"Lin Yi ... Hmph, I'll destroy you one day!" Anger flashed through the right Panhu's eyes.

Zhuang niodao and Li biaohan didn't dare to say anything-only Yu Panhu could be this domineering, the number one under Sky Class-what kind of master would they have to send to fight him?

Lin Yi got back in the car and drove the girls to the xueshang District.

"Shield bro, that's right-hand Panhu?" Chen Yushu suddenly asked.

"Yeah, you even threw a bowling ball at him before." "What, you don't remember?" Lin Yi asked.

"I remember ..." Yushu was confused. Lin Yi seemed to remember everything except for the time with Tang Yun. Her plan of calling Mengyao his girlfriend was impossible,""But I didn't expect him to recover so quickly ..."

"It's normal for a medical family to have elixirs in their hands. " Lin Yi didn't think there was anything wrong with Yushu's words.

The three of them returned to the villa in the xueshang District. Granny sun had already prepared the meal and was waiting for them to return. At this moment, granny sun was no longer as gloomy as she was when she was scavenging. After she was dressed up, she had a natural air of nobility around her. (To be continued.)

## Chapter 1889: Thought of something

Working as a housekeeper in this villa wouldn't embarrass the villa at all. Even the rich people in the villa area would naturally think that grandma sun must have been the housekeeper of some rich family for a long time after seeing her!

"Miracle doctor Lin, Miss Chu, miss Chen, you're back!" When granny sun saw the three of them, she was overjoyed." "I've finished cooking, I'm just waiting for you guys!"

Granny sun was very satisfied with her current life. She didn't have to pick up garbage anymore, and she didn't have to worry about food and clothing. Other than cleaning the villa and cooking, she didn't have any work. In her spare time, she could watch TV and other things, which was quite relaxing.

"I told you, just call us by our names, there's no need to call us miracle doctors or anything ..." Lin Yi smiled bitterly.

"Mr. Lin then? I've seen those butlers on TV call me that. " Granny sun said.

Lin Yi smiled bitterly. There was nothing he could do if granny sun insisted.

One had to admit that granny sun's cooking was pretty good. Although it wasn't as good as Lin Yi 's, it was at least much better than the food uncle Fu brought back from the restaurant, and better than the food in the school canteen. Chu Mengyao and Chen Yushu had a great time eating.

After dinner, Chu Mengyao and Chen Yushu watched "pleasant surprise and big wolf" for a while with Lin Yi accompanying them.

Mengyao looked at Lin Yi after the TV,"In the future, you must go home on weekends. If there's anything, you must take leave in advance. You must be at your beck and call."

"Ugh ..." Lin Yi smiled bitterly. This was probably the negative impact of today's events. Lin Yi was a little suspicious-could it be that the Miss from before had returned?

However, after Chu Mengyao finished, she added, "I'm looking after you on behalf of your girlfriend. Although I'm no longer your employer, I promised her ..."

After careful consideration, Mengyao decided to be stricter with Lin Yi. Otherwise, this guy would go and hit on girls without any restraints. How could she face the task Tang Yun gave her before she left? Yes, she did it all for Tang Yun. There was no selfishness in it, Chu Mengyao thought.

"Xiaoxiao ..." Lin Yi smiled bitterly. Xiaoxiao didn't seem to care about these things, right? And Lin Yi seemed to remember that Xiaoxiao didn't care about his flirting at all? Otherwise, he wouldn't just ignore Yushu calling herself the second wife.

However, before Lin Yi could finish, the Miss had already pulled Shu up the stairs, leaving Lin Yi with only their back views, their beautiful back views ... These two girls, didn't they know how to wear more clothes at home? Lin Yi wanted to ...

After moving into the new villa, Chu Mengyao and Chen Yushu still lived upstairs, and Lin Yi lived downstairs, but now there was a guest downstairs, grandma sun.

General Weiwu and Skybolt pig had settled down behind the mansion. They had done their part in protecting the mansion.

“Yaoyao sis, you’re so domineering! Are you ready to carry out your duties as the main wife?” Chen Yushu asked.

“What first wife?” “I’m just looking after him for Yunyun,” Mengyao frowned.

“But Yun Yun sis said that they’ll never see each other again!” “What’s the point of watching him?” Yushu said. And didn’t Yun Yun sis entrust him to us? We’ll naturally be able to take the position!”

“If you want to go, go ahead. I’m not going!” Mengyao said, a little regretful. Did she really not want to? Or was he worried about something?

Every time Chu Mengyao thought of Tang Yun’s selfless and reluctant eyes, her heart would ache. If she took Lin Yi away from her, would she be sad?

Mengyao realized that she was starting to care about Lin Yi ... Maybe not just a little?

She shook her head and suppressed the messy thoughts in her mind. Chu Mengyao went to take a shower, while Chen Yushu sighed and followed Chu Mengyao silently ...

Lin Yi went back to his room and started training the second level of the art of Dragon mastery. As for the last seven moves, he didn’t think about it for now. According to uncle Fu, it had to be Earth Class mid phase, Earth Class late phase, Earth Class late phase peak. There were only three moves for the early phase.

Lin Yi tried activating the fourth stance with great difficulty, but it failed. He felt that the Qi in his body wasn’t enough at all-it felt like he couldn’t keep up. Perhaps activating the first three stances at Earth Class early phase was already his limit, and the fourth stance was impossible.

Although Lin Yi was very satisfied with his current progress, there was still a knot in the depths of his heart, and that was his alchemy!

In terms of martial arts and practitioner’s Arts, Lin Yi had already found the way-he just had to practice step by step, but he still didn’t know the trick to alchemy. It’d been a long time, but Lin Yi still hadn’t met someone who was accomplished in alchemy and he could ask for help.

He did run into people from the Hidden House you and sky elixir sect, but the hatred was deep. Even if Lin Yi asked coiling Tiger the way he made elixirs, the guy wouldn’t answer him.

Three months went by in the blink of an eye-there was still a year left, but Lin Yi was very nervous. He’d promised Xiaoxiao and the rock Candy Girl that he’d make an ice heart Jade bone pill and send it to them within two years!

But, every time he thought of Feng Xiaoxiao, Lin Yi’s heart would have a suspicious feeling. In Lin Yi’s impression, Feng Xiaoxiao should be his small wife. If there was a small wife, then there should be a big wife. But who was his big wife?

Rock Candy Girl? It didn’t seem like it. He had only teased her and made her his little, little, little wife.

Chu Mengyao? Chen Yushu? It didn't seem to be any of them ...

Song Lingshan, sun Jingyi, Yu Xiaoke, Xu Shihan, Wang Xinyan, and even Yu Ning ... These familiar people flashed through Lin Yi's mind one by one, but none of them should be a candidate for the main wife. Did he not have a main wife?

Lin Yi gave up thinking helplessly-he felt tired every time he thought about that.

Just as Lin Yi was about to relax and enter the Jade space, his phone rang.

"Uncle Fu?" Lin Yi picked up the phone-it was rare for uncle Fu to call him, and every time he did, something would happen. Lin Yi didn't dare to waste time.

"Yi, are Yaoyao and Shu with you? Why didn't they pick up the phone?" Asked uncle Fu worriedly.

"Um ... They are. We're all in the villa. They should be upstairs taking a shower." Lin Yi said.

"That's good. I saw that neither of them picked up the phone, so I thought something had happened." Uncle Fu let out a breath of relief.

### **Chapter 1890: moon elder**

"Hehe, it'll be fine. I'll take care of them. Don't worry." Lin Yi smiled. So uncle Fu couldn't get in touch with the girls.

"Sigh, I'm not used to you guys leaving like this." "It did feel like home when we were together before," Li Fu said, sighing. "But now, Mr. Chu and I are two old Bachelors. We don't know what to do when we get home every day, and we're used to buying food for you guys after work ..."

Lin Yi sighed slightly. Uncle Fu's words touched his heart. Uncle Fu's life was indeed miserable. He had Chu Mengyao and Shu, and they brought some joy to his lonely life. He even treated Chu Mengyao as his daughter. But the three of them leaving like this was a bigger blow to uncle Fu than to Chu pengzhan!

Pengzhan's wife wasn't by his side, but at least he had something to think of, and his daughter was his. However, uncle Fu was different. In reality, he had nothing.

"Uncle Fu, have you ever considered finding another wife?" Lin Yi suggested after some thought.

"Oh?" Uncle Fu blinked, not expecting Lin Yi to bring this up. He smiled bitterly."In the past, when I was young, I had hatred in my heart and didn't have the heart to look for it. Now that I'm so old, what is there to look for? Besides, I ... Have too many secrets on me. Just being a cultivator is not something that ordinary people can understand and accept. If my secrets are leaked, the losses will outweigh the gains ... Moreover, with my current position, I'm afraid that most people who want to be with me are only after money, right? Besides, I can't even accept it if you want me to find someone young, around your age. How can I find someone of the right age?"

Lin Yi nodded. Uncle Fu was right. It was easy for him to find a young and pretty girl with his status, but most people who liked him were probably after money. It was hard for uncle Fu to find someone of the right age. Who didn't have a family at his age?

Even if she was divorced or had lost her spouse, she was not very suitable. Moreover, she had to be trustworthy! After all, both Lin Yi and uncle Fu had too many secrets. It would be too late to regret it if he revealed these secrets for the sake of money ...

"Mr. Lin, the two ladies have finished their bath. The hot water is ready. You can go and take a bath now ..." Granny sun's voice came from outside the room.

The hot water supply system of this villa was connected. It was boiled by a large water heater, so it could only be used in one bathroom at a time. Otherwise, it would cause a shortage of hot water. Mengyao and Lin Yi would shower first, and Lin Yi would shower after.

"Alright, I got it." Lin Yi replied, but his eyes lit up as he thought of a possibility!

"Yi, you should take a shower first-I just wanted to make sure you're all safe!" Said uncle Fu.

"Wait a minute, uncle Fu, there's something I need to tell you!" Lin Yi said.

"Oh? What's the matter?" Uncle Fu blinked.

"It's about what I said just now. I want you to find another one. What do you think of granny sun?"

"Granny sun ... She's not a bad person-there's no problem with trusting her. She's always been nice to us during those tough times, and ... She saw how I dealt with those three Earth Class Masters-she's someone we can trust!"

"Granny sun?" Uncle Fu had never met grandma sun before, but he'd heard Mengyao mention her many times. At least in uncle Fu's heart, he thought that grandma sun was a very reliable person. Otherwise, he wouldn't be at ease if Lin Yi and the others brought her to Donghai city.

However, uncle Fu was getting on in years. Even though he'd put down his hatred for now, he wasn't that interested anymore. He didn't really want to look for one."Forget it. It's a bit embarrassing to think about such things at such an old age!"

"Pfft ..." Lin Yi couldn't help but laugh."Uncle Fu, age doesn't matter in love. How about this, the next time you come to visit us in Donghai city, you can meet up with granny sun. If you think they're suitable, you can continue to interact with her. If not, then forget it."

"We'll talk about it next time then ..." Uncle Fu didn't take Lin Yi's suggestion to heart.

"Alright, I'm just saying. I'll talk to granny sun about it later." Lin Yi said.

"Alright, let's meet then ..." Uncle Fu said helplessly, but he didn't think that it would work.

Lin Yi's absence didn't raise any suspicion from the other three.

Because after Lin Yi left, Bai Weitao had nothing to do at night, so he really did call he meiyue's room. After confirming that Wang Xinyan was in the room too, the three of them lost interest in Lin Yi's whereabouts. Of course, they didn't even dream that Lin Yi could be with another pretty girl ...

The next morning, Lin Yi drove to school and parted ways with the girls in the parking lot before heading to the boys "dormitory.

October 9th was the official registration Day for the Department, and October 10th was the official start of school!

Of course, after school started, there might be military training, freshmen welcoming party, and other activities. These would depend on the school's arrangements.

Lin Yi went back to the dormitory to find Bai Weitao and the others who had just woken up. Song Xiaodao was washing up in the bathroom with a basin in his hand, and Zhao Shengyi had just returned and was putting on his clothes.

"Good Morning, big brother Lin. Where did you go last night?" Bai Weitao asked casually.

"Oh, I have a relative who lives nearby. He asked me to go over and have a chat." It was an excuse Lin Yi came up with—they'd be suspicious if he wasn't in the dorm on the weekends, but it was normal to visit relatives on the weekends.

"So that's how it is!" Bai Weitao nodded, and Song Xiaodao and Zhao Shengji also looked enlightened.

"Where are we going to report? What time is it?" Lin Yi asked.

"The Department sent a notice last night. It's in the biology department's main teaching building, classroom 1109." Bai Weitao pointed to a notice on the table and said, "One classroom is enough for our medicine major. My brother said that there are less than twenty people this year."

"So little!" Lin Yi frowned—this wasn't even as many people as a class from another major.

"It can't be helped, it's a niche specialty!" "But it's good. It's quiet, and there's nothing to worry about," Bai Weitao said with a bitter smile.

While the two were talking, Song Xiaodao also came back from washing up. The four of them left the dormitory and walked toward the biology Department.

The biology department's entrance was crowded with people, and there was no lack of beautiful women among them. After all, every department had their own department's flower. Of course, this was only in comparison.
