Chapter 1891: Running for class monitor

"Wow, there are quite a few beautiful girls here!" "I wonder if there's anyone from our profession?" song xiaodao asked excitedly.

"Alright, stop looking!" Bai Weitao patted song xiaodao, who was looking around, and said, "There's no need to think about it. There's only one girl in our entire course ..."

"Pfft ... No way?" Song xiaodao retracted his gaze gloomily. "Don't tell me he's boss Lin's guy?"

"That's it!" Bai Weitao shrugged his shoulders. "I can't help it. My brother told me yesterday that there's a girl in our major who's here to report!"

"Oh my God, no way?" Zhao Shengji said in a depressed manner.

"But I heard that there are also students who want to transfer over, but I'm afraid it's not a girl." Bai Weitao said.

"Forget it, I'd better set my sights further and look at other majors." Song xiaodao said helplessly.

When they arrived at classroom 1109, the people in the classroom could be seen at a glance. There were only a dozen people in total, and the first two rows were not full!

In the third row, Wang Xinyan was sitting there alone, quietly reading a book. She didn't say anything, just like when Lin Yi first met her, quiet and calm.

The boys in the first two rows kept turning back to look at Xinyan, but none of them dared to hit on her.

"Boss Lin, shall we head over?" Song xiaodao chuckled and pointed at Wang Xinyan's seat.

Lin Yi didn't want to go at first, but the three guys were looking at him as if it was only natural. Lin Yi smiled bitterly-if he didn't go over, it'd be weird to them!

He'd rather do it openly than hide it-he'd probably choose to sit next to Xinyan if it weren't for them, after all, since Xinyan was the only person he was familiar with.

Lin Yi and the others walked over and sat in the third row. Lin Yi sat next to Wang Xinyan, while the others sat in the row next to Lin Yi.

It was a small classroom with three rows of tables. There were nine tables in total.

Xinyan was sitting by the window, but she was in the middle, not the innermost seat. There was only one seat left outside, and the others had to sit on the side after Lin Yi sat down.

Xinyan frowned as she looked up-it was Lin Yi! She blushed a little, "It's you?"

"En, you seem to be the only girl here?" Lin Yi asked.

“Yeah ...” Wang Xinyan smiled bitterly, “That’s why my dormitory is filled with students from other majors. Although he meiyue and the others are also in the biology Department, she and Chai Xiaoling are in Botany, while LAN xiaoru is in Biochemistry.”

“Eh? The three of them are not in the same major?” Lin Yi asked, surprised.

“This dormitory of mine is actually just a dormitory that is pieced together. The number of students in each department and each specialization might not be exactly the number of dormitories. In the end, there will be a few more, and these extra students will be assigned to the same dormitory. I am the only girl in my specialization, so I will be with them.” Wang Xinyan explained.

“So that’s how it is.” Lin Yi nodded, and as the two were talking, the classroom suddenly quieted down! It was the first time everyone in the classroom was meeting each other. Although they were familiar with each other’s dormitory, they had just met each other. They were introducing themselves to each other, and suddenly there was no sound. Something must have happened!

Lin Yi and Xinyan raised their heads as well to see a yellow-haired and a purple-haired guy clearing the way, and a big bald guy staggering into the classroom, as cocky as he could get, like one of those rich kids from ancient times who went out to cause trouble with two slaves.

A strange look crossed Lin Yi’s eyes when he saw the man. He was a medicine major too?

Xinyan, on the other hand, was a little taken aback-she wasn’t unfamiliar with this man, either. It was because of him that Lin Yi had gotten into a conflict with him during the exam, and he was none other than coiling Tiger.

Right-hand Tiger’s image was already very bad, and with the yellow-haired and purple-haired students surrounding him, the students in the classroom naturally developed a sense of fear. They didn’t understand why these three gangster-like people suddenly appeared in the classroom!

You Panhu was very satisfied with the sudden silence in the classroom. He walked to the podium and said, “Let me introduce myself, I’m right plate Tiger! Later, when the teacher comes to choose the class monitor, if everyone votes for me, you’ll get some benefits. Otherwise, hehe ...”

Although everyone was unwilling to be threatened by a few hoodlums as soon as school started, these three people were obviously not good people, so they all obediently shut their mouths and no one dared to refute.

“Blondie, send out the red packets!” Youpan Hu said to the yellow-haired man.

“Yes!” The Blondie nodded and walked down with a box of red packets. He placed it in front of the first student in the first row!

Although the student understood what you Panhu meant, he did not dare to take the red packet. He stood there, not knowing what to do.

“F * ck, I gave you a red packet and you just took it. Don’t you feel ashamed?” The blonde glared at the student, scaring him so much that he quickly took out a red packet from his box.

Then, the Blondie walked to the other students. These students had just gotten to know each other and had not formed an alliance yet. Naturally, they did not dare to resist the Blondie alone. When they saw someone holding a red packet, they naturally followed suit and picked up the red packet ...

When the yellow-haired man walked in front of Lin Yi, he was obviously taken aback!

He didn't think that Lin Yi would be in the classroom at all, and Lin Yi was sitting in the third row, so it wasn't eye-catching at all. He froze when he saw Lin Yi!

Lin Yi looked at the yellow-haired guy with a smile that wasn't quite a smile, but he was very suspicious inside. Why did this right-hand man go through so much trouble to choose a class monitor? Logically speaking, these children of hidden houses coming to school here would be for the sake of having fun, and yet this guy was so concerned about the class monitor position-it really did make Lin Yi feel weird!

It was important to know that being a class monitor in a University was not a good job. Just like the dormitory leader, it was a job that was responsible for contacting the mentors, lecturers, Student Union, and students in the class. To put it bluntly, it was a hard job without a salary.

Of course, a good reputation was good, and it was also a kind of training for individual organizational skills. It was also quite beneficial for getting a job.

However, what was the use of such a position for right Panhu? (To be continued.)

Chapter 1892: unexpected

"He wants to be the class monitor?" Lin Yi asked the man.

At this time, right coiling Tiger also saw Lin Yi and cried bitterly in his heart! Damn it, what do you mean by "enemies meet on a narrow road"? This was weird-meeting Lin Yi yesterday was one thing, but meeting him today in the same class as him? how was he going to live with him in the future?

House you's attitude towards Lin Yi was very cautious-if even house Zhao's Earth Class late phase couldn't do anything to Lin Yi, what else could house you do? They couldn't just send a Sky Class, could they? Even if house you wanted to, the ancient noble House wouldn't agree. The sky elixir sect was strong, but they didn't have the final say.

"That's right, Lin Yi. As long as you vote for me, I'll thank you in the future!" Youpan Hu couldn't do anything to Lin Yi, so he chose to endure for now."No discord, no Concord. How about we become friends?"

"Alright, then I'll vote for you." Lin Yi said as he snatched the box from the man's hands. There were no less than 20 red packets in there, which were obviously extra prepared by right coiling Tiger.

"This ..." The yellow-haired guy was stunned when he saw Lin Yi swallow the red packet.

"This row is full of my friends. I'll just ask them to vote for him later!" Lin Yi pointed at the group.

"Then ... That's fine ..." The yellow-haired guy didn't dare argue with Lin Yi and let go of his hand.

Lin Yi, on the other hand, put the box on the table."Take it back. It's a token of their goodwill. If we don't take it, they'll lose face!"

Youpan Hu let out a breath of relief after getting Lin Yi's guarantee. To be honest, he wasn't interested in being class president, but his family valued it a lot. He also knew the significance of this profession!

To be able to set up such a strange major in this Science and Engineering College, and it was a niche major with only a few people, the power behind this person couldn't be underestimated. This person was also respected by the you family. If you Panhu could graduate here smoothly, get that person's guidance, and inherit the position of the you family head, it wouldn't be a delusion.

"Ahem ... Student, are you trying to take my place by standing on the podium? You want to be a lecturer in our Medicine Department?" An old man walked into the classroom and saw right Panhu on the podium. He smiled and gave a cold joke.

Although the right-hand Panhu was domineering, he was like a mouse that had seen a cat after seeing this person. He nodded and bowed, "Old Bai ..."

The old man frowned slightly when he heard right coiling Tiger's address. He said, "This is a school. Call me professor Bai, or teacher Bai."

The person who walked in was Bai Weitao's grandfather. Lin Yi already knew his identity, so he wasn't too surprised. When he saved the old man, the old man said that he wanted to teach him medical knowledge, but Lin Yi didn't think much of it. He didn't expect the old man to be a professor here!

It'd been two days since Lin Yi heard the news, but he wasn't surprised. It was that respectful look on Yu Panhu's face that made Lin Yi curious. What was the relationship between Yu Panhu and Bai Weitao's Grandpa?

Could it be that they had some close relationship? Lin Yi's face darkened at the thought. He and Bai Weitao were undoubtedly good friends. If house you and Bai Weitao's family had some relationship, then it would be hard for Lin Yi to be in the middle!

But from the look in his eyes, Lin Yi realized that he didn't know Yu Panhu at all. He let out a breath of relief. It seemed that although Yu Panhu knew Bai Weitao's grandfather, they weren't close.

"Yes, professor Bai. I'll be going down then!" As he spoke, you Panhu brought the purple-haired and yellow-haired to the back of the classroom and sat in the third row near the door.

His attitude was out of Lin Yi's expectations-was this right-hand man so respectful to his master?

"Hello, students. I'm your professional instructor and the only instructor. To put it simply, I'm the boss of our specialization. I have the final say!" Bai Weitao's grandfather walked to the center of the podium and introduced himself humorously, "I'm boss Bai. I've already said that I'm the boss here!"

"Gah?" The students in the audience were stunned. They didn't expect a teacher to call himself boss, and in such an open and aboveboard way!

"There's no need to doubt it, my name is boss Bai!" Bai Weitao's grandfather laughed and said, "Every batch of students would be very surprised when they hear this name, but that's the truth! Bai Weitao is my grandson, he can prove that my name is real!"

"Haha ..." The students in the audience finally couldn't help but laugh. It could be seen that boss Bai was a very kind old man, at least not as rigid as some teachers. However, in fact, they didn't know that

although boss Bai looked happy, he was actually a very strict person, and Bai Weitao had a deep understanding of this.

“Alright, our major only has one class, and there are only a dozen of you in the class. As for the class monitor, there’s no need to hold an election. I’ll just randomly appoint someone.” Boss Bai’s eyes swept across the students before finally landing on Lin Yi, “Lin Yi, you’re the one!”

“Ah?” Lin Yi froze, looking at boss Bai in shock. How did he become class monitor? To be honest, Lin Yi wouldn’t mind voting for right-hand man if they were choosing a class president, since he had no intention of doing so!

But now, boss Bai didn’t ask the class to vote for him, and Lin Yi was surprised.

“Lin Yi, stand up and let everyone get to know each other!” Master Bai smiled at Lin Yi, his eyes full of joy, excitement, and gloating!

Lin Yi stood up helplessly, and Yu Panhu frowned. He didn’t think that boss Bai wouldn’t let them run for class monitor, but instead chose to appoint them directly! Although there wasn’t a fixed selection process for the class monitor in the University, the class competition speech and everyone’s vote had already become the fixed selection process for most universities!

According to what you Panhu knew, the other departments and majors of East Ocean industry University all elected their class presidents this way. This was also the information he got from li biao and Zhuang naodao. That was why he had used the method of giving red packets to win over his classmates, but he didn’t expect that it would be completely unnecessary!

As frustrated as he was, he knew that Lin Yi wasn’t to be blamed for this-Lin Yi’s reaction didn’t seem to be fake! (To be continued.)

Chapter 1893: Closed-door disciple

As far as he was concerned, Lin Yi was a practitioner who could take out three Earth Class Masters in one move-there was no need for him to lie. If he didn’t know, then he didn’t know-the only explanation was that boss Bai just randomly sent someone here, and for some reason, they just fell in love with Lin Yi!

You Panhu was a little unconvinced. He didn’t want to lose this opportunity to make the you family’s old master look at him better, so he secretly gave the yellow-haired man a look.

“Mr. Bai, I think the class president should be elected, right? We’re not familiar with each other, and we don’t even know who the class monitor is. Why don’t we all give a speech and vote?” The yellow-haired guy suggested.

“This student, did you not hear what I just said? If you want to study here, you have to listen to me. Otherwise, I can help you transfer to another department. You can go anywhere!” Boss Bai’s face darkened, and his smile disappeared as he said coldly.

This made all the students present shocked. This seemingly smiling old man was actually a Smiling Tiger. He turned hostile just like that! Everyone secretly wiped their sweat. Fortunately, they didn’t do anything out of line before. Otherwise, they would be the ones being scolded now!

The yellow-haired guy shrunk his head back, obviously not daring to argue with boss Bai. Right Panhu, on the other hand, was a little dejected. It seemed that his dream had been shattered!

Lin Yi blinked—he'd wanted to reject the offer, but he gave up on that thought after hearing boss Bai's words. He'd saved her life before, but she was his mentor now, and he couldn't just go against her.

"Since no one objects, I'll talk about the arrangements for the new students after school starts!" Boss Bai was very satisfied with everyone's reaction. He slowly nodded and said, "Our major is small, so there aren't many rules. The only rule is that what I say is the rule. You can do what I didn't say. If you still do what I said, then I'm sorry. You'll fail at the end of the term."

Boss Bai was the only one who could threaten a student in public like this.

"After school starts, there will be military training and a new student party. The military training will last from October 11th to October 20th for a total of ten days. The results of the military training will be counted into credits, which will be six points in total." Boss Bai said, "the military training is arranged by the school. I won't talk about the rules and regulations. Someone will explain it to you later!" After the military training, it was time for the freshmen party. According to the usual practice, every department and every major had to come up with a program. There was no limit to the number of programs. But we're the first minor in the biology Department and the smallest major in the entire school, so we can only come up with one program. "However, although our major is small, I don't want you to embarrass me. After the military training, show me your strength. If the program is good and you achieve good results, then everyone will get an additional 5 credits. If not, hehe ..."

Lin Yi didn't know what to say—this was the first time he'd heard of a teaching method like this. Wasn't the instructor a little too overbearing? He would threaten students with failed subjects and credits, which were especially important for college students!

After failing a subject, one would have to retake the exam, and if one didn't have enough credits, one wouldn't be able to graduate! This made everyone extremely depressed, but who asked boss Bai to say that he was in charge here?

Lin Yi was already used to boss Bai's style—the existence of a small major like this, and boss Bai's unique way of teaching, meant that the school must've approved it. Even if the principal heard about it, there wouldn't be much of a result.

"Alright, that's all I have to say. Everyone, go back and have fun. Tomorrow, the other specializations will be attending the rules and regulations class for college students. However, for our specializations, we won't be using it. The rules and regulations aren't memorized, it depends on how you do it. Each of you will get one book. It's included with the teaching materials. Go back and read it carefully. Don't let me catch you in the act, or don't blame me for not showing you any mercy!" With that, boss Bai turned to Lin Yi. "Class leader Lin Yi, come with me to the office. Everyone else, please leave!"

Everyone in the class had a bitter smile on their faces. Most of them had families in the pharmaceutical industry who had heard of boss Bai's reputation, so they had applied for this major.

Originally, everyone thought that the smaller the major, the easier it would be. But they didn't expect that it was not the case at all! However, since they were already here, they could only follow the rules. If boss Bai really transferred them to another department, no one could afford to lose face!

Lin Yi shrugged and looked at Xinyan, wondering how he could transfer the class monitor position to her. Firstly, she seemed to be a good student, and secondly, she was the only girl in the class, so everyone should give her some face.

Of course, if Wang Xinyan couldn't convince the public, Lin Yi would recommend Bai Weitao. After all, he was boss Bai's grandson, and he was the most suitable candidate.

With that thought, Lin Yi got up and followed boss Bai out of the classroom.

Yu Panhu wanted to fight for the class monitor position, but he gave up after thinking about Lin Yi's battle record.

After leaving the classroom, boss Bai's expression changed as he smiled at Lin Yi, "Haha, young man, I said that I would teach you the way of medicine and take you as my disciple, but you didn't agree. What now? You're my student again, right?"

"Man, I didn't know you were a mentor here." "I guess it's as you wish now," Lin Yi smiled bitterly.

"That's true, but my original plan was to take you in as my last disciple and teach you some special medical skills, the kind that you can't learn in school ..." Boss Bai said.

"Oh? What's that?" Lin Yi's heart jumped. To be honest, Lin Yi didn't really mind what boss Bai was saying at the entrance. Teaching him medicine? Boss Bai couldn't even cure his own illness, so how could he teach himself?

However, ever since he saw right coiling Tiger's attitude towards boss Bai, he had some different thoughts. What kind of person was the right Panhu? That was the Hidden House you's second young master, who specialized in medicine and making elixirs. In terms of medical skills, they were probably on par with Lin Yi and old Lin, but youpan Hu was being very respectful to boss Bai. This explained some things.

"Hehe, I only have one last disciple ... Otherwise, I wouldn't be called a last disciple. I've already taken in a pretty good seedling." Boss Bai looked at Lin Yi and smiled, "So, do you regret it?"

"It's alright." Lin Yi said faintly. How could he not know that the old man was just bullshitting? And only one last disciple? There were only two Bai Weitao and Bai Wei. This old man was obviously hanging his appetite. (To be continued.)

Chapter 1894: difficult problem

"But I'll slowly examine your aptitude and then teach you some special things. However, I don't know much about your aptitude yet, so I can only slowly observe." Boss Bai said.

As they spoke, boss Bai brought Lin Yi out of the building and into the biology faculty building. To Lin Yi's surprise, boss Bai was working in the basement of the building! And it was an entire level!

It was a bit of bullying to arrange for an old man to work in the basement, but to give the entire basement to boss Bai was not bullying but taking care of him!

"This floor is all yours?" Lin Yi pointed at the "medical department office" sign on the side of the corridor, surprised.

"Yeah, how is it? Not bad, right?" "That's my laboratory," boss Bai chuckled. "There's also a research room and a drug refining room!"

"Refining medicine?" Lin Yi's eyes narrowed.

Boss Bai said that it was medicine, not pills, but the word "refined" made Lin Yi jump.

"Oh, it's the place where I boil and prepare medicine. Refining medicine is just a way I use to call it." Boss Bai explained, thinking that Lin Yi didn't understand the meaning of making medicine.

"I see." Lin Yi nodded.

Boss Bai led Lin Yi into the innermost office, and opened the door.

The office was very clean. There was only a bookshelf, a desk, and a sofa.

What surprised Lin Yi was that the shelves were filled with thread-bound books-they were all hand-written copies, like those in ancient times. It was quite similar to old Lin's shelves.

"These are all books that I copied. Most of them aren't published yet. Most of them are other people's medical experiences, and a small part of them are my own conclusions." Boss Bai explained with a smile after seeing Lin Yi's surprised look.

Lin Yi nodded deeply. It seemed like boss Bai wasn't a normal person after all, but the meridians in his body last time seemed to be either disabled or blocked. Wasn't he able to cure his own problem?

But it dawned on Lin Yi when he thought about it-he'd been able to reduce the pain and extend huaijun's life when he wasn't training with the art of Dragon mastery, but he couldn't fix his meridians and make him a spiritual practitioner again.

Ordinary medicine couldn't do anything, so what could boss Bai do? No matter how powerful he was, he couldn't possibly repair his own meridians, right?

"Not bad. My old man's bookshelf has many similar books." Lin Yi said honestly.

"You're also from a family of doctors? No wonder ..." Boss Bai understood now-no wonder Lin Yi didn't accept him as a disciple so easily. He was from a medical family too, but he'd never heard of any medical family with the Lin surname.

"I wouldn't call it a Noble House, the old man is just a loner, and I was adopted by him, sort of like his God-grandson ..." Lin Yi said, "By the way, elder Bai, can I discuss something with you?"

Boss Bai didn't seem to object to Lin Yi calling him master Bai, "What is it?"

"How about we give the class monitor to Bai Weitao or Wang Xinyan?" Lin Yi asked.

"Why should I? Don't you know that being a class monitor is a pretty good job?" Boss Bai said, "at the very least, I'll give you extra points in terms of credits, because the position of Student Council Secretary in our major will fall to you. Bai Wei is a graduate student and doesn't have much time left. Student

Council Secretary will get extra credits, and it's not a small amount. These credits are enough for you to take a second major."

"That's good. Brother little Kai has retired. Let his brother, Bai Weitao, take over." "To tell you the truth, I don't have much time. I'm always on leave, so I really can't be the class monitor," Lin Yi said.

"Leave? Don't you know the rules of our profession?" Boss Bai asked with squinted eyes.

"Yes, I do. I heard that you only need to separate and identify the medicinal herbs that you've prepared, right?" Lin Yi said.

"So, you can do it?" Boss Bai's eyes lit up as he looked at Lin Yi ...

"If that's all, I think it's possible," Lin Yi smiled.

"Alright!" Boss Bai actually nodded and said, "You have two choices. One is difficult and the other is easy. If you pass the easy one, you don't have to take the final exam. I'll pass all of them for you, and you can also take leave from school."

"What about the difficult ones?" Lin Yi didn't hear the condition for not being class president.

"It's difficult. Once you pass, you can appoint someone else to be the class monitor. You don't have to ask for leave when you're away. Just let me know when you're free. Also, if you pass four times in four years, I can let you graduate directly!" Boss Bai stated his conditions.

"Alright, I'll choose the difficult one." Lin Yi said with a nod.

"Yes, it's very difficult. It's been so many years, but no one has passed. Think about it carefully." Boss Bai said.

"I've considered it," Lin Yi nodded.

"Alright then, I'll just give you a random question. After you've read the question, if you don't want to answer it, you can still change it to a simpler one. But if you get it wrong, you won't have the chance anymore." As boss Bai spoke, he opened the drawer and started rummaging through it ...

"No need, elder Bai, you can set the questions." Lin Yi said.

"Hehe, I'll take this!" Boss Bai took out a small box from his drawer and put it in front of Lin Yi, a sneaky smile on his face. "This one then. Tell me the ingredients!"

"Gah?!" Lin Yi's eyes were wide open as he looked at the box on the table in disbelief ... It was miracle doctor Guan's injury medicine!

"Haha, what, are you scared?" Boss Bai looked at Lin Yi smugly, very pleased with himself for setting him up! Not to mention the injury medicine, which was made up of dozens of ingredients, even if there were a few mixed together, it would be hard to distinguish the ingredients. Not to mention Lin Yi's age, even the head of a medical family didn't have this ability!

"No..." Lin Yi smiled bitterly.

“Hehe, you’re still being stubborn? However, I’ll allow you to be wrong one time. How about it? is that fair?” Boss Bai said with a smile.

“Fair, it’s extremely fair ...” Lin Yi was speaking from the bottom of his heart-the questions were too easy for him!

“Since that’s the case, we can start now.” Boss Bai said, pissed that Lin Yi didn’t go back on his words.

“This injury medicine recipe includes strychnum, Dragon’s bone, five-Qian nanhonghua, Chuan xiongzhi, crab bone, Angelica, koufangfeng, Angelica ...” Lin Yi slowly started explaining the injury Medicine’s recipe ...

Chapter 1895: unexpected

He didn’t think that boss Bai was the type of person who would steal the recipe, but Lin Yi wasn’t familiar with him yet, so he didn’t tell him about one of the ingredients. Boss Bai also said that he could make one mistake!

Hearing Lin Yi’s words, boss Bai’s eyes went from the initial teasing to seriousness! He’d come up with this question on a whim, trying to make things difficult for Lin Yi so that he’d stay in school. He had some medical skills, but there were still a lot of things he didn’t know-and Lin Yi just said the recipe out of nowhere! Boss Bai’s eyes were wide open!

Lin Yi’s guess was right-he wasn’t trying to get the recipe for the injury medicine, because he didn’t even know that Lin Yi made it. Otherwise, he wouldn’t have come up with this question. He’d tried to figure out the injury Medicine’s recipe before, and of course, with his abilities, it wasn’t hard to figure out the recipe.

However, he was only curious because someone could make injury medicine at such a low price! He had a copy of golden creation’s recipe, and miracle doctor Kang’s golden creation came from this recipe as well. The ingredients for this recipe were extremely expensive, and so boss Bai was suspicious. Miracle doctor Guan’s injury medicine was so cheap-he’d either changed the recipe, or he’d made a loss. He’d studied it himself, and was surprised at the person who made this recipe-who was this amazing person, having such solid knowledge of medicine? It allowed these extremely ordinary medicinal herbs to display their extreme effects?

However, even boss Bai had to spend days to come up with a complete prescription. It was impossible for him to reveal it so quickly like Lin Yi!

And so, boss Bai’s face changed, and the way he looked at Lin Yi changed.

“Elder Bai, am I right?” Lin Yi asked with a smile.

“That’s right ...” Boss Bai shook his head in a daze, then sighed.””Although I’m missing one ingredient, the rest are all accurate ... Something’s not right? You didn’t even open the box, how did you know?”

Boss Bai was so shocked that he forgot something important, and that was that Lin Yi only talked about the recipe and didn’t open the box. How did he know that? Could it be that he already had this prescription before?

Lin Yi's eyes flashed with surprise-boss Bai knew he'd missed a herb? Didn't that mean that he already knew the formula for the injury medicine? Lin Yi had the ability, but he was confident that even old Lin couldn't compare to him!

Even old Lin needed a few days of analysis and analysis to be able to differentiate the ingredients so thoroughly. Lin Yi, on the other hand, had grown up in a pile of ingredients, and he had talent in this area. He was able to analyze the ingredients so quickly, just like the products from miracle doctor Kang's medicine company ...

But boss Bai could do it too?

"Yes, it's lacking a Kawasaki. But how did you know?" Lin Yi asked, uncertain.

"You know? You actually know about it?" "What?" boss Bai's eyes widened."You already had the prescription for this medicine before?"

"Naturally!" Lin Yi nodded, but he was starting to admire boss Bai. Lin Yi rarely admired people, even Guan Xuemin, who was just a friend despite their age. There was nothing that made Lin Yi admire him, but boss Bai, on the other hand, made Lin Yi really admire him!

"How did you get this formula?" Boss Bai looked at Lin Yi, confused.

"Would you believe me if I told you that I was the one who concocted this formula?" Lin Yi asked.

Since he had already exposed so much, he might as well expose a little more. When the time came, he could skip classes as he pleased, and boss Bai would probably not interfere.

"You ..." Boss Bai opened his mouth and looked at Lin Yi with a weird expression. After a while, he nodded."I believe you!"

"Why?" Lin Yi was confused-why would boss Bai believe him?

"For a medicine made from more than ten ingredients, even if it was analyzed by instruments, it would be impossible to get any results. It's completely based on a person's sense of smell. If you can say it, then what else do I have to doubt? The prescription is confidential. " Boss Bai looked at Lin Yi, not sure what to think.

"Alright, I'll take it as me being opportunistic. Elder Bai, can you give me another question?" Lin Yi said.

"You're the one who found the problem with miracle doctor Kang's limited edition golden creation and weight loss medicine?" Boss Bai didn't answer Lin Yi's question, but asked something completely unrelated!

This time, it was Lin Yi's turn to be surprised. Wasn't this boss Bai's leap of thought a little too strong?

"Why do you ask?" Lin Yi narrowed his eyes as he looked at boss Bai.

"If you made this recipe, then you must have a special relationship with miracle doctor Guan's medicine company, and the problem with their products was discovered by miracle doctor Guan's medicine company. I'm afraid this recipe was made by one person, and only the person who made this recipe has this kind of ability!" Boss Bai said.

“Ha ... Master Bai, your analysis is correct. I was the one who discovered that.” Lin Yi nodded quickly-it made sense for boss Bai to be able to guess what was going on.

“Alright, you’ve surprised me. You’ve far exceeded my expectations!” “Alright!” Boss Bai nodded slowly.”So, I accept your proposal!”

“There’s no need to set the questions? Didn’t you say that as long as you answer four questions correctly, you can graduate directly? So, now that I’ve answered four questions, there won’t be any more trouble in the future, right?” Lin Yi asked.

“You don’t have to answer. If I’m not wrong, the other products of miracle doctor Guan’s medical company are also made by you?” Master Bai laughed.”If that’s the case, my questions will be easy for you. I’m a little regretful now. I should’ve given you more difficult questions!”

“More difficult questions?” Lin Yi frowned.

“Forget it, let’s not talk about this.” Boss Bai waved his hand.”But, although you’re not bad, you have to remember that you can learn more than you can imagine with me.”

“What kind of knowledge?” Lin Yi asked, curious. It wasn’t the first time he heard boss Bai say that.

“I can’t say for now, but you’ll know in the future.” Boss Bai said.

“Alright, I suggest that Bai Weitao be the class monitor, and Wang Xinyan be the Vice class monitor.” Lin Yi said. (To be continued.)

Chapter 1896: protector

“Alright, I’ll listen to you.” Boss Bai nodded without hesitation.

“If there’s nothing else, I’ll go back first.” Lin Yi said.

“Goodbye.” Boss Bai said.

Lin Yi shrugged. This boss Bai was really weird, especially his relationship with him. He was clearly his Savior, but boss Bai didn’t mention anything about the past. What surprised Lin Yi even more was that boss Bai’s medical research was really something!

It was no wonder that right Panhu was so respectful to him. Such a person was actually hidden in this unknown little major!

After leaving boss Bai’s office, Lin Yi didn’t go back to the classroom, but went straight to his dorm.

“Big brother Lin, what did my grandfather say to you?” Bai Weitao immediately went up to Lin Yi.

“It’s nothing, I’ve recommended you the class monitor position, and Wang Xinyan will be the Vice class monitor. I don’t have time.” Lin Yi said.

“Ah? It can’t be, right? And then, my grandfather agreed?” Bai Weitao asked curiously.

“He agreed.” Lin Yi nodded.

“You really agreed?” Bai Weitao froze. Although Lin Yi saved his grandpa’s life, his Grandpa had been nagging at home these past few days that he had to teach Lin Yi well and make him his favorite disciple. So Bai Weitao wasn’t surprised at all that his Grandpa made Lin Yi class monitor. It was only strange that his Grandpa agreed to it after Lin Yi quit.

“It’s true,” Lin Yi nodded.

“This is truly unbelievable.” Bai Weitao was a little surprised.

“Hehe, it’s alright.” Lin Yi didn’t say much-there were so many people in the dormitory, and they were familiar with each other, but he didn’t want to reveal the truth.

“Oh right, big brother Lin, are you busy this afternoon?” Bai Weitao asked.

“In the afternoon? I’ll ask.” Lin Yi remembered what the Miss said yesterday about watching him for Xiaoxiao, so he decided to send her a text first, in case she was unhappy.

Chu Mengyao and Chen Yushu were in the economics Department, so they didn’t have as few things to do as Lin Yi’s pharmacy. The economics Department had the class committee’s speech, the Student Union’s speech, and so on. There was no break in the afternoon, not even tomorrow!

So when Lin Yi asked, the Miss replied without hesitation-she had something to do in the afternoon, and Lin Yi could arrange his time.

“It’s nothing.” Lin Yi said.

“Your relative is such a busybody. He even needs to ask for your permission when you go out in the afternoon. Is that all your girlfriend can do?” Bai Weitao said in surprise.

“Ha ...” Lin Yi thought to himself. This was more or less on behalf of his girlfriend, right?

“Well, since there’s nothing else, I’ve made an appointment with he meiyue’s dormitory. Let’s go out and play this afternoon? Zhao Shengji and song xiaodao both came from other places and wanted to take a walk. Brother Lin, I remember that you’re not from Donghai city ... Oh, you have relatives!” Bai Weitao said resentfully.

“I don’t come here often.” “But are he meiyue and the others on leave this afternoon too?” Lin Yi asked.

“They’re not participating in the class Committee election, so there’s nothing much to do. The afternoon is the time for the various specializations to compete for the class Committee.” Bai Weitao explained.

“I see!” “Let’s go out for a walk then?” Lin Yi nodded.

At one in the afternoon, Lin Yi, Bai Weitao, song xiaodao, and Zhao Shengyi met he meiyue, Wang Xinyan, and Chai Xiaoling in front of the biology faculty building. As for LAN xiaoru, she was on a date with her boyfriend and didn’t have time.

However, there were two more boys beside he meiyue. One of them was talking to he meiyue when Lin Yi and the others arrived.

“Wang Xinyan!” Lin Yi greeted Wang Xinyan and quickly walked over.

“Fan ganhe, have you seen it? Xinyan has long been taken. You don’t have a great hope anymore!” He meiyue said to the boy beside her with a smile.

The boy, fan ganhe, looked at Lin Yi with hostility. He saw Wang Xinyan with he meiyue when he went to the dormitory with another boy yesterday. He had his eyes on Wang Xinyan at that time, but he was unhappy to hear that she was taken.

“Fan ganhe!” Fan ganhe suddenly walked in front of Lin Yi and extended his hand.

Lin Yi paused, not understanding what this guy was trying to do. He was far away, but he heard everything they said.

“Lin Yi,” Since he was he meiyue’s friend, Lin Yi didn’t want to offend her. He extended his hand and shook it.

“I will compete!” Fan ganhe didn’t provoke Lin Yi with his hand, but vowed to Lin Yi.

“Ha ... I’m not Xinyan’s boyfriend, I’m just familiar with her. We’re from the same place.” Lin Yi saw through fan ganhe’s thoughts and smiled.

Fan ganhe was stunned. He didn’t expect Lin Yi to say that, but he thought that Lin Yi was scared after seeing his body size. After all, fan ganhe was from the sports department and was obviously one size bigger than Lin Yi. Lin Yi looked harmless, so he shouldn’t be fan ganhe’s match!

At the thought of this, a trace of disdain flashed in fan ganhe’s eyes. Even he meiyue frowned! He meiyue’s impression of Lin Yi was pretty good before, but now, she was looking down on him.

“I say, Lin Yi, you’re not backing out, are you?” He meiyue felt bad for Wang Xinyan.

“No, he’s right, we’re just friends ...” Xinyan found it funny. Why would Lin Yi be afraid of fan ganhe? That’s because you guys didn’t see Lin Yi’s power-even someone as strong as the yellow-haired guy was thrown out of the window!

Besides, even if Xinyan wasn’t from a Noble House, she’d at least heard of them! House Xiao’s uncle Pi died in Lin Yi’s hands, and Pi Yangyang and Mister Pi were also killed by Lin Yi’s follower-they wouldn’t think so!

However, Xinyan didn’t explain further-some things couldn’t be said without reason.

“This ... That’s even better. I don’t have any psychological burden!” Fan ganhe was slightly stunned and then nodded.

He meiyue, on the other hand, looked at Wang Xinyan strangely. She had a feeling that there was something going on between Lin Yi and Wang Xinyan, but since both parties denied it, she naturally didn’t want to interfere.

“Meiyue, you’ve been waiting for a long time, right? “The male dormitory is further away ...” Bai Weitao smiled and broke the awkwardness as he greeted he meiyue.

“Meiyue, who is this?” The boy beside he meiyue suddenly asked. (To be continued.)

Chapter 1897: The car broke down?

“Zhang duopan, this is our dorm mate, Bai Weitao. Bai Weitao, this is my high school classmate, Zhang duopan!” He meiyue introduced the two of them.

“Hello!” Zhang duopan extended his hand, but his attitude was a little arrogant. He looked at Bai Weitao and said, “I’m Zhang duopan, a high school classmate of miyue and her escort!”

Bai Weitao was slightly stunned. Protector? However, he immediately remembered that he meiyue said yesterday that she didn’t have a boyfriend, so this Zhang duopan was most likely just a suitor who had not succeeded yet. So, Bai Weitao was not to be outdone, “Flower Guardian? I think it’s probably self-proclaimed?”

Zhang duopan’s face immediately darkened, Bai Weitao had hit his weak spot! When they were in high school, he had pursued he meiyue, but he meiyue had always rejected him on the grounds that her studies were more important. Now that they were in University, and the two of them happened to be in the same school, he brought up the past again, but he meiyue did not give him a direct response. This made Zhang duopan very unhappy.

“You’re here to pick a fight?” Zhang duopan asked coldly.

“I’m just telling the truth. Besides, I want to be her Guardian too!” Bai Weitao didn’t want to reveal his intention so early. After all, picking up girls had to be done step by step. If he said it all at once, there would be no room for negotiation if he was rejected. But slowly, it would be much easier when he had feelings for her.

But now, if Bai Weitao didn’t say it, someone else would say it first, so he could only state his position.

He meiyue pursed her lips and didn’t say anything. She didn’t have a good impression of Zhang duopan, but she didn’t have any bad impression of him either. The two of them were just like friends, so he meiyue naturally couldn’t agree to his pursuit directly. As for Bai Weitao, he meiyue had a good impression of him, but she was a little surprised that he wanted to pursue her on the second day they met.

“Ha, that’s good. Having a competitor can boost my fighting spirit!” Zhang duopan and fan ganhe were both Playboys with a bit of money in their families. Fighting in high school was a common occurrence. However, when they went to university, they restrained themselves a lot. After all, they were unfamiliar with the people and the place, so they didn’t dare to be too arrogant. At least, they didn’t know the strength of the other party, so they couldn’t be too arrogant!

“Where are we going in the afternoon?” Zhao Shengji tried to smooth things over. He could tell that Zhang duopan and Bai Weitao were going against each other. Although they might not be afraid of the two of them if they really started fighting, it was not good for new students to fight.

“We had a discussion just now. We’re going to a nearby KTV. Our major will have two programs at the freshmen evening party. One of them is a solo program and won the US monthly awards.” Chai Xiaoling explained.

“Oh? Meiyue, you can sing?” Bai Weitao was surprised.

“You don’t know this, do you? In our high school, meiyue was known as the Skylark!” “At that time, our class’s solo performance was always first in the school’s Art Festival!” Zhang duopan said proudly.

“Hehe, it’s just a hobby. If it wasn’t for my family’s disapproval, I would have applied for a Music Academy.” He meiyue shrugged. “My parents are more conservative. They don’t like me in the entertainment industry.”

“That’s true, if meiyue were to apply to a music school, she’d be a future superstar. That Xu Shihan, she’d be no match for her ...” Zhang duopan said casually. He had wanted to praise he meiyue, but he regretted it after saying it! Because he meiyue’s idol was Xu Shihan—wasn’t that the same as saying that Xu Shihan wasn’t good?

Sure enough, he meiyue’s expression changed slightly and she said in a neutral tone, “I’m far from Xu Shihan, I’m just an amateur.”

“Haha, I’m just casually saying ...” Zhang duopan was a little embarrassed.

“Xu Shihan’s amazing, not only is she pretty, but her songs are good too. I like her a lot!” Bai Weitao wasn’t stupid, he immediately saw through he meiyue’s thoughts, so he said this at the right time. But in fact, he did like Xu Shihan’s songs, and most young people liked her.

“You like Xu Shihan too?” He meiyue’s eyes lit up.

“Yeah, I can even sing some songs!” Bai Weitao nodded and said.

“Alright, then we’ll sing together later!” He meiyue said readily.

This made Zhang duopan’s expression turn ugly. He had suggested going to the KTV because he wanted to practice with he meiyue. He did not have any talent in singing, and it would be an overstatement to say that he was tone-deaf. Even if he were to go and sing, he would not be able to remember the lyrics.

He didn’t expect Bai Weitao to mention his disadvantage! Zhang duopan laughed and changed the topic, “Let’s go, we’ll go now. By the way, I drove here, but it can only take five people. Can you take a taxi?”

Even if Zhang duopan had a car, he didn’t want to drag Bai Weitao along, not to mention that the car could only seat five people at most. There were three people in he meiyue’s dormitory, plus him and fan ganhe, no more, no less.

As he said that, Zhang duopan took out a car key from his pocket and said, “It’s so convenient to have a car now!”

Towards Zhang duopan’s showing off, Bai Weitao snorted coldly. Although Zhang duopan was obviously trying to run them down, there was nothing wrong with the car being able to fit five people.

Wang Xinyan, on the other hand, wanted to say something, but stopped herself.

In fact, she also had a car, but she wasn’t the kind of person who liked to show off. Besides, her car was a sports car, which was more eye-catching. It had been parked in the parking lot after she reported yesterday.

Moreover, she was a girl, and it wasn't good to be too flamboyant, so she only said, "You guys go ahead, I'll accompany them ... Otherwise, they won't be able to find the KTV ..."

That KTV was discovered by Wang Xinyan's roommates when they went shopping last night. It wasn't too far from here, and driving there was a bit of a waste, but Zhang duopan's main purpose was to show off his strength, and he didn't have to drive.

Wang Xinyan's words made fan ganhe's face a little unnatural, but there was nothing he could do. After all, who could be a guide for Lin Yi and the others? Wang Xinyan was the most suitable candidate.

The group of them arrived at the parking lot. Zhang duopan pointed at a Land Rover Aurora and pressed the remote control in his hand smugly, but he didn't hear the familiar sound of the car door unlocking! He was slightly stunned, but he pressed the remote control in his hand again. The car still did not respond!

This phenomenon caused Zhang duopan to be slightly stunned! Just as he was about to take a closer look at the car, a car just happened to stop nearby. A man and a woman alighted from it, and one look was enough to tell that they were a rich student couple. They had just arrived and did not know that Zhang duopan was the owner of the car, so the man casually said to the girl, "The car next to it doesn't belong to some idiot. It was shining all night, so I'm afraid it's out of battery now. When the driver comes, he probably won't even be able to open the door!" (To be continued.)

Chapter 1898: We have a car

Zhang duopan's face instantly turned black when he heard this! The flashing lights on the car were modified by him. As they were directly connected to the battery and not through the car's electric circuit, it was normal for them to keep flashing and then stop!

The day before yesterday, he drove to school in the evening. In order to show off, he turned on the flashing lights. There were no traffic police on campus anyway, so no one would care about him. However, he forgot to turn it off when he got out of the car. It had been nearly two days and two nights, and the battery had run out.

"Um ... Brother, can you help me connect the battery?" Zhang duopan helplessly turned his head to look at the boy who had called him an idiot. Although he had been scolded, he could only lower his voice and beg him, because at this time, there were only this man and woman beside the car in the parking lot!

"Uh ... This car is yours?" The boy had just finished scolding when he saw the owner of the car. He suddenly felt a little ashamed.

"It's mine and he was afraid that he had lost a lot of points in he meiyue's impression. If he wanted to turn the tables, he would have to spend some effort!"

In high school, Zhang duopan had no competition. He went to a key high school with very strict school rules. Only a freelancer from a rich family like him would resort to such petty tricks. The other students were all focused on their studies, but it was different in University. There, one could have a proper relationship, and the school and teachers would not interfere.

If he wanted to defeat Bai Weitao, he had to show some skill.

Lin Yi and Xinyan sitting together pissed fan ganhe off. He wanted to go over, but Chai Xiaoling was sitting on Xinyan's other side, giving him no chance.

"Brother Zhang, we have to think of a plan!" Although fan ganhe was a physical education student with a big waist, his family did not have much money. He was a special student at East Ocean industry University. Zhang duopan was a self-funded student with a good family background. He usually treated fan ganhe to a meal, so fan ganhe also voluntarily called him brother Zhang.

"Damn it, someone came out of nowhere to bite the gold!" Zhang duopan said as he looked at Bai Weitao with hatred.

"Not just that Bai Weitao, that Lin Yi ... He's the one who's pretending to be a pig to eat a Tiger! He didn't tell us earlier that he had a car! He made a fool of you!" Fan ganhe wanted to pursue Wang Xinyan, so naturally, he wasn't happy with Lin Yi.

"How about this, you go out and get some beer, and we'll use the drinking contest as an excuse to get them drunk. It's best if we can make them look bad and make them lose some of their impression!" Zhang duopan said to fan ganhe.

"Alright!" Fan ganhe immediately agreed. When they were in high school, it was a common thing for them to drink. They even carried boxes to drink in restaurants. It was no problem for them to drink a box of beer.

Fan ganhe went out of the private room. After a while, he brought back five boxes of beer. The beer in the KTV was in small bottles, but five boxes were definitely not a small number.

Five boxes of beer were nothing to fan ganhe, a physical education student. He carried them in directly, but Zhao Shengji and song xiaodao's faces changed! (To be continued.)

Chapter 1899: drinking contest (1)

They could vaguely guess the intentions of Zhang duopan and his partner.

As expected, after Bai Weitao finished his song, Zhang duopan spoke, ""Brothers, I was late just now. I wanted to treat you, but you've already paid the deposit. I can only buy some beer as an apology!"

"Drinking ... Isn't very good, is it?" Song xiaodao didn't have any goals here. Wang Xinyan was already taken, he meiyue was fighting with Bai Weitao, and Chai Xiaoling and Zhao Shengyi were having a heated conversation. Song xiaodao didn't plan on looking for anyone here. Besides, he didn't have much alcohol tolerance, so he naturally didn't want to drink.

"It's fine. You're a college student. If you don't know how to drink, you can drink as much as you want!" Zhang duopan's target wasn't song xiaodao, so it didn't really matter if he drank or not. After he finished speaking, Zhang duopan looked at Bai Weitao provocatively and said, "Brother, you're done singing, come and wet your throat? Don't say that you don't know how to drink it. I'll look down on you then!"

Although Zhang duopan didn't say it clearly, Bai Weitao understood what he meant. A drinking contest!

In front of he meiyue, Bai Weitao was not to be outdone. If he admitted defeat now, he would lose face.

“I’ll drink, who’s afraid of who?” Although Bai Weitao’s alcohol tolerance wasn’t very good, young people of his age always liked to act on impulse. He knew that the other party was goading him, but in front of beautiful women, he had to take the bait.

“Lin Yi, let’s do it?” Fan ganhe looked at Lin Yi provocatively. Lin Yi was sitting with Wang Xinyan and he couldn’t get a word in. Now that he had the chance, he naturally wouldn’t let it go.

Lin Yi didn’t want to get involved in this boring game at first, but he knew from the look on the guy’s face that he wanted to see who was better. Lin Yi shook his head helplessly-he couldn’t just leave him be since the guy called him big brother.

“It’s boring to fight one-on-one. How about me and Bai Weitao, let’s fight two-on-two, isn’t it just a drinking contest? Just say it.” Lin Yi exposed their intentions without any mercy, making the two feel uncomfortable.

“Alright, let’s compete in drinking. You said it!” Zhang duopan said as an idea popped into his head. However, his words attracted the contempt of he meiyue and the others. None of them were idiots. He was smart, making it sound like Lin Yi was the one who initiated the drinking contest, but everyone knew who brought the beer.

“I did.” Lin Yi nodded.

Xinyan frowned, not understanding why Lin Yi was picking a fight with fan ganhe. He clearly didn’t like her and didn’t need to get involved, but now he changed his mind? Xinyan’s heart tightened, and she shook her head.

“Let’s have a little wager if we’re competing in drinking. Otherwise, there’s no point in drinking so much.” Fan ganhe was a wine jar. If it was one-on-one, he was afraid that Zhang duopan couldn’t win against Bai Weitao. But if it was two-on-two, they could complement each other. That was why he dared to be so confident.

“What’s the wager?” Bai Weitao asked.

“The loser, give up on pursuing meiyue and stay away from her!” Zhang duopan said.

“If you want to compete in drinking, don’t use me as a bet. It’s not up to you to decide who I want to be friends with.” He meiyue frowned and said unhappily.

Bai Weitao was secretly grateful. Since Zhang duopan and fan ganhe dared to do this, they must have some confidence. He meiyue was their high school classmate and naturally knew how much they could drink. At this moment, he meiyue’s words were obviously on Bai Weitao’s side. How could he not be happy?

But Lin Yi felt that it was a pity-he meiyue had good intentions, but she didn’t want to help. Just these two people? Lin Yi’s lips twitched at the five boxes of beer at his feet-he wouldn’t have a problem with white beer.

He meiyue’s words made Zhang duopan feel a little embarrassed. She was obviously protecting Bai Weitao! Zhang duopan didn’t understand. What was so good about Bai Weitao that he meiyue was so protective of him?

“Haha, meiyue, we were just joking. It’s boring, so let’s add some atmosphere!” Zhang duopan laughed and said, “How about this, let’s change the bet. The loser will go to the next room, kick open the door, and yell ‘F * ck your mother’. What do you think?”

This was obviously harming people. If there was a ruthless person in the room next door, he wouldn’t mind getting beaten up. Zhang duopan’s suggestion made Bai Weitao’s expression change slightly.

“You’re already drunk and you’re still going to scold people? Zhang duopan, can’t you be more realistic?” He meiyue was a little unhappy. “We’re all here to play, so we’re happy. Aren’t you just making trouble?”

This couldn’t do, and that couldn’t do. Zhang duopan couldn’t think of anything to trick Bai Weitao with. What if he said he meiyue would still refute him? wouldn’t that be even more embarrassing? “How about this, Bai Weitao, what do you say?” he said.

“How about this? I’ll give you a suggestion. Change the beer to white ones, and then we’ll compete in speed. We’ll see who can drink faster. The one who can drink slower can take off a piece of clothing.” Lin Yi just wanted to help Bai Weitao, so he only wanted to embarrass the two.

“If I change it to white, who can drink faster?” Zhang duopan frowned, not knowing why Lin Yi would suddenly suggest this. Before this, Lin Yi and Bai Weitao didn’t say anything, and it was he meiyue who protected them, so Zhang duopan naturally thought that Lin Yi and Bai Weitao were afraid of them. But Lin Yi changed his usual attitude and suggested to change to white wine that was stronger than beer, and he even wanted to compete in speed. This made him feel a little outrageous!

“You don’t dare to compete? Forget it then, as you said, you guys lost, and you should stay away from he meiyue and Wang Xinyan.” Lin Yi said faintly.

He meiyue looked at Lin Yi with confusion in her eyes. Xinyan, on the other hand, was a little embarrassed. Lin Yi had never denied their relationship before, so why would he stand up for her now that someone was pursuing her? Did he like her?

Xinyan’s calm heart started to waver at the thought of Lin Yi’s help ... Perhaps this was the hero saving the damsel in distress ... It was a pity that the damsel in distress couldn’t devote her life to Lin Yi anymore ...

“Ha, you don’t dare to compete? What a joke!” If Lin Yi didn’t say that, Zhang duopan would’ve tried to figure out Lin Yi’s true purpose, but Lin Yi’s aggressive attitude made him feel at ease. He felt that Lin Yi was suggesting a scary drinking contest on purpose to scare them and make them give up!

Therefore, Zhang duopan and fan ganhe looked at each other. Fan ganhe also said, “White wine is good, but if you want to drink, you should drink Red Star Erguotou with a higher degree of alcohol. Do you dare to?”

Chapter 1900: A drinking contest (2)

Bai Weitao’s face changed, but Lin Yi nodded, “Sure.”

Seeing Bai Weitao's face, Zhang duopan and fan ganhe were even more at ease. From their point of view, Lin Yi was just being stubborn!

"Waiter, get me two bottles of Red Star Erguotou!" Fan ganhe opened the door of the private room and shouted to the waiter outside.

"Sir, I'm sorry. We don't sell this kind of wine here ..." The waiter said with embarrassment.

"If you don't want to sell it, then go and buy two bottles for me!" As he spoke, fan ganhe took out 300 yuan and handed it to the waiter, "Go, take the rest as a tip!"

"Yes, sir!" The waiter was overjoyed. The Red Star Erguotou in the supermarket was only about 10 yuan a bottle. This way, he could earn 280 yuan. Why not? Although tips had to be paid up by 50% according to the rules, the remaining amount was still 140. He was just running an errand, so of course he was happy to do it. "Do you want a 56-degree or 65-degree one?"

"The higher the better!" Fan ganhe looked at Lin Yi provocatively and said faintly.

"Alright, I'll go immediately!" The waiter turned around and ran away.

Fan ganhe had drunk white wine before, and his alcohol tolerance was quite good. Although he had never drunk white wine with a high alcohol content of 65%, he could easily drink two bottles of normal white wine with 40% alcohol content, so he wasn't afraid of Lin Yi at all!

As for speed, he didn't believe that Lin Yi's tiny body could beat a sports student like him.

"Xinyan, will it work? "Look at how confident your husband is, don't lose out ..." He meiyue whispered to Xinyan as she sat in Lin Yi's seat.

"What do you mean by my ..."Xinyan's face reddened."I don't know if he can drink it or not ... But he should be fine ..."

As far as Xinyan was concerned, Lin Yi was a powerful man, and he wouldn't do something he wasn't confident in.

"Look at Bai Weitao, he doesn't seem to have much alcohol tolerance. You don't know, that Zhang duopan is not that good, but that fan ganhe is a wine jar. He is a sports student. At school, he would drink with a group of people after training at night, so he has long trained his alcohol tolerance ..." He meiyue was a little worried.

"Meiyue, you're not interested in Bai Weitao are you?" Wang Xinyan had been teased by he meiyue for a long time, and now she finally took the chance to tease her.

"Hehe, I just think that my impression of him isn't bad. He's not as exaggerated as Zhang duopan!" He meiyue smiled but did not hide her thoughts.

Wang Xinyan looked at the generous he meiyue in surprise. It suddenly dawned on her-this was University, and it was completely different from high school. Dating was normal, and even the teachers didn't care about it anymore. Who would hide it?

On the other hand, because of the engagement, she had not adapted to this environment and seemed to be very shy.

“That’s true.” Xinyan nodded, trying to cover it up.

“Xinyan, what are you thinking? Did she like Lin Yi? If you don’t like it, I’ve already introduced you to my sister. Don’t waste such good conditions.” He meiyue said with a smile.

“Don’t ...” Wang Xinyan said subconsciously, but she realized that she was being too nosy and had made he meiyue misunderstand! Xinyan was about to tell Lin Yi that he had a girlfriend, so there was no need to introduce her, but it was Lin Yi’s personal business, and she couldn’t say much.

“Haha, see, you’re still interested in him.” He meiyue thought she had guessed Wang Xinyan’s thoughts and laughed.

At this time, the KTV waiter came back with two bottles of Red Star Erguotou. Fan ganhe took out four disposable paper cups from the room cabinet and placed one in front of Lin Yi and the others.

“How?” Zhang duopan asked.

“I’ll go first.” Lin Yi didn’t wait for him to say anything and took it over. This alcohol was like drinking water to Lin Yi.

With that, Lin Yi took a bottle of Red Star Erguotou, opened it, and filled it to the brim.

“I’ll accompany you! I’m your opponent!” Fan ganhe mimicked Lin Yi and filled his cup.

“Meiyue, please be the judge. If you say we start, we will start.” “But I’ll say this first—you can’t drink too much, and you can’t have too much left in the cup, or you lose.”

“You don’t have to tell me, I won’t go back on my word.” Fan ganhe snorted.

“Alright, three, two, one ... Begin!” Seeing Lin Yi’s confident look, he meiyue didn’t say much and started judging.

Lin Yi’s movements were extremely agile. He was an Earth Class, after all, and the moment he meiyue said the last word, the glass had already touched his mouth. He raised his head and downed the whole cup of hard liquor, then put the paper cup on the table.

Bai Weitao, he meiyue, and everyone else all looked at Lin Yi in shock! Even Zhang duopan could not help but exclaim in shock! Lin Yi was drinking too fast, almost as if he was drinking water.

Fan ganhe was also drinking very quickly, but he only put down his paper cup after everyone’s exclamations were over. He thought he was already very fast, and the exclamations were directed at him, so he put down his glass and said proudly, “How is it? Are you afraid?”

Everyone looked at fan ganhe strangely. Zhang duopan blushed and was secretly annoyed that fan ganhe was sick. He had already finished drinking, yet he still said this?

Fan ganhe was waiting for everyone’s praise and Lin Yi’s voice of fear, but after a long time, he didn’t hear anything. He suddenly came back to his senses and looked at Lin Yi in surprise, “Did you drink it?”

“Are your eyes not good?” Lin Yi said, pointing at the empty glasses.

“Gah!” Only then did fan ganhe realize that Lin Yi had also finished drinking. It seemed that Lin Yi had finished earlier, even faster than fan ganhe did. Thinking about what he said before, fan ganhe blushed immediately, but he was thick-skinned, “Ha, since you’ve all drunk it, let’s continue!”

“You haven’t taken off your clothes?” Lin Yi shook his head, “you’re not drunk from just one glass, are you?” You’ve even forgotten about the prize?”

“Who said that?” Fan ganhe took off his coat. In autumn, people usually wore two shirts, one coat and one shirt or T-shirt, so it didn’t affect anything after taking off one.

After taking off his clothes, fan ganhe filled his glass again and raised it, “This white wine ... You’re almost done with the first glass, and there’s nothing in your stomach. If you drink too fast, you’ll suffer later!”
