

Bodyguard 1901

Chapter 1901: A drinking contest (2)

"Oh, then drink slowly." Lin Yi said with a nod.

"Cough, cough ..." Fan ganhe was a little speechless. Did this guy really not understand or was he pretending not to understand? I was just trying to cover it up, but he actually asked me to drink slowly in a serious manner!

"What's wrong with you? Did you drink it too slowly and it got to your throat?" Lin Yi asked.

"I'm fine ..." Fan ganhe was a little speechless.

Lin Yi felt odd, but for the sake of victory, he would naturally do something.

Fan ganhe had already embarrassed himself. Naturally, he put on his coat and went out of the private room to buy wine from a waiter. However, he left for a long time this time. In order to avoid suspicion, he said the moment he entered the room, "This waiter, I gave him three hundred last time, but he's not very willing to pay two hundred this time!"

"Ha, no wonder you were gone for so long. I thought you didn't find anyone to buy the wine in person." Zhang duopan said with a smile.

The two spoke naturally and didn't raise any suspicion, but Lin Yi looked at fan ganhe meaningfully and felt that it was a bit illogical! Previously, fan ganhe was so generous, so he must have spent Zhang duopan's money. But since he was spending Zhang duopan's money, was there a need for him to discuss with the waiter about the one hundred Yuan that was less?

"You guys go ahead, I'm going to the bathroom ..." Wang Xinyan said as she walked out of the room.

Everyone waited in the private room for a while, but the waiter had not returned the wine, so fan ganhe said, "I'll go out and take a look to see why they're so slow."

Fan ganhe went out of the private room and saw the waiter who had long returned and was waiting. He quickly walked over and asked anxiously, "How is it? Are you done?"

"Don't worry, I'll do it, don't worry! Boss, the lid of this bottle of Erguotou has been opened. According to your request, it was replaced with mineral water. This bottle is unopened and it's still full of white wine!" The waiter explained to fan ganhe.

"Not bad, well done!" Fan ganhe nodded with satisfaction.

"It's nothing. The boss gave me so much tips. If I can't even do such a small thing, I'd be too embarrassed to take the money." The waiter said.

Fan ganhe didn't say anything. He picked up two bottles of Erguotou and walked into the room. Wang Xinyan, who had just returned from the washroom, saw this scene.

Xinyan frowned as she walked into the room, whispering something into Lin Yi's ear.

“Don’t worry, I’ll be fine after drinking this little wine. I can drive without a problem.” Lin Yi blinked at Xinyan with a smile.

Xinyan blinked-she’d told Lin Yi about what fan ganhe did, and Lin Yi’s answer was so weird? But Xinyan was smart-she didn’t think that Lin Yi didn’t hear her. Lin Yi probably said that because he didn’t want ganhe to suspect him.

Lin Yi’s response was a little ambiguous, as if she was concerned about him. Xinyan blushed, and under the dim light of the KTV room, she looked even more beautiful, making fan ganhe both happy and angry!

Xinyan was actually concerned about Lin Yi-these two didn’t look like normal friends at all!

Chapter 1902: suffering

“More wine? Alright, let’s continue!” Lin Yi said as he pushed the two bottles of Erguotou over.

“Ha, this time it’s me and Bai Weitao. Bai Weitao, you won’t let him drink on your behalf, will you?” Zhang duopan’s face changed slightly when he saw that Lin Yi wanted to do it for him. His alcohol tolerance wasn’t as high as fan ganhe’s, and even if he drank water, he wasn’t confident in winning. After all, Lin Yi drank as fast as he drank water.

“Big brother Lin, let me do it this time!” Bai Weitao said.

“Ha, that’s good. You can have it.” Lin Yi pushed two bottles of white wine over.

Seeing that Lin Yi had given up, Zhang duopan let out a breath of relief. He picked up the Erguotou in front of him and opened the cap, thinking that this Zhang duopan was pretty good. He changed the water inside, and the cap was still intact. There was no flaw at all! What a talent!

If Lin Yi and Bai Weitao suspected anything, they wouldn’t be able to see anything wrong.

However, although Zhang duopan thought this way, fan ganhe’s expression changed. He clearly remembered that the bottle of Erguotou near Zhang duopan should have been opened. It couldn’t have been newly opened. Could something have happened?

In contrast, Bai Weitao was a little strange. Why did his bottle of Erguotou seem to have been opened and closed by someone? Could it be that he had encountered the legendary leftover wine that was mixed together? However, the Erguotou wine was very cheap, so it wasn’t worth it.

He was still confused when he felt someone kick his foot. He turned around and saw Lin Yi’s comforting smile. Did Lin Yi Do something?

Bai Weitao quickly poured the Erguotou in front of him into a disposable paper cup, and he found something unusual! Although this Erguotou also had the smell of wine, it was not strong. It only had a faint smell. Could it be ...

Bai Weitao was excited. He didn’t know how Lin Yi did it, but he was sure that Lin Yi did it. Otherwise, why would he hint to him?

Opposite him, Zhang duopan also poured some wine, but he was dumbfounded after pouring it. What kind of mineral water was this? it was obviously a highly concentrated sorghum wine that reeked of alcohol!

Zhang duopan frowned. Did fan ganhe not understand what he meant? What the hell was this guy doing?

But at this time, he definitely couldn't open his mouth to ask. If he did, wouldn't everyone know that he wanted to cheat? Therefore, he could only brace himself and raise his glass, "Bai Weitao, come on, let meiyue be the judge this time!"

Although the wine wasn't replaced with water, Zhang duopan thought that Bai Weitao was definitely not as good as him. Although this bottle of white wine was a little too much for him, it was definitely better than Bai Weitao. So what if he didn't change it?

"Alright, bring it on!" Bai Weitao was full of confidence. If he couldn't drink, and if he couldn't drink water, then he would just buy a piece of tofu and die!

Fan ganhe wanted to say something, but he hesitated and didn't say it in the end because he didn't know what to say. He looked at Bai Weitao's excited look and guessed that his Erguotou, which was filled with mineral water, was probably in Bai Weitao's hands!

However, fan ganhe was very puzzled. He had clearly put the bottle of mineral water in front of fan ganhe, but how did it run to Bai Weitao? He didn't understand-Lin Yi had pushed the bottle, but he shouldn't have known about it. Plus, he'd been staring at him when he pushed the bottle, so how could he have had the chance to change it?

"Three, two, one ... Begin!" He meiyue had already shouted the slogan.

Bai Weitao and Zhang duopan raised their glasses at the same time. Compared to Bai Weitao who was drinking the glass in one gulp, Zhang duopan was in much more pain. He drank the glass of wine several times, but he finally finished it. After he finished, he looked at the empty glass in front of Bai Weitao in shock.

"You ... Finished it?" Zhang duopan looked at Bai Weitao's calm face and his heart rate and hesitated.

"Yeah, I've finished it!" Bai Weitao chuckled, but he felt a little guilty. He didn't want the other party to find out that he was drinking mineral water!

This is strange ... Zhang duopan thought to himself, is this Bai Weitao also pretending to be a pig to eat a Tiger? Why did he look like he hadn't drunk anything after drinking it? However, he couldn't do anything about it. He could only say, "Alright, let's continue!"

He filled his glass again. Without a doubt, Bai Weitao won again. This made Zhang duopan's expression turn a little ugly! He was also shirtless now, but his figure was not as good as fan ganhe's, revealing his bulging belly.

The third cup was naturally won by Bai Weitao. This time, Zhang duopan was in complete despair. Why did his strong point become his opponent's weak point? He could understand why fan ganhe lost

before. After all, it was Lin Yi who suggested this competition. If he wasn't confident, he wouldn't suggest this.

However, Zhang duopan had seen Bai Weitao's worried expression, could it be ... Zhang duopan picked up Bai Weitao's bottle, and although the remaining white wine was not enough to fill a glass, there was still a bottom left. Zhang duopan poured it directly into his own glass, picked it up and sniffed it, and suddenly revealed a look of realization.

Bai Weitao, on the other hand, was shocked. He had cheated, and he was caught red-handed by Zhang duopan. Wouldn't he be looked down upon by he meiyue? If he lost, it was because he was not strong enough, but cheating was another matter.

Just as Bai Weitao was feeling extremely nervous, afraid that Zhang duopan would reveal the truth, Zhang duopan put the wine bottle on the table with a dark face and said indifferently, "Brother Bai is really magnanimous. I'm impressed ... I'll admit defeat!"

"?" Bai Weitao looked at Zhang duopan in confusion. What was wrong with this guy? Why didn't he expose me? He couldn't tell?

In reality, it wasn't that Zhang duopan didn't want to expose him, but he couldn't! Fan ganhe had tampered with the wine. Even if it was exposed, it meant that Bai Weitao had cheated. He would be the first one to cheat, and he meiyue would look down on him.

So, no matter what, Zhang duopan could only pinch his nose and accept it.

Xinyan, on the other hand, covered her mouth as she laughed-Lin Yi didn't let her down, after all. She knew from the train that Lin Yi was a smart guy-the scammers "money wouldn't have ended up in his pocket otherwise. Lin Yi probably used the same method this time, sneakily bringing the bottle of Erguotou to Bai Weitao, making Zhang duopan suffer in silence.

Bai Weitao didn't expect to win so inexplicably. Yes, it was really inexplicable. (To be continued.)

Chapter 1903: Meeting the big miss

Bai Weitao thought that if he had known this earlier, he would have bet with Zhang duopan, and whoever lost would have to stay away from he meiyue!

"Alright, let's continue singing. The competition is over. Zhang duopan, Do you understand now? there's always someone stronger than you, and there's always someone better?" He meiyue shook her head helplessly at Zhang duopan's deflated expression. What she hated the most was Zhang duopan's hedonistic style of being the number one father in the world. Making him deflated also made her feel very good.

Zhang duopan's face darkened, not convinced. Yes, he lost too unjustly. He could've won, but fan ganhe messed it up. He didn't know it was Lin Yi's doing. If he did, he wouldn't be so angry.

But now, he thought that he had messed up by accident, so he was very depressed. Hearing he meiyue's words, he felt that he couldn't lose his face in front of Bai Weitao, so he said, "How about this, drinking

is just a small way, not a serious competition. If you want to have a competition, let's have a big one. Do you dare?"

"Oh? How do we compete?" Bai Weitao won the drinking contest and was full of confidence. He naturally wouldn't be weak at this time.

"How about this? we'll each come up with an act at the freshmen's party. Whoever's show gets the highest ranking will win, and the loser will give up on meiyue. What do you think?" Zhang duopan took the risk of being scolded by he meiyue and once again used she as a wager.

Of course, there was a reason for him to do this. Bai Weitao had just won and his self-esteem was inflated. If he made such a request again, Bai Weitao might agree to it in a moment of heat. At that time, even if he meiyue said anything, it would be useless. A man should not keep his word. Zhang duopan would have more reason to run him down.

Although Bai Weitao was drinking water, fan ganhe still asked the waiter to leave some wine in the bottle in order to make it look more realistic. This was nothing to Zhang duopan, but Bai Weitao was a little drunk. After hearing Zhang duopan's words, he immediately said boldly, "Sure, let's compete. Who's afraid of who?"

Bai Weitao had some confidence in his own voice, otherwise he wouldn't have started singing with he meiyue as soon as he arrived, because this was his strength. When he was in high school, he always went on stage during the school's Art Festival, and he even won first place in his solo before, so he was not afraid of Zhang duopan.

"Alright, a gentleman keeps his word ..." Zhang duopan was overjoyed and quickly said.

"It's hard to chase after a horse!" Bai Weitao said.

"Idea. I said each of you can come up with a show. I didn't say I'll go on stage personally. That means, as long as I plan and participate in this show, it's fine!" Zhang duopan looked at Bai Weitao smugly. Wasn't this guy full of confidence? He didn't mind giving him a blow to lower his morale.

"Hmph, so what?" Bai Weitao also knew that Zhang duopan was playing a word game. It was different for one person to come up with a show and to perform a show by one person. To come up with a show could be done by everyone as long as he participated in it. But to perform by one person, it was one person ...

However, Bai Weitao couldn't take back what he had said, so he could only say it.

"Okay, meiyue, he's willing this time. I'm not trying to discourage him, but brother Bai's voice is pretty good. Who knows, he might get a good result?" Zhang duopan chuckled.

He meiyue shook her head. She wanted to say something, but it was too late. At this time, the two of them were already at each other's throats. If he meiyue said anything, it would be a little unreasonable. One was an old classmate, and the other was a new classmate who she had a good impression of. If he meiyue hated the two of them to the core, she would definitely stop them.

However, the key issue was that he meiyue didn't hate them, so she let them do as they pleased.

“Don’t look at me. I’m not interested in betting with you.” Lin Yi looked at fan ganhe and said, “I’m only competing with you for Bai Weitao.”

Fan ganhe was furious-this Lin Yi was completely ignoring him! Fan ganhe was thinking if he should find a chance to trick Lin Yi and let the kid know his strength.

“Okay, okay, let’s sing ...” He meiyue didn’t want to waste time. She had things to do in the Department tomorrow and military training would start the day after tomorrow, so she didn’t have time to practice her singing.

Although there were some unpleasant things that happened before, he meiyue’s singing was indeed good. At this time, Bai Weitao and Zhang duopan were surprisingly in unison, praising he meiyue ...

At night, Lin Yi drove his classmates and Xinyan back to school, leaving Zhang duopan and fan ganhe to take a taxi back ...

“Boss, how did you do it? you changed the Erguotou to plain water?” Bai Weitao said excitedly, but then he suddenly remembered that he meiyue was still sitting behind him, so he suddenly felt a little embarrassed,”“That meiyue ... I ...”

“You drank water?” He meiyue was a little surprised.

“I didn’t change the water. It was fan ganhe.” “Xinyan overheard fan ganhe and the waiter’s conversation when she went to the washroom,” Lin Yi said,”so I changed the water for you secretly. It was originally for Zhang duopan.”

“No wonder!” Realization dawned on he meiyue-Lin Yi had been sitting in the room the whole time, and no matter how powerful he was, he couldn’t have changed the white wine in the Erguotou to water in front of everyone. However, it was possible that he had switched the positions of the two bottles.

“No wonder Zhang duopan poured the remaining wine in my bottle into his own glass and sniffed it. He didn’t say anything and had a face as if he had just eaten sh * t. So he had suffered a loss in silence!” Bai Weitao laughed and said,”“Big brother Lin, you’re too amazing. You really did it without anyone knowing.”

“It’s just a small trick ...” Lin Yi said faintly.

Xinyan only smiled-she’d known that Lin Yi had this up his sleeve. Didn’t he just steal the money from the scammers on the train?

When they arrived at school, the four sent Xinyan, meiyue, and Xiaoling to their dorms before heading back to the male dorms. However, they bumped into the Miss and Shu at the female dorms ...

Lin Yi was walking side by side with Xinyan when he saw Mengyao.

Xinyan didn’t know what these two pretty girls were up to, and she could tell from their eyes that they weren’t friendly ... But she didn’t know how Xinyan had offended them, or was it that they were here for Lin Yi?

Chapter 1904: problem

Translator: 549690339

Mengyao and Yushu naturally had an impression of Xinyan-the first time they shopped with Lin Yi, he stood up for this pretty girl, and they weren't happy about that. Xinyan might not have had anything going on with Lin Yi, but they didn't have a good impression of this girl.

itterly,"there's nothing going on between us, Didn't I tell you guys already?" When I first came to Songshan, I took the same train as her. She's kind, and that's how we got to know each other ..."

"I know. I didn't say anything." "It's just that you're doing this to let Xiaoxiao down. We don't think it's a good idea,"Mengyao said faintly.

"Xiaoxiao ..." Lin Yi frowned at the mention of Xiaoxiao. This wasn't the first time he had this strange feeling. Thinking about Xiaoxiao, he felt like he had a girlfriend."Right, Xiaoxiao ... She's my mistress, right? Am I right?"

Mengyao and Yushu looked at each other, not knowing how to answer. Yushu nodded,"Yeah, what's wrong?"

"Here's the problem. If she's the second wife, then who's the first wife?" Lin Yi asked.

As expected, here came the problem! The Miss frowned. She knew that things wouldn't be so easy to solve. There were still some flaws in the medicine. If it was Tang Yun who stayed in the valley and focused on training, there wouldn't be so many problems, but the problem was that Lin Yi had returned to his old life. It was inevitable that there would be scenes that brought about memories. These things could cause conflicts of memories. It wasn't as simple as just forgetting Tang Yun and things related to her!

Lin Yi might not remember what he couldn't see, but what about when he saw it?

Mengyao and Yushu looked at each other again, not knowing how to explain. It seemed like Lin Yi didn't forget that Xiaoxiao was his small wife.

"Actually, Yaoyao sis is your main wife!" Yushu said seriously.

"..." Lin Yi was speechless, but he didn't believe Shu's words.

"Don't listen to Shu, I'm hungry, let's go." Mengyao changed the topic.

Back at home, granny sun was busy making dinner, and Mengyao dragged Shu upstairs.

Lin Yi didn't ask further. The two were always like this at home, and Lin Yi used this time to go out and buy herbs. He had injury medicine ready, but he didn't have that many antidotes. Lin Yi had a portion on him, and after giving it to Chu Mengyao and Lin Yi, he didn't have any left. Naturally, he had to make more.

Chu Mengyao and Chen Yushu went upstairs. The Miss "face was very serious,"Shu, Lin Yi seems to have remembered something, what should we do?"

“Yeah, I think so too. Shield bro seems to have thought of something, but he doesn’t remember anything related to Yun Yun sis. He remembers everything else very clearly. I couldn’t even lie to him that you’re the main wife, because he remembered that you’re not ...” Yushu said bitterly.

“That’s right, I can see it too. Whether it’s you, me, or anyone else, as long as they have memories with Tang Yun, they’ll all disappear. But the aftereffects are obvious too, there’ll be memory loss ...” Chu Mengyao frowned. “What should we do? If he told the truth, then he’d be wasting Yunyun’s efforts, but if he didn’t, Lin Yi would only get more and more suspicious ...”

Chapter 1905: Who’s more snobbish

“It’d be great if we could get in touch with Xiaoxiao. We’ll always be able to think of something if we’re together.” Chen Yushu replied.

“Yeah, you two have the most ideas ...” Mengyao nodded.

There was a saying, “Speak of the Devil, and the devil will come.” Sometimes, in reality, it was just so coincidental ...

The snowy valley.

Tang Yun’s parents had been here for a while now, but Tang Jucheng didn’t feel anything—the Ice Palace was beautiful, and he could live a life like a hermit with his wife and daughter, how many people would be envious of that? He didn’t have to work hard, and he didn’t have to worry about food and clothing. Everything was properly arranged by the snow Valley. It was just that he was a little unaccustomed to this kind of life where he had to eat, wear clothes, and stretch out his hands!

Xiao Ming was also a quiet person. Every day, other than practicing the heart technique of the snow Valley with Mrs. Tang, she lived a quiet life. She had long been used to the cold and hard life in the Tang family. Compared to this place where she could walk around freely and see her sister, brother-in-law, and daughter, this was like heaven.

However, Mrs. Tang’s arrival was a disaster for the valley!

The Grand Elder had always thought that she was a snob after learning the emotionless art, but after meeting Mrs. Tang, she finally understood what snobby and greedy were. She was nothing compared to her!

“Reporting to the elder on duty, a disciple of the snow Valley has found a thousand-year Snow Lotus ...” A disciple of the snow Valley said to elder Zhang with cupped fists.

“Ah, the thousand year Snow Lotus! Yunyun, isn’t that precious? let’s leave it for Lin Yi. He’s a practitioner too, but he doesn’t have that many treasures. We should keep everything we have for him!” Mrs. Tang was even more capable than Skybolt pig—she was always the first one to bring Tang Yin to the valley whenever they found something good ...

The Supreme elder was speechless. It had only been a few days and more than half of the good stuff was taken by Mrs. Tang. How was she going to let them live? She wasn’t familiar with the place yet, but once she was, would Mrs. Tang take everything from the treasure house?

“Mom ... You’ve already saved up a lot of good stuff for Lin Yi, right ...” Tang Yin said helplessly.

“I’m not afraid of having too many good things. I want this Snow Lotus!” Mrs. Tang said to elder Zhang arrogantly.

“OK...Mrs. Tang ...” Elder Zhang replied as he broke out in a cold sweat ...

However, if even the Grand Elder couldn’t do anything about mother Tang, what right did elder Zhang have to stop her?

Mrs. Tang’s catchphrase was, “if you don’t want to give it to me, fine, I’ll take my daughter and leave. I’ll go back to Lin Yi to get married and have kids. Inheritance my ass, why don’t you just kill us if you can?”

As a result, the Grand Elder did not do anything to her. The Grand Elder had never seen such a snobbish and shameless person in his entire life. This was simply turning on her and threatening her to leave if things went wrong. The Grand Elder could only let it go ...

After all, the valley had nothing to threaten Tang Yun with now, and Lin Yi’s Qi deviation was cured. If Tang Yun wanted to leave, there was nothing the valley could do. They couldn’t just kill the inheritor that they had found after so much difficulty.

Mrs. Tang was Tang Yin’s mother, and they couldn’t afford to offend her. If they did, Tang Yin wouldn’t be able to focus on her cultivation anymore, and the valley would be the one to suffer!

Besides, Mrs. Tang wasn’t Tang Yin’s birth mother, she was her foster mother, and her real daughter was Bing Tang. If he really killed her, wouldn’t Bing Tang explode and turn the valley over?

One had to know that Rock Candy’s existence wasn’t any weaker than Grand Elder’s, and Rock Candy’s mental cultivation method was obviously a level higher than Grand Elder’s. Even Grand Elder didn’t have the confidence to win against her ...

The Grand Elder was furious. Before Mrs. Tang came, she was the one who threatened Tang Yun, forcing her to compromise in order to treat Lin Yi’s illness. But with Mrs. Tang’s arrival, the situation was completely reversed. Mrs. Tang became the Grand Elder who threatened and turned her back on Lin Yi!

The good thing was that the snow Valley was a big family, and they didn’t lack these things. Mrs. Tang wasn’t an insatiable person, either, and she would leave at least half of it for the snow Valley. This made the Grand Elder feel a little better.

However, although Mrs. Tang was greedy for power, she treated her own people very well, especially Lin Yi. Once she decided on this son-in-law, even if Tang Yin’s status was high now, she didn’t want her to climb up the social ladder.

In comparison, it was better than the Supreme elder’s ruthless snobby nature.

“Mom ... It’s enough ...” Tang Yin was helpless against her mother. The two mothers had completely different personalities ...

“What do you mean by” almost “? I’ll go to the Ice Palace tomorrow and get some more from Bing Tang- wasn’t she going to be Lin Yi’s little, little wife? “If she doesn’t show some sincerity, I won’t even side with her as her mother ...” Mrs. Tang said.

“Pfff ... Ahem ...” The great elder almost choked to death-so it wasn’t just his family that was in trouble, the Ice Palace was in trouble too! However, this made the Grand Elder very happy. When she thought about how even the rock Candy was going to suffer, she felt that it was nothing for the snow Valley to suffer a little loss.

“Haha ...” Tang Yin sighed. She didn’t tell her mother about Lin Yi’s situation. She didn’t know that Lin Yi had forgotten about her, but she didn’t want her mother to worry.

But hearing that her mother was going to the Ice Palace made her a little uneasy-Xiaoxiao probably didn’t know about Lin Yi yet. If her mother really went to the Ice Palace, and Xiaoxiao contacted Lin Yi, wouldn’t all her efforts be in vain?

Tang Yin knew that her mother was just joking, and the possibility of her really going to the Ice Palace was close to zero, but she didn’t want to take the risk ...

The more she trained, the colder the air around her became. She had a cold and emotionless aura around her, making people feel like they were out of reach ...

Only practitioners of the same Arts were less affected-Lin Yi, on the other hand, was a practitioner of the Yang attribute, so it was impossible for him to be with her. Tang Yin finally believed why the merciless Arts was called the merciless Arts ...

Only disheartened people who wanted to forget their feelings would create such a heart cultivation method ...

Tang Yin didn’t feel anything wrong when she was practicing, but as her strength increased, she felt like her heart was being cut by an ice blade every time she thought about Lin Yi and the sweet times she had. It was like blood was dripping out of her heart.

Tang Yun knew that this might be the consequence of not taking the herb’s medicine.

Chapter 1906: A phone call from the snow Valley

She was only at the peak of the early stage of the Golden class, and it was already so hard for her to take it. The road of cultivation from now on would only be more painful!

Furthermore, this was only the case when Tang Yun had received the inheritance first. If she wasn’t the inheritor and had to break through the level barrier during cultivation, it would be even more painful. It was a kind of torture to people.

But even without the barrier, it was still a painful process for Tang Yin ...

However, she never told anyone about her pain, including her mother and the Grand Elder ... Because she knew that this was her choice, and it was her most determined choice. Every time she finished her practicing, she would think about how she would become a master, someone who could stand shoulder to shoulder with Lin Yi, and her heart would be filled with happiness!

I can be as powerful as you, I can be your helper ... Although it’s impossible in reality, I will fight side by side with you in my dream! I will no longer be a burden to you, but your pride!

When the ancient sects exchanged information, they still maintained the ancient tradition of exchanging letters.

However, when it came to important matters, there was the latest high-tech communication method, the satellite phone! There was no cell phone signal in the inner sect of the snow Valley, nor was there a fixed phone, but satellite phones were unimpeded.

Of course, only an elder or a sect leader would use the satellite phone when they had something important to discuss!

“Sister Xue, can I use the Valley’s satellite phone for a while?” Tang Yun found Xue Li, wanting to borrow her phone to call Feng Xiaoxiao, because she was afraid that her mother would mess things up first.

“A satellite phone? You want to make a call?” Xue Li looked at Tang Yun strangely. Tang Yun’s parents were here, who was Tang Yun calling?

“I’m going to call Feng Xiaoxiao,” Tang Yin said.

“Feng Xiaoxiao ... You’re talking about the Ice Palace ...” Xue Li’s face tensed up-they hadn’t told the Ice Palace yet that they’d found an heir, and they wanted to show off after Tang Yun became a Sky Class. It’d be quite a shock!

After all, Tang Yun had to receive the inheritance before she started training. Compared to Feng Xiaoxiao, who received the inheritance after she started training, it was much faster. Tang Yun didn’t have the practitioner level barrier, and while her path of training wouldn’t be smooth, it would at least be smooth.

So when Snow Valley brought out a Sky Class late phase peak inheritor, it would naturally be more shocking than now, but he didn’t expect Tang Yun to make the call now ...

But Xue Li thought about it carefully-with Tang Yun’s relationship with Xiaoxiao and Bing Tang, this couldn’t be kept a secret for long. After all, Bing Tang’s mother lived in the valley. It was possible to hide it for a while, but it would be hard to hide it for a long time.

Plus, Mrs. Tang said that she’d go to the Ice Palace and get all the stuff for Lin Yi-how could she not talk about Tang Yin? Rather than that, it was better to shock the rock Candy Girl and let her know that the snow Valley also had an inheritor!

“Yeah, it’s her. She’s Lin Yi’s ... Small wife.” Tang Yin smiled.

Xue Li frowned. She didn’t know how good Lin Yi was, why did so many people like him? But this was her family’s matter, so Xue Li didn’t say much, but just said, ““Okay, Tang Yin sis, I’ll talk to the Grand Elder about it, but I think it’ll be fine ...”

“En, many thanks!” Tang Yun nodded.

“There’s no need to thank me. You’re the future Grand Elder. In the snow Valley, your status is not below mine. You don’t have to be polite.” Xue Li shook her head. At first, she was nice to Tang Yun because of the benefits she brought to the snow Valley. But as they got to know each other, Xue Li found that Tang Yun was a good person. At least, she didn’t have any arrogance just because she was the inheritor.

In fact, with Tang Yun's status, even if her words didn't carry enormous weight in the snow Valley, she could at least be above Xue Li. But Tang Yun didn't do that, she was still kind to Xue Li, without a trace of arrogance.

"Why don't we go together?" Tang Yin was panicking-she didn't want her mother to call Rock Candy first, and Xiaoxiao would call Lin Yi right after that. That'd be a big deal.

After all, Mrs. Tang wasn't one to listen to anyone. If she wanted to make a call, even the Grand Elder couldn't stop her! Although everyone knew that she was only threatening to take Tang Yin away, no one dared to mess with her.

"Alright!" "Then let's go together ..." Xue Li said.

When they arrived at the Grand elder's room, Xue Li briefly told the Grand Elder about Tang Yun's idea. The Grand Elder nodded without hesitation and said, "Alright, Xiaoli, give Rock Candy a call first to show off our Snow Valley's might, then let Yunyun and Xiaoxiao talk ..."

"Alright!" Xue Li's heart was also filled with anger. Last time, she was rejected by Bing Tang. This time, she wanted to let Bing Tang see that the snow Valley could find an inheritor without the help of the Ice Palace!

The satellite phone in the ancient sect wasn't easily used, but once it was used, it would be a big deal.

The phone was passed to Rock Candy, and Qing Zhu said, "Palace Master, there's a satellite phone ..."

Rock Candy nodded and didn't dare to delay. She picked up the phone, "Hello, I'm rock Candy ..."

Those who could use this phone were all at the same level as the sect leader, family head, or elder of the various sects and ancient aristocratic families. Therefore, when Bing Tang answered the phone, there was no trace of disrespect or arrogance, because the other party was someone of the same level as her.

"Sect master, it's Xue Li." Xue Li said directly.

"So it's Valley master Xue. May I know what business you have?" Bing Tang felt a little strange. He had just rejected Xue Li not long ago, why was she calling again?

"Hehe, nothing-I just wanted to tell you that the valley has an inheritor, and that he's already learned the legacy!" Although Xue Li's tone was very calm, everyone could hear the pride in her voice.

"What? He had an inheritor? And he even comprehended the inheritance?" Rock Candy was slightly shocked and widened his eyes! Finding an inheritor in the snow Valley was already a very impressive thing, and successfully comprehending the inheritance was a very difficult thing to do. Even Feng Xiaoxiao and Rock Candy couldn't guarantee that they'd be able to accept the inheritance smoothly. After all, the inheritance was the comprehension of the power of the heavens and earth, and it required luck and coincidence. It didn't mean that the inheritance would be successful.

"Yes, I'm sorry. Our Snow Valley is a step ahead of you." Xue Li smiled faintly, "sect master, it's all thanks to you rejecting me last time, otherwise we'd have wasted our talents ..."

Chapter 1907: There might still be a chance

What Xue Li said was the truth. If Bing Tang had really agreed to Xue Li's proposal, Xue Li and the Grand Elder would have been so happy that they would have given the fruit to Tang Yun and let them leave. Then, there would have been no inheritance.

However, to Bing Tang, it was sarcastic. She snorted and said, "Then I'll have to congratulate you ... Congratulations to the snow Valley, you'll also become an honored guest there, and you'll go to Sky Class Island together ..."

"Hehe, but I really do have to thank you for this. From now on, the Ice Palace and the valley will be even closer!" Xue Li said.

"What do you mean?" Rock Candy frowned, not quite understanding what Xue Li meant.

The snow Valley and the Ice Palace had been one family thousands of years ago, both originating from that place, but there had been conflict between the two sects, and they had also supported each other. It was a bit strange to say that they were related by marriage.

"The future Grand Elder of our Snow Valley will be your younger sister. A cousin and a younger cousin. This is almost the same as a blood-related younger sister. Don't you think that it's better to be closer to her?" Xue Li said proudly. Xue Gu finally had a chance to vent her anger, Xue Li would naturally seize it.

"You're talking about ... Tang Yin?" Rock Candy was stunned. He thought of Tang Yun, but he was still confused. How did Tang Yun become an inheritor?

"That's right, I have to thank your Ice Palace for leaving such a talent to my Snow Valley!" Xue Li said with a smile.

"As far as I know, there's nothing special about her physique ..." At this point, Bing Tang suddenly paused as if he had thought of something, "Could it be ... The legendary hidden icy heart Jade bone body constitution?"

"Hehe, not bad!" "It's the once-in-a-thousand-years hidden icy heart Jade bone physique. It's the same as our founder 'S. He directly opened the inheritance in the snow Valley ..." Xue Li said.

"Why did she go to the snow Valley?" Bing Tang was a little confused-the Ice Palace had their own channels of information, but they definitely didn't know that Tang Yin was in the valley. Of course, this was a secret, and no one mentioned her after Lin Yi came back-the Ice Palace naturally wouldn't know the real reason.

"As for the specific reason, I'll let sister Tang tell you." Xue Li let out a sigh of relief after she finished. She didn't want to explain the reason, so she let Tang Yun explain it. Then, Xue Li handed the phone to Tang Yun.

"Ice candy sis ..." Tang Yin took the phone.

"Yunyun, it's really you ..." Bing Tang took a deep breath. She couldn't believe it, but the truth was right in front of her eyes. She had to believe it. Tang Yun had the hidden icy heart Jade bone body! It was even stronger than his fake ice heart Jade bone body, but it would only be discovered in a place like the

snow Valley. In the Ice Palace, he would probably never be able to activate his body, let alone receive the inheritance.

“Yes, Bing Tang sis, I’ll stay in the valley ...” With that, Tang Yun told Bing Tang everything that had happened ...

“So that’s how it is ... No wonder you accepted the inheritance under a strange combination of circumstances.” “But Lin Yi ... Never mind, you talk to Xiaoxiao,” said Bing Tang.

Rock Candy didn’t want to say anything about Lin Yi and Tang Yun. She didn’t think that Tang Yun would give up so much, giving Lin Yi the herb liquid and letting her face the pain of longing alone. This wasn’t something a normal person could do.

Feng Xiaoxiao heard that Tang Yun was calling and quickly ran over, taking the phone from Bing Tang’s hands and said excitedly, “Tang Yun sis!”

“Xiaoxiao ...” Tang Yun’s heart warmed at the familiar voice. “I can hear your voice with my own ears again. It feels so good.”

“En en, Tang Yun sis, I’m fine now. Once I become a Sky Class master, we’ll go back and have 3p with Lin Yi honey ...” Xiaoxiao said excitedly.

Bing Tang was speechless, and Qing just smiled without saying anything. Tang Yun, on the other hand, couldn’t help but cry after hearing this. If it was before, she would be very embarrassed to hear Feng Xiaoxiao say this, but now ... Feng Xiaoxiao’s suggestion had become an unattainable dream. Even if Tang Yun wanted to, she wouldn’t be able to agree to it.

“Xiaoxiao, listen to me, I might ... Never be able to be with you guys again ...” Tang Yin said, a little sad.

“Argh! What’s wrong, Tang Yin sis?” Xiaoxiao asked, surprised.

“I ...” Tang Yun smiled bitterly and told Xiaoxiao about what she told Bing Tang.

“Ah!” Feng Xiaoxiao heard Tang Yun’s words and immediately screamed, “You said you gave Lin Yi’s husband the herb liquid? Doesn’t that mean he won’t remember you in the future? Then how are we going to do 3p in the future!”

“Ha ... You can play with Yao Yao, Shu, and the others ... I’m afraid that when my emotionless technique reaches the pinnacle, you guys won’t like me anymore ...” Tang Yun said helplessly and sadly.

Who would like a person who was covered in cold air and was so cold that people would stay away from him?

“Tang Yun sis, is there really no other way ...” Feng Xiaoxiao heard Tang Yun’s words and suddenly felt sad.

“No... Unless ... My feelings didn’t change at that time, and Lin Yi ... Didn’t hate me, or rather, he wasn’t afraid of my cold aura. Then, maybe there’s still a chance ...” Tang Yun said it casually because she knew that the possibility was too small.

“Then ... I can’t do it either? I’m also cultivating an ice-type mental cultivation method!” Feng Xiaoxiao was shocked and quickly asked.

“We’re different, the heartlessness spell ... Can make people become heartless, not just Lin Yi, but maybe me too ...” Tang Yun smiled bitterly, “It’s said that at the later stages of cultivation, one can’t be in love. Otherwise, the cultivation technique will be broken and useless ...”

“Is that so ...” Xiaoxiao was very sad and sympathetic, “Then ... Then what should I do now?”

“Xiaoxiao, what you need to do now is to cooperate with me and make Lin Yi forget about me. That’s the best way to help and comfort me!” “If ... Lin Yi thinks of me, I really don’t know if he’ll come back to the valley again and force me to leave ... It’s not good for him or me. He can’t go against an ancient sect yet, and I don’t want to go back on my word. This is what I promised the valley ...” Tang Yun said.

The Grand Elder and Xue Li felt relieved after hearing Tang Yun’s words. They had been afraid of death because of Mrs. Tang. They were afraid that the old lady would take Tang Yun away. If that happened, the valley would suffer a great loss. But now, they knew Tang Yun’s intention, so they were relieved. (To be continued.)

Chapter 1908: giving up

As for Mrs. Tang, she could take whatever she wanted. The valley had a solid foundation, and she wasn’t an outsider anymore. As long as Tang Yun became the Grand Elder of the valley, she would have a part of these things.

“Oh ... Is that so ...” Xiaoxiao was a little unwilling, but she knew that if she told Lin Yi the truth, she would be harming him and Tang Yun. With Lin Yi’s personality, he might really do something out of line!

Thinking back to the time when Lin Yi brought her to the Ice Palace, she didn’t back down even in front of Bing Tang, even proposing a two year agreement. How could Lin Yi just let Tang Yin go?

“Yeah, I’ve already told Yaoyao and Shu. From now on, you guys ... Take good care of him for me. Maybe one day, we’ll meet again, but at that time ... I’ll secretly watch you guys from behind and give you my blessings!” Tang Yin said.

“Al!” Feng Xiaoxiao shook her head helplessly and didn’t say anything. Although she was in a difficult position, this was Tang Yun’s decision and she could only follow it. She also knew that this might be the best solution for Lin Yi and Tang Yun, “Don’t worry, I’ll get in touch with Yaoyao sis and Shu and help you hide it ...”

“Yeah, thank you, Xiaoxiao.” Tang Yun said sincerely.

“What are you thanking me for? I should be the one thanking you instead ... If it weren’t for your tolerance, perhaps I wouldn’t have the Xiao Xiao I have now.” “If I wasn’t Lin Yi’s husband’s mistress, I wouldn’t be here in the Ice Palace ...” Xiaoxiao said, sighing.

“We’re family, so we shouldn’t be so distant. Although I can’t contact Lin Yi anymore, I can still contact you. If you have any news about Lin Yi, remember to tell me ...” Tang Yun said.

“Yes, yes!” “I will, I’ll call Tang Yun sis as soon as I can.” Xiaoxiao nodded.

“Okay ... That’s it then, we’ll keep in touch ...” Tang Yun said.

After hanging up, Tang Yun quietly handed the phone back to the Grand Elder.

“It’s your decision, I can’t stop you from doing that. But, Tang Yin, tell me, are you really ready?” The Supreme elder took the phone and asked with a serious expression.

“Yes, I’m ready.” Tang Yun nodded heavily. “Even if the road of cultivation in the future is full of obstacles and thorns, I will face it calmly. Because he is in my heart. As long as I think of him, I will have the courage to face all difficulties!”

“Since you’ve chosen to walk down this path, then persevere ...” The Grand Elder nodded. “This is just the beginning. The future will be even more bitter, but I believe that you will continue on because you are the second person to have the hidden icy heart Jade bone physique since the establishment of the snow Valley sect. Perhaps, with your physique, you don’t need the medicinal liquid of the senseless grass, because you are right, the founder did not take the medicinal liquid of the senseless grass.”

“Many thanks, Grand Elder!” Tang Yin was surprised and happy to hear the Grand Elder say that she didn’t need to forget love anymore.

“There’s no need to thank me, you chose your own path ...” The Grand Elder shook his head, “However, there’s something I have to remind you in advance ...”

“Please tell me, Grand Elder ...” Tang Yun said.

“Although the emotionless formula was created by the founder, she didn’t cultivate it to the tenth level ... She was stuck at the peak of the ninth level for her entire life.” “Perhaps this is the reason why she didn’t take the medicinal liquid of the senseless herb ...” The Grand Elder said.

“Ah?” “The emotionless manual was created by the founder, but she hasn’t reached level 10 yet?” Tang Yin blinked.

Tang Yin thought that it was unbelievable. A person created a practitioner’s art, but she didn’t complete it. How did she create it?

“The founder of the sect was a person with great wisdom and great divine arts, so we can’t use common sense to judge him.” “This is actually ... The same as alchemists. Some people are very familiar with the medicinal properties of the medicine and can change the recipe at will. But if you really ask them to refine pills, they can’t refine it ...” The Grand Elder said.

“Could it be that Grand Elder is talking about the theory faction’s empty talk?” Tang Yin asked, stunned.

“You can say that, but the founder is not just talking on paper. If the emotionless art is cultivated to the tenth level, it will indeed be a great magical power!” The Grand Elder said seriously, “turning water into ice and turning ice into mist can be done with a single thought. You can use the power of heaven and earth as you wish. If you can master it, one water inheritor is enough. Maybe you don’t need three. Besides, you will have more confidence when you do that thing ...”

“Sky Class Island?” Tang Yin’s face changed-she’d heard from Lin Yi what Xiaoxiao needed to do as an inheritor, but she didn’t know the details, only the general idea.

“That’s right, it’s Sky Class Island!” “If you can reach the tenth level, you’ll have a higher chance of opening the Sky Class Island. At least, you’ll have no problem with the water element ...” The Grand Elder said.

“Sky Class Island ... What is that? How do I open it?” Tang Yin asked.

“This ... I don’t know either ...” The Grand Elder shook his head,“”This is the news from that place ... They didn’t say anything specific, and I only know the general idea. Maybe you’ll know after you become a Sky Class late phase peak ...”

“That place?” Tang Yun didn’t know what the place the Grand Elder was talking about.

“You’ll get the answer in the meeting of the Sky Class ...” The great elder said,“”If you haven’t broken through by the time you reach the peak of the ninth level, then you can consider whether you want to take the medicinal liquid of the senseless herb!”

“In other words, even if I don’t consume the medicinal liquid of the senseless grass, it won’t have much of an effect?” Tang Yin asked.

“That’s right ... There’s Feng Xiaoxiao from the Ice Palace, and I heard that there’s already a water inheritor there. We have all the water, mist, and ice elements, and the peak of the ninth floor is enough. ” When the Grand Elder said this, he was a little regretful.”However, the power of the 10th level is something you can’t even imagine. If you really do reach the 10th level, even if you don’t surpass the Sky Class, you’ll at least become the number one person in the Sky Class, the number one in the world!”

“Ah!” The merciless tactics were so powerful that even Tang Yun was moved. If she really did reach the tenth level, then she would be Lin Yi’s biggest helper. Didn’t that mean ... No, if she took the medicine, she wouldn’t remember Lin Yi anymore? Tang Yun gave up on the idea at that thought.

Chapter 1909: Feng Xiaoxiao’s plan

The strength of the world’s number one obviously didn’t attract her much-she just wanted to remember that little happiness that belonged to her forever, that under the shade of a tree under the bright sun, Lin Yi putting the engagement ring on her ... He didn’t remember it anymore, but it was enough for her to remember it.

The Supreme elder and Xue Li shook their heads when they saw the gentleness and reminiscence in Tang Yun’s eyes. It seemed that the memory was more important to her than the temptation!

“Alright, I’ll cut to the chase-Xiaoli, tell elder Zhang to give Yunyun a satellite phone, so she can contact the Ice Palace at any time.” Since the great elder approved of Tang Yin’s choice, she wouldn’t restrict her contact with the outside world. Of course, she could only call the Ice Palace.

After the call with Tang Yun, Xiaoxiao called Mengyao immediately. She couldn’t wait to find someone to share her depression with.

“Eh?” Chen Yushu looked at the strange number on her phone and couldn’t help but to pick up,“How are you?”

“Shu? I’m Xiaoxiao!” Xiaoxiao said.

“Ahhhhhhhhhhhhhh! Xiaoxiao?” “Yaoyao sis, it’s Xiaoxiao!” Yushu cried out.

“Xiaoxiao?” Mengyao was shocked as well, “We were just talking about Xiaoxiao, and she called?”

“Yes, yes, yes!” “Xiaoxiao, did you miss us?” Yushu nodded.

“Of course I do, we’re a prank duo!” “And Yaoyao sis and Lin Yi’s husband ...” Xiaoxiao said.

“Ah, right, did you know about Tang Yun sis ...” Chen Yushu’s happiness didn’t last for more than two minutes when she remembered Tang Yun’s situation. Her heart suddenly sank and she lost her interest ...

“I know ...” Xiaoxiao was silent as well, “Tang Yin sis just called me ...”

“Argh! Did she contact you?” “Why didn’t she contact me?” Yushu asked, surprised.

“We ancient sects have our own ways of contacting each other, but her situation is a little more serious than mine. I can call as I please, but she doesn’t seem to be able to ...” “She called me this time to talk about Lin Yi’s husband ...”

“Yeah, just in time, Yaoyao sis and I wanted to talk to you about shield bro!” Chen Yushu replied.

“Oh? You guys are looking for me too?” Xiaoxiao blinked, “what’s wrong with Lin Yi?” “What happened to him? Did you run into some trouble?”

“Trouble ... I did run into one, but it’s all over now ...” Chen Yushu shook her head.

“We’re in trouble, but thankfully we’re fine ...” Xiaoxiao relaxed. “Then why were you looking for me?”

“It’s like this, although shield bro took the herb medicine and forgot about Tang Yun sis, there seems to be a gap and gap in his memory ...” Chen Yushu said.

“Chasm? Empty? What do you mean by that?” Xiaoxiao didn’t quite understand what Yushu meant.

Yushu muttered, not sure how to describe it more accurately. “It’s like this-to be specific, shield bro’s memories of Tang Yun sis are all gone, which means that whether it’s you, me, or Yaoyao sis, shield bro doesn’t remember anyone that’s related to Tang Yun sis, or the things he’s been through with her. He only remembers you, me, and Yaoyao sis, but not Tang Yun sis ...”

“Is there a problem?” Xiaoxiao didn’t think there was anything wrong with Yushu’s words.

“Naturally, there’s a problem.” “Shield bro, he knows that you’re his small wife, so he’s wondering who’s his big wife. But he couldn’t remember, so he asked me and Yaoyao sis. Luckily, we managed to change the topic, or else he would ask again. We didn’t know how to explain ... It’s fine once, but if it happens too many times, there’ll definitely be problems. ”

“I see, isn’t this easy? Didn’t Yao Yao always want to be the main wife? Then let’s just tell Lin Yi honey that Yao Yao is the main wife. ” Xiaoxiao said after some thought. Although Mengyao got the advantage, she didn’t want to go against them anymore. She didn’t want to waste Tang Yun’s efforts, so she let Mengyao get the advantage. It was a happy ending.

“You can’t ...” Chen Yushu shook her head, “I wanted to do that before, but shield bro doesn’t remember Tang Yin, but he does remember our relationship. He almost thought I was sick last time!”

“You’re right ...” Xiaoxiao frowned. This was a difficult situation-if there was a second wife, then there must be a big wife. Who was the big wife?

“So, Yaoyao sis and I thought about discussing it with you ...” Yushu said helplessly.

“Let me think ...” Xiaoxiao thought about it carefully, and suddenly asked, “You’re saying that Lin Yi honey has forgotten everything that happened between me and Yun Yun sis, right?”

“Yes, he has no memory of these things at all.” Chen Yushu nodded.

“Then, he probably doesn’t remember the things we talked about Yun Yun sis, does he?” Xiaoxiao continued.

“That should be the case. He doesn’t remember anything related to Tang Yun sis.” Chen Yushu replied.

“That’s good, I’ve thought of a way!” Xiaoxiao said suddenly.

“What method?” Chen Yushu quickly asked.

“Just say that I pestered Lin Yi honey to pursue him ...” Xiaoxiao said.

“Isn’t that how it is?” Chen Yushu was confused.

“It’s not quite the same, listen to me!” “Then you told Lin Yi’s husband that he didn’t really like me, so I asked to be the second wife, allowing him to find a big wife he likes and have 3p with her!” Xiaoxiao said.

“Uh ... Is this okay?” Chen Yushu hesitated. Lin Yi wasn’t an idiot.

“Definitely! When Lin Yi-hubby accepted me, it was Yun Yun sis who helped him. Now that he doesn’t remember her, he’ll only remember that I pursued him. As for why he agreed, he won’t remember. There’s a lot to do!” Xiaoxiao said.

“Wouldn’t that be too good for Lin Yi?” Yushu had Mengyao’s ear come over as well after receiving Xiaoxiao’s call-Xiaoxiao was telling Lin Yi to get a main wife, too. Didn’t that mean he’d have another woman?

And so, Chu Mengyao subconsciously cried out!

Chapter 1910: Overjoyed at the unexpected good news

However, Mengyao felt like she was being too nosy. Tang Yun and Feng Xiaoxiao didn’t have any objections, why should he care?

“There’s no other way, I could only think of this. Otherwise, I really don’t know how to deal with him ...” Feng Xiaoxiao didn’t care that Lin Yi had a big wife. She was the small wife, and she had already accepted the fact that Chu Mengyao and Chen Yushu would become Lin Yi’s women in the future. That was why she thought of this method.

Mengyao fell silent. Indeed, only Xiaoxiao's idea could explain why Lin Yi didn't have a main wife, but had one. Lin Yi remembered how Xiaoxiao chased him, and he wouldn't believe it if he just made up an excuse to say that it was a small wife. He remembered that Xiaoxiao was a small wife, and it wasn't a joke. That was why he asked so seriously.

"It seems like this is the only way. We can't think of any other way ..." Mengyao accepted the reality helplessly.

"But, Yao Yao sis, you have to work harder. Although we said that he should find a main wife, we still haven't found one, right? As long as you become his main wife, everything will be fine, right?" Xiaoxiao could tell that Mengyao wasn't in a good mood.

"I ... I don't think I can ... Let him find someone else ..." Mengyao said subconsciously, but she regretted it right after. Why couldn't she be Lin Yi's first wife?

But she couldn't change her mind now that she'd said it.

"In any case, you guys have already settled it!" Xiaoxiao didn't mind. "Alright, I'll talk to you later. I'm going to cultivate ... Time's Up."

"Aren't you going to talk to Lin Yi?" Mengyao asked.

"I ... I won't say it." Feng Xiaoxiao hesitated and shook her head, "I promised Rock Candy sis that I wouldn't contact Lin Yi until he successfully makes the ice heart Jade bone pill. I can't go back on my word."

"Alright, then let's keep in touch." "If I call this number, will I be able to get through to you?" Mengyao asked.

"No, this number is encrypted. You can't get in." Xiaoxiao shook her head. "There's no phone signal in the inner sect, but only ancient sects can contact each other with satellite phone numbers ... I'm only calling you guys because of Rock Candy sister and aunt Qing's trust in me, but I can't give you this number ..."

"Yeah, it's fine. We're actually fine." Mengyao didn't ask any further after hearing the reason.

"I'll contact you regularly. By the way, you said you were in trouble? What's going on?" Xiaoxiao remembered what Shu said about trouble.

"It's like this ..." Mengyao explained the trouble they'd been in simply. It wasn't as shocking as Yushu made it out to be, but it sounded calm when Mengyao explained it. Even so, Xiaoxiao could hear the danger in it ...

"Argh! That's scary! If Lin Yi's husband doesn't explode, he'll be in danger ..." Xiaoxiao exclaimed.

"Yeah, but I had no choice. I wanted to contact you, but I didn't have a way ..." Chu Mengyao said helplessly, "But fortunately, the danger has been averted."

"How I wish I could help you guys ... But my strength is still too weak ..." Xiaoxiao was a weird person, but she was actually sighing because of her strength. "Rock Candy sister, if I beg her, she might help, but she'll look down on Lin Yi and won't keep that two year promise anymore ..."

Chu Mengyao and Chen Yushu were silent for a while. Although they didn't know if the inheritor was in any danger, Tang Yun had become an inheritor, but Lin Yi had already forgotten about her. But if Xiaoxiao became an inheritor, Lin Yi wouldn't just let it go. If he sacrificed Xiaoxiao to save him, he wouldn't be happy if he knew about it. It was a headache. Luckily, he didn't get in touch with Xiaoxiao before.

"But, if I knew earlier, I would've asked her for help. I'll just become the inheritor. If Tang Yun sis can do it, so can I." Xiaoxiao said with a smile.

"Alright, everything is finally over. Let's not talk about these depressing things." Mengyao shook her head. "Xiaoxiao, you go do your stuff. I'll talk to Shu about how to explain this to Lin Yi the next time he brings it up."

After hanging up, Chu Mengyao sighed slightly. Getting Lin Yi a main wife just like that? She really didn't want to, but she had no choice. She had to admit that Xiaoxiao's suggestion was the only solution.

Lin Yi had entered the Jade space long ago to start training the second stage of the art of Dragon mastery. This feeling of accumulation made Lin Yi feel like he was back to the time when he was training the first stage of the art of Dragon mastery in the mountains. It was the same feeling he had now-the Qi in his body was flowing faster and faster under the practitioner's Arts, but the amount of Qi He absorbed wasn't much. To be exact, Lin Yi didn't have the crazy feeling of absorbing Qi after completing the first stage. As a result, the speed of leveling up began to slow down.

However, Lin Yi found an advantage. Although the speed of absorption was slower, the energy that was converted by the second stage of the art of Dragon mastery was purer. In other words, even if the energy was less, the converted energy was more refined. This also made Lin Yi's early Earth Class strength loosen a little, and he was approaching the peak of early Earth Class ...

When Lin Yi noticed this phenomenon, he couldn't help but be overjoyed. If it weren't for this, he would even want to switch back to the first stage of the art of Dragon mastery and continue training. The first stage required a lot of pure energy, but it seemed that it was useless even if it was a lot. The energy consumption seemed to be a little too high, and the efficiency was too low!

However, he was happy and depressed at the same time. He was happy that his strength had increased, but he was depressed that the second stage of the art of Dragon mastery seemed to be in its initial stage. Lin Yi wasn't very familiar with it and didn't feel as smooth as he did with the first stage.

Of course, it'd only been a few days, and Lin Yi knew that he shouldn't be too greedy. Strength was something that could be improved bit by bit, not all in one go. Since elder Jiao told him to level up steadily, he didn't want to think about the unrealistic speed. (To be continued.)
