

Bodyguard 1921

Chapter 1921: another misunderstanding

Xinyan only came back to her senses after taking the supplies-she'd been mistaken as Lin Yi's girlfriend again, but it wasn't the first time.

"Big brother Lin, you should take Xinyan out and find a place to change her clothes. We boys are too lazy to change in the bathroom one by one, so we just closed the door and changed in the room!" Bai Weitao said as he saw Lin Yi walking in with Xinyan.

"Ha ... Alright." Lin Yi shook his head helplessly.

Bringing Wang Xinyan to change clothes? Then where should I go?

"There's a public toilet not far from here, I think they're all changing there ..." Wang Xinyan saw Lin Yi's frown and understood what he was thinking.

"Public toilet?" Lin Yi blinked and turned around to see that there was a public toilet two camps away from his own camp. There weren't many people on the boys "side, but there was a long queue on the girls" side.

Lin Yi understood immediately-most boys didn't mind, and even if they didn't go to the bathroom, they'd just find a place to change their clothes, but girls were different-they couldn't change in front of everyone.

But how long would it take for Wang Xinyan to line up? Xinyan seemed to have noticed the trouble as well-girls changed their clothes much slower than boys, and it'd probably take hours to get in line.

"Why don't you hide behind the townhouses and I'll keep a lookout for you?" Lin Yi looked at the back of the townhouse-there was a separate fence, and there was nothing behind it except for a cement drain, but it was clean inside, without even a speck of mud.

Xinyan hesitated-she'd felt a bit embarrassed at first, but Lin Yi'd just touched her belly already! What was there to be embarrassed about? There were indeed a lot of people there, and Xinyan nodded. "I'll have to trouble you then ..."

Xinyan jumped into the drain carefully-she wasn't afraid of Lin Yi peeking at her, but she trusted Lin Yi for some reason. She didn't want to be seen.

She quickly took off her clothes in the drain, and looked at her bra. She hesitated-if she had to train later, and sleep with her clothes on, it'd be very uncomfortable. It'd be difficult to take it off again, so she might as well take it off now.

With that thought, Xinyan unbuttoned her bra, took off her bra, and placed it on the top she'd just taken off. She was just about to put the tank top back on when an annoying autumn wind blew over, blowing her bra away!

There wasn't any silicone in Xinyan's bra, and it wasn't the kind that could be used to increase her size or give her a massage. It was just a normal kind of light bra, and the camp was empty. One could only imagine how powerful the wind would be if it blew.

“Ah!” Xinyan yelped as she saw her bra being blown away, reaching out to grab it ...

Lin Yi had his back turned as he waited for Xinyan to change. He had a good impression of Xinyan, and he wanted to peek, but he didn't think it was right. He was a man of principle, and so he didn't have the thought of turning around.

But Xinyan's cry startled Lin Yi! Xinyan wasn't in trouble, was she? With that thought, Lin Yi quickly turned around and looked at Xinyan ...

In fact, Lin Yi only turned his head around so easily because Xinyan was standing in the ditch, and there were high stone steps blocking her view. As long as he squatted down, he wouldn't be able to see anything.

Xinyan, however, stood up to grab her bra and opened her arms, revealing the White of her chest!

“Ugh ...” Lin Yi gulped. He looked at Xinyan's chest and thought, “that's big, so white ...”

He didn't expect Xinyan to look so big when she was wearing clothes, but when she wasn't wearing anything, she looked like she had a lot of money! She wasn't as big as Shu, but she was at least a few levels bigger than the Miss! In fact, this was also the result of Xinyan wearing a light bra-she didn't try to squeeze her chest out, and she usually wore casual clothes, so it was hard to tell.

Xinyan froze as Lin Yi turned around. Her hands were still in the air, and she didn't know what to do.

But the next moment, Xinyan saw the direction Lin Yi was looking at and immediately understood what he was looking at. Her face reddened immediately, and she covered her chest and crouched down, hiding herself in the drain ...

Lin Yi finally understood why Xinyan was screaming, and what she was trying to do with that ROC spreading its wings-her bra had been blown away by the wind, and not only did it fly away, it even flew to the roof of the terrace house!

Lin Yi didn't know what to say-he'd wanted to wait for Xinyan to get changed and pick it up himself, since it wasn't appropriate for him to do it himself, but he had to do it himself-Xinyan couldn't do it!

Shaking his head, Lin Yi jumped up to the roof. The townhouse was tall, but it wasn't much in Lin Yi's eyes. He reached the roof in a few leaps.

Xinyan's bra was hanging on a piece of debris-Lin Yi picked it up, and a gust of wind blew at his face again, but it brought with it a real fragrance, like the scent of a young girl's body, very pleasant.

Lin Yi blinked, realizing that it was the scent of Xinyan's bra.

The scent made Lin Yi shiver-it was a little cool. Xinyan wasn't someone who liked to put on makeup, and he could tell from her bare face that she didn't use perfume, so this scent ...

Could it be the legendary body fragrance?

Lin Yi wasn't sure, and just as he was thinking, he heard someone call him from below.

“Big brother Lin?” After changing his clothes, he walked out of the townhouse and raised his head to see Lin Yi standing on the beam.

“Bai Weitao?” Lin Yi turned around and saw the man, but he was still holding Xinyan’s bra.

Bai Weitao, on the other hand, saw the bra in Xinyan’s hand, and his admiration for Lin Yi was like the Yellow River water from the sky, flowing into the sea and never returning!

“Big brother Lin, you’re amazing, you’re amazing! You’re actually doing it on the roof with sister-in-law, much better than those chezhen brothers and breast-Grapper brothers. You’re the rooftop brother!” Bai Weitao gave him a thumbs up. He had never seen a couple doing business in the room. (To be continued.)

Chapter 1922: Right coiling Tiger’s plan

“Ugh ... You’re thinking too much ...” Lin Yi sweated, “I went to the room to pick up ... This, Xinyan is in the drain at the back ...”

“The drain? That’s still very fierce!” Bai Weitao said.

Lin Yi knew that explaining wouldn’t help, so he jumped off the roof and went to the drain behind the townhouse.

Xinyan was already dressed, but her face was still a little red, especially when Lin Yi came back with her bra-she lowered her head in embarrassment.

Xinyan had told her that it was just a misunderstanding and that it was nothing, and so she’d put on her clothes and stood there waiting for Lin Yi, but now that Lin Yi was back, she felt a little embarrassed.

“Here you go ...” Lin Yi handed the bra to Xinyan.

“I ... I don’t want it anymore ... You can have it.” Xinyan was already embarrassed to begin with, and she felt even more embarrassed when Lin Yi returned the bra to her. She didn’t want it because she was too shy to take it back, and the “it’s for you “was just something she blurted out without thinking, but she regretted it immediately!

She was a girl, so why did she give a guy a bra that she had worn before? Wasn’t this a little too ambiguous?

“Gah?” Lin Yi held the bra, speechless. What was the meaning of this?

Lin Yi touched his nose and looked at the bra in his hand, not knowing what to do with it. Lin Yi knew that he wasn’t an underwear thief or a perverted underwear collector, but the bra did smell good. He was hesitating whether he should keep it or not.

“It’s ... It’s nothing ...” Wang Xinyan saw that Lin Yi was looking left and right at her bra and felt even more embarrassed. She grabbed it and put it in her pocket.

“Uh ... Didn’t you give it to me?” Lin Yi blinked as Xinyan took his bra away.

Xinyan stomped her foot in anger-she wanted to stuff her bra into Lin Yi’s mouth! She would’ve stuffed it if it weren’t for her bra! Will you die if you speak less?

“I ... I don’t want to send you off again!” Xinyan had no choice but to say this, but the two of them were just too intimate.

Lin Yi scratched his head and smiled bitterly, "fine ..."

"Let's go!" Wang Xinyan picked up her clothes and was ready to walk forward.

"Wait ..." Lin Yi quickly stopped her.

"What's wrong?" Xinyan turned around, wondering if Lin Yi really wanted her bra. If he insisted on asking for it, should he give it to him or not?

"I haven't changed my clothes yet. They've already changed. If I go back to change, wouldn't I be playing a monkey?" Lin Yi said as he pointed at his clothes.

"Oh ..." Wang Xinyan let out a breath of relief, and felt sorry for misunderstanding Lin Yi. Yes, how could he be a pervert? If that was the case, he'd be happy to go with the flow when people mistook her for his girlfriend, and wouldn't even bother explaining. Xinyan felt a little guilty for what she'd thought, and was a little embarrassed. "Then ... I'll help you keep a lookout ..."

"En!" Lin Yi nodded and jumped down the drain.

But Lin Yi changed his clothes much faster than Xinyan, and returned to Xinyan's side in an instant. "Let's go, I'm done changing."

"So fast?" Wang Xinyan was surprised.

"I'm used to it," "I didn't do it on purpose," Lin Yi smiled, "I heard you scream, so I turned around ... And saw you ..."

"You still dare to say that!" Xinyan's face reddened again as she glared at Lin Yi, anger in her eyes. She stomped her foot. "I've forgotten!"

"..." Lin Yi looked at Xinyan-he didn't think that a quiet girl like her could get excited too. He shrugged, "Actually, I've forgotten about it too."

"Forget your head, you're not allowed to say that again." Wang Xinyan hmped.

"En ..." Lin Yi didn't dare to say anything more.

The two walked to the townhouse and saw Bai Weitao and his classmates sitting in twos and threes, chatting and resting. When Bai Weitao saw Lin Yi, he rushed over and saw Xinyan's blushed face. He understood immediately and said in admiration, "Boss, you're really awesome!"

"Don't talk nonsense!" Lin Yi glared.

"I know, I know. Only Zhao Shengji, song xiaodao, and I know. No one else knows." "But the others probably guessed it as well ..." Bai Weitao chuckled.

Indeed, the others all looked at Xinyan and Lin Yi with a knowing look on their faces when they came out from the back of the townhouse.

"This little brat Lin Yi sure is enjoying himself, letting him have such a pretty girl. Wouldn't it be better if she were your furnace, young master you?" The yellow-haired man sighed.

“Hmph, I’ll let Lin Yi be arrogant for a while. When I become a second class Alchemist, I’ll be able to become an elder of the you family. Although I can’t send the Masters of the you family to kill Lin Yi directly, I can do it secretly.” Youpan Hu’s hatred for Lin Yi was bone deep. “Moreover, when I become a second grade Alchemist, I’ll be able to refine countless medicinal pills and make a fortune in the hidden auction. At that time, it won’t be difficult for the people of the blood-clad yellow spring sect to kill him!”

“Yes, yes, yes!” Purple hair nodded, “you’re so calculative, young master you. Let Lin Yi be arrogant for a while.”

“Hmph, arrogant? We can’t beat him with our strength, but we can use other means to disgust him and give him some trouble. We can also treat it as having fun in school!” You Panhu said.

“Then ... Aren’t you afraid that Lin Yi might attack us if he’s pushed too far?” The yellow-haired man felt a chill down his spine when he thought of Lin Yi.

“Hehe, if he dares to touch me in boss Bai’s class, it’ll be disrespecting boss Bai, and that guy from the sky elixir sect won’t let this go easily. You know who boss Bai is ... Hehe, if Lin Yi dares to touch even a hair on my head, he’ll be asking for death. I’d love for him to touch me!” “Boss Bai’s biggest taboo is for the disciples of families and sects to put on airs and bully others ...” You Panhu sneered.

“Hiss ...” Although the yellow-haired and purple-haired people also knew that boss Bai wasn’t simple, with the hidden you family’s strength, why would they send you Panhu to school here? But he didn’t expect boss Bai to be so capable that even the sky elixir sect respected him. Just who was this old man?

Lin Yi, naturally, didn’t know that this guy was looking for trouble again. He saw that his classmates were all looking at him and Xinyan in a weird way, and so he brought Xinyan back to the townhouse.

Chapter 1923: Sister-in-law Xinyan

Lin Yi was strong, but he couldn’t do anything to his classmates. He couldn’t just beat them up, could he?

Lin Yi only realized after returning to the townhouse that the shared bed was already fully packed with bedding and luggage, but there was an empty space at the innermost area-it was clearly for him and Xinyan.

Lin Yi didn’t say anything and put his luggage on the bed, while Xinyan sat in the innermost seat, hugging her legs and curling up on the bed, silent.

Lin Yi didn’t know how to talk Xinyan out of this-it was an awkward situation, after all, and it’d only make things more awkward.

“Let’s go out for a walk ...” Xinyan said after a while.

“Ah? “Okay ...” Lin Yi didn’t ask why, and just nodded. Now, as long as Wang Xinyan said something, Lin Yi would do it. Of course, this was also based on the fact that Lin Yi had a good impression of Wang Xinyan and really treated her as a friend.

If it was a random person, Lin Yi wouldn’t mind seeing it. Who asked her to be careless?

The two left the townhouse without attracting the attention of their classmates, who were all sitting around playing cards or chatting. Lin Yi and Xinyan turned to the drain behind the townhouse, where there was no one else.

However, the two of them suddenly stopped in their tracks!

That was because there were moans coming from the drain! Xinyan's face reddened, and Lin Yi was a little embarrassed as well. He could tell what the sound was, and looked over-it was probably coming from the drain behind another townhouse. They couldn't see through the partition, but it sounded like a couple sprinting ...

She couldn't see it, but it was embarrassing enough-Xinyan couldn't help but remember the weird looks her classmates gave her when she walked out with Lin Yi.

"How about we go somewhere else ..." Lin Yi sighed. These people had good stamina. They hadn't eaten lunch and dinner hadn't started yet. How could they do that?

"No, we'll just sit here for a while ..." Xinyan was afraid that she'd be laughed at again if she walked out, and so she covered her ears.

"Alright," he said. Lin Yi smiled bitterly as he sat down with Xinyan on the steps. There was a light breeze, and Xinyan's scent was refreshing. Lin Yi felt very comfortable after taking a whiff.

Seeing that Xinyan wasn't saying anything, Lin Yi decided to close his eyes and enjoy himself ...

A while later, the noise died down, and there was the sound of clothes being put on. Lin Yi nudged Xinyan with his wrist."Alright, there's no more sound. That boy is a quick shooter ..."

"?"Xinyan blinked, but immediately understood what Lin Yi meant. Was he not happy?

Lin Yi smiled bitterly. What was wrong with him? why did he speak so fast? How could he just say that to Wang Xinyan? Lin Yi didn't mean to say that-he'd only said it because he'd gotten too drunk on Xinyan's scent.

But he didn't smell Xinyan's scent in the classroom earlier-what was going on? Could it be ...? Lin Yi looked at Xinyan's chest with a weird expression.

She had been covered by her bra before, but now that it was gone, didn't that mean ...

"What are you looking at?" Xinyan jumped when she realized Lin Yi was staring at her chest! Lin Yi couldn't have heard the voices of the adulterous couple next door and was about to do something to her, could he?

So, she subconsciously dodged to the side, but lost her balance. Her whole body swayed, and she almost fell into the drain.

Lin Yi was taken aback as he quickly reached out his hand and grabbed Xinyan's waist, pulling her back into his arms. Xinyan moaned and wanted to push Lin Yi away, but she couldn't help but move back.

Lin Yi didn't use any pure Qi, and he was feeling guilty to begin with. With that push and pull, he fell into the drain with Xinyan!

But the moment they flipped into the drain, Lin Yi held Xinyan in his arms, afraid that she'd fall. He himself, on the other hand, fell onto the stone floor!

It hadn't rained for days, and there wasn't even a drop of water in the drain. Lin Yi fell onto it with a loud thud ...

"Ah! -!" Xinyan shrieked, regretting her decision the moment she fell-Lin Yi ... Wasn't that kind of person, was he? Xinyan regretted it even more when Lin Yi protected her and she fell onto the stone floor. She shouldn't have been so stubborn. How could Lin Yi be fine if she fell on top of him?

Even if he didn't break his bones, he would probably be covered in bruises.

In fact, Lin Yi was perfectly fine! He'd wrapped himself and Xinyan up with pure Qi the moment he fell, and even if he didn't, his skin was still thick enough to withstand the fall-he'd survived even when old Lin sent him flying to the foot of West Star Mountain.

However, as soon as the two of them fell down the drain, Bai Weitao rushed over in a hurry."Brother Lin? Boss?"

He'd just received a notice that it was almost time for lunch, and he'd been told to gather his classmates for lunch at the canteen, but Lin Yi and Xinyan were nowhere to be seen. He'd gone to the back of the townhouse to look for them, and as he was panicking, he ran to the drain and saw Xinyan lying on top of Lin Yi, the two of them rolling around ...

"Uh ... I'm sorry, brother Lin, Xinyan ... I didn't mean to interrupt you ... It's time to eat ..." Seeing that their clothes were still there, Bai Weitao let out a sigh of relief. It was obvious that they had just started, and hadn't entered the next step yet. Otherwise, wouldn't it be embarrassing to see them naked?

But he did admire Lin Yi-Xinyan had already used her mouth to service him once in the car, and they'd gotten intimate again when they were changing, and now they were going for the third time!

"Bai Weitao, we were just sitting here and chatting, and your sister-in-law Xinyan ... Huh?" Lin Yi stood up awkwardly with Xinyan in his arms, but he called her "Xinyan sis-in-law"!

Chapter 1924: the person in the dream

Lin Yi was helpless-why did he keep making low-level mistakes like this today? It was simply a mistake at the kindergarten level! He quickly changed his words when he saw Xinyan's expression. "You've got it all figured out. It's Xinyan, she accidentally fell down. I quickly went to pull her up, but I fell down too ..."

"Oh ..." Bai Weitao had a look of understanding, but anyone could see that he didn't believe it at all! But it wasn't surprising-Lin Yi was pulling Xinyan up when she fell, but why was she up there? This was completely illogical!

But, the truth was that Lin Yi wasn't lying-that was how it was supposed to be, but no one believed the truth these days!

"What's with that expression?" Lin Yi was speechless.

"It's nothing, big brother Lin. It's actually nothing. It's a very normal thing. Men and women love each other." Bai Weitao didn't know why Lin Yi was shy, but he didn't look like someone who would be shy!

“Alright, hurry up and lead the way!” Lin Yi saw that Xinyan’s face was about to bleed, and quickly interrupted.

“Let’s go, the others are all ready!” Bai Weitao nodded and did not say anything else.

Xinyan bit her lips, wanting to complain to Lin Yi, but realized that she was being nice-she might’ve gotten herself hurt if Lin Yi didn’t save her. But on second thought, she wouldn’t have dodged if Lin Yi wasn’t staring at her chest. She was pissed again, and stepped on Lin Yi’s foot hard. She hmped and ignored Lin Yi, following Bai Weitao.

Lin Yi stared at Xinyan’s back, lost in thought ...

It wasn’t because of Xinyan’s stomp, but because Lin Yi seemed to remember that there was a girl who looked at him with the same angry eyes, and ran away after stomping on his foot ...

Who was this person? Lin Yi frowned. It was just a feeling, but after thinking about it, he didn’t think of such a person. The Miss and Shu wouldn’t do something like this, and Xiaoxiao was even more impossible.

Who could it be? Could it be the person in the dream? Sometimes, when a person experienced something, they would feel a sense of deja vu, as if they had experienced it in their dreams or in their previous lives. This was a very mysterious feeling. Many people had experienced it, but it could not be explained by science. It could only be barely explained by dreams.

Could it be ... That he had seen Wang Xinyan in his dream? Had he dreamt of her stepping on him?

Looking at his back view as he walked away, it seemed to overlap with a certain part of his memory ... Perhaps, it was really a dream?

Lin Yi shook his head and quickly followed.

The canteens here were super large. Each one was several times larger than the canteens in East Ocean industry University, but they didn’t have as many sales Windows as the University canteens. There was only a row of tables here with a few large buckets on the far left side of the table. There were three kinds of dishes in the buckets: meat, vegetable, and soup.

On the other parts of the table, there were pots of rice, steamed buns, and flower rolls.

Under the guidance of the class leaders, everyone lined up in order. Everyone held a plate and a bowl of soup in their hands. These were also the daily necessities distributed during the military training.

“Later, come here and serve the dishes one by one. There will be a special person to help you. You can serve the main dishes such as rice by yourself, but I hope that you will develop the habit of taking less and more. If you can’t finish it when you take it back, if there’s more than one-tenth of the rice left on the plate, one point will be deducted! Be careful when scooping the rice, don’t fight over it. If you spill it, you’ll get two points deducted!” After the students stood in their positions, a soldier in charge of the cafeteria explained the rules of eating to the students.

When they heard that they would lose points for eating leftovers, the students who had planned to get more immediately gave up. The military training’s points were counted into their credits. If they lost one point each time, they would have to take other subjects to graduate if they didn’t have enough credits.

There were a lot of people in the cafeteria, but the soldiers weren't busy at all, and so it didn't take long for Lin Yi's Medicine Department to get their turn.

Lin Yi and Xinyan stood at the back of the line, and were the last to serve the food. The warrior who was serving the food had been serving the boys the whole time, and when it came to Xinyan, he didn't see it clearly and gave her a boy's portion as well.

Xinyan was about to tell him to take some back, but she realized that it wasn't appropriate to take it back now that she'd already taken it out. There were other classes waiting in line as well, too, so she had no choice but to leave with Lin Yi.

"You don't want the main course?" Lin Yi asked curiously-Xinyan didn't take the main course, only a bowl of egg soup.

"There's already a lot of food. I'm afraid there'll be leftovers ..." Wang Xinyan frowned as she looked at the dishes on the plate.

"Oh, it's fine." Lin Yi picked up two flowers and put them on Xinyan's plate."These flower rolls are not bad. Eat some or you'll be hungry tonight."

"Ah?" Xinyan didn't know what to say-one roll was already a lot for her, and Lin Yi was giving her two?

"I'll finish the rest of your food." Mengyao and Yushu knew that Lin Yi had a big appetite, but Lin Yi didn't have to eat too much-this was the benefit of being a practitioner.

Xinyan blushed-Lin Yi was eating her leftovers? Wouldn't that be like an indirect kiss? But Lin Yi's expression was normal, and his eyes were clear-Xinyan knew that she was overthinking things. She agreed and found a table with Lin Yi.

As soon as the two of them sat down, there was a clamor not far behind them.

Lin Yi frowned as he heard a familiar voice-it was Bai Weitaos!

Lin Yi couldn't be bothered with other people's business, but this guy called him big brother Lin all the time. He couldn't just leave him be. This was the kind of person he was-once he decided on a friend, he would get involved to the end, no matter how complicated or simple the matter was to him, whether it was meaningful or not, or whether it was a waste of time.

"Xinyan, wait for me here, Bai Weitao is arguing with someone." Lin Yi's face was cold.

"Oh ... Be careful ..." Wang Xinyan said and felt that she was overthinking. Lin Yi's skills, how could these college students do anything to him? But ... Did she care about him? Wang Xinyan rarely cared about others, especially a guy, but at this moment, she really did, from the bottom of her heart.

Chapter 1925: Conflict in the cafeteria

Lin Yi nodded and turned to the scene. There were already a lot of people there, but Lin Yi's body was like a fish, quickly splitting through the crowd and coming to the center.

“Fan ganhe, did you do it on purpose? You knocked my steamed bun onto the ground, you want me to deduct points?” Bai Weitao’s face turned red with anger. This fan ganhe was really a bully. He bumped into him, but not only did he not apologize, but he also gloated.

“I hit you? If you don’t hit me, how can I hit you? You’re walking without your eyes, yet you’re here blaming others?” Fan ganhe sneered. “I’m telling you, Bai Weitao. If we didn’t drink together before, I’d send you to the Pacific Ocean with one punch!”

“F * ck you!” Bai Weitao’s chest heaved up and down. Fan ganhe was an elite student. If they really fought, Bai Weitao would definitely be the one at a disadvantage! However, the steamed bun had fallen to the ground, and two points had been deducted for no reason. Bai Weitao was not willing to accept this.

“You can pick it up. If you pick it up and eat it, you won’t lose any points.” Zhang duopan’s voice was heard from the side. It seemed like he was speaking up for Bai Weitao, but wasn’t he insulting him as well?

“Oh, right, you can pick it up and eat it, then you won’t have to deduct points!” Fan ganhe kicked the two steamed buns on the ground, causing them to roll to Bai Weitao’s feet, making the already dirty steamed buns dirtier.

“F * ck you!” Bai Weitao wanted to smash the plate in his hand on fan ganhe’s face, but he knew he couldn’t do that. If he did, it wouldn’t be as simple as a deduction of two points. It would be a violation of discipline. He would definitely be sent back to school by the instructor, and even his military training credits would be canceled!

“What about us? Who knew that every dish on the plate would be so hard to make? don’t waste it, we have to be diligent and thrifty!” Fan ganhe looked at Bai Weitao teasingly. Last time at the KTV, Bai Weitao and Lin Yi made Zhang duopan and fan ganhe lose face. Naturally, the two were not satisfied and wanted to find a chance to take revenge on Bai Weitao. After hearing about the cafeteria discipline, they knew that their chance had come.

“Hu hu hu” Bai Weitao took a deep breath. He was going to pick up the two steamed buns on the ground first. If they were left on the plate and not eaten, one point would be deducted at most. If they were thrown on the ground, two points would be deducted. This was related to his academic credits, so he was going to bear with it for a while.

However, just as he was about to pick up the two buns, a hand reached out before he could. The owner of the hand was Lin Yi!

Lin Yi picked up the two buns from the ground and rubbed them on his shoes before standing up. Everyone was shocked.

Zhang duopan, fan ganhe, and even Bai Weitao were confused. They didn’t know what Lin Yi meant.

Lin Yi squinted his eyes at Zhang duopan and fan ganhe and smiled. He suddenly reached out and pinched Zhang duopan’s cheek, stuffing the dirty bun with dust and dirt into Zhang duopan’s mouth!

”

“Who knew that every piece of food on the plate is hard. Since you’re so afraid of wasting, then you can eat it!” Lin Yi said expressionlessly, not forgetting to pinch Zhang duopan’s throat as he touched it, letting the bun enter his esophagus.

“Cough cough cough cough cough cough cough cough cough cough” Zhang duopan clutched his throat and coughed violently. The bun was stuck in his throat, making it difficult for him to breathe, and his face had turned purple.

“Your mother doesn’t want to live anymore, does she?” Fan ganhe was stunned by Lin Yi’s actions and only reacted after Zhang duopan coughed. He pointed at Lin Yi and raged, “You’re looking for death ...”

However, before he could finish, Lin Yi waved his hand and another dirty bun was stuffed into fan ganhe’s mouth. His words also became “uh uh uh hehe.”

Bai Weitao and the surrounding students looked at Lin Yi, dumbfounded. They didn’t think that Lin Yi would be this ruthless. Only right-hand Tiger laughed coldly. It seemed that Lin Yi didn’t dare to go too far. With Lin Yi’s personality, he would kill whoever came to his door. Why would he go through the trouble of teaching them a lesson?

In fact, Lin Yi wouldn’t kill people in school for no reason, which made him misunderstand.

“What’s the matter? What happened?” The Chief Instructor, Chen Yutian’s voice sounded.

Naturally, someone went to report the conflict to the Chief Instructor.

“Cough cough ... Waa ...” Zhang duopan coughed again, and finally, with a “waa” sound, he vomited out the dirty steamed bun. He almost choked to death.

Fan ganhe dug with his fingers for a long time and finally threw the steamed bun out. He was panting heavily.

Seeing that things had gotten out of hand, and even Yutian was here, Weitao’s face went pale-he didn’t think things would get this big. He was grateful for Lin Yi’s help, but he was worried that he’d drag him down with him!

It was supposed to be just him getting points deducted, but Lin Yi was probably in trouble now.

“Instructor Chen, these two people are too greedy. They choked and vomited.” Lin Yi pointed at fan ganhe and Zhang duopan, “It looks like they’re wasting food. Should I deduct their points?”

The students were all dumbfounded-this Lin Yi was lying through his teeth!

“A waste of food. Two points will be deducted from each of them!” Chen Yutian glanced at fan ganhe and Zhang duopan and said indifferently.

“Gah?!” Zhang duopan didn’t expect that his points would be deducted and immediately became anxious, “Chief Instructor, it was him. He was the one who forced the bun into my mouth ...”

“Oh, why did he stuff the steamed bun into your mouth?” Chen Yutian asked.

“This ...” Zhang duopan didn’t know what to say. He was the one who asked fan ganhe to mess things up and he couldn’t explain it. But since Chen Yutian asked, he could only bite the bullet and say, “Because

... These two buns fell on the ground, and he was the one who pushed Bai Weitao to drop them. We came over to tell him not to waste them, but this Lin Yi picked them up and stuffed them into our mouths without even thinking about it ...”

“Cheh ...” Zhang duopan’s words immediately drew waves of disgust from the students present! The students had seen everything clearly-if Lin Yi was lying through his teeth, then these two were twisting the truth.

“Oh, how did you stop him?” Chen Yutian continued.

Chapter 1926: Late autumn night

Yutian knew that Lin Yi wasn’t the type to cause trouble-he wouldn’t do it if others didn’t. He knew that this wasn’t Lin Yi’s fault.

“This ...” Zhang duopan didn’t expect Chen Yutian to be so detailed!

“They kicked the steamed buns and let Bai Weitao pick them up to eat!” Song xiaodao said from the side.

“Is that so?” Chen Yutian turned to Zhang duopan and fan ganhe and asked.

“This ...” The two of them knew that it was impossible to lie with so many students watching. They could only stammer and not dare to admit it.

“You’re wasting food and causing trouble in the canteen. Each of you will have four points deducted!” With that, Yutian turned and left.

“Ah?” Fan ganhe and Zhang duopan felt a burst of regret. If they had known, they wouldn’t have explained. This explanation was good, and two more points were deducted. What the hell was this!

“Ha!” Weitao found it weird that Yutian was siding with him, but he was the victim anyway, so he didn’t think too much about it and laughed out loud, “Justice is in the hearts of the people. Some people lift a stone and smash their own feet!”

“Hmph! We’ll see the real deal at the freshmen party!” Zhang duopan pulled fan ganhe and the two of them left a harsh sentence before leaving quickly. They could not afford to lose this face.

“Big brother Lin, you’re so cool!” After Zhang duopan and fan ganhe left, Bai Weitao patted Lin Yi’s shoulder and said excitedly.

“Let’s go and eat.” Lin Yi smiled.

Xinyan, who was sitting at a table not too far away, saw what happened as well, and couldn’t help but smile. This Lin Yi really was a violent man, wasn’t he?

At another table not too far away, he meiyue looked at Zhang duopan with some disappointment. In the past, she thought that Zhang duopan was a decent person. Although she didn’t have a good impression of him, she didn’t have any bad feelings either. However, what he did today was simply disgusting.

Although Bai Weitao's previous performance was a little cowardly, he meiyue didn't think so. Fan ganhe was an elite student, and ordinary students were no match for him. Bai Weitao was simply asking for a beating.

As for Lin Yi, he meiyue shook her head. You really couldn't judge a book by its cover. He looked so gentle, but he was so violent. Of course, he meiyue didn't care what Lin Yi thought. Although he didn't admit to his relationship with Wang Xinyan, she could tell that their relationship wasn't normal from the way he sat with Wang Xinyan.

Although the conflict was intense, it subsided quickly. Everyone was hungry, and this was the Army. There were very strict rules, so everyone found a place to eat. However, what happened just now made people relish it.

After the meal, the students all returned to their barracks. At Sixo' clock sharp, they all gathered in front of their respective barracks!

After the medical department gathered, Chen Yutian quickly appeared in front of them.

"Reporting to the instructor, the medical department has assembled. I am the class monitor, Bai Weitao. Please give me your instructions!" Bai Weitao stepped out and said.

"Very good, Bai Weito, return to the team!" Yutian nodded, satisfied. "Tomorrow will be the start of your official military training. From the first to the third day, you will be training in marching, marching, and formation. The fourth to the sixth days will be military boxing training. The seventh to the eighth days will be field training. After the eighth day, you will be competing in formation, military boxing, and free-for-all combat. The winning class and individual will be awarded five to ten points, respectively!"

"Whoosh! Whoosh!" No one had expected that in addition to the normal academic credits, there would also be credits awarded during the military training. It was quite a lot, about five to ten points!

"Don't be happy too early. Only the top three of each competition will be rewarded with credits, whether as a group or as an individual." "Field training is based on the faculty, but the first three groups to return will also get two credits each!" Yutian said faintly.

University credits were both difficult and easy to obtain. It was easy to obtain the credits for many elective courses such as etiquette and social interaction. However, there were times when they were still short of credits before graduation. It was difficult to choose courses that they had never taken before, especially for students who chose to have a double degree. Credits were even more important.

Therefore, no one would mind getting more credits at this time.

After Yutian finished, he led the class to the camp and did a few simple exercises like "at ease," "attention," "turn left," "turn right," etc. They were all taught in middle school PE. It wasn't difficult and was just a warm-up.

Then, Yutian led the group for a jog around the barracks before dismissing them.

Even though the first day's training wasn't much, it was still a little too much for the students. They fell on their beds after returning to the barracks.

Right-hand Panhu, the yellow-haired guy, and the purple-haired guy lived on the other side of the bed. These three people were different and didn't look easy to get along with. Therefore, the students in the class didn't take the initiative to provoke them, and the three of them didn't bother to talk to others.

On the other side of the bed were Lin Yi and Wang Xinyan. Wang Xinyan was lying quietly beside Lin Yi, and although she was wearing clothes, she couldn't help but feel nervous.

"Rest early, you have to wake up at six in the morning." Lin Yi said to Xinyan after checking the time.

"En ..." Wang Xinyan sneaked a glance at the calm Lin Yi, and she couldn't help but feel a little nervous. This was her first time sleeping with a guy, and even though they were wearing clothes and they were in the special circumstances of military training, Wang Xinyan's breathing was still a little rushed.

It was fine when the lights were on, but now that there was no power, she was a little nervous.

"What are you thinking about, with your eyes wide open?" Lin Yi asked with a smile after a while, seeing that Xinyan wasn't asleep yet.

"Ah? You can see me?" Xinyan was a little surprised-there was no light in the room, and it was dark outside the window. The only light came in through the window, but it was so weak that she couldn't see what was going on inside.

"Your eyes were so bright, I saw it." Lin Yi couldn't help but tease.

Xinyan pursed her lips, not knowing what to say. After a long while, she hmped."Nonsense. I'm not a Wolf."

"Ha ... Go to sleep." With that, Lin Yi closed his eyes.

Xinyan waited for a while, and when Lin Yi stopped talking, she fell asleep as well.

The late autumn night was very cold. Although everyone was wearing thick camouflage clothes, they were not covered with blankets, so it was still a little cold ...

Chapter 1927: strength increase

Xinyan was only wearing a tank top under her camouflage uniform, and she was sure to feel cold. Subconsciously, she went to look for warmth, and she ended up in Lin Yi's arms-she felt warm here ...

Lin Yi didn't know if he should be laughing or crying at the sudden appearance of Xinyan in his arms.

Lin Yi didn't sleep at all-he'd only closed his eyes to practition in the Jade space, but he barely slept ever since he found out about the secret. Still, his perception of the outside world was pretty strong, and he could feel Xinyan in his arms right away.

Shaking his head, Lin Yi came out of the Jade space. He wanted to push Xinyan away, but he couldn't bear to let her go. Holding Xinyan in his arms made him feel at ease, and he couldn't help but be mesmerized by the light fragrance coming from Xinyan ...

The smell made Lin Yi very comfortable, and he couldn't help but take a few more sniffs. All of a sudden, he felt a heat in his lower abdomen, and he jumped. Did he have some kind of thoughts about Wang Xinyan? If that was the case, and Wang Xinyan found out about it, it'd be really awkward!

With that thought, Lin Yi quickly activated the second stage of the art of Dragon mastery, trying to get rid of the fire in his body ... But, when his Qi touched the fire in his abdomen, he was confused!

This wasn't the fire of desire-he could tell if it was from desire, but if it wasn't desire, then could it be Xinyan's scent?

But no matter what, Lin Yi didn't dare to slow down. He started using his Qi to dissolve the fire ... But the next moment, Lin Yi was surprised to find that after the fire was dissolved, it seemed to become Qi that filled his body, and his strength kept increasing. After the fire was dissolved, Lin Yi's strength actually increased significantly!

He still wasn't at the wall of Earth Class early phase peak, but he was getting closer and closer.

Lin Yi was very confused-why did his strength level increase? Plus, this speed of improvement was obviously faster than just circulating the second stage of the art of Dragon mastery. It wasn't much faster, but it was fast-Lin Yi could feel it!

Perhaps it really was Xinyan's scent?

Lin Yi frowned, surprised. He didn't want to waste this opportunity-it wasn't easy to get the chance to sleep with Xinyan, after all, and he needed to absorb more of this scent for practicing. He didn't want Xinyan to reject him when he got back to school.

Lin Yi didn't sleep the entire night, circulating the art of Dragon mastery non-stop until dawn.

Xinyan felt a little cold in the middle of the night, and naturally went to look for warmth. She opened her eyes in the morning to find herself in Lin Yi's arms, and she was a little surprised, but she realized that Lin Yi wasn't hugging her. She was the one hugging Lin Yi, and while she was relieved, she was also embarrassed.

Lin Yi didn't even do anything to her, and she was the one who threw herself into his arms. What would Lin Yi think if he saw this?

With that thought, Xinyan quickly tried to get out of Lin Yi's arms. She sneaked a glance at Lin Yi and saw that his eyes were closed. She quickly moved her body to the side, but Lin Yi felt it.

Lin Yi hadn't been sleeping at all-he'd been training the whole time, so he spoke subconsciously,"Xinyan, you're awake?"

"Ah!" Xinyan wasn't expecting Lin Yi to wake up earlier than she did-so he was pretending to be asleep with his eyes closed? This guy was taking advantage of her even after he woke up ... No... Xinyan suddenly realized that if Lin Yi wanted to take advantage of her, he could've just hugged her. Why did he have to do this?

Xinyan realized that Lin Yi didn't want to disturb her sleep, but even so, she was still embarrassed."I ... I was a little cold last night ..."

"Ha ... It's nothing. I don't mind being a heater." Lin Yi really didn't mind-he already had a good impression of Xinyan, and now that he found out that her scent was good for his training, he didn't mind at all. In fact, he liked it.

“Ah ... I’m up ...” Xinyan quickly got up as the conversation between the two became more and more intimate ...

In fact, many students had already woken up at this time. However, it was still early and there was still some time before the Sixo’ clock assembly, so they wanted to stay in bed and rest for a while.

Xinyan went to the bathroom to wash her face, and Lin Yi got up as well. As the class monitor, he couldn’t stay in bed, but since Lin Yi and Xinyan were the first to wake up, he didn’t mind losing face.

“Wuwuwuwuwuwuwu” the wake-up call sounded. It was 5:50 A. M., Time to gather!

All the students in the living quarters ran out and stood in a line in front of the living quarters.

Yutian showed up at Sixo’ clock sharp, marking the start of the day’s training.

The training for the first three days was very simple. It was what everyone had practiced in junior high and high school. They walked in front, in unison, changing formations, and so on. Although it was tiring at the end of the day, everyone could still persist.

In the cafeteria, there was no more unhappiness. With Zhang duopan and fan ganhe’s example, no one dared to cause trouble again. As for the way Chen Yutian dealt with the two, other than Zhang duopan and fan ganhe, no one felt that Chen Yutian was being unfair.

It was the two of them who started the fight, and while Lin Yi was a little cruel, he was helping his classmate-everyone saw it as a good deed. The fact that he wasn’t punished meant that Yutian was an open-minded instructor.

In fact, if it wasn’t for Lin Yi, Yutian would’ve dealt with it as well, but since it was Lin Yi, he naturally sided with him.

To Lin Yi’s disappointment, he didn’t see Mengyao and Yushu in the canteen.

There was more than one cafeteria here. Perhaps the economics students were assigned to other cafeterias and did not interact with each other.

This level of training wasn’t anything to Lin Yi at all-the only thing that made him happy was sleeping with Xinyan every night.

It wasn’t that Lin Yi was lecherous, it was just that Xinyan’s scent could speed up his practicing.

Three days-these three days were enough to match up to half a month of Lin Yi’s progress!

Chapter 1928: The challenge (1)

Although part of it was because Lin Yi was getting more and more familiar with the second stage of the art of Dragon mastery, it was only one of the reasons. The scent on Wang Xinyan played an important role.

Xinyan would hug Lin Yi every morning, and it’d be a little awkward, but the awkwardness faded as time went on, and it became a natural thing. She wasn’t as shy as before anymore-Lin Yi didn’t take advantage of her, and she didn’t do it on purpose, so there was no need for the two to be awkward anymore.

As Lin Yi said, the two were good friends.

Starting from the fourth day, it was military boxing.

Most students had heard of military boxing before, but they had never practiced it. After all, there were Muay Thai, Sanda, Taekwondo, and even Tai Chi in the martial arts training classes outside, but very few systematically taught military boxing.

He was still very curious about this fist technique that everyone in the Army practiced. Only right coiling Tiger's mouth showed a trace of disdain.

"Military boxing, although it sounds very ordinary, is a set of boxing techniques that every soldier in the Army knows. Many people think that it's just used to strengthen the body." Chen Yutian paused for a second before continuing, "It's true that military boxing can strengthen one's body, but it's also a boxing technique that has a great significance in actual combat. It has a remarkable effect when fighting in close combat with the enemy! Not to mention ordinary soldiers, even Special Forces soldiers may use military boxing when facing enemies. So, if you practice military boxing well, it will also guarantee your personal safety in the future. When you encounter an enemy, if you can use military boxing well, not only will you not keep the bad guys, but you will also have no problem protecting yourself!"

These words made all the students present look forward to it. Yes, if they learned this set of fist technique well, then when they encountered danger in the future, wouldn't they not be slaughtered by bad people? Even Lin Yi nodded in agreement.

[Military boxing] was a set of boxing techniques that had been refined and perfected by the elites of countless soldiers. Yutian wasn't exaggerating at all.

"Hahaha!" Someone laughed out loud, disdainful of Yutian's words.

"Who was the one who laughed? Do you have any doubts?" Chen Yutian's face darkened. He didn't expect this kind of student to exist.

"Reporting to the instructor. I've seen it before. There's someone in our class who's also very powerful. Your military boxing might not be his match!" It was the yellow-haired man, the Lackey of right Panhu, the one Lin Yi had taught a lesson to.

Youpan Hu had seen Lin Yi's actions in the canteen and guessed that Lin Yi didn't want to cause trouble on campus, so he'd started carrying out his plan. He'd get the yellow-haired guy to cause Lin Yi some trouble and disgust Lin Yi, and it'd be best if he could get Lin Yi to deduct some points. He'd just have to suffer in silence and not be able to say anything-that was the highest level of pranking.

"Oh? Who are you talking about?" Chen Yutian frowned and looked at the color of Blondie's hair. A trace of disgust flashed in his eyes. This guy was probably a gangster, doing whatever he wanted in school just because his family had some money!

But this was the Army, not a school. Yutian wouldn't let him be.

"It's Lin Yi, he's a martial arts master!" The yellow-haired guy pointed at Lin Yi.

"Oh, how do you know he's a martial arts expert? Could it be that you're the same?" Chen Yutian asked.

“Gah?” The yellow-haired guy didn’t expect Yutian to point the spear at him right away—he was caught off guard!

Youpan Hu frowned as well—he’d been gloating over the success of his scheme. After all, Lin Yi didn’t know if he should fight him or not.

As far as he was concerned, Lin Yi could easily take down the instructor, but wouldn’t he lose face if he did? How could Lin Yi recover from the military training? Even if the instructor didn’t hate Lin Yi, he’d still be criticized by the school.

But if Lin Yi admitted defeat on purpose, with his strength that could even kill an Earth Class, wouldn’t it be very frustrating to admit defeat in a fight against a normal instructor?

If he didn’t fight, it would be disobeying orders, and points would be deducted if he didn’t listen to orders during military training.

However, right Panhu didn’t expect that this conflict would be transferred back to the yellow-haired guy.

“I’m asking you a question, how do you know that Lin Yi is a master?” Chen Yutian yelled at the yellow-haired guy.

“This ...” The yellow-haired thug didn’t know how to explain.

“Since you know that he’s an expert, then I think you’re an expert too. You come and fight with me. Let’s practice military boxing!” Chen Yutian knew that the yellow-haired guy was up to no good. He wanted to teach him a lesson so that he would stop.

Even if he didn’t target Lin Yi, he didn’t like the way he was dressed like a hooligan.

“Me?” The yellow-haired man was slightly stunned, but he wasn’t afraid. He was here to accompany the young master to study. Right Panhu cared about credits, but he didn’t care. Even if he couldn’t graduate, it didn’t matter. He was just a customer in the you family. This academic qualification was of no use to him, so the yellow-haired man laughed. “I’m fine with it, but instructor, let’s make this clear first. If I win your military boxing, what will happen?”

“You won? What do you say?” Chen Yutian didn’t think that the yellow-haired guy would dare to raise a condition. His eyes narrowed as he wanted to see where the yellow-haired guy’s confidence came from. Unfortunately, Chen Yutian didn’t have Lin Yi’s eyes.

The inner force experts could only reveal their strength when they were circulating their inner Qi. If they did not deliberately reveal it, they could only reveal their strength in a battle or when they were using Qinggong.

Physical practitioners didn’t have any Qi in their bodies, and could only rely on their strong bodies to move the Qi in the natural world. Lin Yi couldn’t tell their strength if they didn’t attack.

“If I win, the three of us won’t be participating in the military training. However, you must give us full marks for our military training and give us some extra points!” The yellow-haired man pointed at him, right coiling Tiger, and purple-haired.

“Alright, although this is against the rules, I’ll still agree to it. Because you can’t beat me, and I’ll show you what military boxing is!” Yutian said with a cold smile.

“Hey, you said it!” The yellow-haired guy chuckled and started channeling the arts in his body-his strength as an early phase Mystic class master was fully revealed!

Yutian’s eyes flashed with surprise-he didn’t think that a thug would be an early phase Mystic!

Chapter 1929: The challenge (2)

Of course, Yutian didn’t think much of him. He was a Mystic late phase peak now, and his strength was already consolidated. Why would he be afraid of the yellow-haired guy?

“You can attack me. You can use all kinds of moves. I’ll only use military boxing to fight you!” Chen Yutian pretended that he didn’t see the yellow-haired guy’s strength and said faintly.

The yellow-haired man sneered in his heart. It seems like you don’t even know about cultivators, and you still want to defeat me with military boxing? Even if you cultivated the military boxing to its extreme, you were still just an ordinary person. The difference between you and a cultivator was like the difference between heaven and earth.

“You said it!” The yellow-haired guy didn’t say anything and just threw out a punch. Of course, he was afraid that he would kill Yutian with one punch, so he only used his early phase golden class strength to teach Yutian a lesson.

“Bang!” The yellow-haired man punched Yutian’s arm, and Yutian’s attack was one of the defensive moves of the military boxing.

At first, the yellow-haired guy thought that his punch would at least send Yutian flying, if not break his arm. However, Chen Yutian didn’t move at all. The yellow-haired guy, on the other hand, took a few steps back and fell on his butt.

“Hahaha ...”

Seeing the blonde sitting on the ground, all the students laughed. This guy was so arrogant at the beginning. He even wanted the instructor to exempt them from military training and get bonus points. Who did he think he was?

Yutian didn’t want to hurt the yellow-haired guy, so he only controlled his strength to Mystic early phase peak-he just needed to suppress the yellow-haired guy. After all, practitioners under Earth Class were one level away from killing their opponent, so Yutian only used [military boxing] to defend and didn’t attack the yellow-haired guy, hoping that he would back off.

But who knew that the yellow-haired guy would be so careless? if he used all his strength, he wouldn’t have fallen so hard, even if he couldn’t do anything to Yutian.

“Mystic early phase peak ...” The yellow-haired guy looked at Yutian in disbelief. Since when were there so many practitioners? One had to know that he was from a hidden house, and that was why he had Mystic class strength. But Chen Yutian was just a military instructor, and he was stronger than him?

Right-hand Tiger and purple hair were also practitioners-they couldn't tell how strong Yutian was before, and they'd be idiots if they couldn't now. Right-hand Tiger's face changed,"Yellow hair, come back. Purple hair, you go!"

"Yes!" Purple hair nodded-he was a Mystic mid phase, a head above Yutian, so he agreed without hesitation.

"I didn't expect instructor Chen to be a master. In that case, I'll take two moves from you on behalf of my brother." Purple hair stood up and looked at Yutian.

"Oh, since you're out, then come on. Students, look carefully. In the future, if you encounter these yellow-haired and purple-haired punks, you can be like me, so you can avoid being bullied by them!" Chen Yutian started explaining to the students using these two as examples.

The purple-haired guy was pissed-he was a Mystic mid phase, not a gangster! However, this wasn't the time to argue. Chen Yutian didn't mention any names, so purple hair could only hold it in for now. The best way to fight back was to knock Chen Yutian down later.

"Hahaha, yes, instructor Chen! Let's watch carefully!" The students said one after another.

"Mystic early phase peak, is it very powerful?" Purple hair smiled coldly at Yutian and started his practitioner's Arts, displaying his strength as a Mystic mid phase.

"Come on, continue to attack me!" Yutian looked at the purple hair, even more shocked. There was a Mystic mid phase? What kind of class was this? there were really crouching tigers and hidden dragons! However, compared to Lin Yi, the earth Class, these people were still too weak.

"Hmm?" The purple-haired guy froze-this Yutian was only Mystic early phase peak, but he wasn't scared of a Mystic mid phase like him, and even asked him to attack him-was he stupid? A high-tier master attacking an Earth Class-wasn't that a one-sided fight?

"Hurry up, don't waste everyone's time!" Yutian said impatiently.

"Hmph!" The purple-haired man was furious-he hmphed coldly and sent a kick towards Yutian. Since Yutian was a Mystic early phase peak, he didn't have to hold back anymore. He'd just use his full strength and injure him. He was a Mystic early phase peak anyway, so he wouldn't die. He was planning to make Yutian suffer in silence!

He was the one who asked him to attack, and even if he did hurt Yutian, he had no choice but to accept it. He was the one who agreed to the conditions himself!

However, when the purple-haired guy kicked him, Yutian also used military fist to win. But what shocked purple-haired was that Yutian wasn't a Mystic early phase peak, he was a Mystic late phase peak!

The purple-haired guy regretted his decision, but it was too late. The moment his foot touched Yutian's fist, he was sent flying away, far further than the yellow-haired guy. He flew to the edge of the training ground and fell heavily, letting out a blood-curdling scream.

This was the result of Chen Yutian showing mercy. Otherwise, with Chen Yutian's strength, killing purple hair would be a piece of cake.

“Hua Hua Hua” the students present immediately let out sounds of surprise, which was followed by thunderous applause!

Yutian’s move was too cool. It looked like an ordinary move, but it was so powerful. It was like a special effect scene in a martial arts movie. Normal people could only knock someone down, but this kind of punch could send someone flying. It was rare for ordinary people to see someone flying this far. This was a scene only in movies.

And now, it was happening right in front of everyone’s eyes! It turned out that the scenes in the movie were not a lie to attract attention, but in fact, there was really such an amazing person who could do it!

“Yellow-haired, purple-haired, right-hand coiled Tiger, you’ve violated the rules. Go and run a hundred laps around the barracks, or you can’t have lunch!” Chen Yutian glanced at Yu Panhu. He could tell that these three were in the same group. Since the yellow-haired guy and the purple-haired guy weren’t normal people, Yu Panhu was probably a practitioner as well. A hundred laps weren’t a big deal. He could just play with them.

“Yes ...” The purple-haired, yellow-haired, and right-hand Tiger were furious, but they didn’t dare to act rashly now. This instructor was a Mystic late phase peak-they couldn’t fight back against him!

Seeing the three of them run their laps, the students present burst into laughter.

Chapter 1930: Field training

“Alright, everyone has seen the power of military boxing. Now, are you willing to learn from me?” Chen Yutian asked.

“I’m willing!” Now that they’d seen Yutian’s power with their own eyes, who wouldn’t want to learn?

In fact, military boxing was indeed powerful, but it depended on the user. If Yutian wasn’t a Mystic, he wouldn’t be able to send someone flying with one punch.

However, Yutian was happy to use this method to motivate his classmates. What he heard was false, and what he saw was true. He had a fight with the blonde and purple haired, and that was more convincing than any explanation.

The medicine major would probably be one of the classes that took military boxing the most seriously this time-under Yutian’s lead, everyone was in full swing, and even Xinyan was sweating from exhaustion, but she was still serious ...

“Damn, young master you, why are we so unlucky?” The yellow-haired man said helplessly as he ran.

“This is weird, even a random instructor is a Mystic class master, this Mystic class master is too worthless!” “But a wise man doesn’t fight when the odds are against him-let’s run! We’ll teach that Lin Yi a lesson when we get back!”

“I thought we’d be messing with Lin Yi a little without boss Bai around during the military training, but that’s too easy for this kid!” The purple-haired man said.

However, Yutian yelled right after the purple-haired guy finished, “What are you three whispering about? Looks like you’re full of energy? Another hundred laps!”

Chen Yutian glanced at Yu Panhu. This guy was only a golden class master, but a few hundred laps shouldn't be too tiring for him, so he gave them another hundred laps.

You Panhu and the others secretly groaned, but they were helpless ...

In the blink of an eye, three days had passed. The next event was field training, which was one of the most important events in military training and also the most difficult training content.

This was a test of everyone's ability to survive in the wild!

Early in the morning, a few buses took all the biology students to the foot of a mountain about 50 kilometers away from the camp. This was an unknown mountain range, not far from the border. The training content this time was to form groups of three and go up the mountain to find the designated location of the small flag.

Because each small flag was placed in a different position, each small flag had a GPS positioning device, and each team would randomly get a GPS receiving device. Only by following the coordinates on the receiving device could one find the small flag. The first three teams to find the small flag would each receive two extra points as a reward.

The training would last for two days, from morning till night. Teams that could not find Xiaoqi would only be deducted one military training credit.

Although the training seemed very simple with GPS coordinates, how difficult was it to actually find it? This mountain was not a tourist attraction. There were no ready-made paths at all. Although the mountain walls were not steep, the forest was full of jungles. It was obviously not an easy task to pass through the layers of jungles to find the target.

Moreover, the position of each small flag was different. On such a large mountain, there was no possibility of cooperation. Only the two people in the same group could find it by themselves.

Chen Yutian explained to the students some essential knowledge for survival in the wild. There weren't any wild animals on the mountain, but most of these students grew up in the city. They didn't have any experience in surviving in the wild. It would be bad if something happened.

However, just in case, Yutian still had a backup plan. "There's a red switch at the back of this GPS coordinate. It's an emergency alarm switch. If you're in danger on the mountain, just press this switch. We'll know your coordinates and rescue will be there immediately!" "Of course, if you didn't run into any danger and just randomly picked it, I'd cancel your points for this field training. I hope that everyone can play to the spirit of cooperation and work together to get through this difficult time. You must learn to not leave each other and support each other. I don't want to see a situation where you fall behind! If a group is eliminated, no matter if we find little flag or not, our credits will be directly deducted!"

At first, everyone was a little worried when they heard that they had to go up the mountain alone to find the small flag. However, with this emergency switch, there was no problem. As for the problem of being left behind, no one thought about it. No one would leave their classmates behind.

"Alright, students from each class, please volunteer to form teams of three. Come here to collect your GPS, compressed biscuits, water, first aid kit, and camping supplies." Chen Yutian said.

The number of people in Lin Yi's class wasn't multiple of three-there were two more people, and Lin Yi didn't hesitate to team up with Xinyan. He should've gotten another extra student from another class to form a team, but Yutian knew Lin Yi's strength, and it wouldn't be a problem for him to bring Xinyan up the mountain alone-he agreed without hesitation.

After the groups had collected their stuff, they started heading up the mountain under Yutian's command. However, not long after they started, no one was going the same way as them-their flags weren't in the same location. The mountain was big and tall, and not many people were willing to take the long way. Most people chose the straight route shown on the GPS ...

However, on this kind of mountain, even if it was a straight line, it was impossible to walk in a straight line. After all, there were some mountain rocks and trees that had to be bypassed.

Xinyan said, a little embarrassed at the sight of Lin Yi carrying all his stuff."Lin Yi, can you help me out?"

Many groups had three boys, and there wasn't much to share, but Lin Yi's group had fewer people to begin with, and Xinyan was a girl.

"No need. These aren't heavy at all. You need to maintain your strength. If you collapse from exhaustion, not only will I have to carry the things, but I'll also have to carry you. Won't that be even more tiring?" Lin Yi said with a smile.

"Oh ..." Xinyan blushed, and for some reason, she was looking forward to it ...

She didn't know when it started, but Xinyan was starting to get used to Lin Yi's presence-it'd only been a few days, and she felt like she'd developed a reliance on him ...

Xinyan didn't know if it was a good or bad feeling, but she didn't reject it ... This was the first time she'd been this close to a guy since she was young, and she was surprised that she didn't have any bad feelings towards Lin Yi. (To be continued.)
