

Bodyguard 1931

Chapter 1931: no other meaning

Wang Xinyan was a quiet person, and had never fallen for a guy before. In fact, she was naturally repulsed by them, for no other reason than the fact that her two uncles were too bad. They didn't like her since she was young, and she had a bad impression of other men as well.

But she'd never felt that way after knowing Lin Yi-perhaps it was because they'd met by chance on the train, and she felt sympathy for him after seeing him get scammed like that. She was surprised to find out that it wasn't Lin Yi who got scammed, but the other scammers, and she was curious about Lin Yi.

The second time they met was in the business district of Songshan. She was in trouble, but Lin Yi solved it with ease. From then on, Xinyan felt that Lin Yi was a good friend.

However, the real heart-to-heart exchange was that time on the plane when she was in a low mood and told him a lot of her past and worries. From that time on, the relationship between the two of them should be closer than ordinary friends, and they could be considered good friends ...

She realized that Lin Yi was a good person, a good person.

But thinking about it, Lin Yi might be a good person in her eyes, but in house Xiao's eyes, Lin Yi was a super tyrant.

The two climbed about a kilometer up the mountain, and Xinyan's stamina was starting to run out. It was easier to walk when they first started, but now it was extremely difficult. There were branches, leaves, and mud everywhere, slowing them down a lot.

Of course, if he didn't have Xinyan with him, it'd be a piece of cake for him to find Xiaoqi and come back. This level of jungle route was a piece of cake for Lin Yi-he'd still been able to walk as fast as he could in the primitive forests of Africa, full of wild beasts, snakes, swamps, poisonous flowers, and bugs.

"If you're tired, take a rest." Lin Yi said as he found a clean spot.

"Ah ... It's okay, I can still hold on!" Xinyan didn't want to rest so soon-if she kept resting, how long would it take for her to find Xiaoqi?

"It's fine. The scenery here is beautiful. I'll just take it as a sightseeing tour." "Look at the Maple leaves all over the mountain, how pretty ..." Lin Yi smiled.

As far as Lin Yi was concerned, if he couldn't find it in the end, he'd just run over and get the flag back, and the mission would be considered complete. As for the top three, Lin Yi didn't really care. Boss Bai had already guaranteed him that he'd be able to graduate smoothly, so why would he still need the credits?

Boss Bai was the boss of the pharmacy department. With his promise, even the principal would not say anything.

"Yes, it's indeed beautiful." Xinyan sat down as well, looking at the red leaves all over the place as she remembered a poem."Far up Mount Han, there's a house deep in the White clouds. I'll Park in the maple forest in the evening, the frosty leaves are red like flowers in February ..."

It was just a casual comment, but Xinyan's face reddened as soon as she read it-the poem's third line,"stop and enjoy the fenglinwan" had been changed to "stop and enjoy the fenglinwan" by some bored people. She'd seen it on campus BBS two days ago.

"I ... I'm just saying, nothing else ..." Wang Xinyan added.

"? ?" Lin Yi, on the other hand, looked at Xinyan, confused. "What's wrong? What do you mean by that?"

Xinyan didn't know whether to laugh or cry at Lin Yi's reaction. Lin Yi didn't think of this? But she didn't know how to explain it-Lin Yi didn't think that far, and it'd be bad if she explained it herself. "It's nothing,"

"Nothing much?" Lin Yi frowned as he tried to recall what Xinyan said."You mean stop the car and make love?"

He'd seen someone tampering with the poem on the school's BBS when he'd been investigating the school-this was what Xinyan was talking about.

"No, I didn't say anything. Why are your thoughts so impure?" Xinyan's face reddened-she'd just be making Lin Yi even more curious if she said it was nothing. He'd remember it all if she didn't remind him.

"Ah?" Lin Yi shrugged helplessly."You were the one who said it first ..."

"Alright, alright. I've rested enough. Let's continue our journey." Xinyan changed the subject, and stood up to continue walking.

Lin Yi smiled-Xinyan was quite an interesting person. It didn't seem like she was completely out of the world, but she was a little cold in front of people she wasn't familiar with. She became more open once they got to know each other-she was a bit like the Miss, but not completely the same.

The Miss was cold on the outside but warm on the inside, but she wasn't as quiet as Wang Xinyan.

It was almost noon when Lin Yi took out a pack of hardtack from his bag."Are you hungry? Do you want to eat something first?"

"I'm not too hungry yet. Why don't I hold on for a while before eating?" Xinyan was worried that there wouldn't be enough-she'd checked other people's GPS before, and none of them were as far as the one she had. It was almost the end of the mountain, and they'd have to climb over the other side to find the flag.

Xinyan didn't know why she was so unlucky to have gotten a GPS like this, but she didn't want to waste food. Perhaps she and Lin Yi would be the last group to complete the mission.

In fact, Yutian gave her the GPS on purpose. As far as he was concerned, it was safer to give the furthest coordinates to Lin Yi. With Lin Yi's skills, getting the red flag was a piece of cake.

"It's fine. The two of us also brought a bag of supplies. It's enough for three people to eat." Lin Yi smiled and tossed a bag of biscuits to Xinyan.

“Then ... Have some ...” Xinyan was hungry after seeing the food. She might’ve been able to last a little longer if Lin Yi didn’t bring it out.

The two of them found a clean place to sit down, ate some compressed biscuits, and drank some water before continuing on their journey.

After the meal, Xinyan’s strength had recovered quite a bit, but they were still too far from their goal. They walked for another four hours, and were only halfway there!

Lin Yi sighed when he saw that Xinyan’s stamina was running out. “We’re at least 20 kilometers away from our destination. We have to get there before dark. Otherwise, we won’t be able to complete the field training mission tomorrow.”

Chapter 1932: Arriving at the destination

“Sigh, it’s all my fault for getting such a long distance GPS. I’ve seen other people’s GPS, and they’re all very, very close, less than twenty kilometers in a straight line ...” Xinyan smiled bitterly-her one-way trip was like a round trip for them.

Lin Yi, naturally, knew that Yutian was doing this on purpose-only he had the ability to carry someone this far, and that was why he left the most difficult part to him.

Of course, there was another GPS that was just as difficult as Lin Yi’s. It was in the opposite direction of Lin Yi, at the end of the mountain range, and they had to cross the mountain as well.

But Yutian gave the GPS to the three-it was a piece of cake for them to get there. Lin Yi was an Earth Class, but even if he had Xinyan with him, he might not be as fast as the three of them.

“Ha ... It’ll be fine with me around. If it really doesn’t work, I’ll carry you.” Lin Yi said with a smile.

“I ... I’ll hold on a little longer ...” Wang Xinyan hesitated and gritted her teeth. Although it would be easy for Lin Yi to carry her, Wang Xinyan was shy and she didn’t want to risk it. She was also afraid that Lin Yi would be too tired.

Lin Yi nodded, but seeing that Xinyan was having a hard time walking, he extended his hand to her.

Xinyan took Lin Yi’s hand after some hesitation-it was the first time she’d been held by a guy, and it wasn’t out of love, but out of teammates. Xinyan knew that Lin Yi wouldn’t have any other thoughts-he just wanted to help her, that was all.

Although, Xinyan’s hands were still a little stiff despite what she said-they were already sweating from holding Lin Yi’s hand.

Lin Yi smiled at Xinyan’s nervousness.”We are now comrades.”

Xinyan was taken aback, but she smiled and nodded.”Yeah, we’re comrades!”

At that moment, the knot in Wang Xinyan’s heart was finally untied. She held Lin Yi’s hand even tighter, but she didn’t feel nervous anymore. In its place was a very comfortable sense of security. It was as if she was not afraid of anything as long as she held his hand. All difficulties were like floating clouds.

It was a bumpy journey, and after about ten kilometers, the sky started to darken-it was already six in the middle of the night, and while Lin Yi didn't face any obstacles, Xinyan was a girl, after all, and it was obvious that she'd be scared.

Lin Yi would usually choose to move at night when he was in the Virgin forest-it was a dark and windy night, after all.

"I'll carry you." Lin Yi looked at the coordinates on the GPS-the two had crossed the mountain and were going down the mountain, heading towards their destination.

As the old saying goes, it's easy to go up the mountain, but hard to go down. Although it's strenuous to go up the mountain, it's not easy to be in danger. Although it's energy-saving when going down the mountain, it's easy to lose your footing.

Of course, this wasn't a problem for an Earth Class like Lin Yi-he wouldn't die even if he slid down. Xinyan, on the other hand, was having a harder time walking down the mountain, especially when it was dark.

That was why Lin Yi suggested that they do it behind Xinyan's back.

Xinyan hesitated-they were less than ten kilometers away from their destination, but it was all down the mountain. If they kept going like this, they'd have to walk until midnight, and they'd probably wake up at noon the next day. They wouldn't make it back in time.

"Come up, my comrade!" Lin Yi hung the bag over his chest and crouched down.

Xinyan didn't resist anymore-she wrapped her arms around Lin Yi's neck and lay on top of him.

However, when her soft chest pressed against Lin Yi's body, Xinyan realized that she wasn't wearing a bra. Didn't that mean that she was on Lin Yi's back? But thinking about it, a normal person's back shouldn't be that sensitive, so Lin Yi shouldn't be able to feel anything ...

She didn't know that Lin Yi wasn't a normal person-he was an Earth Class practitioner, and practitioners had the best control over their body parts, so Lin Yi reacted the moment Xinyan laid on him ...

It was a good thing that Xinyan was behind him, and it was dark. She wouldn't be able to see his reaction, or it'd be really embarrassing.

Xinyan wanted to carry Lin Yi's bag for him, but then she remembered that she was still with him. Even if she carried her bag, it'd be the same as putting all the weight on Lin Yi.

Xinyan thought that Lin Yi would be walking very slowly with her on his back, but as she looked at the trees, she realized that Lin Yi wasn't slowing down at all. In fact, he was even walking faster than before!

What surprised Xinyan the most was that Lin Yi didn't even step on anything like she did-he walked so steadily that she didn't miss a step! Could it be that Lin Yi was walking so slowly because he was accommodating her?

Xinyan felt even more guilty at the thought.

In fact, even with his eyes closed, Lin Yi could still walk as if he was flying, and he could see even more clearly than with his eyes open ...

He felt the softness on his back, but his attention quickly shifted to other places. What should he do with the Miss and Shu? With their personalities, they might not be in the same group as the others. They were not cultivators and were girls. If they went up the mountain, would it be dangerous?

But phones weren't allowed here-they'd locked it up in the room's cabinet. It was impossible for Lin Yi to contact the Miss now, so he could only tell Yutian to take care of her.

But thinking about it, with Yushu around, Yutian wouldn't give them anything too complicated.

Finally, Lin Yi arrived at his destination. It had to be said that Lin Yi had walked very fast this time. He had covered almost ten kilometers in less than half an hour, and this was under Lin Yi's control. He didn't want to scare Xinyan too much. Normally, Lin Yi wouldn't even need ten minutes to run.

Xinyan was too tired, and she fell asleep on Lin Yi's shoulder without realizing it. It was a very comfortable and peaceful feeling, as if she'd forgotten all her troubles just by lying on Lin Yi's broad shoulders. It had only been half an hour, but Xinyan was still in a good sleep.

Chapter 1933: I believe you!

Lin Yi's sudden stop woke Xinyan up. She didn't know how long she'd been asleep, but she woke up immediately when she saw little flag.

We've arrived? Was it here? Xinyan couldn't believe it-how long had Lin Yi been walking with her on his back for, and they'd already reached their destination?

"You're awake?" Lin Yi already knew that Xinyan was asleep, and he was the first to notice her when she woke up.

"Yeah ... I'm sorry, I was too tired, I fell asleep ..." Wang Xinyan said apologetically.

"There's nothing to be sorry about ..." Lin Yi smiled, "That's how it should be. We'll only be able to continue our journey tomorrow if we rest our spirits. "

He put Xinyan down and put the flag into his bag, starting to set up the tent ...

Chen Yutian and a few other soldiers were staring at a computer screen in a SUV at the foot of the mountain. When Chen Yutian saw the GPS in Lin Yi's hand overlap with the flag's GPS, he knew that they had arrived at their destination.

Yutian couldn't help but let out a breath of relief. Lin Yi was a lot slower than coiled Tiger and the others, but he was carrying a girl. He was moving extremely fast in the last ten kilometers, and Yutian guessed that Lin Yi was carrying Xinyan on his back.

"Lin Yi, why don't I help you? you should eat something. You must be tired from carrying me just now, right?" Xinyan said as she looked at Lin Yi assembling the tent.

"No need, you eat first. You've never made this thing before. It'll take a lot of time to assemble it according to the drawings." Lin Yi said as he quickly fiddled with the tent parts.

Xinyan blinked. Didn't you look at the drawing? But upon closer inspection, Lin Yi didn't even look at the blueprint-it was just placed to the side, folded and folded. Lin Yi didn't even open it.

"You've assembled it before?" Wang Xinyan was surprised.

"Yes, these military tents are assembled the same way. I used to assemble them all the time ..." Lin Yi sighed. It was like he'd gone back to the war-filled days, where he would camp with his teammates every night and assemble tents. At that time, the pangolin was the most active in assembling tents-the kid's favorite thing was to sleep ...

Lin Yi's heart sank at the thought of the pangolin. He still hadn't found the killer yet. Although the common house Yu was destroyed by Lin Yi, they were only accomplices, not the mastermind. The mastermind should be the organization called red conch. Although Lin Yi had killed two important people in red conch, it was far from enough. Lin Yi's goal was to annihilate the entire family, to turn this organization into ashes to relieve his hatred.

He then thought of Ziyu-how was she doing? According to uncle Fu, she and Chen Xi both got into Songshan's first school by themselves, but Chen Xi passed the cut-off point for free students, while Ziyu barely passed the cut-off point for self-funded students. But with uncle Fu there, Ziyu didn't have to pay.

At that time, pengzhan industries hadn't been in trouble yet, and uncle Fu still had absolute power. Even after the an family took over, they wouldn't have the time to investigate such a small matter.

Lin Yi decided to visit Ziyu this time-he did care a lot about this girl, after all, since she was the pangolin's sister.

"In the past?" "You used to assemble these?" Xinyan asked, confused.

"Ha ... I used to ..." Lin Yi smiled bitterly, but for some reason, he didn't hide it from Xinyan,""In the past, my life and yours were two different worlds ..."

Maybe it was because of his trust in Xinyan, or maybe it was because he didn't need to hide anything anymore with his current strength. His enemies weren't enemies anymore, and he wasn't afraid of their revenge.

Lin Yi was a golden class master at the time, so he was afraid that his old enemies would come looking for him. But Lin Yi was an Earth Class now, and the enemies he faced were all Mystic class at the minimum. There was no point in hiding it.

"Ah?" "You mean, before you came to Songshan?" Xinyan blinked.

"More or less. When I met you on the train, it was actually the beginning of my integration into this city." Lin Yi nodded.

Xinyan didn't ask what Lin Yi used to do-everyone had their secrets, and she didn't want to put him in a difficult position. "Let's eat something and rest. "

"Oh, alright." Lin Yi finished assembling the last part of the tent-it was now complete.

Lin Yi and Xinyan sat in front of the tent, and opened a pack of hardtacks under the moonlight. Xinyan was hungry, but she didn't eat much, which surprised Lin Yi."You want to eat more?"

"I ..." Xinyan blushed. "It's not convenient to use the toilet here, so I don't dare to eat too much ..."

"Heh, this is deep in the mountains and old forests. We can just find a random place." "Don't worry," Lin Yi smiled, "eat more. We still have a long way to go tomorrow. "

Xinyan didn't eat too much despite Lin Yi's advice, but she did drink quite a bit of mineral water. They'd brought a lot of water-perhaps Xinyan was trying to help Lin Yi reduce his weight, and drinking water could fill her stomach.

"I'm full, let's rest." "The Air's so fresh here!" Xinyan said after a deep breath.

"Yeah, there's no noise and waste gas from the city. If it wasn't for the time constraint, this would be a good tourist spot." Lin Yi said.

"Yes, rest ..." Wang Xinyan nodded and was about to enter the tent when she saw that Lin Yi didn't move." Lin Yi, you're not coming over to rest with us?"

"You go ahead, I'll be fine outside." Lin Yi didn't enter the tent.

"It's okay ... Didn't we sleep together in the living quarters before ..." Xinyan could tell that Lin Yi didn't want to go to the hospital.

"There weren't a lot of people before, but now it's just the two of us ..." Lin Yi was worried that Xinyan would be embarrassed, but she was even more generous.

"I believe you ..." Xinyan lowered her head and stopped talking. She'd invited a guy to sleep with her, and it'd been unbelievable to her before, but now, it was so natural.

"Alright," he said. Lin Yi nodded after some hesitation.

Chapter 1934: A strange question

Xinyan's scent was good for his practicing, and he didn't want to waste this opportunity. He wouldn't have this chance again when he got back to school.

They were sleeping together in the living quarters, and there were other people around-it was considered a group activity, but Lin Yi and Xinyan were in the same tent right now, and the atmosphere was a little awkward ...

However, this scene gave Lin Yi a familiar feeling. It was also in the tent, with a beautiful and gentle girl. Lin Yi seemed to have experienced a similar scene before ... Was it ning? Lin Yi shook his head-they were in a cave, not a tent.

However, deep in his memory, it seemed as if today's incident had happened before. Could it be in his previous life? Or was he dreaming? Or perhaps he was fated to be with Wang Xinyan?

If it was the latter, it was possible. They were indeed fated to be together. They had sat together several times, and now they were even in the same bed. How many coincidences could there be in life?

"You ... Are you asleep?" Xinyan's words interrupted Lin Yi's thoughts, pulling him back to reality.

"No, why?" Lin Yi asked.

"I'm a little scared, it's so quiet here ..." Xinyan only realized how quiet it was when she entered the tent-she'd been surrounded by her classmates and soldiers patrolling the area, but it'd never been this quiet before.

"You'll get used to it. This mountain is a Dead Mountain. There are no wild beasts here, but it's also safe."
"Some of the mountains aren't quiet, but it's scarier when it's night time," Lin Yi said.

Lin Yi was speaking the truth-the nights in the tropical forest were the scariest. Not only did they have to be on guard against enemies, but they also had to be on guard against all sorts of wild animals and poisonous insects. Here, however, there was no danger to speak of.

"Yeah, can you talk to me?" Xinyan was tired, but she wasn't too tired after the nap. She remembered that Lin Yi wasn't asleep yet, so she apologized,"Ah, you've not taken a rest yet. How about taking a rest first? don't worry about me ..."

"I'm a cultivator, it's fine even if I don't sleep." Lin Yi shook his head with a smile.

"Lin Yi, what do you think life is after?" Xinyan had been lost for a long time-she didn't know the meaning of life. Was she just a sacrifice for her family?

"Everyone's pursuit is different. I can't say for sure." Lin Yi didn't understand why Xinyan would ask something so profound.

"Then what is your pursuit?" Xinyan regretted it a little after asking. "I'm sorry, I was just asking. If you don't want to tell me, then don't ..."

"Once ... A long time ago, I asked myself what my goals and pursuits were, but I was very lost back then. I didn't know what I was pursuing or what my goals were ... The things I did every day seemed to be things I didn't like, but I had to do them ..." Lin Yi said,""At that time, I really didn't know what I was pursuing. I didn't know if I would live my life in such a muddled state ..."

"Oh? What happened after that?" Xinyan was a little surprised-so Lin Yi's life had been like this before.

"Then, then I came to Songshan. Here, I had my own love, my own friends. I thought, protecting them, making them live a better life, that was my pursuit and goal." "The only way to do this is to keep getting stronger," Lin Yi said.

"I see ... I'm a little envious of you then ..." Xinyan smiled bitterly."I don't have many friends ... Since I was young, and I've never had feelings for any boy. I don't know what true love is, and I don't have any friends who are particularly close to me ..."

"Oh, I'm not your friend?" Lin Yi asked with a smile.

"You ... Of course I am, I think I've found you. I've said a lot of things in front of you, things that I've never done before ..." Wang Xinyan smiled."However, you don't need my protection. Instead, you need to protect me ..."

"Between friends, of course it's to help each other. There's no rule that says who has to protect who, right?" Lin Yi said.

“En ... But, is there really a pure friendship between a boy and a girl?” Wang Xinyan suddenly asked.

“Ah?” Lin Yi blinked at Xinyan’s question. He was just about to say that they were, after all. However, he shook his head in his heart. Pure? He’d have thoughts when he saw Xinyan naked, and he’d have a reaction when he felt the softness of her chest-was that pure?

Lin Yi couldn’t help but have a reaction when he smelled Xinyan’s scent, but it was dark in the tent-they could only see each other’s faces faintly even with the moonlight.

Xinyan’s expression was a little weird as she looked at Lin Yi’s stunned face. She turned to the side, wanting to talk to Lin Yi more comfortably, but she pressed on something hard. “Eh?” she asked subconsciously. “You brought ham sausage?”

But after he finished speaking, he immediately realized that something was wrong and knew what he was grabbing. His face suddenly turned red and he quickly let go of his hand. He turned around and snorted, “As expected, you didn’t. Pervert!”

“That’s a normal reaction ...” Lin Yi smiled bitterly, helpless, “Who asked us to be so close to each other, and you smell so good ...”

Xinyan’s face reddened even more at the mention of her scent, “I’m tired, I fell asleep. ”

“...” Lin Yi was speechless. He shook his head, calmed himself down, and started circulating the second stage of the art of Dragon mastery ...

Xinyan waited for a while, and felt a little apologetic when Lin Yi didn’t say anything. She’d learned about biology before, and she knew that this was a normal reaction from Lin Yi-he didn’t do it on purpose. It’d be a problem if he didn’t have any reaction, but she didn’t want to apologize, and she fell asleep just like that ...

Xinyan woke up after midnight-she’d drunk too much water earlier, and she was having a reaction. She wanted to go to the bathroom herself, but it was dark outside the tent, and she was scared. She hesitated for a bit before reaching out to touch Lin Yi. “Lin Yi ...” She said.

“What’s wrong?” Lin Yi opened his eyes and asked.

Lin Yi opened his eyes all of a sudden, and he didn’t look sleepy at all. Xinyan jumped at the sight. “You ... You’re not sleeping?”

Chapter 1935: midnight visitor

“Oh, I’m resting with my eyes closed. There aren’t many people here, so I’m afraid there will be problems.” Lin Yi said. He didn’t explain the practicing-other practitioners needed to sleep, after all. He was the only one with the art of Dragon mastery who could practice in the Jade space without sleeping.

Xinyan was touched-Lin Yi was afraid of danger, and didn’t sleep at all. She was the one who called him a pervert-if he were a pervert, why didn’t he do something to her while she was asleep?

“I ... I’m sorry for what I did. I shouldn’t have scolded you.” Wang Xinyan said.

“Scolding me? When did you scold me?” Lin Yi didn’t know what Xinyan was talking about. “You were dreaming?”

“No, it’s just before I went to bed ... I said you were a pervert ...” Wang Xinyan said shyly.

“Oh ... That, it’s nothing.” “Oh yeah, what did you call me for?” Lin Yi smiled bitterly.

“Ah ... I ...” Wang Xinyan only remembered her purpose after Lin Yi reminded her, “I ... I drank too much water earlier. I want to go out ... But I’m a little scared.”

“I see. Let’s go, I’ll accompany you.” Lin Yi sat up, but realized that Xinyan might misunderstand his words, “What I mean is that I’ll watch you from a distance ... Uh ... I’m not watching you, I’m just guarding you ...”

Lin Yi realized that the more he said, the more ambiguous it got-he might as well not say it.

“En ...” Wang Xinyan understood what Lin Yi meant and walked out of the tent first, her face red.

Xinyan looked left and right-the place they’d chosen to camp at was an open space, and it was exactly why Lin Yi had chosen this place. There really wasn’t anything to hide in here if he wanted to relieve himself.

Xinyan didn’t have a choice-she ran towards the forest, and only after a few hundred meters did she disappear into a forest.

Lin Yi followed slowly, but not too close. He only needed to feel Xinyan’s position, and he didn’t use the Jade space to sense Xinyan’s position, either, since it would be clear.

Xinyan was in a hurry, but Lin Yi wasn’t far away-it was a quiet night, and she couldn’t make any sound at all. Wouldn’t Lin Yi hear her if she made a sound? Xinyan almost couldn’t pee herself at the thought of that embarrassing peeing sound.

Lin Yi waited for a long time, but didn’t hear anything from Xinyan. It was strange, but he didn’t want Xinyan to feel embarrassed, so he didn’t ask anything or go over. He entered the Jade space and used his spirit to sense the situation.

He saw Wang Xinyan, squatting there with a red face, and he quickly looked away. Just as he was about to look away, he saw two people about twenty meters in front of Wang Xinyan!

The two people in camouflage weren’t very obvious in the dark, but Lin Yi saw them clearly with his spirit sense!

One of them was Chinese, and the other was a blonde-haired foreigner. What were they doing here in the middle of the night?

With that thought, Lin Yi didn’t retract his spirit sense, locking it on the two.

“Autedi, I’ve brought the goods. Have you prepared the cash?” It was the Chinese man who spoke. The two of them seemed to have just met.

“Bald Wolf, why are you here? Wasn’t brother de the one who delivered the goods before?” Ou Tedi saw the person. Although he knew him, it was not the acquaintance he had dealt with before. It was a subordinate of his acquaintance, so he asked cautiously.

“Brother de has been assigned to the Firewolf gang by the higher-ups to take charge of a new mission. I’ve taken over the affairs here.” The person called bald Wolf said proudly, “In the future, I’ll be in charge of the drug trade at the border!”

“Oh? Then I’ll have to call you brother bald Wolf from now on. Congratulations!” This foreigner’s Chinese was quite good and very fluent.

“Hahaha, well said, well said!” The bald Wolf laughed out loud. He was clearly happy about his promotion!

”

The bald wolves were speaking very softly before, and Lin Yi could only read their mouths with his spirit sense-but these loud laughs were a little too loud in this quiet mountain ...

Xinyan wasn’t expecting anyone else to be nearby-the voice wasn’t Lin Yi’s, it was hoarse and unpleasant, and a man’s at that! She started screaming, but before she could finish, someone covered her mouth ...

Xinyan was even more shocked-she’d just heard the laughter, and she’d been kidnapped?

However, she heard Lin Yi’s voice, “Don’t be nervous, it’s me!”

Xinyan relaxed upon hearing that it was Lin Yi. But now that she was relaxed, she had to pee all at once. Lin Yi was squatting in front of her and covering her mouth, and she had peed all over Lin Yi’s pants ...

Xinyan couldn’t control her embarrassment at all-she wanted to dig a hole and hide in it! How could it be this embarrassing? Lin Yi had seen her upper body, and now he’d seen her lower body, and she’d peed all over him!

However, Lin Yi wasn’t in the mood to peek at Xinyan’s pee on him, even though it was quite a romantic scene. His attention was on the two people not far away.

Lin Yi wasn’t someone who meddled in other people’s business, and whatever the two were doing here had nothing to do with him. But when autedi mentioned “de bro,” it caught Lin Yi’s attention. Wasn’t an Jianwen’s brother, an Jiande, called “de bro” by others?

Just as Lin Yi was trying to confirm if this “de bro” was an Jiande, bald Wolf’s words confirmed his suspicion. Since bald Wolf mentioned the Firewolf gang, then de bro was definitely an Jiande.

Since it was related to the firewolves and an Jiande, Lin Yi didn’t mind creating an accident for the two. These were people and groups that he had deep grudges against.

Wang Xinyan’s cry caught the alterdy Wolf’s attention, but it was dark on the mountain, and they couldn’t see what was going on at all. Wang Xinyan was also crouching on the ground, and there was grass in front of her, so they couldn’t see each other at all.

“What’s that sound?” “Could it be the Border Patrol?” asked autedi. (To be continued.)

Chapter 1936: -inquiry

“That shouldn’t be the case. I’ve already asked around. East Ocean industry University’s military training is happening these few days. The border troops are using the mountain as a field training ground. It’s impossible for them to be patrolling the mountain at this time.” Bald Wolf said with a frown.

The military training of East Ocean industry University was no secret. Bald Wolf didn’t need to ask around to get the exact information, and it was absolutely true.

“Could there be students doing field training nearby?” Autedi asked.

“That’s impossible. We’ve been doing this for years. We know the range of our annual field training. It’s too far from here. It’s impossible for students to make a round trip in two days. Those students aren’t us. How can they travel so far?” Bald Wolf shook his head and said, “maybe I heard it wrong. There are owls nearby, and their cries are similar to the one just now. If the border guards come, it will be a gunshot. Do you think we can still stand here and talk?”

“You’re right!” Seeing that there were no strange or strange sounds for a long time, autey nodded, but at that moment, the cry came again ...

The sound came from Lin Yi’s mouth, mimicking the sound of an owl.

“F * ck, it’s really an owl. I was scared to death!” Ou te di also heard it clearly this time. He couldn’t help but shake his head and say, “No matter what, let’s hurry up and make the deal!”

“The goods are here, you can check them.” The bald Wolf placed a black leather suitcase in front of autedi.

“Oh ... Here you go. This is the money. You can also check it.” Autedi casually handed bald Wolf a box.

The two of them had been working together for a long time, so they weren’t too guarded at this time. They checked the things in the boxes and found that there were no problems, so they closed the boxes.

Lin Yi saw the contents of the boxes—one was drugs, and the other was US dollars.

Lin Yi wasn’t interested in the drugs, but he was interested in the US dollar bills. He did get two billion from Jianwen, but fatty Lai was building a company, so Lin Yi didn’t have much to spend. This suitcase of US dollars could help relieve some of Lin Yi’s financial pressure.

Most importantly, Lin Yi suddenly thought of Yu Xiaoke at the orphanage. She should be in need of money, right?

At that thought, Lin Yi was ready for a double-take, whispering into Xinyan’s ear. “There are two bad guys. Stay here and don’t move. Wait for me to deal with them.”

Xinyan wasn’t scared anymore, she only nodded shyly.

Lin Yi only just remembered that he was still covering Xinyan's mouth. He quickly let go and walked towards the two drug dealers.

However, the two drug dealers were still talking about something after the deal.

"I say, brother bald Wolf, why is the stock getting less and less recently? We're short on supplies. Can we increase the supply?" Autedi asked as he weighed the suitcase in his hand.

"This ... Our original business partner, house Yu, is in trouble. Without the support of house Yu's Masters, our power in the Golden Triangle is declining." Bald Wolf sighed. "I've already spoken to the boss. I've asked him to coordinate with the higher-ups to see if they can send a few cultivators to take charge. That way, we can regain our right to speak."

"Okay, this is your gang's internal affairs. I can't interfere. I'll go first. I don't feel at ease staying at the border for another minute." Autedi nodded and prepared to leave.

The bald Wolf took the money and was about to leave. However, before the two of them could take a step, they groaned and fell to the ground.

Lin Yi could knock out normal people who weren't even practitioners without making a sound.

Lin Yi didn't kill anyone. Although killing these two people would be as easy as turning his hand over, Lin Yi still wanted to ask the bald Wolf a few questions.

Lin Yi didn't want to force a confession out of someone like bald Wolf. He took out a few silver needles and inserted them into bald wolf's head. Bald Wolf woke up, but his eyes were a little dull.

"I'll ask you a few questions and you'll answer them one by one. Don't hide anything." Lin Yi said sternly.

"Yes ..." The bald Wolf seemed to have entered a state of hypnosis and had lost all consciousness.

Lin Yi's master had taught him this method-it was very effective, but it could only be used on people of lower levels. After all, practitioners had extremely strong willpower, and even golden class practitioners had very strong mental power. Lin Yi couldn't hypnotize them with this method.

However, this method was the fastest and most effective for small fish and shrimp like him. However, there would be a certain side effect after using it, which was that the person would forget a part of his memory. This memory varied from person to person, ranging from one day to four or five days, so he would not remember being hypnotized at all.

Lin Yi planned to use the same method on the foreigner, to make them forget about what happened recently so he could take the box of dollars without anyone knowing. As for the two men, he planned to give them to Chen Yutian, letting him join up with yang huaijun and song Lingshan to make another contribution. After all, catching the drug dealers and getting so much drugs was a big contribution.

Lin Yi didn't mind letting these two use their full potential-it'd be a waste to just kill them.

"What's your name? what do you do? what organization do you belong to?" Lin Yi asked.

"I'm tu lang, bald Wolf in the underworld. I'm in charge of the drug trade with red conch." The bald Wolf said.

"Where is the headquarters of the red conch? How many people were there? Who's the Boss? what's his relationship with the firewolves?" Lin Yi asked.

"The red conch's headquarters is overseas. I don't know where it is. The one in the country is just a branch." Bald Wolf said,"the red conch's branch is in qingran city. The big boss is dead and the second boss has been captured. The third boss is now in charge. I don't know the third boss 'name because everyone calls him the third boss." Our red conches and the fire Wolf Gang are brother gangs and help each other, but I don't know what their relationship is. "

Lin Yi was a little surprised-he didn't expect Red's headquarters to be overseas. He didn't even know where it was, it was just a branch in China.

According to what he said, the big boss that Feng Tianlong killed was just a person in charge of the red conch branch. This red conch branch had a lot of resources!

"Does the red conch have a practitioner? What's the highest level of a cultivator?" Lin Yi asked.

"The third master is a practitioner himself, with the strength of a Mystic late phase peak. Other than that, there's only an early phase golden class master left." "The red conch business is with house Yu, and the Masters are all from house Yu," bald Wolf said.

Chapter 1937: I forgot

Lin Yi nodded. It seemed that this red conch wasn't that strong-the strongest was only Mystic. Of course, this was only the division's strength-no one knew what the headquarters was like.

However, Lin Yi didn't suspect that he was lying at all. He couldn't lie in this situation, and from what he said to autedi, it was clear that red conch's drug business was affected after house Yu was destroyed, and its power in the Golden Triangle was reduced.

"Tell me the address of the Firewolf gang's branch!" Lin Yi said.

"I don't know the address of the branch. I'm just in charge of the drug trade in Donghai. Every time I go to meet someone, I go to the conch Bar in qingran city, which is a small stronghold of red conch." The bald Wolf said.

"Conch Bar?" Lin Yi was a little surprised. These people from red conch were bold enough to call this bar "Conch Bar." Weren't they afraid of being exposed? But after thinking about it, no one would connect this bar to red conches.

As the saying goes, the most dangerous place is the safest place. This was probably the truth.

"Who else is in charge of the drug business?" Lin Yi continued.

"It used to be brother de. We all worked under the third master, and it was the third master who helped us work with house Yu. Now, the third master is in charge of the whole situation, but he's still in charge." The bald Wolf said.

Lin Yi's heart moved-it seemed that the pangolin's revenge fell on this third-in-charge, who was the mastermind behind the cooperation with house Yu. No wonder there was no news from the second-in-charge, he wasn't in charge of the drug trafficking.

"Alright, you can sleep now." Lin Yi had already asked all he could-the guy wouldn't know anything if he kept asking. He only knew a little thing, and he was just a small fry.

Lin Yi did the same thing to autedi, but he was a small leader of a foreign gang. Lin Yi couldn't get anything useful from him, and he had no interest in causing trouble for the gang. He let autedi go back to sleep.

With that done, Lin Yi walked over to Xinyan-the two wouldn't be waking up for at least two hours.

Xinyan's heart tightened at the sound of footsteps-she'd been so nervous that she'd forgotten to pull up her pants, squatting there like an idiot-she was worried that something might've happened to Lin Yi, but he'd been speaking very softly to the two, and she couldn't hear anything.

"Lin Yi ... Is that you ..." Wang Xinyan suppressed her fear and asked as she heard the footsteps approaching.

"Yeah, Xinyan, it's me." Lin Yi said as he quickly walked up to Xinyan, but what he saw stunned him."Uh ..."

"What's wrong?" Xinyan stood up and saw Lin Yi's expression-she froze for a second, but a gust of wind came in, and she realized she forgot to pull her pants up. She quickly pulled it up, embarrassed."I ... I forgot ..."

"Hehe, I know. I won't think that you're seducing me on purpose." Lin Yi joked.

"You're so annoying ..."Xinyan blushed-she knew that Lin Yi was joking, so she quickly changed the topic."Right, Lin Yi, the people over there ..."

"He's already unconscious, but I'm afraid we'll have to go back overnight. " Lin Yi said.

"Oh ..." Wang Xinyan nodded,""Okay, I've rested enough and recovered my physical strength ..."

"I'll contact instructor Chen first. Maybe we don't have to walk back. Someone will pick us up." Lin Yi said with a smile.

"Oh right, your pants ..." Xinyan said apologetically when she saw Lin Yi's pants wet. She puked on his pants and peed on his pants. Did Lin Yi think that she was a troublesome girl?

"Oh, it's fine. There's no strange smell. It'll be fine once it's dry." Lin Yi didn't mind.

Xinyan didn't dare say anything else.

Lin Yi quickly brought Xinyan back to the tent, took out the GPS from his bag, and pressed the red button on the back of the GPS. The GPS immediately started beeping ...

At the foot of the mountain, in the SUV, a soldier in charge of observing the coordinates saw the blinking on the screen and immediately said to Yutian, who was resting, "Captain Chen, we have a situation!"

"Oh?" Chen Yutian woke up immediately and looked at the computer screen. However, the blinking coordinates stunned him!

Lin Yi and Wang Xinyan's coordinates? Chen Yutian thought that any of the students participating in the field training could have problems, but Lin Yi was the only one who wouldn't. Lin Yi was already an Earth Class master, and it would be unimaginable if a forest like this could trouble him.

But Lin Yi's coordinates were the problem!

If something happened to Lin Yi, it had to be a big problem. Yutian didn't dare to underestimate him and ordered, "Get the rescue helicopter ready. I'll go and take a look myself!"

"Yes!" A soldier on standby received the order and immediately went to prepare the helicopter.

Chen Yutian got out of the car quickly and walked towards the helicopter, but he refused to let anyone else get in. He was going to fly the helicopter alone to pick Lin Yi up.

If Lin Yi really was in danger, then normal people wouldn't be able to do anything. Yutian was the strongest here, and it was the safest and most practical way for him to go.

Although, if it was something even Lin Yi couldn't handle, he wouldn't be able to do anything, but since Lin Yi sent out the signal, it meant that Lin Yi should be fine. To keep it a secret, Yutian decided to go alone.

The helicopter was much faster than walking, and Yutian got close to the coordinates in no time. He saw Lin Yi's tent, and there was an open space near it. Yutian landed the helicopter without hesitation.

However, to Yutian's surprise, Lin Yi and Xinyan were perfectly fine after they got off the plane. They were waiting for him in the tent, and there were two strangers lying at Lin Yi's feet.

"Boss!" Chen Yutian called Lin Yi boss when there were no outsiders.

Xinyan, on the other hand, looked at Yutian in surprise. She turned to Lin Yi-instructor Chen was calling Lin Yi boss? What was going on? Although she was puzzled, she did not ask further.

"Yutian, there're two drug dealers here doing business. I caught them," Lin Yi pointed at the two men on the ground.

Chapter 1938: Back to school

"What? Drug dealers?" Yutian's eyes were wide open as he ran over, "Boss, what happened? Why are there drug dealers?"

"It's like this ..." Lin Yi told Yutian about the encounter with the drug dealers, leaving out the part about Xinyan going to the bathroom. "I used the silver needles to deal with these two people. I asked around and found out that the person behind them is from the red conch organization. However, they will suffer from temporary memory loss and may not remember the deal ..."

Chen Yutian nodded. He knew Lin Yi's methods and he knew why Lin Yi wanted to know about the red conch so he didn't ask. It didn't matter if he lost his memory as long as he confirmed that these two were drug dealers. The details of the deal were small.

"This box is the drugs, right?" Chen Yutian looked at the suitcase on the ground and asked.

"Yes, you can take him back, but you should work on this case with huaijun and Lingshan. They've just arrived in Donghai, and they're pretty stable now that they've solved this case," Lin Yi said to Yutian.

"No problem," he said. Yutian nodded, not mentioning the cash at all. As far as he was concerned, the drug dealers probably transferred the money over the phone, and even if there was cash, he wouldn't ask Lin Yi, "Boss, why don't you take the helicopter back with Xinyan? your mission is done, and you caught two drug dealers. If it wasn't for the fact that you don't want to be famous, you would've gotten a lot of credits for this. So, you're the first to complete the mission ..."

"Ha, alright. I also want to go back." Lin Yi said with a nod.

Xinyan found it weird that the instructor was calling her sis-in-law, but she didn't try to correct him ... Her relationship with Lin Yi seemed to be going beyond friendship ...

Lin Yi did some simple packing, and Yutian came over to help him take down the tent. It didn't take long before everything was done, and the two drug dealers were thrown onto the car. The helicopter started up and flew down the mountain ...

No one had any objections to Lin Yi and Xinyan taking the plane back to first place. They all knew that Lin Yi's credit for catching the drug was worth more than first place's credits, but Lin Yi kept a low profile and didn't want to publicize this.

Chen Yutian called yang huaijun that very night, telling him to come over and take the people back. Normally, the border troops would hand over the drug dealers to the local police for trial.

Huaijun didn't know what to say when he heard that Lin Yi had caught two drug dealers for a field trip, but he was still grateful that Lin Yi wanted him and Lingshan to do something for him. He drove the car over and took the two away-they didn't have to worry about what happened after that ...

Huaijun felt weird when he took the drug away-Lin Yi was too strong! I just told him about the drug dealers and the red conch a few days ago, and he caught the drug dealers?

Remembering what song Lingshan said, that there was no case that Lin Yi couldn't solve, huaijun was completely convinced. It was true!

Huaijun knew that Lin Yi was strong, but he didn't expect him to be this strong. After all, finding enemies in the jungle and finding criminals in the city were two completely different things. The methods and methods of investigation were different, but it was the same here.

It was still early, and Yutian called for an off-road car for Lin Yi and Xinyan to rest first. The car had a lot of space, and they could sleep with the seats down.

However, Lin Yi's first impure thought was car sex ...

Xinyan thought about it as well, but didn't say anything-she knew her relationship with Lin Yi very well, and while they did have a couple of flirtatious things going on between them, they were actually innocent ...

Because the drug dealers were found on the mountain, the following departments canceled the field training program and directly carried out the next step, formation, military boxing competition ...

After the military training ended, everyone returned to the school, and the freshmen party was about to begin ...

The freshmen didn't have a lot of classes in the first semester. There were no professional courses, and most of the time was filled with activities.

Military training, freshmen party, the election for the Student Union cadre, registration for extracurricular activities, sports meeting, Art Festival, and so on.

As for the pharmacy department, the freshmen's party every year was a huge disaster! The program at the party was usually done by specializations, not by classes. Therefore, there were at least five classes for each specialization. At the very least, they could put together a program. However, there was only one class in the pharmacy department, and the number of people in this class was very small. If they still had to put up a program, this problem would fall on the shoulders of every class monitor.

In particular, Bai Weitao had made a bet with Zhang duopan that whoever scored the highest in the freshmen evening program would be able to pursue he meiyue. Whoever scored the lowest would be automatically eliminated.

"Big brother Lin, Xiao Dao, Shengji, can you help me think of a way?" The military training had just ended. When he returned to the dormitory, Bai Weitao was so anxious that he was running around in circles. He hadn't thought about this before, but when it really happened, he knew how difficult it was to organize a program.

"Your singing is good, go solo." "We don't have any artistic cells in us," song xiaodao said helplessly."If you ask us to help you think of a way, we'll be harming you."

"Solo ..." Bai Weitao shook his head. Although his singing was very good, it didn't have any special characteristics. If it was a party with fewer people, such as the art Festival of junior high school and high school, it was still possible to get a good ranking. However, in a University campus with many talents, it was very difficult to get a good ranking with a solo.

Moreover, Bai Weitao also knew that in the school, in the previous freshmen evening party, the ranking was generally a group program, not an individual program. As freshmen, being able to unite as a group was the real ability, and individual ability was nothing.

"Then let's sing a duet. Those who can sing can sing, and those who can't sing can just sing in harmony or lip-sync. Lin Yi said.

"Ugh ..." Bai Weitao was stunned. Lin Yi's move was a good one! This was because Bai Weitao had also seen some celebrity concerts. The celebrities were at the front, and there was a choir behind to help out with the harmony, or even sing a small part.

If he was the lead singer, and then let the class go up and sing back, this could be considered a group program. Thinking of this, Bai Weitao's eyes lit up, "That's it then. I'll talk to my classmates about it ..."

Chapter 1939: Misunderstood!

"En, go prepare. I'm going out for a bit." Lin Yi received a text from the Miss, saying that uncle Fu was here.

"Alright, big brother Lin, you can go back to your work." As Bai Weitao said this, he was ready to contact his classmates. Everyone lived in the same dormitory building, and it was very convenient to contact each other.

Lin Yi walked out of the dormitory and went to the parking lot. The Miss and Shu weren't there yet, but he was surprised to see Wang Xinyan. She had changed back into her old clothes, but Lin Yi was still in his camouflage suit. Wang Xinyan was a little surprised, but then she remembered that she vomited on Lin Yi's pants. If people knew about it, they might misunderstand!

But ... Wasn't there still his own urine on his clothes? Xinyan's face reddened at the thought.

"Xinyan, what's wrong?" Lin Yi was a little troubled-why was this girl blushing the moment she saw him? She wasn't this shy even when they were sleeping on the same bed.

"No... Nothing, I'm going out for a while to buy something." Xinyan didn't hide anything in front of Lin Yi-she took out a car key and walked to one of the cars, the one she'd driven in the shopping district.

Buy something? Lin Yi blinked. Could it be that she went to buy some women's products? otherwise, why would she blush? But Lin Yi didn't ask much, "You're going to the supermarket?"

"The supermarket?" "No, I'm going to the hospital. I'm cold, I think I'm going to catch a cold ..." Xinyan shook her head.

Xinyan didn't wear much during the military training, but she persevered through it. She didn't expect to catch a cold when she got back to school, and so she decided to go to the hospital as soon as possible.

"Cold?" "You don't have to go, I'll take a look for you," Lin Yi said.

Lin Yi was a doctor, after all, and treating minor illnesses like this was a piece of cake for him. Xinyan was his friend, so he didn't mind helping her out. As for the others, Lin Yi wouldn't be so kind.

"Yes, you're a doctor." Xinyan suddenly remembered that Lin Yi was a doctor as well-he'd cured the old man in no time back at the shopping street, and saved her. Plus, Lin Yi was able to heal her very quickly when she vomited on the way to the military training.

"Let's ... Let's go to your car." Lin Yi remembered that the Miss and Shu were coming soon, and it'd be a misunderstanding if Xinyan got in the car. It'd be better to go in.

"Alright," he said. Wang Xinyan nodded without hesitation.

The two of them got into Xinyan's car, and the Miss and Shu happened to see them.

.....

“Yaoyao sis, the school’s BBS is saying that Wang Xinyan and shield bro are having sex on the roof. It’s so F * cking cool, but should we do something?” Chen Yushu replied.

Mengyao’s face, on the other hand, was dark. The school’s BBS was very serious, as if it really was going on. Not only that, they even said that Lin Yi and Xinyan had sex in the drain behind the barracks, and on the way to military training, Lin Yi put his hand under Xinyan’s shirt, and Xinyan even used her mouth to do that ...

However, these were all rumors without any evidence. Chu Mengyao would rather believe that these were all rumors because she didn’t think that Lin Yi was a perverted person. She and Shu had lived with him for so long and Lin Yi didn’t do anything out of line. Even when they were naked, he didn’t get perverted.

The most intimate thing he did with Tang Yun and Xiaoxiao was holding hands. How could he do this with a Wang Xinyan he just met?

“Shu, what do you mean by XO? how’s that possible? if he wanted XO, he would’ve done us already, why wait until now? I think Xinyan’s suitors saw Lin Yi getting close to her, and they’re trying to slander them. ” Mengyao said, “even if that’s not the case, Wang Xinyan is one of the most beautiful girls in the freshman year. It’s normal for her to have rumors. Some people will take it to heart. It’s not impossible for them to create rumors and cause trouble. Back then, that can guy also said that you had a relationship with her and even went to get an abortion, right?”

“Oh, you’re right!” Chen Yushu nodded and was about to say something when she looked up and saw Lin Yi and Wang Xinyan entering a sports car. She quickly cried out, “Isn’t that shield bro, Yao Yao?”

“...” Chu Mengyao’s face turned green. She had just tried to help Lin Yi and now Lin Yi got into someone else’s car ... How could she accept this? “Maybe he’s going to get something or take a break ...” Mengyao continued.

“Oh, then I’ll send detective formoshu to investigate ...” With that, Yushu ran over ...

Xinyan’s sports car was covered in a thick layer of fabric, and one wouldn’t be able to see what was going on inside if they weren’t in front of her, but Xinyan was too embarrassed to take her clothes off in front of Lin Yi ... He could only reach his hands under her clothes and massage her ...

“Ah!” Xinyan couldn’t help but let out a moan of comfort. Lin Yi’s massage technique didn’t look special, but she’d never felt so relaxed before.

But after the moan, Xinyan blushed again-why did it sound so weird? He seemed to be doing something?

But Lin Yi didn’t seem to mind at all, focusing on the massage. Xinyan was relieved, and started to moan in pleasure after a few moments ...

Yushu didn’t see what was going on in the car, and only peeked out from the window. She heard Xinyan moaning in pleasure before she could see who was inside, and Lin Yi’s hands were touching Xinyan’s clothes as if they were flirting. Yushu was surprised-when did shield bro become this strong? When I go back, I must let him touch me!

Lin Yi was so focused on massaging Xinyan that he didn't notice the person lying next to the car. He was getting a little hot from the sound, and he didn't think anyone would be peeking at them in the school's parking lot.

Moreover, the jade pendant didn't give any warning, so there shouldn't be any danger.

Yushu was already a member of Lin Yi's team, after all, and the Jade wouldn't have warned him even if it noticed her.

After a while, Yushu remembered her mission and quickly ran back to report to Mengyao.

Chapter 1940: I've also caught a cold

"What's wrong, Shu? why's your face so red?" Mengyao frowned-did Lin Yi really do something with Xinyan in the car?

"Shield bro was touching Wang Xinyan in the car, and she was moaning in bed," Chen Yushu replied.

"..." Chu Mengyao's head was full of black lines. Can't you use a more refined word to replace it?

However, Mengyao's anger flared up at Yushu's words. She didn't know if it was for Tang Yun's sake or something, but she rushed to Xinyan's sports car and opened the door."Lin Yi, you bastard, get down here! Are you letting Xiaoxiao down by doing this?"

She couldn't bring up Tang Yun, so she could only bring up Xiaoxiao. Luckily, she wasn't so impulsive as to spill everything.

Lin Yi and Xinyan didn't lock the door when they got in, and Mengyao didn't expect to open the door so easily. Lin Yi's hand was still under Xinyan's clothes, and Mengyao was about to explode from anger. Was what they said on the school forum true?

"Yaoyao? What's wrong with you?" Lin Yi blinked as he looked at the Furious Mengyao, confused.

Lin Yi didn't know what was going on, but Xinyan immediately understood why Mengyao was so angry-she must've misunderstood Lin Yi and thought they were doing something dirty here. She blushed and lowered her head, not daring to look at Mengyao and the others ...

"Shield bro, you're touching Xinyan in the car! Yaoyao sis is jealous!" Chen Yushu replied.

"Nonsense!" Mengyao glared at Yushu,"I feel bad for Xiaoxiao. She's gone to cultivate, but you're here with girls ..."

Lin Yi finally understood why Mengyao was so angry-she'd misunderstood him and Xinyan!

"Xinyan has caught a cold. I'll give her a massage, so she doesn't need to go to the hospital for an injection." "There's a lot of people outside, so we chose to stay in the car,"Lin Yi said. Lin Yi explained. Of course, this was only for Chu Mengyao. If it was someone else, Lin Yi wouldn't even bother to explain.

"Ah?" Mengyao knew that Lin Yi wasn't the type to lie. If he said that, then it had to be him. When he brought Tang Yun and Feng Xiaoxiao back, he admitted it openly. Whether Mengyao wanted it or not, Lin Yi did it, he wouldn't hide anything.

So Lin Yi and Wang Xinyan were probably misunderstood by her. Chu Mengyao calmed down at the thought and looked at Wang Xinyan carefully. She realized that Lin Yi's hand was under Wang Xinyan's clothes, but it was on Wang Xinyan's back. Wang Xinyan's bra was still on her body, intact, and Wang Xinyan's pants were not taken off or undid. It seemed that Lin Yi was really treating Wang Xinyan's illness ...

"I'm sorry ... I misunderstood you guys. I was just worried about Xiaoxiao ... I'm sorry." Mengyao was a little embarrassed-it'd be fine if it were just Lin Yi, but Xinyan was here as well. They weren't even close, and it wasn't right to mess things up.

Xinyan didn't think that Mengyao would apologize right away after realizing her mistake-she didn't have anything to do with Lin Yi, but getting a guy to give her a massage was a very intimate thing to begin with, and she felt a little guilty about it!

Before, Xinyan wouldn't have dared to imagine letting a guy touch her body, but it felt so natural with Lin Yi. She felt like she was having an affair, as if she didn't have any self-respect. She didn't feel any resistance when a guy touched her body, and she even felt very comfortable ...

Xinyan knew that it was because of Lin Yi's skills, but it also proved that she didn't mind Lin Yi doing it. So even if Mengyao scolded her, she'd just take it without saying anything.

"It's nothing ... I know Xiaoxiao too, I ... I'm just good friends with Lin Yi ..." Xinyan explained subconsciously.

"En, since that's the case, then you guys can continue." Mengyao didn't think it was right for Lin Yi to touch Xinyan's body, but she didn't stop him since he was treating her. After all, she took off her clothes when she was poisoned, and she even peed on Lin Yi's face. If she were to say that she was going overboard, then her relationship with Lin Yi was even worse, but weren't they good friends too?

What Mengyao didn't know was that Xinyan had been seen by Lin Yi as well, peeing all over him. She didn't know what she would think if she found out.

"Hohoho, shield bro, I've caught a cold too. You can touch Shu and give her a massage later ..." Yushu was curious why Xinyan was screaming so happily just now, and she wanted to try it too.

"Shu!" Mengyao pulled Shu's ear and pulled her to the side, closing the door for Lin Yi and Xinyan.

Xinyan was speechless at Yushu's generosity. How could he say such things in public? However, she was a girl who dared to love and hate, and was stronger than her ... Xinyan couldn't help but smile bitterly at the thought of her own family background and her engagement ...

With Mengyao and Yushu outside, Xinyan didn't want to scream anymore. She bit her lip and endured the pleasure as she continued to enjoy Lin Yi's massage ... But for some reason, she felt really excited. Was it because Mengyao and Yushu were standing beside the car?

"

Because they were so close, Mengyao and Yushu could hear Xinyan's moans.

"Yaoyao sis, listen, that Fox King seems to be having a good time!" Chen Yushu replied.

“Don’t randomly give others nicknames.” Mengyao frowned-she knew that Xinyan was screaming because of Lin Yi’s massage, but was it really that comfortable?

“Oh ...” Chen Yushu said, “but I think she seems to be interested in shield bro?”

“Xiaoxiao already told him to find another wife. Why should we care?” Mengyao shook her head, remembering what Xiaoxiao said.

“Oh, we’ll have to check if he wants to find one. Even if Fox Wang wants to be shield bro’s wife, he’ll have to please us first. We’ll have to keep a good eye on Xiaoxiao.” Chen Yushu replied.
